The copy filmed here has been reproduced thanks to the generosity of:

Législature du Québec
Québec

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol $\longrightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Législature du Québec
Québec

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole $\longrightarrow$ signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

No. 322 ST. JAMES STREET, MONTREAL.

Orders to buy will be executed by the Auctioneer.

The Library of the late Honble. Mr. JUSTICE RAMSAY, which is now offered for sale, is the most complete working collection of Books which has for a long time been offered in this city. It was formed during a busy life by a man actively engaged in the discussion of all questions which agitated the community in which he lived, and consists of useful books in all departments of Literature and Law.

In Literature it is unusually complete in the departments of History, Biography and Politics. There are very few works of any value which it does not contain. The library was selected for use by a man who knew how to use books for writing and speaking.

The Law Library is very full in its collection of Reports. All the old scarce Reports are there as was necessary ; for the Digests published by the late owner required him to possess them all. In Roman Law and the French Civil Law it is also very complete. Indeed the whole collection is remarkable for its wide range ; the learned Judge prepared his decisions, for the most part, at his country home and the resources of his own library were sufficient.

The collection of Factums is invaluable to lawyers. It illustrates the careful manner in which the late Judge prepared his decisions. The references and notes in manuscript upon almost every page throw light upon every case of importance and every principle of Law which for twenty years has come before the Courts over which the late Justice Ramsay presided.
