# TAFT MAKES PREPARATIONS TO INTERVENE IN MEXICO

## DIAZ ANNOUNCES CONDITIONAL RESIGNATION

### Warning Orders Telegraphed to Major-General Carter to Hold Troops in Readiness for Forward Movement—Plans for Mobilization of National Guard.

NEW YORK, May 6.—The Washington correspondent of the "American" writes: "Ambassador Wilson telegraphed the state department to-day that Gen. Carter, which is being quelled with great difficulty by the police and soldiers. An order has been issued by President Diaz that all business houses shall be closed until further notice. The banquet which was to have been given to the Chilian minister has been cancelled. Terror prevails in the city. It is reported that the revolutionists are approaching the capital rapidly. The rioters are encouraged by the near approach of the revolutionists. Many have been killed and wounded. Ambassador Wilson reported that the rioting began late last night and has spread to different parts of the city. As soon as the police and the troops put down the disorder in one part, it breaks out in another section. President Diaz has retired to Chapultepec Castle, and has isolated himself. The ambassador believes that his resignation cannot long be delayed. The Mexican cabinet has been urging Diaz to resign at once, but the president refuses to accede to their demands. At the time of filing the despatch foreigners were not being molested by the mobs. Foreign Minister de la Barre and Minister of War Cosío are directing operations against the rioters.

### A Council of War.

Following the alarming despatch to-day from Ambassador Wilson, Secretary of War Dickinson, Major-General Wood, chief of staff, and Representative Hay, chairman of the house military affairs committee, held a brief conference with President Taft at the White House.

### General Wood Informed President Taft that plans to move additional troops to San Antonio.

General Wood informed President Taft that plans to move additional troops to San Antonio. The war department needs only orders to despatch 5000 more troops to Texas.

### TELEGRAPHED TO-DAY TO MAJOR-GENERAL CARTER, COMMANDING AT SAN ANTONIO, INSTRUCTING HIM TO HOLD HIS TROOPS IN READINESS FOR AN INSTANT FORWARD MOVEMENT.

The war department for several weeks has had complete plans ready for the MOBILIZATION OF THE NATIONAL GUARD, WHICH WILL BE CALLED OUT SIMULTANEOUSLY WITH THE ORDERS TO CROSS THE SAN ANTONIO TROOPS TO CROSS THE LINE WITHOUT FURTHER ADO.

### President Taft, after the conference this afternoon, reiterated to congressional callers his statement that he would not send a special message to congress for authority to intervene unless it became absolutely necessary, and that under no circumstances would he order intervention without authority of congress.

### As long as Diaz is able to keep his seat Mr. Taft will not intervene, unless there should be a general uprising and massacre of Americans. IF THIS OCCURS, THE PRESIDENT WILL ORDER THE ARMY AT SAN ANTONIO ACROSS THE LINE WITHOUT FURTHER ADO.

### President Taft, in his daily communication with Ambassador Wilson, and sees all reports from United States consuls in Mexico as soon as the reports arrive in Washington. The Mexican situation is causing him great anxiety.

### Advisers close to him, especially senators, are backing him in this policy, to which he will adhere.

The American consuls in Mexico draw a gloomy picture of conditions. Consul Miller, at Tampico; Consul Haswell, at Saltillo; Consul Voetter, at Saltillo; Consul Edwards, at Juarez; and Consul Garrett, at Nuevo Laredo, telegraphed the state department a condition of practical chaos in the regions around their stations.

### FOUND CORPSE IN ALLEY

#### Cause of Unknown Man's Death a Mystery to Police.

As Policeman Scott (214) was making his rounds thru St. Enoch-square, an alley running south from St. Enoch-st., early Sunday morning, he came suddenly upon the body of a man wedged tightly between a brick wall and some old doors. At first he thought the man might be still alive, and he sent a call for the police ambulance, which arrived at about 11 o'clock. A corpse to St. Michael's Hospital. It was found that he had only been dead a short time, however, and, as there was no mark of violence on the body, the cause of death could not be ascertained. The body was then taken to the morgue.

### CADETS AT RIFLE RANGES.

The Long Branch rifle ranges were opened on Saturday afternoon, and twenty members of the Teachers Rifle Association and forty boys of the Highland Cadet Corps turned out. Of the cadets, Capt. Raymond Hughes was in command, and the boys were given a drill of 100 yards, and a quarter-mile. Sergeant Hall was next with 82 E. T. Young, A. Pearson, and E. W. Harearty of the Harbor staff were present.

## MEXICAN PRESIDENT RESERVES THE RIGHT TO DETERMINE WHEN HIS RESIGNATION BECOMES OPERATIVE—MADERO COUNTERMANDS "ON TO MEXICO" ORDERS TO INSURRECTORS.

### A Political Move.

DETROIT, May 6.—The Washington correspondent of The Free Press writes: Intervention in Mexico is up to congress, according to the attitude taken at the White House. The president had many callers to-day, among them Senator William Alden Smith, of Michigan, member of the senate committee on foreign relations. The Mexican situation was uppermost.

It is known the president feels just as he did some weeks ago, when an announcement was made by Senator Smith that recognition of belligerent rights of insurrectos, would undoubtedly lead to intervention. Now the two may come together or even intervention before recognition of belligerent rights.

That intervention will mean employment of 20,000 American troops is the general understanding among congressmen who are in the confidence of war department officials. On the part of the house members it is felt that the first move must come from the president either by submission to congress of all information relative to Mexico or by a call for provision of troops. But it is declared the president can, if he desires, so manipulate the situation as to force congress so far into a discussion of the situation that the house will be compelled to call on the president for full information.

"No matter how it works out," says a Michigan representative, "if troops continue and troops have to be sent to Mexico, it will divert minds from Canadian reciprocity and tariff and make Taft the man of the hour. But the president has got to watch out lest in doing this, he bring upon himself, the criticism of bringing about armed intervention for political purposes. It will take a fine Italian hand to work the turn, but if it is done successfully the Democratic chances for 1912 go glimmering."

### QUEEN ALEXANDRA IN BAD HEALTH

#### Returns to Windsor for Memorial Services to King Edward.

LONDON, May 6.—(New York Tribune cable.)—Court mourning ends to-day with a memorial service at St. George's chapel, at Windsor, for King Edward.

Queen Alexandra has returned for it. She is in impaired health and with little heart for the festivities of the coronation year. There was a full muster of the royal family at the Albert chapel, with a small group of the late king's personal attendants. The service was conducted by the Archbishop of Canterbury and the corresponding clerics of the memorial service for Queen Victoria, which King Edward had attended year after year.

The Dean of Windsor and Canon Dalton were with the archbishop, and the regular choir of St. George's was strengthened by voices from the chapel royal. The hymns had been chosen by Queen Alexandra, and the royal mourners subsequently visited the burial vaults, which were illuminated by an electric plant recently installed by the king's orders.

The second year of the new reign opens brilliantly next week with two "court" and a state drive of the king and queen to Crystal Palace for the Festival of the Empire. There will be charity concerts at Grosvenor House and at Devonshire House, and a series of dances will be given by Mrs. Andrew Lawson, Lady Ernest St. Maur and Mrs. Holdsworth. There also will be a large charity ball at Grafton Galleries under the direction of Lady Edmund Talbot, for which many dinner parties have been arranged. Lady Clarendon has rehearsed a series of tableaux vivants for court nights.

The king will entertain a small company at the Jockey Club. He will attend the subsequent races at Ascot, Epsom and Goodwood. While he lacks King Edward's keen interest in racing, he accepts the patronage of the turf as one of the obligations of royalty.

Lord Spencer's health is improving, in spite of a slight relapse, so that there is now no expectation that a substitute for the Lord Chamberlain may be necessary before the coronation. He has been the victim of overwork in connection with the numerous functions of a festive year. The unmanageable mass of detail in his office, and in that of the Earl Marshal wears him interested and entertained by the end of every day excepting the king, who experience of a new reign.

### ITALIAN STABBING AFFRAY.

MONTREAL, May 7.—Another Italian stabbing affray took place last night on St. James-st., in which two Italian youths, Libano and Canica Cacarite, were wounded, the former in the head and the latter on the arm. Both will recover. Carmelo Siracusa, accused by the police, but they have not been able to locate him as yet. They found his brother near the Windsor-st. station, however, and took him into custody, as he was carrying a stiletto with a twelve-inch blade.

When Gen. Madero heard of the despatch from Mexico City concerning President Diaz's resignation, he immediately gave orders to have troops sent marching. Couriers were sent ahead to halt the advance guard.

"I am naturally very glad to hear that President Diaz has made the announcement," said Gen. Madero. "I do not propose to abandon the presidency while my country is at war and that he would not do so at any time under compulsion. The government's position is that Gen. Diaz could not have made a public statement at an earlier moment, and it is indicated that the revolutionists failed to observe the amenities of the peace negotiations by making their public. Officially, it was stated to-night, that Madero and his advisers were guilty of betraying an agreement by injecting into the conference either secretly or openly the question of the president's resignation. It was declared that it had been agreed to in confidence that this point should not be permitted to become an issue. Would Not Yield to Force. In his manifesto, after discussing the measures taken to satisfy the demands of the public the manifesto declared that Madero's decision could not be entertained. An immediate resignation would doubtless precipitate a condition of anarchy, it is said, and on the other hand the fixing of a date for the resignation would deprive the government of the stability necessary to re-establish order. No mention is made of a new election. Under the constitution the vice-president would assume the executive functions. Senor Juarez is ill in bed, so that Senor de la Barra would become, acting president. He is the choice of Madero for the position.

### STREET CAR RAN AWAY

#### MOTORMAN WAS HURT

Passengers Thrown into Panic When Violent Rear End Collision Occurred.

What might have been a fatal accident was narrowly averted yesterday when a Carlton car, beyond the control of the motorman, rushed down the eastern slope of the Dundas-street bridge and crashed into a Dundas car standing at the foot shortly after 3 o'clock yesterday afternoon. The driver, A. C. Grieves, address unknown, supposed to be a new hand, was crushed between the debris of the vestibule. A repair car was hurried over from the Roncevalles barns and the front of the car was jacked up to enable the men to pull out the motorman, who, besides suffering from many cuts from broken glass, had sustained a broken leg. He was rushed across the city to the General Hospital in Miles' motor ambulance, which made a record run of 30 minutes to the hospital.

### McCurdy Hit the Mark

WASHINGTON, May 6.—A three-mile aeroplane race between aviators J. A. D. McCurdy and Lincoln Beachey was the feature which aroused enthusiasm to-day at Washington's aviation meet. Beachey won from his opponent in the fast time of five minutes ten seconds. In bomb propping at a marked spot, representing the deck of a battleship, McCurdy hit the mark three times out of six.

### ALEXANDER NIVEN DEAD

#### WAS DEAN OF SURVEYORS

His Plans Were Standard For Ontario—Surveyed Provincial Boundaries.

Alexander Niven, one of the best known surveyors in Canada, passed away yesterday, after a brief illness, at Victoria hospital, Isabella-street. Mr. Niven, who was 75 years of age, was probably the oldest land surveyor in the province, having begun his government work in 1853, and during his 55 years' work had covered most of Ontario. He surveyed the boundaries of Ontario, Manitoba and Quebec. His base lines, as surveyed for this province, have been followed by subsequent surveyors throughout Ontario. He was prominent in the Dominion and provincial land surveying associations. Born at Niagara-on-the-Lake in 1836, Mr. Niven occupied several important public positions of trust. He was formerly stipendiary magistrate and warden of Haliburton county and served for a number of years on the Dominion examining board for surveyors, and was reeve of Dysart.

### DRANTON'S BUILDING INSPECTOR

BRANTFORD, May 7.—The Trades and Labor Council of the city threaten to go after the city council for its action in appointing a building inspector recently at a salary of \$600 per year. Several leading members of the Labor party have expressed themselves against the move. They claim that an inspector is needed, but that a competent one cannot be secured for the sum stipulated.

### They All Love a Minstrel Show.

Theatregoers always have a great deal of interest in a minstrel show. The band parade, the black faces, the funny jokes, the magnificent settings, the irresistible after-piece, all appeal to the average theatregoer. The youth, the man and woman and those of riper age all love a minstrel show.

## MANY MEETINGS TO FIGHT PACT

### Borden's Western Tour to Last Three Weeks—Liberals Also Active—Will Not Prorogue.

OTTAWA, May 7.—(Special.)—With the departure of Sir Wilfrid Laurier this week for England, the scene of the political battle will change in a very short while from the capital to the country. Members are arranging for meetings in their constituencies and leaders are arranging for more or less ambitious tours. Naturally the western tour of the leader of the opposition assumes first importance. While the dates are not definitely fixed the tentative program is that Mr. Borden will begin his tour of the west about the middle of June, and that it will last three weeks. Manitoba, Saskatchewan and Alberta will be covered as thoroughly as possible in the short time at his disposal. British Columbia will not be included, the assurance of the British Columbia ministers who have been in the capital being that the Pacific province will return to Liberals at the next general election.

There is some prospect now that there will be a general election in the autumn. It will probably take place before the end of November, and the redistribution bill has passed the house. Liberals Also Active. In the Liberal camp there is also activity. There will be no parliament made to render abortive the western tour of Mr. Borden. Indeed, Roderick MacKenzie of The Grain Growers' Guide, has sent out the call to a number of the Liberal workers who are connected with the Grain Growers' Association, to set together and spill Mr. Borden's meeting.

There have been rumors that the government, after parliament adjourns, will prorogue. This may be dismissed as mere speculation. It is altogether improbable that the opposition will allow enough supply to pass the house to lose their hold of the situation. The assistance of the party in parliament should prorogue instead of adjourn, but that the reciprocity agreement will be fought to a finish. They have set out to defeat, on national and imperial grounds, and prorogation would only stall off the fight. They want the fight now, and would not have suggested adjournment. It is impossible to assume every excuse the premier might have for not going to the coronation and imperial conference.

### GABINET SECRETS LAID BARE BY CONFESSORIAL

Rev. W. T. Graham Sees Danger to State in Power of Roman Catholic Church.

Rev. Dr. W. T. Graham addressed a large congregation at the First-avenue Baptist Church last night, on the topic "Why I Do Not Believe in Confession to a Priest."

Roman Catholics and Protestants, he said, agreed in two things: First was the existence of sin; second, that sin should be confessed. The Roman Catholic Church taught that its priesthood had the prerogative to forgive sins. Confession from people to priest draws a distinction between people and priest not to be found in the New Testament.

Confession was an unwarranted interference with individual liberty. Thru the confessional the Roman Catholic priesthood had wielded an influence for ages over the people, especially the women of that church, and the confessional had worked ruin in many cases. The confessional had been used to overthrow kings. It was intended by the Roman Catholic Church to enable it to secure the secrets of governments in the Dominion. Government there were Roman Catholics, especially the confessional, and there were Roman Catholic private secretaries, who could be used as secret servants of that church. The confessional made a light of their sin, and a light thing of forgiveness.

### CANADIAN FARMER IS BETTER OFF NOW

Hon. James Duff Quotes Statistics to Show Prices Are Better Than in the United States.

CREMOR, Ont., May 7.—(Special.)—The first of a series of meetings called by the Liberal Conservative Association of North Simcoe, was held in Leonard's Hall last night, to consider the reciprocity pact with the United States at the special invitation of the federal member, Major Currie, the minister of agriculture for Ontario. Hon. J. Duff, who was present, gave the issue from a practical farmer's standpoint.

Hon. Mr. Duff, in the course of a comprehensive discussion of the question, said that he considered it the most important issue which had come before the Dominion Parliament since confederation. The argument for the agreement rested chiefly on two claims made by its sponsors. The first was that reciprocity had been advocated by Sir John A. Macdonald and other Conservatives as well as Liberal leaders of the past. The other was that reciprocity would be a great benefit to the farmer.

When the national policy was adopted it was only after the trade issue had been submitted to the people. When the reciprocity pact with the United States was adopted, that gave man a parliament a clause was inserted making a standing offer of reciprocity with the United States. This was adopted by parliament and authorized the government by order in council to adjust the tariff on a reciprocal basis in conformity with the lowering of duties by the United States. That gave man a date to the government to have introduced reciprocity without a vote of the electorate.

When the Laurier secured the reins of government at Ottawa their policy was one of tariff revision. They were very careful, however, to first make a thorough investigation of existing trade conditions, so that the new tariff should not harm Canadian manufacturers. When the new tariff was submitted to parliament for ratification the reciprocity clause which was inserted by the government of Sir John A. Macdonald in 1857 was eliminated. Sir Wilfrid Laurier, speaking in the house of com-

AT THE THEATRES

This is how Louis Mann, the well-known character actor and baseball enthusiast, would look in a Toronto uniform. Mr. Mann is going to write for The World a special story of the opening game to-day between Providence and Toronto.

AT THE PRINCESS.

"Honey Boy" Minstrels. George Evans as "Snowball Livingston" in Geo. M. Cohan's minstrel comedy, "The Fireman's Picnic," which is a feature in the program of the Honey Boy Minstrels, to be seen at the Princess Theatre this week, is said to be a perfect scream of laughter all through this Cohanesque comedy. The role shows the Honey Boy as an actor of decidedly clever ability. Geo. Evans is not only owner of the big Honey Boy Minstrels. When Cohan and Harris announced the "Honey Boy" as a star in minstrelsy, they selected the cleverest monologist in vaudeville, and he has shown marked business ability in managerial affairs with the fine organization he has gathered around him this year to carry on the notable entertainment, launched by Cohan and Harris. Evans has wisely held nearly all of last year's principals, and in this year's program such favorites as John King, Sam Lee, Clarence Karke, Vaughn Comfort, Matt Keefe, James Meehan, Charles Hilliard, Tom Kane, Tommy Hyde and many others will be seen. James J. Corbett, "Gentleman Jim" will occupy the interlocutor's chair.

AT THE ROYAL ALEXANDRA.

Louis Mann in "The Man Who Stood Still" and "The Cheater." An announcement this season has created greater interest among local players than has the appearance of Mr. Louis Mann at the Royal Alexandra. Mr. Mann is said to be given a week's engagement. This will be Mr. Mann's first appearance in Toronto in seven years. His previous appearance here was in "The Man Who Stood Still," which he played with the company of Miss Clara Lipman, who produced the greatest laughing farce of that day. "All on Account of Eliza." For the first half of the week, Mr. Mann will be seen in the serious play, Jules Eckert Goodman's drama of the east side, "The Man Who Stood Still," and in which Mr. Mann has achieved the greatest success of his brilliant career. Mr. Mann portrays the old Swiss watchmaker, who refuses to progress with the times and who sees his neighbors prosper while he stands still. In the role of old John Krauss, Mr. Mann is said to be given unlimited opportunities for pathos and comedy. Beginning Thursday evening and for the balance of the week, Mr. Mann will present a comic play, "The Cheater," which he himself adapted from the German "Der Doppelehench." Recognized as one of the most emphatic successes ever recorded in Berlin, Mr. Mann enjoyed five months of unabated favor in "The Cheater" at the Lyric Theatre, New York City, and the identical same cast and production will be seen here, the company being particularly adequate in one in which Emily Ann Wellman and Madame Mathilde Cottrelly are prominent. Those who witnessed Mr. Mann's portrayal of "The Man Who Stood Still" will want assuredly to see this very virile actor who has the reputation of being the greatest delineator on the American stage to-day in his comedy, "The Cheater." During the past week, Mr. Louis Mann, the favorite character actor, who is appearing in his own comedy, "The Cheater," was approached by a representative of one of the largest newspaper syndicates in the country, with a proposition that he write a baseball column for them. Mr. Mann has declined that because of his many interests outside of the theatre, he would not do justice to the work, and on that account has turned down the proposition. Mr. Mann was asked to write this column because of the knowledge he has of the national game. One way in New York, said: "What would a game at the Polo Grounds be worth without Louis Mann?"

AT THE GRAND.

"The Blue Mouse." "The Blue Mouse," with a cast including Grace Merritt, Albert Gran, Inda Palmer, Guy D'Emery, Mabel Patisley, John Fynes, Gordon Mendelsolm, W. G. Reynier, Frank Halbach, John Dunne, Mary MacGregor, Carolyn Friend, Manuel Alexander and others, will be presented at the Grand this week. The late Clyde Fitch was the author of this most amusing farce and the Messrs. Shubert are the original producers, having brought out the play two seasons ago at the Lyric Theatre. Those familiar with theatricals doubtless will recall that the farce remained in New York for an entire season and was played in Chicago and Boston by special companies, which earned equally as much success as the New York organization. "The Blue Mouse" is being sent on a tour to the coast cities this season and is expected to meet with the same approval as it did in the east.

AT SHEA'S.

William Farnum in "The Littlest Rebel." Manager Shea has prepared a treat for his patrons at Shea's Theatre this week, as the bill will be headed by William Farnum, his first appearance in Toronto. He is to present one of his great successes, "The Littlest Rebel," a one-act story of the civil war, which was written by the late Charles Froese. It was produced in Buffalo a year ago by Mr. Farnum and was a tremendous success. On this occasion he is supported by the same cast. Mr. Farnum as Herb, the southern army scout, and Lt. Col. Morrison, is played by Wells Knibbe, Little Juliet Shelby will be seen in the role she created last season, that of Virgie Carr. The special extra attraction is Paul Dickey and company in "The Comedians," a comedy of college life, written and played by a college man. Mr. Dickey is a University of Michigan graduate and one of the best half-backs who ever stepped on a gridiron. The story is based on a personal experience when he entered Michigan, a verdant freshman. Mr. Dickey was seen in Toronto as Henrietta Crossman's leading man. "The Comedians" is said to be the comedy success of vaudeville this season. The story is new, the play well constructed and is presented by the following cast: Mr. Dickey, Miss Plummer, Roy Fairchild, Edward Poland, Hollister Pratt. Camille Hill, French singer, is on the bill. Ober is the dandy and charming and her voice has a wide range. T. Roy Barnes and Deske Crawford, musical comedy favorites, are presenting "The Fakir and the Lady." Both sing and dance and do it well. Oscar Loraine, the Protean violinist, has won an enviable place for himself. Lee Lloyd started his work as a drawing-room entertainer and has developed into a clever character artist. Mr. Lloyd has number of new and original songs that will be sung all over town. Mason and Bart are among the best of England's gymnasts and their scenic being Fairday. A big football game serves as the principal feature of the many complications. There are countless justifications woven into an

AT THE GAYETY.

"Ginger Girls." The snappiest of all fun shows, the "Ginger Girls," Hurlitz and Seamon's latest extravaganza production, will be offered at the Gayety Theatre this week. The principal fun purveyors are picked from the most prominent of the comedy market. Ed Wroche, late star of "Me, Him and I"; George Stone, late star of "The Wizard of Oz"; Jennie Le Beau, Jeanette Sharwood and many others carry the bulk of the comedy. The opening burlesque has its locale in New York's fashionable apartment houses and "Pocahontas," Idaho, the football game serves as the principal feature of the many complications. There are countless justifications woven into an

original plot. "Janitor Higgins," a characteristic picture, depicted from an actual occurrence in New York, is the chief offering. The first of the musical and dancing assemblies will be introduced. The production is beautifully mounted.

AT THE STAR.

F. W. Stair's Big Review. In this era of progressive theatricals the manager, who can devise something new in the amusement line is certainly deserving of immediate recognition. However, the new burlesque organization known as F. W. Stair's Big Review has really something out of the ordinary to offer to the theatre-going public. A thoroughly up-to-date and enjoyable entertainment will be the attraction at the Star Theatre this week. Entitled a cleverly constructed two-act musical comedy, bubbling over with novelties, sensations, surprises, effects galore. The company is a first-class one, comprising of sixty talented people. The comedy is devoid of horse play, containing plenty of excellent music and song bits and scenic bits. The first act is laid in New York, and the second shows a country grocery store. In point of scenic investment and effects the comedy is said to compare favorably with the share, and in its entirety the production is the most pretentious ever presented.

Canadian Musical Bureau. The Canadian Musical Bureau, Toronto, of which Mr. William Campbell is manager, is organizing for the season of 1911-12. The bureau now enters upon its 14th year. The past season has been a busy one and the coming season bids fair to eclipse it. Artists desirous of joining next season should lose no time in making application for enrolment. Mr. Campbell will be pleased to afford all information, enquirers, who may reach him by telephone or by letter at his address, 133 Macpherson-avenue. The Bureau Annual will be published about the end of June.

Pupils Gave Recital. On Saturday afternoon, in the hall of the Toronto College of Music, Pembroke-street, a few of Dr. Torrington's pupils gave a very interesting recital. Recital at College of Music. The following interesting program of piano and vocal selections was presented at the Toronto College of Music last Friday evening by pupils of James Dickinson, Mus. Doc. All the students acquitted themselves creditably and Dr. Dickinson is to be congratulated upon the success of his recital. The program consisted of: piano duet, Rose McCaffrey, Ethel McIntosh; Woodford-Findon, "The Temple Bells," "Kashmira," "Song," "Schubert," "Waltz," "Piano," "Green; Beethoven, "Sonata," op. 27, No. 2, Ethel McIntosh; Clay, "I'll Sing Thee Songs of Araby," Hawley; "For Love of Thee," Mazurka, op. 7, No. 1; Beethoven Sonata, op. 78, Rose McCaffrey; Rigo, "Happy Song," "If I Built a World For You," Ruth L. A Startling Revelation

The Friends of Miss Mary McKenzie of London Were Astonished to Hear That She Had Gone Into Consumption.

This sad intelligence came as a shock to Miss McKenzie's many friends. In the early fall she contracted a heavy cold which developed rapidly into Catarrh, and finally made such rapid advances that the bronchial tubes and lungs became affected. Although the doctors said nothing short of a change of residence to the south would benefit, on the advice of a Dundas-street druggist Miss McKenzie decided to thoroughly test Catarrh-zone, which is warranted to cure all diseases of the throat, lungs and bronchial tubes. Miss McKenzie says: "After my druggist had recommended Catarrh-zone I spoke to my friends about it and they all said it was such a good remedy that I commenced forthwith to inhale it five or six times each day. Catarrh-zone has cured her, and others in her condition should no longer experiment with uncertain, untried treatments, but should turn at once to Catarrh-zone, and in it they will find relief and cure unobtainable by other means. Remember the name, Catarrh-zone. Complete cure guaranteed to cure. Price 25c. in medium size (10 cent) size 50c; at all druggists and dealers.

ST. JOSEPH'S ACADEMY ANNALS.

Over a hundred members of St. Joseph's Academy Alumnae responded to the cordial invitation of the Rev. Mother Superior to meet in St. Joseph's convent chapel Sunday morning at 10 o'clock, when solemn High Mass was celebrated by the Rev. Father Truchon, C.S.B., who for over forty years has been chaplain to the convent, assisted by the Rev. Father Cronin on information, said by Rev. Father Pickett, sub-deacon. The music of the mass was beautifully sung by the pupils' choir. A very scholarly sermon was preached by Rev. Widow Wants \$2500.

Just what actually caused the death of Harry Youden of Kingston, who departed this life on Sept. 6, 1898, is to be fought out in the trial of the action brought by his widow against the London Guarantee and Accident Co. Mr. Justice Burton on Saturday postponed the case to the autumn assizes. The widow claims that her husband died as the result of injuries received in June, 1906, while he was loading a car. This the insurance company denies, and give pittance poisoning and cholera morbus as the cause of death. The widow is claiming \$2500 from the company under the life insurance policy.

Remains of Late Major Robert Young Interred in Mount Pleasant With Military Honors.

With all the respect and recognition due to the services of his King and country with loyalty and zeal, the remains of Major Robert Young, late of the Queen's Own Rifles, were laid to rest in Mount Pleasant Cemetery Saturday afternoon.

At 2.30 a firing party, composed of privates of the Q.O.R., and the bugle band, under the command of Bugle-Major Swift, arrived at the residence of the late major, 20 Grove-avenue, shortly after the service had been read by Rev. H. A. Macpherson of Chalmers Church.

The funeral was of a semi-military nature, a great number of the privates present being in uniform, wearing South Africa, Fenian and North-west rebellion medals.

Amongst a large assemblage of people were: Hon. Thomas Crawford, M.L.A., Speaker of the legislative assembly, Col. Mason, B. H. Scott, Col. G. Sterling Ryerson, Capt. Wood, representing the Battleford Column; John London, John F. Scholier, F. J. Spence, representing the Toronto Rowing Club; the Lakeview Curling Club, Imperial Army and Navy Veterans and Fenian raid veterans were also largely represented.

The love and respect with which the late officer was regarded was evidenced by the numerous and beautiful wreaths, which entirely filled one of the carriages.

The following acted as hon. pallbearers: Major Barber, Capt. McGee, Lt. Hunt, Lieut. Kennedy, P. Kinder and John London.

Through a line of former comrades, standing at attention, with their hands at the salute, the coffin was borne to its last resting place in Mount Pleasant Cemetery.

Following are the cases for trial at the court of the general sessions of the peace, which opens to-morrow at 11 o'clock.

Charges of theft: Walker M. Wood, non-support; of wife: Wm. Bryant, theft of horse and buggy; of wife: Kate Puffer; theft: John Harvey; theft: Charles Moorehouse, criminal negligence; Frank Hopper, horse stealing; George A. J. Laidlaw and A. G. Malcolm, breach of the Gold and Silver Marking Act; Wm. Butler, false oaths; A. J. Laidlaw, moly, three charges of false pretenses.

Judge Winchester will probably preside.

THE GREAT RUSH OF IMMIGRANTS

C. P. R. Carries 50,000 West From St. John in Two Months.

Figures issued by local C. P. R. officials reveal that the immigration records were broken last month by this road. Never before in the history of the C. P. R. has the road carried so many immigrants from St. John to the west as they did last month.

It is probable that few people in the United States have an idea of the rapid progress which is being made in Europe in the application of the internal combustion engine as the motive power of ocean-going steamships.

BROTHERHOOD CLOSERS

Closer Unity Among Canadian Churches Needed, Says Rev. Dr. Llywyd.

GUELPH, May 7.—(Special.)—Fully two hundred delegates were in attendance at the annual convention of the Western Ont. branch of the Brotherhood of St. Andrew, which opened on Friday evening and closed to-day.

At the Saturday evening session was featured by addresses on "Boys' work," Hubert Carleton speaking on "What the boys can do for the boys," and George Wibby, chairman of the junior local assembly, Toronto, on "What the boys can do for other boys."

The most interesting feature of the whole conference was undoubtedly the big mass meeting for men, which was held this afternoon in Griffin's theatre, when Hubert Carleton, and the Rev. P. D. Llywyd, vice-provost of Trinity College, Toronto, both spoke on the subject of "Manly Christianity."

The theatre was comfortably filled, and the big audience of men enjoyed greatly the program of addresses and singing, over which Mayor Geo. J. Thorp presided as chairman.

The conference was concluded this evening, and was considered by the delegates to be the most successful conference of the Brotherhood in Western Ontario.

## A Score-Board Worth Watching

Thousands of men will be watching the columns of runs, hits and errors this afternoon. But whether the home team wins or not, there's another score-board further up the street, that you may watch with more profit.

There'll be no errors scored up against the man who makes a run for the corner of Yonge and Richmond to-morrow morning—and he'll certainly make a hit when his purchases get home.

Now do you want a New Spring Suit? If so, are you prepared to pay \$30 for one? A man can get a very nice suit for \$30. Here are particulars of very nice suits for \$15. It is one of our specialties, and we are proud of the fact that we can supply such a suit for the money. You will be quite self-satisfied, too, at purchasing clothes such as these for \$15.00.

**English Worsted Suits**, a smooth-finished clay twilled material, in dark navy blue, also in a fine mill-finished English serge; cut on this season's three-button single and double-breasted models, with natural width shoulders, and long lapels; tailored in our own workshops by competent men; finished with extra quality twill mohair linings and trimmings. ## Hats for Men and Boys

This department, so lately turned out of house and home by an army of workmen, found new quarters in their old place at the corner of Richmond and Yonge. Although they have squatters' rights there, they are not likely to remain long. All this may seem "by the way," but we would like to just whisper the fact that it affords you a great big opportunity to make a regular onslaught on the hat stock, catch them at a disadvantage and make a regular clean up. Prices are looking tired after "the move," and will not afford you much opposition. Look at these:

**Men's Stiff Hats**, new English and American Spring and Summer shapes, light in weight, fine, easy-fitting sweatbands, and splendid wearing qualities fur felt; brown or black. Tuesday ..... **1.50**

We would rather sell you a Machine-made Oriental Rug than any other, because we are sending into your house the best rug that can be made. Every thread will hold its own in the battle of service. Every color and every tint will retain its shade as long as a vestige of the rug remains. Then again, the problem of suitability from an artistic standpoint is often a vexatiously difficult one, but our stock of machine-made Orientals has not been chosen haphazard; and our facilities for display are all that one could wish.

The reproduction of Oriental designs is scarcely a novelty. But by infinite care it has been developed to such a standard of excellence that householders of moderate means now find it within the limits of their purses to obtain rugs of tested quality and highest decorative value. We are making a special display of machine-made Orientals on Tuesday, and a visit would be well worth your while. Prices range from ..... **35.00 to 70.00**
