# CONSERVATIVE LEADER HONORED EVERYBODY WAS IN GOOD HUMOR

### Mr. Borden's Speech Was Characterized by Modesty and Dignity.

#### PRINCIPLE BEFORE PARTY.

#### Messrs. Flynn and Whitney, Provincial Leaders, Spoke With Confidence as Regards the Future.

#### HON. G. E. FOSTER GAVE WARNING.

#### Sir Mackenzie-Bowell Represented the Senate-Col. Prior Was in the Chair.

Ottawa, May 1.—(Special)—Harmony, good-fellowship and party enthusiasm were the dominant characteristics of the banquet in the Senate restaurant tonight given by the Liberal-Conservative members and Senators to the party leader, Mr. K. L. Borden. To accommodate the large number who attended, a second table had to be set in the annex. Everybody present was in the height of good humor, the mean was of the best, and the speeches, while naturally of a political trend, were attended to the happy sentiments of the hour. Mr. K. L. Borden, Mr. E. G. Prior, M.P., was chairman; at his right was the guest of the evening, also Hon. J. G. Haggart, Hon. G. W. A. Allen, Hon. G. E. Foster and Hon. E. J. Flynn, Conservative leader in the Quebec Legislature. On the chairman's left were Sir Mackenzie-Bowell, leader of the Opposition in the Senate; Sir John Carling, Hon. Senator Ferguson and Mr. J. P. Whitney, leader of the Conservative Opposition in the Legislature of Ontario. The vice-chairmen were Mr. W. H. Bennett, M.P., and Mr. G. W. Gamon, M.P.

The toast of His Majesty the King and His Excellency the Governor-General, proposed by the chairman, were received with the usual loyal honor.

"The Conservative Party." The toast of the Conservative Party was proposed by Hon. John Haggart in a particularly happy speech, in which he recited many reminiscences of similar gatherings, when the toast was proposed by such men as Sir John Macdonald, D'Arcy McIvor and Alonzo Wright. Mr. Haggart congratulated the party upon their choice of a leader—cheers—and predicted, under Mr. Borden, a successful future for the United Conservatives. Alluding to Mr. Flynn's presence, he expressed the hope that when next they met, after trying Laurier's many smiles, the party would again have the support that used to be theirs from Quebec. [Cheers.] As for Mr. Whitney, it was only by the most unblinking corruption that, after his party had really carried the province, he had been

relegated to the Opposition leadership instead of the Premiership.

Hon. E. J. Flynn's speech. Hon. E. J. Flynn, who was received with cheers, expressed his pleasure at having for the first time participated in a gathering of this kind outside the Province of Quebec. He was present, he said, to show his high appreciation of the party's choice of a leader, and of its good work, and to show that the Conservative party still lives in Quebec, and when there's life there's hope. [Hear, hear.] The number of the Opposition, seven, was party only carried 12 seats out of 65 in the House of Commons. He would say that the session in Quebec had been reduced to its present number by several causes. The change began 15 years ago, in 1888 there was the Government "fol" in 1890 the Ross Government was beaten by Mercier, who held office till 1892, which was the end of the Conservative rule in the Province. In 1896, however, the Conservatives had a great majority. In 1898, however, the Conservatives only carried 12 seats out of 65 in the Federal House. In 1907 the defeat of the Local Conservative Government carried but a score of seats, and following that defeat the Conservative Government fell. There has been no chance whatever. So only seven were returned.

Proceed to Fight on Federal Issues. In the Province of Quebec the local Conservative party had been forced to fight on Federal issues. That was Laurier's plan in his campaign. He himself favored a separation of provincial and Federal issues, but the party was on its defense. How was it that the Conservative party was reduced to its present state? He had contributed to it. The starting point of adversity, however, was the Liberal movement which had the people of Quebec been the same since then. Another cause was that, as well as political causes, the Liberal party had adopted the Conservative policy. Thousands of men had voted for the Liberals just for that reason.

Who, he asked, had given the extended courtesy to the people of Quebec, till now they practically had manhood suffrage? The Conservative party, and yet the suffrage had been arrayed against that party. Unfortunately, too, there had been a lack of the essential spirit of honor among the Conservatives. For a long time there was no authority leading public opinion, from a Conservative point of view. Unwise utterances in the other provinces had been used to embitter public feeling in Quebec and make votes for Laurier.

To Know Each Other. But all these things had been working together for 15 years. The Conservative party practically was the creator and architect of its own misfortune in that province. He believed that the first thing to be done was to know one another, to be some better acquainted with the history, aspirations and sentiments. [Cheers.] Sentiment was the greatest factor in the government of Canada. Unfortunately, we had neglected this factor, one which should be applied to all provinces, construct the constitution and laws, be construed in a liberal manner, and there would be no more trouble. Moreover, he would throw it out as a suggestion that Conservatives should learn both languages. It would tend to remove prejudices on both sides, for which there was no reason.

Mr. Flynn denounced the accentuation of national origins on the present census. All should be Canadians, and be proud of it. [Cheers.]

What made a people truly great was men of character, men true in their belief, and not afraid to assert their opinions. As their large majority in Quebec was a source of weakness to the Liberal party in the province, so was his almost solid support in Quebec a source of weakness to the Liberal party. There was room, therefore, to hope for future success in Quebec. He congratulated Mr. Whitney upon the noble manner in which it had done its duty in the last election—[hear, hear]—and he hoped to be able to congratulate Mr. Whitney upon his noble re-entrance to the province within half a year or so. [Cheers.]

Mr. Whitney Applauded. Heartily applause greeted Mr. Whitney as he rose to reply.

# METHODISM LOSES A PIONEER IN THE DEATH OF REV. JOHN HUNT

### Passed Away Near Midnight Wednesday at the Ripe Age of 83.

Shortly before midnight last night Rev. John Hunt died at his late residence, 150 Wilton-avenue. In his death Canada loses one of the old Methodist ministers, one who entered clerical work long before the union.

Deceased had been confined to his home since the new year by feebleness due to old age. His death was also hastened by the effects of an accident in winter, which injured about two years ago. While going to his home he was run down by a bicycle and badly injured. He recovered sufficiently to be about, but after a week as his condition became critical, and he gradually failed until the end came. He was conscious up to the last.

The late Rev. John Hunt was born in Lincolnshire, England, 83 years ago, and was the son of Mr. John Hunt. He received his early education at his native home, and came to this country in 1852, settling in Toronto. He was a devoted education here, and when a branch of the British Wesleyan Missionary Society was established in Toronto he became the assistant minister. He entered upon his first charge in the old George-st. Church, where he remained several years. Then he went to Port Hope and afterwards to Picton, returning to Toronto, filling for three years the vacant position of pastor of the Church. On the conclusion of his term he was appointed to a church at Richmond Hill, and from there went to Orangeville, Goderich, Woodstock, Whitby, Meaford and Owen Sound.

Sixty Years Superannuated. At the last-named place, after finishing a term, he was superannuated. This was in 1887, and since then he had a regular charge.

In 1847, when the British Wesleyan Church and the Canadian Wesleyan Church were amalgamated, Rev. Mr. Hunt was one of the active promoters in the movement which brought about the consolidation. Of recent years he had devoted considerable of his time to preaching in the city hospitals and at the Haven. He was the hospital chaplain of the Toronto Conference. At all of the Toronto conferences he was a familiar figure, and always took an active part in the proceedings. He was also one of the active members of the York Pioneer Society. For the past 16 years he had attended the Metropolitan Church.

Deceased was highly respected by ministers of all denominations, who will deeply regret his demise.

He is survived by his wife, three sons. They are: John A. Hunt of Mexico, Vincent P. Hunt of Belleville and George Hunt of the City Dairy Co., this city. He is also survived by a sister, who lives in Toronto.

Funeral on Saturday. A short service will be held at the family residence to-morrow night at 8 o'clock. On Saturday morning, at 10 o'clock, the remains will be taken to Brampton, where the interment will take place.

# STOCK GAMBLERS STILL ACTIVE WITH UNION PACIFIC IN THE LEAD

### The Shares of that Corporation Furnished the Sensation Yesterday, Among the Bulls and Bears of Wall-Street—Atchison Slumped and N.P. Was Bought.

New York, May 1.—Union Pacific again furnished the sensation of the stock market to-day, and the movement of that stock and of stocks connected with it in the speculation dominated the market practically all day. The stock showed a good gain at the opening, and a release of 2 points, looked at this time as if it would look all the advantage derived from the split in Union Pacific, and a large part of the recoveries, which had reached from 1 to 3 points from the early low level, were lost again. The general movement of prices was so erratic as to throw the speculation into confusion, and operators refrained from taking action, leading to practically the first period of anything approaching dullness for the week.

G.P. West Up Again. But in the course of the afternoon Union Pacific renewed its advance in a much more orderly and well-sustained manner than in the morning, and very notable buying of Northern Pacific supplemented this advance. The general speculative movement thereupon resumed full swing, the participants showing undiminished interest.

A Violent Release. The violent release in Union Pacific came about the same time as the announcement of the dividend action on Atchison. As there have been very demonstrative claims that this semi-annual dividend would be 2 per cent. instead of 1 1/2 per cent., there were some disappointed traders, who sold the stock freely on the announcement, causing a release of 2 points. The market looked at this time as if it would look all the advantage derived from the split in Union Pacific, and a large part of the recoveries, which had reached from 1 to 3 points from the early low level, were lost again. The general movement of prices was so erratic as to throw the speculation into confusion, and operators refrained from taking action, leading to practically the first period of anything approaching dullness for the week.

# WELL-KNOWN EAST END WIDOWER WEDDED TO A WEST END WIDOW

### Captain George Vennell of Pape-Avenue Was Married to Mrs. Sarah Hollingsworth by Rev. Mr. Seager of St. Cyprian's Last Night—Honeymoon Is Slightly Delayed.

A rather aged and lonely but thoroughly happy bridegroom sought peaceful repose in his home at 305 Pape-avenue last night, while his rather middle-aged but thoroughly happy bride sought peaceful repose at the house on Bellevue-avenue which she had left a few hours before to successfully seek the solemn matrimonial ceremony in St. Cyprian's Church, 1212 York-st. The bridegroom was Captain George Vennell, caretaker of Pape-avenue School. He is a vigorous gentleman of 60 years of age, and for 18 years was an officer in the 12th York Rangers. He was placed on the retired list three years ago, having reached the age limit. He is proud of his military experience, and is a brave man. This is his third marriage.

The bride was Mrs. Sarah Hollingsworth, and she is in her 50th year. She has been in the employ of Mrs. Dr. Machell on Bellevue-avenue, and will remain there until it is convenient for her to join her husband. This is the second time she has been a bride.

Rev. Charles A. Seager conducted the ceremony at St. Cyprian's, and the best man was Mr. W. D. Hare. The bride was assisted by Mrs. Downs of Pouchester-st. The happy couple will be heartily congratulated by a large circle of friends, for both are highly respected, and many years of joyfulness and prosperity will be sincerely wished them.

# AN ARMY OF 760,000 BRITISH MINERS DEMANDS WITHDRAWAL OF COAL TAX

### Men Fear That the Mine Owners Will Recoup Themselves by a Reduction in Wages —Strike of 150,000 United States Machinists for a Nine-Hour Day Already Begun at Buffalo.

London, May 1.—At a meeting of the Miners' Federation, held in London this morning and attended by delegates from all parts of the United Kingdom, it was recommended that all miners quit work unless the coal tax should be withdrawn. Another meeting was summoned for May 7 to decide the matter and to fix a date for the stoppage of work should that step be resolved upon.

It is understood that the recommendation of the Miners' Federation will be submitted to the miners forthwith and that in the event of the men approving some 760,000 miners will lay down their tools when the signal shall be given.

Whether or not the miners will actually strike depends largely on the trend of discussion of the coal tax resolution which comes up in the House of Commons to-morrow. Altho it is generally supposed the coal owners have been backing the miners with the object of bringing pressure on the Government to modify the coal taxation proposal, there are signs of a division of opinion since the Federation reached its grave decision, and some of the influential owners, especially those who export coal, are counselling prudence.

The miners' reasons for advocating a strike appears to be based on the fear that the owners will recoup themselves from the tax by an equivalent reduction in wages.

London, May 1.—Members of the International Association of Machinists, who threaten to strike for a nine-hour day on May 20, which will affect between 100,000 and 150,000 men and also railroad car shops and manufacturing concerns in all parts of the United States, have formulated their demands. In a printed form of agreement which they have sent to manufacturers they make these stipulations:

Nine hours to constitute a day's work; overtime to be paid for at the rate of one and one-half times, Sundays and legal holidays to be counted double time; wages to be increased 2 1/2 per cent. over present rates; and the submission of grievances and disputes to arbitration.

C. W. Booth, treasurer of District Lodge No. 15, with headquarters at No. 23 Duane-street, said yesterday that unless the agreement was signed by May 18 men would quit work in all machine shops and on jobs outside where they are employed.

"We believe that this is a time when machinists should be granted a nine-hour day," said he. "Other trades have reduced the hours of work to eight, but we ask that the shops that have not granted the nine-hour day do so on May 20. There is great activity in all lines, and we think that skilled workmen should be given time to see their families."

at a stormy and long-drawn-out meeting, which adjourned at 2 o'clock this morning. Many of the local shops, at a conference with the men yesterday afternoon, agreed to the demands of the union and will not be affected by the strike.

It is understood that the local movement is the forerunner of a strike that may extend all over the United States, Canada and Mexico on May 20, when a general demand for a 9-hour day will be made.

LABOR UNIONS UNEARTH SPY. Method by Which Secret Meetings Have Been Told of Discovered. Philadelphia, Pa., May 1.—The labor unions have unearthed the "spies" who, it is said, have been keeping the capitalists informed. For several years the labor unions of the country have known of the existence of a system in their ranks by which the employers were kept informed of their doings, even in their most secret meetings.

In November, 1909, it is said, the Metropolitan Detective Agency was found to be the headquarters, with its main office at Cleveland, Ohio. The head of the system was J. K. Turner. He next organized the "Manufacturers' Information Bureau," with headquarters at Cleveland, and branches in every large city in the United States. His "spies" told of everything which might be of interest to the employers, even to shop conversations.

"Spies" are now under surveillance in New York, Chicago, Cleveland, Buffalo, Philadelphia and other cities.

London, May 1.—Members of the International Association of Machinists, who threaten to strike for a nine-hour day on May 20, which will affect between 100,000 and 150,000 men and also railroad car shops and manufacturing concerns in all parts of the United States, have formulated their demands. # MR. HUTTON WILL BE PRINCIPAL ONLY ON CERTAIN CONDITIONS

### Wants Salary Increased and an Assistant Attached to the Office.

Nearly two weeks ago the Ontario Government offered the position of principal of University College to Prof. Maurice Hutton of Toronto University. The learned professor took the matter into his consideration, but did not jump at the offer. It is understood that his terms were delightfully indefinite. Now, however, he has indicated to the Government that he will decline the offer unless a more substantial honorarium accompanies it, and he is given an assistant of his own choosing. The feeling around "Varsity," among both students and professors, is that his request is only reasonable. There is no division of opinion that Prof. Hutton is the one man for the principality.

By an order-in-council passed yesterday the Government has appointed Prof. Hutton as permanent head of the department of chemistry, to succeed Prof. Pike. Mr.

Modern Extracting. In the first place—care prevents toothache—and usually makes extraction unnecessary.

When the saving time is past our new anesthetic applied to the gums will make the final operation easy and absolutely painless, without loss of senses, and positively guaranteed to produce no bad after effects of any sort.

NEW YORK PATENT DENTISTS. 100 N. BROADWAY, N.Y.

Victims Teaching Going On

He warned his hearers that there was at present a working for mischief and evil in this Canada of ours a force that was never at work before, and that the party teaching the victims lesson that principle does not count here, but only success.

Mr. Foster joined in congratulating the party upon their choice of a leader, and in praising the work they were doing in their arms. Mr. Borden was young, but he could gain experience, and he was not without the sense of learning, possessing a modest receptiveness to advice, and deep down a very earnest desire to do right.

Mr. McKenna's speech. Sir Mackenzie Bowell, replying for the Senate, congratulated the party upon the selection of Mr. Borden as its leader, and Mr. Monk, as his chief lieutenant.

Mr. Monk, who followed, spoke briefly in congratulation to the party upon the success of their choice of a leader. Mr. N. C. Wallace joined in these congratulations and added a few words of advice to the party.

Mr. Lefroy, who responded to the toast of the day, proposed by Mr. Lefroy, M.P. The health of the chairman, proposed by Sir Mackenzie Bowell, was honored with cheers.

Stock Gamblers ARE STILL ACTIVE. Continued From Page 1. In seeking out new points of strength and bringing about a general resumption of strength, Union Pacific's late advance considered it up to 130, and New York Central touched a gain of 54, Northwest gained 34 on the day.

Another Indian Patient. Mother Nursing Her Baby Moved to the Bradford Smallpox Hospital. Bradford, May 1.—Another case of smallpox was discovered on the Indian reserve yesterday, and the patient, a woman, was nursing a baby, was removed to the pesthouse.

Bayley-McFarlane. Miss Annie McFarlane, daughter of Mr. John McFarlane, of Durham, Ont., was married on yesterday night to Mr. William Thomas Bayley of Buffalo.

No Drawing Rooms This Year. London, May 1.—It has been officially announced that owing to the mourning for the late Queen Victoria, no drawing rooms or levees will be held this year.

Anniversary of Manila. Washington, May 1.—The third anniversary of the battle of Manila Bay was celebrated here tonight by a banquet at the Raleigh Hotel, participated in by officers and crew of the American fleet who took part in that conflict.

Kitchen Expenses. Reduced By Ready Cooked Grape Nuts. "Modern food saves gas bills (cooking), labor and doctors' bills, and the food I refer to is Grape-Nuts."

Principal Toast. Characteristically Modest and Forceful Utterances of the Guest of Honor. Mr. Borden, in proposing the toast of "The Conservative Party," had been successful in the rare qualities of the Conservative leader, his ability, urbanity and good judgment.

THEY WANT CIVIC GRANTS

Deputations From Charitable Institutions Ask Board of Control for Financial Assistance.

MUNICIPAL TELEPHONE SYSTEM

Outlined By a Sub-Committee Which Has Also Drafted a Circular for Distribution.

Yesterday was a busy day at the Board of Control, and all afternoon the members listened to representatives from various charitable institutions which are seeking civic grants.

Mr. John Boyd and Judge Oiler put forth the claims of the Home for Incurable Children to a municipal grant of \$300 per year.

Mr. James Masie, Prof. Goldwin Smith and Rev. Mr. Plummer for the Associated Charities, asked for an appropriation of \$700, or, if this were thought too much, \$500, which would enable the organization to carry on its work to the end of the year.

A deputation of ladies from the Board of the Haven asked for a continuance of the civic grant of \$700.

Representatives from the Salvation Army put in an application for \$700 for their prisoners' aid work.

Ask for Extra \$1000. In addition to the annual grant of \$1000 given to the Ladies' Relief Society, the request was made that another \$1000 be given to them.

Another deputation was present from the Aged Men's Home. They asked for financial assistance to carry on their work.

Col. Mason and Major Hamilton asked the board to agree to the Reception Committee's recommendation to grant the North-west Field Force \$50.

Municipal Telephones. The sub-committee on Civic Telephones met yesterday afternoon and discussed the circular for distribution. It announces that the city is ready to receive applications to become subscribers at a telephone exchange at rates not greater than \$35 per year for business houses and \$20 for residences.

The telephone having become a public necessity, the committee believe that the responsibility of supplying the actual cost should be assumed by the city, furnishing a service at reasonable cost and thus breaking the monopoly which at the present time uses our streets and at the same time gives telephone users a very poor service at a price much greater than its actual cost.

It is the intention of the corporation, as soon as three thousand subscribers have been obtained, to submit a by-law to the daily qualified ratemakers, asking their approval of the issue of debentures for the amount necessary to install a municipal telephone system. If you desire to become a subscriber to the municipal telephone system kindly send your name to the City Clerk, when a contract will be sent you for your signature.

The committee also decided to ask for \$750.

Finishing in Proper Style. In a report to the Mayor, City Engineer Hunt decidedly objects to the practice of sprinkling asphalt pavements. The finishing of pavements of this character is the proper system, he says. The cost, however, is greater. The dust, however, from King to Bayview, Queen street from River to Niagara and King-street from Simcoe to Sherbourne, a few streets more for a period of six months, would cost \$6000, while sprinkling would cost \$3500.

Board of Health. The Local Board of Health met yesterday afternoon and passed the Medical Health Officer's report, which contained among other things the recommendation that Ambulance Driver F. Hague be voted \$100 for his services in connection with the smallpox outbreak.

Building Operations Break. The building trade in the city for April was brisk. The 101 permits issued totaled in value \$346,812, while for the corresponding month of last year the number was 70,438. The falling off is attributed to the fact that the packers are buying street from the farmers. Other figures are as are: Cattle, 60,172; sheep, 19,985; calves, 2833; calves, 1920. For the month of April the numbers are: 1901, cattle, 13,043; sheep, 2830; hogs, 12,133; calves, 1185; 1900, cattle, 10,135; sheep, 1017; hogs, 15,675; calves, 603.

Vital Statistics for April. The vital statistics for Toronto for the month of April are: Births, 430; deaths, 200; marriages, 107. The deaths from contagious diseases were: Smallpox, 1; scarlet fever, 3; diphtheria, 10; consumption, 37.

Storm Warning. A severe storm may be expected every day of the week in all districts where Hudson's Soap is not in regular daily use. A packet will prevent it.

Grain Inspectors. The Board of Grain Examiners for Ontario will meet this morning at 11 o'clock at the Board of Trade Building to examine candidates for the positions of inspector and deputy inspector. There are a number of applications for the two positions have been received by Secretary Willis.

Backache MEANS Kidney Ache

And it all comes from the same cause—sick kidneys—and sick kidneys mean Kidney Disease, Urinary Troubles, Diabetes, and Bright's Disease. If you are wise you will always heed the first backache and procure Doan's Pills and save yourself further trouble.

Here are a few letters endorsing the virtues of Doan's Pills: LUNenburg, N.S., Sept. 26th, 1900. From Mr. E. M. Smezz: It affords me great pleasure to write you of the good Doan's Pills have done my father. He has had backache and is completely cured, and wishes to recommend them to all who suffer from kidney trouble.

AURORA, ONT., Nov. 23rd, 1900. From Mr. STILES MILLER: Some months ago, previous to procuring a box of Doan's Pills, I was badly troubled with backache, and the one box completely banished all pain from my back, and I take great pleasure in recommending them to others.

STANBRIDGE EAST, QUE., Feb. 8th, '99. From H. C. HALL, Mayor: I have been troubled with my back and kidneys off and on for some time, and not long ago I was taken with such a backache that I could not straighten up and could hardly lift a one pound weight. I procured a box of Doan's Kidney Pills and was completely cured.

Doctors Order It.

Doctors see at once the advantage of taking a medicine right to the part that is sick. You see the doctor orders his own medicine for the disease, and has his patient use Vapo-Cresolene at the same time. It destroys all germs of diphtheria, scarlet fever, measles, and other contagious diseases; and there is no remedy its equal for croup, sore throat and hard colds. You now see why it often cures whooping-cough in a few days.

NEWS OF THE NAVIGATORS.

Travel to Pleasure Resorts Promises to be Exceptionally Large This Season.

The Oakville Steamboat Company will have their fleet off this summer at the entrance to Yonge-street wharf, directly below the arch. Workmen are now busily engaged in painting and overhauling it, and when this has been completed the office will be comfortably furnished.

Travel to the pleasure resorts of the east promises to be exceptionally heavy this summer. Western Passenger Agent H. Foster Chaffee of the R. & O. N. Line has already booked a large number of people who will take advantage of the trips to the Thousand Islands and other attractive spots.

Next Thursday, 9th inst., the steamer Algerian will go into commission on the Hamilton-Toronto and Montreal route. Commencing next week and until further notice the steamers Hamilton and Algerian will ply for Montreal on Tuesdays and Thursdays at 7 p.m.

The steamer Van Allen, which carried the upper gates in the Welland Canal on Tuesday morning, belongs to the Toronto Electric Light Co. Her master is Captain Green of this city, who for many years commanded the R. and O. N. steamer Hamilton. The Van Allen will exchange at rates not greater than \$35 per year for business houses and \$20 for residences.

The telephone having become a public necessity, the committee believe that the responsibility of supplying the actual cost should be assumed by the city, furnishing a service at reasonable cost and thus breaking the monopoly which at the present time uses our streets and at the same time gives telephone users a very poor service at a price much greater than its actual cost.

It is the intention of the corporation, as soon as three thousand subscribers have been obtained, to submit a by-law to the daily qualified ratemakers, asking their approval of the issue of debentures for the amount necessary to install a municipal telephone system. If you desire to become a subscriber to the municipal telephone system kindly send your name to the City Clerk, when a contract will be sent you for your signature.

The committee also decided to ask for \$750.

Finishing in Proper Style. In a report to the Mayor, City Engineer Hunt decidedly objects to the practice of sprinkling asphalt pavements. The finishing of pavements of this character is the proper system, he says. The cost, however, is greater. The dust, however, from King to Bayview, Queen street from River to Niagara and King-street from Simcoe to Sherbourne, a few streets more for a period of six months, would cost \$6000, while sprinkling would cost \$3500.

Board of Health. The Local Board of Health met yesterday afternoon and passed the Medical Health Officer's report, which contained among other things the recommendation that Ambulance Driver F. Hague be voted \$100 for his services in connection with the smallpox outbreak.

Building Operations Break. The building trade in the city for April was brisk. The 101 permits issued totaled in value \$346,812, while for the corresponding month of last year the number was 70,438. The falling off is attributed to the fact that the packers are buying street from the farmers. Other figures are as are: Cattle, 60,172; sheep, 19,985; calves, 2833; calves, 1920. For the month of April the numbers are: 1901, cattle, 13,043; sheep, 2830; hogs, 12,133; calves, 1185; 1900, cattle, 10,135; sheep, 1017; hogs, 15,675; calves, 603.

CANADIAN "OLD HOME MONTH"

Suggestion From Boston to Entice Former Residents to Come to Canada on a Visit

SENT TO THE BOARD OF TRADE.

Idea is to Encourage Canucks in the United States to See Their Old Homes.

The Canadian Club of Boston, Mass., has suggested the setting apart of an "old home month" for Canada, when Canadians from all over the United States might return to their native land for a short visit. The club has sent a letter to the Board of Trade, asking for co-operation in the movement, which they hope may be brought to a successful issue.

In part the letter says: "When it is borne in mind how many Canadians there are residing in the United States; that there are in the State of Massachusetts alone some 207,000, and in Greater Boston about 115,000, we feel sure that a very large proportion of these would return and visit their native province, and a large number of tourists avail themselves of the opportunity offered by our effort to procure, if possible, special rates on all railway and steamboat lines for a trip at that particular time, to one or another of the different provinces. This would largely increase the volume of business in the summer between the United States and Canada.

In order to bring this project to a successful issue, would it not be well for each province to select some suitable week and arrange special features or attractions for that particular time, and then co-operate with our committee, after arrangements have been decided upon."

Mr. Robert H. Upham is president of the Boston Canadian Club. His committee will be dealt with at the next Council meeting.

DAWSON MEMORIAL FUND.

Subscriptions Towards the Portraits for the Canadian Mining Institute.

Mr. R. T. A. Bell, secretary of the Canadian Mining Institute, desires to acknowledge the following subscriptions towards the fund being raised by the members of the Canadian Mining Institute for the purpose of presenting memorial portraits of the late Dr. George M. Dawson and his predecessor, Dr. A. H. S. Selwyn, to the museum of the Geological and Natural History Survey of Canada. The paintings are being executed by Mr. Frank A. Brown, the well-known portrait painter. Further particulars marked "Dawson Memorial Fund" may be addressed to Mr. J. Steyer, Mr. Brown, treasurer of the Canadian Mining Institute, Temple Building, Montreal, or to Mr. Bell.

Canadian Mining Institute, 1009; officers of Geological Survey, \$5; Hon. W. E. Jennings, Toronto, \$10; W. H. Aldridge, Trail, \$10; George E. Drummond, Montreal, \$5; John J. Drummond, Midland, \$5; J. W. C. L. Desnoes, \$5; Dr. Henry A. Ross, \$5; J. S. Fowler, \$5; B. N. Bell, \$5; Rinaldo McCombs, \$5; W. F. Frank, D. Adams, Montreal, \$5; W. P. Little, Annapolis, \$5; G. E. S. Whitehead, Annapolis, \$5; G. J. Ross, \$5; W. L. Wainwright Bros., Perkins Mills, Que., \$10.

Not Seriously Injured. The police ambulance was summoned yesterday afternoon to a new building course of construction at Dundas and Argyle-streets, where it was stated that an scaffold had given away and that two workmen had been thrown to the ground, a distance of 10 feet. When the ambulance arrived at the building the driver, C. Bustard, learned that all of the men had recovered sufficiently to be able to walk to their homes.

Manitoba Railway Deal. Ottawa, May 1.—The discussion of the Manitoba railway bill was concluded this morning in the Committee on Railway and Canals, and the preamble was voted by an overwhelming majority, a carry not being challenged. The committee then considered the amendments proposed by the Opposition, and the bill was reported.

A Shipper's Section. There is now a movement on foot to organize a shippers' section of the Board of Trade. The proposal has been taken up by the grocers, dry goods and iron men, many of whom are in favor of the establishment of such a section. It is altogether likely that the next meeting of the Board of Trade will be made for the necessary permission to organize a shippers' section.

A Large Membership. Secretary Willis yesterday received two more applications for membership. Since the beginning of the year 107 new members have been admitted. The membership is rapidly approaching the 1000 mark.

Declines the Directorship. Prof. A. P. Coleman of 'Varsity has declined the position of director of the Dominion Geological Survey, rendered vacant by the death of Dr. G. M. Dawson.

Out in the West. Charles A. Stuart, M.A., LL.B., formerly director of the Dominion Geological Survey, is practicing law in Calgary, N.W.T.

BELL TELEPHONE BILL. Ottawa, May 1.—The Bell Telephone Company's bill to increase its capital stock from \$5,000,000 to \$10,000,000 was before the Senate Banking and Commerce Committee this morning. The chairman, Hon. George Drummond, asked if any agreement had been reached since the last meeting between the company and the representatives of the city of Toronto, and received a reply in the negative.

Death of Mrs. Graham. Brockville, Ont., May 1.—Mrs. Graham, widow of the late Rev. W. H. Graham, died at Brockville General Hospital Monday night, aged 65 years. One son and two daughters survive her. They are George P. Graham, M.L.A., Mr. John Conklin of Ingersoll and Mrs. D. Bruce of Big Horn, Wyoming.

A GOOD STORY. A certain young lady in delicate health was advised by her doctor to take a half-teaspoonful of Scott's emulsion of cod-liver oil after dinner—once a day—and found herself almost suddenly growing robust.

So small a dose is by no means the rule; the rule is whatever the stomach will bear—not more. Another rule is: take it on every least occasion, but not too much; don't over-do it.

TORONTO PASTOR WEDS. Owen Sound, May 1.—Miss Margaret Cameron was united in marriage to Rev. Alfred Brown, pastor of the Avenue road Methodist Church, Toronto. Their honeymoon will be spent in Hamilton and New York.

Christina Bessley drank carbolic acid in an hotel at Newark, N.J., yesterday and died.

Ayer's Sarsaparilla

A good building material—That's stone and mortar. Day by day the building grows, becoming higher, broader, more solid, until at last the growth is complete.

The best building material—That's Ayer's Sarsaparilla. Day by day it makes thin and pale children take on renewed strength, until soon they become stout and robust.

All puny and languid children need this great builder of pure and rich blood.

Nearly everybody needs a good Sarsaparilla every spring. And if they need a good Sarsaparilla they need the best Sarsaparilla—That's Ayer's.

"For 25 years I have taken Ayer's Sarsaparilla every spring. It cleans my blood so thoroughly, makes me feel so much better in every way, that I would not like to miss it. Indeed, I may say it makes a new man of me."

JOHN POPE HONNETTE, Brooklyn, N. Y.

One dollar a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. The probability is he has prescribed it a great many times and knows just what it will do. Then ask him if he does not think it is precisely the medicine you need this spring.

J. C. AYER CO., Lowell, Mass.

Kay's Splendid Values in Linoeums

In our big and bright basement you will find a stock of linoeums the largest shown by any house in Canada. These are in about sixty different patterns—Mosaic, floral and geometrical designs.
