51 29TH YEAR

COAL STRIKE LAUNCHED WITH DIVERSE ESTIMATES OF THE DAY'S RESULTS

Company Claim That Half the Regular Force is Working, But the Strikers Deny it and Say There'll Be Tie-Up To-Day.

WORKING MINERS HOOTED AND SOME ARE CHASED

GLACE BAY, N. S., July 6.—(Special.)—The first day in the big strike between the United Mine Workers of America and the Dominion Coal Com-

hemselves as satisfied.
At 6 o'clock this evening the strike situation was a little better defined, but any attempt at reaching exact fig-ures is attended with embarrassment. The coal company claims to have 50 per ent, of its regular force at work, statement which is strenuously denied by the officials of the U. M. W., who claimed that only about 1000 of the 5200 regular men employed were on the job

President James Ross was at No. 2 Colliery all day. This mine was idle without a doubt. There was nothing doing at the banking station either, and it is said that an attempt was made this afternoon to bring in men from Louisburg to start that work. This report cannot be confirmed.

At Dominion No. 1 the coal company say that not more men are absent from work than is customary after a payday. This mine employs about 750, and the U.M.W. claim that 250 men is well within the mark of the number that turned out to-day, and of those 136 are Italian laborers and not coal miners. There is practically no skilled labor at

At Reserve, the U.M.W. hold that not more than half the hands are working.

A number of men who were at work to-day will not turn out to-morrow.

A Heart to Heart Talk

A newspaper is not a lifeless, soulless institution growing in power and wealth whether the public wishes it to or not. It is, on the other hand, a sensitive plant which responds to the sunshine of goodwill and the gentle showers of favor. Stormy weather and continued adversity

A newspaper must retain the goodwill of its readers; must cultivate friendships; be alert to meet general approval, to interest and entertain; be eager to hold the respect and esteem of intelligent classes.

Did you ever take time to consider that The Daily World and Sunday World are the greatest successes among Canadian newspapers? Do you know that thousands of new readers have voiced their approbation within the last few months? What do these facts imply? Just his-that the public at large appreciate what The World does to please them. It must be so or the circulation returns of both Daily and Sunday Editions would not show such rapid growth.

A CHANCE OF A LIFETIME.

In putting on the remarkable contest which has awakened the interest of all Ontario, and other places as well. The World believed that it was undertaking something that would not only benefit and entertain the public, but would give many persons an opportunity of a lifetime to win a portion of \$15,000 in handsome prizes. That The World's view has been fully justified thus far is indicated in the fierceness with which the race is being run by the candidates. That the running will be still faster as time advances is certain and by September 10, when the event closes, Toronto and outside points will have the pleasure of witnessing a lively time.

Between now and then, however, it is worth while for the candidates to think seriously of a few things. One is that as the voting periods pass the voting values decline. We are now in the second period. On Saturday night next this will end. Does it not stand to reason that the three or four remaining days should be the busiest ones you ever put in? And if they are made so, will the results not pay you?

CONSIDER THE PRIZES.

Have you ever had such a chance to win a home, an automobile, a piano, vacation trip, or any of the other fifty-three big prizes? Supposing that by a little additional effort you pile up a few thousand extra votes this week and get on top in your district, can you not fancy how. easy it will be to remain there thru the third voting period?

No better chance can come to you in a lifetime: Papers that are constantly growing in public favor to canvass for, The opportunity of receiving a part of \$15,000, .

The satisfaction of being a winner in an event on which the eyes of

Hydro-Electric Situation Discussed by Cabinet-Transmission Line Will Be Completed Within Specified Time.

Hydro-electric power was the chief opic of discussion at the parliament buildings yesterday. Hon. Adam Beck and his colleagues on the commission were closeted for some time with the

On the conclusion of the meeting Sir James Whitney stated to The World that the whole question had been discussed at length.

"The situation," said Sir James, "is' very satisfactory. From now on the work of constructing the transmission line will proceed with the greatest expedition, and there is no doubt that it will be completed before the

that it will be completed before the time allotted in the contract."

Hon. Col. J. S. Hendrie and W. K. McNaught, M.L.A., the other members of the commission, in conversation afterwards commented pointedly upon the reports which had been circulated, that no progress was being made on construction and the entire undertaking was a muddle.

Slow But Sure.

"It is a fact," said Col. Hendrie, "that we have gone about the work slowly, but that has been to the great advantage of the whole scheme. For instance, we started out to transmit power at a potential of 60,000 volts, but we later found that it could be transmitted at 110,000 volts, with the proportionate line loss of power reduced one-half."

"Further," said Col. Hendrie, "we have been able to make great improve-ments in the tranformer design."

"As far as we can see," he continued, "with the progress we have already made, the work will be completed well

within the stipulated time."

Referring to the trip which E. H.
Sothman, chief engineer of the hydroelectric power commission, is taking
thru Europe, Mr. McNaught said: "Mr.
Sothman is making no waste of time
on this trip. He will obtain the latest on this trip. He will obtain the latest information from Germany regarding power unions and power transmission and, incidentally, gather prices for in-sulators, lamps and other equipment. While we can obtain our equipment in America, there is reason to believe that we can save money by purchasing part

"The transmission system," Mr. Mc-Naught went on, "will be the most perfect and up-to-date of any in the world. The conduit wires will be well protect-Many Points

The conduit wires will be well protected from atmospheric disturbances, first by the insulator arrangement, and, secondly, by the lightning guard service to be installed by the Westinghouse Company, which will cut off the current from a partial conduit the moment date," said Senator Melvin-Jones to

The World yesterday afternoon.

The president of the Massey-Harris
Co. received the interviewer in his pleasant and inviting office at the Massey-Harris works yesterday afternoon.
He explained that his summing up of the grain situation in the Northwest lines that have been tried for years were bessed with the processing of the contarto union. It is cast along lines that have been tried for years were bessed with the processing of the contarto union.

If Ontario had no Niagara Falls and rest provinces.

FRANK C. CLARK, TIMES BLDG, N.Y.

A BROKEN-DOWN SYSTEM. This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is increased with the very our VITAL STRENGTH & ENERGY

A RUNAWAY BANK CLERK WAS SHOT IN OKLAHAMA

Roy Purdy of Harrowsmith Meets

and disappeared a year ago. At the same time a large amount of money was found to be gone from the bank.

Nothing further is known, but that he was shot when traveling in a freight car with three other men. He was traveling under the name of Rose.

At the hospital he mentioned the name of a friend at Harrowsmith and the hospital doctor wrote to the friend and a photograph of Purdy was sent back for identification. The photograph tallied with that of the man who was injured and who later died. Relatives were notified and the remains have been embalmed and will probably be brought to Harrowsmith for interment.

A traction engine crashed thru Cataraqui bridge, doing heavy damage an dijeing up traffic. The swing discontinuation of the more proposed in the delegates who are at present touring the west attended.

HUGE FLAG CAUSES WRECK

Pulls Big Area of Tile From Court House Roof.

PITTSBURG, Pa., July 6.—A flag, said to be the largest in the world, unfurled here yesterday, pulled thousands of pounds of tile roofing from the court house to-day. Many persons had miraculous escapes from injury when the tile crashed into Grantstreet. The district about the court house and Frick Building has been roped off and police will guard the place until a score of city employes remove the great banner. It will take the best part of the day to lower the flag.

The national emblem 80 feet wide.

Note and Comment

Tommy Burns yearns again for the limelight in England. It will be remembered that on June 2 we published, says London Sporting Life, a letter from Tommy Burns, who wrote from Australia offering to box Sam Langford on certain conditions. Hugh D. McIntosh, who is now in London, has received a long cable from Tommy Burns, in which Burns asks

His Majesty's carriage headed the royal procession at Ascott on the occasion of Minoru's victory in the St. James Palace Stakes. General disappointment was felt, says Sporting Life, when Bayardo was not pulled out to meet Minoru in the St. James' Palace Stakes, which had been looked forwar dto as the most interesting feature of the day, and with only Blankney II, and The Story to meet, the odds of 1 to 3 against the King's horse were in safe keeping. Tho by no means perfect in front, Minoru has wonderful far-reaching propelling power behind, and the way he threw what little dirt there was behind him was a treat to see as he cantered home in front of The Story, who deprived Mr. Raphael of the chance of again running second, as he did in the Derby.

The cheering was loud and continuous, the effect furnished by so many way-

He won the first four holes and had Robinson seven down at the turn. The match ended at the tenth, but the remaining holes were played out.

In the morning Travis defeated Park Wright of Buffalo by 1 up in a splendid game, his medal score being 78. The bogey is 79. He will meet W. M. Reekle of Toronto in the final 36 match round to-morrow. Reekle won from: A. L. Rose of Rochester, five up and four to play. His score being 77 for the round. Robinson defeated J. Bowman of Rochester in the forenoon round by three up. In the second sixteen Walter Will of Rochester beat Dr., Norman McLoud of Buffalo, 7 up and 6 to play, and will meet Dr. T. F. Dwyer of Buffalo in the final rounds to-morrow.

WARD 7 TO FORM PIVOT

Wonderful Medicinal Value of Apples, Direct Connection Will Be Made at Once-Civic Garage in Prospect.

> The seventh ward's fire alarm telephone system is to be connected with ther loss of time.

Ald. Anderson pointed out at yesterday's meeting of the fire and light committee that at present the ward fire stations can only be reached by phone thru the police stations, entailing a serious loss of time. Chief Thompson has already been instructed to report on a scheme of connection, but the com-mittee decided to have it made at once without further red tape. Ald. McMillin complained that East Toronto hadn't been given the new fire

station promised, but Chairman Ald. Church reminded him that one has been recommended. At Ald. Chisholm's suggestion the present station, which is rather the worse for time's ravages, will be repaired Civic Garage. A private conference on the subject

of establishing a civic garage was held by Property Commissioner Harris, City Engineer Rust and the chairman of civic committees yesterday afternoon.
It was stated afterwards that no de finite plan had been agreed upon, but it is understood that the garage ide has taken a firm hold. There are al-ready several autos in the works de-partment and several other civic officials have applied for them, while the board of control also wants a machine The plan is to have the autos already owned and one or two others that may be purchased in charge of a regular custodian and to have officials apply for a machine when they need it. In this way it is believed that a few automobiles will meet the general needs.

The board of control will to-day consider recommending an appointment to the position of corporation counsel, and will also deal with the resignation of

branch.

No new candidates have been suggested for the former position. The mayor has announced himself in favor of City Solicitor Chisholm, and there is a strong feeling that Mr. Chisholm will get the appointment if he wants it.

TIRED OF LIFE Mrs. James Woods Drinks Poison, But Will Recover.

Mrs. James Woods, housekeeper to Frank Humphrey, of 216 Berkeley-street, an expressman, took a dose of atrophine, one of the most deadly poisons, yesterday afternoon. She took it in the presence of one of Humphrey's clerks. The contents of the vial had deteriorated by age or she would have expired in a few minutes, as she took a dose strong enough to kill several people. Dr. R. H. Robinson, Wilton-avenue, attended her.

The reason she wished to die was, she said that she was to leave the employ of Humphrey, and she did not want to. Humphrey used the poison as medicine for his horses.

She was taken to the General Hospital. It was reported early this morning that

> There isn't a union man at work to-day in the mills of the steel trust, which employs 120,000 to 130,000 skilled workers in making iron and steel and the workers in making iron and steel and the workers in making out bridges and the steel trust. day in the mills of the steel trust, which employs 120,000 to 120,000 skilled workers in making fron and steel dist, and turning out bridges and the skeletons of steel buildings, and everything from a big armor plate to the screens you use in your windows in fig time. On that morning of July 1, 3000 sheet and timell workers are and the miles of the steel trust, and turning out bridges and the skeletons of steel buildings, and everything from a big armor plate to the wire screens you use in your windows in fig time. On that morning of July 1, 3000 sheet and timell workers struck against the order of the American Sheet and Timplate Company, a branch of the trust. In this strike the old Amalgamated Association is making the save amonth, before which

A. H. Marsh, an Island resident, makes it appear that the latter had no so much reason to assail the department's efficiency as was conveyed in his letter to The World.

Mr. Mitchell says that the first intimation he had of Mr. Marsh's grievance was on Saturday last when he received a postcard from him saying he received a postcard from him saying he received a postcard from him saying he had phoned twice to have the water turned in. Mr. Mitchell had no knowledge of this fact, but on Monday ing he had phoned twice to have the water turned in. Mr. Mitchell had no knowledge of this fact, but on Monday was non-unionized years ago. These I expected. No. 6 pit is idle. Will

1200 men; Piqua and Struthers; O., 400

turned on and that Mr. Marsh's com- in this city can tell you how the trouble started. Morgan formed his steel trust in 1900. Back in 1892 the Homestead strike had resulted in driving the union from the mills of the Carnegie Steel Co .- but that is another story In 1894 the manufacturers of the Kiskiminetas Valley had driven the union out of their mills. That, too, is a chapter by itself. When the time came to sign the 1901 wage scale for the union mills of the American Sheet Steel Co. the American Tinplate Co., the Na-It is asserted here that a big gang ed all these companies into the trust.

The police have arrested a man near Warnell answering the description a train robbery at Ashcroft. He admits "We will sign no wage scale for union mills which forbids men joining the union. The men in those mills must be free to join the union or not, as they

wish.' The first gun of that strike was fired Fred Jones, 18. playing baseball at Purple Springs Sunday, when bright sun, cousing him to misjurge a swift ball, he was struck on the temple and like was struck was were at well-with the was struck on the temple and like was struck on the temple and like was struck was were at well-with the was struck on the temple and like was struck was were at well-with the was struck was well-with the was struck was well-with the well-with the was struck was well-with the was well-with the well-with the was well-with the only called out the men in the union mills, but appealed to all non-union workmen to join him. He got 12,000 Harper Niswonger was arrested yesterday at the request of the police of Dayton, Ohio. He is wanted for wife desertion and was sent back to that place.

Workmen to John Mills at Strike over 50,000 men were idle during that strike. But Morgan licked Shaffer; in October he settled, and signed the strike. But Morgan licked Shaffer; in October he settled, and signed the

fare With J. P. Morgan, Who

Vowed to Smash Organization.

PITTSBURG, July 6.—Nine years ago this coming fall J. P. Morgan faced Theo. Shaffer, then president of the Amalgamated Association of Iron. Steel and Tin Workers in the Morgan offices in New York. They were settling the great steel strike of 1901. Morgan, white with rage, turned to Shaffer and said:

"I'll smash your union for this. It will take me just four years. At the end of that time you'll not have a union man at work in the mills of my combine."

That was in October of 1901. Thursday, July 1, Morgan made good his word. But it had taken him nearly nine years, instead of four.

There isn't a union man at work to-there isn't a union man at work

short time.' Waterworks Official Replies to Public

Protest of A. H. Marsh.

The statement of Geo. H. Mitchell, detail examiner of the waterworks detail examiner of the waterworks detail examiner of the waterworks department delative to the complaint of the Joseph Public West Toronto.

Company Own the Town.

Glace Bay is practically a creation of the Dominion Coal Co. It is situated on the Sydney and Louisburg Railway, which is owned by the company of the company of the company of the matter is becoming very seritant delative to the complaint of the gauntlet. We would be cowards of the Dominion Coal Co. It is situated on the Sydney and Louisburg Railway, which is owned by the company of the company of the company of the company of the pany, and in the town itself the company of the company of the company of the pany has erected upwards of 1500 sub-

that the spindle would not turn, and the matter was placed in the hands of Martin's Ferry and Bridgeport, O., 2500 national, which last night was regarded been misled by the tax notices on the as doubtful. Strikers have very large number of pickets since midnight, but crowd reasonably orderly."

> Learning Occidental Ways. The decadent trend of the Chinese mind as shown in the search of Leon's room after the murder of Elsie Sigel is borne out by the finding of a number of filthy pictures in the pockets of Mah Yick, a Chinese cook from an oriental restaurant at 255 West Queen-street last night by Policeman Bond at Queen and Chestnutstreet. Yick was fighting with Joe Jay, an Englishman. The pictures are photographs of expanse drawings.

The purchase of a good plano may be considered an exceptional investment, for it yields its annual return of musical enjoyment for a long period, and at the end of that time capital thus invested is but little impaired.

taste of the "open shop" in the trust, Open shop mills always bar non-union men after six months or a year.

National President P. J. McArdle, as he said in his office in the house building, in this city, nearly sobbed as he said, the day the 8000 devoted men came out.

A committee was appointed at tenight's meeting of the council consisting of Mayor Brown and Councillors Irwin, Howe, Burnaby and Murphy, to confer with Solicitor Wright of the Metropolitan Railway regarding town and railway matters generally.

WEST TORONTO.

MONTREAL, July 6.—F. L.Wanklyn, vice-president of he Dominion Coal Co., gave out the following telegram from G. H. Duggan, manager of the mines:

"Conditions this morning better than I expected. No. 6 pit is idle. Will get to-day practicallu full output from No. 1. Reserve and Victoria, and about half from other mines, including inter-

walls of the old municipal building on Keele-street. The notices state that the first instalment must be paid between July 6 and July 10. This does not apply to ward seven during the present year. The taxes in this ward are not due till Aug. 10. High Park-avenue is being mac-

adamized. STOUFFVILLE. Glorious Twelfth Will Be Royally Celebrated in Town.

STOUFFVILLE, July 6 .- (Special.) -The anniversary of the battle of the Boyne will be celebrated here on July 12 in a manner not hitherto attempted in town. Fully 30 lodges will take part in the procession, and at least 6000 are expected in town on that occasion. Many prominent speakers will be present, and excursion trains will be run from all outside points. Ample provision is being made for the accommodation of all the visitors.

WEST YORK ORANGEMEN.

Make your arrangements and celebrate the battle of the Boyne next Monday with the Orangemen of West York, leaving by special train via C. P. R. to Alliston, leaving the Union Station at 8.20 a.m., stopping at all stations, at reduced rates. L. O. L. for the first time on that day, with the portrait of the late grand sovereign, Hon. N. C. Wallace M. P., paint-ed thereon. West York Orangemen will head the procession to the park, where speeches will be delivered.

DEER PARK.

DEER PARK, July 6 .- On next Wednesday afternoon, at Christ Church, the marriage of Miss May Hoskins. second daughter of the late Alfred Hokkins, K.C. to A. Jarvis of Toronto, will take place at 5 p.m.

Alleged Theft of Tools.

Russell White, 34 Carlyle-street, and James McKay, 63 Huron-street, were arrested yesterday on warrants charging them with theft of tools from a fellow workman on the ruins of the Ruse Automobile Company on Simcoe-street. They say that the articles found on their premises were taken in mistake.

Theft of Ten Dollars. Joseph General, 3 Vermont-avenue, was summoned to appear in police court for theft of \$10 from M. McKibbon. He did not show up and was arrested on a bench warrant last night.

Broken-down Men

WHO ARE OLD WHILE YOUNG, WHOSE VITALITY IS GONE, WHOSE NERVES ARE SHATTERED, WHO FIND LIFE BURDENSOME, I can cure you with electricity, as I have cured thousands of others. I can make the blood circulate in your veins, the nerves fingle with vigorous life, and the spirit of energy show itself in every move of your body. My

DR. MCLAUGHLIN'S ELECTRIC BELT Is a Model, a Modern Home Treatment.

My twenty-eight years of study are shown in this grand appliance. You wear it with comfort at night, and the Electricity infused into the body cures all Nervous, Kidney and Bladder Troubles, Varicocele. Rheumatism, Lame Back, Indigestion, Weak Stemach, and all forms of pains and weakness. It restores the life while you sleep, and must cure. MR. THOS. JOHNSTON, Box No. 223, Deseronto, Ont., says: "It is some five or six years since I got your Belt. I am well satisfied with it. It cured me, and I have not been bothered since, and have not used it since then.".

MR. HENRY FAUST, Fordwich, Ont., says: "I have worn your Electric Belt according to directions, and am pleased to say it has done all and even more than you said it would. I have recommended it and will recommend it to others." You Run No Risk in Using My Belt. I Take All Chances Any man or woman who will give me reasonable security, I will send them the Belt, with all the necessary attachments suitable for their case, and they can.

PAY WHEN CURED.

The secret of strength is plenty of electricity in the human body, up it full and every organ will do its duty; pain and weakness will My Electric Beit does this while you sleep. It pours a steady stream of soothing electricity into the nerves and organs all night long, and is taken up by them just as a sponge absorbs water. It restores strength to every part that is weak. The whole force of vitality in your body is dependent upon your anilelectricity. When you lose that in any manner my Belt will replace mal electricity. When it, and I will cure you.

FREE TO YOU. - Get my 82-page my Electric Belt, with illustrations of fully-developed men and women, showing how it is applied.

If you can't call, I'll send this book, prepaid, free, if you will enclose this coupon. Consultation free. Office hours—9 a.m. to 6 p. m. Wednesday and Saturday till 8.30 p.m.

lestroyed by last week's fire, but from the station, visitors would scarcely know that there had been a fire. The district burnt consisted only of Argentine-street, northeast from the rear of the Imperial Bank out past the bridge Toronto Stock Exchange Unlisted for about a third of a mile. This was the poorest portion of the town, being built mostly of shacks. The fire will prove beneficial rather than otherwise, as this section will no doubt be built up with more substantial buildings. The fire did not hurt any of the mines except Nipissing, and only one small shaft was lost by this property. Cobalt is busier and more active than ever. The population is now estimated at 7000, and it is certainly a busy spot. In fact the visitor in the town a year ago would hardly know it now. Business is booming and the mines generally are being actively worked, giving

employment to much larger forces of miners than ever before. "The development of the Lawson is now much in the public eye. I was out there on Monday. It was difficult to see it well as they were shooting off blasts continually. I was fortunate, however, to have a look down the main shaft. There plenty of very rich ore was being brought up. It will no doubt develop into a great producer. "Owing to the accident on the Crown Reserve, in which one man was killed, and five others were almost suffocated. I did not inspect this property again, but from what I heard it is still showing up splendidly, in fact, the whole Kerr Lake district is humming with

activity, all the properties there being actively worked. This includes as

dently been the policy of the manage-ment to take out only such ore as is

necessary to pay expenses and the present 24 per cent. dividends. This takes about 200,000 ounces a month. All the rest of the ore has been left

property extends to the centre of the Lake up to the Crown Reserve line.

PROSPECTUS.

The Gladstone Mines, Limited (no personal liability) was incorporated by Letters Patent under the Ontario Companies Act, dated the sixteenth day of February, 1809.

The names, descriptions and addresses of the original incorporators, and the number of shares subscribed for by them respectively, are as follows:

James Steller Lovell, Accountant, 3 shares.

Wm. Bain, Bookkeeper, 2 shares. Ing up splendidly, in fact, the whole Kerr Lake district is humming with activity, all the properties there being actively worked. This includes as the principal properties Lawson, Crown Reserve, Kerr Lake, Hargrave Coates and Henry Chambers, Solicitors' Clerks, 2 shares, all of the City of Teronto, in the County of Tork and Province of Ontario. One share is fixed as the qualification and Drummond.

'The plant on the Temiskaming is one of the best in the district, but the general impression is that they need to go ahead with development work to a greater extent than heretofore. They have started in to build a concentration of the Directors are as follows:—

Arthur G. Peuchen, Manufacturer, Toarthur G. Peuchen, Manufacturer, To-

have started in to build a concentra-tor. During the construction period the funds of the mine will no doubt be used to pay for the new work, and it does not look to me as if divi-dends can be resurred before January

uends can be resumed before January

1. From then on, the mine should be able to make better returns than ever.

"I had an opportunity on this trip of inspecting the Kerr Lake mine to a much greater extent than on any of my former."

The hundred thousand the state of the state between the state betw able to make better returns than ever.

"I had an opportunity on this trip of inspecting the Kerr Lake mine to a much greater extent than on any of my former trips. What I saw was amazing to me. Great quantities of rich ore are exposed everywhere all thru the mine. It surprises me that more has not been heard in Toronto of the Kerr Lake mine, as to my mind, it is the most impressive sight in the whole Cobalt camp to-day. It has evidently been the policy of the management to take out only such ore as is

by an agreement dated the 30th day of March, 1909, Herbert W. Edgar, of the City of Toronto, sold to the Company unpatented Mining Claim T.R. 635, con-

sisting of the southwest quarter of the south half of Lot No. 3, in the second concession of the Township of James in the District of Mipissing, and unpatented Mining Claim MR., 380, consisting of the southwest quarter of the south half of Lot. No. 2, in the second concession of the said Township of James, both of which unpatented Mining Claims are situated in the Montreal River Mining Division, the consideration payable therefor by the Company being 560,000 fully paid up shares of the capital stock of the Company (taken at 30 cents on the dollar), and the sum of \$30,000 to be derived from the sale by the Company of 100,000 shares of its capital stock, the Company having agreed to offer for sale 300,000 of its shares at the Drice or sum of thirty cents each, the entire capital stock of the Company having been authorized by By-law to be sold at a discount of seventy per cent., such By-law having been duly confirmed and filed with the Provincial Secretary.

Transfers of the said unpatented Mining Claims have been executed by the said H. W. Edgar and delivered to the Company and recorded by it with the Mining Recorder for the Montreal River Mining Division.

No sums are to be paid as commission for subscribing or agreeing to Bubscribe, or procuring or agreeing to Eubscribe, or procuring or agreeing to procuring underwriting of any securities issued or to be issued by the Company.

The estimated amount of preliminary expenses is \$1500.00.

No money, cash, shares, or debentures are to be given to any promoter.

By Agreement bearing date the 30th day of March, 1909. The Toronto General Trusts Corporation has agreed to receive all moneys paid by subscribers for the said and the procession of the paid and the process of the cent and process of the paid and process of the cent and process of the paid and process of the cent and process of the process of the cent and process of t

day of March, 1908, The Toronto General Trusts Corporation has agreed to receive all moneys paid by subscribers for the said 300,000 fully paid up shares of the capital stock of the Company, and to give receipts to the various persons paying the same, and to hold such moneys until the expiration of forty days from the date on which the said 300,000 fully paid up shares have all been subscribed for and certificates for the same have been de-

livered to the various purchasers of subscribers, and thereafter to deliver to Herbert W. Edgar the sum of thirty thousand dollars out of such moneys, and to deliver the balance to the order of the Company; and in the event of the said shares having been paid for by the subscribers and certificates not having been delivered to them within thirty-seven days from the date when the said 300,000 shares have all been subscribed for, them to return to each of the persons who have subscribed for any of the said shares the moneys paid by them respectively.

The Agreements referred to above may be seen at the office of Mesars. Blake, Lash & Cassels, Canadian Bank of Commerce Building, corner King and Jordan Streets, Toronto.

The unpatented Mining Claims hereinbefore referred to as having been sold to the Company were held by H. W. Edgar in trust for certain persons, including the directors, other than Sidney Jones, and the 500,000 fully paid up shares of the Capital stock of the Company hereinbefore referred to a seventh interest in the said Edgar in trust for such persons and each of the said directors is entitled to a seventh interest in the said shares and to a sixth interest in the said shares and to a sixth interest in the said sum of \$30,000 mentioned in the said sound of the Sum hereinbefore mentioned, none of the directors, other than Sidney Jones and Fred H. Ross, has received one share to qualify him as director. Except as hereinbefore mentioned, none of the directors are in any way interested in the promotion of or in the property acquired by them, or any of them, as directors, or otherwise for the services rendered by them in connection with the formation of the Company.

This Prospectus has been filed in the office of the Provincial Secretary on the Ist day of April, 1909.

DATED at the City of Toronto the twenty-first day of April, 1909.

MAKING PROGRESS First Annual Report of Hamilton Or

ganization is Gratifying. That swimming may be expected to make rapid headway in Ontario in the near future, is to some extent indicated when an organization does as good covery of an ore body 20 inches wide and running 5000 ounces to the ton was made. There are four rich veins coming into the property from Kerr Lake. There is the No. 7 vein, the Macdonald vein, and the No. 3 or Jacob's vein, the average ore of which runs with the average ore of which runs and ounces to the ton. They could easily block out half a dozen tons for each ton taken out. In the course of development they are now compelled to block out fully four tons for each ton taken out. The mine is shipping 200,000 ounces a month and is adding about four times that to its ore reserves. If the management wish ore reserves.

Policy of Development

Policy of Development

The management wish they could undoubtedly add far more than that to the reserves. This would mean that with silver at 50c an ounce, \$400,000 a month is being added to the formation that the Gow Ganda Cobalt Venture Corporation have made some

SENTIMENT NOT CONCURRENT WITH RISING PRICES World Office.

Tuesday Evening, July 6.

Toronto Stock Exchange transactions to-day were about on a parity with those of the recent past. The market evinced no definite change and except for minor fluctuations in the speculative issues might as well have been closed. Despite attempts to bull certain securities there is a decided apathy which is not concurrent with rising prices. Heaviness, except in the case of La Rose, was the one and only characteristic of to-day's dealings.

HERBERT H. BALL.

Bulls Find the Grind Hard As Prices Move Upward Slowly

Wall Street Adheres to the Bull Position With Little Satisfaction -Same Thing Applies to Toronto.

Tuesday Evening, July 6.
With the exception of La Rose the ime shows a desire to sell rather than

sactions as occurred offering neither opportunity to buyer nor seller for making profitable turns, and therefore not indicating any immediate change in the trend of prices.

The selling of such issues as General Electric to-day at 113 showed the disgust of holders of domestic securities, and thereby establishes a basis on which the whole market is built up.

There are undoubtedly a number of pool operations in the market, the

as was the case yesterday, was the good demand for investment securities, with the bank shares particularly in evidence. These securities are evidently being rolled and in the securities are evidently being rolled. These securities are evidently being rolled and in the securities are evidently being rolled and the securities are evidently as a securities are evidently as a securities are evidently as a s dently being picked up at the present time by well-informed individuals, who

Dun's Review says reports from principal industries in mercantile centres confirm evidences of improvements.

Forty-two roads for third week June show average gross increase 9.15 per ing the largest total on record for the 20 @ 251%

LONDON, July 6.—London cables for cattle are firm, at 14c to 14%c per lb. for Canadian steers, dressed weight; refrigerator beef is quoted at 11%c per pound. GLASGOW, July 6.—Edward Watson and Ritchie report 312 cattle on offer. Trade is worse and prices lower, top prices being, for steers, 13%c to 13%c per pound; secondary 13c; cows, 11%c; bulls. ties: Eries are speculatively cheap. opportunity to buy on the breaks for Bull Rock Island. Buy People's Gas.— moderate profits.

indications point to bullish manipulation of a special character, with the gossip of a discounting of a good government crop report on Wednesday. We would be very cautious in follow-purchased at present prices. *2.50 to \$6.40; calves, \$5 to \$7.50. Hogs—Receipts, estimated at 10,000; market 5c higher; light, \$7.45 to \$8.10; mix-ed, \$7.65 to \$8.30; heavy, \$7.70 to \$8.35; rough, \$7.70 to \$7.85; good to choice heavy, \$7.85 to \$8.35; pigs, \$6.40 to \$7.35; bulk of sales, \$7.90 to \$8.15. Sheep—Receipts ing up the high-priced stocks, in which distribution seems to be taking place

There is reason to hope for an increase in the Pennsylvania dividend rate during the next year. Within that time the bigger part of the terminal improvements here will have been completed and this vast capital rates as follows:
expenditure will be returning some to have been the heaviest freight train Consolidated Bonds in Demand.
The issue of Dominion Iron & Steel consolidated bonds is creating considerable interest among Canadian investors. Already a considerable amount of second mortgage bonds has been offered in exchange for the consolidateds, and, as a large part of the second mortgage issue is held in this country, it is altogethen likely that holders will take advantage of ever hauled by one locomotive in this country and probably in the world, has been moved recently over the Pennsylvania tracks. We cannot imagine how a consistent long position on Pennsylvania should be without large profits within the next year or two, unless some great disaster occurs .-

Town Topics. Nothing has occurred over the holidays to alter speculative sentiment, tho more thoro consideration of the cotton report may provoke bearishness in some quarters. Profit-taking is en-couraged by prices of some leaders, and a good reaction would not be a surprise, especially in the Harrimans and Reading, which, we believe, traders should sell for turns on strong places. LEXINGTON, Ky., July 6.—Benjamin Simcox, 70 years old, a veteran On the other hand, attempt is likely to further discount next Thursday's grain report by advances in Hill stocks, Atchison, St. Paul, Northwest, the Rock have taken part in the famous charge at Balaklava, died here to-day.

Islands and Missouri Pacific, which, especially the two last named, we believe in buying on reactions. Baltimore & Ohio should make higher levels to discount its favorable June report due next week, while Pennsylvania and New York Central are worth buying To-day's markets were purely a repetition of the recent past, such transactions as occurred offering neither of Big Four and Nickel Plate. West-inghouse General Fluctule.

There are undoubtedly a number of pool operations in the market, the principal of which are in Rio, Sao Paulo, and some of the other specialties, but the upward movement in these stocks after Mudiation has been exhausted to a certain extent is not convincing to the investor who is looking for substance rather than fiction.

The best part of to-day's market, as was the case vesterday, was the

Railroad Earnings.

sentiment, but it is doubtful whether these operations will have the influence they are expected to bring about.

On Wall Street.

Beaty & Glassco had the following at the close: There was fair absorption of standard issues all day and confidence in the santled in the close in the santled in the close. about.

Wall Street Pointers.

French minister of finance finally rejects proposition to list Steel common.

London market shows firm tone thruout the holidays, with considerable strength in Harriman stocks.

Erie's improved condition makes early bond issue probable.

of standard issues all day and confidence in the outlook is growing. It is now possible to foresee the end of the tariff debate with reasonable certainty. Much has been said about certain stocks being high, but the public does not liquidate and it is apparent that any considerable increase in prosperity will carry prices still higher on a period of unparalleled prosperity plainly gives warrant for expecting plainly gives warrant for expecting larger earnings, and with a large amount of capital awaiting investment, it is not well to assume that prices are as yet unduly high. We believe the various low priced non- 50 @ 162 any month on record with the exception of December, 1907.

dividend stocks will be placed on a dividend basis, and if so the market has still opportunities for large pro-

country's crops as a whole. Chas. Head & Co. to R. R. Bongard: Stock exchange seats now \$87,000. A strong opening this morning had been senerally expected and prices. been generally expected and prices under the lead of London opened 1-4 Joseph says: The demand for Southern Pacific stock certainly foreshadows substantially higher prices in the company to the company of the com almost immediate present. For that matter, many issues are shaping to do measurably better. This is especially true of Penna., St. Paul and N.Y.C. Don't disregard the tractions. Special-

There appear to be no unfavorable developments of a discounting character over the holidays, and present and was sufficient to take care of it.

Money Markets on buiging, altho if offerings around the upper trading levels now approximated are entirely removed higher prices may be seen.—Financial Bureau.

CHATHAM, July 6.—While investi-gating a noise in the attic, Mrs. John Hurley of Wallaceburg struck a match, igniting gas with which the room was filled. She was instantly wrapped in flames. Then she fell from a ladder by which she had ascended, spraining her ankle. Agonized by pain she rushed out upon the street, thereby fanning the flames, which were extia-guished largely by the courage of her daughter, Mamie, who threw a blank-et about her mother. Her condition is critical.

Fatal Fall. GODERICH, July 6 .- George Barry, at one time a furniture dealer in this town, lately engaged in the building usiness, fell thru a trap door in the Goderich Planing Mill Co.'s mill from one storey to the other on Friday last, sustaining such injuries that he died last evening.

The Dominion Iron and Steel Company, Limited Decline in Wheat at Chicago

Issue of £1,200,000 (\$5,840,000) 5 per cent. Consolidated Mortgage 30 Year Gold Bonds. Due September 1st, 1939.

These Bonds will bear interest at the rate of 5 per cent. per annum payable half-yearly on the 1st March and September. Principal and Interest are payable in London in sterling and also in Montreal at the fixed rate of hange of 4.863. A full half-year's interest will be paid on the Bonds on the 1st March, 1910.

The Price of Issue is 88 Per Cent payable as follows: 5 Per Cent. on Application. 20 Per Cent, on Allotment 25 Per Cent. on August 4th, 1909. 25 Per Cent. on September 2nd, 1909. 18 Per Cent. on September 25th, 1909.

Or payment in full may be made under discount at the rate of 1½ per cent. per annum on allotment or on August 4th, or September 2nd.

The Capital of the Company is \$25,000,000 divided into 50,000 Preference [Shares of \$100 each and 200,000 Ordinary Shares of \$100 each and 200,000 Ordinary Shares of \$100 each After the completion of this issue the Company's bonded indebtedness will be \$7,492,000 First Mortgage 5 per After the completion of this issue the Company's bonded indebtedness will be \$7,492,000 First Mortgage 5 per cent. Bonds and \$1,200,000 (\$5,840,000) Consolidated Mortgage Bonds. The existing \$1,500,000 of Second Mortgage Bonds will be retired out of the proceeds of this issue. The 5 per cent. Consolidated Mortgage Bonds will be the Trustee.

By a Mortgage Deed of Trust of which the National Trust Company, Limited of Ontario will be the Trustee.

Under the provisions of the Deed the Company conveys to the Trustee (subject to the Mortgage Deeds securing the First and Second Mortgage Bonds of the Company) all of the property, revenues, privileges and franchises owned in the First and Second Mortgage Bonds of the Company) all of the property, revenues, privileges and franchises owned in the First Mortgage Bonds (less the amount of the Consolidated Mortgage Bonds including those set aside to redeem the First Mortgage Bonds (less the amount of the Sinking Fund paid on account of the latter) is payable by the the First Mortgage Bonds (less the amount of the Sinking Fund paid on account of the latter) is payable by the the First Mortgage Bonds (less the amount of the Sinking Fund paid on account of the latter) is payable by the first Mortgage Bonds at a price not exceeding 105 per cent. and accrued interest at which rate the bonds are by their terms redeemable if called before maturity.

On behalf of the purchasers of the Consolidated Mortgage Bonds of the Company, and a thorough investigation of the Company's properties and plant at Sydney, at Wabana, and at Marble Mountain by Mr. F. W. Harbord, and the Com

LETTERHEAD OF PRICE, WATERHOUSE & CO., MONTREAL.

MESSES. THE DOMINION SECURITIES CORPORATION, LIMITED

GENTLEMEN,—We have examined the books of the Dominion Iron and Steel Company, Limited, for the three years ending May 31st, 1909, and find that the profits of the Company for that period, before charging interest and discount on bonds and loans, were as follows:—

In arriving at these profits the Sinking Fund instalments and other provisions for or in lieu of depreciation and exhaustion of minerals have been deducted, the total for the three years being \$1,073,510.81, which is in our opinion adequate. The profits of \$6,927,848.98 include the sum of \$1,870,314.33 derived from bounties on pig iron and stee adequate. The profits of \$6,927,848.98 include the sum of \$1,870,314.33 derived from bounties on pig iron and stee ingots which under the terms of the Act of Parliament establishing them are on a decreasing scale and terminate or ingots which under the terms of the Act of Parliament establishing them are on a decreasing scale and terminate or December 31st. 1910; and also \$1,067,322.60 from bounties on wire rods which are payable at a uniform rate until the granting Act is repealed by Parliament. Including the bounties on wire rods, but excluding the terminating bounties on pig iron and steel ingots, the profits for the three years were as follows:—

For Year Ending May 31st, 1907 \$1,722,804.48 For Year Ending May 31st, 1908 1,827,374.67
For Year Ending May 31st, 1909 1,507,795.55
Total 85,057.474.65

The costs of production have in the past shown a steady reduction, more than keeping pace with the reduction in bounties. The Current Assets of the Company on May 31st, 1909, were \$3,617,008.65, and the Liabilities other than Mortgage Bonds \$629,706.86.

CASE OF THE PROPERTY OF THE PR Exporters.

Exporters.

Export steers sold at from \$5.85 to \$6.25; helders, \$5.75 to \$6; bulls, \$4.75 to \$5.25, and cows, \$5 to \$5.25.

Butchers.

Best butchers cattle, bought for butcher purposes, \$5.50 to \$5.75; loads of \$500d, \$5.25 to \$5.50; medium, \$5 to \$5.25; common, \$4.40 to \$5; cows, \$3 to \$4.50; canhers, \$2 to \$2.50.

Representative Sales.

Live Stock Commission

Chicago Goselp.

J. P. Bickell-& Co. say at the close:
Wheat-Lower: weaker cables, favorable harvesting conditions and ideal weather for spring wheat srowth, together with a sharp decline in cash wheat premiums, caused heavy selling thruout the session, catching stop-loss orders, closing weak about bottom. Cash adjustment is now the principal factor, and sentiment of trade is exceedingly bearish and pressing advantage. Market may prove irregular temporarily, and somewhat lower, values be reached, but on all breaks such as we had to-day we advise purchases.

Beaty & Glassco had the following at the close:

The inarket showed great weakness to-day, the excellence of the general appearance of the crop within a circuit of forty or fifty miles of Chicago, as observed by those who went into the country in automobiles during the holidays, being a powerful factor in creating bearishness. With the important holdings here, the market is in a position to respond readily to any change in the tone of the news, and we are inclined to look upon the reaction as temporary, in anticipation of a bearish government report, which will likely be discounted in advance.

R. B. Lyman & Co. wired R. B. Holden:

which will likely be discounted in solvance. R. B. Lyman & Co. wired R. B. Holden: Wheat—There has been some good buying on the break by strong people; taking the situation from our point of view, we do not hesitate to advise purchases of December. wheat on all these weak spots. Corn—The excellent weather is a great bear factor. We advise profit-taking on all strong spots. Oats—Trade fairly active. Crop news very favorable. We look for lower prices.

This is for the maintenance of three young sons. Their ages range from 2 years 1000 lbs. each, at \$5.20; 1 load butchers, \$70 to 6.

BY YANKEE VISITORS

Indignant Citizen Meets With Coel Reception When He Complains to Police.

Montalieu Nesbitt, with the law firm of Beatty, Blackstock, Fasken & Chadwick, complained yesterday that he saw on July 5 a party of American visitors trailing a Union Jack thru the dust from the rear of a tally-ho in which they were riding, and that the collegence to whom he protested, paid policeman to whom he protested, paid no attention to the incident.

no attention to the incident.

Nesbitt was told by the policeman on the corner near the Metropolitan Church that if he wanted the Americans to stop the outrage, he should go and do it himself. He got no mor satisfaction at police headquarters, where a sergeant said he "supposed if any persons wanted to buy British flags they could trail them along thru the dirt or do what they liked with them."

A "Canadian" takes notice of the incident, writing as follows:

"I was not greatly surprised to read the account of the British flag being trailed in the dirt by a crowd of American motorists, for scurvy treatment

ican motorists, for scurvy treatment of the British flag has become habitual with certain classes of United States visitors. These people know that we are not jingoistic about our flag, indeed they must be of the opinion that deed they must be of the opinion that we are altogether indifferent to it. There is no country under the sunnot excepting even Germany—supposed to be an enemy—which so persistently and systematically insults the British flag, as the United States. In most parts of the States, a British flag would be torn to pieces if anyone dared to plants it in a conspicuous place, and in any event, it is tolerated only when accompanied by a larger American flag placed above the British. Now bear in mind, they make no objection to a German, French or even Chincse flag, but our flag is tabooed, and subjected to continual insult. Yet they talk of amity and friendship between the two nations! A one-sided friendship I call it.

But in spite of the disgraceful treat—

But in spite of the disgraceful treatment accorded the Union Jack in the United States, we calmly allow the United States, we calmly allow the Stars and Stripes to be flown in Canada on all occasions. No national holiday or celebration seems to be complete without the presence of a few "starry eruptions," while at summer resorts everything is simply mothered with them. And we say never a word, No wonder so many Americans think we would jump at annexation. "Now I believe in international courtesy, but I like to receive as well as give it. If Americans want to fly their flag in our country, let them respect the Union Jack when it is displayed in the States. To say the least

spect the Union Jack when it is dis-played in the States. To say the least American display howling taste and the worst possible manners. They im-pose on us because they think we will stand it. If to raise an American flag in Canada meant a mob of angry and bloodthirsty Canadians would they fly

it so often? "Now about this automobile affair. The gentleman who witnessed it, could do us a favor, by giving us the number of the policeman who failed to interefer and arrest the offender, also the name of the police sergeant who re-ceived the statement of the outrage with so little concern. We would like to know who they are, and so, doubtless would Mayor Oliver and the Chief of Police, Colonel Grasett—both loyal

"And for God's sake; let Canadians put a stop to this national disgrace of allowing the American flag to take first place in a British country." Canadian.

関DETECTIVE'S LONG MEMORY Responsible For Wood's Appearance on Charge of Theft.

warrant dating back to August 18 1908, was the reason for Henry Wood's morning. It charged Henry with theft of a coat containing letters and spectacles from J. Grecott of the Workinmen's Home. This together with De-Armstrong's fatal memory The case was adjourned till to-day.

care for her young children, was charged with insanity. She will be examined. Mrs. Ball, similarly charged, was turned over to her husband for care. \$7.50. When J. W. Curry appeared for David Cap'in, who was fined \$100 and costs for selling liquor without a li-cense at-99 Agnes-street. A "spotter" one Bernstein, swore that he had purchased a dozen of beer from Mrs. Cap-

OUTING FOR ORPHANS

Ontario Motor League Arranging Picnic at Scarboro Beach.

The secretary of the Ontario Motor League announces that the annual automobile ride for the orphan children of the city will be given on Thursday, July 15. The youngsters will be taken out for a long drive early in the morning, after which they will go to Scarboro Beach Park and spend the day seeing the sights and taking

in the various shows. The mayor and medical health officer have kindly offered to see that the route of the parade is thoroly, watered or oiled, so that there will be no dus The motorists have been called upo for the loan of their cars and are re-sponding readily. Definite arrangements will be announced shortly.
