ONE BIG UNION PROPOSAL IS DEFEATED

RADICAL LABOR GROUP AGAIN MEETS DEFEAT

Plan Is Rejected By Half Million Majority

SHOP COMMITTEES Resolution Favoring Appointment Is Passed By Margin Of Over Million

SCARBOROUGH, Eng., Sept. 9.—The radical wing of the Trades Union Congress met with another reverse today, when its proposal for a reduction in the number of unions and the formation of one big union was defeated by a half million votes.

Representatives of several of the larger unions spoke against the proposal. Ben Tillett, secretary of the political and international department of the Transport and General Workers Union, one of the strongest supporters of the proposal, twitted the delegates with being conservative minded.

The extremists later were more successful when a resolution was adopted by a majority of 1,000,000 votes calling for shop committees in all workshops, and declaring such committees "indispensable weapons in the struggle to force the capitalists to relinquish their grip on industry."

PREDICTS RETURN OF KING GOVERNMENT

Federal Public Works Minister Forecasts Gain For Liberals in Maritimes.

WINNIPEG, Sept. 9.—That the King Government will be returned with a large majority over all groups was the prediction made by Hon. J. H. King, Minister of Public Works when addressing a Liberal meeting here last night, en route to Vancouver.

Dr. King said there was reproachment going on all over the Dominion. Realigning was taking place and Liberals who left the fold some years ago were coming back.

OTTAWA, Sept. 9.—Should the present Government be returned to power, there is likely to be further readjustment of the cabinet. Two ministers, Hon. Charles Murphy and Hon. Dr. Beland, are, it is announced, retaining office only till the elections are over, and there will then be some recasting of portfolios.

BRITISH M. P.'S DECIDE NOT TO QUIT U. S. VISIT

LONDON, Sept. 9.—Members of the British group of the inter-parliamentary union, which will meet at Ottawa and Washington, made it plain yesterday that they do not see eye to eye with Col. H. P. Woodcock, Conservative M. P. for Everton, who has announced that he will not be a delegate if S. Saklatvala, Communist M. P. for Battersea North, also a delegate, intends to make the trip.

More Cabinet Changes Are Anticipated

OTTAWA, Sept. 9.—Should the present Government be returned to power, there is likely to be further readjustment of the cabinet. Two ministers, Hon. Charles Murphy and Hon. Dr. Beland, are, it is announced, retaining office only till the elections are over, and there will then be some recasting of portfolios.

FATHER INTENDS TO STAND BY SLAYER-SON

NEW YORK, Sept. 9.—What he regards as a father's duties are to be performed by Dix W. Noel, a New York lawyer, in behalf of his 20-year-old son, Harrison, who kidnapped and killed six-year-old Mary Daly of Montclair, N. J., and killed a negro chauffeur in order to get an automobile for the abduction.

Recruit or other object in the St. Lawrence River on August 7, in a judgment announced today by Captain L. A. Demers, Dominion Wreck Commissioner.

In view of the clear records of the master and the pilot, the court has not dealt with the certificates "but censures them respectively" for the omission regarding specific details while in the fog encountered on the day in question.

World News In Short Metre

MELBOURNE—Warrants have been issued for 400 Melbourne seamen for their part in the unofficial strike against the recently announced wage decrease.

PARIS—The Havas Agency correspondent telegraphing from Beirut, Syria, yesterday, states that French air forces have bombarded positions where the rebellious Druse tribesmen were preparing to place guns near the French fortress of Sueda.

PARIS—The long heralded Franco-Spanish offensive against Abd-El-Krim's Rifian tribesmen, and their allies, has begun and will soon be in full swing, it was said in official quarters today.

LONDON—Unemployment in Great Britain continues rapidly to increase. The report for August 31 shows a total of 1,384,100 persons unemployed, which is 10,862 more than the previous week, and 191,230 over last year.

LONDON—A despatch to the Daily Express from Tangier says the Tessa-man tribe, one of the richest and most important in Morocco, surrendered unconditionally to the Spaniards when they landed yesterday in Alhucemas Bay.

VANCOUVER, B. C.—Sunday football is not favored by the majority of delegates to the annual meeting of the Dominion of Canada Football Association in sessions here. An application from Quebec that Sunday soccer be permitted was refused by the association.

N. S. SCHOONER AND LIQUOR CARGO HELD

The Dawn, With 800 Cases, Seized at New London—Crew Flees.

NEW LONDON, Conn., Sept. 9.—The Canadian schooner Dawn, of Lunenburg, N. S., was seized up here today, having been sighted yesterday by a coast guard patrol boat, after grounding at South Berry Point, near the western end of Narragansett Bay, in an attempt to escape from the patrol boat. The schooner was carrying 800 cases of choice whiskey.

The crew of the schooner leaped over the side as the craft grounded and escaped in the darkness. The schooner was pulled from the beach at high tide and was leaking so badly that it was necessary to keep the pumps working to keep her afloat as she was towed to this port.

Mother of Progressive Leader Dead in West

WINNIPEG, Sept. 9.—Mrs. Isabella Forke, mother of Robert Forke, leader of the Progressive party in the House of Commons, died at Pipestone, Minn., aged 91, yesterday. Mrs. Forke came to the west 40 years ago. Two daughters and four sons survive.

MURDER CASE BEGUN IN CHARLOTTE CO.

One Witness Heard in Trial of Alfred Arsenault, Held For Slaying.

Special to The Times-Star. ST. ANDREWS, Sept. 9.—The case of the King vs. Alfred Arsenault, charged with the murder of Alpheus Henselpecker, aged resident of Bethel in May last was taken up this morning before Judge Byrne. About an hour was consumed in swearing the jury after which Mr. McNair opened the case for the crown. Only one witness, Sergeant Roix, was examined. He said he saw the prisoner on the day of the murder and found the dead body of Henselpecker about four o'clock in the afternoon.

BRITISH M. P.'S DECIDE NOT TO QUIT U. S. VISIT

LONDON, Sept. 9.—Members of the British group of the inter-parliamentary union, which will meet at Ottawa and Washington, made it plain yesterday that they do not see eye to eye with Col. H. P. Woodcock, Conservative M. P. for Everton, who has announced that he will not be a delegate if S. Saklatvala, Communist M. P. for Battersea North, also a delegate, intends to make the trip.

Point Out Party Is In No Sense a Delegation

They held a meeting yesterday under the presidency of Sir Robert Horne, and after a short discussion, it was decided to send a reply to Col. Woodcock's letter in which he announced his intention to accompany the delegation.

REGRET DECISION

The reply stated the regret of the members of the inter-parliamentary union was composed of a great many parliamentarians who held every shade of political opinion. Any member of parliament may join the union, it said, and every member of the union was entitled to be present at all conferences of the organization, unless a numerical limit was imposed by the inviting group, which the United States hosts have done.

NOT A DELEGATION

"The group in which is a delegation, as it does it bear the title of a delegation," says the letter. It was not selected and its members, therefore may hold many divergent points of view. It is obvious, therefore, that every member of the British group were to take the same course as you propose to take, Saklatvala might appear alone as a member of the British parliament to receive the hospitality of the United States along with the members of 30 other parliaments, who are to assemble in Washington. That is surely, is not the result you would desire."

SOLARIO WINNER OF ST. LEGER STAKES

Zambo Comes in Second and Warden of the Marches Was Third.

DONCASTER, Eng., Sept. 9.—Sir John Rutherford's Solario, by Gainsborough, out of Sun Worship, won the St. Leger stakes, the final classic of the British racing season here today. Solario came in three lengths ahead of Prince Aga Khan's Zambo, which Lord Londsdale's Warden of the Marches trailed by the same distance to take third place.

CREDIT MAN HAS CHEERFUL WORD

Henry Detchon, Head of Canadian Association, Comes to City.

Says That Canada is Steadily Coming Back to Good Situation.

Henry Detchon, of Winnipeg, national general manager of the Canadian Credit Men's Association, arrived in the city at noon on route to Halifax via the Bay.

The abundant crops assured in the west and the concentration of reports from all over the Dominion that Nature was proving unusually bounteous in this harvest, were great factors in re-establishing good times and giving hope and encouragement for the immediate future.

Mr. Detchon felt that the great grain industry of the west stretches would bring enough new money into the country to loosen financial ties.

Mr. Detchon will spend tonight in the city. He will cross by the steamer Empress tomorrow and will see the Annapolis Valley for the first time. He will return next week. He is a Rotarian.

LAST SAILING FOR SOUTH FOR PRESENT

Statement Made Relative to West Indies Service and Contract Matter.

The R. M. S. P. Chignecto, now in port, will be the last passenger steamer of the line sailing south on the present West Indies service unless new arrangements are made by the Canadian Government with the company. It is understood that negotiations regarding an extension of this service for another six months is pending, but as this is carried on with the head office in England, no definite word is available.

D. W. Ledingham, manager of the William Thomson Co., agents for the R. M. S. P. steamers, said this afternoon that with the departure of the Chignecto from this port on Saturday, and her subsequent sailing from Halifax on Sept. 25, this passenger service south will cease. The north-bound passenger service would be continued for a slightly longer period, as the Chaudiere, Chalmers and Chignecto will all return to Saint John before being replaced with a new steamer from the West Indies service. This would mean that the entire service will be completed with the arrival back here of the Chignecto on Nov. 2 or 3. Mr. Ledingham was unable to say whether or not the company will agree to the further extension of the present contract.

DECLARES STOCK WAS OVERINSURED

Further Evidence Taken in Probe into Fredericton Store Fire.

Special to The Times-Star.—FREDERICTON, N. B., Sept. 8.—Evidence was taken in private this morning in the investigation of the fire which occurred recently here in the grocery store of Frank C. Jewett. Fire Marshall H. H. McLellan, who is in charge of the investigation, said that the store was given that showed the stock was over insured. It is understood that there was \$4,000 insurance on stock worth only \$2,000.

The testimony of an electrical expert showed that the alarm clock found on the premises set to ring at 1 o'clock and had stopped at that hour was not responsible for the fire.

The back door was bolted on the inside the night before but was found open after the fire and a theory was advanced. It was said, the fire was set by a person who climbed through the window and escaped by way of the door as the flash of flames from the oil cut off escape from the window.

Woman's Poisoning Case Is Adjudged

Canadian Press Despatch.

HULL, Q., Sept. 8.—Mrs. Dora Paquette appeared in police court today on a coroner's warrant holding her criminally responsible for the death of William H. Martel on Thursday last by Paris green poisoning, and the case was adjourned until Sept. 15 for preliminary hearing.

The papers necessary for the charge of murder, which it was expected would be preferred against her this morning, owing to unexpected difficulties which have arisen, were not signed this morning and are being held until instructions are received from the Attorney-General of Quebec.

PERSONALS

Friends of Frank Frautey, barrister, are asking him to be a candidate for councillor in Simonds.

EXPECT MANY AT FAIR TONIGHT

Judging Continued Today—Various Departments of Exhibition.

Choir Singing Enjoyed Last Evening—Other Features Draw Comment.

Unfavorable early weather conditions kept attendance at the Exhibition yesterday down to the 4,000 mark but another big crowd was expected today with the bright sun. Soon after noon today, the crowds started flowing to the grounds and by nightfall those in charge believed another large attendance would be recorded. Judging of the various exhibits continued this morning. Tomorrow at the floral exhibit site, the details display will open.

The authorities here hope that the dairy exhibit will be in operation tomorrow. The machinery for this, similar to the complete plant that was in operation last year, and set up on the way here from Sherbrooke but has now arrived and efforts also are being made to secure a free attraction to take the place of the bicycle show which nothing has been heard since the show opened. Word is being awaited from Boston on this matter.

CHOIR SINGING

One of the pleasing features of last evening's programme at the Exhibition was the rendering of songs by a large Catholic choir under the direction of Rev. James Cloran, C. S. R., rector of St. Peter's, who is making his headquarters at the Exhibition.

WOMEN'S MEETING

This morning at the general offices of the Women's Institutes for New Brunswick met and discussed matters pertaining to the organization. There are about eight hundred members attending. Miss Elizabeth Nutter, general organizer, who spoke of plans for the year.

POPULAR SPOTS

Machinery hall in the main building is one of the popular places for practical-minded people and the ubiquitous toy. The Made in Saint John section is an attraction much appreciated by the gallery. They get special quota of enthusiasts and in that department too, followers of sporting games see a splendid array of local products.

The Historical Society's branch museum of old Saint John relics, natural products, etc. vie with a magnificent display of bird pictures in the upper gallery of the wing building. Then there are the fruit and agricultural product show, dairy product exhibition, demonstrations of candy-making, tea and coffee brewing in appetizing array.

GOOD MUSIC

The musical attractions inside the building as well as in front of the grandstand are exceptionally fine, composed of local band programmes and concerts by the famous Padettes Orchestra of Boston. The Padettes under the veteran orchestra mistress, Caroline B. Nichols, is a musical attraction known all over the continent and has played in Saint John before. Mrs. Nichols is a special purveyor of musical attractions for the Keith-Albee circuit and is well acquainted with Saint John show conditions. She chats very interestingly of her work and lady players and hopes to make more visits to this city.

To this city, the playing of these musicians has been a source of great pleasure. The local bands are presenting excellent programmes.

THE FUNNY GEESE

Skipping roundabout the whole Exhibition plant thorough-going visitors take a lot of fun out of watching the antics of the fowl in the pool of the poultry house, also the quacking old hen and her swivel heads, the pet stock in the dog show department, baby pigs, calves and lambs and their prize parents. To stop in front of the living quarters of cattle handlers and horse groomers on the outer edges of the live stock area and ask these experts about their exhibits is one of the special joys of the quizzical visitor.

GREATEST SENSATION IN EXHIBITION BLDG.

Crowds Thunderstruck by Local Firm's Unique Method of Displaying Millinery.

Visitors to the Exhibition were greatly amazed yesterday to see large crowds almost fighting for a position in front of the exhibit of The Spear Millinery Company, on the second floor of the building, near the King Cole Tea booth.

Just as soon as the demonstration commenced there was simply one big rush from all quarters of the building, and the wrestling for positions in the front row at times neared a riot. And what was to be seen was well worth the effort made to see it. In a most attractively decorated booth, the largest exclusive millinery house in the Maritime Provinces were showing their interested spectators that during Exhibition week a little of New York and Paris, so far as millinery goes, and the methods of demonstration. Before a highly appreciative crowd, live models were showing the very latest in exclusive millinery, including modes and fashions for the Fall and Winter season. Compliments have been pouring in to the manager of the company, Kenneth D. Spear, and his exhibit has been widely announced as the sensation of the Exhibition. It is the first time that such an exhibit has been made at a Saint John Exhibition, and ladies will be interested to know that the fashion showing is to take place each afternoon and evening.

The Spear Millinery store is located in Union street, number 17-19, and is simply aglow with the most beautiful creations in millinery, and should be visited by every lady in Saint John. A trip to this store will make the visit to this city well worth while.

TOBACCO TESTS IN PROVINCE SUCCEED

Expert Finds Excellent Result and Says Province Can Do Well.

That the Province of New Brunswick had a splendid opportunity to add to its wealth by the growing of tobacco, and that it could grow as good tobacco as any other part of Canada, was the opinion expressed by H. A. Freeman, expert of the Central Experimental Farm, Ottawa, yesterday, after looking over the crop being grown this year by Arthur T. Thorne.

The experiment in the growing of tobacco on several farms in New Brunswick is the result of a suggestion by F. Maclure Selenders, Commissioner of the Board of Trade, who had plants sent down from Ottawa this spring. Yesterday Mr. Freeman visited the home of Mr. Thorne, and he reports that the tobacco grown there was the equal of anything he had seen in Canada, including Essex county, and he says no reason why New Brunswick should not add this to her crops and grow it successfully. The tobacco grown by Mr. Thorne this year would weigh about 100 pounds when dried. This morning Mr. Freeman left for Fredericton to look over other experimental crops of tobacco.

NATURAL HISTORY DISPLAY GOOD ONE

Collection in Gallery at Exhibition Varied and of Much Interest.

The Natural History Society's gallery at the Saint John Exhibition this year has interesting collections of wild flowers, specimens of native birds, pictures in actual colors and fossils. The society has also included in its exhibit collections of varrillo and footgear of many nations and a complete collection of the small arms used by the British Army during the last 250 years as well as 40 pictures of old Saint John at various dates.

Dr. William MacIntosh, the curator, has arranged the exhibit, considered to be one of exceptional attractiveness. The natural history gallery has been reserved for three weeks to display an exhibit by the local office of the Dominion Archives and these cases contain some rare documents.

BIRDS AND FLOWERS

The wild flower collection of the Natural History Society consists of actual specimens of the flowers freshly gathered. The bird pictures and in the actual colors and present one birds in characteristic poses in their natural haunts. The collection of fossils has included some nicely mounted specimens and a splendid array of photographs of specimens of pre-historic animals. Among the fossils has been shown one of the museum's special treasures in the tiny bones of a woman taken in the Grimaldi grottoes of Mentone. This is a relic of the stone age and would, it is said, probably date back to 16,000 B. C.

SAINT JOHN PICTURES

The pictures of old Saint John are expected to prove of the greatest attractions of the exhibit. Placed in their proper sequence they may be said to give a picture of the city's history from the days of the first settlement through which Saint John has passed. There are 40 different pictures in the collection and many of them are rare. The collection of small arms of the British Army during the last 250 years has also been included in the exhibit and is also a relic of the stone age and would, it is said, probably date back to 16,000 B. C.

Case Dismissed In Appeal Court

Special to The Times-Star.—FREDERICTON, Sept. 8.—In the appeal court this morning the appeal was dismissed with costs in the case of Brown vs. Straight and Jenkins. The ground for dismissal was that the appellant had not given to the judge of the county court whereby record would be available to the court of appeal. Miles B. Innis appeared for the appellant and Adrian Gilbert for the respondent.

In the case of the King vs. McLatchey, ex parte Stewart certiorari on order for review made by the county court judge on the ground that the order was made without jurisdiction and was incomplete and wrong, G. T. Hebert supported cause and A. G. Leger supported the rule. Court ordered.

Free Meals On Sunless Days

NEW YORK, Sept. 9.—Yuma, Arizona, is the land of perpetual sunshine, where you get free meals every day the sun doesn't shine, according to Ray F. Hawver of that city, a recent visitor at the Hotel Astor.

The leading hotels of the town have a big sign at the depot which reads "Free Meals Every Day the Sun Doesn't Shine," and they snare good—but in the 15 years I've been there I've never known but one day when the sun didn't shine some time during the day. "We have almost no rainfall there, but we are in the Yuma Valley, which is irrigated by waters from Lagunas Dam, and we are in the only absolutely frostless belt in the United States.

Funerals

William A. Driscoll.

The funeral of William A. Driscoll, second son of Mr. and Mrs. Daniel Driscoll of 71 Queen street, was held on Wednesday afternoon from his parents' residence to the Church of the Assumption, West Saint John, for prayers. Beautiful floral offerings were presented. Interment took place in Holy Cross cemetery.

Miss Sadie L. Watson.

The funeral of Miss Sadie L. Watson was held this morning from the residence of her uncle, Maurice Cavanaugh, of Little River, to the Stella Maria church, at East Saint John, for requiem high mass by Rev. Francis P. Walker. The pallbearers were relatives and many attended the funeral. Spiritual and floral offerings were numerous. Interment took place in the new Catholic cemetery. Miss Watson's father and step-mother, from Brewer, Me.; her brother, David, from Hampden, Me.; and two cousins, Melvin and Edward, of Oldtown, Me., attended the funeral.

BIRTHDAY PRESENTATION.

Charles Robinson, recorder for Luxor Temple, of the Mystic Shrine, was host, with Mrs. Robinson, last evening at their home, Hornfield street, when members of the order, with their wives, were invited and assisted Mr. Robinson to celebrate his birthday. J. Herbert Crockett, potentate of the temple, on behalf of the company presented to Mr. Robinson a handsome umbrella as a token of personal esteem from the donors, as well as a recognition of the recipient's worth in his important office. A dainty supper was served by Mrs. Robinson, assisted by some of the ladies.

FORTUNATE ESCAPE.

A sixteen-year-old girl named Carter had a narrow escape from death this morning in Sydney street, near Union, when she stepped off the sidewalk directly in the path of an auto, moving down the hill toward Union. The driver, Fred Stewart, used his brakes and considerably checked the speed of the car, which struck the girl a glancing blow, knocking her down. She was picked up by John Armour, provincial constable, and carried to a nearby drug store where minor scratches were quickly attended to. Witnesses say the girl was fortunate to escape so lightly.

SUSPICIOUS FIRE AGAIN IN CAPITAL

Building in Which Legislation First Met in 1788 is Damaged.

FREDERICTON, N. B., Sept. 9.—The building on Queen street, in which the New Brunswick Legislature first met in 1788, and in which the sessions were held for 12 years, was gutted by fire of a suspicious nature early this morning. The portion of the building where the fire occurred is now occupied by M. W. Bailey, shoemaker, and his statement that he had not been in the collar, where the fire originated, for a week or more, aroused suspicions. The back door and the cellar door were both found open, and some rats saturated with oil were said to have been found in the cellar.

COUPLE MARRIED AFTER FIFTY YEARS

Boy and Girl Sweethearts Meet Again After Half Century Separation.

LONDON, Sept. 8.—Boy and girl sweethearts who had not met for 50 years have just been married at Grief, Scotland. The bride, Mrs. Maggie M. Brown, a Glasgow widow, and the bridegroom, W. R. Somerville, first met at Sidling in 1875. At that time Mr. Somerville was serving in the Argyle and Sutherland Highlanders. Later he went on foreign service, and after his discharge from the Army settled down in South Africa.

He decided to return to Scotland this year, and arrived at Glasgow on July 8. There Mr. Somerville renewed his friendship with Mrs. Brown, and the romance quickly developed, the wedding taking place within a month.

The prominence of the Marcus Booth near the middle of the main floor of the Exhibition rests largely on that Chesterfield Suite.

Watch Out, Madam! When beauty is at stake use Palmolive. FOR your sake and for ours, we must combat a false idea. Some people, we learn, think ordinary soaps, claiming to be "for the complexion," have an effect similar to Palmolive. That is wrong. They don't. Palmolive complexions come only from Palmolive. In the old days you were told, "Use no soap on your face." For soaps were too harsh. Then came Palmolive. It was made of cosmetic oils, of olive and palm oils famous as beautifiers since the days of Cleopatra—combined in a secret beauty blend. It was made to be used freely, to be used lavishly on the skin. Then note what happened. Women tried it, got amazing results, and told others. Palmolive became the leading toilet soap of the world. In France, the home of cosmetics, Palmolive is one of the two largest selling toilet soaps. French women have largely discarded French soaps for Palmolive. The reason is this: Palmolive is a unique creation, based on 60 years of soap study. It is a scientific soap. A soap made for ONE purpose only... to foster good complexions. It is not recommended for laundry work, nor even for fine fabrics. To make it good for those things, we should have to reduce its cosmetic qualities greatly. And good complexions are too precious to be thus endangered. So we ask you, madam, when seeking a soap for fabric cleansing, to get a good laundry soap. But we urge you, above all things, when beauty is your aim, to use Palmolive. Palmolive is not claimed the only great complexion soap. We know of two others. But they cost you 25 cents, while Palmolive sells for but 10 cents... no more than ordinary soaps. Enormous production brings you this modest cost. Wash, cleanse, launder with any soap you wish. But for your face... take care!... use Palmolive, a soap you know is safe to use. It is nature's formula to "Keep That Schoolgirl Complexion."

Note carefully the name and wrapper. Palmolive is never sold unwrapped.

THE COUNTRY'S BUSINESS.

The September circular, letter of the Royal Bank of Canada gives a more encouraging review of business conditions and outlook than has been recorded for a long time past.

These provinces, while they have contributed their full share to the tremendous total of railway expenditure in the West, have thus far received nothing like an adequate return for their investment, nothing like the return received by other provinces in the Confederation.

In the near future both Hon. Mr. King and Hon. Mr. McLaughlin will speak in this constituency and in this province. The transportation question, nationally speaking, is admittedly an issue of the highest practical importance in the campaign.

COURTENAY BAY.

The report that it is the intention to use the \$250,000 voted in the supplementary estimates at the last session to making a start on the construction of C. N. R. terminals at the head of Courtenay Bay, including ultimately piers, freight sheds, trucking room and grain elevator, is interesting, not merely as campaign news but because it raises sharply and directly, the whole question of the attitude of the political leaders on the question of all-Canadian transportation.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Canada Holds the Record

(Montreal Herald.) I think I am safe in saying that the longest speech on record was that made by the late Amor DeComos in the British Columbia House of Assembly.

A Possible Counterpart

(Boston Post.) The Ants were employing a fine winter's day in drying grain collected in the summer time. A Grasshopper, perishing with famine, passed by and earnestly begged for a little food.

IN LIGHTER VEIN.

"Tis A Shame. "I told Tom that the average woman's clothing only weighs eight ounces."

"And what did he say?" "He thought it was a shame they had to wear such heavy shoes."—Princeton Tigers.

Reckless. Old Gentleman—"I suppose that you sailors are very careful when you are at sea?"

Old Salt—"No, not at all, sir. In fact we try to be as reckless as possible."

Knocking. A very nervous man was taking a friend out for a drive in his motor car. On reaching a crowded thoroughfare the friend remarked: "My word, Jim, your engine's knocking badly!"

"Is—no, not really—that?" in reply, replied the owner shakily.

Not in Tennessee. Lady—"Why have they let all the monkeys out of their cages?"

Zoo Attendant—"A holiday, mum. This is Darwin's birthday."—Stanford Chaparral.

Sober Brother—"I've come to bail you out."

Intoxicated Brother (in jail)—"You don't—need to bail me—bail—out. I'm not jail."—Lashburn.

More Evolution. Stuttering Moss—"I just think, I—that beautiful b-b-butterfly once came from a cocoon."

She Knew Him. Mrs. A.—"Wasn't it sweet of your husband to send you a kiss by wire?"

Mrs. B.—"I'm not so sure. I have a strong suspicion that the telegraph operator was a girl."

Got A Job. "The last I heard of your daughter she was taking piano lessons. What is she doing now?"

"Oh, she's a soloist on a cash register."

Grumpy Old Guy. The cynicism of Dionnesse was shown in his famous search for an honest man. The old chap seems to have been mis-gynistic, as well, for the story is told of him that seeing some women who had been hanged on the branches of an olive tree, he remarked: "I wish all trees bore that kind of fruit."

Talent For The Law. "I'm certain, Robert," she began, "when Willie grows to be a man and his mind's bias finds expression He'll choose the medical profession."

Last night I noticed at the table He warned his little sister Mabel About the harmfulness of pie?

"His talents," hubby answered, "lie, Judging from what I heard and saw, Rather along the lines of law; Though all he told her might be true, He see his pie and Mabel's, too."

POPE REVIEWS BOY SCOUTS OF EUROPE

Thousands of Youngsters in Uniform Fill St. Peter's—Pontiff Celebrates Mass.

ROME, Sept. 9.—One of the most picturesque of the many ceremonies Rome has seen during the 1925 holy year took place on Sunday when 100,000 Catholic Boy Scouts from a dozen nations of Europe and Asia were received by the Pope.

Dressed in their bare-kneed Scout uniforms, and with banners and pennants flung, the youthful pilgrims paraded through the streets, singing their rollicking campfire songs.

In the procession were English youths, killed Scots, boys of Arabia and Palestine in shell headresses, and others from France, Spain, Portugal, Belgium, Switzerland, Malta, Denmark, Poland, Hungary, Luxemburg, Sicily, Sardinia and other parts of Italy. Accompanying them were priests in their more sombre garb.

Assembled under the nave of Saint Peter's, the boys gave to the place a spirit of bubbling youth, but they repressed into quietness as the Pontiff ascended the altar to celebrate mass. Later the youths passed in review before the Pope. Then they filed into the interior court of the Vatican, where they heard the Pope's address of welcome.

Carleton Boy Is Life Saver

NOT waiting a second to toss aside his hampering clothing but cap, boots, coat and all, young Donald R. Hart plunged into 30 feet of water and pluckily rescued Michael Keleher. Both rescued and rescuer were exactly 11 years old and there were no grownups on the scene when the accident happened and the rescue was staged. It was Saturday afternoon just about 4 o'clock that the rescue took place but only yesterday did the story leak out into general knowledge. The children had been playing on the rocks when young Keleher's foot slipped and he over-balanced and fell into the waters of the bay. It was nearly high tide at the time. Keleher had already gone under and was coming up again when Donald Hart dived and caught him. Showing great skill at life saving as well as courage in attempting a rescue the boy brought his injured comrade safely to the shore. Donald Hart is the son of Mr. and Mrs. Gilbert Hart, of 24 City Line in West Saint John and Michael Keleher is the son of Mr. and Mrs. Keleher, 15 Lowell street, West Saint John. Mr. and Mrs. Keleher can hardly express their appreciation of the bravery of young Hart and his coolness in danger.

BRIDE HONORED.

A party of friends of Mrs. Frank Steele, a recent bride, who before her marriage was Miss Edna Pierce, tendered her a kitchen shower at the home of Mrs. Andrew Gibson, 28 Rook street, last evening. When Mrs. Steele entered the room she was showered with confetti and the wedding march was played by John Quinnlan. Mrs. Steele was the recipient of many useful gifts which were wheeled into the room on a little cart by Master Donald Gibson and were presented by Mrs. Andrew Gibson. Music and games made the evening very enjoyable and refreshments were served. Mrs. Gibson was assisted in serving by Miss Getrude Steele and Mrs. John McColgan.

SANK AT FALLS.

Charles Kennedy, 94 Sheriff street, was in difficulty last evening about 7:30 o'clock when his motorboat upset and sank in the Reversing Falls while towing a scow up the river. Another boat, which was aiding Kennedy in the work, picked him up and brought him ashore. Kennedy was forced to spend the night on Goat Island recently when his craft was caught in a rocky projection. The Margherita cabin is at an altitude of 14,000 feet, and the wireless apparatus now being installed will permit a guide to call assistance at any hour. This is the first time that wireless posts at high altitudes with aid-stations, and it is expected that many lives will be saved by the innovation.

New Department Opens

"Want Ads." Taken Over 'Phone by Telegraph-Journal and Times-Star. A new department that will prove a boon to residents of the city living away from the central section, has been inaugurated by The Telegraph-Journal and Evening Times-Star. Formerly it was necessary for all Want Ads. to be handed over the counter of the business office before 10 o'clock, in order to guarantee insertion on that day. This meant that readers living some distance away could not always reach the office in time. In order to offer a better service to users of the classified page, it has been decided by the management to take classified advertisements over the telephone, and a special operator and instrument has been installed for this purpose. Now it is only necessary to 'phone Main 2417, give the ad. to The Telegraph-Times operator and call in and pay for same within twenty-four hours.

GIRL IS SHOCKED BY RADIO AERIAL

New Wireless Danger is Reported by London Physician—Novel Case. LONDON, Sept. 9.—A wireless casualty of a hitherto unheard-of character has been reported by Dr. W. Edwards, of Norbury, near London. He was called to attend a young woman who was said to have been struck by lightning. He found her suffering from shock, and an examination disclosed a bruise six inches in diameter over the right hip with a central area of scorching. Dr. Edwards, describing the episode in the "British Medical Journal," says that "at the time of the accident she had been standing close to the lead-in of the wireless aerial. This had completely fused, and it seemed to be the woman who was said to have been struck by lightning. She described it as seeming as though the whole of her right side had caught fire."

Autumn Millinery Opening Thursday, September 10 And Days Following. What new can there be? Just come to our Fall Opening and you will see that there is much that is new. It will be a brilliant event with colors that delight and shapes and fabrics that take on new guises. Here you'll find the small, close-fitting hat with every woman likes for street wear; the slightly larger hat with brim rolling off the face that is very new this fall; and finally the large, rather dressy hat so stunning for afternoon wear. The deft way in which designers have handled the new fabrics, creating new and interesting shapes, is what particularly recommends them for style. As for colors, you may choose generously from among the glorious new shades of red, purple, brown, and green. Of course, blacks too share a popular demand and such outstanding shades as peppermint, Black Prince, Pencil Blue and Wine shades are strongly in evidence. Fashion's latest achievements are revealed in our Fall Opening. You are cordially invited to view these newest modes—the style conceptions of foremost milliners at home and abroad. (Millinery salon, 2nd floor.)

Fashion Exposition Now Going on In Costume Department

The smartest coats for winter are gorgeous with their abundance of fur trimming. An exceptionally smart model has a wide band of fur going around the neck and bordering down the centre front forming a sort of question mark turned about. Wide fur cuffs ornament other models and unique arrangements to bring about the popular fared effect are seen on some of the most popular coats. Tailored frocks, carefully cut and well designed are most effective with long sleeves, pleated effects, flares and sometimes high neck lines. Suits depart some from the softer lines of other fall garments and are seen in semi-tailored styles with long coats almost reaching the hem of trim, tailored skirts. Come in tomorrow and view these new fashions at your leisure. (Costume Dept., 2nd floor.)

Special Fall Showing of New Flannelettes

Adventures of the Twins

PLACE WHERE CUCKOO CLOCKS ARE MADE

"Sit down," said the friendly cuckoo on the cuckoo clock, when he had finished calling the hour. "Yes, do sit down," begged the little men of the mountain who, like the cuckoo, were carved out of wood and bit on the clock for ornaments. The three of them had suddenly come to life in the dim old living room, where the Twins and the clock fairy had come to visit—or to put the Swiss clock in order, I should say. They were not really visiting at all. Upstairs deaf old Mister Kubler slept soundly on, not even dreaming of what was going on beneath him. "Will you tell us a story if we stay?" asked Nancy. "We can't stop very long as we have a lot of work to do tonight. Nick and I are helping Tink Toek to put all the old clocks in order before morning."

N. B. SINGERS AWAY

Miss Malenfant of Moncton to Naples; Miss Terris of City to New York.

Miss Anna Malenfant, of Moncton, Acadian contralto, whose voice has delighted Saint John audiences on several occasions and who is widely known in the city passed through Saint John yesterday accompanied by Miss Laura Gaudet, formerly resident of Moncton who is the accompanist of a broadcasting station in Hartford, Conn. The two talented musicians had been giving recitals in Moncton for broadcasting. Miss Gaudet was returning to Hartford and Miss Malenfant was on her way to Naples where she will study vocal music during the coming two years under eminent teachers. It is her ambition to sing in La Scala in Milan and receive the approbation of that most critical of audiences. Dur-

ing her two years in Naples Miss Malenfant will reside with relatives. The gifted artistes yesterday were entertained at the home of Mr. and Mrs. Walter H. Golding in Sydney street and before she left a nosegay bouquet was presented to Miss Malenfant as the bon-voyage gift of the Imperial Theatre management for whose audiences she has sung so delightfully.

GOES TO NEW YORK.

Miss Vera Terris leaves today for New York to enter upon a new season of concert engagements in that city and Saint John friends are wishing her all success. As a sweet singer she has won many laurels. Her mother, Mrs. J. J. Terris, is accompanying her today and will visit in New York for a short time.

Mersereau Urges Mixed Farming to Get Best Out of Resources.

WOODSTOCK, Sept. 8—Officially opened at 8 o'clock this evening, the Woodstock Exhibition got off to a good start. The formal opening ceremonies were presided over by Col. D. B. Dibble, president of the Woodstock Exhibition Association. His Worship Mayor Belyea and Warden Wilnot Anderson made brief remarks extolling the success attained by the townsmen of Woodstock and the farmers of the municipality of Carleton in conducting annually the Woodstock Exhibition, which, they said, was a credit to the county, the province and the Dominion.

URGES KEEPING LIVESTOCK.

Hon. D. W. Mersereau, Minister of Agriculture, in his brief address preceding his formal opening of the exhibition, declared there was need of the keeping more livestock on the farm. The speaker contended that only

through a more general system of farming could the rich agricultural section of Carleton hope to attain the development and prosperity which its resources warranted. A heavy downpour of rain early today temporarily dampened the hopes of

the management of getting the customary large attendance for the opening day, but in the middle of the forenoon the weather brightened and the turnstiles clicked in merry fashion, five thousand people passing through the gates.

Miss Kathleen McKean, of Tufts Cove, Halifax, was hostess last Friday afternoon for Miss Alice Tilley, eldest daughter of Mr. and Mrs. L. F. D. Tilley, who is visiting Miss McKean. Mrs. Claude Colwell was hostess the same afternoon for Miss Dorette Desbarres, of Sackville, who is her guest.

JUDGMENT LATER IN POWER CO. CASE

Question of Utilities Board Jurisdiction Over Power Commission Debated.

FREDERICTON, Sept. 8—Hon. Dr. J. B. M. Baxter, K. C., associated with M. L. Hayward, K. C., was heard today in the C. W. Lewis case which has run the gauntlet of the courts and is now before the Supreme Court. F. R. Taylor, K. C., argued the case for the Electric Light district of Perth and Andover. He N. B. Power Company case was also discussed. Court considers in both cases.

COUNSEL ARGUE.

In the case of the King vs. the Public Utilities Commissioners, ex parte the N. B. Power Company, the Public Utilities Commission made an order assessing the various public utilities, but not the Power Commission of the City of Saint John as a public utility,

Fables On Health

COMFORTABLE CLOTHES THEY may not be stylish, but they're comfortable. Mr. Mann, of Anytown, frequently would say in connection with his shoes or his collar or his clothing. The matter of being comfortably dressed plays a great part in the human state of mind. It may be that certain styles are essential if certain social successes are to be enjoyed, but creature comforts are best for the nerves and feeling of well being.

It is doubtful if man was ever intended to make a luteal of clothesline out of his body, and uncomfortable clothes are uncomfortable because they are bothering some organ or body member. Thus tight waists, corsets and belts may be cramping the abdominal tract, pressing gas around the heart, interfering with circulation or doing a dozen and one other things.

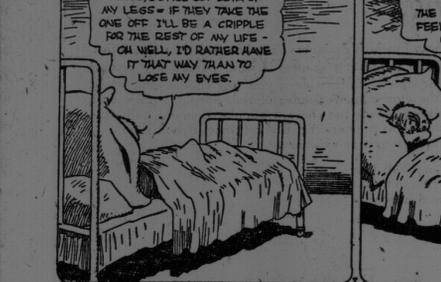

Miss Nell Veysey, of Apohaqui, and Mrs. Heber Wiles, of College Bridge, are guests of their sister, Mrs. C. H. Keth, at her rooms here. Mrs. Wiles is accompanied by her son, Master Earle Wiles.

and the N. B. Power Company took out a rule to quash the assessment on the ground that the Power Commission was under the jurisdiction of the board, and should have been so considered in the fixing of the Public Utility Board assessment. Baxter showed the cause and argued that the Power Commission of the City of Saint John was not a corporation within the meaning of the law. F. R. Taylor, K. C., contended that the word "corporation," as used in the law, was broad enough to include every corporation except of cities and incorporated towns. Court considers.

KILLED BY TRAIN AT LEVEL CROSSING

Yarmouth Man Meets Death Trying to Escape—Two Others Unhurt.

WINDSOR, Sept. 8.—John McCann, about 48, manager and owner of the Sterling Beverage Company, Yarmouth, met death in an automobile accident on a railway crossing near Newport station today. With three companions, Joseph Cribbs, Verette Jacknard and Albany Porter, he motored here from Yarmouth Sunday, remaining over night and leaving for Halifax Monday morning. They left Halifax on their return trip this morning about 8 o'clock in a touring car owned and driven by Cribbs. The railway crosses the main Halifax-Windsor road near Newport station, and it was when nearing this crossing that the party first saw the engine of the approaching train of five loaded cars, but too late to bring the automobile to a stop.

TRIED TO GET OUT.

McCann, who was seated beside the driver, pealing the danger, got as far as the running board when the crash came, swerving the car around and throwing him beneath the wheels of the engine. His left leg was severed above the knee. Porter jumped and Jacknard and Cribbs, who remained in the car, had a miraculous escape as the car was badly damaged.

EVIDENCE REVEALS INCENDIARY'S WORK

Matress Saturated With Inflammable Liquid Found in Capital Store.

FREDERICTON, Sept. 8.—That some incendiary acquainted with the building and the contents set the fire in the F. C. Jewett store on August 30 was indicated by the evidence brought out in the investigation conducted here today by Provincial Fire Marshal H. H. McLellan. In evidence it was also shown that a crib mattress of excelsior which the previous night was in an attic of the store was found at 8:30 a.m. by Fire Chief Smith in a closet in the store partially burned and saturated with paraffine or gasoline. There were 15 witnesses heard in the investigation,

The fascination of good Teeth

Beautiful teeth—as fair and lovely as the smile that reveals them—are truly fascinating. Their whiteness heightens the charm of ruby lips, and reflects the glowing health of their owner.

But the beauty of teeth is only enamel-deep. A gritty cleanser is dangerous to their lustre. Colgate's Dental Cream contains no harmful grit. It is designed like a good toilet soap—with respect for the surface it must cleanse.

Keep your fascination. Use Colgate's twice a day, and consult the Dentist twice a year.

about half of them being employees of the store.

Mr. McLellan said this evening that there was no doubt that the fire was of incendiary origin. The fire was set in two places by some one inside the building. A door that had been bolted, it was discovered, had been unbolted from the inside, the evidence revealed.

Several bon-fires in Fredericton recently are believed to have been set by a firebug but the fire marshal states emphatically that this fire was not set by a firebug but with malicious intent. There was another fire in the Jewett store on May 23.

ANOTHER OUTBREAK.
 FREDERICTON, Sept. 8.—Fire thought to be of incendiary origin, broke out in the Clayton building, Queen street, at midnight tonight but was extinguished within an hour. The building was occupied by a small gift shop and a shoe repairer. Oily rags are said to have been found in the cellar. Fire Marshal Hugh McLellan, who is holding court here to inquire into the Jewett fire, intimated tonight that he would investigate the Clayton blaze thoroughly.

Their Future

If your boy or girl could speak now with the wisdom of later years, they would ask above all else for education—for knowledge of a business or profession which would give them a fair chance in the keen competition for success.

You want your child to be equipped as others are; and perhaps you are working to that end.

Why Not Make Your Plans Secure?

Why not provide, as many parents are now doing, that "no matter what happens," your boy or girl will have a fair start in life? Let us tell you how this is done through the new Canada Life

Educational Policy

This contract brings into existence a life insurance fund for educational expenses, to be held in trust at interest. This fund cannot be used or converted, except by you, but when your boy or girl is, say, eighteen years of age, it can be paid in any number of separate amounts required, six months apart, or in monthly cheques, to cover the vital years of training.

You have probably thought this matter over many times. Here is a chance to do something—tangible, immediate—yet quite easy. We will send a proposal giving more complete information. A request will place you under no obligation.

**SAINT JOHN MAN
 LOSES LUMBER**

**Luther B. Smith Suffers
 \$15,000 Loss at Dum-
 barton, York Co.**

**Train for This City Barred by
 Blazing Pile; Passengers
 Transferred.**

MEADAM JUNCTION, N. B., Sept. 8.—Half a million feet of lumber piled along the railway tracks near Dumbarton, owned by Luther B. Smith, of Saint John, was destroyed by fire Monday and the loss is estimated at between \$15,000 and \$20,000. It is not known how much insurance is carried. The lumber that was burned was about half of the pile.

At the time the fire was at its height the evening train from St. Andrews to Saint John was due to pass Dumbarton but the heat of the flames was so great that the train had to be stopped some distance from the fire and another train was sent out from West Junction to bring in the passengers, who walked around the burning area to the relief train.

The train schedule was not disorganized and the substitute train arrived in Saint John on time. Mr. Smith came through from Saint John today to see the scene of the fire and estimate the loss. All of the available railway employees as well as the residents of the district turned out to fight the fire and it was under control before dark.

BATHURST PLAYS
 Mr. and Mrs. Harold Beverley Robb, of Montreal, who have been guests of Mr. E. M. Sills at "Field," St. Andrews, have returned to their home.

No one was in the building at the time and the fire gained considerable headway before being noticed. Mrs. Fournier had been about the house and shop as usual in the early part of the afternoon, but things being quiet she turned the key in the shop door and went into the garden at the rear of the house. By the time the fire had gained enough headway to be observed from outside it was impossible to reach any of the contents.

An alarm was sounded from box 223 at about three o'clock and the fire department responded at once, but a high wind was blowing and by the time the water was turned on the building and contents were practically a total loss. There is \$1000 insurance on the building and a like amount on the contents. The loss is conservatively placed at \$4000.

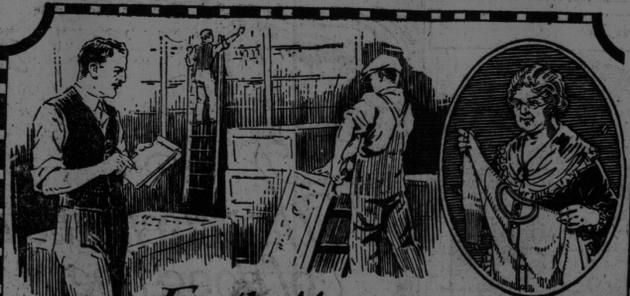

VISITS OLD HOME

E. A. Tapley is Here From Toronto—Daughter Accompanied Him.

E. A. Tapley, of Toronto, and formerly of Saint John, accompanied by his daughter, Miss Florence L. Tapley, is visiting his son, A. G. Tapley, of 212 Pitt street. Mr. Tapley is a son of the late John Tapley, of the firm of Tapley Bros., who for many years were prominent in the towage and lumber business on the Saint John River.

Mr. Tapley was formerly in business in Indianapolis, he and the late George Gorham establishing a partnership in 1870. He remained in business until 1888, when he became connected with the Gibson interests at Mayville, with which he remained associated for 30 years prior to removing to the west.

Mr. Tapley has not visited the city for 12 years and notices many changes and improvements. Accompanied by Miss Tapley he will visit Fredericton and Miramichi before returning to Toronto.

The Spirit of Chinese Design

BEHIND the great wall of China art flourished for two thousand years while Europe struggled with barbarism and America remained undreamed. The Chinese were weavers of rugs and textiles when we used rushes on our floors, and the skins of wild animals as sole covering for our backs.

The world of late has been strangely moved by the spirit of Chinese design. Artists and designers of Europe and America are translating the Chinese motifs, and the decorative freedom of Chinese line and pattern and color scheme into the very finest of our modern carpets, draperies and hangings.

Some of the most exquisite rugs of the Barrymore range show this spirit of Chinese design. It is the newest thing in the world of fashion today—new, yet based on the so very old. Our designers

have caught the quaint charm of Chinese design and in adapting it to Canadian tastes and requirements have achieved originality and individuality of their own, with a personality distinctly Barrymore.

Barrymore Guaranteed Rugs are woven on up-to-date looms in a clean, bright, sunny Canadian factory, where scrupulous, sanitary conditions are insisted upon. You may have the art of the Eastern rug designer, with the safety and efficiency of modern Canadian manufacture.

Barrymore Rugs are quite fresh and different to what people have been using in their homes for so long, yet they harmonize exactly with the new ideas of house furnishing and decoration. The label on the rug is your assurance that it is a Barrymore Rug, guaranteed against imperfection of material, weave or dye. Look for it on the back of the rug. Barrymore Guaranteed Rugs are on sale everywhere in Canada.

ADJUSTMENT ON U. S. ROADS LOOKED FOR

Rehearing in Case Unlikely, Declares Former Grain Inquiry Counsel

MONTREAL, Sept. 8.—Discussing the decision of Chairman McKee and Commissioner Oliver regarding grain rates to the Pacific, President F. A. RETAIL BUYING SEEN IN U. S.

Retail store proprietors in such border places as Windsor, Niagara Falls and Brockville are persuaded that there is less buying in the neighboring United States cities by Canadians and less smuggling by those people into Canada.

AMHERSTBURG, ONT. FRONTIER CUSTOMS PORT OF ENTRY IN ONTARIO, SHOWED COLLECTIONS IN MAY THIS YEAR OF \$2,251,544, IN JUNE, \$1,630,101, IN JULY, \$2,049,481, AND IN AUGUST, \$2,300,000.

Brooklyn's collections in June were \$1,156,500 and in August \$1,200,000. Niagara Falls showed collections in June of \$7,878, in July \$90,582 and in August \$109,283.

AMHERSTBURG, ONT. FRONTIER CUSTOMS PORT OF ENTRY IN ONTARIO, SHOWED COLLECTIONS IN MAY THIS YEAR OF \$2,251,544, IN JUNE, \$1,630,101, IN JULY, \$2,049,481, AND IN AUGUST, \$2,300,000.

Windsor had \$671,866 in July and \$688,525 in August.

GAINS AT ST. STEPHEN

From frontier ports in other parts of Canada even more remarkable gains are shown. In July collections at St. Stephen, N. B., were \$6,798 and in August \$19,997, or nearly doubled.

Holstein, on the eastern border, had \$10,009 in July and \$29,266 in August. Sherbrooke in July had \$45,603 and in August \$54,838.

Some of the western "ports" also showed important gains, especially in British Columbia.

While more than one factor enters into the variation in the amount of customs imports into the country from month to month a study of figures from some of the more important frontier ports of entry shows that fewer people are dodging the customs collector.

MORE GOODS SOLD HERE

Another piece of evidence in favor of the contention that the preventive work is being done is furnished by a statement, from business men who find they are selling more goods now than previously, and these men are in parts of the country where they can observe the effect of smuggling or its absence. Representatives of some silk mills in Montreal state that they are now getting orders for their goods from Canadians. This is regarded as significant, as silk is a commodity that has figured prominently in the list of smuggled goods.

REHEARING UNLIKELY

EDMONTON, Sept. 8.—No rehearing of any order made by the Board of Railway Commissioners is at all likely, nor in any opinion, at all possible, said Sydney E. Wolensky, Sept. 8, in reference to a new statement from Ottawa, that there was a possibility of a rehearing of the Westward grain rates case, which was described as a disingenuous judgment of Commissioner Boyce and Lawrence following the order made by Chief Commissioner McKee and Commissioner Frank Oliver, for a cut in the rates on West-bound grain, equivalent to those on grain going East.

This order was made by the board that sat on the case and heard the evidence, added Mr. Wolensky, and the only judgment that can be given on the application is that of the chief commissioner, who makes the order for an equalization of rates on West-bound grain.

Mr. Wolensky also considers it erroneous to visit the memorandum handed down by Commissioner Boyce and Lawrence should be looked upon as disingenuous judgments in the case, since the question is, he maintains, that they could not be judgments since they were given after the order was made.

Mr. Wolensky is senior counsel to the Grain Inquiry Commission of 1923.

CHOICE OF ONTARIO APPOINTEE HELD UP

Strong Move Made for Selection of Dr. J. P. Malloy in West

OTTAWA, Sept. 8.—Up to last week 84 public bodies or private individuals had submitted 115 different designs for a Canadian national flag for use ashore and there have been 19 public bodies or private individuals who have expressed to the special committee named to receive and consider these suggested designs their opposition to the adoption of a distinctive flag for Canada.

OTTAWA, Sept. 8.—The Citizen this afternoon says: "Three senatorial vacancies yet remaining after the batch announced on Saturday will be filled very shortly."

"A strong move is being made by his friends to have Dr. John P. Malloy, former M. P. for Provencher, appointed to the Manitoba vacancy created by the death of Senator Bradbury."

"Delay in the appointment of the remaining senatorship in Ontario is understood to be due to difference of opinion whether it should go to Dr. Rankine or W. H. German, both members in the former parliament."

"The Ontario ministers, it is said, are not unanimous as to this selection. The New Brunswick vacancy is left open. Hon. Walter Foster appears to it more than to the cabinet."

"When these appointments are made the party standing in the senate will be: Conservatives 43, Liberals 43, Progressives 1."

Montreal Man Planning To Give Exhibition Of Whippet Racing Here

Along The Sport Trail

By JOHN J. DUNLOP.

Technique—or as friend Webster defines it "artistic execution" is a mighty valuable asset in the sporting world.

Who does not like to see a graceful athlete in action? Or a neat piece of team play, faultlessly performed?

Boxing fans have time and again gone home talking in bunches about the wonderful speed and footwork of some fighter only to go back sometime later and see some crude youth polish him off with a kno in a few seconds.

It is true all the way through sport. Ability to deliver the goods is what counts most.

Over in Halifax on Saturday "Boss" Malcolm, Rubin, and Thomas delivered the goods, Malcolm especially.

Now, these boys had no special technique regarding their events. Possibly, Rubin, has benefited through coaching at McGill but he has only been there a short time.

Yet, the significant fact at this meet as far as this city is concerned is that the SAINT JOHN BOYS SCORED A SCANT THREE POINTS LESS THAN THE CONTINGENT FROM MONTREAL.

Ponder well that fact. Montreal has a population of 800,000 and more. Saint John about 740,000 less.

The Montreal Amateur Athletic Association club-house and track is rated as the finest in Canada. Competent coaches have charge of the squads. There were practically the same number in both Saint John and Montreal squads. Montrealers must have had every advantage in technique.

Yet, mainly through Malcolm's magnificent work in scoring 20 of the 43 points chalked up by Saint John, we were able to equal practically the effort of the largest city in Canada. Maybe, the technique was lacking on our part yet the natural ability was there to overcome that.

It is the biggest and best sign of a revival of track athletics here in 30 years.

In all that period, we have never done any better at a Canadian track and field meet.

Through the holding of schoolboy meets here annually every year, High School meets and sectional contests, a bright future in this line of sport seems assured.

Is it not reasonable to infer that we have an abundance of championship material in this city?

It should be a matter of considerable pride to every citizen of Saint John to see how well their own boys shape up with the best in Canada.

MONCTON TEAM TO PLAY WATER DEPT. IN FIRST OF SEMI-FINALS TONIGHT

The Moncton A. A. A. ball squad is due here today to meet the Watermen, winners of the City League, on the East End grounds this evening at 6:30 o'clock in the first of the semi-finals for the New Brunswick title.

Lloyd Sterling or Gorman will be on the mound for the locals. The visitors are rated as much better than the Cardinals and a good game should result.

The second game is tentatively set for Friday night, although it is known that Moncton would like to have this game changed to Saturday in an effort to develop more interest in amateur baseball in the railway centre. If the series is settled Friday night, however, Bathurst will be here on Saturday for the first game of the finals.

Springhill and Westville should finish up today and it is probably the winner will be ordered to play off with Charlottetown. Yesterday's game at Westville was a great one, going to a seventh.

JOE FITZGERALD IS HONORED BY HIS ASSOCIATES

Veteran St. John The Baptist Received Reading Lamp

IN the heat of a championship race, particularly in amateur circles, when every play and every game means the title, it is a wise and careful manager who can retain the morale and esprit d' corps of his team. There probably was not a better example of this than afforded this year by the St. John the Baptist team in the City League race.

To show their appreciation of "Joe's" efforts, the committee in charge of the ball team called at Mr. Fitzgerald's home last evening in Fairville and presented him a handsome reading lamp.

It was one of the biggest surprises in the veteran manager's life and it was with difficulty that he voiced his thanks. The presentation was made by "Steve" Daley.

HIS CAREER

Joe Fitzgerald's first good team was the St. Rose's, of Fairville. Soon after the close of the war there was a group of players, including "Jack" Dalton, "Juckie" O'Toole, McKinnon, Freddie Fitzgerald, his own boy, "Bunker" Murphy, Conlon, Frank Campbell and a few others playing off and on around the lots in Fairville. Joe took them and organized them and they entered a west side intermediate league. During the next few years they figured prominently in baseball here, winning a title here and there and finally entering the senior ranks. In their first year and under Mr. Fitzgerald's guidance, they brought the first provincial baseball title to this city for many years. It may be said that the present tremendous interest in the provincial series from that time two years ago when Chatham played the St. Rose's here for the title. The Saints took four straight games in that series and the Chesley cup, emblematic of the championship.

Last year his team played in the city play-off with the Portlands, losing out by one game. This year St. Rose's disbanded, but the St. John the Baptist committee took advantage of Fitzgerald's experience with boys and he was placed in charge of the team. After a bad start, the team finally got away and played a grand ball right to the last. As a member of the executive of the league, Mr. Fitzgerald also was an asset and it is the wish of many fans that he should like his sportsmanlike tactics, that he will be in the game many years to come.

HIT BY BATTED BALL JERSEY FAN KILLED

John Dowd, of Elizabeth, is Felled by Batter's Drive to Left Field.

ELIZABETH, N. J., Sept. 9.—John Dowd, 38 years old, was killed while watching a baseball game here, when a foul ball struck him behind the right ear.

It was during a game between the local K. of C. team, the Casey's, and the Philadelphia Colonials, at Columbus Oval. Dowd was sitting in the upper left field bleachers. Percy Scott, of New York, a member of the negro team, was at bat. The distance between them was about 80 yards. Scott, a left-hander, hit a long foul ball into the bleachers and Dowd was knocked unconscious.

He was rushed to St. Elizabeth's Hospital, but physicians said he was dead. When this word was brought to the Oval, play was stopped.

Scott was arrested on a technical charge of manslaughter.

FAMED CAT ARTIST REPORTED IN WANT

Louis Wain Suffers Breakdown and is Patient in Mental Hospital.

LONDON, Sept. 9.—Surprise was caused a few days ago when it was learned that Louis Wain, the famous cat artist whose comical drawings have amused and delighted children and grown-ups all over the world, is an inmate of Hanwell Mental Hospital.

His breakdown was due to his lack of business acumen. He sold the copyright of his pictures, and the war paid out to his sales. He gradually became penniless. Some of his old friends and lovers of his work are trying to raise money for him.

"He has not asked for help, and I think he would be annoyed if he knew that an attempt was being made to raise money for him," said one of his friends.

Mr. Wain, who is 65 years old, was 28 when he first drew a cat. Since then it is estimated that he has drawn nearly 200,000. Cats have always appealed to him; he has belonged to nearly all the societies and institutions for their protection, and was president of the National Cat Club from 1881 to 1886.

Honor Baseball's Greatest Player

Tyus Raymond Cobb, baseball's greatest player, was the honor guest at a celebration held in Detroit recently commemorating the George's twentieth anniversary in the major leagues. The Peach is here shown giving the hand-shaking stunt, an almost endless throng of admirers standing in line to congratulate the star. It was a big day all round.

ROSS CUP RACE IS PROTESTED

Claim Based on Fact That Giggey is Over Twenty-first Birthday.

Although Harry Giggey, Millidgeville, finished first in the race arranged at Millidgeville last night for the Ross Cup, his win has been protested on the ground that he is over his 21st birthday. The deed of gift says the competitors must be 21 years and under. The protest goes to the trustees, composed of the Mayor, Judge J. A. Barry and a third to be appointed by them.

RACE DELAYED

The race was scheduled to start at 7 o'clock, but owing to a high wind and rough water it was delayed until 8:20 o'clock when the water became calmer but was still lumpy.

Five young scullers rowed to the starting line, Harry Giggey, Willie Logan, Ronald Ingraham, Greenville McCarver and J. McEllan. The course was a mile and a half with a turn and when the race was started the rowers had not traveled more than a quarter of a mile when the few spectators were unable to distinguish them owing to the rapidly approaching darkness.

A GOOD START

When Starter Fred Coombs fired the gun, the five scullers got away to a good start, with Ronald Ingraham rowing a stroke of about 38 to the minute.

McCarver and McEllan held their position for a short time, when Giggey went in front. McEllan, who is a game youngster and who rowed in the last year's race, was dropped and soon dropped in the rear and with Giggey leading all the way, there was a great battle between Willie Logan in second place, followed by McCarver and Ingraham. The latter three were very close together and made the turn with hardly a length difference in their positions. The race was a hard struggle through choppy water to the finish. Giggey maintained his lead with Logan about 100 yards behind him and McCarver and Ingraham. MORE VOTES ON UNION TO COME

Presbytery of Non-Concurring Church Concludes Its Meeting Here.

Twenty Groups Functioning in Province as Congregations—Some Appointments

In New Brunswick 28 Presbyterian churches voted of Union and 20 non-concurring groups from churches which voted to remain in the United Church are now functioning as congregations. It was reported at the quarterly meeting of the Saint John Presbytery of the Presbyterian Church in Canada, held yesterday in Knox church rooms, with Rev. W. M. Townsend, moderator, presiding. The report of the state of the church was presented by Rev. F. G. Mackintosh, home mission superintendent for the Maritime Provinces, who has been visiting the various fields throughout New Brunswick.

Mr. Mackintosh's report showed the following congregations had voted out of union: Sackville, Dorchester, Bouchette, Mill Creek, Shediac, Bass River, West Branch, Harcourt, Blissville, Clairville, Millerton, Derby, Oak Point, Dalhousie, Hampton, Barnesville, Knox and St. Matthew, in Saint John; St. Columba, Fairville; St. George, Boabace, Penfield, St. Andrews, Acton, Hanwell, Stanley, Kirkland and Fort Kent.

HOME MISSIONS

The home mission superintendent reported also that Woodstock congrega-

tion had not yet voted, but was reported to be strongly against union. At Port Elgin an agreement was arrived at that no vote should be taken but that a deed of the church there should be given to the non-concurrents. In Andover also the vote had not yet been taken, and a vote was shortly to be taken in Glasville. At Harvey Station a second vote was to be taken, and he believed that at Blackville also a second vote would be asked for.

MINORITY GROUPS.

In speaking of the minority groups which have organized as congregations and are functioning, he said these were found in Matapedia, Tide Head, Flatlands, Campbellton, New Mills, Jacquet River, Bathurst, Chatham, Newcastle, Taboulineac, Red Bank, Whitneyville, Moncton, Sussex, Saint John, St. Stephen, Fredericton, Salt Springs and Scotch Settlement. Mr. Mackintosh said also that in almost every congregation of the Miramichi Presbytery the Presbyterian Church in Canada was functioning or would be in the near future, and the same statement would be almost equally true as regards the Saint John Presbytery, and there were now no doubts about getting men to man the fields.

FROM OUTSIDE.

Mr. Mackintosh told also of the sending into the Presbytery of ministers of the continuing church from other parts of the Dominion.

Rev. J. H. Madill, of New Westminister, B. C., who is now working in Hampton, and Rev. A. J. Munro, who has come from Ontario and is working in Moncton were present and each spoke briefly.

Others attending the meeting were: Rev. H. Moorhead Legate, clerk of Presbytery, and Rev. W. J. Britton, both of Saint John; Rev. E. J. Kerr, St. George; I. W. Hutchinson, W. M. Clark, of Fredericton; H. A. Campbell, Hampton; Arthur Sanson, Stanley, and Dr. G. G. Corbet, Saint John.

STUDENT RECEIVED.

The Presbytery received an application from Methodist theological student, R. Fitzpatrick, for admission to the Presbyterian church with a view to entering its ministry and decided to receive him under its care. A resolution was passed that the St. Andrews congregation in Fredericton should be asked to make arrangements for Mr. Fitzpatrick's employment in supply work in the neighborhood of Fredericton so that he could attend the University during the week.

The following committees were appointed: Home and foreign missions, Rev. W. M. Townsend, convener; Rev. W. M. Fraser, Rev. A. J. Back, Rev. Dr. J. A. Morrison, Dr. Murray MacLennan, M. P.; I. W. Hutchinson and C. J. Lawrence. Religious education, Rev. E. J. Kerr, convener; Rev. J. W. Britton, Dr. W. Boyd and Clark Elliott, Finance, Rev. R. Moorhead Legate, convener; George M. Robertson, treasurer of Presbytery and W. M. Clark.

The Presbytery decided to proceed to raise a fund to be placed at the disposal of the finance committee for the purpose of providing the supply of ordinants in the weaker charges.

W. M. Clark of Fredericton reported recent gifts of complete kitchen equipment for school hall of St. Andrew's congregation and between 200 and 300 books for the Sunday school. Folding tables were shortly to be presented to the congregation, he said, and announced that the congregation was trying to get a minister from Scotland to whom a salary of from \$2,500 to \$3,000 a year would be paid with a manse provided.

When the meeting ended at the close of the afternoon session, the Presbytery was adjourned until the second Tuesday in December.

Moncton Rotarians Hear Boy Mayor

MONCTON, Sept. 8.—Setting forth benefits which he said were derived from the Junior Municipal Council and participation in its proceedings, Junior Mayor Karl Steeves, of Moncton, addressed the Rotary Club at its weekly luncheon here in the Brunswick Hotel today. His subject was training our Young Men in Civic Government. President C. B. Tritts was in the chair.

PRICE OF COAL IN BANGOR ADVANCES

BANGOR, Sept. 8.—Coal prices jumped 50 cents a ton here today. The new prices are \$17 a ton for stove and nut, \$16.50 for egg, \$16 for pea. Soft coal remains at the old price of \$9.75. The local dealers have a large stock on hand and say that the cost of storage and heavy capital investments make the advance necessary.

Girl Electrocutd On Bangor Roof

BANGOR, Sept. 8.—Pauline L. Corey, seven-year-old daughter of Mrs. Gladys F. Brown, formerly Mrs. Isaac F. Corey, of Keswick, N. B., was almost instantly killed Monday by coming in contact with a high power electric wire while playing on the roof of a shed at the family home. The family came here from Keswick about three months ago. Relatives live there.

FILM DIRECTORS GET \$75 TO \$2,000 WEEK

Man's Value Depends on Knowledge Enabling Him to Cut Cost.

NEW YORK, Sept. 9.—An explanation of the wide variance in amounts of the weekly salaries of motion picture directors was given at Hollywood, Calif., recently at a meeting of film executives, the Associated Press reports from that place.

The average salary received by the "top-notch" director approximates \$2,000 weekly. Other directors—many of them new in the industry—are paid lesser amounts, ranging as low as \$75 a week.

The Operation I Avoided—

MRS. IDA M. COFFMAN

If there is one thing more than another a woman dreads, it is a surgical operation, and to be told that one is necessary is very disheartening. Hospitals are grand institutions, and undoubtedly many operations are necessary. However, we have received hundreds of letters from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after an operation had been deemed advisable.

Every woman who suffers as Mrs. Coffman did naturally wishes to avoid an operation if possible, and the remarkable statements which she makes in her letter will be read with interest by women everywhere.

Mrs. Coffman's Letter Follows:

Sidell, Illinois.—"I was a nervous wreck. I was suffering from a pain in my left side which was noticeable at all times, but sometimes it was almost unbearable and I could not even let the bed clothing rest on my body at night. I had been sick for seven years, but not so badly until the last eighteen months, and had become so run-down that I could not do any work and would rather have died than live. I couldn't do my work without help and the doctor told me that an operation was all there was left for me. I would not consent to that so my husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and begged me to take it. I have taken fourteen bottles of it and I feel ten years younger. Life is full of hope. I do all my housework and had a large garden this year. I never will be without the Vegetable Compound in the house and when my two little girls reach womanhood I shall advise them to take it."—Mrs. Ida M. Coffman, R. R. No. 2, Sidell, Illinois.

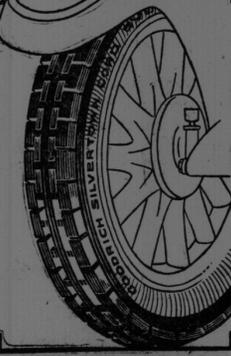

Alberta Woman Avoids an Operation

Provost, Alberta.—"I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I should have an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. Adams, Box 24, Provost, Alberta.

WANT CARS RUN OVER LOOP LINE

Petition For Order is Sent to Board of Public Utilities.

Little River Extension Also Being Urged—Carleton County Power Questions.

The New Brunswick Board of Public Utilities was asked this morning to issue an order compelling the New Brunswick Power Company to operate the loop from Rodney Wharf to Lancaster street, by way of St. James or Saint John streets, to see that the order calling on the company to extend its street car line to Simonds was carried out, a bridge having been built by the Provincial Government to carry the rails; the matter of wholesale rates for current in Carleton county also was under consideration by the board.

WEST END SERVICE.

R. A. Davidson, for more than fifty residents of that part of West Saint John lying to the south of Lancaster street and as far west as Lancaster street, presented a petition asking that the board order the N. B. Power Company to operate the "loop line" to serve that part of the city. The petition recited various agreements by which the tracks were run through Queen Square and the option of the company to elect to have the rails placed in either St. James or Saint John street after May 1, 1918, and stated that this service had been discontinued. The chairman said the hearing on the application would take place at the regular meeting of the board on September 23.

SIGN PETITION.

Those signing the petition were: G. H. Clarke, A. H. Shepherd, Agnes C. Rogers, D. F. Grady, W. Driscoll, M. Morrissey, Mrs. George Godson, J. A. Adams, Paul McDade, J. Alfred Ring, G. A. Kirkpatrick, George T. Ring, S. E. Jimmy, S. E. Jimmy, Mary M. Thompson, C. H. Peterson, E. J. Brittain, Mrs. Sarah Curry, Mrs. A. Cunningham, Mrs. Charles Cormier, Thomas Ross, J. J. O'Brien, G. D. Lee, F. D. Cobham, J. E. Cogswell, Mrs. S. Thompson, J. W. Cook, H. R. Thomas, E. McLeod, S. Hargan, Edith Puddy, F. M. Stanley, C. G. Morrissey, J. E. Knox, Andrew O'Brien, Mrs. A. Keeble, George Perry, Mrs. Everett Ring, Mrs. E. Rolston, Asa F. Nicot, George Cobham, Mrs. T. G. Thomson, Mrs. J. P. Coughie, R. G. Thomson, Patrick Walsh, Patrick Sullivan, Mary A. Sullivan, Mrs. Bridget Graham, F. T. McKee, Sadie A. Thomas, E. J. Puddy, W. O. Walsh, Addie McLaughlin, J. W. Williamson, B. H. Williamson, William Lodge, A. S. Gill, J. B. Whipple, James Laracey, E. A. Adams, H. F. Keeble, Mrs. J. M. Gean, Mrs. A. P. Nice, H. E. Jennings, Mrs. W. F. Thomson, Ada Cobham, Alice Cobham, H. L. Robson, Thomas Driscoll, Mrs. M. Low, Mrs. M. Baillie, J. J. Sullivan, K. C. Sullivan, G. W. Stewart, Mrs. Ida Thomson.

FOR EXTENSION.

W. A. Ross, for residents of East Saint John, presented a letter from G. G. Murdoch certifying that the bridge across the Little River, which was built to carry the tracks of the N. B. Power Company when they extended the street railway to Lee's Corner, was completed. He asked that the board see that its order for the extension of the line was carried out.

Chairman Trueman said the Power Company would be notified of the completion of the bridge and then if they did not carry out the order of the board the matter would be referred to the attorney-general.

CARLETON COUNTY RATES.

The question of rates for current in Carleton county was then taken up. For the Woodstock Electric Light and Power Company, the secretary, J. S. Leighton, said the company at present time was not receiving enough revenue to pay its bills. They were trying to sell the plant to the Town of Woodstock for the liabilities and it was possible there might be another plea made on the matter. There had been issued by the company \$143,600 of stock and \$50,000 of bonds. The liabilities of the company at the present time amounted to \$78,000.

M. J. Rutledge, town manager of Woodstock, said the town was anxious to have the price at which the Maine and New Brunswick Power Co. sold its current to the Carleton Electric Company reduced as it was felt that here was the only hope of reduction to the consumer. He asserted that the company produced its power at Aroostook Falls for 42 cents and sold to the Good Electric for 1 1/2 cents, the taking a profit of 200 per cent at the start. He also urged that unless there was a guarantee of 24 hour service there should be no service charge. The people of Woodstock felt they were paying too much and could get cheaper current by buying from Houlton.

E. R. Teed, for the Carleton Electric Company, said the people of Carleton county generally were satisfied with conditions as they existed at present and he urged that no change be made in the rate until it had been definitely settled who would become the owners of the Woodstock Electric Light and Power Company.

CHAIRMAN SUMMARIZES.

Mr. Trueman said in the opinion of the board the matter to be decided was whether the Maine and New Brunswick Power Company were charging a fair price to the Carleton Electric Company or were discriminating in favor of Maine towns.

Dr. J. E. Gould, in answer to questions by W. H. Harrison, K. C. representing the Maine and New Brunswick Power Company, said the average charge for current in Maine was 4 cents a K. W. H., less 10 per cent for light and 2 cents a K. W. H., less certain discounts, for power, while they were selling to the Carleton Electric for 3 cents a K. W. H. for light and 1.2 cents a K. W. H. for power. There was very little difference between the price paid in New Brunswick and Houlton for power, it only being 9-10 of mill a K. W. H.

Mr. Rutledge said that unless there was some relief he would recommend to the town council that an oil engine be installed for pumping water and if this was done they

SPITE ALLEGATION IN CARLETON CASE

Charge of Expectoration on Sidewalk is Heard by Magistrate Henderson.

A case against Joseph O'Brien, charged with expectoration on the sidewalk on Sept. 3 in Ludlow street, was disposed of this morning by Magistrate Henderson. He had the report of Police-man Journey on the matter and accusations made by the defendant through his counsel, E. J. Henneberry, and the magistrate permitted O'Brien to go on promise.

Mr. Henneberry said that his client had never expectorated on the sidewalk as alleged but had been using a cup. His client thought the affair a case of spite as he had been annoyed repeatedly by a boy riding up and down in front of his premises on a bicycle and on his remonstrating this lad, whose father was a city officer, told him if "he didn't like it he would have him arrested." He also declared that the defendant had been annoyed by the policeman who had called him a "common nuisance."

Policeman Journey said that there was no truth in the bicycle story. He admitted that he had said that the defendant was a "common nuisance" but declared that this was on account of his expectorating on the sidewalk. He added that he could prove it was no case of spite.

The magistrate remarked that he was convinced that there was no case of spite involved. He then agreed to impose no penalty on the defendant's promise not to violate the law in this respect.

Imperial Potentate Was In City Again

J. C. Burger, of Denver, Col., Imperial Potentate of the Mystic Shrine, was in the city for a brief time last evening. He had been in Nova Scotia since his visit here last week and passed through Saint John last evening on his way to the U. S. He went to Portland, Me., and is to go to Lewiston tomorrow. In the latter place he will be welcomed by Kora Temple and there will be a ceremonial such as was held in this city.

Mr. Burger was accompanied by his wife, J. Herbert Crockett, potentate of Luxor Temple, with his officers and their wives, went to the Union Station, and met Mr. and Mrs. Burger. Mrs. Crockett on behalf of the ladies' committee, presented Mrs. Burger a lovely bouquet of pink roses. The courtesy was received with gracious words of thanks by Mrs. Burger.

W. M. S. MEETS.

The W. M. S. of the Douglas Avenue Christian Church met last evening with Mrs. Fred Welsford presiding. Plans for the winter were partly granted.
