

MOTOR BOAT HAD
NEGOTIATED THE
FALLS SAFELY

Further Details of Fatality
in Which N. B. Boy
Lost Life.

Mrs. M. R. James Receives
Letter from Son Who
Headed Survey Party—
Minister of Mines Helping
in Search for Bodies of
Two Victims.

The first details of the fatality at
Sturgeon Falls, which occurred a few
days ago when a party of eighteen
young men were en route into the
wilds of northern Quebec on a geo-
logical expedition, and as a result of
which two of their number were
drowned, reached the city this morn-
ing in a letter received by Mrs. Matilda
R. James, 280 Main street, from her
son, Dr. William F. James, who was in
charge of the party.

In his letter written from Villa
Marie, Quebec, and dated June 6, Dr.
James said they were all in a motor
boat, which became disabled as they
navigated the falls. He with two others
jumped into a canoe and endeavored to
tow the disabled craft out of the cur-
rent, but the rope was too short and
their efforts were unavailing. The
motor boat went through the falls,
and those in it were not even wet. Dur-
ing the excitement Everett Dolan of
Nelson, N. B., and Thomas Lawlor of
Island either jumped overboard or fell
out of the boat. The boat exactly what
happened to them is not known.

When the boat had safely passed
over the falls and it was discovered that
two of the men were missing
every effort was made to locate them,
but without success.

Dr. James said that Hon. Charles
Stewart, Minister of Mines, was at
Villa Marie and they were preparing to
locate the bodies.

HYDRO SAVED THEM
NEARLY \$800,000

St. Catharines Shows Record
Since 1915—Striking Fig-
ures—Mr. Yates and St.
John.

(St. Catharines Standard.)
A meeting of the Public Utilities
Commission of the City of St. Catharines
was held in the office on Thurs-
day evening.

All members of the Commission
were present including Mayor Smith,
whom was extended the greetings of
the other members of the Commis-
sion.

The estimated operating report for
April was presented showing earnings
of \$15,468.93, and expenses of \$11,709.28
leaving a gross surplus of \$3,759.65,
which \$1,000.00 is charged monthly to
Depreciation account.

The table of operating reports for
the four months of 1923 is as follows:
January—Earnings, \$16,476.93; ex-
penses, \$12,808.29; surplus, \$3,668.64.
February—Earnings, \$15,768.96; ex-
penses, \$12,701.03; surplus, \$3,067.93.
March—Earnings, \$16,671.46; ex-
penses, \$13,276.24; surplus, \$3,395.22.
April—Earnings, \$15,468.93; ex-
penses, \$11,709.28; surplus, \$3,759.65.

A memorandum was presented show-
ing the saving to the consumers of
Hydro Power in the City since the be-
ginning of 1915. The rates in use in
each year are compared with the rates
charged in the city in March, 1914.
Domestic users \$708,884.35.
Commercial users \$84,550.18.
Street lighting \$27,520.56 (based on
candle-power).

The saving to Power Consumers is
difficult to estimate as the systems of
charge are not comparable.
An explanation was then made to
the new member of the Commission,
Mayor Smith, as to the arrangement,
which had been made by the Commis-
sion by which the Manager, Mr.
Yates, had been loaned to the City of
St. John, N. B., for a period of four
months to assist the Power Commis-
sion of that city in their work of
developing a municipal electrical sys-
tem by power supply from the Pro-
vince of New Brunswick. By this ar-
rangement, Mr. Yates will spend two
weeks of each four in St. John, and
the alternate two weeks in St. Catharines.
The arrangement was approved and
the Commission wished Mr. Yates
every success in his work in St. John.

Yesterday in
THE BIG LEAGUES

New York, June 9. — Two Giant
cast-offs, both twirlers and of the much
demanded southpaw species, turned in
brilliant performances for their teams
yesterday, while the New York Na-
tionals fell down to their third
straight defeat due to ineffective pitch-
ing.

One of the discarded left-handers,
Mike Cregar, pitched the White Sox
to victory over the league leaders, New
York Yankees, 7 to 3, holding the hard-
hitting champions to eight hits, one
home run and three runs.

The other, "Rube" Walberg of Phila-
delphia, relieved Hasty in the third in-
ning and held the Browns scoreless for
the next six innings, the Athletics
winning 6 to 5. This victory put
Connally's aggregation four full
games behind the Yankees.

Hugh McCulligan failed to check the
rushing Pirates and Pittsburgh team
defeated New York, 9 to 6, putting
them a game closer to the league lead-
ers. Russell's heavy hitting was a
feature, the left fielder getting a single
trip to the plate.

O'Farrell's hitting practically cinched
the victory for Chicago over Boston,
4 to 2. The Cubs catcher drove in
three runs and scored the other him-
self with a homer.

St. Louis made a clean sweep of
the series with Philadelphia by de-
feating the Quakers, 3 to 0.
The Senators downed the Tigers, 7
to 4, although Manager Cobb rushed
18 players, including four pitchers into
action.

Brooklyn and Cincinnati were not
scheduled to play in the National
League, while the Boston Red Sox and
Cleveland Indians game was called off
on account of rain.

FALLS PREY TO
CUPID'S DARTS

Member of Bachelor's Club
Weakens and Now Must
Pay Alimony and Leave
the Country.

New York, June 9.—The weather ex-
pert who said the sun would be rather
coolish this summer and that the most
pleasant time to accompany moonlit nights
faces a lawsuit for heavy damages, it
was reported recently in legal circles
here.

The "Invulnerable Five," a bachelor
club composed of three lawyers, an im-
porter and a cartoonist, on learning of
this prediction drew up an ironical
constitution with the following provi-
sions:

1. Any member seen in the company
of a young woman must pay \$5 into
the club treasury.
2. Any member seen in the company
of the same young woman twice in
succession must obey the Eighteenth
Amendment for ten days straight.
3. Any member becoming engaged
must leave the country within sixty
days.

4. Any member actually getting mar-
ried is excommunicated forthwith and
must pay alimony to the four remain-
ing members a total of \$3 a week for
life. Such alimony is forfeited by
a remaining member himself getting
married.

The members of this club were Mat-
thew Swearing, attorney; Alva Posen,
cartoonist; Judge Max Lippman; Si-
mon Swearing, importer, and N. I.
Sachs, attorney.

The shocking news was submitted
to the club that Mr. Sachs was to
marry Miss Lea Rosov in violation of
all the rules and regulations which had
been first suggested by the culprit
himself. An immediate trial was or-
dered and a pre-cursum decision hand-
led down.

Mr. Sachs was found guilty not only
on all counts in the first degree, with cold
premeditation. He paid \$5 into the
club treasury, according to the terms of
the first rule, and was ordered not to
baste, examine or think of stimulating
beverages for ten times ten days.

It was decided also that he depart from
the boundaries of the United States at
the earliest possible moment, and fur-
ther that he pay a total of \$3 a week
every week in the year, to the sup-
port of the club members who have
held to their celibate vows.

The President Harding, sailing for
Plymouth on Saturday, will take Mr.
and Mrs. Sachs outside the jurisdic-
tion of the "Invulnerable Five" for a
period of eight weeks. The bridegroom
was directed also to a trust fund to take
care of the alimony, and Volstead will
be obeyed even on the high seas.

This will be a lesson to the remain-
ing members," said Mr. Swearing after
the verdict had been made public.
"Not lightly will any bachelor regard
his vows lightly hereafter."

A Classic Italian
Suite, Polychrome

Twice in the ascendant for furniture beauty—once for it being a reproduction from the Italian Renaissance and again for the polychrome decorations—that genuine Walnut Suite in our window is certainly a wonder.

The China Cabinet panel is a brighter burl Walnut, a rare excellence of effect. Chairs are upholstered in Blue Leather, the Table is just as in the picture with very fine moodings and turnings on all Buffet measurement of 68 inches gives an idea of its line, but it takes a window look to absorb the full elegance and finish.

ALL CANADA WILL
BE REPRESENTED
(Frederickton, Glenora.)
Between 150 and 200 women dele-
gates will be in Fredericton next week
attending conventions of the New
Brunswick Women's Institutes and the
Federated Women's Institutes of Can-
ada.

The majority of the women will
come to attend the annual convention
of the provincial organization, which
will be held on Tuesday, and about
thirty delegates representing all the
provinces of the Dominion will be the
official representatives attending the
biennial convention of the Federated
Women's Institutes of Canada.

Women's activities in all their various
branches will be discussed at the ses-
sions of both conventions by speakers
from all parts of Canada, while Premier
Veniot and other members of the Pro-
vincial Government are to address the
conventions, which will extend until
Saturday, when there will be a motor
trip to Woodstock for the delegates at-
tending the Dominion convention. The
following Monday there will be a motor
trip in the southern portion of the
province.

Social functions for the convention
delegates will include a reception tend-
ered by the city and province jointly
at the Provincial Legislature Buildings
on Friday evening, when the members
of the Canadian Weekly Newspaper
Association to the number of several
hundred will also be here and will be
guests at the function.

FIFTY YEARS IN MINISTRY.
Moncton Times—Rev. William Pen-
na attains his fiftieth year of service in
the Methodist conference next week,
and arrangements have been made to
celebrate his jubilee as early as possible
after conference. The service will be
held in Wesley Methodist Church. At
conference further action will probably
be taken.

Don't Wait
for Meal Time

It is not just habit—it is genuine
hunger that makes children beg
for something to eat the minute
they dash in from school or play.
Don't make them wait for meal-
time. They crave for food.
Nature gives them this craving,
and nature rarely makes mistakes.
Give them food, but be sure it
is wholesome and light. Do not
load the little stomachs with heavy
food.

PUFFED RICE
The sister product
of Puffed Wheat is
equally digestible and
wholesome. It is bet-
ter than nuts for home
made candy, and is
delicious buttered and
salted like popcorn or
almonds, and costs a
great deal less.

Puffed Wheat is good for them at
any hour of the day. The nut-
like, flavory morsels are in reality
whole grains in easily digested
form. They are always ready to
serve and are delicious with milk
or berries, or just "doused" with
butter.

THE GOVERNOR DINGLEY
The Hon. Governor Dingley was
expected at about 12:45 o'clock today
from Boston with 150 passengers and
about 50 tons of freight. It was
thought probable that a number of the
members of the New Brunswick Tour-
ist and Resources Association would
be returning home on her.

HYDRO MEETING.
There will be a meeting of the Civic
Power Commission on Monday after-
noon, the Mayor announced this morn-
ing. Among the matters to be taken
up is the question of meters.

There are about 2,629,276 persons
of Canadian origin in the United
States.
A new cantilever bridge spanning
the Guggi river at Calcutta, India, will
cost \$10,000,000.

PERSONALS

Mrs. E. J. Linton, 38 Victoria street,
will leave this evening on the steamer
Governor Dingley for Boston. She
will visit her daughter, Mrs. Charles
W. West, Roxbury, Mass.

Mrs. W. A. McGrath of Brooklyn,
N. Y., is spending the summer with
her mother, Mrs. A. Collins, Clarendon
street.

Miss Eileen McEvoy, who was a
guest of Miss Collins, Clarendon street,
has returned to her home in Dalhousie,
Montreal. Mr. and Mrs. C.
M. Dales, of Brandon, Manitoba, who
climbed to town for the wedding of Miss
Evelyn Weston to Mr. Lewis Lingley,
are leaving today for St. John, N. B.,
where they will spend a week prior
to returning to their home in the
West.

CONGRESS AND COAL
(Bangor Commercial.)
There is not much encouragement in
the announcement that Congress will
be prepared to act in case there are
strike disturbances in the coal industry
next fall. There should be action be-
fore there are strikes, but as Congress
will not be in session until December
there can be no such action. The na-
tional attitude regarding the coal situa-
tion appears a striking resemblance to
the action of a dog in chasing his tail.
It is always behind the game. The
people of the United States are natural-
ly not much in favor of government
ownership or operation of the coal
mines but unless there is action to pre-
vent the strikes and provide the
public with sufficient coal at a fair
price the movement for federal opera-
tion will constantly gain force until it
wins.

MANY DEATHS FROM
FAMINE IN RUSSIA
Moscow, June 9.—Another day of
corner of Russia—Perghana, Province
in Turkestan—has been stricken by
famine. A message received here says
that four hundred thousand persons
affected by the food shortage which
has already resulted in many deaths.
The population is reported to be eat-
ing grass.

On Fishing Trip.
Moncton Transcript—Dr. L. H.
Price, W. F. Hume, B. B. Smith,
J. L. Macdonald, E. A. Rely, K. C.
and G. Wetmore Merritt of St. John
left yesterday for Newcastle from
where they will go to the Big Seaside
to enjoy a few days fishing.

THE MASSES WHEELER ARRIVED ON Wed-
nesday from Montreal, where they
landed on their arrival from England.
They intend residing in Kingsclere
with Major and Mrs. H. G. F. Christie,
who came here a few years ago from
England. Accompanying them was
Major Christie's son, who has been re-
siding in England with relatives since
his parents came to New Brunswick.

FLOODS INCREASE TAXES.
Carleton Sentinel: The assessors
have considered the loss to Wood-
ward on the hundred dollars. Last year it
was \$172. The increase in rate is
caused by the \$8,000 extra assessment
rendered necessary by the flood carry-
ing away the water pipes across the
creek, and the loss in taxes secured
from the buildings carried away by
the freshet.

LATE J. L. STEWART LEFT
AN ESTATE OF \$20,000
(Moncton Times.)
The Times is informed on reliable
authority that the late J. L. Stewart,
cotton and proprietor of the Chatham
World, who died at Melrose, Mass.,
two months ago, left an estate that
will probably exceed \$20,000.
The late "Commander" Stewart was
one of the veteran newspaper men of
the province whose writings were wide-
ly read throughout New Brunswick,
particularly on the North Shore, where
his paper was to be found in almost
every home.

LONDON LOSES COLOR FOR EFFICIENCY AS SALVAGE HORSES GO.

London, May 8, (By Mail).—London has just lost the last of its dapple-grey Salvage Corps horses, and with them lost in picturesqueness and romance what it is supposed to gain in efficiency, comments "The London Daily Express."
Ten months ago the fire brigade parted with its last pair of horses at Knightsbridge. Colonel C. J. Fox, the chief officer of the Salvage Corps, went to the corps Southwark station recently and witnessed the passing out of Nellie Gray and November, his last dapple grays. They were returned to the contractor.
The wine fire service—brigade and Salvage Corps—is now motor-driven. London will never again hear the clatter of the hoofs as when the famous dapple grays galloped through the streets to the half-raising shouts of "Hi! Hi! Hi!" from the salvage men. The old horse vehicles of the corps

Your Summer Clothes

are just like those of any other season. You get just what you put into them. If you put into them sufficient to get the service of a good clothier, they will be everything he says they will and more—
Our Summer Suits have been carefully selected from the best makers. Excellent Values from \$24.50. Stylishly modelled and well tailored—

Polarine MOTOR OILS 5 GRADES for Automobiles, Trucks and Tractors

This man protects your motor ~

ask him for Crank Case Service and the right grade of Imperial Polarine

YOU quickly take notice of a "run down" battery, or low air pressure in tires—and immediately correct the condition. But what about "worn out" oil in your crank case which may do irreparable damage to your engine before you receive warning?

There is only one safe rule to follow. Have your crank case drained and cleaned at least every 750 miles and get rid of diluted and dirt-filled oil which is the natural consequence of motor operation.

An Imperial dealer near you has established a modern crank case cleaning department and will gladly do this work for you. He will use Imperial Flushing Oil for cleaning your crank case and thus avoid any danger of diluting the fresh oil which might likely occur if coal oil were used for flushing purposes.

And what is equally important—he will refill your car with the grade of Imperial Polarine Motor Oils recommended on the Imperial Chart—an infallible guide to protective lubrication. Let your dealer tell you more about this valuable lubricating service.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, JUNE 9, 1923

The Evening Times and Star

ST. JOHN, N. B., JUNE 9, 1923.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

WEALTH OR WASTE—WHICH?

There are two reasons why New Brunswick should have the most intelligent and effective policy of forest conservation and reforestation of any province or state on this continent. The first is that the province gets so large a portion of its revenue every year from its crown lands, for if these were exhausted not only would a great basic industry be wiped out, but taxation would have to replace the lost provincial revenue from the timber lands. The other reason is that New Brunswick has before it a warning the experience of those states which have practically exhausted their forests and whose wealth has been squandered because no steps were taken to replace the trees cut down and removed. Had these states pursued such a policy as was long since adopted in some European countries they would still have large stands of timber. New Brunswick must not make the mistake of assuming that her forests are inexhaustible.

GETTING TOURISTS.

If New Brunswick is to reap the full benefit from the tourist advertising it has received in New England this week it must follow the example that is being set in Nova Scotia. Not only has the Provincial Government given a substantial grant but there is to be a province-wide organization to get support. The Nova Scotia Tourist Association was organized this week in the House of Assembly, rooming Halifax, with delegates from various parts of the province, as well as representatives of railways and the press. It is announced that "plans were formulated for organizing the different sections of the province, under local direction, for enlisting popular support of the movement, and for undertaking, immediately, an advertising campaign in certain selected newspapers at key points in the United States, Ontario and Quebec." The Chronicle reports says—

IN LIGHTER VEIN.

Inference. Little Willie (pointing to a picture of a zebra)—What's that? Little Johnnie—It looks like a horse in a bathing suit.

Both Want to Fly High.

"And what are you going to be when you grow up, Billy?" asked the visitor. "I want to be an airman." "An airman. And you, Marjorie?" "I'm going to be an heiress," replied the seven-year-old, with decision.

The New Version.

There, little girl, don't cry. You have bent your fender, I know. But it happens to everyone learning to drive.

Fair Distribution.

The owner: "As I get it, you want to run this plant yourself?" "Strike less!" answered the several years before he became prosperous?"

THE PRESS AND THE ELECTIONS

(Toronto Star.) The Kitchener Record comments upon the change that has occurred in the press of the province in its relation to a provincial election in the past ten years.

REVERENCE FOR THE FLAG.

It is frequently noted that our neighbors to the south lay greater emphasis than ourselves upon the flag as the emblem of that for which the country stands and the ideals to which its people are assumed to be devoted. In proclaiming June 14 as Flag Day in Massachusetts, Governor Cox says—

SOMETHING MISSING.

(Quebec Chronicle) Judging by discussion at Ottawa the Government realizes the urgent need of a forest policy, but unfortunately has not got such a thing about the place.

The Sussex town council yesterday granted the request of Fire Chief, Dr. J. J. Daly and established a fire district, requiring that all new buildings from Quebec street west, which really means the whole business section of the town, to be of fireproof construction.

Any repairs made to existing buildings must be done with fireproof materials. An inquiry into the origin of the disastrous fire of last Sunday will be started early next week by H. H. McLellan, fire marshal.

"I WILL WAIT FOR HIM" Says Queen of the Rum Runners

My Experiences as Queen of The Rum Runners

In her last article, Edith Stevens, Lovely Girl Rum-Runner, tells how her millionaire consort is finally arrested—how she feels she must see him. She goes to the Post Office where he is to be questioned—faces jail again for his sake. "In a room full of people they meet. Neither speaks for a moment. Finally Cassee says simply: 'Why did you come here?' 'Because I had to see you,' Edith answers.

BY EDITH STEVENS.

This is my last story of rum running on the high seas. There is just one last run, and there are many dark days that follow. Comes this line of Reading rail to me: "He who lives more lives than one. More lives than one must die."

When I got out of the court room, I was glad to see the light. I had fought a losing battle. Do not give him some money and settle outside of court. The little boy said this was all right. But an irate woman flashed out: "Take him to the Police station!"

There was no getting out of it. He had to go. The police called up to identify the license number of the car. We both believed our time here come, but fortune was with us. The telephone number did not answer. Antonio figured if he showed the

card on which he was shown to have purchased the boat under the name of Sousa, and made them believe he was an influential business man, they would let him go. So he did and they let him go. The boat was not heavy enough, and the captain's head, though heavy, did not strike a balance. The "iris" was a small boat and there were only two men in the crew. The passengers were Antonio, my dog and I.

All went well with the "iris" until we reached the Glitche, just off of Oshana Island, not far from Savannah, Georgia. At the Glitche the water comes in every direction. A gale blew up in the afternoon while I was sitting on deck. Antonio had gone below to get something for me. I had just come up, luckily for me, since I can't swim.

Catastrophe. In two minutes the "iris" capsized, as so many other boats have at this place. With the jolt I clung to the top rail. The first thing I knew, I was lying on the water. He was talking for me. One of the boys shouted: "She's all right, I'll put her in a boat." I was just standing there waiting for the boat to fill up. I couldn't swim and I didn't think I could be saved if I jumped, for the water was very rough.

"Take off your shoes! Take off your shoes!" Antonio shouted. Antonio in his excitement was pulling his clothes off wildly. I couldn't help laughing. He presented a ludicrous spectacle, disrobing so wildly. He had money in his trouser pockets, and in his excitement he pulled them out and down into the water they went.

The boy was having trouble in getting the life boat off. Antonio shouted: "Jump! Jump! I have to save you. Jump, I say!" I wouldn't jump. One member of the crew had been a coast guard. He succeeded in getting the boat loose and putting me into it. Then he managed to maneuver the boat in the whirpool. Antonio swam along hanging on the side of the boat from time to time. They took me over to the edge of a marsh. They stood me on a log in the marsh and went back for the other two men.

As I stood there waiting for them to come back, it must have been a hour—the water gradually rose up to my neck. For me to have stepped off the log would have meant death in the quicksand below. But I was not so much afraid of the rising water as I was of the quicksand beneath my feet. I was so much afraid of getting stuck almost at my neck, fluttering and pecking, their wings almost touching me.

At last I saw the eight foot skiff coming toward me. It was evident that the captain should have waited for the second trip. The boat could hardly get out and every minute the boat nearly toppled over. The coast guard said he would not take the chance of rowing across the Glitche to land, three miles away, with four people in the boat. It was too much.

The other boy was hanging on the mast, waiting for the second trip. But Antonio, soon he heard that the boat was on the bow of the boat. The water was up to the top, and had the boat filled we should have been tumbled

over and drowned in the chopping waters. The coast guard had to row with the run of the water. I was sure we could not get across. This was one of the times I thought I would surely die. There have been so many times that I have thought this. As we neared land, we spied several houses on the island. Some one had seen us coming in and was trying to come out to us in a motor launch. Antonio wanted to get back to the boat, for all his money was on it. He crawled on the launch from the row boat. The two men on the launch did not know who they feared they would capture, but being Antonio, he persuaded them. So they went back after the boat. Antonio was with me. If the coast guard had gone back with Antonio they would have again run a great risk of drowning with four people in the boat. Once again on dry land, we walked without shoes, through three miles of tropical woods. The old captain would not let me have his shoes and my poor feet were so cut up I could hardly walk. When we finally got to the farm house, Mr. Cassee was already there with others. They had made their landing that hour.

This was a hunting land owned by a company who occasionally came there to hunt deer. We stayed there for two weeks, especially, wearing the same clothes I capsized in. Fortunately, the boat had sunk on shore, practically on dry land, so that the men were able to go out and bring her in. They had the boat towed into Savannah to be repaired, and two weeks later, a mechanic set her on fire. That was bad enough, but matters grew worse. Mr. Cassee had believed the boat to be insured when he bought it, but in Savannah he found that it was insured only as far as Norfolk, Virginia.

About this time our hostess put a story in the paper about her millionaire guests, the Sousses (they didn't mind anybody with a yacht was a millionaire) and about the bravery of her husband in rescuing them. In New York the authorities found through the accident with the little boy, that Cassee had just bought a boat, and they had been looking for him.

Real Outdoor Comfort. A shady nook, your favorite magazine, a good book, or the newspaper, then throw yourself into the HAMMOCK on a lovely summer day—THAT'S COMFORT, real, care-free comfort. **UNVEILED CROSS
FOR HEROIC DEAD**

Beautiful Monument Now
Stands in Rothesay—Im-
pressive Ceremony Marks
Occasion.

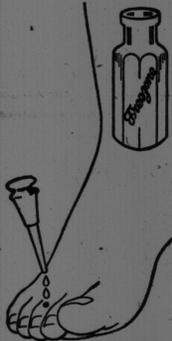

In the grounds of the Consolidated
School at Rothesay there was unveiled
yesterday a monument to the memory
of the fourteen men of Rothesay civil
parish who gave up their lives in the
Great War.

Rev. Dr. Hibbard spoke of the love
that prompted a man to lay down his
life for his friend and of the spirit
that had actuated those brave men in
going out from all that was near and
dear to face the certainty of hardship
and the possibility of death.

Lieut. Col. Alexander McMillan spoke
of the tense days of July and August,
1914, and of the proud part Canada
had played in the drama of subse-
quent events. He urged all to remem-
ber the sacrifice made by these men and
to try to make their lives worthy of
the memory of such men. Following
his address the act of unveiling was

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little
"Freeson" on an aching corn, instantly
that corn stops hurting, then shortly
you lift it right off with fingers. Truly,
"Freeson" sells a tiny bottle of
"Freeson" for a few cents, sufficient
to remove every hard corn, soft corn,
or corn between the toes, and the cal-
luses, without soreness or irritation.

**A Couch Hammock
For Your Country Home**

Summer home surroundings are hardly complete without a comfortable
and good looking Couch Hammock. Probably there's a favorite nook on your
lawn or verandah just waiting for one. There's a great difference in the
amount of comfort these Hammocks offer—and we can show you the most
desirable and practical kinds.

These are showing with all metal frames and durable, restful springs.
Cushions, Wind Shields and Ends are upholstered in khaki duck. Supporting
chains at each end give additional strength and at the same time permit Ham-
mock to swing easily and with little friction. Highest grades have upholstered
spring back and adjustable head rest. . . . \$14.85 to \$27.00
Folding Standards made from durable angle iron. \$5.00 Canopies may
be had if desired.

**New English
Pottery**

Teacups and Saucers, Plates, Candlesticks, Teapots,
Sugars and Cream Jugs, Honey Pots, Cheese Dishes, etc., in
Yellow and Blue solid colors with Black edges and handles.

W. H. HAYWARD CO., LTD.

85-93 Princess St.

performed by Col. Houlston who re-
moved the flag and read the inscription.
It was as follows:—

The ceremony of unveiling was per-
formed by Colonel Commandant J.
Houlston, D.S.O., O.C., M.D., No. 7,
and addresses were given by Rev. Dr.
W. R. Hibbard and Lt.-Col. Alexander
McMillan, D.S.O. Taking part in the
service were Rev. Canon A. W. Daniel,
Anglican rector; Rev. Mr. Steeves,
pastor of the Baptist church, and Rev.
Peter Jackson, minister of the Presby-
terian church.

Marching with their drums and
traps, the Rothesay cadets formed up
as a guard of honor on one side of the
monument, over which the large Union
Jack was draped. The Consolidated
school pupils, numbering between 200
and 300, had their position in front of
the monument and the Netherwood
girls were at one side.

The opening invocation was made
by Canon Daniel standing at the foot
of the Cross and then was sung the
grand old hymn "O God our Help in
ages past." When Rev. Mr. Steeves
had read as the scripture portion Re-
velations, xxi, 1-3, Dr. Hibbard address-

ed the people, speaking more especially
to the school children.

The inscription.

To the Glory of God and in ever
Grateful Memory of the Men of
the Parish of Rothesay Who Gave
Their Lives for King and Coun-
try in the Great War, 1914-1918.
"Their name liveth forevermore."
Frank C. Beys, John D. Brock,
R. Heber H. Daniel, Frank Harris,
Melvin C. Harrison, Joseph R.
Johnston, John A. Gallagher, Reay
Mackay, Alexander McKinnon, J.
Addord Peters, Percy A. Pierce,
Ernest W. Saunders, George Sau-
nders, Joseph I. Gallagher.
Canon Daniel read that portion from
the Book of Wisdom which commences
"The souls of the righteous are in the
hands of God," and Bugler Sergt. W.
B. Horsman then sounded the clear
notes of the "Last Post" and all of the
gathered company sang the national

anthem. After the closing prayers had
been offered by Rev. Mr. Jackson, the
hymn "Onward Christian Soldiers"
was sung.

The Children's Tributes.

Then the children related to those
whose names were written on the mon-
ument came in their double file to lay
down their offerings of flowers. Little
John Brock and Nancy Daniel led the
small procession and following came
Mildred Marr, Edith Harrison, Royce
Saunders, Pearl Saunders, Muriel Mal-
lett, Hope Mackay, Dick Gallagher,
John Pierce, Elsie Mitchell, Jim Bel-
ves, Florence Marr, Wilbur Daniel and
Constance Stirling.

Mrs. McIntyre then placed the hand-
some wreath of the Duke of Rothesay
Chapter and the guard of honor was
dismissed, marking the close of the
short service which had made a deep
and lasting impression.

The Red Cross Society of Rothesay

was represented at the service by its
president, Mrs. John H. Thomson, and
its vice-president, Mrs. A. W. Mc-
Mackin. Accompanying Colonel Houl-
ston were Lieut.-Col. R. A. McAvity,
Major Stewart Skinner, Major A. G.
Rennie and Captain R. C. R.
The accompaniment for the singing
of the hymns was provided by the
cornet and clarinet, played by H. F.
Black and Donald Black.
The cross is of the regulation type
and made of Stanstead granite, which
is a clear white. A great deal of the
credit for the fulfilment of the purpose
of erecting the cross is due to Miss
Muriel Robertson and Mrs. Hugh Mac-
kay, who collected the funds. It was
Henderson, who was first resident of
Rothesay and in consequence on two
occasions noticed appeared in the papers
inviting contributions.
The committee in charge of the mem-
orial is greatly indebted to J. P. Clay-
ton, of Fernhill cemetery, who gave
valuable assistance, and to Joseph H.
Henderson, who was most helpful in
connection with the erection of the
Cross.

RECENT DEATHS

George Y. Daisell.

The death of George Y. Daisell oc-
curred in Vancouver on Thursday, after
a three weeks' illness. The late Mr.
Daisell was sixty-eight years of age.
He was born in Upham, Kings county,
and formerly lived in St. John, but for
many years had been a resident of Van-
couver. He is survived by his wife, one
son, two daughters, one brother, James,
of New York, and two sisters, Mrs.
James Calder, of Nebraska, and Mrs.
R. D. Coles, of this city.

Special Display of The New
Mid-Summer Voiles**

Soft, clinging Voiles are particularly suitable for midsummer
frocks—they're so light, cool and summery. Then, too, they are
very effective and this season they are showing in a very fine as-
sortment of colors and patterns.

The new beaded effects are known as "Normandy Fabrics."
These are featuring beading of contrasting shade on grounds of
solid color. Designs are new and particularly fascinating. You'll
find a frock fashioned from this material most attractive. 95c.
and \$1.10 yard.

Voiles with colored grounds and overcheck of white ratine
are also very new and promise to be in great demand. \$1.65 yd.
With colored grounds and white ratine stripes, \$1.10 yard.

Voiles in Oriental patterning, floral designs, spots, scrolls and
fancy figures are in a striking array of the season's best liked color
combinations. Copen, navy, black, brown, helio, Nile, rose,
peach, coral and flame are among the predominating shades.

All 36 and 38 inches wide. 49c. to \$1.65 yard.

Your Inspection Is Invited.

F. W. DANIEL & CO. LONDON HOUSE

**A Later Look at
Warm Weather
Wear**

Good old Summer—days of fullest life, and dressing
for every occasion easiest of all as far as money is concerned,
especially when favored by selections like these.

The clear brightness and soft airiness of practical Ratine,
the fairy gossamer of Voile, the elusive charm of dotted
Swiss, the crispness of Irish Linen and the gaiety of Gingham—
on the mere materials, and forgetting the get-ups,
there is amazing versatility in Summer things. Yes, when
Summer rolls round the designers always delight us with
many deft creations that make us look our best in the sport-
ing Summer time.

Stopping only once in each place, we'll find at Daniel's a \$10 Ratine Dress in
a duo-tone of a colored blouse and White Skirt on a fancy weave, White Girdle,
Collar and Cuffs. Other Ratinas as low as \$5.75. Loom Crepe, collared, cuffed
and vested in White Organdy, may be in either Blue, Coral or Lavender at \$6.50.

VOILES AND GINGHAMS FROM \$5.95

Ginghams may be only \$5.95 in Plaids and Checks. This one at \$6.50 is
representative. Twelve pearl buttons down the left breast, novelty White Ratine
edged in a shirred frill of self Gingham, forming the cuffs and Peter Pan collar
with the black tie.

Dotted Swiss takes on different tints, one of Marine Blue hav-
ing half cart-wheels of frilled lace at the hips, the cuffs and the
circular collar, \$12.90—others from \$9.95.

Linen Dresses that also are \$9.75 may, like this style, favor
Crushberry, for instance, a neck to hem fold of White Ratine and
the same for collar and cuffs, \$11.90.

Larger sizes are thoughtfully served in figured Voiles that
begin at \$5.95, combinations of Black and White, Navy and
White, Brown and White. Real filet lace dyed in harmony creates
a deep double insert on a Rose Voile with hemstitching. Croch-
eted White pockets, collar and cuffs garnish spotted Voiles with
Black Velvet bows.

While so many dressing rooms are now available, try a trip
in and let the mirror decide.

Raids Reveal Huge 'Fake Label' Hoard

Millions Seized in New York in Latest Dry Crusade.

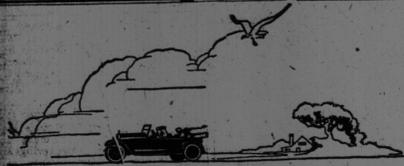

New York, June 8.—Thirteen men were arrested and millions of bogus government revenue stamps, whiskey and champagne labels, with the plates from which they were printed, were seized by secret service agents in two raids here last night.

direction of Chief Secret Service Operative Joseph A. Palma and his staff. Palma declared the men had been flooding the country with the fake labels.

Presses and other printing paraphernalia were seized.

The secret service men said they also seized numerous automatic stamping machines, official government watermarked prohibition paper, government prescription blanks and fake confederate bills used as "flash money."

Operatives who were questioning the prisoners today declared they believed the backbone of one of the greatest

SMOOTH

counterfeiting organizations in the country had been broken.

"This should act as a warning," Palma said, "to all those who think they are getting something when they buy bootleg liquor with a fancy label. A well known name doesn't cost any more to print than a poor one. And federal bonding stamps can be turned out by the million. We have 500,000 right here in the office."

"The gang had a manufacturing and distributing organization worked out in standard business lines," Palma said. "The chief of the outfit," he declared, "was Alfred Marziano of Brooklyn. He was the brains. Next in importance was Jeff Conrad, the artist, who designed the plates. Then came the photo-engravers, who cut the plates. These were given to Antonio Voulo, the go-between, who took them to print shops and had the stamps and labels made. The printers arrested were Pasquale Riso and Rolo Vassalotta of Brooklyn."

"After the goods were made up they were taken to warehouses for storage and distributed by Johnny Spears and Joe Peters in New York, and three others in Brooklyn."

Palma said that he and his son had been working on the case for months.

Gas on Stomach

Won't Let You Sleep

Gas often presses on heart and other organs, causing a restless, nervous feeling which prevents sleep. Simple buckthorn bark, glycerine, etc., as mixed in Adlerika, expels gas and relieves pressure almost INSTANTLY, inducing restful sleep. Adlerika often removes surprising old matter from BOTH upper and lower bowel which poisoned stomach and caused gas. EXCELLENT to guard against appendicitis. J. Sees No Increased Cost in 8-Hour Day. Dr. Howe Says Profits Don't Depend on 12-Hour Shifts.

New York, June 9.—Profits in steel plants need not suffer if the change from the 12-hour to the 8-hour day is made with wisdom, said Dr. Harrison K. Howe of Washington, chairman of the committee on work periods of the Federated American Engineering Societies. The committee, under the direction of Bradley Stoughton, professor of metallurgy at Lehigh University, recently made public the results of its investigation of the 12-hour shift in the iron and steel industry.

Dr. Howe said that labor costs in many cases had been reduced by the transition from the 12-hour day to the 8-hour day. "The United States," he said, "has the most profitable iron and steel industry in the world, making more money and yielding more output than all the rest of the world put together, and exporting its product in successful competition with foreign countries."

The majority of managers and executives with whom the matter was discussed believe that the good of the industry can be better served by eliminating the 12-hour day than by increasing dividends, provided that, by means of labor-saving devices and in other ways this step can be taken without serious injury to the industry.

"The fact that already many plants operate successfully on the three-shift system indicates that profits need not suffer if the change is made with wisdom. "As a matter of actual experience, it is known that some plants have changed from the 12 to the 8-hour shift and reduced their labor costs. Others are operating 8-hour shifts with satisfaction to management and stockholders."

**LIQUOR HIDDEN
 IN POTATO CARS**

Dry Agents Seize Lot Valued at \$160,000 in Railway Yards.

New York, June 9.—Two carloads of liquor disguised as "potatoes" and valued at approximately \$160,000 were seized Wednesday by Federal prohibition agents. One freight car with \$80,000 worth of liquor was impounded in the freight yards of the New York, New Haven & Hartford Railroad at the foot of Sixty-second Street, Brooklyn. The other car, with 800 cases of liquor, was seized in the Jersey City freight yards of the Pennsylvania Railroad.

The raid on the box car in the New Haven yards was made by Prohibition Agents Edward Ward and Richard E. Warner. The car was marked to indicate that its contents were potatoes. Indeed, the inside of the car contained further proof of the innocent nature of the shipment, for there were several barrels filled with potatoes, but there was a greater number of barrels, according to the prohibition agents, filled with liquor concealed by potatoes.

The seized whisky was transferred to the army base in South Brooklyn. Information that the shipment was to be made was turned over to the prohibition agents in Washington several days ago. They were informed that the liquor was in transit from Savannah. The prohibition agents have been unable to ascertain the identity of the shippers, the consignees or any one else connected with the transaction.

Sacks of potatoes concealed the 800 cases of liquor seized in the Pennsylvania yards in Jersey City by prohibition agents operating under direction of Divisional Chief Merrick. The car was consigned to Hill Brothers, New Haven, Conn.

Prohibition officials directed that the liquor be transferred to the army base in South Brooklyn and directed that the potatoes be given to the Salvation Army.

Collector of the Port of New York Philip Ething and Assistant Collector Henry C. Stuart were unwilling yesterday to comment on reports that with the compliance of prohibition agents the members of crews of French steamships are enabled to smuggle large quantities of French liquor into the United States. The charges made by the Secretary of the Seamen's Federation, who made a statement abroad in which he alleged that the prohibition agents would pay \$1 a bottle for every bottle smuggled ashore, were not regarded seriously by the customs authorities for the reason that prohibition agents do not go aboard ships and are seldom called upon, in the performance of their duties, to watch the steamship piers.

223-YEAR-OLD VIOLIN SENDS OWNER TO JAIL

New York, June 9.—In the joy of handling his 223-year-old Guarnerius violin again, after being separated from it for a few days, Bernard Wasserman, thirty-six years old, of 36 West Fifty-sixth street, forgot that he had pledged the instrument for \$200, refused to give it up and was held on a charge of grand larceny. The charge was made by Samuel S. Mondel, a dealer in musical instruments of 266 West 190th street, who had loaned the money.

According to the dealer, Wasserman met him in front of the Biltmore Hotel Tuesday night. Mondel said that he gave the musician the violin and asked him to play it, to persuade a prospective purchaser to buy it for \$4,000.

When Wasserman saw the instrument he examined it, caressed it, and finally announced that he could not give it up even for \$4,000. He also refused to give it back to Mondel as security for the \$200 he had borrowed on it, the dealer declared.

Wasserman's version of the story, told in the Yorkville Court when Magistrate Peter A. Hatting held him in \$500 bail for examination June 11, was that some days ago Wasserman bought the Guarnerius and \$200 to Mondel in exchange for what was said to be a genuine Gagliano violin. Wasserman found that this instrument was spurious, the attorney declared, and went to meet Mondel last night to get his own violin back.

The Guarnerius in the complaint was valued at \$1,700. No value was set for a genuine Gagliano instrument.

A romance of reel life: The average fish story.

I. O. D. E. DELEGATES TO THE NATIONAL CHAPTER MEETING

At the annual meeting of the National Chapter of the Imperial Order Daughters of the Empire, which will be held in Quebec this week, Mrs. Heber Vroom will represent the Municipal Chapter of which she is regent and the eleven primary chapters in St. John; Mrs. John H. McIntyre will represent the Duke of Rothesay Chapter; Mrs. Hugh Connell, of Rothesay, will also attend the meeting and Mrs. Harry McLeod, of Fredericton, president of the Provincial Chapter, also will be a delegate.

1,590 POUNDS OF CHANNEL BASS LANDED IN DAY BY 3 FISHERMEN.

Cape May, N. J., June 9.—Captain Francis Holmes of Norbury's Landing and a party of two fishermen broke all records on the Southern Delaware Bay Shore for one day's channel bass fishing when they reached the Landing recently with twenty-one channel bass.

The combined weight of the fish tipped the scales at 1,590 pounds. More than 600 fishermen arrived here this morning on the Redding fisherman's special to try their luck at the fish.

The name "Sunshine" your protection

How are you to know which is the best Macaroni? In appearance most macaroni look alike. The name "Sunshine" is your protection. This macaroni is made from the germ of No. 1 Hard Manitoba Wheat—the wheat which ranks highest of any known wheat in richness of gluten and nourishment.

Try "Sunshine" Macaroni—use your favorite recipe—it will taste better than ever.

SATISFACTION

A seemingly low price for an article is always attractive, but unfortunately frequently misleading. How often is heard the remark—"I would rather have paid a little more and got the quality I wanted."

As a matter of fact that "little more" was necessary to obtain the better quality. Good goods require a higher price to be good.

There are cheaper teas than "KING COLE"—but would you be satisfied with their quality?

 "Shine the Surface and Save the Shoe"

prospects of its owner, Bromnick Perella, by exploding 100 one-gallon cans of hooch, but drew Chief of Police John P. Hanley to the scene.

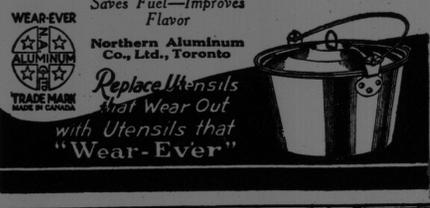

One glance was enough for the chief. He hurried away, and, returning with Patrolman Young and a search warrant, confiscated what the blaze left, including three stills, of 100, 50 and 25 gallons capacity, 12 gallons of alcohol, and a few score empty cans. Late last night the chief was undecided whether the lightning had exploded the hooch or the blaze was the consequence of carelessness among the spirits.

Work of preliminary surveying for paving operations in Waterloo street, Britain street and Market Square is being rapidly completed. When this is finished in Waterloo street, actual work of paving will commence. The tenders for the work in other sections will be dealt with at Tuesday afternoon's Common Council meeting. Work in Dock street has commenced on the north side of the street by the N. B. Power Co., Ltd. This job is expected to be finished inside a few weeks.

Quite recently, the civic department of public works completed an urgent work by shifting the curbing of the plot in the centre of Market Square back several feet and thereby widened the roadway between the street car tracks and the plot. In the past, this narrow strip proved inconvenient to pedestrians, and automobile drivers as well. Commissioner Frink said yesterday that it is planned to erect a platform of the tracks as well.

All-Cast Sunshine FURNACE

HERE is a furnace that with any fuel or under any climatic conditions will heat your home to your entire satisfaction.

Moreover it will outlast ordinary furnaces, because it offers the greatest resistance to rust and corrosion.

No Leakage of Gas

From base to doffe, the All-Cast Sunshine is solid cast-iron—heavy, substantial, proof against damage and wear, tight against leakages of gas. Anyone can see that it is built for a lifetime.

Large Radiator Prevents Waste of Fuel

Designed to carry smoke (and products of combustion) the full circle of the radiator before it can escape to the chimney. This avoids loss of heat and is a big factor in fuel economy.

Pipe Pipeless or Duplex

The All-Cast Sunshine is supplied for both Pipeless and Pipe Systems of heating. The quality of the furnace is exactly the same for all systems. Your dealer can advise you as to the best one to use in your home. Ask him to explain how McClary's Duplex System has improved the Pipeless idea.

Write or phone for complete description of this remarkable Furnace.

McClary's Household Manual
 Answers every question on housework. Original Price \$1.50. Sent postpaid on receipt of 50c. Write McClary's, London.

MOTORS And Their Care

Correct Use of Brakes.

Driving with the brakes is considered one of the greatest faults of the majority of drivers. The constantly jam on their brakes when slowing down instead of allowing the car to slow down before the brakes are applied.

Eliminating Windshield Noises. Windshields are bad squeak makers. If the anchorage bolts are loosened, lubricating oil can be squirted into the cracks around the frame of the glass.

Care of Headlights. Because of the vibration of a car, minor accidents, etc., many times throw the headlight device out of adjustment, the lights should be tested at intervals to see that they conform with the regulations.

Protection for Battery Box. To prevent acid slopping over and eating wooden battery boxes, the container may be protected by painting with a mixture made of six parts of wood tar and twelve parts resin.

Proper Shifting of Gears. Economy, as well as comfort, is involved in shifting gears properly. A good driver, just at the instant of shifting the gear, should throttle down his engine one-half and bring the number of revolutions of the gear shaft to approximately that of the transmission shaft which is kept in motion by the momentum of the car.

Graphite for Tubes. Graphite is much better than soapstone for coating inner tubes for tires. A coating of graphite prevents "blooming," eliminates friction between tube and casing, and practically doubles the life of the tube.

To Straighten Bent Steel Parts. Steel parts of a car which are bent should be straightened cold. The front axle, steering spindles, etc., should

POWER ECONOMICAL-FLEXIBLE-DEPENDABLE

The Studebaker Light-Six

You'll find in the Studebaker Light-Six, an abundance of power—smooth-flowing, responsive, and economical.

From a slow walking gait, it will accelerate to a racing speed in the space of a few seconds. And always with velvet-like smoothness, for the Light-Six is practically free from vibration.

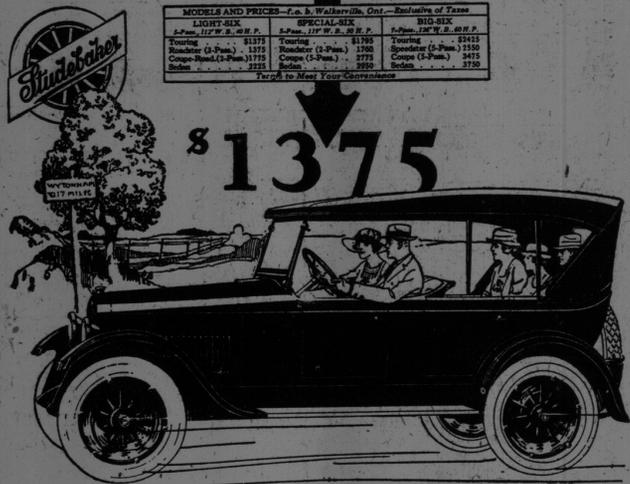

Exceptional economy is an appealing feature of the Light-Six. Through 27 world-wide tests, it set an average of 26.9 miles to the gallon of gasoline!

Maintenance cost is also low—conclusively proved by Studebaker's limited volume of repair parts sales, which in 1922, averaged only \$13 per car for all Studebaker automobiles in operation.

The Studebaker Light-Six is not an experiment. In the hands of thousands of owners it has proved its remarkable power and complete dependability. It will pay you to see the Light-Six before you buy your next car. It is a product that well upholds Studebaker's 71-year-old reputation for quality and value.

Table with 3 columns: Model, Price, and Features. Includes models like Light-Six, Special-Six, and Big-Six.

\$1375

THIS IS A STUDEBAKER YEAR

never be heated for bending. Heat treatments of these parts leave them in such shape that they can generally be bent back cold if the metal is not too sharp or if a fracture has not been started.

Always use a standard battery for the car. There are no fewer than 100 different makes on the market, and a large percentage of these are virtually worthless when compared to batteries made by responsible concerns.

To Correct Stiff Steering. In locating tightness that causes stiff steering, one unit at a time must be treated. Disconnect the drag link and try steering the front wheels by hand.

Inflation of Tires. Check up tire pressure at least once a week, and always inflate tires to the pressure indicated by the manufacturer.

Most carburetor troubles are preceded by some sort of warning, which is accounted for by the action of the engine.

Finely powdered carborundum, mixed with oil or vaseline, should be used for grinding in valves.

When shifting gears, an operator should stop for an instant in neutral before completing the shift.

Because of rust and sediment, the cooling system should be thoroughly cleaned out at least twice a year.

Sliding of the tires on the rim when the brakes are applied suddenly, causes the tube to tear around the valve stem.

To get the longest mileage and wear from tires, see that they fit the rim snugly.

Cleaning the headlights at least once a week will insure a clear, bright light.

MUSIC CALLED GOOD MEDICINE: HOSPITAL USES IT AFTER TEST

New York, June 9.—A sixty-day test with phonograph, completed this week in the wards of the New York Nursery and Child's Hospital, 161 West Sixty-first Street, showed that the waltz is good medicine and soothing.

"The test was tried," explained Dr. Harold C. Cox, resident physician, mainly with the mothers in the maternity ward, but also with the babies and sick children. Whether it was the appeal of rhythm, we do not know, but the tests have amply demonstrated that music has a marked therapeutic effect on the spirits and general morale of hospital patients.

KANSAS TO TAG PLANES AND LICENSE PILOTS

Topeka, Kan., June 9.—A state law regulating aviation in Kansas, passed by the 1921 Legislature, is to be put into force immediately, Adjutant General R. Nell Rahn announced this week. This law created a state aircraft board.

The license fee for airplanes in Kansas is \$20 a year. Each plane is required to carry a number plate similar to those used for automobiles. The fee for aviators' licenses is \$10 a year.

Minard's Liniment for sale everywhere.

Use Of Electricity On Farm Just Begun

New York, June 9.—Although farmers throughout the country now are profiting by the conveniences supplied by electricity, the use of electricity on the farm has just begun, O. E. Bradford, president of the American farm bureau federation, declared in an address prepared for delivery here at the annual convention of the national electric light association.

Modern electrical equipment in his home has placed the farmer on a level with his city brother in the social comforts of life, President Bradford said. His interest has become deeper when he thinks of the possibility of harnessing electricity for general farm work.

"What first comes to the farmer's mind is some of the tasks so irksome to him in his boyhood days. He remembered when it seemed he most needed play, the stern command from his mother to draw a bucket of water from the old pump or a more severe command from his father to furnish a tank of water for the livestock," said Mr. Bradford.

"Neither does he forget milking by hand, the old grindstone, the old fanning mill and the churn. All these

laborious tasks are being made lighter by electricity.

Young people from the staff of the Provincial Bank, in Charlotte street, enjoyed a picnic at McLearen's Beach on Thursday, one of the series of outings they plan on holding during the summer months.

The chaperones were Mr. and Mrs. W. J. Blackwell. Among those present were: Miss Beatrice McGuigan, Miss L. Wallace, Miss Mary McCarthy, Miss F. McDuff, Miss Catherine Wallace, Miss Gertrude Callahan, Miss Marion Dalton and L. P. J. Roy, D. F. Comeau, G. P. Regan, B. A. Robertson, E. D. Gaudet, L. F. Blanchard, M. M. Morrison and B. V. Gaudet.

The harbor department is putting new sills under the McLeod and Pe-

tingell sheds, is making repairs at No. 2 shed, Sand Point, and is preparing to put the dock at Rodney wharf in shape for asphaltting.

What Is a Cord Tire?

In cord tires the individual cords in each ply all run in one direction; in fabric tires these threads are woven at right angles to each other.

There is no crossing or binding in cord tires—practically eliminating all friction and heat from flexing and bending.

In Firestone Cord Tires the thousands of cords which compose the carcass are of long staple, high tensile strength cotton—from six to ten plies, according to size of tire.

These cords are fully permeated with rubber. They are calendered, forcing additional rubber into every fibre.

Between the cords and the tread go a breaker strip and cushion gum, extra thick—to protect the cord body.

The pattern and toughness of the non-skid tread provide a surer grip on the road—lend efficient traction without power wastage.

Firestone Cords give extra resiliency and easier riding—save gasoline consumption—render unusually long wear.

When you equip your car with Firestone Cords you are buying the best in tire-tread—the highest class footing your car can have. When you buy your new car or order tires, insist on Firestones and insure yourself most miles per dollar. Ask your dealer.

FIRESTONE TIRE & RUBBER CO., of Canada, Limited, Hamilton, Ontario.

FLINTSHIRE WAS ONCE FAMOUS AS LOURDES

Well of St. Winefride. Noted for its Many Astonishing Cures.

London, May 20.—(By mail).—That Lourdes, the little town in the Pyrenees, to which health seekers from all parts of the world are flocking just now, has its counterpart in Wales in a spot known to few people, writes Reginald Pound in The London Daily Express.

Yet to within a few years ago the Well of St. Winefride, virgin and martyr, at Holywell, in Flintshire, was as famous a shrine as the Grotto of Our Lady at Lourdes is today.

Holywell is a market town in a restful valley between Chester and Rhyl. It has a history that goes back over twelve centuries. The reputation of its well is not purely traditional or simply a matter of ancient history. Many astonishing and apparently inexplicable cures have occurred there in recent years, while the faith of a large number of people in its curative powers remains undiminished.

A striking fact emerging from a perusal of the documents relating to these cures is that most of the subjects have been Protestants, who owe no special devotion to St. Winefride. The closing years of last century were marked by many cures at the well, a considerable portion of them occurring among persons who refused, by reason of their faith, to touch the water of the well.

The water itself has often been analyzed and is shown to contain no medicinal properties whatever. At one time thousands of people annually visited the shrine and stately processions were held on the Feast of St. Winefride. At the height of its popularity the well was one of the most famous shrines in the world.

Today it no longer attracts the multitude. The supply of water was seriously curtailed a few years ago by drainage operations, while during the war the flow temporarily ceased.

Holywell has been eclipsed by Lourdes, with its more imposing record of miracles, as well as its many counter-attractions, but I have heard it prophesied that the order of popularity will one day be reversed and that Holywell will again come into its own.

Meanwhile its diminished waters are still taken by a small number of devotees to St. Winefride.

WIFE, 38, ASKS \$500 A WEEK. Mother Is Appointed Guardian of Daughter in Divorce Suit.

New York, June 9.—Mrs. Erna Landon of Montgomery, Ala., was appointed guardian of her daughter, Elizabeth Welch, 18 years old, of 1,185 Fourth Street, Brooklyn, who filed a petition in the Brooklyn Supreme Court recently for permission to begin a divorce action against Howard C. Welch, a realty operator, at 201 Montague Street, Brooklyn.

Alimony of \$500 weekly and counsel fees of \$10,000, pending trial, were asked for. At the time of her marriage, Dec. 20, 1922, Mrs. Welch says, she had known her husband twenty-six years.

In an affidavit Mrs. Welch alleged

CAUGHT TRYING TO GET RID OF WOMAN'S BODY

New York, June 9.—A man believed to be a Filipino, Staten Island, last night, as he was about to throw the knife-backed body of a young white woman into the water.

The young woman's body was wrapped in a bundle and police said it had been taken from Manhattan to Staten Island on a ferry boat. The victim was believed to have been about 22 years of age.

Matri-money is the root of all evil.

SHRINER WEDS IN TRUE ARAB STYLE

Surrounded by those fierce sons of the desert, the Bedouins, and flanked by a bloodthirsty troop with sabers drawn, Ruth Ethel Paula and Linder E. Brostrom, a member of Abu Bekr Temple, of Sioux City, Ia., were married Monday in the oasis at the base of the Washington monument, by the Rev. John E. Briggs.

Perhaps no stranger wedding has ever been held in the city; certainly none more picturesque. The bride and bridegroom were escorted in true Arabic splendor to the oasis, where the Bedouin troop of Abu Bekr took its stand behind the wedding party, forming a crescent.

The drill team of the temple flanked the riders and several hundred nobles of visiting temples and their noies attended, to wish the happy couple godspeed. A bouquet of orchids and the bride by the temple and she wore the red fez of the order throughout the ceremony.

As the benediction was pronounced by Dr. Briggs, a squadron of planes flew overhead, and the seer of the temple interpreted this as an omen of good fortune and an indication that the couple would live long and happy wedded life in absolute harmony.

When the words, "I pronounce you man and wife," were said, Noble Brostrom, like a true son of the desert, kissed his bride, an ancient and pleasing Arabic custom, it is said, and, lifting her to the back of his Arab steed, dashed away over the burning sands at the head of the Bedouins.

The Abu Bekr chapters, led by Luverne Sigmond, provided the music. C. O. Anderson gave the bride away and Miss Golden G. Merrill was maid of honor.

The couple went to a Washington hotel where they will remain for the convention. A special reception was given in their honor at the hotel.

Doyle-Smith. The marriage of Miss Rose. Mary Smith of Campbellton, daughter of the late Mr. and Mrs. Charles F. Smith, to Capt. Michael Lawrence Doyle, D. F. C. son of Mr. and Mrs. Paul Doyle, of Jaquet River, N. B., took place very quietly Monday morning in the Lady Chapel of St. Patrick's Church. Immediately after the ceremony Capt. and Mrs. Doyle left for their wedding trip and on their return will reside in Montreal.

Improvement In Milk Situation

All Milk Entering Pasteurization Plants Is Being Inspected—Less Complaints Heard.

According to Board of Health officials last night a decided improvement will take place in regard to the milk situation. A rigid inspection of all the milk is being made each day entering the pasteurization plant and every can is opened on its arrival and tested. Already a marked decrease is noted in the number of complaints about "sour" milk, and every day is expected to improve the situation noticeably. J. N. Staley said last evening that the milkmen had not tried to discredit pasteurized milk by unfair tactics. The United Dairymen's Association, he said, would welcome the fullest investigation.

MRS. MILES HOAR

(Sackville Post). The death of Mrs. Miles Hoar occurred at the home of her son W. C. Hoar Thursday afternoon after a short illness at the advanced age of eighty-three.

Mrs. Hoar before her marriage was Miss Elizabeth Hazen, daughter of the late Edwin Hazen of Sussex. She leaves to mourn her loss three sons and one daughter. The sons are Wilder, with whom she resided; Frank of Butte, Mont., and Harry of Indiana.

Get Sunburned all you wish

Rub Campana's Italian Balm on your face and arms each day. It won't prevent you getting sunburned; in fact, it assists the sun in giving the skin a clear, healthy, bronzed texture, instead of a coarse redness, but it will prevent the roughness and soreness and irritation that comes from sunburn, or excessive perspiration.

Be sure to take a good supply of Campana's Italian Balm away with you on your vacation—because you can buy it conveniently at many summer resorts.

PARLIAMENT SESSION MAY GO INTO JULY

(Special to The Times). Ottawa, June 9.—Hon. W. S. Fielding, Minister of Finance, announced at adjournment of Parliament last night that, on Monday next, he would move for a further two months' interim supply.

Supply already voted this session—two months—had carried the business of Government to the end of May. More funds are now needed for June disbursements, and the minister, in asking for two months' supply, may have in mind that the session may run well into July.

PRISONERS HELD BY BANDITS TO BE RELEASED SOON

Tsienten, June 9.—The chief of the Shantung train bandits now holding eight foreign captives in the Pootanku Mountain stronghold has promised that the prisoners will be released within four days, according to a letter received today by the French consul here from Emile Gensburger, a Shanghai broker, who is among those held.

CAMPBELLTON SHIPPING

(Graphic, Thursday). There are still two large steamers loading at the local port, the Lorents W. Hansen and the Sarmatra. The former ship will leave port today with a cargo of long lumber for Glasgow and the latter, bound for Manchester, England, expects to complete her load by the end of the week. These steamers are being loaded by the Stetson Cutler & Co's interests.

The full-rigged ship Gunda arrived here this afternoon after discharging her ballast at Dalhousie and is docked at the Chaleur Bay Mills wharf, where she will be loaded by that firm. A four-masted bark, the Audry, is expected today from Dalhousie where she also discharged her ballast.

KILLED BY ACCIDENT

Allan Adams of Matapedia has received a telegram stating that his youngest son, Lindsay, was accidentally killed yesterday in Washington State, where he was working. No particulars have yet been received. Austin Adams of Campbellton is a brother, and Mrs. Ernest Glidden, Mrs. Robert McAllister and Mrs. Mary Lyons, all of Campbellton, are sisters.

N. S. GRAND LODGE

Yarmouth, June 9.—The sixty-fifth annual meeting of the Most Worthy Orange Lodge of Nova Scotia concluded its deliberations here yesterday. E. H. Humphreys, Trenton was elected grand master.

It is intimated that the 1923 tax rate for the city will be slightly higher. Last year's figure was \$2.98. The work of the board of assessors has not yet been completed, but it is expected that within a few weeks final details will be completed. The city assessment last year totalled \$1,200,272.82, while the county assessment was \$421,818.54, the grand total being \$1,722,146.36.

TIZ makes SMALLER FEET

O H, YES! I can wear smaller, prettier shoes since I use Tiz because my feet are never swollen or tender any more.

The minute you put your feet in a Tiz bath, you feel pain and tenderness drawn out. No more tired, aching, burning, shoe chafed feet. Tiz draws out the poisons that puff up your feet.

"Tiz" will end your foot troubles so your shoes won't seem tight and your feet will never get sore, swollen or tired. A whole year's foot comfort in a box of Tiz bought for a few cents at any drug or department store.

HIGH SCHOOL ADVICE TO BOYS AND GIRLS

E. R. Whitney of Schenectady Tells Why Many Students Leave

He Gives Daily Programme—Says Going Through School is Like Journeying on a Four Years' Pilgrimage.

(New York Times.)

Superintendent of Schools, E. R. Whitney of Schenectady, recently issued a brief circular containing much pertinent advice to high school boys and girls.

"Going through high school," he says, "is like going on a four years' pilgrimage toward a definite destination. Many start. Few arrive. Many fall by the wayside. Some because they are tired. A few because they are weak and cannot endure the journey. Some are sick and so fall out. Some

ABSOLUTELY PURE AND WHOLESOME
Use Them in Your Home

P&B BEVERAGES
"THE QUALITY KIND"

Made in Sussex by
SUSSEX BEVERAGE COMPANY
W. A. SIMONDS - CITY AGENTS

are financially unable to pursue the course. The largest number of those who drop out do so because they are discouraged and lack ambition and are just plain lazy.

"Some are distracted from the main highway by allurements from the side. The socially inclined spend their energies in chasing butterflies, which dance up and down mountain steeples, until they fall exhausted. Some, getting toward their destination, stop by the wayside to play with bright pebbles they find on the road. Some, the visionary, fly kites of many colors, losing valuable time by untying the cords from the tree tops.

"Some proceed at such a slow rate that they lag so far behind the main procession that they think their leaders (teachers) can no longer lead or instruct them. Others, baited by the glint and glimmer of gold offered by those along the road who would exchange money for work, drop out of line and always afterward regret doing so. It is evident that if you would reach your destination you must go to-

ward it with vigor, with determination, with effort, and enthusiasm. To succeed, you must exert every fibre of your being and resist all distracting allurements that hinder your progress.

The following helpful suggestions are offered in the circular:

"1. Keep your mind on the goal—graduation. Never lose sight of that—graduation in four years; in less than four if you can, but graduation!

"2. But a notebook and use it every day. In it write (a) Your daily program of recitation—subject, room, teacher's name, teacher's date and time for make-up work, (b) Your daily program of preparations. The time you set for the preparation of each of the subjects mentioned in (a). This program must be conscientiously carried out each day. Let nothing interfere with your daily preparation of lessons. Business (school work) before mere leisure! Do your school work well and you will have pleasure, too. You cannot get all your lessons in school. There is not time enough at school for that. If possible, have a quiet place all your own at home in which to study from two to four hours each school day. (c) Assignments of lessons for next school day. (d) Points of each day's lessons you do not fully understand, but will learn.

"3. How to study the next lesson. (a) Read it all through very slowly once (if mathematics, one problem at a time, if foreign language, one sentence at a time), making sure you know what the main points are. Learn to distinguish the main points from the minor points. (b) Begin again at the beginning and analyze very carefully. Study until you know all the lesson thoroughly. Question yourself about each statement or part, and answer your questions. (c) Write out the lesson, and then make a synopsis of it as a whole. (d) Do not let anything about your lesson go by not understood. If you cannot find out for yourself after long and faithful study, ask your teacher next day. Remember that other lessons are apt to come that depend on thorough understanding of this one. (e) Review work of each week.

"4. Always recite when called on. Never falter, shirk, or be a quitter. You will gain strength and confidence by getting up on your feet and trying.

"5. Both your teacher and your classmates

despise the shirker who will not even try, while they always respect your honest effort. Your teacher wants you to pass, but you must do your part. Do your best and get credit for it. Stand up squarely on both feet, think of the question asked and answer in a clear voice so that the teacher and the class can easily hear you. If you do this, you will feel better and next time it will be easier to do.

"5. Be prompt, punctual, regular in your habits and dependable. If a written lesson is due at 8:15 Wednesday, do not think that any time Friday will do just as well. It will not. If you are delegated to do a certain task, do it on time, do all of it, and do it so well that it cannot be done better by some one else. But it is more important that the written work should be done by you and be yours only than that work not done by you should be handed in as yours, when it is not. The written work called for is not for the benefit of the teacher, but for all. It is not merely the paper your teacher wants to see. No, it is your intellectual growth she wants to observe. You cheat no one but yourself when you dishonestly hand in written work that is not yours."

FAVORS LAW TO PAY BONUS FOR BABIES

Women Who Risk Their Lives Deserve it as Much as Soldiers, Says Senator Straus—Should Have a Pension, Too.

New York, June 9.—Ways and means to make effective the Sheppard-Towner bill, recently passed by the Legislature, were discussed this week at a meeting of the United Organizations at 610 Lexington avenue. Mrs. Frank A. Vandenberg, the chairman, presided. The speakers were Senator Nathan Straus, J. Lillian Wald of the Henry Street Settlement, Mrs. Willis G. Mitchell, vice-chairman of the United Organizations, and Dr. Matthias Nicholl, Deputy State Commissioner of Health. Senator Straus complimented Mrs. Vandenberg and Mrs. Mitchell for the tireless efforts of the women's organizations in putting through the bill. But the real task, he said, was to make the law effective; the women must not slacken their efforts, not only to enforce the Sheppard-Towner bill but also to introduce new legislation along the same lines.

"The enactment of a law providing a bonus for maternity," he said, "is one of the possibilities for further legislation. The greatest need of civilization is better babies, and women who risk their lives in this task deserve a bonus quite as much as the soldier who fought to preserve it. Prospective mothers, too, should have a pension to enable them to escape during this critical period from toil and worry. These are suggestions as to how the women who have built up their splendid organization may use their money to do work which they have so successfully begun."

Miss Wald spoke of the tremendous reduction in tuberculosis, as a result of a campaign of education, and declared that an equal success could be attained in the field of child welfare by a similar educational campaign. To accomplish this, she said, the printed word was not sufficient. Actual administration at the needed time, she said, was indispensable. Women properly trained must go into the homes, she said, to supplement the printed educational propaganda.

Dr. Nicholl said that women could most successfully carry on the work along public health lines and urged them to continue their efforts. There was a great need, he said, for properly trained nurses of the right type to go into the rural districts. Women doctors, too, were needed. In spite of the liberal salaries paid by the State Board, he said, it was impossible to obtain a large enough personnel to carry on the work in the rural districts, where thousands of mothers die in childbirth for want of proper care.

By the provisions of the proposed "State aid to health" bill, Dr. Nicholl said, Boards of Supervisors in rural communities may appropriate money for any public health measure, an equal sum to be given by the State.

Crisp, Delicious Flakes of Bran

You've balked at ordinary bran and no wonder. When Nature made wheat it contained, along with bran, other parts to make it delicious and nourishing as well as laxative.

Here's Post's Bran Flakes with Other Parts of Wheat the very height of deliciousness! Crisp, delicate, tasty, toasted flakes, ready-to-eat with cream or milk or fruit—what more welcome way to carry out Nature's plan of keeping your body free from poisons, fit and vigorous.

The bran is there, not harsh or dry, but palatable, appetizing—and effective. It took the Canadian Postum Cereal Company four years of intensive study and experiment and a vast sum of money to perfect it.

To avoid substitution insist on seeing the name Post's Bran Flakes on every package you buy. Serve with cream or milk—or fresh fruit. A generous package for 18c.—2 for 35c.

There's Another Winter Coming—What About Your Furnace?

Were you satisfied with the heating of your home last winter? Do you know that in thousands of homes using Clare Bros. furnaces, heating is no longer a problem? These people have comfortable, healthy homes all the times. They save coal. And their heating problem is settled for life.

Clare Bros. furnaces are the result of over fifty years' experience. They have exclusive, patented features found in no other furnace. They are priced on the basis of large-scale production. In every way, no matter which style or size you need, they represent heating value.

HECLA
The most famous Canadian furnace. Absolutely guaranteed to heat your home—we never have to replace a Hecla Furnace. Steel-Ribbed Firepot—saves one ton of coal in seven. Circular Waterpan—gives moist, healthful heat. Fused Joints—no gas, no dust. Separate Grate-Bars. Large Fire Door. Lasts a lifetime. Made in both pipe and pipeless styles.

STAR
In its price class, just as famous as the Hecla. Has the dustless Fused Joints and Separate Grate-Bars of the Hecla. There is only one better furnace—the Hecla. Success prices are low—whether for the pipe or for the pipeless.

STANDARD
Best value amongst all cast-iron furnaces. Has special Clare Bros. features. Specially adapted for soft coal.

Heating Plan Prepared Free
Our heating engineers will prepare, without obligation on your part, a plan for heating your home. Send us a rough plan of the house. We'll outline a guaranteed heating system and estimate the cost. Write to-day.

In New Homes
If you are building or buying a new home, have a Clare Bros. furnace. It will add many dollars in value and comfort.
