Well Under Way in Nova Scotia, is Report.

Fifteen Clubs Reported Interested in New Athletic Association—Big Boat Race Tomorrow—Late Sport News.

(Canadian Press.)

Halifax, N. S., March 31—The organization of a Nova Scotia amateur athletic union is well under way, according to a number of sporting men who are working the project.

Clubs from the following towns are said to be behind the proposed organization—Amherst, Springhill, New Glasgow, Pictou, Thornburn, Stellarton, Westville, Glace Bay, Sydney Mines, Dominion, Sydney, Halifax, Mahone Bay, Bridgewater and Shelburne.

London, March 31.—In the Oxford-Cambridge university boat race on the Thames, tomorrow, J. P. Kelly, who weighed twice as much as the other competitors, will replace Barter, as Oxford's number four. Barter strained his back muscles while practicing for the annual contest.

Philadelphia, March 31.—A handicap trot, limited to horses having won a race or with non-win records of 2:06 or better, will be one of the features of the Grand Circuit meeting here in August.

Hockey.  
Toronto, March 31.—The hockey season will close in Toronto tonight when the Bank of Montreal, champions of the Montreal Bankers' League, will meet Dominion Bank in the second game for the Robert trophy.

Boston, March 31.—Seven Canadian hockey players arrived here today from Toronto to meet the Westminsters, amateur champions of the U. S., in two exhibition games.

Pittsburg, March 31.—The Pirates invaded the capital of Arkansas yesterday. Yet weather prohibited the game scheduled with the Travelers at Little Rock, however, and the best that Manager Gibson's men could do was to work out on soggy field.

Boston, March 31.—Rain again prevented practice yesterday at Hot Springs, the Red Sox packed their trunks for the long trip north at the conclusion of today's workout.

St. Louis, March 31.—The Phillies and the Cardinals were scheduled to play the fifth and last game of their exhibition series today at St. Louis.

As Hiram Sees It

"A New York food expert," said the Times reporter to Mr. Hiram Hornbeam, "has been warning the people against the deadly nature of pork chops."

"It is that so," quoth Hiram. "I'd like to talk to that fellow for a spell. Did he say anything about pancakes?"

"That's so," said Hiram. "An' mebbe he don't do enough work to make him digest an eyster. I want to say right here that I been thirvin' on pork an' panakes—cooked they way they ort to be—fer quite a spell now—an' no food expert is gonno spile my appetite—no, sir."

## Local Board of Trade Eager to Advance Maritime Cause

President Burditt Promises Immediate Action on Suggestion of Co-operation in Problems Common to New Brunswick and Nova Scotia Offered By G. Fred. Pearson, of Halifax Board—Harry Allen and L. B. Knight Talk on Value to Province of Tourists and Visiting Sportsmen.

That the common interests of New Brunswick and Nova Scotia could be promoted through co-operation of the Halifax and the St. John boards of trade and the appointment of a committee representative of the two organizations to study common problems and to find solutions, was the suggestion made by G. Fred. Pearson, of Halifax, during the course of his address on Maritime Co-operation at the social night of the local board held in the Pythian Castle last evening. A right solution of the railway problem as it affects the lower provinces and taking advantage of great highway of the sea to hold up an export manufacturer business in the maritime provinces were two of the things to a consideration of which Mr. Pearson said, such a committee might well address itself. He advocated a survey of the resources and products of both provinces with a view to making them more valuable. Mr. Pearson's suggestion met with instant acceptance for, in thanking the speaker for the address, W. F. Burditt, chairman of the local board of trade, who presided during the evening, assured Mr. Pearson that the local body would be glad to co-operate with the Halifax board in such an enterprise and would take up the matter at its first meeting.

### An Interesting Programme.

Harry Allen, chief of the New Brunswick guides, gave a travogue talk on hunting and fishing in New Brunswick which was accompanied by motion pictures.

L. B. Knight spoke of the proposed game preserve in the area opened up by the Musquash hydro-electric development and advocated the formation of an association to protect the area.

Motion pictures of sporting events of world-wide importance were shown during the evening and towards the close light refreshments were served. About 200 members of the board and their friends were present at the evening which was packed full of information, entertainment and enjoyment.

W. F. Burditt in his opening remarks pointed out the need of the local board for a larger membership. Although the organization was a hundred years old it was still going well. He welcomed the speakers of the evening and introduced Mr. Pearson.

### G. Fred. Pearson.

He was bringing a message of goodwill and the greetings of the board of trade in the sister city of Halifax, said Mr. Pearson in opening his address.

"The people of the middle west were banding together for their own interests and he thought it was high time that the people of the maritime provinces should be doing likewise. Mr. Pearson said he did not mean that the maritime provinces should adopt a selfish policy or fail to take a proper interest in the affairs of the dominion as a whole. He did mean that the time had arrived when the people of the two provinces should unite and agree upon some policy of promoting the legitimate self interests of New Brunswick and of Nova Scotia."

"The work of the Halifax Board of Trade had taken a wider aspect in recent years, Mr. Pearson said. They had adopted the view that whatever was in the best interests of any part of the province was in the interests of the province as a whole and, consequently, in the interests of Halifax. Acting in accordance with this view, the Halifax Board of Trade was urging that a scientific investigation be undertaken with a view to improving the quality and the market value of certain coal mined in the sister province.

"This was but an example of one problem, Mr. Pearson said. He felt sure that there were problems common to both New Brunswick and Nova Scotia which could be worked out to the mutual advantage of both provinces if the initiative in the matter were taken by the boards of trade of Halifax and St. John and a joint committee of the councils of both boards were appointed to institute a general survey of the resources and products of both provinces with a view to finding means of making them more valuable.

"The railway problem was another, said Mr. Pearson. With both provinces and both cities acting together he felt that a solution that would be beneficial to both could be found. The railway question should not be considered from a political standpoint but from the standpoint of the best interests of the nation, he said.

Mr. Pearson quoted from a speech delivered by the great Nova Scotian, Joseph Howe, more than seventy years ago

bore high power rifles and automatics for hunting purposes to his disfavor. An animal wounded with such a small bore rifle, if it escaped, was likely to die later from internal bleeding. With the use of a .38.55 and a big bullet, if the animal did get away he was likely to get well again.

He advocated stricter measures for the protection of fish to guard against depletion of the supply.

He likewise advocated raising the age limit at which it was legal to shoot moose. Unless the young ones were protected, better moose would become scarcer in the future. He also thought that it would attract more people to the province if the season were opened on September 15 instead of two weeks later, as at present.

The proposed game preserve in the vicinity of Musquash was the subject of an address by L. B. Knight, who first suggested the idea. Of the 500,000 acres in the area about 400,000 was crown land. It contained six good-sized rivers, other smaller streams and about 125 lakes. It was already largely accessible and could be made easily more so.

Now that the country had been opened up it was essential that it should be protected from destruction by fire. Immediate steps were necessary within the next six weeks. If fire ever spread over the area it would take another 100 years to make of it the sportsman's paradise that it now is.

Mr. Knight read a letter he received from the secretary of state for Maine to the effect that it had been estimated that every competent authority that visitors to Maine left annually in the state, \$40,000,000.

They had nothing in Maine which we did not have in this area, said Mr. Knight, in further urging that the area be protected and developed as a valuable asset to the city and province. He advocated the formation of an association for these purposes.

Mr. Burditt, in thanking Mr. Knight for the address, assured him that the board of trade at its next meeting, during the evening Jack Simpson, in Highland costume, sang some Scottish songs after the style of Harry Lauder.

**TEAS STEADILY ADVANCING.**  
Teas—Advances from primary markets continue to indicate a strong situation with upward tendencies. Locally there are no changes, but as stocks are higher there is a strong possibility of further advances, as importers state spot prices are still far below cost of replacement.

The above statement in the "Canadian Grocer" of March 10 is authoritative. Those who understand the tea situation say that unless the price becomes easier on the primary market, very soon the consumer may expect to pay ten or fifteen cents more a pound for tea.

**PURITY IS THE ONLY HEATHIZED CARBONATED ICE CREAM MADE IN NEW BRUNSWICK**

Don't make any mistake. If you want Heathized Carbonated Ice Cream be sure to ask for Purity. Because if it isn't Purity it isn't Heathized.

Purity Ice Cream Co., Ltd., control the exclusive right to manufacture ice cream under the Heath patents in New Brunswick.

When we discovered the tremendous advantages of making ice cream this purer, better way we at once secured the sole right to this process for our territory. We know it was the biggest and most important advance in ice cream manufacturing in the history of the industry.

We knew that ice cream frozen in ordinary air was always of doubtful purity. We found out that ice cream made in air was lower in food value, oxidation by air destroying the vitamins food value, the precious elements of food without which we cannot live.

So we secured the right to Heathize our ice cream. It is costing us thousands of dollars a year just to add this greater safeguard to the purity of our ice cream, but we don't ask the public to share this expense. The Purity ice cream you buy doesn't cost you one cent more. You have the advantage of knowing that when you buy Purity ice cream you are buying the purest and best ice cream that science, money and brains can produce.

**INSIST ON PURITY HEATHIZED ICE CREAM**

And, remember, when you buy ice cream, whether it is a dish at the nearby soda fountain, or a brick or carton to take home for the family, be sure that its Purity. If your dealer hasn't it, go to a Purity Dealer.

The Evening Times and Star

ST. JOHN, N. B., MARCH 31, 1922.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A FRUITFUL MEETING.

The Board of Trade is to be congratulated on the large attendance, the good entertainment, and most of all the inspiring addresses delivered at its get-together meeting in Pythian Hall last evening.

First there was the greeting from Halifax, and an invitation to joint study of conditions and hearty co-operation for the good of the maritime provinces.

None could have delivered the message more gracefully than Mr. G. Fred Pearson, and the matters discussed in his brief but impressive address were such as to appeal to his hearers.

He would not confine the labors of a joint committee of the Halifax and St. John Boards of Trade to matters affecting the two cities alone, but to others affecting inter-provincial interests in common.

What he said about the necessity of developing manufacturing industries which could do an export business, utilizing our unrivaled seaboard location to bring money into the province has been in the minds of keen business men here for some time, and is worthy of most serious consideration.

Mr. Pearson was very frank about the nature of federal expenditures in the port of Halifax, and was justified in declaring that when large expenditures are to be made in any port there should be no politics in the case and the work should be done where it would produce the best results.

President Burditt of the St. John Board voiced the sentiments of the business men of St. John when he said that our Board would heartily co-operate with the Halifax Board along the lines suggested by Mr. Pearson, who must have been convinced by the applause of the hundreds of business men present that his message had been most heartily received.

It must have revealed to him that last night's get-together meeting in St. John was but the preliminary to the larger and more fruitful one he had in mind when he came to the city.

Mr. Harry Allen discussed a different topic, but it was provincial in its scope, and in a sense inter-provincial, since Nova Scotia also has game and fish and offers great attractions to tourists.

Mr. Allen is a New Brunswick asset of far more value than perhaps the people at large appreciate. What he is doing with his moving pictures to attract sportsmen to this province is supplemented by what he does in the province itself to acquaint the people with the advantages the province possesses, and the necessity of conserving the great wealth in fish and game which attracts to the province people with plenty of money to spend.

In his address last evening he offered suggestions that are well worthy of the consideration of the provincial authorities, the tourist associations and the people at large.

A fitting supplement to the remarks of Mr. Allen were those of Mr. L. B. Knight regarding the proposed great game and fish preserve of half a million acres within easy reach of St. John, embracing the area of hydro-electric development and a stretch of country and the Bay of Fundy.

Mr. Knight remembers a time when Maine estimated the amount spent by tourists and sportsmen in the state at \$2,000,000, and he read a letter based on the same method of calculation which placed the total last year at \$40,000,000.

When Hon. Mr. Veniot had finished with his critics last night there was little more to be said. Mr. Veniot is not a gentleman to be maligned for the pleasure of the thing.

THE GLOBE AND THE MAYOR.

The Globe may be assured that nobody desires to do an injustice to Mayor Schofield in regard to his attitude on the hydro question. The citizens hope, as the Globe does, that on Tuesday night he will declare himself, as the Globe itself and so many others have done, in favor of civic distribution of hydro.

It is the Globe itself which says that "it is unfortunate that in many of his utterances on the subject the mayor has seemed to indicate a distribution preference which is not the preference of the public." It is the Globe which says further that "the proposition is essentially one of business" and should be so studied, and that "that study can lead to only one conclusion—that the city must handle the business itself if it would get for the people all the benefit."

If on Tuesday evening the mayor is as emphatic as the Globe, and declares that "hydro is the way to freedom," the announcement will be hailed with universal satisfaction. And since he has studied the question, and since the Globe says there can be but one conclusion in the mind of one who studies it, it is doubtless fair to assume that the desired definite and emphatic announcement will be made.

When Angelina Anglebaker returned home with her writings her mother asked her: "What did the editor think of your verses?" "Did he accept any of them?" "No, he said he couldn't print any of them just now because he was all out of poetry type."—Youngstown Telegram.

VALUABLE TESTIMONY. It is worth while to direct special attention to the remarks of one of the French speaking members of the legislature on the public health act. The official report of the speech of Mr. Robichaud of Gloucester says:—

"As far as the public health act was concerned he could say that Gloucester county had accepted it as one of the finest pieces of legislation ever placed on the statute books. The act was called top-heavy, but it cost Gloucester only twenty-five cents per capita. The average cost for a small family was thirty-eight to forty cents. Upon industries the charge was two or three dollars. For that the county was guarded against epidemics and Gloucester knew what epidemics meant, for it still was paying on bonds for \$38,000 which had been issued to combat an outbreak of smallpox. Under the circumstances could Gloucester with its population of 40,000 people say the act was expensive and top-heavy? The people who were saying that said so for the purpose of creating political capital. It was only by abandoning such tactics that progress would be obtained. They should think once, twice, yes, even seven times before they condemned this great measure of public health."

The people of some of the other counties who have been misled by political propaganda and are perhaps prejudiced against the health act should give attention to these very practical and significant remarks by the member for Gloucester.

The Chatham World is still seeking information about that tory convention it says: "How were the members of the so-called Conservative convention chosen, or did they nominate and elect themselves as delegates? We know of no meeting having been held in this county for the election of representatives of the party. It is absurd that a number of persons, representing nobody but themselves, should assemble at Fredericton and choose a leader for the party against the unanimous vote of the representatives of the people in the Legislature. Mr. Palmer may be the right man, but he has not been chosen in the right way."

It is worth putting on the record that Mr. S. J. Carter of Montreal, addressing the Dominion government in behalf of the Dominion Alliance, said that he had been assured by high dignitaries of the Roman Catholic church that they were friendly to a Dominion prohibition law. It would be quite incorrect to assume that even a majority of the people of Quebec are satisfied with present conditions, and Mr. Carter asserted that they are not. There must be very many who do not relish the suggestion that the province should drink itself out of debt.

The demand that the citizens of St. John get the full benefit of the Musquash development is to be the issue in the civic elections. If this boon is not secured it will not make very much difference who holds sway at City Hall. This issue embraces and overshadows all others. The people are not looking for a Moses, but just for a city council pledged to give them the full benefit of hydro.

A HILL SONG.

There is a little hint of Spring A subtle, silent, unseen thing By shadowed wall and open way, And I, a gypsy for a day, Go straying far beneath the sky, And far into the windy hills, Where distant, dim horizons lie, And earth with gleams of heaven fills.

My quest is but a singing bird Whose voice on uplands lone is heard, Grey glimmers in the azure haze, And this my tent, an evergreen; The hills are mine own open way— I hate the smother of the town, I love by breezy hills to stray Where thawing streams come leaping down.

Oh, joy it is, and free of care, With the sun and the wind in my face and my hair, Alone with shining clouds which trail Silently each like a phantom sail, Over the hills on the blue of heaven; Oh, joy it is to wander here Where the heart of the heart of the young, Quicken the carth, and Spring is near.

And joy it is, the shore-lark's cry— Full well I know he walketh by; A sudden winnow of grey wings, And in the light he soars and sings, And pausing in his heavenward flight, A heart-beat, on from height to height, He trails his silver strains of song By paths eye may not follow long; Grey glimmers in the azure haze, I only hear sweet sounds in the skies, As if the soul of song had strayed Invisible from Paradise (From Mr. Garvin's "Canadian Poets.")

DR. GRACE ENGLAND HEADS DELEGATION

Government Representative to Pan-American Conference of Women at Baltimore.

The Canadian government, in an official despatch has announced the appointment of Dr. Grace Ritchie England, a well known physician of Montreal, as delegate for the Dominion of Canada to the Pan-American conference of women at Baltimore next month.

Dr. England, a large delegation from Canada, in response to the invitation of the National League of Women voters, by whom the conference is called, many organizations of Canadian women will send delegates to the Pan-American meeting. Prominent among these is the National Council of Women, which has named Dr. Augusta Stowe Gullen of Toronto and Mrs. E. Atherton Smith of Toronto. A number of women who are prominent in civic activities will also attend. Miss Agnes MacPhail, first woman member of the Dominion parliament, received a special invitation from the league, and has written in reply that she hopes to come to Baltimore.

In recognition of the close and friendly relations between the women of Canada and the United States, the league of women voters has invited Sir Auckland Geddes, British ambassador, to address the mass meeting which will be held at the conference on the day when the delegates visit Washington. The ambassador has accepted the invitation, and will speak at the meeting and will be held in the afternoon, and other diplomats will appear. The general subject of this meeting will be "what the women of the Americas can do to promote friendly relations."

SAYS MANY NATIVES WOULD JOIN CHURCH

Miss Kilpatrick, Home from India, Says Work Handicapped by Lack of Missionaries.

"Statistics show ten thousand persons a month in India are asking for Christian baptism, but, owing to lack of missionaries there, many can not be dealt with. There is at present a great yearning for Christ in India, which presents an unparalleled opportunity to Christianity," declared Miss Dorothy Kilpatrick, daughter of the Rev. Dr. Kilpatrick, of Toronto, just returned after seven years of missionary work in India, in the course of an address, delivered at St. Giles Presbyterian church in Montreal, where the eight annual meeting of the Quebec Provincial Society of the Women's Missionary Society (western division), of the Presbyterian church in Canada was in session.

Miss Kilpatrick at the outset, described India as a land of exquisite natural beauty, a gem of the world, regrettably hindered by the disturbed economic and social condition which prevailed at the present time, due to its physical needs and vast ignorance. Infant mortality in some parts, she said, reached as high as 636 in 1,000. Superstition, a strong belief in fatalism, and abnormal class prejudice checked reform and hindered Christian advancement, the speaker said.

Referring to the physical needs of the people, Miss Kilpatrick said one hundred millions had no medical help. Millions lived on the verge of starvation. Inventions looking to cheaper food, engineering and irrigation were badly needed. Intellectual standards were also very low.

INTERESTING LETTER FROM LOS ANGELES

John Hutchings, Kennebecasis Island, has received the following letter from his son, who is now in Los Angeles, California:—

Dear Dad: We are feeling quite at home here now, so will give you some knowledge of Sunny California, also those interested in its business and climate conditions, the information which I think will be gladly received by many.

Having taken passage from St. John via Boston, Chicago, Salt Lake City and finally arriving in Los Angeles, we were on the rails five days and nights from the 4th to the 9th of December. There was nothing in the shape of waving palms and sunshine on the Northern Pacific, but after leaving Chicago, which is one fourth of the journey, the country was snowy and cold, a blanket of white on the endless miles of prairie, as far as Utah. At Salt Lake City, you get a taste of north western falls and an absence of snow, and the trees and grass green and sunny looking. Then, going through the Sierra Nevada, the temperature dropped to 10 below zero, and we were awake shivering part of the night. The first part of day brings occasional frosty mornings. You will find a thin sheet of ice on your rain barrel in December, then a day or two of rain and some more sunny weather. The nights are typically cool and the days warm, always warm as long as the sun shines. The rainy season is a combination of April and September.

About 3 p.m. the conductor calls the name of the wonderful city "Los Angeles" and most of the passengers with anticipation to see the wonderful station. The train stops, porters bundle you off after the tiresome journey, you look around for the beautiful station and are disappointed to find a small wooden structure with bare necessities, such as one sees along the prairie towns. However, you soon forget this when you pass up through the city that would remind you of Washington street, Boston, or Fifth Avenue, New York. Of course there is a sense of strangeness. As you pass out of the business district and into the residential parts, with waving palms and grassy lawns, everything looks beautiful, the weather like a nice clear sunny day in July. Just compare it, December 15th, with St. John. This is the time for the rainy season rain every day for 10 days as the wettest rain you were ever in. It runs like a river down the streets, there being only surface drainage. Now there is a week of sunshine, with an occasional frosty morning. You will see a thin sheet of ice on your rain barrel in December, then a day or two of rain and some more sunny weather. The nights are typically cool and the days warm, always warm as long as the sun shines. The rainy season is a combination of April and September.

D. MAGEE'S SONS, LIMITED. SINCE 1859 ST. JOHN, N. B.

While not personally condemning the practice, he would much rather women guests refrained in public, he didn't think it added to a woman's charm at all. The Walker House claimed not few delinquents. English women, transients, smoke sometimes there in the rotunda. Worthwhile people in England had shut down on women doing so in public, it was said. Manager McCarthy, at the Carls-Rite, admitted that women smoked sometimes there, but he preferred it was not done in public. The women players in an English musical comedy had frequently indulged. Up to a year ago, it was stated at the Prince George Hotel, women were told "No" on asking if smoking were allowed. "There are some things in a hotel I do care about—but regarding smoking I don't care what they do," commented Manager Thompson. The regular meeting of St. Columba Y. P. The Nine Power Far Eastern treaty, drafted by the arms conference to carry forward the open door policy in China was yesterday ratified by the United States senate. Dr. Adam T. McLean was appointed food inspector in Moncton on Wednesday by the board of health of that city. His salary is to be \$2,400 annually. The cotton manufacturers of Leicester yesterday announced a wage cut of thirty per cent. affecting about 500,000 workers. Banton, the Laborite candidate, won a decided victory yesterday in the constituency of East Leicester by a vote of 14,062 against 8,710 for the Coalition Liberal. The seat was made vacant by the appointment of Sir Gordon Hewart as lord chief justice. Five hundred miners at Dominion No. 1, Sydney, N. S., laid down their tools yesterday as a result of trouble between the drivers and the management. This mine is expected to be idle today. Word has been received at St. John's, Nfld., that the crew of the schooner Viking, in the Gulf of St. Lawrence, had mutinied with the demand that the voyage be abandoned. The owners instructed the captain to continue operations unless forced by the men to stop hunting and abandon ship.

LADIES SMOKE IN TORONTO HOTELS (Toronto Telegram) Once when there was no such thing in Toronto as smoking by ladies in public. In the last few years, things have changed. Now "quite respectable" ladies—not all of them of the flapper age, by any means—smoke in restaurants, on trains and boats, in public, without the slightest embarrassment. Hotelmen seem to think it is English ladies mostly who are fond of their cigarette. So far as Mrs. Alderman Small is concerned, the City Council isn't likely to ban the custom. "I am a great believer in the British heritage of liberty, and until I was convinced that it was a real evil in Toronto I should not take any step," said Mrs. Small. "Certainly I should not be likely to bring it up in public." She was unaware that the practice went on to any great extent here. Manager L. S. Muldoon, at the King Edward Hotel, frankly stated that ladies smoke there, "it is usually society, middle-aged and English women who indulge in public, not the professional class," he

ARMY CANTEENS BALANCE SHEET

British War Secretary Says Statement is Being Prepared.

London, March 31—In the House of Commons on Tuesday, the Secretary for War, Rt. Hon. Sir Laming Worthington-Evans, declined to make public the balance sheet of the Expeditionary Force canteens. Lord Wolmer, Coalition Unionist, M.P., for Aldershot, asked why the War Secretary wished to conceal the facts. "I have no desire to conceal anything the noble member has a right to know," the secretary replied, "but he has no right to make such an insinuation. I previously stated that the balance sheets did not contain sufficient facts to prevent it from being misleading." Sir Laming said a balance sheet was in preparation, calculated to give the full facts.

**NOT GUILTY ON BOTH COUNTS**

In the circuit court yesterday the case of the King vs. Allan Stephens, on indictments of theft and also receiving stolen goods knowing them to have been stolen, was taken up. The defendant was accused of stealing and receiving cloth the property of the C. P. R. The evidence was similar to that produced in the police court. The jury retired to consider the verdict about 4.30 o'clock and returned after about fifteen minutes and requested that the evidence of Mrs. Chappelle be read to them. They then retired and after about forty-five minutes deliberation brought in a verdict of not guilty on both counts. Dr. W. B. Wallace, K. C., appeared for the prosecution and J. A. Barry for the defense.

**HALT CHURCH UNION**

(Canadian Press Despatch)  
Toronto, March 30—It is said that no definite action may be taken this year to unite the Methodist, Presbyterian and Congregational churches as the Presbyterian special committee on property rights may not be able to report in time for the general assembly to deal with the matter at its next annual session. It is believed by prominent Presbyterians that there has been a change recently on the question of church union, the opposition to it being on the increase.

Seattle Man Asks \$100,000 for Alleged Alienation of Affections.

White Plains, N. Y., March 31.—Alleging that George T. Williams, said to be a millionaire shipping promoter, had alienated the affection of his wife, Amanda H. Lester, William J. Lester of Seattle, Wash., brought suit against him in the supreme court at White Plains for \$100,000 damages. Reginald H. Schenck of Manhattan is attorney for Mr. Lester. Mr. Lester, in his complaint, alleges that Williams induced Mrs. Lester to

leave Seattle in June, 1920, and follow him to New York City, where they lived in an apartment at 803 West Eightieth street. Lester sets forth also that the defendant formerly was the husband of Mrs. Lester and that she divorced him several years ago when he was poor and did not provide for her. The Lesters were married in 1917.

**RENTS HIGH, FLATS VACANT.**

5,000 Empty in Chicago as the Summer Exodus to the Forests Nears.

Chicago, March 31.—There are 5,000 vacant flats in Chicago, and by June 1 that number will be doubled, says M. B. Walsh, secretary of the Tenants' League. The reason, he says, is that prices are too high.

Landlords are asking anywhere from \$75 to \$250 a month for them, and people can't pay," Mr. Walsh declared. With the coming of fine weather, according to the renters' champion, thousands of apartments will be vacated by families who will take up their abode in tent colonies in the forest preserves surrounding the city. Last year, it was estimated, 10,000 families saved rent by this practice during the summer.

LEVER BROTHERS LIMITED, TORONTO

**SIR JOHN EATON, MERCHANT PRINCE, OF TORONTO, DEAD**

Toronto, March 30.—Sir John Eaton is dead. After a gallant and remarkable fight with the grim reaper, over a period of about six weeks, which last week seemed to have brought victory to the patient, the end came at 8:40 tonight. The fatal relapse was reported yesterday. Lady Eaton, wife of Sir John; Mrs. Timothy Eaton, mother of the patient and widow of the founder of the immense departmental store interests of which Sir John was president; Timothy Eaton, the eighteen-year-old son who arrived from England only last week, together with other relatives and officials of the Eaton interests were near at hand when death ensued. Sir John took a chill in February while on a business trip to Montreal and New York. This developed into influenza, followed by complications. The funeral will take place in the Timothy Eaton Memorial church at 3 o'clock on Monday afternoon. Interment will take place in Mount Pleasant cemetery. Sir John Eaton, K. B., generally supposed to be Toronto's wealthiest citizen, was born in Toronto on April 26, 1876. His father was the late Timothy Eaton, founder of the extensive business with important interests in a number of cities of the Dominion, including Montreal, Moncton, Winnipeg, Vancouver and Toronto. Sir John Eaton was one of Toronto's most distinguished philanthropists. His most distinguished philanthropic work included the giving of several hundred thousand dollars to the Toronto General Hospital; the surgical wing of which he built at his own expense; \$250,000 in memory of his father; \$50,000 to the Y. M. C. A., Toronto; \$10,000 to the endowment fund of Victoria University; and subscriptions to numerous enterprises of a religious, philanthropic or charitable nature. He built and furnished throughout the Eaton Memorial Methodist, Toronto, in memory of his father, the edifice being one of the most magnificent places of worship in the Dominion. He was a director of the Canadian National Exhibition and sundry other organizations. Sir John Eaton's loyalty during the great war was shown in many practical ways. He raised and equipped the Eaton Machine Gun Battery, with quick-firing Vickers Maxim guns mounted on armored trucks, and he was actively connected with a number of organizations in connection with war relief work. He was knighted in 1915 in recognition of his public services, and he was created an honorary colonel previous to the war and afterwards Sir John was invested in the Canadian Baden-Powell Boy Scouts, of which organization he was for some time a commissioner. Lady Eaton, four sons and one daughter survive—Timothy Craig, John David, Edgar Allison, Gilbert McCrea and Florence Mary. Mrs. Timothy Eaton, mother of Sir John, also survives. R. I. Eaton, a cousin of Sir John's, is the present vice-president of the T. Eaton Company.

**CARLETON CORNET BAND CONCERT**

The third and last concert of the series which the Carleton Cornet Band has been putting on to raise funds for its reorganization was held last evening in the city hall, w. c. The entertainment was well attended and a substantial amount was realized for the fund. The hall was decorated for the occasion by the ladies' auxiliary of the band and they also furnished the entertainers with refreshments at the close of the concert. The auxiliary was under the supervision of Mrs. F. Hart and she was ably assisted by a large corps of young ladies. The concert itself was an excellent one and was received with hearty applause. During the evening the band played several pleasing numbers under the direction of Bandmaster William T. Lanyon. In addition to the band selections, the other numbers were: Solo, A. C. Smith, Jr.; violin solo, Mrs. Harold H. MacMichael; solo, William Lanyon; readings, Miss Mabel Scully; song Miss Ramsay; sketch entitled "Who Wins the Bet?" by the Burroughs trio; male quartette, Messrs. Stackhouse, Smith, Lanyon and McMullin.

**DUTIES OF SOCIAL SERVICE WORKERS AGREED UPON**

A committee of the commissioners of the General Public Hospital attended the meeting of the executive of the Women's Hospital Aid in the board of trade rooms yesterday to consult regarding the regulations which will govern the social service worker, Miss Bessie Howe, who is to take up her duties on Monday, April 3. The spirit of the meeting was particularly gratifying, showing the close co-ordination of the work of the two organizations for the betterment of hospital conditions and the welfare of the patients. Mrs. E. Atherton Smith, the president, was in the chair and the commissioners present were M. E. Agar, J. King Kelley, Mrs. J. V. McLellan and H. H. Gale, superintendent. Each organization submitted a draft of the regulations which it had adopted and both were promptly adopted by the other organization. A warm tribute was paid to the work of the Aid by Mr. Agar and Mr. Kelley. Miss Howe was present at the meeting and it was agreed that her reports should be made in duplicate and one copy given to each organization monthly. When the commissioners had retired the work of the Aid was proceeded with. A letter from a Sister at St. Joseph's Hospital, Sudbury (Ont.), asked for the constitution and by-laws of the Aid and three copies were to be sent, together with an expression of the best wishes of the Aid. Arrangements were made for the Easter treat at the hospital and the following conveners were appointed: General convener, Mrs. J. H. Doody; eggs, Miss Maud Addy; cards, Mrs. J. H. Carter, who offered to donate the cards; the children's ward, Mrs. George Ewing and Mrs. H. E. Thomas; submits, Mrs. J. H. Doody and Mrs. Leonard.

**ALEXANDRA TEMPLE HAS ANNIVERSARY**

**SIR JOHN EATON, MERCHANT PRINCE, OF TORONTO, DEAD**

Toronto, March 30.—Sir John Eaton is dead. After a gallant and remarkable fight with the grim reaper, over a period of about six weeks, which last week seemed to have brought victory to the patient, the end came at 8:40 tonight. The fatal relapse was reported yesterday. Lady Eaton, wife of Sir John; Mrs. Timothy Eaton, mother of the patient and widow of the founder of the immense departmental store interests of which Sir John was president; Timothy Eaton, the eighteen-year-old son who arrived from England only last week, together with other relatives and officials of the Eaton interests were near at hand when death ensued. Sir John took a chill in February while on a business trip to Montreal and New York. This developed into influenza, followed by complications. The funeral will take place in the Timothy Eaton Memorial church at 3 o'clock on Monday afternoon. Interment will take place in Mount Pleasant cemetery. Sir John Eaton, K. B., generally supposed to be Toronto's wealthiest citizen, was born in Toronto on April 26, 1876. His father was the late Timothy Eaton, founder of the extensive business with important interests in a number of cities of the Dominion, including Montreal, Moncton, Winnipeg, Vancouver and Toronto. Sir John Eaton was one of Toronto's most distinguished philanthropists. His most distinguished philanthropic work included the giving of several hundred thousand dollars to the Toronto General Hospital; the surgical wing of which he built at his own expense; \$250,000 in memory of his father; \$50,000 to the Y. struggles of the temple, and also paid his respects to the junior department which, he said, had come to the rescue of the temple at a time when it needed the help most. Past Grand Templar J. B. Eagles, who is the oldest member in the supreme jurisdiction, and also the founder of the Alexandra Temple, spoke feelingly of the days past and gone when he had taken an active part in the work and entertainments of the order. Harry B. Black, worthy governor of the Pleasant Point section of the Junior Templars, brought the greetings of the junior department on the anniversary celebration of the temple and spoke of the work of the juniors in the Pleasant Point section. Mrs. W. F. Roberts, president of the ladies' auxiliary, presented to the temple, on behalf of the auxiliary, a birthday gift of \$100. Following the presentation refreshments were served by the ladies. During the evening the following programme was given—Reading, Miss Verta Robert; solo, Miss Verta Wilson; solo, Medley C. Beaman; accompanist, Miss Bessie Comben.

**Fleischmann's fresh yeast** increases the action of the intestines

HUNDREDS of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast. Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation. Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy. Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. You can get Fleischmann's Yeast fresh daily from your grocer.

Spook Chaser Inspects Picture Which "Hung Itself" at Independents' Show—Can't Find a "Mary Ellen."

(New York Times) That celebrated spook picture which might be entitled "The Crashing of the Titanic, or When Pharaoh Was Crowned," and which resembles an animated four-poster bed or canopy in the act of landing on the head of a gentleman...

Dr. Prince was impressed. That was evident. He said that if this picture had to be hung in such congenial surroundings, Hum! Yes. As a matter of fact, Dr. Prince felt that while the picture was obviously an example of automatic drawing...

Very interesting, very interesting," said the spook hunter. "I would have to have some evidence on which to base an opinion. If there were something like smoke marks on the wall now, no, do not misunderstand me, I am referring to Mary Ellen, my latest discovery, not to black magic or satanic art—why, there would be something to go on. As it is, it is very interesting. Thus speaking, he gazed sternly at an embarrassed press agent with the prosaic and mundane name of Cahill.

BOHEMIAN GIRL WAS A TREAT

Boston English Opera Company Delight Large Imperial Audience.

"The Bohemian Girl" Balfé's famous opera, with its beautiful blending of grand opera and its lighter lyric qualities, was presented in the Imperial Theatre last evening by the Boston English Opera Company and was thoroughly enjoyed by a large audience.

The entertaining solos were handled in a most acceptable manner, and the principals were forced to respond to encore. The outstanding number was "Then You'll Remember Me," sung by Norman Arnold. His rich tenor voice was heard to good advantage and he was given a flattering ovation as the notes, with bell-like purity, died away.

the audience burst out in applause, sending forth a request for more. Dorothy Bott was also well received when she sang "Bliss Forever More," in her pleasing contralto. Edward Orchard did excellently in his numerous songs, and his strong bass voice was particularly noticeable in the duets, trios and quartets.

DOG KEEPS LOVELY VIGIL OVER GRAVE OF MISTRESS

Elmira, March 31.—Touching testimony of the devotion of a dog is afforded passers-by on the road east of the city. Only a few feet from the little Memorial cemetery. Near a grave, only a month old, may be seen a lonely collie keeping faithful vigil over the burial spot of his former mistress. The dog cannot be coaxed or driven from the grave, and though he leaves it at intervals for his meals, he does not fail to return to keep his long watch.

**INSPECTION TRIP**  
A. Price, general manager of the C. P. R. eastern lines, passed through the city this morning. He arrived in his private car Laurentian, which was attached to the Montreal train and later left over the C. N. R. for Norton where he intended to start on an inspection over the New Brunswick Coal and Railway Company and the Fredericton-Grand Lake Railway lines.

**MARRIED LAST EVENING.**  
At St. James church rectory on Thursday night, March 30th, Rev. H. A. Cody united in marriage, Charles Augustus Coffin and Laura Ada Martin. After the wedding they were entertained at the home of Mr. and Mrs. Sumner Braddon, 28 Charlotte street, where a dainty supper was served. Mr. and Mrs. Coffin are now living at 118 Britain street.

**CIRCUIT COURT.**  
In the circuit court in the matter of the King vs. Northrup, several witnesses were examined by the prosecution today. This is another case of alleged theft of goods from the C. P. R., and the additional charge of receiving stolen goods. W. B. Wallace, K. C., appears for the prosecution and C. Mercereau for the defence. The case will be continued this afternoon.

**CHANGE TOMORROW**  
J. M. Woodman, general superintendent of the C. P. R. New Brunswick district, returned last evening on the steamer Empress after an inspection trip to Digby. He was accompanied by M. McDuff, manager of the Great Lakes steamships for the C. P. R., and Angus Cameron, chief engineer. The Bay Service will be amalgamated with the New Brunswick district of the C. P. R. starting tomorrow. Mr. Woodman said that no changes in the staff or service are contemplated.

**AT ST. MATTHEWS.**  
A very pleasant time was spent at St. Matthew's church, Douglas avenue, last evening, when the members of the Enterprise and Progressive Clubs gave a musical programme. The clubs include the young men and women of the church. Twelve numbers were rendered after which dainty refreshments were served and a social time was spent. Commissioner John Thornton acted as chairman. The arrangements were in the hands of a capable committee, under the joint convener'ship of Miss Alice Nickerson of the Progressive Club and Wm. Fiddle of the Enterprise Club.

**ONE ST. JOHN PASSENGER.**  
The Canadian Pacific Steamships Ltd. liner Minnedosa was scheduled to sail this afternoon for Liverpool with a large general cargo and a good-sized passenger list. Among the cabin passengers were: Dr. G. E. Richards, of Toronto; Dr. C. A. Bouchard, of Three Rivers, Que.; Captain G. S. Dingle, of Montreal; Dr. J. J. Field, of Calgary; Major F. J. Hill, of Whitecourt, Sask.; William M. Hensley, of St. John, who is in charge of a party of eight Mormons; Mr. and Mrs. Angus Fraser and daughter Beatrice, of Amherst, N. S., and Miss Jean Howan, of this city.

**TRAFFIC CASES.**  
Today was "foot-strap" day in the police court. Seven defendants were notified to appear to answer charges of leaving their horses standing on the streets unattended and without foot-straps. Thomas Travis, Robert Bowers, Samuel Melcher and Fred Miller pleaded guilty. William Connell pleaded not guilty and Sergeant Spinney and Police Constable Ian gave evidence that they had seen the defendant's horse and wagon in Cliff street, unattended and without a foot-strap on the horses. The accused was adjudged guilty. Fines of \$10 were struck in each case. Thomas Kettle and George Orr failed to appear. Daniel McCafferty pleaded guilty to a charge of exceeding the speed limit with his car in Main street. He was fined \$10.

**WILLIAM H. LOGAN**  
The death of William Henry Logan occurred at his residence, 171 Bridge street, early this morning, at the advanced age of eighty-six years. He was a resident of the North End all his life and was one of the oldest citizens in that section of the city. He was well and favorably known by a great many people. He was an employee of Tapley Bros. for many years. He was a member of the Victoria street Baptist church and was active until lately in affairs of the church and city. The sons are Albert P. Logan, of Nashua, New Hampshire, and Edgar P. Logan, of this city. The daughter is Mrs. Florence Mann, of Dorchester, Mass., and the brother is James Logan, of St. John. The funeral will be held from his late residence on Sunday afternoon at half-past two. Many friends will be sorry to learn of his death.

**BURIED TODAY.**  
The funeral of Mrs. George Herbert Flood was held this afternoon at 2.30 o'clock in Trinity church, and was very impressive and attended by many. A full choir was in attendance and the service was performed by Rev. Canon R. A. Armstrong, assisted by Rev. Canon A. W. Daniel, of Rothesay. The hymns sung were "Oh love that will not let me go" and "Now the laborer's task is o'er." The body was brought to the city from Ottawa on the Montreal train today and was taken from the station to the church for service. Interment was in Fernhill. A great number of floral offerings were sent by friends and relatives in the city.

The funeral of Miss Bessie Sheehan took place this morning from her mother's residence, 64 Portland street, to St. Peter's church for solemn high mass of requiem by Rev. G. Coffin, C. S. S. R. Rev. J. Woods, C. S. S. R., was deacon, and Rev. D. Colville, C. S. S. R., was sub-deacon. Interment was in the new Catholic cemetery. The funeral was attended by many, and a large number of floral and spiritual offerings were sent.

The funeral of Mrs. Marie Estelle Moore was held this afternoon from her late residence, 138 Prince Edward street, to Fernhill. Rev. R. T. McKim conducted service.

**POLICE COURT.**

Lugsdin, Mrs. Charles Harding and Mrs. A. C. Wells.

**HARBOR REVENUE BREAKS RECORD**

**More Than \$31,000 Collected During March—Argument for Increased Facilities on East Side of Harbor.**

Harbor revenue at the port of St. John for the month ending today was higher than ever before in the history of the port, totalling about \$31,000, or more than \$4,000 greater than during the same month last year. The previous high record was \$26,000, collected during one of the war-time months.

To several causes is ascribed the big increase in earnings this month. In the first place the traffic through the port in all classes of freight has been heavy—much heavier than was anticipated earlier in the year. The traffic in flour has been particularly noticeable. Again, the increase in the wharfage rate on grain from five to six cents late last year, and the application of the charges of the former plan to the long ton of 2,240 to the standard ton of 2,000 pounds, had effect.

**Increased Facilities Needed.**  
Commissioner Bullock expressed keen satisfaction at the condition of trade this morning. He said that the steamship people were particularly pleased with the despatch of cargoes from the wharves on the eastern side of the harbor. The busy month, however, was in his opinion a potent argument for an increase in the government facilities with adequate railway connection on the east side. He referred to the plans for the erection of two deep-water terminals at Red's Point, and expressed the conviction that a pier extending inland with berths on either side would fill the bill better than building two wharves facing on the harbor. While the former plan might limit some of the railway yardroom, a spur line might be run down the full length of the pier to serve both berths at the same time and adequate shed room could be provided at the head of the pier. In his opinion this plan would take care of a traffic rush better than the other.

**WM. R. DAILEY DEAD IN SAN FRANCISCO**

**Wife was Daughter of Mr. and Mrs. Wm. Nannary of Carleton.**

Mrs. Theresa Hansen, 28 Douglas avenue, today received a telegram from her niece, Mrs. W. R. Dailey, announcing the death of her husband William R. Dailey at his home in San Francisco, Cal. Mr. Dailey was one of the leading theatrical managers on the Pacific Coast and had been actively engaged in his occupation until recently. News of his death will be heard with regret by many friends in this city. Besides his wife, who was formerly Miss May Nannary, daughter of the late Mr. and Mrs. William Nannary of Carleton, he is survived by one son, Kenneth, who is also engaged as a theatrical manager in Washington, and by one brother.

In his younger days Mr. Dailey was an engineer and helped lay railroads through southern California and Mexico. He then became interested in theatricals and for many years owned and traveled with companies in all parts of the United States. In 1904 he brought a stock company to this city and presented a repertoire of plays at the Opera House. His farewell bill this season was "A Night Off" and those taking part were: Carl Eckstrom, Chauncey Southern, George C. Robinson, Nathaniel Jembo, W. R. Dailey, May Nannary, Eleanor Carr, Kate Blanche and Grace Hadsell. He sent another stock company here at a later date, while he traveled in the States with a popular drama.

During the last few years he remained in the theatrical business on the Pacific Coast where he was well known and exceptionally popular.

## ASK PREMIER FOR CHANGES IN LIQUOR LAW

Ottawa, March 31.—(Canadian Press.)—Some sweeping changes in liquor laws were proposed to Premier King and members of the cabinet today by the Dominion committee on liquor legislation, headed by D. B. Harkness, president of Winnipeg.

The committee proposed, among other things, that the manufacture of home brew be made illegal, that the manufacture of intoxicating liquors be forbidden in provinces where sale of such liquors for beverage purposes is illegal, and requested the government to "consider whether an act of national good faith would not be possible to prohibit the exportation of liquor from Canada to the U. S."

## MONTRÉAL STOCK MARKET

Montréal, March 31.—(10:30)—During the first half hour this morning trading on the local market, which was brisk, displayed every indication of exhibiting unusual strength, many of the leaders being offered at figures considerably above their closing yesterday. Abitibi was the most active of the paper group, advancing three quarters of a point to 41. Brompton was unchanged at 39 1/4. Dominion Canned was also strongest by a quarter point at 32. MacDonald, an issue which has been very quiet of late, was offered at 19, a point above its last sale yesterday.

## HON. DR. ROBERTS HERE

Hon. Dr. W. F. Roberts, minister of health, returned to the city today from Fredericton. He said both himself and the members of his department are taking a keen interest in the case finding tuberculosis campaign. He expects to return to Fredericton next Tuesday.

to do. Reports from these committees were given from time to time, and cases discussed and in this way all the members were brought to have intellectual knowledge and understanding of these vital matters. It was a higher education for women she said. In concluding her address, the president, paid a high tribute to the work and co-operation of the executive and all the members of the council during the year. She also made strong plea to the ladies to give their best efforts to bring about success of the campaign in St. John next week against Tuberculosis.

## Preventive Work in Childhood

Mrs. R. J. Hooper was slated for one of her educational talks on child welfare, but the time was not available, and the council has that treat in store. We were also disappointed that Mrs. Nellie McCleung's intended visit did not materialize, and hope that she can arrange a trip this year.

Dr. Mabel Hamilton, whose subject was Mental Hygiene, gave an intensely instructive address, and was followed by Mrs. C. M. Lewis, who dealt with the subject of child welfare, and a copy of the report was sent Mrs. Stead, National Convener of Mental Hygiene. Mrs. C. M. Lewis' address was made on a social occasion, and after her enlightening discourse on Suffrage, which her extensive knowledge of conditions in connection with her subject made authoritative, a reception was held and refreshments served, and a delightful evening will long be remembered. ## IS PROMOTED

Thomas Heffernan of 3 Chapel street, West St. John, who has been a customs examiner on the west side for some years, has been promoted to the office of senior customs examiner. C. B. Lockhart, collector of customs, received word of the appointment from Ottawa this morning. Many friends of Mr. Heffernan are congratulating him on his well-deserved promotion.

## THE ISLAND YARD

A. C. Barker, superintendent of the C. N. R. for this district, arrived in the city this morning in his working car. No. 37. Asked if the island yard office, which was destroyed by fire some time ago, would be rebuilt this summer, he said that it might, although nothing definite had been decided on as yet.

## DIED IN MAINE

Mrs. G. M. Burk of St. John has received the sad news of the death of her sister, Mrs. Mary Galle, widow of C. A. Galle, in Monticello, Maine. She died on last Monday at the home of L. C. Good, there. She is survived by one brother, J. F. Harris, of Centerville, Carleton County, N. B., and three sisters, Mrs. Burk, Mrs. E. Hartley of Carleton County, N. B., and Mrs. H. H. Riddout of St. John. Friends will be very sorry to learn of her death.

## BOX CAR LEFT RAILS

A mixed freight and passenger train on the Valley Railway met with a mishap near Oak Point this morning. A box car jumped the rails and overturned and as a result blocked the line for some time. There were no passengers on the train at the time and none of the crew were injured. The regular passenger train due in the city at 12:40 was held up by the mishap, and in order to accommodate the passengers the engine which was attached to the freight was dispatched to the city for two passenger coaches, and on its return the passengers were to be transferred and conveyed to the city.

## PERSONALS

Mrs. John A. Brooks, who is ill with pneumonia, was reported yesterday to be improved, and her early recovery was hoped for by the family. Mrs. Brooks' mother, Mrs. C. E. Farnham, of Oxford (N. S.), came to the city on account of her daughter's illness.

Messrs. H. G. and J. H. Marr of the Marr Millinery Co., Ltd., returned yesterday from a buying trip. Miss Hazel E. Kaye, of 98 Winter street, will leave tonight for Lewiston, Maine, to enter the Training Hospital for Nurses in that city.

Mrs. W. G. Clark of Fredericton, president of the United Baptist Women's Missionary Union, left this morning for Wolfville to attend the funeral of Mrs. J. W. Manning, honorary president of the union.

Dr. S. Margoshes of Toronto, executive secretary of the Zionist organization of Canada, arrived in the city yesterday. W. J. Hamilton of Douglas avenue, has returned from Manila, Philippine Islands. He was accompanied from Montreal by Mrs. Hamilton.

Judgment Long Way Off. Ottawa, March 31.—(Canadian Press.)—It is not expected that the board of railway commissioners will be in a position to give judgment in the equalization of freight rates inquiry for two months at least, and it may be the end of the matter when their decision is announced.

## MINERS QUIT WORK TODAY

(Canadian Press.)—The last day of work under present wage conditions was completed today by the country's half million union coal miners. The exact million union coal miners, will not be an exact certainty until tomorrow, the first day of the shutdown. A complete tie-up of union fields in twenty states was predicted by officials of the United Mine Workers of America and they also asserted that 100,000 non-union workers would lay down their tools. The only union men expected to continue producing coal are 5,000 workers in southwest Virginia, who are under contract with operators who do not expire until April 1, 1923. In addition, forces of union men will be left in the mines to protect the property from damage.

Pennsylvania will turn out the largest number of men, and other states to be affected are West Virginia, Ohio, Indiana, Illinois, Iowa, Missouri, Kansas, Oklahoma, Arkansas, Texas, Alabama, Tennessee, Kentucky, Maryland, Michigan, Montana, Wyoming, Colorado and Washington. Lewis said that the Western Canada is also expected to join the suspension, but not the Nova Scotia district.

Glouce Bay, N. S., March 31.—Robert Baxter, president of the U. M. W. of America, District 26, this morning sent a telegram to Hon. Jas. Murdoch, minister of labor, asking him if he would take steps to have a commission appointed to investigate mining conditions in Nova Scotia if the miners would denounce the "striking on the job" policy recently advocated by J. B. McLaughlin, District 26 secretary.

Topic, Kan., March 31.—The Kansas court of industrial relations yesterday issued an order extending the present wage agreement between the miners and operators in the Kansas coal fields for thirty days after April 1, the date set for the impending coal miners' strike.

## Blood-Cleansing, Appetite-Making Strength-Giving

Are the Effects You Naturally Want from Your Spring Medicine? And Hood's Sarsaparilla satisfies these needs as nothing else can. This marvelous restorative tonic and blood purifier has been recognized for nearly fifty years as the best spring medicine for restoring the blood and circulation of the body. Hood's Sarsaparilla is more than a blood purifier.

It creates an appetite and promotes assimilation of all food taken, thus securing 100 per cent. of nourishment. It purifies the blood, makes it rich and carries vitality to all parts of the body and gives the strength and nerve force that nature demands day by day. Take Hood's Sarsaparilla. It will soon show you how much refreshed you are, how good your appetite is, how clear your eyes, how relieved your head, how free from biliousness, constipation, and commission, and the friends whose constructive criticism reassures me and gives me courage to continue. Our opportunities and responsibilities increase with each year, and much depends on each member of this society, and if he desires it to be that woman whose price is above rubies and spoken of as a woman who knows her business and attends to it, another successful year is assured the St. John Local Council of Women.

Respectfully submitted, N. IRENE PECK, Sec. Co.

## FIRE LOSS IS VERY HEAVY

Have Wrought in King St. Establishments—Insurance—Plans of Those Affected.

It is expected that Fishman and Perchanko who occupied the top floors in the Levine building in King street, damaged by fire last night will be the heaviest losers. Their stock, which was estimated by Mr. Perchanko to be valued at about \$50,000 is practically a total loss. The insurance carried by this firm totaled about \$37,000, of which \$14,750 was with Rainnie & Keator in the following companies: National Union, \$8,125; Union of Canada, \$2,625; Provincial, \$4,000; Columbia, \$2,000. The balance was placed by George E. Fairweather & Sons.

W. P. Hurley, manager for Robinson's Clothes, Ltd., who occupied the second floor, said this morning that as all accounts were kept in Montreal and that insurance placed there, he was unable to say what the probable loss would be or the amount of insurance carried, but he covered. The fire did not reach this floor, so the loss is confined to water and smoke damage.

F. M. Levine, owner of the building, carried \$12,000 on the stock and \$1,000 on the fixtures in his shoe store on the ground floor. Of this \$5,000 was with A. C. Ritchie in the Bank of Nova Scotia, \$1,000 with Geo. E. Fairweather & Sons, and the balance with R. W. W. Frink & Sons. H. W. Frink and E. Percy had orders as adjusters for the loss of two companies. Mr. Levine had \$23,000 insurance on the building—\$13,000 with F. R. Fairweather & Co., \$2,000 with J. Mitchell in the Liverpool, London and Globe, and the balance with C. E. L. Jarvis & Sons.

Messrs. Fishman and Perchanko also have decided to reorganize. Their loss is particularly heavy on account of the fact that they had ready for shipment a large stock of spring goods and had orders on hand that they keep for two months. Their staff of some thirty-five people has been temporarily thrown out of employment.

## MINERS QUIT WORK TODAY

Glouce Bay, N. S., March 31.—Unless the output at some of the collieries shows an increase in the immediate future, certain sections of these mines where the output is low may be closed down, an official of the Dominion Coal Co. said this morning.

Colliery officials are planning to close the south side of No. 1 collier in the next few days, transferring the output to the north side and allowing the dual mine on the south side to go altogether. About sixty dotal men would be affected.

## AN INCREASE IN LOCAL BUILDING

Total for Quarter More Than Three Times That of Last Year—The Figures for March.

Building in St. John took a slight turn for the better during March this year and the city building inspector issued permits covering expenditures of \$41,000. Last March the total was \$22,600. This brings the total for the first quarter of the present year up to \$83,300, compared with \$22,600 for the first three months of 1921. Ten repair permits were issued during the month.

The following are details of the permits issued: Imperial Oil Co., Ltd., Barrack Point, concrete garage, \$6,000. G. J. Watson, wood addition, \$2,500. William Edgett, Victoria street, wood tenement, \$5,000. T. G. Marr, Victoria street, wood tenement, \$5,000. Trustees Main street Baptist church, Sunday school, \$12,000. Dufferin Hotel, Charlotte street, sample rooms, \$5,100. G. A. MacFarlane, Kennedy street, wood addition, \$3,000. Oscar Hanson, Dorchester street, wood addition, \$3,000.

## MANUFACTURERS URGE ACTION IN QUEBEC HOUSE

Montreal, March 31.—Steps are being taken by the Canadian Manufacturers' Association to urge the provincial government to adopt legislation by way of import tax or royalty to present the United States, through the Fordey tariff, taking Quebec's supply of raw asbestos for its own manufacturing purposes and refusing admission of Canadian manufactured asbestos by imposing a prohibitive tariff.

Premier Taschereau of Quebec has promised that the provincial government will give the matter close attention.

## KING TO RECEIVE NEW COMMISSIONER SOON

London, March 31.—(Canadian Press.)—His Majesty the King will receive Hon. P. C. Larkin, new Canadian high commissioner, probably some day next week. The royal family went yesterday to Windsor, where they will remain until when staying there is to spend a day occasionally in London for the despatch of public business. Mr. Larkin, therefore, will likely be summoned to attend on such an occasion.

## NO BRITISH EXCISE ON HOME-GROWN SUGAR

London, March 31.—Sir Arthur Griffith-Boscawen, parliamentary secretary to the Board of Agriculture, announced in the House of Commons yesterday that the government has decided to charge no excise duty on home-grown sugar, while the beet industry is in an experimental stage and unemployment is so high. He added that otherwise the industry would be unable to continue.

### DIED IN MAINE

### ators Applaud ion. Mr. Veniot as He Exposes Poor Tactics

(Continued from preceding page.)  
road tax on the byroads in addition to the auto-ads. On secondary trunk automobile fees there had added \$1,608,240, making a total of \$2,630,871 which made \$314,000 on secondary trunk roads, by-branch roads than had been in trunk roads. What would friends the farmer represent to that, after condemning ment for neglect of the by-

Mr. Veniot said that his contention that agriculture, being the of the province, the great- of the road expenditure should be in agricultural districts. Veniot said there was not a main which did not pass through districts. Take the St. John- noton highway. Where could there a better farming district than that which included, Sussex, Amalgam, Pettis and River Glade? His honorable nd, in objection to expenditure on a road, contended that he was par- ing a railway, that he was building roads too good, and was thus in- creasing the deficit of the railway by swing traffic from it.

Mr. Fawcett said his contention was at too large a proportion of money being spent on such roads. He ad- mitted that many farmers lived on the in trunk roads, but there also were users in the back districts who had ads on which no expenditure had been side at all.

Hon. Mr. Veniot—"Take the Abougan road, is that a back road?"  
Mr. Fawcett—"I don't know; I am acquainted with road classification."  
Hon. Mr. Veniot—"I am not surprised at the honorable member does not. It is a back road connecting two distant farming districts and bring- ing people to the very door of his

Mr. Fawcett—"The two districts are connected for the road is too bad."  
Hon. Mr. Veniot—"Five years ago the honorable member could not get over at road with an ox team, but in the at election campaign he was able to drive over it in an automobile at a meeting at which he attacked this government."

Mr. Fawcett—"There is room for more."

Hon. Mr. Veniot said the honorable member from York was right. It was noticeable that Westmorland and Kings were bad counties for bridges there were so many intersections.

**School Books.**  
He wished to deal with the matter of school books concerning which much had been said. If his farmer friends were dissatisfied with present conditions they should place the blame on his honorable friends opposite. In 1908 they had some into power on a school book platform, and had laid down the policy that school books should be sold at cost price. The present administration followed out that policy and books were held up in horror. There was one difference, however, the old administration sold its school books through political vendors. In 1914 nine- nine vendors made no returns of the books they had handled. In 1915 \$2,100 was owing the province from vendors of school books, and later it developed that it could not be collected. Friends of the administration to whom school books had been given went into bankruptcy, and the school books included in their stocks in trade were taken and sold to satisfy the creditors. The province stood the loss. The principle adopted by the present government was to sell school books at cost with no political vendor-ship. Any dealer could obtain the books upon application. Prices of books had increased enormously but the principle had not been abandoned. During the war cost of all labor and material enter- ing into printing and publishing went up remarkably, but the year 1920 was known the world over for the great jump in prices which took place in the pub- lishing business. The increase was sixty-five per cent. From 1917 to 1920 the province lost nineteen thousand dol- lars selling school books at cost. These school books could not yet be given but he hoped the day would come when they could.

Mr. Martin—"Hear, hear."  
Hon. Mr. Veniot said that today books were being sold by the province at less than the cost of publication, transporta- tion and distribution. He realized that the present situation was hard, particu- larly for the laboring man. There was relief in sight for prices were slowly dropping.

It being 6 o'clock, Hon. Mr. Speaker left the chair to resume at 8 o'clock.

**Evening Session.**  
Hon. Mr. Veniot, continuing after recess, said that in 1917 the government had adopted a policy of constructing wooden bridges on capital account. The reason for that was the government had adopted a permanent road policy felt that there must be bridges to withstand heavy traffic. The honorable leader of the farmer's party had complained of the expenditures on permanent bridges, saying that a less amount would have done. He (Veniot) took issue with him on that point. Since the policy of build- ing permanent bridges had been adopted by the late Hon. H. R. Emmerson no government had made provision for a sinking fund for that class of work. A change had been made by the present administration in 1918 when they adopted a policy for permanent roads under federal aid. They had decided that all bridges with more than a twenty foot span should be entitled to the bene- fit of the forty per cent. allowed by the federal government, and that percentage was being set aside as a sinking fund. He would like to know if there could be anything more businesslike than that. The sinking fund would accumulate each year and as time rolled on the debt in- curred on account of those bridges would be wiped out. His honorable friends op- posed when in power apparently lacked the courage to provide a sinking fund for their permanent work. The policy of the present government was to do away as far as possible with the ordinary wooden bridges, the life of which could not be more than fifteen years. It was certainly better to substitute permanent bridges than to be constantly spending money for the upkeep of wooden struc- tures.

**Our Standard Accepted.**  
When the proposal for federal aid for roads was first submitted from Ottawa, there had been opposition to it because nearly every provincial government was politically opposed to the dominion ad- ministration. Because of that condi- tion the agreement was surrounded with many restrictions and to those restric- tions the New Brunswick government had taken exception. They had refused to accept the proposition under the standard laid down as it meant the con- struction of roads which would have cost from \$20,000 to \$25,000 a mile. As a result of their protest the standard was eventually lowered. The work was carried on under the control of the Ot- tawa authorities and had to be approved by them. When hon. members opposite therefore claimed that the road work was costing too much, he wanted them to understand that it was being done under the standard accepted by every province of Canada. Personally he wanted no credit, but wanted it known that it was due to the faithful engineers of his department that the standard laid down for the work in New Brunswick had been adopted as the standard for the whole dominion. In the fall of 1919 members of the federal control board visited the province, made an inspec- tion, and on returning to Ottawa an-

nounced their acceptance of the work, and that the province was entitled to \$225,000, although at the time the act had not been in force two months. It was certainly a compliment to the prov- ince of New Brunswick to have the do- minion government, composed of political opponents, accept the standard that had been adopted for New Brunswick. Shortly after that reports were sent to Ottawa by opponents of the local ad- ministration with the object of prevent- ing the federal government from spend- ing any more money on the roads of the province. In 1920 engineers came down and made another tour of inspection, and on returning to Ottawa reported that the work in New Brunswick was of the highest class with none superior to it in all Canada. With such a tes- timonial as that he could well afford to smile as he listened to the criticisms of hon. members opposite.

**Federal Aid.**  
Although he did not wish to discuss federal politics he was bound to say that the recent change at Ottawa had been a good thing for New Brunswick. If the government had not changed there would probably have been more com- plaints with the object of stopping the province from getting its share of fed- eral aid for the roads. There was one thing he wished to say and that was that he hoped the new government at Ottawa would be more prompt in pay- ing its share of road money to the province than had been the previous ad- ministration. The sum of \$52,750 for work done in 1920 was still due the province, although the accounts had been audited by an official from Ottawa and the work accepted. He wished also to point out that the province had not yet received a cent for work done in 1921. At the present time the sum of \$452,000 was due from Ottawa, which amount was being carried in the bank as an over- draft at 5 per cent interest. Hon. mem- bers could well understand that the lack of organization at Ottawa had placed a severe burden upon the province. If the federal government was going to help the province with road work why did they not do it the proper way? The ready province had paid some \$30,000 as interest on the overdraft incurred in connection with federal aid. The matter had been brought up at the Dominion good roads convention and a committee had been appointed to pay for the work in future on monthly progress estimates. They were also hopeful of being able to persuade the federal government to extend the time for federal aid to give some assist- ance for the upkeep of roads constructed under that policy. If that were done the province would be in a position to give more attention to the secondary roads and to the roads in the back dis- tricts. If that policy were adopted they hoped to be able to reach the most re- mote farming districts and to give all a fair deal in the matter of roads.

Hon. Mr. Veniot reviewed the history of the Valley railway, showing how as a result of "the old government's breach of faith the road began nowhere and ended nowhere, and depended entirely on the local traffic. The old government had a delegation to Ottawa, who had

received from the federal government a promise of \$3,000,000 for the construction of bridges which would have enabled the railway to enter St. John independent of the C. P. R. Those bridges were never built, and thanks to the business-like arrangements made by the old government the C. P. R. now had the road by the throat. The amount the province paid that company for running rights was al- most as great as the earnings. The peo- ple of northern New Brunswick had supported the enterprise with the ob- ject of helping the people of the St. John valley, but had been grossly deceived. The road the old government built was not the road they promised, and the present government having been departed from the

hon. leader of the opposition was wrong in saying that the present government should share the responsibility. Had the old government carried out its promise things would have been different.

Hon. Mr. Veniot said that the aban- donment of the river route was probably due to political expediency.

The hon. leader of the opposition had referred to the refunding of bonds, but had been in error in stating the amount. He could tell him that the amount re- funded was just \$3,800,000 more than he said it was.

The debate was continued by Mr. Cuppill and Mr. Scovil, of Charlotte, and Mr. Burlock, of Carleton, after which the resolution that the house resolve itself

into committee of supply was adopted without division.

The house then went into committee with Mr. Hayes in the chair, and after adopting the former resolution and pass- ing one item, the committee rose and reported progress. Supply was made the order of the day for tomorrow at 3 o'clock.

**CONCERT AND SOCIAL.**  
A basket social and concert that was thoroughly enjoyed by all present was held last evening in the Orange Lodge rooms by the Newfoundland Mutual Benefit Society, an organization that is composed of local residents who were born in Newfoundland. The evening's

programme included solos by Jack Ross- ey, Miss Rita McMahon, Miss Wood, Charles Alcorn and Mr. Beaman, with Mrs. Johnston and Miss Tilley acting as accompanists. All were forced to give encores. Auctioneering of the prettily- decorated baskets created much amuse- ment. H. Milley acted as auctioneer. Refreshments were served at the close. Frederick Pike, president of the society, was in the chair. The society was organized in 1915, and since then have held many enjoyable evenings.

299.65, as against \$2,213,781.14, a decrease of \$506,981.48, and after making provision for interest and depreciation, there were net profits of \$706,092.16, as compared with \$1,286,688.88 a year ago, a decline of \$580,596.88.

To arrive at the net profits, \$999,416.60 was deducted from the \$1,797,339.65 gross for interest paid on borrowed capital and \$401,830.90 for depreciation. The net of \$706,092.16 added to the undivided profits of \$778,072.28 carried over from the previous year, gave \$1,484,164.44 to the credit of profit and loss accounts. From this

A Wall Street broker was the father of a small family whose members he rarely was able to see, as he was too engaged in making a fortune. One night, however, he was to stay home and take care of the several young offspring whom he had under his wing. The next morning his wife asked him if he understood any difficulties. "Oh," he said, "I got them all to bed O. K. except that little red-headed one. I had to lick her before she'd go."

There Are No Counters or Cases at Jacobs'. One of the most novel and artistic stores in the country was recently opened in Grand Rapids—the Jacobs Linen Shop, which handles linens, wash goods and silk hosiery exclusively.

The novelty of this store lies in the methods used in displaying merchandise to prospective customers. Strange as it may sound, there is not a showcase or a counter in the entire store. The scarlet dollies, lunch cloths, napkins, table cloths—in fact, every article which the store sells—are all shown over the latest style of dining-room tables, buffets, dressers, oval-top eating-tables and drop-end breakfast tables. Aside from this unique feature for displaying goods the store is a fine example of what may be achieved in making a store beautiful and distinctive.

The idea of displaying linens on furniture is entirely original with Frank M. Jacobs, the proprietor, who has been connected with the linen goods business for some twenty-three years.

"I have always had in mind the showing of linens in the same atmosphere in which they would be used in the home," states Jacobs, "and our store was designed especially for that purpose. My idea has always been that customers have had to use their imaginations too much when buying table and other linens over the counters commonly used in stores. As living models are used for showing fine goods, instead of coat-hangers, why should I stick to the coat-hanger principle of showing fine linens?"

To carry out this idea, Jacobs designed the furniture, and the designs were turned over to a manufacturing company which built the models. A second furniture company finished these in gun-metal grey, with black stripes, to harmonize with the other fixtures of the store.

The furniture which is used for displaying the linens and other goods which the Jacobs Linen Shop handles consists of wall cabinets, china cabinets, buffets, drop-end console tables and nearly every size and style of dining-room table. Benches similar to those used in breakfast alcoves take the place of stools.

For napkins, lunch sets, etc., the store uses china cabinets with panel fronts instead of glass fronts.

Supplies Free Taxes When It Rains. Rainy days are gloomy days for merchants. Not so with Hellerud's, a dry goods store in Marshalltown, Ia. Whenever the weatherman gets unruly and tries to keep shoppers indoors the store puts tax service into operation and carries its customers to and from the store free of charge.

"Don't go out and get your feet covered with snow and slush," says Hellerud's invitation to its customers, "and have to leave your own car standing outside. We'll take care of you. Just call the store and we will be glad to send a closed car for you, which will take you downtown, wait while you do your shopping, and then take you home."

Virtually every woman who calls for the tax service purchases something at the store. Hellerud's, therefore, is not only a store but a service.

**RECORD ENTRY FOR THE MOTOR SHOW**

The largest automobile show ever held in the maritime provinces will open at the Armory on Monday evening and will continue for the remainder of the week. Sixty automobiles from twelve different manufacturers, together with eight accessory exhibits will be on display. The great building will be utilized to the full to accommodate the various exhibits which will be featured at the show. All indications point to a large out of town attendance and the management is deriving much encouragement from this quarter.

Demand for space by exhibitors has been so heavy that three times the space available could have been sold. When it is realized that the physical limitations of such an immense building as the armory have been striven to the utmost to accommodate the exhibits, some idea of the size of the show may be gained.

Because accommodation could not be provided for all the makers of cars who wished to display their wares, the show had to be limited to those cars which are handled by St. John distributors. As all cars sold in New Brunswick are represented by agents in St. John the show will be a New Brunswick one in a sense.

The St. John Automobile Trades Association is fostering the show and the

management of the affair is in the hands of the Commercial Club.

His Honor Lieutenant-Governor William Pugsley will deliver the formal opening address on Monday evening, when W. J. McAlary, president of the St. John Automobile Trades Association, will preside. R. A. McAvity, president of the Commercial Club, will speak on the possibility of developing St. John as an export point for automobiles on Monday evening also.

There will be addresses on each succeeding evening except Saturday on a variety of subjects, and Miss Blenda Thompson will sing every evening during the show. Among the speakers will be B. M. Hill, provincial road engineer, who will speak on good roads on Tuesday evening; Rev. R. G. Fulton, who will speak on development in sport on Wednesday; His Worship, Mayor Schofield, who will speak on hydro on Thursday evening, and Rev. R. A. Armstrong, who will speak on good citizenship on Friday evening. On Saturday evening dancing will be enjoyed.

Cotton signs, decorations, and other like paraphernalia will not be used on any of the several exhibit booths so that the cars and other displays will stand out alone. The only decorations will be the flags and bunting set in place by the management of the show.
