DANGER GROWS WITH EACH HOUR

Serious Situation in Upper Silesia

British Major, Ordered Shot, Defies Polish Leader and Squad and Refuses to Fire—More Forces for Allies Needed.

Oppeln, May 7.—German requests that the frontier between Germany and Silesia be opened and that all political prisoners held by the Allies in Upper Silesia be released, have been granted by the inter-allied commission here. Decision whether the use of German government troops would be permitted in Silesia and whether the Polish frontier would be closed was expected today. An armored train was run from Breslau to Kresnau, about thirty miles north-east of here, by Germans last night, and it turned over to the Allied authorities. The Allies accepted the train in view of reports that the Poles planned to attack Kresnau today.

When Rosenberg was taken by the Poles, a British major who was acting as a control officer there, was arrested by a Polish leader.

The Polish leader ordered that the major be shot, and ordered a squad of five men to execute him. The major said: "You do not dare to shoot," whereupon the Poles lowered their rifles and refused to fire.

The situation in this city, which has been growing worse appreciably more tense, has been made more serious by the arrival of hundreds of refugees from sections south and east of here. Many of them have been severely wounded, and they have excited the people with stories of alleged Polish brutality.

Allied officials here, expecting an outbreak, say they would be unable to deal with an insurgent German populace. Prince Hatzfeld, German delegate on the inter-allied commission, declared yesterday that every effort was being made to hold back the Germans, but that the danger was increasing hourly. "We have asked the Allies to increase their forces," Prince Hatzfeld declared. "From 30,000 to 40,000 soldiers are needed badly, if the most serious situation is to be averted." He added that, according to German information, there are at least 50,000 Poles under arms in Upper Silesia.

UNVEIL TABLET IN FREDERICTON

Is in Memory of Eight Soldiers Who Gave Lives in War—Bridge Contract.

(Special to The Times) Fredericton, N. B., May 7.—In the Brunswick Street Baptist Church on Sunday night a memorial tablet bearing the names of eight young men of the congregation who gave their lives in the war, will be unveiled. Relatives of the eight soldiers will be present. The tablet is a handsome piece of workmanship in bronze. It has been placed upon the front wall. It bears at the center of the top the coat of arms of the province. The names of eight men are Walter Bruce Smith, Stewart Edwin Kitchen, Robert James Phillips, Peter Shaw, John Clarence Hanson, Frank Chandler Williams, Nathaniel Slater and Storey Brewster.

The provincial department of Public Works has awarded the contract for the building of Horton's Creek bridge, Parish of Hartwick, Northumberland County, to Alexander and Roy Forbes of Devon for about \$110,000.

A coroners jury inquiring into the circumstances of the death of Mrs. Sarah Harris, who was struck and killed by a wagon brought in a verdict that there was no evidence which would warrant attaching blame to the driver of the wagon, Hugh Gibbs, aged fifteen.

SIX MILLIONS IN PATRIOTIC FUND

Monthly Assistance to 854 Families

Although \$41,000,000 Distributed—Help for 141 Deserted Wives and 122 Aged Parents—Meeting in Ottawa.

Ottawa, May 7.—(Canadian Press)—That the Canadian Patriotic Fund has still \$6,000,000 available for giving monthly assistance to 854 families, and that there is no intention to discontinue its work for deserters, were facts brought out at a meeting of the executive held yesterday.

COMMENT ON THE MESSAGE OF HON. MR. MEIGHEN

Montreal Gazette Favorably Reviews Premier's Statements on Matters of Empire Concern.

Montreal, May 7.—Commenting on Premier Meighen's message in the Manchester Guardian regarding empire relations, the Montreal Gazette says: "Mr. Meighen is not a revolutionist. He is not an advocate of change for the sake of change. He does not delight in what he calls speculative exercises as to future conditions, often interesting enough, but often, also, distressing to those who have to bear the strain of conducting public affairs."

"The problems advanced cannot be settled by any one of the nations concerned alone. Their interests and aspirations may be alike, in a general way, but there are, in the case of each colonial power, local conditions which affect public opinion, and which must be weighed and measured before the discussion of change is even begun. This year's conference will not afford a proper opportunity for dealing with revolutionary or reactionary projects for the government of the empire. There is nothing pressing in the condition of each colony has just after the war financial and other problems full scope for the ability of its administration."

The imperial success of 1917 took time for its considering of the pressing problems of that period, men who were holding the special constitutional conference to consider what changes, if any, should be made in the relations of the divisions of the empire with the central state, as well as with each other.

"This constitutional conference, if it is held, will need to be made up of careful and progressive minded men, who will not be carried off their feet by exploiters of theory or men with a selfish aim. Mr. Meighen's position as head of the cabinet of the greatest of the self-governing dominions, men who are calculated to have the effect of confining the action of this conference to the matters which are the immediate future and the conditions growing out of recent events."

"Delay in connection with such constitutional changes has been mooted in the past, and the time has passed through a time of trial such as it never before encountered. The relations between the dominions and the mother country, so far as legal enactment was concerned, were of undefined character. The dominions were not regarded as part of a colony to give military, naval or financial aid to the United Kingdom in connection with its foreign war. The relations that were regarded by talkers as war and unsatisfactory were the result of a long and bitter negotiation. "The case of Canada is illustrative of the whole. The measure of the country's exertion was its ability. An army greater than it was thought could be raised in four months of the outbreak of war, and the first conscripts were followed by others, till half a million men had been on service in France and other theatres of the war. The cost in cash was measured by billions, but the burden is accepted as a matter of course and duty and is shared in the same way. No pre-arranged details could have secured more any such might have been regarded as a limit to what was to be expected. "The conditions that inspired to such sacrifices by the dominions should be touched with delicacy and changed only after long and earnest thought."

As Hiram Sees It

"I see the tourist season has begun early this year," said Mr. Hiram Hornbeam to the Times reporter.

"Are the trout fishing season pouring into the Settlement?" queried the reporter. "Then ain't tourists," said Hiram. "The fellows I mean is fishin' too—but they ain't out to the Settlement an' they ain't after trout."

"I have not noticed any unusual influx of people at the hotels," said the reporter. "No," said Hiram, "they go right through to York an' Sunbury. They're comin' from Ottawa an' Frontenac an' Red Deer an' the Lord knows where—fishin' fer votes. I s'pose they think we ort to feel proud because they take notice of us down here. All right, Mister Man—if I lived up there in York county I'd keep them fellers busy explainin' about them railroad freight rates, an' them western lands, an' the cold shoulder we git down here whenever we ask them 'provinces' an' the west to listen fer a spell to what we got to say about what was promised at confederation. They tell about a man down in Charlotte county that used to drape his winders in mourning every Dominion Day an' at last went off to the States. If we had to do it all over agin I'd be one that 'ud want to let more put down in black an' white than he did in 1867. But you folks in St. John's can't git work done in the harbor when it is down in black an' white. I've got a good mind to go up to York county myself—by Hen."

EVIDENCE ON COAL SITUATION

Workers' Officials Testify at Ottawa Hearing

Declaration That Labor Cost of Producing Ton in Nova Scotia is \$2.50—Matter of Bank Announcements.

Ottawa, Ont., May 7.—(By Canadian Press)—J. B. McLaughlin, secretary-treasurer of the United Mine Workers' organization, testified today at a hearing on the coal situation in Nova Scotia. He declared coal cost to be produced and put on the car at \$2.50 a ton and the rate maintained by the Nova Scotia miners at present made about \$10 in six days on contract work. If the miners were able to work steadily they would be satisfied with the present wage. "I never got a full year's work. A wider market for Nova Scotia coal would decrease costs of production and put the miner on a better basis."

CARPENTER ON WAY TO FIGHT

Leaves Paris for Havre to Sail for U. S.

Paris, May 7.—Georges Carpentier, champion of Europe, left Paris this morning for Havre to sail for the United States. It was declared he intends to return to France as early as possible after his bout with Jack Dempsey on July 2. His party was completed on Saturday night by the engagement of Battling Marot, known as a boxer, but also a first class cook, who will give Carpentier the French cooking to which he is used.

New York, May 7.—The world's championship bout at Jersey City, July 2, will be the occasion for a convention of all classes of ring champions, past and present. Invitations have been mailed by Tex Rickard to all present champions and to Jim Jeffries, James J. Corbett, Tommy Burns and Jess Willard.

Wrestling Champion. New York, May 7.—Stanislaus Zybzycko of Poland, who last night won the world's heavy weight wrestling championship from Strangler Lewis, met defeat on the mat but once in the fourteen years of his professional career. His shoulders were pinned by the late Frank Gotch when the toe-hold artist was in his prime.

Harek defeated Lewis in 28 minutes and 12 seconds of grappling. He pinned Lewis with the toe-hold. The new challenger fought on his back in an unsuccessful attempt to apply his headlock. He was thrown from the mat by the strangler. He has a record of hundreds of bouts, and after his defeat by Gotch he strove for another chance at the title. He is scheduled to fight the Earl of Derby in London.

GETS RARE COPY OF SAM SLICK

N. L. Reed of Vancouver Buys Presentation Copy of First Edition.

Vancouver, B. C., May 7.—A copy of Judge Halliburton's "Sam Slick, the Clockmaker," has just come into the possession of N. L. Reed of this city. He discovered its whereabouts in London a few weeks ago, and called an offer, which was promptly accepted. Mr. Reed, who has one of the best private collections of Canadian literature in the Dominion, looks on this Halliburton book as a real prize, as there are very few specimens of the first edition to be had, and the few early copies known to exist in eastern Canada are discarded or more or less mutilated.

QUEBEC LIQUOR MATTERS

Quebec, Que., May 7.—A complaint by physicians that liquor could not be obtained for medicinal purposes as the result of closing down all liquor stores pending the repeal of the Scott Act and the coming into effect of the new liquor act in Quebec have brought results. Today, J. H. Lavasseur, Palace Hill, was given a license for the sale of liquor and wines for medicinal and sacramental purposes, until the Scott Act is repealed.

MAXWELL MOTORS CO.

Detroit, Mich., May 7.—Final arguments on a petition filed by Holmes Jones of Wilmington, Del., for a delay in the sale of Maxwell Motors Company, which had been set for next Tuesday, were on the federal court calendars here today. Mr. Jones asked a stay pending the outcome of litigation in Delaware courts. His petition set forth that the proposed Maxwell-Chalmers merger would deprive Maxwell preferred stockholders of their holdings without an equitable representation in the new company.

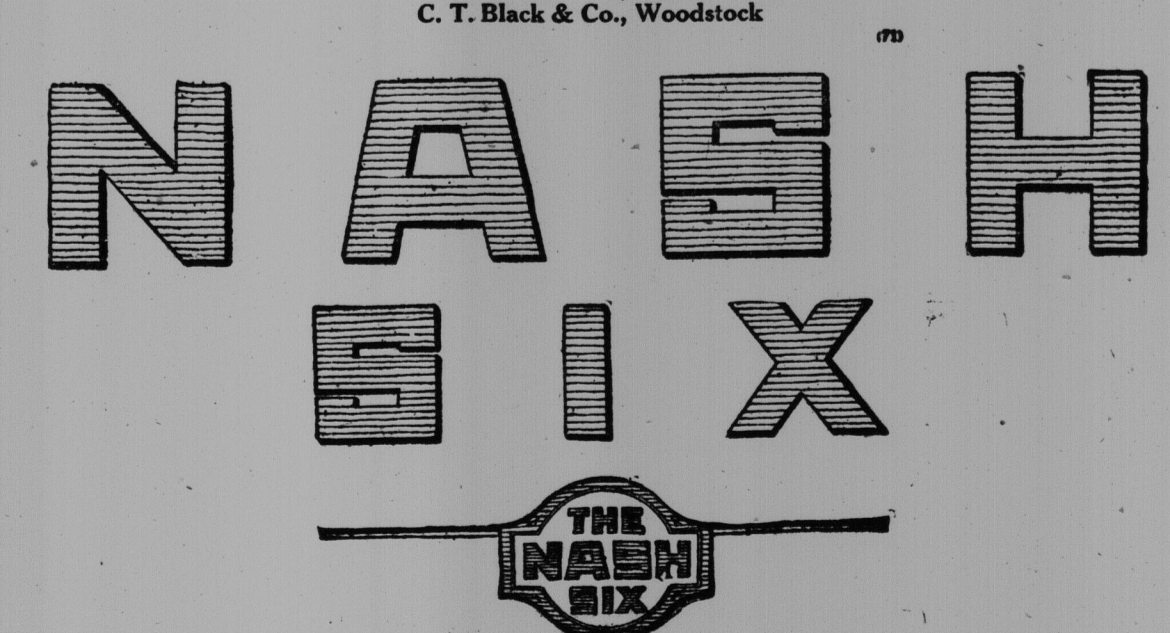

Rare Beauty Adds to the Great Value of the Nash Six

Comparison from the standpoint of sheer good looks, to say nothing of its power, performance and endurance, brings immediately the acknowledgment that the Nash Six touring car with Perfected Valve-in-Head Motor is the leading value in its field.

This handsome automobile with its pleasing proportions of graceful line and sweeping curve, its long double-cowled body, richly finished in deep, glossy blue with nickel trimmings and cream wheels, is approached in beauty only by cars selling for many dollars higher than the Nash price.

THE PLACE OF THE NURSE.

The value of the public health nurse is not yet generally recognized as it should be. She is the connecting link between the health department and the home. Especially in relation to child welfare is her work of supreme value.

SAVING HUMAN LIVES.

His Excellency the Governor-General this week signed a proclamation inaugurating the two months' membership campaign which will be conducted throughout the Dominion by the Canadian Red Cross.

HERE'S ANOTHER EXAMPLE.

Reference has been made by the Times to the great arena to be built in Toronto. Consider now the city of Ottawa. The Journal of that city says: "Men in all branches of business life as well as local sportsmen are enthusiastic over the assurance that within a very few months Ottawa will have an up-to-date and fully equipped stadium."

THE AMERICAN TARIFF.

The American tariff bill is meeting with vigorous opposition in the senate, but the Republican majority will doubtless force it through. It will not help the farmer, who needs outside markets more than he needs protection from Canadian competition.

Y. M. C. ANNUAL MEETING HELD

The Best Year Yet in Notice in Reports

Review of Activities and Election of Several New Men to the Directorate — Some of the Victories That Have Been Achieved.

Reports of a very successful year were presented at the annual meeting of the Young Men's Christian Institute held last night in the Institute in Cliff Street.

The president paid a high tribute to W. E. Stirling, who was appointed physical director of the institute this year and whose notable ability as an instructor had brought excellent results.

Other championships won by Y. M. C. I. members during the year included: Frank Garnett, maritime three mile skating championship, won at St. John.

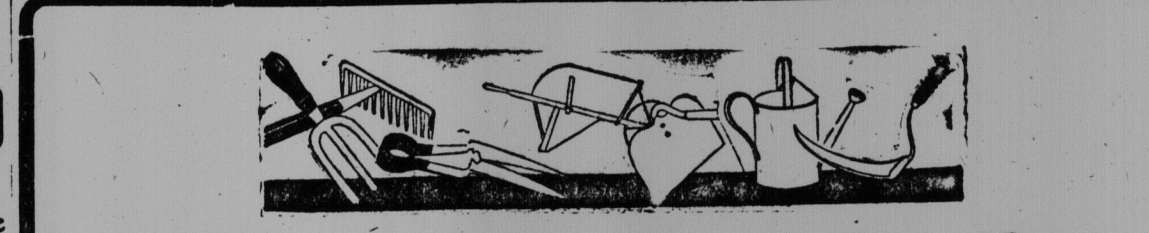

Five out of eight provincial boxing championships were won during the year, as well as one city title. Gordon Campbell, of the institute, won the 125-lb. amateur boxing championship.

PRISONER POSSED AS LAWYER

Man Who Walked Out of Pen Says He Had No Trouble.

(New York Times) Dominick Gilbert of 74 Catherine street, who escaped from the prison in the Tombs Court on Tuesday while more than thirty policemen and detectives looked on, was arrested yesterday as he was on his way to the city station to surrender, and later told Magistrate Bernard Rosenblatt his escape was accomplished without any trouble.

NEW SYSTEM FOR THE LAW REPORTS

A special meeting of the New Brunswick Bar Association was held on Thursday afternoon with Dr. W. B. Wallace, the president, in the chair. Dr. Carleton Allen, K. C., said that the meeting had been called to consider a proposition that had been put forward for a change in the mode of publishing the reports of the Supreme Court of Canada and the Exchequer Reports.

THE IDEAL TRAVEL FOR BUSINESS MEN

The Canadian Pacific has announced, effective May 1, new train service between Montreal and Hamilton and vice versa, which should become popular with traveling public, between Montreal, Ottawa, Toronto and Hamilton. This train will consist of electric lighted standard sleeping and buffet compartment cars and standard coaches, and will operate between Windsor street station, Montreal, Yonge street station, Toronto and Hamilton at 10 p. m., Toronto at 10 p. m., arriving Montreal at 7.30 a. m. and Ottawa at 11.15 a. m. next morning.

DOMINION EXPRESS LOST \$1,537,000

Ottawa, May 6.—The house railway committee, this morning, approved a proposition for an increase of three million dollars in the capital stock of the Dominion Express Company, which Strachan Johnson, Toronto, counsel for the express company, explained that the money derived from the sale of stock would be used to pay the debts of the company. The company had lost \$1,537,000 on last year's operations. An increase in rates was allowed recently by the railway commission, but this was not sufficient to cover up operating losses. He attributed the operating deficits to increased wages, increased cost of material, etc. Mr. Johnson said that the capital of the company was now \$2,000,000. The increase, if allowed, would bring it to \$5,000,000. The new stock would be taken up by the Canadian Pacific Railway, to which the express company owes a large sum of money. There was no watered stock in the company.

BORDER PERSONALS

Mrs. J. M. St. Croix has gone to St. John with her little granddaughter, who has been her guest in Montreal, where she received a brief visit in treatment in the Deaconess Hospital. Mrs. George W. Eaton of Princeton has had to re-enter Dr. Minter's private hospital in Boston for a further surgical operation.

CONTRACT AWARDED

New Haven Headquarters Will Be Going Up Soon. New York, May 6.—The Knights of Columbus have awarded a contract for a \$500,000 annual headquarters in New Haven, Supreme Secretary William J. McGinley announced. Ground will be broken this month for a building of 1,000,000 cubic feet, which the knights propose to publish. "We had not intended to commence this building so soon," said Mr. McGinley, "but it is our hope that other concerns will press forward their plans so as in some measure to alleviate unemployment."

CHAUFFEUR RESTORES MRS. TAYLOR'S JEWEL

Taxicab Driver Says He Found \$50,000 Jewel in Madison Avenue Gutter.

Mrs. Dorothy Cadwell Taylor, daughter of Mr. and Mrs. Herbert L. Taylor of 640 Park Avenue, yesterday recovered a diamond and sapphire bracelet, valued at \$50,000, which she lost last Sunday night when she went to call on Mrs. Herbert Shipman, 489 Madison Avenue. The ornament was restored to Mrs. Taylor by George L. Daker, a chauffeur, of 149 First Avenue, who recovers a reward of \$1,000.

BAIL CONFISCATED IN OPIUM CASE

David Trauberg, charged with having opium in his possession was supposed to appear again yesterday afternoon, but did not appear. The magistrate placed a fine of \$200 against him and, at that time the amount of his bail, the court confiscated the bail in lieu of his fine. The police believe that Trauberg has left the city.

AMATEUR PLAY REPEATED

The play entitled "A Girl in a Thousand" was repeated last evening in the Waterloo street Baptist church by members of young people society of the Victoria street Baptist church. The play was under the auspices of the R. Y. F. U. of the Waterloo street church and the money raised was for their fund. The play was a success and the audience was large.

THE TRAVEL AND LABOR COUNCIL MEETING

The Trades and Labor Council meeting last night was held in the new hall in Prince William street with F. A. Campbell presiding and a large attendance of delegates. A communication from Sicilyville explained the situation regarding the strike of the Stove Moulders' Union in that city. Between fifty and seventy-five men of the union have been out on strike for about six weeks. The matter of dispute concerns the open shop and individual contract. A decision was taken in regard to the communication and only routine business was dealt with.

RAVILLE IN FLAMES

Years Tomorrow's Great Fire

Monday in 1902

of Community, ayed, is Recalled Conflagration in Year.

the twenty-ninth anniversary of the fire which destroyed the village then existing, it seems a long time ago, but many Fairville residents recall that Sunday noon, on a quiet day, a fire broke out in a small house, then located in a shanty. A high north wind was blowing almost a shingle and cinders in all directions. A group of people soon gathered, but they were helpless to do anything. The fire spread rapidly, and in a few minutes it had reached the main street. The fire spread rapidly, and in a few minutes it had reached the main street. The fire spread rapidly, and in a few minutes it had reached the main street.

are treasured as relics of a very strange and sad past in the church's history. The table desk for years presided over by School Master Cosman was also saved. When the school house was burning, and was used in the Court House on Church street until the fire of last winter destroyed the Court House and contents. Few knew of this old piece of municipal furniture, but its genuineness was vouchsafed for by those who actually carried the desk to a place of safety on that terrible day. Hardly had the ashes cooled when the merchants began rebuilding. Shacks were up in a week in some instances, advertising business as usual, and it is a fact worthy of note that from neither the first nor second fire was one single business failure recorded. Everybody worked with a will to get things in shape again, and the community soon rebounded with the noise of buildings in the making, shacks gradually gave way to well constructed stores and dwellings, and by the following year a better, and certainly more snugly village was reconstructed. It was felt that all danger had passed of another wipe out and all energies were bent toward winning back prosperous times.

was turned into the public school for the time being, and while conditions naturally were hardly normal, the education of the young folks was proceeded with under comfortable surroundings. The Methodists held their meetings in Orange Hall, and the spirit of the whole population in so readily adapting themselves to temporary quarters was the source of wonder to many outsiders. Again Hit. Then came a second great fire, July 10, 1898, which started in the hotel barn, and, fanned by a stiff southerly breeze, reached out its devastating clutches along Main street, then back to Prospect Hill and Station streets, taking the C. P. R. station house this time. Soon that whole district was a roaring inferno. In Main street the store of O. D. Hanson was partially burned and then torn down to stop the fire. All between that and the hotel corner was in flames. This second disaster is reported to have destroyed twenty-five buildings, most of which were new, some not quite finished. This was even a more severe blow than the first fire, as properties were of a better class and had taken practically all available resources of the merchants and home owners to construct. No wonder the people were disheartened for a time.

Speech Before Tenth Congress Indicated No Departure From Communism—Plea for Patience.

New York, May 5.—The text of the speech delivered by Nikolai Lenine, the Russian premier, before the tenth congress of the Communist party, as printed in the official Bolshevik newspaper Pravda of March 10, is made public by A. J. Sack, director of the Russian Information Bureau in the United States, representing in this country the Russian democratic anti-Bolshevik forces. This is the speech which led to reports that

Lenine had repudiated a world revolution and communism for Russia. Referring to the question of world coming, nevertheless, and gathering strength. Of course, the world revolution has made a great step forward, in comparison with last year. Of course, the Communist International, which last year existed merely in the form of proclamations, is now existing as an independent party in every country. In Germany, France and Italy the Communist International has become not only the centre of the labor movement, but the focus of attention for the whole political life of those countries. This is our conquest, and no one can deprive us of it. The world revolution is growing stronger, while the economic crisis in Europe is getting worse at the same time.

"But, at any rate, were we to draw from this the conclusion that help would come to us from there within a brief period in the shape of a solid proletarian revolution, we would be simply lunatics. We have during these three years learned to understand that the staking of the game on the world revolution does not imply any figuring on a definite date and that the pace of its development, growing more and more rapid, may bring us the revolution in the spring, or may not. We must, therefore, know how to adapt our activity to the mutual class relations existing within our own and other countries, that we may be able for a long time to retain the dictatorship of the proletariat, and, at least gradually, to cure all the ills besetting us. Only such a view of the problem will be correct and sober."
The most urgent problem now in Russia, according to Lenine, is the relation between the working class and the peasantry. "These relations," he said, "are not what we had believed them to be. These relations represent a peril many times greater than all the perils threatened by the Denekine, Kolchak

**GRAND BALL IN
NEW BAGGAGE SHED**

The Ladies' Auxiliary of the Brotherhood of Railway Trainmen observed its first anniversary in a grand ball held in the new baggage shed in West St. John last night, when more than 400 persons were present, among them many officials and many from outside points. Dancing and cards were enjoyed until 2 o'clock in the morning when the C. P. R. provided a special train to bring the guests to the city. The shed was decorated with flags and the emblems of the auxiliary, an eight pointed star, and the colors red, white and green. The dance programme had twenty numbers and three extras. The dances were each described in railroad terms upon the programme. A pleasing incident was the presentation of a bouquet of red and white roses to the president, Mrs. William Tobin, by the past president, Mrs. Tobias Perry. Refreshments were served in a buffet luncheon and the young ladies of the auxiliary assisted. The committee in charge were as follows: reception, Mrs. William Tobin, Mrs. Tobias Perry, Mrs. Charles Coey, Mrs. William Campbell; refreshments, Mrs. Frank Ervin, Mrs. George Merryweather; ice cream, Mrs. W. Morrisette, Mrs. E. Black; floor manager, Willard Brownell; music committee, Mrs. Harry Macdonald, Mrs. William Thompson; cards, Mrs. George Currie, Mrs. James Donner. Among those present were general superintendent, J. A. Kirby; manager, Stanley Faynt; Atcheson, and Mess O'Neill and Paiale staff. **SUMMER PLANS FOR
THE PLAYGROUNDS**

Preliminary arrangements were made for the opening of the playgrounds this summer and reports were heard of the plans of the four improvement leagues for the coming season at a busy meeting of the Playgrounds Association held last night in the Y. M. C. A. building with W. K. Halsey, president, in the chair.
Frank White told of the plans of South End League for this season, and the hopes to extend and improve the grounds and to make fuller use of the running track. The South End league is to be represented in the City Intermediate Baseball League. J. H. Hamilton gave an account of the successful work for boys in the South End Boys' Club.
W. P. Scully, for the West End League, asked that a large delegation support the petition which the league would present to the city council requesting that the car tracks be removed from Queen square. Mr. Legge was ready to take an active part in instructing the boys during the summer. The league, Mr. Scully felt, would do better to look for other grounds if the tracks were not removed. W. H. Harding also spoke of the West End League plans.
C. F. Stevens, for the North End League, said the grounds obtained from the city were 396 feet by 600 feet in size, the largest and most level in the city and a clause in the lease had secured the league against having the grounds taken from it. A flagpole and flag had been presented and the work on the grounds had been practically completed.
Mr. Hamm told of the North End League's hope to secure 1,500 members as a means of augmenting its grant of \$800 to \$2,000 or more.
Mr. White, on behalf of the East End League, said he had just come from those grounds and that the East End was planning to have double its grand stand accommodation, have the grounds enlarged and more equipment for the children's ground obtained.
Mrs. George Doherty, treasurer, reported expenditures of \$265.96 and a balance of \$942.75.
Miss Heffer gave an account of the work at the Boys' Club and the entertainments enjoyed. The boys had raised funds to return \$20 to the board for its tools provided and had \$10 on hand for a curtain for their stage. Mr. Scott had formed baseball teams among the boys and the Y. M. C. A. had invited the boys to attend the swimming lessons on May 19 to 20.
Committees to look after playground equipment were appointed as follows: Aberdeen, H. McCallan, John Kimball; Centennial, M. E. Asar, A. W. Covey; Allison, J. H. Hamilton, A. M. Heiding; W. End, Capt. A. A. Mubashy; W. L. Harding; Alexandra, C. F. Stevens, John Armour; King George, R. P. Hamm, G. E. Day.
Arrangements were made for Miss Miss Heffer to give special training to the teachers for the playgrounds.
G. L. Shortt spoke of the possibility of getting older Boy Scouts to help care for the boys on the playgrounds.

RIGHT SHOW A SMALL PROFIT ON PAYING PATIENTS

A meeting of the finance committee of the municipal council, held yesterday afternoon in the office of the secretary, J. King Kelley, a delegate from the commissioners and staff of the General Public Hospital presented a report of the receipts and cost of up-keep of the proposed new wing. Mayor Reid was in the chair and members of the committee present were Warden Councillors Jones, Bentley, Anderson and Donovan. The commissioners present were Mr. Mrs. J. V. McElliott, Alexander, Dr. Crawford, Dr. Hedley, and Dr. L. M. Curran, M. D. the staff.

Report of the hospital authorities that it would take from \$45,000 to a year more than revenue to maintain the proposed wing, to the plans adopted. A statement presented showing that the overdraft of the hospital was \$100,000. The report in full was as follows:

The committee, to which was referred report on alterations and at the General Public Hospital, to secure an estimate of expenditure and income, begs leave to report as follows:

"This report may be considered as coming from the board of commissioners and the staff jointly. It is estimated that the new wing might have at least forty completely paying patients per day, from whom the income would be about \$60,000. The expense and operation for the ninety patients in this wing, of which fifty would be non-pay-

ing, is estimated at \$100,000 a year. This means a deficit of \$40,000 a year. To this should be added say ten per cent annually on capital account for interest and sinking fund, i. e., \$22,000, making the cost to the municipality about \$62,000 a year. The above calculation is based on a charge of \$4 per day per patient for the forty and handling the remaining fifty as non-paying patients. It is possible to accommodate, however, in addition to this forty, seven paying maternity patients, five part-paying maternity patients and five paying children's cases which would increase the estimated revenue by about \$15,000. If this condition prevailed there would be only thirty-three non-paying patients. This would reduce the deficit, including interest, to between \$45,000 and \$50,000. It is calculated that it would cost \$60,000 for fifty-seven patients for one year, and if only the proportion of three-fifths of interest and sinking fund were charged against the paying patients account, the total cost of the paying patients would be \$73,500. Thus, it will be seen, if these conditions prevail, that the paying patients might actually pay a profit of \$1,500. The deficit would be entirely caused by thirty-three non-paying patients, the out-patients' department and the interest and sinking fund on these two items.

"The proposed new epidemic, costing \$110,000, would require say \$11,000 a year in interest and sinking fund charges and probably \$20,000 to \$30,000 a year to run, and would be profitable of no revenue. It is the opinion of the majority of the board that of the two units the most pressing need is the wing some relief might serve the needs of the community for from one to five or more years is afforded by the following scheme:

"Remodelling the present epidemic so as to accommodate properly fifteen patients more than at present, or forty in all, can be done for \$50,000. This would require, however, housing the nurses on epidemic duty outside the epidemic hospital, whereas at present they are housed in that building. It is entirely out of the question to house nurses on contagious disease duty in the new nurses' home, so it is proposed to build a nurses' cottage adjacent to the present epidemic to accommodate nine nurses at a cost of \$8,000. Regarding this proposition the following resolution was passed by the board of commissioners by a vote of eight to one:

"That the plans for alterations to the

epidemic hospital and for a new nurses' cottage be approved by this board and forwarded to the municipal council for their adoption."

"The plans are accordingly presented herewith."

Accompanying this report is a financial statement of the General Public Hospital from January 1 to April 30. The statement showed that in the four months specified the total expenditures amounted to \$85,011.75, including an overdraft at the first of the year of \$17,040.31. The total receipts were \$32,094.04, making the present deficit \$52,917.71.

A lengthy discussion of the report took place but no definite action was decided upon. It is probable that the matter of expropriations in Courtenay Bay be left with the warden, Councilor Schofield and the county secretary to investigate, with power to incur the expense necessary."

On motion of Councilor O'Brien it was decided that the plans and estimates for fire hydrants in the parish of Lancaster be approved.

The question of the distribution of hydro-electric power in the parishes was considered at the meeting but no definite action was taken.

LOCAL NEWS

PROPERTY WITHDRAWN.
A freehold property at 61 Erin street was put up for auction at Chubb's corner by Auctioneer Potts at noon today and was withdrawn at \$2,750.

AN IMPROVEMENT.
The epidemic of brightening flag poles seems to be spreading as an enterprising steeple jack has already painted three in Charlotte and King streets. The pole on the building occupied by Macaulay Bros. & Co., Ltd., was done last week, and the one on the Bank of Nova Scotia, Charlotte street, has also received a fresh coat of paint.

"THE BOSTON BOAT."
Alfred C. Currie, manager of the local office of the Eastern Steamship Corporation, returned home today from Boston, where he had been in conference with officials. He said that the steamship Governor Dingley would leave Boston on May 28 for St. John and would make two trips weekly, leaving on Monday morning at 8 o'clock and Saturday evening at 6 o'clock, eastern standard time.

WILLIAM CARTER.
Many friends will regret to hear of the death of William Carter, a lifelong and highly respected resident of Red Head, which occurred there today. He was seventy-five years of age, and is survived by two sons, Charles of Red Head and Thomas, an employee of the Dominion Express Co., this city; and two daughters, Miss Mary and Mrs. Charles McNulty, both of this city.

COMPENSATION CASE.
The Workmen's Compensation Board has requested the city to withhold payment of amounts due A. George Moses in connection with his work on the contract for the deepening of Newman Brook until the matter of compensation for the death of Charles Randon, killed in a dynamite explosion about two weeks ago, has been settled. Wm. M. Ryan has been retained to handle the case for the parents of the dead youth.

A HAPPY CROWD.
The children of the Y. W. C. A. athletic classes—girls from three to fifteen years of age—and numbering in all about 80, were formed up outside the Imperial Theatre this morning and a photograph taken. They made a very pretty picture, all in midday blouses and bareheaded, and judging from their bright, smiling countenances they enjoyed the operation immensely. The picture was taken just after the children had finished a rehearsal for a play they are to present.

PRESENTATION.
A little before closing time on Thursday evening the office staff of the N. B. Power Company gathered in the main office and bade farewell to H. K. Olmstead, one of their number, who after several years' service in the office, the company is leaving to enter business with J. P. McNeil of the north end. On behalf of those present, E. L. Telephone Co., Ltd.; Haley Bros., Ltd., N. B. Power Co., The Standard Publishing Co., C. H. Peters' Sons, Ltd., The Cornwall and York Cotton Mills, Ltd., and Murray & Gregory, Ltd.

BUILT TO STAY.
A change is being made in the appearance of the Dufron Hotel. A section of the outside wall, facing King Square, is being torn down to make room for a store which is to be opened there and a change is being effected in the fronts of the hotel between the building torn down. The contractors said this morning that the wall in the corridor of the hotel is four feet thick and built on the natural rock in one of the most solid pieces of masonry they had ever seen. The outside wall is also very thick. This is a survival of the old-time masonry and construction work which was carried on in the loyalist city previous to the great fire.

THORNE LODGE OFFICERS.
At the annual meeting of Thorne Lodge, No. 209, I. O. G. T., held in their hall, Thorne avenue, last evening, the following officers were elected for the ensuing term: C. T. James McEneaney, Y. W. C. A. secretary; Walter Brown; A. S. John McEneaney, F. S. Thorne Owe's secretary; J. C. E. S. J. W. Vars Gardner; marshal, R. A. Brown; D. M. Mrs. James McEneaney; P. C. T. George W. P. J. H. Gardner; guard, Wm. Stein; sentinel, F. Montgomery. After the reports of the year had been presented, the new chief templar, E. N. Stockford, installed the new officers and gave an address on the work of the organization in the province and the present enforcement of prohibition.

WORD OF MAN WANTED.
Chief of Police Smith has received an enquiry from the vice-consul of the Netherlands at Vancouver, about a man named Damnes Hoegendyk. The vice-consul said that Damnes had been instituted about him by his brother in Norway, who wrote that Damnes Hoegendyk had not been heard from since 1916, when in June of that year he left Bergen, Norway. It is believed that he sailed to this country or to the United States and the Vancouver officials are of the opinion that he may be in this part of the country. A description of the missing man gave his height as five feet four inches and said he had black curly hair, was clean shaven and had a scar across the bridge of his nose. The chief requests that anyone who has seen a man answering to this description communicate with him.

POLICE COURT.
Harold C. Titus, who is being held on the charge of stealing a bicycle, valued at \$25, was in the police court again this morning and was remanded. James Kierstead, charged with stealing scrap iron, was again remanded on the charge of a copy of the evidence in the case of John T. Gardner, recently sentenced to a fine of \$500 or one year in jail, on the charge of non-support of his wife and family. There were no prisoners for drunkenness, which caused the magistrate to remark on what a peaceful city this would be and how much better off the families of the usual morning flock would be if there were no such cases from now until November.

Returned Soldier on Trail of Unlicensed and Wandering Dogs

The war on unlicensed and wandering dogs in the city has been declared, and this morning Commissioner Frink let loose an official dog catcher, whose duty it will be to enforce the by-law regarding canines. He is a returned soldier.

The mayor read sections from the by-law to a Times reporter at city hall today. It provides that dog owners must take out a license on May 1, at a cost of 1 and 82. If this fee is not paid before July 1, these amounts will be doubled. The dogs are not permitted to run at large unattended, and if they are rounded up they can be reclaimed only on payment of a \$2 fine. If they are not called for, the city has the authority either to sell or kill them as directed by the city council.

There still only a small percentage of the dogs in the city licensed for the present year, so it is expected that the action of Commissioner Frink will cause somewhat of a rush on the chamberlain's office on Monday for the necessary licenses.

BID FAREWELL TO MISS HASLAM

Presentation at Gathering in Victorian Order Headquarters.

Miss Edith Haslam of the Victorian Order of Nurses, who has been in the city for the last five or six months, will leave this afternoon for Grand's Mere, P. Q., where she will take up child welfare work in connection with the community organization recently perfected there.

Last evening Miss Haslam was a guest of the nurses and student class of the V. O. N. at their home in Carlton street at a dinner given in connection with a conference of nurses held yesterday afternoon and evening. On behalf of the nurses and students a handsome bound and indexed note book was presented to Miss Haslam. Matters in connection with the work of the order were taken up at the conference, which was attended by the local nurses as well as Miss Peterson of Fredericton and Miss Revier of Marysville.

Expression of their appreciation of the assistance given here by Miss Haslam was made by the nurses last evening. Miss Haslam has been instructing the student nurses particularly in the practical work of child welfare. She is a native of Liverpool, England and was first engaged in child welfare work in England. During the war she was with the public health service in the American Red Cross, and saw service overseas with that body. After the cessation of hostilities she took up work in a primitive field in New Foundland and organized for an assisted in the establishment of a new children's hospital which has proved a very successful and profitable undertaking for the island. Before coming to St. John, Miss Haslam was engaged in similar work in Sherbrook, Que. Her many friends in St. John wish her every success in her new field of endeavor.

In conversation with the Times Miss Haslam expressed the view that there should be a well baby clinic in each of the east, west, south and north ends of the city and a day nursery. There was great need also of provision for fresh air treatment and proper nourishment for children such as twenty-five shew who are still unable to walk though long past the walking age.

C. P. R. KEYMEN HERE FROM HALIFAX

Party of Seven of Telegraph Staff Arrive on Week End Visit.

Seven members of the C. P. R. telegraph staff in Halifax arrived in the city this morning and are to be the guests of local members on a camping trip to Loch Lomond. The visitors are William Emery, Charles Cahill, Harry Hayes, Charles Robson, William Keating, Geo. Metalar and Percy Maher. The local members who are acting as hosts are John P. Griffiths, John McLaughlin, Oliver and Andrew Emery, Lawrence Cunningham, Charles Judge, Joseph Byrne and Joseph Lavan. The party left by auto at one o'clock and will remain until Monday at noon. Elaborate plans have been made for the trip, a baseball outfit, fishing tackle, boxing gloves and other regalia marking up the kit. On Monday evening they will have a bowling match on the Y. M. C. I. alleys.

HOW RENT WENT UP

That rents may be increased through the influence of politics was instanced today in developments in connection with the military property in Fredericton. It is said that the board of liquor vendors of the province entered into negotiations with the military authorities of that district and secured the rental of the barracks at Fredericton for warehouse and office space at the rate of \$300 a year. This news was hardly announced, it is said, before the wires between Fredericton and Ottawa started to burn with protests of members of the federal government party that the price was too low and complaint that this amount would tend toward the depreciation of the property. The result was that within the last few days the board was informed that the rental for the building would be \$1,000 a year instead of \$300. An interesting sequel is the news received from Fredericton yesterday that negotiations had been about completed for the sale of all the military property west of Carleton street and fronting on Queen street to one of the Dominion government party. The price mentioned is in the vicinity of \$20,000, and it is said that the Bank of Montreal will purchase a building site on the property for some \$20,000.

LONGSHOREMEN'S WAGES

By agreement between shipping men and longshoremen of Montreal under the new terms the shippers will receive 60 cents an hour for day work and 75 cents an hour for the periods from 7 to 11 p.m. and 12 p.m. to 5 a.m., with double time on Saturdays. Various minor conditions are agreed to on both sides, one of which is depositing of \$800 with a trust company as a guarantee for the due performance of the agreement. All local steamship companies signed the contract.

An Important Showing of Bedroom Furniture

This store now shows a much greater variety of bedroom furniture than any one person would ordinarily care to see. There are types for every inclination and taste, and for every price limitation, and yet with all the comprehensiveness of the display, every single piece reflects careful, individual thought in selection.

All the popular styles are shown in the beautiful mahogany and walnut—in the soft French grey, or ivory enamel or in pronounced colors with artistic decorations.

And all are priced at a fair level or prices based on intelligent buying. It is most unusual to have such extensive selection available in furniture of this character you will find here.

Anyone interested in the acquisition of bedroom furniture will surely find it advantageous to see our display.

Comparison of values is most cordially urged.

3th St. John (Coburg Street Christian) Troop.
The troop and pack met on Tuesday evening and routine work was carried out. The scoutmaster, assisted by the assistant scoutmaster, F. Patman, formed the troop into horseshoe formation and invited Scouts Wm. Dalling and Walter Garvie.

11th St. John (St. Luke's) Troop.
On the evening of Monday, May 2, the boys of St. Luke's Troop, under their scoutmaster, the Rev. E. P. Wright, together with the boys of St. Paul's (No. 2) Troop, under Assistant Scoutmaster E. H. J. Barber, engaged in a game of moonlight attack upon St. Paul's, who were holding Fort Howe. Two of the three messengers of St. Luke's successfully reached the fort.

After the game, Assistant Scoutmaster Barber of St. Paul's presented ambulance badges to Patrol Leaders Ronald Murray and Charles Wakeham, and to Scout Ed. Belys. He complimented the boys on successfully passing one of the most important tests, and expressed the hope that several other outings of the same nature might be held during the season.

Mr. Wright then said that there were five nut bars hidden within a radius of five feet of the crowd, and a very lively scramble ensued in which St. Luke's captured four of the five bars.

The outing ended by the giving of three hearty cheers for each side, which cheers were followed by the "Scout Whisper."

"The Mafeking Stamp Story."
"A week or two ago I referred in these notes to the story about Sir Robert

Baden-Powell's having issued a stamp in a town in South Africa during the Boer war, with the impressing of his head on it, and I pointed out how a certain shrewd-minded and spiteful people, jealous of the chief scout's exceptional ability, love to drag up that story against him even to this day.

It is therefore with considerable satisfaction that I have received a letter from an individual whose name I am not at liberty to disclose, but whose veracity cannot be questioned, in which he says:

The truth about that postage stamp, which was printed in Mafeking, with B. P.'s head on it, is this: An officer, who thought it would please B. P., designed and had printed the stamp, but when B. P. found this stamp had his head on it, he immediately stopped its use, and instead had the figure of a boy on a bicycle. Of course, these stamps in any case were used only for messages in Mafeking itself.

So there, Gentlemen. Next time you hear the silly lie told you can fling it in the teller's teeth—"Willain Regardant!" The Winning Post.

12th St. John (Church of Good Shepherd) Troop.
This troop was organized on Monday evening by District Commissioner Major G. L. Short. The Ven. Archdeacon Crowfoot outlined the ideals of the movement to the boys and the commissioner the practical side. The boys were given instruction in the tenderfoot tests and several group games were played. The troop has Wm. Laurin as scoutmaster. The rector, Rev. W. P. Dunham, is chairman of the Wolf Cub Pack, and will also act as chaplain of the troop.

16th St. John (Tabernacle Baptist) Troop.
The troop held its first meeting on Tuesday evening under the leadership of Scoutmaster R. B. Howard. There is every sign that a very successful troop will soon be in operation. The meeting next week will be taken up with the forming of patrols and choosing troop colors. The troop already has its troop committee as follows: Chairman, Mr. Adams; secretary-treasurer, Mr. Malory and Mr. Kincaid; Rev. Mr. Tedford has consented to act as chaplain.

1st St. John (Trinity) Pack.
A large number of Cubs turned out on Wednesday evening. The pack was very busy passing tests most of the evening, several boys completing their first and second star tests. Wolf Cubs Ross, Short and Schofield were invested as Second Star Cubs. District Commissioner G. L. Short was present and also T. E. Simpson, who presented to Cub Donald Schofield two proficiency badges. The pack has undertaken a campaign for subscriptions to our magazine. Good hunting to you all.

"Thomebody Thole the Etheth."

The NEW EDISON
"The Phonograph with a Soul"

CONSIDER your object in buying a phonograph. It is to bring true music to your home—the living performances of great singers and instrumentalists, of great bands and orchestras.

Over five thousand times, before more than five million people, the New Edison has stood side by side with the living artist in a direct comparison test, and no one has been able to distinguish between the living performance and the RE-CREATED performance.

The New Edison is the only phonograph or talking machine that sustains this test. It is the only phonograph that has actually proved beyond question that it gives you true music.

**OTTAWA HEARS
 DR. WEIZMANN**

Leader of Zionists Tells of His Hopes for Palestine and Praises Britain.

(Ottawa Journal.)
 Dr. Chaim Weizmann, L.L. D., president of the World Zionist Organization, eminent scientist, world-famed inventor and British patriot, was the honored guest of the Ottawa Zionist Council at a luncheon in the Chateau Laurier at noon yesterday.

The luncheon was graced by the presence of the Governor-General, who occupied a seat at the right of A. J. Fisher, president of the Zionist Federation of Canada, and chairman of the luncheon. Hon. Arthur Meighen was present, and in an eloquent address expressed his sympathy with the Zionist movement. Representing the city were Mayor Frank Hiant and members of the board of control.

Dr. Weizmann was given a wholehearted ovation as he rose to speak. It was because of the feeling of the Jew towards Great Britain that Jews had almost instinctively made the request at the peace conference that Britain be given a mandate over Palestine. Atomized as they were, scattered over the world, they believed firmly that under Britain they could develop and reconstruct their homeland better than under any other nation.

Referring to the premier's comparison between Canada and Palestine, Dr. Weizmann pointed out that one fundamental difference between the countries was their size. The size of Palestine, however, could not be measured by yards, but only by its centuries of history. That was why the Holy Land was so highly prized by Jewry.

One to Call Their Own.
 "I realize," continued Dr. Weizmann, "that at best there will be more Jews outside of Palestine than within its boundaries, but we will have a country

Offers a new experience in shaving:

MENHIEN SHAVING CREAM

to call our own, and may, as a nation, be able to give to the world something that we could not give before. Through all our tortures this prophetic spirit has not entirely died out. It is not presumption to say that new and valued forms of government are society might result from the gathering together of Jews, from all parts of the world—it is a fall to transform Palestine and utilize our experience to the advantage of civilization."

The task of establishing the Jewish nation in Palestine would not be an easy one—there would be many trials and tribulations before victory would be realized.

Immigration to Palestine at the present time was peculiar. Immigrants were coming in from Soviet Russia, from Poland, from Rumania, from the East and from the Balkans; young men and women, well educated, many of them college graduates, who were entering Palestine willing to set to work building roads, draining marshes, and reconstructing the country. Organized in co-operative groups their labors were already showing results.

From the variety of material entering the country, a new social structure was being formed. Difficulties would be experienced in building a uniform nation from the widely divergent classes entering the country, but success would be realized by continued effort.

The Arabs, he asserted, should not be dealt with lightly, since a telegram which he had just received stated that riots had taken place at Jaffa. The actual situation, he hoped, had been exaggerated by the despatch, but this was only one instance of the tribulations which Jews would have to go through before continued peace would reign. Palestine was surrounded by unsettled countries, and trouble might be expected for a time. Brotherhood, however, would win out in the end.

Increasing Jews should recognize the present inhabitants as their equals, and carry them along in the development of the country.

In mentioning the appeal for funds which is being made by Jews throughout the world, Dr. Weizmann stated the greater part of the \$250,000,000 to be raised voluntarily among Jews must necessarily come from the west, since the east was a "very sick man" and could not be expected to give as much financial assistance as the west. He had been watching the campaign, and there was every indication that, difficult as the task of raising such an immense sum appeared, there was every reason to believe the task would be accomplished.

In conclusion he expressed the hope that in upbuilding Palestine the Jews might repay to the world in some small degree the debt of gratitude that was owing to all nations.

Are the Railroads Wasting \$1,000,000,000 a Year?

Not only the million holders of \$20,000,000,000 of American railroad securities and the more than two million railroad employes, but every citizen who has a stake in the return to normal of industrial and commercial conditions will be concerned if, as a statistician for the railroad labor unions charges, inefficient management is costing the roads a bill of waste of more than \$1,000,000,000 a year. This charge is part of railroad labor's reply to the movement for a reduction of railroad wages, the argument being that elimination of this colossal waste would make wage reductions unnecessary. When the Railroad Labor Board, a few weeks ago, abrogated the National Agreements, which fixed a single standard of working conditions for all railroads, the railroad managers regarded it as clearing the way for wage reductions which, they estimated, would save the roads at least \$1,000,000 a day. Now Mr. W. Jett Lauck, an economist employed by the railroad unions, accuses the railroad managers of part in a "capital combine" which conspires to "deflate" labor, and he undertakes to show that the deflation should apply to management, rather than to wages.

Both sides of this crucial argument are presented in the leading article in THE LITERARY DIGEST for May 7th, with editorial comment from the newspaper press of the United States upon the points advanced by Mr. Lauck and the replies of prominent bankers and railroad executives.

CREW TELLS OF LOSS OF BONA H.

Parrsboro Vessel, Burned at Sea, Was Loaded With Gasoline—Crew Safe.

(Boston Globe.) Details of the loss of the British three-masted schooner Bona H. of Parrsboro, N. S., were obtained from the crew of the luckless vessel when they reached here this morning on their way from New York to their homes. The vessel had carried a cargo of gasoline from Port Arthur to Porto Plata, Mexico and Kingston, and was on the way from Jamaica to Key West, when on April 27, at 1 a. m., fifty miles west of Havana, explosion occurred in the hold which blew off the hatches and started a fire that destroyed the fine craft. H. J. Jollymore and John Lambert, two of the crew, were thrown violently against the foremast spar and severely bruised. No one else was injured. Capt. S. F. Knowlton, the master of the schooner, said the explosion was undoubtedly caused by gases from the cargo she had carried from Port Arthur, from which the hold had not been freed. The force of the explosion blew the forward and after hatches high in the air, started a fire in the hold and on deck and set the sail ablaze. The fire spread with such rapidity that the men saved only part of their belongings. The captain said his personal loss would exceed \$1,000, besides his interest in the vessel, which was not insured. The crew jumped into the power boat, and with the small boat towing astern, they headed for Havana. They were fourteen hours in the open boat before they reached Havana, and part of the time they were buffeted by a heavy gale and rough sea. Arriving at Havana, the captain said, he sold the two boats and an old compass for \$205, which, with more money

Niles, Miss Alley. Mrs. M. J. Belding. The delegate appointed to the Associated Charities was Mrs. J. S. Flagler. The provincial convention of the order is to be held in Fredericton in July and the delegates appointed to attend it were Mrs. Arthur Kirkpatrick and Miss Pearl Clark.

ANOTHER CHARGE AGAINST THIS LAD

A new charge was added yesterday afternoon to the others already preferred against Ronald Owens, one of the six boys arrested at Musquash some time ago. This charge was that of escaping from the Boys' Industrial Home, where he had been placed by order of the local court. A. J. Parker, superintendent of the home, was the only witness yesterday. He said that he recognized Owens and had been in charge of him from the time he was placed in the home on Oct. 23, 1919, until he escaped on Nov. 9, 1919. He said that the boy had not been in the home since he escaped more than eighteen months ago. The case was postponed, following this witness' testimony, until next Monday. Daniel Mullin, K. C., is appearing for Owens.

SAYS ADAM AND EVE ONLY MYTHS

(Special Correspondent Montreal Gazette.) Vancouver, B. C., April 26.—Einstein has shaken the scientific world with his abstract theory of Relativity. A group of European savants is hard at work trying to prove that Newton's "discovery" of gravitation was based on unscientific principles. And now comes Professor Charles Hill-Tout, of Vancouver, with a positive assertion that man is of poly-genetic and not of monogenetic origin. To the layman, Mr. Hill-Tout's statement will be rather a jargon of words which must be explained before it is understood, but to anthropologists it means a revolutionary re-arrangement of all pre-conceived ideas. Incidentally, it seems to dispose of the old and long religious belief that Adam and Eve were the original parents of the human race. The biologist, in the light of Dr. Hill-Tout's recent discovery, must irrevocably be classed as a myth.

25,000 CANADIANS IN NEW YORK CITY

Washington, May 6.—There are 25,236 Canadians in the city of New York, census takers announced yesterday. They include 1,740 of French parentage. There are 71,288 New York residents who were born in England, 27,111 in Scotland, and 222,383 who are natives of Ireland.

Your Pay Envelope. HOW about it? Are you able to keep up to your prescribed task? Is the boss watching your time sheet? Has he reason to think you are slipping back? The efforts put forth to keep up to the new scale of work in conjunction with "high pressure" mode of life these days soon tell on the strongest system, shatters the nerves and weakens the heart. Thousands are finding life a burden and others an early grave. The strain on the system causes palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells. Milburn's Heart and Nerve Pills have helped hundreds just in such a condition by making rich new blood, strengthening and regulating the heart, renewing the nerve centres and infusing new life and energy into the system. This remedy builds up and maintains a healthy, vigorous constitution, according to the testimony of hundreds who have used them. Mr. Alfred Arsenault, Lot No. 6, P.E.I., writes: "I was very nervous and run-down, and was so bad I could not sleep at night. I used two boxes of Milburn's Heart and Nerve Pills, and I was relieved. That was one year ago, and I have been well ever since." Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ontario.

A Cold is a Miserable Thing. WHEEZE, sneeze, cough, hoarse or voiceless, sore throat, watery eyes, giddy head, fevers, shivers, no ailment inflicts such utter misery and depression on its victim. And yet people neglect colds, until they have reached a really dangerous condition. SHARP'S BALSAM of Horehound and Anise Seed is a pleasant and safe treatment which brings almost instant relief to sufferers from colds, and prevents dangerous developments. You may enjoy the bright crisp winter outdoor life, without danger—you can rely on Sharp's Balsam to keep you as free of colds in winter as you are in summer. 70 years of effective use—this record is its best recommendation. THE MAN WHO GAMBLES WITH HIS HEALTH— Is the Worst Kind of Gambler. The end of the money gambler may be financial ruin—the end of the health gambler may be death and financial suicide as well. Money gambling is recognized as such a serious menace to the welfare of human beings that it is prohibited by the most severe laws, yet THE MAN WHO GAMBLES WITH HIS HEALTH COMMITTS A FAR GREATER CRIME AGAINST HIMSELF THAN THE MAN WHO GAMBLERS WITH HIS MONEY. When you go on from day to day in a weak, nervous, run-down condition YOU ARE GAMBLING just as much as the man who sits at the gaming table and loses his money on the chance of the dice box, only he is gambling with his MONEY, and you are gambling with your HEALTH, YOUR FUTURE and perhaps even YOUR LIFE. Your vitality and powers of resistance are below par and you are in a condition to become an EASY PREY to almost any of the THOUSANDS OF DANGEROUS GERMS that inhabit the minute particles of dust that you inhale that float in the very air you breathe, that may already be lying dormant in your body waiting and watching for you to become weak enough for them to attack, just LIKE A HUNGRY WILD BEAST STALKS ITS PREY. You would not stake the health of your children nor the life of your wife on a guess of the color of a card, nor the ownership of your home on a turn of the wheel of fortune, but you put your health and perhaps your all in the dice box of chance—you stake it a few times saying, "I'll win," "I'm run-down," "I'm nervous," "I don't sleep well at night," "I get all tired-out at the end of the day," "I hope I'll get all right soon"—yes you hope—but out come the dice perhaps all "loaded" against you—you were "framed-up" before you took the box—you don't get all right, on the contrary you go on from day to day getting weaker and weaker. A simple remedy like NUXATED IRON might have saved you and put you right if you had taken it in time; take it before you had any real organic disease taken it when you only needed something to build you up and put more rich, red blood into your veins; but now it is too late for Nuxated Iron, perhaps too late for your doctor too—you gambled and lost at thousands do. Any doctor will tell you, that the surest way to keep yourself from contracting almost any disease, from an ordinary cold, or tonsillitis to pneumonia, rheumatism, tuberculosis, or even cancer is to keep plenty of pure, rich, red blood in your veins and take care that you have the physical strength and endurance to develop within you those mysterious powerful "anti-bodies" that nature made to fight the millions of deadly disease germs that would take your life. When, as a result of iron starvation, you get up feeling tired in the morning when you find yourself nervous, irritable and easily upset; when you can no longer do your day's work without being all ragged out at night; or have pains across the back and your teeth pain and draw, do not wait until you go all to pieces and collapse in a state of nervous prostration or until in a weakened condition you contract some serious disease, but take organic NUXATED IRON at once to help enrich your blood and revitalize your worn-out, exhausted nerves. In addition to organic iron, Nuxated Iron also contains a remarkable product, brought to the attention of the French Academy of Medicine by the celebrated Dr. Robin, which represents the principal chemical constituent of active living nerve force, FOR FEEDING THE NERVES, so that NUXATED IRON might be said to be both a BLOOD and a NERVE FOOD. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of organic Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Thousands of nervous, run-down men and women, who are weak and ailing all the while, have astonishingly increased their strength and endurance in two weeks time in many instances by this simple experiment. Over 4,000,000 people annually are using NUXATED IRON. It will not injure the teeth nor disturb the stomach. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. Beware of substitutes. Always insist on having genuine organic iron—NUXATED IRON. Look for the letters N. I. on every tablet, or have pains across the back and your

say BAYER Aspirin Nothing Else is Aspirin. Warning! Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all. Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 21 years and proved safe by millions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain generally. Handy tin boxes of 12 tablets cost but a few cents—larger packages. Aspirin is the trade mark registered in Canada by Bayer Manufacturers of Monopoli, Italy. It is well known that Aspirin means Bayer manufacturer, to assist the public against imitations, Bayer Company will be assigned with their general trade mark, the "Bayer Cross."

HAVE YOU ECZEMA OR SKIN TROUBLES? Read This From A Druggist. "Wish you could see a returned soldier who had been poisoned by gas. He had the worst dose of Eczema I ever saw. His hands were certainly a sight. He hadn't used water for a year, had been in hospital and in the doctor's care for 18 months. He now wishes the same as ordinary humans. It does a fellow good to hear him boast your remedy, Swalzena. He had it recommended to him by another returned man who had been cured by it. Many letters like this come in from druggists throughout Canada, who have had customers suffering with Eczema, Boils, Salt Rheum, Running Sores, Poison Ivy Rash and other Skin Diseases, restored to health by Swalzena after enormous expenditures on doctors and other preparations have failed. HEDIAC NURSE IN CONSTANTINOPLE

Miss Leger Writes Interesting Letters to Her Sister, Mrs. J. T. Hebert.

(Correspondence Moncton Transcript.)
Hediac, N. B., May 8.—Mrs. John T. Hebert of this town, within some time past, has been in receipt of letters of a most interesting nature, from her sister, Miss Bertha Leger, graduate of Hillcrest Hospital, Springfield, Mass., who during the past year has been living in Constantinople, Turkey.
Miss Leger, who traveled east, professing to be an American family physician, New York city, describes her and subsequent stay in the orient, in most interesting manner. The ocean voyage was calm and uneventful, but after they stopped and found that was worth while to the "night" proceeding along the waters of the Mediterranean, they reached Palestine, where, together with a number of the passengers, they visited the holy city, and took in many of its points of interest.
Miss Leger described as one of the sights after features, the old cathedral dating back to 1100, near the city is the old Royal Palace, which was visited, and abounded in much interest to the tourist. The cathedral also proved a source of extreme interest, but left also a gruesome effect, those passing through them Palestine. Miss Leger found the natives drive about in carts, hauled by ponies, gay demure of fancy paper, adorn the corners of the streets are but pathways of the most attractive spots visited in "Villa Favorita," formerly it became a royal, but is now unoccupied. Exterior and interior are of workmanship and very beautiful, gardens of great beauty surround it.
On leaving Palermo the dangerous rough the Straits of Messina was piloted without incident. The interesting port of call was Piræus, whence they proceeded to Athens, seat of the most delightful time in driving about the classic city and viewing of its charms. The Royal Palace, Leger described as superbly beautiful and unvarying.
Leaving Greece, within a comparatively short time Dardanelles was reached, the Dardanelles, and Turkey, the of their destination, became visible, hardsells they collided with a ferry, but neither received any damage. From this point of the passengers were enabled to go to the burial grounds of the heroes, late war, and viewed the spot general sorrow. Here were wrecks of many sunken battleships visible, and they proceeded up the straits they beyond four sunken ships, having be-

longed to Germany. This part of the voyage proved of particular incident, increasing as they neared their destination. That evening a good view of Turkey was obtained, and on the following day the passengers found themselves safely anchored within the sea of Marmara against the eastern sky line was pencilled the famous mosque of St. Sophia, which they later visited.
The city of Constantinople, magnificently situated on the Bosphorus, commanding one of the sites of the world, Miss Leger described as hilly and rocky, unlike the cities of America in every respect. It looms up plainly in the near distance, and makes the traveler realize he is indeed in "other parts," far removed from the land of his birth.
For the first few months Miss Leger and friends took up their apartments in Roberts American Medical College, some few miles out of the city, and which had been recently occupied by a professor of the staff, who had left with his family for Bulgaria. Since November last Miss Leger has been in charge of the John Sloane Memorial Infirmary, donated before the war by William Sloane of N. Y., in memory of his father. A splendid building, modernly equipped in detail and in connection with Roberts College. The complete staff of the college is composed of American teachers who, within the college, have seventeen nationalities of the near east to deal with. British and American students are also found in the college. The nationalities include Egyptian, Bulgarian, Croatian, Turkish, Persian, Russian, Swiss, Albanian, Ukrainian and others of the orient.

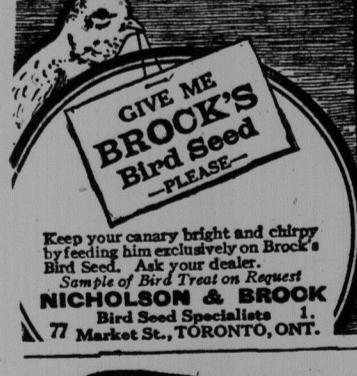

On Sunday afternoons in the chapel of the college are held magnificent recitals under the direction of the artists of the east. Within recent date Miss Leger enclosed a programme which had been greatly enjoyed. The director upon this occasion was Antoine Sonoff, assisted by the "Russian chorus of Hallelujah," a droll but brilliant musical production, and attended by the members of both British and American embassies.
Social functions are much in vogue among the professors and their families, and are largely attended. Dances are held during the "season" and are greatly enjoyed by those attending them. Miss Leger in writing speaks of the brilliancy of them, and the extreme novelty of the situation.
Following the arrival of the tourist a visit is paid the British consular general, where registration takes place and a feeling of safety is established.
An interesting account is given of a trip to Stamboul, the ancient part of Constantinople, and mosque of St. Sophia, here stands the old mosque of St. Sophia, built in the year 607 A. D. Entering the Mosque at time of prayer, the visitors found the Turks upon their knees, in oddly designed rugs, worshipping Allah, to the shrill music of the choir. At the rear of the Mosque, behind lattices, were the women. Of modern date, the young Turkish women do not veil the face, but only the head. Upon entering the Mosque the party donned sandals over their shoes. St. Sophia, Miss Leger describes as wonderfully impressive and a spot she trusted to visit again ere leaving the Orient. Referring to the sea of Marmara, the writer speaks of it as abounding in tremendous warships of different nationalities. Across the Bosphorus, within recent date, an engagement took place between the Nationalists and Greeks, who dispersed at the booming of the British guns.
A trip of interest was also made on the famous Bagdad railway, and a view obtained of the workings of the Germans in their eastern schemes prior to the war. Owing to the intense heat of the summer Miss Leger at time of writing was not anticipating another season in the east, but intended travelling early in the summer overland, per Orient express, to Paris, taking in the capitals of Europe en route.
Miss Leger is a daughter of Paul D. Leger, proprietor of the Royal Hotel in this town.

VALUABLE (?) HIDES
Toronto, May 6.—A special despatch to the Toronto Telegram from Winnipeg says:
Ferry Champlain of Melita, recently sent the hides of two cows to Brandon for sale, John Williams, M.P.P. for Pictou, said today. After the freight charges were deducted, all he received for the hides was sixteen cents in postage stamps.

CONFUSION IN PRICES
(Ottawa Journal)
A pound of butter sells at 18,000 rubles in Moscow, 86 cents in New York, 84 in Chicago and 80 cents in Ottawa. We talk somewhat confidentially about a world market, which suggests some approach to uniformity; but things are really very much mixed just now in the matter of prices. The producer is blaming the middleman, and the latter is passing on the responsibility to the retailer. The producer says he cannot live because prices are so low, and the consumer says he cannot live because prices are so high. The fruit men in California insist that they cannot ship cantaloupes to the east because the freight rate is too high, while the railways report that consumers are being charged from six to ten times the cost of the cantaloupes and transportation combined.
The truth is we are passing through the acute stage of a period of readjustment, from which these tangles and inequalities are more or less inseparable. We are on the road to stability; but blocking the way are selfish people who want the other fellow to pay all the cost of getting there. It is regrettable there are such people. There ought to be some way of checking them; but there appears not to be. Publicity and the inexorable law of supply and demand will work a cure in due time—in fact, is every day bringing us nearer to it.

GETS BIG LOCOMOTIVE CONTRACT FROM CHINA
American Locomotive Co. to Deliver 42 of Large Type, at a Cost of \$2,600,000.

(New York Times.)
The American Locomotive Company has closed a contract with the Peking Kalgan Railway, China, for forty-two locomotives of the Pacific, Milano and Mallet types. The amount of the contract is about \$2,600,000, one of the largest orders placed by the Chinese government in this country. Manufacturing circles regard it as concrete evidence of co-operation between the American and the Japanese interests in financing Chinese requirements.
Of the engines called for in the contract it is said there probably will be from seven to ten "Mallets." They will be the largest ever shipped or in use in any part of the world except in the United States. Each locomotive and tender will weigh 640,000 pounds in working order.
The Peking Kalgan Railway is owned by the Chinese government and payment for the locomotives is financed jointly by the American Locomotive Company and Mitsui & Co. Mitsui & Co. are to pay to the American Locomotive Company fifty per cent, cash on completion of the contract, and fifty per cent, is to be paid in eight semi-annual installments.
It was reported in the financial district yesterday that the American Car and Foundry Company had closed a contract for 800 freight cars for Chinese railroads.
Recently there were reports that if there was no improvement in the railroad equipment situation, the companies which specialize in these lines would be forced either to curtail operations further or close down their plants. It was said also the companies had cleaned up most of their repair work. The Chinese orders now give encouragement to equipment manufacturers.

GRAY-DORT

The New Model

Seldom has a car won such immediate and widespread popularity as the Gray-Dort with its new and wonderfully beautiful bodies.

Everyone who has viewed this body design has spoken of the Gray-Dort as the unquestioned style leader of its field. It has been instantly lifted into the class of cars costing at least \$700 more.

From a value standpoint, the new Gray-Dort has not a rival. It is the motor car sensation of 1921.

The new model is now on view. You are urged to see it at once.

NO DOUBT, WHATEVER, THERE ARE HUNDREDS OF MARRIED COUPLES right here in little old prosy St. John who are living a "cat-and-dog" existence because of some tragic silliness and thoughtlessness in the choice of jests---some unintentional remark that caused grave apprehensions and suspicions. Such an idle remark started a fire in the heart of the wealthy Anthony Bond in "Paris" widely-read English society novel, "THE FURNACE," to be presented in marvelous movies at the Imperial, Monday. The cast includes: Agnes Ayres, Milton Sills, Jerome Patrick, Theodore Roberts, Mayme Kelso, Helen Dunbar and other notables. A picture that makes second day crowds greater than the first. Usual Prices.

A Challenge.
North End Royals wish to challenge the Harrison Street Roses to a baseball game on the Dufferin grounds, Saturday at ten o'clock. Please through the Times.

Want Games.
Harrison street Roses wish to play the Columbus Juniors to a game of baseball to be played on the Dufferin grounds on next Tuesday night. They desire an answer through the Times.

Ruth Gets Seventh.
Washington, May 7.—"Babe" Ruth got seventh home run of the season, off on, in the third inning of yesterday game between the Yankees and the Senators, when he knocked the ball in score-board.

Scott Perry Suspended.
Philadelphia, May 6.—Scott Perry, pitcher of the Philadelphia Athletics, was suspended for ten days and \$100 for breaking training rules, so general Mack announced yesterday.

Memorial for Eddie Grant.
Announcement erected by baseball men in memory of Captain Eddie Grant, a great war, was set up in a public square at the Polo grounds, New York, the other day. Grant was a member of the Giants, as was of the Phillies and Reds. He died just before the afternoon game of the Giants and Phillies on Sunday. The Giants have invited the membership of the 307th Infantry, Seventy-seventh Division, of Grant was an officer, to attend at the ceremonies. Mrs. Florzobinson, a sister of the dead player, unveiled the monument, and Judge will make the chief address.

Tobin Puzzles Pitchers.
In the middle west some of the critics calling Johnny Tobin of the St. Browns as a second Willie Keeler, said that Tobin, like Keeler, can hit the ball when he hits it. While discussing the leading batters in American League and their weakness at bat, Jim Bagby, Cleveland, said:

"I said: 'Tobin is a real bear. He has a pitch-essing all the time. He seldom crosses us. If we play him for a he hits out. If we figure he is to swing he lays it down. If the shift toward right field for him, the ball to left. I think he is the best man in the American League guess.'"

"His forty-six extra base hits last demonstrated he can hit the ball right. The fact that he made 292 1920, being exceeded by only seven batsmen in the American League, vouching proof that he hits consistently. His batting average was .340, only man to top him were Siler, Jr., Jackson, Ruth, Eddie Collins, and Joe Evans."

FOOTBALL. Soccer Schedule.
A schedule was drawn up and by-laws framed at the meeting of the St. John Soccer Football League executive which took place in the Y. M. C. A. last night. Two series, a spring and an autumn one, will be played and the winners of the series will play off for the league leadership. It is expected that during the season games will be held with outside teams. The first four games are scheduled as follows: May 12, Central A. C. vs. Carleton Football club; May 16, Military vs. Hardware Clerks; May 19, Hardware Clerks vs. Carleton, and May 23, C. A. C. vs. Military. These games in all probability will be played at the Shamrock grounds beginning at 6.45 p. m. No admission will be charged. The other games on the schedule will be announced when the place they are to be played is ascertained.

CRICKET. Club Organizes.
The St. John Cricket Club, at its meeting at 228 Duke street last night which W. E. Richards presided extended a unanimous vote of thanks to Dr. H. S. Bridges for his gift of a cricket and a set of wickets to the club. Mr. Stogman was chosen captain and Mr. Proffit vice-captain of the team. C. L. McFoy was elected secretary. The members will practice this afternoon on the Barrack Green.

ATHLETICS. High School Track Team.
Gordon Wilson was chosen captain of the high school track team at a meeting of the athletic association yesterday afternoon. Wilson is a basketball player and a high jumper. He was also a member of the football team. There is plenty of good material for the track team and the outlook is very good for the return of the cup.

ACQUATIC. Swimming Instructor.
Four classes a day in swimming and life saving which will be free to boys not members of the Y. M. C. A. will be begun at the Y. M. C. A. on May 16 and continue throughout that week. Two classes will be held in the afternoon for the school boys and two in the evenings for the business boys. Eight instructors will be employed.

A Bad Case
Eczema All Over His Body—His Legs—His Arms Covered
John Clark of Brockville N. B. wrote a story of great suffering into "New World" was tormented beyond words. I could not sleep. You could not get a pin on my whole body. I tried several doctors. They said it was eczema. Three dollar bottles of D. D. D. were used. I have not had a sore for three months. We are selecting a letter from some Canadian sufferer to show what a dose of D. D. D. does to itching, burning skin disease by the clear, purifying liquid wash. D. D. D. stops that itch today. You are not asked to use D. D. D. for weeks before you receive results. If you don't get relief from the first bottle we hand your money back. \$1.00 a bottle. Try D. D. D. soon too.
