WO GET OUT OF BANK TROUBLE

Halton, Ont., Farmers Escape The Double Liability

MISREPRESENTATION AND FRAUD

Allegations In Respect to Subscriptions to Farmers Bank Stock Are Upheld by Master and Relief is Given the Applicants

(Canadian Press)

Toronto, Oct. 30.—Further light was shed at Osprey Hall yesterday, upon the extraordinary methods adopted by the promoters of the defunct Farmers Bank to secure the flotation of that ill-fated institution. Application was made for an order for the removal of the names of 40 Halton farmers from the list of shareholders on the ground that they had been induced by misrepresentation and fraud to subscribe for stock.

The master found the applicants' charges substantially correct, and allowed them the relief sought. This decision means a loss of \$27,000 to the liquidators.

The plaintiffs were James Murray and estate of the late John Osprey. Murray had originally subscribed thirty-five shares, but subsequently cancelled his application for twenty-five of them. Under the double liability he would now have to contribute \$7,000.

Executors of the Osprey estate said that the deceased had subscribed for ten shares, and that the figures had been altered by others to a subscription of 100 shares. Under the double liability the estate would have to pay \$30,000.

Counsel for the liquidator opposed the application, contending that a person who had become a shareholder could get rid of his shares only in conformity with the provisions of the bank act and not by a private arrangement with another person even if made in pursuance of a letter from the general manager or from the bank.

The master overruled this argument, and had the bank act amended, and had the bank no legal existence, and had the bank no legal existence, and had the bank no legal existence.

ON THE TRAIL OF LEGERE

One of Escaped Men Has Been Riding About on Bicycle—Was in Buctouche Today

Moncton, N. B., Oct. 30.—Charles McRae, of Paines Junction, telephoned to the police station here today that a bicycle which he had left in the I. C. R. station at Cook's Brook had been seen yesterday and that the man who took it closely resembled Fred Legere who, with Fred Armstrong, escaped from the county jail in Buctouche. The latter saw a man riding a wheel and have little doubt it was Legere.

Chief Hideout this morning received word that Legere had been seen near Grand Digne, riding a bicycle towards Buctouche. Sheriff Willet was notified and a message was sent to Deputy Sheriff Irving in Buctouche. The latter earned that Legere had been seen in the streets of Buctouche this morning.

C. B. FOSTER OF THE C. P. R. HERE

Many friends have extended a warm greeting to C. B. Foster, formerly of this city but now assistant general passenger agent for the C. P. R. at Montreal, who arrived here this morning and is on a trip of inspection of local facilities. He said he found accommodations here quite satisfactory and thinks that the facilities will be sufficient for handling the passenger traffic through the port this winter. Mr. Foster said he expected a great increase in the number of people passing through, both eastward and westward, and also thought that the number through Halifax would be much larger.

Eight thousand had come from the west in the holiday rush of last year, and he thought there would be at least 10,000 this year. Each of these going to the old lands, meant about four or five persons on an average coming out to this country, for the personal visit was a remarkable advertising medium. He thought the maritime provinces were getting a fair share of attention from the C. P. R. in the way of immigration with the help of Mr. Timmerman, but the bulk of travel was westward.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—A pronounced disturbance has developed near the New England coast and the western high area is now spreading across the Great Lakes. Light rains have occurred in parts of Ontario, Quebec and the maritime provinces. The weather has turned much milder in the western provinces.

Cooler Maritime—Showery today followed by moderate nor'west gales tonight and Friday with a change to much cooler; frosts Saturday morning.

MORE MILLIONS FOR C. N. R. AT THE NEXT SESSION

(Special To The Times) Ottawa, Oct. 30.—Mackenzie & Mann will be granted substantial aid by parliament next session. The bill to provide Canadian Northern assistance will be introduced early in the session. Last year Mackenzie & Mann applied for \$80,000,000 but obtained only \$15,000,000. They are now back for the remainder. When Finance Minister White and Sir William Mackenzie were in England together recently the form in which the aid should be given this year to the Canadian Northern was carefully considered, and as the result of a careful study of the British money market the government may undertake to guarantee another big issue of Canadian Northern bonds, possibly \$25,000,000 or \$30,000,000.

NO ACTION YET AS TO MEXICO

United States Will Not Recognize Elections Of Last Sunday—Admiral Wants to Know What To Do With Diaz

(Canadian Press) Washington, Oct. 30.—That the next step in the Mexican policy of the administration has not been finally worked out and may not be announced for another week, was indicated today at the White House.

"It has been necessary," said Chairman Bacon, of the senate foreign relations committee, "that the European nations should recognize the right of the United States to deal with the situation. Now that we have that recognition, it will take a little time for the president to put on record his position."

The possibility that within the next few days a definite announcement will be made by the Huerta government of the result of the election last Sunday, is having the effect of postponing action by the United States.

P. E. I. BOY KILLED WHILE OUT HUNTING

Used Butt of Loaded Gun to Kill Snared Rabbit—Minister's Body Brought Home

Charlottetown, P. E. I., Oct. 30.—Allen Gallant, aged thirteen, of Abraham's Village, while out shooting on Tuesday undertook to kill a snared rabbit with the butt end of a loaded gun. The gun was discharged and the shot shattered the lad's knee. He was found in the woods and taken to a hospital, where he died yesterday.

The body of Rev. F. D. McPhee, aged 46, who died in Avonmore, Ont., on last Sunday, was brought here last night. The funeral will take place at Orwell tomorrow. He was a native of Heathville, P. E. I. At the services in Avonmore sixteen ministers were present. The sermon was preached by A. B. McLeod of Cornwall, another Islander.

EXPERTS DIFFER IN THE KIEV MURDER TRIAL

One Doctor Supports Blood-Getting Contention; One Opposes It

Kiev, Oct. 30.—The expert testimony of physicians occupied most of yesterday at the trial of Medved Belliss, charged with having killed a boy named Yushinsky. The experts agreed that at least two persons were implicated in the actual killing of the boy, but were divided on the question as to whether the prime object of the murder was the obtaining of much blood as possible and the infliction of torture.

Answering twenty three questions given by the president of the court, the experts were divided on all points except as to the number of assassins engaged in the crime, which they fixed at not fewer than two, and the theory that the murderers had no knowledge of anatomy.

Prof. Kosoroff, who supported the blood-getting and torture theory was of the opinion that all the wounds except the stab through the heart were inflicted before death supervened.

He concluded with the statement that the hairs found on the dead boy's clothes came from a long curly beard, and could not belong to Belliss whose beard was short, stiff and straight.

Doctor Pavloff said the character of the wounds was altogether opposed to the blood-getting and torture theory.

AUSTRALIAN MINISTRY BEATEN BY ONE VOTE

Melbourne, Oct. 30.—The Cook ministry was defeated yesterday in the house of representatives by 29 votes to 27 on an opposition motion to adjourn further discussion of Sir John Forrest's \$5,000,000 loan bill. The prime minister immediately adjourned the house after one of the most angry scenes with the labor party.

BACK BROKEN; IT MEANS DEATH

Former Halifax Woman Injured in Boston

THROWN FROM WINDOW?

Police Seeking Man For Whom Mrs. Mary McCormick Had Given up Her Home—Had Been Quarrel in Their Room

(Special To The Times)

Boston, Oct. 30.—Mrs. Mary McCormick, aged 32, wife of George McCormick, of West Fitchburg, is dying in the Boston City Hospital from a broken back and multiple injuries received in being thrown or in falling from a third-story window into the back yard of a house at 245 Shawmut avenue, South End, at an early hour.

Police of the East Dedham-street Police Station arrested Thomas Wilson, aged 32, living at 245 Shawmut avenue, charged with assault and battery on the woman. During the excitement attending the finding of the dying woman in the back yard of the house, Wilson fled.

Police of the East Dedham-street Police Station arrested Thomas Wilson, aged 32, living at 245 Shawmut avenue, charged with assault and battery on the woman. During the excitement attending the finding of the dying woman in the back yard of the house, Wilson fled.

NEW LABOR LAW BARS GIRLS UNDER 21 FROM WORKING AFTER 9 P. M.

Actresses, Telephone Employees, in Fact All Are Affected by Pennsylvania Legislation

Philadelphia, Pa., Oct. 30.—It will not do for pony ballets to attempt to perform at night in Philadelphia, nor if their members are honest-to-goodness, unless more than one of them is under twenty-one years of age. They cannot stay out after nine o'clock at night, that is on the stage.

This new law, affecting the employment of girls after nine o'clock, will affect also girl ushers, telephone operators, moving picture box office girls by the hundred in the state; none in any employment will work after that hour.

"Even girls singing in church choirs may not do so after nine o'clock," said Henry Walnut, one of the sponsors of the law.

MILLION SALMON ARE KILLED BY BLASTING IN RAILROAD WORK

Disaster Which Will Have Serious Effect Through Several Years

Washington, Oct. 30.—Railroad blasting operations on a tributary of the Fraser River in Washington, having killed more than a million salmon, and prevented the spawning of between two and three billion sockeye salmon eggs, the department of commerce announced today that the fish-loving American public might expect a decided shortage in its favorite article of food three to five years hence. The department pronounced the slaughter of the fish to be a catastrophe.

"The effects of this catastrophe," it is declared, "will be seen three to five years hence, when the 1918 progeny come back to the river to spawn. How serious the outcome will be can only be guessed at. The livelihood of thousands of persons in the state of Washington and in British Columbia, adds the department, depends on the annual run of these fish, which return year by year to the same spawning grounds. This, it is suggested, makes the matter one of even greater economic importance. Rocks dislodged by the blasting blocked the stream, and caused the death of the ascending fish."

THE SCHOOL QUESTION

Ontario Officials Believe That Action May Be Hard to Obtain

Toronto, Oct. 30.—Officials of the Ontario Department of Education say that before the separate school authorities in Ottawa can bring an action against the province to enforce their claim to the school grant it will first be necessary for the separate school authorities to secure a fiat from the attorney general. "It is most unlikely," said a provincial official "that the fiat would be issued even if asked for, because of the cancellation of the grant to the separate schools at Ottawa has been sanctioned by Hon. Dr. R. A. Pyne, minister of education, and it is hardly likely that Hon. J. J. Foy, attorney general, a member of the same cabinet, would assist an action against one of their number especially as the refusal to pay the provincial grants to the separate schools is likely the result of a cabinet discussion."

SECRETS FROM A LITTLE BLACK BOOK

Charges Against Tammany Leaders From Behind Sing Sing Walls

New York, Oct. 30.—A mysterious little black book, supposed to contain a "confession" made by ex-State Senator Stephen J. Stillwell in Sing Sing prison and embracing charges against Tammany leaders here and in the state legislature, was expected to reach the hands of District Attorney Whitman today through John A. Hennessy, erstwhile graft investigator for Wm. Sulzer and it was Hennessy who visited the convict senator in prison. Their conversation, he has declared, was recorded by dictaphone, secretly installed, and it is a record of this as contained in the black book, which the district attorney will make the basis for an investigation. Hennessy has quoted vague excerpts from the book in campaign speeches, withholding certain matters, he said, in view of his promise to Stillwell. By virtue of a subpoena, however, the district attorney will have full access to it.

THE ROYAL LINE STEAMERS TO SAIL FROM HERE

Information was received this afternoon from a source which is said to be absolutely authoritative that the Royal Line mail steamships will sail from St. John this winter, and that there will be an official announcement of it within twenty-four hours.

They Are Voting Today In The Ancient Colony

Election In Newfoundland Being Fought Chiefly on Matter of Railway Extension

The Newfoundland elections are taking place today. P. T. McGrath writes as follows to the Halifax Chronicle:—"The present election in Newfoundland, is being fought very largely on local lines, namely on issues which affect the people directly. The great dividing line between the two parties is that of the extension of the colony's railway system."

On the whole the prospect would seem to indicate the government's being returned by a somewhat reduced majority, but in Newfoundland, perhaps more than anywhere else, it is never wise to venture on a prediction regarding a general election.

"The prospect for the opposition would be less hopeful but for the personal standing of Sir Robert Bond. While critics are disposed to blame him for not being sufficiently progressive when last in power, his personal reputation stands so high in the eyes of the electorate that it makes a large factor in weighing the balance in his favor and as already said, he is perhaps the best asset the opposition have."

REV. DR. CUTTEN FAVORS RELIGIOUS EDUCATION CARRIED ON BY STATE

Suggests New Name For the Sunday School—Something About Work of Societies

(Special To The Times) Charlottetown, P. E. I., Oct. 30.—Two principal speakers at last night's session of the N. B. and P. E. Island Sunday School Association were Rev. Dr. McElfresh of Chicago, international training school superintendent, who spoke on "Problems of Leadership in the Service of Young Manhood and Womanhood," and Rev. Doctor Cutten of Wolfville, president of Acadia. Dr. Cutten's subject was "Pastors and the State School."

He decided in favor of religious education by the state. It was not sufficient, he said, to have the Bible read in the schools. The state should also explain it. One hour on Sunday was not sufficient for religious education. He suggested a new name for the Sunday school. It should be the church school, and held every day in the week.

The science of economics should be applied to religion as well as other departments of human activity. If the world was to be saved in this generation let old sinners go and get after the young. The pastor today had the greatest opportunity in history. More was done by teaching than preaching.

The Y. M. C. A. young people's societies and athletic associations as organized today were things of the past. The pastor should gather the scattered fragments of these societies and unite them for good. The Sunday school was the most important department of church work.

Too Easy to Get Poison Washington, Oct. 30.—That suicide is made too simple and, therefore, is becoming too prevalent, because of the ease with which deadly poisons may be obtained is the opinion of Dr. W. O. Woodward of the District of Columbia. In a published appeal he urged action by congress to regulate the traffic in deadly drugs and endorse a bill now in course of preparation by Representative Mann of Illinois, governing its traffic between the states.

Brave Life Savers Honored Washington, Oct. 30.—Secretary McAdoo has awarded gold medals of honor to twelve men of the life-saving service in recognition of heroism in saving lives at the wreck of the tug Margaret on December 30, 1912, near Stone Harbor, N. J.

The Margaret went ashore in a forty-five mile gale, and the life savers made two attempts before they reached the boat. Their first boat was wrecked.

MRS. EATON FOUND NOT GUILTY OF MURDERING HUSBAND

(Canadian Press) Plymouth, Mass., Oct. 30.—Mrs. Jennie May Eaton was acquitted on the charge of murder of her husband, Rear Admiral Joseph Giles Eaton, by the verdict of the jury, rendered at 6:10 o'clock this morning. The jury retired at six o'clock last night.

Notwithstanding that there seemed little prospect, as night wore on, of a verdict before morning, nearly 200 persons sat out the night. Mrs. Eaton awaited the verdict composedly, and when she heard the foreman of the jury pronounce her "not guilty."

After Mrs. Eaton had left the court room, the jurors asked that they might be allowed to meet her. The permission was granted, and they formed a semi-circle in the corridor. Mrs. Eaton came out from the judge's lobby and thanked them individually. As she did so, she burst into tears, for the first time since her trial started.

Mrs. Eaton gave out the following statement: "I am so glad most of all, because of my aged mother and my lame child, both of whom need me. It means so much to them. I shall go home probably late today, and I hope that a new life will be opened to me and that the trials and tribulations which have been mine in the past are ended."

The Case Because of the prominence of Rear Admiral Eaton, the trial of Mrs. Eaton, who has his second wife, has attracted country-wide interest. The admiral took a prominent part in the battle of Santiago. After his retirement he settled down on a little chicken farm at Assinippi, where he died on March 8 last.

As a result of the report made by the physician, who has attended him the day before the medical examiner held an inquest, portions of the internal organs of the admiral, were sent to Professor Whitney of the Harvard Medical School, who reported that they contained a large quantity of white arsenic. The grand jury reported an indictment against Mrs. Eaton, charging murder. She was arrested on March 19.

LATE NEWS OF SPORT

The Baseball Players' Demands For Revision of Terms of Contract—London Paper Mixes up Polo and the World Series

(Canadian Press)

Cleveland, Ohio, Oct. 30.—The famous grout track here in a Lake Erie circuit race Tuesday. He is eight years old, and for three years was one of the stars in Walter Cox's stable. The price was not made public.

New York, Oct. 30.—David L. Fultz, president of the Baseball Players' fraternity, hopes that the National Commission will grant the demands of the fraternity for revision of the terms of baseball players' contracts without the necessity of a hearing and therefore that there will be no reason why he should have to go before the commission in person to urge the cause of the players.

He said this last night, in reply to a statement made yesterday by August Herrmann, chairman of the National Commission, who declared that the commission would not deal with Fultz because he was an outsider.

"It would be particularly gratifying to me if the commission granted the fraternity's request without making a hearing necessary," said Fultz. "I have no desire to go before the commission unless I am compelled to take that stand."

Somewhat Mixed London, Oct. 30.—Some amusement is caused here by one of the illustrated London papers showing a picture of the crowds besieging the gates of the Polo grounds in New York on the day of the first game of the world's baseball championship, under the caption: "Polo is popular in New York."

Beneath the photograph, there is further explanation which reads as follows: "The Polo grounds in New York was rushed by an excited crowd when the gates opened for the first game of the world's series. The police were bowled over like nine pins, and many people did not pay admission."

DECLINE IN PRICES OF NOVA SCOTIA APPLES IN ENGLISH MARKET

Halifax, Oct. 30.—There has been a sharp decline in the apple market both in Great Britain and Germany, with its consequent reaction upon the shippers of Nova Scotia. This fact is accounted for by the heavy shipments of recent weeks from the markets of those countries, and the weather conditions over there causing rapid ripening of the fruit.

The English market quotations received in Halifax this week quoted shipments sent over by the Furness liner Almeriana at follows: Ribson No. 15, twelve to fourteen shillings a barrel; Bienenfels, thirteen shillings six pence to sixteen shillings a barrel; Kings, fifteen to eighteen shillings a barrel. This is a big decline, and means that the price of apples has fallen about \$1 a barrel. The first sales made of this year's fruit sold at about thirty shillings.

ADVANCED HUNTING RESULTS IN ARREST

Rochester, N. Y., Oct. 30.—R. K. Jacquot, of New York city, a pupil at an aviation school on Lake Keuka, was arrested yesterday on a charge of shooting ducks from a flying boat.

Sir Wilfrid Guest of Honor Toronto, Oct. 30.—Sir Wilfrid Laurier has accepted an invitation from the Literary and Scientific Society of University College to be its guest of honor at the opening meeting in the latter part of November or the beginning of December.

The Pumpkinheads of Halloween

don't scare grown-ups. They have cut pumpkins and lit candles themselves. They know. Shams and pretences can't live in the daylight.

The great daylight of modern business is good, clean advertising such as you see in The Telegraph and Times.

Advertising is the foe of false pretence and the friend of fact. You are safe when you deal with an advertising merchant—at least safer than in trading with one who doesn't advertise.

He is, as a rule, a daylight man. He deals fairly, and speaks boldly.

He invites your confidence and gives his in return. He regards your satisfaction as necessary in closing a transaction.

He knows you more than half way if you are dissatisfied. He knows it pays him to please you, and because he feels he can please you he advertises.

NERVOUS PROSTRATION

Severe Case of a Philadelphia Woman—Her Symptoms. Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation of the heart, constipation, headaches, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness."

Another Bad Case. Ephrata, Pa.—"About a year ago I was down with nervous prostration, was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes."

Vegetable Compound so I threw away the medicine the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. My medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."

WOMEN TEACHERS' PAY. Archbishop Baughen, addressing a meeting of school commissioners in the Christian Brothers' College at Longueuil yesterday on Monday said that the minimum salary of women teachers should not be less than \$200, and in this His Grace was supported by Boucher de la Bruere, superintendent of education, and Inspector-General C. J. Magan. Mr. de la Bruere said that the government was willing to give financial assistance to commissioners that paid their teachers \$200 or more.

PLAYGROUNDS

A Lesson in Report of Secretary of Parks and Playgrounds Association of America

(Toronto Globe) There is a lesson for Toronto as well as for Montreal in the report of Miss Julia Schoenfeld, secretary of the Parks and Playgrounds Association of America, on the recreation facilities of Montreal. The Canadian Municipal Journal contains a synopsis of the report which should be read by everyone interested in child welfare.

Table with 3 columns: City, Percent of Park Area, People age of Park to Acre to Total of Park Area. Montreal: 666 2.8, Toronto: 245 8.7, Winnipeg: 208 8.9, St. Louis: 259 6.7, Boston: 278 8.8, Pittsburgh: 408 5.1, Rochester: 188 10.4

While in Rochester over ten per cent of the total area is devoted to park purposes, less than four per cent is so set apart in Toronto. Our only consolation is that we are not as our big sister on the St. Lawrence. There, as Miss Schoenfeld points out, in the crowded portions where the poor live, most of the houses have little spaces in the rear, just enough, generally speaking, for clothes-lines, and home at all for play. Of seven hundred papers written by school children on what they do in their leisure hours only ten made reference to play in the back-yard. In Toronto conditions are not quite so bad. Here back yards are numerous, and thousands of children have play facilities at home.

The lesson to be learned from Miss Schoenfeld's survey is obvious. We must have playgrounds so plentifully distributed throughout the city that there will no longer be excuse for street play or for the haunting of lanes and dark corners by boys and girls. The moral as well as the physical health of the citizens of the future will be bettered by sprinkling the city with supervised playgrounds. The creation of a great stretch of park land on the waterfront in connection with the harbor improvements will be a fine thing. Even more important will be the setting apart of two or three acres in all the growing districts for the use of the children. The city of a hundred playgrounds would be a title worth striving for.

Archbishop Baughen, addressing a meeting of school commissioners in the Christian Brothers' College at Longueuil yesterday on Monday said that the minimum salary of women teachers should not be less than \$200, and in this His Grace was supported by Boucher de la Bruere, superintendent of education, and Inspector-General C. J. Magan. Mr. de la Bruere said that the government was willing to give financial assistance to commissioners that paid their teachers \$200 or more.

Daily Hints For the Cook

Grape Lemonade. To one quart of lemonade, made rather sweet, add a tumbler of pure grape juice. Delicious. Cookie Filling. One cup cooked prunes, chopped, half cup prune syrup, one heaping tablespoon currants, one teaspoon flour. Cook until it thickens (use brown sugar when cooking prunes). Apple Butter. Use sweet apples, or partly sweet; place in a large kettle and cover with just enough water to stew; when soft, remove from kettle and run through a colander to extract the pulp; return to the kettle and add a bottle of boiled cider and sugar to taste. Boil, stirring constantly, and when scum arises to the top and it is about as thick as marmalade, remove from the stove and place in crocks, keeping in a cool dry place. The top can be covered with a layer of paraffin. In peach butter omit the cider and use about one-half sugar.

HOW TO DO IT

A "Man Doctor" uncharitably declares that women do everything rather less perfect than men. They don't cook so well, they don't make dresses quite so well, they don't (so we have heard, though the medical accuser is dumb on this point), trim hats quite so well as a man who sets himself to millinery. If you have a feeling that your wife doesn't cook so excellently as she ought just you take home a bottle of H. P. Sauce tonight. Suggest to her in the mildest possible manner, that you like H. P. with cold meats, that its good with eggs and bacon, delicious with crust of bread and cheese—unparalleled as a flavoring to insipid gravies, ragouts or made up dishes. In this, as in most other domestic matters, a grain of help is worth a bushel of fault-finding. But you should be quite sure that it is H. P. Sauce that you take home with you.

DEFINITE STATEMENT THAT EMPRESSES WILL NOT COME TO ST. JOHN

"So far as the Empress steamers are concerned, it is settled that they will not come to St. John this year," said H. McD. Duff, assistant manager of C. P. R. steamships, who, with a party of other C. P. R. officials, arrived in the city yesterday morning from Halifax and left last evening for Montreal. When asked last evening how the facilities at this port compared with those of Halifax, Mr. Duff replied: "I will not say that the facilities at Halifax are any better than those at this port," and he emphasized the word "port," "but I will say this, that the accommodations in this port is not sufficient for the volume of traffic which is bound to come here this winter. I am sorry to see that the grain conveyors have not been completed to berth 6 and 8, but can assure you that the C. P. R. is not to blame for that." Mr. Duff then said that it had been practically decided that the Empress

CIVIL WAR ROMANCE AT THE GEM THEATRE

Two Reel Picture of Stirring Scenes Faithfully Produced—Music is Special Feature of Good Show

Scenes in the Confederate war in the southern states were cleverly reproduced yesterday at the Gem Theatre when the two part drama "Saved by the Enemy" was presented by the Edison Company with excellent cast and with special care as regards scenic surroundings, photography, etc. The patrons as they followed the story of the young soldier's love, his adventures, his endeavoring to escape, and the faithful assistance rendered by a plucky young maiden, his sweetheart. The scenes in battle and in camp are most interesting and were presented with appealing force, while the enactment of the story was followed with keen interest.

There were two jolly Kalem comedies "Betty Button" and "Jim's Fish" which aroused hearty laughter. Billie Gleason made another hit in a new character song, while the orchestral programme consisted of a pleasing variety of melodies and late Broadway airs which were given with delightful success by the Gem musicians under the leadership of the new director, H. W. Burnham.

RECENT DEATHS

Sister Mary Vincentia, known in the world as Miss Rosanna Donnelly, died in St. Vincent's Convent, Cliff street, yesterday, in the 50th year of her age. She was born at Albion, on the banks of the Shannon, and when quite young came with her parents to St. John. Afterwards the family moved to Fredericton (R. L.) The late mother Mary Vincent, foundress and the first superior of the Sisters of Charity of St. John, was her aunt; and she was, in addition, the distinguished lawyer of Boston, who died a few years ago, was a brother. Mrs. Donnelly, his widow, now living in Roxbury (Mass.) is the nearest surviving relative of Sister Mary Vincentia.

The funeral is to take place tomorrow morning after removal of the body to St. Vincent's chapel. Requiem mass will begin at 8.30. After spending the whole of yesterday morning in doing odd jobs about the house, William Kingston, of Randolph, a man about 65 years of age, died suddenly about noon. Although he had been in very delicate health, his death was not expected and he made no complaints as he walked about early in the day. He was assisted to a couch where he died in a few moments. He was well known in the city and was formerly a member of the Orange Lodge, and had been attending St. Paul's church. He belonged to Dunmanaway, County Cork (Ireland), and is survived by his wife and two sons, John S. and Richard, at home, and one daughter, Isabella M., also at home. Three brothers, Paul and Samuel, in Ireland, and Richard, in New Zealand, and one sister, Elizabeth, in Ireland, also survive.

The funeral will take place tomorrow afternoon at 2 o'clock. The funeral of the late Mrs. L. Shreve, whose death occurred on Sunday evening last in New York city, took place at Dorchester, N. B., yesterday afternoon. The funeral was held from Trinity church, of which the deceased was most devoted member during her residence here. The services were conducted by the rector, Canon Robinson. The pall-bearers were C. C. Hamilton, A. V. Smith, J. H. and C. S. Hickman. Among the mourners from outside points were the son and daughter of the deceased—Fred Shreve, manager of the Merchants Bank at St. John (N. B.), and Miss Laura Shreve, of New York; A. V. Dysart, Moncton, and other.

G. Havelock Babbitt, formerly of Gagetown, died in Edmonston, Alta., yesterday. Mr. Babbitt was private secretary to his brother-in-law, Lieut-Governor Bulyea of Alberta, and had always enjoyed good health. He was married a few weeks ago. Death was due to heart failure. Besides his wife he leaves two sisters, his step-mother, a half-brother and half-sister.

Rev. Dr. J. N. Prestridge, editor of the Louisville, Ky., aged eighty years.

DIED IN THE STATES. Mrs. Catherine Feeney of Fredericton received a telegram yesterday conveying news of the sudden death of her sister, Mrs. Annie O'Brien in Boston. The deceased was 50 years of age and is survived by four daughters and one son. One daughter, Sister Mary Bernard, is in the Notre Dame Convent, Boston. The late Mrs. O'Brien was a visitor to the Fredericton Exhibition in September, and later visited her sisters in Chatham. One son was killed two years ago in Boston by a shunting engine.

Charles Calhoun died in Bellingham, Wash. on October 12. He was a native of Bloomfield Ridge, N. B. At his funeral the pall-bearers were all former residents of the Miramichi, viz.: Charles McDonald, Murdock McDonald and Blanchard Coughlin, of Bloomfield Ridge; Frank O'Donnell and William Brophy, of Chatham. The deceased is survived by three children, two daughters, Etta M. and Rachel A., and one son, James.

Shriff Julius Harburger, of New York, gets \$12,000 a year and half the fees, which in the first six months of 1912 ran to \$60,894.

The Evening Times and Star

ST. JOHN, N. B., OCTOBER 30, 1913. The St. John Evening Times is printed at 171-173 Water Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

BY WHOSE AUTHORITY? It has been definitely decided that the Empress boats will not come to St. John this winter.

This announcement was made by the St. John Standard yesterday by Mr. Duff, the assistant manager of steamships for the C. P. R. Mr. Duff went a step further and said: "That is settled and there is nothing more to say about it. We have just come from Halifax where we made arrangements for the Empress boats being handled there."

Asked if there were better facilities at Halifax than at St. John, Mr. Duff said he could not say that Halifax was better equipped than St. John.

This is surely interesting reading for the people of St. John, and especially for the delegation of twenty or more leading citizens who went to Ottawa to receive certain assurances from Mr. Hazen and Mr. Borden.

The delegation, sent through them to the citizens, were given to understand that the Guelph agreement would not be effective until sanctioned by Hon. Mr. Cochrane. Has it been sanctioned? If so, why has St. John not been officially notified? Why has no copy of the agreement itself been sent to St. John for examination? Where is St. John's representative in the government, and what is his attitude regarding the action made with so much boldness and confidence by Mr. Duff of the C. P. R.?

Another C. P. R. official kindly assured the people of St. John that "the grain shipments this year will be especially heavy." The shipment of grain furnishes less employment for men than any other steamship business. There is a lot of consolation in that assurance.

BRITAIN'S SHAME

The tory party in the mother country must be in sad straits when its leader openly endorses the policy of treason and rebellion which has been adopted by a portion of Ulster and is headed by Sir Edward Carson. Speaking at Newcastle, England, yesterday, Mr. A. Bonar Law pledged the support of the Unionist party to the Carsonian campaign, even to the extent of forcible resistance. That is to say, Mr. Bonar Law defies the authority of the parliament of the United Kingdom. A majority of the people, not only of Ireland, but of England, Scotland and Wales have declared themselves in favor of Home Rule. The province of Ulster itself sends more home rulers than followers of Sir Edward Carson to parliament. The latter body has made Home Rule the law of Ireland, to come into effect at an early date. The law provides every safeguard for the rights and liberties of the Protestants in Ulster. Only an extreme and utterly unjustifiable religious prejudice can explain the attitude of the followers of Sir Edward Carson. They have now been assured, however, that their treacherable attitude is endorsed by no less a personage than the leader of the Conservative party in the United Kingdom. If there is fighting to be done Mr. A. Bonar Law and those who are taking advantage of the trouble in Ireland for political purposes will be as far as possible from the firing line. Sir Edward Carson may be sufficiently fanatical to attempt to carry out his threats, but every sane man realizes the utter futility of rebellion in Ulster, and the crime that is being committed by Mr. Bonar Law and others who encourage such a course. The government will not stay its hand. If there is to be bloodshed, the responsibility will rest primarily upon Sir Edward Carson and the group by which he is surrounded; but also upon every member of the tory party anywhere in the United Kingdom or the overseas states of the Empire who encourages them in their mad course.

HAD ITCHING PILES FOR 27 YEARS

Often Laid Up for Days at a Time—A Wonderful Tribute to Dr. Chase's Ointment. Few people were ever more enthusiastic in praising Dr. Chase's Ointment than the writer of this letter. When you read the description of his case you will not wonder why. Mr. John Johnson, Coleman (Alta.), writes: "Three years ago I was cured of blind, itching piles of 27 years' standing by using Dr. Chase's Ointment. I used to think that death would be the only relief I would ever get from the terrible misery of piles. Often I was laid up for three days at a time, and at other times worked when I should have been in bed. Dr. Chase's Ointment is worth sixty dollars a box instead of six cents. I am a different man since using it. I am farming all the time, and never miss a day. Words fail to express my gratitude for the cure this ointment made for me. I cannot tell half as much about it as it deserves. Anyone doubting this can write direct to me." Dr. Chase's Ointment, 60 cents a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

BIRTHDAYS OF NOTABILITIES

THURSDAY, OCTOBER 30. Today is the sixty-fourth birthday of Sir William Mackenzie, capitalist and railway magnate. He was born in Kirkfield, Ont., and was in early life a school teacher. Then he engaged in commercial life and gradually worked into the contracting business. He helped to build the C. P. R. in the west where he became associated with Sir Donald Mann. Then followed the acquisition of railways in the west and the beginning of the Canadian Northern system. Sir William has now tremendous interests in Canada and South America.

The Right Rev. J. A. Richardson, Anglican bishop of Fredericton, was born in Warwick, England, on Oct. 30, 1868.

J. T. Donald, of Montreal, official analyst inland revenue department, and practical chemist for several manufacturing companies, was born in St. Catharines, Ont., on Oct. 30, 1856.

LIGHTER VEIN

The Difference "What's the wrangle about in Plunkville?" "Some of the community want to maintain mudholes and swell their private fortunes by hauling automobiles out. Others want to improve the highway, pluck 'em for speeding and apply the proceeds to public works of all kinds."—Kansas City Journal.

Misplaced Brilliance Grace (whispering)—What lovely boots your partner's got, Mary! Mary (ditto)—Yes, unfortunately, he shines at the wrong end.—Stray Stories.

Not Properly Balanced "Why did you leave that swell boarding house?" "Because the swellness was at the expense of the food supply." "What do you mean?" "Four kinds of forks and two kinds of vegetables."—Stray Stories.

Uprising

"Aren't you having your daughter taught to play or sing?" "No," replied Mrs. Flimgilt, "I have decided that she shall have no accomplishments whatever. Instead of striving for approval I want her to have the superior pose that enables her to observe the efforts of others with tolerant interest."—Washington Star.

And Then He Told It

"Twice told stories would not be so bad if persons would stop when they have told them twice," said the man who wanted to talk on the street car. "Brown told me one this morning that he said was new. The only thing that I could think of was that I hadn't heard it recently."

Horay.

"Why is a horse that can't hold its head up like next Wednesday?" "Don't know."

Pent-Up Wit

First Convict—They say it took Milton fifteen days to write one page of a book. Second Convict—That's nothing. I've been on here six years and I'm not through yet.—Judge.

Some Days Ago

### J. NORTON GRIFFITHS MAKES REPLY

Courtenay Bay Work Will Be Completed In Time

MORE DREDGES COMING

Replying to Standard Attack He States His Case and Invites That Journal to Help and Encourage Him—Great Future For Saint John

The Standard yesterday featured on its first page an anonymous letter attacking Norton Griffiths & Co. The writer, among other things, said:—  
"Have they shown, by the progress made, that they can now dredge to finish the work in two years? Emphatically no. They have had the contract for nearly two years, and what progress has been made by them in the most important feature of the contract—the dredging? None whatever."  
Judging by what they have already accomplished, one cannot help but come to the conclusion that they are incompetent, and not to be trusted to finish their contract in five years, let alone two.

Today the Standard has the following letter signed by J. Norton Griffiths, M. P.:—  
Ottawa, Ont., Oct. 29th.  
To the Editor of The Standard, St. John, N. B.  
Sir,—While fully appreciating your watchfulness in the public interests, your criticisms of Monday, would, I maintain, not have been written had you been aware of the determined efforts which I am here, personally, to make to hasten the work.  
The criticism I particularly refer to, is that concerning the new dredging plant, recently arrived, which, together with the four self-propelling steam hoppers now on route, in itself is capable of handling the work to be done within the contract time, to say nothing of the arrangements for a suction outfit which will be put to work in due course.  
Since my arrival I have realized fully, in the interests of St. John, the importance of hastening forward the quay walls and other work. I am happy to inform you that I have now completed arrangements for still further additional dredging plant of an efficient character which will be on the ground within one month, and which is now lying in Canadian waters.  
Pending my return to St. John in the very near future, I ask you to accept this telegraphic assurance that my firm, which is entrusted with the work, will make good, and that the work will be returned to obtain the universal approval of the citizens of St. John for the efforts we are making to place the harbor improvements, covered by the contract, at the disposal of the shipping community at the earliest date possible in respect to the fact that the time of our contract does not expire until March, 1917, but I think it is only fair that you should help and encourage me, as hastening costs extra money.  
It is true, as is the custom with all large contracting firms, that I have given to Canadian firms, sub-contractors. The Courtenay Construction Company is carrying out its work in a satisfactory manner and preliminary negotiations are, I am happy to say, completed with the Nova Scotia Construction Company for carrying out certain other portions of the work, for which they have special facilities.  
Make no mistake, the dinner, I referred to when I had the honor of being entertained by your citizens, will take place in the bottom of the dry dock, and that before March, 1917. I hope to have an opportunity in the near future of publicly filling in the gaps that cannot be avoided in a telegram.  
I am firmly persuaded from my world-wide travel and experience that St. John must be the principal shipping port of Canada, and therefore let us all combine to make it so.

J. NORTON GRIFFITHS.  
Two Columbus newboys, Jess Webber and Karl Brantner, both twenty-one years old, are planning to start on a tour of the world, on which they will pay their expenses by selling papers in the large cities through which they pass.

### CURE YOURSELF OF PILES

Send for a Free Trial Package of Pyramid Pile Remedy and Prove How Easy It Is!

### MANCHESTER ROBERTSON ALLISON, LIMITED.

### LETTERS TO THE EDITOR

WANTS FIGHTERS TO FIGHT  
West St. John,  
Oct. 29, 1913.

Editor Times:  
Sir,—The mail steamship question is very ably dealt with in a letter appearing in tonight's Times and signed "A Fighting Citizen"; but, whilst emphatically agreeing with his sentiment, especially the one "fight, fight, fight for St. John" might I suggest that he start a little fighting himself. The Times has daily given us a clear account of how matters stand and the most of us understand the matter only too well. Constantly repeating the story will not help new. It's deeds not words that will bring back the mail steamers.  
"A Fighting Citizen's" signature looks like business and that he will soon start "fighting" is the earnest wish of  
A FREIGHT HANDLER.

### WHO WILL BELL THE CAT?

The Editor of The Times:  
Sir,—A well known fable tells us how a large body of mice once held an indignation meeting bemoaning the fearful depredations made in their ranks by a large cat. Every mouse was squealing its loudest and one and all agreed that something must be done. Eventually it was suggested that if a bell were hung around the cat's neck it would be possible to hear her coming, and thus provide ample time to escape. At this the squeals of approval were deafening, and the business was as good as settled; when an old mouse stepped forward and, whilst expressing his hearty approval of the resolution, said:  
"And may I ask, Gentlemen, who is going to bell the cat?"  
At this query the squealing stopped, and the mice were so intent on watching each other, to see which would step forward that they did not notice the cat, which crept up quietly and annihilated the entire assembly.  
I cannot help thinking of that fable when I watch the development of the "Empress" question. I am unfortunately amongst the body of "smaller mice" and can only squeal, and the C. F. R. can stand a lot of "squealing." At the commencement of the question a big meeting was held, and some very nice speeches were made which read well in the Times and were very interesting in St. John! But the St. John people realized what was happening, without being repeatedly told; it was the Cat which wanted belling, not the mice!  
One good result of the meeting was, however, the delegation; and I remember a very interesting account of their departure—but that's about the only interesting account that has appeared about them.  
Who is affected chiefly by the impending change? Every St. John citizen more or less; but chiefly the "long-shoremen" and the business men. The former cannot do much. What about the business men? Their squeals resound on every side. Is there not one who can stop squealing and make a suggestion? What is the good of a meeting when one man only speaks? What this situation needs is a general debate, or consultation of our leading merchants, with the object of arranging quickly some definite and forcible plan of campaign and some one must take the initiative. What's the use of making a noise in St. John, if it is not loud enough to reach Ottawa? The city council is very busy at present with the police and other small matters. Who is going to start an "Empress" campaign?  
PRO BONO PUBLICO.

### BANK CLERKS FOR CANADA

Two Thousand Applications in London  
—Salary \$400 to \$900

(Times' Special Correspondence)  
London, Oct. 18.—Occasionally something happens which demonstrates very forcibly how great an attraction Can-

ada exercises not only over the minds of the agriculturist, but of other classes. Here is a case in point.

An advertisement appeared in a London daily newspaper for fifty clerks for Canadian banks. In three days more than 2,000 applications were received. The rate of wages offered was \$400 a year for eastern points, and \$600 a year in the west of Winnipeg, for men who had not had any experience in banking. For

Good situation, near Fairville. Both properties subject to Lancaster low tax rate. Terms \$800 cash, balance mortgage. Full particulars from Alfred Burley & Co., 46 Princess street.

HOW BROWN WON

A Coincidence Was Responsible, But He Got The Business

There is a silk merchant in the 4th avenue district who never tires of telling how he got a certain retailer in one of the smaller New England cities as a customer when he was a knight of the grip. This is the burden of his tale:

"All men on the road have the experience of bumping into a stone wall when it comes to selling a bill of goods to certain retailers. That was my experience with Smith up in Haverhill. No matter what I had or at what it was priced, Smith never wanted anything. Still he bought regularly from several competitors. He wouldn't go to lunch with me, nor would he accept any of the other attentions that are usually tendered good buyers."

"I had practically decided not to try him any more, when one evening I overheard two other salesmen talking in a hotel office. I didn't catch the name of the man of whom they were talking, but when I heard one salesman say that he never would accept a lunch I felt sure that they were discussing Smith."

"It's a funny thing about him," the salesman went on, "but he always goes home to lunch, no matter how busy he is. Jones told me the other day that it was because his wife was the boss of the household and made him do it. He is very fond of display, too, and often makes him do things for her that he doesn't want to do because he is unwilling to spend the money."

"Thinking I had heard something on Smith I dropped in to see him the next day right after he had come back from lunch. He hadn't had time to tell me to get out when Mrs. Smith came in. 'No more business today, Henry,' she said, ignoring me. 'Order up a good team and take me for a ride.'"

"Smith didn't want to do it, but there seemed to be no way out. Then I made a bold play. I told him by sign language that I would take her for the drive. The effect was surprising. With a glad smile he jumped to his feet, saying 'Let me introduce Mr. Brown of New York, dear. He travels for Black & Co., and is an old friend of mine. Would you mind if he came with us?'"

"Then I came into play again. 'If Mr. Smith is busy,' I said to Mrs. Smith, 'may I volunteer to take you for the ride?' Almost blushing she asked Smith's consent."

"We were for the drive. The next day Smith gave me a good order, and he bought goods from us regularly until he retired a few years ago. The best part of the whole thing was that the men of the hotel office were not discussing Smith. I learned afterward that they had been talking about another man, a merchant up in Lowell."

CARDS OF THANKS The family of the late Robert H. Clancy take this opportunity of thanking their many friends for kindness in their late bereavement.

USE THE WANT AD WAY

FEWER BIRTHS THROUGH MORE MARRIAGES SHOWN IN ONTARIO REPORT

Death List Decreased, But Seven Per Cent. Due to Tuberculosis—Alarming Mortality Among Infants

Toronto, Oct. 30.—Ontario's birth rate was only 82.4 per thousand during the last fiscal year, according to the registrar-general's report which will be issued soon. It is the lowest percentage reached since 1908 and two points below the figures for 1911.

The responsibility for Ontario's declining birth rate apparently rests with the less in 1913 and 1912, with a record of 22,929 marriages, while the rural municipalities of the province with but 10,910 marriages, had 22,028 births.

Eight hundred and twenty men and 1,096 women of the Catholic Church married outside their faith. Almost two-thirds of the marriages were contracted between the ages of twenty and thirty. Several unusual marriages were recorded.

Several unusual marriages were recorded. The tuberculous is making steady headway although the reduction in the death rate from this disease was 0.38 per cent. At the present time 1,019,820 children under the age of five years died, 6,406 of them before completing the twelfth month, a rate of 110.8 per thousand births.

THE NATURAL MARKET FOR QUEENS COUNTY Coal is Now Opened up—Out Put Rapidly Increasing

Ballasting on the C. P. R.'s branch from Fredericton to Minto is well advanced. Two ballast trains are working on the line in the morning and numbers of box cars daily from Fredericton to Minto to take care of the output of the Queens county mines which is rapidly increasing.

Understanding the fact that twenty-five to twenty-eight cars were often taken in a train, each car capable of holding thirty to forty tons of coal, there is yet a shortage of cars at times and some of the mines are therefore not working at their full capacity.

It is also stated that the C. P. R. has been making efforts to secure the output of the Queens county coal in the district and is now taking in large quantities of coal from several of them outside of what the C. P. R. mines on its own account through the Minto Coal Co.

The ladies engaged in the present tour of New Brunswick have already spent to date \$10,000 in the purchase of coal. As a result of their tour they have already organized branches at Prince William, Millville, Hartland, Glassville, St. John, Grand Harbor, Seal Cove, Lorneville, Gagetown, Stanley, Campbellton, Shediac, Albert, Elgin and Cornhill.

SIXTEEN ARE ORGANIZED IN NEW BRUNSWICK

Women's Institute Workers Are in the City Today—Miss Powell Explains the Work

Sixteen new branches of the Women's Institute have been organized and new life infused into existing branches as the result of a missionary tour of New Brunswick which is being conducted by three experts in this work, who are Miss M. V. Powell of Whiteby, Ont., a member of the Ontario staff and who is assisting in the organization work in this province; Miss Isabelle McLaren of Moncton, a graduate of Guelph and Acadia colleges, who is giving practical demonstrations in household science, and Mrs. George W. Winters of Fredericton, a graduate of the Newport nursing school, who is giving demonstrations for the sick in the homes and similar subjects.

The Women's Institutes are voluntary organizations, but are fostered and encouraged by the provincial departments of agriculture on account of their value in promoting public welfare. So far the only permanent official appointed by the department is Miss Helen Winters of Fredericton, provincial supervisor. As the work expands it is the intention to engage a permanent staff of teachers to assist in the connection, while the branches, although it may be found necessary to borrow an expert from Ontario once a year or so.

The practical part of the work is carried on by means of demonstration lectures which amount to college extension courses in the work taken up. The work was first started in Ontario sixteen years ago with a membership of nine. Last year they had 35,000 members and at the annual meeting next month they expect to report a membership of 80,000.

The ladies engaged in the present tour of New Brunswick have already spent to date \$10,000 in the purchase of coal. As a result of their tour they have already organized branches at Prince William, Millville, Hartland, Glassville, St. John, Grand Harbor, Seal Cove, Lorneville, Gagetown, Stanley, Campbellton, Shediac, Albert, Elgin and Cornhill.

MUCH PROMISE IN NEW BRUNSWICK S. S. CONVENTION

The thirtieth annual provincial Sunday school convention under the auspices of the New Brunswick and Prince Edward Island Sunday School Association will be held in Brunswick street Baptist church, Fredericton, from Tuesday to Thursday, November 4-6. Preparation is being made for one of the best conventions in the history of the association. Delegates will gather to the capital city from all parts of the province. Reports bearing upon every phase of Sunday school work will be received and discussed. The programme committee have secured some of the best speakers available for the convention. Rev. Franklin McElfresh, Ph. D., of Chatham, will be the representative of the International Association, in which field he holds the office of superintendent of the teacher training department. He will give a series of six addresses, based on his experience in the larger field. Rev. H. C. Archer, of Woodstock, will give his impressions of the great World's Sunday School Convention, which was held in Zurich, Switzerland, in July last. Tuesday afternoon will be devoted to the work of the elementary department, a feature of which will be a practical demonstration of elementary class work by Mrs. Havelock Coy, of Fredericton, and Mrs. W. A. Ross, of Moncton. This will be followed by a talk upon the primary department by Miss Alice Murray and a question box on "Elementary problems."

The problems of youth will be given most consideration on Wednesday afternoon and evening, both in conference and by addresses. Rev. W. A. Ross, the general secretary, and Dr. McElfresh will be heard in this connection, while addresses will also be delivered by Rev. J. A. McKeigan, of St. John, on Trained Workers—The Need of the Hour; and by Rev. W. H. Barradough, of St. John, on the Opportunity of the Sunday School in Promoting Good Citizenship. Thursday afternoon will be given up to reports of departments by the superintendents of each; when short addresses will be given by Rev. W. Field on the question of the Family Altar; R. H. Slavert on Temperance; E. F. Calder on the Missionary Vision, and G. B. McDonald on Efficient Bible Study. Thursday evening will be devoted to a consideration of the Problems of the Rural and City Sunday Schools respectively, in which Rev. W. A. Ross will state the rural church problem in New Brunswick, and Rev. F. S. Porter, of St. John, will speak on the Sunday Schools and the City Problem. Discussion will be led by the Rev. R. J. Colpitts.

Chancellor C. C. Jones, of the University of New Brunswick, will deliver an address on the Sunday School as a Factor in Religious Education; Prof. W. C. Kierstead, of the university, will speak upon Personal and Social Factors in Soul-Winning; Rev. J. M. McLean, of Chatham, will speak to the question: Why a Sunday School Association? The address will be given in the afternoon session, which are always a feature of the annual conventions, will, this year, be led by Rev. Dr. W. H. Barradough, of St. Paul's church, Fredericton. The president of the New Brunswick Sunday School Association is Rev. J. Charles B. Appel, of Douglas avenue Christian church, St. John. Andrew Malcolm, of St. John, is the chairman of the executive committee, while A. H. Chittenden, of St. John, is the treasurer. The convention promises to be one of the best in recent years.

PERSONALS Miss Grace Merton, of St. John west, has returned home after an enjoyable visit to relatives and friends in Boston for the last two weeks.

Miss Elsie Finigan came back from St. John on Saturday to spend two weeks at her home in Sydney, N. S. Mrs. N. G. D. Parker has gone to South Africa to visit her daughter, Mrs. W. J. Palmer.

Miss Mary Louise Hooper, assistant postmaster of St. Andrews, to Leonard H. Smith of Fredericton. The wedding will take place in November.

Austip Budd, of St. Andrews, and Miss Grimmer, daughter of Mr. and Mrs. Parker Grimmer, St. Stephen, are to be united in marriage this week at the bride's residence. After a brief honeymoon spent in U. S. cities, they will make their home in the Young cottage, St. Andrews.

The first meeting of the St. Andrews branch of the Women's Canadian Club will be held on Thursday evening, October 30th, at eight o'clock. Mrs. E. Atherton Smith will deliver her popular lecture, "Canadian Heroines, and there will be an appropriate musical programme.

GOT \$400 FOR DAYS WORK Glace Bay Gazette:—Murdoch Delaney of Grand Etang, is in town, spending a few days with friends before leaving for Boston. Mr. Delaney reports captured 125 barrels in Margaree Harbor. The fish are worth \$20 a barrel, so it will be seen that the fishermen made more than \$400 each for the day's work.

SAIL FIRST FROM ST. JOHN The first sailing of the steamer Cobeco of the Royal Mail Steam Packet Co. will be on Saturday, November 2nd, for the West Indies and the ports of St. John and Halifax, with other coastal ports as centres of call, will be on November 28 from St. John and December 5 from Halifax.

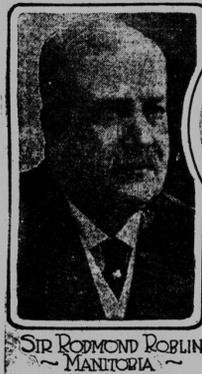

ROUGH WEATHER IN THE ENGLISH CHANNEL London, Oct. 30.—Owing to rough weather in the English Channel yesterday, the firing experiments at Portland, in view of the old battleship Empress of India was to be used as a target, were postponed.

AGED WOMAN DEAD ON HUSBAND'S GRAVE; POISON VIAL NEAR PITTSBURGH, Pa., Oct. 30.—Mrs. Ann Price Wilkins, aged seventy, was found dead on the grave of her husband, Samuel Wilkins, in Charlton cemetery in Carnegie, a suburb. An empty vial, which had contained poison, was found nearby. The husband died eleven years ago and it had been Mrs. Wilkins' practice to make a daily visit to his grave. A daughter died two years ago and since then she has been despondent.

ROUGH WEATHER IN THE ENGLISH CHANNEL London, Oct. 30.—Owing to rough weather in the English Channel yesterday, the firing experiments at Portland, in view of the old battleship Empress of India was to be used as a target, were postponed.

HON. GEORGE MURRAY - NOVA SCOTIA

The gathering of premiers of all the Canadian provinces this week is one of the big things of the season at the Canadian capital. They hoped to settle many questions of national importance. Honorable George Murray, premier of Nova Scotia, was chairman. Because of the late hour of the meeting, the premier of Ontario, Sir James Whitney, premier of Ontario, was regarded as the most prominent figure.

Ottawa, Oct. 29-The conference of provincial premiers and ministers, which has been in session here since Monday morning, was concluded this evening according to the full measure of their demand, to considerably more than double the present grants from the dominion treasury. That stands as the chief result of the conference.

One of the last resolutions passed, asked for recognition by the federal government of the supreme court judgments in the companies case, in which the contention is made that provincially-incorporated companies have a right to do business anywhere in Canada. This, if consented to, will mean that the appeal now contemplated by the minister of justice to the privy council will not take place.

The conference divided along political lines this afternoon on a resolution introduced by Premier Sifton asserting provincial rights in the matter of all appropriations from the public treasury made for purposes of highway improvement or other matters, which under the British North America Act pertain exclusively to provincial jurisdiction.

This resolution, of course, had particular reference to the highways improvement act of the Borden government, and was practically a re-statement of the fundamental principles for which Liberalism has so far fought successfully in parliament.

The Liberal members of the conference stoutly maintained that, while any further sums available from the federal treasury for this purpose would be welcome, yet at the same time the administration of the funds should be left to the provincial governments, as being the only safe constitutional usage.

The Conservative members of the conference, naturally, declined to condemn the policy, which now forms one of the mainstays of the Borden government. The resolution was withheld from a vote, due to the attitude of the Conservative majority in the conference, had been made plain.

Opinion on both sides of politics at the capital, it is thought, there may be some increase in the provincial subsidies, these increases will not be based on the handing over of any definite portion of the customs and excise revenue.

Newcastle, Eng., Oct. 29-Speaking from the same platform as Sir Edward Carson, the Ulster Unionist leader, Andrew Bonar Law, the opposition leader in the house of commons, tonight pledged the support of the Unionist party to Ulster, even to the extent of forcible resistance to home rule.

But his eagerly-awaited reply to Premier Asquith's offer of a compromise on October 25 consisted merely of a statement that the Unionists would not consider any proposals of the prime minister relative to a solution of the home rule problem, if a solution were possible.

Mr. Law expressed the opinion that the only logical way of the government could avoid the responsibility of plunging the country into civil war was to secure a mandate from the people by a general election, which, if it favored home rule, would be acquiesced in by the Unionists. He said he could not speak for Ulster

Splendid New Central Y. M. C. A. Building in Toronto

This is one of the finest of its class on the continent. The new Y. M. C. A. in College street, Toronto, opened on the 28th, was built at a cost of nearly three-quarters of a million dollars, through subscriptions of the citizens. It is one of the most modern buildings on the continent.

Eddie McGoorty and Jack Dillon

FROM T. S. ANDREWS

Millwaukee, Oct. 29.—A new championship match will be staged in Milwaukee on Nov. 8, when Eddie McGoorty of Oshkosh and Jack Dillon, the Hoosier star, both claimants of the middle weight title, will meet before the Queensbury A. C. They have been rivals now for three years and both are hot after the middle weight title. In fact McGoorty has laid claim to it, with the statement that he will defend it against all comers. These boys were matched in New Orleans three years ago, but Dillon at the time had to give up the contest on account of a severe boil on his arm and which was lanced the day before the fight. Since then Dillon has made a remarkable record, meeting all the chief middle weights in the country and beating most of them. He has been picked by many writers as the man who should succeed the late Stanley Ketchel, while others have given the same credit to McGoorty. The knockout of Frank Klaus by George Chip mixed matters up a bit, but Chip will have to beat the two leaders and also Jimmy Clabby, before he will be given the place at the top of the ladder.

RECENT WEDDINGS

A quiet wedding took place yesterday afternoon at the residence of the officiating clergyman, 802 Princess street, when Rev. Wellington Camp, D.D., united in marriage Miss Annie Morey, daughter of James Morey, of Springdale, Kings county, to Herbert Weldon, of Penobscot, Kings county. The bride wore a traveling suit of royal blue and black hat with ostrich plumes. The happy pair received numerous gifts. Among the presents to the bride were a gold watch and chain from the groom, a brooch from Mrs. W. Fitzgerald's necklace and china from Mrs. Lucy Esau. The groom, who is a prosperous farmer of Penobscot, is a son of Stephen Weldon, of that place, and a nephew of Dr. R. C. Weldon, dean of the law school at Dalhousie University and formerly a member of the dominion parliament. Mr. and Mrs. Weldon will remain in the city until Thursday evening, when they will leave on the 6:30 train for Penobscot. While in the city they will be the guests of Mrs. W. Fitzgerald, Brussels street, and of Mrs. Esau, West Side. On their arrival at Penobscot a reception will be tendered them at the home of Stephen Weldon, father of the groom.

The wedding of Mary Thompson Grimmer, eldest daughter of Councilor and Mrs. Parker Grimmer, St. Stephen, to Austin Wilfred Budd of St. Andrews, took place yesterday at the home of the bride's parents; the ceremony being performed by Dr. W. C. Coucher. After a wedding trip to the United States they will reside at St. Andrews.

B. F. Keith, vaudeville magnate, was married yesterday to Miss Ethel Bird Chase in Washington. He is sixty-seven years old, while his bride is twenty-six.

Miss Kathleen H. Elkins, rumors of whose engagement to the Duke of Abruzzi had been so freely circulated, was married yesterday in Elkins, W. Va., to Wm. F. R. Hill, of Illinois.

ANOTHER STEP AHEAD IN EDUCATIONAL WORK

Pre-Vocational System to Be Established in Calgary

REPORT OF COMMISSION

Members Had Visited St. John in Their Travels Seeking Information — New Departments to Be Started at First of Year

Calgary, Alta., Oct. 29.—The Calgary board of education has made arrangements for the starting of a pre-vocational system for older children in January. This action followed investigations by a special commission which toured eastern Canada and the United States looking into the systems of education in vogue there and as a result of its report a resolution was unanimously passed authorizing the inauguration of the system at the new year. The board adopted the report of the commission after receiving figures which showed the great necessity for the pre-vocational course. Inquiries were sent to some 400 parents and pupils, blank forms asking them to fill in the vocation which the children wished to follow after leaving school. Four hundred replies were received and of these it was found that only ninety could get the necessary education in the schools, colleges or universities of Calgary. The necessity of technical education for pupils in the higher grades was thus demonstrated. Three departments will be required for the inauguration of the pre-vocational system. The present commercial classes will be absorbed and will form the nucleus of a business course, an industrial department will be founded where the various trades will be taught as necessary arises, and a department of household art for the girls. The board has already engaged a director for the new department and close co-operation will be observed between it and the system of night technical classes which was started last year and has already proven its value to the community. The members of the Calgary commission visited St. John last summer on this matter. T. B. Kidner was one of them. A number of persons were talking about telescopes, and each professed to have looked through the "largest one in the world." One after another told of the powerful effect of the respective telescopes. At last a quiet man said mildly: "I once looked through a telescope. I don't know as it was the largest in the world, I hope it wasn't. But it brought the moon so near that we could see the man juggling in it wildly and crying out: 'Don't shoot—don't shoot!' The old fellow thought it was a big cannon that we were pointing at him."

COLD IN THE CHEST?

Rub Well With Zam-Buk! For bad colds on the chest, rub the chest and between the shoulders well with Zam-Buk at night. If you suffer from catarrh or cold in the head, just insert a little Zam-Buk at the base of the nostril, and as the balm becomes warm, inhale the healing essence which vaporizes. Sores in the nostril, which are sometimes set up by catarrh, will yield to Zam-Buk treatment. Mrs. N. S. Babcock, of Matawatchesan, Ont., says: "For a long time I had a very disagreeable sore on the inside of the nostril, which gave me great pain and caused much annoyance. I feared it would turn to cancer, and all I tried proved unavailing. I was ordered to try Zam-Buk, and I am glad to say that the sore that defied all other remedies was overcome by one box of Zam-Buk and is now quite healed." Zam-Buk will also be found a sure cure for cold sores, chapped hands, frost bite, ulcers, eczema, blood-poison, pimples, cuts, and skin injuries generally. All druggists and stores, 50c. box, or Zam-Buk Co., Toronto. Try Zam-Buk Soap, 25c. tablet!

Why is it that champions should be permitted to dictate to boxers when they meet what the weight shall be? Take most champions and they insist upon clubs furnishing opponents who will be subject to the dictates of the stars. They are not satisfied to have the aspirants come in at the same weight as themselves, nor at the recognized weight for the class represented, but they ask the boys meeting them to make a certain weight and then the champion comes in at catch weights. Take for instance the match between Johnny Kilbane and Knockout Mars at Cincinnati today. Mars is a youngster; just budding, but he must do 122 pounds for Johnny, while the latter comes in at catch weights. Of course there will be a difference between them, for Kilbane never weighs much more than 123 or 124, but he could come in at 130 if he desired. Mars is considered a better sporting proposition if the aspirants were given the handicap in weight instead of the stars.

Big Ben. A large clock face with the words 'Big Ben' written across it.

BIG BEN has something to say to people who like to get up early. He guarantees to wake them every day with a five-minute call, or ten successive half-minute rings. Big Ben is made in LA SALLE, ILLINOIS, U. S. A. by WESTLUX. He's easy to wind, easy to read, and pleasing to hear. Price \$3.00 anywhere.

He Knows Corns. This Chemist Who Invented Blue-jay. He studied corns for a dozen years, then worked out this way to remove them. It's a simple little plaster with a little drop of wax. Apply it in a jiffy, and the corn pain stops at once. You forget the corn entirely. In 48 hours the whole corn comes out—root, callous, everything. Not a whit of pain or soreness. That ends the corn. Why pare corns? Why daub them? Why use old-time pads and plasters? Those are archaic methods. Blue-jay is so vastly better that folks use it on a million corns a month. Try it on one of yours. A in the picture is the soft B & B wax. It loosens the corn. B stops the pain and soothes the skin. C wraps around the toe. It is narrowed to be comfortable. D is rubber adhesive to fasten the plaster on.

ST. LUKE'S MISSION

Those who attended the mission service in St. Luke's church last night listened to a very interesting exposition of the story of Jesus and blind Bartimeus. Mr. Newton pointed out clearly that the case of Bartimeus is typical of all spiritual blindness of the natural man. Blindness in him was a state of danger, a condition of helplessness and was the cause of his being a beggar. Those who were in the state of spiritual blindness were in danger of perishing. None were so blind as those who would not see, showing the helplessness into which one might fall who could see the gravity of this position, but Bartimeus seized the opportunity of having his sight restored when he found out that there was One close at hand who was able to heal him. The seizing or losing of the opportunity played a large part in whether we were to be blessed or remain blind. Mr. Newton pointed out a very important lesson to Christian workers from the fact that when Bartimeus desired to have Christ heal him his own followers endeavored to hush him up, telling him, perhaps, not to get excited or that Christ had no time now to waste with him; thus it often happened that Christian workers stood in the way of those who were anxious seeking help and who needed guidance to the Saviour. Some Christian people are very much given to excitement in athletics or in a political campaign, but their coldness and lack of enthusiasm in a mission service often deterred those who might surrender themselves to the mysterious power of religion. This afforded a good opportunity of giving real help to those who were in need of it. The very services of the church were formed on the supposition that Christ would be present, even though there were some who like Bartimeus through blindness could not see Jesus, yet might be encouraged to cast their burden and surrender themselves to Him who is invisible.

BREAKS A BAD COLD IN A JIFFY! TRY IT

"Pape's Cold Compound" Gives Quick Relief — Don't Stay Stuffed-up! You can end gripe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

MATINEE POTATO PRICES

Potato prices in Arctostook county are showing an increase. Tuesday the price at Caribou was \$1.40 a barrel. The Bangor & Arctostook has been delivering from 125 to 175 carloads of potatoes to the Maine Central at Northern Maine Junction daily.

**ST. JOHN NOT INCLUDED**  
St. Andrews' Beacon—In return for the loan of Gutelius by the C. P. R. the government has loaned the latter company the I. C. R. for six months. St. John wasn't included in the exchange.

**S.W. McMACKIN, 335 Main St.**

**LOCAL NEWS**

**NOVELTY SHOWER**  
Friends of Miss Mary McCarthy surprised her with a novelty shower on Tuesday evening at the home of Mrs. P. Daley, Union street, in honor of an event soon to take place shortly. The evening was spent very pleasantly.

**ANOTHER CRIB TODAY**  
Contractor Connolly will sink another crib of the new wharf at West St. John this afternoon. It was to be moved from Berth No. 5 about a quarter past one o'clock, and settled into its proper place at low tide, about five o'clock this afternoon.

**OUR UMBRELLA FACTORY**  
Bangor Commercial—A manufacturer of umbrellas mourns that this means of protecting the individual from the elements will ere long, at the present rate of decrease, gradually become extinct. Many people dislike the bother of an umbrella, but the number who carry them is constantly being decreased by the increased use of rainproof garments, of automobiles and street cars.

**ST. JOHN MAN'S EXPLOIT**  
Charlottetown Patriot—There was quite a sensation in this city recently when it was learned that a certain gentleman, who hails from St. John, and who is said to be divorced, got in large quantities with a young lady, and they decided to elope. A relative of the girl followed them to Pictou and found them enjoying an automobile drive. The girl was peremptorily ordered to inform the gentleman that the acquaintance must end there and then. She realized that there is no place like home, and was persuaded to return to Charlottetown.

**HUNDREDS OF BARRELS OF POTATOES ARE BEING BROUGHT DOWN RIVER**

The steamer Victoria from Fredericton arrived at her wharf at Indian town about nine o'clock last evening being nearly three hours late. The cause of the delay was due partly to a slight accident at Queenstown, when a log became caught in one of the paddle wheels, but the chief reason of the delay was due to the fact that heavy freights are coming down river, potatoes especially in large quantities, and more than 1,000 barrels were brought down on the Victoria last evening from points along the river between here and Fredericton.

The Maritime, from the Waghedamook, brought about 800 barrels yesterday and the Champlain and Oconee were also well laden. The D. J. Purdy from Fredericton on Tuesday had close to 1,000 barrels. It is estimated that fully 8,000 barrels of potatoes were brought down river boats during the last two days alone.

Some of these potatoes are consigned to the local merchants and bring from \$1.15 to \$1.35 a barrel, but most of them, however, are being shipped through to the United States.

The potatoes are not only very plentiful but are said to be of an exceptional quality, very few of them being affected by rust.

**ST. JOHN BRIDE TO MAKE HOME IN WINNIPEG**

Miss Elizabeth M. Smith and John Hector MacLean Married This Afternoon

The home of Mr. and Mrs. R. Morton Smith, 27 Wentworth street, was the scene of an interesting event at four o'clock this afternoon when their daughter, Miss Elizabeth M. Smith, was united in marriage to John Hector MacLean, formerly of Sydney, C. B., and now in Winnipeg.

The bride, who was unattended, was given away by her father. She was attired in a great white suit with cream plush hat and carried a shower bouquet of white roses.

The ceremony was performed by Rev. H. W. Barraclough, pastor of Centenary church, in the presence of immediate relatives only, and, at its conclusion, a dainty wedding supper was served. Mr. and Mrs. MacLean will leave on the Montreal express for a short trip. The bride's traveling costume is a navy blue suit with hat to match. They will return to the city for a few days before leaving for their future home in Winnipeg, and Mrs. MacLean will be at home to her friends at her parents' residence on Monday afternoon.

The house was beautifully decorated today for the ceremony, with cut flowers in pink and white, palms and potted plants. There was a handsome display of valuable wedding gifts which had been received from many friends of the bride and bridegroom.

**POSTPONE MEETING UNTIL FIRST OF WEEK; AWAITING ASSURANCES FROM OTTAWA**

It was expected that a mass meeting would be called for today to demand justice for St. John in the matter of the mail steamships. It has been decided, however, by those who are dealing with the question to postpone action until the first of the week, pending the receipt of definite assurances from Ottawa, which some friends of the government express confidence will be received before the end of the present week. Public sentiment grows more and more pronounced from day to day against a policy of inaction.

**MEAT DEALER**

The large quantity of meat and live stock which has been exported to the United States since the new tariff went into effect is beginning to make its effect felt here. The beef used here is imported from Toronto, and as Toronto is feeling the results of the American demand, prices are going up. The latest quotations to local dealers are for one cent higher, wholesale, and further advances are expected. So far this has not affected the retail price, but it is believed that the dealers may have to increase their prices before long to meet the higher demands of the wholesalers.

Lamb is also much higher than it ever was before. The wholesale price, when buying in large quantities, is now thirteen cents, while last year the last year ten cents was the ruling figure.

**PETER CARROLL'S DAUGHTER WEDS**

In St. Patrick's church, Halifax, yesterday, Miss Mattie Carroll, daughter of Peter Carroll, a well-known trainer and driver, and John H. Conn, of Amherst, were married. The bride was given away by her father and was attended by Miss Jean Ayers, while the groom was supported by Henry Carroll, brother of the bride. After a tour of the provinces they will live in Amherst.

**GOOD ROADS? OF COURSE**  
Fredericton Mail—At Gibson yesterday a little boy in attempting to cross the main road got stuck fast in the mud and was unable to pull himself out. As he could not remove his boots he began to cry and drew quite a crowd to the scene, but nobody seemed to care to venture to his rescue until his father arrived, who at once waded through the mud and carried the little fellow to the sidewalk.

**AFTER THE YANKEE DOLLAR**  
St. Andrews' Beacon—Lubece sardine manufacturers complain that they should be compelled to take a back seat by the rush of Canadian farmers after the Yankee dollar. The other day the outside boat was so filled with Canadian produce going to Boston that she didn't make her usual stop at Lubece.

**WITH MOLASSES**  
Schr. Adriatic arrived this morning with a cargo of molasses.

STORE OPEN TONIGHT TILL 8 O'CLOCK
