

NOTHING OFFICIAL YET BUT BALKAN SKIES EXPECTED TO CLEAR AT ANY MOMENT NOW

Reported Greece Unwilling to Fight, but Agreeable to Other Conditions Imposed by Allies—Serbian Victory East of Pristina and Check of Bulgarian March on Monastir Give Situation a Brighter Aspect—Roumania in a Quandary—Presence of Large Russian Army in Bessarabia Will Likely Deter Her from Accepting German Bribe.

Serb Army Enveloping Bulgarians Around Prelip

London, Nov. 23.—The Times' Vofana, Greece, correspondent, telegraphing last Thursday, says: "The Bulgarian forces halting six miles east of Prelip, are reported to have been taken in the rear by Serbians advancing from Kabanik and reinforced by troops from the Albanian frontier. The pause in the Bulgarian advance on Monastir would be explained by such a Serbian success. Another report current is that the German staff has forbidden a Bulgarian occupation of Monastir, this operation being reserved for the Austro-German army. "An American sanitary commission, which passed through here yesterday on the way to Saloniki, says the Serbians, although they are outnumbered and not so well equipped with guns, are playing a delaying movement against the Bulgarians between Prelip and Monastir with admirable courage, being determined to inflict the greatest possible losses on the enemy, and to retard his advance as long as possible."

GERMANY LOSES ONE OF LATEST TYPE OF DREADNOUGHTS IN THE BALTIC

Bulletin—London, Nov. 23.—A despatch to the Daily Mail from Rotterdam says: "One of Germany's newest dreadnoughts struck a mine Friday in the Baltic Sea and went to the bottom. All the members of the crew were saved except thirty-three, who were drowned."

London, Nov. 22.—No definite news has been received here of Greece's reply to the Entente Allies' demands for guarantees for the safety of the Anglo-French troops landing at Saloniki, or for that of the Serbians who might be forced over the Greek frontier. One despatch from Athens, however, says the Greek cabinet is disposed to accept the conditions laid down by the Entente Powers, except that condition requiring Greece to participate in the war, and that a solution of the whole difficulty may be expected immediately. Meantime the blockade of Greek commerce has commenced and Italy, it is reported, is participating in the measures of restraint decided upon. This, with the news that the Serbians have won a victory over the Bulgarians northeast of Pristina, and that the Bulgarians have delayed their march on Monastir as a result of the wintry weather, has created a more hopeful feeling in the capitals of the Entente Allies. The British and French forces daily are being strengthened by men and guns landed at Saloniki, and part of the reinforcements are being sent to Monastir, where the Serbians also are reported to be concentrating and threatening the Bulgarians at Prelip.

Roumania in a Quandary
Roumania finds herself in much the same position as Greece, with both the Entente Allies and the Central Powers bringing pressure to bear upon her. The Germans, it is said, are asking Roumania to give assurances of continued neutrality, and also are offering her concessions if she intervenes in the war on the side of the Teutonic allies. With a big Russian army in Bessarabia, however, it is believed, in military circles here, it is likely that Roumania will accept the second alternative. On the whole, it is expected here that the firm attitude of the Entente Powers toward Greece will clear the Balkan situation before very long. There is little news of importance from any of the other fronts. The Italians, by their continued offensive, are strengthening their positions around Gorizia, which it is believed cannot hold out much longer. On the western front the British and French artillery has become more active in Flanders and Champagne, which on previous occasions has been the signal for offensive movements. The Russians, since they regained the ground they lost along the Stry river, have been inactive, except for minor attacks in the Dvinsk region. The Petrograd correspondent, however, predicts that more important events are impending.

Another flotilla of British submarines is reported to have arrived in the Baltic. British Aviators Destroy Railway Station at Ferejk.
London, Nov. 22.—The following official report from British headquarters at the Dardanelles was issued today: "Two British aeroplanes successfully attacked the railway station at Ferejk, near Enos, on Nov. 19. One machine unfortunately was brought down

by the enemy's fire, but the pilot managed to land safely in the marshes on the opposite side of the river, where he burned his machine. Meanwhile the pilot of the second aeroplane, who was alone, seeing his friend's mishap, landed beside him and succeeded in bringing him away just in time to escape capture by the enemy, who was running towards him. "At Russell's top, in the Anzac zone (on the western side of the Gallipoli peninsula) where the Turks recently fired a mine, we succeeded in occupying on November 20 part of the enemy's underground workings. "A fight occurred underground in which two Turks were shot by an officer. Several others were killed by bombs."

Ferejk is in southern Bulgaria, near the Turkish border and across the Gulf of Saros from Gallipoli peninsula. It marks the junction of the Adrianople-Dedeagatch and the Dedeagatch-Saloniki railroads. The attack apparently was made by aviators from the peninsula to interrupt railway communications of the Bulgarians. French Official Report.
Paris, Nov. 22.—The following communication was issued by the French war office tonight: "In Artois and in Champagne continuous activity has characterized the two artillery forces. In the Argonne the mine fighting continues to our advantage. In Alsace a somewhat violent cannonade has occurred at Hartmannsweilerkopf and on the plateau of Urhois. "The Belgian official communication reads: "The weather is misty and there is slight artillery activity before our front. "With regard to the enemy's despatch of my (Field Marshal French's) estimate of his losses in killed on October 8, he apparently is attempting to deceive by referring only to one small portion of the battlefield, while my report referred to the whole attack of the eighth of October. The enemy attacked, not only to the southwest of Loos but also southeast and northeast of that place. All further information obtained, including this report of the casualties southwest of Loos, confirms my original estimate. "While no reason was vouchsafed as to the delay in reaching a decision, it was evident that the government is dissatisfied with the attitude of the Opposition towards the extension of the parliamentary term. Until recently the Opposition preached the doctrine that there should be no election in war time and intimated that they were prepared to agree to such an extension. The government apparently admitted the truth of the policy. Lately, however, there has been a change in the policy of the Liberals, the nearness of the end of the parliamentary term probably having influenced the change. They say now that they will agree to an extension but it is too early to talk of it yet, the term not concluding until next fall. The reply to this is that the legislation necessary to create an extension of parliament will take considerable

BERLIN LIED ABOUT LOSSES AROUND LOOS

Report Sent Out in Denial of Sir John French's Gave Losses Only at One Small Portion of Battlefield.

London, Nov. 22.—Field Marshal Sir John French in his report from the front, issued tonight, describes briefly an organized bombardment by the British artillery of the German lines, and refers again to the fighting in October around Loos. The German counter-attack on October 8, Field Marshal French had previously reported that the German losses were very heavy, "some 3,000 or 3,000 dead being left in front of the British and French trenches." In denying this the German official statement sent out on Sunday, November 21 said: "This was a pure invention, as the number of dead and missing, including those who died later of wounds, was only 763."

Field Marshal French, in his latest report, declares that the German communications refers to only small portion of the battlefield, and reiterates that all information confirms his original estimate. The text of the statement follows: "The following official statement was issued: "Our artillery have during the past four days carried out an organized bombardment of many portions of the hostile lines with great effect. The enemy's artillery has been active north of Loos, east of Armentieres and east of Ypres. "A German aeroplane landed within our lines southwest of Ypres on November 19. The pilot and observer, who stated that they had lost their way were captured. The machine was not damaged. "Statements in the German report of the 21st regarding our front are incorrect in every particular. The report states that a large mine was successfully exploded in the section on the Ypres-Souabeck railway. The mine in question exploded well in front of our trenches. It caused no damage and no casualties, and we have occupied the ground on either side of the crater. "The enemy made air raids on Poperinghe on November 18 and 20. No damage whatever was done to the railway, or any building, in the first raid. Two soldiers were wounded and four cows were killed. In the second raid one bomb caused casualties to eight men. None of the others had any effect. "With regard to the enemy's despatch of my (Field Marshal French's) estimate of his losses in killed on October 8, he apparently is attempting to deceive by referring only to one small portion of the battlefield, while my report referred to the whole attack of the eighth of October. The enemy attacked, not only to the southwest of Loos but also southeast and northeast of that place. They say now that they will agree to an extension but it is too early to talk of it yet, the term not concluding until next fall. The reply to this is that the legislation necessary to create an extension of parliament will take considerable

time and the government does not propose to wait too long. What will happen it is, of course, impossible to say at present but the next few weeks will be fraught with deep political concern. A general election within the next few months is by no means beyond expectation, but everything will depend upon the tactics pursued by the opposition.

Special to The Standard.
Ottawa, Nov. 22.—There is no certainty that parliament will meet in January, although it has been taken for granted that the members would be summoned to Ottawa early in the month. The statement was made in official circles today that no decision had been reached by the government regarding the opening of the House. While no reason was vouchsafed as to the delay in reaching a decision, it was evident that the government is dissatisfied with the attitude of the Opposition towards the extension of the parliamentary term. Until recently the Opposition preached the doctrine that there should be no election in war time and intimated that they were prepared to agree to such an extension. Washington, Nov. 22.—Practically no new information has been received by the State Department regarding the sinking of the Italian steamship Ancona, although it was said that despatches of an important nature were momentarily expected. The captain of La France, the French steamship which was bombarded by a submarine off the north coast of Africa on the day the Ancona was sunk, was reported by Ambassador Page, at Rome, as claiming that the vessel which attacked his ship was of German nationality. The Italian government has announced that it has no reason to believe that the vessel was of other nationality than Austrian, and the Austrian admiralty has acknowledged the act. The foreign office points out that Chinese villagers, aided by native troops, early in the summer, destroyed a German band which was proceeding from Peking to Manchuria, with the supposed purpose of cutting the railways and that Mongol chief reported that they had destroyed a similar band in September on the borders of Mongolia and Manchuria.

Columbus, Ga., Nov. 22.—Six persons are known to have been killed, 12 others are missing and more than 30 injured as the result of a head on collision six miles west of here late tonight between a Central of Georgia passenger train of 25 cars, carrying the Con T. Kennedy Carnival Company. A misunderstanding of orders is said to have been responsible. The known dead and injured, except for trainmen were persons travelling with the Carnival Company. Ontario Powder Works Blown Up, Believed Was Act of Alien Enemies

Five Buildings Used for Storage of Cordite Wrecked — No Loss of Life—Troops Ready to be Sent to Scene.

Parry Sound, Nov. 22.—An explosion the cause of which is as yet unknown, but which is generally attributed to the work of alien enemies, occurred at 7.30 tonight in the plant of the Canadian Explosives Company, Limited, which occupies an area of nearly three square miles at Nobel, seven miles north of this town, on the Canadian Pacific Railway. Five one storey buildings, used for the storage of cordite which the company has been manufacturing in large quantities, were obliterated. Between seven and eight hundred men are employed in the plant, but so far as is known there was no loss of life, the employees having quit work some time before the explosion took place. "Troops Ready to Go to Scene."
Toronto, Nov. 22.—In view of the suspicious nature of the explosions at the plant of the Canadian Explosives Company, Limited, at Nobel, a detachment of troops is being held in readiness here for prompt despatch to the scene of the catastrophe if required.

Greece Wants Peace Suicide to Enter War, Says Cabinet Minister

London, Nov. 23.—"The only thing we want is peace and you are trying to force us to make war," said D. G. Rhalles, the Greek minister of justice, and guiding spirit in the cabinet of M. Skouloudis, in an interview last Thursday with the Daily Mail's correspondent at Athens. "The British government and the British press," continued M. Rhalles, "are taking a disgraceful and infamous attitude toward us. You are starving us. Only today two more wheat vessels have been stopped by you. "Your government, having piled fault on fault and delay on delay, with only a few thousand troops to help us to force us to step in and die. You want us to succor you when no English soldiers have shed their blood in Serbia—when scarcely an English rifle has been fired. "We do not wish to be another Belgium or another Serbia. We love Serbia but before attempting to rescue a drowning friend one should be sure his efforts is not merely a useless sacrifice."

WILL GRITS STILL IN DOUBT FORCE ELECTION ON COUNTRY? ABOUT SINKING OF THE ANCONA

Tendency Shown of Late to Abandon Their "No Election in War Time" Doctrine.

Native City of Tibati in German Colony of Kamerun Captured by British and French—Activities on Larger Scale Renewed by Allies With Arrival of Dry Season.

Paris, Nov. 22.—Official announcement was made today of the capture by French and British forces of the city of Tibati, in the German colony of Kamerun, West Africa, as the result of a surprise attack. The statement follows: "A French column, operating in Kamerun, commanded by Lieut. Col. Briset, surprised the German forces on Nov. 3. The Germans who were entrenched on the heights in the region of Tibati, were defeated and retreated in great disorder. "The Germans were expecting an attack from the north, whereas the French, by a rapid detour, made an attack from the south. "On the next day a British column joined with the French in the occupation of Tibati, the great native city, whose Sultan and population welcomed the Franco-British forces, saving them from oppressive German rule. "Advices received here from Cape Town show that with the opening of the dry season there has been a renewal of activity on the part of the forces operating against the Germans in the Kamerun. Great difficulties have been encountered during the wet season, although it is reported the Germans are being hemmed in gradually from all sides. The German headquarters are at Jaunde, where the governor-general has a strong force with abundant artillery and formidable entrenchments. "The northern area of Kamerun has been cleared of the Germans with the exception of Mora. From the seat of the French, under Gen. Cunliffe, have been pursuing a victorious offensive. "From the west important British movements are recorded from the Nigerian border. The international army under Gen. Dobell also is advancing eastward in the direction of Jaunde. "As the Germans have fallen back they have virtually cleared the country of supplies. It is reported large numbers of natives are destitute, and that some areas have been almost depopulated. The aim of the allied forces has been to occupy the important road centres and thus cut off the German retreat.

12 BULGARIAN OFFICERS WITH RUSSIAN ARMY

Serbians Making the Enemy Pay Dearly for Every Foot of Ground Won.

Austrian Headquarters, via London, Nov. 23.—With the occupation of Novi Pazar by the Germans, the Sanjak has been almost entirely wrested from the Serbians, and fighting turns more and more toward the ancient Kosovo battlefield, and around its principal city, Pristina. "The troops of the Central Powers are encountering the bitterest opposition of the entire Serbian campaign, and every battle, before it is won, becomes a hand-to-hand conflict. The Serbians, apparently, are planning on a final stand on the Kosovo plain. "As the Austro-Germans press forward into territory where the population is more friendly, they are daily able to improve the conditions for caring for the wounded, as well as to strengthen their lines of communication, establish order and bring about a larger degree of comfort for troops and animals. "The Austrians and Germans estimate the Serbian army still numbers between 130,000 and 150,000, but that it is diminishing by five thousand men daily. "The Bulgarian war ministry publishes the names of 12 Bulgarian officers now serving with the Russian army, who are branded as deserters. The list includes Gen. Radko Dimitrieff, former ambassador to Russia; Major Gen. Srafow, Captain Larkanood and First Lieut. Torkof, who challenged P. Loti, the French author, to a duel following the Balkan war because of Loti's attacks on the Bulgarian army.

CHINA NEEDS FINANCIAL HELP FROM ALLIES

Entente Powers Willing to Advance it if Assured Peking Government Will Maintain Domestic Peace and Stamp Out German Intrigues.

Petrograd, via London, Nov. 22.—The foreign office, in connection with the proposals made to China by the Entente Allies, says the Chinese government requires money to meet obligations contracted two years ago, and which are now accruing. The Entente Allies, it is stated, are willing to advance the money, provided China will give satisfactory assurances regarding the preservation of domestic tranquility and will take decisive measures to check disorders instigated by Germany.

The foreign office points out that Chinese villagers, aided by native troops, early in the summer, destroyed a German band which was proceeding from Peking to Manchuria, with the supposed purpose of cutting the railways and that Mongol chief reported that they had destroyed a similar band in September on the borders of Mongolia and Manchuria.

Rotterdam, Nov. 22.—The Cologne Gazette reports that a great offensive movement has been initiated at the Dardanelles by the Allies. Constantinople, Nov. 22.—Violent fighting in the vicinity of Seddul Bahr, on the tip of Gallipoli peninsula, is reported by the war office today, the statement follows: "Artillery duels are in progress on the Dardanelles front. Violent fighting with bombs is taking place near Seddul Bahr."

EXECUTED FOR ALLEGED PLOT AGAINST TURKEY

Eleven Members of Egyptian Secret Society Put to Death on Charge of Attempt to Create Independent Arabian State.

Washington, Nov. 22.—Execution at Beirut of eleven members of an Egyptian secret society, which it is claimed, had for its object the dismemberment of Turkey and the creation of an independent Arabian state under the protection of Great Britain, was announced here today by the Turkish embassy. The members of the society, the embassy alleges, planned to assassinate high officials and many other prominent people. The text of the announcement follows: "The Ottoman government, having been informed of the existence in Egypt, with branches in Syria and Iraq, of a secret society whose aim is the creating of an independent Arabian state under Great Britain's protectorate, ordered a most thorough inquiry to be made. The purpose of this was to discover who were the promoters of this society, the object of which, under the instigation of a hostile power, was the dismemberment of Turkey, notwithstanding the strong ties which bind all Arabs to the mother country. This inquiry, conducted with the utmost care and carried out with the most undeniable proof of the existence of this society. The aim of the conspiracy was to create disturbances in the country by committing criminal acts, such as the assassination of high dignitaries as well as a great number of prominent people, and thus attain its unlawful ends. "The unscrupling of important documents having been the means of discovering the promoters of the conspiracy, several arrests took place and the matter was brought before the court martial in Beirut. This case was tried with all due precaution. The culpability of the accused having been established, some of the traitors, most of whom by default were sentenced to death in virtue of article 54 of the Ottoman criminal code, were executed. "Out of thirteen culprits sentenced and who were actually arrested, eleven were executed in Beirut, and two were pardoned by the Sultan on account of their age. "The government has already published in Syria a part of the most promising documents in its possession

BRITISH SECRET SERVICE MEN BEGIN PROBE IN CLEVELAND

Cleveland, Ohio, Nov. 22.—Cleveland is the centre of an investigation being conducted by British secret service agents to uncover dynamite and war munitions, believed to be stored here by the enemies of the European Entente Powers. E. Gresham, vice-consul for Great Britain in Cleveland said tonight: "Mr. Gresham said that he had informed his embassy in Washington that there was being built near Cleveland a large factory constantly guarded since construction was started upon it. He declared the guards were of foreign birth and no one other than persons known to be friendly to the enemies of England had been permitted to enter it or work upon it. "Mr. Gresham stated that he had no information as to whether the mysterious building contained explosives of any sort, but declared that the agents of his government detailed to the case were working upon that theory.

DEMAND HIGH TARIFF ON IMPORTS

London, Nov. 22.—The campaign for economy in living, as a vital necessity for financing a war which is costing Great Britain nearly \$25,000,000 a day continues to be pressed. Imports are exceeding exports by nearly \$5,000,000 a day, and consequently depreciating foreign exchange, so that England really pays about five per cent more than the nominal price for commodities bought in America. Restriction of imports is urged as one of the most obvious practical methods of economy. Some protectionist papers, notably the Morning Post, demand a high tariff on imports, and one of the main reasons for this is the necessity of diverting business from the United States to them. Thus the British Empire might live on its resources, so far as foodstuffs are concerned, and the Post contends, and spend its money among its own people, as Germany is doing.

LABOR FEDERATION ENDORSES WILSON'S NEUTRALITY POLICY

Upholds Right of U. S. to Ship Munitions to Belligerents—Says Foreign Agencies Trying to Foment Trouble Among Workmen.

San Francisco, Nov. 22.—Neutrality in the European conflict, as practised by the United States, was approved by the American Federation in convention here today by the adoption of a resolution recommended by the committee on international relations. The resolution upheld the right of the United States to ship munitions to belligerents and explained that it was impossible to distinguish between munitions of war and the ordinary articles of commerce. The committee and report called attention to the efforts made by sympathizers of the belligerents to "use the workmen of our country to further the interests of some foreign countries."

PITCHED BATTLE BETWEEN POLICE AND SOLDIERS

London, Ont., Nov. 22.—Eight members of the 23rd Overseas Battalion are in the police station and dozens of policemen and soldiers were injured as a result of a downtown riot tonight between members of the battalion and the city police. The trouble started when a party of 33rd men attacked a traffic officer at Richmond and Dundas streets. A squad of police rushed to the scene and there was a melee in a few moments. Hundreds of soldiers joined in the fracas and the police used their batons freely, while the soldiers responded with bricks, stones and swigger sticks. Police Sgt. McDonald was badly cut about the head, while Patrolman McCullough and Roy Yemmer were also hit by stones. Policeman John Breanman was laid out for a time as the result of receiving a brick in the stomach. Dozens of soldiers were injured by policemen's batons. Eight soldiers were dragged to the police station during the row, and soldiers blocked Richmond street, between Dundas and Carling streets, for hours, demanding their release. The trouble broke out shortly before eight o'clock, and it was nearly midnight before officers from the camp were successful in getting the men marched away. Bad blood has existed between the soldiers and policemen here for months, and tonight's clash was but one of many similar serious disturbances. It is expected that the soldiers in custody will receive stiff sentences in police court tomorrow. Police Magistrate Judd having promised lenient terms for all future disturbers when he had offenders of this nature before him last.

LORD DERBY FINDS PEOPLE DETERMINED TO SEE WAR THROUGH

London, Nov. 22.—The country is sound and it is determined to see this war through to the end," said the Earl of Derby, in talking to American correspondents today regarding the British recruiting campaign of which he is in charge. "The people are as determined to carry the war as they were in August of last year, and we will win it."

ONLY SIX OF FORTY-TWO WERE NEUTRAL

New York, Nov. 22.—Widespread sympathy among residents of New York for one side or the other of the nations at war in Europe rendered extremely difficult the selection of a jury to try Dr. Karl Busenz, managing director, and his three subordinate officials, of the Hamburg-American Line on charges of conspiracy to deceive and defraud the United States by sending relief ships to the German cruisers in the Atlantic in the early stages of the war. Forty-two talsmen were examined, but only ten jurors were selected, and these tentatively. Eight of this number were said by counsel to be acceptable to both sides. The entire panel was exhausted, and another will be on hand when the trial is resumed tomorrow morning. During today's session the defence exhausted five of its ten peremptory challenges, and the government four of the six allowed.

SAY THEY WERE SLIGHTED AT THE FUNERAL OF SIR CHAS. TUPPER

Halifax, Nov. 22.—Representatives of practically all the Protestant churches of the city, other than the Anglican, attended a special meeting of the Evangelical Alliance today, to consider why they were not granted proper recognition at the funeral of Sir Charles Tupper. After a thorough discussion the alliance unanimously passed a resolution to communicate with the government at Ottawa and learn why the heads of the Protestant churches other than the Anglican, had not been given positions in the state funeral of Sir Charles Tupper. It was further determined to ask who was responsible for the change, and what was the motive.

NATIONAL EXTRAVAGANCE TOLERATED, SAYS REGI

Government to Issue Bo

Order to Attract Sa Class—Convertible In on Demand.

London, Nov. 22.—For the purpose of attracting a larger part of the savings of the working classes, the government proposes to issue war loan bonds of the value of 1 pound (\$5) and of multiples thereof bearing five per cent interest. In making this announcement today in the House of Commons, Her Majesty's Chancellor of the Exchequer, said subscriptions to war loan vouchers—the plan previously adopted to attract small subscriptions—had proved disappointing. These subscriptions aggregated only 5,000,000 pounds. The working classes he said evidently preferred 2 1/2 per cent from the savings bank to investment in a loan which was liable to fluctuate.

The chancellor emphasised strongly the urgent necessity in the interest both of themselves and of the state, that persons now enjoying exceptional wages should save. "Extravagance expenditure in any class cannot be tolerated," he continued. "At this moment economy in expenditure is vitally necessary, and the nation must be made to understand that a suitable instrument must be devised by means whereof we may avail ourselves of the nation's earnings."

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save your hair! Double its beauty in just a few moments.
25-cent 'Danderine' makes hair thick, glossy, wavy and beautiful.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

SENT TO PRISON FOR TAMPERING WITH POST OFFICE RECORDS
New York, Nov. 22.—James J. Cassidy, general manager of the Postal Transfer Co.; Daniel W. Harrigan, his assistant, and Wm. H. O'Connell, a clerk in the office of the superintendent of mails, were sentenced today in the United States of district court to a year and a day each in the federal penitentiary at Atlanta for bribery and conspiracy to steal post office records. The men pleaded guilty. The Postal Transfer Company had a contract with the government for the transportation of mails in lower Manhattan. Through the connivance of Cassidy complaints regarding the service, which would have cost the transfer company \$20,000 in fines, were suppressed and reports in the office of the superintendent of mails were altered.

NATION MUST LEARN ECONOMY

EXTRAVAGANCE CANNOT BE TOLERATED IN ANY CLASS, SAYS REGINALD MCKENNA

Government to Issue Bonds as Small as £1 in Order to Attract Savings of the Working Class—Convertible Into Cash at Face Value on Demand.

London, Nov. 22.—For the purpose of attracting a larger part of the savings of the working classes, the government proposes to issue war loan bonds of the value of 1 pound (£1) and of multiples thereof bearing five per cent interest. In making this announcement today in the House of Commons, Reginald McKenna, Chancellor of the Exchequer, said subscriptions to war loan vouchers—the plan previously adopted to attract small subscriptions—had proved disappointing. These subscriptions aggregated only 5,000,000 pounds. The working classes he said evidently preferred 2½ per cent from the savings bank to investment in a loan which was liable to fluctuate.

The chancellor emphasized strongly the urgent necessity in the interest both of themselves and of the state, that persons now enjoying exceptional wages should save.

"Extravagance expenditure in any class cannot be tolerated," he continued.

"At this moment economy in expenditure is vitally necessary, and the nation must be made to understand that a suitable instrument must be devised by means whereof we may avail ourselves of the nation's earnings."

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

FEARED B. & M. LINES WOULD FALL INTO HANDS OF CANADIANS

New York, Nov. 22.—Theodore Roosevelt, ex-President of the United States, again appeared as adviser of Chas. S. Melton in New Haven affairs—the acquisition of the Boston & Maine Railroad—in testimony adduced today at the trial of the eleven former directors of the New Haven road under the Sherman anti-trust law.

Melton represented the former president as having in 1907 advised the purchase of the Boston & Maine, with the reservation, however, that "if you do wrong you needn't come back to me."

ANOTHER JEMSEG BOY JOINS SIEGE BATTERY

Upper Jemseg, Nov. 19.—A surprise party was held at the home of C. M. Colwell at this place gathered about 50 people of this place gathered to do honor to his son, Walter M. Colwell, who was visiting his parents for a few days and who has been serving on Home defence for some time but has recently volunteered for overseas and is now with the siege battery at Partridge Island.

During the evening he was presented with a purse of \$20 for military wrist watch as a remembrance from his friends at Jemseg. Deacon J. D. Colwell made the presentation and M. C. Elgee also added a few appropriate words. The evening was spent in merry conversation, singing of patriotic songs, etc., and at the close refreshments were served by the ladies. As one of Jemseg's popular boys, Mr. Colwell has a large number of friends who wish him good luck and a safe return.

The Future Will Decide It.

Berlin, Nov. 22, by wireless to Sayville—"King Constantine cannot be overthrown, for Greece is not Tunis, Morocco or Madagascar," says the Echo De Bulgarie, as quoted today by the Overseas News Agency.

"King Constantine reigns by the will of the Greek people, by whom he is loved."

This newspaper says it would be wise for the French to retreat immediately from Macedonia, as the Bulgarians will soon overcome the Serbian resistance, and then with their allies, will crush the French if they remain.

St. John Man's Death.

A former St. John man, once well known in railway circles, has met with a tragic death at his home at Denver. This is Alfred C. Glasgow, a half-brother of H. A. Glasgow, formerly superintendent of the ferry, and a brother of Mrs. A. Acheson of West St. John. He was out driving and his horse shied, throwing Mr. Glasgow, so far as the mesage information that comes to relatives here indicates, on his head. Concussion of the brain was caused and he died without regaining consciousness. The late Mr. Glasgow left St. John about thirty years ago. Prior to that he was on the old New Brunswick Railway. His last trip to his native city was over twenty years ago. He was a prominent Odd Fellow in Denver. He was about 55 years of age. One nephew here is L. A. Acheson of the C. P. R. clerical staff.

WILL AWAIT PRIZE COURT'S DECISION BEFORE PROTESTING

Washington, Nov. 22.—British seizure of vessels of the American trans-Atlantic company's fleet, all of which recently were transferred to the American flag from foreign register, probably will not become the subject of diplomatic negotiations until after the cases have passed through a prize court. The charge that German capital is in the company has been made and denied.

WOUNDED SOLDIERS RESCUED FROM BURNING BUILDING BY FIREMEN

Paris, Nov. 22.—A fire occurred today in the basement of the annex of the Bon Marche, one of the largest department stores of Paris. It was crowded with shoppers. Clouds of smoke poured through the annex, but there was no panic.

Ninety wounded soldiers in a temporary hospital installed in the building were removed hastily by firemen. Although slightly affected by smoke, the wounded men suffered no injury. A number of firemen were overcome by smoke. The fire continued to smoulder for several hours.

FAMOUS WIDENER ART TREASURES GO TO MILLIONAIRE'S SON

Philadelphia, Nov. 22.—The will of the late Peter A. B. Widener, admitted to probate today, leaves the greater part of his estate, estimated between \$50,000,000 and \$70,000,000 to his son Joseph B. Widener, in trust.

Joseph Widener, under the terms of the will, is given complete authority over his father's collection of paintings and art works, considered one of the most valuable in America.

Mr. Widener had but two children, Joseph B. and George D. Widener. The latter lost his life when the Titanic went down. The dead son's share in the estate is to be divided equally among his descendants.

The will makes no charitable bequests. Mr. Widener having given much of his wealth to this purpose in his lifetime.

ADMIRALTY DENIES GERMAN REPORTS

London, Nov. 22.—Categorical denial was given by the British Admiralty tonight to German statements that British hospital ships were being used for other than hospital purposes. The announcement says there are 42 and not 70 hospital ships plying to and from the Mediterranean and that they carry only sick or wounded soldiers, nurses and members of the medical staff and medical stores.

TWENTY-FIVE CARLOADS OF SALMON FROM PACIFIC COAST REACH CHICAGO

Chicago, Nov. 22.—The biggest shipment of salmon ever carried from the Pacific Northwest arrived here today. Twenty-five carloads comprised the lot and all but two of these were delivered to eastern lines for transportation to the Atlantic seaboard.

TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

ELECTION OR EXTENSION?

If the utterances of Liberal politicians and the expressions of newspapers supporting the party of Laurier can be taken as representative of the attitude of Liberal leaders, there is a great difference of opinion as to the course to be followed in the matter of an election or an agreement to the proposal of Sir Robert Borden that the parliamentary term shall be extended.

In the case of the Imperial parliament the extension of the term will hinge on the duration of the war, and if this action is to be followed in Canada, a decision to that effect must be reached at the session of the Dominion Parliament which will probably open in January. An extension such as desired can only be obtained by an amendment to the British North America Act, and that amendment will hardly be authorized by the Imperial parliament unless both parties in Canada are unanimous in their request for it. It is the reason Sir Robert Borden finds it necessary to obtain the consent of the opposition before making the request. That also is the answer to the contention of the Liberal newspapers that the decision in reference to political peace or war rests with the Government party.

Liberal newspapers have protested against an election in war times, yet, if present indications are correct, the Liberal party is unwilling to take the steps necessary to avoid it. Whether an appeal to the people would be an unpatriotic proceeding is a matter open to argument. Conditions in Canada cannot be so vastly different from what they are in other British Dominions, and yet in Australia, New Zealand and South Africa there have been war time elections, and there is no evidence that they produced disastrous results. It is an insult to the Canadian people to say that they are less capable of self-government when the Empire is at war than under normal conditions.

It is rather amusing, too, to reflect how the Liberal party has changed its opinion in regard to the matter of elections. When the Borden Naval Aid Bill was before the House of Commons the Liberals were very anxious for an appeal to the people and went to shameful lengths of obstruction to secure it. They then harbored the idea that they could carry the country and were prepared to put it to the test. On the outbreak of war they rushed to the opposite extreme. With their record on the Naval Bill confronting them and the German emergency they had decided transformed into a potent reality they knew that an election would prove most disastrous. Now, however, they are again veering to the idea that they would benefit by an election. They are relying on a campaign of scandal in connection with war contracts, and other election material to win their case, completely forgetting that the country is thoroughly in accord with the manner in which the Government has handled the serious and critical situation confronting Canada.

As far as the success of the Government is concerned it will make little difference whether elections are held during the war or after peace has been proclaimed. The Canadian people will not exchange the present business-like administration for a return to the days of Laurier. The Government is prepared to give attention to the sentiment that there should be no division of the people on political questions while the Empire is at war, but it is not fair to expect that in order to meet that idea they should sacrifice all their advantages to their opponents. If it is necessary to postpone the election because of the war it should be postponed until the signing of peace.

If the Liberals fail to agree to a proposal as fair as that, then they must not complain if the Government should exercise its prerogative and appeal to the people when the opportunity seems most favorable. If the question is to be considered from a patriotic standpoint then all the patriotism should not be on one side. If it is to be politics when the game can be played to Liberal advantage, then the Liberals

big business houses have voted during the period of war, is based upon fact, and how much is pure fiction. That there is such a large quantity of money available for sound and profitable investment should be a fairly good index of the country's prosperity.

The Cry of Belgium

Our sons lie slain upon our gory fields,
Our wives and children, refugees
From wrong;
The vaulting foe his sword and fire
wields.

How long, O Lord, how long?
No more the happy peasant tills the soil,
No more the boatman sings his mad-
in song,
The land is filled with strife and
furious toll.

How long, O Lord, how long?
"Let me but pass to reach my Gallic
goal."
Though hiding deep deceit, his words
were fair,
Indignant, Belgium drew the sword.
The toll—
Lord, make it soon Thy care.

We cried to Britain in our sore dis-
tress,
And swift she rose to aid us and
defend;
And still her legions fight for our re-
dress,
Far-fung her sons contend.

Should peace again return, who can
restore
Our gallant dead who were so brave
and true,
Exiles come home, but ah, so much
the more
Our hearts for lost ones long.

Toll on and fight, true-hearted sons
and brave,
Till God remember us, our ill al-
lay—
Meanwhile, our swords our bleeding
hand must save.
We choose the better way.

Make the Loan a Success

(From The Financial Times)
During the past sixteen months
Canada's manhood has made a splen-
did response to the call of the mother
country in her desperate need. Can-
ada, from a military point of view is
doing, voluntarily, as is Great Britain,
more than was needed for the cause
of civilization and freedom. Canada
does not unduly boast of her share in
the terrible struggle, but she takes
justifiable pride in the part she is
writing into history. And well she
may!

But Canada has yet more to do,
and this additional work is not con-
fined to bomb throwing from trench
to trench, nor to the manufacture of
shrapnel or great guns, but to the ac-
cumulation of silver bullets.

Canada's immediate duty is to con-
centrate some \$50,000,000 to \$60,000,000
of these silver bullets in the cof-
fers at Ottawa, and the opportunity
to do so will be offered the Canadian
public next week, when the great
domestic war loan will be issued.
The domestic war loan in many
respects will be the acid test of Can-
ada's patriotism and of Canada's
financial capabilities. Those abroad,
friend and foe alike, will say that it
is all very well to show our patriot-
ism by sending our young men to fight
for us, but if this nation puts its hands
deep down into its pockets and sub-
scribes to two or three or four times
the full extent of the loan, they will
insure a respect for the Dominion
which will ring throughout the world.
The much-advertised, the much-
lauded Dominion of Canada has ap-
proached a season when a demonstra-
tion of her great wealth and her
splendid financial strength may be
made before the whole world. Let us
show them what we have in money as
well as what we have in men.
The domestic loan will be issued in
denominations to suit all pockets. It
will be available for the worker as
well as the capitalist. Workingmen,
merchants, professional men, manu-
facturers and financial institutions
should ask for all they can conveni-
ently absorb. The investment yield
will be liberal and, of course, the
security of the highest grade.
The scrip of the domestic war loan
will be excellent collateral, probably
having a borrowing value approximat-
ing 95 per cent. of the par value. So
that, to all intent and purpose, the
war loan will be almost as liquid as
money.
It is up to the Canadian people to
respond nobly and spontaneously to
this first domestic war loan. It will
be good business as well as good sen-
timent.
Let London see that our patriotism
is pocket-deep; let New York see that
Canada is rich in material resource,
despite her past extravagances; and
let Berlin see that the whole of Can-
ada is united in a resolve to fight to
the absolute limit.

THE CANADIAN WAR LOAN.

Judging from the experience of yester-
day the new Canadian war loan will
very speedily be over-subscribed.
Montreal reports that within an hour
after the official advertisement of the
loan, subscriptions for more than one-
third of the total had been received.
Of course Montreal is the greatest
financial centre in Canada, but if all
other Canadian cities subscribed as
much as Montreal reported in its first
hour, practically two-thirds of the
total issue of \$50,000,000 have already
been spoken for.

While the Canadian loan provides an
attractive investment, being offered at
.97% and bearing interest at five per
cent., a net return of something like
5.13 per cent. on the capital, yet the
phenomenal demand for it can hardly
be wholly explained by its attractive
character. Some lines of industrialists,
absolutely safe, offer larger returns to
the investor. Consequently it is only
fair to assume that some of the in-
vestors were influenced not a little by
the thought that in subscribing to the
loan they would secure a sound and
profitable investment and at the same
time gain the satisfaction of assisting
to provide the sinews of war with
which to fight the Empire enemy.
The fact that the Canadian invest-
ing public so quickly grasped the op-
portunity to purchase the war loan
issue affords plain evidence that there
is little scarcity of money in this
country. In consequence, it may fairly
be asked how much of the "hard
times" complaint, which some of the

Draw some oil from your crank case into a glass or
bottle—let it stand a day—see whether its original
color has turned to a muddy black and whether it has
formed a deep layer of sediment.

**Black color and sediment prove the
presence of dangerous chemicals—**
The black color is due to three substances that injure your
motor. First, carbon which makes the engine fire too soon
and "knock". Second, acid matter that eats the polished
surfaces. Third, metal-like grits which grind and score the
bearings.

Try VEEDOL on our recommendation—

Y. W. C. A. HERE

Meeting of Committee held yesterday morning—Building after the war.

At a meeting held at the home of Mrs. James F. Robertson yesterday morning to consider initial steps toward Y. W. C. A. work the following provisional committee was formed: Mrs. John A. McAvity, chairman; Miss Eleanor Robinson, secretary; Mrs. H. A. McKowen, treasurer; Mrs. Melrose, Mrs. Holman, Mrs. J. F. Robertson, Mrs. Lawrence, Mrs. E. A. Smith, Mrs. George McAvity, Mrs. Barracough, Mrs. Kirkpatrick, Miss Clark, Mrs. J. Bullock, Mrs. Sanford, Mrs. Flaglor, Mrs. Hooper, Mrs. George F. Smith, Miss Edinastad, Mrs. Kuhring, Mrs. James Ross, Mrs. MacKelgan, Mrs. Hutchinson, Miss Fairweather, Mrs. Walter Foster, Mrs. A. Morley, Mrs. W. Rising, Mrs. Warren, Mrs. Dykeman and Mrs. F. E. Ellis, provisional committee.

The idea being that this committee should prepare the ground for the establishment of a Y. W. C. A. with buildings and classes in St. John after the war and in the meantime would form a link with the Dominion Council of the Y. W. C. A. with headquarters in Toronto.

Miss Saunders, in a strong appeal, pointed out the way this committee could work and suggested that a survey of the needs of the girls in this city be made. Admirable work is already being done by the King's Daughters and the Girls' Association, but the field is larger than these societies with their definite work cover. Hence the great need of the organization. The members of the provisional committee become the charter members of the future association.

WEDDINGS.

Coleman-Noble.

St. David's Presbyterian church was the scene of a happy event on Saturday evening at 6 o'clock, when two members of the business staff of the Globe were united in marriage. The groom was Walter Harris Coleman, and the bride was Miss Elizabeth Robert Noble, daughter of Mr. and Mrs. Robert Noble, of Hardwick, Northumberland county. Rev. J. A. MacKelgan tied the nuptial knot. The bride, who wore a most becoming traveling suit, with hat to match, and carried a beautiful bouquet of bride's roses, was given away by W. C. Jordan. As the bridal party entered the church, the organist, Mrs. F. Archibald, left the wedding march from Lohengrin, and after the ceremony Mendelssohn's wedding march. The happy event was witnessed by a number of friends, who extended hearty congratulations. Mr. and Mrs. Coleman left the evening train on a short honeymoon trip to Boston.

STREET R. R. IMPROVEMENTS.

Commissioner F. L. Potts stated yesterday morning that he expected that next week a start would be made with the work of straightening the street railway line at the foot of King street, so that the inconvenient curve that has attracted attention many times in past years, may be avoided. The new line, according to the plan, will run about twenty feet from the present line, making practically a straight way of the track down King street to the corner of Dock street. This will entirely eliminate the "S" that is now formed in the rails there. The work will also require some raising of the road level in Market Square.

Another important street railway improvement this week will be the installation of the "diamond" at the C. P. R. crossing at the Falls bridge. The crossing arrived by boat yesterday. Its placing will not be difficult, nor take long.

OBITUARY.

Hillsborough, N. B., Nov. 22.—The death of Miss Nellie D. Steeves, only daughter of Mr. and Mrs. Hugh Steeves, occurred at their home on Friday evening, Nov. 19th, in the 22nd year of her age. Deceased had been a great sufferer from tuberculosis. She leaves to mourn her loss a father and mother of this place and one brother, Roy Steeves of Lynn, Mass. Funeral services will be held on Tuesday at 2 o'clock, conducted by Rev. S. W. Schurman.

The infant child of Mr. and Mrs. Levi H. Steeves died suddenly on Sunday afternoon at their home. Funeral will be held on Tuesday afternoon at 1 o'clock.

RETURNED SOLDIERS.

It was practically decided yesterday morning by the returned soldiers' reception committee, in consultation with the Mayor and officers that an invalided soldier returning to St. John shall be taken care of on arrival and disposed of according to the scheme recommended from Ottawa. The idea is growing that this work, like that of the Patriotic Fund administration, should be unified all over the Dominion.

The Parks House and the old Golf Club house are to be used as a convalescent home, while for the immediate needs of the men on landing a part of the immigration sheds will be set apart—on the eastern side of No. 4 pier. The Martello Hotel will be used for any overflow and also as quarters for the officers and non-commissioned officers.

Mayor Frink suggested that the officers should view the Carleton City Hall for its eventual use for this purpose as there are several unused rooms in the building.

In addition to those previously mentioned present at the meeting on Saturday for the formation of the reception committee there were Mrs. W. White, Miss Gillis, Mrs. J. L. McAvity and Mrs. C. B. Allan, with Messrs. Miles E. Agar, Henry C. Rankine, W. S. Clawson, W. A. Lockhart and Judge Armstrong.

DO THIS FIRST—YOU!

You know, and every physician knows, that when any sickness has passed, whether it be throat trouble, organic disturbances, contagious diseases, or even a severe cold, a relapse is feared, because sickness robs the system of Nature's resistance and leaves it subject to lingering germs.

Drugs never build up a worn-out body—only food can do that, and the first thing to take after any sickness is the concentrated, blood-making oil found in Scott's Emulsion, which feeds the tissues, benefits the blood and strengthens both lungs and throat.

Physicians prescribe Scott's Emulsion after sickness. Nurses everywhere advocate it. Scott's is pure medicinal food, without injurious drugs.

'I SWEAR'

"I am a blacksmith. I contracted a sore finger, which led to blood-poisoning. After three months of doctoring, the finger had to be cut off. It was too late! The poison had spread to my hand and arm. My hand was opened and the bone scraped. No use! Doctors said hand would have to be taken off.

I refused, and began to use Zam-Buk. I used it freely for a few weeks. It subdued the blood-poisoning and my hand began to heal.

By the time I had used 7 boxes of Zam-Buk my hand was quite healed.

Zam-Buk surely saved my hand, and I firmly believe it would have saved my finger too, had I used it at first."

The above facts were sworn to by Mr. John Evans, of 87 Lawrence St., Halifax, N.S., before Supreme Court Commissioner O'Hara.

ACTIVITIES OF THE PATRIOTIC ASSOCIATION

Col. The contents of the parcels should be declared. Further, no duty is charged by the French government on any goods sent to the British forces in France.

FINANCIAL CRASH WILL PUT GERMANY OUT OF THE RUNNING

Toronto, Nov. 22.—That the war will end by Germany's collapse by the beginning of the winter of 1916-1917, and that Canada and Russia, by reason of the extent of their land, will be the chief beneficiaries of the renaissance of progress and prosperity to follow, were the encouraging predictions of Mr. C. W. Barron, president of the Wall Street Journal, who addressed the Canadian Club today.

"Such financial brains as I have tell me that Germany cannot go through another winter of war, after this," said Mr. Barron, in dealing with the prospective length of the struggle.

On Horwood's instructions, "We were really giving a drawback, but making it appear on the books as a progress estimate." The object seemed to be to give the contractor as much money as they could, said Mr. McTavish.

Witness said he did not know at the time that Simpson had already been paid \$50,000 on the hold-back, and there was no record of this payment in his office for a year afterwards.

Many Women Suffer FROM EXHAUSTING PAINS IN THE BACK. Do you ever feel that you must have some rest for that lame and aching back? Do you ever feel that those shooting, stabbing, darting pains must be gotten rid of before you can get into condition, whereby you can attend to your household duties without a pain or an ache?

When the back begins to ache it is a sure sign that there is something radically wrong with the kidneys. What you want is a kidney medicine, and a medicine for the kidneys only.

Doan's Kidney Pills know nothing but kidney disorders, because they are manufactured solely for the purpose of relieving and curing the kidneys.

Doan's Kidney Pills are 50c per box, 3 boxes for \$1.25; at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

HOUSE PETERS AND BLANCHE SWEET APPEAR

In Imperial Big Feature.

"The Captive" - Tomorrow's sensation.

House Peters and Blanche Sweet were seen at the Imperial yesterday in the jointly-written story "The Captive" from the pens of Cecil B. DeMille and Jeanie MacPherson. The story dealt with the previous Balkan war and told of a Turkish nobleman who was held a prisoner in a Montenegrin household. The Turk proved himself better than the general run of his countrymen by defending the home and its fair daughter against marauders of his own army. A love affair sprang up with the usual pleasant ending. The story was very prettily punctuated with exciting scenes and some real warlike action. It was a Laskey production and quite in line with the many good things that that corporation of late months has produced. "The Captive" is well worth seeing and will be repeated this afternoon and tonight.

Earle Williams as Tommy Barclay has finally accomplished the kidnapping of Celestia (Anita Stewart) in the exciting Vitagraph serial "The Goddess," according to the chapter now being shown. Freddie the Ferret proves himself a hero this week in saving Celestia from being murdered by Mrs. Gansford who is impelled to the crime by Mary Blackstone, the millionaire. A number of very exciting scenes follow this climax, one of the notable ones being Tommy's denunciation of Mary Blackstone in unimpeachable terms.

Kathleen Furlong-Schmidt continues to please everybody with her splendid singing. She is today rendering John McCormack's big hit "Molly Bawn" and during the remainder of this, her farewell week, she will render other pronounced successes. Tomorrow and Thursday in the Imperial bids fair to bring a high point in powerful picture-plays by present-

"HERITAGE" PROVED AN EXCELLENT PICTURE

Lyric has a satisfying programme of pictures and vaudeville.

The Lyric has been achieving no little credit of recent months for the satisfying character of the feature pictures presented the first three days weekly. During that time some excellent productions have been shown, but certainly none which excelled "Heritage," which played to splendid business at the popular house all day yesterday. With Bob Leonard and Ella Hall played the respective leads, and both were excellently cast. The story is one that cannot fail to hold the interest as in picture form it unfolds the difficulties confronting an attractive young girl born and reared in the degrading surroundings of a home presided over by a drunken ignorant father and a mother whose characteristics did not suggest to her husband any faring notes. The question is asked, can she overcome and rise above all these evil influences and lack of education, when her lot has been cast in another sphere through a union with a man of wealth and social position, who notwithstanding her deficiencies really cared and loved her. The question is answered most dramatically in "Heritage."

Mrs. Madeline Stone, character comedienne, proved a riot of laughter with her novel monologue, "The Sins of the Mothers." This is a story which won a \$1,000 prize in a contest conducted by the Vitagraph Co. and the New York Evening Sun. It is a trenchant pronouncement against the gambling curse as seen at the bridge tables in smart circles and goes on to prove that such an evil is handed down from generation to generation. With Earle Williams, Anita Stewart, Julie Swayne Gordon, Paul Scardon, Mrs. Mary Maurice and others in this powerful play, its presentation is sure to be artistic and forcible.

A BRIGHT SHOW AT THE OPERA HOUSE

Partello Stock Co. give pleasing presentation - Witty lines and scenes.

The Minister's Sweetheart, presented at the Opera House last night by Partello Stock Company, seemed to be one of the most successful plays from the viewpoint of the average person in the audience, that the company has offered during their long stay here. Applause was frequent and hearty all through the course of the play; there was plenty of genuine laughter at the many witty lines and situations the author has so generously scattered through the four acts and there is no doubt but what everybody in the Opera House had a most enjoyable evening with the inhabitants of the little village of Harmony, Indiana, where the scenes of the play are laid. The story concerns one Daisy Marlowe, a poorhouse wail, who has been adopted by one of the old maids of the village and made a sort of household drudge and maid of all work. Daisy is young, rather harum-scarum and perhaps a bit to her former mother. A new minister comes to town, young, fresh from college, red-blooded and brimful of modern ideas for establishing a church where everybody will feel at home, rich or poor. His plans do not meet with the approval of the village autocrat, ruler by being the richest man in town, and he and several others whom he considers make the path of the young minister anything but smooth, in fact, they finally succeed in driving him out of his charge. How he succeeds in spite of opposition in building and equipping what he styles an "every day church" and confounding his critics, forms one of the plots of the play. There is a good dramatic story in the way that Daisy finally finds her father, also discovers that she is able to clear him of a charge of murder which had been the cause of his abandonment of her while a baby, and incidentally prove title to property which

makes them both wealthy for life. The love romance in the play comes from the desire of the rich man's daughter to win the love of the young minister, but her insincerity of purpose comes out and in the end of course, she loses. Daisy goes away to boarding school, comes back a real young clergyman, she happily ever after. There is enough dramatic material and romance in the play to make several plays. It is certainly interesting and well written and can be recommended to anyone as worth while. It will be repeated tonight and for two performances on Wednesday. The Wednesday night performance will close the engagement of the Partello Stock Company in this city.

CORNELL AND PENNSY MEET THURSDAY

Cornell and Pennsylvania football teams meet in their twenty-third annual Thanksgiving Day game on Thursday and the Ithaca eleven hopes to continue her recent string of victories at the expense of the Quakers. Judging from the records of the two teams this fall it appears to be another Cornell year. The Red and White can stand a few more victories over Pennsylvania without becoming conceited since the history of this football series shows the Quakers to be winners of an overwhelming majority of the contests to date. The universities first met on the gridiron in 1893 and in the twenty-two games played Cornell has won but three. In 1901 Cornell won 23 to 6; in 1906 the teams played a no-score tie; the 1913 score was Cornell 21 Pennsylvania 0. Last season Cornell was victor by a 24 to 12 score.

JOHNSTON'S RECORD TO GOING BACK

The position of William Johnston, national champion, in the annual tennis ranking has been further complicated by his defeat in the Pacific Coast Championship Tournament. Many controversies have arisen among tennis followers due to differences of opinion regarding Johnston's right to rank ahead of Williams and McLoughlin. The defeat of Johnston by H. Van Dyke Johns, who in turn, was defeated by Herbert Hahn, makes it appear as though the new title holder had oversteered his game. Whether this will be taken into consideration by the ranking committee remains to be seen. Certainly his elimination from the Pacific Coast tourney has not helped Johnston's record.

Around the City

An Open Evening

The ladies' committee connected with the Soldiers' Club plan to have an "open evening" on Wednesday when the ladies and gentlemen who have so generously contributed to furnishing the club for the benefit of the soldiers quartered here may have the opportunity of visiting the buildings and seeing what has been done.

Conference at Montreal

H. W. Brodie, general passenger agent of the C. P. R. at Vancouver, and W. B. Howard, district passenger agent, have returned from Montreal, where they attended an important conference of the passenger representatives of the system. Matters pertaining to the passenger service were discussed and ideas exchanged.

Sends Cheque to Hospital.

C. E. Neill, of the Royal Bank, who won the \$10,000 pearl necklace at the drawing held at the Maternity Hospital on Thursday, has forwarded a cheque for \$500 to the secretary of the hospital, as a token of goodwill on the part of Mrs. Neill and himself. The winner of the prize has been a supporter of the institution for many years.

None Idle in Truro

Truro Citizen: The labor situation in Truro to date is quite satisfactory. There are few, if any, wanting work that cannot get it. The prospect for painters is good. They should be able to obtain steady work. Carpenters may find it a bit dull, but many of them have farms and will go home. Unskilled labor will find enough to do.

Preparing for Diamond

The street railway has a crew of men at work in Douglas Avenue lowering the grade of the street at the approach to the C. P. R. tracks. The rails will be several inches lower than at present. Now that the diamond crossing has arrived it is expected that within a few days the western rails will be connected up with the city lines.

Presentation for Soldiers.

The Sunday school of the West Side Presbyterian Church, J. R. Cameron, superintendent, and Leonard Wilson, treasurer, took up a special offering on Sunday to supply soldiers belonging to the church with Christmas presents. The sum of \$42 was collected. It is intended to send each man at the front a pair of fur-lined gloves, tobacco, stationery and other necessary articles. The church has given 35 members to the Canadian contingents. Two have been killed.

Closing of River.

This week practically finishes the season's work with the river boats. The May Queen and the Victoria have already made their last trips up, and most of the others will make their final trip this week. Business has been exceptionally good this year, and the season has been free from accidents. There have been some minor accidents to boats, but nothing endangering life has occurred throughout the summer. This is an earlier closing than last year, but ice is already setting in up the river. This is about the usual time for bringing the year's work to a close.

Citizens should not forget the two great dramas, "Men and Women," and "When We Were Twenty-One," which will be put on in the Opera House on Thursday, Friday and Saturday evenings of this week with Saturday matinee, by the Irish Literary Dramatic Club for the benefit of the patriotic fund.

This club needs no introduction to the public, as every play they have put on in the past has been a decided success and judging from the rehearsals, this talented group of amateurs will give performances that will astonish those who attend.

Between the acts the audience will be favored with solos by Miss Harnay, Mr. Mathew Morris and Mr. Alex. Simons.

The plays are under the patronage of His Honor Governor Wood, who will attend on Friday evening.

RECRUITING MEETING IN MILL STREET

Wounded soldiers appeal for men to do their bit—More recruits.

- YESTERDAY'S HONOR ROLL**
- James Reid, Aberdeen, Scotland.
 - Leonard G. Vincent, St. John.
 - Martin Doyle, St. John.
 - Joseph J. Warner, Ellsworth, N. S.
 - Horace A. Adams, Brookville.
 - Alfred A. Sargent, Rothesay.
 - Arthur B. Harding, St. John.
 - James A. Watters, St. John.
 - Moses Hatt, St. John.
 - William Jones, St. John.
 - Donald Douglass, St. John.
 - A. Simon Martin, St. John.
 - J. E. Rys, no address given.
 - John H. Powers, St. John.
 - George V. Womack, Bloomfield.
 - James J. Glass, St. John.

A well attended meeting was held in the recruiting headquarters last night. F. W. Daniel presided and the chief speakers were Rev. J. H. A. Anderson and Sergeant Knight, and Capt. Horn of the 52nd Battalion. Sergeants Wier and O'Connor, both wounded soldiers formerly with the Princess Patricia's, who are in Canada to get their discharge, were present and gave a vivid description of their experiences on the firing line. Sergeant O'Connor, who was born in Ireland and came to this country, enlisted in the Princess Pats in Edmonton. He went overseas with that unit and was through many of the actions at the first of the war when his regiment was badly cut up. The gallant soldier is minus an arm as a result of his experiences but accepts his loss in a very philosophical way, and naturally feels proud of the fact that he received his injuries while serving his country. He will return to England shortly for a prolonged rest.

Rev. Mr. Anderson.

Rev. J. H. A. Anderson delivered a very strong address. His appeal for men created a profound impression on the audience. He pointed out that the present struggle was a defensive one on the part of the allies and that one entering the conflict could do so with the feeling that there was every justification for the stand taken by Great Britain. He pictured the seriousness of the situation that the Empire is facing, and said the time was one of extreme gravity for the people of the British Empire.

Sergeant Knight was in fine form and his simple direct appeal to the young men to do their duty was sincere and matter of fact.

Several wounded soldiers were present. The following were on the platform: W. Dickenson, H. Wallace, Jack Grimes, all of the 7th Battalion; Walter Orr, of the 13th Battalion, and H. Roberts, of the 5th Battalion, Captain Horn of the 52nd Battalion spoke briefly. He thanked the citizens for the hearty reception that had been given the members of the battalion during their stay in St. John. He pointed out the dire need for men in this great national crisis, and asked the young men to answer the call of the boys in the trenches. The audience gave the officer a round of cheers.

The meeting closed with the National Anthem.

SOLDIERS THANK PEOPLE OF ST. JOHN

Members of 52nd Battalion express appreciation of what has been done.

A sergeant of the 52nd Battalion called on The Standard last night and said that on behalf of his comrades he had been delegated to thank the citizens of St. John for the kindness shown to the soldiers during the time that they have been in the city. "Never in our lives," said the sergeant, "did we expect to be used so well. From the time we left the train on the Sunday morning we arrived from the west, up to the present the people of St. John have been very kind to us all. There was no distinction made among the thousand and seventy men in the battalion, and there is not one of the lot of us who does not appreciate what has been done for us. In fact we cannot put the thanks we would like to express into words, but take it from me the soldiers will never forget this city. All we expected when we heard that we were going to barracks in St. John was that we were strangers there would be no notice taken of us, but with the entertainments afforded us in different parts of the city, and the handsome residence that was turned into a soldier's club for our benefit it has almost taken our breath away. I'm sure the citizens of St. John will appreciate that the members of the battalion have been most orderly since we have arrived, and it is quite a record that of all the days we have been in the city only one of our number got under the weather, and he did not give the local police any trouble for he was gathered in by our military police. Believe me he has not had a chance to get away from barracks since he made the mistake.

"Of course we are all anxious to get to the front and have a crack at the enemy, but while we will be happy here we all feel that we hate to leave this place. For ladies and gentlemen to take care of over a thousand strangers and make them feel at home every minute we have been among you is something that not one of us will ever forget. I only hope that we will all have a chance to march into Berlin, and when the war is over the boys of the 52nd would like nothing better than to be given a chance to visit old St. John again before we return to our homes."

COURSES FOR TEACHERS AND FARMERS

Department of Agriculture arranges for instruction in practical subjects.

The winter course for teachers in nature study and agricultural education in the schools of New Brunswick will be held January 3rd-8th, 1916, in the Agricultural School building, Sussex. The Department of Agriculture seeks to provide facilities to teachers to qualify themselves the better to give instructions to their pupils in those subjects that have a direct bearing in promoting the prosperity of the people and the development of the resources of the province. It therefore names a one week course in the Agricultural School building at Sussex, beginning January 3rd, 1916. Instructions will be given by a competent staff of Sussex. Teachers taking the full course (one week) will have such time allowed as part of the term's work. For those who attend this special winter school term will begin on January 10th. Not more than one hundred teachers can be accommodated and application should therefore be made not later than December 18th, 1915.

A ten days free course in agriculture will also be given at the Agricultural School, Sussex, N. B., from January 11th to 21st, 1916. The only expense will be the cost of board while in Sussex and the railway fare at reduced rates. This course includes lectures and demonstrations in live stock, dairying, poultry, field crops, soil management and drainage, horticulture, beekeeping, fertilizers, insect pests, plant diseases and noxious weeds. A suitable list of boarding houses will be provided to students. All applications for enrollment in this course will be received up to January 10th. Applications and enquiries should be sent to A. G. Turney, Fredericton, N. B.

A MUSICAL FEAST OF RARE EXCELLENCE

W. Lynnwood Farnam and Miss Helene Wetmore-Neuman in artistic numbers.

One of the best organ recitals of the season was held last evening in Centenary Methodist church when W. Lynnwood Farnam, of Emmanuel church, Boston, delivered some of his finest pieces before a large sized audience. The splendid work of the artist was greatly appreciated by the music lovers of St. John. The soloist of the evening was Mrs. Helen Wetmore-Neuman, of New York, who is a great favorite in St. John, having sung here many times before. Special mention must be made of numbers three, six and ten, delivered by Mr. Farnam. The whole programme was splendidly carried out, and great credit is due the performers, especially the work of Mr. Farnam, who used no music, and whose clean pedalling featured the clever genius which he possesses. The following programme was carried out:

1. March Pontificale (From 1st Symphony)
2. Adagio (From 2nd Symphony)
3. Scherzo (From 4th Symphony)
4. Allegro (From 5th Symphony)
5. Aria—"Hear ye Israel (Elijah) Mrs. Neuman (Mendelssohn)
6. Toccata, Adagio and Fugue in C Major (Bach)
7. "Turn Three Unto Me" (Eli) Mrs. Neuman.
8. Ave Maria (Henselt)
9. "Vielte Chanson" (D'Evry)
10. Caprice (Gullman)
11. Variations de Concert (J. Bonnet) God Save the King.

DANGEROUS THREAT BY ESCAPED OFFICER OF GERMAN CRUISER

Baltimore, Nov. 22.—Otto Below, or Unger, the suspected deserter from the converted German cruiser Prinz Eitel Friedrich, now interned at Norfolk, declared that "in six months' time there will not be a war munitions plant in operation in the United States," according to City Detective Robert Porter, who took the man to Norfolk last Friday night. Porter said Below seemed to know the location of all the munition plants in the country. He told the officer that he had been arrested "just one day too soon" and that he "knew a whole lot but would die before telling it."

Miss E. G. Gibbs has returned from Everett, Mass., where she has been the guest of her uncle, Mr. G. A. Gorbell for the past month.
