TOWN COUNCIL HOLD MEETING LAST NIGHT

Defaulting Tax Payers are Now to be Made to Pay up More Quickly

A meeting of the town council was held in the council chambers last evening, His Worship Mayor Andrew presiding over a full attendance of councillors. The minutes of the previous meeting were read and confirmed. Communication read from Mr. S. M. Moores giving up the occupancy of the store in the Murray building on January 1st, 1914. Letter filed. Communication read from Mr. Wm. Noble resigning his position as caretaker of the town horses and driver of the hose wagon. On motion resignation was accepted. A number of names were received by the council for this vacant position and referred to the fire protection committee. On their recommendation, Percy Gagnier was appointed keeper of the town horses and driver of the hose wagon. The following reports of committees recommending payment of accounts were then received and adopted.

Finance,	\$345.55.
Fire Protection,	\$91.60
Electric Light,	\$185.54
Public Property and Streets,	\$184.05
Police and License,	\$95.70
Water and Sewerage,	\$777.14.
Public Charities,	\$140.65

The Assessment and Appeals Committee recommended that the application of Jas. Alexander be granted, and that a reduction of \$800.00 be made in his assessment for 1912 and that a refund of \$11.00 be made to him. That no reduction be made to Mrs. Emily Christopher, she being assessed on land that escaped the Assessor's notice in previous years. Report was received and adopted.

Councillor Ferguson brought up the matter of having a man to assist in the cleaning of the town horses. The driver of the hose wagon when doing this work was away from the fire and serious results might happen when he was absent on his duty. The chairman of the Public Property and Streets committee and the Fire Protection committee were left to deal with this matter.

The Town Treasurer was authorized to pay to Mrs. Wm. Murray the rent of the building used as council chambers on the first of each month.

The Public Property and Streets committee were authorized to haul stone during the winter from the Sugarloaf for future use on the streets. It was arranged to allow the Water and Sewerage committee the use of the town horses whenever required by that department.

Discussion was then largely indulged in regarding the collection of defaulting tax payers. It was felt that more stringent measures were required for this collection and it was high time that defaulters were made to pay up. The Finance committee were empowered to devise means for the better collection of such. With regard to this it was thought that a published list in the newspapers of defaulters would be one of the best means for collection of taxes.

Further to this subject the Finance committee were instructed to institute enquiries with a view to engaging the services of an expert Chartered Accountant to systematize the whole of the town's book keeping. Council then adjourned.

TEMPERANCE BY-LAW IS UPHOLD

Petition of John Maine Asking for Quashing Same, Dismissed With Costs.

The temperance people of New Campbellton have won on the 15th inst. a victory as great as the one of the 26th of May, when His Honor Judge Teasdale, through M. Blanchet Prothonotary, rendered judgement maintaining in force the prohibitory by-law, voted by a majority of three votes on the 26th of May last, and dismissing with all costs against the petitioner, the petition of John Maine, asking for the quashing of same. As we all remember on the 26th day of May last, after the hardest fight ever put up by both sides, the temperance people succeeded as above stated to pass by a small majority a by-law, prohibiting the sale of all intoxicating liquors in this municipality after the 1st of May, 1914. Mr. John Maine through his attorney, Mr. Frank Maguire, attacked this by-law, and had a long, long, long battle served on some forty electors who had applied for the passing of

HOLD-UP ROBBER MAKES GOOD HAUL

Paymaster of Montreal Herald Hands Over \$500 at the Point of a Revolver

Montreal, Dec. 16.—Grabbing with one hand at the revolver in the coat pocket of his victim and with the other at the bag containing five hundred dollars in cash which was his object an unidentified hold-up man got away with \$500 in cash in pay envelopes on the Herald Building at five o'clock this morning. The highwayman, stopped in his attempt to get away with his booty by William C. Hall, shot the latter in the leg and made good his escape. The hold-up took place in the basement of the Herald building. A. W. Moffat, cashier for the Herald Company, Limited, was making his weekly rounds of the building with the money for wages to be paid out in the various departments in his bag. By custom is to leave the amount for wages with the foreman of each department, for distribution. On the basement floor, as Moffat was proceeding to the mailing room, he was confronted by a young man said to be known in the building. The highwayman is described as about 19 years of age. Moffat carries for his protection a revolver when he has charge of large sums of cash. His habit was evidently well known to his assailant, for stopping him in the hall, where no one was about save the two concerned, the highwayman grabbed first of all the revolver, then the bag. Giving Moffat a push which sent him against the stair rail in a dazed condition, the thief made his escape by way of the stairway and a side door leading into Alexander street.

Moffat shouted for help. His call was heard by Hall, an employee who was standing in the passageway above awaiting an elevator. Hall turned and met the thief at the head of the stairs, and without hesitation flung himself upon him. "Get out of the road," yelled the robber, and with the words, fired. Hall fell to the ground with a wound in his right thigh, and in the confusion the man escaped.

BAGGAGE ROBBED ON RAIL JOURNEY

Mrs. H. A. Hilyard and Mrs. G. P. Lounsbury, who were passengers on Saturday's Limited train from St. John to Dalhousie, were robbed of many valuables. Four pieces of baggage were checked in St. John in the usual way before the departure of No. 4 train on Saturday forenoon, and on arrival here on the same evening, upon examination of the trunks and suit case it was discovered that valuable dresses, jewellery, etc., was missing.

WOMEN'S INSTITUTE MEETING MONDAY

Good Paper Read by Mrs. W. D. Duncan on "Literature in The Home".

A meeting of the Women's Institute was held in the council chambers on Monday evening, the president, Mrs. A. A. Andrew occupying the chair. There was a good attendance of ladies and the fifteen minutes allowed for discussion on current events was most profitably spent. A vote of thanks was then passed to the city council for the use of the council chambers. Mrs. W. D. Duncan read a most interesting paper on "Literature in the Home," showing the necessity of parents making a wise choice of the books brought into the home, and to guard against the trend of some present day novels which tend, especially among the young, to lower the tone of morality. Mrs. Wm. Currie spoke of the benefit in the choosing of up lifting pictures for the home. The meeting was most enjoyable and the society is going well forward and will do a great deal of good work in the town. Mrs. Wm. VERY HEAVY TRAFFIC ON INTERCOLONIAL

Both Passenger and Freight Traffic Greatest on Record of Government Road

There is more freight moving along the I. C. R. at the present time, than there has been for some years past, and great difficulty is being experienced in handling it. The men are kept busy at all times, and the spare brakemen are kept on the move all the time. The main difficulty seems to be in getting enough engines, and they are being worked overtime in getting the freight along to its destination. This in fact, is one of the busiest periods in the history of the People's Railway. The passenger traffic is also very heavy. At this, the holiday season, there is always a large amount of travelling, but this year business so far exceeds all records.

O. S. CROCKET, M.P., APPOINTED JUDGE

An Ottawa despatch of Friday says—Oswald S. Crocket, M.P., from York, N.B., has been created a Judge of the Supreme Court of New Brunswick. The appointment was made at yesterday's Cabinet meeting and the order in council was signed by His Royal Highness.

Mr. Crocket's appointment is a most popular one for besides being member of the bar in New Brunswick for several years past, he has won considerable success as a parliamentarian. He will likely be succeeded in the Commons by Hon. H. F. McLeod at present Provincial Secretary in the Flemming government. The writ for the by-election will be issued immediately.

The new judge was born in Chatham, April 17th, 1868, and is therefore 45 years old. He is a son of Dr. William Crocket, formerly of Chatham.

Montreal, Dec. 12.—Many ministers who have known the Rev. C. A. Hardy, and some who had studied with him, were mourners at his funeral which took place from the Presbyterian Church here this afternoon. DALHOUSIE

Dalhousie, N. B., Dec. 17th.—With all conditions considered there is probably no town in the province for its size, in which the good old custom of Christmas is kept up as it is in Dalhousie. This year promises to excel all others. The reason is that the citizens are more prosperous. They can afford to be more generous to their friends, and especially, so to the few poor families we have in our midst. Our laboring men, since they have been able to acquire land, and build their own homes, are making headway, and with the chances of employment widening, the sober man as good a future before him in our little town as in any other part. Three great necessities of life are now made easy for the prudent citizen, viz., water, light and fuel. The advantages of education for the children of the laboring man cannot be exceeded. The public school with its four departments free to every child. The convent school which has done so much good among our working families, our three churches are provided with fine Sunday school halls. There is no better market than the Shiretown of Restigouche. Being in close proximity to the progressive farmers of so many surrounding districts from both sides of the river, every article of food required in a man's home, can be secured at reasonable prices.

With the modernizing of our retail stores, our people are spending their money at home, instead of sending it away to the large cities. They also realize that to acquire the great modern improvements our town now possesses, that our merchants must shoulder the best part of the taxes, consequently there is a growing feeling that money should be spent at home.

Mr. Harold White of Bathurst Mines is spending a few days in town this week. Contractor LeBlanc with a crew of men has resumed work on the new I. C. R. station building. The building seems very small for the needs of this community, and we feel very sure that in a very short time the I. C. R. officials will regret that they paid so little attention to the suggestions of the citizens of this town in this respect.

THE POTATO BAN

We were in receipt of a communication last week regarding this move to bar Canadian potatoes from the American markets. This, however, came in too late for our last issue, and there is not much time now to act upon the suggestion of the writer, Mr. S. S. Harrison.

The necessity for action on the part of the Canadian, and especially the New Brunswick government to see that there is someone present at the meeting in Washington today to defend our potatoes from charges that will be made against them, is very evident from what one reads in the American newspaper. It is felt that a determined effort will be made to shut out our potatoes from the American markets. If that is done the holders of potatoes in the United States would be able to reap an enormous profit on their holdings.

As a matter of fact it is believed it can be shown that New Brunswick potatoes are less affected by powdery scab than those of the State of Maine, and that greater care is taken by the agricultural department in Canada to guarantee pure seed than is taken across the border.

Our correspondent points out that it should be the duty of all the Agricultural Societies in the Bay Chaleur district to be really awake on this matter. Being the largest shippers of potatoes from I. C. R. points he is much interested in the question, much more than the individual farmer, and if the societies in the district would pay half the cost, he would furnish the other half, he would go to Washington and do what he could in the matter.

Speaking further he says if our potatoes are barred from the U.S. markets it means a big loss to our farmers in this district. He estimates that the sum of \$100,000 has been paid to farmers in this section this fall, he alone having paid to them \$30,000; and the prices will be at least 25 per cent lower on an average if we lose the U.S. markets now.

It is to be hoped that strong representations will be made to the American government against the proposed ban.

CHRISTMAS NUMBER
WELL RECORDED
Nothing But Words of Praise
For Last Week's Issue of Graphic

The Christmas number of the Graphic issued last week was made the occasion for many compliments, and from all sides have come kind words of approval upon its appearance. The management is pleased to know that efforts to turn out a number which would be alike a credit to Campbellton and the Graphic have been appreciated.

To the advertisers, who by their patronage such a number was made possible, we wish to extend our thanks and we trust that their advertising will bring greater returns than ever before.

We trust that our readers all studied the advertising as well as the news columns, and so when making purchases they can say they saw the advertisement in the Graphic. Just try mentioning this the next time you do your shopping and see the pleased expression upon the merchant's face.

In writing to the manager in reference to the Christmas number a prominent out of town business man said: "I sincerely congratulate you on the appearance and contents of the Graphic. Drive ahead. You should build up a large circulation in this territory." This is what we are endeavoring to do; make the Graphic so interesting that no home in the Bay Chaleur country can exist without it.

Although nearly three thousand copies of this number were printed, we regret to say that late requests for complete copies could not be filled, but we have a few copies of the news section yet on hand.

FIREMEN HAVE A SUCCESSFUL SUPPER

Campbellton Fire Brigade Hold An Enjoyable Goose Supper Thursday

The firemen's goose supper held in their rooms last Thursday evening in the Murray block, quite largely an impromptu affair, was a great success. Thirty-two guests gathered around a well laden table, about which the best of cheer prevailed. Charlie Archer and D. P. de Laperelle were the enterers and nothing further need be said to indicate that the work was well done.

After satisfying the inner man, A. E. O'Donnell, fire chief, took the seat of toast master and the usual toast to the King was loyally drunk. Then followed the toast to the city fathers, which was responded to by Mayor Andrew, Councillors John White, Charles Alexander and Harry Ferguson. Mayor Andrew complimented the fire brigade upon their efficiency. Never was it so well equipped for work or better trained for their self-imposed task than now.

The toast to the Old Brigade brought to their feet Judge Frank Matheson, ex-fire chief of Campbellton; Robert Bell, ex-fire chief of Amherst, and others. The judge spoke in a reminiscent vein of the way the men of the old brigade had done their work, handicapped as they were by the unsatisfactory quality of their apparatus, and he congratulated the chief upon his new equipment which will expedite matters when the brigade is needed and make property in the town much more secure.

Our guests was responded to by Harry Miller, Chas. Rogers, of St. John, and S. W. Dimock. The toast, 'The Ladies' proposed by Harry Ferguson, was very felicitously spoken to by R. J. Lavoie, J. C. Macdonald, F. C. Lutz and Harry McLean. Fitting music was rendered by Messrs. Lavoie, Miles and Harry Ferguson.

The guests of the evening were: Mayor Andrew, C. Rogers, (St. John), Robert Bell (Amherst), Harry Miller, S. W. Dimock, H. M. McLellan, Chas. Alexander, J. M. Temple, Allen Triv, J. C. McDonald, R. J. Lavoie, W. M. Ferguson, Judge F. F. Matheson, John White, S. D. Clark, Joseph Boudreau, F. C. Lutz, Harold McLean, George McRae, George Miles, George Sergeant, Reuben Dickie, Alden Mowat, Trevor White, E. A. O'Donnell, R. D. Young, W. H. Luke, Charles Archer, D. P. de Laperelle, Jake Moores, H. W. Ferguson.—St. John Telegraph.

At the regular monthly meeting held about a week previous to the goose supper, the following were elected to officer the Fire Brigade for the coming year:—

- Chief, A. E. O'Donnell
- First Lieut. J. M. Cantwell
- Second Lieut. W. H. Luke

FORMER DALHOUSIE MAN UNDER ARREST

Walter L. Baker Charged With Passing Bad Cheques is Held in Heavy Jail

Montreal, Dec. 14.—A case involving many things from real black foxes (technically known as silver foxes) to alleged "phony" checks, beginning in the wilds of Saguenay and culminating in Montreal, came before Judge Leet Saturday and was remanded until the 19th inst. for enquete.

Walter L. Baker, who formerly kept a hotel at Dalhousie, (N. B.), saw the possibilities of profit in going to the wilderness and buying black foxes to be sold to those who ran fox ranches. In Prince Edward Island, Nova Scotia, and New Brunswick the business is a thriving one. Baker is alleged to have gone into Saguenay county and thereabouts and purchased the animals caught by trappers and in the hands of traders. There were no banks in the woods, and people do not carry belts full of gold coin, except in wild west novels, therefore checks were given for the prices of the animals, in many instances.

At Esquimaux Point, Saguenay, M. H. Foley, of Quebec, had a trading post, where he supplied trappers and bought and sold in the traffic of the woods. Baker had formerly been in his employ, and was well known to the traders of the forest. His checks were freely accepted, and most of them found their way into the Foley pot. There they were redeemed in cash, or provisions, supplies, etc. Baker is also alleged to have cashed two checks drawn on Molson's Bank, Montreal, signed by him, and made payable to the order of M. H. Foley. One was for \$75 and the other for \$350, or \$425 in all.

Baker is said to have acquired eleven foxes for which \$17,000 was supposed to have been paid. Then he went away. In due time, it is charged, the two checks were sent to Montreal and returned by Molson's Bank with the laconic announcement that the party signing them had no accounts there.

Mr. Foley rent here and his case was placed in the hands of a detective agency. Baker was located at a hotel here. Mr. Foley was communicated with, and came here to make the necessary formal complaint, charging Baker with false pretences in connection with the Molson Bank checks. Baker was arrested by Deputy High Constable Desaulniers.

Judge Leet held the accused to bail in \$5,000 cash and two securities of \$4,000 each, or \$18,000 in all, to appear on the 19th.

Surveyors Faking Soundings for Proposed Site Between Chelmsford and Millerton

A Newcastle despatch says:—The Intercolonial authorities have decided to erect a bridge over the Miramichi between Chelmsford and Millerton, and surveyors are now at work taking the soundings at the proposed site. This bridge will be a great convenience to the people in the Chelmsford section, and will entirely do away with any inconvenience they may have experienced by the discontinuance of the railway service. As it brings them into connection with the railway at Millerton, from which point they can reach both Newcastle and Chatham, where the old service took them to Chatham only and that at most inconvenient hours.

HOTEL MIRAMICHI

NEWCASTLE, RAIDED

James Robinson, of Hotel Miramichi, Newcastle, has been sent to jail for a month without the option of a fine, by Police Magistrate Maltby, for the offence of selling liquor. Robinson has been fined several times before.

The hotel was raided by Police Marshal Adam Dickson who seized a gambling slot machine. Matthew Daey, of the Miramichi, is charged with keeping the machine and is to appear before Magistrate Maltby on the 19th inst.

Marshal Adam Dickson has sent in his resignation as policeman and Scott, Act Inspector. The police committee held a meeting with the mayor and recommended to the council that the resignation be accepted. A temporary man will be employed and a new officer advertised for.

Dickson has been on the force for about three years. The police committee has had considerable controversy with him lately over the enforcement of the Scott Act.

CAMPBELLTON TO ENTER NEW LEAGUE

Every Probability of a Team From Here to be Included In Hockey League

A meeting will be held in Fredericton on Wednesday afternoon to consider the possibility of forming a hockey league of a semi-pro. variety for New Brunswick.

The meeting was called by Wally Watling, of Chatham, who has acted as secretary of the N.B.H.A. in 1911 and 1912. The league was not in existence last season, but an effort has been made to revive it this year. At least five clubs will be represented here on Wednesday, viz: Fredericton, Marysville, Chatham, Campbellton & St. John.

It cannot be definitely stated now whether these will be the teams comprising the league, as there may be some hitch with regard to the North Shore town. Chatham has been a member of the league in other years, but this will be Campbellton's first appearance in the circuit, and, while it is recognized as a coming hockey town, the long trips that will be necessitated will be a drawback to their chances.

Campbellton people are rabid hockey fans and have been anxious to be in a league with the other cities in the province. The management of the team has written to Mr. Sandy Staples in this city, who acted as referee for some of their important games there last year, that the town will be represented by a last team this year, and they are desirous of entering a team in any league. Chatham has a new rink this year and is anxious for a league as ever. St. John will have the Queen's Rink again and seem to be taking the league seriously this year and going about things with a better spirit than ever before.

Marysville will have a team and Fredericton have already elected a captain and manager for their team.

Mr. Jack Fraser left on Tuesday to attend this meeting in Fredericton as the representative from Campbellton.

The Giving of Gifts

If one is going to give a Christmas present it should be with a cheerful heart. If you can't give in this spirit do not give at all. We give presents to our friends at Christmas because they are our friends and because we derive pleasure from such giving. In the giving of Christmas presents there should be none of that spirit which suggests commercialism. There should never be an expectation of reciprocity. The giving of a Christmas present should be from the heart. The present itself counts for little. The spirit and motive which prompt the giving are all important.

Christmas not a Humbug

"Christmas a humbug, uncle?" said Scrooge's nephew. "You don't mean that, I'm sure."

"I do," said Scrooge. "Merry Christmas! Out upon Merry Christmas! What's Christmas time for you but a time for paying bills without money, a time for finding yourself a year older and not an hour richer, a time for balancing your books and having every item in 'em brought a round dozen of months presented dead against you? If I could work my will every idiot who goes about with 'Merry Christmas' on his lips should be boiled with his own pudding and buried with a stake of holly through his heart. He should!"

It is many years since the conversion of old Scrooge from the error of his ways by the three ghosts of Christmas past, Christmas present and Christmas yet to come. It is many more years since the first Christmas anthem rang triumphant in the hush of an expectant midnight hour over the plains of Palestine. And yet, in spite of the years and their message to the world, there still exist those unfortunate souls who, like the wretched Ebenezer, call Christmas a humbug and lose sight of the real spirit and joy of the day.

"Christmas a humbug!" one is moved to exclaim with old Scrooge's indignant nephew. No, not a humbug, but a feast of good cheer, of kindly impulses, of generous giving, if hearts are opened and sympathies allowed free play, if cynicism is barred and pessimistic philosophy banished to the limbo of all unpleasantness. For the very essence of the spirit of Christmas is that of kindness, of affection.

When the flame of the real spirit of Christmas is dim or altogether dead there are a dozen ways of fanning it into renewed life. So many things combine to foster the Christmas atmosphere, to make it as Scrooge's nephew said, "a kind, forgiving, charitable, pleasant time, the only time in the long calendar of the year when men and women seem, by one consent, to open their shut-up hearts freely and to think of people below them as if they really were fellow passengers to the grave and not another race of creatures bound on other journeys."

The Taffy Pull

The best pulled taffy is made with granulated sugar and should be cooked in small batches. To two pounds of sugar allow just enough water to dissolve.

WAS A CONFIRMED DYSPEPTIC

Now Finds It a Pleasure to Enjoy Meals

Here is a case which seemed as bad and as hopeless as yours can possibly be. This is the experience of Mr. H. J. Brown, 24 Bathurst St., Toronto, in his own words:

"Gentlemen—I have much pleasure in mentioning to you the benefits received from your No-Dra-Co Dyspepsia Tablets and am cheerfully recommending them. I simply had confirmed dyspepsia with all its wretched symptoms, and tried about all the advertised cures with no success. You have in No-Dra-Co Dyspepsia Tablets the best curative agent I could find. It is now such a pleasure to enjoy meals with their consequent refreshment that I want to mention this for the benefit of others."

The fact that a lot of prescriptions or "cures" have failed to help you is no sign that you have got to go on suffering. Try No-Dra-Co Dyspepsia Tablets and see how quickly this startling remedy will give you relief and start your stomach working properly. If it doesn't help you, you get your money back. A Prayer For the Children

Whenever children go to bed
And hang their stockings up with care
I pray that Santa Claus somehow
Will find the time to journey there,
I pray no little child will wait
At morn to find upon his cot
An empty stocking and to weep
Because old Santa Claus forgot.
For Santa Claus is not alone
The patron saint of rich, I'm sure,
But he is loved as dearly by
The little children of the poor.
And so I pray that he may find
The poorest urchin in the land
And that no little trusting child
May wake to weep and understand.

WRITING CHRISTMAS

"THANK YOU" NOTES

Of course Santa Claus will bring you some note paper. Perhaps he will bring you some pretty correspondence cards with your initial in the corner. The first use to make of any such present is in writing "Thank you" notes to the persons who have sent you Christmas presents.

Don't let your mother or big sister take this pleasure away from you. Remember this is a part of the Christmas fun. If you make it work it will be your own fault. Commence thinking beforehand what you want to say in those neatly written "Thank you" notes. If you have something all thought out half the work is already done.

One of the first things you'd think of if you were speaking directly to the giver would be just what the present was. You wouldn't say to Cousin Kate, for instance, "Thank you for your present." You would be pretty sure to say just what the gift was. This is one of the big things to remember when you write your "Thank you" notes. Mention the present in each case.

This gives a real personal touch to your note and proves that you didn't get your presents mixed up. If you are one of the fortunate children who get ever so many presents be sure to keep track of the names of the givers. If there is a card attached don't take it off until you are sure you will remember just who gave you that particular sled or doll or music box.

If you are afraid of spoiling some sheets of your pretty new paper before you get the note nicely placed get some one to cut a couple of pieces of ordinary paper of just the same size as your Christmas note paper. With a little practice you will learn just how far up on the page to begin and about how far down on the page your name will come. No one expects a long letter just at Christmas time, but every one has a right to expect a prettily expressed, neatly written note of thanks when there is no chance for a "Thank you" in words.

ITALIAN POLITICANS
IN A RAPIER DUEL

Rome, Dec. 8—Deputy Gambarotta, a Liberal, was disabled today by a slight wound in the forearm, inflicted by Deputy Giuseppe De Flice Gufrida, a socialist, after the two parliamentarians had fought twenty-three bouts in a rapier duel. The quarrel arose out of an incident in the chamber of deputies.

Chicago—Fire on Friday destroyed the Kelly House valued at \$100,000, one of the finest mansions at Wemyss Bay, a favorite watering place near Glasgow. The fire apparently was the work of an "arson squad" of militant suffragettes, as a considerable quantity of suffrage literature was found on the premises.

Windsor, Ont.—One hundred vessels lay at anchor in the fog in Detroit River last Thursday, extending all the way from Lake St. Clair to Lake Erie.

Quebec—A fire on the St. Foy Road about three miles from this city, did damage to the residence of Antonio Lacasse and G. R. Gore to the extent of about \$3,000.

Perth, Ont.—Lanark and Renfrew Presbytery expressed the opinion that the church union movement should be allowed to rest until the leading of Providence in the matter became more clearly manifest. The Presbytery will submit this overture to the General Assembly.

Quebec—Captain A. W. Hay and Lieut. Norman Fletcher, of the 8th Royal Rifles, were presented with a large silver tray each from the fifty men of the regiment whom they commanded in the marching contest in Montreal.

HOW TO MAKE CHRISTMAS SWEETS

The candy season is again with us. In most families home-made candies are an important feature of the Christmas festivities. The following tested recipes will be helpful to those who need instruction in the pleasurable task of candy making.

Here is a never failing fudge recipe:
One-fourth cupful milk, one cupful sugar, butter the size of a walnut, two squares or two ounces of chocolate. Place on stove and melt all together and boil until they cling together in the water without being brittle. When stirring quickly, if the bottom of the pan shows and edges appear sugary, it is getting done. Before taking off the fire add one-half teaspoonful of vanilla, then beat thoroughly until creamy. Pour into a well buttered platter and when almost cool cut into squares. If preferred add chopped nuts just before removing from the fire or form the fudge into balls while warm and roll in ground nuts. You may use peanut butter instead of ordinary butter, especially if you do not use chopped nuts. Preserved figs are excellent when coated with fudge or when mashed and mixed in fudge while warm.

Two cupfuls of brown sugar boiled with milk and stir continuously until it forms a wax ball when tested in cold water makes an excellent candy if mixed with chopped raisins.

This is an inexpensive and delicious candy. Grind one cupful of blanched almonds and the same amount of peanuts in the food chopper. Make a rich fondant with light brown sugar and milk. Stir the fondant constantly until it forms a ball of wax when tested in cold water. Remove it from the fire and stir until it foams. A little cream of tartar will assist in making it creamy. Pop the ground nuts into the candy and place all on a buttered pan. While warm cut the candy into squares. Do not break the pieces apart until cool. When cold dip each piece into melted chocolate, unsweetened.

A firm, ripe banana cut into rather thin slices and dipped in melted sweet chocolate is delicious. Place on oiled paper and set in cool place to harden.

Dip marshmallows into melted chocolate, roll them in ground nuts and set aside to harden. Marshmallows hastily dipped into hard lemon taffy make a good confection.

Melt unsweetened chocolate in a double pan and dip loaf sugar into the melted chocolate and sprinkle the pieces with ground nuts. This is a good candy to give a child.

- ALL HAIL THE CHILD!

By David H. Greer, Protestant Episcopal Bishop of the Diocese of New York

Christmas is the day of the child both in sentiment and doctrine. It is the day when the child is on the throne and when he reigns supreme. Willingly and gladly, with our gifts and presents, we pay our tribute to him. For this one day in the year at least the heart rules the head, and we learn therefrom the lesson which it is the ultimate aim of all theological doctrine to enforce—that we must as little children enter the kingdom of heaven.

A YULETIDE TRAGEDY

When Josiah Gibbs found that his wife "had it in for him," as he called it, and had bought him a box of cigars for his Christmas present he grew wise, and with apparent sorrow, said to her:

"Now, isn't it to bad, my love? I discovered that cigar smoking was becoming so injurious to me that I have quit it and have to content myself with a few whiffs now and then on my pipe with mild tobacco. Now, isn't it to bad!"

"I'm so sorry, dear!" said Josiah Gibbs' wife. "But your friends will enjoy them, and I am sure that will please you."

Gibbs smiled grimly and, as his wife departed, winked knowingly at himself in the looking glass. And when he saw his friend Joe Spicer he told him how he had escaped his wife's Christmas cigars—Joe Spicer, the best judge of a good cigar that ever bit off the end of a two-for-a-half. And Joe smiled grimly too.

But every time Joe Spicer called at Gibbs', which was often—he was an old friend of Gibbs—he smoked one or more of Josiah's wife's Christmas cigars.

"Gallant and diplomatic of you, old man!" Gibbs would say to Spicer on opportunity and smile his knowing smile. And Joe would smile his.

And by and by the cigars were all smoked by Spicer, and Gibbs' wife was led to say to Gibbs:

"It's just a perfect shame, Josiah, that you couldn't take any pleasure in those cigars and that your friend Spicer should have had them all."

At which Josiah smiled his knowing smile and said:

"Oh, well, my love, never mind. Joe seemed to enjoy them."

"Yes, indeed!" said Josiah's wife. "Why shouldn't he?"

Which made Josiah smile more and more and almost chuckle. But he said nothing.

"Yes, indeed," repeated Mrs. Gibbs, "why shouldn't he? You know, Josiah, you told me that a woman should never choose cigars for a Christmas present to her husband, as a woman knows nothing about their quality, so I asked Joe Spicer, having heard you say often what an excellent judge of a cigar he was, to select a box for me—the best he could get—and he did, and—"

Josiah Gibbs had instant business down at the office, where he tore his hair and flung his pipe and tobacco out of the window. And he passed Joe Spicer without bowing and without his knowing smile. But Joe still wore his.

A Kind Family's Christmas Gift.

Once long ago, in the mountains of southern France, there lived a poor, but honest family of a father, mother and two children. The father was named Adam and the mother Hannah. The son, Peter, was twelve years of age, and the daughter, Esther, was only nine.

Father Adam was an honest, hard-working man. On the steep sides of the mountains he kept his sheep and a cow, and in a little valley that lay between the mountains, Mother Hannah made a garden, tilling the soil by her own hands, with the aid of a few simple gardening tools. And her son Peter, gave her what assistance a boy of his years could give. Esther kept the little thatched cottage tidy and clean, preparing the meals for the three workers who were out of doors most of the day and who came in at night from their toil very, very tired.

But they never grumbled at their lot, for they had hopes that Fortune would smile on them some time. And she did—in the form of a fairy.

One morning the day before Christmas, Father Adam and family sat around their plain wooden table eating mush and milk. Adam spoke.

"Tis the holy time of Christmas, mother," he said, "and we should do an act of charity toward some one poorer than ourselves, even though it should be giving ever and ever so small a gift. The Lord gave his life for sufferers in his name on the day of his Nativity. What say you mother?"

"You are right," agreed Mother Hannah. "There is the Widow David, who stands in great need. She has two children, and the wolves got among her sheep and killed three of the finest. She is trying hard to keep her children and herself. What say you to our sending her a bag of wheat and a small cheese?"

"Very good, mother," agreed Father Adam. "And as I shall have to watch the sheep and cow either Peter or Esther shall take the wheat and cheese to Widow David's cot."

"I'll go," offered Esther, "for Peter and mother are digging up the ground for the planting of vines in the spring."

So it was agreed that Esther should take the dogcart and make the journey over the mountain to the cottage of the Widow David. As soon as breakfast was over Esther tidied up the house and placed the noon meal—a loaf of bread, a jug of homemade wine and a small cheese—on the table.

"Mother and Peter will be hungry after the forenoon spent in the garden," she said. "Poof father always carries his bread and cheese in his pocket and eats as he herds the sheep."

"Now, before going I shall fix the fire to hold till noonday; otherwise the house will be cold on mother's and Peter's return."

So saying, Esther picked up a huge log that lay beside the fireplace. "Ah,

this is the log father said should burn our Christmas eve fire. It will soon be Christmas eve, and I'll throw the log on the flame and have the house cheery on the return of the dear ones." But just as Esther was lifting one end of the heavy log—the Yule log—a flash of light leaped from the farther end and caused Esther to close her eyes. When she opened them again there before her stood a fairy. "Ah, I have come to bring you some Christmas cheer," said the fairy. "Your parents are good and deserving folk. They were robbing their larder to help the needy widow. So here is a bit of good fortune for you and yours, little helpful maid. Take of it for yourselves and for those about you who are in need." Then, before Esther could reply, the fairy had disappeared, leaving on the hearth a bag of gold.

The little girl ran out and called in her parents and brother. When the father looked into the big bag of gold he said that there was enough there to keep them all in comfort for the rest of their lives and with which to help their less fortunate neighbors as well.

And you may be sure there was a merry Christmas for the family, with many good wishes for the kind fairy.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. WHY THE SIGHT?

The Chatham Commercial feels aggrieved at the action of the St. John Standard. In an editorial it says:—
The people of the Miramichi have a distinct grievance against the publishers of the St. John Standard. On Saturday a special Christmas edition of that paper was published consisting of some seventy odd pages. In these was contained a very comprehensive review of the various parts of the province, their industries, public work, development and so forth, but never one solitary reference to the Miramichi! Towns and villages in the North, South, East and West of the province were "written up," but not one single word of letter press about Chatham, Newcastle, Loggieville or any other of the thriving places along the Miramichi. True, there was a little two by three cut of Chatham stowed away in one corner of the paper, which from the absence of any written matter referring to it, may be assumed to have been put there just to fill up. Not a word about the big lumbering industry of the district; not a word about our vast fisheries,—although there was plenty said about the fishing industry in other parts of the province—not a word about the new wireless station at Newcastle, which is of more than local interest. Columns were devoted to Amherst which is not in this province at all; but not a word for Miramichi.

A short time ago the Standard conducted a circulation competition, and the man who won the prize for sending in the largest number of new subscriptions came from the Miramichi.

from which district most of the subscriptions were obtained. Such is the Standard's gratitude, that it now ignores the very existence of the district.

The St. John Standard in its Christmas number prints a picture of the old Campbellton station and yard and labels it Campbellton I. C. R. station. This station went up in smoke in July, 1910, and is now replaced by a very handsome structure. BLACKHAND VICTIM SHOT IN NEW YORK

Cuccio Ignored Rustian's Demand For Money.—Two Sons Saw Shooting.

New York, Dec. 13.—Two "black-hand" death threats, received by Giuseppe Cuccio, a wealthy retired contractor, were followed last night by execution of the sentence upon him, for failure to pay the money demanded. An unidentified man who crouched in a doorway, fired upon the elderly Cuccio as he walked through an upper east side street.

Cuccio dropped dead with a bullet in his brain. His two sons stood just across the street and witnessed the shooting. One of them went to his father's assistance, while the other gave chase to the murderer, who was to flee, however, and escaped.

New Orleans, Dec. 13.—The express car of a Southern Pacific train, which left here at 11.30 o'clock last night, was robbed of \$4,000 in cash by a lone bandit, who beat the express messenger into unconsciousness and then escaped by leaping from the car at Harahan, about ten miles from here. A special train with deputy sheriffs left here shortly after midnight for Harahan to take up the pursuit of the robber.

That the bandit had expected to get \$100,000, which, however, was sent out from here on another Southern Pacific train earlier last night, was the belief of L. C. Lord, the injured express messenger, which was brought to a hospital here early this morning.

MAN OF 89 YEARS SUFFERS HORRIBLY

Lay For Four Hours With Broken Hip on Miramichi Road.

On his way home from Newcastle on Tuesday afternoon Mr. Henry Vye aged 89 years, who resides at Beaubear's Point, had the misfortune to fall, dislocating his hip and breaking a small bone in his limb. The injured man met with the mishap at two o'clock on the road leading from the North Bridge to the Point, and he suffered in agony until six o'clock when his cries for help were heard by Messrs Thos. Vye, Patrick Maher, and Isaac Preston, Jr., who immediately went to his assistance and took him to his home. The old gentleman was found in an exhausted state. After falling Mr. Vye dragged himself on his hands for a distance of half a mile clearing the skin off his elbows and limbs. Dr. McGrath was summoned and after attending to his injuries he was removed to the Hotel Dieu, Chatham, where he is resting comfortably.—Newcastle Leader.

FALLING HAIR

Many People Have a Simply Way of Stopping it—They Use Parisian Sage

It was Dr. Sangerbond of Paris who first discovered that dandruff and falling hair were caused by a microbe.

And now that Parisian Sage, the remedy that kills the dandruff germ, is sold in every town in Canada, the people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that the people who use Parisian Sage will never grow bald.

To every reader of the Graphic who wishes to eradicate offensive dandruff, stop falling hair and have an immaculately clean scalp, free from itching, Thos. Wran says he will sell Parisian Sage in a large fifty cent bottle with a guarantee to refund the money if not satisfied. It is an ideal, daintily perfumed hair dressing, free from grease and stickiness that will put life and beauty into dull faded hair and cause it to grow lustrous and luxuriant. Sold by White Drug Co.

WEDDING BELLS

(From Gloucester Northern Light) A surprise was sprung on the many friends of Mr. Robert Smith and Miss Florence Barnette when it became known that they were quietly married at the Rectory, Monday evening at 9 o'clock, by the Rev. J. A. Cooper. The bride was attired in a very becoming travelling suit of brown velvet, and was unattended. The popular young couple left on the Maritime Express yesterday morning for a honeymoon trip to Montreal, Toronto and Upper Canadian cities. We extend to Mr. and Mrs. Smith our hearty congratulations.

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$150.00 or more. He sought for a quicker and cheaper way to cure it, and found it in Chamberlain's Liniment. Three days after the first application of this liniment he was well. For sale by all dealers.

VIGOROUS JOURNALISM

People who really want a sturdy independent but frankly liberal newspaper, will appreciate Mr. Dougall's paper, the "Montreal Weekly Witness." While some papers are notoriously and obviously at the beck and call of predatory interests, there are others that have maintained their independence and notably that great national paper, the "Montreal Weekly Witness," is a striking example. It has never been "under the thumb" of any person, or party, or clique. It has never govelled. It has never touted. It has never pandered. The "Witness" is its unique self, loved by its friends, hated by its enemies.

Founded some sixty-eight years ago by the late John Dougall, the "Witness" has always been, and the "Weekly Witness" still continues to be, exclusively owned and edited by the Dougalls.

During the past three generations it has conscientiously, devotedly and very efficiently, served its country in many ways, notably in its campaigns for Temperance, Righteousness, Religious Liberty, Education, and Lower Tariffs, looking towards lower cost and higher plane of living. If Canada is not yet enjoying to the full the benefits of these things, it is far ahead of many other countries. It is most of them, and this is due in no small measure to the stand, or, more correctly, the splendid campaigns of the "Witness" whenever opportunity afforded. The welfare of the Canadian farmer in particular has always been considered of prime importance by the Editor of the "Witness," and the "Witness" has done yeoman service to agriculture. Generations of our finest Canadian families have literally been "brought up on the 'Witness'," as many of the most eminent Canadians will testify, and they continue its devoted admirers.

Besides the moral and political aspects of this great newspaper, it has attractive features embracing all the interests of the family and a splendid Farm and Poultry Department. Its short and serial stories are strong and fresh, and they alone are worth several times the price—one dollar a year. To bona fide New Subscribers mentioning the name of this paper, one trial year may be had for only 65 cents. The publishers are, as always, JOHN DOUGALL & SON, "Witness" Office, Montreal.

The "Weekly Witness" has now no connection with any daily newspaper and is the healthier for it.

SYDNEY'S GROWTH

Enormous Development Along Lines of Manufacturing

Details of the census of Canada for 1911, relating to manufactures, show that the percentage of increase in the value of products in Sydney is the highest of any manufacturing centre in the East. In fact no manufacturing centre that figures in the census of 1890 surpasses the growth of Sydney in the last twenty years. We thus see what the development of a basic industry, such as iron and steel, will do for not only the community in which it is situated but for the surrounding country and in fact the whole province.

Under the reasonable policy of encouragement for manufacturers, which has prevailed in the last twenty years, the value of products manufactured in Sydney has grown from \$335,000 to \$9,395,000. There has, of course, been a corresponding increase in the number of workers and the wages they received. Hundreds of thousands of dollars have passed over the counters of the merchants of Sydney and the surrounding country during the last twenty years that would have been expended in the United States or Great Britain had Canada not been wise enough to encourage the manufacture of iron and steel.

MANUFACTURED GOODS COMING FROM STATES

Two-thirds of American Trade With Canada is Finished Products—A Change Needed

Particulars of United States exports to Canada as supplied in the Wall Street journal recently provide abundant food for thought for every Canadian, whether or protectionist or free trade leaning. According to the figures Canada, with a population of less than eight millions, is a larger purchaser of United States goods than any other country in the world with the exception of the United Kingdom. Imports from United States have doubled growing from \$16,000,000 in 1910 to \$16,000,000 in 1913. Some of the principal items are as follows:—

Automobiles	\$3,338,000	\$9,250,000
Copper pigs, bars, etc.	1,000,000	6,500,000
Steel rails	1,000,000	4,000,000
Cotton cloths	750,000	2,500,000
Locomotives	250,000	1,000,000
Lumber (boards, deals, etc.)	5,000,000	13,333,000
Structural iron and steel	3,000,000	9,000,000
Metal-working machinery	333,000	9,000,000
Agricultural implements	3,333,000	7,000,000
Pipes and fittings	1,500,000	4,000,000
Leather boots and shoes	1,250,000	3,000,000
Illuminating oil	500,000	1,000,000

In raw materials imported from the United States the increase is not so great.

Most of the manufactured articles in which the United States trade has grown are protected under our present tariff policy. The figures would indicate however that the United States manufacturer, with his vast organization and highly specialized plant and enormous volume of trade, is still able to produce at a figure which discounts the average Canadian duty of 16 per cent. Those who would still further lower the tariff may well pause and consider whether they would be serving the best interests of the country by making Canada's adverse balance of trade with the United States still greater. At present we must borrow money from England to pay for United States goods. Would not the financial stringency be less apparent in Canada if the greater part of this \$415,000,000 was spent in Canada and the money circulated among Canadian workmen, who in turn would buy Canadian farm produce and their articles of food and clothing from Canadian merchants in Canadian towns? The thought naturally suggests itself that the trade policy of the country should be framed with a view to securing for the Canadian people a greater share in the industrial activity which imports from the United States indicate is now going elsewhere.

NO goods purchased abroad are cheap that take the place of our own labor and our own raw material

GOOD ENTERTAINMENTS ARE COMING

Three Special Features Will be Seen Here at the Opera House

Manger Dimock, ever alert to secure for Campbellton the best things which are available, as arranged with the Redpath Lyceum Bureau for one of their splendid courses. It is interesting to note that there are now twelve thousand of these courses running in the Dominion and in the States. The reason they are so popular is due to the co-operative plan, whereby season tickets for the whole course can be secured at about one-half price. This is putting the cost within the reach of everybody, who cares for clean, clever, high grade entertainment, such as is heard in the auspices of town committees, board of trade, etc.

On Jan. 1st, comes the Aida Quartet—best colleges, churches and under the ette and C. Pol Pianon. This quartette comes from New York, where they have appeared often with the world's greatest artists, and they have a record of four years of splendid success in transcontinental tours. Their trumpet quartettes are a special feature, although one of the number is an excellent violin soloist, another a cellist and another a brilliant pianist. Mr. Pianon, a baritone, who is exceptionally good in operatic arias, is a cousin of the famous French Basso, and possesses much of the style and genius of his distinguished relative.

On Jan. 29th, Miss Marjory Lacey will present the complete play "Everywoman", impersonating all of the characters and doing so in such a clever way that each one stands in bold relief. This is thought by many to be the greatest piece of dramatic literature of the past decade, and it not only holds hearers with its fascinating interest, but carries a great lesson, especially for the young. Miss Lacey is considered one of the brightest lights now on the lyceum platform.

The Collegians Quartette comes on Feb. 13th. This is not only an excellent singing quartette, but the young men are players upon brass instruments, and one of the number is a clever reader and humorist, so that a program of splendid interest and novelty is assured.

Season tickets for the entire course have been placed at \$1.50 and subscriptions for the same will be received at Opera House commencing Monday evening, December 15th, at 7.30 o'clock, and every evening thereafter. Seats will be reserved in the order in which subscriptions come in, without extra charge. Payment can be made then or at any time before the first number.

CHEAPER FENCE POSTS.

As a result of the many enquiries in regard to the preservative treatment of fence posts, the Forestry Branch Ottawa, has now issued a circular on this subject which can be had by applying to the Director of Forestry. The various methods described of treating the posts with the preservatives are all illustrated by diagrams, and the apparatus required is simple and costs little.

The great advantage of these treatments is that they keep even cheap woods free from decay for from ten to fifteen years. Many kinds of wood found in farmers' wood-lots will last when used as posts, only four years or thereabouts; after treatment, such as described, they last twice or three times, even four times, as long.

Creosote, which costs in Canada, from ten to twenty-five cents a gallon, is the best preservative. When boiling-hot creosote is applied liberally with a brush—a paint brush or whitewash brush, for instance—to the butts of well-seasoned posts from which the bark has been removed, it sinks into the wood for a distance of about a quarter of an inch. This should add at least ten years to the life of a post made from an nondurable wood, such as poplar, balsam, fir or spruce. This is not the best method, but it is the simplest and, on a small scale, probably the cheapest. Other methods require that the posts be kept covered in tanks of hot creosote for a longer or shorter period.

Besides lengthening the life of the post, the preservative treatment also tends to reduce the cost of the posts in another way, for, as cheap local woods can be used, the first cost of transportation are usually much lower than for cedar, oak or tamarack. Moreover, as posts will need to be set less often, the proportionate cost of setting the post will be less. Taking into account all the items that go to make up the cost of the post, and comparing this with the number of years it will last, it will be found, in the majority of cases, to be much less for treated posts.

The Sable Lorcha

By Horace Hazelton.

We sat in the music room, where a fire of drift wood wore a woot of red and violet strands through the web warp of the blaze, for the weather had turned chill. Evelyn wore a clinging gown of black panne velvet, with purple orchids at her waist. It had a wonderfully mature effect for one so young as she, but it was not unbecoming. Indeed it effectively accentuated the deep raw gold tints of her hair and added to the transparency of her unwonted pallor. I was marvelling once again over her outwardly brave up-bearing in spite of the constant anxiety of which pallid cheeks were the only visible sign, when she said: "I was sure we should hear from Captain MacLeod today."

"He has probably met with rough weather," I consoled. "It isn't child's play rounding Point Judith at this season, you know?"

"Tough weather or not," she insisted, "he must have reached Gloucester by now. And if he found Peter Johnson, or if he didn't, he was to telephone, you remember."

"Gloucester is something of a ghost," I explained, adopting the vernacular. "It includes no less than eight villages and five thousand men are engaged there in the fishing industry. MacLeod can't be expected to learn in five minutes whether a man named Peter Johnson is one of the five thousand."

"But the whole community would know if one of their number had such an experience," she insisted, "and through." And for this argument I had no answer ready.

Fortunately, however, none was required of me, for at that moment steps were audible crossing the hall, and when our eyes turned downward they encountered the dapper figure of Louis, Cameron's French valet, halting respectfully on the threshold.

"Mademoiselle," he said, bowing, "mais voici des lettres qui jal' trouve." And we saw, then, that he carried a tin despatch box.

Evelyn directed him to place it upon the table by which she sat. It seemed that she had not given over the idea that the letters for which we had searched so diligently on Sunday were somewhere in the house, and had directed Louis to bring to her anything in the way of writing that he could find by which she could be contacted.

He had found the despatch box, he told us, hidden away behind some seldom employed volumes in the library, and thinking it might contain that of Miss Grayson was in quest, and forced the lock, to discover several copies of the letter in question.

I wish I could give even a half adequate idea of the way she thanked Louis. It would add so much to a realizing sense of her sweetness without detracting at all from the ennoblement of her dignity. No one could have heard her "bon garcon" and not have felt impelled to consecrate his endeavors henceforth and forevermore to her service. As for Louis his respectful homage and fidelity were almost pagan. I verily believe he would willingly have suffered martyrdom to serve her.

As he withdrew we fell avidly upon the contents of the box, yet with small hope of finding what we sought; for the letters it contained were all, apparently, of distant date; letters, for the most part, of a private, personal nature, carefully assorted, and arranged in red-taped or elastic-banded bundles.

It was no mere idle curiosity which impelled us to read many of them. We were in a position which may best be described as anomalous. Though Cameron was my dearest friend I knew that he had never been in China, and so we intiled the tapes and stripped off the bands and set ourselves to careful painstaking examination.

Seldom have I engaged in a labor so deadily uninteresting at one moment and so keenly engrossing at the next, there was correspondence here which seemed nothing to us whatever, and there was correspondence which threw a search-light upon portions of Cameron's career, barring good deeds and follies alike, without discrimination.

It was only natural, I suppose, that we should dig up a romance—a gem of hazy shining amidst dim, sordid surroundings. Evelyn and I came upon two of its facets, simultaneously, and paused in our work to question its disposal. It seemed to us a holy thing, too sacred for a stranger touch, and even at the risk of passing over what might prove our one agent of revelation, we folded it away again with a sense of guilt at having dared to lift even the corner of the veil.

For a full hour I had scanned one letter after another in absorbed interest, but with small profit. Evelyn, across the table, had been quite as busy. Rarely had we interrupted

that! you believe in his bigness—his nobility, just as I do, don't you, Philip, dear?"

"I'm sure he could never have been guilty of anything dishonorable," I declared again, imprisoning her hands. But the next moment, hearing steps again crossing the hall, I reluctantly released them.

For a third time Louis stood in the doorway. Now he upheld a small red-bound book, and his face was beaming.

"Volla, mademoiselle!" he exclaimed, delightedly. "Je viens de trouver ce livre."

It was a book of addresses, and the valet, nervously turning the pages, put his finger upon the name of Horatio Addison, M. D., with the air of one who had discovered buried treasure.

I am inclined to think that we were ourselves almost as demonstratively elated as he, for though we could not be sure that this was Cameron's correspondent, the odds certainly favored that conclusion; and unless the physician had died or emigrated, it was a most fortunate discovery.

"Look!" I commanded, the sheet of paper in one upraised hand, a finger of my other hand pointing to a passage. "Look! In 1903, your uncle Robert was in Peking, and yet he gave me his word that he had never visited China."

Resting an arm on my shoulder and bending forward she read for herself: "Just to think! We were in Peking together and neither of us was aware of it until too late! What a foregathering we missed! Even five minutes' chat would have been something; but I no sooner saw you, than the crowd on Legation street swallowed you up."

"Have you read it all?"

"Not to the end," I told her, "just the beginning and the signature. Come," I added, "we'll read it from first to last, together." And I turned back the page.

It was written from Cairo, and bore date of December 7, 1903.

"My dear Cameron," it began, "I am wondering whether you are back in New York again. However, you will probably be there for Christmas and therefore this letter will not long await you. We have been making a rather leisurely tour of the east. Arrived here two days ago and shall remain until some time in January."

The writer then gave a general outline of his travels. "You will probably be surprised to learn that once you and I passed each other as ships in the night, save only that we did not even speak each other in passing," he went on. "It was my last day—indeed my last hour—in northern China. Otherwise I should have made search for you. Just to think! We were in Peking together, and neither of us was aware of it until too late. What a foregathering we missed! Even five minutes' chat would have been something; but I no sooner saw you, than the crowd on Legation street swallowed you up."

The rest of the letter was rather confusingly personal in its references to mutual friends and interests. It was signed: "Always with warm regards, Addison."

"Do you suppose," I asked, "that he is his first name or his last?" Evelyn assed me as we came to it.

"I refuse to suppose," I returned, smiling. "It's an even chance. What is more to the point is, how long has Louis been your uncle's valet?"

"Several years."

"Several is indefinite. Too indefinite. Too indefinite. Suppose we have him in here and find out exactly. Possibly he knows Mr. Addison."

When Louis came, however, he knew nothing. He had never heard of a Mr. Addison or of a Mr. Addison. Something, in all the three years and eight months of his service with Mr. Cameron. So Evelyn thanked him once more in her own gracious way and we continued our work, directing our efforts especially now to unearthing further Addison-signed letters which might prove enlightening.

"Why should Uncle Robert tell you he had never been in China?" Evelyn asked me, looking up suddenly and dropping to her lap the letter she was at that moment examining. "I can't understand that."

"Nor I," I admitted. "If I had asked him out of idle curiosity he would have been justified perhaps in misleading me; but he must have known that it was in his interest I made the inquiry."

For just a moment she sat in silence, her narrowed gaze on the glowing embers in the fireplace. Then she turned to me again.

"Do you think, Philip, it was because he had something to hide?" she asked, seriously. "Something he was ashamed of and feared might become known?"

Instantly I sprang to my friend's defense.

"No," I assured her, with emphasis. "No, Evelyn. Whatever his motive was, I am satisfied it had no dishonorable basis. If he told me a deliberate falsehood it was not to spare himself. Possibly—yes, probably, it was to shield others."

I was perfectly sincere in this, but even had I believed otherwise I should have been tempted to privation could I have foreseen my reward. Before I quite realized her purpose Evelyn was out of her chair, had slipped over behind me, and encircling my neck with her arms, had pressed her lips softly to my cheek.

cular power. At length, after a brief pause, he inquired:

"Will you be good enough to tell me, Mr. Clyde, why you think you require professional attention?"

And my inability to answer him, off-hand, paradoxical as it may seem, eventually supplied me with an answer at once truthful and convincing.

"Because," I explained gravely, "I find that of late I am losing my power of mental co-ordination."

The ardor with which he seized upon this index of my supposed malady was amusing. Instantly he grew obviously and deeply interested. I have since learned that what is known as confusional insanity, a rare condition, usually has its inception in this wise, "without essential emotional disturbance," if I may quote an authority.

At the time, I believe he was suspicious of a developing paresis. What he thought, however, or what he did not, is aside from the story. I know only that his manner changed abruptly, his object evidently being to gain my full confidence. Whereupon, the bars of reserve lowered between us, I ventured to revert to our so-called "mutual friend."

"This isn't anything like beriberi, is it, doctor?" I began. My idea of the disease I mentioned was of the basilest character. I knew, however, that it was common in the Orient, and thither I would lead him.

"Oh, no, Mr. Clyde," he answered, suavely enough, now. "Beriberi is merely the eastern name for multiple neuritis. You haven't a neuritis or you would know it. I saw a great deal of beriberi in China and on the Malay peninsula."

"Do I remember to have heard Cameron say he contracted it in the east?" I asked, plunging for a connection.

"I don't recall that Cameron ever had it," was his response. And then his brow grew thoughtful. "Are you sure he told you that he had; and that he was attacked while in—Asia?"

I noted his hesitation over fixing the place, and wondered. At all events I had arrested his interest. Purposely I adopted a tone of uncertainty.

"No-no," he said definitely. But I had an impression that—"And there I paused. When I continued it was with the direct question: "Do you happen to know, doctor, whether Cameron was ever in Peking? It seems to me it was—"

"I do know that he was in Peking," he interrupted, almost savagely. "He was in Peking, in September, 1903. To be exact, he was there on the fourth day of that month. I have reason to know it—a particular reason to know it."

After all, how easily the information I craved had come to me! And yet I would have been glad to hear the contrary; for Cameron had assured me, in all solemnity, that he had never been in China, and it jarred upon my conception of the man's character to discover that he had tried to deceive me. I could only conclude that his purpose was praiseworthy. But Dr. Addison had not finished.

"Tell me," he was demanding, eagerly. "Tell me! I have excuse for asking. Has he ever admitted to you that he was there?"

"Now I come to think of it," I returned, "he hasn't. But I had the information from some one, I am pretty sure."

BATHURST CURIERS ELECT THEIR SKIPS

Ice Preparations Well Under Way and Games Will Start Shortly

(From Gloucester Northern Light) A special meeting of the curlers for the purpose of electing skips for the coming season, was held at their rooms last Thursday night.

President P. J. Burns occupied the chair, and secretary E. L. O'Brien attended to his usual duties. A large number of the curlers were present and old and young, married and single were well represented.

There was a well defined feeling among the membership that it would be a good thing to have the skips elected from the younger element, and it will be noted that this plan was carried out to quite an extent. The following are the skips who were elected for the season 1913-1914:—

Robt. Rogers, F. H. Eaton
Jos. Conno'ly, Wm. Gammon
Geo. Gammon, B. C. Mullins
A. O'Donnell, N. Thibedeau
E. P. MacKay, F. J. Melanson
Fred Gatain, J. P. Legere
M. Lannigan, J. G. Stout

There are already 50 paid memberships for this season's play. This number is about the same as in previous years at this time, and as quite a number who have not as yet sent in their fees have signified their intention of taking part in this year's play there will likely be upwards of 75 members by Xmas.

Everything at the rink is now ready and waiting for a few nights of good hard frost, and as soon as this comes, the "roaring game" will get under way in real earnest. It will likely take a few more days to have the skating ice in proper order, but a week's frosty weather, which is due at any time now, will make it ready to start the season.

HORSE NOTES

(From Gloucester Northern Light) Judging by appearances, the boys are already beginning to get things in shape for the annual ice races, which are such an interesting feature of Bathurst life during the holiday season.

Owner Landry is working major Wilkes 2.17 1/4 with hobbles. When he was in Frank Bouthillier's stable he was a free-legged pacer, never using anything, but perhaps that will not make any difference when he gets on the ice.

Cute, 2.22, is being used as a driver by his owner, Mr. J. A. Payne, but as he is a noted ice horse, he will have to be respected when the bell rings.

Chas. Miller is jogging Storm King, Jr., 2.34 1/2, daily. Out of four starts last season, he won two firsts and two seconds, so Charlie is evidently keeping him in shape for some reason. He is also having a fast green pacer mare, formerly owned by Al Wheeler, of Campbellton, and a string of two and three year old well bred ones jogging for McKenna Bros.

Geo. Allison has a fast green pacer that should be heard from in the slow classes.

A. T. Hinton has a nice buzz-fuzz gelding that should show class if given preparation, also a fast two year old filly from the Banner Boy Stock.

J. B. Mullins speedy mare is out of the running this season.

The fast unmarked pacer of S. R. Shirley should come to notice in the slow classes.

W. G. Fenwick has just arrived from across the border with a brown pacer that may show up in one of the classes during the winter.

BATHURST TO HAVE A FOX RANCH

That the Black Fox industry is to be given a test by a syndicate of prominent business men of our town is now generally well-known. With that end in view several parties from Bathurst have been on the Island looking up the very best blood that could be found in the Island bred fox. It is now understood that options have been secured and signed, for three pairs of blacks which is only to form the nucleus of the enterprise.

NEWCASTLE MAN BADLY INJURED

Son of the Commissioner of Public Works, Has Leg Crushed in Runaway

Newcastle, N. B., Dec. 14.—John T. McGrissy, son of the commissioner of public works, had a leg crushed and broken, and an artery severed in an accident this afternoon. On coming out of Morris' drug store and getting into his sleigh, his horse bolted and before he got control of the reins he was thrown out against a telephone post on the opposite corner and jammed between the sleigh and the post, the sleigh being smashed.

The injured man was taken to Dr. McGrath's, a few doors away, and then in the doctor's automobile to his own home. His leg was very badly cut from the knee to the ankle, the bone not only being broken but partly laid bare. He lost a great deal of blood and suffered very severely.

NEARLY AN ACCIDENT

(From Gloucester Northern Light)

A very serious accident was narrowly averted on Sunday when a team of very spirited horses driven by Mr. Angus McLean of the Bathurst Lumber Co., became unmanageable as they were turning the post office corner. They reared and kicked for a few moments, and then started on a wild run down the street. One of the horses fell just as the sleigh, which was a large three-seated one, slewed violently round the corner, just missing a telegraph post in front of the Town Hall by about an inch. The fallen horse checked the speed of the runaways to a small extent, enabling some ten or twelve men who were standing on the sidewalk in front of the town hall, to seize the crazy horses' bridles and stop their mad dash. The occupants of the sleigh, who were besides Mr. McLean, Mr. and Mrs. E. P. MacKay and family, were then able to alight in comparative safety. Mrs. MacKay was the only one slightly injured, a sudden start of the frightened animals throwing her to the ground just as she was stepping out of the sleigh, but beyond a shaking up, her experience did not effect her. The sleigh suffered considerably in the mix-up, and the harness was put in need of extensive repairs.

OBITUARY

After an illness extending over the past two years, Mr. Herman Weins passed away at his home in Liverpool, Eng., on Friday the 15th inst. Mr. Weins spent some time in Bathurst some years ago in connection with the St. Lawrence Lumber Co., in which he and his father were financially interested. He made many friends during his short stay here, and general regret is expressed at his early death. Much sympathy is felt for his widow, who was formerly Miss Minnie Burns, daughter of the late, Senator Kennedy F. Burns, and also for Miss Weins, who visited Bathurst with her mother a few years ago. Mrs. J. P. Bryne, sister of Mrs. Weins left last month to be with her sister at this trying time, arrived in Liverpool only a few days before Mr. Weins passed away.

SUDDEN DEATH

(From Gloucester Northern Light) Death came suddenly on Saturday to Mr. Wm. Davenport, who came here about a week ago to stay for the winter at Mrs. Buchanan's. The late Mr. Davenport had gone into the cellar with a lantern to cover up some potatoes which he was afraid would get frozen, and just as he reached the upstairs again, he staggered and fell over to the floor. Mrs. Buchanan and her niece, who were the only ones in the house at the time, assisted him to a couch, but he was dead before he reached it. Although he gave his age as 72, Mr. Davenport was a very active man, and seemed to be in the best of health right up to the time he was stricken. The local Orangemen took charge of the deceased's body, and had it sent to his late home in Marysville by the early train Monday. The late Mr. Davenport is survived by a grown up family.
