ADDRESS.

The indications all point to 1889 being a good year for general business.

Throughout the world the reports are, that the volume of commercial transactions is being materially increased, and that the value of nearly all staple commodities is advancing.

New Brunswick's great staple—LUMBER—is about twenty-five per cent. higher in Liverpool and other great markets, than for some years past. Noting the tendency of values, we made large contracts last fall for stock in all our lines, for season of

1889, and as heretofore will give our customers the advantage of the same, selling everything at a small margin of profit and upon favorable terms. We strongly advise persons who have in mind to procure anything in our line, to take advantage of the good goods we offer at recent prevailing low prices.

When Flour, Lumber and Iron advance in cost, everything else has the same tendency. We suggest to our friends to look carefully over their stock of Farm Machinery and examine the condition of their wagons, and if likely to need anything.

But they lie, while o'er them range
Winter blight and summer change.

No, they neither wed nor plight,

For their vision is of other kind than ours.

They do neither sing nor sigh in the burgh of by and by, Where the streets have grasses growing that cool and leng;
But they rest within their bed, Leaving all their thoughts masaid,
Deeming slience better far than sob or song
No, they neither sigh nor sing,
Though the robin be a-wing.
Though the leaves of autumn march a million

There is only rest and peace In the city of sureace From the failings and the wailings 'neath the sun;

And the wings of the swift years
Beat but gently o'er the blers,
Making music to the sleepers every one.
There is only peace and reat;

"Untold Agony from Catarrh."

Prof. W. HAUSBER, the famous mesmerist, of lihaca, N. Y., writes: "Some ten years ago I suffered untold agony from chronic nasai catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hearse I could harely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarri Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

Thomas J. Rushing, Esq., 2902 Phie Street, St. Louis, Mo., writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckiy, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now

Three Bottles Cure Catarrh.

ELI ROBBINS, Runyan P. O., Columbia Co., Pd., says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and produced a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and infiamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of diziness, with mental depression, a hacking cough and general deblity. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians. By its mild, soothing, and healing properties, Dr. Sage's Catarrh Romedy cures the worst cases of Catarrh, "cold in the head," Coryza, and Catarrhal Headache.
