

SOUTH PERTH LIBERALS CHOOSE FOR TWO HOUSES

Messrs. McIntyre and Stock Choice of Large Convention—Strong Address By Leader.

St. Marys, Nov. 12.—Is the Whitney government treating the municipalities fairly in regard to power supply? There can be little doubt as to what answer would be given by anyone who heard the address delivered here today by the Hon. A. G. MacKay, leader of the Opposition in the Provincial Legislature. To the assembled Liberal delegates of South Perth Mr. MacKay made a statement of a representative of Waterloo, who, after attending the recent conference in Toronto, had informed him that the Government had given definite figures as to what the municipalities would have to pay, and that any excess would be borne by the Province. This statement was allowed to go forth, Mr. MacKay pointed out, in spite of the provisions of the act, which particularly state that all the liability rests upon the municipalities, no matter what the amount of the expenditure.

The Candidates.

The occasion of the gathering was the holding of a convention for the

L. S. R. AND CITY CLASH OVER BILL

The street railway has another account to settle with the city, and there may be trouble over it. Some time ago the city engineer ordered the street railway company's portion of the pavement at the corners of King and Richmond, and Wellington and Dundas streets, to be repaired. This was not done, and Mr. Graydon ordered the Warren Paving Company to make the necessary repairs, and a bill, amounting to \$2,45, was sent to Mr. Graydon. He sent it on to the street railway company. The company sent it back to the Warren Paving Company, and refused to pay. Superintendent Clarke was advised to sue the company for the money, but the Warren Company will hold the city liable.

OPEN WEATHER HELPING FARMERS

"This is great weather for the farmer," said a prominent resident of Westminster Township this morning. "The cattle are still grazing in the fields, and very few of them have been housed as yet for the winter. There is plenty of grass of the very best quality, and cattle will go into the barns in better condition than for some time past. It helps the farmer out considerably. Feed is scarce, of course, but this fine weather has helped them a lot in making the very best of the circumstances. Last year cattle were in the stables a month before this almost, and in consequence there was a great deal more feed consumed than there will be this year. Every fine day makes it so much better for us. We will come out much better than we anticipated some time ago. There is not much first-class fodder in sight, but there is plenty of rough stuff, and that will help us out all right. Plowing is going ahead rapidly."

THIS LETTER WAS LONG DELAYED

Epistle Lay in a Toronto Post-office for Twenty-five Years.

Ottawa, Nov. 12.—Mr. R. L. Borden during one of his campaign speeches in the west, in criticising the mail service given in some part of the new provinces, instanced one case where a letter had been delayed eight days in traveling two miles.

Dr. Coulter, Deputy Postmaster-General, could have given him a far more interesting case in point. Two years ago a letter sent to an address in the city of Toronto, was delivered twenty-five years after it had been mailed. The facts of the case tell a strange and pathetic story.

Seton at Ottawa. Ottawa, Nov. 12.—Ernest Thompson Seton is a guest at Rideau Hall. Mr. Seton has had a six months' trip through the wilds of northern Saskatchewan. Mr. Oliver had a talk with Mr. Seton this forenoon at Government House.

NATIONAL BANK CLOSES ITS DOORS

A Portland, Ore., Institution Is Forced To Act Because of Heavy Run.

Portland, Ore., Nov. 12.—The Merchants' National Bank of this city, is for the time being in the hands of the comptroller of the currency. Its doors were not opened today because of unfounded but persistent rumors which resulted in heavy withdrawals lately. Though said to be entirely solvent, the bank today closed temporarily, awaiting the advice of the comptroller of the currency, to whom the bank officers have wired details of the institution.

The Hanover National, the National Bank of Commerce, and the Merchants' National offered to extend all necessary aid, but again the national banking act stood in the way. This left no other recourse than to lay the situation before the comptroller of the currency.

FRENCH-CANADIAN BIRTHS

More Than Double That of Other Races in Montreal.

Montreal, Nov. 12.—The annual report of Dr. L. LaBerge, Medical Health Officer for this city, was issued today. He states that in the year 1906 the death rate of the city was 19.23 per 1,000 of population, being 1.32 less than that of the previous year. The birth rate of the last year is returned at 37.35 per 1,000 of population, or 1.54 per thousand more than in 1905. The birth rate among French-Canadians was 47.66 per 1,000; among other Catholics 21.63 per 1,000, and among Protestants 21.20 per 1,000. Among the French-Canadians the proportion of marriages was 10.83 per 1,000.

DUBLIN CASTLE'S LOST JEWELS TURN UP IN MYSTERIOUS WAY

London, Nov. 12.—A dispatch from Dublin last night says: A rumor in circulation here is a very sensational character concerning the disappearance of the Dublin Castle jewels. It is stated they have been restored and are at present in safe keeping at the Birmingham Tower, where they reposed before they were taken away. If this rumor is true, the restoration of the jewels, consisting of the insignia of the Order of St. Patrick, was even more mysterious than their disappearance on July 6, when an official discovered them to be missing from the safe.

COURT GIVES HUSBAND CONTROL AT THE GUILDHALL

With Him Rests Decision as to Where the Children Shall Be Given Schooling.

A settlement was reached in the Trudell vs. Trudell case at the non-jury assizes being held before Mr. Justice Mulock.

It will be remembered that William Trudell had brought action to restrain his wife, who is a Catholic, from sending their four children to the Catholic separate school. Mr. Buchner, of Buchner & Gunn, acted for the plaintiff, while Mr. T. J. Murphy, of McKillop & Murphy, acted for the defense.

After considerable discussion, his lordship declared that the husband possessed the right to decide which school his children should attend, and especially was this so when it came down to a question of sending them to some religious school, such as the separate schools undoubtedly were. Several other cases of similar nature were referred to. One of these was the case of J. F. Faulds, the local attorney, who had occasion to seek assistance from the court to prevent his deceased wife's mother from sending his children to a Protestant school against his wishes. Mr. Faulds received the verdict, which was later upheld in a higher court, when an appeal was made.

Mr. Buchner pointed out that under an old British ruling, the husband could send his children to any school suitable to himself. Justice Mulock, in summing up the case, declared that he was compelled to be governed by the old English law, the only one bearing on the matter. This statute gives to the husband the control of the children.

A BRUTAL MURDER OF LITTLE GIRL

Vancouver, B.C., Nov. 12.—Clementine Naku, the seven-year-old daughter of Captain Naku, was murdered at North Vancouver on Saturday. The little girl had been ill-treated by a degenerate. The body was found among the bushes in Lonsdale Gardens this afternoon. She had been killed by two razors, which lay on the ground alongside her remains. Her body was cut to pieces. A bottle of gin was picked up nearby. The child lived with her parents at Moodyville, and on Saturday she was sent to North Vancouver with orders on stores. The orders were not filled, and the child was at once searched for. The Provincial police and the whole town searched all Saturday, Sunday, Monday and today.

The police have gone to North Vancouver from this city, but so far no arrests have been made.

HURT IN NEAR ACCIDENT

Sues for Injuries Received While Escaping From Expected Crash.

Ottawa, Ont., Nov. 12.—Edwin Mostyn has filed a charge against the C. P. R., claiming \$2,000 damages for injuries sustained in an expected collision which failed to occur. While he was on the way to Kingston recently with the body of his wife, a post-rushed into the car and told the passengers to jump for their lives, as a collision was at hand. A wild scramble ensued, wherein Mostyn says he was trampled first in the car and afterwards when outside, for jumping passengers fell upon him while he lay upon the ground without. The prompt work of the train crew, however, averted a smashing into a standing gravel train, and the excitement consequently was unnecessary.

CALEB POWERS ON TRIAL

Alleged Slayer of Goebel in Another Fight for Freedom.

Georgetown, Ky., Nov. 12.—When the case of Caleb Powers, charged with the murder of Senator Goebel, was called today many of the important defense witnesses who were absent yesterday, which caused a postponement of the trial, were present. Commonwealth Attorney Franklin announced that the prosecution was ready to proceed, whereupon Major W. C. Owens, chief counsel for Powers, said: "Before defense case is ready we desire to offer as a plea in abatement the pardon given to the defendant by Governor W. S. Taylor after the commission of the crime."

Upon the request of Commonwealth Attorney Franklin this document was turned over to the attorneys for the prosecution, who retired to examine it. This is the same pardon that has been produced at all the former trials and which the courts have passed on and held invalid. Judge Morris overruled the motion of the defense to file the plea and pardon, holding that the validity of pardon was not within his jurisdiction, as the court of appeal had already passed upon that phase. The ready pardon, however, scored a point in securing permission to make avowal of the pardon, thus getting that document in the record.

CITY LIGHTS POOR SAYS IRATE CITIZEN

"The street lights in this city do not give any more light than fire-flies," said an irate citizen this morning. "Why you could not read posters by them unless they were built up like illuminated signs. I am going to make a collection of June bugs to carry around with me, so that if I cannot see my way home at night, I am getting worried. Egyptian darkness looks to me like a moonlight night as compared with what I bumped up against going home last evening. Will they kindly turn on more light."

LONDON MOTORMAN LOSES HIS SUIT

Supreme Court Set Aside Verdict in Harris vs. Street Railway Company.

Ottawa, Nov. 12.—The appeal in Harris vs. the London Street Railway Company was taken up in the supreme court today. The appellant was a motorman on the defendant's railway and was taking his car out to Springbank, outside the city, when it ran into a car stranded on the track, and he was injured. The jury found that no negligence or breach of duty on the plaintiff's part contributed to the accident, and gave him a verdict for \$1,500. The court of appeal set aside the verdict and dismissed the action on the ground that, according to the evidence, the accident was caused by the plaintiff's violation of a rule of the company. At the conclusion of the argument of counsel for appellant the court dismissed the appeal.

CHICKEN THEIF HEIR TO \$20,000

Port Huron, Mich., Nov. 12.—John Roberts, aged 25 years, waiting to be taken to the Ionis reformatory for a period of one and a half years for stealing chickens, is heir to \$20,000. Roberts received word that he would get half of an estate of \$40,000 left by an uncle, John Lamb, who died recently in Stratford, Ont. There are only two heirs. "I guess I won't do much to that after I serve my time," said Roberts today. The will has been filed for probate in Stratford.

ENTOMBED MINER BROUGHT TO SURFACE

Pottsville, Pa., Nov. 13.—Imprisoned for 87 hours several hundred feet beneath the surface of the earth, almost directly under his own home, where his wife and children mourned for him as dead, Michael McCabe, of Gilberton, was today taken from his tomb in the Draper mine barely alive, after one of the most marvelous rescues in the history of anthracite mining.

Since Saturday afternoon, when the top of the chamber in which he was working caved in, and caused a rush of culm and water from the surface, relays of workmen toiled unceasingly to reach him. Shortly after midnight the rescuers detected a scratching noise which told them that McCabe was still living and with renewed vigor relief workers put to work and at 5 a.m. he was reached.

ACTRESS ANNA HELD CRITICALLY ILL

Philadelphia, Nov. 13.—Ann Held (Mrs. Florence Ziegfeld), is critically ill of pneumonia at the Hotel Majestic and the engagements of the "Parisian Model" company, of which she was the star, have been canceled.

Two physicians have been in constant attendance upon Miss Held since Saturday, when the pneumonia symptoms developed. Her condition was said last night to be very grave.

NEW ITALIAN PRINCESS

Arrived This Morning at Rome and Doing Very Well, Thank You.

Rome, Nov. 13.—Queen Helena this morning gave birth to a daughter. Both mother and child are doing well. King Victor Emmanuel and Queen Helena, who were married in October, 1896, now have four children, Princess Yolande, born June 1, 1901; Princess Mafalda, born Nov. 19, 1902; Prince Humbert, the heir apparent, born Sept. 15, 1904; and the child which came into the world today.

QUEBEC BRIDGE INQUIRY

The Investigation at Philadelphia Is Near an End.

Philadelphia, Nov. 13.—The local investigation of the Quebec bridge disaster is nearing an end. Henry Holgate, J. G. C. Kerry and John Galbraith, the Canadian commissioners, expect to complete their inquiry here by the end of this week. For three weeks they have been inspecting the plant of the Phoenix Iron and Bridge Company, and examining the plans, correspondence, and officers and engineers of the two concerns.

Nearly all the officials have filed statements with the commissioners. The statements are long, but the commissioners promise to make public the important parts of them before returning to Canada.

GOV'T MAY USE GOLD RESERVE TO HELP MOVE THE CROPS

Ten Millions of Dollars To Be Placed With the Wheat Banks of the West.

[Special to The Advertiser.] Ottawa, Nov. 13.—Just how the Dominion Government is going to cooperate with the banks in assisting to market the western wheat crop, especially that portion which is liable to be destroyed if stored away in its present condition, has not yet been made public. There are about only two ways of doing so. One is to obtain a short loan on the British market, which under present conditions is not likely to be adopted. The other is to utilize some of the gold reserve which is deposited with the finance department as security.

Against the note circulation, it is said that there is more gold reserve than is required for this purpose and that some of it might be used in an emergency of this kind. At all events, the idea seems to be to place, say \$10,000,000, at the credit of those banks that are recognized in the west as being grain banks. That is, loaning money to move the crop. There are some four banks mentioned as likely to get part of this loan. They are the Bank of Commerce, the Imperial Bank, the Dominion Bank, and the Hamilton Bank. The Union Bank is also spoken of.

The railway companies have assured the parties concerned that they will do all they can to facilitate the movements of the crop. The principal difficulty is with the lower grades of grain that have to be moved before navigation closes, otherwise it may be destroyed.

CRASH IN THE LACHINE CANAL THE LOCK GATES CARRIED AWAY

Montreal, Nov. 12.—A serious accident, resulting in heavy damage, occurred on the Lachine Canal this evening about 7 o'clock, as the lake steambot Neepawa, owned by the Montreal and Lake Superior Navigation Company, was entering No. 1 lock, where the canal joins the St. Lawrence. Through some misunderstanding between the captain and the engineer, instead of the engines being reversed, the steamer plowed straight ahead and carried away the two upper gates of the lock. There is a drop of 12 feet between No. 1 basin above the river and the lock, and as soon as the upper gates were smashed there was a tremendous sweep of water, which caught the Neepawa and flung her down the river. One of the lower gates of the lock was carried away with the steamer as she swept down. The Neepawa was not damaged.

There were three big barges in the basin at the time, unloading wheat, the Regina, Hurona and the Bella. The Regina was caught by the onrushing water and flung through the lock, taking both of the top gates with her. The barge was carried clean into the river and flung up against the ocean steamer Corsican, of the Allan Line, which was lying at her berth in the harbor, and sank in 48 feet of water. Captain Mallette, his wife and four children, who were on the barge, had a miraculous escape from death, having only just time as the barge was sinking to jump on to another barge, which was lying nearby. The Regina was valued at \$10,000, and had on board a cargo of 25,000 bushels of wheat, valued at \$25,000.

The barge Hurona, which was loaded with 28,000 bushels of wheat and 4,000 bushels of flaxseed, was also flung by the water through the lock, but was caught in the entrance, afterwards springing a leak in three places and sustaining considerable damage.

The Bella was tied to the wharf and escaped without injury. The damage caused by the accident is estimated at between \$40,000 and \$50,000, superintendent O'Brien of the canal, expects to have the spare gates placed on the lock by tomorrow night, so there will be no serious delay to navigation.

TUBERCULIN TEST FOR MILCH COWS FAVORED BY BOARD OF HEALTH

The board of health held a meeting yesterday afternoon. The most important matter was brought up by Mr. Harry Clark. He was anxious that the provincial board of health have the health act amended so that local boards of health could apply the tuberculin test on all milch cows from which the city's supply was taken. At present that could not be done. Mr. Clark made a motion to the effect that the provincial board of health be memorialized to have the act amended, and the operation of other boards be obtained in this movement. Mr. W. Skinner heartily seconded Mr. Clark's motion, and the clerk was instructed to communicate with the provincial board of health.

The sanitary condition of Tabbot Street School was also dealt with. Dr. Hutchinson was instructed to make a thorough test of that school and report at the next meeting of the board. The usual batch of accounts were passed.

THEY ASK FOR FIXED ASSESSMENT

The manufacturers in the East End have made application to the London Township Council for fixed assessments, and the matter will be referred to the electors at the municipal elections in January. The Empire Brass Company wants its assessment fixed at \$10,000, the Show Case Company at \$8,000, and the Sherlock-Manufacturing Organ Company at \$5,000. What effect this will have on the future of the companies is not known. If the fixed assessment is granted then they will have all the advantages without the responsibility. The council was favorable to the fixed assessment, it is said.

SAM LANGFORD GETS DECISION

Los Angeles, Nov. 13.—Sam Langford, of Boston, was given the decision over Young Peter Jackson, of Baltimore, at the end of the twentieth round in a fight before the Pacific Athletic Club last night. Charles Eytan was the referee. Jackson was unpopular because of his failure to fight, and Langford showed superiority throughout. Jackson, a 10 to 6 favorite, was hooted by the large crowd in attendance.

WHY MOTTO WAS DROPPED.

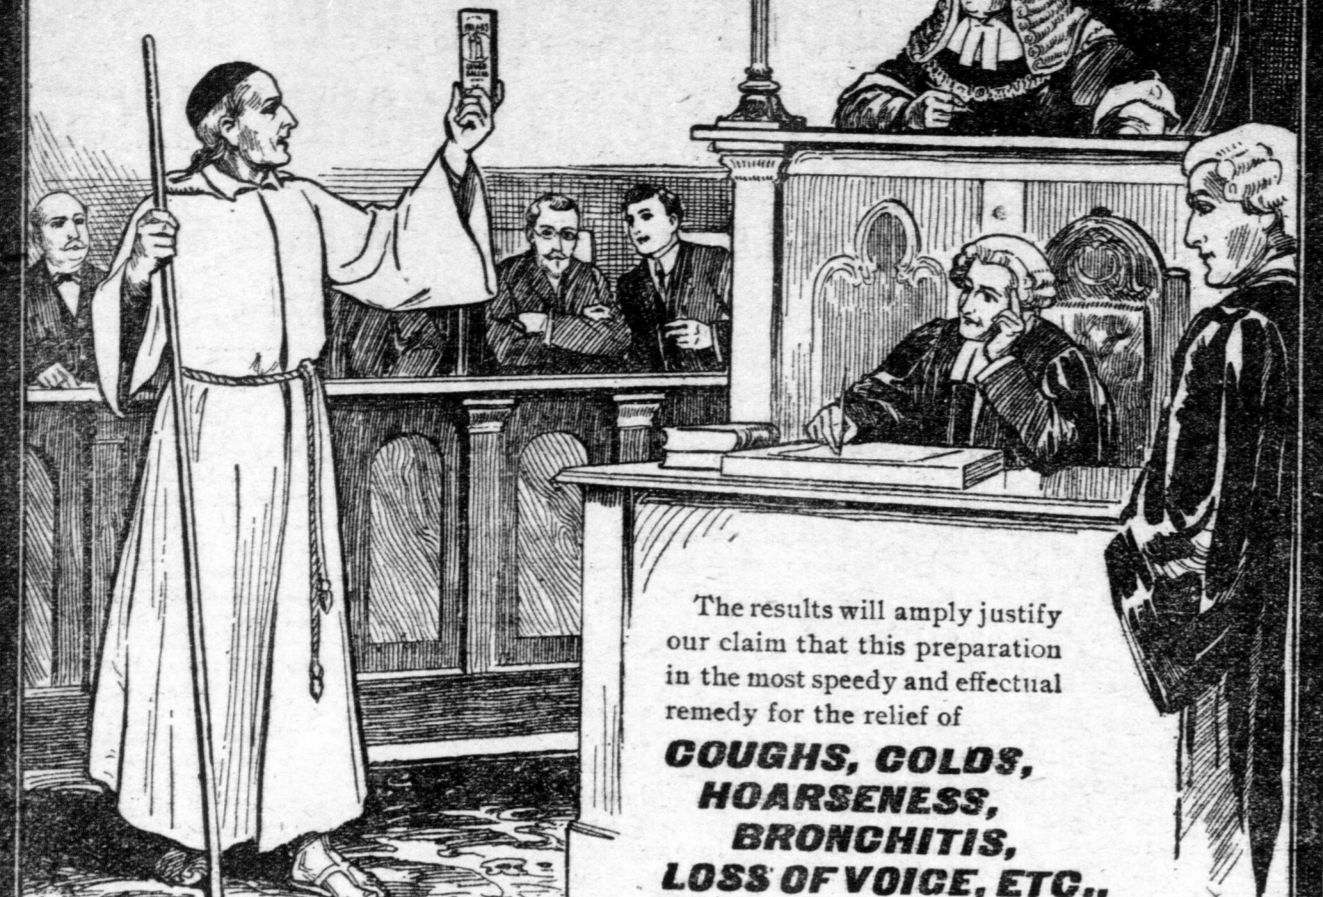

Washington, Nov. 13.—In answer to one of the numerous protests which have been received at the White House against the new gold coins, which have been coined without the words "In God We Trust," President Roosevelt has written a letter, which he today made public. The letter says, in part: "When the question of the new coinage came up we looked into the law and found there was no warrant therein for putting 'In God We Trust' on the coins. As the custom, although without legal warrant, had grown up, however, I might have felt at liberty to keep the inscription had I approved of its being on the coinage."

BLOWN TO ATOMS

Two Men Killed in Nitro-Glycerin Factory Explosion.

Columbus, O., Nov. 12.—Two men were killed and three or four other persons injured today in an explosion in the Hercules nitro-glycerin factory, at Bradner. The factory was demolished, and a number of houses shattered in the town.

GIVE IT A FAIR TRIAL

The results will amply justify our claim that this preparation in the most speedy and effectual remedy for the relief of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, LOSS OF VOICE, ETC.,

Liberal size bottle for 25c. Made by the largest wholesale drug company in the world.

FRIAR'S COUGH BALSAM

NATIONAL DRUG & CHEMICAL CO. OF CANADA, LIMITED.
Montreal, Halifax, St. John, Ottawa, Kingston, Toronto, Vancouver, Hamilton, Victoria.

ENGLAND PRAISES MR. LLOYD GEORGE

All Classes Join in Lauding Him for Preventing Disastrous Railway Strike.

London, Nov. 12.—So intense is the feeling of relief throughout the country that the railway troubles, which threatened to end in a disastrous strike, have been amicably settled. Mr. Lloyd George should have a perpetual blush on his eager face if he is reading all that is written and hears all that is being said about him. The settlement of the railway crisis is regarded as a triumph for his personal ability and its political significance is that it brings him nearer than ever to the ultimate leadership of the radical party.

Whether, under this new system, the men will maintain existing unions remains to be seen. For the purpose of defending the interests of the men they would hardly seem to be necessary unless they are to be continued as purely benefit societies, and it seems not unlikely that their place will be taken by unions of the men of each section of the railway which has a board of arbitration.

question of hours or wages that can be referred to the conciliation board. The crowning merit of the settlement is that it not only disposes of the present dispute, but provides a method for dealing with any differences that may arise in the future. The men will not get all the demands that were put forward in all grades in their programme, but they will unquestionably before any arbitrator or board of arbitration obtain a good deal of what they have asked.

SLAYER CAPELLI SOUGHT TO DIE

He Swallowed Cigars and Match Heads Before Learning of Reprieve.

Toronto, Nov. 12.—Handcuffed and confronted with long years of imprisonment in the penitentiary at Kingston, but light-hearted and elated at having by the narrow margin missed the hangman's rope, Frank Capelli, of Parry Sound, yesterday arrived in the custody of Deputy Sheriff J. E. Armstrong, of Parry Sound, and a constable at 3 o'clock, and was driven to the Court street police station. There he spent the night, and at 9 o'clock this morning was taken on to Kingston.

Capelli used to live in Toronto. He worked here for three months a couple of years ago, being employed as a laborer by various contractors, and then went away to the railroad construction camps. He came back to the city yesterday on his way to the penitentiary in the good spirits of a man en route to a festival. It is because he was so near the gallows.

Capelli is a Little Man. Capelli, convicted and condemned for murder, is a little bit of a man, a pigmy, and he is only 25 years old. He has a shock of jet-black hair which curls away from a pink-and-brown face adorned with a little twisted mustache, of which he is obviously proud, and which he carries. He doesn't believe himself guilty of murder, and he has written home to his mother, whom he left seven years ago in Italy. His father is dead. He has two brothers up in Port Arthur, and it was the brothers who furnished much of the money for his defense.

When Capelli found himself in the Court street station, one friend was there waiting for him. This one friend was Michael Basso, interpreter, the man to whom all his expatriated countrymen go with their trouble. When Capelli saw Mr. Basso he hailed him joyfully and lifted up his manacled hands. The officers unlocked the handcuffs and took them off. Basso and Capelli shook hands. Basso, he it said, believes in the innocence of Capelli.

"No," said Capelli, and he laughed.

Tried To Die. But Capelli was afraid of the hangman. On the 21st of July, when he fully expected to be taken out next morning, bound, into the jail yard and hanged, he tried to cheat the gallows.

Capelli, in broken English, and slipping occasionally into whole sentences of his own tongue, vehemently declared his innocence of murder.

Glad He Failed. "It was a good thing for you," said Basso in Italian, "that you didn't succeed."

Capelli doesn't expect to spend all his life in prison. He thinks that good conduct will in due time earn him his freedom and he intends to be free once more. You are going to a place where you will not have to work so hard as on the railway, and you will have a better bed to lie on."

Capelli, in broken English, and slipping occasionally into whole sentences of his own tongue, vehemently declared his innocence of murder.

Capelli went cheerfully enough from the station office to the cell, where he was to spend the night, bidding good-bye to Mr. Basso and begging him eagerly to come back in the morning. Capelli thinks that Basso is one of the white men of the earth. He knows that but for the unflinching activity of the interpreter in his behalf he would be today a corpse in the unmarked grave of a felon.

CHURCH MUST BE FIRST. Miss Vanderbilt Must First Be Married by Catholic Priest.

Rome, Nov. 12.—The Vatican authorities are following with interest the attitude taken by Archbishop Farley, of New York, regarding the proposed celebration of the marriage of Miss Gladys Vanderbilt and Count Laszlo Szechenyi. Although particulars are lacking, the Holy See approves every action of the archbishop tending to emphasize the authority of the church and restore the rigidity of her rules. Archbishop Farley's stand is that the first marriage ceremony must be that of the Catholic Church.

STOOD IT LONG ENOUGH. I. C. R. Not To Be Nursing Bottle for C. P. R., Says Hon. G. P. Graham.

Chatham, N. B., Nov. 13.—Asked for some local changes of the I. C. R. yesterday, Hon. George P. Graham told a board of trade delegation that he would make whatever changes would result in increasing the traffic of the road. He would make no other changes.

The new minister has intimated since he began his tour of the I. C. R. in New Brunswick that he would endeavor to rescue the road from the position occupied by it in relation to private railways. At Fredericton, yesterday, it was said that the C. P. R. would not help in the building of a new union station unless they could control it. To this proposition Mr. Graham said: "We cannot force the C. P. R. to enter into an arrangement with us for a union station, but conditions might arise in the future under which they might be willing to do so. They have had their own way with the I. C. R. a little too long. We have been the nursing-bottle for the C. P. R. long enough, and don't propose to do that any more. We propose now to run the road on business principles."

\$20,000 STOLEN. Trinidad, Colo., Nov. 12.—The sum of \$20,000, belonging to the American Smelting and Refining Company, which was to be used to pay employees, was stolen near Trinidad last night. The money was taken from a buggy which was being driven by the paymaster and another man. The amounts have been made, but two men are under suspicion.

Clerk's Notice of First Posting of Voters' List WARD ONE. Voters' lists for Ward One, 1907, Municipality of the City of London, Ontario, of Middlesex.

Notice is hereby given that I have transmitted or delivered to the returning officer in Section 9 of the Ontario Voters' Lists Act, the copies required by said sections to be transmitted to the returning officer, and pursuant to the said act, of all persons appearing by the last revised Assessment Roll of the said municipality, entitled to vote in the said municipality at elections for members of the Legislative Assembly and at municipal elections, and that the said list was first posted up at my office at the City Hall, London, on the 29th day of October, 1907, and remains there for inspection.

And I hereby call upon all voters to take immediate proceedings to have any errors or omissions corrected according to law.

Dated this 30th day of October, 1907. S. BAKER, Clerk of the Municipality of the City of London. 84-30, N. 6, 13

LONDON, WEDNESDAY, NOV. 13.

MR. BORDEN'S RAILWAY TALK.

An argument frequently advanced by Mr. Borden towards the close of his western tour was that the Government had made "a gift" of \$50,000,000 to the Grand Trunk for the promotion of the Grand Trunk Pacific Railway.

The contract between the Government and the Grand Trunk Pacific is in the form of an act of Parliament, which the people of Canada duly ratified at the last general election.

There were some good points in Hon. Wm. Paterson's speech to South Brant Liberals the other night. He dealt effectively with the charge that the burdens of the people had increased under Liberal rule.

In 1856, an average of \$18 28 in duties were paid on every \$100 of goods entering the country, dutiable and free.

Last year only \$15 73 was paid on an average on every \$100 worth of goods entering the country, dutiable and free.

The reduction in practical duties on \$100 was \$2 55, or, as compared with the old rate of \$18 28, a reduction of 14 per cent.

This lowering of customs taxation has been accompanied by an increased revenue because of the country's prosperity and growing purchasing power.

In 1896 the postal revenues were \$3,000,000, and last year, \$5,000,000. As well say that the \$2,000,000 increase has been extorted from the people.

Mr. Paterson was able to point to the fact that the budget of the last session, embodying an entirely new schedule of duties, was adopted after a brief debate, virtually without opposition.

the railway nationalization plan, which has been decided on, has been completed, the work will begin. The scheme includes the doubling of 830 miles of track, the construction of 900 locomotives, 19,000 freight cars, 1,000 passenger coaches, and 5 small steamboats.

It was as late as 1872 that Japan's first railway was opened to traffic. It was a Government enterprise, and consisted of a trackage of eighteen miles, which has since increased to 1,531 miles.

Under the nationalization bill passed in March of last year, 2,812 additional miles of railway are acquired by the Government, which will presently control about 90 per cent of the country's total railway mileage.

What lines remain in private hands are small concerns, but few of them being over twenty-five miles in length. The system about to pass under Government control close on \$200,000,000, and, exclusive of subsidies and miscellaneous receipts, the net earnings amounted last year to \$18,000,000.

In view of its immense war debt, the enterprise shown by Japan is such as to attract the admiration of the world. Of course, upon the peace and prosperity of the country and wise and economical government will largely depend the success of these projects.

The people are heavily taxed as it is, and the strain on the country's limited natural resources increases year by year, and were the Japanese less patriotic these great undertakings would seem almost impossible of accomplishment.

It may be possible for the Japanese Government to do what in other countries would be the height of economic and political folly to attempt.

There were some good points in Hon. Wm. Paterson's speech to South Brant Liberals the other night. He dealt effectively with the charge that the burdens of the people had increased under Liberal rule.

In 1856, an average of \$18 28 in duties were paid on every \$100 of goods entering the country, dutiable and free.

Niagara power for you at \$10 per horsepower at the Falls, we will deliver it to your city council at anywhere from \$20 to \$25 per horsepower, which includes in interest at 4 per cent, maintenance and depreciation on transmission line, but you will have to go it blind as to exact figures.

LUCKY "SIX HUNDRED." (Lloyd's Weekly.) Seven more survivors of the Balaklava charge have received recognition from the Government.

CALL MONEY. (Baltimore American.) Well! What is call money, dear? Belle—I guess it's the kind you call up your husband on the telephone for to tell him you must have it right away.

PUTS A DIFFERENT FACE ON IT. (Toronto Star.) Hamilton barbers have gone on strike. Barbers are a long-suffering race, but if you saw some of the hard Hamilton faces

ATHLETIC FACES COMING IN VOGUE. Not a new study, but one that has been furthered by recent record-breaking performances in the athletic world, is the athletic face.

Recently many causes have been advanced for it. Some have suggested that competing on the open field in the face of a blinding sunlight has caused an habitual squint.

Why it was not checked long ago, for the athletes have seen themselves change in appearance, is explained by the fact that the average man does not care if his face shows the results of some athletic contest.

In boxing, aside from the "cauliflower" ear, thick lips, broken nose and scarred brows, there are other distinctions. Those who are clever with their hands and know how to defend themselves have the sharp, piercing eyes of a tiger.

Baseball, while not as strenuous as pugilism, nevertheless leaves its unmistakable marks on its votaries. Piling up the run for four months at a stretch tans the professional player till he looks more like an Indian than a white man.

Track and field athletes are far from immune from the effects of their specialties. At the finish of a sprinting race it will be found in every case that a majority of the faces show clearly the mental and physical strain under which the contestants have labored.

The hammer-thrower always makes a face before he whirls the leaden ball on its long trip, and every hammer-thrower of note has signs on his features which result from frequently making this effort.

When the two great pacers of the year, Hedgewood Boy, 2:04 1/4, and Lady Maud C., 2:04 1/4, arrived in their home town of Hillsboro, Ill., after their victorious campaign, there was the biggest demonstration the town ever enjoyed.

ELECTION AIDS NO NATIONAL BOOMS

Taft Is Neither Stronger Nor Weaker—Tom Johnson and Others Gain No Prestige.

Washington, D. C., Nov. 12. — The more the situation is studied by practical politicians, the more they are inclined to believe the election of Tuesday will have little or no influence upon the national campaign next year.

Republican success in Kentucky as well as in New Jersey was, of course, gratifying to the Administration, but there is no particular reason to believe that the personality of the President or his followers was involved to any appreciable degree in either state.

It is now generally assumed to be a mistake to believe that the municipal elections in New York and in Cleveland should be treated as factors in the presidential contest in any way.

Not a Victory for Foraker. It can hardly be said that Burton's defeat is a victory for Foraker. Foraker is too good a Republican to claim any such thing.

GREAT CLEARING SALE OF CARPETS, RUGS, LINOLEUMS and CURTAINS

Late delivery of many of our shipments for the fall season makes it imperative that we should clear out a vast quantity of Carpets, Rugs and General Housefurnishing Goods to prevent congestion in several departments.

O. H. A.'S FIRST LIFE MEMBER WILL BE J. ROSS ROBERTSON

Association Will Honor a Man Who Has Done Much for Amateur Hockey.

Toronto, Nov. 13.—The annual meeting of the Ontario Hockey Association will be held at the Temple building on Saturday, commencing sharp at 9 o'clock. Delegates are advised to be on hand at that hour, as business will begin promptly. Mr. Dwight J. Turner, who succeeds Mr. D. L. Darroch as president for the season of 1907-08, is the retiring president of the association.

notice of motion from last year to abolish prizes at the annual meeting. J. W. Chown, of Stratford, gives notice to add the representative of the O. H. A. on the board of governors of the C. A. A. U., as a member of the executive. J. Ross Robertson wants it made clear that there can be no appeal from the referee's ruling on questions of fact, and has put in a motion to that effect. The most important notice of the budget is contributed by Mr. Chown, and is as follows: "That in view of the invaluable services to the association, and the game of hockey by J. Ross Robertson, for six years past, the retiring president of the association, he be elected a life member of the association and the absence of Mr. Darroch, who is at present in Calgary, Alta. The annual revision of the constitution made last year by the association leaves the rule book in very good shape, and there are very few amendments to come before the convention for consideration. Notices sent out yesterday to the clubs by Secretary W. A. Hewitt show the proposed interchanges. Louis Blake Duff, of Welland, has a

Hortons Bumped the Derbys Abram Makes a Clever Shot

Bowling Not as Good as Usual—Spills Numerous for Derbys.

The Derbys were "split" to pieces and all worn out last night on the Ideal alleys. They lost two out of the three games to the Hortons. Smith, of the Derbys, seemed to be on a picnic during the first game, and was responsible for its loss. The bowling was not quite as good as usual, there being any number of spills during the game. Graham, of the Hortons, had high individual score, while Abram carried off the average. Abram made the best shot of the

evening, when he converted the 6-10 and 7 split. The games are attracting large crowds, and are well worth attending. Tonight the Hermits met the Kidders. Summary: Derbys: J. McIntosh..... 143 177 110-430 B. Smith..... 104 178 150-432 E. Robinson..... 138 189 128-465 J. Mason..... 153 191 191-455 H. Murray..... 115 138 138-383 Totals..... 633 810 712-2155 Hortons: W. Match Race Did Not Come Off Major Delmar's Illness Prevents

Horsemen Are Wondering Where Crabtree Will Winter Sonoma Girl and Other Horses.

The third of a series of match races between the two foremost free-for-all trotters of the year, Major Delmar, 1:59 1/4, and Sweet Marie, 2:02, which was scheduled for Point Breeze track, Philadelphia, failed to come off. Major Delmar was attacked by sickness, and was so far out of condition that it was deemed necessary to retire him for the season. The two noted trotters had met twice previously, the mare winning at Allentown, Pa., and the gelding being victorious at Poughkeepsie, N. Y. The race at Philadelphia was expected to be a more brilliant event than the one at Poughkeepsie, which was raced off in rather poor time. With Major Delmar out of the picture, an exhibition match race was arranged for the afternoon. The noted long-distance trotter, Ed. Bryan, was down on the programme the same afternoon for an assault on the five-mile trotting record, and succeeded in lowering it to 13 minutes and 3 seconds. The previous record was 13:16, made by Filmore at San Francisco, away back in 1863, and the present champion had the advantage of pulling a much lighter vehicle, which makes the old record all the more creditable.

Horsemen everywhere are much interested in the decision of the Crabtree as to how Sonoma Girl, the greatest green trotting mare ever brought out, will be wintered. Last winter the Crabtree made the mistake of not turning over his horses to Myron McHenry until very late in the spring, and as a result none of them were in shape to race, and Nubboy, the largest money winning trotter in 1906, and the other stars and prospective stars never got into the races. McHenry deserted the harness game at the close of the regular season and started out to hunt up material in the thoroughbred line to race at New Orleans this winter, so that it is out of the line of possibility that he will look after the wintering of Sonoma Girl and the other members of the Crabtree stable. It is probable. Continues on Page Four.

SPORTING GOSSIP BY SOUTHPAW

A report from St. Thomas states that a man named Greer, of Syracuse, N. Y. will shortly visit that city for the purpose of forming an international baseball league, comprising such places as London, St. Thomas, Chatham, Guelph, Hamilton, Auburn, Watertown, Oswego, Ithaca and Geneva. The league will be an eight-club one and will have a salary limit of \$12,000 a month per club. Mr. Greer has assisted in forming such organizations as the New York State League, the Empire State League, and the New England League. Local baseball managers are slightly skeptical as to whether such a proposition could be financed in this city, but it would surely seem that if towns like St. Thomas could support the league, London surely ought to be able to do so.

The Canadian champions come for the final game of the year. To give the great Tigers a beating would be a feat for the Canadian champion. The oarsmen will line up the team which gave the Montreal champions a 7 to 5 beating here on Thanksgiving Day, while the Mounties will have as good a team as can be presented without Ben Simpson, Gordon Southam, the sensation of the year, will be back in the game after being laid up with a wrenched ankle. Pete Flett, the dashingly fast, will be in harness again and a great punting duel is looked for between this pair. Considerable rivalry has been created between Flett and Southam, and neither goal will be safe if the ball gets within drop kicking distance. Coach Dr. Wood would rather beat Hamilton once than Montreal twice, and the Argos will be out every day this week in preparation for what promises to be the best local game of the season.

Toronto would go to almost any ends to wallop the Tigers next Saturday. A Toronto exchange says that a Toronto team will have a battle with the Hamilton Tigers next Saturday. The Hamilton Tigers beat the Argos in the last three minutes of play, has been sticking in the crops of the oarsmen ever since, and a determined effort to dislodge it will be made here on Saturday, when

Petrolia has become afflicted with another attack of cold feet, and as consequence the scheduled game with London Saturday at Tecumseh Park has been called off. Ice and oil seem to mix well together after all.

LATEST BRITISH SPORTING COMMENT

119,000 Penny Bowlers. The extraordinary number of 119,116 players at a penny each have been registered on the six public bowling greens of Glasgow during the season—an average of 19,522 per ground.

Cambridgeshire is far and away his most remunerative, for without being a gambler, he likes to have something on, and the confidence of Robert Sherwood was such as probably induced him to risk his maximum. It was a becheered and popular victory.

Mr. A. J. Balfour, ex-prime minister, took part in two matches, at North Berwick, yesterday. Partnered by Mr. J. E. Laidlaw, ex-amateur champion, in a threegame against Mr. T. Mansfield Hunter, the latter, who conceded odds of a third, won by 4 and 3. Mr. Balfour and Mr. Laidlaw subsequently took part in a single, which was

Diabolo Tournament. Eager to win the title of "amateur diabolo champion of the world," a hundred and fifty diabolist from all parts of the country met in keen competition recently at the Crystal Palace, where the first diabolo tournament in Britain was watched by over 3,000 spectators.

Dr. E. M. Grace Married. At Walsall parish church recently, Dr. E. M. Grace, the famous Gloucestershire and England cricketer, was married to Miss Elizabeth Brain, daughter of the late Mr. James Brain, of Cardiff. The ceremony was performed by Rev. Arthur Paice, vicar and rural dean.

As to the heavyweight title, Tommy Burns holds it at present, although I honestly believe that Jack Johnson will beat him. Jeffries has retired for three years and Burns won't be able to fight him. I hope that Burns keeps his word and makes a match with Jack Johnson, for I am sure the big colored man will win it. I will back him myself against Burns for a good sum."

Tennis Champion Resigns. Mr. Jay Gould, the American tennis player, who won the British amateur championship from Mr. Eustace Miles last April, has written to Mr. Miles that he will be unable to reappear in Great Britain next year to defend the title. "Mr. Gould says he will be prevented from coming by his university studies," said Mr. Miles. "Of course he will forfeit the championship. Tennis is one of the few purely amateur games—that is, the players have to bear all their own expenses. Unfortunately, I am not in a position to go to America to try for the championship of the world. I am in favor of a recognized world championship."

Reynolds and Hartley are both established themselves as long-distance walkers of exceptional ability, and there is the keenest rivalry between them as to which is the better man. The walkers will share the gate receipts, 50 per cent to the winner and 40 to the loser. The race will likely start at 10:30 a.m., and continue until 10:30 p.m. It will be a great test of endurance, and the walking champions will have the opportunity of settling the many disputes that have arisen over their previous exploits.

Captain Homfray, whose Land League, though stopping to nothing, just withstood, and upset the greatest of all the alleged certainties in the Cambridgeshire, is an ex-guardian with an extensive experience of turf life. Like Mr. Alexander, Mr. Courage, the young Mr. Bass, and numerous other owners, he is connected with breeding. Homfray's being a celebrated firm of the old-fashioned and best kind. For a couple of seasons Land League had been industriously picking up regulation plates for horses that had never won two hundred pounds at one time. Cabin Boy used to monopolize the same class of race until he lost his eligibility to compete by winning the Golden Handicap in the year of the institution of Gatwick. It was his first ambitious flight, as the Cambridgeshire was Land League's, and to complete the resemblance the owner was a brewer. Captain Homfray has won scores of races in his time, and eighteen were credited to him last season alone, principally through the instrumentality of Land League, but the

Toronto, Nov. 13.—It was announced today that Jimmy Reynolds, the Fort Hope barber, and David Hartley, Peterboro's famous walker, had been matched in a 12-hour contest, to take place at the Mutual street rink Saturday, Nov. 23. Reynolds and Hartley have both established themselves as long-distance walkers of exceptional ability, and there is the keenest rivalry between them as to which is the better man. The walkers will share the gate receipts, 50 per cent to the winner and 40 to the loser. The race will likely start at 10:30 a.m., and continue until 10:30 p.m. It will be a great test of endurance, and the walking champions will have the opportunity of settling the many disputes that have arisen over their previous exploits. All Peterboro will back Hartley to win, while Jimmy Reynolds has thousands of admirers, not only in Fort Hope, but in other places as well, who will give him their support.

GANS WILL BACK JOHNSON? Lightweight Champion Thinks Negro Can Beat Tommy Burns.

Baltimore, Nov. 13.—Joe Gans picks the fight champions of the world in the following interview: Starting at the bantamweight class, I would select Jimmy Walsh, of Boston, or Owen Moran, of England, as they are the featherweight class, and I have a clear title to the lightweight honor. If I wanted to claim it, I would have the welterweight title also, but I have refused to go out of my class. Honey Melody, Mike Sullivan, Joe Thomas and Ketchel are all too heavy now for the class, but Jack Blackburn, Harry Lewis, Jimmy Gardner and Jack Morgan can do the weight, 142 pounds, and they should fight it out among themselves for the honor.

SEBRING REJECTED National Baseball Commission Refuses To Reinstatement Him.

Cincinnati, Nov. 12.—The National baseball commission has passed on several cases. The New Orleans Club of the Southern League was granted a judgment for \$1,000 against the New York National League Club for the latter's violation of its contract to play a certain number of games in New Orleans last spring. The New York team played two games there, but a dispute arose and they refused to play the remaining games. The application of Player James Sebring for reinstatement was refused. Sebring was sold by the Cincinnati National League Club, but "jumped" to the Tri-State League, which at that time was classed as an outlaw league.

BASEBALL GOSSIP

Jimmy Williams should be glad to play in St. Louis, for he was born there. Ruben Waddell has just discovered Mo., where he is interested in the development of a mining property. Scouts report that Zeller, the Highlanders' high-priced capture from Atlanta, has the goods, but not the nerve. In this respect he is different from the scouts, who have the nerve and not the goods. Entitled to representation in the Abridged society along with Ossie Schreckengost, Arthur Hoelskoetter and Mysterioso Billy Konechey is Bell, the Highlanders' new outfielder. His right name is Baerwald. As showing how the minors intend to observe the 20-men rule, Bill Armour, of the Toledos, will carry 35 players on the spring training trip. The Mud Hens will get into condition in Chattanooga. Ralph Glaze, of the Puritans, is picking up a little easy money coaching a high school football team in Boston. While at Dartmouth Glaze was an AA end, but in the American League he has shown himself to be an E2 pitcher. If Connie Mack gets John Anderson, who is now patrolling a beat in Worcester, hoping that Joe Cantillon will come along, it will be the second time the big chap has played under the lanky one. Connie had John with him in Milwaukee in 1900.

HUGHEY JENNINGS PRACTICING LAW

Wilkesbarre, Pa., Nov. 13.—Hughy Jennings, manager of the Detroit team, reached his home in Avoca, near here, Saturday, and will now remain in this territory until next March. Tomorrow morning he will enter the law office of his brother, Wm. A. Jennings, in Scranton, as a partner, and will practice law before the Lackawanna county courts until next March, when he will go to Hot Springs to whip the Tigers into condition for the opening of the season. Manager Jennings is already a lawyer, and has practiced to some extent in Baltimore. He is a graduate of the Cornell Law School, and, as he has thousands of friends and admirers in this and Lackawanna counties, he should have no lack of clients. His brother William is an able lawyer, and has already built up a large practice.

We are making a display this week of fine Winter Overcoats—Chesterfields, Imperials, Marlboroughs, Surtouts and Ulsters. Commencing at \$18 values we show the finer garments at \$20, \$25 and \$30. They are all Semi-Ready tailoring and finished in the best form of that modern art.

A perfect fit guaranteed and all orders finished to measure and delivered within two hours. SEMI-READY TAILORING 146 Dundas Street, London

SPRING PROGRAMME GUNNER MOIR AND TOM BURNS ALL MAPPED OUT

Complete Schedule of Spring Games for Tigers Is Now Ready. From there they start on an exhibition trip. The schedule follows: March 28-29—Memphis. April 3-4—Nashville. April 5-6—Evansville. April 7—Terre Haute. April 8—Indianapolis. April 9-10—Toledo. April 11-12—Cincinnati. April 13—Dayton.

LONDON SPORTSMAN THINKS THE ENGLISHMAN HAS A GOOD CHANCE.

Says the London Sportsman: "Anything may happen in a boxing contest; indeed, in no other sport is the unexpected more likely to come to pass. A win for Gunner Moir over Burns would mean bags full of Yankee dollars, in addition to a goodly number of our own golden pieces. Moir is as strong as a horse, a man built to stand hard buffeting, and providing he can acquire additional speed I fancy he will give the Canadian plenty to do. Moir is no booster; in fact, modesty is perhaps his cardinal virtue. He considers he has a chance. Many more are of the same opinion. Burns cannot be properly judged by those who have not seen him in the ring; but one who has informs me that Tommy would have found trouble with Kid McCoy. McCoy was over here years ago and lost to our ex-amateur champion, Ted White. On this form, however, McCoy improved wonderfully."

HOCKEY REBELS IN OTTAWA CLUB

Manager Bates Says That Pulford, Westwick and Smith Must Obey. Ottawa, Nov. 13.—The executive of the Ottawa hockey club is taking a firm stand against the uprising of some of the leading members of last year's team, who are out with a demand for an annual meeting, in which the men would have a say in the election of officers. For the past five years there has been no annual election of officers by the Ottawians, the same management controlling the team from year to year. Now the players, however, as the result of a financial dispute at the close of last season, want a better arrangement.

REYNOLDS TO WALK AGAINST HARTLEY

Toronto, Nov. 13.—It was announced today that Jimmy Reynolds, the Fort Hope barber, and David Hartley, Peterboro's famous walker, had been matched in a 12-hour contest, to take place at the Mutual street rink Saturday, Nov. 23. Reynolds and Hartley have both established themselves as long-distance walkers of exceptional ability, and there is the keenest rivalry between them as to which is the better man. The walkers will share the gate receipts, 50 per cent to the winner and 40 to the loser. The race will likely start at 10:30 a.m., and continue until 10:30 p.m. It will be a great test of endurance, and the walking champions will have the opportunity of settling the many disputes that have arisen over their previous exploits. All Peterboro will back Hartley to win, while Jimmy Reynolds has thousands of admirers, not only in Fort Hope, but in other places as well, who will give him their support.

HAD RIGHT TO PAY THE MONEY

The Action Against Mr. Birtwistle, as President of St. George's Society, Dismissed With Costs.

Decision was rendered by Chief Justice Mulock this morning at the assizes in the Bartram vs. Birtwistle case.

The case was dismissed with costs. The action was one in which Mr. W. H. Bartram sued as a shareholder of St. George's Society, to annul a grant of \$221.92, alleged to have been illegally paid to the treasurer of the society, George Pritchard, for past services in that office.

The judge based his decision on the fact that the bylaws of the society permitted of officers being reimbursed for services.

Some time ago it was found that Pritchard was short in his accounts to the extent of \$921. He promised to make good the shortage, but could not do so until relatives and friends came to his assistance.

Mr. Peter Birtwistle loaned him \$250 out of friendship; Mr. John Pritchard and Mr. J. E. Cox went jointly on a note for \$250, and the remaining \$400 was put up in cash by Mr. John Pritchard.

The treasurer was enabled to square his accounts with the society. At a meeting of the latter it was proposed, upon motion of Mr. Ed. Weid, to grant \$221.92 to the treasurer for 30 years' services, on the ground that he had been paid nothing in that period and was entitled to some remuneration. The motion was put by the president, Mr. Birtwistle, who declared it carried unanimously. Two members, Messrs. Bartram and Saunders, dispute this, as they did not vote. Mr. Birtwistle says that no opposition was offered to the motion, but Mr. Bartram contended that it was useless to make remonstrance in the face of such a large gathering, who, as he termed it, "had everything done and dried." Afterward he asked permission of the society to take action, but the privilege was denied him, except he did so as a private individual. He claimed that the constitution made no provision for such a grant.

George Pritchard subsequently repaid Mr. Birtwistle's loan. Mr. Cox also paid in \$50 on the note signed by himself and John Pritchard. Mr. Birtwistle later on voluntarily took up the Cox Pritchard note and assumed the liability of \$200. Mr. Birtwistle explains that he had no part in donating the society's money to Pritchard, and merely put the motion, as was the chairman's duty. "I loaned the \$250 to Pritchard without expectation of repayment," said Mr. Birtwistle, "as I knew he was in financial straits. When he repaid me, I took up the Cox-Pritchard note, and at the present moment I am out of pocket \$200 and interest. I don't expect to get this back, and assumed the obligation out of friendship."

LONDON'S CANINES BEST IN THE LAND

London dog fanciers are greatly encouraged by the success of their dog show, and already arrangements are under way for another show to be held Christmas week.

A great impetus has been given the business, and during the past few weeks over twenty thoroughbred dogs have been purchased in this city. A very large number of fine dogs have come to the city, and there are few places of its size that can boast of so many good dogs as London can at this moment.

Dr. Ford, of Danville, N. Y., one of the judges, was most enthusiastic over the show, and in a leading fanciers' journal gave an interesting account of the London show. He paid a glowing tribute to Col. McEwen for his splendid management of the show, and he also highly complimented the management on the splendid manner in which the show was carried on.

Among other things he says: "When the history of dog shows in America is written London will be spoken of almost as a New York. If we are correctly informed it was here that Mr. James Mortimore in 1883 made his debut as judge. Here it was that Mr. Charles H. Mason showed his famous variety team of English celebrities—the first dog show class that were imported from England for show purposes. In those days his friend and constant companion was Mr. W. H. Lacey. This show was a great success, and many others followed. Dr. J. S. Niven, of London, still actively interested, and as keen a sportsman as ever, was the first man to introduce our modern show dog and Irish terrier, and had the honor of judging the first show held at the New York show of 1881. Many good stories are told by the doctors of those early days, when dog politics were unknown and the true fanciers' spirit prevailed."

He also paid a glowing tribute to Mr. James Lindsay, Mr. A. H. M. Graydon and Dr. Drake for their courteous entertainment during his visit in this city. Dr. Fred L. Wood, the secretary, and the committee in charge, Capt. Smith, Dr. Tillman, Dr. Smith, and Messrs. Saunders, McCarron, Thomas and Oke, are also congratulated on their splendid endeavors to make the show so great a success.

Catarrh Invites Consumption

It weakens the delicate lung tissues, deranges the digestive organs, and weakens the general health.

It often causes headache and dizziness, impairs the taste, smell and hearing, and affects the voice.

Being a constitutional disease it requires a constitutional remedy.

Hood's Sarsaparilla Radically and permanently cures.

Sold by druggists everywhere. 100 Doses One Dollar.

TOO LATE TO CLASSIFY

WORK OF ANY KIND URGENTLY NEEDED by respectable Englishman. Address Box 59, Advertiser's office.

ST. MARTIN'S DAY

Pupils of South London Separate School Receive Prizes.

The seventh annual distribution of prizes took place at St. Martin's Separate School, South London, yesterday afternoon. The celebration of St. Martin's Day in this manner is a departure from the usual rule of commencement days, which are held at the close of school at midsummer, or in January, but in this school it is held on the day of its Patron Saint.

Many appropriate prizes were given to the little ones who were lucky enough to win them. The school was neatly decorated for the occasion, and it wore its usual bright appearance. A large number of the parents and friends of the children were present to join in the festivities of the day, and congratulate the teachers on the successful work of the year.

"Happy Greetings" from all the pupils, opened the programme. "The Buzz Song," by the little tots was next. The solo duet by Esther and Ruth Masurek, was particularly well rendered. The "Girls' Frolic" by eight little girls; recitation by E. McGinnis; hymn to the Holy Name; "Sailing Song," by St. Martin's Glee Club, and the song entitled "Jumping the Rope," by three little girls, were all well received. A fitting conclusion to their juvenile efforts was the national anthem, "God Save the King."

Words of appreciation and encouragement were spoken by Rev. Fathers Aylward, McKeown, Tobin, O'Neil, local superintendent of separate schools, and Mr. Martin O'Sullivan, whose name the school bears.

The young folks were then served with a dainty little treat of fruit and candy by Mr. O'Sullivan, and all went home happy and pleased with the day.

Local Items

A contract for new armor at Stratford has been let to Nagle & Mills, of Ingersoll, for \$13,000.

Rev. T. G. Wallace, of Woodstock, will be the preacher at the St. John's Church anniversary services on Sunday next.

Messrs. Dayton & McCormick will entertain their friends at the Palace Dancing Academy tonight. A large number are expected. Dancing at 9 o'clock.

A butterfly, alive and active, was captured in the top floor of Forsythemorrison's warehouse yesterday, and turned over to the Entomological Society.

Mr. Rehnitz, general manager of the Canadian Packing Company, left Monday night for the old country, accompanied by Capt. Howard Barnes, of London, England.

The increase in prices of liquors as outlined in The Advertiser some days ago is an assured fact, and the new schedule will go into effect next Wednesday. All hotelkeepers have agreed to it.

The special committee appointed to confer with the senate of the Western University regarding the new bylaws to be submitted will meet this afternoon at 5 o'clock. The whole situation will be thoroughly canvassed.

Isalah Antone, a Muncey Indian, was arrested last night by Acting High Constable Shaver on a charge of wife-beating. The alleged offense took place about a month ago. The accused will be given a hearing next Tuesday before Squire Chittick.

Prominent women workers from St. Thomas and Ingersoll have been invited to the meeting advertised by the Local Council of Women for Friday afternoon, to meet Mrs. Cummings at the Hotel, of Toronto, and to hear Mrs. R. M. Gram's report as delegate from London to the Vancouver convention.

Dog Taxes. The total number of dogs paid for now reaches 1,811. There are 46 more whose owners have been notified that licenses must be taken out. This is one of the largest returns from this department in some time.

Whist at Hyman Hall. The weekly whist tourney at Hyman Hall will be held this evening as usual. Both the compass and progressive forms will be played. A large crowd of the devotees of the silent game will be on hand. Valuable prizes are offered in both series.

Janitors Ask Increase. No. 2 committee of the board of education will meet this evening. One of the matters to be considered will be the petition of the janitors of the schools for an increase in pay. A committee from the janitors will be present, and will lay their claims before the committee. The janitors want \$75 per room.

Two-Minute Police Court. There was practically nothing doing at the police court this morning, and Magistrate Love disposed of the whole slate in less than two minutes. The case of Chief Williams against Mr. C. R. Somerville for building a wall around his premises was again adjourned pending the action of the court. A charge of assault laid by one young man against another was withdrawn. One first-time drunk was allowed to go.

Debate at the Western. The Western University Literary and Musical Society will hold a debate on Thursday evening, when the subject, "Resolved, that total exclusion of Mongolian Immigration (Chinese, Japanese and Korean) would be in the best interests of Canada." The debate will be conducted in the Oxford style, all the students taking part. A musical programme will also be rendered by the freshmen, Master Herbert Mowat and the double male quartet.

A Mitham boy named Wilkinson, who noticed a collie dog hiding something in a ditch at Figg's Marsh, and carefully covering it with earth, found thirty-seven pennies hidden at the spot. The dog had been taught to take pennies to a shop and buy himself a bun. Evidently when he was not hungry he put the money for a rainy day.

EXECUTION FOR FOUR AMERICANS

Decoyed Man To Mexico and Slew Him to Secure Life Insurance.

Mexico City, Nov. 12.—After delays and appeals, occupying nearly five years, the cases of C. T. Richardson, Wm. Mason and Dr. C. S. Harle, charged with conspiracy to murder in order to collect the insurance of their alleged victims, have ended and justice can save them from being shot at Chihuahua, Mexico, on Friday, Dec. 6, unless the governor of the state interferes, and this is unlikely. The supreme court of the republic has affirmed their sentence of death.

About June, 1901, there appeared in Chihuahua a Mr. and Mrs. Charles T. Richardson. The man was identified later by many persons from Reshler, N. Y., his former home, as Leslie E. Hulbert, a lawyer. A few days later Richardson met J. F. Ryan, of El Paso, manager for the New York Life Insurance Company. He applied to Ryan for the office of the company at Chihuahua and was appointed agent.

In a few weeks, William Mitchell, with a woman, arrived in Chihuahua. He changed his name later to Mason. The woman said she was Richardson's sister. Dr. Harle, who had been made medical examiner for the life insurance company at Chihuahua, at the request of Richardson.

Richardson wrote large policies for wealthy persons and the holders died so suddenly thereafter that the life insurance company sent a detective, W. J. Gray, to Chihuahua. He said he learned of the insurance agent's methods by pretending to join in the plot. Gray had the men arrested at El Paso.

Of the men insured by Richardson, who died suddenly, strychnine was found in the viscera of one and bismuth of mercury in the viscera of others. Dr. Harle confessed that he had added Richardson by making out false death certificates. He admitted he knew of the frauds, and that one of the men died of strychnine poisoning, but denied that he gave the poison. Harle, however, was charged, along with Richardson and Mason, with conspiracy to defraud, conspiracy to murder and forgery, and was convicted.

Richardson was charged with the invitation of the president and members of the stratford board of trade, of Montreal, last evening addressed a meeting in Stratford on the engineering points of the Niagara power scheme. Among those present at the meeting were the mayor of Stratford and all the prominent citizens of the city.

Among other things Mr. Read said: "The hydro-electric commission means what it says when it suggests \$17.50 per annum per horsepower, why shouldn't it be willing to sell the same current through a meter at the same corresponding price, namely, two-tenths of one cent per horsepower hour, or its equivalent of three-tenths of a cent per 1,000 Watts (1,000 Watts equal a kilo-Watt)." Since the law makes no distinction as between the rate of taxation imposed on each citizen, and since this project is to be developed with the money paid in by these same taxpayers, then it is a question, why should one taxpayer be able to get this current for a lesser price than the other?

Since it is a public utility, pure and simple, brought into your city just like water in a pipe under conditions, then I submit the question, why should the current which lights a residence cost the consumer sixteen times more than the current which drives a motor in a manufacturing plant?

The Supreme Court of the United States in a half-cent per 1,000 Watts (equal to one kilo-Watt) for the actual quantity of current consumed, which means that you will offer them nearly \$30 per annum per horsepower, and you do not reserve the right to use the current for any purpose. Will you accept such offer? If they will, then I advise you to go into it. To name a rate per horsepower per annum is not only misleading, but is utterly unjust. The current must be sold on a basis of so much per unit of quantity actually consumed. If it is undertaken on any other basis it will lead to endless confusion.

TO BE EXECUTED FRIDAY

Brutal New Brunswick Murderer Appears Indifferent to His Fate.

St. John, N. B., Nov. 12.—Radcliffe, the official hangman, reached here today to conduct the hanging of Thomas Collins, who will suffer the death penalty tomorrow for the murder of Mary Ann McAuley, niece and housekeeper of Rev. Father Home, who had in a cold-blooded one, without a single extenuating circumstance, shot and shows supreme indifference to his fate and does not seem to realize that it is so near death. He takes a keen interest in football.

CLANDEBOYE. Clandeboye, Nov. 12.—Rev. C. Simpson is visiting his parents in this place.

Miss Hattie Jell, of this place, is visiting her sister in Galt.

Mr. James Pitman spent a day recently with friends in Ailsa Craig.

Mr. Joe Beale, of St. Thomas, spent a few days here this week.

Dr. Jones, of this place, who was

Analysis of Strong's BAKING POWDER

by the analytical chemist of the Dominion of Canada. "Strong's Baking Powder is found to have very high aerating power. It is a cream of tartar powder containing no alum or phosphate, and it is not adulterated."

Alum baking powders are sold to consumers at from 10c. 15c to 20c a pound. So detrimental to health are alum baking powders considered that in many countries their sale is prohibited. Strong's Baking Powder, 25c per lb.

W. T. STRONG Dispensing Chemist, 124 DUNDAS STREET.

Call and get one of our new Cook books, free

visiting friends in Edmonton, has returned home.

Mr. James Sealer, of this place, intends leaving here for California.

Mr. S. C. Chown has been to Kingston attending the funeral of his mother.

Mr. James Atkinson intends building a skating rink here this fall.

Mr. J. A. Mourad made a flying trip to Edmonton.

Miss Hicks, of Centralia, is visiting friends here.

NEED HUGE SUM FOR DISTRIBUTING

Figures Furnished By Hydro-Commission Stagger the Toronto Controllers.

Toronto, Nov. 13.—Toronto's controllers were staggered last night when the figures for the distribution of Niagara power were submitted to them. There is such a tremendous discrepancy between the figures submitted by the commission and the private firm asked to prepare estimates that the citizens as a whole are uncertain what to do. The whole affair does not bring any comfort to the government, and there does not seem to be much comfort for the citizens. In the figures there is considerable interest for Londoners.

The figures prepared by the firm of Cecil B. Smith, Kerry & Chace, are given as follows: There are two systems, which estimates are given. The cheapest is for an expenditure of \$4,250,000, the other calls for an expenditure of \$5,250,000. The figures are also interesting from the fact that they were prepared by the firm of Cecil B. Smith, formerly a member of the hydro-electric commission, and a confidential advisor of the commission for some time.

The figures prepared by the commission's engineer in 1906 for the distribution of power called for an expenditure of \$1,066,191. In 1907, the figures submitted called for an expenditure of \$2,463,441 for an elaborate plant, capable of distributing all the power necessary for the city's use. The plant capable of distributing 12,439-horsepower would cost \$1,851,582. The annual charges, sinking fund, operating expenses, etc., on the first would amount to \$95,741 per annum, and on the latter \$546,681.

In other words there is a difference in the commission's figures and those of the city engineer's of \$2,738,559, taking the highest figures in both cases. This is rather a serious discrepancy, and is more than the estimated cost of the plant given by the commission's engineer. The difference in the lowest figures amounts to more than a million and three quarters.

There was considerable discussion over the figures last night, but the controllers did not know what to do about it. The difference was not higher than they had anticipated, and was not to be denied. They had not considered that the cost would exceed two and a half millions at the extreme. That the estimates have exceeded this is rather mysterious to them, to say the least.

A conference will be arranged shortly to have the question more thoroughly discussed.

There is a possibility of an arrangement being arrived at by the controllers and the electric company for the distribution of the power without the city going to the expense of erecting a plant. It has been intimated from authentic sources that such an arrangement can be made.

EIGHT-HOUR FIGHT FUND

Federation Takes Step to Combat the Manufacturers' Association.

Norfolk, Va., Nov. 12.—The American Federation of Labor convention took aggressive steps toward the establishment of a universal eight-hour working day in a sufficient, and discussed the raising of a fund without the fight of the war against organized labor that its executive council reported had been made through the Manufacturers' Association, with an available fund of \$1,500,000.

The executive committee's report discussed many features of the year's activity.

Toronto is seeking next year's convention.

MANY APPLICANTS FOR NESBITT'S JOB

Toronto, Ont., 12.—When Hon. J. J. Foy reached his office this morning he found the letter of Dr. Beattie Nesbitt resigning the registration of West Toronto waiting for him. Already several names are mentioned in connection with the vacancy, the most prominent being that of Mr. Arthur Wallis, chief editorial writer of the Mail-Enterprise. Other names mentioned are those of Hon. Thos. Crawford, W. J. Hambly, Dr. Wilson, commissioners of the board of license commissioners, and Dr. John Noble. It is thought probable that the Government will fill the most almost immediately.

A NEW THAW WITNESS.

Pittsburg, Pa., Nov. 12.—Miss Ida Veronica Simonton, of this city, whose name was frequently mentioned during the trial of Harry K. Thaw, returned home today after spending a year and a half in the jungles of Africa. She said today:

"I will go to New York and testify in the Thaw case. I have not been subpoenaed, but will answer a summons from either side. My testimony will change the whole complexion of the case. The story told by Mrs. Charles J. Holman of her being depicted in London is true. I will not say which side my testimony will favor."

R. J. Young & Co. R. J. Young & Co.

A 75c Black French Taffeta, 59c

If you have searched for a reliable Taffeta for less than 75c of late, you'll appreciate the opportunity offered of securing a genuine black all-silk cloth with this unusual price-saving attached. No hope for duplicating this silk at the price. Anticipate your future needs and buy liberally.

Twenty inches wide, rich high-finished Chiffon Taffeta, stamped selvage. French manufacture and French dye, satisfactory wearing quality. You'll not find a silk to compare favorably with this at less than 75c per yard. Extra special this week. 59c

An All-Wool Cashmere Stocking

Full-fashioned, spliced feet and elastic ribbed top. Regular 45c pair. Young's special, 2 pairs for....75c

Guaranteed Chiffon Taffetas

Black—At Less Than Prices Quoted Before the Advance. Three pieces only Swiss Taffeta, chiffon finish, extra bright rich silk, guarantee stamped on selvage. Regular price is now 90c. Extra special this week. 75c

All-Silk Taffetas at 59c Regular 75c. Colors—Brown, navy, light gray, cardinal, reseda, Nile. No taffeta in the trade to sell at 50c, so we've reduced this special 75c line to 59c meet, at per yard. 59c

PRESBYTERIANS OPEN CONVENTION

"Demand of Men in Extension of the Kingdom" Discussed at First Session.

Cincinnati, Nov. 13.—The second annual convention of the Presbyterian Brotherhood of America opened in Music Hall tonight, and will continue until Friday. There are about 2,000 delegates from all parts of the country in attendance. The attendance is larger than the previous convention and exceeds many of the assemblies held by the Presbyterian Church. All the sessions of the convention are open to persons of all denominations except the fellowship meeting, which is to be held Wednesday night. This meeting will be by card.

The first session was opened by W. A. Evans, and Rev. Robert Watson, of this city, with praise and prayer. Rev. Charles P. Goss, of this city, made the address of welcome, which was responded to by Rev. John Clark Hill, of Springfield, O., chairman of the assembly's committee on brotherhood.

Then followed an address by S. D. Gordon, of Madison, N. J., on "Putting Things First."

The next speaker was John W. Foster, former secretary of state, on "The Layman and Foreign Missions." Rev. R. B. Coyne, of Ottawa, on Sunday and discussed at length plans for making the archives of more general value to the public, and reorganization of the present staff. Sub-committees were appointed to consider how best to make available to the public the records of Canada the many valuable and interesting records now accumulated by Dr. Doughty.

A GOOD YEAR FOR THE MILKMEN

Price of Cheese During 1906 Was Highest Ever Known in Canada.

Ottawa, Nov. 12.—The annual report of the Minister of Agriculture for 1906-7, just issued, notes that the season of 1906 was the most satisfactory for the milk producers' standpoint in the history of dairying. The yield of milk was up to the average, while the price of cheese was the highest ever received. The manufacture of cheese and butter has increased in the general prosperity, because their expenses have increased in revenue. In some sections, however, patrons of factories are recognizing the wisdom of paying a fair price for manufacturing.

For the last fiscal period of nine months the butter exported was 18,078,508 pounds, at a valuation of \$4,011,697, compared with 18,078,508 pounds, valued at \$7,075,337, for the fiscal year 1905-06. Of this amount \$3,865,925 was sent to Great Britain, compared with \$6,809,033 in 1905-06. The cheese exported was 178,413,507 pounds, valued at \$2,036,584, compared with 215,844,544 pounds, valued at \$2,435,120 for the fiscal year of 1905-06. The exports to Great Britain were \$2,988,879 for the nine months, compared with \$2,300,300 in 1905-06.

During the season upwards of 70,000 head of cattle were shipped from the Canadian Northwest, this being by far the largest number ever sent forward.

The committee on the commission of the Agricultural Department in Ottawa on Saturday and discussed at length plans for making the archives of more general value to the public, and reorganization of the present staff. Sub-committees were appointed to consider how best to make available to the public the records of Canada the many valuable and interesting records now accumulated by Dr. Doughty.

A RIDGETOWN WEDDING

Ridgetown, Nov. 13.—The marriage of Miss Jessie Jane Macoun to Rev. Christopher Simpson, was a happy event this morning at the Church of the Advent, Rev. Mr. Softly, of Morpeth, officiating.

The bride was becomingly attired in white silk with lace bolero, and wore the customary bridal veil and carried the cream roses. Miss Mabel Johnson, the bridesmaid, wore green silk mull and carried pink carnations. Mr. Carlyle, of Lucan, supported the groom.

Miss Macoun was given away by her uncle, Mr. Johnson, at whose home the wedding breakfast was served. The happy couple will reside in Algoma district, where Rev. Mr. Simpson is accomplishing much good work as a missionary.

MRS. ANNIE BRADLEY'S CASE

Washington, Nov. 13.—The trial of Mrs. Annie M. Bradley, charged with the murder of former United States Senator Brown, of Utah, was resumed in district criminal court No. 1 today. The prisoner made her appearance promptly, and was again the object of general attention. The court room was crowded.

Among those present were the 26 talents belonging to the royal panel, and on soon after the beginning of the session the court began the selection of the jury. The case has attracted so much attention that it will be difficult to secure twelve men who are unprejudiced to sit on the case.

Mrs. Bradley's counsel say, however, that they do not expect to have over-particular in the selection of the jury, and that all they want is men of intelligence and fairness.

Used in All Hospitals

Only dietary articles of the very highest merit are used in hospitals. For this reason

is a staple article of hourly use in every hospital in Canada. The doctors recommend it, the nurses use it freely, the patients plead for it.

By Royal Warrant

Purveyors to The King

LOCAL MARKET.

London, Nov. 3, 1907. There were 18 loads of hay offered today; sales were fairly brisk at \$15 to \$17.50 per ton. Straw sold at \$5 to \$5.50 per ton. Oats were lower in price at \$1.55 to \$1.61. Wheat sold today at 96c per bushel.

WEEKLY REVIEW.

The amount of business transacted at the market the past week was considerably in excess of the previous week. While there was a fairly general demand in all lines, lower prices prevailed, especially for dressed hogs. The supply of hay was larger than a week ago, and the same may be said of potatoes.

GRAIN.

There is a fair demand for oats, and prices at present are \$1.60 to \$1.65 per cwt.; most of the sales are made at the higher figure. The dealers and millers say that there is going to be a big slump in prices. Wheat is down to 96c per bushel.

HAY AND STRAW.

Hay and straw are coming in per barrel. For the choice kinds, such as the past three days. Prices are a little lower at \$16 to \$16.50 per ton for second quality, and \$17 to \$18 for the choice loads. Straw is not as scarce as a week ago. Prices were at \$3 to \$3.50 per ton.

BUTTER AND EGGS.

Butter and eggs—Butter is just a trifle easier at 27c for crocks and 28c for powder rolls. Eggs are also lower in price, as the dealers claim they can get all that they require at 25c per dozen for fresh laid, on the market, 27c per dozen for the basket lot.

POTATOES.

There has been a number of loads offered and dealers have received several car loads which has lessened the demand from the farmers. Sales are made in the open market at 80c to 85c per bag by the load; from the dealers they can be obtained at 80c per bag in wholesale lots.

FRUITS.

Apples are plentiful, especially the inferior kinds. There is no sale for pear stock at 50c per bag or \$1.25 per barrel for the choice kinds, such as Spies, Greenings and Kings, 30c per bag or \$2.25 to \$2.50 per barrel. Grapes are dull at 20c and 25c per basket. Pears sell at \$1 to \$1.25 per bushel.

CHESTNUTS.

Chestnuts are lower at 35c to 36c per bushel. Poultry—Chickens sell at 8c per pound alive or 9c to 10c dressed. Old fowls are very plentiful, as the farmers are getting rid of their surplus stock. Sales are made at 5c per pound alive or 7c dressed. Ducks, 8c alive or 10c to 10c per pound dressed. Geese, 8c per pound dressed. There is no demand for them alive. Turkeys sell at 11c per pound alive or 12c to 13c dressed.

DRESSED HOGS.

There was a larger number offered than in any one week for two or three years. Prices declined 50c to \$1 per cwt. than last week's quotation. Sales are made at \$7 to \$7.50 per cwt. Prices are expected to go lower.

LIVE HOGS.

Price paid here Monday was \$5.75 per cwt for select. Prices at Toronto are lower than last week, and this will no doubt affect this market. There is little or no sale for small pigs. Some sell as low as 50c each; most of them are sold at \$1 each.

BUTCHERS MEAT.

Beef sold at \$4.50 to \$5.00 each. Veal, \$7 to \$8.50 per cwt. Lamb, 10 to 12c to 11c per pound. Mutton, \$5 to \$5.50 per cwt. Pork, hind-quarters 9c to 10c per pound, and 8c to 9c for front quarters.

HIDES.

Prices are half a cent per pound lower for No. 1 and 2 for Nos. 1, 2, and 2 grade. LIVE STOCK PRICES. OLD COUNTRY PRICES. London, Nov. 12.—Canadian cattle are firmer, at 10c to 12c per lb. dressed weight; refrigerator beef is quoted at 10c per lb.

CHICAGO.

Chicago, Nov. 12.—Cattle—Receipts, about 20,000; market weak. Lower beef, \$3.25 to \$3.60; cows, \$1.15 to \$1.45; calves, \$2.50 to \$2.75; steers, \$3.20 to \$4.10; western, \$2.25 to \$2.45; Texans, \$3.20 to \$4.10; western, \$2.25 to \$2.45.

STATE BANQUET AT WINDSOR KING AND KAISER PLEDGE PEACE

Windsor, England, Nov. 12.—In the historic hall of St. George, at Windsor Castle, King Edward and Queen Alexandra gave a state banquet this evening in honor of the German visitors. The hall, which for centuries has been associated with the Order of the Garter, was decorated with the banners of the principal knights of the order, while the tables were adorned with the famous golden plate, one of the great heirlooms of the sovereigns of England. Departing from the usual custom, King Edward and Emperor William sat side by side, with the Queen on the right and the Empress on the left.

Around the tables, which were set for 120 guests, there was gathered a most brilliant company, including many members of the British royal house, the suites of the visiting sovereigns, cabinet ministers and former cabinet ministers and ambassadors and other diplomatic representatives. Among the ambassadors was Mr. Whiteley Reid. King Edward proposed the health of Emperor William, who made acknowledgment in a short speech, closing with a toast to the English King.

ADAMS KNEW OF HIDDEN CORPSE

Spokane, Wash., Nov. 12.—Buckley Wells, former adjutant-general of Colorado, testified in the Steve Adams trial at Rathdrum, Idaho, this afternoon. He told of first having seen Adams May 27, 1906, at Orchard, Idaho, of a man named Barney who had been killed in the labor trouble there.

COBALT

All mining stocks bought and sold. Private wire to Toronto, New York and Western stock exchange. H. G. BEGHER. 473 Richmond Street East.

WINDSOR MARKET.

Windsor, Nov. 12.—Wool.—The situation is almost devoid of features. Very little is being received, and prices are nominally unchanged. Quotations are: Unwashed, 12c to 15c per lb.; washed, 22c to 25c; rejects, 15c to 17c.

HIDES, SKINS AND TALLOW.

Toronto, Nov. 12.—Hides.—The market for country hides is inclined to weakness, although there has been no change in quotations this week; there is no sale for horses, inspectors' skins and cows, No. 1, 7c; No. 2, 6c; No. 3, 5c; do, country hides, including sheep, 10c to 12c; lambskins, 7c to 8c; horsehides, No. 1, \$2.75 to 3c.

LEATHER MARKET.

Toronto, Nov. 12.—Leather.—Trade is fairly firm in every variety of sole and upper leather. Inspectors' skins and cows, No. 1, 7c; No. 2, 6c; No. 3, 5c; do, country hides, including sheep, 10c to 12c; lambskins, 7c to 8c; horsehides, No. 1, \$2.75 to 3c.

PRODUCE MARKET.

Toronto, Nov. 12.—There are a number of features in the local market which would seem to prove that farmers are continuing to market coarser grades in preference to horses, inspectors' skins and cows, No. 1, 7c; No. 2, 6c; No. 3, 5c; do, country hides, including sheep, 10c to 12c; lambskins, 7c to 8c; horsehides, No. 1, \$2.75 to 3c.

ENGLISH MARKETS.

Liverpool, Nov. 12.—Wheat—Spot steady. No. 2 red western winter, 7s 1d. Futures firm; December, 8s 2d; March, 8s 2d; May, 8s 3d.

STOCK MARKETS.

New York, Nov. 12. Open, High, Low, Close. Amal. Copper, 49 1/2, 49 1/2, 46 1/2, 46 1/2. American Smelting, 67 1/2, 67 1/2, 60 1/2, 60 1/2.

ADAMS KNEW OF HIDDEN CORPSE

Former Official Relates Confessions Alleged Slayer Made to Him.

Spokane, Wash., Nov. 12.—Buckley Wells, former adjutant-general of Colorado, testified in the Steve Adams trial at Rathdrum, Idaho, this afternoon. He told of first having seen Adams May 27, 1906, at Orchard, Idaho, of a man named Barney who had been killed in the labor trouble there.

FOSTER AT BLENHEIM ASSAILS GOVERNMENT

Blenheim, Nov. 12.—Hon. Geo. E. Foster was the principal speaker at the political gathering held here tonight, and in his usual manner denounced every conceivable proposal to pick flaws in the Government's policy.

SELLING CATTLE AT BARGAIN PRICES

Kingston, Ont., Nov. 12.—A panic has struck the farmers in the rear of Addington over the probable shortage of stock, and there was a wholesale slaughter of stock, meat and hides being sold at most ridiculously low prices.

BRITISH

"I am always pleased to see you. You do your work exceedingly well. But you need not be afraid of me, and I will not leave you," said Judge Willis to a solicitor who appeared at South-west county court on Monday.

MARRIED AT ST. THOMAS

Mr. J. J. Roney, of This City, Joins the Army of Benedictus. A pretty wedding was solemnized by Rev. Father Weet at the Church of the Holy Angels in St. Thomas yesterday, when Miss Lizzie Foley, daughter of Mrs. Eliza Conaghan, of this city, was married to John J. Roney, of this city.

BOTH ARMS BROKEN

Mr. John Cameron, of St. Marys, Meets With Painful Accidents. St. Marys, Nov. 12.—Mr. John Cameron, who is working with his brother-in-law, Mr. George Brown, of Brown & Co., of the planing mill, and who is driver of a one-horse delivery rig for the firm, met with a very painful accident yesterday forenoon.

DISMAYED AND LEAKING

Hull, N. S., Nov. 12.—The Italian bark Affordino, which left Weymouth N. S. 11 days ago bound for Buenos Ayres with lumber, put into Halifax harbor last night battered and leaking, with masts and sails gone. All the deck cargo was swept away.

EVANGUARY IN GLEE SUIT IS DROPPED

Declares \$50,000 Action for Alienation Was Unfounded. Cincinnati, Nov. 12.—Eva Tanguay literally jumped for joy behind the scenes at the Columbia Theatre this afternoon, when she received word of the formal dismissal of the \$50,000 suit for alienation of affections brought against her in New York by Martha B. Zittel, wife of C. P. Zittel.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of Dr. J. C. Watson. In Use For Over Thirty Years. CASTORIA. THE CENTAUR COMPANY, NEW YORK CITY.

SOUTH PERTH LIBERALS Continued from Page One. previous speeches. The power policy of the Government, he pointed out, ought to be provincial, an arrogant man, he had taken the stand he had merely for the purpose of hurting the Niagara power scheme, but he could inform Mr. Beck, by whom the statement was made, that it was two years ago when he first called attention to producer gas, and to the need of the large proportion of the province which was outside the electric power supply zones receiving some consideration.

LONDON AND DISTRICT
—The many friends of Mrs. Wm. H. Leakes, of Delaware Township, will be pleased to learn of her recovery from recent illness.

—Any person wishing to purchase horses, especially real fast ones, should attend Johnston Bros' sale tomorrow afternoon at the Western Fair barns. These horses are bred right, and there are a number of colts among the lot that will certainly develop into speed, and will be heard from in the near future on the track. Also a first-class lot of brood mares. All to be sold; the sale to commence at 1 o'clock.

—An Assyrian youth with the English name of Joseph John, and an unpronounceable native appellation, appeared in the Woodstock police court charged with peddling goods without a county license. The peddler had a license for Middlesex County, but was selling goods near Swainsburg, in Oxford. A man named Hill telephoned the local police, and the foreigner was apprehended. He spent the night at a local hotel, and yesterday morning was fined in the sum of \$25. He was employed by S. David, a London merchant, he said. In court he professed to be nearly entirely ignorant of English, but his worship thought he could understand if he wanted to. Not having the ready money, the man's goods were held while he telephoned to London for financial aid.

Division Court for the third district was held at the court house yesterday. Judge Elliott presided. There were about 30 cases of judgment summons, and other cases were heard.

Over Double Track.

Amusements
I'm Married Now.

Considerable interest is being manifested in the coming engagement of that funny comedian, George F. Hall, in the new musical vaudeville mix-ture, "I'm Married Now." It is the clever work of Mr. Hall and the specialty introduced by the capable company, that "I'm Married Now," owes its popularity. There is a merry jingle to it all the way through, and the music is bright and catchy. The company, which is a large one, is unusually strong and pleasing. "I'm Married Now," is full of the real George Hall fun. As William Howdy, the millionaire hobo, or born tired gentleman, George is seen in the style of character which suits him best. It will appear at the Grand Trunk tomorrow evening.

The Favorite Scotch Play.
Kirk La Shelle's excellent company and elaborate scenic production of "The Bonnie Brier Bush," will again come to the Grand Saturday, matinee and evening. This announcement will undoubtedly give pleasure to those of our theatergoers who have witnessed previous performances of this enduring Scotch play, for it is known to be one of the few theatrical entertainments that increase in popularity with repetition. No later day play has been the recipient of more genuine commendation than "The Bonnie Brier Bush."

There are several ancient privileges attached to the post of armorer to the King. One of these gives him a right to dine at the King's table at least once a week; another enables him to demand a golden goblet from the master of a year. Mr. Robert from the master of the post, does not claim either of these ancient privileges. On state occasions, however, he wears the gorgeous uniform of his office, which is no doubt far more ornamental than comfortable.—Tit-Bits.

"Tramway," a very useful word universally employed in Great Britain, but hardly ever heard here, is derived from "Outram's ways." Outram being the first man to lay iron plates on wooden stringers. "Tram" is an old word, meaning, at various times, a sled, a car. The word "tram" was used before Outram's time for designating a plank road or even a highway. The fact that the name of the builder of the first railway ended in "tram" is probably a coincidence.

EVERYBODY WAS WELL PLEASED WITH 7TH REG'T BAND CONCERT
A Splendid Success of Opening Entertainment—A Popular Programme Presented.

The inaugural concert given by the Seventh Regiment Band in the armorials last night was a splendid success. A very large crowd was present, and the splendid success of the evening augurs well for such concerts in the future. Everybody was well pleased with the entertainment.

The band, under the careful training of Bandmaster Slatter, has become a concert band of no mean ability. There were forty musicians in uniform, and many of them were soloists of reputation. In all their selections they showed careful preparation, and grasp of their work. The programme was a varied one, and struck the popular fancy, not in being cheap, but in being very good.

One of the most interesting selections of the evening was "Les Cloches de St. Malo." The new concert chimes of the band were shown to splendid advantage, and added not a little to the enjoyment of the occasion. The other members of the programme were carefully selected, and proved very entertaining. Bandmaster Slatter was the recipient of many congratulations on the splendid work of his musicians. There will be few better bands in Ontario than the Seventh Regiment very shortly.

Miss Isabel Wilkie, who has established a reputation as one of the best contralto singers London has heard in "The Magic of the Voice" in splendid voice. She was enthusiastically received, and was compelled to respond to an encore. Her encore number was the old Scotch song, "My Ain Folk." It was sung with exquisite interpretation, and made a very vivid impression on the audience. Her rich tones and splendid range, make her voice indeed a notable one. Master Albert, son of Bandmaster Slatter, possesses a soprano voice of great range, and exceptionally pure tone. He sang "The Better Land" splendidly, and was given a warm reception. He adds considerably to the singing strength of the city.

Miss Grace Hiney, daughter of Band-Sergt. Hiney of the Seventh, recited "How the Lancashires took Spion Kop" in a very pleasing manner, and was given a hearty encore. She is a good elocutionist for a juvenile.

Band-Sergt. Hiney gave a cornet solo. He is a musician of distinction, and made a decidedly good impression. Lieut. Gordon Hunt, who needs no introduction as a singer, was also in good voice, and was well received.

The male chorus of the band and the male quartet, composed of Messrs. Slatter, Reid, Woodward and Hayson, added not a little to the pleasure of the evening.

Before the completion of the programme Major A. A. Campbell was called to the platform, and presented the prizes and medals won at the recent shooting competition. He was assisted by Capt. McCrimmon. The Beck trophy was presented to Pte. Fagan, of the Seventh, and the City of London cup was presented to Sergt. Black, of the R. G. R. The medal presented by Capt. McCrimmon for the best shot among the non-commissioned officers was won by Sergt. Butler, who is a devotee of the best sports in the regiment. The medal given by the sergeants' mess for the best shot among the sergeants was won by Sergt. Insley.

Giant Lottery Concern Unearthed By Uncle Sam
Many Arrests Made and Express Companies May Be Involved.

Chicago, Nov. 12.—A morning paper today says: The biggest lottery in operation in the United States, which has been running for more than twenty years, with headquarters in Chicago, is claimed to have been exposed last night by arrests in this and other cities. The United States secret service men assert that the promoters of the scheme have made millions of dollars and that there are big men behind it who will be reached through the prosecution of the men now under arrest.

Under the name of the Old Reliable Guaranty Loan and Trust Company, it is alleged the lottery maintains three luxuriously furnished offices and a large printing establishment here. Secret service agents, Harry T. Donaghy, Otto F. Klinko and Lawrence Richards, raided all four of the establishments last night, and obtained thousands of tickets, lottery paraphernalia, checks and returns from agents, and the plates from which the tickets were printed.

D. H. Jones, alias D. H. Kissam, was arrested as the head of the concern, and John E. Miner as a partner. Miner claimed to be in the real estate business. Warrants were issued for Miss Cora Green, confidential secretary of Jones, and Walter Schimsky, the book-keeper at the local headquarters. At midnight Jones, Miner and Miss Green were arraigned before U. S. Commissioner Mark Foote, and held under heavy bail for trial.

George K. Geisler, then St. Louis agent of the concern, was arrested in that city and a large number of lottery tickets and records confiscated. Frank Falker, agent at Fort Wayne, Ind., was arrested by Agent Donaghy. Charles and Royal Hammer were arrested at Indianapolis by Agent Klinko and John Markland was arrested at McKeesport, Pa. All were held under heavy bonds.

The secret service men from the records that they obtained, expect to make more than 200 arrests in various cities of the country. An attempt will also be made to involve express companies as agents or accomplices under the federal act of 1895.

In several places, and when the two were in New York they lived together for some time before Caldwell married.

TRY TO IMPEACH AMERICAN'S STORY
Duke of Portland Is Fighting Hard to Save His Dukedom.

London, Nov. 12.—Attorneys, acting for the sixth Duke of Portland, are gathering every bit of evidence they can in and around New York, regarding the affairs of Robert Caldwell, who told a sensational story in the London courts last week, regarding the alleged dual life of the fifth Duke of Portland during the trial of the case brought by the heirs of T. C. Druce, who, it is claimed, was the real fifth Duke of Portland.

Caldwell's life history has been called to the lawyers representing the duke, and it is stated, when Caldwell takes the stand Friday for cross-examination, he will be confronted with a mass of facts that will be used as the basis of an effort to shake his testimony that he arranged to bury T. C. Druce when the latter decided to abandon his double life and live as the duke only.

TRY TO IMPEACH AMERICAN'S STORY
Duke of Portland Is Fighting Hard to Save His Dukedom.

London, Nov. 12.—Attorneys, acting for the sixth Duke of Portland, are gathering every bit of evidence they can in and around New York, regarding the affairs of Robert Caldwell, who told a sensational story in the London courts last week, regarding the alleged dual life of the fifth Duke of Portland during the trial of the case brought by the heirs of T. C. Druce, who, it is claimed, was the real fifth Duke of Portland.

Caldwell's life history has been called to the lawyers representing the duke, and it is stated, when Caldwell takes the stand Friday for cross-examination, he will be confronted with a mass of facts that will be used as the basis of an effort to shake his testimony that he arranged to bury T. C. Druce when the latter decided to abandon his double life and live as the duke only.

One of the affidavits obtained was made by Nathaniel Inch, who declared that he and two other men now living in New York, worked with the witness in Londonderry at the time the supposed duke was buried, and that Caldwell was at no time away from the grain mills where they were employed. Mr. Inch is positive in his assertion that Caldwell never knew either Druce or the Duke of Portland, and that he had nothing to do with the alleged mock funeral.

Mr. Inch says he has known Caldwell for nearly 50 years, and that he was associated with him for nearly 40 years. He says they worked together

AN INSPIRING ADDRESS
Given by Rev. A. K. Birks at Meeting of the W. C. T. U.

The regular meeting of the Woman's Christian Temperance Union was held on Tuesday in the lecture room of the public library, with the president, Mrs. E. R. Black, in the chair.

The devotional exercises were led by the Rev. A. K. Birks, of Akin Street Methodist Church, who made a prayer full of that note of gladness which should be the spirit cry of all Christians, instead of the minor chord they too often sound. This was followed by an explanatory reading and address from the second chapter of Ephesians, drawing attention to the expression in the second verse, "the prince of the power of the air."

The speaker assured his hearers that this was a real personality, and a real power, and one not to be in any way lightly estimated, as he is second only to God in power. But fearless of this, through divine power, there is hope and triumph for those who, being of the Temple of God, "Jesus Christ himself being the cornerstone," are "huddled together for an habitation of God through the spirit."

Addresses were given by Mrs. T. Miller and Mrs. Black, re the Provincial convention held in Cornwall. Two new members were received and other business attended to, and the meeting closed with prayer and praise.
