

CORK HOMES OF IRISH REBELS DESTROYED BY SOLDIERS

UNIVERSITIES' DELEGATIONS TO BE ASKED TO SUBMIT LOWEST POSSIBLE AMOUNTS REQUIRED

Royal Commission Conferring Today With Representatives of the Four Institutions Involved—Building Needs of Western University Set at \$1,300,000, With Maintenance Grant of \$200,000.

Toronto, Jan. 20.—The royal commission on university finance conferred today with representatives of Toronto, Queen's and Western universities with a view to discussing their financial requirements and in order to find out what is the bed-rock minimum figure that will cover their needs.

The three universities have totalled before the commission budgets which in the aggregate total over \$8,000,000. Of this sum, \$6,475,000 is to meet building requirements, as follows: Toronto, \$4,150,000; Western, \$1,300,000; Queen's, \$250,000, and Ontario College of Education, which is affiliated with Toronto, \$300,000.

The balance of the grand total, namely, \$1,525,000, represents the maintenance grant asked to finance the coming session of 1921-22. Toronto requires \$1,038,000; Queen's, \$344,000, and Western, \$200,000.

The three universities point out that these respective annual grants will have to increase from year to year to keep pace with their growth.

NOTE OF RATEPAYERS ONLY POSSIBLE WAY OF SOLVING NEW CITY HALL PROBLEM

Money Not Available Till Citizens Have Had Opportunity of Expressing Opinion—Plans Are Still Under Preparation—Mayor Little Has Nothing To Say.

While plans for the new city hall are still under way today, actual arrangements for the project were practically at a standstill because of the revelation that the council had greatly overestimated the funds at its disposal.

Several aldermen admitted today that they believed an appropriation of \$200,000 had been authorized by the legislature in 1919, but that investigation showed this was not the case. The appropriation was only approved on the understanding that more money would be taken on it. The fact that this money is not available will make it impossible to proceed with a building until more money is available.

Mayor Little was not able to say regarding the situation today. He intimated that he might make a statement of policy within a few days.

A vote of the ratepayers is considered as one of the ways of solving the problem of the new city hall. The various policies in regard to city hall could be submitted and authority obtained to make the necessary expenditure.

BRIAND OUTLINES POLICY; PROGRAM IS EXTENSIVE

New French Ministry Appears Before Parliament.

Paris, Jan. 20.—Aristide Briand's new ministry made its first bow before parliament today, and the new premier, M. Briand, and Philippe Berthelot, general secretary of the French foreign office, sat until after midnight finishing the declaration of policy which was submitted this morning for final approval to the whole cabinet. This meeting was held at the Elysee Palace, and was under the chairmanship of President Millerand.

It was forecast that the declaration would not be of the kind which says "our program can be told in a few words." On the contrary, it was said to be of considerable length, attempting to give, as far as possible, the light of the foreign policy of France the result of which brought about the downfall of the League administration.

S. A. C. EMPLOYMENT BUREAUX TO CLOSE; GOVERNMENT ORDER

Same Order May Be Issued in Regard to City Office.

EFFECTIVE JANUARY 31

Duplication of Effort Given As Reason for the Order.

All employment bureaux operated by the Soldiers' Aid Commission will be closed January 31, A. D. E. Harley, the city council's representative on the local committee, stated today.

The work in future will be handled by a special department of the Provincial Government Employment Bureau, which will deal exclusively with ex-soldiers. In London it is probable that William Casson, who has been conducting the employment work of the commission, will be given charge of the new department.

The action is being taken by the Government because it believes the present system results in unnecessary duplication of work. The Soldiers' Aid Commission for some time has been practically a government department. The employment bureau is also a government institution. Thus, the Government had two departments carrying on the same line of work.

The decision will have an important bearing on the local situation. Because of complaints regarding the administration of the government bureau the city opened an employment office in the Soldiers' Aid Commission building. The commission was asked to conduct this for the city on the understanding that all expenses would be paid. The Government decision to abolish the Soldiers' Aid Bureau may mean that he will have to withdraw from the city office.

May Close City Office. The city office will not have to close as a result of the order, as there is no legislation at present prohibiting the operation of such an office by a municipality. The Government has hinted, however, that such legislation is contemplated.

TECHNICAL EVIDENCE GIVEN BY OFFICIALS AT 'PHONE INQUIRY

Board Will Hear Arguments of Legal Counsel Next.

Ottawa, Jan. 20.—(Canadian Press.)—Proceedings at the telephone rates inquiry before the railway board this morning and the prospects for the telephone industry in Canada are still a few witnesses to be examined, after which the board will hear arguments by no less than nine counsel.

Evidence of an extremely technical nature given by officials of the Northern Electric Company, which supplies the Bell company with most of its equipment, occupied the morning sitting.

J. S. Cameron, the assistant superintendent of the Northern Electric Company, was under examination for over two hours. The crux of his evidence was that sales to the Bell Telephone Company are based upon cost of material, plus cost of manufacture, plus ten per cent profit.

A. C. McMaster, counsel for the Toronto Board of Trade, was able to show in connection with the purchase of copper wire that one other element of profit enters into the transactions.

According to McMaster, the cost of the cable is based by the Northern Electric Company on the cost of wire and not on the cost of rods, the one process of manufacture being eliminated in the compilation.

U. S. COLLECTED DUTIES OF \$337,000,000 ON IMPORTED GOODS

Washington, Jan. 20.—The United States collected revenues amounting to approximately \$337,000,000 in 1920 on imported goods, valued at \$2,108,000,000, it was learned today at the department of commerce. Goods amounting to about \$2,000,000,000 were admitted to the country.

The largest item in the dutiable list of goods imported was foodstuffs, partly or wholly of foreign origin, valued at \$1,120,000,000.

Crude materials for use in manufacturing, amounting to about \$1,550,000,000 in value, headed the list of free duty items.

DISTRICT PENSIONS OFFICE REVISED WITH D. S. C. R.

Orders Received Today As Result of the Recent Order-in-Council Passed by Federal Government—No Changes in Personnel.

As a result of orders received from Ottawa, the work of the local pensions district office was today amalgamated with the D. S. C. R., it was announced at D. S. C. R. headquarters.

Although the change will be only nominal for the time being the two offices will come entirely under the head of the D. S. C. R. as soon as the change can be effected.

The two departments have been working under separate heads in the past. As a result of an order-in-council passed by the Federal Government recently the change was authorized. Although the order went into effect several weeks ago in the western

'BREAK' BETWEEN MORRISON AND DRURY IS GIVEN CONSIDERATION

U. F. O. Chiefs Discuss Issue in Early Morning.

MAKE NO STATEMENT

Burnaby Intimates Question Was Taken Up At Session.

Toronto, Jan. 20.—Hon. E. C. Drury, premier of Ontario whose difference with J. J. Morrison, organizer of the United Farmers of Ontario, has developed considerable discussion, was invited to the meeting of the U. F. O. executive at noon, and spent some hours in conference with his colleagues.

The other members of the U. F. O. executive were R. S. Laves of Cayuga, who is ill, and Alex. Noble of Bridge, whose father died this week.

The question of Premier Drury's policy in regard to the party was only touched on last night, and it was stated that a good deal of room for discussion would be left for today's session before the government's attitude could be considered again.

At 11 o'clock it appeared as if the U. F. O. executive would be extended to Premier Drury to attend today's meeting.

Toronto, Jan. 20.—The situation precipitated by the open break between Premier Drury and J. J. Morrison over the premier's "broadening out" policy was discussed by the U. F. O. executive at the meeting of a session that lasted from shortly after 8 o'clock until 1:30 o'clock this morning.

The executive had been in session all afternoon and until midnight, before the controversy had its turn, the earlier discussion having to do with matters of a general nature.

At 11 o'clock it appeared as if the U. F. O. executive would be extended to Premier Drury to attend today's meeting.

UNABLE TO ACCEPT ORDINANCE

Toledo, O., Jan. 20.—Unable, its officials say, to accept the service-at-cost ordinance adopted by Toledo voters in the November election, Toledo Railway and Light Company today asked for a meeting of the city council.

The result of investigations into the matter of the city council, which was caused more than \$200,000 damage to school buildings of the academy recently.

FRESHMEN HELD ON CHARGES OF ARSON

Syracuse, N. Y., Jan. 20.—Austin L. Ingersoll, 17, of Elmira, a member of the freshman class at St. John's Military Academy at Manlius, last night was locked up in the county house jail here to await action on three indictments for arson in the third degree, as a result of investigations into a fire which caused more than \$200,000 damage to school buildings of the academy recently.

The district attorney said the cadet made a statement admitting he had set fire to three buildings. According to the prosecutor, the youth stated destruction of school property would probably result for the remainder of the year, and he would then return to his home in Elmira.

SOLEMNIZE DEATH OF ST. FRANCIS

London, Jan. 20.—Pope Benedict has made public an encyclical letter inviting the Christian world to solemnize in 1925 the seventh centenary of the death of St. Francis of Assisi, founder of the Order of Franciscans, says a Central News dispatch from Rome.

MULE BREAKS LEG ON SOUTHERNER'S HEAD

Huntsville, Ala., Jan. 20.—The claims of Joseph Jones of Merriam, to hospital attaches here, that he had "some bean" was borne out today when his story that he had been kicked by a mule on the head, and that as a result the animal was "lving helpless with a broken leg," was investigated and found to be true.

Jones said his way was blocked by a stray mule, and he made threatening gestures to frighten it away. It refused to stampede, however, meeting the assault with a well-directed kick to the brow. The mule's leg was broken in two places. It was pronounced a helpless cripple and shot.

Council Insists Police Enforce Sunday Laws

Berwick, Pa., Jan. 20.—Strict enforcement of Sabbath observance laws here is demanded by the police in order the Berwick council today.

The ordinance, enacted so long ago as 1860, has been in force ever since. Under the order, soda fountains, ice cream parlors, newspaper stands, will be directed by the police to remain closed on Sunday hereafter. Gasoline stations are included in the ban, and motorists who remain at home until Monday unless some can be borrowed. No newspapers will be sold, either on the streets or in stores, and drug stores may only fill prescriptions and dispense medicines.

WATCHMAN IS HELD IN CONNECTION WITH WORCESTER FIRES

Police Are Making Vigorous Search to Land Suspected Incendiaries.

Worcester, Mass., Jan. 20.—City and state police pursued vigorously today their inquiry into the series of mysterious fires which destroyed property worth \$1,500,000 in the business and manufacturing districts yesterday.

The result of the investigation was that incendiaries were at work, and directed that all suspicious characters be kept under close watch.

Police guards were placed around most of the public buildings in the city and the watchman forces in privately owned buildings were doubled.

A report of attempted incendiarism in the tenement district of Grafton Square last night came to the police today from Mrs. P. W. Fitzpatrick.

Awakened by a noise in the rear of her home, she said, she saw from the window two men near a barn that is used as a storehouse. One carried a torch, and was apparently about to enter the barn cellar when she cried out to him. He dropped the torch and both men fled, she said.

REVEALED BY THE MOVIES

Kansas City, Mo., Jan. 20.—O. W. Page went to a moving picture show the other night. One of the films showed the New Year's festivities at a local hotel.

Today Page brought suit for \$20,000 against H. H. Souder, an apartment hotel owner, alleging alienation of his wife's affections.

According to Page, the picture showed Souder and Mrs. Page participating together in the festivities. Mrs. Page recently obtained a divorce from Page.

Military Authorities To Adopt Drastic Measures to Insure Safety.

AREA IS RESTRICTED

Proclamation Applies Only to City and County of Dublin, and County Meath.

Dublin, Jan. 20.—The military authorities issued a proclamation today declaring that if bomb and firearm attacks on crown forces in motor cars continue "known rebels will be regarded as hostages for the safe conduct of the occupants of all motor vehicles which are the property of the armed forces of the crown."

The police applies to the city and county of Dublin and county Meath.

MILITARY FORCES DESTROY HOUSES OF CORK REBELS

Cork, Jan. 20.—The first official destruction for attacks on crown forces in Cork city since martial law was enforced in this area was carried out this morning when two houses in Washington street, where two members of the Royal Irish Constabulary were attacked on Saturday last, were destroyed by military forces.

The military authorities assert crown forces were fired on Saturday night, and that the "two worst" were selected for destruction.

New York, Jan. 20.—The American committee for relief in Ireland announced today that Quakers were to be sent to Ireland to study the situation.

PLANNING AID FOR IRISH SUFFERERS

Committee in Montreal Will Appeal for Destitute Women and Children.

Montreal, Jan. 20.—A committee of twelve persons, with power to add to their numbers, has been formed here with the object of raising money for the relief of the destitute women and children of Ireland, suffering as a result of the famine.

The committee is composed of representatives of the entire community regardless of race, creed or political opinion.

Seventy-five persons attended. Major Knox Leet was chairman of the evening. He emphasized the point that the meeting had been called in the name of humanity and because it was thought that Canadians, who had not been slow to relieve the miseries of the people of Central Europe, would welcome an opportunity to send some assistance to the relief of those in distress.

WILL PRESENT DATA. Washington, Jan. 20.—Data as to sociological and economic conditions in Ireland, as gathered by the Women's International League, had been presented today for presentation by Miss Louie Bennett to the commission of the League of Nations.

ARMED MOB AND POLICE FIGHT IN UPPER SILESIA

London, Jan. 20.—A wireless dispatch from Berlin reports that an encounter has occurred at Brochowitz, Upper Silesia, between an armed mob and the plebeian zone police. The fighting lasted for several hours, and the report and casualties occurred on both sides.

LONDON MOTHERS DEMAND IMMEDIATE BUILDING OF CENTRAL HIGH SCHOOL

Sub-Executive of Mothers' Clubs Calls for Resignation of Trustees If Decision Is Not Reached Wednesday Night—Deplores Great Delay That Has Resulted From Differences of Opinion in Regard to Collegiate Institute.

That the mothers' clubs of the city are bound to see that the local school board shall come to some decision immediately with regard to the Collegiate Institute question is evinced in the following document, drawn up by Mrs. (Gertrude) Wren of the Union Mothers' Club, as the result of an informal meeting of the sub-executive held Wednesday afternoon at her home.

The document demands a central collegiate institute (size not defined), to be built on the old site, and guarantee given that it be ready for occupancy by September 1st of this year. The document also suggests that it would be well if the board of education would confer with a representative delegation from the mothers' clubs in the same spirit as they allowed the past trustees to present their opinions a week ago. It is said that if the deadlock between the trustees is not broken next Wednesday it will be necessary for all the trustees to resign and a new election to take place.

Deplores Loss of Time. The sub-executive of the Union Mothers' Club (which executive included two members of the club, of which eleven were present at the meeting yesterday), fully realize and deplore the time and trouble spent by the members of the board of education on this question last year, but deplore the fact that so much valuable time has passed without result, and feel that the appeal cannot be made too emphatic that the mothers' clubs for immediate action of some definite kind.

The mothers regretted that the public schools had to be used for such a lengthened period, as the seats were very unsuitable for older pupils, and many were suffering from the cramped positions imposed upon them. On the other hand, it was thought that higher seats had been installed for their use, the public school children suffered.

"The trustees, therefore, should come together on this vital point and concentrate their energies on getting that school under way without delay. Trustees Must Resign."

"At a recent meeting of one of the mothers' clubs a member of the board of education stated that if the deadlock between the trustees is not broken next Wednesday, they would all have to resign and another election take place. On the other hand, if a decision was arrived at, it would be final, as the question could not be again reconsidered for another year."

"It is most important, therefore, that the best solution should be found at once, and though it is wise to look to the future, the present needs are very urgent and demand prompt attention. It would obviously be worth while if the board of education would confer with a representative delegation from the mothers' clubs in the same spirit as they allowed the past trustees to present their opinions a week ago."

BORAH'S RESOLUTION CALLING FOR ARMAMENT REDUCTIONS PASSES SENATE COMMITTEE

Washington, Jan. 20.—Senator Borah's resolution proposing negotiations for reduction of naval building by the United States, Great Britain and Japan, was reported favorably today by the Senate foreign relations committee.

In lieu of the original proposal that the negotiations look to a reduction of 50 per cent in future building for five years, the committee proposed that the negotiations provide for such reductions as can be agreed upon.

No record vote was taken on the Borah resolution, but that offered by Senator Walsh, Democrat, Montana, proposing that the United States have a representative participate with the disarmament commission of the league of nations, was defeated 8 to 3 on a straight party alignment.

"BIG SIX" WAGING WINNING FIGHT AGAINST T. B.

New York, Jan. 20.—Christy Mathewson, former star pitcher of the New York Giants, who for seven months has been fighting a hip-and-lug game with tuberculosis, scored yesterday when he left his bed for the first time.

Swathed in bandages, he sat up in an iron chair and wheeled out on the front porch. As his wife sat beside him, both of them smiling, the pitcher registered 20 below zero, Christy said. "I'm happy and know that I'll get well again."

Peggy Marsh Is Wed to American

Washington, Jan. 20.—The marriage of Peggy Marsh, English actress, to Albert L. Johnson, member of a prominent New York family, was celebrated at Greenwich, Conn., on January 5, became known here today.

The bride is confined in a sanatorium here, where she recently underwent an operation for appendicitis. Miss Marsh has occurred at Brochowitz, Upper Silesia, between an armed mob and the plebeian zone police. The fighting lasted for several hours, and the report and casualties occurred on both sides.

CLAIMS PREVENTION CAMPAIGN SAVED G. T. R. \$500,000

Employees and Shippers All Benefited by Instructions Issued.

As the result of a claims prevention campaign inaugurated by the G. T. R. one year ago, a total saving of \$500,000 was effected during 1920, according to an announcement made by local officials.

Although the savings involved a large sum of money, the amount of money generally had not advanced its price during the past year, increasing as it did the average amount of money involved in claims, the saving would have been much greater.

Superintendent C. F. Forrester, of the local division, points out that if goods generally had not advanced its price during the past year, increasing as it did the average amount of money involved in claims, the saving would have been much greater.

At the first of last year a splendid organization was put into the field to reduce the loss of goods through the loss of money in the most important centers. At these meetings instructions were issued to employees on the proper methods of loading and of handling cars. Advice was also issued to shippers on the proper methods of packing freight.

The officials of the G. T. R. are highly pleased by the way in which the employees co-operated in the attempt to cut down the losses.

DROPS DEAD WHILE FIRE DESTROYS HOME

Glen Falls, N. Y., Jan. 20.—As he stood watching fire destroy his home at Glen Falls, today, Edward Wolfe, a farmer, was stricken with heart failure and fell dead. Three hundred dollars was found concealed in a bureau which was saved from the flames, and it is said that Wolfe had a much larger amount concealed in the cellar.

A short time ago the retail price of Red Rose Tea (Crimson Label) was reduced 10 cents a pound.

Whenever conditions permit, the price will again be reduced, but never to such an extent as to lower the quality.

You will always find the quality of Red Rose Tea all you expect it to be—the same good tea for over 25 years.

The reports of the Ladies' Aid, the forward movement and the missionary work were all favorable.

MORTGAGE REDUCED.
The mortgage on the church is now \$8,830. A material reduction in it was made during the year.

To carry out the work of the church properly, \$800 more than was estimated last year will have to be raised.

The meeting adjourned until a week from Wednesday, when several important reports will be made.

KNOX.
The preliminary meeting to the 36th annual meeting of the Knox Presbyterian Church was held in the Sunday school room on Wednesday night.

The Young People's Club and the women's organizations of the church gave their reports, all of which appeared to be the most successful in the history of Knox Church.

The new elders and other officers of the church will be elected, and the main congregational meeting and supper will be held on Friday, Jan. 22, at 6:30 p.m. The board of managers' report will be given at this meeting.

ST. PAUL'S.
The annual congregational supper and meeting of St. Paul's Church, West London, was held on Wednesday night. Reports of the various departments were given, showing the church to be in a flourishing condition. A. J. Cody and William Barnett were re-elected to the board of management for three-year terms. George Wilcox was appointed treasurer. The ushers appointed for the year were William Rae, Hugh Wyatt, J. W. Nairn, William Barnett and E. Nichol.

ST. ANDREW'S.
The first session of St. Andrew's annual meeting was held last night in St. Andrew's Hall. It was announced that the gifts had been increased by \$20,000 over those of last year. Seventeen thousand dollars of this increase was raised for the forward movement, but a surplus of \$2,000 is left over that of the previous year. The total sum raised for all purposes was \$46,781.11. The organization of the church each submitted excellent reports. The young people's organizations of the church were in particularly good standing.

J. C. Middleton was elected president of the Missionary Association, of which organization the following are the new officials: J. H. Cameron, first vice-president; Alexander Pardon, second vice-president; and J. R. Donaghy, secretary-treasurer. The second session of St. Andrew's meeting will be held next Wednesday, and the congregational supper held.

NEW ST. JAMES'.
Rev. James Mackay's salary was raised from \$2,600 to \$3,000 by unanimous vote of the members of the congregation assembled at the annual meeting of New St. James' Presbyterian Church last night. Three hundred dollars was added to the usual \$1,200 salary for the choir for New Year. In order that a leading tenor and a leading contralto might be secured, a leading soprano is in the choir at present. Mr. McKay thanked the congregation for its action and for the support he had received throughout the year. The past twelve months had been the most successful in the history of the church.

James Gray was elected chairman and J. A. McNaughton secretary for the evening.

The nominating committee consisted of the following: William Moore, H. B. Muir, E. G. Gormel and William Flowers. Its recommendation that G. W. Kennedy be elected to the board of managers for one year, and P. B. Fetterley, C. Benson, D. G. Patterson, J. C. McDonald, and W. H. Messer for three years, was acted on.

Other officers elected were: Treasurer,

John A. Campbell, W. T. Brown, pew steward, and W. A. Tanner and J. S. Moore, auditors.

IN THE LONDON BILL

Validation of Home for Incurables Bylaw To Be Sought Through Government.

Validation of the bylaw to grant \$50,000 to the Women's Christian Association for a new home for incurables will be obtained through the London bill. The voters on January 1 gave a substantial majority of 1,524 votes, \$34 for it and 2,150 against it.

The total number of people entitled to the bylaw was 12,153. The municipal act requires that one-third of the persons entitled to vote shall approve the bylaw, which would mean in this case that 4,051 votes should have been cast in favor of it. As the actual vote cast was only 247 votes less than that, and as there was a majority of well over 1,500 for it, it is felt that no difficulty will be experienced in securing validation from the Legislature. The vote in favor of the Children's Hospital was 4,141, that the validation is not needed in this case.

URGES IMPORTANCE OF ROAD REPAIRS

Reeve of London Township
Outlines Plans for Busy
Year's Work.

Arva, Jan. 20.—At the inaugural meeting of the London Township Council held in the hall here, Reeve Edward Douglas made a short address, in which he impressed upon the council the importance of the work to come before them during the year. He emphasized the necessity of choosing capable, painstaking assessors, who will endeavor to comply with the new regulations and duties imposed on them by the last session of the Ontario Legislature, as well as those imposed on the roads by the older provision of the assessment act.

He also spoke of the necessity of building and repairing the roads to carry the present day traffic most satisfactorily, the great need for proper drainage before grading and surfacing, and trusted that the council would work harmoniously together to obtain the very greatest results from the money expended.

First Deputy Reeve Taylor spoke briefly, and moved a vote of thanks, which was seconded by Second Deputy Reeve Fuller, to the Rev. Mr. Bartlett for his kindness in attending and opening the council with prayer. The reeve tendered a vote of thanks to Mr. Bartlett.

Commissioners Named.
It was moved by W. J. Fuller, seconded by W. G. Taylor, that A. C. Hodgins be commissioner for St. Andrew's Ward, E. Douglas for St. David's, W. C. Taylor for St. George's, W. J. Fuller for St. Lawrence, and G. E. Harvey for St. Patrick's Ward, carried.

Moved by W. G. Taylor, seconded by W. J. Fuller, that the ward appropriations for 1921 be 1 mill on the dollar of assessed value. Carried.

In view of the fact that the roads in St. Andrew's Ward are most expensive to keep in repair, as there is no gravel in the immediate neighborhood, and that the ward appropriation is not sufficient to cover as much work in proportion to the other wards, it was moved by W. G. Taylor, seconded by W. J. Fuller, that the overfund of St. Andrew's Ward at the end of 1920 be struck out. Carried.

A letter was received from W. J. Scott, stating that the insurance premium covering accidents on the township roads has been increased to \$150 per annum. Moved by W. J. Fuller, seconded by A. C. Hodgins, that the question of accident insurance be referred to the reeve and the first deputy reeve with power. Carried.

Scale of Fees.
The scale of fees for D. R. O. and poll clerks was set as follows: D. R. O. taking oath, \$2 and mileage; taking poll, \$5, returning box to clerk, \$2 and mileage; booth, \$5; constable, \$2; for poll clerks attending to take oath, \$2 and mileage; taking poll, \$3.

Moved by W. J. Taylor, seconded by A. C. Hodgins, that for the purpose of assessing the township be divided into two sections, St. Andrew's, St. David's and St. Patrick's Wards to be one section and St. George's and St. Lawrence Wards the other. Carried.

Moved by A. C. Hodgins, seconded by W. J. Fuller, that the salary for the three north wards be \$200, for the two south wards, \$400.

An amendment was moved by W. G. Taylor, seconded by W. J. Fuller, that the salary for the north wards be \$350, for the south wards, \$450.

Amendment voted on and carried. Applications for the position of assessors were received from M. H. Rosser and W. R. Bacon.

Appointed Assessors.
Moved by A. C. Hodgins, seconded by W. J. Fuller, that M. H. Rosser be assessor for the three north wards and W. R. Bacon for the two south wards. Carried.

Moved by George E. Hudson, seconded by W. G. Taylor, that C. E. Carmichael and T. A. Fraleigh be auditors, at \$15 each. Carried.

Moved by W. G. Taylor, seconded by W. J. Fuller, that John Geary be a member of the local board of health. Carried.

Moved by George E. Hudson, seconded by W. G. Taylor, that the reeve and clerk be authorized to sign and submit to the minister of public works and highways of the Province of Ontario, the petition of the corporation of the township of London showing that during the period January 1 to December 31 there has been expended upon the township roads the sum of approximately \$15,000, and requesting the statutory grant on that amount as provided by the Ontario highways act and amendments thereto. Carried.

OFFICERS ELECTED
Royal Scarlet Chapter Holds Annual Meeting at Belgrave.

Belgrave, Jan. 20.—The Royal Scarlet Chapter of Morris held its annual meeting last night, and after the routine business had been transacted, the election of officers for the new year was proceeded with, and resulted as follows: W. C. E. McCreary, E. L. C. Charles Johnston; chaplain, Charles King; scribe, P. M. Scott; treasurer, J. J. Ferguson; sergeant-at-arms, John Scott; lecturers, R. Owens, E. Netherly; heralds, H. Leishman and C. Keat.

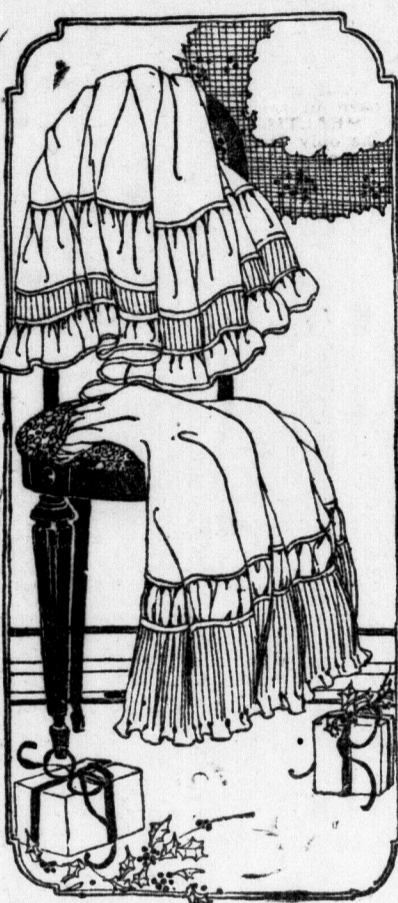

After the elections Comps. W. Watson, C. Coultres and C. Keating were exalted to knighthood. The new officers were then installed. The rest of the evening was spent in speeches, music and social intercourse.

ANNOUNCEMENT

My Dear Friend Public :

"I take the liberty of addressing you that I may acquaint you with my predicament. Ten weeks ago I brought to Lon- don a first-class company of players, and have for the past ten weeks offered for your approval some of the latest and best plays obtainable. During that time I have lost ten thousand dollars. I gambled on London being a city progressive enough to support a stock company. Every city of any size or promi- nence in Canada has a stock company, and they all do enough business to warrant their existence. What is the matter with

and not a hamlet. If Winnipeg, Toronto, Hamilton, Montreal, etc., can support a stock company, London should and can. Very few business establishments in the city have a pay roll that exceeds mine of fifteen hundred dollars a week. Every dollar taken in at the box office goes back into the channels of trade in London, and I dare say every business establishment in the city benefits directly or indirectly by our being here. Other cities, I believe, do not have their theatres so well patronized as we have.

them, for they realize that we are an asset and an attraction for out-of-town people.

Please don't misunderstand me. I am not begging and don't expect or want anything for nothing. I am selling a two-dollar article for seventy-five cents, and those people who have attended my performances are unanimous in saying they are delighted, but the unfortunates in the vast majority of the minority, I need fifteen hundred more patrons a week. Surely in a city like London there are enough discriminating people to start a stock company and employ me as a regular performer. I am a man. You have heard the company is good and you intend to come, but you keep putting it off. Won't you please set aside one hour a week and not only see me, but perhaps I can surprise and delight you and you will help our remaining

here possible. People told me I was crazy to come here with an objective to come and help me. I said, I am not mad, that my faith in your city was justified. Come and see our performance of Polyanna, and the box office will be open so you can stop in on your way out and get your money back if you are dissatisfied.

If you come I think you will be pleased and will agree with me that I'm doing my bit to help push London into the front rank of big progressive Canadian cities.

Every man with the interest of London at heart should be ashamed to ask me to do anything less.

find support here. I had faith in your city, I brought the company here and I've lost a lot of money for a little fellow, but I still have faith and I'm going to continue to present plays until the sheriff nails up the front door, for I still believe London is a city and not a hamlet, and that in time my efforts to please you will be rewarded.

Yours gratefully,

WM. A. GREW

FOR NATIONAL INSURANCE.
Prof. A. F. Pollard of London
University writes in the Contemporary
Review advocating a school of
historical research as a national in-
surance against costly mistakes in
policy. Prof. Pollard does not pre-
tend that historical study will enable
anyone to predict the future, nor
will historical study make a states-
man out of the historian, but what
he does contend is that historical
study will make the statesman a
better statesman and that govern-
ments might be provided with much
better information than they have
hitherto been obtaining for their
guidance.

Prof. Pollard regards the events
of March, 1918, as a classic example
of failure to take account of the
lessons of history. If there is one
lesson emphatically taught by his-
tory, he says, it is that you cannot
invade an enemy country across an
uncommanded sea. The Spanish
Armada showed that, the experience
of the Allies in Gallipoli confirmed
it, yet in March of 1918, when
Gough's front was being broken,
hundreds of thousands of troops
were retained in England for fear of
invasion. No appeals from France
availed until the mischief was done.
Then, when it ever there was risk
of invasion, two hundred thousand
troops were rushed to France to
stop the very advance that their
absence had provoked. Hundreds of
thousands of casualties and hun-
dreds of millions of pounds was the
cost of that mistake.

The writer cites also a civil case
arising out of the war where failure
to take account of past experience
has been costly. This is the famous
De Keyser's Hotel case, recently
fought through the British courts,
to determine whether the defence
of the realm acts entitled the execu-
tive to commandeer property with-
out compensation, or perhaps more
accurately, whether compensation
was to be a matter of grace or of
legal right. Reference to conditions
in numerous past wars would have
enabled a trained historian quickly
to settle any doubt on that question,
but the executive proceeded without
that preliminary inquiry and a mis-
ter of the crown has estimated the
cost to the nation at a thousand
millions. Not all of this would have
been saved had the principle been
clearly established beforehand that
it would be necessary to give com-
pensation, but, as the writer points
out, "a realization of that obligation
would have dictated a circumspec-
tion and economy in the executive,
and exercised a restraint upon
bureaucratic wastefulness, which
would have saved the nation from
no small part of its present burden
of debt."

Prof. Pollard makes out a good
case for the practical value of his-
torical studies. A line might be
taken as representing the present.
On one side of that line is the past,
on the other side the future. Along
the line are a multitude of bodies
and forces, each moving into the
future in a direction and with a
speed of its own. Nations are there,
big and little; economic and social
and religious forces are there; only
by history may we ascertain their
directions and speeds and forecast
the possibilities of collision. "The
man who sees only the present is
more than half blind, and the politi-
cian and voter without some histori-
cal knowledge is like a submarine
without a telescope. It is useless
simply to know things as they are;
we want to know what they will be,
and we have no means of guessing
what their future will be unless we
know what they were, whence they
came, how they travelled and why
they moved. History is the dossier
of mankind."

MUCH ADD ABOUT NOTHING.

Several Canadian newspapers are
making a great fuss over the rumor
that Lora Burnham is to be the next
governor-general of this country.
Burnham, according to these jour-
nals, is Lord Northcliffe's candidate
for the position, and therefore is not
wanted, although just why being
backed by Northcliffe makes Burn-
ham undesirable is not made quite
clear. Does it really matter much
who is appointed to the position?
Canadians know that the position of
governor-general of this fair Domi-
nion is largely decorative. The in-
cumbent of the vice-regal chair
would no more think of interfering
in Canada's domestic affairs than
would the gentleman he represents
of interfering in the affairs of the
British Commons. Any occupant of
the vice-regal chair who acted other-
wise would be quickly put in his
place. Anyway, the assent of the
Canadian Parliament is required to
any appointment the Home Govern-
ment may make. The governor-gen-
eralship constitutes a pleasant so-
cial link between the two countries,
providing he has the necessary wealth,
tact and social standing, it is of
little consequence who occupies
Rideau Hall. To insinuate that Cana-
dian autonomy may be menaced by
certain men should one of them suc-
ceed Devonshire is sheer nonsense.

EXILES OF DESPAIR.

Driven from Eastern Europe, re-
fused entrance to the United States,
six hundred Polish Jews—Exiles of
Despair—are now imploring by all
known means for admission to Can-
ada. Most of them are now housed
in immigration quarters in Quebec
and Montreal. The burden of their
request is brief and startling. "If
we are sent back to Poland we shall
be murdered," so they bitterly im-
plain. And Canada, with her in-
creasing list of unemployed and
anxious men, is thrown in a quan-
dary by these imploring requests for
entrance. When an immigrant is
turned back at the port of entry he
always has the right to make a peti-
tion. About 600 petitions are now in
hand, and a goodly proportion end
with the dramatic words quoted
above: "If you turn me back, I
shall be murdered."

In the city of Cracow, in Poland—
where rounded Russian domes,
square flat roofs like those of Con-
stantinople, and the pointed spires
of Western European style vie with
each other in strange contrast—
there is a small, dark, Jewish quar-
ter. It has been the scene of many a
fierce attack in times past. The men
who live there are mostly tailors,
and resemble closely enough the
Jewish tailors living in those
crowded ghettos of Toronto and
Montreal. This year attacks on Jews
in Poland and in Hungary, in Czech-
Slovakia and in Yugoslavia, have
been particularly bitter and fierce.

From Cracow many have escaped and
fled to America. With them came
many from neighboring cities in
Poland, from Austria, Czech-Slo-
vakia, Hungary. Exiles of a different
faith have fled from Syria and from
Armenia. How like the cry of the
Trojans, shipwrecked on the shores
of Africa, sounds their plea. Then a
little remnant of the citizens of
Troy under Aeneas sought out
Queen Dido in her temple, and, in
the dim shadows, one spoke for all:

"Myself distressed, an exile and
unknown,
Debarred from Europe and from
Asia thrown,
Alas! what earth remains,
What sea
Is open to receive unhappy me?"

So the old tale relates how the
queen herself suspended the rigid
immigration laws and gave the Tro-
jans shelter.

MOUSE THAT CROSSED FLEET ST.

[Aberdeen Journal.]
What do you think was the most
wonderful thing a wounded American
soldier saw in England? A mouse
crossing Fleet street. Mr. J. R. Raynes
tells the story in his book, "The Pa-
geant of England."
"That darned mouse," he told Mr.
Raynes, "wanted to be on the other
side, and he starts off from a pave-
ment just in front of a motor bus.
What a nation of sports! Durned if
that driver didn't clap his brakes on
enough to bring the bus over, put out
his arm to stop the traffic behind, and
tells the mouse to look quick. And
it did. A taxi-driver coming up the
other side stopped short and fetched
everybody up behind him. All eyes
were on the mouse, and when it got
across the Red Sea flowed on again,
but I reckon that was the biggest thing
I saw in London."

BEHIND THE SCENES.

[The London Express.]
A French writer once made one of
his characters say: "Behind every
man's success or failure there is a
woman." Woman is essentially the
playwright of existence. Standing in
the wings, she sends her male pup-
pets swashbuckling, serenading, con-
quering, falling across the stage. She
listens to the applause or 'boos' and
like the supreme artist that she is,
suffers or is made happy with her
actors. Sometimes, it is true, she
grows tired of the solitude of the
wings and ventures into the glare of
the footlights for herself. Then there
is turmoil. Her men turn on her—
they will share neither the applause
nor the rewards—they refuse to
crown her with degrees. They say the
stage is theirs. Unfair, perhaps... But
most women know that authorship is
a higher art than acting, and are con-
tent.

OTHERS' VIEWS

THE REVOLVER AGAIN.

[Ottawa Journal.]
A man called Griffith, said to be un-
sound in mind, walked into a Montreal
broker's office and shot the manager
dead. Why should a man of un-
sound mind, or for that matter, of any
kind of mind be carrying a revolver?
Every year hundreds, yes thousands
of terrible tragedies are enacted on
this continent because people are per-
mitted to carry guns; but nobody in
authority appears to care. There is
a law on the statute books which
says that no person shall carry a re-
volver without a permit, but it appears
to be useless in safeguarding life.
The Journal would like to see the
matter taken up at the coming session
of parliament, and a law passed re-
stricting revolvers to those to whom
their use is absolutely essential.

"IS LIFE A BOON?"

[The Nomad in the Boston Transcript.]
In Bath, England, where lies
Locke's grave, the relatives of a
woman who lately died were com-
pelled to go to the town council in
order to obtain permission to carve
upon her gravestone in the cemetery
named the words, "Is Life a Boon?"
Just those, question mark, and all.
There is something alarming, and a good
deal that is serious, in the words; but
when the epitaph came before the town
council, there were of course
fools who were able to base a dog-
berry farce on it. This colloquy en-
sued:
Councillor Smith—You will be
putting riddles on headstones next.
Councillor Hacker—There are some
things already.
Councillor Biggs—it won't interest
the person underneath.
After exhibiting its stupidity suf-
ficiently, the council actually voted to
permit the inscription. As a matter
of fact, the words are from a song of
Gilbert's in "The Yeoman of the
Guard."

Is life a boon?
If so it must befall
That Death, when'er he call
Must kill too soon.

The lines are good, though their con-
clusion is a not-sequitur. So far as
the logic goes, the poet might as well
have written:
Is Soup a boon?
If so, it must befall
That Beef, when'er it comes,
Must come too soon.

Life may be good, and Death also
good; and after a good full life, Death
will not come too soon. It was a
greater poet than Gilbert who wrote:
Sleep after toyle, port after stormie
seas,
Ease after warre, death after life,
does greatly please.

The entire stanza, by the way, be-
ginning, "Is life a boon?" is carved
on Sir Arthur Sullivan's monument in
the Embankment Gardens in London.
On his own tomb the Nomad would
rather have the lines of Spenser just
given.

WOODROW WILSON'S PHRASE-MAKING.

[Pro-German Bayard Hale.]
"Woodrow Wilson's utterance goes
home in clear, strong sentences. He
is master of statement. He is real all
through, from top to bottom—there
isn't a sliver of him in his hand, and
time shows so high a level of thought,
his logic is perfect. His fine type of
culture shows originality, a knowledge
of men and a passion for facts."—
(Woodrow Wilson, by William Bayard
Hale, 1912).
"Vagueness and reiteration are the
secrets of his verbal power. All his
life he has hid his head in phrases,
he hears nothing through the years,
he is the merest purveyor of platitudes,
never pretending to an original theory
"Woodrow Wilson's Style, by William
Bayard Hale, 1920).

PLAYING 100 GAMES AT ONCE.

[Detroit News.]
Newel W. Banks thinks nothing
of playing a few dozen simultaneous
games of checkers, for he is champion
of the United States. In Chicago re-
cently he established a record when
he won 86 and tied fourteen out of 100
simultaneous games.

GET OUT AND BOOST.

[Toronto Globe.]
Even if you are simple-minded
enough to believe the dismal business
stories that are told you by other sim-
ple-minded persons who believe what
they have been told, don't pass them
on. Then you won't have any regrets
later, when you find that the dismal
stories are untrue.

LIMITATION AND OUTPUT.

[Guelph Herald.]
By all accounts, the volume of em-
ployment in Great Britain has been
rising rapidly, and present indications
are that it will be great still. In Eng-
land, as here, the limitation of output
has long been believed by many, if not
a majority, of labor unionists to be a
legitimate weapon, but during the war
many cherished labor usage had to be
relinquished in face of imminent na-
tional peril. Some of these the sanest
leaders and friends of labor recognize
had better never return. The decline
of the unemployment difficulty recently,
Mr. J. H. Thomas, the well-known
British railwaymen's leader, said:
"Nothing is so fatal as the doctrine
of doing as little as possible in order
to find work for others. I think we
shall recover from our present diffi-
culty if for six months we have the
spirit of 1914 again. Let us frankly re-
cognize that both the employers and
men are something to each other and
both have to be together."

MORE THAN HEALTH NEEDED.

[London Daily Express.]
Humor is hidden to the man with no
society in his soul; the real beauty of
poetry and the joy of music are only re-
vealed to those who can bring to the
something of the poet's and composer's
mind. With wealth you can command
the greatest masterpieces of art and
surround yourself with the greatest hang-
ings and tapestries created by man.
But if you have no spirit of
beauty, they are meaningless things.
To understand is to live.

CANADA IN THE LEAD.

[Belleville Ontario.]
Canada's increase of more than 22 1/2
per cent in the past decade in births
naturally leaves the older countries,
depending on their birth rate increases,
very much in the lurch, for few Euro-
pean countries achieved a population
increase in this period equal to 6 per
cent. But the fairer comparison is with
the newer countries of the world, the
other dominions of the British Empire,
where conditions making for growth
are similar, multiplication coming
largely from the yearly tide of immi-
grants. Here, too, it is found that Cana-
da has gained an ascendancy of con-
siderable extent and all these countries
are well set for the future.

WHAT DO YOU KNOW ABOUT CANADA?

ANSWERS TO YESTERDAY'S QUESTIONS.

1—Ottawa formerly was called Bytown,
in honor of Col. By, the engineer
who built the Rideau Canal (1835).
2—The population of Verdun, Que., is
25,426.

3—The Alabama claims were the claims
for damages to American ships and
cannons against the damages done by
the Alabama and other southern
ships to the law of the sea, which they
asserted were outfitted in British
ports.

4—The famous seventy-two resolutions
were the recommendations of the
fathers of confederation, which be-
came the basis of the British North
America act.

5—Grey sandstone is mined in Alberta,
near Calgary, Edmonton and Mac-
leod.

6—Nova Scotia leads in apple produc-
tion. Her 1919 crop was over 2,000,
000 barrels.

7—There are about 2,000 graves of
Canadian soldiers in Great Britain.

8—Sir Humphrey Gilbert was the leader
of the first British colony in New-
foundland, which landed at St. Johns
in 1583.

9—Montcalm, the famous French gen-
eral, was named Louis de St. Veran,
Marquis de Montcalm.

10—The Manitoulin islands are in Lake
Huron, at the entrance of Georgian
Bay.

TODAY'S QUESTIONS.

1—Where is St. Catherine's?
2—When was the seigneurial tenure of
lands in Lower Canada abolished?
3—Where was Green Bay mission?
4—When were 1,200 girls shipped to
Canada to make wives for the col-
onists?
5—Where is the St. Croix River?
6—What is Canada's 1920 estimated
wheat crop?
7—Where is anthracite coal mined in
Alberta?
8—How many tractors came into Cana-
da this year during the war?
9—Where are two mountain peaks
called "The Lions"?
10—What is Robert Watson's latest
book?

CONAN DOYLE FINDS FAIRIES.

[Halifax Herald.]
Sir Arthur Conan Doyle has upset the
press. So long as he and Sir Oliver Lodge
professed merely to produce evidence
that disembodied human spirits were
responsible for weird communications de-
livered by table rapping and ouija boards
many people thought there might be
something in it, but now, when he dis-
tinguished in the scientific and literary
worlds, were either the victims of de-
ceiving mediums or the victims of their
own imagination. One might laugh at the
dupe of Madame Flora Dora, the trance-
medium, who produced a declaration of
her term of mysticism—the former
double drawing-room of her abode—at a
dinner party, but it was another thing
to realize that Sir Arthur and Sir Oliver
were the victims of deceptions not dif-
fering in kind but only in skill and
elaboration from those of the cheapest
charlatans.
When, however, Sir Arthur begins to
adduce proofs of the existence of fairies,
as he does in the current number of a
popular English magazine, whatever
faith one had left in his ability to weigh
and value evidence is pretty completely
shattered.

As his tale goes two young English
girls, whose identity is concealed,
cousins, aged 10 and 16, respectively, told
their elders that the fairies came out to
play with them in the fields. Being
laughed at, they obtained a camera and
produced two pictures taken on different
occasions, in each of which a tiny
figure was shown with fairies of orthodox
appearance dancing about their knees.
The photographs are reproduced by Sir
Arthur for the benefit of the readers,
and we are assured that the plates have
been exhibited to experts, who are
laxly agreed in their opinion that
there was no double exposure or faking
of any kind. Moreover, it is trium-
phantly pointed out that the girls were
incapable of producing a faked picture
that would deceive anybody. The pic-
tures were developed by the best of
one of the girls and it is asserted that
he is a man of such reputation as to
produce the evidence that he would
lend himself to trickery.

THE THINGS THAT HAPPEN.

[Robert Le Gallienne.]
The loveliness of water, its fairy ways
With cloud and wind, its myriad songs
With morning and the moon, and stars
In its still glass, and the traced
summer trees;
The veiled rivers, the rough-
throated seas,
The tides that bring with silver the
grassy plain,
Or the islands with lost
argosies;
We come and go—these things remain.
Fire and its gnomes, soft-talking as
little plays,
Dreamlike amid its fretting images,
Or melting the wild hills, and with its
phase
Looking the very stars; and even as
these,
The winds that blow through all the
peninsulas,
The falling snow, the shining April
rains,
Birds singing, and the far off
Plelades;
We come and go—these things remain.
God's glory, and the march of nights
and days,
The seal and the ancient mysteries
Of rose and star and woman's magic
face,
That, seeing, man loves, yet knows
not what he sees;
The old sweet sins, the old sweet
deeds,
War and long peace, then war and
peace again;
The Dark and in Death's hands the
peaceful keys;
We come and go—these things remain.

A MYSTERY SOLVED AT LAST.

[Liverpool Post.]
We now know who won the war. It
was Smith. There were 61,139 of him
in the American forces. The United
States war department says that all

POSSESS GOOD HEALTH BY LOOKING AFTER THE BOWELS

A free motion of the bowels, once or twice a day, should be the rule of every one, as half the ills of life are caused by allowing the bowels to get into a constipated condition.

When the bowels are allowed to be-
come constipated, the stomach gets out
of order, and the liver does not do its
work properly on account of holding
back the bile, so that it does not pass
through the bowels, but is allowed to
get into the blood, thus causing a poi-
soning of the whole system.

If you would escape constipation, sick
and bilious headaches, heartburn, float-
ing specks before the eyes, coated
tongue, foul breath, the nasty irritat-
ing, bleeding, itching and protruding
piles, you should keep your liver stirred
up by the use of Milburn's Laxa-Liver
Pills.

These pills, being purely vegetable,
keep your liver working actively, help-
ing it to resume its proper functions,
and thereby removing the bile that is
circulating in the blood and poisoning
the whole system.

Mrs. H. Barrows, Enfield, N. S.,
writes: "I was troubled with such head-
aches and constipation. One day a
friend told me of Milburn's Laxa-Liver
Pills. I got two vials, and found they did
me a world of good. I therefore have
great faith in them."

Milburn's Laxa-Liver Pills are 25c a
vial, at all dealers or mailed direct on
receipt of price by The T. Milburn Com-
pany, Limited, Toronto, Ont.

Word was received here yesterday that the preliminary Tankard play for this group would start at the Ingersoll Rink Friday morning at 9:30 o'clock.

SARNIA TO ENTER JUNIOR LACROSSE NEXT YEAR

SARNIA, Jan. 19.—Sarnia will likely have a junior team entered on the O. A. L. A. series next summer. Last year the matter was proposed, but it was so late in the season, when volunteers turned out that nothing could be done.

SHAKE-UP IN MFRS. STANDING TONIGHT

Clash of First and Second Division Teams Will Show Way.

Tonight's games in the Manufacturers' League should be the most interesting so far, because the fans will be able to get a line on whether a line exists between the first and second division teams, and if it does, if it can be wiped out.

The Taylor-Campbell crew are confident that they have some wares yet to be shown, and are going to give the Trunkers a pep at them.

W' THE STANES

The London Curlers are staging their second weekly bonspiel at 4 o'clock this afternoon.

Two games before supper and two after supper will be played, and this feature will be kept up.

O. T. C. AND CAVALRY WIN CAGE GAMES

Gunners Badly Hit by Western—W. O. R.'s New Team Good.

Standing.

Western O. T. C. 2, 0, 1, 1. Machine Gunners 2, 0, 1, 1.

Let Hussars 2, 0, 1, 1. Little 2, 0, 1, 1.

Next games—Wednesday.

Western O. T. C. five and Hussars were winners in the Military Basketball League last night, in a bill which brought forth the best exhibition of the game yet furnished.

A fair crowd saw the games.

Western O. T. C. on paper didn't have any license to do what they did to the Machine Gunners.

However, as the game was played on the armories floor and not on paper and the score book doesn't lie, what the score says happened, did happen without any further argument and to the tune of 49-15.

The Gunners were strengthened up with a brand new team, and both teams played to make it a toss-up for the rest of the season.

The league. First W. O. R. were leading 16-4 at the end of the first half, but faded in the last period, the final score being 34-23.

The line-up: Let Hussars.

Stevens 2, Gillies 1, Chalmers 1, Wood 1, Reid 1, Lightfoot 1, R. Clinger 1, Tupholme 1, Croden 1.

Referee—A. T. Taylor.

Machine Gunners.

TWO HURT WHEN
BIG FIRE TRUCK
GOES OVER BANK

Motor Wagon Wrecked At
Woodstock and Loss Is
\$10,000.

WOODSTOCK, Jan. 19.—In an acci-
 dent which happened this afternoon two
 members of the fire brigade, Driver Ed.
 McKinnett and Graham Hays, were
 seriously injured and their motor
 truck, costing \$10,000, was badly
 smashed.

The brigade was on its way to the
 waterworks pump-house, when the truck
 in making a turn at the foot of the Bay
 street, overtook the motor truck and
 crashed through a fence and down a
 40-foot embankment. The truck turned
 over two or three times in the descent
 and wound up at the bottom with Driver
 McKinnett underneath. Hays was
 thrown clear of the wreck.

The approach to the bridge is very
 steep, and the driver evidently made
 the turn too fast in trying to make the
 hill. The hose and ladder motor trucks
 had only been installed last fall, and
 cost \$15,000. For some reason or other
 the proper authorities had neglected to
 install the truck and the loss is con-
 siderable.

TO ASSIST VETERANS

INGERSOLL, Jan. 19.—At tonight's
 meeting of the council a deputation from
 the G. W. V. A. was in attendance, and
 President and Secretary were present.
 The men asked that assistance be given
 several men who are out of employ-
 ment. The whole council appointed
 a committee to investigate imme-
 diately and see what can be done. The
 board of education was provided with
 \$2,000 for the purpose of giving
 appointments were made to the
 committee, so that they may carry on
 their work.

AFTER THE "FLU"
Four Children Had
WHOOPING COUGH

Whooping Cough, although specially a
 disease of childhood, is by no means
 confined to that period, but may occur
 at any time of life. It is one of the
 most dangerous diseases of infancy, and
 yearly causes more deaths than scarlet
 fever, typhoid or diphtheria, and is more
 common in female than male children.

Dr. Wood's Norway Pine Syrup is
 highly recommended by mothers every-
 where for the relief of this trouble as it
 helps to clear the clogged-up air pas-
 sages of the mucous and phlegm that
 has collected, and in this way bring on
 the "whoop" which brings the so-much-
 sought-for relief and heals and soothes
 the lungs.

Mrs. J. M. Rouse, Imperial, Sask.,
 writes: "After the 'flu' last fall, my
 four children took whooping cough and
 one of them developed bronchitis. After
 using two or three bottles of Dr. Wood's
 Norway Pine Syrup they were greatly
 relieved of their nasty coughs. It is
 an especially good remedy for children,
 and is so nice they take it readily, and
 ask for more."

Dr. Wood's Norway Pine Syrup is
 35c and 65c a bottle at all dealers. Put
 up only by The T. Milburn Company,

SALARY ISSUE
IS REFERRED TO
LATER MEETING

School Trustees Will Discuss
Teachers' Increases At
Special Session.

Discussion of the teachers' salary
 question, the one big matter which
 was expected to receive the attention
 of No. 1 committee of the board of
 education at its first meeting of the
 year yesterday afternoon, was left
 over for consideration at a special
 meeting of the committee at time to
 be set by the chairman.

Lack of time and other matters con-
 nected with the organization of the
 work of the committee were given as
 reasons for postponing the problem for
 the time being, though one trustee, a
 little more outspoken than the others,
 intimated that the question might be
 better considered without the "press"
 present. At any rate the communica-
 tion from the teachers of the public
 schools, along with the matter of in-
 creases for the collegiate and
 technical school teachers, were passed
 over for a more convenient time.

Trustee Ed. Smith, chairman of the
 committee, presided, and the first
 business was the setting of the first
 Friday after the regular meeting of
 the board as the regular meeting of
 sessions of the committee at 4:30 p.m.,
 unless otherwise arranged.

Secretary McElhannon then read a
 number of communications, the first
 being the request of the women teach-
 ers referred to the committee by the
 board. The letter drew the attention
 of the board to the fact that the
 maximum of teachers' salaries in Lon-
 don is much below that in the following
 cities: Toronto, \$1,000; Ottawa, \$1,200;
 \$2,000. It was also pointed out that
 the Toronto Board of Education re-
 cently granted all its public school
 teachers an increase of \$50 for each
 year of service.

After some desultory discussion of the
 question which it was stated that
 several other claims for salary in-
 creases have to be considered, the
 committee decided to leave the matter
 for consideration at a special meeting.

Trophy Now Located.
 Secretary McElhannon reported that
 the football trophy, donated by the
 board for competition between the pub-
 lic schools, which was reported missing
 at last board meeting, had been
 found and is now being cleaned.

The matter of commencing school at
 Chelsey Green school at 8:45 a.m. to 1
 p.m., to enable the teachers to catch
 the 3 p.m. and 8 a.m. cars, the
 company not having consented to stop
 the 4 o'clock car, was left over to the
 out that the non-stopping of this car
 was a hardship to the teachers, who
 either had to walk into town or wait
 till a later car. Mr. Edwards will find
 out if the parents are willing that the
 school time shall be changed, and if
 so, will make the arrangement asked by
 the teachers and obtain the sanction of
 the minister of education.

Report on Vacancies.
 Inspector Edwards presented a report
 for the information of the committee on
 the "teachers absent on leave," "present
 vacancies on the public school staff,"
 and "temporary teachers."

His recommendation that certain
 teachers who have special qualifications
 and who have taken special courses
 should receive a special increase in
 salary of \$100 for the year ending 1921
 referred to a special meeting to con-
 sider salaries.

Trustee Tanner remarked that she
 could not see why girls who had
 taken a six-month special course
 should receive a special increase. She
 made no consideration that girls who
 had taken a six-month special course
 should receive a special increase. She
 made no consideration that girls who
 had taken a six-month special course
 should receive a special increase.

Pupils Contracted Disease.
 Trustees, considering a complaint made
 to him by the father of some children
 attending one of the city schools, alleging
 that the children contracted a skin
 disease of the head through lack of
 attention by the school nurses.

The committee felt that this was a
 serious reflection on the work of the
 nurses and instructed Inspector Ed-
 wards to investigate and report on the
 matter. The trustees were strongly of
 the opinion that the investigation
 would show that there were two sides
 to the complaint.

It was decided to recommend to the
 board the appointment of a special
 nurse, and the secretary was instructed
 to advertise in the local papers for
 applications.

LONDON DEPUTATION
ASKS GRANT INCREASE

TORONTO, Jan. 19.—Deputations
 from London, Hamilton, Windsor
 waited upon Hon. H. C. Nixon, provin-
 cial secretary, today with requests for
 increased per diem grants for sanitaries
 but were told by the minister that with
 the cost of living on the decrease there
 was small hope of the Government ac-
 ceding to their demands. The deputa-
 tion asked that the daily per
 diem be increased from 75c to \$1.

NEARLY ALL NEW
OFFICERS ELECTED
IN LABOR COUNCIL

Ald. Ashton, Vice-President—
Fred Young Admitted As
Delegate.

Excepting for the office of treasurer,
 an entirely new slate has been elected
 to the executive of the local trades
 and labor council. At the regular
 meeting held Wednesday evening, Ald.
 J. Ashton, representing the street rail-
 waymen, was elected as vice-president,
 and F. D. Burk was elected secretary.
 J. McGuire was elected president of
 the organization at a meeting held two
 weeks ago, and John Cummings, who
 has held the position of treasurer for
 five years, was re-elected by acclama-
 tion at the same meeting.

Harry Wray and J. Steele were both
 nominated to the position of sergent-
 at-arms, but immediately previous to
 the election last night Mr. Wray with-
 drew, giving the position to Mr. Steele
 by acclamation. J. Secker was elected
 as chairman of the Labor Day com-
 mittee. The representative to the
 Western Fair board will be J. W. Cun-
 liffe and J. Steele.

Resignation Contested.
 The real fight of the election evolved
 about the position of secretary. There
 was three nominees to the position,
 namely: W. Tite, who was secretary
 of the Trades and Labor Council, J. P.
 Harvey and F. D. Burk. In the first
 ballot Harvey was eliminated when
 he received but 11 votes. As there
 was no plurality, a second ballot was
 taken and Burk won by a majority of
 one.

One of the most important items of
 the evening in regards to the labor
 movement in this city was the election
 to appoint a paid organizer. H. Wray,
 who had served in this capacity during
 the year just ended, but without cre-
 dentials, made several recommenda-
 tions, and the committee which were
 acted upon. The new executive will
 investigate the matter and will report
 on the advisability of keeping a first-
 class organizer in the field on a salary.
 As the result of a communication and
 several recommendations received from
 Tom Moore, president of the Trades
 Congress of Canada, relative to ways
 and means of meeting the unemployed
 situation in Canada and preventing
 further unemployment, the committee
 appointed to go deeply into the recom-
 mendations of Moore and to report on
 a proposed advisory council which will be
 formed in the near future.

The council is to act in an advisory
 capacity to the employment bureau in
 this city. It is recommended by
 the executive of the trades congress
 that the council should be composed of
 equal numbers of employers and em-
 ployees.

The committee appointed to investi-
 gate the matter and to start the move-
 ment is composed of Delegates J. Mc-
 donald, W. Tite and J. Secker. The
 committee was instructed to make
 some steps should be taken immediately.

In order to facilitate the work of the
 council each local will be asked to
 prepare a statement on the number of
 its members unemployed.

According to a report of the auditors,
 the council was able to show a balance
 on hand at the end of the year of
 \$238.01. It was hoped that the grant
 of \$500 had been made towards the
 Labor Temple. The receipts for the
 year were \$1,410, while the expendi-
 tures amounted to \$3,196.63.

Fred Young Seated.
 A bitter fight was made by certain
 members of the council to discredit the
 credentials of Fred Young of the
 musicians' union. Shifts from point
 to point in hot arguments, the opposi-
 tion fought until a vote was taken. By
 a substantial majority Young was se-
 lected and a recommendation was made
 that he join the Federal Union, J. Ash-
 ton, chairman of the grievance com-
 mittee, and a recommendation was made
 that he join the Federal Union, J. Ash-
 ton, chairman of the grievance com-
 mittee, and a recommendation was made
 that he join the Federal Union, J. Ash-
 ton, chairman of the grievance com-
 mittee.

eight-hour day for all female workers
 will be acted upon.
 In reply to the resolution forwarded
 to the Provincial Government protest-
 ing against the establishment of the
 civil labor bureau in this city, Hon.
 Walter Rolfe, minister of labor, stated
 that legislation would probably be in-
 troduced in the near future to prohibit
 privately-owned employment bureaus.
 He believed that nothing could be done
 to prevent municipalities establishing
 bureaus.

TO LET O'CALLAGHAN
RESHIP AS SEAMAN

Labor Department Recognizes
State Department Juris-
diction.

WASHINGTON, Jan. 18.—Jurisdiction
 of the state department in cases of
 aliens arriving in the United States
 without a passport is recognized by the
 department of labor, in a formal state-
 ment sent today by Secretary Wilson to
 the chief of the immigration bureau.

It was announced, however, that the
 decision of Secretary Wilson that Don-
 O'Callaghan, lord mayor of Cork, should
 be allowed to reship on a foreign ves-
 sel by reason of the ruling that he oc-
 cupied the status of "seaman" had not
 been rescinded.

The labor secretary's letter to the
 immigration bureau said that the deci-
 sion that O'Callaghan be permitted to
 reship should be "consummated at the
 earliest possible moment." Earlier in
 the day it had been announced that the
 labor secretary had written to O'Cal-
 laghan's counsel, directing that the lord
 mayor be surrendered "promptly" to the
 immigration inspectors at Norfolk.

O'Callaghan was paroled in the cus-
 tody of his counsel, Judge Lawless, of
 Norfolk, soon after he arrived at Nor-
 folk from Cork as a stowaway and
 without a passport. He is now in New
 York, but whether he will appeal to the
 courts has not yet been announced.
 The announcement of Secretary
 Wilson as to the jurisdiction of the state
 department in all cases similar to those
 of O'Callaghan is understood to be in
 the nature of a general agreement
 between the two departments, through
 which it is hoped to avoid in the future
 controversies similar to the one which
 arose in his case, owing to the failure
 of Secretary Wilson to honor the grant
 of Acting Secretary Davis that O'Cal-
 laghan be deported immediately.

INDIAN MEDICINE MEN

In the Indian, tribe one finds the
 "Medicine Man,"—one versed in the
 healing art of roots, herbs, leaves and
 barks. In these he discovers emollients,
 astringents, laxatives and tonics, all of
 which are prepared and offered to suf-
 ferers among the tribe. To such good,
 old-fashioned roots and herbs Lydia E.
 Pinkham's Vegetable Compound, the
 most efficient remedy in the world for
 women's ills over a half-century ago,
 five years it has been restoring the
 women of America to health, until it is
 now recognized as the standard reme-
 dy.
