FEDERAL LIFE Over \$10,000,000 of Insurance in force.
The largest amount in any Canadian
Company at same age.

Head Office, Hamilton.

London Agency.

Central Office—71 Dundas St. West.

Office Always Open.

B. J. THROOP, Local Manager.

SPECIAL TO LONDON SUBSCRIBERS.

Ring for Central Office, then immediately remove the Telephone and listen; when you hear the operator speak, give *number* of subscriber you wish to communicate with and you will be connected at once or notified that the line wanted is in use. With switching machinery now in use operators cannot pay any attention to calls for *names* as they do not know where to look for a line except by its number. The number wanted should be spoken with especial distinctness to prevent mistakes. When through talking ring off or otherwise you will not be disconnected; ringing your bell in middle of a conversation immediately disconnects your line.

Slowness in answering your calls only delays the party wishing to talk to you.

Quick service depends largely upon the promptness with which subscribers answer their calls.

Interruptions to lines or the imperfect working of instruments should be reported at once to Telephone No. 300.

St. Thomas Agency.

Central Office—Talbot Street.

Office Always Open.

A. R. BAKER, Local Manager.

SPECIAL TO ST. THOMAS SUBSCRIBERS.

Ring for Central Office, then immediately remove the Telephone and listen; when you hear the operator speak, give *number* and letter if any, of subscriber you wish to communicate with and you will be connected at once or notified that the line wanted is in use. With switching machinery now in use operators cannot pay any attention to calls for *names* as they do not know where to look for a line except by its number. The number wanted should be spoken with especial distinctness to prevent mistakes. When through talking ring off or otherwise you will not be disconnected; ringing your bell in middle of a conversation immediately disconnects your line.

Slowness in answering your calls only delays the party wishing to talk to you.

Quick service depends largely upon the promptness with which subscribers answer their calls.

Interruptions to lines or the imperfect working of instruments should be reported at once to Telephone No. 200.
