MARKET ST.

ell Phone 1857

MOVEMENT IS STARTED  
BY THE BOARD OF TRADE

Proposal to Hold Big Dominion Congress for Discussing Problems of the East and the West--A Resolution Re Tariff is Adopted.

One of the most representative meetings of the Board of Trade held for some time was held last night when there was launched a movement calculated to arouse Dominion wide interest. Brantford plans to give the impetus towards the holding of a big congress at which the interests of East and West and all the producers of wealth in Canada will be represented and views expressed. The idea behind the proposal is that there shall be no East and no West but one Canada for all, and the interests of one part shall be the interests of the whole, the basis of which Confederation was really built. The idea thus is not new but at this stage of history in Canada in order to secure closer union among all the component parts of the Dominion going back to the idea of Confederation to solve present day problems, will doubtless prove of real advantage and worthy of effort.

The principal item of business was a resolution dealing with holding of a national congress in Ottawa in 1915 and this was passed with the elimination of a clause which was objected to. Mr. Lyons gave his views upon the site and advantages of a new market and he had an audience of sympathizers. The usual formal ceremonies performed by the president, Mr. Reginald Scott, who presided, the minutes were read by Mr. Hatley and the business began.

New Members. Election of new members resulted in Mr. W. H. Hatley, Mr. W. P. Baker, E. J. G. Gillingham, W. P. Baker, and Mr. Gillingham. The minutes which would accrue from a congress of Board of Trades in Ottawa or some such centre. He suggested a congress of all the best men of Canada, men from all grades of life,

BOTH ARMIES WERE DOUBLED UP AT TORREON, MEXICO

Villa's Forces Said to Be Fighting From House to House.

[By Special Wire to the Courier] JUAREZ, Mexico, Mar 31.—Fighting continues at Torreon, according to information given by rebel officers at Juarez to-day. No details were received. Rebel leaders contend that the main battle for supremacy was fought last week at Gomez Palacio where soldiers of both sides fell by hundreds in the desperate conflict.

The losses at Gomez Palacio were so heavy, it is said, that either side is not capable of repeating so determined a battle. In Torreon the fighting is said to be from building to building without any open charges or concentrated assaults. Gomez Palacio was taken by storm after three sanguinary assaults, according to the brief reports thus far received.

A story that reached Juarez last night when some correspondents arrived from the front indicated that the Federals might have driven Villa's army back in confusion if they had known how to follow up their advantage.

Debate Will Last Three Days

[By Special Wire to the Courier] LONDON, March 31.—After a week of sensational developments in connection with the Ulster situation, the House of Commons started to-day the debate on the second reading of the home rule for Ireland bill. It is expected that the discussion will occupy the House for at least three days.

The absence of Mr. Asquith, who was in charge of the bill, was bitterly complained of by the Unionists.

Commander Evans, Scott's Right-Hand Man

COMMANDER EVANS ARRIVED IN CITY OF BRANTFORD TO-DAY --A DISTINGUISHED VISITOR

Age at Which Man is at His Best, He Says, is From Thirty to Thirty-five—Antarctic Party Made Up of Young Men

That a man is at his best when between 30 and 35 years of age is the belief of Commander E. R. G. R. Evans, R.N., Scott's second in command upon the ill-fated expedition of 1912. The South Pole hero is at present in Brantford to lecture. He arrived from Hamilton to-day. Seen at the Wentworth Arms yesterday afternoon, shortly after his trip to Niagara Falls, the explorer gave some of his reasons for preferring men in the prime of life. His conclusions are based upon actual experience and upon personal observations made by him in the navy and on polar expeditions.

"Not only is the man between 30 and 35 years of age staidier than a younger man," he said, "but he also possesses greater stamina, and is more far-seeing. So strongly do I believe this that when forming our expedition I chose men between those ages to accompany us. Captain Scott himself was the oldest member of our party. He was 44."

It was just two years ago yesterday that Scott gave his imperishable message to the world, according to the commander. One of the last things that dauntless leader ever did was to write to the Admiralty and recommend the younger man then only a junior lieutenant—for promotion to the rank of commander.

JAMES LARKIN TO OPPOSE PREMIER

Reported That Former Dublin Strike Leader Will Run in East Fife Against Premier Asquith.

[By Special Wire to the Courier] LONDON, March 31.—It is reported from Dublin that Premier Asquith is to be opposed in the bye-election for East Fife by James Larkin, who as head of the transport workers union, was in charge of the strike in Dublin last autumn. In connection with the strike, Mr. Larkin was sentenced to seven months imprisonment in October for inciting to riot, but was later released.

RATHER PULSOME PRAISE

MONTREAL, March 31.—A London cable to The Daily Mail says: J. Foster Fraser, writing in The Standard, says that the Liberals who regarded H. H. Asquith as a fetish, now hail him as an inspired God.

TO-NIGHT. A few good rush seats, 50 cents. Opera House to-night, 7.45, "Commander Evans' Discovery South Pole." Moving pictures: beautiful photographs.

MR. JOHN DILLON LAUDS THE PREMIER FOR HIS STAND

It is a Declaration to Country That Struggle Will be Seen Through.

[By Special Wire to the Courier] NEW YORK, March 31.—A London cable to the New York World says: John Dillon, M.P., said to the correspondent last night:

"Mr. Asquith's action is a declaration to the country in the most emphatic manner that the government is determined to see the struggle through. It is also the strongest proof of the vital importance attached by the government to the new issue raised."

"The thoughtful section in the Unionist party is terribly alarmed at the present situation and anxious to close the chapter of the army revolt. The comments of the European and American press have created a profound impression on public opinion in this country, showing the enormous injury inflicted on the prestige of Great Britain by the revolt of the officers, and all parties are genuinely concerned about the safety and the welfare of the Empire. We have been long aware of a military plea carefully engineered and nursed by the leaders of the Tory party. The Curragh cavalry officers for a brief moment of intoxication were under the impression they had ridden down the Commons and liberties of the British people and also killed home rule; but they have evoked the spirit of an enormously strengthened the government."

"The Unionist party in a last effort to throw out the government has raised an issue deeper and wider than home rule for Ireland. It is now bitterly repenting its attempt to use the army as an instrument of party warfare."

Joseph Devlin, M.P., the leader of the Ulster Nationalists, said: "We have never asked for the army in Ulster. We don't want it. We are quite ready to repudiate the covenanters we make. The great issue that has been raised is purely British. It was this question of home rule for Ireland that forced through the Parliament Act. Until that time, when the Lords' veto was abolished, England was not a free country. The aristocratic feudal forces were smashed in that fight, and now the question whether the army has a right to take the place of the Lords has dramatically sprung up and aroused the whole forces of democracy."

"Never has there been such a feeling of indignation at an attempt to bully parliament and browbeat the government. Where the Lords failed the people are not going to allow the army to succeed."

"The forces of reaction have been frightened as never before by the result of an action they believed would prove their salvation."

Stock Exchange Is Cheered Up

[By Special Wire to the Courier] LONDON, March 31.—Premier Asquith's move had a cheering effect on the Stock Exchange to-day. Confident to published declarations that his opposition to the president was "the opening gun of his fight for the nomination in 1916," the speaker declared he had no intention of resigning, but the feeling of the market was that the resignation was a "mistaken economic policy," but admitting dispute on the point proposed that the exemption be suspended two years. He contended that the president was mistaken in his view that the exemption was repugnant to the Hay-Pauncefote treaty.

Shipload Of Irish Rifles

[By Special Wire to the Courier] COPENHAGEN, March 31.—A mysterious cargo of 300 tons of rifles supposed to be intended for Ireland, disappeared from the vicinity of the Danish Island of Langeland during last night after an embargo had been placed on it by the authorities. The rifles were brought to Langeland on board a lighter from Hamburg, which anchored off the island. A short time afterwards the Norwegian steamer Fanny drew up alongside and proceeded to take the arms on board.

The Danish authorities then came on the scene and seized the papers of the lighter, and the steamer whose commander were ordered to await further instructions.

To-day the two vessels had vanished.

Mawson Courted By Wireless and Won a Bride

[By Special Wire to the Courier] NEW YORK, March 31.—A cable to the Sun from Melbourne says:

Dr. Douglas Mawson, the Antarctic explorer, who has just returned from a trip, during which his two companions lost their lives and made his way back to the base after thirty days of suffering in blizzards, was married to-day to Miss Delprat, daughter of a mine owner. The couple became engaged in 1911, when Miss Delprat was 19 years old, before Dr. Mawson started on the last expedition. They exchanged love messages by wireless while the doctor was in the Antarctic.

Dr. Mawson was born at Bradford, England, in 1862. He holds the position of lecturer in geology in the University of Adelaide.

CHAMP CLARK HELD FLOOR IN UNITED STATES HOUSE

He Opposes Wilson Re Panama Tolls in Disappointing Speech.

[By Special Wire to the Courier] WASHINGTON, March 31.—The greatest crowd that the House has seen in recent years jammed the galleries of the chamber to-day to hear the final debate over the repeal of the Panama tolls exemption. People had been waiting in line for hours.

Speaker Clark, closing debate against the repeal, disappointed those who expected him to attack President Wilson. He disclaimed any personal issue with the President, and declared he believed Mr. Wilson was actuated by the highest patriotic motives and that there was no breach in the Democratic party. He argued at length against the president's contention and declared that "the amazing request of the president for the repeal, like the peace of God, passeth all understanding." He disclaimed any personal issue between the president and himself and added that the president had "reasons which are not utterly untenable and which compel him to make this request."

He did not give them to the House. He differed with the President's statement that toll exemption was a "mistaken economic policy," but admitting dispute on the point proposed that the exemption be suspended two years. He contended that the president was mistaken in his view that the exemption was repugnant to the Hay-Pauncefote treaty.

"We want war with no nation," said the speaker, "but rather than surrender our right to complete sovereignty over every square foot of our globe in every domain, we will cheerfully and courageously face a world in arms."

He attacked the attitude of House Democrats who have led the President's fight for the tolls exemption repeal. Referring to published declarations that his opposition to the president was "the opening gun of his fight for the nomination in 1916," the speaker declared he had no intention of resigning, but the feeling of the market was that the resignation was a "mistaken economic policy," but admitting dispute on the point proposed that the exemption be suspended two years. He contended that the president was mistaken in his view that the exemption was repugnant to the Hay-Pauncefote treaty.

Stole Money For Minister

[By Special Wire to the Courier] EDMONTON, March 31.—Lulu Chamberlain, charged with stealing a cheque for 140 and \$50 in cash declared in the district court that it was her love for an underpaid minister of the gospel, who was in need of money that led her to commit the theft. She pleaded guilty to the charge, and Judge Taylor remanded the case.

From the evidence of the accused it was shown she had been given an envelope containing cheques and money to mail in Edmonton.

On reaching the city she failed to drop the envelope in the letter box as promised, but opened it and extracted the cheque and money. She gave \$25 to a clergyman to assist him in his financial difficulties and later gave him \$25 more. The balance she tendered to Bethel mission.

MR. ASQUITH'S BONOR LAW NON-PLACED--Strong Talk by Smith, M. P. in House.

[By Special Wire to the Courier] NEW YORK, March 31.—A cable to The Tribune from London says: Premier Asquith again showed his political astuteness yesterday by the handling of the situation when Field Marshall Sir John French, chief of the Imperial general staff, and Gen. Sir John Ewart, refused to withdraw their resignations. "What was completely counted on by the Opposition as a vital blow to the government, was changed instead into an overwhelming surprise for the Opposition by Mr. Asquith's dramatic announcement that he would take over the war portfolio and stand for reelection on account of his taking a second office for profit in addition to the first lord of the treasury."

Premier Asquith's announcement that he would take the war office was received with wild cheers by his supporters while the whole coalition gave him a veritable ovation as he walked out of the House after saying that he would stand for reelection.

The Opposition meanwhile is over come by surprise. They had come prepared to attack the government in the resignations of Sir John French and Sir John Ewart, and were unable to collect themselves and face the new situation, and there were only a few weak remarks by Andrew Bonar Law on the difficulty of considering home rule without the leadership of Premier Asquith. Afterward, with the House under the leadership of Reginald McKenna, F. E. Smith, one of the chief supporters of Sir Edward Carson, endeavored to take up the proposed plan of the Opposition to attack the government on the army question, but the speech fell flat under the new conditions. The only striking sentence declared that the Unionists were prepared to go all lengths, even the dismemberment of the Empire, rather than see home rule forced on Ulster. This was "whatever the consequences—civil war or any other cataclysm that might dismember the whole Empire—the Unionist party would support Ulster, whatever the consequences might be."

This is the first time anyone has gone to such lengths, and the government papers seized the opportunity for long articles.

Col. J. E. B. Seely, in explaining his resignation as secretary for war, which is now final, made one significant statement which also passed unnoticed. He said:

"Great issues are being raised which may mean that the whole army system will have to be recast. Considering the position which Colonel Seely has just left and the feeling aroused over the army, this can almost be considered prophetic of the government's intention. The Liberal, Radical and Labor papers continue to attack the King and the army, while the Opposition papers, retreating all along the line, are trying hard to distract attention from these questions. The Evening News' even goes to the length of saying that the cry of the 'army or the people' is raised to hide the failure of the insurance act. The Radicals, however, refused to be turned aside and 'The Star' yesterday, talking on the text of the most imprudent article of the Conservative 'Sunday Times,' alleged to give the details of the interference of the King, has a column editorial denouncing the alleged act and saying:

"It is imperatively necessary to know the exact truth. People cannot very near the edge of an abyss and are not going an inch farther in the dark." According to the 'Sunday Times,' the King's advisers in the crisis were Lord Curzon, Lord Roberts, the Archbishop of Canterbury and Mr. Balfour. If the statement is true, it makes a direct cleavage between the King and the government while it is an unwritten law that the King should consult only his ministers. To make matters worse the Sunday Times alleges that the King told Mr. Asquith: "The parliament act does not apply to the King and final appeal lies with the King."

It seems impossible that the government can hold on much longer, but it seems equally certain that the Opposition will fall in the pit that they have dugged for themselves, and that the campaign will be chiefly fought on the lines as to whether parliament, the King or the army is to rule, with the election outlook for the government much better than a fortnight ago.

THE NORTHWAY COMPANY, Limited

Cantata Was Very Pleasing

Successful Event Held at Wellington Street Church.

The cantata "The Dairymaids and Haymakers," which was presented last night in the school room of the Wellington St. Methodist church under the auspices of the Epworth League, was in every way a success, the spacious hall being packed with many standing. The platform was turned into a very pretty farm house with proper scenery and fire grate, etc. The scene opened with the farmer and his wife (Miss Mabel Limberg) and Mr. Will Darwin, in a pretty duet, calling for the farm hands and milkmaids to breakfast, which was responded to by the full company in party dresses in two well-rendered choruses. Mr. Snipkins, a city young man (Mr. Alfred Wicks) in his song "The folks in the country they all laugh at me," which was given to accompaniment of roosters crowing, birds singing, etc., was well rendered, and was twice encored. The drill of the milkmaids with their stools was one of the best. Miss Corrine Cheevers, in her song "A Dairymaid Am I," was sweetly sung. She also excelled in her duet with Mr. G. Strickland. The chorus and march of the milk cans with Mr. Pump and Chalk was very laughable and received hearty applause. The first part was brought to a close with the call to supper, which was given in a capable manner by the farmer and wife and full chorus.

In part second, "The Little Gleaners," a beautiful song with eight different changes was well rendered by 12 young ladies dressed in white and decorated with garlands of roses, their difficult march and motion effects brought forth rounds of applause repeatedly. The cabaret order of the direction of Mrs. George Andrews, and was well received, being encored. Miss Ruby Cann was fine in her solo, "Scenes of Happiness Love Ye." Miss Alice Bloxham also sang in fine voice "The Birds have brought the forest shade." Mr. Daniels and quartette sang "When the Pansies are Blooming Again." This was a favorite. Mr. Alfred Wicks in "The song that I hear in my dreams" with the chorus humming the refrain "Rock-a-by" was very fine. Miss Anabel Ryerson recited in her usual finished manner, Miss Huber of Galt gave two splendid recitations. The final chorus, "Softly the Twilight Fades," was sang with beautiful effect by the company, the shading being very marked. The tableau "Oh Canada," in which the Union Jack played a part, brought on one of the most successful entertainments to a close.

Mr. Wicks and committee are being congratulated on the successful outcome of their efforts. There were about 550 present. Encores were frequent and the entire entertainment a decided success.

CALAMITY OF SIN

Was the Subject of Discourse at St. Basil's Church Last Evening—A Large, Devout Congregation.

Before a large congregation of men only, Rev. Father O'Reilly spoke in St. Basil's church last night on the subject of the "Calamity of Sin." Father O'Reilly pointed out that it was more especially mortal sin which causes the damnation of the soul. The Holy Scripture says: "The impious says within his heart I will not serve, and as we review these ten commandments and find we are guilty against them we defy the Almighty God, and the man who blasphemes, the man who injures his neighbor and commits sin by drunkenness or against any form of purity says within himself, "I will not serve."

God, Omnipotent and from whom we hold all, in His mercy, suffers for our own conversion and waits patiently. To properly estimate the enormity of sin we have only to consider the punishment seen in the demons of hell or one sinner committed in heaven. Lucifer was the angel of light, and he was cast into hell for all eternity. Our first parents were driven out of the garden of paradise and brought upon themselves an awful humiliation, and death and all its appending woes. It is therefore for us to reform our lives and love Him who loves us and make Him receive us back to the bosom of His love.

PAGET MAY RESIGN. NEW YORK, March 31.—A cable from Dublin to the New York World says: A report is current that Gen. Sir Arthur Paget, commander-in-chief of the British forces in Ireland—whom remarks to officers stationed at the Curragh Camp provoked Gen. Robert Gough and a half a hundred others into resigning—is about to send in his own resignation.

TO-NIGHT. A few good rush seats, 50 cents. Opera House to-night, 7.45, Commander Evans' Discovery. South Pole. Moving pictures; beautiful photographs.

Rev. Dr. McQueen, ex-moderator of the general assembly, on Sunday dedicated the new \$300,000 St. Andrew's church at Moosejaw.

Social and Personal

The Courier is always pleased to use items of personal interest. Phone 1781.

Mr. and Mrs. W. L. Hughes are in Toronto to-day.

Mrs. Leonard of this city is a guest with Mrs. Griffin, Main Street East, Hamilton.

Mrs. A. D. Garrett, Brant Avenue, has returned from a visit with friends in Buffalo.

Rev. Frank Leigh, formerly of Trinity church, Delaware, is visiting in the city to-day.

Lieutenant Governor Brown of Regina is expected this evening, returning home from a trip to England.

Mr. James W. Brown of Regina, Saskatchewan, was a week-end guest of his cousin, Mrs. J. E. Baker, 94 Nelson St.

Mrs. Gordon Hanna, 72 Chatham street will receive in her new home on Wednesday afternoon and afterwards on the first and third Thursdays.

Miss Edith Levin, who has received a telegram from the house committee of the Montreal General Hospital, notifying her of her appointment as housekeeper of that institution, leaves the city in a few days to assume the duties of the position.

At Alford Junction on Wednesday evening, about one hundred friends and neighbors met at the home of Mr. and Mrs. S. M. Dale and presented them with a beautiful parlor suite. Mr. George Fonger occupied the chair, the programme consisted of a song by the school; recitations by Margaret, John and Sanford Dale and Hugh Drummond. Addressed—E. Chatterton, L. Stewart, J. Summerhays, T. Drummond. The address was written and read by Miss A. Howden. The presentation was made by J. M. Lane, and W. Anders. Those present from a distance were: Mr. and Mrs. C. Dale, Mr. and Mrs. Harry Wood, St. George. Also friends from Governor's Road, Tranquility, and after singing He's a jolly good fellow, all partook of the splendid lunch served by the ladies. The rest of the evening was spent in music and other amusements, all wishing Mr. and Mrs. Dale health and prosperity in their new home and as many friends there as they were having here.

Mrs. E. B. McKenzie, Undermount was hostess at a delightful telephone tea on Saturday afternoon in honor of her guest, Mrs. McLung, of Toronto. Mrs. Brent and Mrs. McKenzie were in charge of the tables in the tea room, which were profusely decorated with spring flowers, the color schemes being mauve and yellow. Mrs. Brent and McKenzie were ably assisted by the following: Misses McKenzie, Marguerite Holmes, Grace Holmes, Strathmore, Finley, and Gladys Bruce. Among the guests the following were noticed: Mrs. Fred Walker, Mrs. C. A. Ross, Mrs. R. Zimmerman, Mrs. Dumbrie, Mrs. Digby and the Misses Digby, of Brantford; Mrs. Rennie, Mrs. Griffin, Mrs. James Gillard, Mrs. Ernest Lutz, Mrs. Arthur Rowe, Mrs. Washington, Mrs. Witton, Miss Cameron, Miss Nelson, Mrs. Smart, Mrs. Walter Bruce, Mrs. Geo. Fearman and Mrs. Leonard of Brantford.—Hamilton Times.

WESTERN HOME RULERS. VANCOUVER, B. C., March 31.—At a meeting of the Vancouver Orange lodge, a resolution was passed pledging the members "individually and collectively to oppose to the utmost of our power any movement in the part of the Canadian Government towards aiding the British navy until the Home Rule question has been submitted to the electors of the United Kingdom.

MOTHER! IS CHILD'S STOMACH SOUR, SICK

If cross, feverish, constipated, give "California Syrup of Figs."

Don't scold your fretful, peevish child. See its tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat sleep or eat naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clear and sweet.

Keep it handy, Mother. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups, plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

Nuptial Notes

JELLOUS—BASKET.

A very pretty wedding took place at Paris Plains on Monday, March 30th, at the home of Mr. and Mrs. Geo. Basket, when their fourth daughter, Susanna, was united in marriage to Mr. John S. Jellous of Sweburg, Ont. The bride was becomingly dressed in cream voile and wore cream roses. The bridesmaid's dress was pale blue voile. The bride was given away by her father, and she was attended by her sister, Miss Margaret Basket. Mr. Chas. Symons was the groomsmen. Rev. W. E. Bowyer of Calvary Baptist Church, Brantford, officiated.

The wedding presents were numerous and valuable. The groom's gift to the bride was a cheque, to the bridesmaid a gold bar pin, and to the groomsmen a pearl tie pin.

After the ceremony the guests, to the number of forty, sat down to a sumptuous wedding repast. The many friends of the young couple wish them every happiness.

Mr. and Mrs. Jellous will reside at Falden's Corners.

Laid at Rest

Late Mary Grant. The funeral of the late Mary Grant took place this morning to St. Basil's church and from there to St. Joseph's cemetery from the late residence, 42 James street. Impressive services were conducted by Father Clochey at the church and Dean Brady at the graveside. Many tokens of respect, in the form of mass cards were received, and the pallbearers were: John Fitzgerald, John Slattery, T. Cronk, J. Clawsey, A. Hawkins and E. Crowcock.

Music and Drama

At the Brant. Whalen West and Whalen, in a comedy skit at the Brant, "It Happened on Broadway," is a whole of a mirth-provoking piece, cleverly done. It has a breeze from the West, although it is staged on Broadway. There was a fine audience at the Brant last night, which augurs another record week for this popular house. As usual, the motion pictures were of a standard by itself, while the vaudeville turns were of a variety that is pleasing. The program opens with the Bartlemes with some clever comedy, talking and grotesque dancing. Alma Sire & Co. had something unique in novelty finger shadowgraphy. The Mansfields in a refined singing novelty, and Tom Bateman, the dancing sailor, were both good. Manager Moule, in his usual discriminating manner, has something bound to please his patrons again this week.

At the Colonial. Manager Symons has booked for the Colonial theatre this week another splendid bill, which delighted large crowds last night. Sandor Bros., the aristocratic acrobats, are the headliners, and they are features. Their work is splendid.

IF CONSTIPATED OR BILIOUS, "CASCARETS"

For sick headache, sour stomach, sluggish liver and bowels. Get a 10-cent box.

Take a Cascaret to-night to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous upset, bothered with a sick, gassy, disordered stomach or have backache and feel all worn out. Are you keeping your bowels, clean with Cascarets—merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Remember, a Cascaret to-night will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

Young Peoples' Societies Meet

St. John's A. Y. P. A. Monday evening in St. John's school room under the auspices of the A. Y. P. A., Rev. F. Vair of Osherville gave a most interesting lecture on the "Life of Christ." The slides were of exceptional beauty and greatly appreciated by those present. Lantern Evening at Sydenham Street. A very pleasant "lantern evening" was put on last night at Sydenham St. Epworth League in connection with their annual "old rubber night."

REAL MASTERPIECE

Edison's Diamond Disk Phonograph Concert at Victoria Hall.

There was a large gathering of interested listeners at Victoria Hall last night when Mr. L. D. Hatfield gave an exhibition of Edison's famous Diamond Disk, an invention which gives a perfect reproduction of the original. Those present last night were more than impressed with the genuineness of the claim. The Edison Disk Phonograph appeals to the most cultured musical ear. Last evening Mr. Hatfield gave about 20 selections including Grand Opera. The records are indestructible and will play twice as long as any other disc phonograph. Moreover the Edison disc will play any other make of disc record. It may be of interest to know that Mr. Edison had his first phonograph patented in 1877 but up until 1913 had not placed it on the market in his name. He wanted perfection. The audience last night were appreciative of the fact that the "last word" in the production of music had been obtained.

First Meeting To-night There will be a meeting of the Eagle Gun Club at the Brant Bowling Alley to-night. All those interested are invited to attend.

## WHITE GLOVES PRESENTED TO JUSTICE KELLEY

Opening of Spring Assizes  
This Afternoon—  
The Jury.

The Spring Assizes were opened today at the Court House, Judge Kelly presiding. The Grand Jury were empanelled and sworn in and then addressed by His Lordship. Comprising the Grand Jury are: Wm. Brown, James Bailey, M. Crumback, Arthur Easton, W. H. Freeborn, P. J. Foulds, Henry Gaffney, Alex. Gaffney, Benjamin A. Hill, George Hewson, Sidney Duncan, J. Lampkin, and Thomas Patton. Addressing the jury, having been presented with a pair of white gloves, His Lordship said he was pleased to compliment them upon the satisfactory state of crime in the city and district of Brant County. He noted with pleasure that there were no criminal charges upon the list.

Crime in the county showed a marked decrease as compared with previous sessions and he as Judge of the court, complimented the citizens upon their general excellent behaviour. The report of the Chief Constable showed a very satisfactory state of affairs and he thought they had every reason to be proud of the past year's record. The Grand Jury retired to inspect public buildings.

## HOME SEEKERS' EXCURSIONS

Colonist Fares, and Settlers' Trains to the West.

Those taking advantage of above excursions, should bear in mind the many exclusive features offered by the Canadian Pacific Railway in connection with a trip to the West. It is the only all-Canadian Route. Only line operating through trains to Western Canada. No change of depots. Only line operating through standard and Tourist sleepers to Winnipeg and Vancouver. All equipment is owned and operated by the Canadian Pacific Railway, affording the highest form of efficiency.

Colonist fares, (one way second-class) to certain points in Alberta, British Columbia, California, Montana, Oregon, Washington, Arizona, Idaho, etc., in effect March 15th, to April 15th.

Home-seekers' fares will be in effect each Tuesday until October 27th inclusive and round trip second-class tickets will be sold via the Canadian Pacific Railway from Ontario points, (Azilda and East), at very low rates, for example, from Toronto, also West and North of Toronto to Winnipeg and return \$35, Edmonton and return \$43. Other points in proportion. Fares from points east of Toronto will be slightly higher. Return limit two months.

Each Tuesday until April 28th, the Canadian Pacific will run Settlers' trains to Winnipeg and West, and for the accommodation of Settlers travelling with live stock and effects, a colonist car will be attached to the settlers' effects train. This car will leave Toronto on regular train at 10.20 p.m., and on arrival at West Toronto it will be attached to Settlers' effects train as mentioned above.

For those not travelling with live stock and effects special Colonist cars will be attached to regular trains from Toronto running through to Winnipeg without change. No charge is made for accommodation in Colonist cars.

Tourist Sleeping Cars are also operated on regular trains leaving Toronto running through to Winnipeg without change. No charge is made for accommodation in Colonist cars.

## Paris News

PARIS, March 31.—The regular meeting of the town council was held last night with all members present. The business before the board consisted chiefly in the passing of the new building by-law and to define the fire limits.

The building by-law restrains anyone from erecting a frame building of any sort within two feet of another building outside the fire limits and prohibits the erection of a frame structure within the fire limits. Permits must be obtained for all buildings costing \$50.00 or more.

The fire limits were extended north to the G. T. R. subway and south to Dundas street and also takes in some of the Plats.

The first application to be received under the new building by-law came from Mr. F. W. Cove, of the Gem Theatre, who asked permission to build an extension to the present structure, same to be of brick with plastered walls and metal ceiling. On motion of Ald. Evans, and Potts, the necessary permission was granted.

Thomas Gow, whose place was damaged by flood last year was again before the council for compensation and on motion of Ald. Evans and Potts he was awarded \$25 without prejudice to the town, should an action be instituted.

Mrs. Roberts, who fell and broke her wrist near the Arnold block, was granted \$20.00 from the charity fund to pay doctor's expenses.

Owing to a letter in a local paper, asking if the ticket office of the Arlington Park Theatre was not on town property a surveyor will be engaged to define the street line from the garage to the bridge.

Mr. Kellett of the L. E. and N. railway in conversation with Ald. Potts, had promised to load all wagons with gravel for the town when the railway started to cut down Huson's Hill. The offer will be taken advantage of.

The clerk was instructed to write the Provincial Public Works Department in regard to the success or otherwise of the test roads near Aylmer.

The Paris Brick and Clay Products Co., asked for a remission of taxes and also asked that they be granted permission to open a road from their property up the ravine to the eastern entrance to the cemetery. The application was referred to finance committee to report at next meeting of council.

It was decided to obtain plank for necessary repairs to certain bridges. Council then adjourned.

## TORONTO SALES (By Special Wire to The Courier)

## SYNOPSIS OF CANADIAN NORTH- WEST LAND REGULATIONS

ANY PERSON who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Land Agency or Sub-Agency for the District. Entry by proxy may be made in any agency on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 20 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section along a river, homestead. Price \$5.00 per acre. Duties—Must reside six months on the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent), and cultivate 20 acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption, may enter for a purchased homestead in certain districts, price \$30.00 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.00.

W. W. COREY  
Deputy Minister of the Interior,  
N.B.—Unauthorized publication of this advertisement will not be paid for.

Tuesday, March 31, 1914

BOARD OF TRADE MEETING.

The existence of the Board of Trade as a clearing house for views of all classes and parties was never more justified than at the gathering of last evening.

Brantford, with other centres, is vitally interested in the retention of a fair amount of duty upon implements, and not alone the cities and towns, but also the farmers, for whom the men in the factories and their families mean such a splendid home market.

It was most fitting that the resolutions submitted should have been carried with such unanimity. Canada most decidedly does not want, and does not need, any tariff tinkering at this period.

ASQUITH'S STEP.

Premier Asquith has not added to his reputation by his sheepy dramatic step of taking over the Secretaryship of War and announcing that he will go back to his constituents for endorsement in that capacity.

His followers call the act "courageous," but it takes very little consideration to show that it is directly the reverse. In the first place, he could have assumed the portfolio without any objection—that is, by becoming acting Secretary until the time of an appointment.

In the second place, he represents a safe seat, Fife, which he carried last time by 1,799 majority, and in the third place, instead of the present schoolboy performance, it was his plain duty as Prime Minister to go frankly and straightforwardly to the people, in view of the crisis which he and his entanglements have brought about.

When he comes back, as he probably will, what on earth will that show? Surely no sane man under such circumstances would claim that the verdict of one Scotch county must be regarded as the voice of the United Kingdom!

What Asquith has in reality done, in order to get under a little temporary cover, is to lower the dignity of his high office in a way never before paralleled.

COMMANDER EVANS.

The tremendous welcome accorded Commander Evans, both in the States and Canada, is evidence of the fact that men and women still admire virility, courage and self-sacrifice. He was the last man to see the gallant Scott and his little band of immortals alive, waving them a fond farewell as they made their final and successful dash for the Pole, only to meet with such a tragic death on the return trip.

He himself on the return would have shared Scott and his party's fate if it had not been for the heroism of his two sailor companions, Lashley and Crean. Stricken with scurvy and paralyzed from his waist down, the Commander told his men to leave him to die and save themselves, but they refused. "If you go out now, sir, we'll go out with you," were their brave words. And so Lashley stayed with the Commander, and Crean, walking alone 35 miles in 80 hours, reached the depot in a condition of collapse. A relief party was quickly organized, and arrived just in time to save Commander Evans and his brave companion, who had given up all hope of being rescued, and were at the end of their provisions.

"If it hadn't been for these brave fellows," said the Commander, "I shouldn't be here to-day to tell the tale of the Scott Expedition."

Commander Evans only goes West as far as Winnipeg, as his leave from the Admiralty is short, and he has to be back in England next month.

OVERLOADING

This is a day of radicalism. The zealot is abroad in the land to amend, to convert, to upheave, to innovate. "Whatever it is, let's change it," is the first article of the creed of an innumerable company of social ethical, philosophical and political dissenters.

They are now laying violent hands upon the system of education. Dr. Wilson Ferrand, an acute reasoner in these matters, is pertinently cited.

"It is not enough that the child shall be taught to handle skilfully the tools of all learning—reading, writing and arithmetic—his sense of form and his aesthetic nature must be developed by drawing; his hand must be trained by manual work; his musical nature must be awakened by song; he must be brought into harmony with his external environment by means of nature lessons and the study of science

with sex hygiene... In some manner there must be roused in him a love for trees, a knowledge of alcohol's effects a respect for birds, an antipathy to cigarettes and an ambition for cleaning streets; and somewhere, somewhere in this mad chaos he must learn to spell."

And all this is expected from a shamefully underpaid teacher. The question is not the intrinsic merit of any of these branches of knowledge; the question is a surfeit educational programme. How can a child absorb all learning. How is he to learn to do everything and be everything at once? It is excellent to be made aware that alcohol is deleterious, that Jupiter thundered from Olympus and Vulcan was a blacksmith; that certain latin verbs govern the dative case and others are followed by the ablative; that a corolla is made up of petals and a calyx of sepals; that the housefly is a pernicious peddler of germs; that the normal temperature of the body is between 98 and 99 degrees, and a thousand other things. But do all these facts need to be flung at the defenceless head of infancy all at once.

SPORTS COMMITTEE DRAWS UP PROGRAM

Old Home Week Will Have Lots Doing in Sport Line—Different Games Arranged.

The general sports committee of Old Home Week held an enthusiastic meeting in the headquarters room in the Temple Building last night, when plans for the sports of the week were discussed.

On Monday, August 10, the Erie Canadian League team will play a double-header here with the local team. On Tuesday the three world's champion Athletics will play an exhibition game with the pick of the Canadian League teams here, which the committee considers will be one of the greatest attractions of the week.

On Wednesday morning the fraternal societies will stage a football contest at Agricultural Park, for which prizes will be offered. Thursday is general sports day for the week. In the morning Hamilton and Brantford Canadian League teams will do battle, and in the afternoon a lacrosse match will be put on. In all probability St. Catharines will oppose the local team. The committee will make every effort to bring this fast team here. Besides these games, an attempt will be made to hold a sanctioned athletic meet here for this day. This matter, after much discussion, was left to a committee of five, consisting of R. J. Eacrett (chairman), Chief D. J. Lewis, Wm. Gibbs, Duff Adams Jr., W. Rutherford and J. J. Kelly, chairman of the general committee on sports.

This committee will draft out a schedule of sports for this day and report to the general committee at their next meeting.

The bowling greens throughout the city will be open every day during the week for games, but although the clubs have not taken any definite steps towards any special competitions, it is likely they will. The Brant county tournament is scheduled for civic holiday, but it is hardly likely this will be run off on that date.

The Dominion Quoting Association have applied for permission to hold their tournament here during Old Home Week. All they ask of the executive is that they furnish the prizes for the tournament. This would take up the mornings of three days, and would no doubt bring a number of quoting enthusiasts from all over the country. This matter was referred to the executive committee.

Besides these sports there will no doubt be numerous other games played, as cricket, soft ball, etc.

The sports committee deserve a lot of credit for the effort they are putting forth to make Old Home Week sports memorable to all who return to the city for that week.

With the City Police

Magistrate Livingston figured as an expert upon calligraphy this morning when the case of Vlad Marchik and Mary Zalkovski came before him. Vlad, who is a Russian youth of 19, charged Mary, who is young and twenty, with insulting language. She admits giving him a degrading title, but claimed there was provocation. She had received postcard, which were not complimentary and she blamed Vlad for sending them. Then the Magistrate asked him to write a few sentences, which he did, and upon examination the Bench decided that the writing was not the same. He therefore dismissed the charge, and warned both defendant and complainant that in future they must not communicate at all with each other. This command she promised to obey, with a smile upon her face.

TO-NIGHT. A few good fush seats, 50 cents, Opera House to-night, 7.45. Commander Evans' Discovery. South Pole. Moving pictures; beautiful photographs.

WIRELESS BOY OPERATORS HAVE REAL MYSTERY

Brantford Lads Hear Loud Reports at Their Various Stations.

There has lately developed a wireless mystery in the city. Operators are mystified and cannot account for it. They have theories but they cannot prove them and still the mystery continues. A short time ago an operator was started to hear many loud reports in his ear, transmitted through his receiver, and ever since whilst the instruments have been used these reports have occurred. They are most frequently heard at night and are intermittent, going on for some time and then suddenly stopping only to continue after a brief interval. Operators can get reports of different stations, but this unexplained noise continually spoils the messages, and they are left to piece together the story coming over the wireless. It is not a fault in any one machine, for all the instruments in Brantford, numbering about 15 or 16 have been affected. "It is most uncanny," said an interested wireless man and if it continues it will interfere seriously with messages. He has one or two theories to account for the mysterious reports but these theories cannot yet be substantiated. One is that there is a leakage on a high tension wire somewhere in the vicinity of the city, and that when the high current "jumps" the loud report registered is made; or it is possible that something is amiss with a high current transformer on the Hydro Electric system. Apart from the weirdness of the mystery, there is not a great deal of danger. The only danger is that the high current might jump two points on the instrument, but at the present it is not likely to do so. Lloyd Wood, who is one of the best operators in the city would be pleased to hear suggestions from those interested in the elucidation of the mystery at the V. M. C. A.

COMMANDER EVANS ARRIVES IN CITY

(Continued from Page One) high place in the opinion of Captain Scott.

This is proven by the fact that he was one of the few selected to take part in the southern journey—the final dash for the pole. This was the greatest honor Captain Scott could pay him. It also enabled the leader to take forward an extra lieutenant with him to check his observations when he should arrive at the pole. When Wright was sent back in charge of a party, he had marched nearly 600 miles and had been nearer the pole than any other Canadian.

After Wright got back to Cape Evans—named after himself—he found that the Terra Nova had arrived, bringing news that Dr. G. C. Simpson, the senior physicist of the party, had returned to continue Dr. Simpson's work for the second year, and Dr. Simpson declared that no man was better fitted, although Wright knew nothing of this branch of science before joining the expedition.

Stricken With Scurvy. Then it was that Commander Evans himself became sick with scurvy and almost died. He was hoisted on board his ship in a bag and for days hovered between life and death. It was not until he arrived at New Zealand he learned of the tragic end of Captain Scott and those who went with him on the last dash to the pole. This news proved a complete surprise, as the commander was firm in the belief that by that time Scott had successfully accomplished his purpose.

Commander Evans will recount the detailed story of the expedition at the Grand Opera House to-night.

Asked for his impressions of Canada, he said that he had been impressed more than anything by the intense patriotism shown here. "I believe Canada to be more patriotic than any other dominion I have ever visited," he said, "unless it is New Zealand."

NEWBURGH HAS FIRE

NEWBURGH, Ont., March 31.—The Newburgh drug store, owned by Prince of Wales lodge, A. F. & A. M. was occupied by T. L. Winter, drug gist, and central for the Bell and Camden rural telephone systems and by the lodge, was burned last evening together with all the contents. The insurance on the building and contents of the lodge is \$2,200 and on the contents of the store \$800. Some damage was done to Mr Ryan's stock of flour, feed and provisions in an adjoining building by smoke.

YUKON ORANGEMEN

DAWSON, Y. T., March 31.—At a largely attended meeting of those in sympathy with the opposition of Ulster to Home Rule a fund was opened and as a result a large sum was cabled to Sir Edward Carson. On the other hand, the supporters of Home Rule cabled John Redmond a large sum also.

PALE ANAEMIC GIRLS

Find New Health Through Dr. Williams' Pink Pills for Pale People. There must be no guesswork in the treatment of pale, anaemic girls. If your daughter is languid, has a pale sallow complexion, is short of breath especially on going up stairs; if she has palpitation of the heart, a poor appetite or a tendency to faint, she has anaemia—which means poverty of the blood. Any delay in treatment may leave her weak and sickly for the rest of her life—delay may even result in consumption. The blood is poor and watery, there is only one certain cure—that is Dr. Williams' Pink Pills, coupled with nourishing food and gentle out-door exercise. Dr. Williams' Pink Pills actually make new blood, which, flowing through the veins stimulate the nerves, increases the appetite, give brightness to the eye, a glow of health to the cheek and makes weak despondent girls full of healthy activity. The case of Miss J. H. Lassarre, Sorel, Que., is typical of the cures made by Dr. Williams' Pink Pills. She says: "I was weak and all run down. My face was pale and covered with pimples. My lips were pale. I suffered from pains in all my limbs, which would at times be swollen. I was hardly ever free from headaches and I found work about the house a burden, as the least effort left me fatigued and breathless. I had no appetite, and notwithstanding that I was constantly doctoring I seemed to be growing worse all the time. One day mother said she thought I ought to try Dr. Williams' Pink Pills, and I decided to do so. I soon discovered that I had found the right medicine, and after using nine boxes I was once more enjoying the best of health, and I have not been unwell a day since."

WANT \$2,000 FOR THE Y. W. C. A.

Big Campaign Was Launched by Local Business Men Last Night—Expect a Hearty Response.

At a meeting of business men in the Y. M. C. A. last night following a supper, it was decided to inaugurate a two days' sustaining membership campaign. T. L. Wood and J. M. Young were appointed captains, they to select teams, with the injunction not to come back until they had raised \$2,000. The Y. M. C. A. has been having a yearly deficit and improvements are needed, and it is for this that the business men's membership campaign is started. The membership fee will be \$10 up. Both teams started an active canvass to-day, and met with much success.

Tarzan of The Apes

By EDGAR RICE BURROUGHS

Copyright, 1912, by the Frank A. Munsey Company.

And so the white haired old man repeated the burial service over this strange grave, while his four companions stood with bowed and uncovered heads about him.

From the trees Tarzan of the apes watched this strange ceremony, but most of all he watched the sweet face and graceful figure of Jane Porter.

In his savage, untutored breast new emotions were stirring. He could not fathom them. He wondered why he felt so great an interest in these people—why he had gone to such pains to save the three men. But he did not wonder why he had torn Sabar from the tender flesh of the strange girl. He knew that she was created to be protected and that he was created to protect her.

When the grave had been filled with earth the little party turned back toward the cabin, and Esmeralda, still weeping copiously for the two she had never heard of before and who had been dead twenty years, changed to glance toward the harbor. Instantly her tears ceased.

"Look at dem low down white trash out dere!" she shrilled, pointing toward the Arrow. "They all a dese-cratin' us right yere on dis yere deserted islan'!"

Surely enough, the Arrow was being worked toward the open sea slowly toward the harbor's entrance.

"They promised to leave us firearms and ammunition," said Clayton. "The merciless beasts!"

"It is the work of that fellow they call Snipes, I am sure," said Jane Porter. "Clayton was a scoundrel, but he had a little sense of humanity. If they had not killed him I know that he would have seen that we were properly provided for before they left us to our fate."

"I regret that they did not visit us before sailing," said Professor Porter. "I had purposed requesting them to leave the treasure with us, as I shall be a ruined man if that is lost."

Jane looked at her father sadly. "Never mind, dear," she said. "It wouldn't have done any good, because it is solely for the treasure that they killed their officers and landed us upon this awful shore."

Tarzan had seen the consternation depicted upon the faces of the little group as they witnessed the departure of the Arrow, so as the ship was a wonderful novelty to him in addition he was determined to hasten out to the point of land at the north of the harbor's mouth and obtain a nearer view of the great boat, as well as to learn if possible the direction of its flight.

A very light land breeze was blowing, and the ship had been worked through the harbor's mouth under flying jib, fore and main royals and mizzen spanker, but now that they had determined to hasten out to the point of land at the north of the harbor's mouth and obtain a nearer view of the great boat, as well as to learn if possible the direction of its flight.

Tarzan watched the graceful movements of the ship in rapt admiration and longed to be aboard her. Presently his keen eyes caught the faintest suspicion of smoke on the far northern horizon, and he wondered what the cause of it might be.

At about the same time the lookout on the Arrow must have discerned it, for in a few minutes Tarzan saw the sails being shifted. The ship came aboard, and presently he knew that she was coming back toward land.

At last the ship came up directly into the wind. The anchor was lowered; down came the sails. There was great scurrying about on deck.

A boat was lowered, and into the boat a great chest was placed. Then a dozen sailors bent to the oars and pulled.

Electric Cooking in the "Hughes Way"

The woman who cooks with electricity works in comfort. The room is neither overheated nor filled with unpleasant fumes. She builds no fire—does not even light a match—the turn of the switch and the heat is on. There are no open flames, with their danger and dirt. Utensils stay clean. Heat is exact and uniform always; results can be accurately gauged.

Cooking can be done with electricity with an economy of heat not possible with any other method. The heat-economizing feature of the Hughes Electric Range is the direct application of the radiant heat on the utensil, giving the Hughes range 25% greater efficiency than the ordinary disc stove.

Hughes Ranges are not disguised to look like something else. They are not toys, but practical ranges, designed for heavy duty in any household and built for a lifetime of hard service. Call at our store and see one.

TURNBULL & CUTCLIFFE, Ltd.

HARDWARE AND STOVE MERCHANTS

ed rapidly toward the point where Tarzan crouched in the branches of a great tree.

In the stern of the boat, as it drew nearer, Tarzan saw the rat faced man. It was but a few minutes later that the boat touched the beach. The men jumped out and lifted the great chest to the sand. They were on the north side of the point, so that their presence was concealed from those at the cabin.

The men argued angrily for a moment. Then the rat faced one, with several companions, ascended the low bluff on which stood the tree that concealed Tarzan. They looked about for several minutes.

"Here is a good place," said the rat faced sailor, indicating a spot beneath Tarzan's tree.

"It is as good as any," replied one of his companions. "If they catch us with the treasure aboard it will be confiscated anyway. We might as well bury it here now the chance that some of us will escape the gallows to enjoy it later."

The rat faced one now called to the men who had remained at the boat, and they came slowly up the bank carrying picks and shovels.

"Hurry—you!" cried Snipes. (To be Continued.)

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25 cent bottle of Danderine right now.

Thin, brittle, colorless and scraggy hair is mute evidence of neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

MOVEMENT IS STARTED BY THE BOARD OF TRADE

to all classes of citizens, and in all parts of our Dominion, and... The spirit of the times is to consider the rights and opinions of the "other fellow"; and... The bringing together of a large delegated body of men representing all such Associations and interests from all parts of our country, and the discussing of these and other questions, free from any and all political party influences, will enable the delegates and through them all our citizens to get an intelligent idea as to the varied needs of Canada; and...

There is not at present any known plan for convening such a Congress; and... It is the opinion of this Board that such a Congress should be held; therefore, he resolved:

1. "That this Board of Trade petition the Honourable the Minister of Trade and Commerce to invite delegates from the various Associations and interests of the Dominion of Canada to assemble in Congress in the City of Ottawa early in the year 1915 for the purpose of exchanging views concerning the methods that have been or may be proposed for advancing the interests of the Dominion as a whole as of its constituent parts."

2. "That verbatim reports of the proceedings of such Congress be published."

3. "That a copy of this resolution be sent to the Right Honourable the Prime Minister, the Honourable the Minister of Finance, the Honourable the Minister of Trade and Commerce and to the Press."

As a second of the resolution, Mr. Joseph Ham said: "I believe it to be in harmony with modern thought. The order of the day seems to be in the direction of conciliation, arbitration and co-operation. If we are ever to become a great nation in the best sense of the word we must endeavor to eliminate any distrust or ill feeling that may exist between the east and west. If misunderstanding is allowed to go on and foster and extend we may in future be confronted with a problem such as our neighboring republic was called upon to face in the...

and he thought, himself on behalf of the associated farmers with whom he was rather closely connected, that the difference between the East and West was not so marked as previous speakers made out. However, there was little doubt that as long as the East voted for its own selfish interests and the West for its own selfish interest there was little hope of them coming together. The general difference of opinion of the East and West was existing between citizens of these sections and not between farmers. Regarding such a congress, could you, he asked, get a thoroughly representative congress. There was no doubt that much opposition would spring up and he was not sure as to the future of the idea. He would eliminate entirely clause three as being prejudicial against the best welfare of the movement. Speaking for the organized farmers he could assure the board that there would be no opposition to the scheme. He would be pleased to answer any questions as to the farmers representatives which might be asked and he voted for the elimination of Clause Three.

Mr. Mann agreed with the suggestion and asked that Clause 3 be deleted. Harry Cockshutt objected to the clause being eliminated. The motion was on the table and in parliamentary form and had been submitted. The only way was an amendment. Mr. Brewster supported this view and said if anything the clause might be made stronger.

Against the Tampering. Mr. Muir then spoke upon the resolution. Of the resolution he would say he did not desire to hold the red flag to the bull, but would rather eliminate the clause than do that. He had been in Ottawa last week and everyone there agreed that the present time was inopportune for any tampering with the tariff. Mr. Good here interrupted and said he only suggested the elimination for the benefit of the farmer, not as the suggestion of the farmer, but in his capacity to say. He agreed that the clause should be the subject of another resolution of the council. Mr. Hahn supported this view.

W. S. Brewster's Opinion Mr. W. S. Brewster saw no reason why the tariff should be altered at the present time, which was most inopportune. There was no mandate of the people for such a change. In Brantford here, we knew what it meant to tamper with tariffs. He referred to the fact that the industry of the province was in a state of depression and that the government was not doing anything to help it. He saw no reason why any one line of industry should be selected upon. It was not fair. Brantford manufacturers had made it; what would the city come to if the proposed reduction was put into effect. It would be a veritable J. I. Hurley spoke in support of the duties now upon agricultural implements. If Canada was to be foremost among the coming nations, mutual concessions must be the basis of progression.

W. B. Preston Agrees Mr. W. B. Preston agreed in all that Mr. Brewster had said. There was in his opinion no reason why this special trade should be knocked out. He should make a political football of Brantford's greatest industry. The eyes of industrial Canada were upon Brantford this evening and he advocated a very strong move in the matter being made by the body. Let the outsiders see that Brantford was alive and doing things.

J. I. Hurley Speaks Mr. Hurley drew the attention of the Board to the fact that Mr. Good was there to speak and to confer with the board with regard to the farmers view of the proposed conference, from which they had wandered somewhat. They could talk with him and then they would be free to make an amendment or eliminate the clause.

A Workers' Opinion. A working man's view upon the proposed conference was next heard. It was as follows:

Best Money He Has Ever Spent

WHAT C. HANSEN PAID FOR DODD'S KIDNEY PILLS. Had Been Ailing for Six or Seven Years When He Took a Neighbor's Advice and Found a Complete Cure.

MONA, Man., March 30.—(Special)—Mr. Cornelius Hansen, well known and highly respected here, is telling his friends of his simple but complete cure from a protracted illness. The facts in brief are: He had Kidney Disease; he took Dodd's Kidney Pills; they cured him. But let Mr. Hansen tell his own story.

"I was troubled with my Kidneys for six or seven years," he says. "My back was so sore I couldn't get out of bed in the mornings. I tried medicines, but they did me no good. Then I met a neighbor, and he advised me to try Dodd's Kidney Pills. He said he had used them in his family for a long time and they were a great medicine. "I bought six boxes of them, and by the time I had taken three of them I was feeling much better. Now I am quite well, and I think the best money I ever spent in my life was what I paid for Dodd's Kidney Pills." Dodd's Kidney Pills are no cure-all. They simply cure sick Kidneys. But they do all that is claimed for them.

Skirt comes in a pretty draped effect with tier. Colors Copenhagen, Brown, Navy Blue, Tan and Black. —Second Floor.

visitors from Hamilton Eighty Foresters Present at Local Lodge Last Evening. Last evening was a big night in connection with the Ancient Order of Foresters. Arrangements had been made to bring Mr. Archie Martin and his famous degree team from Hamilton here for the purpose of putting on a joint initiation and they came on a special radial car accompanied by a large number of Ambitious City brethren. The four Brantford Courts, Endeavor, Success, Enterprise and Industry produced ten candidates for initiation, and they were duly introduced to the mysteries of Forestry in a most creditable manner. The degree team costumes are exceptionally elaborate and the drill work and secret work put on in an exceptionally capable manner. The various charges were given with a finish, preciseness and decision that was refreshing and the exceptionally large number of local and visiting brethren were loud in their praises of the work. Chief Ranger Hall of Court Endeavor presided over the preliminary and closing exercises. During the evening addresses were given by High Medical Examiner, Dr. L. Secord and High Sub Chief Ranger Archie Martin of Hamilton. The doctor made his debut in a new role as an elocutionist, reciting one of Kipling's gems in a manner that was worthy of a professional. To say that he received a "big hand" from the brethren is putting it mildly. H. S. C. R. Martin was, as is usual, brimming over with Forestry, and said he and the team were out to create a new enthusiasm among the members. They would come at any time to an individual court who had six candidates to initiate and put on the work. They never charged for their services, even paying their own railway fares. And it is no secret that the various city courts are planning to have them back again soon. At the conclusion of the regular work, refreshments were served and a general good time was held. The Hamilton visitors returned by special car at 8 o'clock, well pleased with their visit. Ancient Forestry is booming in this city, and it is understood they are going into Fraternal Day during Old Home week, and will do their part to make the day a big success. There are four adult courts in this city: Court Enterprise, Court Success, Court Industry, and Court Endeavor, the latter being the parent court. There is also a thriving Ladies' Companion Court and a Juvenile branch. They are all well officered and flourishing.

AT ST. JOHN'S CHURCH Rev. Rural Dean Saunders conducted the services at St. John's church, morning and evening on Sunday last. The text in the morning was from St. Luke 10:12 "A certain nobleman went into a far country to receive for himself a kingdom, and to return. For the evening service the rector in his sermon dwelt upon the value of Lent, and the necessity of self-examination and watchfulness against the great sin of indifference. The speaker's remarks were based on the text, St. John 1:11, "I came unto my own and my own received me not."

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

BORBRIDGE FOOT FITTERS YOU will find here the strongest line of new and up-to-the minute Ladies' \$3.50 Fine Shoes in the city. They are in all leather. No. 1, and best for wear. All our Trunks, Bags and Suit Cases are selling fast at factory prices. BORBRIDGE FOOT FITTERS (The Quality Store of Low Price) TEMPLE BUILDING, 82 Dalhousie Street

# APRIL FOOLS OF TODAY AND YESTERDAY

"Sometimes the Too-knowing Person Proves the Greatest April Fool of All."

FROM mythological times, when merry lambs were sent with Ceres on a vain hunt for Prosperpine, clear down through the days of the witty Stuart-fools to the routine tricks of today, April Fool's day has been given over to queer antics and the perpetration of jokes at the expense of another. In every language, April first is named for the equivalent of "fool."

At one period it was strictly pagan; at another somewhat mixed up with certain observances of the Christian church; and today it is celebrated chiefly by juveniles and rustics. At its inception it was rather the higher stratum of society that annually celebrated it. Believing that since the god and saint had a "day" so should every fool—or jester—royal courts designated that day coming on April first in the modern Calendar as All Fools' Day and during those twenty-four hours reversed all usual procedure.

In France the Court Jester was an important personage. He was the means of enlivening so many otherwise weary hours that monarchs owed him a debt of gratitude. On his day he and his kind were elevated to the throne, and the King and Queen stood at the foot and paid him court. His fool's "bauble" was regarded as the rank of a king's office and any mandate issued—short of power over life and death—was obeyed. And, it is said, sometimes a foolish ruler received a much needed lesson from the orders of his jester.

Modern France rather inclines to circuses and gay outdoor performances on April first. Through the provinces little two-wheeled carts journey to hamlets where any entertainment is a novelty. From the tailboard a regulation jester, in tight-fitting fleshings, peaked cap with bells and his "bauble" in his hand, gives characteristic performance. A favorite diversion is to pause suddenly amid a serious talk and give a smart blow with his stick to some one in the audience; or to rap out a witticism at the expense of a listener; or best of all, to offer free sweetmeats and then go into paroxysms of mirth at the

"A Regulation Jester Gives a Characteristic Performance."

whatever the title, they are treated with about equal heartlessness in every land—even the usually polite Oriental indulging, from long before the Birth of Christ, in this annual form of diversion.

The Chinese account for the origin of All Fools' Day by a fable handed down from the mazes of antiquity. According to this, a certain great prince had the misfortune to offend an enchanter, but also obtained the protection of a fairy. When his son grew up and succeeded to the throne the enchanter and fairy fought for the possession of the prince.

The fairy turned her enemy first into a rock and then into a stream of water. This torrent swept over the prince and carried him away a distance of two miles where a sunken lake was created. It was named "the pool of Iseamma." In honor of the prince and a yearly festival in his memory was instituted. Gradually, on that day, it became the custom to send messengers "to find Iseamma," or to search in vain. This event, supposed to have been dated April Fool's Day, is ascribed to the Isle of Chiekoek, on the seventh of the moon of Nlada—which in the European calendar makes April first.

Yet, perhaps, from amid the numerous origins put forth by various races the most plausible—because it seems to find confirmation by every Occidental writer on the subject—is that it was celebrated first as the final day of the octave forming the Roman New Year. With all pagans every

A Typical English "Fool" and His "Betsy."

important festival lasted for eight days, the first and last being the most significant. Now, the year with the Romans was ushered in on what is now March 25th and the feasting ended on April first. Also, there was much in the nature of the celebration to link it with modern All Fools' Day.

The entire last day was given over to "fool-making" of a nature very similar to that with which the American small boy fools his contemporaries. It was called "Kalendaram," and came in their January calendar.

The public rejoicing of the Gentiles at this time was adroitly by the Chris-

"The King and Queen Stood at the Foot and Paid Him Court."

waters had receded, on the first day of the month among the Hebrews that corresponds with the initial day of our fourth month.

A German writer—in whose country this venerable old custom is firmly established—gives one of the most sensible of theories when he claims that April itself is the fool month, with her deceitful and varying weather. "One goes forth in the sunshine for a walk," he says, "only to be April-fooled and come home in a deluge of rain. April's quick recurring sun-smiles being her woman's laughter at people's confiding folly."

Sweden is to American minds so peopled with grave, serious folk that indulgence in the droll horse-play of the first of April seems hardly fitting. Yet that land has to its April Fool credit one of the most ingeniously tormenting ceremonies of the day. It is thought extremely funny to stand at an upper, open window with a bucket of water and a pail of ashes in readiness. As some especially well-dressed "fool" approaches he is given enough of the water to cause him, instinctively, to look up; immediately a handful of ashes is received in his eyes and all over his fine raiment.

Strangest of all, in tracing the course of the April Fool joke and the joker down through the world, is to learn that the studiously polite and dignified Hindu has numbered such a celebration among those of his country from time immemorial. Every year a great feast is held in all India which corresponds exactly with the features of our April first and falls on the same date.

This is called the "Feast of the Huli" and during its observance mirth and jokes are rampant. There are the same useless errands, the fake letter and deceiving edibles and many hoaxes possessing a uniqueness of conception beyond the Occidental mind to invent. As a rule the lower classes are most pleased by these ceremonies, though every grade of society observes the feast and Surajah Dowlat, whose Indian name has been Anglicized into Sir Roget Dowlass, loved to make "Huli Fools" of his friends.

About the most gigantic April Fool

"The King and Queen Stood at the Foot and Paid Him Court."

joke on record was perpetrated on citizens of London in the year of 1860. During the latter part of March a vast number of people received, in their morning mail, cards bearing what appeared to be an official stamp but was really was impressed with a sixpence turned upside down. It read: "Tower of London—Admit bearer to view the Annual Ceremony of Washing the White Lions, on Sunday, April 1st, 1860." Admitted only at the White Gate. It is particularly requested that no gratuity be given any of the Wardens or their Assistants."

The stolid English got up before daybreak to be in time for the remarkable performance. They hadn't the slightest idea what it meant, but that only whetted their curiosity the more. All day long, cabs and carriages were rattling over the stones around Tower Hill searching for the White Gate. Of course there wasn't any such gate and gradually the victims realized that they had been offered up on the altar of April Fool's Day.

So much for the fools of yesterday. Nobody could convince the average small boy that his strategic feasts of April first ever were or will be surpassed. He ties his trick purse across the pavement and wriggles with glee when a pompous grown-up stoops for it. He runs off with a sagging gate from some dilapidated yard and hangs it on the imposing iron fence of a splendid mansion. He wets four and throws it on pedestrians, rings door bells and grows hoarse from frequent repetitions of "Say! Mister, you dropped your handkerchief," or "You lost your pocketbook."

But things really have a way of getting lost on April first, as well as on any other day of the calendar. And sometimes the too-knowing person proves the greatest April Fool of all. Occasionally a small boy shouts to a man that the latter has dropped his purse; the man nods comprehendingly and goes on—leaving his wallet to be picked up later by one who proves a theory of Confucius which reads "From a fool the wise can often learn wisdom."

In the North of England April Fools are still called "gowks, or gooks"—that being the name for cuckoo, which commonly means "fool." This probably is similar to the German, geck—signifying the same stupidity—and explains why when a maiden of the Fatherland at first hears the voice of a cuckoo on April Fool night she kisses her hand in the direction of the bird and asks when she will marry. As many times as the cuckoo or geck replies immediately following her question is supposed to signify the number of months to elapse before she is wed.

In Scotland the people have an April Fool custom of "hunting the gook." This consists of sending people on a long despairing chase after a letter which, when finally located, reads "go hunt the gook another mile." The victim is told that a certain person has a note for him. He goes in search of it, only to be informed the missive has been handed to someone living farther on to be given to him.

The French call the person imposed upon on April Fool's Day a "poison pill" or "mackerel," which is a very stupid fish and one easily caught. The Spanish call them "Innocents." But

## APRIL WEATHER WILL LIKELY BE QUIET AND FINE

Most of the Storms Will be Centred in the South.

WASHINGTON, D.C., March 31.—Last bulletin gave forecasts of a disturbance to cross continent March 30 to April 3, warm wave March 29 to April 2, cool wave April 1 to 5. Storm forces will be above average intensity; temperatures will run high as the warm wave passes and then the temperature trend will be downward till about the middle of the month.

Second disturbance of April will reach Pacific coast about April 3rd, great central valleys 5 to 7, eastern sections 8. Warm wave will cross Pacific slope about April 3rd, great central valleys 5, eastern sections 7. Cool wave will cross Pacific slope about April 6, great central valleys 8, eastern sections 10.

Temperatures of this disturbance will be about normal as an average, but will run to extreme because of the great energy of the storm forces. As a general average the crop weather will be good, but some places will begin to suffer for want of rain. Four-fifths of the continent will be threatened by drought during April, and some parts will be seriously damaged.

The moon causes the tides by expanding the sea water and by evaporating sea water prepares the atmosphere for the rains. If we had no moon we would have no rain and vegetation would get its moisture from the mists. The combinations of moon and planets with the forces of sun and earth locate the evaporations of sea water and thereby locate the rains.

For April the evaporations will principally be about Panama reaching out several hundred miles, both east and west into the Caribbean sea and the Pacific ocean. As a conse-

## FATHER WON'T TALK BUT MOTHER! WELL!

Bordenstown's Runaway Miss Looks For Trouble—Thinks Men

BALTIMORE, March 28.—"I think men and boys are the biggest nuisances in the world," declared Miss Benetta Brainard, the sixteen-year-old high school girl of Bordenstown, N. J., who ran away from her home about a week ago and was arrested in this city last night. She is being held at the Central Police Station until her parents arrive.

## HER LITTLE SON WAS DYING

Gave Him "Fruit-a-lives" and Saved His Life.

CAMPBELLVILLE, ONT., May 5th, 1913. "Our little boy, Lawrence, was sorely affected with Chronic Indigestion, and the doctor did not think he would recover. He started with a sore mouth and it developed into this other trouble. Everything he ate just passed right through the system without change. He cried incessantly and life was a misery to him. My husband had been using "Fruit-a-lives" for indigestion, getting much benefit from them, and I thought why did him go? It might help our boy. We tried "Fruit-a-lives" giving Lawrence 1/2 a tablet a dose, and the result was marvellous. Today, he is the picture of health, and he is perfectly well!"

## HE IS SAVED BY SAFETY BADGE

Swallowed By Railroad Man It Locates Appendix Trouble.

CHICAGO, March 31.—A "safety first" button, of the sort commonly worn by employees of the Chicago, Milwaukee and St. Paul Railroad, saved the life of a man in whose digestive organs it had lodged.

Harry Spieckerman, of the general auditor's office of the railroad, is a staunch believer in the doctrine of "safety first." He wore a pin, and Thursday, while trying to straighten out the fastener with his teeth, accidentally swallowed the celluloid disk.

Dr. H. A. Moje, 4132 North Ashland avenue, operated on Spieckerman in the Chicago Union hospital. "I want that button when you get the safety first committee," said the doctor. "It's the first time a part of our organization has turned against us in this movement. As a traitor it should be dealt with accordingly."

The surgeon found that the patient's appendix had developed to three times its normal size and had hooked around the colon in such a manner as to jeopardize his life. Pin and appendix were removed at one time, and the former, justified at last by having furthered the cause for which it was ordained—saving lives—is to have a place of honor in the souvenir family of the committee.

"If Spieckerman had not swallowed this pin he probably would have been dead within thirty days," said the surgeon.

## HER LITTLE SON WAS DYING

### GUESSING HARD IN ENGLISH SOCCER GAMES SATURDAY

#### Many Upsets Proved Fatal to Those Who Doped Out the Games

The Courier Football competition was this week one of the hardest that has ever been put before the competitors. The result was that all the coupons were below the average of these contests. This is rather remarkable, following as it did a week when the competition was comparatively easy and when the highest guess of the series was made. The winners figure of nine does not equal one half of the total of last week's winner. Wm. Taylor, with this modest number correct, carries away the first prize. There were many with eight correct and more with seven, and two coupons submitted had a sum total of two correct and another had one. This suffices to show, apart from actual experience, that this week's competition was the stiffest proposition ever set before the guessers.

**General Review.**  
Besides two games in the Scotch league which were not played, there were seven drawn games and many results did not come out as was generally anticipated. The failures of Aston Villa, Everton and Sunderland in lesser degree were not looked for. Portsmouth and Aberdeen each should have pulled off a victory.

No fewer than seven drawn battles made a big slump in the average of guessers. Sheffield were expected to beat Burnley. Not a few favored Burnley and a minority forecast a draw. Tottenham were expected to make a point at Everton, but this they managed to do. Bradford and Burnley came to a tie, and this result might have been expected. Not so with the Southend and Bristol result when Southend being favored by the choice of grounds should have put Bristol to rout. Bristol played well and divided the honors. Portsmouth generally beat Cardiff city at home, but this time they did not come forward with their usual success and another draw resulted.

**Scotch League.**  
With two draws and two off games this proved a sorry division for competitors. Raith Rovers and Hamilton did not meet, nor did the Hibernians meet Morton. Falkirk and the Airdrieonians scored each a goal and di-

### WOODSTOCK LOST TO LOCAL Y.M.C.A.

#### Three Teams of Basketballers Visited the City Last Night.

Before only a small crowd of enthusiasts at the Y. M. C. A. last night, three teams of local basketballers defeated the same number of teams from Woodstock. The juveniles from the Industrial City were the only team able to defeat a local team, the score being 9 to 7 in an exceptionally close game.

The second game was between the junior leaders corps and a junior team from Woodstock. The locals won by the score of 29 to 15. Waddington and Beckborough started for the locals, each scoring to points while Leeds and Youmans scored all the points for Woodstock. The score in this game does not indicate the play whatever, which was undoubtedly the best game of the evening.

**Southern League Easiest**  
Apart from the two draws included in the Southern results, the others were as they might have done. West Ham succumbed to Gillingham, although they were favored by a good Aston Villa, Everton and Sunderland in lesser degree were not looked for. Portsmouth and Aberdeen each should have pulled off a victory.

**INTERNATIONALS FOR NEXT SATURDAY'S MATCH**  
LONDON, March 31.—The English team at Glasgow will be: Hardy (Aston), Crompton (Blackburn), Pennington (West Bromwich), Struggess (Sheffield United), McCall (Preston), McNeal (West Bromwich), Walden (Tottenham), Fleming (Swindon), Hampton (Aston), Smith (Bolton), Mossop (Burnley). Scotland's team will be: Brownlie (Third Lanark), McNair and Dodds (Celtic), Gordon (Rangers), Thompson (Sunderland), Hay (Newcastle), Donaldson (Bolton Wanderers), McMenemy (Celtic), Reid (Rangers), Croal (Falkirk), Donachie (Oldham).

This Speaker has begun to earn that \$15,000 salary which the outlaws assisted him to. Base hits seem to be getting higher every year. The Boston centre fielder picked up 100 last season. If he runs up a total of 200 this year they will cost just \$75,000 apiece.

### Sporting Comment

Our old friend 'Buster' Barrill, who was with us last season and who had to be released on account of defective supports, is again after a berth with Deneau's Red Sox. Barrill has spent a profitable winter in Virginia and has taken good care of his limbs and now feels confident that he can get a regular berth if given a chance.

The softball league officials have at last got busy and a meeting has been called for Thursday night in the Y.M.C.A. Last year's league had six teams in it, namely the Beavers, Ham and Notts, Mickle Dyments, Dufferin and Muir. All these teams with the possible exception of the 'Y' and Mickle-Dyments will be in this year and also the G. T. R. Colborne St. clerks, Crown Electric and Bankers, have signified their intention of entering the league. Any other teams will be gladly welcomed at the meeting Thursday night.

President T. J. Nelson, of the Red Sox has issued 45 books of tickets for the Canadian League games, which he is selling at \$10 a book. These books will in all probability be snapped up as they are much cheaper than the regular admission.

The ball field at Agricultural Park looks like a ploughed field after the bonehead onslaught of some of the exponents of local football. Some people do not use their brains and this fact is clearly demonstrated at the athletic field, where a number of football enthusiasts gather nightly to indulge in light practice and break up the field so that it looks like a pasture field instead of a baseball diamond. Later on in the year, we will hear a holler from those worthy gentlemen about the bad condition of the park but they will never think to lay the blame on themselves. Others want to use that park later and for the good of sport, it would be better for these men, who are so enthusiastic over the game, that they cannot use reason, to kindly desist from further practice.

### Canadian League News Notes

Byrne and Swartz of the Peterboro club have been suspended for failure to sign up. Manager Blount is not worrying much over them. Pitcher Sterling has fallen into line after being a hold out all winter.

Shaughnessy refused to take two Brooklyn pitchers from Manager Robinson when he learned that they would have a string attached to the optional agreement. Shag wants to own his own men outright or not at all. But he carried Ed. Right or not at all. But he carried Ed. Right for two years and incidentally helped materially towards landing two pennants despite that he was the property of the Detroit Tigers.

When Hans Wagner put in appearance at Pittsburgh and grasped the hand of Manager Clarke, the Dutchman was asked when he intended turning in his signed contract. "Well, I'll tell you," replied the Carnegie ball player with a twinkle in his eye. "I can't tell you more than once a year, and I like the looks of my document so much that I just carry it around until the last minute before I give it up."

**TRAINING TRIP GAMES**  
At Evansville—The Chicago National League players, to be seen at Houston, Tex.—The New York National regulars defeated the Houston T-vas League team 5 to 3.  
At Macon, Ga.—The Boston National League team defeated the Atlanta Southern Association club 1 to 0.

It has become apparent that Manager Mack is not going to get any phenoms out of his 1914 crop of youngsters, unless some of them have been holding back, which is unlikely. Judging the juveniles by very few of them are going to be ripe enough for even bench warming duty this season. While the Texas outfielder who was formerly with one of the St. Louis teams looks good. So does Kopf, alias Brady, the shortstop.

### NEURALGIA

"NEARLY DROVE ME WILD—UNTIL I TOOK KEPHALDOL." Mr. Thomas Cooper, Ludley, Sussex, England, was almost frantic with neuralgia when he first took a KEPHALDOL Tablet.

"I am nearly 74 years of age and have suffered with Neuralgia nearly all my life. A friend told me about KEPHALDOL and I had my people get a 2s. package. I took two tablets as soon as I got them and quickly received relief. It was joy."

So great became the fame of KEPHALDOL Tablets abroad that their reputation spread to this country. The demand for KEPHALDOL grew so rapidly that arrangements were made to establish a Canadian office and supply all the druggists. These wonderful tablets, the prescription of Vienna's famous nerve specialist, Herr Doctor Stohr, have brought welcome relief to hundreds suffering from Neuralgia, and Headaches, the ravages of La Grippe, Rheumatism, Sciatica and Lumbago Pain in the Back and in fact any pain.

If you cannot get the 50c tubes at your druggist's, write Kephaldol Limited, 31 Latour St., Montreal.

**Shag's Plans.**  
I am out to get a ball club first: time enough to think of the draft or sale of players after you land up in the league race," is the way Shag puts out the policy of the ball club these days.

The Ottawa manager is willing to take a player with two dozen strings on him providing he can play fast ball. "What's the use of selling a player or two or having them taken in the draft if you've got a rotten club and the fans know it?" says Shag. Nothing to this talk that we're trying to run a second Montreal club here, according to the Senators' chief.

Although Shag, has half a dozen twirlers on his string, his big complaint is that the reliable heavies are still scarce, also that he could use one shortstop at least and possibly two. Smejkal has been signed up, but unless he hits better than last year will be no help to the team—Ottawa journal.

Local News

THE PROBS

TORONTO, March 31—The disturbance which was in the middle state yesterday has developed into quite an important storm which is now centered near Sable Island, and has caused a heavy fall of snow in the southern part of the Maritime provinces. The barometer is now highest over the Great Lakes, but from present indications will soon begin to fall in advance of a disturbance from the southwestern states.

Forecast. Easterly winds, fair and cool. Wednesday, cool, easterly winds.

Gait's Tax Rate. The assessment for this year will have to pay a tax rate of 26 mills on the dollar, an increase of four mills on last year.

Picnics Promised. The company of the Duffs decided last night that in the summer weather they will hold picnics instead of the theatre parties which have proved so popular during the winter months.

Wants Garbage Route. An application has been received from A. Jordan for a garbage route in the city. He has been assisting on a wagon for four years and now wants a chance to run one for himself.

Smart Work. A company signed up three recruits last night after the drill. This is good work and shows some method on the part of the company as they top the list of recruits gained.

Cricket Annual. The annual general meeting of the Brantford Cricket association will be held in the Council Chamber on Wednesday evening. All the members are requested to be present as officers will be elected and the city league scheduled drawn up at this meeting.

Building Permits Issued. Building permits were issued today to John McHutchison, 353-355 Colborne street for a brick addition to his bake shop to be used for loading shed to cost \$7,750; to John McHutchison 230 Dalhousie street for a brick dwelling to cost \$2,500; to John Colter, 5 Winnet street for a metal covered wagon shed to cost \$500 and to Gordon Grierson, 71 Lyons avenue for a 1-3-4 storey brick dwelling to cost \$1,800.

Will Inspect Buildings. Members of the Central Fire Department under the leadership of an officer will this week make a thorough investigation of the basements, yards, stores, etc., of all the business sections of the city. Each day different men under an officer will visit the business places and Chief Lewis is desirous that the occupants of the store will how them every consideration in their inspection as it is for the benefit of the property owners as well as the firemen.

Wife Left in the Lurch. A Ruthenian by name of Mroz left his wife and child in this city in a practically helpless position, and since then she has not heard from him and does not know his whereabouts. She is a frail looking woman and does not seem to be in the best of health. In consequence of his position Mr. Louis Stander has undertaken to look after the daughter and will send her to the Berlin orphanage. The woman has charged her husband with desertion but as yet he has not been located.

They Were Amazed. A Hamilton exchange says: Thomas Rowe dropped in from Brantford on Saturday just to enjoy a few hours in a real city. Thomas proved to be a very poor tourist, for he had journeyed around to but a two or three of the rum resorts when he had taken on a cargo that made him wobble more than a hobbled pacer. Thomas managed to get by with the jag all right until he ran into a crowd of boys, who took advantage of his unsteady state and called him names that were not his own or that he did not consider appropriate. He caught one of the lads, Harry Whitmore and trounced him. Rowe admitted the corn and said that he was sorry. At the police court this morning he was given his choice of going back to Brantford or going to jail, and to the amazement of every one who has been in Brantford, he chose that place in preference to the jail.

A New Departure. A new departure in church services in Hamilton was instituted in the First Congregational church, when the Balloption was used to illustrate the sermon of the pastor, Rev. W. E. Grey, a former Brantford pastor. Prior to the first side being thrown on the screen, which stretched across and above the pulpit, Mr. Grey announced that possibly the innovation would not be relished by some of the members, but he assured them that nothing which was not of an elevating nature would ever be shown. He stated that the introduction of such features in church work had proven beneficial in other churches, and he thought the same success could be attained in the First Congregational church. It was only another opportunity afforded the people to educate themselves more fully with the eyes, and it should be taken advantage of, he said.

Dufferin Rifles Hold

First Drill of Season

Last night the 38th Dufferin Rifles held their first drill of 1914. There was a large parade of both officers and men.

Promptly at 8 o'clock the Battalion Buglers sounded the "markers' call" and the Sergeants fell in.

With splendid cohesion of movement and in excellent time, S.M. Oxtaby moved his N. C. O.'s into their formation of Company markers.

"Fall in" played the buglers and the "Duffs" took up their places for the first muster of 1914.

It is noteworthy of this parade that it is by far the largest of any opening season for years past as the following data will show:

Drill season, 1912, April 9th, on parade 311.

Drill season, 1913, March 24, on parade 347.

Drill season, 1914, March 30, on parade 411.

The following is the parade statement of last night.

A Co., Capt. Colquhoun, 70 N. C. O's and men.

B Co., Capt. W. Newman, 41 N. C. O's, O's, and men.

C Co., Capt. Shultis, 23 N. C. O's and men.

D Co., Capt. Hicks, 31 N. C. O's, O's, and men.

E Co., Capt. B. Newman, 46 N. C. O's and men.

F Co., Capt. McLean, 39 N. C. O's and men.

G Co., Cap' Wm. Miller, 22 N. C. O's and men.

H Co., Capt. M. E. B. Cutcliffe, 27 N. C. O's, O's, and men.

Signallers Capt. Dunlop, 27 N. C. O's and men.

Stretcher bearers 17.

Brass Band 28.

Bugle Band 33.

Total on parade 411.

This is a record and shows how year by year the enthusiasm in soldiering grows and the numbers correspondingly increase. D company gained three recruits during the evening.

After company inspection and rifle exercises which despite the laxity resulting from their winter's rest, were on the whole highly creditable and reflect favorably to the efficiency and keenness of all ranks; the battalion left the armories and engaged in company and squad drill on the parade grounds. Reassembling they marched into quarters and joined by the signaling corps which has advanced considerably since last session in their exacting and complicated science, the brass, drum, and instrumental bands, marched through the city; Down Brant Avenue to Colborne, to George, to Darling, to Market and

Loyal Order of Moose to Secure Home for Brantford Lodge.

Mr. Fred C. Robins, Supreme Inner Guard of the Loyal Order of Moose, came up from Hamilton yesterday in connection with the plans of Brantford lodge to secure the Templar building on Dalhousie St. as a home for the Moose in this city.

An option has been secured on the property at a price of \$12,000, and the building is declared to be an ideal one for the purposes of the lodge. A membership of 300 has already been secured and this will be increased to 500. The success achieved already in Brantford is considered remarkable, and the officers of the lodge are very hopeful of acquiring what would prove a permanent and beautiful home in the Templar building.

TO-NIGHT. A few good rush seats, 50 cents. Opera House to-night, 7.45. Commander Evans' Discovery South Pole. Moving pictures; beautiful photographs.

RECEIVED LARGE SHIPMENT OF COLUMBIA MACHINES.

T. J. Barton and Son, 103 Colborne street received a shipment this morning of over 50 high-class Columbia Grafonolas direct from the factory. This is the largest shipment of talking machines ever received in the city, it is said.

\$50.00 REWARD

An attempt was made between Wednesday and Saturday last to burn down the City buildings in the Agricultural Park, and the Board of Police Commissioners hereby continue the reward of \$50.00 previously offered for information leading to the arrest and conviction of the incendiary or incendiaries who are operating in West Brantford.

CHARLES SLEMIN, Chief Constable. Police Department, Brantford, 31st March, 1914.
