These changes were found necessary, in consequence of the many difficulties arising out of the proper carrying on, of responsible government under the Union Act of 1840. In 1865 a Coalition Government was formed for the purpose of deviaing a remedy for the existing evile, and a Union of the British North American Provinces was proposed and agreed upon.

Under this arrangement we are to have a general Legislature and a Local Legislature, the former to have charge of matters. Under these circumstances. I have constitutional changes have taken place, which calls for an immediate dissolution of Parliament.

SOUTH RIDING OF HURON.

To the most of you I am not unknown, naving been a continuous resident in the Riding for a périod of thirty two years, and having during that time encountered all the difficulties and privations of a backwoods life, as well as filled numerous elective and other highly responsible offices, therefore necessarily for many years I have been prominently before you, and I challenge any man truthfully to say that I wronged him in the the smallest unater. I refer to my past sould you see fit to elect me. Having no more, of the smallest unater. I refer to my past should you see fit to elect me. Having no more, of the smallest unater want, and none depending on more the interests of the country in which I have lived so many years, and to which from many associations I am sincerely attached.

There are no leading questions before the public at present, but should I be elected, I shall enter upon my duties without offering to the ministry of the day any factious opposition, and will assist to the utmost of my power in carrying out the Confederation scheme in a liberal spirit.
