HE ACCIDENT TO THE QUEEN OF A SERIOUS NATURE.

Every effort is being made to confine the swelling. There is much uncasiness throughout the city concerning the condi-tion of her majesty. Crowds stand about the builetin places, eagerly watching and making the Bews. Great numbers of blai-mess men have posted up notizes at their places of business and gone to the clubs newspaper buildings, and telegraph offices to swelt the news. The newspapers have all sent special correspondents to Windsor and made complete arrangements for bulle-tins. The house of parliament is crowded. The streets at many places are blocked with laboring people, who knocked off work in their anxiety to keep informed. It is not believed by those having access to suthentio information that the queen's injuries are abouted by those having to her advanced age and the somewhat delicate condition of her health for some time past, dangerous in strong voiced man mounted a pile of pay-ing stones and cried out the intelligence. Catarrh-A New Treatment. From the Weekly (Toronto) Mail, Aug. 24. Perbaps the most extraordinary success that has been achieved in modern medicine has been attained

Perbaps the most extraordinary success that may been achieved in modern medicine has been stained by the Dixon treatment for catarrh. Out of two housand patients treated during the past sux months fully ninety per cent have been cured of this stubborn malady. This is none the less star-ling when it is remembered that not five per cent of patients presenting themselves to the regular pra-titioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at ence adapted his cure to their extermina-tion-whits accomplished, he claims the cutern age science, and the permanency is unques-blond, as cures effected by his two years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the presen-gend permanent. Sufferers should corres-pond with Mr. A. H. Morson had gone to Mr. Fenton's office and told that gentleman to lay a charge against him, and when he was asked to plead yesterday he said not guilty. He said that his call-ing on Mr. Fenton was a practical joke. The magistrate, however, did not take that view of it. The adjourned cases against H. E. Trent were concluded. He was fined \$20 and costs on two charges of advertising and selling tickets for the orange lottery. George Hammond was also fined \$20 and costs. The property committee will crect a pa-villion at High park during this spring. The aite chosen is northward from Mr. Howard's residence.

Mr. William Davis, business manager for Joe Murphy, is visiting the city for a few days. Mr. Murphy does not play during passion week.
