

FRANK NICOLETTI IS CHARGED WITH NEGLIGENCE BY A JURY

Drove an Automobile While Drunk, Crashed Into Lorry, and George D'Alessandro Was Killed—Coroner's Jury Brought in a Verdict of Criminal Negligence and Manslaughter Charge Will Follow.

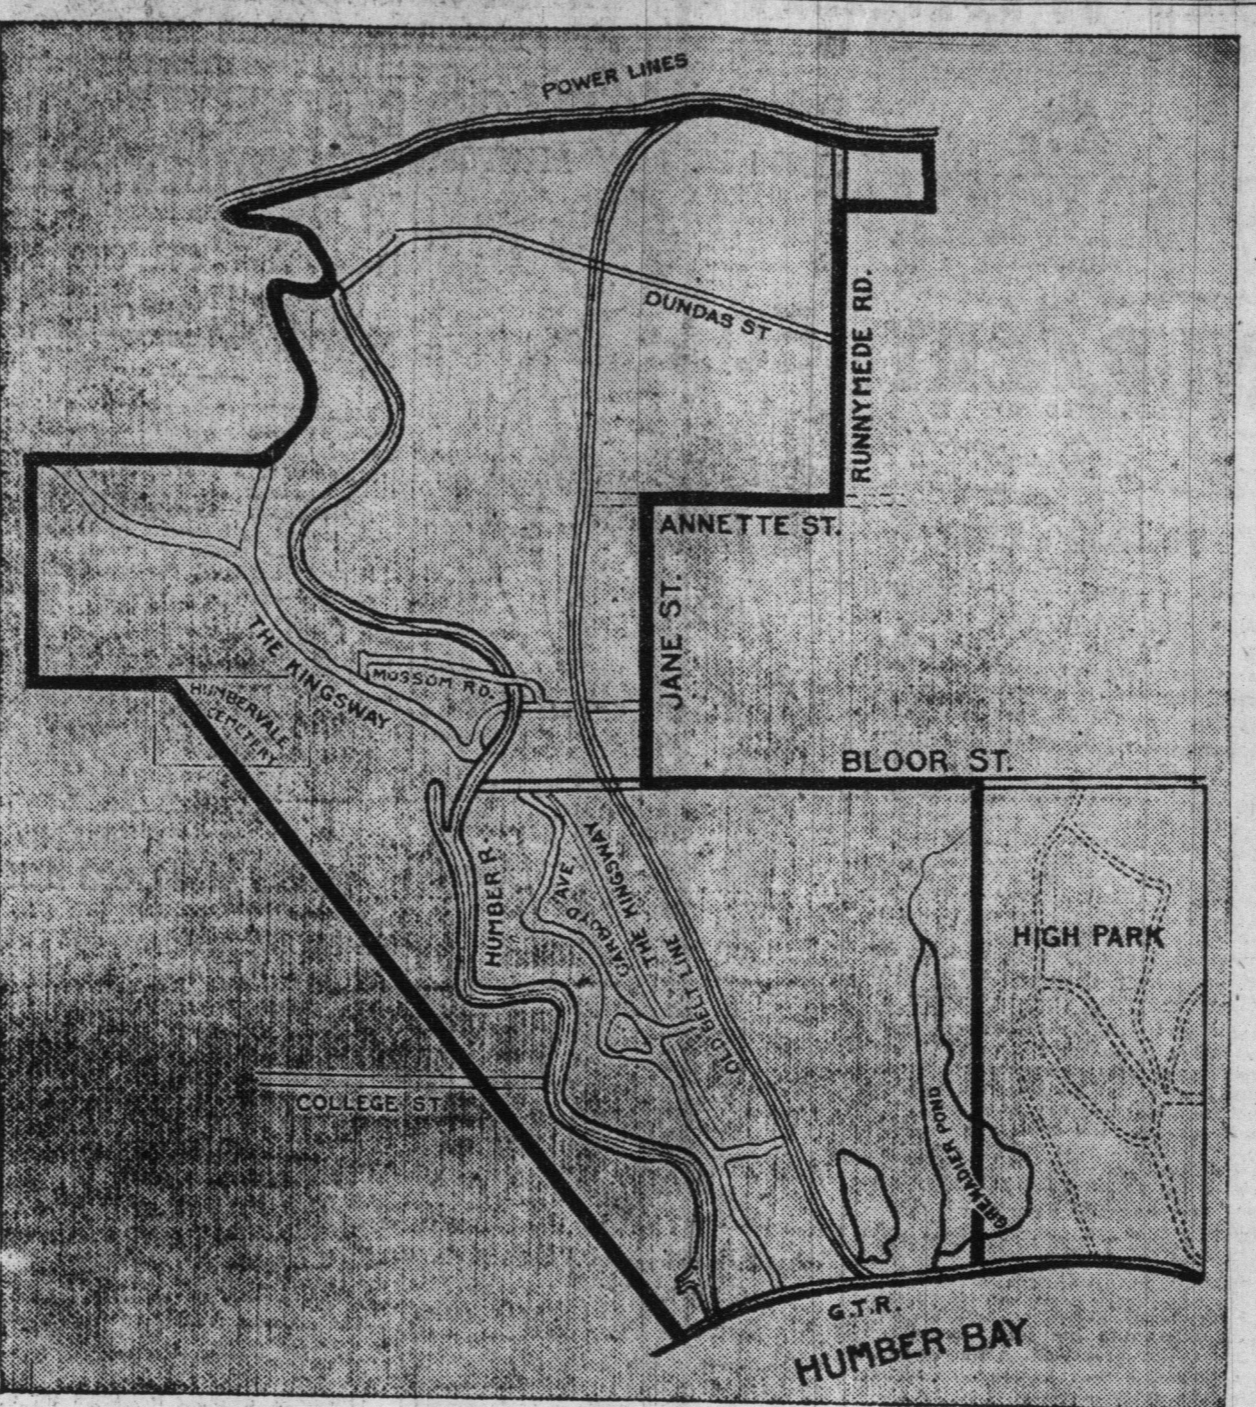

That George D'Alessandro came to his death in the City of Toronto on the 21st day of July from being violently crushed while sitting in an automobile, said automobile being driven by Frank Nicoletti, and the jury forefand find that Frank Nicoletti caused the death of D'Alessandro by driving the automobile in a negligent manner, and further that the aforesaid Nicoletti was under the influence of liquor at the time, and that George D'Alessandro came to his death from the negligent way in which the above-mentioned Frank Nicoletti was driving the motor car.

The above verdict returned by Chief Coroner Johnson's jury at the morgue last night virtually accuses Nicoletti of manslaughter, and on the laying of the charge by the crown he will, at the next assizes, have to face his trial.

A very strong charge was made by the chief coroner, who pointed out to the jury that if Nicoletti was drunk while driving the car he was responsible for the death of one of its occupants. "Toronto is growing fast," said he, "and while we expect a certain number of unavoidable accidents, we must see that accidents of this nature are stopped. If Nicoletti was drunk at the time he was driving negligently, which amounts to criminal negligence."

Nicoletti Was Drunk. That Nicoletti was intoxicated and in an unfit condition to manage a motor car was the statement of Constable Reynolds, the first to reach the scene of the accident. The constable declared that his attention was drawn to the car when it was west of McCaul street, because of the speed, which he estimated at between 20 and 23 miles an hour, and the fact that the car was wobbling from track to kerb in its course. He had seen the drey ahead and expected an accident. When the crash occurred he was about 70 yards away and ran forward and found the top of the car practically cut off by the heavy iron girder. Nicoletti, he said, seemed to think it was a joke; he staggered with intoxication. He pulled the men out from under the car, and the body of George D'Alessandro, he said, was the last man he pulled out. He was conscious.

HUMBER PROPERTY TO BE ANNEXED

This map shows the property owned by Home Smith and his associates. The city council on Monday decided that it would be expedient to annex it to the city. It will be the first of the new districts to be taken into the city under the comprehensive plan for annexation, as proposed by Ald. Wickert and adopted by the city council.

BULGARIANS WIRE SIR EDWARD GREY TO BENEFIT OTHER SUFFERERS

Toronto Residents Ask For Intervention by the Great Powers.

Stories of Atrocities Are Denied as Being Entirely Untrue.

Bulgarians from Macedonia in Toronto are sending the following cable to Sir Edward Grey: Toronto July 22, 1913. Right Hon. Sir Edward Grey, 2000 Bulgarians from Macedonia, living in Toronto and suburbs, at a large meeting adopted the following resolution: "The present condition of affairs in the Balkans shows that the only remedy for the Macedonian question is an autonomy for the whole province under the supervision of the great powers."

"Greek and Servian politics show the tendency to denationalize the Bulgarian people. Naturally such politics will involve a new revolution, new bloodsheds, a new eastern question and new troubles for the great powers. We beg of you to consider the question of an autonomy, and if you are able to bring it about you will deserve the thanks of many thousands of people, and will show yourself to be a true apostle of human rights and peace in the Balkans."

We held a meeting Sunday, the 20th, and it was decided by the Bulgarians to send the above cablegram, and the above named were selected as a committee to represent the Bulgarians from Macedonia. They are going to send a memorandum to the Canadian Press and United States to protest against the despatches coming from Saloniki and other points of Europe about the atrocities committed by the Bulgarians, and the Greeks, and prove that there is not a word of truth in it, and they are only published to create a bad impression about the Bulgarians.

The press and statesmen in Saloniki are controlled by the Greek Government. A. G. Raykoff, City Hall, Bulgarian Court Interpreter, City Hall.

Believe 75 dead. Mrs. Reed B. Freeman, wife of the president and manager of the factory, who was in the office at the time the fire began, says that there were about 325 employes in the building when the fire began. These figures would leave between 70 and 75 unaccounted, and the police and fire officials believe that this number were killed.

The fact that several fire drills had been held recently in the factory probably is responsible for the loss of many lives. The drills had been announced unexpectedly by the ringing of a fire siren in the factory. The last time the drill was held some of the girls began to consider it a joke and to take their time about responding.

Some of those who escaped said that when the siren was rung on the fourth floor many remarked that another fire drill was being held and were leisurely about leaving the building.

The financial losses are estimated as follows: Thrown Into Panic. Mary McDonough, an employe in the burned optical factory, told a simple story of her escape. She was on the fourth floor, sitting at her machine, when the fire broke out. The employe ran on the floor, thought it was a fire drill at that time and marched into the street. When the flames burst upon them, many fainted and a panic ensued. Miss McDonough was among those who fled. She believes she was carried out by one of the men employes. She reached the street uninjured. She says the flames spread so rapidly, there was no time for any concerted rescue work or for the regular fire drill march to be carried out.

Vernon Wilbur, superintendent of service in the burned shop, said: "Lynn Dibble and I ran to the fire escape and climbed up our ladder. We dropped two girls to the men below. They were standing five or six feet in every window, with the flames waving directly behind them. They were mad with pain and the sound of their cries was as if the wind were howling in our ears."

Threw Herself From Window. Miss Hotelling of No. 23 Baldwin street jumped from the third story window on the north side of the building. She was employed on the fourth floor as an operator.

Mrs. Hotelling fractured her right wrist and right ankle, sprained her left ankle and was badly burned about the arms.

ENVOY OF JAPAN IS HAILED WITH DELIGHT BY MEXICANS

Five Thousand Raise Chorus of "Banzais" on Arrival of Island Kingdom's Minister in Mexico City—Speech Said to Have Been Strongly Sympathetic With Huerta Regime.

Special Cable to the World. Copyrighted by The World and N. Y. World. MEXICO CITY, July 22.—The Japanese minister to Mexico, on his arrival here today, was met by a crowd of five thousand cheering Mexicans, and the extraordinary cordiality of his reception brought from him a speech which has aroused excited comment everywhere in the capital and which made O'Shaughnessy, charge d'affaires of the United States legation, promptly take steps to have transmitted to Washington with his own deduction as to its purport.

The Japanese minister, greeted with a chorus of "Banzais" made an address in Japanese, translated into Spanish by one of his attaches, and then spoken to the crowd. This makes not at all certain the full purport of the speech, but it is generally estimated that he announced the existence of a strong bond of sympathy between Mexico and Japan on the score. It is declared by the counter that the speech generally declare that his country is not only friendly to Japan, but that Japan would be heard and soul with Mexico if there should come a clash between that nation and the United States. Diplomats here, however, aver that they can see no more significance.

INCONSISTENCY, THY NAME'S THE GLOBE

Christian Guardian Has More to Say on Liquor Ads in Liberal Organ.

A FINAL BROADSIDE

Boston Paper Says Rev. J. A. Macdonald's Utterances Will Not Lose Effect.

"Mr. Rowell and Dr. Macdonald" are the words forming the title to The Christian Guardian's final article in relation to the local Liberal organ's business end partnership with the bar rooms.

The Methodist organ says: "Before finishing up this discussion of the question of liquor advertising we would like to say some plain things with a more or less personal point to them."

"By some contributors to the columns of The Globe, as well as three letters received in our own office, we have been accused of making wild personal attacks upon men who are following ideals quite as high as our own and who are perhaps doing much more than we are to bring them into realization. We accept the description of these men with all enthusiasm, but we deny absolutely the charge that is made against us."

"A man is a part of his job. The responsibilities, and even the criticisms and the knocks that pertain to his position are his to take and to carry or put up with as best he may. If he is a leader among men sometimes he will have to carry or put up with things for which he is not himself responsible, but that have come thru other people that are associated with him. We all know how that is and we accept the situation."

"Mr. Rowell is the leader of the opposition in the Ontario legislature. We have an interest in that fact as a citizen. He is also the leader in the proposal to abolish the liquor bar from the Province of Ontario. As a temperance man we have the keenest possible interest in that fact. We believe in his policy. We believe it is the next step to be taken in temperance reform in this province. We believe the policy will be carried out either thru Mr. Rowell or thru some one else."

"Not Personal Attacks. "But all that does not mean that we must stand ready with a club to hit his opponents in the house over the head for everything they do, whether it be good or whether it be bad. Yet some people insist that that is what we must do. It does not mean, however, that we must commend everything that Mr. Rowell's friends do or not do, or associate with him. Mr. Rowell may do or may not do. When we said that a certain paper in this city that is supporting Mr. Rowell in his temperance policy was not acting wisely in refusing to separate itself from the liquor interests by refusing liquor advertising, and when we connected Mr. Rowell directly with the results of that sort of thing, we were not attacking the leader of the Ontario opposition, either intentionally or unintentionally."

"Dr. Macdonald is the editor of The Globe. He doesn't need any praise from us or from any of our correspondents. In saying that his paper is not consistent we are told that we are making a personal attack on him. He himself, we are sure, has more sense than to say any such thing."

"But the inconsistency of his paper, for which he may not be responsible, may affect Dr. Macdonald's Zion's

BOARD TO CONTROL RATES FOR POWER

Cochrane to Propose Important Extension of Railway Commission's Powers.

OTTAWA, July 22.—The government has decided that the rates of hydraulic power companies must be fixed by the railway board.

This is the most important provision in the new Railway Commission bill drawn and which will be presented to parliament by the Hon. Frank Cochrane at the opening of the next session.

Power companies in the new bill are placed on the same footing as railway companies have been since Hon. A. G. Blair created the railway commission ten years ago.

The new proposal is that all power companies which operate under federal charter which transmit power from one province to another shall have their rates regulated by the railway board.

Another new provision declares that the consent of municipalities must be obtained before telegraph, telephone or power lines can be erected upon high-ways. This also is placing electric companies on the same footing as railway companies.

APPOINTED GENERAL STORE-KEEPER. The announcement is made from the office of D. McNicol, vice-president of the Canadian Pacific Railway, that A. Goodchild is appointed general storekeeper for the lines of the C.P.R. between Montreal and Toronto. He succeeds to the position held by the late M. J. Power, who died recently.

TEA GARDENS DAMAGED—UP GOES TEA

Serious floods in South Sylhet and Cachar have affected tea prospects in both districts. The output from any gardens is very much behindhand, and the reports of the damage done by hail are now amply confirmed. In some districts the bushes are absolutely riddled, and the loss is stated to be so heavy as to preclude any possibility of making it up to the normal output. Unfortunately, too, it is the fine tea gardens which seem to have suffered most. This misfortune will tend toward raising the prices of all tea.

EUROPEAN CROPS SLIGHTLY LARGER

Wheat Production Is Estimated at Nearly Two Billion Bushels.

OTTAWA, July 22.—(Can. Press.)—A cablegram received by T. K. Doherty, chief officer, today from the International Agricultural Institute, gives the following official estimate of the 1913 European crops. The final estimates of the 1912 crops are here given for purpose of comparison:

Table with 4 columns: Crop, 1912, 1913, and 1912-13. Rows include Wheat, Barley, Oats, and various European countries like Bulgaria, Spain, England, etc.

uncertainty. It was declared that the displayed firmness by either would have prevented the revolution in Mexico, and that declaration of intention by the senate would now add the government in assuming an attitude productive of immediate beneficial results.

Renewal Tomorrow. The bellicose feeling in the senate has been smouldering for several days. It broke forth this afternoon and was a reminder of the period that preceded intervention in Cuba. There will be a renewal of the fray tomorrow. The debate made it evident that some pronouncement by the senate is inevitable.

The reference of the resolution to the committee on foreign relations was urged by Senator Bacon. He thought its phraseology should be perfected and made plain.

"Words are very serious things at times," said Mr. Bacon, "and this is one of the times. They should be carefully considered and weighed."

Mr. Bacon said that the intention of Senator Fall was to make the resolution a declaration that the United States must redress by force if necessary any violence done Americans or their property in Mexico. Such a purpose was denied by Mr. Fall. Under the existing circumstances, he said, the president might be authorized to use the land and naval forces of the United States in protecting American citizens in Mexico, but he had not offered such a resolution.

A Lively Debate. An attempt by Senator Fall of New Mexico to force the senate to enact a strong policy of protection for American citizens in foreign countries today precipitated a lively debate which demonstrated appreciation on the part of senators of the gravity of the Mexican situation and the necessity for a determined stand by the United States.

Action on the resolution today was prevented and it went to the calendar for future disposition.

ELECTRICITY IS THE SOURCE OF PHYSICAL AND MENTAL ENERGY.

What would you not sacrifice to restore the joyous sparkle of nerve life as it flashes the body with its glowing vitality; to feel the magnetic enthusiasm of youthful energy; to be happy, light-hearted and full of joyous impulses; to be free from spells of despondency, from brain wandering, from the dull, stupid feeling, to have confidence, self-esteem and the admiration of men and women? Such is the wish of the broken-down man, and it may be gratified.

DR. McLAUGHLIN'S ELECTRIC BELT makes men notice; it causes the nerves to tingle with the joyous exhilaration of youth; it fills the heart with a feeling of gladness, makes everything look right and makes the nerves like bars of steel. It cures Nervous Debility, Weakness of any kind, whether in Nerves, Stomach, Heart, Liver or Kidneys, Rheumatism, Pains in the Back and Loins, Neuralgia, Headaches, Constipation, Dyspepsia, and all troubles where new life can restore health. It does all this while you sleep by pouring electricity, which is Nature's energy, into your system and blood. Electricity is life to the vital parts; when they are weak it makes them strong.

Uses My Belt Just to Keep Him Well. Dear Sir, I want to say that the Belt I got from you in October, 1912, is in every way satisfactory. The weak power Belt I got from you some years ago was a good investment, but this stronger one is better. I was not sick. I had a little Rheumatism and was feeling too old for my age, and my 12th year seven and blood. I expected it to do. I would not have seen any one of advanced age to get a cheap Belt, but get one of your strength, and to get it when they are well. I got twice to keep me well, and the way it does it, it wards off colds and the Grippe and such things that undermine the health. Trusting this may be satisfactory. I remain, Yours truly, Samuel Harris.

H.R.H. Prince Arthur of Connaught has taken a house near York, where he will live after his marriage.

Mrs. Lionel Guest, Montreal, has gone to Rimouski for a short stay.

The engagement is announced of Dulcie Margaret, youngest daughter of the late Major Hornby and Mrs. Hornby of Vancouver, to Mr. Howard, eldest son of Mr. E. G. Bodwell, Ingersoll, Ont.

Mrs. Charles Tupper entertained at tea in Winnipeg in honor of Miss Fraser, Ottawa.

Mr. Jack Shippen spent the week-end at the Lake of the Woods.

Miss Gwendolyn Holland is visiting Mrs. George Chillas at her country house at Point Claire, Que.

Mrs. C. A. Baldwin and Miss Eunice Baldwin, South Carolina, are spending the summer at Centre Island.

Mr. and Mrs. Kilmer and Miss Marjorie Kilmer, Crescent road, have left for England.

Mr. and Mrs. T. A. Witzel and Miss Helen Witzel, Berlin, Ont., are staying with Mrs. Boockh in St. George street.

Mr. J. E. Brayley, Spadina avenue, went to England in the Royal Edward last week.

St. Bartholomew's Church, Ottawa, was the scene of a wedding on Saturday at 1:30 o'clock when Miss Lucy Winifred Robinson, eldest daughter of the Rev. J. Cooper Robinson and Mrs. Robinson, Nisagata, Japan, was married to Mr. George Parson Bryce, Central Newfoundland, Toronto.

The ceremony, which was very quiet, was performed by Rev. Canon Hannington.

White and yellow daisies in profusion were used in decoration. Mrs. Frederick B. Road presided at the organ and played the wedding music during the signing of the register.

Miss Agnes Allen sang, "O Perfect Love." The bride, who was given away by her brother, Mr. Cuthbert Cooper Robinson, Toronto, wore her wedding gown imported from Japan of a soft orange satin, hand embroidered in daisies and true lovers' knots. The skirt with a long train was slightly draped. She wore a tulle veil and wreath of orange blossoms and carried a sheaf of Madonna lilies.

Her attendants were the Misses Jean and Eleanor Bryce, the groom's sisters, who wore pretty gowns of cream crepe de chine and shadow lace with yellow satin sashes. They had were of yellow chiffon trimmed with daisies and black velvet strings.

Mr. Harold Patton, Toronto, was best man and the ushers were Messrs. Peter and William Bryce.

A reception was later held at 180 Lisgar road, Rockcliffe, after which Mr. and Mrs. Bryce left for the east. The bride's traveling costume was of Saxony broadened Japanese blouse of cream silk. Her hat was black mohair with silk crown and black and white feathers and a corsage bouquet of tea roses.

Mr. and Mrs. Bryce will reside in Toronto for the present and expect to leave for India in about a year.

Commissioner J. Edward Starr of the juvenile court of Toronto spent Saturday in Vancouver on his return from the fortieth annual session of the conference of National Charities and Corrections, held last week in Seattle.

Mr. C. J. D. Cotton and Miss Jean Cotton were at the Queen's Royal for the week-end.

Miss Mabel Nicholson, Robloek avenue, is staying at Hanlan's Point for her holidays. Also Miss Florence Travers, Crawford street.

Mr. Jack Stacey spent the week-end at Camp U-Kum-in, Ward's Island, the guest of Mr. Gordon Gayford.

Dancing at Port Dalhousie. Great as are the zest and benefit to be derived from the two hours' breezy trip across Lake Ontario by the fine steel steamers of the Niagara-St. Catharines Line, the trip is made even more worthwhile by the amusement facilities at Port Dalhousie, prominent among which are an orchestra and dancing every Wednesday and Saturday afternoon.

Nowhere on the lake does a more extensive stretch of soft, clean sand invite the grown-ups to bathe or the "kids" to paddle. Close at hand, too, is a splendid park where everyone can romp and indulge in some game got up on the spur of the moment. All the necessary supplies for a picnic meal can be obtained on the spot.

One of the features of this trip that commends itself to the general public is its inexpensiveness. An afternoon ride to Port Dalhousie costs only 50 cents, and the hour of departure, 2 p.m., which enables passengers to return to the city by 9:30 p.m., is extremely convenient.

WARNS PUBLIC OF FAKE COLLECTOR Edmund Dickie Says Unauthorized Person Is Soliciting Funds For Orphans' Home.

Mr. Edmund Dickie, secretary of the Social Service Commission of Toronto, received a letter yesterday, which is similar to many complaints received by the commission, that an unauthorized person is soliciting subscriptions for the Protestant Orphans' Home.

The public is warned that collectors for institutions that have been authorized by the social service commission carry authorization cards signed by the chairman of the commission, and any collector should be asked to present this card.

THE NURSERY CONDUCTED BY ELINOR MURRAY Punishing a Child

There is nothing more beautiful than a baby just learning to talk and beginning to run about. He has so many charming ways, and each new accomplishment is so absorbingly interesting.

At the very worst his misdeeds do not irritate us and usually they are amusing. It is far pleasanter and easier to divert the child's attention than to take him seriously; and so, since there is no good stopping-place, he is coaxing and indulged until he is no longer a baby, but the habits that were amusing in the two-year-old cease to be funny at four or five, and at seven or eight they begin to be unendurable; and it is a sad fact that punishment usually begins at an age when there should be no further occasion for it, and when to confess the truth it often does more harm than good.

As the baby faults grow more and more irritating the child himself grows less and less appealing. We can punish now, and we do. We are sure that a child of his age "ought to know better," the just why it might be hard to tell. It is certainly no fault of his that seven-year-old naughtiness is less attractive than the baby variety, and habit is a powerful antagonist.

It is perfectly safe to say that every child will require punishment at some time. It is absolutely certain that some time, from some source, in some way, he will receive his share of the world's discipline; in babyhood it is light; later it is severe. In babyhood there are no bad habits to combat; later the habits are a part of the child, and to discipline him is to discipline his nature. If we do not discipline him in babyhood, we are depriving him of the best education he can receive; and neither punishment nor our justice is to be trusted.

7896 House-Gown in Empire Style. 34 to 44 bust.

IN WALKING OR ROUND LENGTH, WITH ELBOW OR LONG SLEEVES.

The house gown in Empire style is always a pretty one. This one takes graceful lines and, while it is as simple as a negligee, it has a trimmer, more dressy effect. It is finished with an open neck and rolling collar almost as a matter of course, for such is the prevailing style.

The skirt is cut in four pieces. The blouse is a simple one with a tucked neck and cuffs. The shaping at the waist line gives the whole gown a smart and distinctive effect. When the sleeves are made long, they are gathered into plain bands. All sorts of pretty materials can be used for such a gown. At this season, voile is especially to be desired, challis is none too warm for some women and there are many cotton broche fabrics that are charming while the standard fabrics are always in use. Dresden voile with the collar and cuffs of lace and the bands of plain color would make a charming effect.

For the medium size, the gown will require 9 yards of material, 27, 6 yards 36 or 44 yards 44 inches wide, with 1 yard 27 inches wide for the trimming and 1/2 yard 18 or 21 for the collar and cuffs. The width of the skirt at the lower edge is 2 1/2 yards.

The pattern of the gown 7896 is cut in sizes from 34 to 44 inches bust measure. It will be mailed to any address by the Fashion Department of this paper, on receipt of 15 cents.

GOVERNMENT TO SELL BURNT-OVER TIMBER

Tenders Asked For Charred Timber in Rainy River District.

As a result of the recent destructive forest fires in New Ontario the government will make an effort to sell much of the burnt over timber. The lands, forests and mines department is offering for sale by tender pine timber in lots 9, 10, 11 and 12, second concession, in the Township of Dana. The tenders will close on Aug. 26. There will also be a sale by tender, closing Aug. 19, or burnt timber in G71, Rainy River, and pine in G9, Jack Fish Lake, tenders closing Aug. 6.

The earliest outline of tourist events for next winter's season comes in the form of an announcement that the Holland-America Line steamer "Rotterdam," of over 24,000 tons, will make a cruise to the Mediterranean and the Orient under charter to Mr. Frank C. Clark, a New York tourist agent.

The "Rotterdam" has been appointed to sail from New York on February 3rd, for a cruise of over two months which will include Spain, Northern Africa, Greece, Turkey, the Holy Lands, Egypt, the Nile, Italy and the Riviera. Mr. Clark has reserved the entire cabin accommodation of this tremendous steamer for the members of his Sixteenth Annual Cruise. He will go with the tourists himself.

BABE MEETS DEATH IN MOTHER'S VIEW

Three-Year-Old Girl Run Over by Heavy Express Wagon.

Standing in her doorway at 89 Agnes street at noon yesterday, Mrs. Samuel Mendelsohn saw her daughter, Annie Mendelsohn, 3 years old, fatally injured beneath an express wagon of the Canadian Transfer Co., loaded with trunks and driven by James McGraw of 185 Berkeley street.

Eye-witnesses of the accident state that McGraw was driving on the wrong side of the road at the time. The girl was playing on the street and darted from the sidewalk to the roadway in front of the wheels, one of which went over her head.

The girl was taken to the Hospital for Sick Children by W. Sager in his automobile and attended by Dr. Hasard and Dr. Wright, but she died a few moments after being admitted.

WIFE SAVES HUSBAND FROM ANGERED BULL

She Set Dog at Animal and Dragged Helpmate Out of Corral.

(Special to The Toronto World.) POISE, Idaho, July 22.—But for the bravery of his wife, who attacked an angered bull with only the help of a dog, Gus Anderson, a prominent rancher, and candidate for county commissioner at the last election, would have been a dead man, and it is he is in an extremely precarious condition.

Mr. Anderson, who lives on a ranch near the Soldiers' Home, went out to the corral to milk some cows, when a bull which was in the corral with the other animals came upon him from the rear, knocked him over, and before he could protect himself in any way had trampled him.

His wife, hearing his cries for help, appeared in time to witness the attack of the animal, and calling a big dog which belongs to the ranch, she set him at the bull and succeeded in dragging her badly injured husband out of the corral while the dog was worrying the animal.

Homely and Aged Faces Now Easily Beautified

(Aunt Sally in Woman's Realm.) I have seen the plainest women made beautiful and the complexion of good looking women improved. I've seen oldish faces made young and pretty, blemishes and weather-beaten faces made spotless, white and sunny—in less than two weeks, all there is to it. Ordinary mercerized cold cream, which does nothing for the face, gradually peels off the lifeless particles of surface skin, permitting the underlying skin to show itself. The newer, fresher skin, when wholly in evidence, forms a complexion which is comparable with one produced by other means. The complexion so natural, so free from artificiality, no one guesses the cause, the secret. You'll not regret trying this marvelous treatment.

Equally wonderful is the famous saxolite formula for removing wrinkles. One ounce powdered saxolite is dissolved in a half pint witch hazel. Bringing the face in this immediately erases the finer lines. Gradually even the deeper furrows and crow's feet vanish completely.

THE TRIPLE TIE BY A. H. C. MITCHELL

(Continued From Yesterday.)

Mildred almost forgot her companion in the beauty of the scene before her.

There was a pause. Cain arose and picked up two or three small stones he tossed them away from him one by one.

"I cannot," she replied without emotion. "Why not," demanded Cain, quickly.

"That's it!" he exclaimed hotly. "I've struck it. That dirty ball player has raised all the trouble between you and me."

sort of thing he sprang to his feet with an idea of stirring up some excitement. He happened to remember that Gordon Kelly used a telephone nearby the other day, so he went in search of it and in a short time found the instrument housed in a neat box, which was attached to a tree on the edge of the brook.

"Is there a colored boy on the place named Steve?" Elmer asked.

"Yes, Mr. Bud," he said. "I saw him this morning."

"I'm down at the bridge where we met you the other day," Elmer said.

Keep the Edges of the Bed or Border Clean

Different gardeners have their own special way of keeping the edges of the various beds or borders in the garden all more or less satisfactory.

Every bed should be gone around every week or so. Here is a good plan to make use of.

For beds with straight edges: Obtain a board six inches wide and one inch thick, and about 12 feet in length.

Take the spade, or if you have one a special tool used for edgings, and cut deep into the grass, keeping close along the edge of the board.

Remove the tufts of grass, shaking the adherent earth onto the top of the bed, to be presently smoothed over.

Remember, all this time the narrow board has been on edge at the margin of the bed.

Bring the loose earth over to this board, and up to the level with it, so that the edges of the bed will be as high as the centre of the bed.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

Marketing Series—No. 1 EDITH, like many charming brides, felt it was a lack of business ability that caused the frequent dislocations between income and outgo that her women friends complained of.

She divided the money that Ned and she thought they could spare for household expenses into different sums.

With basket on arm and market money in tightly gripped purse, Edith was half pushed, half carried into the public market house.

Thinking that the profuse display of meats might tempt her to extravagance, she walked along slowly, examining each counter display.

Here Edith made her first purchase. "Give me five pounds of these, please," she said.

Now she turned back and bought butter and cheese. She asked the man about the eggs displayed.

Edith had to give a small boy a dime to help her onto the street car with her heavy load.

ANNEXATION, STOVE-LIDS, ETC. The Telegram is turning itself inside out and back again, in distracted efforts to prove that objects can move and stand still at the same time.

Another factor that added value to annexed territory was water, sewerage and other service. As Toronto now stands, the real estate men are more independent than they were.

The Globe is also rather perplexed about annexation in its relation to the landowners. It does recognize the efficacy of a land tax, but is not prepared to offer everything on the land-tax altar.

The Globe and The Telegram together can, perhaps, reconcile the contradiction between their views that "fifty million dollars' worth of vacant land" in the city cannot be affected in price by the competition of cheaper land.

A MERRY TIME AHEAD. A bronze statue of heroic size will be erected by public subscription to the first man from eastern Canada who visits the west without telling the people out there to go in for mixed farming.

It is, therefore, not surprising that city men should be constantly devising some scheme for stopping the flow of people from the farms to the centres of population.

It is highly improbable that after the legislature had declined to give the power Hon. W. J. Hanna would grant power to a company through a provincial charter to upset the

would take the moving pictures out to the farmers; these "movies" are not to be commercialized, but are to be employed during seed and grain exhibitions, and while cattle are being judged.

Of course, one objection might be that the audience would disperse with the lecture and insist upon having all "show." Then, again, there must be lights and music to go with the pictures, there must be a lady at the piano, a young lady with a sentimental ballad, perhaps a turn or two of vaudeville, introducing that irresistible cut-up, the black-faced comedian.

Perhaps the moving picture show will make content with their lot those western farmers who now complain about having to pay from ten to fifteen cents a bushel more than formerly for the transportation of their grain from the prairies to the British market.

CEMETERY RIGHTS. It is highly improbable that after the legislature had declined to give the power Hon. W. J. Hanna would grant power to a company through a provincial charter to upset the

legislature's decision. The probability is that Mr. Hanna knew nothing about the Humbervale charter, and this, unfortunately, is one of the weak points about chartering companies both here and at Ottawa.

Foreign Powers May Jump Into Mexico

Continued From Page 1.

The history of Mexico since that time had illustrated how misplaced their confidence in the United States had been.

Secretary of State Bryan, who should deal with the foreign affairs of the United States, was too devoted to lecturing and social questions to have time for foreign matters.

If the United States concentrated a large body of troops at El Paso, Texas, and along the Mexican border and sent a number of their warships to Vera Cruz with the understanding with President Huerta that should he require any help in putting down the revolutionary outbursts they were quite prepared to render him every assistance, the days of revolution in Mexico would be over.

Straight Heat Racing Marks Opening Day of the Grand Circuit at Fort Erie.

FORT ERIE, July 22.—Straight heat racing marked the opening of the Grand Circuit here this afternoon. The only contest of the day occurred in the Dominion of Canada stake for 112 trotters. Tommy Horn carried away the first two heats, but in the final Peter McCormick, equal favorite with Tommy, crossed the wire with a scant lead. The track was a trifle slow, the best time for the mile being 2:19.

Drivers Are Changed At Delorimier Park

MONTREAL, July 22.—Two trotting and two pacing events were decided on the fifth day of the midsummer harness meeting at Delorimier Park this afternoon. In the opinion of the officials, harness racing was at its best here, and it was not getting as much out of their horses as possible, and they were taken down and replaced by other drivers. The best on the King Bryson heats were declared off. The cases of the drivers will be dealt with tomorrow. Summary: 2.22 trot, three in five, purse \$400—Worthy Prince (Crowley) 4 4 4 2 1; Wood Points (McEwen) 4 4 4 2 1; Molo (Johnson) 3 2 2 2 2 2; Orya B. JOHNSON WAS FINED A DOLLAR IN LONDON

Pugilist Drove His Motor Car Without Proper Identification Card. Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. LONDON, July 22.—Jack Johnson, who was not present, was fined \$1 today by Alderman Sir William Treiglar at the Mansion House for driving his motor car in London on July 12 without a proper identification plate. Joseph Levi, describing himself as Johnson's secretary, said he was sent over specially from Paris to plead guilty in Johnson's behalf. Johnson had come to London to meet his two automobiles, which arrived from New York at the London docks. Levi said Johnson was driving to the office to get an identification plate when a policeman stopped him on the Victoria embankment. Time is money, use electric call bells. Phone Harry Hicks, M. 2089.

TORONTO RINKS OUT OF LONDON TOURNEY

Two London Thistle Teams, Paris and Aylmer Left in Semi-Finals. LONDON, July 22.—The semi-finals in the W.O.B.A. tourney were reached tonight, the four rinks left being those supplied by Paris and Aylmer. The Parisians, A. A. Lathford, Alan Lathford, K. Solley, Paris, and Albert Chambers of Aylmer, in their fourth round games were excellent, many of them being in doubt until the last bowl. The association competition is progressing rapidly, while many games have been played in the consolation. The defeat of the London Thistle was the game between Chambers of Aylmer and Lathford of Galt. The two rinks saw-saw during the match, but in the end Aylmer won. The final end Hawke, in a wonderful performance, and it was impossible to beat him. Chambers tried a runner with the last bowl, but it was played perfectly, and it cut out both Lathford's bowls and gave the Aylmer rink the shot and game. Both sides were astounded at the play, as none of the players anticipated that Chambers would get it. The defeat of Van Valkenburg of the tourney, was as decisive as it was unexpected. The Paris rink bowled well, but Smiley particularly doing brilliant work, but the wise ones kicked the Toronto rink. Smiley was right at them and applied a big lead in a hurry. Van Valkenburg tried hard, but could not match the great drive of Smiley and lost by a good majority.

AT EATON'S THURSDAY

Annual Special Selling of Men's Shirts at 50c.

It is a question whether any single shopping event of the year interests man so thoroughly and draws such throngs of eager buyers as this great annual sale of shirts. And you will begin to realize the extent of our preparations for this year's selling when we say that last year we sold several thousand shirts the first day, and expect to leave that record far and away behind on Thursday; that last year we had three big counters, the first day, while this year we'll have four; that values will be fully as good, if not better, than last year. The shirts will be arranged each size in its own space, to facilitate quick choosing. And, of course, we'll have extra sales help.

Plain Neglige Shirts with laundered neckband and laundered cuffs, and Outing Shirts with separate lounge collar and extra soft double cuffs. There's almost no end of variety in materials, colors and patterns, so any man will find something to his taste. All sizes, 14 to 22. A well-worth-while saving on every shirt, while hundreds give value truly extraordinary. Rush price, Thursday, July 24, 50c. —Main Floor—James Street.

SLIMPING SKEETERS ARE BUMPED TWICE

McGraynor in Grand Form and Royals Score a Shut-Out in First Game.

THOMPSON BLEW UP

Held Montreal to One Hit in Eight Innings and Then Fireworks Started.

MONTREAL, July 22.—Montreal gave the slumping Skeeters a double trouncing today. McGraynor shut out Jersey City in the opener, while Thompson held Montreal to one run until the eighth, when errors of Deane and Perry paved the way for three more. Brandon won his way in the second. Purcell made a three-base hit with the bases filled in the second inning, and after this Montreal was never in danger. Smith was knocked out in a collision at plate with Calhoun in the eighth inning, but finished the game. Scores:—First Game—

LEAFS HIT THE MELT FASHION

MAXWELL TED

Kelleyites Took Second Game of Series in Handy Style—Hub Northern Again Supplies a Homer—Some Very Smart Fielding.

The champion Leafs looked like sure enough champions yesterday when they snowed Dunn's Orioles 5 to 1 in the second game of the series. The Leafs hit everything and backed up Maxwell's good hitting with some old-time hitting in the tight spots. It was a nice exhibition of the game matter what you look at it. Maxwell and the Leafs were on their good behavior in the field. Northern supplied a homer with a ball on the sixth, and made victory sure. Amy McConnell and fielding, while Maxwell and Bradley and Hugh Bradley figured in a fast double play.

What tickled the fans was the timely swatting by the locals and they did it in style. In the fifth, Ted, the youngster that Connie Mack thinks well of and has an option on, was throwing them up for Dunn. Maxwell pitched very much of a puzzle for the Leafs.

It was "pepper" day for the locals, and the Leafs met one of Maxwell's slow balls from the field was good to watch. Neal Ball was struck out in the second when he popped out of the box and Maxwell threw the third strike over while he was arguing with Umpir Hart. Ball gave to much back talks to the boys and the clubhouse and Mickey Corcoran finished the game at second for the Birds.

Maxwell pitched himself out of a bad hole in the fourth. He walked Cooper as a beginner, but made Corcoran struck out. He walked Cooper, and second by O'Hara then proceeded to drop Houser's high one. Capron lifted to Northern and Tumbly singled and stole second to start the fifth, and after Taft had rolled out, Maxwell met one of his slow ones for a base, and the first run of the game was chalked up for the Birds.

KOLTS HAD LUCK DOWNED THE SAINTS

ST. THOMAS, July 22.—(Special.)—Hamilton took today's game from the Saints by getting their hits mixed in with a few misplays. Howick was in rare form and held the Kolts to four hits, but everything broke against him. Schuyler, for the visitors, was hit frequently and gave five walks, but sensational support saved him. In the ninth innings the home team filled the bases, with only one out, but could only get one run. Schuyler lightening up and compelling Kopp to ground out and Ort to walk. Manager Lee and Umpir Donahue witnessed the game from the stand, upon having given a suspension for the fracas at Ottawa Saturday. Umpir Winkler, a Cleveland pitcher, will report to Manager Ort tomorrow and will probably throw Wednesday game. The score:—

HOMES FOR THE WORKERS

\$200 Buys a House

Two hundred dollars—more down if you wish—places you in a home all your own. The rest you pay in rent-size payments. We are now building the first group of one hundred homes just west of Woodbine avenue, north of Danforth (East Bloor). They are five rooms, contain the best of material, best of work and are neat, 'spacy,' and architecturally perfect.

They are laid out with comfort and convenience as the main features with economy and appearance well looked after. The hundred houses of the first group are going up on Sammon, Woodmount and Randolph avenues, the last street being a 75 foot boulevard, which is to be park.

Ten houses will be ready in four weeks, the others are following closely. They will all be up this fall and you will then be living in a well-built residential district. The exterior of each pair is different from the rest; instead of dreary monotony, you will have pleasant avenues of homes, and we promise to do our best to choose good neighbors.

The location is a beautiful one; we know when you see it you will certainly say that the district is an excellent one for workingmen's homes. The land is high, and the soil the kind that makes gardens thrive. From the windows you will see the lake and the pretty houses of the Beach Hill district. The car line three blocks away will this fall bring you closer to your work than many city residents.

This is a plain workingman's proposition, made for the man who works hard for his money and hates to see it forever disappear in rent. Come into the office to see the plans, or let us motor you and your wife out to show what we're doing. And bring some friend in the building trades along.

SOLID BRICK HOUSES--THREE BLOCKS FROM A CITY CAR LINE--TWENTY-TWO HUNDRED EACH.

HERE'S THE PROPOSITION

\$2200 purchase price—\$200 down, \$20 monthly—That's just about rent—Pays off the balance and interest as well.

\$2200 purchase price—\$400 down, \$18 monthly pays off house cost and interest.

\$600 down—\$16 a month, gives you the same house for \$2100.

Less than thirteen years of payments gives you absolute ownership of a property that in natural course of events will be worth far more than today's price. If you can pay more cash, either down or monthly, we will be glad to make other arrangements, and if at any time you wish to increase your payments we will also meet you in making attractive terms.

And Another Thing

We think our designs excellent; they were chosen with care, but perhaps you and your wife would like the new home to express your own individuality. Then draw plans of what you desire in a five-roomed brick house, or give us suggestions. We'll build your house under the supervision of our architects, on your property, and at the above terms. A house to order is generally expensive. Working together with us makes it easy and reasonable.

The contract and the whole transaction are free from perplexities, legal fees are reduced to a minimum, doubt done away with. Don't you think this is a simple and businesslike way to buy a home? Then send this:

C. P. R. MUST ANSWER CRUELTY CHARGE

Company Said to Have Kept Cattle Without Food or Water.

LEAVE FOR BRANTFORD
Retail Merchants of West Toronto Holding Annual Picnic Today.

A warrant against the C.P.R. was issued yesterday afternoon, by the police at station "D" on a charge of cruelty. A car of cattle, hogs and calves were shipped thru to the Union Street yards from Gilmore station, and remained on the C.P.R. siding for nearly 31 hours without any provision being made for food or water for the animals. The act allows only 28 hours to elapse between successive meals for live stock on railroads.

A special C.P.R. train leaves this morning from the Royce avenue station, bearing hundreds of ward seven merchants, their wives and families to Brantford, where the seventh annual picnic of the West Toronto Retail Merchants' Association is being held. The stores and places of business will be closed all day and everyone is expected to enjoy a good time.

The funeral takes place this afternoon to Prospect Cemetery, of Daniel Stanley Curtis, son of Mr. and Mrs. David Curtis of 33 Arlington ave. The C.P.R. employees from the West Toronto and Runnymede shops, hold their annual excursion on Saturday afternoon next to Guelph. The special train will leave the West Toronto station at 8:30 a.m. A special large program of sports has been arranged. Mr. J. Rice was made the recipient of a handsome marble mantel clock last night, by his fellow-employees at postal station "D," Keele street, on his return from his honeymoon.

Mr. J. Stephen, the manager of the Bank of British North America, left yesterday for a vacation trip to St. John, N.B. The Engineers' Band will give a popular concert this evening in Carlton Park.

BODY TAKEN FROM NIAGARA RIVER.
NIAGARA FALLS, N.Y., July 22.—(Special).—A badly decomposed body was taken from the river near the Maid of the Mist landing, by William Lebonde, about 6:30 o'clock this morning. Coroner Thompson gave it as his opinion that the body had been in the water at least three weeks. The body was immediately buried.

EXPLORER RADFORD HEARD FROM.
EDMONTON, Alta., July 22.—Word was brought to Edmonton that Explorer Radford, who was outfitted by the Dominion Government, has reached Herschel Island. The bearer of the news was Howard Allen, who has been in the Arctic for four years. Radford had been heard from in the Hudson Bay country, but no previous word ever came that he had been at Herschel Island.

BRAZILIAN STILL
THE "LAME DUCK"

Another Decline in Big Traction Issue Disappointing Feature of Market.

AN IMPROVED FEELING

General List Made Better Showing and Sentiment Was Cheered Thereby.

Had it not been for another drop in Brazilian, which naturally had an adverse effect on sentiment, the Toronto Stock Exchange would have given a good account of itself yesterday. As it was half a dozen issues improved their position to a slight extent, and those who follow the market managed to derive some comfort from that fact. The spurt in C.P.R. in New York was a favorable factor, but it was not reflected here to the extent which might reasonably have been expected. Brazilian continues the lame duck, and until this issue succeeds in inspiring a more sustained market the recurring up and down flurries promise to continue. Yesterday the shares were quoted lower in London, and as the demand here appeared to be regulated solely by the action of the old country exchange, the quotation responded readily. The stock declined gradually to 85 1-4, which indicated a loss of just a point, and the close at 85 1-2 left most of the reaction still in sight.

Toronto Railway Up.
The general list was enlivened by several firm spots, which served to give the market a more cheerful appearance. Toronto Railway showed signs of responding to the negotiations with the city, the shares working up over a point to 138 3-8, which was its highest in over a month, and compared with a price of 135 1-2 a week ago. Mackay, Porto Rico, Bell Telephone, General Electric and Twin City were all in demand and at times showed an inclination to make higher levels. If purchasing orders were to enter the exchange to any volume, a smart rally in all of these and many others might easily follow. Further weakness was shown by certain issues which have not enjoyed a free market of late. Spanish River moved up a fraction to 41 1-2 early, but was carried back to 40 again when liquidation was attempted, and closed on offer there. The preferred made a new low record at 88 7-8. Macdonald sold at 33 3-4, and closed without a bid in evidence. Bank shares were quiet and steady at their recent low levels. Some investment purchases were made, but were not sufficiently large to bring about any improvement.

UNLUCKY YEAR FOR MARINE INSURANCE

Lloyds Report Even Heavier Loss Than at Time of Titanic Disaster.

LONDON, July 22.—(Special).—It looks as if the year 1913 would prove as disastrous for marine insurance underwriters as was the exceptionally unfortunate year 1912. It will be remembered that the first six months of last year included the Titanic disaster, which involved underwriters in tremendous losses, but it now proves that the first half of the present year has brought even greater hardship in the aggregate. The total claims against Lloyds' underwriters for the last six months are only \$2,876,400, or \$2,700 more than for the corresponding period of 1912. Actually it is believed that the total will work out at about \$3,000,000 for the last six months against approximately \$4,000,000 for the first half of 1912. January of this year was a very bad month, the total claims of about \$1,500,000 being about three times that of the first month of 1912. February, May and June were also particularly unlucky months; but for April the total was only \$186,000, as compared with \$1,800,000 for April 1912, when the Titanic went down.

CROSS MOVEMENTS IN NEW YORK MARKET

Erickson Perkins & Co. had the following to report: The stock market showed good resisting power, although there was a reactionary tendency. On the early reaction of the most active issues reacted as much as a full point. Later movements throughout the day, however, were less pronounced. We expect the market to back and fill for a while. The stock market tended more to speculation, which indicates the probable trend as well as anything else.

CONSOL. EXCHANGE TO OPEN IN CHICAGO

NEW YORK, July 22.—(Special).—It is announced today that the Consolidated Stock Exchange of New York will open a branch in Chicago. Consolidated memberships have advanced considerably in value of late, presumably on account of the recent law passed in Albany prohibiting the New York Stock Exchange from discriminating against other institutions. A seat sold this week at \$1200, which was more than double the price six months ago.

Mr. Mulock, Optimist.

Mr. Cawthra Mulock is by no means a pessimist on the Canadian financial outlook. Speaking to The World yesterday he said: "I think the worst of the money stringency is over. If western speculation had been earlier it would have been better for everyone. But the remedy has been applied and the result will prove a general benefit." Asked as to securities Mr. Mulock thought the present time an opportune one to buy good stocks. "The banks are not loaning on these just now," he said, "so you can see that the buyers are investors who go straight for their purchases. With the loaner stock held by speculators thus taken up, the chance for a further decline is lessened, while the likelihood of a rise in prices is increased."

BANK CLEARINGS OF THE CONTINENT

Toronto Back in Tenth Rank Again—Many Decreases Are Shown.

The Canadian cities last week generally lost the improvement they had made the previous week in the record of bank clearings of the continent. Toronto, which had stood eighth, dropped back into tenth rank, being beaten out by Kansas City and San Francisco. Winnipeg dropped from twelfth to fourteenth, allowing Detroit and Cleveland to slip in ahead of it again. Montreal alone maintained its gain, holding its position of sixth by a narrow margin over Pittsburgh. The only other feature of the exhibit was the better showing made in comparison with the corresponding period of seven reported decreases, while the preceding week no less than twelve gave clearings below last week. There was nothing remarkable in the improvement, however, as the previous week contained only five business days, whereas in 1912 the full week was included. The comparison was between two periods of six days each. The following table gives the clearings for the week, the previous week and the percentage of increase or decrease from last year:

| City | 1913 | 1912 | % |
|---------------|-----------------|-----------------|-------|
| New York | \$1,601,878,000 | \$1,356,572,000 | +18.0 |
| Chicago | 374,590,000 | 281,277,000 | +33.2 |
| Boston | 178,934,000 | 220,115,000 | -23.3 |
| Philadelphia | 168,341,000 | 133,884,000 | +25.7 |
| St. Louis | 88,104,000 | 65,488,000 | +34.5 |
| Montreal | 58,519,000 | 60,567,000 | -3.4 |

CHEERFUL TONE IN LONDON MARKET

Peace Is Expected in Balkans Soon—Trading at a Low Ebb.

LONDON, July 22.—Transactions were limited on the stock exchange today, but a more cheerful tone prevailed on the prospects of early peace in the near east. Home Rails, Kafirs and Diamond shares advanced. A fraction of McArthur bonds gained. American securities opened steady. Prices advanced on fair buying during the latter part of the day. The market was generally up until New York opened, when values gradually eased off and trading proceeded on a more conservative basis. The demand for money was lighter and discount rates were easy.

NEW HIGH FOR MONTH ON CAN. PACIFIC

Canadian Pacific made a new high record for this month in the New York market yesterday, the top price of 220 comparing with the previous high of 215 on Monday. The improvement reflects the clearing financial situation. The range by months for the year to date follows:

| Month | High | Low |
|-------|---------|---------|
| Jan. | 206 1/2 | 203 |
| Feb. | 207 1/2 | 203 |
| Mar. | 206 1/2 | 203 |
| Apr. | 212 1/2 | 208 1/2 |
| May | 213 1/2 | 208 1/2 |
| June | 221 1/2 | 210 1/2 |
| July | 220 | 208 1/2 |

STANDARD OIL CO. SUIT IS SETTLED

NEW YORK, July 22.—(Special).—The outer suit of the State of Texas against the Standard Oil Company, a subsidiary of the Standard Oil Company of Texas, has been settled by an agreement on the part of the company to transfer 21,536 shares of its capitalization (24,500 shares) from the individual control of H. C. Folger, Jr. and John D. Archibald to a trustee. The company will be permitted to continue business in the state on that basis.

TWIN CITY EARNINGS.

For the first week of July earnings of the Twin City Rapid Transit Company were \$179,735, a gain over the corresponding week last year of \$18,268, or 7.97 per cent.

A FAVORABLE OMEN.

LONDON, July 22.—The Canadian Press understands that Winnipeg's issue of \$260,000 4 1-2 per cent consolidated stock at 97 has been over-subscribed in advance.

COPPER METAL HIGHER

NEW YORK, July 22.—One of the largest copper selling agencies has advanced price for electrolytic to 14 1-2 cents a pound.

Erickson Perkins & Co. report prices as follows:

STOCKS MOVE UP AND ALSO DOWN

Irregularity in New York Market Was Very Much in Evidence.

INDUSTRIALS STRONG

Republic Steel Preferred Scored Smart Advance—Money Is Easier.

NEW YORK, July 22.—During the greater part of today's stock market session, prices exhibited more irregularity than at any time during the upward movement of last week. Trading frequently came to an absolute standstill and the movement lacked the breadth of the previous day, as there included numerous specialties in the industrial division. A fairly strong opening, due in part to the higher level of prices quoted in London, soon gave way to general declines, notably in New Haven issues, California Petroleum and some of the more obscure stocks, while Wells Fargo advanced 2 points to its 11 point loss of the previous day. The decline in New Haven issues resulted largely from the announcement that the company proposes to issue \$67,552,000 of debenture notes, some two thirds of which will be utilized in paying off maturing notes. On the other hand a few of the better known railway issues, such as Baltimore and Ohio, Grangers and Canadian Pacific, were consistently strong. Greatest gains, however, were recorded among the industrials, where advances ranged from 2 to 3 points. **Strong in Final Hour.**

FURTHER GAINS IN MINING MARKET

Improvement in Prices Carried Further—Cochrane Cobalt Led.

The improvement which was manifested in the mining exchange at the opening of the week, was again in evidence yesterday. The public following had apparently been greatly impressed with the manner in which prices rose on Monday, and there were excellent purchasing orders in the hands of brokers from parties who thought they saw in the rally an indication of the fact that the bottom had been reached and that the trend would now be upward. As is usually the case, the market has turned much more active now that stocks have shown signs that they still possess some of their pristine vivacity. Speculators who saw everything thru blue glasses a week ago are now talking optimistically. Meanwhile there appears to be little floating stock in the exchange, and if the insistent demand continues, prices will likely advance. After so pronounced a recovery as has occurred, the improvement will likely be very gradual, though there are those who are buying in anticipation of a raid on the shorts before long. **Marked Firmness Shown.**

FIRMER TONE IN MONTREAL STOCKS

Advances Fairly General, Though Tight Money Kept Movement in Check.

MONTREAL, July 22.—Following New York, the at a considerable distance behind, the market here showed upward movement, there seems to be the cue for the local market. In so far as the response to New York's lead was concerned, but for the most part the shortage of money for speculation purposes kept the market within the narrow limits that have been characteristic of the local market for some time past. C.P.R. showed most response to the latter part of New York's lead, was not gain of 1 1/2 points, closing at 219 3/4. The early in the afternoon the stock reached 220. The sales were comparatively larger, upwards of 1200 shares changing hands. Power was stronger at 207 3/4 at the close; Kirkland & Ontario at 105 3/4. Toronto Electric at 105 1/2. While Laurentide also closed stronger at 186 1/2, with the rights offered at 17 and 16 1/2. Brazilian developed an early weakness after a high characteristic of the market for some time past, closing at 219 3/4. The early in the afternoon the stock reached 220. The sales were comparatively larger, upwards of 1200 shares changing hands.

KIRKLAND LAKE GREAT GOLD CAMP

Numerous Properties Loom Up as Big Producers—Toronto Man's View.

If the ideas of mining men who have inspected the camp are correct, the Kirkland Lake district will be the greatest gold mining camp which the Province of Ontario, or for that matter, the Dominion of Canada has ever known. The values of the surface ore are considerably higher than those of Porcupine, and the mines give all the indications of being high-grade propositions. Mr. W. B. Clark, a Toronto mining man, who has had considerable experience in Cobalt and Porcupine, and who has just returned from a trip to Kirkland Lake, characterizes the new district as one of excellent promise. "It took pains to inspect most of the properties which have come into the limelight, and was very favorably impressed both with the present showings and the prospects. **Big Thing of Discovery.**" "The big things at Kirkland Lake just now are the Foster-Tough-Oaks, Burnside, Wright-Hargreaves, Teck-ford, the Wetzlauefs," said he. "There are various others which are looming up as rich as these. They have made excellent discoveries on the Robins and the Wright claims, which are in the immediate vicinity of the Foster. The Huntin, which is about a mile south of the lake, contains some beautiful specimens of gold-bearing ore. "The big properties, with one or two exceptions, appear to be clustered around the two lakes, Kirkland and Gull. The original discovery was on the Foster, which is both the pioneer and the show-place of the camp. The district is different from that of Porcupine, being conglomerate and porphyry, the veins being found in both rocks." Mr. Clark stated that there would be about a thousand men at work in the camp. The Foster employs about 100, the Teck-Hughes 30, and numerous others have large gangs conducting surface development and sinking shafts. **Mud Lake Section.** The district between Mud Lake and Gull Lake, lying about five miles east

VEIN PICKED UP AT TECK HUGHES

SWASTKA, July 22.—(Special).—The Teck Hughes at Kirkland Lake, picked up the vein today at the 100 foot level. Splendid showings of free gold are reported to be visible. The strike has occasioned considerable excitement as it follows numerous other discoveries in the new gold camp. The Teck Hughes is controlled by the Great Northern Silver Mines.

WINNIPEG GRAIN MARKET

WINNIPEG, July 22.—Prices were firm on local grain market, the July opening showed an upward trend. Cash demand was good and offerings were heavier. Cash prices 1/2 higher for contract. Oats and flax grades were unchanged. Oats and flax were steady. In light rough inspection, today, 280 cars. Cash—Wheat—No. 1 northern, 87 1/4; No. 2, 84 1/2; No. 3 do., 82 1/4; No. 4, 81 1/4; No. 5, 78 1/4; No. 1, 1st, 84 1/2; No. 1, 2nd, 82 1/2; No. 2 do., 81 1/2; No. 3 do., 79 1/2; No. 4 do., 77 1/2; No. 5 do., 75 1/2; feed, tough, 68. The Crop Outlook.

"Never saw grain crops look healthier," said Thomas Williamson, The World's live stock reporter and former agriculturist. Mr. Williamson has just returned from a trip to Michigan, covering a good section of western Ontario. "I don't remember having seen wheat of a richer golden hue," he continued. "There is not the slightest sign of rust or smut to be seen, and the same are well filled. Wheat, barley and oats are each generally short in the straw, but are headed out fine. The well tilled districts show distinctly for the work put into them. "Early root crops are patchy and the timothy crop is not heavy, but the abundance of clover will make amends for this. In my judgment the Western Ontario farmers will be blessed with another great crop, and it looks as tho they will get an average price."

Vacation Clothes for Men

A good deal of the pleasure of a holiday depends upon your having the correct clothes, inconspicuous yet good in quality and cut. Just now, in mid-season, you can do better for your intended outlay in almost every requisite of your summer toilet, particularly in suits.

The New Style Norfolk Outing Suits for Men

The Norfolk suit is in great demand this season, and the American yoke Norfolk two-piece suits are first favorites. This snappy style is made with yoke and pleats and belt, and the trousers have cuff bottoms, belt and side straps. The cloth is a nice tweed, in a plain brown shade, one that will give excellent service, the workmanship is the very best, and the fit perfect. Price 12.50

Another splendid outing suit is made from tweed in medium shade of gray, showing a hairline stripe pattern, neat and serviceable; the coat is a perfect fitting single-breasted three button style; cuff bottom pants, with belt and side straps; best workmanship. Price 15.00

Men's Bathrobes—You will need a bathrobe to take with you on your vacation trip; in assorted colors and patterns of Australian blanket cloths, neatly tailored. Price 3.75

Young Men's Tweed Suits

A smart single-breast sack coat, with well shaped shoulders, slightly fitting back, and neat shaped lapels; single-breast vest and long cuff bottom trousers; the material is a splendid wearing gray Scotch tweed, neatly tailored, with serge linings. Sizes 32 to 35. Thursday 10.00

Boys' Blouse Shirt Waists, a splendid assortment of stripes; full blouse cut, with soft French cuffs and detachable collar; sizes 11 1-2 to 14. Thursday 75
