ALLIES LOSE AND GAIN GROUND.
The French official communication issued tonight says: "On our
left wing the action continues with great violence, notably around
Arras, La Bassée and Armentières. The allies have lost some ground at some points around La
Bassée, but have won some at the east of Armentières. Generally speaking, on this part of the front the situation re-
mains the same. To the north of the Aisne our artillery has destroyed three Ger-
man batteries."

GREAT BATTLE NORTH OF ROULERS.
A heavy battle is raging in Belgium about 20 miles south of the
Ghent-Bruges line and north of Roulers, according to The Telegraaf's
correspondent in Sluis, Holland. Roulers was again bombarded by the
Germans on Thursday. "Fugitives from Roulers declare," says the correspondent, "that
forty inhabitants of that town were shot by the Germans during the
invaders' occupation, and that all the prominent citizens were taken
as hostages. There is no confirmation of the report that the allies have
broken thru the German lines near Eecloo."

RUSSIANS MUST REINFORCE.
The German claim of victory over the Russians west of Augus-
towo, Suwalki, following fighting reported by them yesterday in the
direction of Ossowetz, south of Augustowo, shows that the Germans
are attempting another advance from East Prussia into the govern-
ment of Grodno, to the east of Suwalki, doubtless with the object of
compelling the Russians to reinforce their army in that region. All these movements, however, have brought the belligerents no
nearer their goals, which cannot be attained until an army is destroyed
or one or the other of the contending forces becomes too exhausted
to fight further.

ATTACKS ARE INCREASED.
Heavy reinforcements have enabled the Germans to attack with
increased vigor the right wing of the allied armies in France, while
continuing the violent attacks upon the Belgian, British and French
armies, which are resisting their advance over the coast and canal
region of Belgium and northeastern France. The forces of Crown Prince William today failed in a desperate
attack on the French at St. Mihiel. In the Meuse region the Germans

LONDON, Oct. 23.—The Germans have undertaken a general
offensive movement along the line extending from the River Yser, on
the North Sea, to the River Meuse, and while they have compelled the
allies to give ground in some places they themselves have lost positions
in others. This, in a few words, is what is gathered from official reports
coming this evening from the French and the German headquarters. The German attack today was particularly severe in the west,
where their right wing, strongly reinforced by fresh troops, attempted
an advance against the Belgians, who are holding the allies' extreme
left. This left rests on the coast and is supported by English and French
warships and by Anglo-French troops, which form a front from a point
somewhere in the vicinity of Dixmude southward to La Bassée Canal. Both sides claim successes, but the French alone admit that in places
they have been compelled to fall back. Generally, however, there is little or no change in the situation,
the swinging and swaying of the lines being the same as has been going
on for weeks.

PRUSSIAN NATIONAL BRAMPTON DRIVING ENGINEER TO REPORT INDUSTRY'S WAR CLUB MEET TODAY ON KINGSTON ROAD

Prof. Wrong Addresses North York Teachers on the Conflict.

HOPES FOR REVOLUTION

Thinks Russia Will Become Dominant Power in South-east Europe.

Addressing the members of the North York Teachers' Institute at their annual convention yesterday in the county council chambers, on Germany and the present war, Professor G. M. Wrong M.A. Toronto University, declared that the teachings of Nietzsche were mainly responsible for the dominating military spirit of Germany, although that writer himself did not believe in his country's greatness nor German culture, because he had seen Nietzsche as a cosmopolitan in ideas and his greatest desire was to make the nation strong. He considered a great influence on the minds of the people of this country was taught that only the strong had a right to survive. His advocacy of a great military power seemed to groove in with the desires of the military authorities whose business was the creation of wars. The speaker said that although he did not desire a war, he was not a pacifist, and was not necessary to have a violent attitude made against them. They had been engaged in a war, and would be despising a spirit of hatred towards the British people, it would be small spirit to initiate them.

The National Industry of France had been the national industry of Europe as her position in Europe was one of dominance. She had always been in a state of preparation, Bismarck, while a great character and a genius, believed in the divine right of Germany to govern the world and the infallibility of the Kaiser. He had a ruthless, brutal character, linked with a great devotion to religion. It was characteristic of the man when, in a fit of remorse, he recalled the war for which he had engaged in a war, he exclaimed that he had made it right with God. That a change in the political system of Germany after the war with France, would be the belief of the speaker, "for had a wave of liberalism passed over the country at that time," he said, "it would have shaken the military organization to its foundations."

Even yet the great mass of the German people did not believe in war. It was forced on them by a limited authority that had made the soldier the dominant factor of German life and had led him to believe that he was in a class above others. The speaker said Professor Wrong, "is evidenced in the streets of every city where the soldier is stationed. The fear of aggression by other nations had troubled the minds of German statesmen but the speaker attributed that fear to a disturbed imagination. Professor Wrong believed that as a result of the war Poland would become a Kingdom and Germany would be a dominant power in southeastern Europe. He hoped for a revolution among the German people by which they would assert their right for political freedom and the ruling of the state.

Dr. J. L. Hughes delivered a patriotic address and urged that branches of the League of the Empire be formed in the schools. W. P. French spoke on "The Teaching of History." The following officers were elected: Hon. Pres., C. W. Mulloy, B.A.; Pres., Miss M. Trench; Sec., M. B. Stewart; Sec.-treas., J. G. McDonald; executive, Misses Ada V. Neelds, Mina Ellett, Helen McPherson, Mary E. Taylor, and Messrs. Cornell, Lawson and Campbell. The subscription for the Toronto and York Patriotic Fund amounted to almost \$600.

PATRIOTIC CONCERT AT ELIA. The Elia branch of the Women's Institute are holding a large concert at the Foresters' Hall at Elia on Wednesday, Oct. 23, at 8 p.m. A good program is being prepared, after which refreshments will be served.

NEW TORONTO. The Hallowe'en concert held in the Methodist Church of New Toronto proved to be entirely successful. The program of music, readings and games being greatly enjoyed by a large audience. Among those contributing to the program of entertainment was Miss Robertson, the well-known elocutionist.

TO DARKEN HAIR APPLY SAGE TEA. Hook, Gray, Faded Hair Its Natural Color, Gloss and Thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry. Wyeth's Sage and Sulphur Tea and Sulphur Compound, at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

Thirty Horses Have Been Entered — Good Day's Sport Assured.

FOOD FOR ENGLAND

Toronto Township Sending Carload — Remount Buying at Bolton.

BRAMPTON, Oct. 23.—The postponed meeting of the Brampton Driving Club will be held tomorrow at the fair grounds. About thirty horses have entered and a good afternoon's sport is expected. A purse of \$450 will be given for three classes—215, 225 and 235, trot or pace. On the 6th anniversary of the Charge of the Light Brigade in those stirring days, will be brought to Brampton's oldest citizen, Wm. Bart, who served his Queen and country in that war. He is 82 years of age, hale and hearty and walks with as sprightly a step as a man of 50.

A carload of foodstuffs for the people of England will be shipped from Toronto Township on Monday, the collecting centre being Milton, Woodbridge and Dixie. The ninth annual conference of the Archdeaconry of Simcoe will be held in Christ Church on Monday, Tuesday and Wednesday next week. Rev. Canon Cady, Bishop, Bressy, Rev. N. A. F. Bourne, Rev. R. N. de la Roche, Rev. Paul L. Berman, Rev. J. R. P. Boyd, Rev. Henry Earle and Mr. R. W. Allen will be the principal speakers.

The British Government will again commence buying horses in Peel County for remounts for the British army, at Bolton on Monday, Brampton on Tuesday and Alton on Wednesday. The new fire alarm system noted on two years, is now being installed by The Northern Electric Co. Street boxes have been laid in the fire hall and 12 alarm boxes placed on the street corners. Rev. A. H. Froman, pastor of the Baptist church, was married in St. Mary's yesterday, to Miss Hazel Robinson of that town.

MIMICO PREPARES TO AID RESIDENTS UNEMPLOYED. Council Appoints Industrial Committee — Considering Sewage System.

At a special joint meeting of the Mimico village council and the board of trade, called to discuss the general unemployment problem, an industrial association, affiliated with the Industrial Association of Ontario, was formed, and a committee appointed as follows: Reeve J. J. Harrison, chairman; E. C. Chippendale, T. S. Sumner, J. Gormley and Councillor H. Finch. The village clerk, J. A. Teifer, was appointed secretary, and he was instructed to issue notices asking the unemployed to register their names with him on the cards provided by the Ontario Association for the purpose. Yesterday one applicant had been received.

Public and private work in the village shows satisfactory progress. The Dominion Sewer Pipe Company and other industrial plants in the village are working full time. The new Carnegie library at the corner of Station Road and Stanley street is now ready for the roof, and it is hoped that the building will be ready for occupancy by the end of the year. The question of water supply and drainage is now under consideration. The council is satisfied that the village would double in size in two or three years were these utilities installed. The present population is about 1800, but the village is scattered, and it is realized that its part in water and sewerage would be a big undertaking. It is felt, however, that something will have to be done when the financial stringency becomes less acute.

Patriotic Concert. The Union Jack Chapter of the L.O. D.E. will hold a patriotic concert in Harrison's Hall, Mimico (Stop 15 on the Lake Shore road) on Thursday, November 5.

The star items on the program will be a drill, "March of the Allies," a tabloid, "John Bull and His Colors." Patriotic songs, readings, violin, mandolin and piano solos, and piano duets will be rendered by the pupils of the Canadian Academy of Music, Mimico, under the direction of Miss A. Presley and Miss H. Brown, assisted by pupils of the Canadian Academy of Music of Toronto. The Rev. H. S. Sparks will occupy the chair.

AURORA. On Monday evening A. Monro Grier, K.C., of Toronto, will address Trinity Men's Association, Aurora, on "Our Empire's Part in the War."

CAPTAIN HALE IN CHARGE OF COLLEGE HEIGHTS CORPS. At the meeting of the College Heights Rifle Association, held on Thursday evening, the organization was completed. About twenty new members were sworn in, and Captain Russell Hale, late in the Army Service Corps, was elected captain. Temple and Mr. Cochran in drilling the corps and training the members into good shots. The next meeting will be held on Thursday evening next in Brown School. Members and recruits are expected to be present at 7.45 p.m., so that regular drill may be begun punctually at eight o'clock.

LONG BRANCH. Excellent progress is being made in the erection of Long Branch Presbyterian Church at Stop 25 on the Lake Shore Road. The building is now roofed in. It is hoped that the congregation will be ready to hold services in the church early next month. J. S. Ferguson is in charge of the services.

Government Grants Request of Municipalities for Survey.

MAINTENANCE COSTLY

Claim That Present Expenditure Would Carry the Debentures.

The Toronto Citizens' cement road proposition is now being considered by the Ontario Government. Representatives from all the municipalities between the two points, with the exception of Toronto, formed a large deputation of Toronto, Monday, Hon. Meara Hearst, Frye and Macdonald, on Tuesday afternoon, urging the serious consideration of the cost of construction and maintenance would be a reasonable one. They left with the minister of public works that an engineer would be sent over the Kingston road to make a close inspection. At the outset of the meeting, the resolution of the committee of representatives was presented. It urged the survey of the proposed route, an estimate by the provincial highways engineer of the cost of a 16-foot concrete roadway, with gravel shoulders, four feet in width, and an estimated concrete of the cost of this and of a macadamized road over the same distance. This was moved by Mayor Edmondson of Ottawa and seconded by Warden Gifford of Ontario County. "Will Do All Possible."

In his reply, the premier referred to the existing conditions in the province, and the desire of the government to do all possible to relieve suffering from unemployment. The federal grant, as all knew, had been withheld, but he hoped for its appearance soon, and for more and greater work. The Kingston road, he considered, had as much claim as any other road. He was not prepared to describe the cost of the expense for which motorists should bear too much of the cost, but that the government should be ready to meet the expense. "You're right," said an engineer's survey of the proposed system had been made. Present System Bad. Considerable mud was thrown at the road and in condition. There were few who had a good word to say for the system of maintenance was unsatisfactory, and that if the rates do not increase, the system would be under the proposed system. Toronto had some privilege, and he thought that as that of the Hamilton-Toronto road, the road should be better. He reckoned every year to pay the debenture share under the proposed system. Toronto had some privilege, and he thought that as that of the Hamilton-Toronto road, the road should be better. He reckoned every year to pay the debenture share under the proposed system.

Ward Seven Looks TO RAILWAY BOARD. Application for Bloor Street Civic Line to Be Filed Today.

RATEPAYERS MEET. Addressed by Controller McCarthy — Would Avoid Litigation.

One of the largest gatherings ever held in the Annetts Street School was present last night at the meeting of Ward Seven Ratepayers' Association. The recent activities of the executive and board of control towards the construction of a Bloor street line, which the favor with which it was apparently received by the premier in Queen's Park when power for the immediate construction of the line was asked, has roused great interest and renewed hope in Ward Seven, and citizens are looking forward to some relief from their transportation difficulties this year.

On a motion of W. H. Weir, who felt that the executive of the association was more representative of the outlying parts of the ward, four more names were added to the list. The report of the committee on transportation was read by E. V. Henderson, in which he reviewed the work of the special deputations concerning the Bloor street line to the board of control and Premier Hearst. Hearty approval followed the reading of this report.

Board Investigating. D'Arcy Hinds, in regard to the disagreeable odors, stated that the provincial board of health was again investigating the causes and would shortly be able to corroborate the report prepared and handed to the local board of health last November. No starting necessary. No sickening of the northern part of the ward. "We have been promised by Dr. Hastings," said the president, "that once that report is in, immediate action will be taken."

In view of the present condition of war and the possibility of an invasion of Canada, the association decided to support the West Toronto Company of the Home Guard, and to assist in the recruiting of the company in every way possible. A committee was appointed to make arrangements for a deputation to wait on the board of works and ask that all connections with gas, sewer and water services be laid on unpaved streets before pavements are laid down.

## WEST END CRECHE OPENED NEW HOME

One Hundred Children Can Be Accommodated at Euclid Ave. Building.

## NO FINANCIAL DEFICIT

But Assistance is Still Needed—Officers for the Year Chosen.

After a year of strenuous work and anxiety the executive of the West End Creche saw their labors crowned with success yesterday. Their fine new building at 199 Euclid avenue, was thrown open to the public and the annual meeting was held in the kindergarten room of the institution.

In the absence of the mayor, Mr. Beaufort presided, and reports were read showing a satisfactory condition with no financial deficit. It was explained, however, that this did not mean that the benefactions of friends were no longer necessary, but that owing to a change in the fiscal year, the reports were for nine months instead of twelve, and assistance will still be gratefully received. The new building will accommodate 100 children and is of the appearance and equipment. It cost \$22,116. There is still a mortgage of about \$5,000, for which provision is almost made.

During the year the house dealt with 10,443 children. At present there are 45 in the kindergarten, the infants being in charge of a nurse. Probationers are an innovation of the past year, two young girls now undergoing training in nursing and taking care of the little ones.

Rev. J. Russell McLean congratulated the ladies on their work of the year. He also made an appeal for their interest in a labor bureau. The one opened by the city the last year is termed a "register bureau" rather than the name it gave itself. Mothers, too, would be a solution of many of the present problems. According to the same speaker, there is not in Toronto a place to which a homeless mother may go to obtain a night's lodging. He cited a case where a mother and her two-year-old boy had found a shelter for the night, but she did not even know the name of her benefactors. This because there was no place known to which she might apply.

Congratulations were offered by Dr.

## Secrets of Health and Happiness

### Cities Should Maintain Free Diagnostic Clinics

By Dr. LEONARD KEENE HIRSCHBERG, A. B., M. A., M. D. (Johns Hopkins).

MR. SAMUEL JOHNSTON of Boston recently wrote to me, and one sentence stands out so forcibly in his excellent letter that I herewith repeat it: "What is needed is more diagnosis and decidedly less treatment." Mr. Johnston is right. If each city and village in every civilized land was equipped completely with the machinery for diagnosis, the treatment of many maladies would resolve itself simply into the removal of the causes.

DR. HIRSCHBERG

Those great physicians, the Mayo brothers of Rochester, Minn., have solved this problem. Theirs is the supreme court of diagnosis, unsurpassed and almost unequalled anywhere. Thousands of poor people and many rich ones, including physicians, journey to the great Mayo clinic for a diagnostic decision that is truthful and accurate.

Every method known to all the sciences, as they are discovered day by day, is used upon each applicant to determine precisely what ails him or her. No separate or individual part of the sufferer's anatomy escapes the vigilant and thorough search of this commission on diagnosis. The number and variety of tests used upon the saliva, the sputum, the breath, the cavities, the blood, the lymph, the spinal fluids, the kidney liquids, the blood corpuscles, the heart mechanism, the heart, lungs, liver, pressure of the blood, the tumors, growths and what not are too technical and too numerous to describe.

Suffice it here to say that no physician can be expected to hit the mark precisely in treating a malady until a correct diagnosis is made. No such diagnosis can be come at by feeling a pulse, looking at a tongue and listening to the narration of a victim's ills. A perfect diagnosis clinic, such as the Drs. Mayo have established, should be endowed in every large town in the world. Not less than half a hundred physicians, each with a distinct diagnostic function, should be compelled to apply a particular test to all applicants. In a small way, England and Germany have already carried this in to practice, and the Health Extension Institute of New York has it in view. The average doctor were by education able to make the thousand and one chemical, physical and serum tests upon his patients, he could not afford either the space, time or equipment necessary to make them. The upshot of this is that he makes as near a "guess" as he can, or makes the patient spend \$5 each for a Wasserman, a sputum, a kidney, a liver and a few other popular tests.

Dr. Hirschberg will answer questions for readers of this paper on medical, hygienic and sanitation subjects that are of general interest. He will not undertake to prescribe or offer advice for individual cases. Where the subject is not of general interest letters will be answered personally, if a stamped and addressed envelope is enclosed. Address all inquiries to Dr. L. K. Hirschberg, care this office.

Hastings and special mention made of the good fortune of the institution in having Miss MacLennan as its head nurse. At the close of the addresses votes of thanks were given the building and furnishings committees, and the physicians of the house. Tea was afterwards served, having been provided by Mrs. R. J. Christie. The new officers are: President, Mrs. George Barker; first vice-president, Mrs. E. F. Garron; second vice-president, Mrs. Walter Green; recording secretary, Mrs. E. Schoenberger; corresponding secretary, Mrs. Thompson; treasurer, Mrs. Campbell Reaves; convenor, Mrs. Blackie, Mrs. Douglas Young, Mrs. L. MacMurray.

DAMAGES FOR ASSAULT. At the civil assizes yesterday the jury awarded \$600 damages to Kate Lynch, who sued W. L. Borsh for \$500. The case is the outcome of an alleged assault upon Miss Lynch by the defendant on May 20, while she was employed in his house.

## Minds and Hearts, Like Ankles, Can Be Sprained

By Winifred Black

Copyright, 1914, by Newspaper Feature Service, Inc.

SHAW! What a nuisance it is to have a sprained ankle and how easy it is to get it sprained! You never think a thing about your ankles, either of them, unless it's wet and soppy and your skirts get in the way, or there's something the matter with your shoestring and it doesn't tie just right. I never knew really, for a positive fact, that I had an ankle at all, and now since I've sprained it I don't seem to have anything else.

Winifred Black

What a complicated thing life is as we live it today. I never realize it before, but now—why, one can't even get hold of the morning paper and glance at the headlines without going thru a regular series of manoeuvres. The paper is on the table in the living-room, and I am in my bedroom. It isn't more than a dozen steps away, but those dozen steps I must not take. England may have been taken by the Germans; France may have marched into Germany; Berlin may have been taken; a woman I know who ran away with another woman's husband may have committed suicide and written a letter to the papers telling what on earth she saw in the man to make her throw her life away on his account.

Dear me! will nobody ever come and hand me that paper?

**The Sprained Mind**  
I want a drink of water. How thirsty I do get, now that my ankle is sprained! B-r-r-r, the telephone; who can be it at this unearthly hour? I'll have to wait till somebody else tells me. What a nuisance it is, a sprained ankle. When this one gets well I'm going to take mighty good care to keep such things out of the family, after this.

Just a few little muscles pulled just a little bit out of the way, and all one's plans upset for days. If it was really broken now there'd be some sense in all this trouble, but—

Why, that is what's the matter with the man who never gets anything that he begins to do finished as it should be finished. He has a sprained mind; nothing serious the matter with it; no break in the brain, nothing that was born with him wrong, just a sprain, that's all. But how it does throw him out, with all his plans. Always just a little bit too slow, always just a hour or so behind the procession. I'm sorry for him, the man with the sprained mind, and after this I'll show I'm sorry, and not be impatient. He can't help it, if his mind is sprained.

**The Sprained Heart**  
A sprained heart is a bad thing to have in the family. I know a man with a sprained heart. He's a rich man, and instead of loving his money for the sake of the good times he can give people with it, he loves it because he thinks others are jealous of him, and that thought makes him happy.

I know a woman who's always been a pleasant woman. She always sympathizes with the wrong side. Let her alone and she'll pick out the biggest rascal in the world and love him just as hard as she can. Poor thing—she's suffering from a sprained heart. It must be hard to get over it. A good, clean break or a splintered fracture, there's something real about that. When a man is really crazy you are sorry for him and you lock him up and see that he can't hurt either himself or anyone else. When a woman is really bad you keep away from her, but the Almonds and the Pretzners, what an awkward time they do have hobbling thru life, with their sprained ankles and their sprained brains and their sprained hearts! Let's all have as much patience as we can with them.

## HOW YOUR WHITE HAIR MAY BE MADE BEAUTIFUL

By Lucrezia Bori

Prima Donna of the Metropolitan Opera Company, New York.

Special arrangements have been made with Senorita Lucrezia Bori, the famous prima donna soprano, who has created a wonderful impression in Europe and New York on account of her remarkable beauty and artistic attainment, to write for this paper a series of articles on beauty. There is probably no authority her equal in giving the newest and most approved methods of attaining and preserving "the divine right of woman."

Hair that is "yellow with age" is often yellow with neglect. Too many women, when their hair begins to turn grey, resign themselves to the declining years as if there was nothing to live for. Their habits become lazy and their appearance is careless.

The proof that older women with grey hair can be beautiful came to me at the Waldorf Hotel in New York, one noon last week. Two stately women—at least 55 years of age—made their way to a table near me. They moved easily, as if accustomed to daily exercises, and held their heads high. One wore a costume of champagne broadcloth, and the other a white wool suit. These light colors enhanced the soft texture of their unrinkled complexions and the waving strands of hair which they wore.

**Restoring White Hair.**  
I have never seen white hair more attractive. It was abundant, and glistened with health. There were no thin spots or yellow streaks which might have come from the use of hot curling irons, bleaches or borax wash-powders. In bad conditions of the scalp, a small white scale surrounds the hair tube and exudes a yellow matter which streaks the hair around it and makes it unsightly. Its color "blue" the streak to restore its color temporarily. One hair puts up a blinding solution for this purpose, but it is quite an easy matter to mix a strong solution of bluing yourself. Apply it to the discolored streak with a soft tooth brush, and allow it to dry on over night, then brush it out in the morning. Do not use the bluing solution just before curling the hair with a hot iron or it will stain the hair.

It is not only in romantic fiction stories that hair turns grey over night. Sudden fright has caused the phenomenon many times. Neuralgia and indigestion may also turn the hair white before its time.

**Two Helpful Recipes.**  
In some cases the hair may be restored to its natural color by using two ounces each of green tea and dried garden sage. Put the herbs in a covered pot with three quarts of boiling water. Let the mixture simmer until it is reduced to one quart, then strain and bottle. Apply freely to the scalp once or twice a week and let the preparation dry during a gentle massage.

Unless the color pigment cells are completely atrophied the following recipe will restore the color of the hair, stop it from falling out, and act as a tonic to its general health:  
Sulphate of iron ..... 1 dram  
Custume ..... 1/2 dram  
Tincture labarra ..... 1 ounce  
Extract of rosemary ..... 4 drams  
Extract of thyme ..... 4 drams  
Rectified spirits ..... 1 ounce  
Glycerin ..... 1 ounce  
Elder flower water ..... 1/2 pint  
Don't believe because you are becoming older in years that your hair has stopped growing. The cells which form the bulbs of the hair are continually pushing upward, and if you will help their action by massage and careful shampooing you can keep thick, glossy hair as long as you live. Apply this salve to the scalp once or twice a week, as it will help the growth of the hair:  
White vaseline ..... 3 ounces  
Castor oil (cold drawn) 1 1/2 ounces  
Gellec acid ..... 1 1/2 drams  
Oil of lavender ..... 30 drops  
And exercise every day of your life, for good general health is important in keeping the vitality of the hair from youth to old age.

**MISS R. NORRIS WINNER OF LACE HANDKERCHIEF.**  
She Was Lucky at Heather Chapter Bazaar—Women's Meetings.

Miss R. Norris of 6 Maple avenue was the winner of the point lace handkerchief at Mrs. Blackburn's booth at the Heather Chapter, L.O.E.E. bazaar. The women's guild of St. Thomas' Church is holding its annual sale on Wednesday, Nov. 11, in the parish house, and the proceeds will be donated for relief, both in and outside the parish.

The Lord Seaton Chapter, L.O.E.E., will give a musicale in St. Andrew's College on Saturday, Nov. 7. Tickets will be by invitation only.

Mrs. Cynthia Ward was the speaker at the "Y" W.C.T.U. meeting held to celebrate its second birthday. The branch is named after the speaker, whose address was on the practical work which the branch will do during the year.

**WAS NOT HEAD OF THE CAPEWELL HORSE NAIL CO.**  
Editor World: In the fifth column of page five on your issue of this morning, Oct. 23, there appeared an announcement of the arrest of H. Capewell. Your article described this man as being "the head of the Capewell Horse Nail Company, 54 Duke Street." This letter is to advise you that H. Capewell has not, and never had, any interest whatever in this company, the similarity of the names being merely a coincidence.

C. H. Fleming, Manager.

**PROVED AN ALIBI.**  
Clifford Curry, a youth of 17, who was charged in the sessions yesterday with having stolen a bicycle from the front of the Strand Theatre on September 17, was acquitted by Judge Coatsworth. Curry established an alibi.

**ACQUITTED OF MURDER CHARGE.**  
Canadian Press Despatch. EDMONTON, Alta., Oct. 23.—Thos. Gilber, Cook was found not guilty this afternoon of the murder of Wm. B. Crawford at Wainwright on May 14.

## WILL SEND PETTICOATS TO WOMEN HARVESTERS

Women's Committee, U. E. L., Plan Relief for Belgian Women—Kit Bags Begun.

At a meeting of the women's committee, United Empire Loyalists, in the Women's Art Association yesterday afternoon it was unanimously decided not to disband the recently formed Belgian relief committee, but to continue the work inspired by the eloquent appeal made by Madame Vandervelde. Accordingly work will immediately be undertaken in this connection and a special consignment of petticoats for the women at work in the fields rushed thru at the earliest date possible.

Mrs. Dignum presided at the meeting, which opened with a discussion of patriotic work to be undertaken by the U. E. L. women for the winter. Kit bags are being equipped by the committee, and a splendid start in the supply of knitted articles begun.

As a result of the meeting and lecture recently held in Massey Hall, nearly \$5000 has been realized for the Belgian relief fund, in acknowledgment of which a letter was read by Miss Merrill from Madame Vandervelde expressing her appreciation and gratitude.

Votes of thanks to the various persons and business concerns who contributed to the success of the meeting were moved and seconded by Mr. Fetherstonhaugh and Col. McQueen. A committee was appointed to consider Mr. Hollingsworth's offer to give a three-act play in Massey Hall, the proceeds of which will be devoted to the Belgian relief fund.

**PROPOSES COOK BOOK.**  
A plan to help the unemployed as being evolved by Mrs. E. J. Powell, who recently did such effective work in connection with the big patriotic concert in Massey Hall. The idea upon which Mrs. Powell is now working is that of a cook book, which will be published to the number of 25,000 and sold some time about December in a whirlwind campaign.

The proceeds will go altogether to assist those who are out of work owing to the special circumstances of the present time.

**A WOMAN'S MESSAGE TO WOMEN**  
If you are troubled with weak, tired feelings, headache, backache, bearing down sensations, bladder weakness, constipation, catarrhal conditions, pain in the sides regularly or irregularly, bloating or unnatural enlargements, sense of falling or misplacement of internal organs, nervousness, desire to cry, palpitation, hot flashes, dark rings under the eyes, or a loss of interest in life, I invite you to write and ask for my simple method of home treatment, with ten days' trial entirely free and postpaid, also references to Canadian ladies who gladly tell how they have regained health, strength, and happiness by this method. Write today. Address: Mrs. M. Summers, Box 65, Windsor, Ont.

**CHILDREN WAR PRISONERS.**  
KINGSTON, Ont., Oct. 23.—Two children are being held by the military authorities as prisoners of war. They are detained owing to the fact that their Austrian mother and father are under detention. The party were brought here from Sarria. The wife is the first woman prisoner of war made in this country. They were arrested while attempting to get across to the United States. What will be done with them is not yet known, as there is no accommodation for women prisoners at Fort Henry, where 235 men are detained. In the meantime they are being held at Tete-de-Pont Barracks.

It is not only in romantic fiction stories that hair turns grey over night. Sudden fright has caused the phenomenon many times. Neuralgia and indigestion may also turn the hair white before its time.

**Two Helpful Recipes.**  
In some cases the hair may be restored to its natural color by using two ounces each of green tea and dried garden sage. Put the herbs in a covered pot with three quarts of boiling water. Let the mixture simmer until it is reduced to one quart, then strain and bottle. Apply freely to the scalp once or twice a week and let the preparation dry during a gentle massage.

Unless the color pigment cells are completely atrophied the following recipe will restore the color of the hair, stop it from falling out, and act as a tonic to its general health:  
Sulphate of iron ..... 1 dram  
Custume ..... 1/2 dram  
Tincture labarra ..... 1 ounce  
Extract of rosemary ..... 4 drams  
Extract of thyme ..... 4 drams  
Rectified spirits ..... 1 ounce  
Glycerin ..... 1 ounce  
Elder flower water ..... 1/2 pint  
Don't believe because you are becoming older in years that your hair has stopped growing. The cells which form the bulbs of the hair are continually pushing upward, and if you will help their action by massage and careful shampooing you can keep thick, glossy hair as long as you live. Apply this salve to the scalp once or twice a week, as it will help the growth of the hair:  
White vaseline ..... 3 ounces  
Castor oil (cold drawn) 1 1/2 ounces  
Gellec acid ..... 1 1/2 drams  
Oil of lavender ..... 30 drops  
And exercise every day of your life, for good general health is important in keeping the vitality of the hair from youth to old age.

**WAS NOT HEAD OF THE CAPEWELL HORSE NAIL CO.**  
Editor World: In the fifth column of page five on your issue of this morning, Oct. 23, there appeared an announcement of the arrest of H. Capewell. Your article described this man as being "the head of the Capewell Horse Nail Company, 54 Duke Street." This letter is to advise you that H. Capewell has not, and never had, any interest whatever in this company, the similarity of the names being merely a coincidence.

Rifles and Cartridges. Whatever disparity there may be in men, there can be no question about the disparity in armament between the Germans and the allies.

We have been all amazed at the comparatively complete state of efficiency in which the British army and navy were found to be.

Not that we are not doing, as we have suggested, amazingly well, considering. But we must do better yet.

We are absolutely unprepared for any military operations. We still depend on the fleet in the North Sea, to which we contribute nothing, and to which quite recently many thought no additions were necessary.

We have volunteers and no guns. We have sharpshooters and no ammunition. All that we have in the way of war stores is required for the regular troops.

We do not say this in any alarmist or pessimistic mood, but merely to point out that the necessary measures to remedy the want should be taken without any delay and without any regard whatever for political exigencies.

These factories should be situated inland, and they should be under government control. There has been too much private profit in the manufacture of arms and ammunition for the good of the human race.

The Counsel of Despair. From our neighbor, The Globe, we call this gem of thought, which is well worthy of examination:

The system that will make men vote wisely has not been devised. Party nominations in some states have been put under governmental control, and the party votes officially in choosing its nominee.

The system that will make men vote wisely may not have been devised. But the primary issue is to secure for them the right to vote at all.

KRIS KRINGLE CALLED TO THE COLORS

and against whom nothing is urged even by Germany. But why is the hero of San Juan Hill, the terrible Teddy, the fearless, outspoken president, the indomitable Roosevelt, pussy-footing around in this way?

Yet The Globe says that reform is hopeless, that the people cannot or will not govern themselves no matter what system is adopted.

Party nominations in some states have been put under governmental control, and the party votes officially in choosing its nominee. But the same men are selected as would have been chosen in the old hole and corner method.

What The Globe is trying to say is that many men nominated for high office under the primary system, had previously held office under the convention system. That is quite likely, because the people incline to continue in office men with whose names they are familiar.

Why give workmen higher wages? They will have it all spent by the end of the month and be no better off anyhow.

Why attempt to forbid stock watering and other corporate abuses? The corporations will get the best of the people anyhow.

Why let the people choose their own officials? They will not improve upon those selected for them anyhow.

Roosevelt in Wrong. His friends and admirers must be alike puzzled and disappointed by the attitude of Theodore Roosevelt toward the present war.

but America would soon wither under the blight of military autocracy.

The World in the past has journeyed with the colonel in peace and amity. We commenced the way in which he do away with rebates and other abuses and submit to the competition of the Panama Canal.

He argues that there was a state of mind among the nations, a dread of one another, a nervous strain, as it were, which was bound to end in a general conflict, and, strangely enough, he argues that the United States should at once commence to arm herself and cultivate the state of nervous dread which he thinks brought on the war in Europe.

Whether Mr. Roosevelt's sympathies be with Germany or with England is quite unimportant, but we would naturally expect him to be on the side of democracy and liberty in a war which will largely determine whether the world is hereafter to be governed by the autocrats or by the people.

If Mr. Roosevelt is sacrificing his personal convictions and the best interests of his country to seize some trumpery advantage in a race for office we need consider him no further.

Healthy, Wrinkle-Free Skin Easy to Have

A dull, drab, muddy complexion, or an over-red, blotchy, pimply or freckled skin, can by a quite simple, harmless and inexpensive method, be changed to one of flower-like radiance and purity.

One ounce of common mercurized wax, sold by druggists generally, will remove the most unsightly complexion in from one to two weeks.

By its remarkable absorbent power, the withered, faded or discolored layer of skin underneath the granular, healthier skin underneath is gradually fluffed off in tiny, almost invisible particles.

This is done so gently there is no inconvenience, and no trace is left on the skin, except that of enhanced beauty.

The wax is smeared on like cold cream before retiring, and removed in the morning with warm water.

If the skin be wrinkled or sallow, a face bath made by dissolving 1 oz. powdered salolite in 2 1/2 pint witch hazel, will be found most effective.

Combining both astringent and tonic properties, this softens the skin and braces up its supporting muscles.

MRS. JAMES KYLE DIED AT AGE OF EIGHTY-THREE

Leaves Six Daughters and One Son—Lived Many Years in Toronto.

The death of Mrs. James Kyle at her residence, 194 D'Elsworth street, Toronto, was announced yesterday. She was one of the good women of Canada. Mrs. Kyle was a daughter of the late Samuel Clark of Churchill, County, Tyrone, Ireland, and was married to Mr. James Kyle of Creaduff, County Tyrone. They came to Canada in the 19's and located in Orangeville, where they lived for many years before coming to Toronto. Six daughters and one son survive: Robert James Kyle, Mrs. J. E. Braxley, Mrs. Irving E. Wood, Miss Marie Kyle and Miss Belle Kyle (all of Toronto), Mrs. W. M. Brand of Colorado and Mrs. R. Boelsterli, East Lee, Mass.

Mrs. Kyle was a member of the Anglican church, and in her early days led the choir at Killeter Parish Church. The minister at that time was the Rev. Mr. Alexander, who was later made Lord Bishop of Montreal. She was in her 84th year at the time of her death.

The British censor announces through the C. P. R. Telegraph and the Commercial Cable Company that effective Oct. 26 code addresses registered prior to July 1, 1914, may be used in cablegrams between Canada and all other British territory, including Egypt and also to Britain's allies, France, Belgium, Russia and Japan.

The advice also states that code signatures are not allowed.

LONDON'S CITY ENGINEER WANTS TO GO TO WAR

Canadian Press Despatch. LONDON, Oct. 23.—City engineer W. N. Ashplant, who has had several clashes with members of the city council of late, has offered his services for the second contingent. Mr. Ashplant is a South African veteran and a lieutenant in the 17th Fusiliers, this city.

Toronto Water Rates. Water takers are reminded to pay their water rates today, and to secure the 10 per cent. discount; payment must be made not later than Oct. 31. Water rates may be paid at branch banks throughout the city until Oct. 30, but as the last day of payment, the rates, falls on Saturday, payment of rates on that day must be made at the city hall, as the banks decline to accept them on a Saturday.

SHRINERS' THEATRE NIGHT.

The officers and patrol of Ramesses Temple, Mystic Shrine, will attend the performance of Thurston, the magician, at the Grand Opera House Monday night. Mr. Thurston is a member of the Temple of New York City, and has a large acquaintance among the Shriner in the different cities he visits during his tour each season. From all indications, he will receive a rousing welcome from the local Shrine.

## M'GILL TAKES TRACK HONORS

Defeating Varsity in Annual Championship Meet — Queen's a Poor Third.

MONTREAL, Oct. 23.—(Staff Special.)—Varsity went down to defeat at hands of McGill in the annual track championships, held at the M.A.A. track grounds this afternoon, by a score of 63 to 44, with Queens out of the fight for supremacy.

The events furnished a series of surprises. Varsity lost where they expected to gain, and vice versa. Gordon Clark was the last man in competition. He ran a well-judged race of 1 1/2 miles, and had enough left to repeat in the three miles, in which latter he annexed a new record, cutting down Dykes' record of 17:20 to 16:12-3/4. The finish of the three-mile was one of the most exciting ever seen in intercollegiate sport. Gensie challenged Clark in the last twenty yards. The latter responded and pulled away, winning by over four yards. McMullen, a Toronto freshman, was the next best man for the mile and while he annexed the broad jump without much trouble, and tied with McKeeough in the high, also he had been under the doctor's care a few hours previous to the meet.

Sanderson, another freshman, broke into the limelight by his win of the hurdles in the fast time of 17-3/4 seconds. He was an easy first, and should pull down a record next year. Walters did well in the weights, but he had formidable opposition. The last event of McGill, who took first in all three events, it was by a scant inch that Walters missed in the discus, when he made a mark of 113 feet 11 inches. McMullen's jump of 20 feet 3 inches in the broad jump was exceptionally good. Toronto went wrong in the sprints, and were forced to take second and third in the half and quarter.

MONTREAL, Oct. 23.—The feature of today's play at billiards was the improvement of the American game shown by Inman over his previous performances at this style, for, although Hoppe won 500 to 701, it required 31 innings to decide the match. Hoppe's high run was 71. Inman got 24 at high. Score: Hoppe—34, 19, 0, 22, 28, 8, 0, 27, 28, 0, 5, 18, 0, 20, 16, 13, 73, 46, 0, 12, 15, 13, 12, 8, 10, 5, 1, 1, 1, 7, 0, 2, 0, 4, 2, 3, 0, 7, 0, 5, 3, 0, 4, 1, 1. Average—Hoppe, 16.1; Inman, 5.4. ## WILL PLAY FINALS FRIDAY AT STADIUM

Parkdale and Technical Will Play Their Groups in High School League.

Everything is ready for the High School finals at Varsity stadium on Friday next. Group winners were decided yesterday with the final scheduled fixtures in both senior and junior sections. Parkdale defeated Humberdale 9 to 6 in a senior game, and are returned winners of the western division. Harbord turned up as junior winners of the western group, winning yesterday 12 to 1 over Oakwood.

Technical supplied both the senior and junior champions of the eastern group. The seniors defeated Jarvis 14 to 7 yesterday, and the juniors defeated Jarvis, 15 to 8. Riverdale defeated Commerce, 8 to 2, and Harbord downed Oakwood, 23 to 2, in the other senior fixtures. The results: Riverdale.....Senior.....2 Harbord.....23 Oakwood.....2 Parkdale.....9 Humberdale.....6 Technical.....14 Jarvis.....7 Harbord.....Junior.....7 Parkdale.....12 Oakwood.....1 Technical.....15 Humberdale.....0 Malvern.....3 Riverdale.....1 The High School Rugby League executive will meet at the city hall today to make final arrangements for the finals on Friday.

Varsity held a special practice last night in preparation for their championship game with T.R. & A.A. this afternoon at the stadium. "Red" McKensie was the only absentee. The big fellow is resting up a sprained knee, and will hardly play this afternoon. Leeming Carr is back in shape and will hold down a big back field job for the students. The Toronto will have Bill Wolfe and Matt Foster in harness. It looks like one of the best games of the season. The teams: Varsity—Flying wing, Gage; halves—Sheehy, Carr, Lindsay; quarter, Milne; scrummage, Horner, Gardner, O'Reilly; inside, Muller, Daniels, middleties, Cassella, Hughes; outside, Clarkson, Adair. T.R. & A.A.—Flying wing, McLeary; halves, Vivian, DeRuchey, Hoffmann; quarter, Hobbs; scrummage, Crawford, Richards, Hoare; inside, Smith, Lajoie; middleties, Foster, White; outside, Burkart, Moore. Referee—Dr. Wright, umpire—Frank Robbins.

Today's games will help considerably to clear the Rugby horizon. Argonauts will play practically the same team that trimmed the Tigers in Montreal, today. The experts claim that western teams are stronger than those in the east, and are back in shape to defeat Montreal. Look for Argonauts to win their best handsily. Argonauts are in their best form right now, and in their today will make them favorites of the championship. Tigers should defeat Ottawa in the capital, but the Rough Riders promise to present a much-changed line-up. In the Intercollegiate, McGill should swamp Queens on the score. It will be remembered that the Presbyterians upset the calculations last year. Ottawa St. Patricks will be beaten by a big score in Hamilton in the Ontario Union.

Saturday night is a big rugby night at the Balm Beach Club where the club will entertain the three rugby teams and their friends to a musical entertainment. An orchestra will be on hand and refreshments will be served. Arrangements are in charge of A. W. Fairweather, James J. Dolan, W. Connors, H. Dye, R. J. Orr, C. G. Bennett, C. King, H. Bates, J. Chisholm, F. B. Ross, H. C. Cote, H. A. Wickert, R. G. Ross, chairman.

Queens made their final change in lineup for the game with McGill today. McGill will play at Quarter. The lineup will be as follows: Flying wing—Gillhooley, Halvax—Hill, Hallett, Rowlands. Quarter—McQuay. Scrummage—Kennedy, McLeod, White. Inside wing—Pilgrim, Ellis. Middle wings—Frida, Burrell. Outside wings—Box, MacDonnell, Jack Haglet, president of the Intercollegiate Rugby Union, received word from the management of Varsity senior rugby team that it did not intend to play for men who were ineligible. The matter will be handed on to the rules commission for action. No protest is needed.

## MANAGER OF AUSTRALIAN CRICKETERS AGAIN HERE

R. M. Benjamin is with us again. He was here in 1913 with the Australian cricketers and comes back this time with the billiard stars, who play next week in Massey Hall. Mr. Benjamin was asked concerning the rumor that the Australian cricket team was in financial difficulties at the close of the tour, and he easily made it clear that there was nothing to warrant such a report. In fact the tour after the final game at Vancouver each of the 14 players received \$750, which was to recoup him for pocket money spent throughout the long trip. Besides, Mr. Benjamin, who is the best man on the team, had a little to his own credit after settling for all accounts, including transportation, hotels, buses and laundry. On returning to Australia about eight of the players of the team proved themselves capable of places on the board of Control's Test XI, and so well was that party pleased with the venture in the western hemisphere that it sponsored a similar tour to Canada, which is now being planned. There was a likelihood of another Australian team coming to Canada, but that will now be something to discuss in the dim future when the war is over.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, take of sediment or you are with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then set free.

The managing editor of one of the great dailies of the country wrote the publishers of Larned's History of the World as follows: "All that you claimed for this latest work of Mr. Larned's is more than justified. The work that has gone into these volumes must have been enormous. The condensation there shown is superb. I do not know any work hitherto brought out which begins to match this in comprehensive workmanship. "Anyone who will read these books will acquire such a survey and knowledge of human history as will make him an educated man. It is not often that I feel moved to express myself in terms so unstinted." This paper is one of a great newspaper syndicate distributing Larned's History at less than original cost to produce. Our readers have the exclusive privilege in this city. A \$12.00 Set, 5 Volumes, for \$1.98 By the same author as Larned's Famous "History for Ready Reference." Clip Coupon in Today's Paper

"Fruit-a-tives," by their wonderful action on all these organs, keeps the whole system as clean as Nature intended our bodies to be clean.

"Fruit-a-tives" tones up, invigorates, strengthens, purifies, cleans and gives pure, rich, clean blood that is, in truth, the stream of life.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

LEFT OF ALLIES NEARLY TURNED

Manoeuvre of Germans Was Defeated - Serious Cavalry Fighting.

Canadian Press Despatch. PARIS, Oct. 23.-The Havas News Agency has given out a despatch dated "before La Basse, in October," which says:

"The invaders, having first failed before Albert and Roye, and secondly before Arras, in their attempts to envelop the French left wing, are believed to have been more fortunate in the region of Bethune, Merville, Bailleul and Arras."

"For this reason, after pushing forward towards Hazebrouck (52 miles northwest of Lille) and Aire-on-the-Lys, they undertook on Oct. 14 an offensive. Following the River Lys, German cavalry crossed the river toward Arras and supported the right wing of the German army, which proceeded south and eastward with the evident intention of turning Bethune and seizing the railroads which the Germans believe have been used for supplying the left wing of the allies."

"We defeated this manoeuvre, and then occurred serious cavalry fighting which, owing to the nature of the terrain, left the issue confused."

TO INTERN 2000 GERMANS. Canadian Press Despatch. LONDON, Oct. 23.-A despatch to The Times from Rotterdam, dated Thursday, says: "Information from several quarters is that the effect of nearly 2000 Germans crossed into Dutch territory of Zealand today and that they will be conveyed to north Holland for internment."

THE TERRORS OF INDIGESTION

Disappear When the Blood is Made Rich, Red and Pure

The mistaken idea that laxatives or drastic purgatives provide a shortcut to the cure of indigestion is largely responsible for the prevalence of dyspepsia and other stomach disorders. Indigestion calls for more than a makeshift. Your stomach needs tone, it cannot absorb nourishment from the food you eat. To give new strength to your stomach so that it may perform the work of digestion without pain or distress, you must enrich the blood. This is the tonic method of strengthening weak stomachs. In cases of this kind Dr. Williams' Pink Pills for Pale People are the best medicine known. Every dose makes new, rich, blood, which not only strengthens the stomach but builds up every part of the body as well. Here is an illustration of what this medicine can do: Mrs. I. N. Brown, Downville, N.B., says: "For three years I was a sufferer from chronic indigestion. I was hungry all the time, yet could take very little food, and what I did take was followed by great distress and nausea. My sleep at night was broken, and I often had profuse night sweats. The suffocating feeling which often followed eating would cause my heart to palpitate violently. At times my hands and face would become the color of clay and I would be completely prostrated. I was under the care of a good doctor who finally told me the trouble was incurable and that the most I could hope for was temporary relief. I was in these straits when a friend advised me to try Dr. Williams' Pink Pills. I did so, and used the pills steadily for two months when I was again a well woman, and have since had no return of the trouble."

"You can get these pills for any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont."

BRITISH ARMEN REAL FOR ENEMY

Plenty of Them Are Willing to Invade German Territory.

LONDONERS WARNED

Must Be Prepared for Possibility of Raids From the Sky.

We have rather laughed at the idea that the German aviators would venture over London or even to the south coast. Now, however, the lighting of the city, already reduced to a minimum and generally denounced as an absurd measure, is still further curtailed. Even private houses must shut down all blinds and close the front doors. Dwellers in apartments are advised to keep main entrances closed and to draw their blinds. Recently the proprietor of a shop was fined \$25 for refusing to put out his lights as a policeman considered unnecessary.

People Are Warned. We know that the Kaiser has offered money prizes to aviators who succeed in dropping bombs in London. It is not surprising to learn that the general officer commanding the defenses at the Thames and Medway has issued the following warning:

"The public are warned that in the event of hostile aircraft coming into the neighborhood of these defenses there will be danger of gas being used from falling pieces of projectiles, from projectiles themselves, or from bombs dropped from aircraft. If firing is heard, people should at once take shelter. The safest places will be in lower rooms or cellars. Persons who seek to gratify their curiosity will do so at their own risk. Warning will be issued and the only notice will be the firing of guns."

British Airmen Ready. Assurance has been given by the public by the cabinet ministers that if German aviators appear over British air, they will not only attack, but will also attempt to destroy the Germans. Suggestion has been made that unless Germany ceases this method of warfare, which is contrary to all the precepts of modern civilization, England will make reprisals. We have plenty of airmen who are willing to invade German territory with bombs.

They have already done it at Cologne and Dusseldorf, but they have so far legitimately confined their bomb-dropping to the Zeppelin sheds and works.

LATEST NEWS FROM OTTAWA. Great interest has been aroused at the capital by the inauguration of a new night train between the city and Toronto. This enterprising step has been taken by the Canadian Northern Railway, which announces a daily service leaving Toronto Union Station at 11 p.m. and arriving at Ottawa Central Station 7.40 a.m. The return train leaves Ottawa 6.50 p.m. and arrives at Toronto 7.30 a.m.—hours best calculated to suit the convenience of all passengers. The equipment which has been specially installed for this service consists of electric-lighted standard sleeping cars and first-class coaches. Stops are only made at important intermediate points, so that punctuality and quiet runs should be assured.

With the present day train (daily except Sunday) a double service between Ottawa and Toronto is thus constituted, and the prospect of added competition causes much public satisfaction.

For reservations and further particulars, apply to City Ticket Office, 242 King Street East, Main 5179, or Union Station, Adet. 2488.

REFUGEES ARE MOVING BACK TOWARD CITIES

Antwerp and Other Belgian Centers Are Being Repopulated.

Canadian Press Despatch. ROTTERDAM, Oct. 23 (via London), 3 p.m.—The Belgian refugees passed through Rosendaal on Thursday for Antwerp and other Belgian cities. There still are 15,000 refugees here, but more than 3000 have left for Antwerp in the last three days. Nearly 40,000 refugees so far have passed through Rosendaal for Antwerp. Many of the cities, but some are returning savvier cities, it is unsafe in Antwerp. This has created a feeling of alarm among the homeless Belgians here, who are living in the schools, churches and other public buildings, and who are anxious to go to their home towns.

ONLY A FEW GERMANS REMAIN AT ANTWERP

Canadian Press Despatch. LONDON, Oct. 23.—A despatch from Rotterdam to The Star says: "The movement of the German troops westward from Antwerp has left only a few hundred men in the town. The last batch left yesterday morning, and the great majority were without guards. The German wounded from the front are being quartered at the zoo."

"The whole Belgian coast is now deserted by the population, the military being in sole possession."

AERIAL ATTACKS UPON WARSAW A FAILURE

Canadian Press Despatch. LONDON, Oct. 23.—A Petrograd despatch to Reuter's Telegram Company says: "The comparative ineffectiveness of aerial warfare was shown by German aviators missed railroad, telegraph and telephone stations and troops on the march. They only struck and destroyed the upper storeys of some private houses, while many fell quite harmlessly."

THEATRES

SAM BERNARD. Sam Bernard in "The Belle of Bond Street" will be the attraction at the Alexandra next week, beginning Monday night. Mr. Bernard comes here direct from a successful engagement in London at the Adelphi theatre, and the principal character has been "Marky" Hoggenheimer, the rich and good looking. The present version is the joint production of Messrs. Owen Hall and Howard Arteridge, Messrs. Adrian Ross and Claude Aveling and Messrs. Ivan Caryll and Lionel Monckton who composed the music. The production was staged by Jack Mason, and the gowns designed by Melville Bull. The chorus is a typical Bernard one with sprightly girls, tuneful chorus girls and haughty show girls, and the principals include Mollie King, Florence Nugent, Josephine Mildred, Elaine, Sammy Lee, Cyril Chadwick, Harold Crane, Jere McAniff, Lillian Hale and Charles Burrows.

NEPTUNE'S DAUGHTER. Annette Kellermann, the world's most famous woman swimmer and diver, the fortunate possessor of a superb figure, will be seen at the Princess Theatre in the new musical comedy picture, "Neptune's Daughter," in a marvelous motion picture, presented by the Universal Film Company of New York. Mill Kellermann, the greatest swimmer of the world, is being one of the greatest drawing stars of the day, will thus be put to the test in Toronto within a few days, and if critical Broadway may be accepted as a criterion, Miss Kellermann will pass the test with high honors.

THE HIPPODROME. The headline attraction at the Hippodrome next week will be the Seven Feathers Minstrels, in what is probably one of the best musical offerings ever seen at the Teraulay street playhouse. Webb and Burns, billed as the special feature, are character comedians. A pretentious posing spectacle will be presented by the De Leon Models De Luxe, a carload of special scenic investiture in required for this offering. Norwood and Hall comedians with some new stories and songs. Richard Milley and company will offer a comedy-drama and company will present a musical comedy. Among the aerial offerings will be a sensational orchestra and a series of photo plays complete the bill.

"THE GAYETY GIRLS." "The Beauty Doctors" is the title of a travesty which serves as a vehicle for Gus Fay and Harry K. Morton, those two of the hilarity has whom the bulk of which the "Gayety Girls" try to endear themselves among the patrons of the Theatre, where they will appear during the week commencing next Monday.

THE MANTELL IS COMING. The forthcoming engagement of Robert B. Mantell is scheduled for the Alexandra Theatre, Monday evening, Nov. 2. Mr. Mantell will bring with him his new production "The Phantom of the Opera," a tragedy, "King John."

OBSERVE GOLDEN WEDDING. CHATHAM, Ont., Oct. 23.—Mr. and Mrs. John Levi Piper of the 12th and 13th Concession Townships, celebrated their golden wedding. Mr. and Mrs. Piper were married at Dunville, but have lived most of their lives in Kent. Their family were all present at the gathering with the exception of one daughter, with the exception of the gathering there were 23 grandchildren and nine great grandchildren.

DEAN TO RETURN. KINGSTON, Oct. 23.—Dean Starr of St. George's Cathedral, who entered active service while in England, and who was asked to resign his charge or return to the cathedral, has notified Bishop Bidwell by cable that he will return to Kingston in January to resume his duties.

LOEW'S WINTER GARDEN. Marshall P. Wilder, the noted American artist, will be the attraction at the Loew's Winter Garden next week.

QUARTER OF COST TORONTO'S SHARE PRESS BEFORE BY WAR OFFICE

Board of Control Agrees to Terms of Hamilton Highway. Given Leave to "Write Up" Canadians, But Could Not Find Them.

REGISTRATION BUREAU TRIP TO SOUTHAMPTON

Will Furnish Toronto's Quota of Workmen - Works Committee Met. Nobody Surmised That Plymouth Would Be Point of Debarkation.

At a private meeting yesterday afternoon the board of control finished up the terms of the Toronto-Hamilton highway agreement, the principal clauses of which are:

That Toronto shall contribute 25 per cent. of the cost, or \$150,000. The city shall be responsible for 25 per cent. of the cost of maintenance for fifteen years.

The highways commission agrees to take for the city's share of construction the labor from the civic registration bureau.

It is understood the commission refused to agree to give Toronto 25 per cent. of the labor.

Need Every Cent. The works committee yesterday afternoon refused the request of the works commissioner embodied in his report that after provision has been made for liabilities any unrequired balance of the works appropriations be applied to meet appropriations unprovided for or over drafts which may be found to exist at the closing of accounts of the works department for the year.

The committee took the view that the financial condition warranted the city taking advantage of every unspent balance of appropriation on works.

A recommendation that ten cars of limestone rubble for crushing be purchased at \$1 per ton from John Benson, Ivanhoe, was also struck out on the ground that local tenders for this material do not at a time when they cannot allow for any unusually low price and should not be turned down on this occasion.

Passed Direct Extensions. The committee passed the Wilton avenue extension from its easterly terminus at Bolton avenue to Logan avenue, involving the construction of a subway under the C.T.R. tracks. With the same item were passed the widening and extension of Dickens avenue, Whitby avenue, Doel avenue and Applegrove avenue. The total cost of the improvements is estimated at \$822,000.

An application from the Harris Abattoir Company for permission to secure an outlet for their premises in the rear of the incinerator of the works department on Strachan avenue, formerly known as the cattle market annex, was referred to a sub-committee.

City Water for Swansea. Asking that the city supply the village of Swansea with water, D. Hutchinson and Harry Blears appeared before the committee, but no action will be taken until it is known how far advanced the matter of annexation of Swansea has progressed.

Ald. Robbins withdrew a motion to the effect that no more contracts be authorized by the department unless the contractor employ 90 per cent. English-speaking workmen when he was informed that the works commissioner was already entering upon a system which would give the naturalized foreign-born British subject preference over a foreigner.

The city council yesterday afternoon discussed in camera the plans of the proposed Municipal Loan Association, which proposes to raise a quarter of a million to be loaned out to small sum to responsible but needy citizens who themselves in difficulty during the present financial stringency.

EIGHT SENTENCES IN ASSIZE COURT TODAY

Ralph Trevor and Fred Ducker Among Those Who Will Appear.

Today is sentence day at the assizes, and Mr. Justice Britton will settle the cases of eight men who lie in jail convicted. Ralph Trevor pleaded guilty to a charge of assault yesterday and he will line up with the others.

MAY TRAVERSE CASE OF DR. TYRER TO NEXT ASSIZES.

Material Witness for the Defence is at the Front.

Counsel for the crown and Mr. Justice Britton will decide this morning whether they will permit the case of Dr. E. Roy Tyrer, who is charged with murder of Dorothy Leonard, to be traversed to the next assizes. Mr. T. C. Robinson, counsel for defence, urged that the absence of Dr. A. K. Hayward from the general Hospital staff, who has gone to Europe with the A.M.C., deprived the defence of a material witness. In the same connection a traverse was asked for Dr. Tyrer and Alexander McCordquay, who are charged with conspiracy to commit an abortion.

FOUR MORE CASES.

It is estimated that the costs of the trial of the C.P.R. conductors will total \$7000. There are four more cases to be heard. Birks and Edgar, against whom the sessions grand jury found true bills yesterday, will come before Judge Cotsworth on Monday. The grand jury will examine the evidence for the last case on that day also.

WILL APPEAL.

An appeal against the verdict of the assize court jury will be made by The Mail Printing Company. The publishers were defendants in a suit for libel brought by Mr. Bertram S. Jackey, and damages for plaintiff were \$5000.

LONDON, Oct. 23.—"The Canadian contingent has reached home waters." Three lines in the London papers caused more than one newspaper man to hasten to reach for a time table and look out the next train for Southampton. The night previous the official press bureau had issued a private intimation to the press concerning the arrival of the Canadians.

"The press may publish any details they think fit of their arrival, provided that they avoid mentioning any of the following matters."

Any then followed a dozen or so items which came within the prohibited degree.

"If all details of the kind above mentioned are excluded descriptive accounts of the arrival of the Canadian troops in this country and of their reception and training here will be welcomed."

Southampton looked rather sleepy in the autumn sun. Except for a fair number of men in khaki strolling about High street the inner part of the town gave little token of the great happenings on the other side of the few vital miles of sea water.

Straight to the embarkation office marched the men who would welcome the Canadians. He was a most courteous officer of high rank who received them. He had a strip of ribbon on his breast which spoke of active service in the field in times past, and a white badge on his arm which spoke of active service at the docks in times present.

Officer Innocent of Word. The worst of it was he was utterly innocent of any knowledge of Canadian troops. Innocent, that is, as far as communicating whatever knowledge he had to interviewers. He read the press bureau benediction upon descriptive reporting with interest, but it moved him not.

"This is a proscribed area" was the burden of his talk. Disconsolately the would-be welcome withdrew from the presence of the man with the white badge. Then followed a searching for tidings in the highways and byways of Southampton, which brought the conviction that Canadian troops can give points to Russians in the matter of elusiveness. At nightfall the scribes threw their gleanings into the common fund of news, and the Canadian contingent was in the examination ground at Sandown, Isle of Wight; had gone straight to Ostend; had landed at Liverpool; had landed at Bristol.

Feet Again. A majority plinned their faith on the Sandown story and acted accordingly. Troop ships by the dozen were lying off Exmouth as the packet passed, but a Canadian on their decks—not a sign. A motor car is the only reasonable means of locomotion in the Isle of Wight when time is of value. Right across the shoulder of the island motor cars are the welcome of the Canadians, passed Parkhurst barracks, where the 10th Royal Canadians were first quartered some fifty years ago, just after they had been raised in the Dominion; thru sleepy Newport and out on to Brading Downs; away in the distance Sandown Bay shines in the late afternoon sun. A brig and a few fishing boats are all that are upon the bosom of the bay. Hungry and weary comers gaze out upon the shimmering waters. Not a sign of those troop ships. Back to Southampton.

Keep Men in Waiting. The welcoming legion here by this time been reinforced by a strong additional draft from London. Copying the German method in the field, it is decided to make an attack in close formation upon the embarkation office. The man with the white badge is pretty well snowed under with the avalanche of visiting cards, but emerges from it with the usual British coolness and faces the attack which adopts the same old harassing tactics, chanting the litany of the proscribed area with monotonous persistence. Joffrey's job in turning the German flank is child's play compared with the task of welcoming the Canadians under war office conditions.

The days roll on and the welcome lingers at Southampton. One or two steal silently back to London, but a majority, British bulldogs to the core, set their faces, gloomily reflecting that they may have a hideous end, gibbering about Canadian troop ships and incessantly waving a paper before the eyes of imaginary officials. The paper is supposed to be a press bureau benediction on descriptive reporting.

THREE MONTHS IN JAIL FOR ERICH MUHLBURG

German Owner of Daggers and Revolver Sentenced Yesterday in Civil Court.

A fine of \$200 or an alternative of three months' imprisonment was imposed upon Erich Muhlborg, who was charged in the police court yesterday with having in his possession deadly weapons contrary to the proclamation of September 3rd, which gave aliens 10 days in which to deliver up all weapons in their possession. Daggers, revolvers, knuckle dusters and a dirk were found in his possession. He goes to jail.

THE BISHOP'S MOVEMENTS.

The Bishop of Toronto will be the preacher at the holy communion at the 11 a.m. service in St. Philip's Church, Spadina avenue, on Sunday, in connection with the harvest festival. In the evening he will preach the anniversary sermon in the Church of the Messiah, Avenue road, at 7 o'clock. On Monday the bishop will go to Brampton, where he will officiate and conduct "quiet hours" in connection with the conference of the Archdeaconry of Simcoe, to be held in that town on Monday and Tuesday.

BIG WAR CONTRACTS PLACED IN CANADA

Hon. Robert Rogers Conveys Good News to West - In Winnipeg.

WINNIPEG, Oct. 23.—Contracts aggregating many million dollars for war supplies for the allies have been placed in Canada, and other large expenditures in this direction among factories and other producers, are to be made by Great Britain, France and Russia in the near future. An era of activity in many manufacturing industries, surpassing anything ever known in Canada, is promised.

This information was conveyed to the west by Hon. Robert Rogers, who arrived in Winnipeg yesterday. Mr. Rogers said he was in the west in reference to grain bought by the government.

"Business conditions are improving all over the Dominion," observed the minister. "This is especially true among manufacturers' articles required by the armies of the allies, for the Ottawa government has been assured that all the supplies this country can offer will be utilized by the armies of England, France and Russia."

"The case of conspiracy to defraud, charged against Dr. Millicamp, Harry Symons, K.C. and Dr. T. C. Hughes will probably come before the assize court on Monday. Eric Armour consulted with Crown Counsel E. A. DuVernet in the court yesterday, and although the case was not made public it was understood that the defendant Union Life Company would stand trial on Monday. Pollman Evans, the other official indicted, is said to be fighting in the allied ranks.

POLLMAN EVANS THOUGHT TO BE IN THE RANKS

Three Directors of Union Life Will Probably Be Tried Monday.

Encouraging news from the front was received by Rev. Dr. Creighton yesterday in a letter from Rev. Owen T. Watkins, Wesleyan chaplain-general with the British forces.

## The Climax of Simpson's October Sale is this Half-Price Day in China and Cut Glass

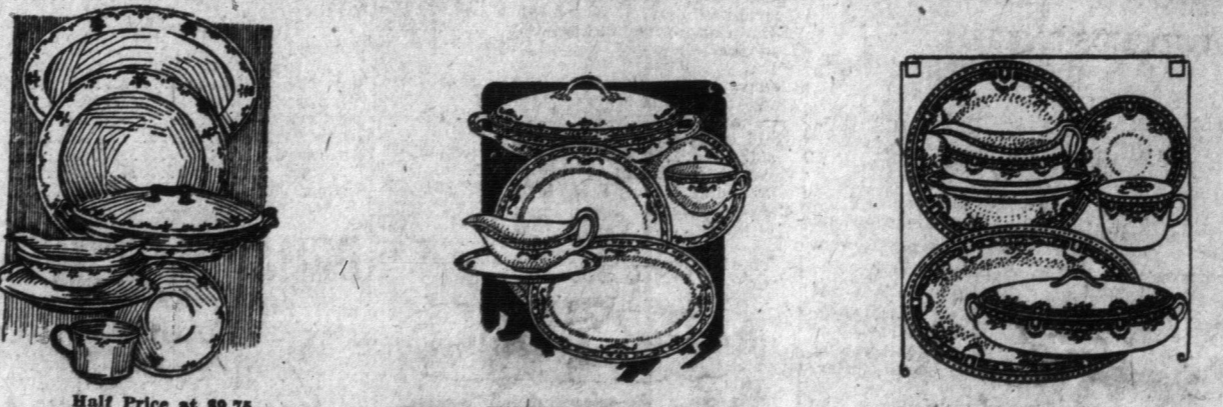

Here is the most sensational Chinaware offering of the year. 262 sets of Dinnerware, worth at regular prices a total of \$8,536.10, will be offered Monday at prices that will aggregate only \$4,267.94. ARE YOU READY TO TAKE YOUR SHARE OF THIS TREMENDOUS SAVING? When you consider that many of these sets cannot now be imported to sell even at regular prices, it will indicate what an important economy this is. And then the Cut Glass! Most of the blanks from which it is cut come from Belgium—it will be some time before they come again. And yet you can come here Monday and buy, for example, an eight-inch Berry Bowl for Three Dollars! This is the sort of thing it's worth hiding away for a Christmas present.

All on sale Monday, at 8.30 a.m. Our windows will tell the story in advance.
