CANADA LUMBERMAN

WEEKLY EDITION

The Lumberman Monthly Edition, 24 pages } \$1.00 PER YEAR { The Lumberman Weekly Edition, every Wednesday

THIS PAPER REACHES REGULARLY THE PRINCIPAL LUMBER MANUFACTURERS AND DEALERS THROUGHOUT CANADA, AND WHOLESALE BUYERS IN GREAT BRITAIN, THE UNITED STATES, AND OTHER FOREIGN MARKETS.

Vol. VIII.

TORONTO, ONT., JUNE 4, 1902

No. 18

CANADA LUMBERMAN

PUBLISHED BY
The G. H. Mortimer Publishing Co'g
of Toronto, Limited
Confederation Life Building - TORONTO.

Branch Office:

IMPERIAL BUILDING, MONTREAL.

Weekly Lumberman, published every Wednesday. Contains reliable and up-to-date market conditions and tendencies in the principal manufacturing districts and leading domestic and foreign wholesale markets. A weekly medium of information and communication between Canadian timber and lumber manufacturers and exporters and the purchasers of timber products at home and abroad.

Lumberman, Monthly. A 24-page journal, discussing fully and impartially subjects pertinent to the lumber and wood-working industries. Contains interviews with prominent members of the trade, and character sketches and portraits of leading lumbermen. Its special articles on technical and mechanical subjects are especially valuable to saw mill and planing mill men and manufacturers of lumber products.

LUMBERMAN'S

VEST-POCKET

INSPECTION BOOK

Containing Rules for the Inspection and Measuring of Pine and Hardwood Lumber in the leading markets of Canada and the United States. Embracing also many useful tables and calculations of everyday service to lumbermen.

Prepared by the Editor of the
Canada Lumberman."

Toronto, Canada

C. H. MORTIMER, Publisher
1895

THE above is a fac simile of the title page of the latest and most complete Lumber and Inspection Book published.

We shall be pleased to send you a copy on receipt of six 2 cent Canadian postage stamps

THE CANADA LUMBERMAN,
Toronto, Canada.

WANTED AND FOR SALE

Advertisements will be inserted in this department at the rate of 15 cents per line each insertion. When four or more consecutive insertions are ordered a discount of 25 per cent. will be allowed. This notice shows the width of the line and is set in Nonpareil type. 12 lines make one inch. Advertisements must be received not later than 4 o'clock p. m. on Tuesday to insure insertion in the current week's issue.

WANTED—A RAFT OF PINE LOGS ON Georgian Bay; apply at once to Box 20, CANADA LUMBERMAN.

WANTED TO BUY—CEDAR AND TAMARAC Dies. J. O. B. Brantford, 8 ft. x 6 in. x 7 in. face (first class). E. TODD, 131 Brant street, Brantford.

WANTED—SEVERAL FIRST-CLASS DUNBAR Shingle sawyers. Apply the Hastings Shingle Mfg. Co., Limited, Vancouver, B.C. See our ad in this paper about our new mill. Mill to be free from dust.

WANTED—HARDWOOD LUMBER, BIRCH, Soft Elm, White and Black Ash, in firsts and seconds, and common. We inspect at shipping point. STANDARD LUMBER CO., 1075 Clinton St., Buffalo, N. Y.

WANTED—LUMBERMAN'S BOOKKEEPER, one who understands grading, shipping and manufacturing of lumber, especially hardwoods. Address Box 16, this office.

WANTED—PRICE ON LARGE TRACT OF Balm of Gilead timber; must be near the waters of Lake Ontario and not too far from the mouth of the Niagara river, with waterway if possible; name price per acre; give exact situation, rail and water facilities. Address "W", Lewiston, N. Y., Box 51.

WANTED—HARDWOOD LUMBER. SOFT ELM, BIRCH, BLACK ASH, 1ST S and 2nds preferred. J. F. STRONG, 99 Ellicott Square, Buffalo, N. Y.

FOR SALE.

200 WHITE PINE TREES, FROM 10 TO 20 in. diam., 50 to 75 ft., at Middleport, Ont., near Grand River, and some oak. Apply to E. Todd, 131 Brant street, Brantford, Ont.

FOR SALE.

1,000,000 feet B. M. Round Hemlock. 300,000 feet H. M. Round Spruce. Ready to be sawn into any size and lengths. Shipment by rail or water. Address JAS. SHEPPARD & SON, Box 630, Sorel, Que.

Wanted—Cedar Shingles

16 INCH AND 18 INCH, ALL GRADES, good quality, White Cedar. Would purchase mill output. Give quantities both on hand and to be manufactured. J. G. STRAIT & SON, Wolcott, New York.

Cedar Shingles Wanted

WILL BUY FOR CASH ANY QUANTITY of good quality Cedar Shingles. I handle all grades and will advance 75 per cent. cash on receipt of bill of lading. Write or telegraph. IVERS P. LAWRENCE, Fitchburg, Mass.

FOR SALE.

THE ENTIRE CUT OF 100, OF SEVERAL mills on the Ottawa Valley of all number one white pine mill cuts, strips and sidings, 1 1/2 to 3" thick, and also other grades. Shipments by water or rail. Write for particulars and quotations to A. I. BURN ALLEN, Wholesale Lumber & Timber Room 507 Merchants Bank Bldg., Montreal. Also spruce lumber of all grades.

WANTED FOR A MILL IN BRITISH COLUMBIA, 1 Shingle Joliter, 1 Shingle Pack-er. Apply to G. O. Buchanan, Kaslo, B.C.

DRY PINE.

WE HAVE ABOUT 1,500,000 PFT DRY PINE in 1, 2 and 3 inch common and better, prefer selling in bulk. Will quote freight rate to Buffalo, Chicago or Toronto on application. Correspondence solicited N.B.—Would like to correspond with consumers of hardwoods. ST. JOE ISLAND LUMBER CO., Sault Ste. Marie, Ont.

Wanted—A Partner

COMPETENT OR SILENT, WITH \$5,000 OR \$2,000, to increase the business of a good saw mill on the sea shore, Gulf St. Lawrence. Good facilities for shipping. Plenty Spruce, Cedar and Hardwood. Address J. D'ARCE BEAULIEU, 183 St. Antoine Street, Montreal.

SPECIAL TO LUMBERMEN.

WITH A THOROUGHLY EQUIPPED PLANING MILL at Orillia, we solicit orders for re-sawing and planing of lumber, in any quantity, can match 20 inches wide; all work guaranteed first-class, prices on application. Address, NATIONAL BOX CO., Orillia, Ont.

TIMBER BERTH

Township of Chisholm,

SAW MILL AND SHINGLE MILL

BY PUBLIC AUCTION,

AT THE

Orillia House, Orillia, on

THURSDAY, JUNE 12, 1902

at 2 p. m.

The subscriber will offer for sale by Public Auction at the above time and place

Timber Berth, Township of Chisholm (Being 22 square miles.)

Together with Saw Mill, Shingle Mill, Buildings, Camp and Logging Outfit, Tools, Horses, about 650 Logs, Etc., as per inventory, which can be seen by applying to Mr. D. McRae, Powassan.

The whole of the above will be sold en bloc. TERMS—Half Cash, balance one year, with interest at Six per cent. on approved paper. For further particulars apply to the Chisholm Timber Limit Co., Hamilton, Ont., or to Wm. Hendrie, Jr., and J. J. C. Thomson, Proprietors. PETER RYAN, Toronto.

LARGE TIMBER LIMIT PURCHASE

Kilgour Shives, of Campbellton, N. B., is reported to have purchased from the Muskoka Lumber Company, of Toronto, all their Crown timber limits in the Provinces of Quebec and New Brunswick, amounting to about 100 square miles in Quebec and 470 square miles in New Brunswick. Mr. Shives formerly owned 387 square miles in these provinces, and this purchase makes him the largest holder of Crown lands in New Brunswick.

CURRENT TRADE CONDITIONS.

ONTARIO.

Varying opinions are expressed regarding the lumber market. Manufacturers are perfectly satisfied with the volume of business, while dealers frequently express some disappointment. Those who expected and depended upon a heavy local demand have not witnessed a realization of their anticipations, but it is probable that the activity in the lumber business for the past year led them to expect too much. In any case, retail dealers state that they could handle a larger volume of trade without increasing their facilities.

vast quantity of white pine that has been bought for export has placed manufacturers in a position somewhat independent of local trade so far as the better grades are concerned, but they must still look to the home market to consume a large proportion of the lower quality. Almost every pine manufacturer has sold all the lumber that he can manufacture within the next sixty days, and several have contracted for their entire output. So long as the demand from the United States continues in its present volume, there is not likely to be a perceptible weakening of prices. Dry hardwood stocks are low. The necessity of providing piling ground for the new cut has resulted in forced sales at lower prices in one or two cases, but the market generally is strong and likely to advance as the light production of this year becomes more generally recognized. Buyers are in the market for shingles of all kinds and those having a stock in shipping condition can realize very readily. Hemlock is being bought as vigorously as ever, in some cases as a substitute for white pine.

QUEBEC AND NEW BRUNSWICK.

The improvement in the demand for spruce lumber has been encouraging to manufacturer and shippers. It has been difficult to convince buyers in Great Britain that the quantity of stock available for that market this year will be comparatively small, but the recent advance in prices seems to indicate a recognition, at last, of the conditions existing in the eastern provinces. The log supply is still uncertain. One week ago it was reported that 30,000,000 feet of logs were hung up on the St. John river. Since that time some rain has fallen, which has improved the prospects of getting the logs to the mills, but even if the log supply is sufficient for a full season's operations, there will not be an abnormal quantity manufactured for the British market, as the Eastern States is taking spruce clapboards and other lumber very freely,

and considerable shipments are being made to the West Indies, South America and other countries. Manufacturers report many inquiries for stock and expect to have no difficulty in disposing of their output. Waney pine timber is strong. Sales have been made at Quebec at 56 cents per cubic foot for best quality.

MANITOBA AND BRITISH COLUMBIA.

Lumber is moving quite actively throughout Manitoba and the North-West Territories. The excellent crop prospects are an incentive to dealers to increase their stocks in anticipation of a heavy fall trade. The tendency of prices is upwards. The mills in British Columbia continue busy, and are behind with orders for local and eastern account. Export business, however, shows no improvement over last year. The prices now quoted for B. C. shingles delivered in Ontario are as follows: XXX, 6 to 2", \$2.90; XXXX, 6 to 2 3-16", \$3.05; XXXXX, 5 to 2", \$3.30; No. 2 shingles, 6 to 2" and 6 to 2 3-16", \$2.40; No. 2, 5 to 2", \$2.55.

UNITED STATES.

The demand for lumber during the past week has been a little slow, partly on account of the strike of coal miners. Prices, however, have been easily sustained, as there has been the usual amount of buying by wholesale houses. It is this buying rather than the actual retail trade that is sustaining prices. The time is near at hand for prices to yield as the result of the marketing of new stock, but as yet there are no indications of any price recessions in white pine unless it might be in ordinary short piece stuff. The purchase is reported of a large quantity of Norway log run at \$15 at Duluth. This is a high price and in line with recent sales. The buying of manufacturers and railroad companies was a feature of the month of May. The outlook for crops is good, and railroads are preparing for heavy traffic during the summer and fall months. Several railroads will materially increase their rolling stock.

Spruce clapboards are readily marketable, and while the fancy prices now being paid may stimulate production, the present scarcity cannot be relieved for some time. Spruce lath meets with a quick sale, the price at Boston being \$3.25 for 1 3/8 inch. Extra cedar shingles are selling between \$3.50 and \$3.60, with the more important manufacturers holding for the latter price. Shingles are moving steadily. At Buffalo best white pine brings about \$4.15, but it is impossible for dealers to secure a steady supply. In the Saginaw valley XXXX pine shingles are held at \$4 and clear butts at \$3 for 18 inch. For 16 inch \$3.05 is quoted for "A" and \$2.45 for clear butt stocks. White cedar shingles are in active request there at \$3.90 for 18 inch. Birch leads the hardwoods in point of demand, followed by ash, basswood and elm. There has been no change in prices, as small mills have placed considerable stock on the market at prices below the actual ruling quotations. As stocks are not large, there is likely to be an improvement in the near future.

GREAT BRITAIN.

The declaration of peace is expected to have an important and reassuring effect upon the timber market. There is much speculation as to the volume of shipments that will be made to South Africa, but the consensus of opinion seems to be that a brisk revival of trade cannot be expected for a year or two. Nevertheless, there will doubtless be some immediate

improvement in business, as it is known that several orders were placed for execution upon the termination of the war. It is thought the cessation of the war will materially assist in bringing about higher prices. The first arrivals from the St. Lawrence are reported to have met with a ready demand, as the stock of the standard sizes of pine and spruce deals had become limited. First quality pine is particularly wanted, as the stock in the yards is practically nil. The prospects for spruce are good. Importers are meeting the shippers more willingly and apparently do not expect that lower prices will rule this season. A report from Dublin says: "The first steamer from the St. Lawrence has arrived, and the various consignments of deals will find a good market, as all the stocks of second and third quality Quebec spruce, 12 feet x 9x3 inches, have been cleared long since. Good waney pine timber is scarce and prices are high. It is said to be impossible to buy any quantity of first grade".

STOCKS AND PRICES.

The mill of W. Burgess at Grand Falls, N.B., will likely cut about 8,000,000 feet of lumber this year.

The steamer Manchester Shipper is about to load a cargo of deals at Halifax, N.S., for a French port.

Last week 2,500,000 feet of logs on skids near Sudbury, Ont., and valued at \$10.50 a thousand, were destroyed by fire.

At Manistee, Mich., green hemlock piece stuff, 10 to 16 feet, is being sold at \$9.50 and the 18-foot lengths at \$12. Pine stuff is selling at \$14.

The Saginaw Lumber & Salt Company have just finished shipping by rail from Georgian Bay to Quebec 140,000 cubic feet of square timber, for export trade.

Chicago dealers are paying from \$13 to \$14 for No. 1 short dry hemlock delivered by rail, and from \$11 to \$11.50 for No. 2 hemlock. Piece stuff is quoted at \$15 by rail.

The steamer Scarp is loading a cargo of deals at Montreal for the United Kingdom. The steamer Fashoda is about to load timber and deals at Montreal for the same destination.

The steamer Huntcliffe sailed from Montreal last week for London with a cargo of timber and deals. The steamer Forest Brook also sailed for London with deals only.

It is reported that Andrew Haslam, of Nanaimo, B. C., has been awarded the contract to furnish 1,000,000 feet of lumber for the building of a saw mill at Vancouver for T. Ludgate.

A report received last week stated that by the breaking of the boom at Grandes Piles, St. Maurice river, 300,000 logs are on their way to the St. Lawrence river. The water is so high at Three Rivers that the logs are in great danger.

A large raft of hemlock logs for Toner & Gregory reached Collingwood last week. The second raft of the season for the Charlton Saw Mill Company, of Collingwood, has also arrived. It contained about 2,000,000 feet and was made at Little Current.

The agreement of the Washington manufacturers to shut down the red cedar shingle mills is the most generally observed of any movement the western shingle men have made. The manufacturers are quoted as being determined to keep the shingle market up, for they

cannot see a living in lower prices while logs cost as much as at present. If necessary, they say they will extend the period for remaining inactive until the market is sure of being steady.

Henry Atkinson, of Etchemin, Que., who last winter got out a very choice lot of spruce logs (about 7 1/2 million feet) on the upper reaches of the St. John river, has been successful in delivering same inside the corporation limits. This is good work considering the small quantity of rain there has been to assist the drives.

The Edward S. Hartwell Lumber Company, of Chicago, have established Canadian headquarters at Parry Sound, Ont. They have recently purchased the cut of logs of Ferguson & McFadden, of Sudbury, Ont., amounting to about 15,000,000 feet, and have contracted for the cut of the Conger Lumber Company, of Parry Sound. Of the latter cut the bulk will be shipped to eastern points. About 30 per cent. will be shipped to Chicago, consisting mostly of 4, 5 and 6-inch strips.

LUMBERING IN THE MARITIME PROVINCES.

The following estimate has been made of last winter's lumbering operations in the Maritime Provinces:

NEW BRUNSWICK.

In New Brunswick the cut of logs the past winter is estimated at 450,000,000 feet, of which 400,000,000 are saw logs and 50,000,000 pulp wood. On the Upper St. John the provincial lumbering operations are as follows: H. Atkinson, 5,000,000; Kilburn, old and new, 9,000,000; Flavius Chinouard, 2,250,000; Holmes Morrison, old and new, 2,800,000; Oliver Gurrett, old and new, 1,500,000; Gilbert Gurrett, 250,000; Fraser & Lowe, 1,000,000; Thos. Clair, 3,000,000; Purvis & Murchie, 3,000,000; R. A. Estey, 2,000,000; Hale & Murchie Mfg. Co., 12,000,000; Baird, 1,500,000; Hilyard Bros., 4,000,000; Randolph & Baker, 4,000,000; James Scotts, 4,000,000; D. Fraser & Lowe, 4,000,000; John Morse, 2,000,000; St. John River bank logs, 2,000,000; hemlock for Esty, 4,000,000; and to the above add 23,000,000 old logs on St. John River.

The past winter the Miramichi was the scene of very extensive operations and the cut aggregates 125,000,000 feet. The Snowball Lumber Company at Chatham are extensive operators and their cut reaches a large figure. Wm. Richards & Company, of Chatham, are also extensive, operators in the woods as well as manufacturers, and Ernest Hutchinson, of Douglasstown, is also a large lumber operator. Allan Ritchie, at Newcastle, manufactures about 10,000,000 feet annually. Burchill & Sons manufacture about 10,000,000 feet at Nelson. On the Richibucto lumbering operations have been light, but on the Restigouche a fair amount has been secured.

The Tracadie Lumber Company, on the Tracadie river, Gloucester county, cut the past winter about 10,000,000 feet, largely pine.

NOVA SCOTIA.

The cut in Nova Scotia last winter aggregated about 365,000,000 feet, of

which 300,000,000 are saw logs, 50,000,000 pulpwood and 25,000,000 piling. The most extensive operator is Alfred Dickie, of Lower Steviacke. His operations will be slightly less than last year, but will amount to about 50,000,000 feet in all.

The Dominion Lumber Company, successors to Young Brothers, cut the past winter about 10,000,000 feet of logs in the vicinity of Margaret's Bay, twenty-five miles from Halifax. The Shulee Lumber Company carry on an extensive business and cut about 10,000,000 feet. The Newville Lumber Company, in Cumberland County, cut about 6,000,000. The Nova Scotia Lumber Company carried on extensive operations on St. Mary's River, Guysboro County. Mr. McMullen, on the St. Croix River near Windsor, will manufacture in the vicinity of 50,000,000. Below is appended a list of the operations in the western part of Cumberland county: B. B. Barnhill, Two Rivers, 1,000,000 superficial ft. spruce logs, 7,000 piling; Newton Pugsley, River Hebert, 2,500,000; Kelley Brothers, River Hebert, 2,500,000; Rufus Chester, River Hebert, 500,000 s. ft. spruce logs, 1,000 piling; R. A. E. Chester, Two Rivers, 500,000 s. ft., spruce logs, 1,000 piling; Prescott, Gillespie & Co., Shulee, 3,000,000 s. ft. spruce logs, 6,000 piling; Shulee Lumber Co., Shulee, 8,000 piling; E. I. White & Sons, Sand River, 600,000 s. ft., spruce logs, 20,000 piling; C. T. White, Apple River, 2,000,000 s. ft. spruce logs, 18,000 piling; John Leslie, Apple River, 3,000 piling.

LARGE TIMBER DEAL.

The Newville Lumber Company, of Newville, N.S., are reported to have sold their steam saw mill and other property at that place, as well as their timber lands, to Percy E. Spencer, of Spencer's Island, and J. W. Kirkpatrick, of Dilligent River. The price is said to be in the neighborhood of \$60,000.

DOORS AND MOULDINGS.

A large buyer of Canadian white pine doors and mouldings is open to contract with a mill for their entire output of No. 3 and 4 qualities of doors and all their mouldings during 1902. Write in first instance to Empire, CANADA LUMBERMAN.

TO THE LUMBER TRADE

Our mill No. 2, erected for the purpose of manufacturing special bill timber, is fast nearing completion. After June 15th we will be in a position to furnish special bills in White Pine, Red Pine or Fir, in any length up to sixty feet. Specialties: White Pine Ship Timber and Decking, Bridge and Car Timber.

Send us your inquiries.

BRITISH COLUMBIA SHINGLES.

Editor CANADA LUMBERMAN:

DEAR SIR:—Referring to your issue of the "CANADA LUMBERMAN" of June, would say that on page 7 in the article on Shingle Conditions in British Columbia, in the paragraph near the end of the article, the following statement is made:

"Notwithstanding the increased cost of lumber, prices on red cedar shingles are 15c. per thousand lower in Ontario than they were last year."

I beg to call your attention to the fact that while B. C. shingles were 15c. lower at the beginning of this season than they were at the close of last season, the price was, on April 1st, advanced to \$2.90, which is the highest price they were sold at last year, and they are at present 15c. higher than they were for the corresponding month last year.

Yours truly,
ONE INTERESTED.

BRITISH COLUMBIA CONDITIONS.

There is still a great scarcity of logs in British Columbia, both cedar and fir, and although there are numerous booms on their way from up the coast, the mills will not be adequately supplied. Mr. McNair, the biggest operator at Vancouver, is said to have offered \$11 a thousand for logs.

A point in connection with the taking of timber limits which is unique in the history of the province has just been raised and has been referred to the Commissioner of Lands and Works for a decision. A man operating under a hand loggers' license on the coast recently found that the limits on which he was working had been staked by another party and an application for the right to cut timber on the lands forwarded to the Department of Lands and Works at Victoria. The hand logger says that for the past seven years he has been operating under a hand loggers' license. Such a license allows the holder to move his camp from time to time, as circumstances dictate, and the license holder has not been required to stake the limits on which he has worked. The question now raised by the hand logger is whether any person has the legal right to stake upon the land which he is working under his license.

Special permits that have been granted to cut and carry away timber on Crown lands of the province have a new condition added to them. The latest permits issued contain a clause reading as follows: "This permit is granted on the special condition that no Chinese or Japanese shall be employed in working the said limits mentioned in this permit." All permits are issued from Victoria, the capital of British Columbia, but applications are received through the Vancouver office. For the past month permits arriving from Victoria have included this ominous clause. The principal effect of the new condition will be that permits taken out from now on will prevent Japanese and Chinese working in shingle bolt camps. This will be another serious set-back for the shingle mills, who are compelled to employ Japs owing to the scarcity of white labor.

HARDWOODS IN GREAT BRITAIN.

Canadian hardwoods brought the following prices at an auction sale held by Foy, Morgan & Company, London, England, on May 14th:

BIRCH TIMBER — Ex. Lyuedale, from Quebec—18 1/4 x 21 in., 10-14 ft. in lengths, 70s. per load of 50 cubic feet.

ASH TIMBER — Ex. Bostonian, from Quebec—13 1/4 x 17 in., 12-19 ft., 52s. 6d. per load.

BIRCH PLANKS — Ex. Hurono, from Quebec—7-13 ft. 4 x 7-16 in. first-class,

Among the charters reported are the following: Steamer Shellagsam, St. John, N. B., to w. c. England, deals, 37s 6d; Steamer Powhatan, St. John to Liverpool, 36s 3d; str. Veritans, St. John to U. K., deals, 37s 6d, June loading; str. Hackney, 2,600 tons, St. John to w. c. England, deals, 35s, June.

The Ottawa Lumber Company announce that, owing to increased trade necessitating larger office accommodation, they have purchased the large cut stone building at 141 Rideau street and have converted it into modern offices and show rooms. They will carry at their head offices full samples of the different lines of dressed lumber, hardwood flooring, imported hardwood veneers, etc.

SPICER SHINGLE MILL CO., LIMITED

MANUFACTURERS OF

Red . . Cedar Shingles

VANCOUVER, B. C.

Another Little Mill

There will be over a million feet of sawn lumber used in this one plant for construction only; over 30,000 lin. feet of piling, besides rock foundations; two car-loads of shingle machines only; over 7 miles steam pipe 1 1-2 inch and up in diameter. A summary of all the material that will be used in the construction of this plant shows that there will be over 320 car-loads, or 21 trains of 15 car-loads each.

With all our past experience in the shingle business, of which we make a specialty, and with all the latest and best improvements in machinery and mill construction, we expect it to be the most complete and up-to-date mill in North America, where shingles can be made better than in the ordinary mill.

The above plant will be in operation about the first of June, and although this mill will have a daily (24 hours) capacity of 1,250,000 shingles, the dealers and consumers need not be afraid of any particular surplus, but can rest assured that there will be one firm on the coast manufacturing red cedar shingles from whom they can get their wants supplied in a hurry with that old reliable "Hastings Brand" so much talked about.

CUSTOMERS' ATTENTION. — Please take notice that on the 1st day of January, 1902, all arrangements with the Pacific Coast Lumber Co. of New Westminster, B. C., for the handling of any of our shingles ended. Until further notice our authorized general agents will be Mr. Jas. Twitchell, Clinton, Ont., for Ontario, and Mr. Samuel Ashfield, of Winnipeg, Man., for Manitoba and the North-West; therefore, orders for straight or mixed cars sent through the above agents or direct to us will have equally prompt and careful attention.

Shingle Mill, Hastings, B.C.; Lumber and Shingle Mill, Vancouver, B.C.; Shingle Mill, New Whatcom, Wash.; Shingle Mill, Sumas, Wash.; Shingle Mill, Carroll Siding, Wash.

The Hastings Shingle Mfg. Co., Limited
 Office, 450 Westminster Ave., Vancouver, B.C.
