ALLISON MAKES HIS APPEARANCE AT THE CAPITAL

Ottawa Counsel and New York Doctor Provide Strong Bodyguard.

INTERVIEWS REFUSED

Colonel Will Appear First Before the Davidson Commission.

By a Staff Reporter.

OTTAWA, April 24.—Col. John Wesley Allison is in Ottawa with a bodyguard, consisting of G. F. Henderson, his Ottawa counsel, and Dr. Van Allen of New York. He sauntered into the Chateau Laurier at 5 o'clock this afternoon, wrote his name on the register, went directly to his room, and has been closeted with his lawyers practically every since.

Only a batch of newspapermen and a few politicians, who had remained in the capital over Easter, recognized Allison, who walked with just a hint of uneasiness and leaned rather heavily upon the desk as he registered.

Dr. Van Allen, who, according to The New York Herald, is a close personal friend of Allison, did not impress the casual observer as being in a critical condition.

Colonel Will Guarded. Lawyer Henderson declined to let the reporters get near his celebrated client. "Col. Allison is a very sick man," he remonstrated, "and is very tired from his journey. Besides, I am anxious to discuss matters in connection with the coming investigation with him, and I would very much prefer that he say nothing for publication just now."

Allison had been expected in Ottawa early this afternoon, but a release suffered at Prescott last night delayed his arrival. It is probable that Col. Allison will not appear before the royal commission for some days, but will go on the stand before the Davidson commission to clear up some hazy points in connection with the sale of Colt pistols to the government. Allison is also wanted before the public accounts committee. He was subpoenaed by this body as far back as February 23.

Subpoena Went Wrong. Allison, in a recent interview, avowed that the subpoena never been served upon him, which explained his failure to appear in Ottawa sooner. On the other hand the postmaster at Morrisburg states that the subpoena in question was delivered to Allison's agent, Dan Daly, on February 24.

It is understood that the first witness to appear before the royal commission will be J. W. Flavelle, chairman of the imperial munition board. His appearance on the stand will probably be for the sole purpose of identifying certain papers and documents affecting matters under investigation.

SOUTH AMERICA SEEMS TO LIKE THAT U.S. NOTE

Newspapers Continue to Indulge in Panegyrics on Wilson's Policy.

RIO JANEIRO, April 24.—The press continues to show approval of President Wilson's course with respect to Germany. O. Pais says that the solidarity of the new continent is such that should occasion arise all the American governments would support it without reserve, the action of President Wilson. A Notice declares that all indications point to the evolution of the neutrals toward war. It adds: "It is impossible to think that the United States will back down."

TEUTON FORCES AROUND SALONKI ARE REDUCED

This Front Weakened Greatly Because of Big Operations Elsewhere.

PARIS, April 24.—The German forces around Salonki were greatly reduced during March owing to the operations at Verdun and on the Russian front, according to a Bucharest despatch to the Havas Agency. There remain only two German divisions defending the Vardar gorges. The Bulgars number 25,000 men, and there is a small unit of Austrian infantry, with Austrian artillery.

GERMANY'S REPLY TO BE DEFERRED?

Imperial Chancellor Apparently Desires to Confer Again With Kaiser.

SUMMONS TO GERARD

U. S. Ambassador Had Long Talk With Von Bethmann-Hollweg.

BERLIN, April 24, 12.30 a.m., via London, 10.02 p.m.—The American ambassador was called by telephone to the imperial chancellery's palace this morning. He went immediately and the conference with Dr. von Bethmann-Hollweg lasted an hour and ten minutes. When he came from the conference, Ambassador Gerard declined to give any information as to the nature of the discussion, and would not answer a question as to whether anyone else was present.

It is understood that the German reply to the American note will not be delivered before the imperial chancellery has another opportunity of conferring with the emperor. Dr. von Bethmann-Hollweg devoted the afternoon to conferences on the submarine question with Admiral von Holtzendorf, chief of the admiralty staff. Several of the higher diplomatic officials participated.

TWO FACTIONS IN BERLIN ARE BATTLING HARD

Strong Influences at Work to Prevent Break With the United States.

WASHINGTON BRIGHTER

Hope Grows That Germany Will Accede to Latest Demand.

WASHINGTON, April 24.—Indications that powerful influences in German politics are opposed to any action by the Berlin Government which might lead to the severance of diplomatic relations with the U. S. are understood to be contained in confidential despatches received today by the state department from Ambassador Gerard. Socialists and Labor leaders are represented as being particularly adverse to any such move.

Other despatches from Mr. Gerard were said to contain strong intimations that the Berlin Government would make some concessions to the U. S. in reply to the note demanding the immediate abandonment of present methods of submarine warfare. It still is uncertain, however, whether the concessions will be sufficiently broad in their scope to meet the American demands.

Officials allowed it to become known that Mr. Gerard's despatches indicated that Germany would go to great lengths to preserve friendly relations with the U. S. Mr. Gerard is understood to have gained his views during conversations with Berlin officials, including Foreign Minister von Jagow.

His despatches are said to emphasize the difficulties by which the German government is confronted in endeavoring to find a way to meet the demands of the U. S. without arousing the elemental German insistence upon a relentless submarine warfare against the shipping of the entente allies.

The state department tonight was awaiting a despatch from Mr. Gerard reporting the results of a lengthy conference today with Dr. von Bethmann-Hollweg, German chancellor. Press despatches announcing that the conferences had been held were closely read. Particular interest was taken in that part of the reports which indicated that the reply to the American note would not be made until the chancellor has had another opportunity to confer with the emperor.

The fact that Mr. Gerard's conference with the chancellor lasted more than an hour was regarded as being a hopeful sign. It is pointed out that if the German Government was disposed not to meet the American demands, it was improbable there would be discussion of such length. A report from Mr. Gerard is expected tomorrow.

All of Mr. Gerard's despatches received since the present situation arose, are held by administration officials to be of high confidential nature. Consequently only a general knowledge of their contents is obtainable.

Two German Submarines Avoided Usual Procedure in Berkelstroom's Case.

LONDON, April 25, 2.40 a.m.—The Dutch steamer, Berkelstroom, bound from Amsterdam with a general cargo, was sunk Sunday by two German submarines. The crew was given 15 minutes to leave the ship and the submarines then shelled it with their guns for four hours. The captain and crew of 22 men were picked up.

The Berkelstroom was a small vessel of 700 tons. She was built in 1915 and was owned in Amsterdam. The destination of the steamer was not given in the above despatch.

LINCOLN'S CASE BEFORE SUPREME COURT OF U.S.

His Attorneys Contend Extradition is Sought for Political Offence.

WASHINGTON, April 24.—The supreme court, after listening to oral arguments today, took under consideration the question of whether Ignatius Lincoln shall be returned to England from New York to answer to a charge of forgery. Attorneys for Lincoln are fighting extradition on the ground that it is sought to extradite Lincoln for a political offence. They also urge that even if he were to be tried for forgery, his announcement some time ago that he would reveal certain experiences as a German spy would result in his being given no further punishment.

U. S. STEAMER SEARCHED BY AUSTRALIAN CRUISER

Chalmette Stopped by Sydney on Her Way to Havana.

HAVANA, April 24.—The United States steamer Chalmette, from New Orleans, reports that when 90 miles out from that port she was stopped by the Australian cruiser Sydney, which fired a shot across her bows. The cruiser sent an officer on board the Chalmette, who examined the ship's papers and passengers and then permitted the steamer to proceed without offering any explanation for the search.

IMPORTANT PASS FELL TO ITALIANS

BIG BATTLE ON CARSO

Austrians Repulsed in Attempts to Regain Col di Lana.

Special Cable to The Toronto World. LONDON, April 24.—The Italians won another important success in their advance into the Tyrol and towards Bavaria by the capture of the Passo della Sentinella (Sentinel Pass), 5600 feet above the level of the sea, and on the summit of Sexten, on the Drave River. In this successful operation the Italians took the Austrians by surprise and bagged a dozen prisoners, a machine gun and some arms and ammunition.

Attempts of the Austrians to regain the crest of Col di Lana, in the upper Cordevele, were repulsed, although they were kept up with great persistence. A heavy attack of the Italians in the south valley on the Carso plateau was repulsed. This offensive was preceded by the pouring of gas into the positions which the Italians had recently captured east of Selz. A small portion of trench which was greatly exposed to this gas was evacuated.

KING GEORGE AND CZAR EXCHANGE FELICITATIONS

Congratulations on Recent Russian Victories Sent on Easter Day.

LONDON, April 24, 6.28 p.m.—King George sent the following telegram on Easter Day to Emperor Nicholas: "Today, when by happy coincidence our two nations are celebrating Easter and we are commemorating St. George, I cannot refrain from sending you congratulations, in renewed confidence in the victory of the allied armies. I followed with delight the recent victorious achievements of your gallant army."

SWISS-GERMAN BORDER HAS AGAIN BEEN CLOSED

Military Movements in Alsace Are Being Carefully Screened.

BERNE, April 24, via Paris.—The Swiss-German frontier has again been closed because of military movements in Alsace. The authorities have expelled eleven German, Austrian and Bulgarian provision dealers because of usury in the sale of victuals. Felix Falk, a well-known journalist and correspondent of The Frankfurter Zeitung, also has been expelled. The police seized the stock of victuals of the merchants, including large quantities of chocolate and coffee, valued at nearly 1,000,000 francs.

BRITISH EMPIRE'S TRIBUTE TO AUSTRALIANS' DEEDS

Anniversary of Landing in Gallipoli Will be Commemorated Today—King George's Inspiring Message.

LONDON, April 24, 6.55 p.m.—The anniversary of the landing of the Australians and New Zealanders on Gallipoli Peninsula will be celebrated tomorrow by a march of two thousand Australasians to a service in Westminster Abbey. Similar services will be held through the empire. The King has sent the following message to the various governors-general in Australasia: "Tell my people that I am joining them in their solemn tribute to the memory of their heroes who died in Gallipoli. Their valor and fortitude have shed fresh lustre on the British army. May those mournful memories be a source of inspiration to the conviction that they did not die in vain, but that their sacrifice has drawn our peoples more closely together and has added strength and glory to the empire."

INCENDIARY BOMBS DROPPED BY THREE ZEPPELIN RAIDERS

Night Was Dark and Atmosphere Clear, Making Conditions Ideal For Invaders.

LONDON, Tuesday, April 25 5.07 a.m.—Three zeppelins visited the eastern counties last night, dropping incendiary bombs, according to the official announcement. The official communication regarding the attack says: "Three zeppelins are reported to have come in from seaward over one of the eastern counties tonight, shortly before 10.30 o'clock and another followed about 11. A few incendiary bombs had been dropped at the time of the issuance of this communication."

Conditions Favored Zepps. The conditions were ideal for the zeppelin raiders. The night was dark and the atmosphere clear. There was a light southwest wind, which had generally been considered unfavorable for zeppelins, but it was little more than a mild breeze, and any threat of a storm which it might ordinarily have presaged was lessened by a favorable barometer.

The raiders appeared at about the customary hour and seemed a little uncertain as to their location, as the early reports showed that only incendiary bombs were being dropped. An earlier British official report stated that a hostile aeroplane appeared over Dover from the east at 11.45 a.m. today and circled over the town at a height of about 6000 feet. It was driven off by anti-aircraft guns and dropped no bombs.

WHAT IS WILSON READY TO ACCEPT?

Berlin View is That Limitation of Sub. Warfare is Unlikely.

MORE HUN QUIBBLING

Germans Profess to Be in Doubt as to Meaning of Note.

BERLIN, April 24, via London, 10.28 p.m.—The outcome of the present crisis depends on what President Wilson and the American Government want. The general view of the present situation as gleaned from conversations with a number of persons close to official circles is about as follows: If President Wilson and the American Government are arguing that earlier concessions by Germany have not been adhered to and insist that the submarine campaign be conducted without deviation within the limits of German assurances and pledges in former notes, then a settlement can probably be arranged, despite what is considered the sharp and unfriendly tone of the American note. The pledges can probably be restated, if need be, and definitely re-formulated, so that there can be no possibility of error or question of responsibility. If, however, the U. S. insists upon a further limitation of the submarine war against commerce, then there appears to be little chance of agreement for a satisfactory settlement and it is considered that a breach of diplomatic relations, if it should come, would in all probability be only a temporary status, and would soon develop into an actual state of war.

CONSENSUS OF OPINION

This view is not official or authoritative, but represents the opinion of persons who are in a position to be well informed. These persons carefully refrained from making definite or authoritative predictions and specified that they were voicing only their own opinions, but these may possibly be straws showing which way the wind is blowing.

German Auxiliary, Flying Neutral Flag and Escorted by Submarine, Sank While Trying to Land Arms in Ireland—Sir Roger CaseMENT Among Survivors.

LONDON, April 24, 6.15 p.m.—Sir Robert Casement has been captured from a German ship which attempted to land arms in Ireland and was sunk. This official announcement was made tonight as follows:

"During the period between the afternoon of April 20 and the afternoon of April 21, an attempt to land arms and munitions in Ireland was made by a vessel under the guise of a neutral merchant ship, but which in reality was a German auxiliary, in conjunction with a German submarine. The auxiliary sank and a number of prisoners were made, amongst whom was Sir Roger Casement."

Believed to Be Inane. The news of the capture of Sir Roger was received with satisfaction, mingled with regret, at the termination of what, previous to his alleged activities with the Germans, had been a brilliant career, useful both to humanity and his own country. That he should have engaged in such a mad-cap enterprise as the British official communication gives as the reason for his capture is considered an ending color to the view held by his old friends here that he is mentally unbalanced.

Little has been heard of Sir Roger in this country for many months. Last October a returned Irish prisoner reported that Sir Roger had visited the prison camp at Limburg and vainly tried to induce Irish prisoners to join an Irish brigade he was said to be raising in Germany to fight against England. It was reported, a short time ago that Sir Roger had applied for citizenship in Bavaria. Later came a report from a neutral country that he had been arrested in Germany on an unspecified charge.

On Saturday a despatch from Tralee on the west coast of Ireland, in County Kerry, reported the seizure by the police of Curraheen Strand, of a collapsible boat loaded with arms and ammunition. A stranger of unidentified nationality was arrested in the neighborhood. The despatch added that it was not known whence the boat came or from whom the cargo was intended.

Plot Was Laid Bare. Sir Roger Casement, before the outbreak of the European war, was in the British consular service, having held posts in Portuguese West Africa, the Congo Free State, Haiti, San Domingo and Brazil.

In November, 1914, it was reported that Sir Roger, who was the leader of the separatist faction in Ireland, had gone to Berlin and conferred with the German imperial authorities, his intention, it was said, being to open negotiations between the German Government and the anti-British party in Ireland. Assurances were said to have been given to Sir Roger that should the German troops land in Ireland all native institutions would be respected by them. Sir Roger's followers in Ireland were, according to the report, to give every aid to the Germans. The report of his activities in Germany created a sensation in England, and in February, 1915, Sir Edward Grey announced in the house of commons that Sir Roger's pension as a former member of the consular corps had been suspended pending an investigation of charges of disloyalty against him.

Knighthood Five Years Ago. Sir Roger was created a knight in 1911. He is 52 years old. It was Sir Roger who, in 1912, while on report on the fortifying and killing of natives of Brazil by employees of the Futunayo rubber fields. As a result of his report a British royal commission, headed by him, investigated the situation and brought about reforms in the treatment of men employed in the industry.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

Fighting before Verdun yesterday, unless a violent bombardment of the Mort Homme positions be counted as such, there was none. The previous night was marked by French grenade attacks and small gains at segments, southeast of Haucourt and northwest of the Caurette Wood, where little salients were either driven into the German lines or removed from the French lines. In contrast to this quietness on land much activity prevailed in the air, not on the part of the German aeroplanes, which were kept under cover and conspicuous for their absence, but on the part of French aeroplanes flying over the enemy lines and dropping bombs on railway stations and bivouacs. It seems as if much shifting about of troops is going on in France and Belgium, but the object of the German staff so doing is, of course, as yet unknown.

One of the mysteries of this campaign is the motive that is impelling the German general staff to continue its offensive against Verdun for 60 days, and, perhaps, for many days more, when, by all the analogies of this war, the attempt should have been given up after its failure at the end of the first four days. The original plan was to push the French troops back against the Meuse and in the resultant confusion to break the French front before the defenders could bring up adequate reinforcements to arrest the rapid advance which the Germans were then making. This calculation was upset by the counter-attack of the French, launched from the Douaumont Ridge the fourth day. As victory goes to the forces which suffer the smaller losses, it was evident that the Germans were heavy losers. Their casualties, it is now known, were four to four and a half to the French one.

The value of reading the minds of the members of the German general staff is so great that if the generals of the allies succeed in

Help the Y.M.C.A. to Help the Soldiers

THE eyes of all Canada are riveted on the Canadian lines at this momentous period. How the blood leaps upon recollection of great deeds done just one year ago at Ypres, Langemarck and St. Julien!

But what of the daily grind? Do we realize what it means to our boys as they undergo the rigors of the trenches? Jaded and fagged in mind and body, mud-bespattered and nerve-wracked, they emerge from the trenches after long days and weary nights, thankful to be alive—always cheerfully taking the risks, looking Death in the eye—and fighting like men, with never a grumble!

Suppose some of them knocked at your door—oh, how heartily you would welcome these gallant protectors of your home and loved ones!

It has remained for the Military Department of the Young Men's Christian Association to fill a gap, which they have done to the best of their ability, with the means at their command. But—

Funds Are Urgently Needed, Will You Help?

To-day the Military Service Department of the Y.M.C.A. is maintaining nearly twenty huts and tents at the front; almost without exception these are so close as to be within range of the German guns. At many of them the constant bursting of shells close at hand is all a part of the daily program.

\$75,000 to be Raised Within the Next Few Days

The Local Committee, representing the National Council, is composed of many of Toronto's most highly respected citizens. Giving of their substance, their ability and their support with hearty generosity and good-will, they appeal to you with full confidence, knowing full well that loyal Toronto will never let her gallant boys knock at the door in vain.

Write for illustrated newspaper, giving full account of the Y.M.C.A.'s activities at the front. Address: Military Department, Y.M.C.A., 15 Toronto street, Toronto.

FOUR LEGISLATORS
WERE EXONERATED

Charges Against Totzke,
Sheppard, Nolin and Loch-
ead Not Sustained.

PETERSON ARRAIGNED

He is Accused of Swearing
Falsely Regarding Brun-
ner's Cheque.

REGINA, April 24.—Four of the
eight members of the legislature charged
with accepting bribes, were exoner-
ated by the royal commission this
afternoon, the commissioners agreeing
that no evidence had been produced
against them. They are A. F. Totzke,
Hon. J. A. Sheppard, J. Nolin and Dr.
C. Lochead. The names of the four
were mentioned before the Sutherland
committee to which Peterson said he
had paid money in December, 1913, but
their names were not mentioned be-
fore the royal commission.

When the examination of Clayton
Peterson was finished, H. J. Macdon-
ald, K.C., counsel for the accused, called
attention to this: "There is nothing
against any of them," the commis-
sioners said.

Some evidence for the defence was
put in late this afternoon. S. S. Simp-
son, M.L.A., and G. H. Cawthorne, M.
L.A., both denied that they had re-
ceived any money from Clayton Peter-
son or from anyone else in connection
with the 1913 temperance legislation.
Cawthorne will be on the stand to-
morrow morning, and was told to produce
bank records in regard to his account,
which could not be untangled this
afternoon.

Charges Against Peterson.
After the commission adjourned for
the day Peterson was arraigned in
police court on the perjury charge, on
which he was arrested when he ar-
rived in the city this morning. The
charge is that before the Sutherland
committee he swore falsely in regard
to the \$4000 cheque given him by
Brunner, the \$5000 secured by Brun-
ner and himself at the Bank of Otta-
wa. Magistrate McCarthy fixed bail at
\$6000, of which \$3000 is to be suppli-
ed by Peterson, J. K. McInnes, and R.
W. Hammill took his bail for the re-
mainder in \$1500 each. H. V. Elgie
is prosecuting this charge.

The Kitchen Bouquet

One may make one's own kitchen bou-
quet for flavoring, if desired, although these
bunches of herbs come ready prepared
at most groceries. Take four bunches
of well-washed parsley stalks—if
bunches are small, use one bunch
of well-washed onion celery, one blade of
bay leaf, one sprig of thyme, and two
cups of the smaller ingredients in-
side the parsley bunches, so that they
will not fall out while cooking. Tie tight-
ly with a string, and use when called for
by various recipes.

LONDON, April 23.—Reynolds'

cially as his insistence in getting his
own way on compulsion left
much bitterness among certain of his
colleagues. The article tells how
then for the first time the public will

gian room to dance devotees during
the dinner hour and after the theatre.
There was no gaudy chorus, no
"cabaret" to offend or annoy, but in-
stead a delightful dance program
rendered by Romanelli's capable
dance orchestra.

The man who said he was "tired of
shouting in restaurants" appreciated
the quiet atmosphere, striking in its
individuality. In fact, it would be
difficult to find a more constant as-
surance of a pleasurable evening than
awaited those who patronized "To-
ronto's most popular restaurant." It
was always 13 degrees cool—ideal for
dancing. Personal attention to the
comfort of the individual coupled
with the unexcelled cuisine, perfect
service and moderate tariff, has raised
the Hotel St. Charles a wide
patronage. The many guests who
tulle veil was arranged both dinner and
after-theatre dances were made to feel that
a hotel could be something more than
a mass of brick, stone, concrete and
a jangle of wires and pipes. There
is an element of human service which
makes one feel that one is "at home"
away from home. And this supplies
a long-felt want in this city.

SENUSSI ON WARPATH
AGAINST EGYPT AGAIN

Heavy Fighting Reported Be-
tween Tribesmen and Aus-
tralians on Border.

ONE ATTACK BEATEN OFF

Quatia Village Evacuated When
Three Thousand Natives At-
tack Outpost.

LONDON, April 24.—Fighting has
been resumed in Egypt, where sev-
eral British successes have been re-
ported recently. An aerial state-
ment says that two engagements
occurred on Saturday in the Quatia
district. The British repulsed one
attack at Duedar, but a small force
holding the Village of Quatia was
compelled to withdraw after a sharp
fight.

The statement follows:
"The general officer commanding
in chief in Egypt reports that on
April 22 there was fighting in the
Quatia district. An aerial reconnais-
sance indicated that hostile parties
of a strength of 200 to 300 were
assembling in the neighborhood of
Duedar. A strong attack by about 500 of
the enemy was made at 5 a.m., on the
23rd, but was completely repulsed.
"The attack was beaten off after
reinforcements had been brought up,
and the enemy withdrew, leaving
80 prisoners. The British casualties
amounted to 40 killed. The
enemy was harassed during his re-
treat by Australian troops,
including the aeroplanes, and
suffered heavy casualties both from
the fire of the troops and from bombs
dropped from the aeroplanes. In-
cluding the aeroplanes, a detective
"Quatia Village, which was held by
a small force of yeomanry, was at-
tacked simultaneously with Duedar
by a hostile column 3000 strong, with
three field guns. After a severe en-
gagement our troops withdrew from
the village."

PETERSON'S DENIAL
IS NOT CONVINCING

Justice Elwood Told Witness
Frankly He Did Not Be-
lieve Him.

CONTRADICTED OTHERS

Peterson Declared He Was
Not in Bank When Money
Was Paid.

REGINA, April 24.—Before the com-
missioner today Mr. Justice Brown asked
Clayton Peterson to explain why he
was absent from the commission after
his wife. Peterson said his reasons
were private and concerned his family
life.

Peterson, examined by Mr. Elgie,
counsel for J. E. Bradshaw, said he
spent a good deal of time at Guelph,
Ont., and had a bank account there.
He had no business interests there. He
was in Regina in December, 1913, and
related the steps taken by the licensed
victualers to oppose the banish-
ment bill. Peterson said he was one of
the delegation to see the premier, and
attended some meetings of the execu-
tive of the licensed victualers, but he
was not a member.

"Did you ever get any money from
the Bank of Ottawa in the presence of
E. L. H. Smith?"
"I never did."

Elgie's examination from this
point fixed the amount Peterson said
he received at \$700, as he had previ-
ously stated before the Sutherland
committee. He said he got money on
three occasions, \$200, \$300, \$200.

Justice Elwood: "I want to give you
fair warning. Smith and Brunner both
swear you were present in the bank
when the \$800 was paid over."
Peterson: "It is not so."
Justice Elwood: "Remember now,
you are positive about this?"
Peterson: "It is not so."

He was very reproachfully
by Justice Elwood again a few minutes
later, when Peterson denied all knowl-
edge of the circumstances under
which he signed the \$800 guarantee
for the association's overdraft.

"I tell you frankly, Peterson," said
the commissioner, "I do not believe a
word of it."
The commission adjourned.

PITTSBURG STRIKERS
FOUGHT DETECTIVES

Shots Were Exchanged and Both
Sides Suffered Cas-
ualties.

CLIMAX OF DISORDERS

Striking Employes of Westing-
house Plant Show Deter-
mined Mind.

PITTSBURG, April 24.—The first
serious rioting in the strike of 19,000
employes of the Westinghouse Elec-
tric and Manufacturing Company in
East Pittsburgh occurred tonight. Sev-
eral shots were fired and an un-
identified striker and a detective were
injured. The trouble was the climax
of a day of disorder, during which
deputy sheriffs and railroad detec-
tives frequently used their clubs.

Fifteen hundred strikers were re-
turning to East Pittsburgh after break-
ing up a meeting of shellmakers in
Wilmerding, an adjoining borough,
when the clash tonight occurred.
When the marchers reached the Cable
avenue bridge at the Westinghouse
plant, the strikers, it is claimed,
charged past deputy sheriffs and mill
guards stationed there that point, and
started across the bridge towards the
plant. Unable to check the rush, the
guards grabbed riot guns from a shed
on the bridge, but this failed to in-
timidate the strikers. In the light
that followed one of the guards dis-
charged a revolver. A detective
killed an unidentified striker senseless
and he was carried away by
companions.

As the strikers reached the plant
guards turned a stream of hot water
from a fire hose on them. The strikers
retreated, scowling as they ran.
Charles Oakes, a detective, was
struck by a rock and a deep gash was
cut in his cheek. The strikers were
finally compelled to scatter and or-
der was restored.

The demands of the strikers were
today presented to R. L. Wilson, as-
sistant general superintendent of the
Westinghouse Electric and Manu-
facturing Company plant. They ask
an eight-hour day, restitution of the
men discharged within the past two
weeks, no discrimination of those re-
turning to work, the continuation of
the bonus system and the same pay
for 48 hours a week as now received
for 52.

BERLIN, April 24.—The Austrian
City of Trieste has been raided by a
squadron of seven Italian aeroplanes,
bombs dropped from which killed nine
persons, wounded five and destroyed
a monastery.

The raid is reported in the following
official communication, issued at Vi-
enna, under date of April 21:

killing nine civilians, of whom five

Walter Johnson and Dutch Leonard Stand Up as of Yore—Scott Chased.

At Washington (American)—New York could do nothing with Walter Johnson yesterday, while Washington freely pounded Shawkey, Cullip and Shocker, winning 8 to 2. Frank Baker's only hit in seventeen times at bat in the four games here was a scratch single thru Morgan. Score: N. Y. 10, W. 2.

At Detroit (American)—Jim Scott, starting his first game this season for Chicago, was knocked off the rubber in the fourth inning, and Detroit won, 4 to 2. Scott's troubles started in the fourth inning, Singles by Pitt and Kavanagh, a double by Yench, an error, and hit batsman gave the Tigers four runs. This was Cleveland's third consecutive victory over Chicago this season. Schalk twisted an ankle and will be out of the lineup at least two or three days. Score: Detroit 4, Chicago 2.

At Philadelphia (American)—Philadelphia could not hit Leonard's delivery with men on the base, and Boston won the final game of the series here, 4 to 2. Score: Boston 4, Philadelphia 2.

At St. Louis (American)—Cleveland defeated St. Louis here, 5 to 4. Groom started pitching for St. Louis, but gave way to Davenport in the fifth, after yielding eight hits. Davenport held Cleveland scoreless. Lodermill started for Cleveland, but after giving seven bases on balls and hitting a batter, he was replaced in the fourth by Bagby, who held the locals to one hit until the ninth, when they rallied, getting four hits and two runs. Score: Cleveland 5, St. Louis 4.

At Cincinnati (National)—Hard hitting to the eighth and ninth innings by St. Louis enabled the visitors to win the second game of the series yesterday, 3 to 2. Score: St. Louis 3, Cincinnati 2.

ONLY ONE IN NATIONAL SOME HEAVY HITTING

Big League Players Use Their Clubs—Birmingham Releases Pitcher Juul.

Only one game was played in the National League yesterday. St. Louis brought forward their heavy artillery in the eighth and ninth seasons, and hammered out a win over Buck Herzog's Cincinnati Reds.

Pitcher Harry Juul, recommended by Bill Bradley and Cy Young, has been released by Manager Birmingham of the Leafs. Juul has stuff, but is sadly lacking in control.

Dutch Leonard pitched sterling ball for the Red Sox yesterday. He kept the Athletics scoreless by tightening in the pinches.

The wrong pitchers were used first at St. Louis yesterday. Davenport relieved Groom and held Cleveland scoreless. Bagby went well for the Naps after Lodermill gave a real wild exhibition.

Catchers Kritchell and Hayden have been ordered to report to the Leafs at once. Both have been on the sick list.

Walter Johnson added another to his string yesterday. He had the Yankees eating out of his hand, while the Senators hit Shawkey, Cullip and Shocker hard. Shocker was with Ottawa in the Canadian League last year.

The Leaf pitchers are in poor shape to open the season. Herbert will likely be picked to twirl at Newark.

Jim Scott started his 1916 debut for the White Sox yesterday. The Tigers drove him to the barn in the fourth inning.

Negotiations are pending for the release of Jack Noss of the Chicago Americans, to the Baltimore Club of the International League. Noss, who is a first baseman, was obtained from the Oakland Club in the Pacific Coast League, where he established a world's record for consecutive hits.

The International League, which will open its 1916 season with Montreal playing at Baltimore, and Buffalo at Richmond, on Wednesday, and Toronto at Newark and Rochester at Providence on Thursday, announced its assignment of umpires for the initial games. Carpenter and Chestnut at Baltimore; Cleary and Brasfield at Richmond; Hart and Keenan at Providence; and Freeman and Maddox at Newark.

It was announced also that President Edward Barrow would attend the opening ceremonies, which inaugurate the circuit of Baltimore and Newark into the circuit.

Lacrosse Star Died in Folkestone Hospital

NEW WESTMINSTER, April 24.—A cable message from the adjutant general announced the death in Folkestone Hospital, England, of Lance-Corp. George Oddy, 47th Battalion, who on Saturday was reported dangerously ill with pneumonia.

Lance-Corp. Oddy was 37 years old, and was a member of the lacrosse team which toured Canada in 1900 with never-failing success, and which established beyond all question the great reputation of the 47th Battalion, who on Saturday were reported dangerously ill with pneumonia.

He was married, and had one child, and his mother, Mrs. Edwin Oddy, still alive. He has three brothers, one of whom, Sgt. Crossland, Oddy, was with the 47th Battalion. His family have requested that the body be sent here for burial.

BIG FREIGHTER ASHORE AT WHITEFISH POINT

Heavy Fog Conceals Identity of Ship Stranded on Shoar of Whitefish Point according to advice to the United States coast guard station at Grand Marais, Heavy fog this far has made it impossible to learn the vessel's identity.

No Heavyweight Prospect in Sight To Meet Champion Jess Willard

Jess Willard is a very lucky fellow, even to be he has the same array of talent, and had few easy fights, although when Jeffries was at his best most of the rivals had begun to go back. It is doubtful whether Jeffries would have been able to defeat Fitzsimmons in the second fight if old age had not caused the Cornishman's brittle hands to give way under the strain. In Fitzsimmons, Corbett, Sharkey and Rubin, Jeffries faced a quartet of stars, all of whom made him work hard. His second bout with Corbett and the one with Jack Johnson was the only one that he did not win. Johnson had an easy time of it and participated in the greatest purse ever offered, but Johnson never had a chance to earn \$47,500 for a no-decision bout. Practically all Johnson's fights were over a distance, and with a decision at stake. With the exception of the fight with Johnson was forced to limit his demands to \$35,000, and at that he did not always receive the full amount that his contract called for.

From present outlook Willard will be able to reap a fortune without even risking the title in a battle to a decision. Whomever he carries to victory, he can be sure of at least \$30,000, and there is a goodly sum of money in a reasonable chance to defeat him. When Willard disposed of Moran he got rid of the only man who has ever won in whom the public had much hope. Moran was outclassed, and none of the chances seem to be any more. Even now Moran heads the list, being followed by Dillon, Coffey, Weimer, Fulton and Reich.

Two Dillon looks to meet the best fighting machine, but the so-called giant sifter is altogether too small to be taken seriously, and Willard can be taken with that ease without losing the least prestige. As a matter of fact, Dillon

KEELY OR MITCHELL WILL BE RELEASED

Too Many Catchers in Leaf Camp—Ball is Still a Hold-Out.

BRIDGEPORT, Conn., April 25.—The rain sink, which has followed the Toronto club from New Jersey thru New York up into Massachusetts and down into Connecticut again, prevented a game between the Leafs and Bridgeport today.

A final effort will be made here tomorrow, and if the Canadians will go to Newark to await the opening league game Thursday.

Manager Birmingham, continuing the weeding out process, today directed his attention to the catching staff. There are four backstops in camp, Trout, Keely, Kritchell and Hayden. Trout, who plays infield and outfield positions, in addition to catching, will be carried. Hayden is the official catcher to best effect, but he will doubtless fall on either Keely or Kritchell. Both have been their day in the majors, while Hayden is considered a very likely big show possibility.

Neal Ball and the Toronto club are still deadlocked. Ball refuses to join the Leafs, and the latter as persistently refuse to give him his release. So matters stand tonight. The local owners may buy Ball before the Leafs leave town.

Great men play on college and amateur teams and amateur. Hugh Jennings, manager of the Detroit Red Sox, and star of the Detroit Bonaventure team many years ago, was on the same team as John J. McGraw, who was the Detroit manager when the group picture of the team and on one of the Newark club have made their arms folded, stands McGraw, while on the Newark club in the same position stands Jennings.

Elmer Smith, the Cleveland outfielder, was born in Milan, O., where Thomas E. Moran, who was the Cleveland manager, invented the talking machine, but in his palmist days and despite all his inventions, he was never able to patent on Arlie Latham or Johnny Evers.

Joe Tinker was given the worst of it when he was given to come up from a bench, and get into a fight with a straight bat. "Why the only time you ever got into a fight was when you chased me out of Cincinnati to Boston and I drew down over \$5000 in the town of New York, you never could hit anybody but yourself."

Bill McKechnie, now playing third for the Giants, had a peculiar experience in the 1915 season. He was playing shortstop in the barnstorming trip, but did not play in Columbus. McKechnie played the position for the Pirates and the crowd grew wild.

"What's your name, anyhow?" they yelled. "It is McKechnie," he replied. "What's it, McKechnie?" they tried to say, and he replied, "It is McKechnie, but played the game of his life. Hinchman, with a line, nearly tore a leg off Bill, but he got it at last."

"Great work, kid," yelled the crowd. He had completely changed their notions of the sixth inning. They had forgotten that there was a Wagner. They had forgotten that there was a Wagner. They had forgotten that there was a Wagner. They had forgotten that there was a Wagner.

Joe Schultz, the former Leaf, is away off on his leaving across the diamond. He is hitting well.

Newt Randall and Joe Burg, players of the Newark team, were released by the Newark team. President Timme of that team, who is in charge of the team, is seeking to obtain outfielders. He is seeking to obtain outfielders. He is seeking to obtain outfielders.

President Navin of the Detroit Baseball Club announced last night that he would make him popular with the fans. Crawford, who has been on the back list, would not accompany the Tigers. Tommy, who has been on the back list, would not accompany the Tigers. Tommy, who has been on the back list, would not accompany the Tigers.

Pat Donovan and his champions should have a banner year in Buffalo, now that they have the field all to themselves. The large number of Canadians that have gone to the war front has made baseball conditions in Toronto and Montreal a little uncertain. However, the fans of Canada are great lovers of outdoor sports, and they, no doubt, will continue to support the game.

Baseball is about the only form of outdoor amusement left in Canada that has not been seriously affected by the European war.

INTERNATIONAL LEAGUE OPENS ON WEDNESDAY

President Ed. Barrow Makes Optimistic Forecast—About the Newcomers.

NEW YORK, April 25.—Ed. Barrow, president, writes: "The International League is 'coming back' this season, beginning next Wednesday. Its prospects have not been so bright for a long, long time."

Under the bylaws, Mr. Beverley Jones becomes a life member after forty years of uninterrupted membership. The following have been transferred to the old resident list after twenty-five years of uninterrupted membership: Edmund Langmuir, P. J. Davidson, Stephen Haas, W. A. Madigan, J. E. McMurray, Percy Robertson, Dr. W. Snelgrove, Chevalier J. E. Thompson.

The committee regret to report the loss by death of a member after forty years of membership. The committee regret to report the loss by death of a member after forty years of membership. The committee regret to report the loss by death of a member after forty years of membership.

Two hundred and eighty-five members are now either at the front, or in the course of training for active service. The membership of the club has responded splendidly to the call of King and country.

Yachting activities during the past year, so far as racing is concerned, were practically suspended. The committee feeling that the sentiment of the club was opposed to holding the regular schedule. The same course will be pursued this season. The chief activity during the season will be the holding of a series of friendly competitions, which were keenly contested.

Owing to the very indefinite outlook for coming competition, the committee, after most careful consideration, concluded it would be good business to set a side of the Y.R.L. cup defender, and were able to do so what was considered very favorable terms. The funds to construct the Ahmsek were obtained by subscriptions from club members and a loan from the committee. The committee donated \$4000 from the amount loaned and a dividend has been declared and paid to the members who subscribed.

The committee took this opportunity of thanking the members who subscribed for the support in this connection. The bowlers were unusually active during the season and the participation of a number of the sailing members added interest to the game. The trophy presented by the commodore was won by Dr. J. F. Rowland. The other winners were: Rink—1st, H. N. Dewitt, skip; 2nd, R. B. Spock; 3rd, C. B. Boulter and A. C. McCollum; 2nd, F. A. Vale and J. McKnight; Singles—1st, C. S. Mitchell; 2nd, H. T. Wilson; Novice singles—1, W. V. Eccleston; 2nd, T. B. Lee.

The special prize of a pair of bowls for the club.

HUGHES AND BERTRAM IN MONTREAL PARADE

Seven Thousand Officers and Men Marched Amid Steady Rain.

MONTREAL, April 25.—Seven thousand men of organizing overseas battalions and militia units, participated today in a great church parade, commemorative of the battles of Ypres and St. Julien, April 22 last, and in memory of the fallen Canadians. Services were held in St. James Cathedral and the Arena, after which a short march was made thru the city streets. Notwithstanding a steady rainfall the soldiers made a good appearance.

BELLEVILLE'S MEMORIAL SERVICE

BELLEVILLE, Ont., April 25.—An impressive memorial service for the late Lieut. Wright Coached Penn as Amateur Will Now Sign Up at His Own Terms

Victory Over Yale a Great Triumph for Argonaut Oarsmen—Local Enthusiasts Talk of Race—How Joe Congratulated His Men at Finish—Great Crowd Saw Race on the Schuykill.

Local lovers of rowing could not talk too much of Joe Wright's great victory on Saturday over Yale. The race was the theme of discussion yesterday in most resorts.

At the start, Penn pulled out with a high stroke, about 45 to the minute, while Yale's stroke was at 40.

At the stroke, both shells were full of splashing at the start, but the high stroke of Penn's crew was more than enough to give them the lead.

VON IGEL IS NOT EMBASSY ATTACHE

Prisoner Admits That Von Bernstorff's Contention is False One.

PAPERS TO BE HELD Von Igel Must Face Trial for Welland Canal Conspiracy.

NEW YORK, April 24.—Evidence presented here today before the federal grand jury investigating the alleged plot to destroy the Welland Canal established, according to federal authorities, that Capt. Franz Von Pappen's former office at 60 Wall street was not a branch of the German embassy when Wolfe Von Igel was arrested there on April 18 and papers claimed by the German ambassador were seized.

The papers are now in the custody of the department of justice in Washington.

Attorney General Gregory and the local prosecuting officers insisted that the former office of Von Pappen was not a branch of the German embassy when Wolfe Von Igel was arrested there on April 18 and papers claimed by the German ambassador were seized.

W. G. McGeehan's dispatch from Philadelphia is New Zealand's first.

Amateur coaching, volunteered from Toronto, Canada, won for Pennsylvania today over the mile and a half Schuykill course by a length and a half.

With a crew averaging 160 pounds lighter than that of Yale, the Pennsylvania boys, using the stroke which had been taught them by Joe Wright, amateur oarsman of the Argonaut Boat Club, Toronto, forged ahead at the start and increased their lead until they had a length of open water between them and the Yale crew at the finish.

Not once did the Yale crew seem to have a chance. They splashed badly at the start, and when the amateur oarsman of the Argonaut Boat Club, Toronto, called upon them for a spurt at the finish the response was "I'm blown."

The lean and almost slight-looking youngsters in the Penn shell worked as smoothly as the great cylinders under the oars of the Yale crew.

As the race progressed, the Penn crew showed a decided state of unpreparedness. They had rowed nowhere in particular at the start, but they had given every ounce of energy to the race, when the boat was reached, the dead water at the end of the race collapsed, falling far forward.

The result was something of a shock to Guy Nickalls, the professional coach of Yale. He had expected a race of unpreparedness. They had rowed nowhere in particular at the start, but they had given every ounce of energy to the race, when the boat was reached, the dead water at the end of the race collapsed, falling far forward.

SELLING FROM GARDEN TO REGULAR CUSTOMERS Competition Keen, But Success Lay in Building Up a Direct Trade. THE BIG BUNCHES PAID Put Up Carefully in Order to Create Good Impression With Buyers.

THREE years ago I decided to give truck growing a trial. I live near a manufacturing city of 30,000 people, and so I had no trouble in finding a ready market for my crop. However, I soon found that the selling of the business was the main thing to reckon with, and one to which I had not given proper consideration.

TUESDAY, Thursday and Saturday were the selling days, and I got on the job as early as 7 o'clock, so that the buyer could have her supplies fresh and in ample time to plan for dinner.
