WOODSTOCK LOSES VALUED CITIZEN

Lewis P. Fisher, Who Was Mayor Twenty-Four Years DIED THIS MORNING

A Noted Lawyer and a Citizen Who Was of Great Value to His Town--Practically the Father of Woodstock, and Many Will Mourn for Him.

WOODSTOCK, N. B., Oct. 9.—(Special)—Lewis P. Fisher, K. C., one of Woodstock's most respected and valued citizens, died this morning. He was well for a few days, took a chill yesterday and, as stated, passed away peacefully and without pain.

The deceased was born in Fredericton and educated in the public schools. Subsequently he studied law in the office of his brother, Judge Charles Fisher, and came to Woodstock, this being in the early forties, and was admitted as an attorney January 14, 1845, and made a barrister January 17, 1845.

He at once entered practice in Woodstock and some years later formed a partnership with the late R. J. Jones, which was dissolved in 1874. In 1875 he once more made a co-partnership, this time with A. B. Connell, K. C., a graduate of Harvard law school, who was admitted an attorney in 1874, and became a barrister the following year. This partnership existed to the present time.

Mr. Fisher was elected his first mayor, and was re-elected to that position for twenty-four consecutive times, but declined to serve longer, although requested to do so. Mr. Fisher was not only considered the father of the town, but has been a law constructor of no secondary consequence, nearly all of the lawyers who practise and are now in Woodstock having read law under his guidance.

He was the inaugurator of the Woodstock railroad in 1855, he was made its first president, and subsequently acted as trustee of the twenty-year debenture bonds to the sum of \$20,000, which had been raised by stock subscriptions in furtherance of the project; and by judicious management was enabled to cancel all claims and turn over a surplus at the expiration of his term.

For twenty-five years he was chairman of the school trustees, and for thirty years superintendent of the Methodist Sabbath school. He was always actively interested in educational projects, and was one of the promoters of the Woodstock Institute, which was destroyed by fire in 1881.

As a lawyer he had no peer, and has conducted nearly all the great cases which have come up for adjudication in this section. For many years he has held the office of judge of probate. He was one of two men appointed Q.C. before Confederation. C. N. Skinner of St. John was the other.

In 1871 he erected the elegant station on North Main street in which he resided, this taking the place of the one destroyed by fire a short time previous. It stands on a high eminence; is surrounded by a beautiful estate of some ten acres, and aside from being the finest residence in the county, commands a view which for beauty and picturesque interest is unsurpassed.

Deceased was 85 years of age. The widow was a Miss Demill, daughter of Rufus Demill. The funeral will be held at two o'clock Tuesday.

Mr. Fisher was a son of Peter Fisher, a Loyalist, of German descent, who was a member of the History of New Brunswick and for many years a prominent lumber merchant of Fredericton. He had some of whom the most distinguished was the Hon. Charles Fisher.

CLOSES THIS WEEK Lewis and Clarke Exposition Has Been Most Successful.

PORTLAND, Ore., Oct. 9.—This week will mark the close of the Lewis & Clarke exposition after a successful career not anticipated by even the most enthusiastic supporters of the project. Before the closing day is over, the fair will have recorded an attendance of practically 2,500,000 persons, which, considering the fact that the combined population of the Oregonian territory is hardly equal to that number, is phenomenal.

EQUITY COURT The equity case of A. & B. Loggie vs. W. S. Montgomery and Richard O'Leary was continued this morning before Justice Parker. The following were witnesses for the defence: W. S. Montgomery, one of the defendants; Michael Morris, of Chatham; and George Melnyk. Court was resumed at 2:30 o'clock Saturday afternoon, Edward Hansen, land surveyor, was examined.

PREMIER BOND SAILS LONDON, Oct. 9.—Sir Robert Borden, premier of Newfoundland, was a passenger on board the Allan line steamer Laurentian, which sailed from Glasgow Oct. 7 for St. John's.

PULLED TRIGGER WITH GREAT TOE

Ohio Rifleman Was in Earnest in His Desire to Commit Suicide.

NEWARK, Oct. 9.—Lying on his bed within his home yesterday, Captain Carter B. Allen, formerly inspector of rifle practice in the Fourth Regiment, committed suicide. He removed his left shoe and sticking with his toe pulled the trigger of a rifle which sent a bullet through his heart. Capt. Allen recently became dependent over the loss of his position with a Detroit leather firm. He was 30 years old and widely known among Ohio marksmen.

HANDICRAFT FAIR The handicraft fair of the Women's Art Association opened in the society's rooms this morning.

The halls look very pretty, the walls being decorated with rugs and tapestries of quaint and beautiful designs. On tables about the room are table covers in various colors, some of which are of delicate tufted work. Pottery and home-made articles are also on exhibition.

Probably the prettiest goods in the fair are the different styles of lace. They are of the following types: Irish lace, Maltese lace and Norwegian lace.

Very nearly all of the lace goods have been sold. There were crowded this morning and a good business was done.

By present indications the fair is going to be a successful one, and Mrs. Sibley, president of the fair, is confident that good patronage will attend the sale.

THE ROYAL BANK As announced in the Times several weeks ago, the Royal Bank of Canada has purchased the McLaughlin building at the corner of King and Canterbury streets. The bank will, however, be able to occupy the premises until the leases expire. That of the American Clothing Co. will expire in 1907, and that of Brock & Paterson not until some years later.

When these leases expire, the Royal Bank will tear down the present building and erect one on modern lines for bank purposes. While they cannot immediately utilize this property, they are looking to the future, and preparing for the development of the future. It will in due time add a fine structure to the business block of the city.

As a further evidence of the progressive spirit of the Royal Bank, its north end branch was opened this morning.

PROBATE COURT The last will and testament of the late Rev. W. Hubbard DeVeber was admitted to probate this morning, and letters testamentary were granted to William H. DeVeber and J. Roy Campbell, the executors named in the will. The estate is valued at \$110,000 personal property, \$60,000 real estate, and a small quantity of stocks.

A bequest of \$500 was made to the Diocesan Synod of Fredericton, one half of it to the widows and orphans fund and the other half to the incapacitated clergyman's fund. The remainder of the estate is to be divided among the children and relatives of the deceased.

Letters of administration in the estate of the late Mrs. Ann Lavers were today granted to her son, George Lavers. The estate is valued at \$200 real and \$100 personal. H. A. McKewen, for the executors; E. R. Chapman, for the creditors.

Letters of administration de bonis non granted in the estate of the late Gordon Sibley and McLeod, son of the late Gordon Sibley and McLeod, to the widow, Mrs. Mabelle Stuart McLeod. The undistributed estate amounts to \$1,150 personal property. J. Roy Campbell, proctor.

LATE LOCALS Steamship Barletian, Captain Grant, now on her way to Halifax with a cargo of steel rails, has been chartered to load coal there for a port in the United Kingdom at \$24.61.

LAST FREE BAPTIST CONFERENCE IS IN ACCORD WITH UNION

Resolution Adopting Committee's Report on Church Union Unanimously Adopted This Morning--Rev. Dr. McLeod Elected Moderator--Reports Received on Education and Temperance.

The twenty-third annual conference of the Free Baptist denomination, which opened in Waterloo street Free Baptist church at ten o'clock this morning, Rev. J. Bolton Duggitt, moderator, presiding.

After roll call the final action was taken on the resolution on Baptist union, which on motion of Rev. J. McLeod, seconded by Rev. A. J. Prosser, was adopted without discussion.

The resolution reads as follows: "Whereas this conference, last autumn, referred its action to the churches for their concurrence; and whereas the churches by a practically unanimous vote ratified the action of the conference, thereby declaring their approval of the proposed union, the terms agreed upon by the conference and the Baptist convention;

And whereas the committee of the conference has as instructed, conjointly with the committee of the Baptist convention made arrangements for the consummation of the proposed union, a report of which is herewith presented;

Therefore resolved, that the report be adopted, and that the union be consummated at the time and place and in the manner agreed upon by the joint convention.

Rev. Dr. McLeod was unanimously elected moderator in recognition of his untiring efforts in connection with the union, and Rev. A. J. Prosser was elected assistant moderator.

The new moderator took his place at the leading moderator's desk, and the members of the conference after the reading of the report, which was read by Rev. Dr. McLeod, and the singing of the hymn, "The Lord is my Strength," he addressed the assembly.

Dr. McLeod made a brief but appropriate address, in which he expressed his pleasure at being elected to the office of moderator, although he had never held it. The appointment came, he said, on the eve of an important historical event for both denominations, which meant an enlargement and important development in the Christian cause.

The report of the committee on temperance was read, and being discussed at some length was adopted. The report of the committee on education was also presented and adopted. The latter report was as follows:—

1. There was never a time in the history of the church when the men who defend the doctrines of Christianity and proclaim the Gospel of Christ need of the best possible mental equipment for the important work more than today. Therefore this conference enjoins that those who intend giving their lives to the work of the ministry recognize the duty they owe themselves and the church of securing a liberal education, by which is meant a college training.

2. Your committee recommends that any young man in future coming to prepare for the work of the ministry in connection with the Free Baptist church be recommended to attend Acadia College.

The report shows that the following young men are preparing for the ministry: H. M. Manser and E. A. Cochran in the senior class at University of New Brunswick; and R. R. Roger, Dumas Sharp and Percy Howard in the intermediate class.

Rev. F. H. Kemball is completing his studies at Hartford Theological seminary. J. G. Baker is a senior and G. Wheaton a sophomore at Bates College, Lewiston, Me. G. E. Baker has just entered Acadia College. Rev. A. S. Coe is taking a post graduate course at Yale.

The conference is pleased that the Young People's Pivotal League continue to show good practical sympathy to the young men at school by continuing the annual grant to the students of the union, and the singing of the hymn, "Blest be the Tie that Binds," a big event in the history of the two Baptist denominations will be consummated.

SYDNEY, N. S. Oct. 9.—(Special).—The dwelling of Alex. T. McDonald, at Louisburg, was destroyed by fire last night. The parents were returning from church when the fire was discovered and the children were rescued with great difficulty. Part of the furniture was saved, but the building is a total loss. There was partial insurance.

DENVER, Col., Oct. 9.—According to information received at Harvey station on the Colorado and Atlantic, the suspended Bank of Alamosa, one of whom is under arrest, obtained a large sum of money through the sale of stock of a cable company they organized, which stock is held by the franchisees. The company was organized with 100,000 shares, 41,000 of which were sold to Wm. Adams and Frank Adams, brothers of former Governor Alva Adams. The remainder was purchased by the Dunn estate of Del. Nord. The allegation is made that subsequently the Schiffers duplicated the Dunn estate stock and sold it to A. Tinscher, president of the First National Bank of Pueblo.

REV. A. B. SIMPSON GETS THE DOLLARS

Former P. E. I. Man Proves a Potent Magnet FOR BIG COLLECTIONS

Drew Over \$80,000 Out of Congregations in the New York Gospel Tabernacle Yesterday at Two Services--Contributions Were in Cash and Jewelry.

NEW YORK, Oct. 9.—The Tribune says: "At the annual missionary services of the Gospel Tabernacle here yesterday \$80,265 was subscribed. Of this \$80,250 was pledged after the morning sermon of the Rev. Albert B. Simpson, pastor of the church, and the remaining \$1,515 was subscribed at an afternoon meeting, while only one of the given names was made public, it is said that more than half of the gifts were either in cash or checks. The list from largest subscriptions were simply promises written on cards, but the givers were all wealthy men who annually contribute large sums to this fund.

The largest single gift was \$10,000 made by a business man who was Mr. Simpson said, converted in the gospel tabernacle a number of years ago. A gift of \$7,000 was given by a man and his wife, who several years ago accidentally dropped into the tabernacle one morning for the annual missionary service. Both became interested and although not church members, have annually given large sums to the fund. Half a dozen subscriptions of \$5,000 were received. A man's gold watch and a wedding ring were sent up by some unknown persons.

The sermon preached by Mr. Simpson was not of a character to evoke great missionary enthusiasm. It was on a text taken from Mark, "Jesus stood against the treasury."

The earlier part of the afternoon meeting was taken up by addresses of missionaries. The Rev. Mr. Wickware, from the Congo held of attention by his address. There, the soldiers, he said, would go to the natives and demand a certain amount of rubber, the alternative being the cutting off of a great number of hands. In many instances the missionary had known, he said, of the hands being taken. He told of seeing an old woman forced to carry on her back a great basket full of human hands, from which a trail of blood was running. The hands were being carried to the Congo state authorities. He had photographs, he added, of the scenes described.

I know now what a mistake we made in leaving, but we cannot always tell what is best, but if we had known then what we know now we would have never gone."

"Do you anticipate an acquittal?" was asked. "The case has not been tried yet. I anticipate nothing. We, of course, hope for the best. We feel justified in every act we committed in Savannah while performing our contracts with the government. They got value for what we received."

TERRIBLE GALE ON THE PACIFIC

VIENNOVA, Oct. 9.—(Special).—In the worst equinoctial gale ever experienced here Friday morning in the Gulf of Georgia, an estimated six feet of water were drowned and telegraph and telephone wires all over the district were blown down and in some cases damaged. The sea was so high that the waves were breaking over the tops of the buildings, causing the buildings to tremble and shaking down the shingles from the roofs. About one hundred Japanese craft were sailing in the gulf when the storm broke on Friday night. Through the dark hours they fought for life but before morning broke they were rescued only by the bravery of the crew of the tug "Lion" who at the risk of their lives and while waves were swirling in torrents over the deck they were cast, saving the "Lion" twenty boats with their fishing gear were lost.

The Battle Line steamship Pandora, from Savannah for London and New York, arrived at Baysam on Saturday.

ST. PETERSBURG, Oct. 9, 2:43 p. m.—General Treppoff, assistant minister of the interior, has been informed by telephone from Moscow that serious disorders occurred there last night, and that the situation was slightly more menacing this morning. But the strike is spreading and the authorities evidently are very apprehensive. They are hopeful, however, that the St. Petersburg workmen will not be affected.

A serious development at Moscow today was an attempt to interrupt the railroad communication. TAXATION. Mr. Peter Binks expressed great pleasure this morning when he read that the board of trade would meet tomorrow to discuss taxation. Mr. Binks says too much tax. Most other people do not say enough. Mr. Binks would like to see things evened up a little. Moreover, Mr. Binks has ideas on taxation. He would like to have the privilege of making an entirely new system, that would be a credit to the town. The unfortunate part of it is, however, that nearly every other man has a system of his own, and has no faith in that of Mr. Binks or any other man. But Mr. Binks will keep pegging away, and hope that in the end his eye-

tem will be adopted. He will speak for one hour and forty minutes at the meeting of the board tomorrow.

Mr. S. H. Barker telephoned this morning from the Ben Lomond House that when he awoke this morning he heard the partridge on the veranda railing singing something that sounded like:— Meet me at Lech Lomond-Lomond, Meet me at the Fair.

The fair is expected to be greater than has been, and farmers are now busy rolling prize pumpkins along the road, somewhat to the annoyance of teams, which have to take to the fields.

MEMOIRS OF SHERLOCK HOLMES BY A. CONAN DOYLE

THE MYSTERY OF THE STOCKBROKER'S CLERK

(Continued) This outbreak rather astonished me, as you can think. "Well," said I, "other people don't think quite so much of you as you seem to do, Mr. Pinner. I had a hard enough fight to get this berth, and I am very glad to have it."

"No, sir. By that day you will be the business manager of the Franco-Midland Hardware Company, Limited, with a hundred and thirty-five branches in the towns and villages of France, not counting one in Brussels and one in San Remo."

very like the chap I had seen the night before, the same figure and voice, but he was clean-shaven and his hair was lighter. "Are you Mr. Hall Pycroft?" he asked. "Yes," said I. "Oh, I was expecting you, but you are a little before your time. I had a note from your brother this morning in which he says your presence very loudly."

There was a pause after the stockbroker's clerk had concluded his surprising experience. Then Sherlock Holmes cocked his eye at me, leaning back on the cushions with a pleased and yet critical face, like a connoisseur who has just a taste of a new wine.

THE ABODE OF LOVE

"It is because I know that the Lord Jesus Christ has come again and is now dwelling at the Agapemone, and because of my firm adherence to that belief, in spite of the hatred and contempt poured on Him, that I am cast out by my colleagues; but I am sure that the time will come when they will deeply regret their action."

"What now?" whispered Holmes. "It is giving us the slip," he said. "Certainly, Mr. Pycroft, certainly," the other resumed in a calmer tone. "You may wait here a moment and I will be with you. I will be entirely at your service in three minutes, if I might trouble you with a very courteous air, and, pointing to the far end of the room, which he closed behind him."

THE TURN OF LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for It. Two Relate their Experience.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason. Every woman who neglects the care of her health at this time invites disease and pain.

Mrs. E. Powless

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, fainting, palpitation of the heart, irregularities, constipation, and irritability, are all signs of the "change of life" and should be treated promptly.

FREE BAPTIST CONFERENCE
Saturday's Sessions Proved of Much Interest—Rev. Joseph Noble's Pathetic Address—Committees Appointed—The Question of Union.

The last conference of the Free Baptists as a body was opened in the Waterloo street church Saturday morning. There were three sessions during the day. That in the morning was of a devotional character, while the afternoon and evening meetings were taken up with the consideration of business.

In the afternoon, Rev. Dr. Joseph McLeod read his report as corresponding secretary, as well as a report of the World's Baptist Congress in London.

Rev. J. Bolton Daggett, moderator, presided. After the secretary, Dr. McLeod, Vince had called the roll of members and delegates from the districts, most of whom were present, the report of the corresponding secretary was read. Dr. McLeod pointed out that there were apparent in the church the past year, a marked increase in gains, spiritual refreshing as well as the dead level of no apparent change. The whole number of churches is 145, and of these sixteen less than last year reported. All these churches have received more or less regular pastoral care and are in a state of growth. It was stated that they were ministered to by only thirty-two men it would be apparent that some of these men covered a great deal of ground.

During the year, 333 new members were added, an average of 277 last year. A new church had been dedicated as Seal Cove (Grand Manan), and one was nearing completion at Margville. A new parsonage had been built at Keswick and another was being built at Deer Island. The total contributions were \$23,000.85. These figures were not, however, complete, but as they stood showed an increase of \$1,575 over last year.

The secretary received reports from Rev. Joseph Noble, J. N. Barnes, T. O. DeWitt, C. T. Phillips, J. J. Barnes, W. H. Perry, C. B. Lewis, H. A. Bonnell, Abraham Perry, A. J. Prosser, and E. H. Cochran. Reports were also sent in by Licentiate Manzer, Bonnell and Boyer. All these reported great progress in their work. The secretary concluded his report with a brief allusion to the union. He said that they had now reached a momentous stage in their history as a religious body, that although the work was being carried on under more favorable conditions with more economy of methods and resources and with greatly enlarged territory and opportunities.

Rev. Joseph Noble in moving the adoption of the report spoke of the great satisfaction the reading of it had given. He compared one report to which he had listened in the past with the present one. There was a great change for the better, but they were not what they ought to be yet. They failed to realize all that was implied in the word church. There was no organization on the earth could compare with her. She was the light of the world—a city set on a hill discoverable of all men. Both the church and the individual Christian were under heavy responsibilities. He had been looking into his own life, and he was asking himself if he was doing his duty. He was wondering if it could be said of him as it was said of one of old time that he was a man of God. He was asking himself if he was doing his duty. He was wondering if it could be said of him as it was said of one of old time that he was a man of God.

HAS COLE PROVED AN ALIBI?
Very Strong Evidence in Defence of Prisoner in Steeves Murder Case—Witnesses Completely Corroborate His Story That He Was At Home on Day of Murder.

Portland, Me., Oct. 7.—(Special)—It is the Cole murder trial had gone to the jury at the close of today's session it is extremely probable that a verdict of acquittal would have been rendered. The defence was all in when the court adjourned, and the respondent had been corroborated in every essential detail of his story of April 12, the day when he last saw his chum, John P. Steeves, as the latter left Cole's house in the morning.

Cole had said that after he and Steeves returned to the house that morning and Steeves left to see Hiram Crossman, about securing work, Cole had remained in the house and repaired a sofa during the morning. His step-sister, Mrs. Annabelle Blake, her husband and a boarder, all of whom live in Cole's house, agree in testifying that the sofa was repaired on that morning and that Cole did the work.

Cole had sworn that in the afternoon of the same day, he walked to a power house and that there he saw a Mr. Fitzgerald and two other men, Fitzgerald, who is a Salvation Army officer, confirmed this part of the story. He recalled the visit and the conversation clearly and fix the date exactly. That night he had visitors, who took supper at his house and with whom he talked over the conversation with Cole. The visitors had that day moved into the house, and the date of their moving was established by their rent receipts. Neighbors also were able to fix the day of the moving.

Cole had sworn that in the evening of April 12, he called on a clairvoyant. The clairvoyant and the woman with whom she boards confirmed his statement, they, too, fixing the date beyond question.

So much for the alibi.

In further support of Cole's testimony the defence put on a witness who swore that on Saturday preceding April 12, he met Cole and Steeves and that the former had a gold watch, while the latter had a silver watch. This corroborated Cole's testimony that he had carried the gold watch belonging to Steeves, while the latter was boarding with him.

That Cole had Canadian money before April 12 was shown by his grocer, to whom Cole paid two Canadian bills on April 12 in settling his weekly account.

Not content with corroborating his client's story, Mr. Wilson, the counsel for the defence, attacked the state's case. He called attention to the fact that one of the witnesses, who identified Cole as the tall of the two men seen in Falmouth, April 12, was never sighted, that she often failed to recognize her intimate friends at the distance of three feet.

Others swore that another identifying witness had repeatedly told him that he had not seen the two men whom other Falmouth residents were talking of during through connections with P. E. Island.

Final Documents in Nova Scotia Railway Purchase Signed and Transfer is Now Complete.

Truro, N. S., Oct. 7.—(Special)—The final documents in the purchase of the Midland railway by the D. A. R. for about \$250,000, were signed at Montreal this afternoon at 3 o'clock by the president of the D. A. R., who came across from England for the purpose.

P. Griffin, general manager of the D. A. R., will leave Kenville tonight by special to arrive here in time to formally take over the road at 12 o'clock.

All trains Monday will be under the management of the D. A. R. Mr. Griffin has not stated his intentions as to the management of the road, but it is understood the Truro office will be maintained.

The D. A. R. will send all through traffic from west to east via the Midland branch, and will thus draw a great deal of traffic of the I. C. R. between here and Windsor Junction.

It is stated the D. A. R. will take up the contract to extend the road to Brule, on Northumberland Street, opening up a fine agricultural country and making through connections with P. E. Island.

WORLD'S RECORD

Dan Patch Goes a Mile in 1.55 1-4, Breaking His Previous Record.

Lexington, Ky., Oct. 7.—Dan Patch, king of pacers, today clipped three-quarters of a second from his own, the world's record, of 1:56, negotiating the mile in 1:54. A crowd of 10,000 persons were already in a high state of enthusiasm over the breaking of the 1905 record and the world's three-quarter record accordingly, and when Dan Patch's time was hung out excitement approached frenzy.

The great son of the Patches and Zekkas appeared for his trial at 4 o'clock, the track was lightning fast, there was no wind and the weather conditions were ideal. Scott Hudson was behind the pace maker. A strip of cloth between the wheels of the forward sulky to prevent dirt being thrown behind, was the only suggestion of a wind shield. Hersey was hung out for the first quarter. Hope was sustained when it was posted for the half. In the stretch the pacer still kept his even swinging stride, the runner at his sulky began to crawl up. Dan Patch made no last supreme effort. He just finished the mile as he had begun it. He scarcely broken into a sweat when led back to receive the plaudits of the crowd.

REFORM FOOTBALL

Now is the time when crumpling noses and rattling fists and the dull thud of feet against face announce the football season. MT. ALLISON WON

MEMRAMOOC, Oct. 7.—The first football game of the season for both competing teams was played here today between the local team and Mt. Allison. The game was a close one and at the end of the game the score stood 3 to 0 in favor of Mt. Allison.

During the first half St. Joseph's scored a little heavy for the visitors, and once they forced them to touch for safety. At the end of the first half there was no score.

During the second half both teams touched the safety, and it was only during the last few minutes' play that Capt. Wright of Mt. Allison made the only score. Three teams hung out excitement, and the second game is to be played on the 19th.

GOOD FOOTBALL

Three excellent games of football were played on the Victoria grounds Saturday afternoon before a large and enthusiastic gathering of spectators.

The first game was between the Neptunes and Carleton, and was refereed in an impartial manner by Fred E. Jordan. The punting of MacFadden and Ellis, of the Neptunes, was of a very high order, while McKeezie and Freese played great ball for the sons of the ocean. It was anybody's game throughout the contest, and each team had a fine line-up of coaches on the side lines. A penalty kick awarded the Neptunes in front of the Carleton goal gave the former three points, the Neptunes, was of a very high order, while McKeezie and Freese played great ball for the sons of the ocean.
