TWELVE PAGES—ONE CENT

BRITISH MAKE SECURE ALL GAINS OF YESTERDAY

Only 1,200 Casualties Between Schwaben Redoubt and Le Sars Despite German Mis-statement - Enemy Loses More Aeroplanes

London, Oct. 24.—The ground gained by us yesterday in the neighborhood of Guedecourt and Les Boeufs, on the Somme front, has now been fully secured, so the War Office announced today. During the night there was nothing to report except intermittent shelling on both sides.

Paris, Oct. 24.—French and German artillery forces were busy last night with the Somme, where an artillery duel raged in the Baches-Ablaincourt region. There was no infantry action along the French front in the Somme area.

Three German aeroplanes were brought down in the course of twenty aerial combats yesterday in the Verdun region during a thick mist.

Russian Report. Petrograd, Oct. 24.—On the western (Russo-Galician) front there were no events of importance, says today's official announcement.

On the Caucasian front north of Day, southeast of Lake Van, our detachments disposed of a horde of Kurds, capturing various kinds of weapons and more than 400 head of cattle.

As Berlin puts it. Berlin, Oct. 24.—In an attempt to break through the German lines on the Somme at any cost, the British and French yesterday used great numbers of troops in repeated attacks, so the war office announced today. Their assaults broke down with heavy losses.

The defeat of the allies was extremely severe. The statement says that several thousand of the Somme a French attack met with similar results.

THE 180TH HERE EARLY. The 180th Sportsmen's Battalion took the city by surprise this afternoon when the first train arrived at three o'clock instead of 6.40 as was announced last night.

As a result of the surprise, the 180th Sportsmen's Battalion was able to enter the city without any opposition. The train was delayed forty-five minutes.

As a result of the surprise, the 180th Sportsmen's Battalion was able to enter the city without any opposition. The train was delayed forty-five minutes.

PARIS CONFIDENT OF OUTCOME OF CONFLICT IN EAST

This Despite Loss of Constanza By Roumanians. BERLIN IS JUBILANT

Paris, Oct. 24.—The capture of Constanza by the Teutonic armies puts a damper on the enthusiasm aroused by the continued progress of the Entente Allies on the front in Poland. French commentators do not unduly exaggerate the importance of the achievement of Field Marshal Von Mackensen, whose action up to the present time is considered here as a defensive one in shortening his front so as to bring it in better with fewer men. They point out that the only way he could do this is to advance, since, if he fell back, his front would be lengthened insofar as he succeeded.

The observer says also that if he manages to tie up the Russo-Roumanian front in Dobruja by holding a narrow front slightly south of the Teutonic line, he will not be slow to employ his troops to induce the latter to act in order to deal with the strike on the Austro-German army operating in Transylvania, which they assert is the essential front from which alone Bucharest can be attacked with any chance of decisive success.

Long before that, it is believed here, Roumania with the help of the allies, will be in a position to turn the tables upon its enemies. French critics assert that this belief seemingly is justified by the gallant defense the Roumanians are maintaining in the passes of the Carpathians.

In Berlin. Amsterdam, Oct. 24.—The Berlin newspapers express surprise over the capture of Constanza by the Teutonic allies. They say Constanza is the main port of Roumania and is especially important owing to its important railroad connections.

Bulgar Report. Sofia, Oct. 24.—The official communication from Bulgarian headquarters says that the capture of Constanza by the allied (Teutonic) troops continued the pursuit of the enemy. At an o'clock on the afternoon our cavalry entered Constanza.

"Detachments of the right wing occupied the village of Dobruja, which is 15 kilometers northwest of Constanza and the village of Alopech near the railway, while the left wing took the town of Idris Koyous and also Hill 127, six kilometers south of Medjidie also the heights five kilometers north of Koyous Mamout and the base of Hill 158.

Russian Statement. Petrograd, Oct. 24.—The occupation of Constanza and Medjidie in Dobruja by forces of the Central Powers is announced in today's war office report. Under the terms of the central Powers' attack on Russian and Roumanian troops retired to the heights north of these places.

The Roumanian northeastern front are reported in the official announcement, which follows: "Roumanian troops on the front in the valley of the river Terebia the enemy remains passive. Along the Buzze-Dobruza-Kimfonj line an artillery duel is proceeding. Enemy attacks in the region of Orsova were repelled by our fire."

Little Booty. London, Oct. 24.—According to reports from Bucharest received at Rome and relayed here by wireless today, the capture of Constanza by the Teutonic army, has sent congratulations to King Ferdinand of Bulgaria on the capture of Constanza.

Roumanians Attack. Bucharest, Oct. 24.—Roumanian troops made an attack yesterday along the whole Oluz front, near the Transylvanian-Roumanian border. The war office announces the capture of ten machine guns and several hundred prisoners.

THE LATE CHAS. G. MACMANN. The body of Charles G. MacMann, who died suddenly at his home in New Haven on October 16, was accompanied by his brother-in-law, Walter P. White, of Waltham, Mass., to the home of his brother, F. D. MacMann, of Minto, N. B. The funeral took place on Friday last at 2:30 p. m. A short service was held at the home, after which a large number of friends and acquaintances escorted the body to the church at New-castle Creek, the old home of the deceased, where, before a large congregation, Rev. A. A. Hovey preached a very impressive sermon on the sterling qualities of the late Mr. MacMann. Burial took place in the family lot. Among the floral tributes, which were numerous, were a beautiful wreath from the firm of Barker & Deane, of New Haven, with whom the deceased was employed as sales manager; and another from the office staff, large crosses from the Phoenix Club of New Haven, and wreath from the brothers and sisters of the deceased. Mr. MacMann leaves to mourn his wife and three small children, to whom the sympathy of a large number of relatives and acquaintances is extended.

FOR FIRE DEPARTMENT. At a meeting of the common council this afternoon Commissioner McCallan will move for the purchase of two new pieces of motor fire apparatus, under the grant already made for the purpose. He will recommend a Chalmers runabout for the use of the fire chief and a General Motor chassis for a salvage corps wagon, the body to be built here.

He will recommend a Chalmers runabout for the use of the fire chief and a General Motor chassis for a salvage corps wagon, the body to be built here.

More Brave Lads Who Have Bled For Right

St. John and Province Soldiers In The List Today

Relatives here have been informed by Mrs. Burrell Shaw of Hartland that she has received a reassuring cablegram from her son, Captain Wendell B. Shaw, who was reported recently among the wounded. The cable message is as follows: "Arrived at Canadian Hospital in London; excellent here. Wounded right leg, shrapnel; not serious. Don't worry."

Corp. Wm. Rees. Mrs. Rees came to the home of Mrs. Sophia Rees on last Sunday when a dispatch from Ottawa conveyed the information that her husband, Acting Corporal William Rees, with a New Brunswick battalion now fighting in France, was officially reported as missing between October 1 and 3. Acting Corporal Rees was a native of New Brunswick and came to St. John about three years ago with his wife and four children. He enlisted in this city and crossed over with the Mounted Rifles. He had seen a year's service and up to the present had been most fortunate. He was thirty-eight years of age. Besides his wife and four children here he had no relatives in Canada. One daughter is at present in the old country.

Mrs. Rees was greatly affected upon receipt of the telegram but still hopes there is some mistake or at least that he is a prisoner of war.

Carl Walker. Harry Walker of Fredericton was notified this morning that his son Carl Walker, serving in France with an artillery unit, had been wounded in the head and chest. Walker, who has served in the front since the outbreak of the war, is a member of the 2nd Battalion, Lance-Corp. R. McKendrick.

Lance-Corp. Raymond McKendrick, a son of C. F. McKendrick, for years a grocer in Fredericton, has been reported missing according to word received by his relatives in Winnipeg. Lance-Corp. McKendrick went overseas with a Winnipeg battalion in the first contingent and has been missing since September 18.

Pres. H. C. Fielding. Some time ago the name of Private Harold Clive Fielding appeared in the casualty list, as being killed in action. B. A. Fielding of St. John, knowing that his grandson was overseas and his initials were the same as those given in the list, feared that it was he and as a result wired Ottawa and received word in reply that his grandson had been wounded in the right leg on August 28, but had returned to the firing line. Yesterday the family received official word that Private Fielding had been killed on October 1.

He went overseas with the 64th Battalion and after arriving in England was transferred to another battalion. Besides his father, Dr. C. H. Fielding of Boston, he is survived by his two grandfathers, B. A. Fielding of this city, with whom Private Fielding lived until four years ago, when he went west, and Dr. E. N. Payzant of Wolfville. Private Fielding was only twenty years old.

Ottawa List. Ottawa, Ont., Oct. 24.—(Casualties.) INFANTRY. Killed in Action. Wh. H. MacLeod, Lawrencetown, N. S. Died of Wounds. Acting-Serjt. F. B. Morgan, Morganville, N. S. Wounded. R. S. Clarkson, McAdam; Arthur Patterson, Halifax; D. Kenard, Springhill Junction; K. Farquharson, Sydney; P. Hachey, Bathurst; Lance-Corp. H. Kravon, Victoria, N. S.; I. Ludlow, New Aberdeen, C. B.; C. S. Bain, Yarmouth; A. Chisholm, Antigonish, N. S.; Wm. Patfield, Halifax.

Previous Reported Missing. Now Admitted to Hospital. C. Dagle, Bathurst. MOUNTED RIFLES. Killed in Action. Peter Fougere, Larry's River, N. S. Missing. J. J. Power, Halifax; J. E. Prince, Hampton; Acting-Serjt. J. G. L. Annett, Campbellton; W. J. Deveau, Halifax; W. J. Golden, Trinity Bay, Nfld.; E. Hill, Sydney; Acting-Corp. W. Rees, St. John.

Wounded. K. Beach, Hunter's Home, N. B. ARTILLERY. Wounded—Believed Killed. Gunner J. M. McAdam, Fredericton, N. B. Wounded. Gunner J. A. Gillis, Glace Bay; Gunner R. G. Leads, Woodstock.

NEW CARDINALS TO BE NAMED IN DECEMBER. Rome, Oct. 23.—Pope Benedict has decided to hold a secret consistory on December 4 and a public consistory on December 7 at which he will create new cardinals. The red hat will be conferred on Monsignor Count Raffaele Scapinelli, former papal maestro in Vienna, and Monsignor Frluhirth, former nunzio in Munich.

At the consistory Pope Benedict will deliver an allocution in which he will discuss the European situation and pray for a cessation of the war.

GOVERNMENT IN EMERGENCY SESSION TODAY

Threatened Strike of C. P. R. Men Tomorrow Taken up at Ottawa

Ottawa, Ont., Oct. 24.—The ministers of the government were assembled this morning in an emergency cabinet meeting to deal with the strike on the Canadian Pacific Railway, which the trainmen have voted shall begin tomorrow.

THOUSAND DOCTORS AND HEALTH WORKERS ARE IN CONVENTION

Dr. Montizambert of Ottawa and Dr. La Chappelle of Quebec Among Them

Cincinnati, O., Oct. 24.—About 1,000 physicians, health officers, social workers and others interested in public health, were present when the 44th annual convention of the American Public Health Association was called to order here today.

"KILLED IN ACTION," LEAVES HALF MILLION

American Aviator With Allies Gives up Life in Fighting at Verdun

Poughkeepsie, N. Y., Oct. 24.—Victor Emmanuel Chapman, son of John Jay Chapman, has been killed in action at Verdun. He left an estate of \$500,000.

REAL ESTATE

Transfers of real estate in St. John county have been recorded as follows: Ellen E. Cox and Harry Cox to A. W. Doherty, property in Simonds. John Warnock et al to W. M. Mackay, property in Simonds.

CITY PUBLIC WORKS

Commissioner Fisher is conducting an investigation in an effort to find some material which will afford as satisfactory a foundation for street car rails as concrete without requiring so much time to set. If a substitute could be found it would be of great advantage in lessening the time during which the street cars cannot use the rails after repairs have been made and would prove a great boon to the public.

WEATHER REPORT

Synopsis—Rain occurred during the night near Lake Huron and in Muskoka, but the weather for the last day has been fair in all other provinces of the Dominion. There are indications of a storm in the mid-Atlantic moving northward towards Nova Scotia.

GREY'S SPEECH MOST IMPORTANT SINCE WAR BEGAN

London Daily News Comment On Statesman's Remarks

London, Oct. 24.—Viscount Grey's speech, says the Daily News, is the most important utterance that has been delivered by any statesman of the belligerent nations since the war began.

"The most significant passage," says the Daily Mail, "is that in which he responded to the appeal which President Wilson made in his speech to the league of peace."

More important was the offer it contained in that sacrificing that attitude America should come into the field, not as a challenger, not as a disturber of the peace, but as a definitely pacific force.

"To that proposal Viscount Grey gives emphatic welcome. We believe Viscount Grey's invitation will be heard with satisfaction in every neutral country and that we have seen the beginning of a movement which one day will hold the world in awe."

IN WALL STREET TODAY

New York, Oct. 24.—Massachusetts Mining declared a dividend of \$1 payable Nov. 15 to stock of record Oct. 31. International Nickel for six months ended Sept. 30, net increase \$1,000,285; balance increase, \$776,828, equal to \$4.64 a share on \$41,834,000; common stock par \$25 against \$5.48 a share on \$38,012,000, common previous year.

Lehigh Valley Sept. net, after taxes decrease \$65,464, three months increase, \$248,340.

Head of peace delegation assigned by Carranza to negotiate \$100,000,000 Mexican loan here.

Providence Journal says German idea in sending U-53 to America was to ascertain what Washington would do in event of ships being sunk within short distance of American coast.

Twelve industrial, 105.17 up 1.29; twenty active rails, 111.63, up .69.

A new public interest is coming into stock market on account of reaching of new high figures for U. S. Steel. Based on the present outlook conservative sources hold that the present price of the common stock is not at all inflated.

The stocks of the independent steel companies, Lackawanna, Republic, Bloss, Crucible and Colorado Fuel, are subject of a wider inquiry than at any time in the past due, according to the character of the queries, entirely to the war and probable heavy demands for steel products.

LONDON'S WELCOME TO BAND OF THE FRENCH REPUBLICAN GUARD

Shirring scenes were witnessed as the representatives of France's glorious army marched to London and tremendous crowds cheered our Gallant Allies all the way. The massed bands of the British Guards played the visiting French musicians through the street. Picture shows the British massed bands playing the guests to the Mansion House.

FUNERAL OF THE EARL OF ESSEX AT WATFORD, ENG.

Photo show Lord Aldenham, Earl of Clarendon and Lord Ribblesdale.

MUNITION WORKERS ENTERTAIN WOUNDED 'TOMMIES'

Women munition workers' sports at Slades Green, England. Photo shows a unique pick-a-back race. All enjoyed themselves.

CITY WATER WORK

The break in the water main in Brunswick street was repaired and the water turned on at four o'clock this morning. A hydrant at the corner of Brunswick and Brunswick street is being renewed, and two new hydrants are being installed in the Victoria street.

Equipped his three brewery plants to make "Loju," the juice of loganberries and "Appju," the juice of ripe apples.

The new fruit juices were liked by the public, the demand grew, the business prospered, and now, instead of being closed, the three breweries are running at full capacity and more men are employed than formerly. And these men have the pride of knowing that they are in a clean business which is a benefit instead of a curse to mankind.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

CHARLIE CHAPLIN AND "THE SHIELDING SHADOW" AT THE UNIQUE TONIGHT. As a special feature, in conjunction with "The Shielding Shadow" and the Pathe News, Charlie Chaplin will be seen at the Unique tonight in the Essanay comedy, "The Bank."

Mr. Doherty Scored Against. (Ottawa Citizen, Ind.-Con.) Hon. Mr. Doherty, minister of Justice, is reported to have made some sarcastic references to Sir Wilfrid Laurier as Henry of Navarre and to have stated that the white plume had been at the cleaner's since 1911. This is reminiscent of the fact that the minister of Justice sent his crime to the cleaners some time after 1911 and showed no disposition to assume any part of the duties connected with the wearing thereof except the drawing of the superannuation allowance in conjunction with his salary.

CUSTOMS JEWELRY SALE. Poyas & Company, 12 King square (Reindeer Condominiums), have purchased from the customs an immense quantity of jewelry which had been seized for certain reasons. A fine lot of high grade goods from the best manufacturers such as gold bracelets, Waltham wrist watches for ladies and gentlemen, other watches, chains, tie pins, etc. Poyas bought at a very low price and as he expects his Christmas stock within the next few days, will sell out the entire lot at about wholesale cost. This is a grand opportunity to buy at such a secure by the customs is a very rare occurrence. All goods marked in plain figures. 10-28.

SEES FAR REACHING EFFECT OF MCGRAW'S INDISCREET ACT

Joe Page Believes the Little Napoleon of Baseball Has Shaped Way to His St. Helena

(By Joe Page) As the Right Hon. Ralph E. McMillin stated when he introduced the writer to Pat Moran of the Phillies during the world series just past—"The series may be an amalgamation of the old and new name and call them the Superb Dodgers, because they proved their ability to excel between McGraw and the other players, and in such a clean manner, that baseball ribbon event never saw and never wants to see such another exhibition for world's championship honors. Coming back to McGraw and his little Napoleon of baseball, Joe Page, he may have done it for the best. But those who have watched his manipulations of players as captain and manager, ever since he became manager, cannot see John McGraw in any other role than that of dictator. Hence the name given him years ago, The Little Napoleon of Baseball, and to see him in the part of manager, in name only, as played at New York last year, is not only not to the liking of his friends, but to the baseball public in general throughout the wide and breadth of America.

How Storage Could Lower Prices!

The uncertain quantity of price may be overcome by merchants buying heavily now at present price and storing surplus, if needed. The terms reasonable and location convenient—30 CHARLOTTE ST. D. MAGEE'S SONS, 63 KING ST.

MATTER OF STEAMSHIP SERVICE AFTER WAR

Suggestion Made by Sir Henry Drayton to Dominions Royal Commission

Ottawa, Oct. 24.—The suggestion that the ships and the men now being used by the British Admiralty between the United Kingdom and Canada and other parts of the empire be maintained in the present service for a period of five years after the war but instead of carrying men and munitions, they carry merchant missions, before the Dominions Royal Commission yesterday afternoon. This proposal was made by Sir Henry Drayton, chairman of the Board of Railway Commissioners and the motherland after the war was over. In order to determine the preservation of trade between the board be set up which would fix ocean freight rates so that undue advantage might not be taken of shortage of tonnage. He believed that it difficultly would be experienced in this direction if maximum rates were set up in the manner that standard rates on railroads are fixed by the railway commission. Sir George Foster questioned the possibility of inducing private owners to maintain their ships in the British-Canadian service when perhaps they could get better rates between New York and South America.

PATRIOTIC CAUSES

The Climbers. "The House Next Door," a famous amateur production of last fall, has a rival in the coming entertainment "The Climbers" which will be played in the Opera House on November 9, 10, 11 under the auspices of the Brunswick Chapter, I. O. O. F., assisted by a local club. Proceeds are for patriotic purposes. Hallow'en Harry is Started! When the Loyalist Chapter, I. O. O. F. engaged the services of "Hallow'en Harry" for October 31, he had no idea of the immensity of his plans. However he is becoming so enthusiastic that the success of the fair is assured. In addition to all the features advertised, there will be bridge dancing, "special cabaret," and the 16th Band will be present. Doors open at 7; children's features 8 to 8; dancing, 8.30. Admission, afternoon including tea, 25 cents; evening 50 cents. Everybody come and welcome "Hallow'en Harry." Half proceeds to the "Fighting 35."

TODAY'S WAR NEWS IN BRIEF FORM

Virtually the entire Constanta-Teheran railway line in Dobruja is now in the hands of the British. The Russian official statement today admitted the evacuation of Medjidie by the Russians and Roumanians.

Medjidie is approximately twenty miles inland from Constanta, a Black Sea port and terminus of the railway, the fall of which to the armies of the central powers was reported yesterday.

Medjidie, furthermore, is but little more than thirteen and one half miles from Schemnawoda, where the Russo-Roumanian forces are apparently preparing to make a stand at the bridgehead protecting the town.

The bridge over the Danube between Belgrade and Cune spans the river at Schemnawoda, carrying the railway line running to Bucharest.

London reports that the British have fully consolidated the ground gained by them yesterday in the neighborhood of Guendecourt and Lesbois, where the capture of 1,000 yards of German trenches was reported.

PERSONALS

Miss Lorraine Bailey, of Calais, arrived last evening to spend a week in the city, the guest of Mrs. F. F. Scully, Lansdowne avenue.

The Misses Ethel and Effie Pringle, of Everett, Mass., are the guests of Mrs. W. G. Roberts, 38 Bentley street.

Reginald Green, of the staff of the Bank of Nova Scotia has been transferred to the Montreal branch and left last night to take up his new duties.

Mrs. McCurdy, wife of F. B. McCurdy, M. P. of Halifax, passed through the city last night en route to Boston.

E. F. Frazar, accompanied by the daughter, Rheta, is to leave tonight for New York. After a short time there Miss Frazar will return to Boston to enter the Middlesex College to train as a nurse.

Mrs. Capt. Pratt and little son, Elston, left last night for New York en route for Belfast, Ireland.

Mrs. J. Johnson and daughter, Bessie, accompanied by Mrs. Geo. Davis of Chipman, N. B., have returned home after spending a few days, the guests of Mr. and Mrs. Jas. Latimer.

"Hallow'en Harry."

NOTICES OF BIRTH, MARRIAGES AND DEATHS. 50c.

DEATHS. BURNS.—On Oct. 24, Henry Harvey Burns, aged 68 years, leaving his wife and two daughters. Funeral from his late residence, 78 Paradise Row, Thursday, 26th, at 8 p. m.

LOCAL NEWS

The Young People's Society of St. Matthew's Presbyterian Church met last evening and packed Christmas boxes for soldiers at the front.

A baby carriage, valued at \$27, containing several parcels valued in the vicinity of \$10, was stolen yesterday afternoon from in front of the residence of George A. Horton, 328 Union street.

The employees of the Canadian government railways are signing an agreement authorizing the payment from their wages or salaries a day's pay as a contribution to the patriotic fund. This is the third similar contribution.

F. G. Spencer has returned from an extended business trip that took him as far east as Halifax and as far west as Boston. While in Halifax he took up the matter of double deposit that is being exacted by some of the moving picture exchanges in the province. A protest was registered against this deposit after the C. O. D. system was introduced.

A special meeting of the Board of Health was held yesterday afternoon, with members of the provincial board of health present, on invitation. The meeting was called with the view of securing united action on the part of the medical authorities in New Brunswick to avoid the possible bringing of infantile paralysis here from Montreal. Action along this line was decided at the meeting. Those present were: Senator Daniel, John Kelly, Secretary T. M. Burns, George Blake and Dr. Melvin of the local board, and Daniel Mullin, K. C., and Dr. L. M. Curran of the provincial board.

Presentation to J. L. Slattery. J. Louis Slattery, news editor of the Standard, left last evening for Montreal to accept a position as assistant news editor on the Montreal Gazette, and take up post graduate work in McGill University. On Saturday evening the members of the Standard staff met at the home of the editor, A. E. McGinley, and during the evening presented to Mr. Slattery a fine case of pipes.

BEST LIVER AND BOWEL LAXATIVE FOR FAMILY USE

"Cascarets" Regulate Women, Men and Children Without Injury

Take When Bilious, Headachy, For Colds, Bad Breath, Sour Stomach

Instead of nasty, harsh pills, salts, castor oil or dangerous calomel, why don't you keep Cascarets handy in your home? Cascarets act on the liver and thirty feet of bowels so gently you don't realize you have taken a cathartic, but they act thoroughly and can be depended upon when a good liver and bowel cleaning is necessary—they move the bile and poison from the bowels without griping and sweeten the stomach. You eat one or two at night like candy and you wake up feeling fine, the headache, biliousness, bad breath, costed tongue, sour stomach, constipation, or bad cold disappears. Mothers should give Cascarets any time—they are harmless and safe for the little folk.

Life Scattered Lavishly.

If everything born even in a single hour were allowed to multiply unchecked by death, there would soon be no room on earth for man.

Let us take the rotifer, one of the smallest of created things—so tiny that it can scarcely be seen by the naked eye. If all the progeny of a single rotifer were allowed to multiply unchecked for a year only, its descendants would represent a solid sphere of closely packed animalcula millions of times larger than our earth.

Again, take the green fly, the pest of the rose grower. In a day one green fly can produce twenty-five others; the next

day its family would number 625, on the third day, 156,250, and so on, until at the end of two weeks the last generation alone would have grown to thousands of quadrillion (a number expressed in twenty figures), and would outweigh the entire population of the earth today. If plants were permitted to multiply on similar lines, the earth would be a dense tangle of growth.—Pearson's Magazine.

Tea leaves need not be wasted. Keep them for a week, place them in boiling water, to which has been added a little carbonate of soda, allow it to stand for a while and strain. The liquor will be found excellent for cleaning furniture and linoleum.

A STEP AT A TIME

Have you ever noticed how unreasonably the man at the bottom of the ladder elevates the man at the top? Not until success has been actually attained does the man appear at the top, and the consequence is that he gets scant credit for the step at a time climbing which has brought him there.

This, at any rate, is the experience of the Midland Vinegar Company, of England, the manufacturers of H. P. Sauces. They are now at the top of the ladder—H. P. is an assured success—everybody who tastes it likes it, and recommends his friends to make a trial of it.

Manufacturers of sauce, however, no one has leisure to imagine what a long time was given over by the Midland Vinegar Company to the making of their sauces with different combinations of rich Oriental fruits and spices, before a perfectly delicious sauce like H. P. was arrived at and christened, and sent forth to win its way with the people. H. P. has been a success from the very first—but that is because its manufacturers climbed up to it a step at a time, and did not want themselves as sauce manufacturers until they had a perfect sauce to talk about. You try H. P. You will like it—everybody does.

MORNING NEWS OVER THE WIRES

Rev. H. A. Saunders, of Nova Scotia, who succeeds his brother as pastor of the group of Baptist churches in and about Salisbury was welcomed to his new pastorate on Thursday evening.

Little Karl Gullberg, of Douglastown, who was accidentally shot last week when cleaning a gun, succumbed to his injuries Sunday morning. He was only thirteen years of age.

The first opium joint ever known to the citizens of Moncton was unearthed on Saturday night by the Moncton police when the officials captured enough dope to put the city asleep for a day or two. Liquor was also found on the premises where the opium was discovered.

Astonishing Power of Iron To Give Strength to Broken Down Nervous People

Physician Says Ordinary Nuxated Iron Will Increase Strength of Delicate Folk 200 Per Cent. in Two Weeks' Time in Many Instances.

New York, N. Y.—in a recent discourse Dr. E. Sauer, a well known specialist who has studied widely both in this country and Europe, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue, and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this condition blood and nerve starvation, people become generally weakened, nervous and run down, and frequently develop all sorts of conditions. One is too thin, another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleepy and tired all day; some are fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases it is worse than foolhardiness to take stimulating medicine or narcotic drugs, which only whip up your flagging vital powers for a moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two ferruginous tablets of ordinary nuxated iron

three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were failing all the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and give you a good, sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of iron, ferric iron, like tincture of iron, iron acetate, etc., often injured people's teeth, upset their stomachs and were not assimilated, and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated Iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$100.00 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by Watson's Drug Store, and all other druggists.

Sir Robert Borden has appealed to the young manhood of Canada to fill the ranks of the waiting battalions, and of others to be mobilized into an additional 100,000 men or more in the ranks of Canada's army.

WHAT ST. JOHN NEEDS

If all the children were in school in St. John who ought to be there, the accommodation would be overtaxed. If all the children who are underfed, ill-dressed and neglected were removed to the Municipal Home, it would have to be greatly enlarged.

THE PUBLIC CONSCIENCE

A striking tribute is paid to the awakening of the public conscience in Canada in the remarks made by Hon. J. A. Sheppard of Saskatchewan, speaker of the legislature, following his resignation, which was tendered as a result of the findings of a royal commission.

FOR YOUNG MECHANICS

A mechanic who attended the evening technical classes in the Centennial school building last winter was able as a result to add several hundred dollars per year to his salary.

Let us hope the public conscience will continue to be in such a state that...

Let us hope the public conscience will continue to be in such a state that matter which formerly were considered as legitimate, or at worst, of trivial importance, are now looked on with reproach, and any political connection between a member or a candidate and the liquor interests, of the nature of those which I admit, is now condemned.

PRINCESS ALEXANDER OF TECK AS A WAITRESS

Rarely has a cheery party assembled within the old walls of Windsor Castle than that which made the dining school room with mezzanine when 600 wounded soldiers were guests of the mayor and members of council. White beaver was sent specially by Her Majesty. Royal Princesses waited on the tables, including the wife of the Prince of Teck, who was before the war slated to be Governor General of Canada, but is now an important military service.

Gallieni's Work In Madagascar

He Lifted the Natives From Deplorable State To Lack of Sanitation

Founded Medical School; Also Reduced Infant Mortality in a Great Degree, Regulated Marriage and Restricted Divorce

Little is known generally of the important services rendered to mankind by the late General Gallieni in the domain of medicine and sanitation. These services were performed in Madagascar, where he served as governor. He lifted the natives from a deplorable condition of insanitation to a high hygienic plane which seems likely to endure.

The Medical Record, commenting on the distinguished French officer's humanitarian endeavors, says: "From remote corners of the world, if any place can be called remote nowadays, come reports of medical discoveries, sanitary measures, successful operations, and other bits of news which make us look forward to the time when in the darkest district of the Malay Archipelago the white-doctor shall have been supplanted by the good old G. P. (general practitioner). The Sultan of Sulu no longer invokes a familiar when he has the tummy-ache, he has a leucocyte count and the court physician betakes himself to his office and sharpens up his favorite scalpels.

"The natives of Madagascar is somehow associated in our minds with long, low, rakish-looking canoes manned by ten or twenty savages, crinkly, liver-dripping with blood, cannibal feasts by moonlight, and all the other sanguinary appearances of barbarism. It would seem, however, that in hygienic matters at least this island is fully up to date, thanks to the efforts of the late French governor, General Gallieni, whose work is described by Dr. Kernowatz in the Revue d'Hygiene for June.

"When General Gallieni first assumed charge of the island in the early nineties he was horrified at the insanitary conditions prevailing, the fearful mortality from preventable diseases, and the low birthrate. With an enthusiasm suggesting rather a doctor devoted to his profession than a military man, he set himself to remedy these conditions. His chief work and his happiest results were along the line of infant mortality. He had native women trained as midwives and established and popularized maternity institutions. He regulated marriage and restricted divorce. He exempted the fathers of five children or more from taxation and taxed bachelors instead. He gave prizes to the mo-

thers of large families and organized hospitals, dispensaries and orphanages. "In 1898 Gallieni founded a medical school for the natives, which, after many vicissitudes, due largely to native prejudice, is now turning out well trained physicians. In 1899 a Pasteur Institute was founded for the production of small-pox vaccine and the treatment of hydrophobia. Laboratories were established for the segregation of lepers, a central pharmacy for the supervision of drugs, and information about disease and its prevention was disseminated in a popular way. "Gallieni's services, it is gratifying to record, were appreciated by his subjects as well as by his mother country. The former named him 'Ray Amandriany,' meaning 'both father and mother,' and the French Academy of Medicine awarded him a gold medal, the highest gift in its power. These labors of the general in the cause of human welfare will overshadow, in the mind of the medical profession at least, his military achievements, glorious though they undoubtedly were in the present war."

This strong, dust-tight cartons, packed by machinery at the refinery, is appreciated by particular housewives not only for its perfect cleanliness but for its convenience. Just cut off the corner and pour out the sugar as you need it.

Fall and Winter Requirements For The Home

COME and see the splendid assortments we have this season for brightening up your home. We believe that we can give you greater satisfaction than you can find elsewhere. Our home furnishing goods are all popular lines, new and every attractive at their prices.

- FOR YOUR HOME WINDOWS**
A splendid range of Fine Marquisette, 36 to 40 inches wide, in various borders, from the plain edge with drawn threads, to the wide ornamental border—white, cream and ecru. Prices \$1.50 to \$4.50
Fancy Voiles, mercerized finish—either plain hemstitched edge or fancy drawn-work borders. Very neat and pretty—ecru, cream or white. Prices 25c. to 35c. per yard
Laced Edged Marquisette with hemstitched border. This material makes a very attractive window and gives the same effect as expensive Scrim Curtains. Some of these also have wide lace insertion as well. Prices 35c. to 55c. per yard
Special 40 in Window Scrims with wide hemstitched edge, in cream and white. Will make specially nice bedroom or dining-room curtains. This line cannot be repeated at the price; about 500 yards only to sell. Price 25c. per yd., or 5 yds. for \$1.15
Many other lines of Fancy Edged Scrims, various designs—cream, white or ecru. Prices 15c. to 25c. per yard
- COTTON COMFORTABLES**
A wide range of very attractive Cotton Comfortables secured from the mills last year (1915), before the advances. All are extra good sized quilts, exceptionally well filled and stitched. Prices \$3.50 to \$4.50
- WOOL BLANKETS**
We can still give exceptionally good values in White Wool Blankets, some of our numbers being bought before present season's advances. Quite a good range of different qualities. Some are union and others fine wool—assorted blue or pink borders. Prices \$3.50 to \$8.00 pair
- TAPESTRY TABLE COVERS**
Quite a number of extra good value Tapestry Table Covers, dining table size. Some are the old French Tapestry designs, now hard to get. Prices \$4.50 to \$5.50 each
Reversible Table Covers, in crimson or green repp; bright, cheerful designs. Prices \$2.25 to \$2.95
- CURTAINS OF MARQUISETTE and VOILE**
A splendid range of Fine Marquisette and Voile Curtains, dainty designs with lace edges and fine insertions. These are all exceptionally good value. Come in ecru and white. Prices \$1.50 to \$4.50 pair
- PORTIERES**
We never had a larger range of Tapestry and Repp Portieres. They come in all the best colors, crimson, green, brown, etc., either with or without deep fringe. Sold by the pair or singly. Prices \$2.50 to \$7.00 pair
- CRETONNES and IMPORTED CHINTZES**
You will find designs and colorings to harmonize with almost any room and at a large range of prices to suit the most careful buyers. Prices 13c. to 65c. per yard
- NEW FURNITURE COVERINGS**
Tapestry Repps and Coverings for furniture or portieres, specially good range; all brought before the recent advances in price. Mostly 23 and 54 inch goods, in green, crimson, blue or brown. Prices 68c. to \$1.50 per yard
- BED PILLOWS—ALL QUALITIES**
You can find Pillows to suit almost any purse. All the pillows that we carry are filled with sanitary washed feathers. Prices 56c. each to \$6.00 pair

USE THE WANT AD WAY

How to Buy City Real Estate, or How to Find Purchasers

Somebody Wants to Locate in Every Part of This City

City realty is the bed-rock of financial worth. It is an investment that presents liberal returns and steady appreciation in value. Owing to business demands, removals, deaths, settlements of estates and many other causes, there are always rare bargains to be picked up for cash or on terms. Many owners who are considering offers now would listen to your proposition if you were on hand.

Why not reach all those who have offers on the same day? Our Little Want Ads will reach the people you want to reach.

Also these columns open the way for quick sales to owners. It makes no difference what class of property you wish to buy or sell. There is always somebody waiting to talk business to you. It will cost you but a few pennies and will enable you to deal direct with principles, if you—

(Suggestions For You to Adopt) WANTED—City Realty Income, down-town office, will buy, sell, lease, or lease equity in business blocks at shortest notice. This must be done. State particulars in writing.

FOR SALE—Business block, fronting 10 feet on prominent business street—120 feet on main street. Three stories and basement. Stone below—offices and flats above. \$115,000. Price \$22,000. Terms \$10,000 cash, balance only two years. Call on J. W. G. at 100, West Main street, or write to J. W. G., per post, enclosing cash or part cash and terms. Address.

FINANCIAL

NEW YORK STOCK MARKET Quotations furnished by private wire to J. M. Robinson, Sons, St. John, N.B., New York, Oct. 24, 1916.

The girls at Kennington secondary school, England, knit socks for soldiers and mend the linen for a neighboring military hospital. Photo shows them plying needle and thread.

RECENT DEATHS Miss Elizabeth J. Rowe. The death of Miss Elizabeth J. Rowe occurred after a brief illness at the Old Ladies' Home on Sunday night, Oct. 22. Miss Rowe was born in Ireland about eighty years ago, being a daughter of the late R. A. Rowe, professor of music, and at one time well known in this city.

NEW EARL OF ESSEX M. A. has, moreover, an irritating habit of talking as if whatever is good for the C. M. A. is necessarily best for the best thing for Canada; whereas in fact the C. M. A. is just as much of a national institution as the Grain Growers' Association, the Mining Institute, the Underwriters' Association or the Anglican General Synod, and like all these bodies it frequently does things that it shouldn't have. But why, because of all this, jump upon poor Mr. Murray? Why not get after the real heads of the association? Can it be because they are "big men" and Mr. Murray isn't?

FINANCIAL PAPER ON THE CASE OF MR. MURRAY (Montreal Financial Times). Sir Thomas Tait's resignation from the post of Director General of National Service is a very regrettable incident, which deprives the country of the services of a man of first-class ability and substitutes those of a fluent talker and able politician. The fact that Sir Thomas was not in politics was one of the chief things that commended him to Canadians of all shades as a proper selection for the very difficult post created by the government to help out with the task of raising five hundred thousand fighting men. The fact that R. B. Bennett is very much in politics is bound to be a serious handicap to him.

RHEUMATISM CONQUERED "I have been for the last two years a cripple with Rheumatism and Inflammatory Rheumatism. I tried almost everything known to medical science to relieve me of the intense pain and inflammation, but without relief. Your GinPills have done for me what nothing else could. I have since taken other boxes of an ever cured. I consider GinPills the conqueror of Rheumatism and Gouty Disease. G. D. Reid, 50c a box, or 6 boxes for \$2.50. Sample free if you write to NATIONAL DRUG & CHEMICAL CO. OF CANADA, LIMITED, Toronto, Ont. 78

Epstein & Co. Optometrists and Opticians. Open Evenings. 193 Union St.

WASTE IN U. S. BUILDINGS

"It isn't any wonder that there is a cry against the public buildings bill as a 'pork-barrel' measure when one considers the excessive cost of some of the public buildings authorized by congress, remarked ex-Postmaster Crammett of Aberdeen, Wash. 'The government itself is to blame for this cry, because it has shown everything but businesslike methods in the construction of many of its buildings. Take, for instance, the new postoffice at Aberdeen, which is now under construction. The limestone that is being used is shipped to Washington state all the way from Indiana, because Indiana limestone is called for in the specifications, and yet we have quarries in Washington state that produce just as good a quality of stone as is found in the Hoosier state. The specifications also call for southern pine for the floors, and a large quantity of this pine has been sent diagonally across the continent from one end to the other--that is, from Florida to Washington--to build the floors of the new post office. Yet we have in Washington a better quality of pine flooring, the Douglas fir, which is not only preferred by builders, but which has proved its superiority for this work. The government however, has to go to the expense of shipping material 4,000 or 5,000 miles just because some one had the specifications call for southern pine-ash flooring."

Women Know

that they cannot afford to be ill. They must keep themselves in the best of health at all times. Most of all, the digestive system must be kept in good working order. Knowing the importance of this, many women have derived help from Beecham's Pills. These safe, sure, vegetable pills quickly right the conditions that cause headache, languor, constipation and biliousness. They are free from habit-forming drugs. They do not irritate or weaken the bowels. Women find that relieving the small ills promptly prevents the development of big ones. They depend on Beecham's Pills to tone, strengthen and Keep Them Well. Directions with Every Box of Special Value to Women Sold Everywhere. 10 boxes, 25 cents.

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have a headache every week, and still others have headaches occasionally, but not at regular intervals. The best doctor is unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is prescribe the usual pain reliever, which give temporary relief, but the headache returns as usual, and treatment is again necessary. If you suffer from headaches, or suffer what their nature, take Beecham's Pills, and the remedy will be obtained in the highest degree. You can obtain them in all druggists in any part of the world, 25c worth or more. Ask for A-K Tablets.

SICK-HEADACHES

Sick-headache, the most miserable of all ailments, does not derive from A-K Tablets taken. When you feel an attack coming on take two tablets, and in many cases, the attack will be wanted off. During an attack take one A-K Tablet every two hours. The rest and comfort which follow, can be obtained in no other way. Genuine A-K Tablets bear the A-K monogram. At all druggists.

DAMAGE CAUSED BY FIRE AT MILITARY HOSPITAL

Part of the Eastern Wing. All the 200 patients including thirty cot cases were removed without mishap. Although the censored lines do not say so, the nature of the damage might indicate that a Zeppelin bomb with characteristic disregard of Red Cross did the damage.

Frank Mackenzie Among Missing

Former Telegraph Man so Reported; News of the Soldiers at Home and Abroad

Mrs. Kenneth MacKenzie, of East St. John, received a telegram from Ottawa, Sunday night, stating that her son, Frank I. MacKenzie, had been missing between Oct. 1 and 2. Private MacKenzie before the war was a member of the staff of the Telegraph's composing room. When the call came he enlisted with the Army Service Corps, but was later discharged owing to the serious illness of his father. He could not resist the call to arms and was soon in the service of the king again, joining the 6th Canadian Mounted Rifles, then being mobilized. He had been on the firing line for nearly a year and during that time wrote many interesting letters descriptive of conditions on the western front. His description of the fight at Hoops, in which the C. M. R.'s participated, was particularly gripping, and he was the medium through which much information to anxious relatives of those in that unit was transmitted to the home land. He has a brother, Joseph MacKenzie, with the band of the 140th Battalion, C. E. F., now in training in Eng-

CLARENCE HAVENS, of Jacksonville, killed in action. He was a cousin of John W. Judkins in the accompanying cut.

JOHN W. JUDKINS, of Wakefield Centre, Carleton county, reported killed in action on the Somme.

land, and one sister, Miss Beatrice MacKenzie, residing at home. Hopes are entertained by friends and relatives that he may have been taken a prisoner by the Germans or in the excitement of the fight become mixed with some other unit and has not yet reported back.

N. B. Men in List.
The names of nine New Brunswick men appear in the midnight casualty list: Wounded and missing, E. Munroe, Campbellton; C. A. Saulnier, College Bridge; previously reported wounded, now wounded and missing, F. Cody, Milltown; missing, P. MacKenzie, Westmorland road; R. P. Orchard, White's Cove; died of wounds, Driver R. J. Murphy, Lewisville; wounded, Lance Corporal C. D. Orchard, Fredericton; seriously ill, C. W. Adams, Sackville.

Entertained Soldiers.
The Epworth League of the Queen Square Methodist church provided a training and social evening at the Parlo's Convalescent Home last night. About seventy-five people were present.

Take in Lifts and Morning Soldiers.
It is reported on good authority that the 108th had the best record of any unit that ever camped at Valcartier, there being practically no desertions and not a single case of drunkenness while in camp.

The unit was reviewed yesterday by Brigadier-General McLean, Lieut.-Colonel J. L. McAvily and Capt. A. D. Correll. The general has suggested that the unit use the Courtney Bay flats with greater frequency for the purpose

FRANK P. MACKENZIE, reported missing since October 1.

A BOARD OF TRADE INTERVIEW WITH THE RAILWAY MINISTER

That an inquiry would be made into the matter of a request for direct connection with the Ocean Limited by a late morning service from St. John to Moncton, and a late afternoon train, Moncton to St. John, was the assurance which a delegation from the board of trade received yesterday from Hon. Frank Cochrane, minister of railways, and P. P. Gutelius, general manager of government railways, when interviewed. General manager Gutelius said that the passenger traffic from St. John to Moncton was light and that he did not believe it would justify the additional service from a business standpoint, according to a statement made by J. A. Likely, to The Telegraph. The minister of railways said that the matter would most certainly be looked into and adjusted in time for next year, and an inquiry would be instituted in order to determine whether or not anything could be done in the immediate future to remedy the existing conditions.

Increase Lumber Facilities

The delegation was also informed during the interview that the government railways proposed to increase its lumber-handling facilities in Charlotte street extension and to do this an additional track will have to be laid, if the city will grant permission to have the work done.

Regarding the facilities for the storing and handling of flour at St. John the official party informed the delegation that the partial repairs now being made to the flour shed, damaged by fire some time ago, would be completed and arrangements made whereby the facilities for handling flour at the other sheds would be doubled, and thus the situation would be relieved. It was also the intention of the government, the party was told, to do some dredging at Long wharf, thus improving existing conditions there to a considerable extent.

That considerable work has been contemplated for St. John, was also stated by the minister, but that while the war was in progress no new work of importance and involving large expenditure could be undertaken. The members of the board of trade delegation, who were present, were: president, A. H. Wetmore, Senator Thomas, J. B. Cudlip, Harold C. Schofield and Secretary R. E. Armstrong.

Strike Prospects

"I hope our men will have more sense," said the minister of railways, when asked yesterday by The Telegraph what effect he thought the threatened C. P. R. strike would have upon the government lines.

This was followed by the question of what he thought the general situation as affecting the C. P. R. to which he replied: "The C. P. R. are pretty level-headed people and they stand in well with their men and candidly I do not think there will be a strike. At least I do not anticipate any trouble on the government lines at any rate."

On their arrival in Fredericton the board of trade who discussed various matters relating to the C. P. R. developments in the capital. The special train left again last night.

ASSASSIN OF AUSTRIAN PREMIER AWAITING TRIAL

Vienna, Oct. 22, via London, Oct. 22.—Dr. Friedrich, the assassin of the Austrian premier, Count Karl Stuergh, is being held by the police awaiting trial. He maintains complete composure.

Dr. Adler, who is editor of the Socialist periodical Der Kampf, also formerly a member of the Austrian Socialist party, but severed his connection with the party some time ago. He took this action on account of the attitude of the party in supporting the government's war policy.

The assassin, who is independently wealthy, is known as a very morose man. He has one brother in an insane asylum as well as a sister. He has been troubled for a long time with heart disease, and has been in poor health for many years, so that, although he is only 37 years old, he gives the impression of being an aged man. He has two children. His wife is an invalid.

The assassination was political, since Dr. Adler was entirely unknown to the premier.

Kaiser in Berlin

Berlin, via London, Oct. 22.—The emperor, who is paying a brief visit to Berlin, conferred this morning with the imperial chancellor, Dr. Von Bethmann-Hollweg, and will continue the discussions on the general situation concerning which the chancellor and the foreign secretary, Herr Von Jagow, last week visited great headquarters. It is understood that there has been no change in the situation with respect to the United States.

of drill and that on occasion the unit be marched out there, each man taking his lunch and that the day be spent in drill, May Get District Command.

It is reported in military circles that Lieut.-Colonel A. H. H. Powell is slated for a high command in Canada. Lieut.-Colonel Powell is well known in St. John, having been A. G. of this command last winter and made many friends while here. Last summer he was A. G. at Valcartier camp, one of the highest administrative positions in camp, and although he is still technically A. G. of the New Brunswick Command he is absent on a month's leave. Meanwhile it is understood that General Wilson, of the Montreal district, is anxious to have him appointed A. G. in his command and it is rumored that if the general succeeds in this effort then Lieut.-Colonel Powell will be O. C. of the Montreal district during General Wilson's absence on the western front, which has been decided upon by the militia department, according to recent advices from Ottawa. It is altogether likely that Lieut.-Colonel Powell will spend a month or six weeks here as A. G. of this winter before the other appointments now on the military slate are put through.

Favorable to School

It is reported that the militia department at Ottawa is favorably inclined toward the establishment of a branch of the Royal School of Infantry in this city as was the case last season.

Captain Cotten Transferred

The Aedea Bulletin says: Captain George B. Cotten has been transferred to the 246th B. Battalion, as second in command. On account of injuries received during his Yale football experience, he has been rejected for overseas service. Major Henry R. Emerson, who went overseas with the 6th Mounted Rifles and afterwards served with the 6th M. R., has been appointed commander of "D" company, 219th O. S. H. Batt., the position formerly occupied by Captain Cotten.

A search made by ironing can be bleached out by soaking in permanganate and letting the spot dry between cloths.

Oh! What a Slam At Old St. John

"Not so Important as all that" Official Reason Why Work was Masked in Arc Rays While Sister City Hides in the Dark

Under date of October 20 the following interesting despatch from Halifax appears in the New York Times:—Halifax, N. S., Oct. 20.—All lights except a few shaded ones in the west and north ends, have again been ordered turned off in the streets of this city at night, and all blinds must be drawn, according to orders just sent out from military headquarters. Whether a visit from a transatlantic Zeppelin, or an attack from the sea by enemy warcraft is feared, is not known.

"The lights will be turned out because the naval and military authorities feel that it is necessary," is the only statement made by headquarters.

Citizens who have fretted over the necessity of making their way through dimly lit streets were cheered when city officials announced on Tuesday that the light would soon be turned on again, and that it was to test the visibility of the lights from the sea, the basin, and the harbor.

To an inquiry as to why the order of "lights out" did not apply to St. John, N. B., as well as to this city, the reply was made at military headquarters: "Oh, well, you know St. John is not so important as Halifax."

SEES HARD WINTER OF FIGHTING AHEAD

Germans Savage and Discouraged But Not Yet Beaten

London, Oct. 24.—A dispatch to The Daily Express from Percival Phillips, who is with the British Army in the field, says:—

"Hope of early peace has been abandoned by the German army on the Somme. Apparently realizing that the Allies are inflexibly determined to secure a complete victory in the field, the enemy are busily preparing for a hard winter campaign, with even harder fighting as the prospect for next spring.

The people at home who are prophesying peace at Christmas will do well to accept this fact. They must look forward instead to many months of a bitter and desperate struggle before the German war machine is finally broken and the nation behind it is ready to accept the terms of its conquerors.

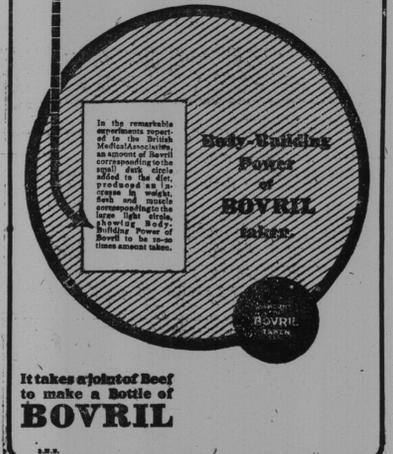

"The German army is savage and discouraged and disturbed by stories of domestic unrest, but it is still far from beaten. The German divisions are less staunch and less dependable than the picked formations of two years ago, and lack the invincible optimism of the latter formations, but they include, nevertheless, well-trained, well-equipped and capable men, who must still be reckoned as serious opponents in battle, and many blows like those of the last three and a half months will be required to bring them to submission.

"There's not the slightest doubt that this can be done, but will not be done quickly. Deterioration of the rank and file undoubtedly exists and it will increase as time goes on, but we have to reckon with other factors as well.

"The German higher command is not suffering from shell shock. The recent

This is the Reason it must be BOVRIL

Bovril is the food proved by independent scientific investigation, carried out by some of the best-known physiologists of the day, to have a Body-Building Power of from 10 to 20 times the amount taken.

It takes a joint of Beef to make a Bottle of BOVRIL

Why are your cookies creations of charm? Said the young lover to Mary: (Dimples were seen on her plump little arm. Pretty and sweet as a fairy!) This she responded, her utterance clear, "Parity Flour is the cause of it, dear."

HOSPITAL NURSES TAUGHT TO BOX

Commander P. F. Newcombe, R. N., an old navy boxing champion, who lost his right foot at Gallipoli is now in charge of a Red Cross Hospital where he teaches the nurses and patients the noble art of self defence. Bouts take place daily on the lawn. Photo shows him watching two nurses.

VAST DRY DOCK BUILT AT PANAMA CANAL Washington, Oct. 24—Panama Canal authorities have just completed and opened to public use a vast dry dock at Balboa, on the Pacific end of the water-way, which is expected to be of the

greatest value as a naval asset. The need of the navy for large docks, already very pronounced, promises to become even greater with the completion of the monster superdreadnoughts and the extremely long battle cruisers which have just been planned and are about to be constructed.

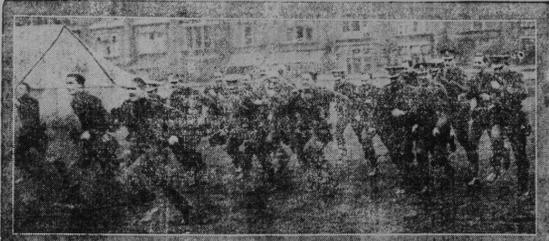

The new dry dock, known as No. 1, is 1,000 feet long, 110 feet wide with a depth of thirty-five feet of water over the blocks at mean tide. Consequently it can accommodate the largest naval vessel in the world now built or projected.

MESSRS. RUSSELL AND FISHER DENY REFUSING PLACES TO SOLDIERS

Both members of the city council to whom the European War Veterans made special references in a letter addressed to Mayor Hayes and the council, published in The Telegraph, say that the charges made are both unjust and uncalled for. Both Commissioner Russell and Commissioner Fisher said that insofar as it has been in their power they have favored returned soldiers in awarding positions they felt the returned men could fill. The association claimed that war veterans had not been given preference where there were vacancies on the city's payroll.

Commissioner Fisher said that at the time of the formation of the association he asked the secretary for a list of men who were at liberty and for their qualifications, but no list had ever been furnished him. He was unaware that any body of men were looking for work.

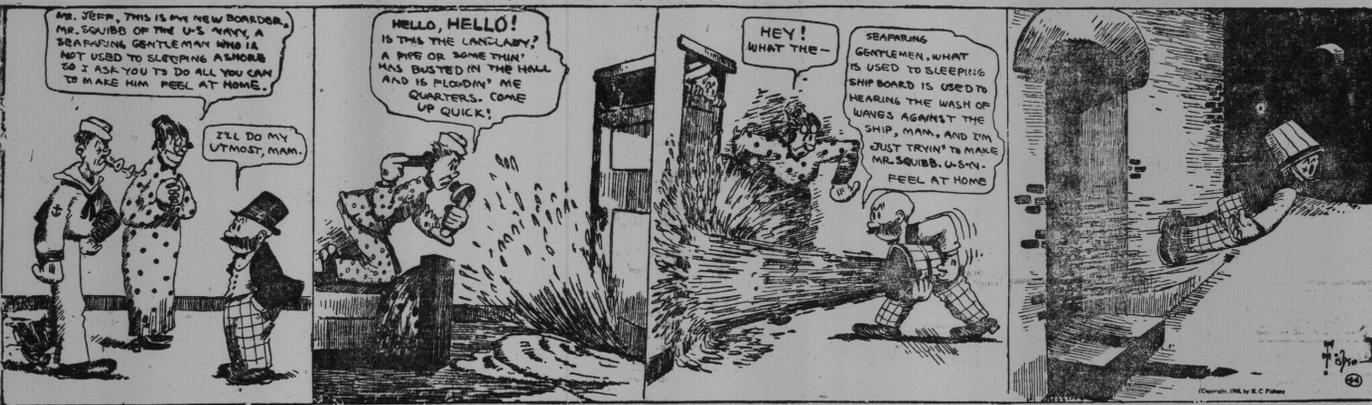

OFFICERS' RACE AT THE SCOTS GUARDS' SPORTS

Queen's Club, West Kensington, was the scene recently of the Scots Guards' sports in which several well known athletes participated. Photo shows the officers running a 120 yards race. Lt. L. Johnson was the winner. Lord Methuen's heir was third.

In any season—Summer or Winter—there is nothing more enjoyable than a delicious cup of tea. The flavor must be "just right," though, and that's where KING COLE TEA excels. "You'll like the flavor" KING COLE TEA'

Mutt and Jeff—Jeff's Intentions Were Good Even if he Did Dampen the Sailor's Ardor

C. C. Band Fair Prize Winners

C. W. Kyffin Gets \$500; John Czyny \$250; James L. Gallagher \$150; F. B. Curran \$75 C. W. Kyffin, 189 Union street, won the first prize around the world or \$500, at the City Comet Band patriotic drawing last night in St. Andrew's rink. A strange coincidence was that the second prize, \$250, which went to John Czyny, 41 Brook street, was won by a ticket in the same series, very near it. The ticket winning the first prize was Q-44 and that winning the second prize, Q-38, despite the fact that they were not drawn within an hour of each other. James L. Gallagher, 27 Dock street, secured the third prize, \$150. Frank B. Curran at the I. C. R. depot won the \$75 prize, while the \$50 prize was won by George Rothwell, 23 St. David street, and F. Barnes, 38 Paddock street, each taking \$25. W. H. Gillen, No. 3 Engine House, and James W. Brittain each won a \$25 prize. R. S. Bonnell, of the customs house, won \$15. The total paid admissions during the period of the fair aggregated \$500. It cannot be said yet what the receipts will be until after the drawing of the second lottery which will take place as soon as the tickets are sold. The prize list is exactly the same as that of last night and the drawing will be carried out in the same manner. Credit for the success with which the fair has been conducted. Since the out-

break of the war the organization has contributed its efforts willingly and most profitably to the various patriotic purposes, and the public will no doubt commend it for its work. It is requested that prize winners call at the City Comet band room, King street east, this evening to receive the awards. Following are the prize winners: A-1—H. McGowan, C. P. R., \$1. B-18—John G. Ross, Waterloo street, \$1. C-19—W. Nomenwan, 125 City Line, W. E., \$2.50. D-41—R. A. Job, 47 Elliott row, 25c.; B. A. Job, 47 Elliott row, 25c.; M. HOW PNEUMONIA STARTS AND HOW OFTEN PREVENTED You catch a little cold today, and tomorrow it has reached the throat, next day the lungs are affected and you wish you had used "Catarhoseon" which kills colds in five minutes. In the first place Catarhoseon soothes the irritated membranes and relieves congestion—then it cuts out the phlegm and destroys the germs. It enables the blood to retain a natural supply of oxygen, lung-food, and vitality. In any cough, bronchitis or catarrh it's guaranteed to positively cure. Beware of dangerous substitutes offered under misleading names for genuine Catarhoseon which is sold everywhere, large also containing two months' treatment, costs \$1.00; small size 50c. trial size, 25c.

A Wise Selection It is highly improbable that any physician could be found who would deny there is a great big legitimate field wherein an liniment proves a welcome and powerful ally. When need arises, therefore, it is only a question of wise selection on the part of the purchaser. If he obtains a liniment that can be used internally for coughs, colds, sore throat, cramps, chills, etc., and externally for sprains, strains, muscular rheumatism, various aches, pains, and almost any soreness, he is twice fortified against many of the common ailments that all flesh is heir to. For over 100 years Johnson's Anodyne Liniment has proved to be just such a double value liniment. This prescription of Dr. Abner Johnson, an erstwhile old family physician, has attained its enviable record of more than a century of success purely on its wonderful merit. As a tribute to its remarkable healing, soothing and penetrating qualities thousands of grateful users speak of Johnson's Anodyne Liniment as "an angel in disguise."

GIRLS! TRY IT! HAVE THICK, WAVY, BEAUTIFUL HAIR

Every Particle of Dandruff Disappears and Hair Stops Coming Out Draw a Moist Cloth Through Hair and Double Its Beauty at Once Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandrin" hair cleanse. Just try this—moisten a cloth with a little Dandrin and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair. Besides beautifying the hair at once, Dandrin dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Dandrin from any druggist or toilet counter, and just try it. Save your hair! Beautify it! You will say this was the best 25 cents you ever spent.

HUGHES BETTORS "HEDGING." Protect Themselves by Money on Wilson as the Odds Shrink. (New York Times, Sunday.) A feature of betting in Wall Street yesterday was the "hedging" operations of some who put up substantial amounts on Hughes a month ago at odds of two to one. The apparent swing of sentiment toward President Wilson this week caused these republican enthusiasts to reconsider the situation, with the result that they took the Wilson end of wagers at odds of eight to ten, planning liberally to reduce their losses if the Democratic ticket should win. A Stock Exchange house which had down a lot of Hughes money in September at two to one was reported to have placed \$8,000 on Wilson against \$10,000, splitting the total up among several betting commissions on the curb. This was the only large bet at these odds, as most of the Hughes money offered called for ten to nine, with the tendency toward an even closer ratio than this. Edward McQuade said he had between \$10,000 and \$15,000 to wager at nine to

ten that Wilson would carry New York city by at least 75,000 plurality and quoted the same odds on Hughes to carry the state. The impression among the sporting contingent on the curb was that if the result of polls printed in the Sunday newspapers showed a further swing to Wilson nothing better than even money could be obtained tomorrow by democratic bettors on the national result.

THE SPRING OF PERPETUAL YOUTH

was what the Spanish explorer sought in Florida. Youth cannot be perpetual, but with health a man or woman can retain youthful looks till the near approach of actual old age. If a woman is dragging wearily along oppressed by some woman's ailment, she may expect a return of youthful beauty and vivacity by using Lydia E. Pinkham's Vegetable Compound. The legislative assembly of South Australia has unanimously resolved to alter the German names of forty-two towns and districts.

Notice how well it works in the laundry and everywhere. Gold Soap is made in Canada in the Procter & Gamble factories at Hamilton.'

When Today is Tomorrow "Daddy, is today tomorrow?" asked little Willie. "No, my son, of course today isn't tomorrow," answered his father. "But you said it was," murmured Willie. "When did I ever say today was tomorrow?" "Yesterday," answered Willie. "Well, it was—today was tomorrow yesterday, and today is today, just as yesterday was today yesterday, and yesterday was today yesterday, and tomorrow will be today tomorrow, which makes today yesterday and tomorrow all once. Now run along and play!"

REDERICKTON FOOTBALL

TEAM LOSES STARS

Will Come Here Friday to Meet Locals in Interscholastic League

Frederickton—Although weakened by the enlistment of two of their star players, Captain Walter McAdam and Walter Howie, and with James, one of their best in the forward division off the game, the Frederickton High school team will go to St. John on Friday for the first interscholastic league game of the year.

The local school team will play St. John on Friday and go to Rothesay on Saturday afternoon to play the college school team at that place. The St. John fifteen is reported to be a pretty strong aggregation and are likely to give a pretty hard nut for the local team to crack, but the Yellow and Black however are determined to make a fight of it. The loss of Capt. Adam was a severe blow to the team's aspirations of the Yellow and Black. This player is one of the best that has been produced in the interscholastic league in the past few years and would doubtless have proven a star of the league this season. Besides being a good ground runner and excellent punter he had a knowledge of the inside points of the game that enabled him to keep his team on the jump all the time. Howie was also developed into a star and his loss will be keenly felt. James was one of the heaviest hitters in the forward line, but a sprain-ankle will likely keep him out of the line, although it is possible that his leg will improve sufficiently to allow him to play in one of the games on the trip. Adams and Howie are now in St. John with No. 9 Siege Battery and will be a little light in weight for service football the former should give a worthy addition to the football team of the battery.

The line-up of the Yellow and Black's team that will go to St. John will be as follows: Full-back, Walker, center, Hagerman, Cain, Lounsbury, left; forwards, McFarlane, D. Porter, Cain, Donovan, Peacock, E. Hagerman and McKillop.

A good tip for softening boots that have been wet through and dried till in front of a fire is to rub them with castor oil. This oil, unlike her oils, will allow the boots to be fully polished after using it.

FOOTBALL RESULTS

All Leading Universities Won By Wide Margins

At Cambridge—Harvard 47, Massachusetts Agricultural College, 0.

At Philadelphia—Pennsylvania, 15, Penn State, 0.

At Haverhill—Georgetown 10, Dartmouth, 0.

At Princeton—Princeton 33, Lafayette 7.

At West Point—Army 53, Trinity 0.

At Syracuse—Pittsburgh 30, Syracuse 0.

Philadelphia, Penn., Oct. 21—Howard Berry, only ten days back from the Mexican border, with the aid of a fighting Penn eleven downed State College almost entirely by his individual efforts in the game at Franklin Field this afternoon. He kicked two difficult field goals and ran a forward pass forty yards for a touchdown. Quigley also had a field goal from placement. The final score was: Pennsylvania 15, Penn State 0.

Twenty thousand persons saw the Red and Blue wipe out the sting of last week's defeat by Swarthmore and arrange the defeat last year by State.

Princeton, N. J., Oct. 21—The Lafayette eleven, outwashed, outwitted, and outkicked, was powerless before the Tiger football machine here this afternoon, and Princeton was able to romp away with the game by a score of 33 to 0. The Tigers do not deserve any special credit for their easy victory, however, for fumbling and other losses playing marred their work and took away much interest for the spectators.

Head Coach Jush sent in a team composed of practically all substitutes in the second half, and, with the teams more evenly matched, the game began to resemble a real contest.

It was dusky in the secluded alcove, very dusky, and they sat silent. Something seemed to be on his mind. His face took on a strained look, like muddy coffee. He stirred uneasily, strangely. She flitted with her fan, he with her eyes. Suddenly the music struck up. It was his dance again, and she "adored" dancing. "Damn," he whispered. Then she sprang it.

"What's the matter? You seem so uncomfortable."

"Artie shuffled his handkerchief."

"Well, Geffie, you see I only had one suspender button to start with, and—"

"—O—let's sit it out!"

OLD TIME FAVORITE

IS WARMLY WELCOMED

Wm. H. Lytell Was Orator at Imperial in Clever Sketch; Excellent Pictures

When the familiar "em-bong-pong" of St. John's once-favorite actor and producer, Bill Lytell, emerged from a doorway in the cleverly constructed sketch at Imperial both sides last evening the noise broke into a salvo of hand-clapping that lasted several minutes, and before the smiling and somewhat surprised "prodigal" could start in on his lines, he was forced to acknowledge the reception with repeated bows and smiles. Yes, it was Lytell all right, in the flesh and as bright and witty as ever.

He had with him a dainty little Miss in a pink silk frock and a good-looking young man who escaped the roles of newlyweds. It was a quarrel about getting in late, and the young husband employed that time-honored yarn about being initiated into the Masonic fraternity. (Just then faintly, as if by accident, Lytell) made an unexpected call and the complications that arose were side-splitting. Father was stung one of the boys himself and his struggles not to compromise himself by any admissions kept everybody in roars of laughter. It was a sparkling comedy sketch and received noisy commendation from the large crowds present.

Mr. Lytell was one of the theatrical magnates who made St. John a happy place in years gone by. He was who produced the great British war drama, "Youth," in the exhibition buildings. It was he who put on the big show at St. Andrew's rink, also in the Opera House, as well as in the old Mechanics' Institute. His last appearance was in Charles Hoyt's "The Milk-White Flag," in the Carleton street theatre, when he played the role of Napoleon's caricature. The visiting actor has been pleasantly reminiscing with his friends in the town since his arrival, but finds that the Green Keeper has made many changes. A younger brother, William Lytell, jr., is one of the Vitagraph Company's new actors, and was seen on the imperial screen last week in "For His Wife's Good Name."

Lillian Walker, Ewart Overton and a strong supporting cast of other well-known players, presented a drama of compelling interest entitled "The Ordeal of Elizabeth." It is doubtless some of the best scenes in this play, particularly the battle of lawyers in the court scene, have been repeated on the screen. The story was high-class in fiction-merit, in photography and in acting. It was America's first scene to look the water throughout the beautiful Columbia River country before the camera. The "Yellow Menace" was full of splendid patriotic news-photos. On the whole, the imperial screen last week was most entertaining and enjoyable.

One of the latest additions to the Minter force of stars is the dainty ingenue actress, Mary Miles Minter, who signed a contract with the Mutual Corporation yesterday. Her first effort with this concern is in the play of a neglected orphan girl in the play of "The Yellow Menace," which she is to play at the Lyric Theatre.

The title itself is quite characteristic of the nature of the "Foundling." The theme itself might appear to some as being somewhat stereotyped, but Miss Minter casts a new and interesting sphere over the old idea in such a way that the picture stands out as being one of the many releases that can justify the term masterpiece. It is a simple tale, well told and makes a universal appeal. The scenes in the orphan asylum are presented with every attention to detail and critics in the different trade papers were unanimous in their opinion that Miss Minter appeared to better advantage in "Youth's Endearing Charm," than in any other feature in which she has been starred. It will doubtless be instrumental in placing Miss Minter on a higher pinnacle of popularity than she has yet enjoyed.

Mary Miles Minter, a noted duet of vaudeville entertainers, is especially good in the different song and dance numbers, and she has a fine voice. Her first venture through a stroke of fortune; the price of admission, Thursday, Friday and Saturday, Prince and Avis.

The excellent cast includes Winifred Kingston, Herbert Standing, Lydia Evans, and a number of other well-known players. The programme also included a Dorsey Travel picture, showing divers gathering shells in Japan, and the methods employed to get the whole lot, some quaint groups of little mothers of Japan, and scenes along the Japanese coast.

Riley Chamberlain in one of his laughable character comedies balanced up a well assorted programme.

Davy Crockett and the other features will be repeated today for the usual performances tomorrow.

Mac Murray in "The Dream Girl" is announced for the last half of the week.

EDWIN STEVENS IN BIG

DUAL ROLL AT THE GEM

"The Man Inside" Shows Leading Man of "The Yellow Menace" in New Phase of Work

Playing a masterly dual role—that of the brothers, Dana and Barry Thornton—Edwin Stevens revealed new phases of his superb art in a five reel picture shown at the Gem last night. "The Man Inside" is a big story of diplomatic intrigue in Washington, adapted from the popular story written by Natalie Sumner Lincoln. It afforded Mr. Stevens a rare opportunity to display his versatile talents and he took full advantage of it, he delighted all who like to see the work of the best people of the stage. It may not be generally known, but Mr. Stevens has been on the stage since 1883. He has played big parts with Ethel Barrymore and also under the management of Augustin Daly. Also he has won success on the vaudeville stage and as a choir soloist and in orchestral work.

The story in which he made such a hit last night is a gripping one of political intrigue with spies and secret service men, and there is much in the action that is exciting and interesting. The photographic work is excellent and the cast is decidedly strong, including Tina Marshall, Charles Burbridge, Justina Huff, Harry Benham and Florence Crawford. There are some very thrilling moments and the Gem patrons were decidedly interested throughout.

The programme also included a lively reel comedy, "The Foundling," featuring Wm. Garwood and Lois Wilson. It is an out-of-the-ordinary roller skater artistically handled by a good cast.

This bill will be given two more performances on Wednesday and Thursday next at the Gem Theatre, and on Friday and Saturday at the Lyric Theatre.

SPORT NEWS OF THE DAY HOME AND ABROAD

BOWLING

Local Bowling. The result of the daily roll-off last week on the Victoria alleys was as follows:

Monday—Thomas Cosgrove 128
Tuesday—Thomas Jenkins 120
Wednesday—William Jones 123
Thursday—Mike Fitzpatrick 129
Friday—Thomas Jenkins 133
Saturday—Archie McDonald 113

The ten highest scores made on the alleys since re-opening are as follows: Jenkins, 133; Miller, 123; Smith, 123; Cosgrove, 128; Fitzpatrick, 123; Duffy, 127; Sullivan, 125; Garnett, 123; Jones, 123; Carleton, 122.

Monday alleys records are as follows: Single string, H. McKean, 166; three string, V. Kelly, 269; five string, V. Kelly, 286; ten string, E. Morrissey, 1,160.

In a match game, Friday night, between teams representing the machine shop and the office staff of the Ford Motor Co., the latter won out in a closely contested game. Only a few pins separated the two teams at the finish.

St. Peter's League. The Shamrocks took three out of four points from the Micanos in St. Peter's M. A. Bowling League last evening. The winners' grand total was 1289 and the losers' 1248. Olive led the former with an average of 168 and Elliott the latter with an average of ninety-one.

HEALTH AND LONG LIFE

To the Editor of the Times: Sir—During 1916 there was extensively written about the value of an Arthur Hunter, actuary of the New York Life Insurance Company, which in his judgment, makes a distinct advance in our views on the subject of long life and good health. A great deal has been written about the value of a shell that took the top off the turret and the explosion went down the barrel. Ordinarily the armor on these ships would have stood "any amount of shell-fire."

Those who hold to the high explosive shell theory say that the designing of 18-inch guns for the British navy is the best business they have ever done, and not to obtain longer range or greater penetrating power. They assert that the Belgian forts which fell so readily before the German, or rather the Austrian, 16-inch guns, were victims of high explosive, and not of battering. While Liege, for instance, might have stood indefinitely against any projectile which depended upon piercing the walls, it fell readily before shells whose business it was not to pierce, but merely to explode—the explosion, and not the metal contents of the shell, doing the damage. So they say, while the German shells might have been unable to penetrate the British armor on the battle-cruisers, the wonderful explosive which contained shattered the vessels when brought in contact with them.

A Delusion of Experts. Until quite lately high explosive shells were not considered to be fit ammunition for the navy. The risk of premature explosion, the risk of the explosion shattering the gun and incidentally the ship, was so great that naval gunners were somewhat nervous about their use. Moreover, for a long time ordnance experts believed that a high explosive like gunpowder, for instance, if it exploded against the side of a ship and without having penetrated the armor, would go off like so much powder in every direction, and following the line of least resistance, which would be, of course, they assumed, away from the metal. This belief was quite general until recently. But it has been found that a properly detonated high explosive bursts with such inconceivable rapidity that it converts the air itself into a veritable mountain of granite which resists as strongly as armor-plate.

Making a Navy Obsolete. Assuming that the British 18-inch gun is to be high explosive rather than penetrating shells, the New York Sun says: "There is not a ship in the American navy today capable of surviving a two of the lot if it mark their great charges of high explosive would either destroy offhand or wreck the craft. Not only will the 18-inch gun outrange our proposed 16-inch guns, but just as the bigger weapon brings increased accuracy of performance, so will the 18-inch rifle be able to fire further and to do its work more precisely and with a greater measure of destructive energy because of the abolition of the armor-piercing form of attack. Physically in touch with the foe at any point, the big explosive will do the work expected of it, and therefore will be effective at any range. The angle of impact is of no moment; detonation will follow instantly upon meeting any material resistance. This may be some part of the body of the foe's ship or it may be the surrounding water a few yards away. In any case there will be damage."

WATERLOO ST.

FOOTBALL

Yale Stars Out of Game. Charles M. Sheldon, left tackle on the Yale football team, will be unable to play any more this season on account of an acute attack of inflammatory rheumatism. He has been receiving treatment at the college infirmary for more than a week. Sheldon is also a varsity oarsman.

Black of the eleven, who has been in the infirmary with an abscess on his ankle, has left the institution but he will not be able to play for some days.

ATHLETIC S. Athletes Win

Gloomy weather marked the games between the American and Scandinavian athletes at Christiansia, Saturday. The temperature was below freezing and the track frozen hard. The Americans won all the events. The summary:—

200-metre run (418 yards, 26 inches). Andy Ward, first, 22 seconds; Bill Simpson, second; Fred Murray, third. High jump—Joe Loomis, first, 158 centimetres (51 feet); Kullerstrand, Sweden, second, 175 centimetres; Murray, third, 188 centimetres.

400-metre run (487 yards, 16 inches). Ted Meredith, first, 50-10 seconds. 800-metre relay—American team first. The American runners again showed in front in the games Sunday. The results:—

100-metre dash, won by Joe Loomis, America; second, Rusted, Norway; third, Andy Ward, America. Time, 10-10 seconds.

800-metre run, won by Bolin, Sweden. Time one minute, 56-5-10 seconds; second, Ted Meredith, America. Time, 56-6-10 seconds.

110-metre high hurdles, won by Bill Simpson, America; second, Fred Murray, America. Time 14-9-10 seconds.

400-metre relay—American team first. The American runners again showed in front in the games Sunday. The results:—

100-metre dash, won by Joe Loomis, America; second, Rusted, Norway; third, Andy Ward, America. Time, 10-10 seconds.

800-metre run, won by Bolin, Sweden. Time one minute, 56-5-10 seconds; second, Ted Meredith, America. Time, 56-6-10 seconds.

"Reformed Raker" which saw the Error of Their Ways." Lieut Remington's wonderful method of training horses which have been discharged from the army, is the subject of much comment. These photos taken at Shrewsbury, shows some ex-outlaws, which are now models of good behavior. Photo shows them listening to a talking machine.

PERFORMED EQUIPMENT FOR NEW SUPER-DREADNAUGHTS

Revolutionary Change

May Use High Explosive Instead of Penetrating Shells; Make Present Armament Obsolete

Artillery experts everywhere are keenly interested in a report, which yet appears to lack official sanction, that the British navy will mount some 18-inch guns in the next generation, and that these monsters will be the weapon of the new super-dreadnaughts. Hitherto the British naval authorities have maintained that the 16-inch gun is the best in the world. While a larger gun would give a greater range and weaker armor destruction when it found its mark, it was argued that it would be too cumbersome; that the ship carrying such a weapon would be handicapped by difficulty in maneuvering. As far as distance is concerned, the British have calculated that to make a hit at ten miles is far enough. On this account it has been suggested that the new monster guns mounted on monster ships were intended for the battering of shore defenses at a safe distance from mines and submarines. In the absence of official announcement, which is hardly to be expected at this time, and before the guns are tried out, speculation will continue upon divergent lines.

The Battle of Jutland. Some maintain that in the Battle of Jutland the Germans with guns of smaller calibre than the British were yet able to do amazing damage because they had developed the high explosive shell to a degree unknown in any other navy. Jellicoe's announcement that the Germans failed to spring anything new may be taken as a sufficient confirmation of this theory. Moreover, if the Germans had been able to secretly develop this high explosive they would not have waited so long before again trying it out on the British fleet. The rumor of the high explosive shell probably originated in the statement of an eye-witness of the sinking of the Queen Mary, identifiable and invincible, who said that these ships did not appear to go down in the sea; they went up in the air. Each happened to be struck by a shell that took the top off the turret and the explosion went down the barrel. Ordinarily the armor on these ships would have stood "any amount of shell-fire."

How Liege Fell. Those who hold to the high explosive shell theory say that the designing of 18-inch guns for the British navy is the best business they have ever done, and not to obtain longer range or greater penetrating power. They assert that the Belgian forts which fell so readily before the German, or rather the Austrian, 16-inch guns, were victims of high explosive, and not of battering. While Liege, for instance, might have stood indefinitely against any projectile which depended upon piercing the walls, it fell readily before shells whose business it was not to pierce, but merely to explode—the explosion, and not the metal contents of the shell, doing the damage. So they say, while the German shells might have been unable to penetrate the British armor on the battle-cruisers, the wonderful explosive which contained shattered the vessels when brought in contact with them.

A Delusion of Experts. Until quite lately high explosive shells were not considered to be fit ammunition for the navy. The risk of premature explosion, the risk of the explosion shattering the gun and incidentally the ship, was so great that naval gunners were somewhat nervous about their use. Moreover, for a long time ordnance experts believed that a high explosive like gunpowder, for instance, if it exploded against the side of a ship and without having penetrated the armor, would go off like so much powder in every direction, and following the line of least resistance, which would be, of course, they assumed, away from the metal. This belief was quite general until recently. But it has been found that a properly detonated high explosive bursts with such inconceivable rapidity that it converts the air itself into a veritable mountain of granite which resists as strongly as armor-plate.

HERE IS A TONIC THAT WILL DO YOU GOOD

Time and time again VINOL has proven its worth as body builder and strength renewer. In all cases of bodily exhaustion, whether caused from the nerves, overwork, or illness of any kind, VINOL seldom fails to be of benefit. The makers of this preparation authorize us to refund the purchase price if it fails to do you good.

LITARY MEDAL FOR 'WILBUR' OF ST. JOHN

(Frederickton Gleamer)

Another New Brunswick soldier has been decorated for gallantry on the western front, a St. John man named Wilbur having been awarded a military medal, according to information contained in a letter received here from Lieut. Theo. C. Barker, of this city, who is on the firing line with B Battery of the 85th Brigade, Royal Field Artillery.

According to Lieut. Barker's letter, which was received by his father, Wilbur was awarded the medal for his work in the engagement on July 1. He is the only other Canadian in the battery with a medal. Wilbur is a bomb signaller.

LOCAL NEWS CHANGES IN VOTERS' LISTS

SEVERAL CAUSES BRING ABOUT A REDUCTION OF SOMETHING LIKE 400

The revisors list of voters for the city of St. John, when completed, and filed next month will show a reduction of something about 400 names, but this is not due to any shrinkage in the population, as might be indicated by the figures. In the first place, while an effort is made to keep the names of all soldiers on active service on the lists, it is impossible to do so, as many of those who leave cannot be traced and thus the list shrinks from that cause. Again, statistics will not appear on the lists this year, under the amendment to the dominion act, and to 150 or so local Chinese will be eliminated from the total number of voters. In addition to the total number of voters lists only in the city, but working and paying taxes here have had their names on the lists at other places, but this will be the case no longer, and about 500 non-resident tax payers will be stricken from the city voting lists. Under the circumstances the figures indicate an actual increase instead of a decrease in population.

BURIED TODAY.

The funeral of Mrs. Patrick Warnock took place this afternoon from her late residence, 190 Union street, to the Cathedral, where services were conducted by Rev. Francis Walker. Interment was made in the Catholic cemetery at Goldens Grove.

The funeral of Mrs. Elizabeth Storrer took place this afternoon from her late residence, 31 Paddock street. Services were conducted by Rev. T. J. Deinis, Rev. W. H. Robinson and Rev. W. G. Lane, and interment was made in Fernhill.

The funeral of Miss Elizabeth J. Rowe took place this afternoon. Services were conducted by Rev. H. A. Gody and interment was made in Church of England burying ground.

ROTARY CLUB

Address by T. H. Hutchinson—
Move For National Daylight Saving

T. H. Hutchinson, national boys' secretary of the Y. M. C. A., addressed the Rotary Club at its noon luncheon at the Bond's today on the subject of "The Boy in the National Life of Canada." It was a very thoughtful and interesting address leading up to the great boys' conference to be held in this city. With the aid of a blackboard, Mr. Hutchinson set out very clearly what is meant by the standard efficiency tests and he made a vigorous appeal to the members of the local club to give every assistance in their power to the work of developing the boys to be of the greatest service to the nation. E. Clinton Brown was in the chair and Mr. Elliot, president of the Canadian Press Association and Mr. Sayles, chairman of the weekly section of the association, among the guests. The club adopted a resolution urging the federal government to make daylight saving national next summer.

CHANCE TO JOIN THE 65TH FIELD ARTILLERY AND SOON GO OVERSEAS

Major J. H. Evans, O. C. of the 65th Field Artillery Depot Battery at Woodstock, arrived in the city today on recruiting business. In speaking of his battery he said that he would like to curtail the winter months, about 3000 men and that for every fifty men recruited he was entitled to one lieutenant. Major Evans has instructions from Ottawa to the effect that as soon as fifty men are recruited and have a few weeks' training, his recommendation will proceed to England and there will complete their course. This battery has already sent two drafts overseas, the first under Lieutenant White and second under Lieutenant Winslow.

THE TORPEDOED CABOTIA WAS WELL KNOWN HERE

The Donaldson Liner Cabotia, which is believed to have been sunk according to a London dispatch published yesterday in The Times, was well known here, having plied between this port and Glasgow during the season of 1914-15. She was a former Allan Liner, called the Ontarian, but prior to the outbreak of the war, was purchased by the Donaldson Line. She was built in 1900, was 2,780 tons registered, and was 383 feet long. On her last trip she sailed from Montreal for Glasgow. Captain John Mitchell was in command. He was formerly on the Cassandra and is well known along the local water front.

FREDERICTON SENDS \$125 FOR THE GALLANT 26TH

Mrs. Pringle of Fredericton, wife of Major James Pringle of the 26th Battalion, and Mrs. George H. McKee have collected \$125 there for the funds of the 26th and will forward the money to Col. McAvity. Lord Ashburnham donated \$20 and in doing so emphasized the fact that he was pleased to do something for the gallant New Brunswick corps.

DIVORCE COURT IN SESSION IN CAPITAL

Fredericton, Oct. 24—Judge Crockett, who succeeds Chief Justice McKeown as divorce court judge, presided over the court this morning for the first time. Two new cases were entered for trial.

In the case of Lily May Carr vs. William S. Carr, Francis Kerr appeared as proctor for the plaintiff. The evidence of the defendant's mother was taken by commission but the case was stood over.

In the case of Mrs. S. Pickle vs. Greta Z. Pickle, Francis Kerr filed the record. Hearing in this case is now going on.

In Danford Purdy vs. Zella J. Purdy, W. D. Turner appears as proctor for the plaintiff. This case goes over until the February term.

J. C. Farrelly, head of the American News Company of New York, and Clarence F. Busch, returned after a hunting trip to Downon. They shot three deer and saw some moose but no large ones.

NO CAUSE FOR ALARM

Following a meeting of the local Board of Health with some members of the provincial board resolutions, adopted at the meeting yesterday afternoon, were sent to the chairman of the provincial board of health in Moncton and the secretary at Fredericton. The local secretary said this morning that there was not cause for alarm and some people were becoming unnecessarily disturbed over their action. The fact that precautions were being taken and that there were cases of infantile paralysis in the city.

Several complaints have reached the local board of health to the effect that there were cases of the dreaded disease, but upon investigation there was absolutely no ground for any suspicion. Just what is proposed for the future will depend upon the action of the provincial board.

POLICE COURT

This was "excuse day" in the local police court. There were six prisoners charged with drunkenness and each an excuse was offered. Number one said he was working on the Valley Railroad and missed his train last night; number two made known the fact that he was on his way to McAdam Junction and missed the train; number three offered an explanation that it was his first appearance and he asked to be let go; number four said he had not been here since last April, he also begged to be "excused"; number five said he was a returned soldier and, that since returning, he attempted to enlist again but failed to pass and one the strength of his past services to his country he asked the magistrate that he be "excused". Last but not least, number six said: "Well, Your Honor, I can not find an excuse left so I guess I will have to plead guilty." However after weighing the "excuses" thoroughly, the court fined each of the six \$8 or two months in jail.

CANADIAN SOLDIER'S BAIL IS FOFETED

New York, Oct. 24—An Associated Press despatch from Duluth, Minn., today says: "Domenico for Pte. E. B. Connel of the 141st Overseas Battalion of the Canadian army today paid to federal officials \$1,000 forfeited when Connel failed to appear yesterday before United States Commissioner to answer a charge of violating neutrality laws by recruiting men in the United States for the Canadian service."

WAR NOTES.

The British admiralty denies a German statement that a British destroyer was hit on October 21 by a bomb dropped from a German seaplane squadron off Flanders.

Have You Ever Stopped To Think

How much better value would you get for your money if you purchased durable furniture, instead of spending it in a lot of other ways? For instance, the very best mattress that money can buy only represents an outlay of forty cents a week for one year, and it will give you a lifetime of comfort.

One-third of your life is spent in bed, or should be, and the perfect rest and relaxation which you will get on a first-class spring and mattress will improve your health and lengthen your life. It is worth considering.
