ETS \$7,500 A MONTH DURING DIVORCE TRIAL

Counsel Fees \$35,000 and \$12,500 Expenses The Case of Banker James A. Stillman—'Confession' and Letters Ruled Out—Word of 'A Real Franklin L. Leeds.'

Poughkeepsie, N. Y., April 1.—Temporary alimony of \$7,500 a month, counsel fees of \$35,000 and \$12,500 for expenses were fixed today for Mrs. Anne B. Stillman by Supreme Court Judge Morschauser, in the suit for divorce instituted against her by James A. Stillman, president of the National City Bank of New York. Mrs. Stillman had asked alimony of \$10,000 a month, and \$75,000 counsel fees.

The justice rules out of the divorce as confidential and privileged a so-called 'confession' letter written to Mrs. Stillman by her husband, James A. Stillman, which was also ruled out by the judge. The letter was written to Mrs. Stillman by Fred Beauvais, a Canadian Indian guide, who was named in the banker's complaint as correspondent accused of being the father of Mrs. Stillman's infant son, Guy.

The decision set forth that Mrs. Stillman had pleaded recriminations in her suit to the banker's complaint and that both husband and wife made charges 'founded upon an allegation of perjury.' Husband or wife is not competent to testify against the other on such allegations, so the decision was rendered. The judge decided that the affidavits on which the letters were appended contained matters that Mr. Stillman could not testify to, and that the communications were confidential.

Justice Morschauser pointed out that the banker's complaint admitted the alleged messages from Beauvais to Mrs. Stillman applied only to the motion for recrimination, and that they might be taken into consideration in connection with the divorce. The banker's complaint admitted the alleged messages from Beauvais to Mrs. Stillman applied only to the motion for recrimination, and that they might be taken into consideration in connection with the divorce.

Referring to the alleged letter written to Mrs. Stillman by her husband, the judge ruled that it was not admissible. The banker's complaint admitted the alleged messages from Beauvais to Mrs. Stillman applied only to the motion for recrimination, and that they might be taken into consideration in connection with the divorce.

Referring to Mrs. Stillman's charge that her husband is the father of a thirty-month-old son, born to 'Mrs. Florence Leeds,' former musical revue girl, the judge said: 'The defendant has answered her answer and charges acts of conduct upon her part of similar character as charged by him against her. Her acts are supported by affidavits of different persons. She does not seek divorce, but pleads recrimination against the defendant as defense. If he is to be considered as charged against each other are sustained, neither will be entitled to a decree.'

Nearly 1,200,000 Old Country Miners Strike

No Work Except in Few Districts Danger of Mines Being Flooded and Volunteers Are Sought—Orders Sent to U. S.—Great Crisis if Other Big Unions Join.

London, April 1.—All work ceased in the coal mines of the United Kingdom at midnight, with the exception of a very few districts, and approximately 1,200,000 miners were idle today as a result of the controversy over the wage issue. In only two collieries in Yorkshire, one in Northumberland, one in Scotland and one in North Wales, the men have promised to continue at their posts, without prejudice to any terms that may be agreed upon, but all other pit workers, including mechanics, pump men, ventilating men and pony men, came out with the miners.

Danger that the mines may be flooded threatens, and many may be irretrievably ruined from the influx of water. Strenuous efforts are being made everywhere to enroll volunteers. Yorkshire pump men have decided to remain at work, and hope was expressed today that others would follow their example. Flood of Orders to U. S.

The first effect of the strike has been the placing of orders with United States coal merchants. Advice from New York state that a flood of orders from European countries which normally have formed the British market have been received there and, although the country's stock of coal is estimated at one million tons, the price of household fuel already has risen two shillings a ton. London and other urban centers are believed to have several weeks' supply on hand, owing to the fact that export of coal has been completely stopped by the Board of Trade, except where special permits have been issued.

Apprehension is felt that the National Union of Railwaymen and the Transport Workers' Union, partners with the miners in the labor dispute, may be tempted to strike in sympathy with the coal diggers. In such an event, the nation would be confronted by a crisis of unprecedented gravity. One of the largest wards in London today is a scene of confusion. The strike has led to a company of special police to protect property. Orders were issued last night to employers of various government departments to stand by for transport duty, if necessary.

The charge of stealing coal from the Dominion Coal Company to the value of about \$1,000, was taken up against George W. Lord, in the police court this morning. William Watson, a coal handler, told of being engaged by the accused to tow four scoops to the Dominion Coal Company's pocket, where they were loaded and taken to wharves in the city. He said that the scoops were all loaded on his truck at six o'clock in the evening and it took until four o'clock in the morning to load one scoop. He said that after the last scoop was loaded the accused told him that the coal was stolen and that there were others implicated. The witness said the company's watchman found the scoops on the dock while the loading was going on.

Captain Frank Lipsett, of the tugboat Wagon, said that during the December 27, 1920, he was loaded the accused scoops, and on December 27 he towed a deck scoop loaded with coal from Sayer's Point to the Public Wharf at Indian Point, where it was unloaded and on December 29 was towed to the Wiggins' slip. He said the accused paid him \$15 for towage, while the regular rate was \$14. As this was all the evidence available this morning the case was postponed until Tuesday afternoon. Fred R. Laylor, K. C., conducted the prosecution, and G. Earle Logan appeared for the defense. One man charged with drunkenness said he did not know whether he was drunk or not. After Policeman Sheehan gave evidence he was remanded.

SHUFFLE AT THE CUSTOMS HOUSE

Some Inland Revenue Men Carry on Work Not Known What is to Be Fate of Some Members of Staff—Shift of Quarters—Office for Minister.

Seven members of the staff of the erstwhile inland revenue department were still unplaced as a result of a shuffle which took place at the local customs house this morning, following orders from Ottawa by which the customs and inland revenue departments were merged. C. B. Lockhart, former collector of customs, who yesterday received word of his appointment as acting collector of customs and excise, said this morning that he had received no orders regarding those of the staff who were not taken on the strength of the new formation. T. H. Belyea, former collector of inland revenue, will remain in the office of the collector of customs. Of the fourteen members who made up the inland revenue staff, six were delegated by the collector today to carry on the work temporarily under the new order until further orders were received from Ottawa. Those who resumed their duties this morning were W. J. Fitzpatrick, O. A. Geldert, W. A. Weeks, R. F. Ganong, and Miss W. Bennett, who went on duty in the long room, and J. W. Murphy and R. C. Farmer, excisemen, who will continue on excise duty under the surveyors.

No word has been received from headquarters as to the disposal of John McDonald, former inspector of inland revenue, or of A. L. Law, John McGowan, J. C. Ferguson, Wm. Pitt and W. P. Dawes, of this city, and E. J. Clark, who is on duty at Woodstock. The names of those who were retained at duty today were not detailed from Ottawa, so the collector said that he could make their appointment only temporary until definite orders are received. Changes in Quarters.

The elimination of the inland revenue department will result in the following changes in the offices at the customs house: Office of the gauger is to be moved to the office formerly used as inland revenue long room. The office vacated by the collector of inland revenue will be fitted as a laboratory for the gauger. The surveyor of customs will move to the office vacated by the gauger and the customs officer to the room now used as a laboratory. The rooms on the second floor formerly used by the surveyor and examiners will be fitted up as an office for the minister of customs and inland revenue, Hon. R. W. Wignmore. The testers of oil and tobacco will move from their present quarters to a room in the upper basement and the room vacated by them will be used as an office for the drawbacks clerks. These changes have been carried out by the public works department.

AGREE TO BILL ABOUT ST. JOHN RESTAURANTS

Would Put Ban on Stalls and Screens—Municipalities Committee of Legislature Meets. (Official Report.) Fredericton, N. B., April 1.—The municipalities committee met this morning and agreed to bills relating to the incorporation of the town of St. Stephen; the issue of debentures by the town of Bathurst; to incorporate the St. John branch of the Victorian Order of Nurses, and a bill relating to the town of Sackville. There was discussion concerning the propriety of including unrelated subjects in one bill instead of having each a separate bill. The bill was adopted. In connection with a bill to enable the town of St. Stephen to grant concessions to the Mann Axe Company, Mr. Flewelling said that exemption from taxation and the granting of free sites were wrong in principle, but until the municipal act forbidding municipalities to grant such exemptions was amended, nothing could be done to stop the practice. In connection with an act to regulate restaurants in the city of St. John, Mr. Estabrook, speaking to the section concerning the removal of stalls and screens, said that many persons might not wish to eat in the public gaze. Mr. Hayes explained that the bill was in the interests of public morals and applied particularly to restaurants of the lower class. After some discussion concerning the definition of a hotel and restaurant, the bill was agreed to. A bill to amend the schools act and a bill to enable the city of Fredericton to issue debentures in aid of the Victoria Public Hospital stand over until Tuesday.

DRIVERS IN HALIFAX ARE ARRESTED ON THEFT CHARGE. Halifax, N. S., April 1.—Charged with the theft of approximately \$800 worth of goods from the Robert Simpson Easters, Ltd., William Simpson and Arthur Mission, employed by the firm as drivers, were arrested this morning.

TIMES DULL IN NEWFOUNDLAND

C. H. Hayward of Grand Falls, Nfld., the pup and paper town built by the Harnsworth and the seat of a great industry, is in the city. He and his daughter, who is a student at Mount Allison, are guests of Mr. and Mrs. James Sterling, King street east. Mr. Hayward told the Times today that the Ancient Colony is suffering much from depression, and ever steamer is bringing its quota of young men to Canada because they find prospects so poor at home. The great fishing industry is a bad way. The Fishermen's Protective Union forced up and held up prices with the result that when the outside market began to decline the merchants were heavily overladen with high priced fish, and conditions became very bad. Mr. Hayward says there is much anxiety now as to the seal fisheries, since a poor catch would add greatly to the general depression. Sugar is still retalling in Newfoundland at twenty-eight cents per pound, under government control, and Mr. Hayward says there is probably enough of the high priced sugar to last another three months.

JOHN KILBURN DEAD AT 78

Prominent N. B. Lumberman Passes Away at Home in Fredericton. (Special to Times.) Fredericton, N. B., April 1.—John Kilburn died a little after three o'clock this morning at his home, 515 Brunswick street. He had been ill with paralysis for two years and five months. About one o'clock this morning he was seized by a sudden attack of weakness, which resulted in his death in a little more than two hours. He was seventy-eight years old last December. Mr. Kilburn was survived by his wife and one son, Wardlaw S. Kilburn. The funeral will take place on Sunday afternoon. He was a native of the parish of Kingsclear, York county, where he made his home until some eighteen years ago, when he removed to this city. He labored on the waters of the St. John River for some forty years. His occupations were extensive. Until the time of his illness two years ago, he was engaged in the St. John headwaters fishery and took part in the operations. At the time of the establishment of the Hart Boat and Shoe factory in this city about twenty years ago, Mr. Kilburn was associated with his brother-in-law, the late Oduur M. Hart, in organizing the original company. Later he was prominently connected with the organization of the John Palmer Company. In religion he was a Methodist.

TO DORCHESTER, ONE FOR 10 YEARS

Halifax, N. S., April 1.—Ten years in Dorchester penitentiary was the sentence handed out today by Judge Chisholm to Alexander Carvay, recently convicted of robbery with violence at a local butcher store. Lawrence Boutiller and A. Keekins, convicted of theft, were given seven years in the penitentiary. Lesser sentences were imposed on other convicted prisoners for minor offences.

SINN FEINERS GET COMRADE FROM HOSPITAL

Sensational Coup Engineered in County Monaghan Fitzpatrick Taken Away, Though Armed Military Guard Had Him in Charge—Statement re Peace by de Valera.

Belfast, April 1.—The mystery of two blood-stained motor cars found by a police patrol on Wednesday night at Rock Curry, near Ballybay, County Monaghan, was explained today, when it was discovered that the vehicles played a part in the most sensational coup thus far engineered by Sinn Feiners in South Ulster. Last evening an important Sinn Fein prisoner, Matthew Fitzpatrick, who was under treatment in the Monaghan infirmary, was removed by friends despite the fact that a fully armed military guard had been placed in the infirmary to prevent his escape. Fitzpatrick's friends secured all the rifles and ammunition of the guards. One of the Sinn Feiners was wounded, which accounted for the blood on the car.

A Belfast despatch of Thursday night told of the police patrol finding two small automobiles, with the engines still running, near Rock Curry. The machines bore splashes of fresh human blood, but no trace could be found of the former occupants. Dublin, April 1.—Eamonn De Valera replying yesterday to a questionnaire in the Freeman's Journal was vague concerning the question of peace in Ireland. He said definitely, however, that the Dail Eireann had decided not to place a ban on the coming Irish elections, but that the Sinn Feiners would contest every constituency. De Valera declared that negotiations with the British government on the basis of the partition were altogether out of the question. He reiterated that Premier Lloyd George could have peace tomorrow if he desired it, as yet impossible owing to the attitude of the British government. 'But,' he added, 'will you admit that England may dictate to us any alliance or partnership suiting her interests?'

N. S. LEGISLATURE Bill for Assessment System Revision—Bill re Labor Matter Dies.

Halifax, N. S., April 1.—In the House of Assembly, yesterday, a government measure was presented providing for an assessment commission to look into the assessment system of the province, with a view of revision and improvement. A bill to consolidate and amend the Mines Act was introduced by Hon. E. H. Armstrong. There was a brief discussion on a bill presented by Mr. Morrison (Cape Breton) for the appointment to every royal commission of one member from the ranks of labor. Mr. E. H. Armstrong, leader of the government, pointed out that the bill was indefinite and difficult of interpretation, and he advised Mr. Morrison to withdraw the bill. Mr. Morrison declined to do so. While the discussion was in progress, Mr. McGowan (Cape Breton) moved the adjournment of the debate, which carried, and as a result the bill passed into oblivion.

STATEMENT BY GUDMUNDSON ON 'WIFE SACRIFICE'

Salt Lake City, Utah, April 1.—Moses S. Gudmundson, formerly a presiding elder in the Church of Jesus Christ of Latter Day Saints, and who with his followers was ex-communicated for the alleged practice of 'wife sacrifice,' which provided for the men taking the wives of others, issued a statement yesterday refuting his action. Gudmundson said he and his followers founded a colony in Western Utah, as a result of dreams which he dated 1843. This is the first time in the history of the colony that it was supposed to fill the soil, which it was thought would provide sufficient food for its needs. The colony was poor and the colony failed. The statement signed by Gudmundson and several followers said: 'We know that as God's truth stands, we are not guilty of sin.'

As Hiram Sees it

'Hiram,' said the Times reporter to Mr. Hiram Hornbeam, 'how is my old friend Miss Birdie McWhorter? I have not seen her for a long time.' 'Oh, she's still lookin' for a man,' said Hiram. 'Her Easter hat is the goldarnedest contraption you ever seen. An' she's got a noo feller come out from a noo suit like a gal fourteen 'ud wear. Oh, Birdie's all right. Tae's a noo feller come out from the Settlement to work in the store an' post-office, an' Birdie goes down every day to see the feller. An' she's got a noo feller how she can't understand what's got into the people that orto be writin' to her. The boys has christened the noo feller as No. 47, reckonin' back to the time Birdie set her cap for the first one. But I want to tell you I'd give a lot more for Birdie than for a heap of the gals I see goin' round. She kin cook an' sew, an' keep the house shinin' an' suit her time to think about them there heroes she reads about in the story papers. Mister, you never kin tell about young wimin nowadays. Good looks an' fine clothes don't make a home. Now look at Hanner. She never took no beauty prize—no more'n I did—but when it comes to real noo-sense you can't beater—no, sir. An' Hanner says if Birdie ever gets a good man an' settles down in her own home she'll be the kind of wife to make a man think he got fast prize in the lottery—By Hen!'

STEAMER RAMS FREIGHTER AND GOES TO BOTTOM

Seattle, April 1.—The passenger steamer Governor of the Admiral Line, en route from San Pedro, Cal., to Seattle, rammed the freighter West Hartland, bound for Seattle from Bombay, and sank off Point Wilson, near Port Townsend, Washington, a little before last midnight, according to messages received by the port warden's wireless operator here. A later report said all passengers were saved. No details are available as to the cause of the collision. LATER.

DEFICIT \$92,708 IN N. S. FOR YEAR

Provincial Secretary's Statement Presented to House of Assembly—Receipts and Expenses Grow. Halifax, N. S., April 1.—The statement of revenue and expenditure for the provincial fiscal year ended September 30, 1920, brought down in the house of assembly by Hon. O. T. Daniels shows a deficit of \$92,708.50. For the year ended September 30, 1919, there was a surplus of \$29,507.23. The expenditure for 1920 was \$3,898,724.56, an increase of \$668,830.02 over 1919. The total revenue was \$3,801,016.06, an increase of \$677,831.70 over 1919. The total revenue increased \$86,785.56, and the total revenue in that respect was \$690,517.72. The provincial secretary's report shows a revenue of \$779,501 for the department. Among the items contributing to this revenue were the motor vehicle fees, totalling \$266,214.56; companies' corporation fees, totalling \$97,974.02; and taxation of insurance companies, totalling \$123,197.55.

GIVE GRAMME OF RADIUM TO MME. CURIE

Washington, April 1.—President and Mrs. Harding will receive Mme. Curie in the White House on May 20, and present to her a gramme of radium, valued at \$100,000 in behalf of the women of the U. S. who have contributed to a fund for this purpose in recognition of her scientific services, particularly the discovery of radium. Mme. Curie will come to the United States especially for the presentation.

HUNGARIAN GOVERNMENT IS GIVEN WARNING

Allied Ambassadors on Matter of Ex-Emperor Budapest Denies That Charles is Moving Towards That City With Troops—Varied Reports on the Situation.

Paris, April 1.—Resolutions protesting against the restoration of former Emperor Charles in Hungary, and warning the Hungarian government that the consequences of such an event would be disastrous, were adopted by the council of ambassadors here today. They were presented by Jules Cambon, acting in the name of the French government. 'The events of which Hungary is the theatre,' the resolutions read, 'place the principal allied powers under obligations to recall to the government and the people of Hungary the terms of their declaration of February 4, 1920. In this declaration the council of ambassadors declared the principal allied powers considered that restoration of the Hapsburg dynasty would not be consistent with the principles for which the war had been fought and at variance with the whole basis of the peace settlement, and that such restoration would be neither recognized nor tolerated by them. 'Faithful to the principles enunciated in that declaration,' continue the resolutions, 'the Allies have the duty to repeat that the restoration of the Hapsburgs would imperil the very foundation of the peace, and that it could be neither recognized nor tolerated by them. 'The Allied powers count upon the Hungarian government, conscious of the gravity of the situation that would be created by the return to the throne of the former sovereign, to take efficacious measures to suppress the attempts whose success, even if they could be achieved, would have disastrous consequences for Hungary. 'The Allied powers will be telegraphed to the Allied high commissioner in Budapest and communicated officially to the Hungarian delegation in Paris and the representatives of the bordering states of Czecho-Slovakia, Jugoslavia, Roumania and Poland. 'Count Teleky said the charge d'affaires' message was at present being conferred with ex-Emperor Charles, for whom a safe conduct had been demanded of the Austrian government. 'The Allies has failed to receive any confirmation of the reports that Charles was heading an army marching upon Budapest. 'His latest despatches declare that calm prevails at Steinmanger, where the emperor now is, except among a certain portion of the troops. 'Charles, the advice states, is to be taken some distance from the camp to the castle of Prince Bathanyan at Komorn, to the south of Steinmanger, with Count Teleky accompanying him. 'Budapest, April 1.—Starting reports that former Emperor Charles was marching with troops towards this city were officially denied last night. It was declared Charles was safely guarded at Steinmanger. 'Perfect order prevails in Budapest during the evening. 'Paris, April 1.—The French charge d'affaires in Budapest telegraphed to the foreign office here today that he was unable to confirm the various press reports of Hungarian troops movement, adding that absolute calm prevailed in the Hungarian capital. 'Bern, April 1.—Request has been made to the Swiss government by the Hungarian legation here to allow former Emperor Charles to return to this country from Hungary. 'Paris, April 1.—Two authentic facts appear to stand out of the mass of sensational rumors relative to the attempt of former Emperor Charles to re-instate himself as head of the Hungarian government, the first is that Charles is still in Hungary and the second is that the 'little Entente' comprising Czecho-Slovakia, Roumania and Jugoslavia, and even the 'big entente' are ready to strike if the former emperor succeeds in his enterprise. 'Premier Briand's newspaper, the 'Edair, understands the entente governments are considering the steps that they will take in the event that the Hungarian situation is not rapidly cleared up. Among these measures, it is declared, the blockade of Hungary is considered. 'A Berlin despatch announces that troops which left Steinmanger for Budapest have arrived at Raab, about seventy-five miles from the Hungarian capital. 'A newspaper report from Vienna states that General Lehar, governor of West Hungary, has informed the Hungarian legation at the Austrian capital that Charles has decided to return to Budapest at the head of his troops. The former emperor was said to take the view that allied opposition would be aimed only at him, and that in case his return to Budapest was resisted he would abdicate in favor of his son. 'Advices from Belgrade declare the Jugo-Slav council of ministers has declared that the restoration of the Hapsburgs in Hungary would be considered a cause for war. 'OUR RAILWAYS.

HAVE ABANDONED FUEL CONTROL

Ottawa, April 1.—Yesterday was the last day of the coal year 1920-21, and owing to the plentiful supply of coal at present in the country and the great improvement of the fuel situation generally the board of railway commissioners have disbanded their fuel control organization and in this are being followed by the various provinces.

OUR RAILWAYS.

Ottawa, March 31.—A preliminary report on railway statistics for the year ended December 31, 1919, shows that passengers carried during the twelve months increased nearly ten per cent. over the previous year. Single track mileage increased only 102 miles. Freight carried decreased 6,211,792 tons, or 4.65 per cent. The average number of employees increased 14,951 or 9.4 per cent, and salaries and wages increased \$24,383,079, or 11.7 per cent. The average wage per hour increased 8.4 per cent. The total capital expenditure on government railways is shown as \$413,590,678.

GOOD THINGS COMING TO THEATRES OF ST. JOHN.
ABOUT TOMORROW'S FAIRY OPERETTA

Imperial Has Two Distinct Shows, Its Own and That of "Empress of Britain." As already announced, there will be two distinct entertainments in Imperial Theatre Saturday afternoon. The first one, commencing at 2 o'clock, will be the Imperial's own show, consisting of a two-reel comedy, the three-reel opening chapter of the new adventure serial, "The Son of Tarzan," and concluding with the opening performance of Mrs. Jack Ross's Imperial Miniature Troupe of fifty kiddies in the fairy tale extravaganza, "Beauty and the Beast." The picture show will commence at 4 o'clock. This will be the Imperial's own matinee, but at 4 o'clock the Pierrot Troupe of the "Empress of Britain" will play their famous vaudeville and concert programme, which will run until supper time. EXPENDITURES AT PORT OF ST. JOHN

It was announced in the house of commons yesterday afternoon, according to a Canadian Press despatch, that the public works department had expended \$14,283,857 at St. John harbor, between 1920 and 1921, inclusive. The expenditure for 1920-1921 was \$1,293,941 and the item in estimates for 1921-1922 was \$1,250,000. P. Michaud (Restigouche-Madawaska) on the orders of the Hon. G. A. S. Simpson, despatch from Portland (Me.), alleging proposed construction work by the Grand Trunk Railway which would involve an expenditure of some half-million dollars. Hon. Dr. Reid, minister of railways, said he had written to Howard G. Hellyer, president of the Grand Trunk Railway, for confirmation or otherwise. The reply received was that no such work was contemplated, present plans merely involving renewals of wharf piling.

A BRAVE ACT

Christie McKenzie Cleverly Handles Runaway Team in Union Street.

A regular movie scene was enacted in Union street yesterday afternoon. A span of horses attached to a large wagon took fright in Smythe street and dashed up the hill and across the street to Union. Some women, who were crossing from Dock to Mill street, had a narrow escape, and had it not been for the prompt action of Christie McKenzie, two would have been knocked down and probably seriously injured. Calling out a warning to the women he leaped to the horse's head and momentarily stopping them, but before he could secure a firm hold on the bridle he was knocked to one side. Seizing hold of the side of the wagon he climbed on and then worked his way out the pole and succeeded in bringing the frightened animals to a stop at the head of the hill before any damage had been done. He had one of his hands slightly injured and one of his elbows cut. He was highly complimented for his daring deed by people who witnessed the scene.

ASHORE LEAVING PORT OF ST. GEORGE

The three-masted schooner Frederick H., bound from St. George, N. B., to Norwalk, Conn., with a cargo of pulp, ran aground yesterday as she was leaving the harbor at St. George. Part of the cargo was discharged, and she was floated successfully, not, however, without starting some planks. Her forefoot gone, as well as part of the shoe. C. M. Kerrison, of Nagle & Wigmore, her local agents, will go to St. George tomorrow morning in connection with repairs.

ROYAL GARDEN CAFE SCORES A TRIUMPH

With quality foremost as their invariable policy, the management of the Royal Garden have scored a distinct success by the introduction of the deservedly popular Purty for tea, which they serve either alone or in combination with their many novel and delicious teas, in the favorite flavors of the hour. This, with prompt and courteous service, will add many to the already large patronage enjoyed by the Garden Cafe, Royal Hotel.

MONTH'S WORK OF RED CROSS HOSPITAL AID

Reports were received from various committees this morning at a meeting of the hospital committee of the Red Cross. Mrs. J. V. Anglin occupied the chair. The report of the treasurer showed expenditures of \$468.62 for March. Mrs. E. R. Taylor reported for Lancaster hospital. A special tea was given there at Easter at which the Stone church circle assisted in serving. Two deaths occurred there during the month and in both cases the committee sent flowers.

Mrs. J. H. Doody reported that thirty-one men had enjoyed drives during the month. For the post discharge committee the report of Mrs. Forrester was read in her absence. Mrs. Ernest Barbour also reported some post discharge cases and Mrs. H. A. Powell presented a report for the follow up committee regarding work at outside points. These cases were discussed and assistance given in some.

A telegram was read from Dr. Farrah of Ottawa regarding a mentality case upon which a report was made to him. The secretary was asked to correspond with Fredericton with reference to some cases. For the buying committee Mrs. W. P. Bonnell reported supplies sent to River Glade. A letter of thanks was read from Dr. Farris of East St. John for acts of kindness by the committee on behalf of the patients there. In the Easter treat this year the Fundy Chapter, I. O. D. E. rendered valuable assistance in connection with work at River Glade as did the Loyalist Chapter, I. O. D. E. in the work at East St. John. Mrs. W. H. Shaw of the visiting committee reported for East St. John.

Before leaving for Europe Mrs. F. B. Ellis presented to each patient there a bouquet with Easter card attached for which the men were very grateful. Two deaths occurred there during March. The usual monthly indent was read.

WEATHER COLD BUT RIVER HIGH

Fredericton, N. B., April 1.—Although the weather continues cold the St. John river is slowly rising at this point, and is now little short of thirteen feet above midsummer level. There is little ice running but enormous quantities are piled on the shores at all parts of the river. Advice from St. Basil, Madawaska county, at noon today were that the heavy ice jam at that point is still holding. From St. Leonard's to Grand Falls the river is clear, and also from Grand Falls to Kingsclear, where a jam which formed there prior to Monday last shows no sign of moving. Warmer weather and rain are needed to clear away shore ice to permit of the hanging of booms for the first run of logs.

The tugs sent from St. John to search for the sheer boom owned by the St. John River Log Driving Company, which went out with the ice run, reached Fredericton on Thursday afternoon but soon afterwards returned down river. No sign of the missing sheer boom was seen.

R. W. McLellan of the legal firm of McLellan and Hughes, will leave tonight for St. John, to sail on the S.S. Minnetonka on Saturday. He intends to be in Europe for some six weeks. His trip is for business and will include points in England and Ireland and the south of France.

Relatives have received letters from Robert Fitz-Randolph, who with members of his family is on a European tour, stating that he was taken ill with pneumonia and spent some time at Gibraltar recovering from the attack. It is believed that he has already resumed his tour. He was compelled to remain at Gibraltar for a fortnight.

BURIED TODAY. The funeral of Norval McLaughlin was held this afternoon from his late residence, 2 Conroy street, to Pembell. Service was conducted by Rev. H. A. Goodwin.

The funeral of James A. Galbraith was held this afternoon from his late residence, 183 Guilford street, West End, to Lorneville for interment. Service at the residence was conducted by Rev. J. Healey and at Lorneville by Rev. W. J. Bevis.

MONTREAL STOCK MARKET. Montreal, April 1.—During the first half hour this morning the local stock market was virtually inactive, only two of the leaders appearing at all. Neither of these registered any changes from their yesterday's closing quotations, viz: Atlantic Sugar at 32, and Brazilian at 32.

START IN FEW DAYS. Clark Bros., Paper Mills, Ltd., expect to start the manufacture of fibre ship piling cases at their new factory, Gle Falls, next Monday or Tuesday. The works are installing new equipment and the present time they have their head office at Bear River, but intend to move it to St. John in the near future. They are planning on erecting a large brick and steel structure on their property at Gle Falls in the spring for the purpose of manufacturing fibre boards. The expect to employ from 150 to 200 hands.

VITAL QUESTIONS.

The question of disarmament has been brought more prominently into the realm of discussion in the United States by the action of the Women's Disarmament Committee, which at Washington and in fifteen states held meetings on Easter Monday and adopted resolutions requesting President Harding "to call a conference of the nations on the question of world disarmament" and asking that increased appropriations of Congress for armaments be postponed pending such a conference. At the meeting in Washington Senator Borah of Idaho, the principal speaker, again advocated an agreement between the United States, Great Britain, and Japan to reduce naval armaments and charged the authors of programmes for increased armaments for the world with being "sedulous patrons of Bolshevism, and painstaking and industrious gardeners of unrest and misery."

Commenting on the resolutions adopted the New York Evening Post says: "These resolutions are not merely the expression of an idealistic dream. They are based on the necessity of checking the race for naval supremacy which if persisted in will drive the world into bankruptcy. The problem of making both ends meet is difficult enough without any increase whatever in naval expenditures. With such increase the problem can be solved only by heavier taxation. If this does not render limitation of armaments a practical issue, there is no such thing. The only real question concerning disarmament is the question of method. Senator Borah declared yesterday that the only practical or secure method was by an agreement with the other nations who are now with us in a full swing in a great naval race. Mr. Bryan pointed out another method in his telegram: Am heartily in favor of disarmament, by agreement with other nations if possible; by our example if necessary. Mr. Bryan's second alternative cannot be dismissed as an example of Bryanesque impracticability. It is being practiced on an impressive scale. England has received her traditional two-power standard and openly proclaims a programme which leaves her navy the equal not of any other two navies but of any other single navy. Here is limitation of armament by example—example of the nation which admittedly has the greatest need for naval protection. In the face of this action the demand of some of our naval officials for a two-power standard is nothing short of old-fashioned militarism. The United States should lead by setting the example and by exerting itself to bring about a general agreement."

Having England's example before them, it is hard to see how the American can justify the Denby policy. The presence of M. Viviani, the French envoy, in Washington, for the purpose it is believed of discussing with President Harding the question of the League of Nations, or an association of nations that would be alike satisfactory to the United States and the other Allied powers, lends greater force to the plea for disarmament. The present position of the United States is one that cannot be maintained with safety to the world. The Harding administration faces a great responsibility and a great opportunity. The outcome should be one in every way worthy of a great nation.

FOOLING THE FARMER.

Senator Capper of Kansas admits that the Fordney tariff bill cannot benefit the farmer now, because most of the 1920 crop is out of his hands, but the senator adds: "It will be most reassuring to the producers to see the measure passed. It will show them that the new administration has a sympathetic concern for their interests." This is the utterance of the partisan politician, who wants to help his party by pretending to be the friend of the people. What the United States needs more than anything else is foreign markets, and the Fordney bill will restrict foreign trade. An exchange puts the case clearly in the following paragraph: "There is no hope for improvement to any great extent so long as we remain in our anomalous relation to Europe. Here is the point at which Senator Capper and other real friends of the farmer should concentrate their efforts, and the sooner the better. By remaining outside the peace settlement we are hindering a return to a normal world. The farmer is not feeling the effect of an economic impasse merely; he is feeling the effect of the diplomatic impasse in which we have been stuck for nearly two years. Senator Capper can do the farmer no better service than give him a clear realization of this deadlock and to labor for its speedy ending."

Frederick Macl—Mr. R. T. Hayes, S. P. P. for St. John city, has been appointed chairman of the committee of ways and means, which means that he will preside over the deliberations of the issue in the absence of Hon. Mr. Speaker. The new member for St. John has had a lot of experience in municipal affairs and gives promise of becoming a very useful member of the house.

EXPORTING BRAINS.

Canadian Finance finds a lesson for Canada in the fact that two former Canadian bankers have entered the service of the National City Bank of New York, following to the United States many other able men who found on the other side of the border "greater opportunities, greater rewards, and last, but not least, greater recognition of their ability." Canadian Finance remarks that the individual and are always ready to reward the expert with proper remuneration and recognition. But there is one aspect of the question which is by no means to the discredit of Canada. We quote:

"Is it not a tribute to the ability, integrity and quality of our business men when the nation which willingly admits that it is the greatest aggregation of business experts existing, sees it and finds it necessary to induce expert Canadians to join them in their business activities. Is it not a tribute to the efficiency of the Canadian banking system that so many of our prominent bankers have been persuaded to cross the line and assist the United States in handling its banking problems?"

This, however, does not compensate Canada for the loss sustained, and the remedy is to place greater value at home upon the value of Canadian brains, and offer greater inducements to able men to stay at home. Canadian Finance very aptly says: "We are told by politicians, statesmen, business men and even by newspaper men, to increase our exports, but there is one great exception to that desirable programme—we cannot afford to export brain power for we need all we can get in this country."

Board of Trade Journal: "In promoting a Buy-in-Canada campaign, we must not lose sight of the fact that the maritime provinces are a part of Canada, and that their products must stand on precisely the same footing as the products of other parts of the dominion. Some upper Canadian houses seem inclined to look upon these lower provinces as if their only purpose in life was to furnish a market for their wares, and to assist them in their particular territory, regardless of what may happen to the products and resources of this section of the dominion. This attitude is neither helpful to Canada nor to the maritime provinces. The rights and interests of these provinces must be protected, and it's up to the federal authorities, the railway board, the transportation companies and the manufacturers' association to see that this protection is afforded. In the maritime provinces we have a great diversity of resources, and it is only by a proper development of them that this section of Canada can hope to prosper. This remark applies to ports as well as industries and natural products."

The appointment of two women to the board of censorship of moving pictures will be generally approved by the people of the province. The women are entitled to representation and their judgment in the matter of desirable films will be the elimination of those that are undesirable from the standpoint of morals and the effect of moving pictures upon immature or ill-balanced minds.

Here is a sample of what passes for smartness in the western provinces. It is from the Winnipeg Free Press: "Senator Fowler, of St. John, may lose his place in the Senate because he has not resided in the province for two years. But why pick on a man because he does not want to live in New Brunswick? But who is Senator Fowler of St. John? We have never heard of him."

The report of the provincial forester shows that fires last year caused loss to the extent of \$890,806. May and June were exceptionally dry, but in any case the province should perfect its fire protection service. Too much of Canada's forest wealth goes up in smoke.

The greatest surplus of freight cars in the history of American railroads is now reported. The railroad problem in that country, as in Canada, is very serious.

MORNING NEWS OVER THE WIRES

At a sale of bankrupt mill property of MacIntosh Brothers' West Bathurst, the large lumber firm which assigned in January, most of the property was bid in by the MacIntoshes themselves. It is said their intention is to resume operations immediately. The liabilities were about \$75,000 and the assets would reach about half that.

The inter-legislative debate in Wolfville last evening between U. N. B. and Acadia University was won by the latter institution. The winners supported the resolution that the excise taxes, the sales and luxury taxes in 1920 were justifiable legislation at the time on the ground that the revenue was needed and could not be raised in any other way.

At a meeting of the United Mine Workers of Nova Scotia in Halifax yesterday a protest was made against the election of Daniel Livingstone, international board member, because at the time of nomination by the Minto, N. B. local that local was on the delinquent list and in arrears with per capita tax. The customs collections at Moncton during the past year show an increase of \$137,888.76 over the previous year.

GIBRALTAR.

Seven weeks of sea, and twice seven days of storm Upon the huge Atlantic, and once more We ride into still water, and once more Of a sweet evening screened by either shore Of Spain and Barbary. Our toils are over. Our exile is accomplished. Once again We look on Europe, mistress of the yore Of the fair earth and of the hearts of men. Aye, this is the famed rock, which Hercules And Goth and Moor bequeathed us. At this door England stands sentry. God! to hear Sweet treble of her fife upon the breeze. And at the summons of the Rock gun's roar To see her red coats marching from the hill.—By Wilfrid Scawen Blunt.

LIGHTER VEIN.

Wouldn't Be Noticed. "What's the matter, Captain Quarter-deck?" "The fact is, my dear young lady, we've broken our ruler." "I wouldn't worry about that. The ruler is mostly under water, you know, and it is not likely that people will notice it."—Dublin Weekly Times.

He Struggled.

A lady prison visitor was going her rounds. "Have you ever struggled against the consequences of temptation?" she inquired of one ferocious-looking fellow. "Yes, ma'am, I have," he answered. "Ah! I suppose if you had fought just a little harder, you wouldn't be here today?" "Well, ma'am," said the prisoner modestly, "I did the best I could. It took five policemen to get me to the station!"

Practice Makes Perfect.

"No, Bobby," said his mother. "One piece of cake is quite enough for you!" "It's funny," responded Bobby, with an injured air, "I should learn to eat properly and yet you won't give me a chance to practice!"

PROKOS WINS

Two Interesting Wrestling Matches at Opera House Last Night.

The wrestling matches in the Opera House last evening attracted about 240 fans. The first was between two light weights, Lemme and Valda. The latter was awarded to the latter on points at the end of fifteen minutes. Both boys put up a good exhibition and worked hard. The winner was stronger than his opponent and was able to break many holds. At the termination of the bout he was presented a silver trophy by his instructor, Walter O'Toole. There was considerable delay before the principals for the main bout put in an appearance. Orest Valda walked out the stage about 9:45, after being introduced, sat in his corner. Jim Prokos did not appear for some time, and when he arrived he was in a heated argument with Walter O'Toole, who was representing the promoter. The former maintained that there was \$225 in the house per cent of that sum. The latter said that Prokos had signed a contract to wrestle for twenty-five per cent of the net profits and would not receive another cent. Prokos asked what his share would be, but was informed that it would be twenty-five per cent. This did not satisfy the Greek, and he refused to go on until fifty dollars was put up in a friend's hand. The promoter said that he had the contract. He produced a small notebook in which he showed three signatures and a date, saying that Prokos held out for at least \$50, and when the money was put up the bout started.

The first fall went to Valda after forty-seven minutes' wrestling. Most of the time Prokos was on his feet, and he kept his opponent and worrying him with numerous croch-holds and half-nelsons. Valda occasionally caught his head in a lock and forewarned the Greek to exert himself to get free. The Italian heavyweight won the fall with a head scissor and arm hold. In the second round the men went at each other hammer and tongs. For a few minutes honors were about even, but Prokos then worked behind Valda and for more than ten minutes forced his opponent to take considerable punishment. He kept working around Prokos's side, and the latter kept protesting to the referee. Jack Ahearn, who was officiating, maintained that Prokos was within his rights, and after fifteen minutes Valda gave up and conceded the bout to his opponent. Prokos then challenged Joe Irvine to a match.

MOTION PICTURES USED TO ILLUSTRATE LECTURE AT JOINT MEETING OF THE BOARD OF TRADE AND THE ST. JOHN BRANCH OF ENGINEERING INSTITUTE LAST NIGHT, W. C. Chase, M. E. I. C., vice-president of the Engineering Institute of Canada and president of the Canada Lock Joint Pipe Co., Ltd., gave a lecture on "Concrete Sewer and Water Pipe Construction." The lecture was illustrated with motion pictures, showing the manufacture, the up-to-date and efficient machinery, the great care used, and exhibiting the high standard of the finished product. A standard vote of thanks which was moved by R. B. Emerson and was extended to the speaker, and a vote of thanks was also moved by C. O. Fos to the board of trade for the use of the rooms. G. M. Murdoch, was chairman, and among those present were W. P. Burditt, president, and R. E. Arnshorn, secretary of the board of trade, and Commissioners Thornton and Jones.

B. C. LIQUOR BILL.

Victoria, B. C., April 1.—The bill for the government control of the sale of alcoholic liquors received its third reading yesterday. An eleven-hour proposal to insert a beer clause was defeated by 84 to 11. Thos. Uphill said the bill made it easy to obtain hard liquor and difficult to get good beer, and he ventured to declare that the members of the house, if they went back to the country after passing this bill would be defeated, for they had got an act that was inoperative.

IRISH INQUIRY IN UNITED STATES

Report of Committee of 100, and Reply by British Embassy.

"The Commission of the Committee of One Hundred Investigating the Irish Question" made at Washington has issued a 80,000 word report. Among the charges made in the report are the following:

That the British government has incited the British troops in Ireland to acts of violence.

That the British troops have "indiscriminately killed innocent men, women and children, have tortured and shot prisoners while in custody" and have assassinated prominent Irish republicans.

The British embassy at Washington has issued a statement characterizing the report as biased and misleading. The statement says that before September, 1920, 92 policemen, 66 soldiers and 74 civilians wounded. It continues: "That the crown forces, under almost incredible provocation, patiently borne during many months, have on some occasions broken the bonds of discipline and committed unjustifiable acts of violence, is not denied, but to say that such acts have been ordered by the British government is absolutely false."

It is contended that there are grounds for attributing to extreme Sinn Feiners the murders of prominent persons, such as Lord Mayor MacCartain, of Cork, and the mayor and aldermen of Limerick.

COMMON COUNCIL

Further consideration of the proposed amendments to the city electrical by-laws was given by the common council, yesterday afternoon. The section referring to the wattage of service switches was referred to a meeting of the electrical contractors of the city for recommendation. The amendment referring to the starting switches for motors was adopted.

An addition was made to the law governing the licensing of journeyman electricians, providing that the city electrician may give a journeyman a provisional permit to work until the next meeting of the board of examiners.

Other amendments were adopted as proposed.

Commissioner Ballcock reported that in spite of the fact that the city had made the changes at West St. John recommended by the board of fire underwriters, expecting that the rate would be reduced, he had received a communication from the board stating that the rate was raised fifty per cent. The matter of whether the Marsh road from City road to the O-Mile House or Brussels street should be paved this year was discussed, and it was finally decided to have plans for both jobs prepared and it will be decided later which job will be carried out first.

MOVIE BALL

A NOVELTY

Several New Features Introduced at Last Night's Gala Event at The Gardens.

The Venetian Gardens was the scene of a very successful dance last evening when the film exchange managers were hosts to about 350 of their friends. Music was supplied by the house orchestra and it was obliged to respond to many requests. A feature of the evening was the taking of moving pictures of the dancers. There was also a ball-hold, a con-fetti dance and a twist tango. Those in charge of the affair were R. G. March, Mitchell Bernstein, Edward Rosecan, and Joseph Kaufman. A pleasing musical programme was rendered and was participated in by William Melliday, E. L. Craig and A. J. Mason, formerly of St. John.

THE DOMINIONS AND THE EMPIRE

London, April 1.—(Canadian Associated Press)—Chief Justice Irving of Australia has been exhorting the people of the commonwealth to clear their minds of what he calls the sentimental hang-over so often voted in different parts of the empire, regarding the new status which the dominions are supposed to have acquired as a result of the war, according to cable advices to the papers here.

The principle enunciated in some quarters, that the dominions are independent in their relations with foreign powers is regarded by the chief justice as mischievous and unsound.

The dominions, he thinks, will acquire a new status only when they have made proper sacrifices in helping to maintain the naval power, which alone guarantees their security.

MINNEBOSA PARTY CONCERT.

The concert given last night, by the Minnebosa concert party and novelty band at the Seaman's Institute was attended by a fairly large audience. The various numbers on the programme were carried out in a manner in keeping with the reputation of the performers. Special mention might be made, however, of the jazz band, which was pronounced exceptionally good by all present. Among those who helped to make the evening a success were: Messrs. C. Cusack, F. Baker, F. Lang, A. Daniels,

LOCAL NEWS

The first year students of the King's College Law School were very pleasantly entertained by the dean of the faculty, J. Roy Campbell and Mrs. Campbell, their residence, Elliot row, last evening.

That \$20,000 would be expended on the shell field and the children's playground at East St. John, was announced last night by the treasurer, Roy F. Andren. The grandstand will be engaged to accommodate 1,000 more people. It now holds 400.

To satisfy a claim brought by Haley and Sons, Limited, against Michael O'Shea, sheriff Wilson sold yesterday to E. C. Feyman, for \$295, a leasehold lot and finished dwelling at the corner of Argyle road and Harding street, water, under the Mechanics' Lien.

At the second quarterly concert of Phillips church last evening, reports were received and the church raised more than \$350 during the quarter. The presiding elder, Rev. C. A. Stewart, gave address, Charles Hamilton, organist, elected secretary.

Under the auspices of the W. M. S. of Centenary church Ven. Archdeacon A. H. Crowfoot gave an illustrated lecture on Westminster Abbey in Centenary hall last evening. A vote of thanks was extended to the speaker. The president, Mrs. C. P. Sanford, was in the chair. Mrs. George Lockhart and Miss Alice Hea took part in the programme.

Rev. H. A. Goodwin, of Centenary church, returned from Fredericton last night, where he had been meeting the government in connection with legislation for the proposed Maritime Home for Women at Moncton. Mr. Goodwin said last night that the proposals had been favorably received and that a bill would be prepared to present as soon as possible.

The Bonnie Doons Club of Knox church repeated its dramatic performance and tableau in the school room of the church, last night, and delighted a capacity audience. The club will give another performance in Knox church school room next week and later will take its entertainment to the East End Boys' Club and give a performance for the pleasure of the boys.

The immigrants detained in West St. John signed a petition to have a piano installed in their quarters and in less than an hour, through the efforts of Rev. Canon R. A. Armstrong, a piano, the gift of Trinity church, was in the big room at the docks. The immigrants gave a concert on Easter Sunday.

At the March meeting of the Electric Reading Club last night Rev. Canon Kuhring arranged the programme and gave an interesting talk on the Dardanelles. Mrs. Silas Alward entertained the club at her residence, Mount Pleasant.

The choir of the Exmouth street Methodist church repeated with great success their Easter Cantata "A Morning in the Orient," in the Methodist church at Brookville last evening. D. C. Clark, president of the board of directors of the Protestant Orphanages, last night delighted the children in the West Side Home by giving them a very interesting illustrated lecture, showing pictures of homes for children in England and in Canada. There are fifty-four children in the West Side Home now and all but the babies were able to be present at the lecture. The school board and Mayor Schofield and Commissioner Bullock, representing the common council, had an informal conference last night and the matter of two new school buildings and their sites were discussed, but it was thought advisable not to award contracts for the buildings this year as the mayor said he believed prices would go down. It was agreed that the need for new schools was urgent.

RECENT DEATHS The death of Mrs. Frederick Hains occurred at her home early yesterday morning. Her death was very sudden and followed an illness of one day only. Mrs. Hains was born here and lived here all her life, and leaves to mourn her husband and two young children, four sisters and a brother. She was a daughter of the late Paul LeGoff. Very much sympathy is extended the family in their sad and sudden bereavement. RECORD TRIP The C. P. O. S. liner Empress of Britain docked yesterday afternoon at 4:30 o'clock. She arrived off the island yesterday morning from Liverpool with 1,067 passengers, over 1,000 tons of general cargo and a large consignment of mail. She made the round trip in twenty days. Maritime province passengers on board were Mrs. R. Denton, of Sussex; Mrs. F. W. Case and Miss F. G. Case, of Bathurst; Mrs. C. Nesbitt, of Sussex, and J. O. Davies, of Halifax. Owing to the spring freshet the large liner had some difficulty in docking. While swinging into her berth she was forced to use her propellers and the heavy swing swung the Canadian Navigator so far out that she snapped her bow lines.

BUDGET PASSES LEGISLATURE

Only Six Members Speak in Debate and No Division of House is Called—Notice of Liquor Referendum.

Fredericton, N. B., March 31—Only six members of the legislature took part in the budget debate. Four of the speakers supported the government and two the opposition. Members of the Farmer group did not avail themselves of the opportunity of expressing their views on the budget.

The debate was one of the shortest in the history of the local house, and many members hardly realized that the debate was ended, when the motion to go into committee on supply was delayed carried. There was no division called.

The house was in session during the evening and J. G. Robichaud continued his speech dealing with matters suggested by the opposition. He was followed by F. L. Estabrooks who dealt with the farmer movement, and some features of the career of the leader of the farmer group in New Brunswick.

Fredericton, N. B., March 31—The House met at 8 o'clock.

Mr. Michaud presented the report of the committee on standing rules.

Hon. Mr. Roberts submitted the first report of the library committee.

Notice of Resolution.

Hon. Mr. Roberts gave notice that on Tuesday next he would move, seconded by Mr. Tracey, the following:

Resolved—That under the provision of part IV of the Canada Temperance Act as enacted by Chapter 5 of the Statutes passed at the second session of the parliament of Canada held in 1919, this legislative assembly doth request that the votes of the electors in all the electoral districts of this province may be taken for or against the following prohibition, that is to say: That the importation and the bringing of intoxicating liquor into this province for beverage purposes may be forbidden.

Hon. Mr. Mesereau laid on the table the annual report of the Department of agriculture.

The motion to go into supply was adopted without division.

The house then went into committee with Mr. Hayes in the chair and adopted the formal resolutions. On the item of contingencies for administration of justice Mr. Baxter asked for information, which Hon. Mr. Hetherington promised to furnish tomorrow.

The committee then arose and reported progress. The house again went into committee with Mr. Hayes in the chair, and agreed to bills to provide fire protection and relating to the judiciary act.

Adjourned at 10.26.

Fines of \$50 and costs were imposed against George E. Beckingham and against Thomas Murphy, who appeared before Judge Allingham in the Fairville court, yesterday, charged with supplying liquor to the men engaged in the hydro-electric development at Masquash. Information was laid by Provincial Constables Crawford and Journey. William M. Ryan, appeared for the prosecution and the defence was conducted by J. A. Barry.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place.

Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest. Always dependable.

TOO YLL TO GO TO SCHOOL

Mother Tells how Daughter was Made Well by Lydia E. Pinkham's Vegetable Compound

Cobourg, Ont.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition with weak back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly. She is gaining steadily and I have no hesitation in recommending Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine."—Mrs. J. J. Tom, Ball St., Cobourg, Ont.

Standing all day, or sitting in cramped positions, young girls contract deranged conditions and develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of woman's ills. Every mother who has a daughter suffering from such symptoms should give Lydia E. Pinkham's Vegetable Compound a fair trial.

VIMY MEMORIAL CHURCH.

To the Editor of The Times.

Sir,—Your readers have certainly heard of the plan to build at Lens, France, a Vimy memorial church, as a sacred memorial to the 60,000 Canadians fallen in northern France during the great war, and a gift to the Protestants of that country who have lost 150 of their church buildings in the invaded areas, and are in the direst straits to rebuild them.

The ministers of your city were asked

to take an offering for this scheme on Nov. 14 last, but ministers are often shy of appealing for money from their congregations, and no contribution has so far come from your city.

We feel that we cannot rest until we have put the question squarely to the laymen of your city and asked them if they are satisfied that their city should remain outside of this national movement.

We suggest that a returned officer take the lead and arrange a meeting of minis-

ters and laymen to discuss the question and if possible an offering should be taken in all the churches on April 10, which corresponds to the fourth anniversary of the Vimy Ridge victory, or on one of the following Sundays, or until a house to house visitation be organized by a local committee. Offering envelopes may be sent on application, from the headquarters of the Vimy Memorial Church campaign, 740 University street, Montreal.

If no local committee can be constituted, private subscriptions might be sent to the honorary treasurer, Brig-

Gen. J. G. Ross, C. M. G., 142 Notre Dame street west, Montreal.

Your city will certainly join in this patriotic and Christian enterprise and earn the honor of having its name inscribed on the list of Canadian cities and towns which have contributed to the erection of the Canadian Vimy Memorial church.

Yours sincerely,
ALLAN P. SHATFORD,
Chairman.

CHARLES BIELER,
Secretary.
Montreal, March 29.

Horne Made Chancellor

(Canadian Press Despatch)
London, March 31—Sir Robert Horne, president of the board of trade, today succeeded to Austen Chamberlain's place in the British cabinet as chancellor of the exchequer.

Horne is replaced in his former post-

tion by Stanley Baldwin, financial secretary of the treasury.

WALK UPSTAIRS AND SAVE TEN

Back To My Old Price Again

Niagara's Waters have never swept aside obstacles as easily as I have swept aside Competition!

In 1916 I Said

The Roar of the Falls Going Over the Precipice, Cannot be Compared to the Roar of Competition at my \$25 Values.

The Majesty and Beauty of the View of the Wonderful Falls cannot compare with the Majesty of the styling, and the Beauty of the Fabrics of these Superb Clothes at \$25.

Throughout the length of Canada --- from Coast to Coast --- wherever a Robinson Suit is sold --- the query has rung out --- How can you do it?

THE SECRET IS AN OPEN ONE

I operate my own factories --- All my Shops are Upstairs --- I have no high "ground floor" rents to pay --- No expensive fixtures --- No book losses --- No delivery services and hundreds of other small economies that allow me to save you money on every garment I sell.

No wonder that I have grown in 8 years from a small 15 feet square back room to a Chain of Upstairs Shops stretching across the Dominion from Coast to Coast, doing the LARGEST EXCLUSIVE CLOTHING BUSINESS in Canada. No wonder that I have over 200,000 satisfied customers and have saved them over \$2,000,000.

In 1921 I say

I Am Going To Sell Clothing For A Whole Year Without Profit

For the last seven years (before 1920) I have operated at a profit of about 50 cents a garment—

NOW during the year 1921 I propose to sell you your Clothes at exactly what they cost—and without one cent profit. I am doing this in order to add 100,000 new customers to my list this year. I figure that every new customer I sell this year will be worth more than 50 cents to me in years to come; therefore, I am trading dollars for a still greater expression of the public confidence.

At One Jump I Am Back To My Price Of Four Years Ago

NOW---I am selling Genuine \$35---1921 ---Spring Suits and Topcoats for

—that's "some" jump too! It will take the average "ground floor" clothier a half dozen jumps and long intervals between jumps, and even then he won't be able to touch my values—that's why I repeat my guarantee here—"IF YOU CAN DUPLICATE MY CLOTHES ELSEWHERE FOR LESS THAN \$10 TO \$15 MORE, COME BACK AND GET YOUR MONEY."

I am proud of the fact, that I can show you the finest hand tailored, wool Suits and Topcoats, hundreds of them, in a variety of models to fit all shapes at my 1916 price of \$25.

At a target practice the captain swag- gered up to the latest recruit. "See here, he said, 'this thing is a rifle. Here is the barrel, and there's the stock. You slip the cartridge in here. Now you put the weapon to your shoulder. These lit- tle things on the barrel are the sights. When you have taken accurate aim, pull this little thing, which is the trigger. Now, remember what I have told you. Smarten up and look more like a sol- dier. What are you in civil life?" "No, sir," was the reply; "I am gunner."

MORE LANDLORDS NEEDED

People who complain about rents and talk about the heartless landlords should stop and consider what they would do if there were no landlords. Think of the hundreds who have no ambition to own homes of their own. Think of the hundreds who have the money but are content to let others provide the homes for them. Then of the hundreds who are too poor to build. We need more landlords to meet the demand for houses. Build now and be a landlord yourself. Lumber for homes. PHONE MAIN 1892. TORPID LIVER

FOR OVER 4 MONTHS

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice Mahall, Napane, Ont., writes: "I was very badly run down and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. Only one vial was needed. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

THE "MOUNT ROYAL"

Hotel Industry Ranks Fourth

According to statistics, on this continent hotels rank fourth in the various industries. Hotel Securities are now being recognized, particularly those under "chain" or "circuit" operation, as securities comparing favorably with stable industrial securities.

Montreal, with a population of 900,000, has less than one-fifth of the hotel accommodation of Cleveland with a population somewhat less than that of Montreal. And, in the opinion of those who are in a position to know, the demand for first-class hotel facilities in Montreal is far greater than that of any other city of its size on the continent.

We recommend the 8% Convertible Debentures of THE MOUNT ROYAL HOTEL COMPANY which we are at present offering to our clients. The issue carries with it a BONUS OF 40% COMMON STOCK.

TO RESTRICT THE SEASON'S CATCH

Scotch and English Herring Industries Place Limits on Their Earnings

London, March 18.—(A. P. by mail.)—A joint committee, representing the Scotch and English herring industry, has drafted a plan under which this season's catch is not to exceed 900,000 barrels, of which Scotland will furnish about 600,000 barrels and England the remainder. The catch will be restricted. When a Scotch steam drifter has earned \$5,500 it will cease fishing. Scotch motor drifters will stop when their earnings reach \$4,150. At Yarmouth and Lowestoft steam drifters will discontinue fishing after earning \$6,500, and motor craft on earning \$5,000. The project is dependent on a grant of \$2,575,000 being made by the government, falling which, it is declared by those who have devised it, "the industry must come to an end and ruin and unemployment follow in the coast ports dependent on the herring fishery."

MINISTER LEAVES BAPTIST CHURCH

Rev. Dr. Hughson Turns Presbyterian for Reasons of Communion.

Toronto, April 1.—The Star prints the following excerpt relative to the resignation of Rev. Dr. L. S. Hughson from the Baptist pastorate at Stratford, Ont.: "The resignation of Rev. Dr. L. S. Hughson from his Baptist pastorate at Stratford to join the Presbyterian ministry has caused somewhat of a sensation in Toronto church circles. He is an outstanding Baptist, a graduate of Woodstock College and a D. D. of McMaster University. Moreover, in leaving the Baptist church, he raises an issue upon which Baptists themselves are divided. He does not discuss immersion and infant baptism. A wire reported him as refusing a statement on these questions. On the other hand, he deals with what is known as 'close communion.' Nominally, the Baptists do not offer communion to others than immersed believers. Actually, most Baptist churches in Toronto would not think of refusing communion to any member of another denomination who desired it, and in some churches these are actually invited. Dr. Hughson's parting statement, therefore, draws diverse statements from various Baptist pastors. He intimates that he believes Baptists are too exclusive in the matter of communion. He goes further, indeed, and includes church membership, which is a much wider question. No Baptist church hereabouts grants membership to those who have not been immersed."

WANT ADJUSTMENT OF THE SALES TAX

(Canadian Press Despatch) Toronto, March 31.—An adjustment of the present sales tax is the suggestion which will be made to Sir Henry Drayton, minister of finance, by the Canadian Manufacturers' Association, the Wholesale Grocers' Association, the Retail Merchants' Association of Canada and the Canadian Credit Men's Association as the best way to raise federal revenue from the business of the country. This decision was arrived at in Toronto this afternoon at a conference of the organizations in question after two days of discussion on the tax question. A committee appointed by the conference made the following recommendations to be submitted to the finance minister and they were unanimously passed by the conference: 1.—That the business profits war tax act shall not be re-enacted. 2.—That the income war tax act affecting corporations shall be repealed. 3.—That the present excise tax on confectionery shall be abolished. 4.—That the present sales tax be adjusted as to provide the additional revenue needed by the government.

A resolution was passed urging the various organizations represented at the conference to memorialize the government suggesting "that in order to increase the sale of Canadian made goods the government include in the forthcoming budget a sum of money necessary to prosecute an advertising campaign to educate the people of the necessity of buying goods made in Canada."

FROM J. D. O'CONNELL. Editor Manton Transcript: Sir,—As several of those who write to me from New Brunswick are children, some of them in addressing their mail add the letters U. S. A. after the word Cuba, which is misleading, because Cuba is not in the U. S. A., but is an independent republic, and is separated by the ocean. As there are some small villages in the U. S. A. called Cuba, some of my mail goes to those places. I frequently receive letters forwarded from a small village in the northwest part of the State of New York, called Cuba. No doubt these letters go astray, because several other letters go astray, because these initials are added. Therefore, I wish to inform my little friends that if they will omit these letters and put five cents postage on each letter, I will receive them, and I will certainly answer all of them, and no one will be disappointed. Yours truly, J. D. O'CONNELL. Hatuey, Camaguey, Cuba, March 21st, 1921.

SEALS INTACT, BUT DIAMONDS WERE STOLEN Amsterdam, March 18.—(A. P. by mail.)—A diamond broker here recently sent by registered post to his brother in Antwerp a sealed package containing unset diamonds worth 120,000 guilders. Upon receipt, the brother found the seals intact, but, in some mysterious manner, the diamonds had been extracted and, in their place, were ball bearings for bicycles.

ONCE TO EVERY WOMAN, WITH MISS KATHRYN GALLIVAN SCORES BIG HIT AT THE QUEEN SQUARE THEATRE

In "Once to Every Woman," which was shown to a local audience for the first time last night at the Queen Square Theatre, Dorothy Phillips again proves her clear title to the appellation, "The Bernhardt of the Screen," for in this photodrama she rises to dramatic heights seldom demanded of an actress in the silent drama.

This is the newest production of Universal-Jewel, a brand which has come to stand for the superlative in screen productions. It is a worthy successor to "The Heart of Humanity" and "The Right to Happiness." Miss Phillips' recent triumphs, and like those unusual features, "Once to Every Woman," was

Smoke T&B Your Granddad's favorite smoke

written by Allen Holubar, in collaboration with Olga Linsk Scholl. "Once to Every Woman" is a human document. Its characters are ordinary mortals, and the homely atmosphere of the early scenes, with its pictures of life

in a small town, struck a sympathetic chord in the hearts of many in the audience. But in the hour of need she finds happiness. The story is of a selfish daughter pines in the old home and learns the value of a mother's love. This is a "big" production. The set-faces of the rest of the family because she has been blessed with a voice, and tings are magnificent and the photographs when these sacrifices are the means of graphy flawless. Allen Holubar again placing her at the pinnacle of her art, demonstrates his artistic skill as a director in his treatment of the tremen-

dous scenes in this drama. Assisting Miss Phillips in the presentation are Robert Andersen, Rodolph Valentino, Frank Elliott, Emily Chichester, Elmer Fair, William Ellingford, Mrs. Margaret Mann, and a host of others of equal prominence. Kathryn Gallivan worked her way into the hearts of St. John music lovers in

the rendering of the special music bers. She sang with much feeling her closing number, "Ben Bolt," tears to the eyes of strong men. This big novelty will be for two more days, today and tomorrow. USE The Want Ad
