GERMAN LEAVES  
PARIS, ANGRY AT  
ALLIED DEMANDS

Kurt von Lersner Resigns  
and Writes to  
Millerand

SENDS BACK LETTER  
ABOUT CRIMINALS

Refuses Even to Forward to  
German Government Note  
with Respect to Extradition  
of Huns Asked for by Great  
Britain, France, Belgium  
and Italy.

(Canadian Press.)  
Paris, Feb. 4.—Kurt von Lersner, head of the German peace delegation here, has returned to Premier Millerand the list containing the names of Germans whose extradition is demanded by the Allies, which was handed to him last night, and has informed the premier that he has resigned and is leaving for Berlin by the first train.

Baron von Lersner told the Associated Press his decision was in line with the attitude he had maintained throughout regarding the question of extradition. He declared he had held that no German officials could be instrumental in carrying out the extradition clauses of the treaty, and consequently, the matter having come up in a definite final form, there was nothing left for him to do but to resign and go home.

Immediately after receiving the list last night, Lersner addressed the following letter to Premier Millerand:—  
"Your Excellency has transmitted to me a note containing the names of Germans whose extradition is demanded by the Allied powers. In the course of the last three months I have most seriously laid before representatives of the allied and associated governments, ten times in writing and thirteen times orally, the reasons it was impossible to comply with such a request, no matter what the social rank of the accused persons might be."

"I remind your excellency of my constantly repeated declaration that no German functionary would be disposed to be in any way whatever instrumental in the realization of the demand for their extradition. I should be instrumental in it if I were to forward to the German government the note of your excellency. I therefore send it back herewith."

"I have made known to my government that I cannot remain in office and that I shall leave Paris by the next train."

"The allied council of ambassadors was called into extraordinary session this morning to discuss the situation created by the resignation of Baron von Lersner. The session was held in the French foreign office."

Meanwhile an official view of the situation arising from Lersner's refusal to transmit the list of the accused Germans to his government is lacking. The general impression among observers of the peace proceedings, however, was that the action of the German representative would not influence the determination of the Allies to demand the extradition.

Hugh C. Wallace, the American ambassador who attended the meeting, said afterwards that he had no statement to make regarding it.

It was made known that an official communique would be issued later in the day.

This statement, however, was not issued until after the second meeting of the council, which was set for six o'clock this evening. It was stated, at the French foreign office.

NOT A WAR PICTURE—A SCENE IN CANADA

Entrance to "dug-out" which has been constructed in front of Toronto City Hall by men of the United Veterans League who are taking this means to attract attention to their demands for a \$2,000 cash gratuity. Citizens who stop to see the bivvy are given an opportunity of signing a petition.

Dismisses One Plan  
And Advances Another

Sir Oliver Lodge Adds His Bit to Discussion on Planetary Communication—How He Would Attempt to Attract Attention of Mars—Geometrical Figure and the Sahara.

(Canadian Press.)  
Philadelphia, Feb. 3.—Sir Oliver Lodge, the British scientist, yesterday added his bit to the current discussion on planetary communication and suggested a novel method of attracting the attention of the inhabitants of Mars.

"Nonsense," was his comment when asked if he thought it possible to communicate with the planets by wireless telegraphy, but he went on to say he believed some means will be devised for establishing communication.

"It would be possible to describe an immense geometrical figure, say on the Sahara desert," he said, "and then if the inhabitants of Mars are of a high order of intelligence it is possible with their powerful means of magnification they might be able to distinguish the figure and determine that it had been the work of man. Geometry is an universal science and it is not unlikely that if they are of a higher order of intelligence than we, they would interpret the geometric figure as an effort at communication."

BEATING H. C. L.  
Canadian Railwaymen Make  
and Sell Gloves and Mittens.

Windsor, Ont., Feb. 4.—The United Brotherhood of Maintenance of Way Employers and Railway Shop Laborers have opened a retail store here at which gloves and mittens from the brotherhood's co-operative factories in Toledo are being sold at cost. They say they are able to pay the 35 per cent duty and still put the goods on the counter more cheaply than to buy at Canadian wholesale prices.

HON. JOHN OLIVER, PREMIER  
OF BRITISH COLUMBIA

He is said to differ with some members of his cabinet regarding the sale of liquor in government stores, holding that non-dry prohibition is the only solution.

Holland for the surrender of former Crown Prince Frederick William as a war criminal would be treated by the Dutch government probably according to the Dutch extradition treaty with Germany and it would be a question for the courts to decide, rather than the government, as in the case of the former German Emperor.

"If the Crown Prince is demanded of Germany, by the provisions of the Versailles treaty," it was stated, "it is then up to Germany to ask Holland for him."

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Horne, "we have not held converse concerning the ex-emption for some time. I see he is going to build a hospital."

"If he built one big enough for all the cases he made he couldn't get ground enough in the land," said Hiram, "it's too small."

"There were, in the days gone, about 950 liquor saloons, and former owners of the saloons were hit hard again in the matter of taxes, as they were when their business was wiped out. Most of the saloons were closed in taxes and several former owners are now in the work of making money nowadays to pay off taxes on their property."

"I do not think he will write his memoirs. He is not the man either to defend himself or justify the immense services he has rendered to his country. He feels no bitterness or disappointment in giving up politics. He knows human nature too well to be astonished or hurt at anything whatsoever."

"I was by his side at the time of the armistice, when detestable crowds clamored for him and some one asked him if he felt sufficiently repaid for all his exertions by the popular ovation. He smiled the smile of a man without illusions and answered: 'Wait for a year or two, and you will see what you have to say.'"

"When he heard the result of the Versailles congress he said to me, 'I am not mistaken, Clemenceau has in mind several books of pure literature. I do not think he will write his memoirs. He is not the man either to defend himself or justify the immense services he has rendered to his country. He feels no bitterness or disappointment in giving up politics. He knows human nature too well to be astonished or hurt at anything whatsoever.'"

"I think that he even with perfect good nature was not amused at the discomfiture of his friends."

WEATHER  
REPORT

Issued by authority of the Department of Marine and Fisheries, P. F. Stewart, director of meteorological services.

Toronto, Feb. 4.—The depression mentioned yesterday is still over the south Atlantic states, while the cold wave is centered over the northern portion of Ontario. The weather has been fair in Canada, and for the most part cold, zero temperatures being recorded in many localities from Manitoba eastward.

Maritime—Fair and cold. Thursday strong wind and gales, north to northeast with local snow or sleet.  
Ottawa Valley and Upper St. Lawrence—Fair and cold, local snow Thursday.  
Lower St. Lawrence, Gulf and North Shore—Fair and decidedly cold.

Washington, Feb. 4.—New England—Cloudy, probably snow sleet tonight. Thursday unsettled, strong northeast winds, backing to north and west on the south.

Five Million Dollars  
To Aid Colonization  
In Quebec Province

Legislature Asked to Vote That Amount So That Farming May be Made as Attractive as Possible—Need of Good Roads and Bridges Emphasized.

(Canadian Press.)  
Quebec, Feb. 4.—Hon. Walter Mitchell, provincial treasurer, presented his resolution in the assembly yesterday providing for a loan of \$5,000,000 in aid of colonization which had been announced in the speech from the throne.

As the minister of colonization, mines and fisheries will make the recommendations for the expenditure for the loan, Hon. J. E. Fernald took up the task of explaining to the house the plans of the government for colonization.

He said that the intention of the government to make farming as attractive as possible in order that farmers would remain on the farms, and to open up new colonization centres for those who are struggling along in old centres that do not make a livelihood as well as for those who were in cities and towns and wanted to return to the land.

He said that there were millions of acres of good land available and that settlers would only be directed to fertile land. He emphasized the need of roads, bridges and schools and said it was the intention of the government to make large expenditures for the construction of roads and to give substantial aid to building of schools in colonization districts.

HUNGARY WILL  
RISE AGAIN, SAYS  
FORMER ARCHDUKE  
Sees Brighter Future for That Country if She is Independent—Predicts Return to Monarchy for Germany.

(Associated Press Despatch.)  
Budapest, Feb. 4.—Former Archduke Joseph, some times referred to as the most popular member of the Hapsburg family, referring today to the royalist tendency in Hungary and to the correspondent of the Associated Press:—  
"Charles is the rightful king of Hungary until the people decide otherwise. It is a dangerous question to have a king here when the whole world is in such a state of revolutionary unrest. The disorders in Germany may force the people sooner or later to re-establish the Hohenzollerns as rulers."

There were, in the days gone, about 950 liquor saloons, and former owners of the saloons were hit hard again in the matter of taxes, as they were when their business was wiped out. Most of the saloons were closed in taxes and several former owners are now in the work of making money nowadays to pay off taxes on their property.

"I do not think he will write his memoirs. He is not the man either to defend himself or justify the immense services he has rendered to his country. He feels no bitterness or disappointment in giving up politics. He knows human nature too well to be astonished or hurt at anything whatsoever."

"I think that he even with perfect good nature was not amused at the discomfiture of his friends."

He is said to differ with some members of his cabinet regarding the sale of liquor in government stores, holding that non-dry prohibition is the only solution.

Holland for the surrender of former Crown Prince Frederick William as a war criminal would be treated by the Dutch government probably according to the Dutch extradition treaty with Germany and it would be a question for the courts to decide, rather than the government, as in the case of the former German Emperor.

"If the Crown Prince is demanded of Germany, by the provisions of the Versailles treaty," it was stated, "it is then up to Germany to ask Holland for him."

NOW 10,000 CASES  
OF INFLUENZA IN  
CITY OF TORONTO

All Hospitals Have Been Filled for Several Days

ALSO VERY SERIOUS  
IN CITY OF BOSTON

The Proportion of Deaths is Low So Far, But the Number of Cases is Not Comforting—Thirty-one Cases in St. John, According to Health Authorities.

(Special to the Times.)  
Boston, Feb. 4.—Influenza in this city yesterday reached more menacing proportions than at any previous time during the present outbreak of the disease. The reports for the twenty-four hours ending at 9 a. m. show 280 new cases of influenza and twelve deaths, with twenty-five fresh cases of pneumonia and nineteen deaths.

From 9 a. m. until 1:30 p. m. 298 more cases of influenza, with seven deaths and seven fresh cases of pneumonia and nine deaths from that disease, were reported to the city health department.

The proportion of fatalities is low in comparison to the extent to which the disease is spreading.

Members of the board of health, the chairman, John Kelly, presiding, held a special conference this morning in the board room, in Princess street, preliminary to making a more detailed survey of the influenza situation so that they may be thoroughly prepared in case the recent outbreak takes the form of an epidemic. At the conference this morning the situation was fully discussed.

Dr. W. L. Ellis said that the present outbreak was more in the nature of the annual grippe, which is generally felt about this time of the year. He said that the grippe was not especially prevalent and the type of influenza reported is mild and there need be no cause for alarm as the board of health has the matter entirely in hand.

There are, it is estimated, at all thirty-one cases of influenza in the city but this is confined to the north and south ends of the city. Cases reported being in twelve families, seven in one house, five in another, and another and the others scattered in the remaining nine houses. Although there has been a slight increase in the outbreak since it was first reported, it is said to be caused by a great deal of careless communication between families.

John Kelly, chairman of the board of health, T. M. Burns, secretary, Dr. W. L. Ellis, medical health officer, and W. E. Goeling, a member of the board, inspected a building this morning and discussed the advisability of having it completely furnished for the purpose of segregating cases if this should become necessary.

Dr. G. Melvin, chief provincial health officer for the province, communicated with the board this morning and in the course of his conversation said that the provincial health chart, outside of the city and county of St. John, is fairly clear of influenza. The local health authorities, realizing the situation of St. John to the provincial situation, are holding a conference this afternoon. The provincial government rooms with Hon. Dr. Roberts, minister of health.

AND IT NOW ASKS  
PUBLIC TO PAY.  
New York, Feb. 4.—The Interborough Rapid Transit Company, which is seeking an increased fare on the ground that bankruptcy will result if it is not granted, has paid out more than \$18,000,000 in bankers' expenses, including discounts and commissions, since it was organized, according to an admission made yesterday by E. F. Gwynor, auditor of the company, before the board of estimate, which is investigating the financial status of the railroad.

AMERICANS SEE GOOD  
THING IN CANADA.  
Ottawa, Feb. 4.—(By Canadian Press)—An interesting comparison of the number of outside manufacturing firms having branch factories in Canada has been compiled by the Canadian Trade Commission. This shows that while there are scarcely half a dozen British manufacturers with branch factories here, there are some 800 American manufacturers whose products range from farm machinery and tractors to packing house products.

\$20 A MINUTE FOR COAL.  
London, Feb. 3.—There is consumed annually on the Midland Railway 1,885,697 tons of coal and coke, the cost of which is at the average of \$20 a minute.

He is said to differ with some members of his cabinet regarding the sale of liquor in government stores, holding that non-dry prohibition is the only solution.

Holland for the surrender of former Crown Prince Frederick William as a war criminal would be treated by the Dutch government probably according to the Dutch extradition treaty with Germany and it would be a question for the courts to decide, rather than the government, as in the case of the former German Emperor.

"If the Crown Prince is demanded of Germany, by the provisions of the Versailles treaty," it was stated, "it is then up to Germany to ask Holland for him."

RECENT WEDDINGS

Betts-Clarke.

An interesting wedding was solemnized in St. Jude's church, West St. John on Tuesday, Feb. 3, when the rector Rev. J. H. A. Holmes, united in marriage Miss Muriel A. Clarke, daughter of George Clarke and Gordon W. Betts, son of Mr. and Mrs. Arthur Betts of West St. John. The bride, who was given in marriage by her father, looked charming in a suit of navy blue serge with seal trimmings with hat to match and taupe furs. She carried a bouquet of Ophelia roses. Following the ceremony a dainty luncheon was served at the home of the bride and groom, 96 Woodville Road. The popularity of both the bride and groom was attested by the many beautiful and costly gifts which they received, including cut glass and silver. The groom's present to the bride was a substantial check. The groom is in the employ of the C. P. R. fire department.

Miss Golding of St. John was united in marriage in East Florenceville, N. B. on Wednesday, Jan. 28, to Woodburn McIsaac, son of James McIsaac, by Rev. P. E. Bishop. The groom is a returned soldier.

Miss Mary I. McDewitt, daughter of Mrs. M. McDewitt of Shediac was united in marriage in Moncton yesterday to H. C. Jackson, son of George Jackson of Cornwall, Ont. The ceremony was performed by Rev. E. Savage.

RECENT DEATHS

Alexander Geddes McKay, a native of Nelson, N. B., died at Irma, Alberta, on January 9. Mrs. Malcolm Amos, Lower Derby, N. B., is a sister.

Mrs. Annette D. Proulx, daughter of Councillor D. G. and Mrs. Schiefel, Blackville, N. B., died at the Memorial Hospital, Worcester, Mass., on January 22. Gordon and Herman Schiefel, Blackville, are brothers.

Edgar Vye died at Derby Junction and was buried on January 30. Mrs. Jessie Smith, widow of Charles Smith, New Glasgow, P. E. I., and grandmother of J. C. Sherron, barkeeper, of Moncton, died at the home of her daughter, Mrs. Thomas Sherron, Dorchester, N. B., on February 3, in her eighty-sixth year.

TOWARD PEACE WITH RUSSIA.

Saskatoon, Phenix: Bolshevism cannot be crushed by force; that much must be apparent to all thinking people. Europe might pool its military forces against the Soviets, and it might in time secure the dominance of the anti-Bolshevik section, but that would not necessarily mean the end of Bolshevism; it would mean an ever-present danger to Europe in secret propaganda and the possibility of another Russian revolution. The right policy is that of facing things as they are, and making the best of them for the common good. It may be hard that the holders of Russian securities should lose their money, but it would be a sheer crime to sacrifice many thousands of lives and waste millions of dollars in an effort to save that money. It is, in fact, as Lloyd George is insisting, practically impossible to deal effectively with Russia by military force, and once that is recognized the alternative is peaceful procedure. Russia is ready and anxious to get back to a peace basis; she is ready to reopen trading relations, and she has stores of food that would do more to bring order out of the chaos in middle Europe than anything else that governments can do. It is food, clothing and fuel that middle Europe needs, and Russia can at least supply the food, and would have been supplying it had the Allied powers adopted a different attitude toward the Bolshevist government.

USE The Want Ad Way

Early February Sale of Men's and Boys' Clothing

CLOTHING makers have been very late with their deliveries this year, owing to having to contend with conditions that have not existed before, so, in order for us to have our shelves and cases empty ready to receive spring merchandise, we are offering you the balance of our Winter Clothing Stocks at Greatly Reduced Prices. Clothing Prices are still soaring in the manufacturing market and good clothing is hard to find, so this is undoubtedly your opportunity to save both money and anxiety.

Where a dollar will work overtime—at Bussen's, corner Union and Sydney streets.

WHAT HALIFAX WILL DO. At a special committee meeting called by the Board of Trade yesterday a tentative programme for the entertainment of the 200 American newspaper editors and their wives who will be in the city on the eighth of June, was outlined. It is proposed to have an excursion on the harbor with a fish luncheon at Lawlor's Island, followed by an excursion to Dartmouth, an automobile trip to points of interest in Halifax and an evening's entertainment at the Wagwoltic Club. It is felt that such a programme would enable the editors to get some idea of the beauties of the city and Dartmouth and the commercial

possibilities of the port. A publicity committee headed by R. U. Parker will prepare a booklet for the information of the visiting editors with respect to Halifax and the surrounding country.

BABIES IN UNITED STATES TOO FEW. (Canadian Press Dispatch.) Montreal, Feb. 4.—Extinction within 100 and 150 years is what the United States faces if the doctrine of birth control continues in its present ascendancy, according to Dr. W. A. L. Styles, physician in connection with the baby welfare committee of this city, yesterday before the Montreal Catholic Women's League. He said that the number of children under the age of five per 1,000 women of child bearing age, in the United States has decreased fifty per cent. in the last century. It was only immigration and the birth rate of the foreign population that kept births ahead of deaths.

CHEAP FARES FOR FAMILIES. Paris, Feb. 8.—While French third-class fares are to be increased 45 per cent, second-class by 30 per cent and first-class by 55 per cent, large families traveling together will be allowed a reduction of 30 per cent when there are three children and 70 per cent when there are seven children.

THE SIMS INQUIRY. At Washington yesterday in the hearing of the charges of Admiral Sims in the matter of naval awards, Secretary Daniels denied that the policy adopted by the department had been responsible for "shooting to pieces" the morale of the men of the navy. He took issue with Sims on all counts.

USE The Want Ad Way

NOTHING LESS THAN CALAMITY FOR THE TRADE OF THE COUNTRY

So Declares President of Quebec Board of Trade, Referring to Congested Conditions at Port of St. John—Writes to Minister of Railways Who Holds Out Little Hope of Additional Elevators.

The following are copies of a correspondence between the president of the Quebec Board of Trade and Hon. Mr. J. D. Reid, minister of railways which will be found of interest inasmuch as they apply to the grain trade of Canada, and the shipping of grain for export through American ports.

The letter forwarded by Mr. J. T. Ross on January 20, deals with the situation in detail and the reply of the minister of railways takes exception to the former's statement that it is profitable to carry wheat to Quebec by government railway.

Quebec, Jan. 20, 1920.

Hon. J. D. Reid, Minister of Railways, Ottawa, Ont.

Dear Sir,—I am instructed by the Council of the Quebec Board of Trade to draw your attention, and to ask you to draw the attention of the Cabinet to the alarming result of the absence of proper railway terminal facilities at Canadian seaports.

You will no doubt remember that the Quebec Board of Trade has repeatedly urged the Government, since 1912, by correspondence and by delegations to complete the National Transcontinental Railways by providing grain elevator storage for ten million bushels at each of the ports of Quebec, Halifax and St. John—Montreal being already fairly provided for—together with the necessary steamship berths to keep these elevators employed.

This has not been done. Instead of doing so, the Government has built a large elevator at Port Colborne, which is more or less tributary to New York, and the elevator storage at the head of the Great Lakes and in the interior has been increased to such an extent that about 80 per cent of the elevator storage is now situated on the Great Lakes and in the interior and less than 20 per cent at our seaports.

The result has been and it could not, for this reason, be otherwise—because 80 will not go into 20—that, as Senator Bennett recently stated in Parliament, 80 per cent of our western grain trade, a trade which was our great inducement for going to the enormous expenditure of building three transcontinental railways, goes to New York for export.

At a public meeting held at St. John,

COOKERY COLUMN

COCOA PIE
4 tablespoons Cowan Cocoa
3 tablespoons cornstarch or 1/2 cup flour

1. Heat milk.
2. Mix cornstarch, sugar, salt and cocoa.
3. Add gradually to hot milk.

MENNEN'S SHAVING CREAM

Just the thing for warm weather when there's only cold water available.

Mennen's is just as good with cold water as with hot.

absolute impossibility to carry it from Port Arthur to Quebec at a rate less than lake and rail or all water.

FATHER AND SON NIGHT OBSERVED

North End Churches and Four in City Hold Banquets and Entertainments.

"The father and son banquet are a great improvement on the conference the two used to have in the woods."

Rev. E. P. Wright, curate of St. Luke's church, was in the chair. The address of welcome was read by H. Usher Miller and his remarks were greeted with great applause.

A little boy, only twelve years old, named Flewelling, moved a toast to the "Sunday School" which was responded to by His Worship Mayor Hayes.

Four churches, St. Mary's (Anglican), Waterloo Street (Baptist), The Arcade (Baptist) and Exmouth Street (Methodist), participated in a father and son banquet at the rooms of last named church last evening.

Exmouth Street Banquet.

Chums—Dads and Lads, proposed by F. I. Woodworth, with a singing response; Our Boys, proposed by E. E. Thomas.

BE JUST AND FAIR.
Calgary Albertans: The Dominion government has decided to remove the ban of perpetual banishment placed on the Calgary postmen who went on strike last

summer and the postmaster will, Major Redman is assured, admit to service some of the men who may apply for positions when the vacancies occur.

Albany, Ala., Feb. 3.—Six children—two sets of triplets—within fifteen

Skin Troubles Soothed With Cuticura

months, is the birth record of the family of Mr. and Mrs. Posey Livingstone, of Albany. The second trio of children was born yesterday and all are well.

Peace Incomes and War Prices

TEN years ago a Canadian clergyman was forced by illness to retire from active work. The largest salary he had received in the forty years of his ministry was \$1000 and a furnished house. The average did not exceed \$800.

On this sum he had maintained and educated his family. He and his wife were given to frequent hospitality. They supported every good cause, and even contributed to the maintenance charges of the Church they served.

A Minister's Budget

By good management and economy they were able to carry an endowment insurance policy, pay an assessment to their Church Superannuation Fund, and accumulate some small savings. When that clergyman was superannuated in 1909, he bought a house. His income during the first year of retirement was as follows:—

Table with 2 columns: Description and Amount. Includes retiring allowance from the Church (\$400.00), interest from investments (100.00), wedding fees and sundries (75.00), and summer supply work (100.00).

Against this total of \$675 stood the charge for taxes, insurance and maintenance of the house; say, \$75, leaving a net annual income of \$600.

The Shrinkage in Values

Before the war, the rise in the cost of living had necessitated careful management of this income. Today, the pressure is too great to be borne. If the statisticians are correct, the dollar of 1913 is worth now in purchasing power about 47c.

Therefore, the real income available to maintain these people of refinement and culture is \$282 a year.

Do you say that this is an exceptional case? On the contrary, scores of retired clergymen are not so well situated as this one. Some are tasting the bitterness of destitution, since in a few instances no retiring allowances are provided for.

Veterans of the Cross

These men gave a lifetime of unselfish service for their Church, their country, their neighbors; visiting the sick, burying the dead, comforting the bereaved, preaching Christ crucified, and doing their part in making Canada "God's country." In a time when the payment of pensions to old employees is accepted as a reasonable thing by industrial firms, these veterans deserve more consideration than they have been getting from the Christian people of this Dominion.

The Forward Movements

The Superannuation, Beneficiary or pension funds of the five Communion co-operating in the United National Campaign must be largely increased to yield a reasonable and an adequate income for these old heroes of the pulpit.

They ARE heroes. They make no complaint. They still are found doing all that their strength will permit for the great and noble Cause to which they devoted their lives. They still are enduring hardness as good soldiers of Jesus Christ.

National Peace Thank-Offering

Simultaneous Every-Person Canvass by Each Communion February 9-14

What Are You Going To Do About It?

This is not a question of Charity. It is a question of justice, of chivalry, of common honesty. Your Church is seeking, through the Forward Movement, to do its full duty to the retired clergymen. Your interest and your subscription are needed. Tell your Church leaders where you stand. Do it NOW.

The United National Campaign

LOCAL NEWS

The fourteen scouts who gathered to be elected by the St. John Art Club for the free class to be given one of the boys, all fourteen qualified. No selection has been made yet.

GROCERY PRICES IN SEVERAL OF CANADA'S CITIES

Market conditions throughout Canada are extremely active and higher prices are manifest in almost all lines of commodities. Supplies of sugar are arriving in barely sufficient quantities to meet present demands. Citrus fruits are selling well. Lemons especially are very active and the price has advanced accordingly. Rice and raisins remain very scarce and have an upward tendency.

HAT'S what the whole world needs.

The stuff that the Boy Scout Movement breeds! The Boy Scout is loyal.

Loyal to King and Country, to parents, employers, comrades. Loyal to work and play, loyal to duty always. For that's the Boy Scout Law and Gospel, part of the pledge he takes to do his best.

And the Boy Scout regime helps the Boy mightily to find himself—his better self—his very best!

Free from excitement and sensationalism, a miracle is being wrought in our midst. Through the Boy Scout Movement, thousands of our boys have been trained to be trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, brave, clean and reverent, and have adopted the Scout Law to do their duty, to help others, to keep themselves physically strong, mentally awake, and morally straight.

That's why leading, considerate men of Canada support the Boy Scout Movement gladly and generously, giving where the consciousness is felt that money could not be better used, where the investment is in the material, the real stuff to make Canada a better and grander nation.

And that's why YOU are going to do likewise, and show yourself its friend during the rest of your life.

The provincial organization requires \$4,800 for maintaining of distinctive headquarters for New Brunswick and for larger work on behalf of the boys of St. John. The Commercial Club has undertaken to see they get it and as much more as generous citizens will invest in the future manhood of St. John.

Ripplingdale, Eng., Feb. 3—John Claypole, a miller and farmer, has died in the house in which he was born 81 years ago.

Jack was with Beauty at Jutland—a mere boy—Jack Cornwall, V.C. Serving on H.M.S. "Cleopatra" Bled out at every pore, he stuck to his job, stuck to his gun, for that was his job.

Just a little French lad, was Michel. Left behind when the Hunnish hordes blotted out the sunshine of Northern France. Every morning he would load his little dogcart with food and medical supplies, for Michel knew where wounded Poilus waited. Till one evil day they stopped Michel—urgent, cajoled, threatened—and drew but one reply, "I SERVE FRANCE." In the crash of the firing squad came immortality. More than a boy was Michel, a hero—A BOY SCOUT!

## LOCAL NEWS

**BREAK IN WATER MAIN**  
 Workmen are engaged today repairing a break between Rothery avenue and Egbert street. The eight-inch water main along the Westmorland road.

**NURSES HOME**  
 J. King Kelleher, K. C., country secretary, said today that a special meeting of the municipal council will be held on Tuesday, February 17, to consider tenders for the erection of a nurses' home. The tenders, which have been called for, are to close on February 12.

**USED IN SCHOOLS**  
 One of the leading schools in New Brunswick, through its principal, has requested twenty copies of the board of trade leaflet "All roads by land and sea lead to the port of St. John, N. B." for use in grade seven of that institution. They have been forwarded.

**MANY HARBORS CLOSED BY ICE**  
 Reports from down the bay and also from along the Nova Scotia coast are to the effect that nearly all of the small harbors are frozen up. Coastal steamers are said to be having a hard time breaking through the ice.

**AT PEACE CONFERENCE**  
 Dr. J. W. Robertson, who is coming to the city next week to discuss after war problems with the board of trade, Commercial Club, Rotary Club, Retail Merchants' Association, representing Canada in an official capacity at the recent peace conference.

**SKATING**  
 Frank M. Griffiths, manager of the Carleton open air skating rink, is doing his bit to assist St. John to get back on the sporting map. He has given the freedom of the rink to Charles Gorman, who is one of the skaters going from this city to Lake Placid, to compete in the international championships.

**JUDGMENT RESERVED**  
 In the case of *Blair vs. Jones* before Chief Justice Hazen in the chancery court this morning, arguments were heard on the application to commit the defendant for an alleged breach of an injunction order. D. Mullin, K. C., appeared for the plaintiff and J. B. Baxter, K. C., for the defendant. His honor reserved judgment.

**THE SOONER THE BETTER**  
 More than two hundred tax statements have been filled out and filed since the office in city hall since yesterday morning, and the assessors are sure that the work will be cleared away this year in record time. Usually, the disagreeable duty is postponed until the last few days, but this year a majority of the people believe the sooner the job is over, the better.

**MANY ENTRIES EXPECTED**  
 Joseph McNamara, is receiving entries for the Maritime Sling Championships, which are to be held under the auspices of the Y. M. C. I. From the present outlook the entry list will be large and the competition keen. Relay races, match races and a long list of special events will be held. Outside entries are expected to compete in these events.

## WELL KNOWN MAN DIES IN INFIRMARY

Death Calls Francis McCafferty This Morning—Ill Long Time—Formerly in Business Here.

The citizens and especially the older generation learned with deep regret this morning that Francis McCafferty had passed away at the St. John Infirmary. He was seventy-five years of age, and for the past three years had been in poor health, with several severe attacks of illness. He had been removed to the infirmary only a few days ago. After much suffering bravely borne, he died peacefully this morning, in presence of members of his family.

Mr. McCafferty was born in Carleton in 1844. He went to work early in life and in early manhood was a clerk in the old Lawton dry goods store and then in that of Doherty & MacTavish. Later, before the great fire, he went into business as a member of the new firm of McCafferty & Daly, in King street. He continued in business until the early eighties and since that was engaged in various occupations. Up to three years ago he enjoyed robust health, but since then suffered several severe attacks of illness which greatly sapped his strength.

Perhaps the outstanding feature of his character was his great geniality and his facility for looking at the bright side of life. In his home life he was a true companion to his children, giving them the most careful home training, and seeing them grow up to fill positions of usefulness. Mr. McCafferty was at one time president of the old Irish Friendly Society, and was the second president of the Irish Literary and Benevolent Society. In the latter capacity he presided at the meeting addressed by Justice McCafferty on the occasion of his visit to St. John. In politics Mr. McCafferty was an ardent Liberal, a ward chairman at times, and respected in the councils of the party. He was a great friend of the drama, and in his younger days a clever amateur actor. He was also a clever speaker, gifted with a ready wit that was always of the genial sort. A man of upright character, he made friends everywhere and the sympathy of the citizens goes to the bereaved family.

Mr. McCafferty is survived by the late Pilot Richard Cline, and by five sons and four daughters. The sons are: Frank I., city editor of the Times; George J., of the Times composing room staff; B. P., managing editor of the New Freeman; Gerard R., in Virginia; and Herbert G., on the Los Angeles Times staff, Los Angeles, Cal. The daughters are Edith, mistress of the Manitoba Military Hospital, Winnipeg, who is now on her way home; Mrs. Foster H. Smith of Lowell, Mass.; Mrs. Wm. Burnhill of Bangor, Me.; and Miss Gertrude H., of the Telegraph and Times business staff. There are also several grandchildren.

The funeral will take place on Saturday from the residence of Francis I. McCafferty, 64 Elliot Row.

## AGAIN URGE NEED OF GRAIN CONVEYORS HERE

Board of Trade Points Out to Government the National Loss Through Port Congestion at St. John.

Added to the many requests from the Commercial Club, the board of trade has been sending to Ottawa regular statements regarding the port conditions here and the need for greater facilities in the national interests.

The latest protest sent to the department of public works at Ottawa by the board repeated the claim for grain conveyors to seven government berths, and pointed out that in addition to the number of vessels previously reported as delayed in loading through lack of grain loading facilities here the following grain vessels were also detained during the month of January:

S. S. Millpool, detained seven days; A. O. Kaudsen, fourteen days; Glenaspican, nine days; Dunbride, ten days; Genje, four days; Fedora, fourteen days; Protea, thirteen days; Alliston, ten days; Henderson, five days; Montcalm, six days; Carrigan Head, one day. The S.S. Trieste, which arrived in port on Jan. 22, did not dock until last Saturday.

## MANY CASES IN THE POLICE COURT

Serious Enough, Some of Them—Liquor Charge Heard This Afternoon.

The case against Thomas Mallory, charged with operating a private still in a house in the North End, was resumed in the police court this afternoon. It will be remembered that the accused was arrested some time ago on a charge of having liquor in his possession and being drunk and at that time the still was found. The case was taken up and disposed of by the prohibition inspectors and the matter referred to the inland revenue department of the dominion government. This department are taking the case up. Major Weeks of the customs staff, Detective Gibbs, Sergeant Journey and Policeman Garnett gave evidence at the hearing this afternoon. G. Earle Logan conducted the case for the prosecution.

What was described by one of the officials of the police court as a "hand looking crowd" was before the magistrate this morning charged with all manner of violations, with assaults being most prevalent. A man and woman were charged with a statutory offence. Christine Collins, the complainant, at first seemed rather reluctant to answer questions put by the magistrate but after some conversation she said that she had two children now in care of the Children's Aid Society in Fredericton. She said the man in the prison's dock was not her husband but the accused kicked her and that was the reason she had him arrested. On cross-examination by J. A. Barry, counsel for the accused, evidence of a quarrel was brought out. She said that her husband, Charles Collins, deserted her some time ago when he was in the army.

The accused, Sullivan, went on the stand and denied the charge of attacking the complainant.

The case was dismissed, but the authorities have the matter of the complainant in hand and are now looking after her as she is apparently with no means of support. Her husband has not been heard of for some time but her relatives are being sought.

The case against William McAleer, charged with attacking his wife was resumed and the accused was held \$20 or two months in jail, but was allowed to go home on condition that he would keep the peace for a year. His wife requested that he be allowed to go home instead of being sent to jail without a fine.

James Smith and Lionel L. Cox, who were given in charge by Captain Sprague of the S. S. Caspasia steamer, from the West Indies, for being stowaways, pleaded guilty and were remanded to jail. They will be taken back when the boat returns.

Stanley Briscol, charged with a statutory offence, was remanded to jail.

William McLeod, charged with having liquor in his possession other than his private dwelling, was fined \$50 or six months.

Four men, charged with drunkenness, pleaded guilty and were fined \$5 each or two months.

**FAIRVILLE TRIANGLE CLUB**  
 The Fairville Men's Triangle Club is in a very flourishing condition at present, and is holding enjoyable and helpful meetings. The men are getting interested in community welfare matters and are uniting with the Fairville community welfare council in their efforts for the good of all. There is a membership of thirty-two and the meeting last evening was held at the home of C. B. Black, and after the regular business meeting the following program was carried out:

Vocal solo—Miss Colwell.  
 Address—Mr. W. Bennett.  
 Duet, piano and violin—Campbell brothers.  
 Address—Rev. A. S. Bishop.  
 Duet, piano and violin—Mr. and Miss Mawhinney.  
 Stump speech—Mr. G. Eatey.  
 Duet—Campbell brothers.  
 Address Mrs. S. Ivers.  
 Duet—Mr. and Miss Mawhinney.  
 Address—D. Campbell.  
 Address—C. Black.  
 Address—G. Fowler and T. Rogers.

**CUBA LOOKING FOR TRADE WITH CANADA**  
 Cuba is looking for trade with Canada, and a leading corporation of Havana, writing to the board of trade here, wants information regarding machinery for sugar plantations and refineries, machinery for mines and serial transports, cutlery, tools, boots, shoes, galvanized iron, dried fish, codfish and other articles. The corporation offers for sale sugar, honey, alcohol, rum and brandy, and would also like the agency for a steamship line.

Women Given Equal Rights With Men By The United Farmers

Woodstock, N. B., Feb. 3.—In recognition both of the place they occupy in the work of the farm and of their new status as enfranchised citizens the United Farmers of New Brunswick, in their third annual convention which opened here this morning, have extended to the women equal rights in their organization. This was accomplished by an amendment to the constitution, which also provided for the formation of a special women's section to deal with their particular problems.

Recommendations for the designation of a farmers' Sunday during the summer and the formation of a legal department for the benefit of members were presented by the secretary and will be considered later. The secretary's report showed that the provincial organization had grown within a year from forty-eight branches with 2,800 members to one hundred branches with a total of 7,000 members.

A message expressive of their desire for co-operation in the attainment of their mutual aims was presented to the farmers by a representative of organized labor in Nova Scotia, and western agricultural representatives brought reports of the growth of the movement in their part of the country.

The outstanding feature of the afternoon session of the conference was the message delivered to the convention by J. S. Wallace from the Independent Labor party of Halifax. Mr. Wallace said that he came to extend fraternal greetings from the workers to the farmers, the aims of both being similar. He outlined the platform of the organization he represented, the principal planks of which were public ownership of public utilities and banks, fire and life insurance companies; equal opportunities in industry for men and women; abolition of election deposits and property requirements for candidates; the privilege of recall of members; reduction of tariff, no standing army for Canada; the abolition of the Canadian senate and an amendment to the British North America act that would provide that the highest court of appeal would be in Canada, thus doing away with the need for taking cases to England. He said that both parties stood for a democratic government and that there would be no conflict of principles in their platforms. Mr. Wallace was given an enthusiastic reception.

As the president, T. W. Caldwell, was called home by the serious illness of his wife, J. C. Cook presided at the evening session. John M. Pratt, of Winnipeg, a representative of the Grain Growers' Guide, spoke of the farmers' political movement in western Canada, telling of the organization of the Grain Growers' Association in 1901 and its history since then. He referred to the war times election act and the formation of the Union government, with which, he said, the men of the west now were disgusted. He declared that agriculture in Canada was showing an annual deficit of \$10,000,000, while manufacturers were showing profits of \$363,000,000. He added that the policies of government in the past had driven many farmers from the land and many of them across the border. Under the new national policy of the United Farmers, he predicted a remedy to these conditions. He forecasted the return of sixteen federal members from Saskatchewan, ten from Alberta and eleven from Manitoba.

Mrs. G. A. King, secretary-treasurer of the United Farmers' Co-operative, delivered an interesting and witty address on women's place in organized agriculture. Judson Corey, of Red Rapids, appealed for support for the organization and G. LeBlanc, of College Bridge, spoke in both English and French on the aims of the organization. The president's address will be given in the morning. The committees appointed today were as follows: Reception, Mrs. C. A. King, Woodstock; credentials, Miss Wiley, Woodstock; resolutions, Rennie Tracey, N. F. Phillips, A. A. H. Margison, Carleton county; Frank Riley, Westmorland county; Judson Corey, Victoria county; L. M. Anderson, Sackville; J. C. Cooke, Westmorland county; press, G. G. Archibald, Moncton, and C. G. Sharpe, whips; Rennie Tracey, Tiley Parker and C. G. Sharpe, Carleton county; and J. F. Riley, Westmorland county.

TRINITY A. Y. P. A.

The Trinity A. Y. P. A., at its meeting last night, listened to a very interesting and helpful address by Dr. H. L. Abramson, director of the provincial laboratory, whose subject was the value of preventative measures in general health as compared with curative measures.

Get Well—

Don't prolong sufferings from Coughs, Colds, Sore Throat, Grippe, Croup, Whooping Cough, Bronchitis, Tuberculosis, etc. Johnson's Anodyne Liniment is a doctor's prescription for internal and external use with a record of over 100 years of approved success.

COUNCIL UPHOLDS THE PRINCIPLE BUT FAILS IN PRACTICE

At the regular meeting of the common council, held yesterday in the mayor's office, City Hall, a letter was received from the Canadian Reconstruction Association, Montreal, which called attention to the adverse rate of money exchange between this country and the United States, and the common practice of buying American goods when the same articles are produced in this country, called for the cooperation of the council in advocating a policy whereby Canadian trade will be preferred by the Canadian consumers, quality and price being equal.

WILL WELCOME CHINESE. At a meeting of the soldiers' reception committee, held in the warehouses of A. O. Skinner yesterday afternoon, it was decided that the next "silk" train, of vessels carrying Chinese coolies to this port, will be met by the committee and apples and a card of welcome in Chinese, will be presented to each member of the labor battalion. S. Herbert Mayer was chairman of the meeting.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE. What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time In Many Instances SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL.

Joseph D. Harrigan, Former Visiting Specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anaemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance." Bitro-Phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and nerve stimulant and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia.

Hall's Wine advertisement featuring a portrait of a man and text: 'Hall's Wine never fails', 'WE all become run down at some time or other. It may be the after-effects of influenza, nerve strain, overwork—whatever the cause, the need is for a tonic to build up the system. That is the time to take Hall's Wine.', 'Hall's Wine restores Health and Strength and Vitality in every case of the following— ANAEMIA, BRONCHITIS, WEAKNESS, NERVES OVERSTRAIN, NEURALGIA, DEBILITY, BREAKDOWN, LA GRIPPE, COLDS, DEPRESSION, EXHAUSTION'.
