More Germans At Versailles

Second Installment for the Peace Congress; Principal Delegates Are Expected Tonight

Versailles, April 28.—The second installment of Germans who are to attend the peace conference arrived here at ten o'clock last night. The party included a large number of women stenographers and typists. Cancel German Treaties. Paris, April 28.—(By the Associated Press)—One of the events now awaiting decision at the peace conference is the validity of treaties concluded by Germany during the war. A clause approved for insertion in the treaty provides that Germany shall renounce all advantages from the treaties of Brest-Litovsk and Bucharest, and an additional clause is still before the Council of Three which provides for a similar renunciation of "all treaties concluded by Germany since August 1, 1914, including those with Poland, Finland and the Baltic provinces." This would operate to terminate various telegraphic and other conventions negotiated with neutrals during the war. Versailles, April 28.—(By the Associated Press)—The principal members of the German peace conference delegation are expected to arrive here at 9 o'clock this evening. Paris, April 28.—Before the meeting of the Council of Three this morning Baron Makino, head of the Japanese mission, and Viscount Chinda, his colleague, conferred with President Wilson. The conference lasted nearly an hour.

On the Drina the Allied positions have been slightly withdrawn from Tulgas in order to give better positions for the expected onslaught. The Bolshevik infantry which has been active here was dispersed yesterday by Allied artillery. Allied airplanes also dropped bombs with considerable success.

FACTORS IN THE LABOR UNREST

Unemployment and The High Cost of Living Evidence Before Commission in Victoria B. C.—Most Radical Opinion Was For Expropriation of C. P. R. at Actual Investment Figure

Victoria, B. C., April 28.—Unemployment and the cost of living are the principal factors in existing unrest in labor circles in Canada, according to the trend of evidence heard yesterday before the federal government's commission, investigating the relations of workers and employers. The institution of public work by the federal government, so that employment might be found for those now idle, was advocated freely. State insurance against unemployment was popular. While no witnesses heard said they had studied the Whitley and other co-operative schemes deeply, yet most of them agreed that a system in which the workers would share the responsibilities and the possible rewards of industrial management, might be expected to accomplish a good deal in the solution of industrial and economic problems. A suggestion was made that the government operate a vast mill for training returned men in lumbering. The importance of better housing and special conditions for workers was emphasized. E. S. Woodward, president of the Victoria Trades and Labor Council, who gave his personal views after the council, as a body had refused to recognize the government, said if he were dictator of Canada, "he would start work by expropriating the Canadian Pacific Railway at the actual amount of money invested in it."

SOME GERMAN GET FLAGS OUT

Military Police in Coblenz Have Them Removed—People Believe Peace Near

Coblenz, April 28.—(By the Associated Press)—Enthusiasm by prospects of peace and newspaper reports that the German peace delegates had passed Cologne en route to Versailles, five Coblenz civilians today flung out German flags from their windows. A military policeman relieved the situation by hauling down the flag himself. Army regulations prohibit the flying of German colors except by special permission. Reports from the eastern edge of the Rhine indicate that the German peace delegates have passed Cologne en route to Versailles, five Coblenz civilians today flung out German flags from their windows. The loss of life was two killed and thirty were injured. Sixty blocks in the Japanese quarter were burned, including public buildings and business houses. It was the most disastrous conflagration in the history of Yokohama. Foreigners living in the Bluff section of the city witnessed an awe-inspiring spectacle, five fires raging simultaneously and spreading confusion and terror among the people, who vainly struggled to save their belongings. The retailers' federation, which includes cafe and restaurants, have advised their members that in view of the threatened waters' strike they should close their establishments May 1, in order to avoid trouble with their staffs.

HIS HANDS FULL

May Go Away Today in Trans-Atlantic Flight

St. John's, Nfld., April 28.—The weather at 10 o'clock this morning was bright and clear, but the wind changed to the eastward with a drizzling rain. The Martinsyde aviator will fly this afternoon if conditions are no worse than at present. The Seventh airman considered this morning how to meet the situation. It was understood he would appoint an assistant. Raynham in his eagerness to get away yesterday neglected to inform the referee of his intention to leave, and today word was sent both to him and to Hawker that the conditions of the competition for the \$5,000 prize offered by the London Daily Mail required that a referee be present at the start. Hawker retains possession of letters postmarked "First transatlantic mails." These include a message from Governor Sir Alexander Harris to King George. A special message and a set of mails has been entrusted to Raynham.

JOSEPH McNAMARA'S SON CHOSEN CAPTAIN OF PRINCETON BALL TEAM

Thomas McNamara, son of Joseph McNamara, the efficient physical instructor of the Y. M. C. A., is certainly following in the footsteps of his dad in the line of clean, wholesome sport, for in correspondence received the appointment of Tom as captain of the Princeton University baseball team is announced. After his tentative selection for this position by the coach, the athletic authorities of the great college concurred today in his appointment. Tom McNamara's baseball prowess and leadership in Exeter College, Mass., proved splendid recommendations for the more responsible captaincy with Princeton. The appointment is not only a tribute to a well-trained lad physically, but to his manly and gentlemanly qualities.

Mr. O'Connell was only thirty-four years of age. He is survived by his wife, four children, one brother, and three sisters. The telephone cable connecting West St. John with the main sections of the city broke early this forenoon, and as a consequence the service across harbor was considerably impaired for a couple of days. However, 'phone traffic to Carleton will not be entirely shut off, but will be more or less limited. The public is requested to co-operate with the telephone company in confining 'phone conversations to and from west side to only emergency calls. A maximum of three minutes will be allowed. Issues Challenge To President Wilson

Contras of Popular Sentiment in Italy and States; British Troops Said to Have Left Fiume

Rome, April 28.—President Wilson is challenged by the Giornale d'Italia to "appeal to his own parliament as Premier Orlando has done, and to show the world that his policy has not unanimous support, like that given the Italian premier, but that of simply a majority of congress." In Rome. The negotiations at Paris were interrupted and the Italian parliament has been convoked only because President Wilson expressed before the world doubt that the Italian delegation did not represent the will of our people. Parliament must answer this, eliminating such doubt in a most clear, categorical and exclusive manner. Former Minister Tittoni also discussed the situation, saying: "The negotiations at Paris were interrupted and the Italian parliament has been convoked only because President Wilson expressed before the world doubt that the Italian delegation did not represent the will of our people. Parliament must answer this, eliminating such doubt in a most clear, categorical and exclusive manner." These two statements seem fairly to give a keynote to the situation of today in Rome. Parliament is to meet Tuesday to vote on a motion for an expression of complete confidence in the cabinet and the delegation which represented Italy at the peace conference, without pledging the government to any precise action. The Messagero says: "Premier Orlando and Baron Sonnino have not definitely withdrawn from the conference, but have simply suspended their participation in the Italian parliament they may return to France to continue with new strength and better hope the interrupted diplomatic battle. Therefore, let us not talk of getting the annexation of Fiume through act of parliament. We must get Fiume by direction of the peace conference." Trouble in Dalmatia. Rome, April 28.—A telegram from Sebenico, in Dalmatia, seventy miles southwest of Trieste, states that Dr. Anton Korosec, president of the Jugo-Slav party, has arrived at Spalato, a seaport in Dalmatia, accompanied by a Serbian officer and has organized an anti-Italian demonstration there. The telegram adds: "The Italians at Spalato blame the weak attitude of the American naval authorities for permitting public anti-Italian manifestations notwithstanding the orders of the inter-Allied council of admirals." British Leave Fiume. Geneva, April 28.—(By the Associated Press)—The battalion of British troops which occupied Fiume when the Italians defeated the armistice left Fiume when the Italian delegates to the peace conference left Paris, according to advices from Agram, capital of Croatia and Slavonia. The reason is reported to be a desire to avoid friction with the Italian troops. The despatch adds that the Italians are reinforcing their troops in central Istria.

FEARED CHARRED BODY IS THAT OF JOHN I. ROBINSON

Former Well Known St. John Man in Sydney Fire Hotel of Which He is Manager is Burned—He is Last Seen Hurrying to Arouse Patrons—Prominent in Sport in This City

Private advices this afternoon seemed to confirm the sad suspicion that Manager John I. Robinson of the Sydney Hotel, a former resident of this city, had fallen a victim to the blaze which consumed his hostelry at a loss of \$150,000 last night. It is said that the remains of a body said by hotel employes to be that of Mr. Robinson was located in the hotel, evidently a place of refuge from the crushing flames. While this statement was given out by close friends in St. John who used every effort to dispel the terrible doubt existing, Miss Roberta C. Robinson of 174 Waterloo street, a sister, had received no word up to one o'clock this afternoon. Naturally she is greatly distraught by the news and is bravely hoping for a denial of the rumor. John I. Robinson was equally a familiar figure in his native city of St. John as he was in Sydney. As cashier for the C. P. R. Telegraph Co., first in the Dominion, his business assignments, especially in Prince William street, then in the newer quarters in Prince William street, he was a cheery, likable personality at the counter and one of the city's humorist bright spots. Indeed it was considered a distinct loss when he moved to the Nova Scotia boom town. It is singular, too, that just at this juncture when Archdeacon Crowfoot's comments on the death of whose son in St. John have stirred widespread discussion, one of the city's most ardent workers in athletics during the late eighties throughout the nineties should be so sadly thrust into the notice of his friends, all of whom are sincerely hoping he is yet spared. Mr. Robinson held various offices in the St. John Bicycle and Athletic Club and was a moving spirit in those halcyon days of real sport when the "A. A. Grounds" were as fit as could be for trial and competition. Mr. Robinson's father was T. M. Robinson, a veteran telegraph operator with the Western Union offices here and a man whose faithful career marked the milestones of development of electrical communication in this part of the world. The late Eleanor Robinson, an accomplished and literary authority, was a sister and Percy Robinson of the official staff of the Canadian Press headquarters, Toronto and formerly an operator in connection with the C. P. R. Telegraph Company is brother. As previously stated, Miss Roberta C. Robinson of Waterloo street, is a sister. The fire in which it is stated Mr. Robinson probably lost his life broke out in the Sydney Hotel late at night. The absence of wind was the only thing that saved the business district of Sydney being fire-swept and a fire wall prevented the Royal Bank building from being destroyed. It was only about five minutes after smoke was first seen pouring from the basement that the whole building was blundered. A bell boy telephoned the fire department and he stated Mr. Robinson went upstairs. Many of the guests escaped only in their night clothes and the majority lost all their effects. There was little opportunity to save anything other than from the front rooms. The hotel was built about twenty-five years ago and was of frame construction. Dry and tinder-like the flames easily poured throughout the whole three stories and the firemen could only devote their efforts to keeping the flames within the building. John I. Robinson was married a short time ago, his wife being a widow with a grown daughter. Sydney, N. S., April 29.—The charred and burned body of a human being, presumed to be the remains of John I. Robinson, manager, were found in the ruins of the Sydney Hotel by firemen this morning. Mr. Robinson has been missing since 11 o'clock last night, when he was last seen rushing upstairs to warn employes and patrons to leave the burning hotel. He was fifty years of age. Mr. Robinson in 1900 came to Sydney in partnership with C. B. Wetmore, in an insurance business. Nine years ago he was appointed manager of the Sydney Hotel, a position which he has held ever since. He was extremely well known to the traveling public. There are rumors that others are missing, and it is not certain the body recovered is that of Mr. Robinson, as it is buried without recognition. Among the Halifax men who were in the hotel and are known to have escaped safely were H. C. MacParlane, A. H. Harrison, W. H. Schwartz, E. C. Scott, A. T. Grant and Mrs. Z. M. Gates. The fire loss is now placed at \$80,000, with about \$65,000 insurance.

The Exiled Royalties of Central Europe

**Crumbling Thrones Have Wrecked Whole Dynasties — Kings and Emperors Tins of Greece the Butt of Swiss Humor and Ridicule**

Paris, April 28—Now that the dust of crumbling thrones that wrecked whole dynasties in their fall has somewhat cleared, that emperors, czars, kings, grand dukes, archdukes, and princelings have abandoned the tottering structure of Central Europe, it may not be uninteresting to compare the present conditions of these rulers with that which they occupied six months ago.

The story of the fall of the house of Hohenzollern would fill volumes. It is a far cry from the dreams of world dominion, the dictation of peace in shining helmet and spurred boots arrayed in the Palace of Versailles, to the little villa hidden among the lowlands of Holland. Morse and tactician, William Hohenzollern, second and last of the name is awaiting the judgment of the Peace Conference within the princelings of the estate of one of the few men in this world who still have the courage to term themselves his friends.

The only recreation which this former Emperor seems to derive any pleasure or solace from his shattered dreams is in wood-chopping. He still maintains quite close relations with the present German government. His staff and his servants are paid by the "Hofmarschallamt" in Berlin as was the case when he was Emperor, but he has been greatly reduced, but what is left of them are still state officials.

A few weeks ago the Herr Hohenzollern appeared to be in financial straits, but his exchequer has been replenished by remittances from Germany.

The Crown Prince of Wirtemberg after a few interviews has been silent. Silenced by his mother, the former Empress, but his exchequer has been replenished by remittances from Germany.

Louis, the erstwhile King of Bavaria, succeeded in entering Switzerland, and the lieutenant in charge of the frontier port of entry was arrested for allowing him to pass without proper passports. Louis was travelling as a commercial man.

Most of this galaxy of kings, emperors, dukes, princes, etcetera, are short of money.

**FURTHER TROUBLE IN GERMANY THREATENS.**

Charles Taylor, in the police court this morning, was charged with breaking and entering and stealing property from, and also damaging a summer cottage at Moria owned by Mrs. Currie. Mrs. Currie gave evidence that on one visit they had used her stove to cook sausages and they left some with a part of a bottle of whiskey.

Albert D. Currie, her son, identified the coat as his and said that he had seen it on the accused on two occasions. Detective Biddiscombe said that on last Saturday night he received a telephone message from Albert Currie to meet him in Union street and he would point out the accused. The case was postponed until tomorrow afternoon.

GOMPERTS ON BOLSHEVISM

(Montreal Herald).  
Bolshivism was bitterly denounced by Samuel Gompers, president of the American Federation of Labor, in his first address before the National Civil Federation after his return to America.

"All of you who know me or know my attitude in regard to labor conditions know my absolute opposition to Bolshivism in theory and to Bolshivism in fact. In fact, if it were put into operation, or could be put into operation, it would mean the decadence or perversion of the civilization of our time. To me the story of the desperate Samson who pulled the Temple down on his head, is an example of what is meant by Bolshivism. I am not willing that all of the genius of past ages should be flung to the winds."

The veteran labor leader was right. In our efforts at reform, we should aim to be constructive, not destructive. It is easy to pull down and hard to build up. Bolshivism is that kind of reform which preaches destruction for destruction's sake.

BISHOP'S CHARGE TO SYNOD TODAY

Two Matters Are Given Special Attention MR. JARVIS' FINE RECORD

A Forward Step in the Matter of Finances and Earnest Words on the Subject of Christian Unity

The annual session of the Church of England synod was begun here today. An outstanding feature today was the charge by His Lordship Bishop Richardson.

In beginning his address, Bishop Richardson referred to the fact that this was the fiftieth meeting of the synod since its incorporation in 1871, and that until this session there had been one member who was present at the first meeting and still actively interested in the work of the synod; he referred to William M. Jarvis of St. John.

He referred with regret to the death, since the last synod, of the two other clergymen, Rev. Frederick Hyde Howell and Rev. Richard Coleman.

During the year the following clergyman had come to the Diocese: Rev. J. A. Davis, A. M. Dutton, R. Britton, H. H. Gillies, James Cartledge, A. V. McLaren, Percy G. Cotton and Rev. Harold Hesketh, Rev. C. G. Lawrence had returned from overseas service as chaplain.

At the time of the last meeting there were fourteen vacant parishes; at present there were eight vacancies and this number would be reduced by the arrival of three missionaries from England and one clergyman from western Canada.

From a financial standpoint the last year was a good one. The Diocesan mission fund began the year with a credit balance of \$2,624.85; to this was added a gain of \$1,600.82, making a total surplus of \$4,225.67. By reason of this surplus the board was able to make a special grant of \$80 to each of the clergy whose stipend did not exceed \$2,000 and who kept a home or automobile for the purposes of his work.

Offerings for all missionary purposes showed an increase of \$1,700, but the diocese fell short of its appointment by about \$600. The rural deanery of St. John increased its offerings by upwards of \$2,000.

A Forward Step His Lordship advised that the time had come for a forward step in the amount raised for missions and also for the purpose of increasing the stipends of the clergy. Not only were many clergymen receiving an amount less than sufficient to enable them to meet the situation created by the fact that fifty cents did not represent more purchasing power than one dollar did a few years ago, but new men were not entering the ministry and he asked if there was not a close connection between the scarcity of candidates and the poverty in which the church kept her clergy.

Of the church's life the principle of the brotherhood of man that they could persuade the world to believe in the truth of the fatherhood of God.

The cause of Christian unity, he added, could be served by embracing more heartily the opportunities for co-operation which they learned to practice within the limits of the church's life.

Christian Unity. Almost half of the charge was devoted to the subject of Christian unity, which, His Lordship said, had been touched by the war upon the consciousness of thinking men.

The question had become acute for another reason. Under the strong searchlight of the war the weakness of disunion had been revealed.

Together with a revelation of weakness had come a revelation of strength. There had been demonstrated the power of united action.

A Terrible Penalty

frequently follows the neglect of an injury. Germs and dust get in the wound, it begins to fester, blood-poisoning sets in, and sometimes the loss of a limb is the result.

Zam-Buk should be kept handy in every home, office, store and factory for cuts, scratches, burns, scalds and bruises.

could not continue to accept this wrong condition without an honest effort to put the wrong right.

In dealing with the subject of Christian unity, His Lordship warned his hearers that there was no short cut to unity. The great religious bodies were not separated by reason of a few disputed ceremonies and the like, but by primary and fundamental differences of human thought and the book of common prayer insists on the subordination of unity to truth.

FURTHER TRIBUTE TO SAND POINT WORKERS Canadian Red Cross Appreciation of and Help in What Has Been Done

Canadian Red Cross Society, Head Office for Canada, 77 King St. East Toronto—No matter how often ocean liners may come there is an air of subdued excitement about the port when one is reminded to doze their time.

To St. John, New Brunswick, has fallen the honor and responsibility of receiving the first contingent of these soldiers' wives and children—whatever the exact number may be which was returned during the first five months—and of creating an impression so favorable that it never fails to influence all future impressions.

As a first step they must cultivate more earnestly the spirit of charity. In the next place they must learn to think of schism as a sin, a sin from which no part of the church could claim to be entirely free.

The cause of Christian unity, he added, could be served by embracing more heartily the opportunities for co-operation which they learned to practice within the limits of the church's life.

PLAYGROUNDS.

Archdeacon Crowfoot, addressing St. George's Society, has given a new impetus to the playgrounds movement. The Archdeacon had in mind when he spoke of sport the clean amateur sport which makes for physical development, discipline, honorable conduct and good fellowship.

HON. MR. VENIOT

The highway programme announced in general terms by Hon. P. J. Veniot may not please the Standard, but the people of New Brunswick, who are enjoying the first fruits of a real highway policy, entered upon when the Foster government came into power, will rejoice that the policy is to be continued and enlarged.

What, then, do we need?

Engineer Hatfield has estimated that if the old creek bottom at the Rockwood Park ground were filled an expenditure of \$1,900 would make a possible field for baseball, running track and other sports on the nearer portion of that great field.

A girl of thirteen who was before the police court this morning, after spending last night in the cells, under a charge of theft from the counter of a store, left school when she was eleven and in Grade IV.

At the age of thirteen she went to work, and has worked in various places during the last year, but has been idle for some time. She is now in the Children's Home pending disposal of the case.

Toronto Star: The strongest argument in favor of a League of Nations is that it should tend to make impossible a clash between the white and the colored races.

To us it appears to be vital that the Peace Conference find some means of placating the yellow, brown, and black races that are smarting under the brand of inferiority.

Two things can be done and done now, and the Times-Star respectfully puts it up to those whose interest has been aroused to get into the game at once.

Let them get Improvement Leagues going in the east, west and north ends, their first activity centred on playgrounds. Let them at the same time bring every influence to bear upon the city council to begin the improvement of a part of the Rockwood area.

Action is called for. The principle of the use and control of public playgrounds should be established at the outset.

Are they to be used for professional or semi-professional sport by grown-up men or for amateur sport only, and with regard first for the needs of the boys and girls, young men and young women? This question should be settled at the outset.

The Bolshevik movement in Germany appears to be pretty well crushed. It still raises its head in Munich, Bavaria, but that city is now surrounded by government troops and the end is not far off.

Germany is greatly in favor of Bolshevism in Russia, the United States, or anywhere beyond the German borders—but not in its own territory.

The German delegates will probably all be in Versailles tomorrow. The fireworks will soon begin.

DOMINION RUBBER

THANKS TO CANADIANS FROM PRESIDENT OF BELGIAN PROTESTANT ORPHANAGE

11 Rue de Dublin, Bruxelles, Belgique, April 1, 1919. To the Editor of Times-Star, St. John: Sir,—Please allow me to send through your esteemed paper the heartfelt thanks of the Belgian Protestants for the help in men, food and money which Canada has sent to Belgium since the beginning of the war.

Your gallant Canadian soldiers have fought during more than four years in the mud of Flanders, the floor from your wheat fields has helped feed our starving population, the money from your purses has helped our Red Cross and other war organizations. Even the children of your Presbyterian Sunday schools have devotedly come to the help of our children, by sending more than \$7,000 to support our Belgian Protestant orphanage.

Without this providential help, reaching us from Canada through a secret Dutch agency in monthly instalments, we dare not think of the dire distress in which the dear children confined to our care would have sunk. Will every Sunday school of New Brunswick who has contributed receive the expression of our deepest gratitude.

The acutest forms of our national misfortunes are past; invasion, fire, murder, oppression and hunger. Canadian soldiers have been to the forefront of all rejoicings and thanksgivings when during those wonderful November days we celebrated our great deliverance. But our sufferings of no means past. All necessities of life are at fabulous prices, lack of machinery and raw materials prevent the resumption of industry and commerce, while the lowering of the people's health and vitality adds to the general depression.

Before the war our orphanage was almost entirely supported by the working people of our congregations, but now we must almost entirely depend on our friends from allied countries. Will not Canada continue being "the friend in need which is a friend indeed?"

I close with one more cordial "thank you" with a renewed appeal for continued support on behalf of our big family of orphan children.

Yours truly, KENNEDY ANET. (Rev.) K. Anet, D. D., President of the Belgian Protestant Orphanage.

Note.—Will all Presbyterian ministers and superintendents transmit these thanks and this appeal to their Sunday schools, and remind them that their support has been pledged for one whole year after peace is signed. Will also soldiers returning from Belgium see what they can do to spread the interest for the orphans of the martyr nation, on whose soil they have fought, suffered and conquered. The treasurers for the Belgian orphan fund are J. H. Cayford, 60 Victoria square, Montreal, and J. T. Post, 86 Bathurst street, Toronto. They receive funds and supply literature. Three Sunday schools of the same city or province each giving \$55 a year could adopt one Belgian orphan. Write about this plan to Madame Charles Bieler, 98 Columbia avenue, Westmount, P. Q.

THE ENCIRCLEMENT OF MUNICH PROCEEDING

Still Some Hope of Settling Matters by Negotiation

Berlin, April 28.—(By the Associated Press)—Gustave Noske, German minister of defence, has been appointed commander-in-chief of all the government troops to operate against Munich. Government troops have occupied the line of the Glonn river and reached north of Munich, Petershausen and Althausen and south of Olth-Oeting and Neuvetting. The encirclement of the city is proceeding, but some days must elapse before a general attack begins.

The government is still hopeful of settling the conflict peacefully by negotiations.

MORE AUTOS DEMANDED BY BRITISH SOUTH AFRICA Supply Must Be Greatly Increased to Meet Demands Made

The demand for automobiles in British South African Colonies is far in excess of the supply, according to W. L. Reeder

of Johannesburg, who made the long trip from South Africa to America in quest of a distributing agency.

"There are few cities in the world more modern than Johannesburg," says Mr. Reeder, "and there are no people who are more appreciative of the advantages of the automobile than are the people of South Africa. This applies to the motor truck as well as to the motor car. The automobile has become part of our daily life in that far-off section of the globe, as it has in the United States, Canada and Europe."

Mr. Reeder is a native of the State of Michigan, and has resided in South Africa for sixteen years.

A waiter in Delmonica's, New York, fell five stories to the sidewalk yesterday, struck and killed an aged woman and fractured his skull.

"I Do Not Know Just What Is The Matter But I Seem To Be Losing My Grip"

"WELL, I know. You have been worrying too much until you have got your nervous system all run down."

"I could not help that. I guess you would worry, too, if you had all the troubles I have had."

"Perhaps. But I think I have learned a lesson. Worrying does not get you anywhere."

"Well, what am I to do?"

"If you will take my advice you will use Dr. Chase's Nerve Food. That is what got my nervous system right when I had that breakdown a couple of years ago, and I have been talking it up ever since."

"How will it benefit me?"

"It will restore vigor to your nervous system. The trouble is now that your nerve force is at such a low ebb that your vital organs are slow and weak in action. You do not get the good of the food you eat, and for this reason you have no chance of gaining strength and vitality."

"But how long will I have to take this treatment?"

"If you could take a rest it would help some, but mark my words you will not be using the Nerve Food more than a week or two before you begin to see the benefits, and then you will not need me to encourage you in its use."

"I think I will follow your advice, for judging from what you say the Nerve Food is exactly what I need."

"You will not be sorry, for I have recommended it to scores of men in just such condition as you are to-day, and I know just what it will do."

"Thank you, old man, I only hope it will give me such energy and vitality as you have."

"It certainly will if you give it a fair chance."

One Divorce Law For The Dominion

A bill to place divorce in Canada within the executive domain of the civil courts has been drafted under government instructions and will be before parliament shortly by W. F. Nickle, M. P., with the backing of the government.

The new bill gives jurisdiction throughout Canada over all matters relating to divorce to the exchequer court of Canada where either of the parties is domiciled in Canada and the superior court of each province where either party is domiciled in such province. In New Brunswick and Nova Scotia, where divorce courts already are established, these courts shall continue and after that the divorce courts for these provinces will be the supreme court of Nova Scotia and the King's bench di-

His Decoration

The coveted mark of honour presented by the King comes to only the few whose deeds of gallantry have been recognized—but there still remain hundreds of Canadian Boys whose only reward will be their "reception" when they return.

Their Country is justly proud of them—so is their town—so are their friends and relatives, and to these last is given the privilege of conveying nations respect and gratitude.

How can this be done? We'll give you some suggestions.

Give him a Birks Patriotic Medal in gold, silver or bronze—it will commemorate his overseas service and it can be suitably engraved. It will serve as a permanent record of his "bit" as well as a handsome decoration and a gift from those for whom he fought.

RECENT DEATHS

Moncton, April 25—George H. McEwen, retired C. G. M. R. died this morning at his home at Shediac Cape, following a stroke of paralysis. He was freight agent for the C. G. R. at Truro for eighteen or twenty years. He was sixty-three years of age and is survived by his wife, Mrs. E. C. Cole and Mrs. L. B. Read of this city are sisters.

Many will be sorry to learn of the death of Archie McW. Campbell, which occurred yesterday at the General Public Hospital after a week's illness of pneumonia. He was thirty-five years of age. Besides his wife and three small children, he leaves his father, Charles M. Campbell, of this city, four brothers—Guy S. Gordon and Roy, of this city, and Walter, of the United States navy, and one sister, Mrs. John Pierce, of this city. Another brother, Fred Campbell, made the supreme sacrifice in France.

Mrs. G. C. VanWart of Fredericton, received a telegram on Friday stating that her niece, Miss Sybil Fenwick, of Easton, Me., was critically ill with pneumonia and a short while after received another one saying that she had passed away. Miss Fenwick was only seventeen years of age.

The death of Mrs. Daniel Driscoll took place at her home in Musquash, April 28, at the age of eighty years. Besides her husband she leaves three sons and four daughters, including Mrs. Tina Driscoll, West St. John.

The death of Mrs. E. M. Carle took place yesterday afternoon at the summer home of Rev. W. R. Robinson at Grand Bay. She has been a housekeeper for Mr. Robinson, and prior to going to Grand Bay she had lived in this city. She is survived by her husband.

MAKING PROGRESS WITH THE LEAGUE OF NATIONS.

At the session of the peace conference yesterday President Wilson explained the revised covenant, saying that most of the changes were in phraseology and not in substance. The president then moved that Sir James Eric Drummond be the first secretary-general, and moved that the powers name representatives to form a committee of nine to prepare plans for organizing the league and establishing the seat of the league.

The Japanese delegates pressed for recognition of the equality of races and M. Bourgeois of the French delegation said that France would sign the pact, although her amendment requesting an international police force and limitation of armaments had failed of adoption. The Japanese and French amendments were withdrawn to be acted on by the league itself.

vision of the supreme court of New Brunswick.

The bill would bring the whole dominion under the one law. Divorce is allowed, under the bill, for two reasons only, adultery and bigamy. Nullification of marriage may, however, occur for any of six reasons existing at the time of the marriage.

MORNING NEWS OVER THE WIRES

The opposition at Ottawa has heard that the government intends to hold a general election late in the year, appealing to the people on a public ownership platform, also on any reductions they may make in the tariff. The plebiscite on daylight saving held in Fredericton yesterday resulted in the defeat of the measure, the vote being 355 for and 483 against. Chief Rideout and Inspector Belliveau seized eighty-two gallons of liquor yesterday, which were stowed away in a Pullman car on the Ocean Limited for Halifax. No arrests were made, the conductor and porter both denying any knowledge of the liquor. A young Miemie woman, Mrs. Lucy Augustine, of the Big Cove Reservation near Richibucto, was buried to death last week. Only a short time ago her three-year-old daughter died a similar fate.

**MILDRED HARRIS  
IN WESTERN PLAY**

"When a Girl Loves," Presented at Imperial, Proves Fine Setting for Popular Actress

A soulful combination of powerfully human pictures and good old-fashioned sacred music appropriate to the story made tears flow freely in Imperial Theatre yesterday when the Lois Weber production "When a Girl Loves" was the special attraction, a film-play in which dainty and demure Mildred Harris—now the wife of Charles Spencer Chaplin, the comedian—was the leading figure, although perhaps big and handsome William Stowell outshone her in the dramatic scenes.

The story was not a new one but had enough novel twists and turns to keep interest awake to the keenest degree. There had been thieving going on in an express office in Arizona from which nugget gold was being shipped. The agent's assistant and a gang of confederates were the guilty parties. Finally the rascally assistant—who happened to be the hero of the piece—was suspected and was to be replaced by a clergyman who sought the beautiful air of that region. The thieving assistant forestalled the minister by meeting him down the line and side-tracking him into his abode "to rest up," as he said, before tackling the job. Then the villain dressed up in the preacher's clothing and masqueraded as the new express worker.

This was the bad fellow's undoing. He was a confirmed agnostic and defied God to kill him time and again. Even his pals shuddered at his railery at the Almighty. So when he got on the min-

**"TRIED TO ENTER  
COLLEGE AT ST. JOHN"**

So Reads Despatch About Man Charged With Revolutionary Activities

Toronto, April 28.—Lieb Samsonovitch, who with two others has been arrested here charged with revolutionary activities and who will probably be deported, was a student at Columbia University for more than three years. He was expelled from that institution for seditious utterances during a "preparedness" speech delivered by Major-General Wood of the United States army to the students. He tried vainly to gain admission to Yale and Harvard, but his record was against him. So he came to Buffalo and crossed the border in an auto without registering his entry into Canada. He tried to enter a college at St. John, N. B., but was turned down. He was also refused admittance to Toronto University.

On January 19 and Feb. 23, he addressed Socialistic meetings in Toronto, advocating blood war, and later he addressed a foreign unemployed assembly in front of the city hall. Quite an armament of revolvers and munitions were found in the headquarters of the trio when arrested.

"Flu" Prevents Church Wedding.

Fredericton Gleaner, Saturday: Ex-Ald. Joseph Walker is ill with influenza and practically his whole family are also laid up at their residence, York street, suffering from the same disease. Mrs. Joseph Walker, Mrs. Harold Walker and Mrs. Machum are now on the road to recovery, but Mr. Walker was taken ill today and Miss Doris Walker, who is to be married next week, is still seriously ill. It was said today that the outbreak of influenza had caused the abandonment of plans for the wedding of Miss Walker and William Bruce Hicks of the department of soldiers' civil re-establishment at St. Paul's Presbyterian church next Wednesday and that the wedding would take place quietly that day at the family residence.

According to a telegram received from Bermuda, W. Hester Chapman of Dorchester, Captain E. H. O'Neal, who was en route to Bermuda, died suddenly and was buried at sea within two days of port. He is survived by his wife, who was formerly Miss Emma Chapman, sister of the late R. A. Chapman of Moncton.

Children *and* grown-ups delight in the daily use of Colgate's Ribbon Dental Cream—it tastes so good.

When you see the Boy with the Red Bathrobe in a store window, stop there for a tube of the delicious dentifrice.

Colgate's brightens your smile—it polishes teeth to natural whiteness.

AMERICA'S GREATEST SUCCESS NOW COMES TO ST. JOHN

Facts About Tanlac
Twelve million bottles sold in four years.
At present rate of sales grand total will reach 15,000,000 bottles by end of present year.

Tanlac, the Celebrated Medicine Which Has Been Accomplishing Remarkable Results in the United States and Canada, Will Now Be Sold in St. John and Throughout the Province of New Brunswick.

Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout the United States and Canada, and which has been having a phenomenal sale in leading cities of the East and South, will now be sold in St. John and throughout the Province of New Brunswick.

Twelve million bottles sold in four years. Although placed on the market but little more than four years ago, over twelve million bottles have been sold, and its sales record probably has never been equaled in the history of the drug trade in America.

Big Toronto Drug Firm Has Sold 143,280 Bottles

Other Leading Retail and Wholesale Druggists From All Over the United States and Canada Tell of the Unprecedented Success of Tanlac.

The following are extracts from letters and telegrams from prominent dealers all over the United States and Canada, telling in plain, cold figures of the remarkable growth and development of Tanlac throughout America:

143,280 Bottles Sold By Tamblin's Stores

Further evidence of the growth and popularity of Tanlac in Canada, is found in the following letter from G. Tamblin Limited:

Denver, Colo., April 19, 1919.
National Drug & Chemical Co., St. John, N. B.

Edmonton, Alta., Feb. 21, 1919.

Dear Mr. Willis—We placed Tanlac on sale January 8th and have sold to date 4150 bottles, averaging well over 100 bottles a day in this small city which we consider a wonderful record.

PROMINENT MEN OUT FOR TANLAC

Mayors, Judges, Lawyers, Doctors, Ministers and Educators Endorse it.

One of the most striking and noteworthy features in connection with the introduction of Tanlac throughout the United States and Canada is the large number of prominent men who have unhesitatingly and voluntarily come forward and given it their unqualified endorsement.

Dr. Wm. E. Bingham, of Alabama, Says Tanlac is Producing Splendid Results.

The following letter from Dr. Wm. E. Bingham, president of the State Board of Pharmacy of Alabama, is probably the first endorsement ever given by a professional body of an official of this department of a state government, and the same is sufficient answer to anyone who doubts the high esteem in which Tanlac is held by leading men everywhere.

World Record is Broken by Tanlac

Tanlac has brought a new romance to the commercial world. It is the story of an acceptance and appreciation of merit never before attained by a proprietary medicine. Staid business men, to whom the actual figures of the production of Tanlac have been presented, have scoffed at them until the proof was shown.

IRRITABLE NERVES RESTORED AND HEALTH REGAINED IN A SIMPLE WAY

The man or woman who is rundown, not feeling up to the mark, perhaps irritable, nervous or sleepless, can well afford to learn about the wonderful results the newly discovered blood-food is giving to folks that use it.

There is wonderful power in this new blood-food, and every weak, pallid person can be quickly nourished back to health that uses it as directed.

After each meal, with a sip or two of water, you simply take two or three of the little chocolate-coated tablets, sold in all drug stores under the name of "FERROZONE."

There is a reason for this cross and there is a reason for the fact that Ferrozone contains blood-making materials you get in no other way.

Seamen's Part In Winning War

Striking Address by Peter Wright in Seamen's Institute Last Evening

Peter Wright, councillor of the British Seamen's Union, was heard in the Seamen's Institute last evening with breathless interest and complete sympathy when he told in his forcible and virile manner of the ghastly methods of German warfare inflicted upon the British seamen.

Colonel E. T. Sturdee, S.S.D., presided at the meeting as chairman of the New Brunswick branch of the Navy League, under the auspices of which the meeting was held.

Mr. Wright related how the British seamen had not pledged themselves not to strike during the war, when asked by the head of their union, but had steadily refrained from doing so because, though the conditions that they lived under with British rule were worse than that of any other laboring men, they knew that under German rule they would have a dog's life, a dog's death and a dog's funeral.

Notice having been given of the approach of the returning units, patriotic citizens are asked to prepare to meet and greet the soldiers, bringing flags and banners and making a joyful noise.

The churches are requested to ring their joy-bells, the factories and steamers to blow their whistles, the boy scouts to fill the air with music of their horns.

**EVERYBODY TO CHEER** as the boys go marching by.

To prevent accidents, autos are requested to keep off the route of parade.

The G. W. V. A. are cordially invited to assist in welcoming their comrades.

The civilian bands, patriotic societies and other community organizations are asked to co-operate.

At a later date this summer it is proposed to hold a Grand Field Day for all New Brunswick soldiers who have come back.

**DECIES GIVES UP POST AS IRISH CENSOR; OFFICIAL OF UNIONIST ALLIANCE SUCCESSOR**

London, April 29—It is announced that the Irish press censor, Baron Decies, has resigned and that Major Bryan R. Cooper, honorable secretary of the Irish Unionist Alliance, succeeds him.

An official communication, issued through the Irish press explains that it has been decided to retain the Irish censor in the interest of peace as it is impossible for the government to permit any section of the Irish press to be used as an instrument for incitement to organized defiance of the law or for the purpose of inflaming public opinion to a pitch where acts of violence become possible.

#### PIONEER DAYS IN ST. JOHN

The Venerable Archdeacon Raymond (formerly rector of St. Mary's church) now residing in Toronto, has written a publication in the St. John press a sketch of Pioneer Days in St. John, which he has asked to be dedicated to the president and members of the St. John Board of Trade. It will be published in consecutive issues of this paper, beginning tomorrow and should be read with great interest.

#### IN MILITARY RESIDENCE HERE

Major Pugh, late of Montreal, has removed his home from the big city to the ordinance department residence, 278 Sydney street, this city. Lieut.-Col. A. H. Anderson preceded Major Pugh in this position. Mrs. Pugh joined her husband yesterday and their household effects are to arrive for immediate institution of the home here. Friends of Mr. and Mrs. Pugh who live in this city are glad of their taking up residence here and assure their ex-Montreal acquaintances of a hearty welcome into their circles.

#### HALIFAX SHOWMAN HERE

Hon. J. Macdonald, manager of the Casino Theatre in Gottingen street, Halifax, one of the prominent theatrical men of Lower Canada, was a visitor to this city yesterday en route to New York on a semi-annual business trip. Mr. Macdonald has a house in Sydney as well and has for years been identified with the amusements of that busy place. He was the prime mover in the flotation and erection of the splendid new Casino in Halifax in which company considerable stock is held in St. John.

#### GOOD MOVE, BUT WHY THERE?

A garbage box of ample proportions has been placed at the eastern lower corner of the old burying ground, and it is expected the mass and debris which has characterized this busy traffic point for a long time will now be dumped out of sight. Some are curious to know, however, why a box of this kind should be located within the grounds at all. It seems a queer place for a large dirt-catcher, right amongst the graves of Loylists and on the edge of a great ward breaking up what scheme and design the place may possess.

#### IDDIOIS-MIDDLETON

On the 17th inst., at the residence of the officiating clergyman, Rev. Mr. Dowling, the marriage of Miss Mabel Middleton and Chas. A. Iddiols was solemnized. Mrs. Iddiols is a daughter of Mr. and Mrs. John A. Middleton of this city, and the groom is a well-known Charlotte street locksmith. They were the recipients of many beautiful gifts testifying to their popularity. Among the presents received were a silver service and tray from the staff of The McClary Manufacturing Co., with whom the bride was associated. Mr. and Mrs. Iddiols will reside at 78 Elm street and have the best wishes of many friends.

#### AGE OF ADMISSION TO NORMAL SCHOOL 17

Board of Education to Take up This Matter, Also Question of Teachers' Salaries

Dr. W. S. Carter of Fredericton, superintendent of education, is in the city today. He said this morning that he was here to attend the Church of England synod, as a representative from Kingston, Kings county, and also to attend a meeting of the board of education. There is a long schedule of routine business to be transacted by the board as well as new business to be brought up. The board is to be asked to place the age of admission into the Normal school at seven, as before the war. As a war measure the age of admission was put at sixteen, for it was seen that the number of teachers was decreasing and that age was adopted so that more teachers could be obtained. As one year's notice is necessary to change the age of admission, this will not take effect until 1920.

It is the intention of the board of education at the coming session to appoint a committee to discuss and consider teachers' salaries.

Dr. Carter said this morning in connection with illiteracy in New Brunswick that strangers coming into the province measure the showing made in educational matters by the number of school children in proportion to the population. In other provinces in Canada the children are allowed to go to school at the age of five years, while here they have to be six years old. Thus if it were taken into consideration that in this province there are about 15,000 children between the ages of five and six it will be found that the number of school children in proportion to the population of this province compares very favorably with the number in other provinces. If in other provinces the age of admission into the schools were placed at six years, Dr. Carter is staying at the Dufferin.

#### THE WAR OVER; HE IS GOING TO THE FAR WEST TO RAISE CATTLE

H. Trueman Hunter's War Record Gives Indication of Success to be Achieved

H. Trueman Hunter formerly of this city but later of Winnipeg, who returned from overseas on the S. S. Empress of Britain on March 30, left on last Friday evening for Montreal, whence he will proceed to Winnipeg. After spending a few days there he will start for the Peace River District, where he intends taking a homestead and raising cattle. His many friends here and elsewhere wish him much success. The persistency of this young man is shown by the number of times he tried to enlist for overseas service. On account of poor eyesight he was turned down eight times before he was finally taken on with the 200th Winnipeg Reserves on April 29, 1910. In September, 1916, he was taken in a draft for the 100th Winnipeg Grenadiers with which he went to England. After being turned down in England several times, he at last went to France with the 5th Canadian Railway Troops in July 1917. With them he served until the end of the war.

He is the son of John W. Hunter of Fair Vale, Kings County, formerly of this city.

#### DEATH OF ABRAM G. STONE OF GRAFTON.

(Special to Times.)

Woodstock, N. B., April 29.—Abram G. Stone of Grafton died last evening after a short illness. He was the oldest land surveyor in New Brunswick and among crown land officials was known as "Daddy." He was eighty-eight years and eleven months of age and was born in Sunbury county but for thirty years had lived in Grafton. He is survived by his wife, four sons—William M. of St. John, Wentworth of Cuba, Arthur of Grafton, and Leverett G. of Woodstock; and two daughters, Zillah and Gladys at home. The funeral will be held Wednesday at 2.30.

#### THE EXHIBITION BUILDINGS TO MOOSEPATH PARK?

It is reported that the exhibition buildings may be moved to Moosepath. The reasons given are that the military authorities, who are at present occupying the buildings, will in all probability need the grounds, which belong to the military, and even if they have to give them up the buildings will have to be entirely renovated, which, it is said, the dominion government has promised to do.

It is held that it would be much better to build at Moosepath, where the exhibition would be near the race course, of easy access from St. John, and right along the government railway and the government would give at least as much assistance as the renovation of the old buildings would cost. Altogether it is regarded by many as a desirable scheme.
