WAS MORE FIGHTING AT VERA CRUZ TODAY

No Question of United States and Mexico Being At War

SHIPS SHELLING PART OF CITY

Mexican Casualties Yesterday Placed at 150—Commander Reported to Have Fled—Wilson Grieves Over Deaths—Will Co-operate With Villa—Huerta Said to Have Ended Diplomatic Relations

Washington, D. C., April 22.—It is officially reported that general fighting is taking place at Vera Cruz.

Reinforcements from Rear Admiral Badger's fleet were landed today under the guns of the American warships to aid in taking the entire city.

Vera Cruz, Mexico, April 22.—Landing parties from the American fleet were greeted with quite general firing from snipers when the boats approached the shore at half past four o'clock this morning.

Washington, D. C., April 22.—Consul Canada's latest dispatch, filed at Vera Cruz early today, says: "Firing commenced at daybreak. Ships now shelling southern part of city. Large force landed from Admiral Badger's fleet before daylight. Copies of proclamation issued by rear admiral, requesting at once the co-operation of the mayor and municipal authorities in restoring order."

At nine a. m. he expected fighting to cease within an hour. The total American forces ashore numbered 8,000. They were well into the city and had the situation in hand.

Washington, D. C., April 22.—The navy department announced late last night that Admiral Badger has been ordered from Vera Cruz to Tampico, to take the command of that port.

Washington, April 22.—"I am sorry, terribly sorry," says President Wilson's first words, when news of loss of life in the taking of Vera Cruz first reached him. Today the president was sad and disheartened.

CALIFORNIA SONG BIRD ASKED TO SING BEFORE GERMAN EMPRESS

Berlin, Germany, April 22.—Miss Marcella Craft, a California operatic star in the Royal Opera at Munich, has the distinction of being the only American girl who has ever been invited by the Empress of Germany to sing before the imperial family circle in the palace at Berlin.

While singing one evening in the opera at Kiel, by special invitation, Marcella Craft was heard by Prince Adalbert, the Kaiser's third son and known as the "Sailor Prince." He was so enthusiastic over her singing that his imperial mother expressed her desire to hear her.

Miss Craft received a telegraphic invitation at Munich and upon only two hours' notice came to Berlin, where, to her great surprise, she found that she was not to sing in a big concert before the court, but was to be the only singer, and she alone, to sing before the imperial family circle.

The empress expressed her delight with Miss Craft's singing and engaged her in lengthy conversation. In fact, she was so pleased that she asked her to sing for her daughter, Duchess Victoria Louise, and Duke Ernst August, in Brunswick. Miss Craft, who has won much success in Germany, was born in Riverside, Cal.

Washington, April 22.—Daniel McDonald, N. S., April 22.—Daniel McDonald, who up until April 6 was an undertaker at the city prison, committed suicide this morning by firing a bullet through his head. The reason is attributed to worry over a probe into city prison management.

Vera Cruz yesterday and her captain Daniels, while contending that the seizure of the customs house at Vera Cruz was not an act of war, asserted that the firing on the Americans by the Rear-Admiral Mayo was so that it no longer could be denied that a state of war existed.

Gold Letters Are Feature Of Today

"No Other Grafter or Meddler" Is Illuminating Phrase

THE NALGE CASE IS CONTINUED

President of St. John and Quebec Railway Company on the Stand All Morning—Sharp Questioning on Correspondence

A. R. Gould was on the stand during the entire session of the Circuit Court, Mr. Justice McKewen presiding, this morning when the suit of Thomas Nalge based on a note for \$12,000 was continued.

Mr. Gould identified certain letters which he had written to D. J. Seely explaining the terms on which he would settle the latter's claims. The gist of the correspondence was that Mr. Seely should accept the \$12,000 in full settlement for all his claims, that it should be for himself alone and that "No other grafter or meddler should get a share of the money."

It was brought out that Mr. Seely was to give deeds for some lands to the company to show on the books for the money paid him.

Mr. Gould admitted that Mr. Seely thought he had a one-fifth interest in the company at one time but could not say whether he had stock to represent this interest. It was shown that Mr. Seely had returned his stock owing to legislation subsequently passed which invalidated all stock which had not been paid for.

Other stockholders at the time of organization were mentioned as including A. R. Gould, Pease, Isle, Ross, Thompson, Sydney, A. N. McLennan, James MacNaught and Ernest E. Ling.

In reply to a question as to what had happened to the stock of the company the witness said that more than \$1,500,000 had been transferred to Horace Grandall, a clerk in his office in connection with the organization of the construction company.

When asked where the stock is now Mr. Gould frankly confessed that "it is in lock" Mr. Gould was still on the stand when the court adjourned for lunch.

The court opened at 10:30 o'clock, Mr. Gould taking the stand. D. Mullin, K.C., counsel for the defendants, asked for certain letters written by Mr. Gould to Mr. Seely and, after considering argument and several consultations, the other side agreed upon the condition that Mr. Mullin should produce the answers if required.

Mr. Mullin then read his letters. In the first, dated Dec. 16, 1912, addressed to "Dear Jim," Mr. Gould promised to secure \$16,000 for Mr. Seely in settlement of his claims, on condition that he would accept this as full settlement for himself, and that "no other grafter or meddler should get any part of it."

EDITORS' VIEWS

The London Standard says:—"But if the fighting is to be done, we shall not forget that it is the old contest of north against south, of the Anglo-Saxon and Anglo-Celtic race against the Latin and Indian, and our sympathies will be with the men of our own blood and speech, and in conflict with disorderly and medieval barbarism."

"Public opinion, as it has shown itself in the past—it's growing a little kinder now—makes me think of the farm girl.

"A young farm girl asked to have a Saturday off in order to go and see a man hanged. Permission was given her and she set out before daybreak, having twenty miles to walk.

"When she returned that evening she was in tears.

"Why, Milly, what's the matter?" said her mistress.

"O, dear!" sobbed the girl. "O dear! The man's been reprieved."

**A STROKE OF LUCK**

Drip, drip, drip! The rain was steadily coming down, but still the young man stood in the doorway facing the cinema theatre. Things were not going well with him; he had tried hard to get work, but nobody would have him, he looked so shabby. At intervals he would leave a sigh, as first one young man and then others stepped lightly past and crossed the road on the way to the cinema. That same night, by what he considered a stroke of luck, he noticed an advertisement in the Times, "Tomorrow," he muttered to himself, "I shall call on Brager's, ladies' and gents' clothes, 185-187 Union street, and get a suit for \$1 a week."

**THE LABORERS' VOTER'S COURAGE**

One of my greatest pleasures at the election of April 14, as I visited polling booth after polling booth, was to be taken by the hand by men who labor and toil and have them to exclaim in a loud voice so none could mistake their sincerity: "Pittier I have voted for you and I don't care who knows it."

Continue doing so boys, for I am the only one left who has the courage to openly fight your cause.

Respectfully,

**ELECTION CARDS**

**To The Electors of The City of St. John:**

Ladies and Gentlemen:

Sincerely let me thank you for the magnificent vote given to me on Tuesday the 14th inst. It proved you had a fighter who is not afraid to fight for the principles for which he stands. Single handed I am fighting this great fight of Tax Reform. It is a glorious fight if I win, for in it is the answer to all your questions of moral reform, better housing, and better conditions socially and morally for the city in which we live; the making of homes, the upbuilding of industrial, and the prosperity of business. Further let me say my motto is, Everything for Saint John in steamship and transportation lines, first preference given to our local contractors in all city work. Patronize St. John and home industries. The selling of city lands where ever they may be (they are dead assets). The extension of the ferry service to Union street West; a fair adjustment of ferry rates to our citizens; the immediate attention to our wharves at Sand Point; the continuing of permanent pavements under the old Act, and many other things that I believe desirable for our progressive city, which must be made the greatest in the Maritime Provinces. Others are promising you Tax Reform. The Citizens Committee promised it as the first plank in their platform. The promise is all you have to show. Be fair and let me ride in to victory on my own horse, and let me ask the assistance of all citizens who were unable on account of promises made at the election on Tuesday the 14th, to assist me with their valued support on April the 28th. Trusting to be favored again with your valued support, and hoping to receive the additional support from those who were unable at the last election, I am, Respectfully yours,  
F. L. POTTS.

**To The Electors of The City of St. John:**

Ladies and Gentlemen:

I desire to express my sincere appreciation of the very gratifying support accorded me in the primary election of Tuesday, May 12, and the hope that in the final you will by your ballots permit me to serve your wishes for a further period, in returning me to office, and that your opinion expressed in the polls on Tuesday may be accepted as satisfaction with the manner in which my duties have been performed in the past.

In the department over which I have had the honor to preside I have tried to meet the demands of the public as well and faithfully as my abilities and the facilities at hand enabled me to do.

The policy of improving our streets with permanent pavement and better sidewalk regulations I will continue to urge and popularize. Daily committee meetings are most essential and should be revived. The Assessment Act should be readjusted so as to meet present day objections.

Should you again express your confidence in me by placing me in office I will do my best to justify your support and to conscientiously discharge my obligations and responsibilities which your trust will impose upon me without fear or favor. I have the honor to remain,  
Your obedient servant,  
4-28. M. E. AGAR.

**To The Electors of The City of St. John:**

Ladies and Gentlemen:

I wish to state most emphatically that I am an independent candidate in the election now pending, for Commissioner, and the canvass that is being used against me that such is not the case, is entirely without foundation and has, no doubt, been originated by some jealous rival. I think that for a short time I had to canvass the public, my ballot on the 14th inst. was very satisfactory, and with a little more hard work, there will be a great change in the returns on the 28th. And I hope my friends and the public generally will bear in mind that I am in this game to stay until the finish, and if elected will, at all times, give the laborer the same consideration as I should to the more wealthy populace and will endeavor all ways to play up and play the game, and do it in a straightforward manner.

Yours very truly,  
CLARENCE W. deFOREST.

**To The Electors of The City of St. John:**

Ladies and Gentlemen:

I beg to announce that I will be a candidate for the office of mayor at the coming civic election. I trust that my record and service in the Common Council, extending over a number of years, has been of such a character as to meet with your approval, and should you honor me with your support and elect me for that which I had marked out as the closing term of my career in municipal politics, I shall endeavor to perform such service as may fall to my lot to the best of my ability.

Yours respectfully,  
JAMES H. FRINK.

**To The Electors of The City of St. John:**

Ladies and Gentlemen:

I am naturally very much gratified with the very hearty support which you have tendered me in the primary election. To those who have so generously supported me, especially my friends of the North End, I desire to extend my thanks, and to the voters as a whole, I wish to say that if favored with continuation of your approval in the final elections on April 28th, I will, to the utmost of my ability, endeavor to carry out your wishes in the administration of whatever work I may be called upon to perform. My previous experience in civic affairs has, I believe, given me something of an insight into the duties of administration, and I hope, if elected, to be able to meet your views in all matters which it may be my duty to decide.

You will understand how impossible it would be for me to call on each of you. Therefore I take this opportunity of explaining my position and at the same time solicit your kindest consideration through this medium for my inability to do so.

The Evening Times and Star

ST. JOHN, N. B., APRIL 22, 1914.

The St. John Evening Times is printed at 27 and 29 Centre Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

A QUESTION Since the St. John Standard sets itself up as a pattern of the higher type of journalism it may be worth while to ask a question.

On the night when the Dugal charges against Hon. Mr. Fleming were made in the legislature the official report of the proceedings was telegraphed to the St. John Standard, as well as to the Telegraph, and the reference to the Dugal charges was set in type by the Standard printers, just as it was by those of the Daily Telegraph.

Did Hon. Mr. Fleming telephone to the Standard office to have the report of the Dugal charges cut out, and did the Standard obey?

THEY CANNOT EVADE IT

Under the system of responsible government all the members of the cabinet are responsible for the acts of the premier. There appears to be a disposition on the part of the Conservative machine in this province to throw Hon. Mr. Fleming overboard and to retain his colleagues in power.

CONCERNING MR. HAZEN

The board of trade, in a circular letter to the press, refers to its own activity in striving up the federal government to provide additional aids to the safety of navigation in the Bay of Fundy.

CORRECTING THE STANDARD

The Standard said yesterday that the Grand Trunk Pacific cannot enter New Brunswick until the Quebec bridge is completed.

JOHN BRADFORD AT WORK

The Times has received from Mr. John Bradford a leaflet describing the work of the daily vacation Bible schools open for six weeks of the summer in the interests of the children of the congested districts of Montreal.

Schools of this kind are operated in thirty-four cities, nearly all of them in the United States. The work was begun in Montreal last year, as a co-operative movement between the Sunday School Union, the Y. M. C. A., the University Settlement and the Parks and Playgrounds Association.

Such a movement certainly deserves public support, and it is such a movement as his friends would expect to find Mr. John Bradford promoting in his campaign of social service.

Two years ago Mrs. Cora Wilson Stewart started a campaign to do away with illiteracy in Rowan county, Kentucky. As a result of the campaign, the census reports, there remain only twenty-three illiterates in the county, and they are classified as follows: Four, too stubborn to learn; six, sick during the campaign; six, defective eyesight; five, idiots, and two moved in during the closing days of the campaign.

There is a movement on foot in Halifax to provide a home in that city for working girls whose pay is too small to permit of their paying the rates in a comfortable private boarding house.

The Australian minister of defense declares that the Commonwealth is irrevocably committed to the Australian naval policy, as opposed to the policy of contribution.

Opportunity Farm is the name of a home for boys near Lewiston, Maine. The manager describes it as a school for boys who have been unfortunate in their family surroundings or other environment.

We have been told the story of a professional magician who had recently been making one-night stands in little Ohio towns. The other night he was in Mt. Gilead and he certainly made a great hit there.

### THE MAN IN THE STREET

The man who is advertising for sale "a lady's good bicycle" is certainly not taking chances on the possible buyers.

Complaint about not going behind the screen will not be heard if the women get the vote—they'll take a peep whether they have to or not.

Still, even at eight cents a word, conversation with our English relatives is not particularly enticing.

This is indeed a backward spring—all we've been able to raise so far are umbrellas and coal bills.

After all, there's some compensation for house cleaning-troubles. You save a few scuttles of coal by burning up the rubbish.

"That," said the man who was showing her about town, "is the grand stand from which we watch the water sports in the harbor in the summer-time."

"My, but St. John is progressive," she remarked.

### COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to Keep Her Locks Dark, Glossy, Thick.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the messy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle.

It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one strand at a time.

By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair. ### WHAT TO DO FOR SORE THROAT

SOME GOOD ADVICE BY A SPECIALIST

As there seems to be a regular epidemic of Sore Throats this winter, the following valuable recipe will be welcomed by many. A sore throat is a dangerous complaint to trifle with, as the bronchial tubes lead directly to the lungs and the disease often travels along these tubes into the lungs and there sets up an inflammation that invariably results in a serious lung trouble.

As the first sign of soreness in the throat or around the tonsils you should secure from your chemist 1 oz. of Peppermint (Double Strength) and take this home and add to it 1/2 pint of hot water and 4 oz. of moist sugar. Stir until dissolved. Take one tablespoonful four times a day. This will give instant relief and will usually cure the worst throat within 48 hours. The healing and soothing qualities of this formula are unequalled, and every person suffering with a bad throat should give this prescription a trial. There is nothing better.

Important in ordering Peppermint always specify that you want Double Strength; your druggist has it or he can get it for you; if not send 75c to the International Laboratories, 74 St. Antoine St., Montreal, who make a specialty of it.

### RECENT DEATHS

The death took place yesterday morning, in the General Public Hospital, of William Miller, who met with an accident some weeks ago in the Portland Rolling Mills, where he had been employed for many years. Mr. Miller, whose wife died about three months ago, leaves two children in the United States.

Frank Nixon, a well known I. C. R. conductor, died at his home in Moncton yesterday an hour after he had received a paralytic stroke. Conductor Nixon made his last run on Sunday. He was sixty years of age, and had many friends. His wife, two sons, and two daughters survive.

Mrs. Lucy Giberson, widow of Marshall Giberson, of St. Stephen, died suddenly at Connell on Monday morning.

Edward J. Burns, of Bathurst, died in a hospital in Portland, Me., on Monday evening. He was 85 years of age.

**MUSOLINO THRIVING IN SOLITARY CONFINEMENT**

Notorious Italian Bandit in Fine Health After Ten Years Imprisonment.

The notorious brigand Musolino, who in 1902 was sentenced to life imprisonment after being found guilty of eight murders besides other minor crimes, has just served the ten year period of solitary confinement or cellular segregation of his life sentence.

Strangely enough, unlike most of the other convicts who become insane after the first few years of solitary confinement, Musolino stood so well the long term of complete isolation that his mental faculties are perfect and his physical condition excellent. Despite the scanty prison diet and the lack of exercise, the brigand has put on flesh and regained strength.

Professor Saporito, the director of the criminal asylum of Aversa, who recently visited the brigand to ascertain whether he should be transferred to a special institution or left to serve his term in an ordinary penitentiary, at-

### KINSMAN OF KINGS MARRIED IN CITY HALL BASEMENT; BRIDE A DIVORCEE

In a musty, dingy basement room in the New York City Hall when Alderman "Happy Jack" Riordan officiating, Jerome Napoleon Bonaparte, great-grand nephew of Napoleon I, emperor of the French, was married to Mrs. Blanche Pierce Streiblich. The bride is a recent divorcee. Bonaparte is the son of Jerome Napoleon Bonaparte and Caroline Appleton. He lives in Washington. On the marriage license he wrote, "No occupation."

tributes this wonderful mental and physical resistance of the brigand to his health. He is now thirty-seven years old.

**Why City Planning Pays**

It promotes trade by supplying direct and easy ways for the extension and development of commerce; fosters city growth by making it easier and cheaper to conduct all classes of business; increases and insures all property values by preventing the many evils of haphazard building, makes every citizen a more efficient, and more effective worker by saving time and money in transit of goods and people; and, above all, it assures to that city which adopts it, a future citizenship sound in body, mind and morals.—Charles H. Wacker.

saved his reason and improved his health. He is now thirty-seven years old.

FAIRVILLE NEWS

A Clean-up Day is Now Proposed. Two interesting lectures delivered last night—see coming through the Fall This Morning.

Judging from signs of the times Fairville is beginning to recognize its responsibilities and among the improvements advocated and apparently meeting with general favor, though not yet actually definite, is a clean-up day, on which all garbage and the waste matter from back yards, gardens and streets, would be cleared away, and the town made better appearing and more sanitary.

At present there is no local representation on the board of health and persons who may be remedied later on, but citizens are talking now on bettering conditions by a united effort.

Central points could easily be established where garbage would be placed by those who bring up their refuse. The stranger coming along meets with the less pleasing district first and hence, if the snow be cleaned up and made to look spick and span, the general effect would show Fairville in its true light as a thriving suburb with unsurpassed natural endowments.

It is justly celebrated for its wonderful clear, sweet tone, fine finish, even scale and beautiful case.

The thoroughness of construction and superior quality of material used guarantee great durability.

Valley Railway Contractor's Evidence in Nagle Note Suit

DEFENCE IS BEGUN

Questions Bring Out Matters Relative to the Two Companies and There is Some Reference to Legislation at Fredericton

At yesterday afternoon's hearing of the suit of Thomas Nagle vs. The Quebec and St. John Construction Company and The St. John and Quebec Railway Company, over a \$12,000 note, A. R. Gould, president of the last named company was examined.

To Mr. Mullin he said the company had arranged with the government for the building of the Valley railroad and had sublet the contract to the Quebec and St. John Construction Company, J. D. Seely had been a director of the first named company but had discontinued as such as he "did not come up to the \$6,000 which the law required him to deposit in the treasury of the company before he could become a director."

Q.—Did you have any talk with Mr. Seely with reference to the clauses that prevented him from being a director? A.—Yes. After he admitted he could not qualify for a director, he said there was a certain per cent. of the profits due him. Some time afterwards he came to me again about it. He said that he had been to consult several attorneys about the matter but could get no satisfaction from them that he had any legal claim against the company. He held, however, that he had a moral claim, which I admitted. He then told me of being in need of money. We had several meetings and exchanged much correspondence on the subject. Finally when we met one day in February, 1913, he wanted \$4,000. It was at Fredericton. I finally agreed to give him my personal note for \$4,000 and told him that I would give him a memorandum for \$12,000 that should be held by him.

Q.—Was there any conversation regarding the \$12,000 note? A.—Mr. Seely said he needed more funds. He would like something to use to raise money on. He said he could use the \$12,000 note, but it was understood at the time that the note was not authorized by any act of the company.

Q.—What was said at the time? A.—I told him that he had already got more than was due him and he would have to take his chances as to the money that might accrue from the winding up of the affair. Seely said he could use the \$12,000 note as collateral, but that he could not discount at the bank because the time, one year, was too long. I reminded him at the time that it was

not to be paid until it was paid out of the profits.

Mr. Gould said he paid the \$4,000 note. The profit referred to was that on the whole business. He did not think there was any profit in it; not in the construction.

Q.—Was there anything said with reference to when the road should be completed? A.—It was understood in our agreement with the government that the 120 miles of it between Centerville and Gagetown should be completed November 1, 1913.

Q.—What name was signed to the \$12,000 note? A.—The railway company per my own name.

Q.—Have any profits been declared yet? A.—No.

Q.—(Showing note for \$12,000 which is being sued.) You say that the signature of L. E. Gould was not placed here by you and you did not know anything about it? A.—Never saw it until now.

Q.—Did you authorize Mr. Seely to see Mr. Ross Thompson or anyone else in connection with the note? A.—No, sir.

Q.—Are you a director of the construction company? A.—No. L. E. Gould, the president of it, is my son.

Q.—You were not aware that the name of the construction company was on the note until it fell due? A.—No.

The witness said that he had seen Mr. Seely on several occasions before the note fell due on February 17, 1914, but it was only about two weeks before that time that Seely had informed the witness that the note was no longer in his hands, but in the Bank of Nova Scotia.

At the time the note was given when Mr. Seely suggested that the time was too long to have it discounted, the witness said, he reminded him that it was not to be discounted anyway. "I did not consider it a legal note," the witness said.

Q.—Did any of the other directors of the company have any knowledge of the note? A.—Yes. Mr. Lisman of New York I told Seely that I had Mr. Lisman's consent to give the note.

Q.—On any occasion was the name of George W. Fowler mentioned? A.—Yes. Mr. Seely said that Mr. Fowler was interested in it too. This was both before and after the note had been given. I said that if Fowler was to get anything out of it, I would not consent to it.

Used as Voucher? Dr. W. B. Wallace, counsel for the plaintiff, cross-examined the witness. To him, the witness said that he gave the note to Ross Thompson to be delivered to Seely.

Q.—I suppose you sent several letters to him? A.—Yes.

Q.—Was there anything in the letter with the note? A.—Nothing except instructions.

Q.—Not a receipt for \$12,000? A.—I authorized one to be sent.

Q.—Have you seen the receipt since? A.—No.

Parisian Sage supplies hair needs—is perfectly harmless. It contains the exact elements required to make the hair soft, wavy, glossy, and to make it grow thick and beautiful.

You will surely like Parisian Sage. It is one of the best and most delightful hair tonics known and is always sold with agreement to refund the money if you are not satisfied.

Q.—Was it not used as a voucher before the house of assembly this season, for money actually expended in the building of the railroad? A.—No, sir.

Q.—Did not Mr. Thompson use it as such? A.—No, sir.

Q.—Was it not used in such a capacity to your knowledge? A.—It may possibly have been used, but not to my knowledge.

Q.—What does the receipt for \$16,000 cover? A.—My personal note for \$4,000 and the \$12,000 note.

Q.—Did you not write to Mr. Seely on Dec. 16 that there would be very little doubt that the \$16,000 would be paid on the conditions stated at the passing over of the note? A.—I think I have written to him to that strain.

Q.—I suppose you had authority to issue the note? A.—No, sir.

Mr. Wallace then read from a letter dated August 4, in which Mr. Gould says that he had "received the authority of the other directors to make the note."

Q.—Did Mr. Seely not send to you a copy of the note which you returned to him in this letter? A.—No, sir.

Dr. Wallace showed witness the letter and a copy of the note enclosed with it. Mr. Gould never saw that paper before.

Q.—Will you swear it was returned in your letter? A.—I have answered you.

Q.—You say the railway company assigned the contract for the construction of the road to another company? A.—Yes.

Q.—Did you not first assign it to a private individual in your own office? A.—Possibly; I don't remember.

Q.—Did you not assign it to Horace N. Crandall, and did not he in turn assign the contract to the Canadian Eastern Construction Company? A.—I don't think that the Canadian Eastern Construction Company was ever affected. The amalgamation was never perfected until long after the Quebec & St. John Construction Company took it over.

Q.—Did the Canadian Eastern Construction Company assign it to the Quebec & St. John Construction Company? A.—I don't think so.

Q.—Do you know a man named Andrews connected with the Canadian Eastern Construction Company? A.—Yes.

Q.—Well, if he issued certificates of organization, you would be mistaken. A.—No, sir. There may have been a misrepresentation.

Q.—Wasn't it then that he is interested in the Canadian Eastern Construction Company and has been since the time the charter was secured some time last summer, after the note in dispute was given. The company was started in 1912.

Q.—You say that Mr. Seely was interested in the St. John & Quebec Railway Company? A.—Yes, sir.

Q.—Was there an act passed in 1912, the effect of which was to cut out Mr. Seely and some other stockholders? A.—I think there was an act passed that affected him in that way.

Q.—Wasn't it then that Mr. Seely came to you and objected to what you had done? A.—That was not done directly to cut him out.

Q.—Didn't you cut out A. H. Hanington and others as well, leaving only a few of yourself? A.—Oh, no, sir.

Q.—You spoke of Mr. Seely coming to you. Didn't he complain of the statute? A.—I think he did.

Q.—Did he not cut out his stock. Did it not make it null and void? No answer.

Mr. Mullin—we won't go into the larger matter as to why the government passed this legislation.

Mr. Guthrie—The legislation was passed, if I remember rightly, to cut out all those fellows who were looking for water, leaving only those with capital.

Q.—Who handled the legislation for you? Mr. Mullin objected to this question, on the ground of it being irrelevant.

Mr. Gould said that he had offered Mr. Seely \$10,000 for his claim and that Mr. Seely refused. He also said that Mr. Seely showed him a letter that the letter had received from Mr. Lisman in New York, offering him \$10,000 for his claim.

Q.—And did not Mr. Seely tell you that after this legislation was passed, Mr. Lisman withdrew his offer? A.—I don't remember.

Dr. Wallace then read an affidavit made by the witness before J. B. M. Baxter, K. C., in which he stated that he made the \$12,000 note with the authority of the other directors. Reminding him of the letter, which is mentioned previously, in which he says he was not authorized, Dr. Wallace asked him which was correct.

A.—Both are absolutely correct. I had the consent of all but one, H. E. McDonnell. The interpretation of the affidavit should be that I had not "legal" authority.

The witness said that he is interested in the railway construction company of which his son is president, having money loaned to it.

An "Agreement" Q.—I understand the St. John & Quebec Railway Company took the contract from the government? A.—We don't call it that. We call it an agreement.

The witness said that the company was organized by its present directors, but when asked by Dr. Wallace if the railway company and the construction company were not the same people exactly, he said no.

Q.—Before the legislation in 1912, was there any call for stock? A.—I think there was by Lisman, but not by the directors. I do not remember whether Mr. Seely was a director at that time.

Q.—You mean to say that you gave these notes for \$16,000 out of the goodness of your heart, as has been suggested by your counsel? A.—It was more than that anything else.

Q.—Were you in Fredericton at the time the legislation was passed in 1912? A.—I never heard the bill read in the house.

Q.—Did you ever have a talk with Gummer or Fleming about it? A.—I talked it over with Fleming.

Q.—Did you not tell Seely that McLeod and Fleming had planned this thing up with you to cut out certain stockholders by the act? A.—I don't remember.

Q.—Do you know anything of the bill itself? A.—Yes.

Q.—Wasn't it the two last clauses that you and Mr. Fleming and Mr. McLeod framed up and slipped in so that they would become part of the government measure without you having to advertise them? A.—I know nothing at all about that.

Q.—At the inception of the Valley railway how did you happen to get the contract? A.—Through H. E. McDonnell, of the C. P. R.

Q.—Where did Seely come in? A.—Not at all just then. He was on the wrong side of politics.

Four Doctors Had Failed—Hope Given Up Mrs. E. T. Ford, 55 McGee Street, Toronto, Ont., states:—"Some time ago I was ill from nervous prostration and for many weeks was in a very serious condition. I was treated by four different doctors without receiving any benefit from their treatment. I had quite given up hope when one day my husband saw Dr. Chase's advertisement, and it seemed so to suit my case that I bought a box of Nerve Food. I improved so rapidly that I continued using the Nerve Food, and I am thankful to say, it worked a complete cure. Since that time, we have never been without it in the house, and I gladly recommend it to all my neighbors."

THE SECRET OF GIRLISH BEAUTY

The Blood Must Be Kept Rich and Pure, and the Nerves Properly Nourished.

Every parent of a growing girl and every young woman who looks after herself, should be constantly on the watch for symptoms of impoverished blood. Girls in their teens should not be pale, languid and constantly fatigued. Nature intended them to be bright, energetic and active. The happiness of a lifetime depends upon giving the blood the help it needs at this time, when girls are too frequently allowed to over-study, overwork or suffer from lack of exercise.

The symptoms of impoverished blood are unmistakable. They are languidness, pale, sallow complexion, shortness of breath, violent palpitation of the heart, particularly on going up stairs, poor appetite, dizziness and headaches, and a tendency to faint. These symptoms of course are not all found in every case, but the more the victim has of them the greater progress has the trouble made and the more imperative is the necessity to at once begin to check it, through the use of Dr. Williams' Pink Pills, which bring back the glow of health and energy to every part of the body. The case of Miss Jennie Foster, Hamilton, Ont., offers proof of this. She says: "For about eighteen months I was in a very bad state of health and thoroughly run down. I had no appetite and suffered from most of the symptoms of anemia. I went to a local doctor and received treatment from him for three months, and although I took bottle after bottle of medicine I was steadily growing worse, and I got so down-hearted and depressed that I felt I would never get better. At this time I read the case of a young lady whose symptoms were similar to my own, who had been cured by Dr. Williams' Pink Pills, and I decided to try them. By the time I had used three boxes my appetite had improved and I was feeling more encouraged. I continued the use of the Pills for a time longer and my health was fully restored."

These Pills are sold by all medicine dealers or may be had by mail at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

"OLD TOM" COUTTS

Love Story of Famous Banker of The Strand

MANY SET CAPS FOR HIM

Chose as Wife, However, His Brother's Maid-of-All-Work and a Good Wife She Made Him—Afterwards Came Actress

(London Tit-Bits.)

The famous bank of Coutts & Co., in the Strand, has, since the eighteenth century, safeguarded the fortunes of the richest and most aristocratic families in England. It was founded by four brothers, who came from Edinburgh in 1705, and its prosperity was mainly due to Thomas Coutts, the youngest of them, who eventually became the sole director of the firm and one of the wealthiest men in the country.

When young or low he bestowed his great fortune upon a Scots servant girl, and then upon a strolling player-actress, in one of the strangest romances in London life.

Thomas Coutts lived over the counting-house of a branch office, while James, his brother, dwelt in the head bank at 69 Strand. By the time the business had been securely established, receiving the patronage of the nobility and gentry, both partners were courted by the leaders of London society. Thomas Coutts, especially, was welcomed in the highest circles. A handsome man, with a quiet dignity and charm of manner and a shrewd sense of humor, he was also cultured, and could hold his own in the most intellectual and fashionable societies. Many great ladies set their caps at this bachelor, who was the biggest banker in England, and the most successful of his time.

His young daughter, smallest most sweetly and prepared their most honeyed compliments when he came into their drawing-room. When they saw him, as they called him, made up his mind to marry he might take his choice among many ladies of quality, and as a result of his choice, a fortune in return for his money bags.

A Debit from the Estomac.

Imagine, therefore, the consternation, the shrill laughter, the spiteful words, the malicious gossip, when the news leaked out that "Tom" Coutts had become engaged to his brother's maid-of-all-work!

But Thomas Coutts smiled in his quiet way, and arranged for his wedding with Betty Starkey, who had come down from Edinburgh with a print of her portrait, which she carried with her, and a change of linen and a best dress, a bonny face, a laughing heart, and a strong faith in the magic of her laughter. The sound of it had pleased him more than the shimmering smiles of the fashionable society. Here many great drawing rooms. He had seen that the bloom on her cheeks did not come off like that of the painted ladies of high society. He had seen that she had found them very good. He had seen her sewing and scrubbing and dusting, with untiring industry, and an untiring heart.

For a while the engagement was kept secret and Betty Starkey continued to perform her household duties. One day a young clerk came in with dirty boots, which Betty asked him to wipe on the mat. He refused insolently, whereupon Betty "dressed him down," and he said: "Before long I will make you pull off your shoes and stockings, too, if I choose. It's my right, and you'll be a young clerk was, naturally, much mystified.

By degrees James Coutts availed himself of his position, and at last attended the wedding feast at the house of Mrs. Harriet Lane, to whom Tom took the lady of his choice, described by Lord Donaldson as "a most modest, respectable, and handsome young woman." Here many great gentlemen visited them and, to quote Lord Donaldson again, Mrs. Tom Coutts' good sense, amiable disposition and exemplary conduct endeared her to all her husband's family, and commanded the respect of everyone who knew her."

The common sense and simplicity which distinguishes so many Scotchwomen, however humble in rank they may be, enabled Betty to take her place in the best society without embarrassing her husband. His private fortune increased steadily as the years passed by, and he became the supreme head of the bank upon the death of his brother James.

Married Aristocrats

His wife bore him three daughters, and when they were on the threshold of womanhood, the beauty, as well as their father's wealth, attracted many suitors. London in the time of George III, was a dangerous place for young heiresses, and many rakes and dissipated men of fashion endeavored to capture "Tom Coutts' daughters," as they were called, but found them well guarded by a man who was as shrewd in social life as in his business. But he was not auster, and for his daughters' sakes he gave splendid entertainments at the house, which were attended by many of the rich noblemen whose fortunes passed through his hands at the bank.

So it happened that the children of "Tom Coutts," who as a child had often matches and became the wives and mothers of aristocrats. Susan, the eldest,

GOULD LETTERS ARE FEATURE OF TODAY

(Continued from page 1)

Q—"At the time of that conversation did you make any appointment to meet him later to arrange the renewal?"

The Deeds.

Q—"No, when he said he had said it that settled it."

Q—"Some mention is made in your letter of providing some way to show the payment on the books. What books?"

A—"The railway company's books. He was to give us deeds."

Q—"You made this suggestion to Mr. Seely?"

A—"No, he made it."

Q—"Did not this your suggestion in your letter?"

Dr. Wallace—"Why did he want to fund an exact? Was he not out of the company?"

A—"He was the man who suggested it."

Q—"Show us a letter."

A—"It was suggested all right."

Q—"By you. Why did he want an exact?"

A—"For having the note."

Q—"In the face of your letter saying that the note would be in payment of the house does what further excuse did he need. Was it not on the other side for you to show the government?"

Q—"Did Mr. Seely have a one-fifth interest?"

A—"He thought he had."

Q—"Where is the stock book?"

A—"He had the stock book and could manipulate it."

Q—"You were president and signed the stock certificates, but he could manipulate them?"

A—"I signed them in blank and left them with him."

Q—"He had the stock book and could manipulate it?"

Mr. Gould having identified Dr. Wallace submitted a document in the form of a certificate, dated Dec. 20, 1911, signed by Mr. Gould, certifying that D. J. Seely had a fifth interest in the company and was a director of the company. The witness admitted having signed this certificate.

Dr. Wallace next produced a letter from Mr. Gould to Mr. Seely, dated Nov. 8, 1911. It said that the certificates had been received and were being returned. He did not think more stock should be issued unless Mr. Haslington and the other lawyers advised doing so.

Q—"Were not those certificates made in the owners' names before you signed them?"

A—"I don't remember, I signed some in blank."

Q—"There were not a meeting previous to that letter at which it was decided to whom the stock should be issued?"

A—"Yes, sir."

Q—"Would you recall Mr. Seely's stock was signed in blank?"

A—"No."

On re-examination, Mr. Mullin asked regarding the interview with Mr. Seely before the \$4,000 came due, and was informed that this was on Feb. 11. He was not in St. John again before Feb. 20, when the note matured.

Q—"With regard to the set returned to yesterday you said you had nothing to do with procuring this legislation?"

A—"I had nothing to do with it."

Mr. Mullin referred to the provisions she became a duchess as the wife of the ninth Duke of St. Albans. But she was still an generous and simple-hearted as when she had her "pin-money" for charity and shared her part as an actress with poorer friends. Dying without children in 1887, she gave back to the Coutts family the entire fortune she had received, and it went to the Baroness Burdett-Coutts, who made a noble use of it.

Whatever may be said of the character of Thomas Coutts himself, this at least is certain—that in the choice of his first wife, Betty, the maid servant, and of his second wife, Harriet the play-actress, he showed rare wisdom. They were both good women.

A Visit to Drury Lane

Thomas Coutts gave scandal an easy excuse for malicious gossip when he bought a house called Holly Lodge, near Highgate, for the actress whose name he had used for his first wife. Then one night he went on a special mission to see Harriet Mellon at Drury Lane, where she was acting her most famous part as Audrey in "As You Like It" and wearing, we are told, "a short petticoat and yellow silk stockings with blue shoes." She saw him between the acts, and found that he was very grave. He said he could no longer act in a lottery house, and he begged her to argue her to abandon her profession for his sake. She obeyed his wish there and then, and never appeared behind the footlights again. But the relationship of the elderly man to this pretty and popular girl could only end in one way, and soon after his wife's death Thomas Coutts called upon the young lady at Holly Lodge.

"My dear," he said, "you must come with me to church and be married. Your reputation will otherwise be destroyed."

She obeyed again, and the child who had been born in a barn became the wife of the greatest banker in England.

"Dear old Tom," as she called her husband, did not regret the romance of his old age. Harriet was a faithful wife in his, and although he gave her unlimited money to spend—no less than £38,000 per pin-money in one year—she gave most of it away in charity, and was always a sympathetic woman with great gifts of gabby, and with a warm heart.

Duchess of St. Albans

When Thomas Coutts died there was found in his study a portrait of his wife across which he had written the date of her resignation from the stage. "When," he wrote, "she married Thomas Coutts, banker, of the Strand, which proved the greatest blessing of his life and made him the happiest of men."

But the greatest proof of his devotion was the fact that upon his death he bequeathed every penny of his vast fortune to his wife. The widow of "old Tom Coutts," who as a child had often gone hungry, was now one of the richest ladies in England. Five years later

Saskatoon Control Extends

Saskatoon, April 22—During 1913, railway construction added 388 miles to the operating railroads within Saskatchewan's exclusive wholesale distributing territory, making her mileage 2,935 in all, or just twenty-seven miles less than the distance from Montreal to Calgary. The territory traversed by these railways extends to upwards of 46,600 square miles within which there are some 300 points on the main or branch lines of the C. P. R., the Canadian Northern and the Grand Trunk Pacific. The reason for Saskatchewan's control of so vast a territory is her central geographical position, far removed from any other large city. It is a matter of adjacency and distributing freight rates.

**How Frenchman Came to Lose Contest**

(FROM T. S. ANDREWS)

Milwaukee, Wis., April 18.—Boxers, as a rule, have many excuses for losing a contest, but a new one has been sprung by a French fighter, Fred Delaney, a prominent lightweight of England, recently fought a French boy named Volair in London. It was Volair's first appearance in England and he showed the characteristic gameness of his race by standing up under severe punishment when he could have taken the count just as well. In the fifth round, however, the Frenchman caught Delaney two terrific wallops on the jaw, dropping him for the count of nine. The fortunes of war turned again in the sixth round and Delaney sent the Frenchman to the floor, again rising sought for safety by clinching.

It was this part of the game that the Frenchman did not understand and the fact that he was ignorant of the English language was the cause of his undoing. In the seventh round, after being warned several times for holding and hugging, he was disqualified. The decision was not very popular as the Frenchman had been putting up a really good contest and the fans wanted to see the finish. Under the rules, however, it was only right to disqualify him for a violation. After the contest it developed that the boy misunderstood the referee's warning when he called to him to "break," having an idea from what he had picked up previously that the referee was simply telling them to separate and not understanding that he was about to disqualify him. It would be a good idea for referees, both in England and France, to learn the native terms used in a boxing contest in warring fighters. If that English referee had taken the trouble to get the French expression for "break" he could have saved the little French fighter quite a lot of trouble and possibly defeat.

**THIRD BASING**

I'd like to be a third base man; his job is such a cinch. He stands no chance to get the run or fall down in a pinch. He plays two feet inside the base, emits a warning shout: "This fellow hits a change of pace, so keep 'em high and out." And when the ball is hit at him he lifts his left leg high, and makes a stab much like Z, and lets the ball go by. Then at the pitcher he does run as frothing at the gills and says, "What did I tell you son? Why that's the kind he hits." And if perchance, by accident, the ball should hit his hands, he's so surprised by the event he heaves it to the stands. No errors can be ever cop, no matter what the case. The scorers write: "Too hard to stop," or "Singled through third base." And when they start hitting slowly so hard he cannot duck, he stabs them to protect his nose; that's science and not luck. No wonder that the shortstops all do long third base to play, and hardly ever see the ball and draw ten more years' pay.

**PLACING THE IMMIGRANT**

(Canadian Courier)

On every provincial government rests a duty to see that the new immigrants are well and happily placed. Between 1901 and 1911, Canada lost 700,000 of her immigrants, largely because the provinces neglected their duty. Ontario now proposes to have fifty or sixty agents scattered throughout the counties to see that

these new citizens are looked after. Every province should follow suit. The duty of the dominion government is to bring in new citizens and when the immigrants arrive at their provincial destination. The duty of the province then begins. Every new arrival should be taken care of until he is properly placed and in a position to take care of himself. The provinces cry out for more people, and then fail to take care of those they get. This is not common sense. The provincial governments must wake up and introduce better methods of placing the new citizens furnished them by the dominion immigration department.

The Thompson Woods Company's Challenge Accepted

Will Do Battle on Baseball Field With High School Team About the Middle of May

The first real whispering of a local baseball game is in the air and, incidentally, the daring challenge of the Thompson-Woods Stock Co. baseball team has been snapped up by a team which is called the "Never Once" High School team. Captain McBeath of the Never Ones and Captain Weyler of the Theaplans, got together yesterday afternoon and agreed to play a grand benefit exhibition game on the Marathon grounds on Friday, May 15, with the kind permission of the weather man—the proceeds to go to the local Protestant and Catholic orphanages.

The possible batting order of the teams will be as follows: Thompson-Woods—McCarthy, 1b and 1f; Hodges, ss; Fager, 3b; McClure, cf; Weyler, p; and r.f.; Davis, cf; McCafferty, 2b; Woods, r.f.; Flemming, p. and 1b. High School—Kelly, c. f.; Donnelly, 1b; McAnally, 2b.; Robinson, p.; Drummie, 1 f.; Smith, 3 b.; Mooney, ss.; McBeath, c.; Bennett, r. f.

The Times reporter was inquisitive enough yesterday to ask Captain McBeath what the "Never Once" business stood for and he was told that it meant "never once beaten," probably because they had never once played together before.

**Troubled With Weak Back and Kidneys For 10 Years.**

Many people fail to understand the significance of a lame, weak, sore or aching back.

When the backaches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills will strengthen the weak back, and prevent any form of kidney trouble entering the system.

Mr. Ed. E. Egan, Niekoni, Sask., writes: "I have been troubled with weak back and kidneys. I had terrible dizzy headaches, and could not sleep at night. In this way I suffered for ten years, until I read about Doan's Kidney Pills. I purchased two boxes, and as they helped me, I sent for two more; they put me on my feet, and I have been able to work ever since."

Doan's Kidney Pills are 50 cents a box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

**MORNING NEWS OVER THE WIRE**

The authorities at Woodstock are intending to investigate the death of a young colored girl who died there last week after giving birth to a child. Circumstances, it is said, warrant an inquiry.

Mayor Moses Mitchell was yesterday awarded the contract of building the new schoolhouse in Smythe street, Fredricton. The contract price was upwards of \$32,000. R. A. Corbett of St. John was second lowest tenderer.

Rev. Wm. Penna, pastor of the Methodist church at Woodstock has tendered his resignation because of failing health.

The union railway station to be built at Toronto by the C. P. R. and Grand Trunk will cost between \$12,000,000 and \$15,000,000. Plans have been decided upon.

Peter Weatherby, aged 40 years, a painter, was killed yesterday in Charlottetown, P. E. I., by being caught in the revolving shaft.

**THE INVISIBLE ELEMENT IN CITY PLANNING**

City planning implies three things: 1. An organized community spirit. 2. The cultivation of civic foresight. 3. A sufficient degree of municipal self-control to make planning worthwhile.

It involves something more than civic centres and civic beautification—seven more than the reservation and development of spaces for public use. It involves public control of the development of essential street, utilities, especially transportation. City planning is important unless it goes into the realm of the invisible, and takes cognizance of franchises, contracts and vested rights. If these are not brought under control, city planning is largely futile.

### DRIVE AND SUPPER

About twenty of the workmen employed in the construction of the new Bank of British North America Building enjoyed a drive to Torryburn last evening and had a banquet at Newcomb's. The party was a merry one and a pleasant evening was spent. A short programme was carried out and the usual toasts were honored.

### SPOON BRIDGE

About thirty members of the R. K. Y. C. last night were present at the first function of its kind, a spoon bridge. Several high scores were made. The winners were Isaac B. Murray and Roy L. Crawford. Supper was served after the bridge, this part of the affair being in charge of Frank Kinnear. It was a time greatly enjoyed by all.

### SURPRISE PARTY

Members of the Brussels street Baptist choir last night called upon Mr. and Mrs. Harry Olmstead at their home in Victoria street and tendered them a pleasant surprise. An enjoyable time was spent, and during the evening Mrs. L. A. Belyea, on behalf of those assembled, presented to the Olmsteads a beautiful piece of china as a token of appreciation of her services in the choir.

### BACK TO MONTREAL

The winter staff of the Donaldson Line offices in this city expect to be all back in Montreal by the last of the week. The marine superintendent, Capt. M. N. Gilles, left for Montreal last night, while his assistant, Robert Duncan, went to Sydney on Monday, and will spend a few days with relatives there, proceeding to Montreal on Saturday. C. Stanfield will leave for the summer port tonight, and the balance of the staff intend leaving on Friday or Saturday. Welcome back next season.

### MRS. THOMAS ANDREWS

In the death of Mrs. Thomas Andrews last night at her residence, 16 Brunswick street, St. John lost one of its oldest residents. Mrs. Andrews was eighty years of age. She had been ill for only a week, from paralysis. She was born in this city and has been a resident here all her life. Her husband, who survives her, is a well known builder, who has recently been employed through the county. Mrs. Andrews also leaves two sons, Thomas, a carpenter with Samuel Drury & Son, and William, a teacher, also of this city; and four daughters, Mrs. John Easter and Mrs. Frank West, of Portland, Maine; and Mrs. George Stewart and Mrs. William Hart, of St. John. The funeral will take place on Friday afternoon.

### LOOKED LIKE SUMMER

Considering the fact that the temperature has been hovering about freezing points, and that Old Sol has not begun to exert himself, the sight of the first straw hat and several panamas, to say nothing of a glaring array of fancy colored summer weight dresses was interesting this morning. Arriving on the steamer Chignecto yesterday were quite a number of colored people from the West Indies, and they were dressed in the streets this morning clad in gay summer attire, the men with light July togery and straw or Panama hats, and the ladies with a bright display of summer apparel. The contrast between these clothes worn by those from the sunny south and the heavy overcoats and furs of local residents, as remarked upon by more than one.

## ARTILLERY RIFLEMEN

Officers were elected at the annual meeting of the 3rd Regiment G. A. R. Rifle Association last evening in the armory. Major J. C. McGowan presided, and there was a good attendance. Reports of the retiring officers showed a very successful season. Plans were made for this summer.

The officers elected are:—President, Col. B. R. Armstrong; captain, Major F. C. Magee; secretary-treasurer, Captain Geo. A. Gamblin; asst. secretary, Lieut. I. F. Archibald; executive, Lieut. S. K. L. McDonald; C. S. M. Sewell and Gunner M. S. Dixon.

After the meeting the executive formulated plans for the coming season. It was decided to hold the first match on May 25. Special prizes have been donated by members of the association, and the officers are of the opinion that there will be keen competition in all the matches.

## WOMEN'S AUXILIARY

Today's Proceedings at Meeting in Stone Church

Several Resolutions—Eleven New Branches—Nomination of Delegates to Meeting to Be Held in Vancouver in September

The meetings of the Women's Auxiliary opened this morning with a quiet hour conducted by Rev. Canon Cowie in Stone church. The reports of Mrs. James F. Robertson, convener of Literature, and Mrs. Charles Coster secretary-treasurer of literature, showed an increase in the number of subscribers to the letter leaflet. They now number 786. It was pointed out that there are about 1,900 members of the W. A. in the diocese. Receipts from these subscriptions amounted to \$186.68. The number of mite boxes distributed was 695. More than 200 books and pamphlets were issued, besides 68 missionary maps. Twenty-two boxes of magazines were sent out to the lumber camps, each one containing an illustrated Bible donated by Rev. H. A. Cady. The diocesan board and W. A. of St. Paul's church, Charlottetown, sent literature to Courtenay, Ray workmen. Year books of the work in India and Japan have been added to the library.

An instructive paper was read by Mrs. Robin Cropley of Fredericton, on "Latest News From Our Western Missions."

The following resolutions to be voted on were then submitted to the meeting: That some member of the organizing committee visit each branch at least once a year; that the clergy in places where there is no branch should be told of the work of the W. A.; that the executive should advise the committee when best to visit the branches, and that four more members, with Mrs. G. A. Kurling as one, should be added to the organizing committee.

The committee reported that eleven new branches had been opened during the year at Apohaqui, Westfield, Hoyt, Fredericton Junction, girls' branches at Parville, St. Judo's (re-organized), and Campbell, and special mention of four branches opened by Mrs. Bate and Mrs. Sergeant within twenty-four hours:—Carroll's Crossing, Bolestown, Ladlow and Doaktown, all in Rev. Mr. Water-ton's parish. There are now seventy-five branches in the diocese.

The following were nominated for election to the triennial meeting in Vancouver in September:—Mrs. Scovil Neales, Mrs. L. P. D. Tilley, Mrs. R. A. Armstrong, Miss Stella Schurman, Mrs. W. S. Fisher, Mrs. Hedley Bridges, Mrs. George Kimble, Miss Edith Skinner, Mrs. E. R. Taylor, Mrs. Arthur Daniels and Mrs. W. O. Raymond. The election will take place this afternoon.

There was interesting discussion over the appointment of an organizing secretary, and Mrs. Scovil Neales was one of those suggested. Mrs. Jordan thought each branch should subscribe a certain amount for a salary for such an officer. Mrs. Foster thought that some of the officers in the W. A. should be paid (plausibly). It was decided to pay traveling expenses only. The question of holding the next meeting later in the year also was discussed.
