KOMINSKY'S TROUBLES.

MONTREAL, Jan. 21.—The inquiry into the case of David Kominsky of St. John, charged with obtaining by false pretences from A. Fred & Co., Montreal, was resumed today. The accused admitted that he had sold goods after having made an offer to his creditors to settle on a basis of 25 per cent. After he was arrested he made arrangements with Abraham Webber of St. John to sell \$200 of his Kominsky's stock in order to raise \$75 cash to give his bondsmen, Har- ris Weiger and Samuel Hart. The goods were sold to a brother of Webber and a pedlar. Kominsky also said

his friends had to give his bondsmen notes in order to secure them against loss before they would consent to go bail. After Judge Choquet heard Kominsky's evidence he committed him to trial. He was committed last week on a similar charge and there are other charges remaining.

A CHICAGO SUBWAY.

CHICAGO, Jan. 22.—An underground driveway passing beneath the bed of the Chicago river and stretching from the art institution to Illinois and St. Clair streets is formally announced to be the plan finally agreed upon by the Park boards of the north and south sides to make the long-talked-of connection between the boulevard systems of these two portions of the city. A bill authorizing a two million dollar bond issue containing a referendum clause, will be prepared by Park boards and submitted to the legislature.

BIG ORANGE CROP.

LOS ANGELES, Jan. 22.—Railroad men say there will be between 22,000 and 23,000 cars of oranges shipped from Southern California this year, and that the fruit is the best ever grown here. Unless some unforeseen disaster comes, it is safe to calculate at least \$15,000,000 will be put into circulation in Southern California.

R. L. BORDEN BANQUETED.

SYDNEY, C. B., Jan. 21.—The liberal conservatives of Cape Breton gave a brilliant banquet here tonight to R. L. Borden, M. P.

One hundred and fifty surrounded the tables, and the affair passed off with great éclat. Portraits of liberal conservative leaders of the past and of Mr. Borden adorned the walls, and there were many appropriate mottoes. Mr. Borden made an effective speech in responding to the toast Our Guest, which was proposed by J. A. Gillies, ex-M. P. who was in the chair.

WILL LAND AT ST. JOHN.

An Associated Press despatch today says:

"A party of British colonists, consisting of two thousand persons, will sail from Liverpool on March 21 for St. John, New Brunswick, according to the London correspondent of the Tribune. The Rev. J. Three persons were removed to the detention hospital last evening and 11 persons were released from White's wharf. Today eight persons have been released from the detention hospital.

A LULL IN FREIGHT.

Export freight has not been coming down very rapidly during the past few days and as a consequence business on the West Side is rather slack. It is thought that the delay is due to a lack of drawing power on the Western divisions of the C. P. R., but that the lull is only temporary and that the rush will be resumed in a day or two.

BURIED TODAY.

The funeral of Mrs. Charles A. Myers took place from her late residence, 228 Prince William street, to the Church of St. John the Baptist, at 8:45 o'clock this morning, where a high mass of requiem was sung by the Rev. W. C. Gaynor. There were no pall bearers. Interment took place in the new Catholic cemetery.

MONTREAL MARKET.

MONTREAL, Jan. 21.—The price of Manitoba wheat continues to rise, and oats are firm and active; other grains are dull. Flour is firm, and in considerable demand. Stocks of cheese are steadily being reduced, and prices are likely to go higher. Butter is in fair demand locally, but the price is too high for the exporters, who offer twenty-two cents for the best.

THE TANYARD TERROR.

The Organ of the Gang Makes its Appearance.

When the Tanyard Gang met last evening the committee appointed to consider the question of establishing a paper to be called the Tanyard Terror reported by producing the initial number.

"To see," explained the chairman, "Wiggles here was in the reforming, and learned a lot about writing. So we told 'im wet to write an' he writ it good."

Copies were distributed, and after spending some time in reading it the members declared it beat the other city papers out of sight. Thanks were voted to the committee and Wiggles was formally presented with a silver mounted specimen of the latest device for picking locks. The following suggestions are from the Tanyard Ganger:

Every member of the Tanyard Gang got talkin' to a cop in day time will get noticed.

Wot to do with Parents, will be the subject at the next meetin' of the Young Rockwood Society in Tanyard Hall.

Frank Higgins' picture will be on view Easter Sunday, with an oration by the Young Rockwood Society in the Opera House theatre.

It's better to be a good bad boy than a bad good boy. It pays more and you're more talked about.

Like Freddy keep a cop in talk last night while Pete Ely burgled a shop. Ike says he will be an ornament to St. John as soon as he finds the way into the clothin store on King street.

Juries and lawyers won't be made honorary members of the Gang. Things is better for the Gang as they be now.

If the practice of smokin' cigars spreads much more among the Sunday schools us boys will have to drop it 'till we're our self respect.

POLICE HAVE HEARD OF IT.

The police, after receiving notification through the morning papers of a murderous assault, and an attempted highway robbery near York Point at noon yesterday, as told in another column of the Star, have sent men out on the case.

As the only witness of the affray was the victim, and he is now at his home in Albert Co., their information is meagre. The fact that Mr. Stevens heard one of his assailants call the other Davy is considered as significant as there are one or two "Davy's" in St. John whose reputation is by no means savory and whom the police have had to watch sharply for a long time.

SUSSEX DAIRY SCHOOL.

The announcement of the tenth session of the provincial dairy school at Sussex has been issued. IN THE MARKET.

Owing to the bad roads and the worse weather during this week the visitors from the country with supplies have been scarce. Prices in most lines of country produce show little change. Fowl of all kinds are scarce. Butter is in fair supply at high prices and eggs are easier.

COAL CHEAPER.

NEW YORK, Jan. 22.—The spring-like weather has caused consternation in the ranks of the independent operators, and if they have any ten dollar a ton coal there are no buyers. Some independent coal was bought yesterday at 19 and \$20 a ton, but the general price was 22 and there was little demand at that price.

AT THE HOSPITAL.

Death of Lizzie Pierce and Mrs. Demier Today.

Two deaths occurred in the general public hospital this forenoon to which considerable interest is attached.

One of the victims was Mrs. Mary Pierce Raffy, or as she was better known, Lizzie Pierce, formerly of Quebec, and wife of William Raffy, of Digby, N. S. Her death was the result of an accidental burning sustained in the hospital about eleven o'clock, when the Marsh Road. She was removed to the hospital on January 9th, and died there shortly after nine o'clock this morning. Mrs. Raffy left considerable property, being the owner of a house on Queen street and property in Digby. She was fifty-five years of age.

The other woman, who died in the hospital about eleven o'clock, was Mrs. Demier, wife of Jefferson Demier, of the Peader nail works, who resides on Sydney street. Some little time ago the Star called attention to the condition of the woman and her family of small children were living. She was at the time quite ill and had no grown person to care for her. Action was taken by Secretary Wetmore and a nurse secured for the suffering woman. She was removed to the hospital on December 17th, and has there been operated on. The direct cause of death was cancer of the breast. Mrs. Demier was only thirty-nine years of age, and was the mother of eleven children.

EMPLOYMENT BUREAU.

Proposition to Establish One In Connection With the Y. M. C. A.

A scheme for the establishment of an Employment Bureau in connection with the Y. M. C. A. here is being considered, but owing to the difficulties in connection with the starting of such an institution and to the rush of regular work the officials are burdened with the matter will probably have to be over for some time yet.

The secretary of the association is at all times in receipt of applications for assistance in procuring positions and it is his idea that the institution should stand as a mediator between the employer and those seeking for employment. It is proposed that for a small fee if a man in search of a job should leave his name, qualifications, references, etc., on file with the official in charge of the bureau. Then the association having placed itself in touch with all the business men should communicate with such as need workers the names of applicants who might be suitable for the would-be employer and qualifications filed might decide as to the respective fitness of any number of applicants without having to examine each separately.

THE BORDEN MEMORIAL.

The Harold L. Borden memorial tablet was unveiled yesterday afternoon, at Mount Allison yesterday afternoon, Sir Frederick and Lady Borden were present, and the college chapel was filled with people. After addresses by Dr. Allison and Rev. J. M. Rice, a classmate of Lieut. Borden, the tablet was unveiled by Mrs. T. B. Flint. The inscription upon the tablet is as follows: "His tablet commemorates the patriotism and courage of Lieut. Harold Lathrop Borden, B. A. '97, who while leading his troops to victory fell at Witpoort, South Africa, July 16th, 1900."

After a chorus by eight university students, T. B. Flint, B. A., Mt. Allison, 1896, delivered an eloquent and scholarly oration.

Sir Frederick Borden made a fitting and eloquent response on behalf of himself and Lady Borden. Sir Frederick and Lady Borden returned to Ottawa last night. They were accompanied by Mr. and Mrs. T. B. Flint.

THE FISH MARKET.

The supply of fish for the local market, although by no means large, is quite sufficient for the present demand. The winds and rough weather outside have prevented the fishermen from doing steady work and have also injured many lobster traps. Prices in the city remain the same as last week.

NICHOLS-DICKSON.

A quiet wedding was solemnized at the residence of Mr. Barrett, Bridge street, yesterday afternoon at 3 o'clock, when James Nichols, of Hampton, and Mrs. Annie Dickson, of the city, were married by Rev. M. S. Trafton. Mr. and Mrs. Nichols will enjoy a trip to Upper Canada for a few days and will return and reside at Hampton.

HIGGINS AND GOODSPEED.

A Scientific Study.

The following article on the characteristics of Higgins and Goodspeed has been written for the Star by Palma Prof. Brown of Montreal.

Coupe these facts with his small benevolence, human nature and conscientiousness, large acquiescence and strong animal group and you have the reason for his conduct.

From the cuts before me, one of the

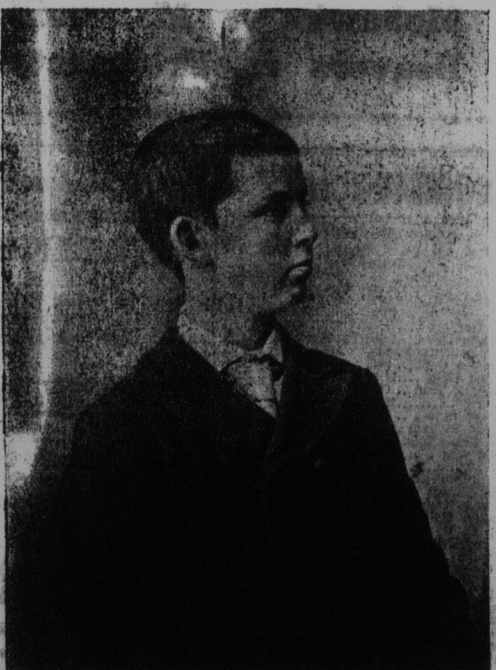

FRANK HIGGINS.

boy murderer, Higgins, the other of his accomplice, Goodspeed, is summarized their make-up as follows: Higgins possesses a brain measurement of about the average in size, but it is much below the average in quality.

His physiognomy denotes cold-bloodedness, determination, low but limited cunning and a complete lack of human sympathy.

Goodspeed's face and cranium is to me of a much more criminal type than that of Higgins, and unless this boy is at once trained in the proper manner, he will be heard from again in perhaps a worse position.

all of which, coupled with his low organization, make him what he has proved himself to be. His cheek-bones, immediately below the eyes, his ears, mouth and chin are traits commonly found in criminals.

FRED GOODSPEED.

cunning which Higgins lacks, backed by principles which Higgins would be unlikely to exercise. Goodspeed would urge on but keep at a safe distance, he is cowardly in danger, but would show much of his braggadocio when in safety.

and persistency will have more effect than thereafter brutality. Parents are under a moral obligation to their children and their after lives depend almost wholly upon their early training.

ASSAULTED AND STABBED.

Daniel Steeves of Alma was assaulted and stabbed at Robertson's wharf about noon yesterday by two men who were strangers to him, but who had been treated by him in a bar on Mill street a few minutes before.

Mr. Steeves arrived in St. John on Tuesday with his brother, who is now in the General Public Hospital of this city suffering from liver trouble.

About 11 o'clock yesterday morning he left his boarding house for the depot, purposing to take the train to Petitediac, where a team was waiting to convey him to his home at Alma.

Thinking that he would like to have a drink before leaving the city, he entered a Mill street bar. There he met two other men, who asked him to treat. He did so. After the drinking was over, Mr. Steeves took out his wallet and threw down a bill to pay for the drinks. He then left the bar and walked toward the new C. H. pier to learn something of the manner in which the winter port business of St. John is carried on.

The two fellows whom he treated followed, and assaulted him on Robertson's wharf, knocking him down and stabbing him in one of his wrists and hands.

On reaching the depot Mr. Steeves was bleeding profusely and was well nigh exhausted. To Officer Collins he told his story in detail, and was urged to remain in the city to identify those who committed the assault.

But he said that he must go to Petitediac on the noon train to meet the team which was there waiting to take him to his home. He would return in a day or two. On being asked to describe the two who assaulted him, he did so, and from the description given the police believe that they know who did the deed.

Mr. Steeves said that he could easily identify them, for he distinctly remembered the appearance of each. He heard one call the other Davis.

POLICE COURT.

Two drunks, both of them sailors of the Lake Champlain were fined this morning. The men were loaded for bears within a very few hours after the steamer was docked, and evidently were making up for the opportunities lost while in quarantine on the last trip of their steamer to St. John. The magistrate decided to isolate them for a period of incubation. Frank Holman, who had been most exposed to the effects of liquor, being sent into jail quarantine for twenty days and Thomas Gonyer for ten days.

There is a story afloat in the city today to the effect that the warden of Dorchester Penitentiary had refused to receive John McGlone, sentenced for stealing rubber from a Jew, on the ground that the prisoner would be contaminated by the influence of his associates in the penitentiary. It is rumored that the warden has given as his opinion that Judges Forbes should have sent McGlone either to the reformatory or one of the homes.
No further developments are expected in the next few days.

STARTS WITH BAND PARADE.

To the stirring notes of a brass band the policemen will march from the head of King street tomorrow night to Victoria Bunk, where the door will be opened at 7 o'clock to allow of every body securing a good place to see the programme of sports. Now that the rain has passed over, everything indicates the grand tournament will be a record-breaker in attendance and interest. Entries are piling in at Victoria by telephone, letter and word-of-mouth—over one hundred having signified their intention of participating in the events so far. Fen Parker and Len Daley will skate a match race, which is, of course, the chief item of interest to the "dead game" sporting fraternity. It will be Parker's first appearance this year, and as he is in fine form and all feat, for his Montreal races, his friends expect big things of him. So do Daley's. The keenest rivalry exists between these two flyers, as Parker's first match-race defeat was administered by his friend, Len Daley.

TONIGHT'S ATTRACTION.

The world famous American Biograph (moving pictures) begin a three night, with Friday and Saturday matinees at the York Theatre this evening. The pictures which are said to be the best now touring will consist of military and naval reviews; crowned heads of Europe and their movements; horse races at the great English Derby and Morris Park, N. J.

The Halifax Chronicle says of the pictures:—"Patrons of the Academy of Music this last week have asked the question repeatedly, 'Why are the Biograph pictures so large, clear, steady, and the entire absence of the disagreeable flicker, that we find in other machines?' The answer is simply told. The Biograph is a moving picture machine, not a toy, weighs 1,400 pounds and requires an electric motor to drive it. The pictures pass before the lens at the rate of thirty per second or 1,800 per minute, thus giving every movement and perfect detail."

THIRTY YEARS AGO TODAY.

Revd. Bennett, Houston and McKay appealed to the public for \$1,000 for the building of the church at Grand Falls. John Gribbon, a prisoner in the penitentiary here, escaped from that institution in the sleigh in which bread was delivered by Mitchell & McKee. James Orr, of Lunenburg, was killed on the track between Fairville and McCarthy's grounds by the Bangor train. The large building on Strait Shore road owned by D. V. Roberts, was destroyed by fire.

The W. J. Starkey sailed for Cape Haytien with a novel cargo consisting of twenty-three complete wooden buildings ready for erection whenever landed.

SLIGHT FIRE IN NORTH END.

A still alarm was sent in to No. 5 station this morning for a fire in Capt. C. S. Phipps' house, 23 Adelaide street. The blaze which was caused by the boiling over of a pot of tar on the kitchen stove was put out before much damage had been done to the premises.

Mr. Justice Landry returned to his home in Dorchester this morning.

A man by the name of Henry Butler, employed in the Portland Rolling mill, had a part of one finger crushed off this afternoon by having it caught between two heavy metal plates. Mr. Butler lives on Mill street.
