CONVENTION OF GOVERNMENT FORCES AT WOODSTOCK LAST NIGHT ONE OF THE GREATEST EVER HELD IN CARLETON CO.

Large Gathering and Marked Enthusiasm Give Evidence That Carleton County is Strongly Behind Government—Mayor W. S. Sutton Unanimously Chosen as Hon. B. Frank Smith's Colleague in Coming Contest—A Popular Selection.

Hon. Dr. Landry, Hon. J. K. Flemming and Hon. J. A. Murray as Well as Candidates Deliver Addresses—Decisive Tactics of Carvell and His Gang Exposed—Meeting Passes Number of Strong Resolutions.

SPECIAL TO THE STANDARD.

Woodstock, Aug. 31.—At the grandest political convention ever held in the history of Carleton county the supporters of the local government this evening selected Mayor W. S. Sutton as the colleague of Hon. B. Frank Smith, Minister of Public Works. The Hayden-Gibson theatre, with a capacity of over 800, could not accommodate the large numbers of electors who came from every section of the county, scores of persons being unable to obtain even standing room. It was truly a wonderful gathering, the electors being brought up to an almost inconceivable pitch of enthusiasm.

There were hundreds who remained in the theatre until nearly midnight listening attentively to the discussion of the political issues by the candidates and other prominent speakers. The unprecedented success of the convention was proof positive of the immeasurable strength of the government forces here, and was a striking rebuke to the traitor-factionists who had been circulating false rumors that there was dissatisfaction among the government workers.

OVATION FOR HON. MR. SMITH AND HON. MR. FLEMMING.

Tonight's convention was the occasion of the first public appearance before the electors since his taking office as Minister of Public Works of Hon. Mr. Smith and the minister received a grand ovation. Another noteworthy feature was the presence of Hon. J. K. Flemming whose brilliant address was a source of the greatest pride to his many friends and admirers. Hon. Mr. Flemming is almost completely restored to health and in his remarks tonight showed that old time force and eloquence that stamped him as one of the most able debaters in the Dominion. The evictor of Carleton was emphatically demonstrated this evening when he received what was probably the most magnificent reception ever tendered a public man by any gathering in the Province of New Brunswick.

Hon. James A. Murray and Hon. Dr. Landry aroused great enthusiasm among the electors in the course of their eloquent remarks. They had no difficulty in convincing the electors that the opposition's campaign was purely one of slander and misrepresentation and that it was being personally conducted by Frank B. Carvell who is actuated by nothing else than a violent desire to ruin Hon. Mr. Smith's successful political career. Hon. B. Frank Smith was never heard to better advantage than at tonight's big rally. His remarks were characterized by a spirit of optimism over the future of New Brunswick as he gave the meeting an outline of his plans for bringing the roads and bridges of the province up to the highest state of efficiency.

Resolutions Unanimously Carried.

M. L. Hayward, of Hartland, made a forceful speech in which he referred to the many misdeeds of the old gang who were hurled from power in 1908.

The following resolution was moved by Coun. David Lamont of Aberdeen and carried unanimously:

"Resolved, That this convention of supporters of the provincial government of New Brunswick in the County of Carleton desires to concur in the selection of Hon. B. Frank Smith for the important position of Minister of Public Works, and we tender to him our congratulations upon such appointment. We cheerfully tender to the new minister assurances of our hearty and undivided support."

Government's Efforts Strongly Endorsed.

J. Fred Boyer, of Victoria Corner, seconded by William Anderson of Lakeville, moved the following resolution which was carried unanimously:

"Resolved, That this convention expresses its approval and satisfaction of the progressive policy of the administration of provincial affairs since 1908, particularly in connection with the construction of bridges and improvements to the highways, and express further satisfaction at the recent announcement that still greater efforts will be made to give the province permanent roads of a satisfactory character. We further commend the government in regard to its agricultural policy."

Dr. H. W. Peppers of Centreville seconded by Arthur MacKintosh of Glassville, moved the following resolution which was also passed unanimously:

"Resolved, That this convention express approval of the course pursued by the federal government of Canada in entering immediately into the war on behalf of the Motherland and her allies and the preservation of the Empire.

"We approve of the vigorous prosecution of the war up to the present time by the Department of Militia through more than two years of unceasing conflict.

"We also desire to express satisfaction at the hearty way in which our Canadian citizens have responded to the call of duty and our pride at the glorious record made by Canada's soldiers on the field of battle.

"We desire to make anew our pledge of devotion to the Empire's cause and our earnest prayer for an early victorious termination of the war."

Following the passage of the resolutions, Fred C. Squires said he was pleased to have an opportunity of nominating one of the residents of the town of Woodstock as Hon. Mr. Smith's colleague. He felt sure that if that gentleman would carry out his duties with the equal zeal, ability and integrity as Donald Monto carried on his duties at Fredericton he would be a good steward for the people.

The present opposition was comprised of an aggregation of the smallest men, morally and intellectually, as ever existed in the province of New Brunswick. Instead of bringing out new candidates the opposition leaders had nominated members of the old gang of political grafters. For 25 long years the old Liberal government had robbed and maltreated the people of this province and the intelligent electors were now called upon to put back into power the greatest bunch of political vagabonds that New Brunswick had ever known.

Chief Interest In War Now Focused On The Balkans

Possibilities of Bulgaria Weakening and Greece Joining Allies Much Discussed Questions—Bulgarian King Ready to Abandon Throne?

London, Aug. 31.—The whole interest in the war is now focused on the Balkans and the German Field Marshal Von Hindenburg, Roumania's participation is considered here important, not only from the accession of a new fresh army, but from the opportunity it gives the Russian army to extend its base and to co-operate with Roumania upon Galician and Transylvanian territory practically as one army against the Austrians.

Reports differ as to whether the Central Powers were prepared for Roumania's entry. While Austrian official magazines assert that Austria-Hungary was prepared for the new development, other despatches to the newspapers say that the Central Powers were so confident of Roumania's neutrality that they left the boundary very thinly guarded, and that they were hurriedly reinforced from every quarter, while the inhabitants are feeling panic-stricken before the Roumanian advance.

Seeking Excuse for More Brutality

Berlin Threatens Reprisals for Alleged Ill-treatment of Prisoners by Russians.

Berlin, Aug. 31, via wireless to Sayville.—The German government, according to the Overseas News Agency, has addressed a vigorous protest to the Russian government "against the barbarous treatment of prisoners of war" and has asked for an immediate cessation thereof. It is announced that if no satisfactory answer is received from the Russian government after a fixed date reprisals will be taken by the German government.

Fighting Over 400 Mile Transylvania Front

Austro-Hungarian Armies Unable to Defend Boundaries Falling Back to their Second Line of Defense—Bulgars Fear Russian Sea and Land Attack on Varna.

War Council at Vienna

Geneva, Aug. 31, via Paris.—Fighting has become general over the 400 mile Transylvania front, according to the report of the Bund at Austro-German headquarters. The Austro-Hungarians, he says, are finding it impossible to hold on to the political boundary, and are retreating to the second fortified line of defense.

It is reported that a council of war will assemble shortly at Vienna, at which Emperor William of Germany, Emperor Franz Josef, of Austria-Hungary, and King Ferdinand of Bulgaria will be present.

Bulgarians, it is also reported, fear that the Russians will make a combined land and sea attack on Varna, a Bulgarian port on the Black Sea.

French Report Gains

Paris, Aug. 31.—The French official communication issued this evening reports some progress for the French south of the Somme, near Estrees and Soyecourt, but says that elsewhere along the French front there is nothing important to report. The text follows:

"On the Somme front our artillery displayed great activity during the day. North of the river a German grenade attack on our position at Mautropas was easily repulsed. "South of the Somme we succeeded in local operations which resulted in the capture of the village of Wood, where we took prisoners. "The customary cannonade occurred on the rest of the front."

On Italian Front. Rome, Aug. 31, via London.—An intense artillery fire was directed by the Austrians yesterday against the new positions of the Italians on Monte Cauriol, possession of which threatens the Austrian communications. The official announcement of today says that notwithstanding severe fire the Italians continued their stand. In the Upper Posina and Astico valleys small attacks by the enemy were repulsed. The statement says:

"Yesterday artillery of all calibres concentrated an intense fire on our new positions near Fiumen Valley, and threatens the communications between Cavalese and the Upper Avisto. Our troops, however, continue to consolidate the position.

"In the Drava Valley we again shelled the railway stations at Toblacco and Sillan.

"In the Gorizia area and on the Carso the enemy is attempting hastily to consolidate himself, and is displaying great activity with his artillery and aircraft. Yesterday we drove off an attack made near Tivoli, to the east of the town. Hostile aircraft dropped numerous bombs on the Lagoon in Marano, killing one woman, injuring a few civilians and causing a small amount of damage."

Laurier's Discourtesy to Governor General

Refuses to Attend Laying of Corner Stone of New Parliament Buildings, Gov. General's Last Public Function.

Special to The Standard. Ottawa, Aug. 31.—There is considerable comment here this evening over the refusal of Sir Wilfrid Laurier to attend the ceremony tomorrow of the laying of the corner stone of the new parliament building by the Duke of Connaught. He had been invited to make one of the two speeches arranged for, the other to be made by Sir Robert Borden.

A letter of the Liberal leader to Hon. Robert Rogers gave no reason for absenting himself. He is in the city and in good health. His action is inexplicable in view of the fact that this will be the last public function in the capital in which the Duke of Connaught will participate.

Quebec Bank Clearings

Quebec, Aug. 31.—The bank clearings for week ended August 31 were \$3,331,991, corresponding week last year, \$3,269,340. For the month of August, \$16,769,696, corresponding month last year, \$12,942,741.

The convention of Government supporters in Carleton County yesterday ratified the appointment of Hon. B. Frank Smith to the position of Minister of Public Works, and nominated as his colleague in the approaching by-election Mayor W. S. Sutton, of Woodstock. The convention was enthusiastic and harmonious, and it is evident that the new Minister of Public Works and Mayor Sutton will have the full support, not only of the Conservative party of Carleton, but also of the many independent and Liberal voters who approve of the aggressive administration at Fredericton, and who are determined as well to show Mr. Carvell that the county has tired of the crusade of slander and misrepresentation in which he has been the leader.

The opposition newspapers and speakers are trying to make the public believe that Mr. Carvell is not interested in this campaign. Mr. Carvell himself, at the opposition convention in Hartland, stated as much, but despite that it is realized that the force behind the oppositionists of Carleton, and the effort they will make to defeat the Government candidates is none other than the man who has misrepresented that county in Ottawa for the past five years. Mr. Carvell has a personal grudge against Hon. B. Frank Smith. He knows full well that Mr. Smith received a majority of the votes cast in Carleton county in the last Federal election, and that if the contest had been conducted decently and with fairness the elected representative of that county would have been a supporter of the Federal Government instead of one of its most blatant critics. Consequently it is to be expected that Carvell will use every effort to defeat Mr. Smith and his colleague and to that end will find no means too miserable or low.

Having projected himself and his methods into a campaign in which he says he has no interest, the Dark Lantern Brigadier must not complain if considerable attention happens to be directed to him. He has been the grit bully of his county for a number of years, and despite his disclaimer in the present contest has given every indication that he intends to proceed along the lines so familiar to him and make a personal mud-slinging fight against the Minister of Public Works and his colleague. If this is Mr. Carvell's intention he will probably be accommodated. Hon. Mr. Smith, however, stands on the record of the Government, and despite Mr. Carvell, will not permit the opposition to escape a full discussion of public questions.

The fight is now on. Both parties have chosen their candidates, and from now until polling day it is expected the campaign will be the hottest that Carleton county has ever known. The people of that county have a two-fold opportunity which they will not neglect. They can and will endorse Messrs. Smith and Sutton and the Government whose banner they carry. They can also illustrate to Frank B. Carvell in unmistakable fashion that his political career is about ended. This is Carleton's opportunity to forever free itself from the domination of the man who has labored unceasingly to bring reproach upon the name of Canada and all things Canadian, and Carleton will not neglect it.

OPPOSITION IMPERTINENCE.

Over the signatures of the opposition candidates in Carleton county, but presumably prepared by Mr. E. S. Carter, or the chief of the Dark Lantern Brigade, a communication addressed to Hon. B. F. Smith appeared in the Telegraph of yesterday morning, in which the candidates asked that Hon. Mr. Smith and his colleague should agree with the opposition to run the election in Carleton county "without the use of money or liquor to influence the electors." It is not at all likely that Hon. Mr. Smith or the Government party will take any notice of this offer, in fact this newspaper can see no reason why attention should be paid to it. The Government party or Hon. Mr. Smith has not resorted to the use of money or liquor to conduct elections and it is nothing more than a piece of impertinence

that a party numbering among its leaders such men as F. B. Carvell and E. S. Carter should now seek an agreement to put into effect what has always been a Government party practice. If the opposition party has any fear that Government workers will resort to the use of money, liquor or dishonest returning officers to secure the election of Hon. Mr. Smith and his colleague they have the opportunity to prevent such operations. Mr. Smith himself has always conducted his elections without the use of either money or rum and he will do so in the present case. But the idea of a bargain is nothing more than a piece of impertinence. A decent citizen who observes the law does not bargain with a law-breaker, he puts the officers of the law on his trail. That is the procedure the Government party will probably adopt in the present election and in which they will have the support of all good citizens who believe in honesty and the fair deal. The Government party has always run clean elections and there is no disposition now to change that practice. The opposition candidates know this and their offer is simply a cheap effort to attract to them and their party some favorable attention—but the effort will fail. The Government party will run a clean election and will see to it that the opposition do the same. The idea of an agreement in such a case is not only unnecessary but impertinent.

COMMENDABLE WORK.

Canadians will agree that there is nothing too good for the soldier, for the man who voluntarily leaves his family, sunder his commercial relations, gives up his social pleasures, and does the King's uniform to go overseas, and face death or injury for the sake of his country and his home. This is shown to the soldier not only at the time of leaving this country but in greater measure after his return. Consequently there is nothing but commendation for the splendid work the Canadian Government is doing to give tangible expression to that sentiment. In no way is this being accomplished in more practical fashion than by the Returned Soldiers' Commission in the different provinces and the Military Hospitals Commission, with its various branches.

It is the function of the Military Hospitals Commission to see to it that the young Canadian who has been wounded in the Empire war, has the best of opportunities to progress to health and vigor. Pleasant homes are provided for him where he is made the subject of the tenderest care and attention. If able to return to his former employment he is assisted in every possible way to that end, but if it has been his misfortune to suffer injuries that make it impossible for him to resume his former work he is given training in lines for which he is still fitted. This portion of the work is undertaken by the vocational branch of the Commission, the able secretary of which is Mr. T. H. Kidner, who, yesterday, delighted St. John audiences with the recital of that organization's achievements.

The Returned Soldiers' Commission also has its sphere of usefulness and a very large and important sphere it is. Representatives of the Commission take the soldiers in hand as soon as they arrive in Canada and procure employment for them. In as many cases as possible private firms in each community are asked to find suitable light work for the returned heroes and it is gratifying to find that in this city the business men have shown a splendid willingness to comply with the request. But public positions in the service of the country are also held open for the war veterans and already a number of appointments to that service have been made in St. John and vicinity. There is absolutely no question of politics in the matter. Every soldier has the same opportunity to procure the position for which he is best fitted but, of course, it is recognized that what are popularly known as "government jobs" cannot be found for all as speedily as they ask for them. So far, however, there has been very little or no dissatisfaction.

All branches of the great work of caring for the returned soldiers are entitled to the heartiest support and

co-operation on the part of the citizens. The Canadian Government are also to be commended, first, for their prompt recognition of the fact that the national debt to the soldier is not liquidated by his pension and, second, for the practical plans they are putting into effect to look after the welfare of the men who when duty called were not found lacking. It is a noble work and well performed. If the Government of Canada had done nothing else to commend itself to the people its care for the welfare of Canada's soldier boys should forever stand to its credit as a monument of commendable achievement.

PROVINCE HAS DONE WELL IN RECRUITING

Little Benny's Note Book

Sam Crawes showed me a trick today, saying, Hey, Benny, if you leave me punch you as hard as I want to I'll leave you punch me as hard as you want to.
Not in the face, I sed.
No, on the arm, sed Sam. Me being a better fiter than wat he is, and I sed, All right, go ahead.
Just hold your arm loose, sed Sam. Wich I did, and he gave me a punch rite in the mussel with his suckles, making my arm feel as if it were paralized.
Hay, hay, I sed.
Wats the matter, now go ahead and hit me: sed Sam.
How can I, I cant hardly move my arm, I sed. And I tried to hit him and he didnt hardly feel it. Then he showed me how to do it by hitting a persins mussel with your nuckles in a serten plase, and just then Reddy Merfy started to come up the street, and I thawt, G, heers a fine chance to get a good shoot at Reddy. And he came up and I sed, Hay, Reddy, if you leme hit you on the arm I'll let you hit me.
Surs, thats a slintch, sed Reddy.
Hold your arm loose, I sed.
Its loose, sed Reddy. And I hit it in the rite plase with my nuckles, and Reddy sed, Owtch, and started to rub it.
Hee, hee, I sed, laffin, now you hit me.
You bet your weest life I will, sed Reddy. And he dubbled up his uther arm and gave me sutch a farse crack I can feel it yet. Me forgetting all about he was left handed. Proving a good trick is only a good trick if it works.

NO MILK EXCEPT AT THEIR TERMS FARMERS SAY

L. C. Prime Offers 40 Cents per Can if Guaranteed 75 per cent. of the Supply to St. John from Kings Co.

Special to The Standard. Sussex, Aug. 31.—A largely attended meeting of Kings county farmers who ship milk to St. John was held in the Medley Memorial Hall this evening. F. E. Sharp of Midland in the chair. L. C. Prime, of St. John, was present and made an offer to pay 40 cents per can for milk if he was guaranteed 75 per cent. of all the milk shipped to St. John from Kings county. The executive was appointed a committee to canvass the farmers at different stations along the line and see if the percentage asked by Mr. Prime could be obtained and report back to a meeting to be held at an early date. It was decided in the meantime that the farmers would not ship any milk unless their terms were complied with.

SAYS THERE WILL BE NO SHORTAGE OF MILK.

T. E. Robinson of The Standard Creamery, states that as far as his business is concerned there will be no milk famine in St. John. He has been able to make contracts for a year with milk producers for his full requirements, and will continue to supply all his customers at the old rate. Because of this he takes exception to Mr. Prime's statement that the Primecrest Farm is the only one able to guarantee delivery of eight cent milk after September 1st. The majority of milk dealers in the city were notified some time ago by the farmers of the new price which would come into effect today, and yesterday morning the notice was repeated on the cans sent in. Yesterday's shipment was the last under the old arrangement unless the dealers stick together and refuse the increase. If this is done there will be no milk received today at the former rate.

COUNTY COURT CASES

Four Sent to Penitentiary Yesterday—Court Adjourns

In the County Court yesterday morning Judge Armstrong imposed sentences on several prisoners, who were convicted during the August sitting.

Joseph Carr, found guilty of wounding Policeman Armstrong, was sentenced to three years in Dorchester penitentiary.

Michael Cosgrove, convicted on a charge of escaping from the chain gang, was sentenced to two years in Dorchester.

Harry Ellis, found guilty of a serious charge, was sentenced to five years in Dorchester.

Fred O'Keefe, convicted on a charge of breaking and entering, was sentenced to two years in Dorchester.

The court was adjourned until Tuesday, September 5, to meet in chambers.

OBITUARY.

James H. Lake. A dispatch from Boston announces the death of James H. Lake, at the age of sixty, a prominent man for many years in insurance circles there. Mr. Lake passed away on Sunday last at Brookline, Mass.

The deceased had for a period of about twenty years been general agent in Boston of the Equitable Life Assurance Company. At one time he was president of the Boston Underwriters' Association. He was born at Rockville, Illinois.

Many merchants in St. John will remember the late Mr. Lake. At one time he was a member of the firm of Barbour Bros., wholesale grocers, South Water St., St. John. He settled in Boston about twenty-five years ago and became prominent in business circles. As a boy he resided for some years on the Belleisle, receiving his early education in that district. He was a charter member of the Union Club, St. John, and present members of that club and many others here will learn with sincere regret of his death.

Christopher Murray. Regret will be expressed by many old friends on learning of the death at Shanklin, Isle of Wight, England, on the 4th of August, of Christopher Murray, at one time a prominent and active citizen of St. John. He was a brother of George Murray and conducted a large grocery and provision store on King street, and was at one time alderman for Kings Ward. He was also active in Masonic circles, was a past master of Melton Lodge and identified with other branches of Masonry. Shortly after the fire he and his wife and his wife's sister, Miss Drury, left St. John and after residing for a time in the States, moved to the south of England. Mrs. Murray died some years ago, but Miss Drury, who has continued to act as Mr. Murray's housekeeper, survives. Mr. Murray was a native of Springhill, York county, and is survived by his brother George, in this city; a brother Thomas, in Fredericton, and a sister, Mrs. Geo. Stratton, at Springhill.

TRAGEDY AT OAK POINT

Russian Workman Killed in Blasting Operations on Valley Railway Right of Way.

A very sad accident occurred at Oak Point on Wednesday evening, when a Russian by the name of Sam Elene, in the employ of W. H. & M. Poupore, contractors, was killed.

The accident occurred following the blasting of stumps on the Valley Railway right of way about two miles above Oak Point. The alarm was given by the foreman, also a Russian. The man took refuge, as they usually do, but after the explosion, on their return to the work, a piece of deal or root which had struck a glancing blow on a cliff just above the work shot crosswise from the explosion and struck Elene above the ear fracturing his skull. He died in a few minutes.

Dr. Jenkins was summoned at once by Mr. Poupore, but nothing could be done. Coroner W. L. Belyea was notified, and after looking into the matter thoroughly did not find grounds for an inquest. He gave the body in charge of Undertaker H. V. Belyea. Burial took place yesterday afternoon at 3 o'clock in the Church of Emmanuel. Mr. Elene formerly lived in Siberia and was 35 years of age.

N. B. KENNEL CLUB ANNUAL BENCH SHOW

J. A. Meadows, Toronto, Chosen as Official Judge—Silver Cups and Special Prizes Offered.

At a meeting of the show committee of the New Brunswick Kennel Club, held last evening, J. A. Meadows, of Toronto, was selected as the official judge for the coming show, October 3, 4 and 5. Mr. Meadows is well known throughout Canada as a judge of all breeds, and has also officiated at several of the big shows in the States.

The committee on prizes has been working hard and exhibitors are assured of even a larger number of prizes than in former years. A silver cup will be offered for every breed, provided that not less than three dogs are entered, thus assuring competition in their respective classes. Variety and special classes will be provided for as usual in cups and other prizes, with the President's Cup heading the list for best dog in the show, any breed.

Local exhibitors in former years have competed in every class, but this year special inducements are offered to encourage local entries in the form of special additional prizes for local dogs only, such as for best local sporting dog (terriers barred), best local non-sporting dog, best local terrier, best local toy, etc.

PERSONAL.

Mrs. H. M. Barker of Westfield, and Mrs. McArthur of Malden, Mass., are the guests of Mr. and Mrs. W. H. Parker of 125 Sydney street.

Miss Mary Boyle has left for Southfield, N. B., on a two weeks' vacation to visit her cousin, Miss P. McCarron. Miss Alice M. Nugent and Miss Pearl Bannister of this city, have returned from St. Martins, where they spent a short vacation.

Rev. S. F. Poole and family arrived in the city last night. Rev. Mr. Poole will begin his duties as pastor of German street Baptist church on Sunday next.

Mrs. J. E. Donald, who has been visiting her parents, Mr. and Mrs. James Daley, left for her home in Montreal yesterday.

GOT DIARRHOEA FROM DRINKING BAD WATER.

Had To Give Up Work.

Mr. H. M. Ryckman, Port Rowan, Ont., writes: "Last year I was out in Saskatchewan. The water was very bad and I was taken with diarrhoea. In a few days I was in such bad shape I had to stop work. I got a bottle of Dr. Fowler's Extract of Wild Strawberry, and had only taken a few doses when it was stopped, and I was soon able to go back to work again."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past seventy years, and has had such great success in curing all bowel complaints that many firms have undertaken to provide a substitute for it, even going so far as to use a similar name. Do not be led into taking a substitute for "Dr. Fowler's" but insist on getting what you ask for. "Dr. Fowler's" is safe and sure, but by taking some of these rank substitutes you may endanger your life. "Dr. Fowler's Extract of Wild Strawberry" is manufactured only by The T. THE JOY OF MOTHERHOOD

Words of Encouragement to Childless Women.

Motherhood is woman's natural destiny, but many women are denied the happiness of children simply because of some curable derangement. Among the many triumphs of Lydia E. Pinkham's Vegetable Compound is its marvelous power to overcome such derangements, as evidenced by the following letter:—

Worcester, Mass.—"I suffered from female ills, and was advised to have an operation, but a friend who had taken Lydia E. Pinkham's Vegetable Compound and who has six children, told me to try it. It has helped me so much that I am now well and have a baby boy who is the picture of health, and I thank the Vegetable Compound for my restoration to health."

—Mrs. BERT GARVEY, 20 Harker St., Worcester, Mass.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.

Additional West Side Facilities.

Plans are now being prepared for a shed, 790 feet long and 80 feet wide, to be erected on Pier 16 and to be ready for this season's traffic. The contractors are working hard and do not anticipate any difficulty in finishing their work in plenty of time for the opening of the winter season. Plans are now about completed for the installation of the new fire alarm system in the West Side sheds, and it is expected that the work will be done in a short time. This work will cover sheds 1, 2, 3, 4, 5, 6, and will make it possible to tell just what shed a fire is in instead of having to run to the box to find out. It is understood that the government officials are investigating this system with the idea of using it in the government sheds as well.

THISTLES BEAT MAPLES IN A FIVE INNING GAME

Snappy Contest on St. Peter's Grounds Last Night—Score 1 to 0—Thistles and Shamrocks Tonight.

In a snappy game of baseball, featuring clever fielding, sensational catches and brainy base running, the Thistles defeated the Maples on St. Peter's grounds last evening, to the whites of 1 to 0. It was either team's game throughout the five innings. McGuire, the utility fielder for the Shamrocks, pulled off the neatest catch seen on St. Peter's grounds this season. He was forced to run into right garden to get under a fly ball; seeing that he was unable to get under, he made a leap for death, nipping the sure score in his gloved hand. For the winners Elliott occupied the hill and allowed but one hit, Harrington smashing the sphere for a three bagger. Garvin was on the receiving end until the fourth inning when he was replaced by Garnet. For the losers O'Connor did honors on the slab and allowed five hits. He was replaced by Hansen in the fifth. Harrington was backup for the losers and played his usual steady game. Had the league been formed into a three team league instead of a four, the Maples would have shown their spikes to both the Shamrocks and Thistles, judging by the brand of ball they are handing out now.

NATIONAL LEAGUE.

MATTY MCINTYRE KILLED.

Chicago, Aug. 31.—Andrew Hockins, who was killed when he fell or jumped from a hotel window here last Monday, was identified today as "Matty McIntyre," under which name he was a noted jockey. Not long ago he was ruled from the track at Hot Springs. A coroner's jury was unable to determine whether his death was due to accident or suicide. His father, Matthew Hockins of Hastings, Ont., is said to be on his way here.

MARKET FOR ANGLO-FRENCH BONDS IS SOUND

\$3,000,000 Worth Sold by One Banker without Market Price Varying Fraction of Point.

New York, Aug. 31.—As an indication of the inherent strength in the market for Anglo-French bonds, an officer of one of the largest national banks in this city today of having disposed of \$2,000,000 worth on one day for a customer without the market price of the security moving a fraction of a point. This same banker said he held recently for another customer \$1,000,000 worth of the American Foreign Securities Company's French government notes and that the offering caused no variation of the price. Of course in both cases the brokers did not offer to sell the entire block of bonds in bulk, but distributed the order into smaller denominations. The fact that the bonds were sold at the prevailing price serves to illustrate the sound market condition for these securities.

WONDERFUL PROSPERITY IN IRON AND PAPER

Clearing Up of Iron Pfd. Dividends Followed by Placing Price Brcs. on 6 p. c. Basis

Montreal, Aug. 31.—Yesterday the iron directors declared all back dividends on the preferred stock and today Price Bros was put on a 6 per cent basis, showing the wonderful prosperity the iron and paper business is enjoying today. There was a better feeling in the market due to the strength in New York, which was optimistic in regard to the strike. At the close, however, the latest news was not as cheerful as the earlier reports.

Steamships sold up to 3 1/4, a new high for this stock, and the preferred was in good demand at 3 3/4 to 3 1/2. Laurels was better at 1 1/2, and on light sales sold up to 1 1/2 3/4. There has been a good demand for this stock for some time. Clive was better at 7 1/4. Iron and Steel of Canada both active and firmer. It looks as if fluctuations would be erratic until we hear some definite news in regard to the strike.

FUNERALS.

The funeral of Miss Catherine T. Sullivan took place yesterday morning from her late residence, 110 St. James street, to St. John Baptist church, where high mass of requiem was celebrated by Rev. F. J. McMurphy. Interment was made in the old Catholic cemetery.

The funeral of George Wellington Cunningham took place yesterday from his late residence, 178 King St. east. Many citizens were present to pay their last respects. Services were conducted at the house by The Brethren and at the grave by Colonel Moulson. Members of the Knights of Pythias, New Brunswick Lodge, No. 1, and sister lodges walked in a body. Interment was made in Fernhill. The floral offerings were numerous and included a shield from the K. of P. and a wreath from the Fleming's foundry staff.

Acid Stomachs Are Dangerous

Nine Tenths of All Stomach Trouble Due to Acidity Says New York Physician.

A well-known New York physician who has made a special study of stomach and intestinal diseases recently made the startling statement that nearly all intestinal trouble as well as many diseases of the vital organs, are directly traceable to excessive stomach acidity commonly termed sour stomach or heartburn which not only irritates and inflames the delicate lining of the stomach but may often cause gastritis and dangerous stomach ulcers.

Neglect he says easily leads to a chronic super-acidity, commonly mistaken for indigestion and is the principal cause for the indiscriminate swallowing of the various so-called patent digestive aids which bring only temporary and false relief.

In an acid condition of the stomach artificial digestions whatever should be employed as these are likely to merely pass the sour, burning acid on into the intestines, causing serious trouble there. Instead he recommends the use of some simple, harmless and inexpensive antacid such as a teaspoonful of bicarbonate of soda, taken with a little hot or cold water right after meals or whenever distress is felt.

This simple remedy in just a few seconds from its entering the stomach neutralizes or sweetens all its sour acid contents. Dissolve the dangerous acidity and there will be no need for medicine as all symptoms of indigestion will promptly cease. Sufferers from acidity, sour stomach or indigestion should get a few ounces of the pure bicarbonate of soda from their druggist and give this treatment a trial. In view, however, of the many varieties of magnesia used for various purposes, stomach sufferers should be careful to get it only in the bicarbonate form (either powder or tablets) and in a sealed package to insure its purity.

Millinery Styles For Coming Season.

Now that the first exhibit hats for autumn has been effected, and the assurance gained that there is no diminution in style from the source of supply, those interested in millinery express relief. A roundup of the display at the various importers shows that the fertility of the French designers is not below the standard. New ideas there are in abundance (and these have been readily seized upon) as well as novel ways of combining those already old and familiar. One striking novelty is the method of using bandeaux of breast feathers as a background for metal ornaments of great variety, and for applique motifs that resemble flowers, birds, and flying insects.

Feather Fantasies.

All sorts of feather fantasies have attained new and wonderful chic, and are so well made that they withstand the most turbulent winds without deterring. Such birds as never flew have been made into trimming decorations, yet they have all the realism of the genuine songsters and answer all of the requirements of fashion. The fantasies most in evidence are made of peacock, masquerading under the name of "burnt ostrich," peacock tips dyed in all conceivable colors, or bleached to almost white, pheasant tails and breasts the same, and gours wonderfully imitated in the burnt-goose feathers. An especial favorite this season is the plumage of the guinea fowl, whose breast and wing feathers of black and white combine

ECHOES FROM THE POETS.

Requiem. Under the wide and starry sky Dig the grave and let me lie. Glad did I live and gladly die, And I laid me down with a will. This be the verse you grave for me: Here he lies where he longed to be; Home is the sailor, home from sea, And the hunter home from the hill. —Robert Louis Stevenson.

The summer fur is very acceptable on some of the chilly days, and has more excuse for its existence than it had in July.

Guinea Fowl Plumage. Whole turbans of the plumage of the guinea fowl, relieved with a feather bow at the front crown-top, show the efficiency of pasting as now developed, and crowns made of raven-breast feathers with a Pochontas flare of upstanding small quills at the top contribute the last new touch in feathered shapes, being given an air of especial chic by the addition of metal ornaments. Very stunning are the round crowns of pasted plumage made from Japanese pheasant, dyed in tints of blue and green, with the corbeil tail feathers sweeping away from the front, over the side of the brim, from a diminutive body and created head.

One thing strikes the observer positively, and that is the intention of imminent departure from the canopier type of hat, set down on the head (and still in wearing prominence) to accommodate the prevalent use of the bandeau. Most of those with turged high brims (close at front and back and wide over the ears) are set up on a bandeau, which not only adds to the height, but also gives a Tam o' Shanter suggestion quite in character with the present vogue, and its logical sequence.

The Way It Sounded to Him. Two girls were talking over the wire. Both were discussing what they should wear to the Christmas party. In the midst of this important conversation a masculine voice interrupted, asking humbly for a number. One of the girls became indignant and scornfully asked: "What line do you think you are on, anyhow?" "Well," said the man, "I'm not sure, but judging from what I have heard, I should say I was on a clothesline."

TODAY'S LITTLE JOKE. Preparedness. A fat little boy was playing in the park with one of his few friends. A third little fellow appeared in the distance. Said the little fat one to his companion: "If that boy hits me, will you hit him back?" "Why don't you hit him back yourself?" a bystander was astonished into asking. "Aw, 'cause I don't feel like it—see?" was the weary reply.

I was going to try the contest before this one, but being to late, I colored the picture this time, hoping I will win the prize. Well Uncle Dick, I suppose you have a busy time. We are done haying and have got five loads of oats in. There was a big fire here not long ago, burning a chopping. It was great fun watching it after night. I will close this time for want of news. Yours truly, Rowland Hawkes.

Calling on Uncle Dick. 293 King St. Dear Uncle Dick:— I am sending you in the picture colored. I colored the girl's dress to represent a muslin dress. I am home now from Ketepec, where I spent my holidays. Greta Wetmore is my cousin and her summer home is next to our place. We are coming to call on you. With love to all the kiddies belonging to the Corner. I remain your niece, Marion Waring.

Trying for Camera. Presque Isle. Dear Uncle Dick:— I read in The Standard of your contest of how to earn a camera, so I thought I would try, so I am sending two sentences you asked to make out of these letters. Yours truly, Cecil Fowler.

From New Member. Riverside, N. B. Dear Uncle Dick:— I am trying the contest, and have found quite a few words. I will write again soon. From your new member, Havelock R. Mitton.

About the House. Very handsome sash curtains can be made of a good quality of plain scrim in ecru. The lower edge is finished with a three inch hem headed with double hemstitching. The top consists of a wide insertion of crocheted lace made of two rows of small diamond-shaped medallions done in white and joined to each other and to the curtain by "spider webs." Crocheted rings fastened to the tip of the diamonds in the top row are for slipping the curtain rod through and should be fastened on at right angles to the lace. Another very effective arrangement is to allow the lace to extend into the curtain and cut away the goods underneath after button-holing securely. If one does not wish to crochet the lace it is possible to use the flat squares by joining with fancy stitches.

Who's Who and What's What in the Picture World and on the Stage--Favorites and What They Say and Do.

UNIQUE.

Out of The Ruins. Mary Pickford is a Biograph re-issue was the attraction at the Unique yesterday. The picture is called "The Old Actor." The other big picture was "Out of The Ruins," the story of a fire in a department store. This is a bad fire or a good one from a pictorial point of view. The managers of the store stand round and watch the flames—then produce a chemical fire extinguisher and wonder what they will do with it for a few moments. It prolongs the excitement and you want to tell them to send for some professional fire fighters quickly. Gladys Hulette and Pat O'Malley were the principals, but there are three couples who find happiness in the ruins.

And there was a funny comedy, "Otto the Tenth," a Lubin ridiculous picture with an underground home of two detectives who dealt in a mad mixture of 20th century police methods and 19th century magic. Things appeared just when they wanted them, like a telephone which grew out of a tree in a second. It is a very good picture to laugh at.

LYRIC. Nugget Bill's Partner. A play of the west featuring Anna Little and Frank Borzage was the feature at the Lyric yesterday. I got there too late to see the western drama but the rest of the programme was very good.

Vaudeville. There were two acts, one Simpson who recited and jumped into and over barrels with great skill and cleverness. The grand finale of this act is very funny. The second performer is "Goldie" Pemberton who sings and dances. She wore a charming pink satin gown with a handsome coat of deep rose brocade, the collars and cuffs edged with swansdown.

OPERA HOUSE. Silks and Satins. This is Marguerite Clark in a costume play and that is almost enough to tell you it is a pretty picture. The story is told in an original way and Miss Clark plays a modern maiden and then takes the part of an ancestor of hers who had to make a decision between love and obedience to a father's wishes. The silks and satins are introduced at the very first for we see "Felicite" in her wedding gown, presumably of satin. The time changes to a Felicite of a past generation in the land of France and here the silks and satins are worn by the ladies and the cavaliers alike. There are lovely

Grand Opening Chapter 'THE SECRET OF THE SUBMARINE'. Our New Serial Story. DO NOT MISS THIS OPENING EPISODE for the story-value of the new serial is far above the general run. It is a plausible yarn, not a nightmare. The novelty of submarines and how they are handled is interesting in itself. All the players are new to our folks—Mutual Co. stars who have not yet graced our curtain. The photography is superb and the mechanical surprises truly astounding. The escape from the sunken "sub" in today's chapter will cause you to think. No matter what your opinion re serial movies may be this one will please you. E. Around the City

Five Drunks Arrested.
 The total number of persons arrested by the police yesterday was five and all were ordinary drunks.

Ambulance Charges Quarters.
 The ambulance has been removed from Peel street to the rear of the Club's stables, 132-134 Charlotte street.

Railway Men To Halifax.
 W. R. McInnes, general traffic agent of the C. P. R., and V. G. R. Vickers, general manager of the Dominion Express Company, left the city last night in a private car attached to No. 10 for Halifax.

Retail Fish Market.
 There is still a scarcity of fish, but fresh haddock is on hand in larger quantities than of late; halibut brings 20c. per pound; cod, in moderate quantity, 8c. per pound; swordfish, 14c. per pound. A few mackerel are offering at from 15c. to 30c. each. The demand for fish has not been great during the past week.

A Linen Shower.
 A linen shower was tendered to Miss Ethel Lamb, at the home of her aunt, Mrs. F. Christopher, 68 Meeklenburg street, last night. A pleasant evening was spent by the party which numbered about twenty-five. Miss Lamb is to be one of the bridesmaids in a very interesting event to take place in September.

Return from Confirmation Tour.
 His Lordship Bishop LeBlanc and Rev. Miles P. Howland returned yesterday from the border towns. At St. Stephen's church, St. Stephen, on Wednesday morning, His Lordship administered the Sacrament of Confirmation to forty-four candidates and in the evening to twenty-two candidates at the Church of the Holy Rosary, St. Stephen.

Salt Water Bathing For Winter.
 It is understood that Commissioner Russell is considering the question of providing salt water bathing facilities for the winter season if he can make satisfactory arrangements. This would not doubt be a popular move as there are a great many bathers in the city who would appreciate the privilege of a salt water dip the year round. He has been looking into the matter and hopes to be able to make some definite statement on the subject soon.

45th Anniversary.
 Between forty and fifty of the friends of Mr. and Mrs. William Young journeyed to their summer residence at Epworth Park, on Wednesday evening, and tendered congratulations on their having reached the forty-fifth anniversary of their wedding. Rev. Nell McLaughlin presented Mrs. Young with a brooch and pair of earrings and Mr. Young with a gold mounted silk umbrella. His Worship Mayor Hayes also made a few remarks and extended the good wishes of those present.

Capt. McLean Coming Home.
 Word has been received by Col. Guthrie, officer commanding the New Brunswick Militia, that the transfer of Captain Hugh Havelock McLean, son of Brigadier-General H. H. McLean, to the 236th, had been approved. Captain McLean will shortly return to Canada to take up his duties and it is understood that he is slated to become adjutant of the Battalion with the rank of major. Captain McLean is a capable and well qualified officer and has been overseas for some time.

Seaman Falls Over Wharf.
 Frank Janks, an able bodied seaman on a vessel lying at Starrs wharf, had the misfortune last night while attempting to go aboard, to fall overboard between the vessel and the wharf. The accident occurred about ten o'clock. He was rescued by his fellow shipmen, who were somewhat hampered in rescuing him on account of darkness. He is now in the General Public Hospital, where it was found necessary to put some stitches in his head. Besides this the unfortunate man received a general shaking up and contusions. His home is at Port Land, Maine.

WHAT CAN OUR GOVERNMENT DO FOR RETURNED SOLDIERS

T. B. Kidner, Vocational Secretary of Military Hospitals Commission, Told St. John Audiences Yesterday of the Progress of This Work.

T. B. Kidner, vocational secretary of the Military Hospitals Commission, spent yesterday in the city. In the morning he inspected the Parks Convalescent Home; at noon hour he was the guest of the Men's and Women's Canadian Clubs at luncheon at Bond's, and in the evening he addressed a meeting of returned soldiers in their hall, Charlotte street.

His Worship Mayor Hayes presided at the luncheon at Bond's and the guests in addition to Mr. Kidner were Dr. Thomas Walker, chairman of the Returned Soldiers' Hospital Commission; S. Herbert Mayes, chairman of the Returned Soldiers' Reception Committee, and Charles Robinson, secretary of the Returned Soldiers' Commission. After the excellent luncheon had been disposed of His Worship in a few well chosen remarks introduced the speaker of the occasion.

Mr. Kidner, on rising to speak, mentioned the fact that Canada is the first of the warring nations to undertake in an organized manner the vocational training for the returned soldiers. France has done much and England something but we are proud of being the best organized. "At a meeting held in a western city, 3,000 miles away, I told those assembled of the cordial welcome given our returning soldiers at St. John, N. B., and the people at that meeting applauded heartily."

Mr. Kidner then gave a short history of the hospital commission and told of its work of how they find out from the men what they wish to do or as far as possible give them a position in their old trade or an allied trade. Sometimes a man can do head work in a trade where he once did hand work. The technical and agricultural institutions so far existing are used as far as possible and all have offered their services. There are 24 regular convalescent homes now from Sydney to Victoria. Special institutions have been built for those suffering from shell shock and they nearly all recover. Many take up the work of making artificial limbs, particularly those who are disabled this way themselves. There are many ambitious ones who would like to study professions and a general education is largely sought after. One man said he was far better off than he had been for he was taught a commercial course and so obtained a far better position than he could before the war.

St. John was the first city to take up vocational training, even before the hospital commission started it, and it is due to the efforts of the ladies who assist at the Parks Convalescent Home that it was started here.

HOW ACTION OF ROUMANIA HAS HELPED RUSSIAN BONDS

J. M. Robinson Tells Interesting Story of Sale of Russian Securities to Local Investors—Roumania Sends Wheat Down and Roubles Up.

A Standard representative interviewed J. M. Robinson yesterday on the effect which the entrance of Roumania in the war had had on the stock market, particularly on wheat and Russian government bonds. Mr. Robinson said that Russia with her population of over 170,000,000 souls raised more wheat than the United States, and now that the action of Roumania in entering the war on the side of the Allies promised a speedy defeat of the Turks, and the opening of the Dardanelles, thus giving an opportunity for the export of Russian wheat crop, the price had declined and was now about 12 cents per bushel less on late options than it was before the declaration of war.

On the other hand Russian bonds had increased \$25 per thousand roubles or about 2 1/2 cents per rouble since the declaration of war by Roumania. Russia had been a large importing nation and the exchange was against her. The rouble, which on the declaration of war in 1914 averaged about 5 1/2 cents, had at one time dropped as low as 27-28 cents, but had gradually risen to 31 cents, and since the entrance of Roumania had risen to 32 1/2-33 cents. Mr. Robinson said that the great reason why his firm had taken such a keen interest in Russian securities was that in their opinion the Russian empire had greater potential values than any other country in the world. In 1910 the national income was \$8,978,000,000 and the total national wealth was \$57,640,886,000. The per capita wealth in 1895 was \$207, in 1915, it had risen to \$321. The debt per capita before the war was \$28.25, on the first of July, 1915, it was \$82.23. In 1895 the per capita income was \$46.20, in 1915 it had increased to \$50.00. Russia with one-sixth of the land surface of the globe and Canada were the two countries which would be developed after the war as they were practically the only ones which had any great amount of undeveloped land. Russia was rich in both natural and mineral resources and there was no question but that capital would flow into that country seeking a profitable investment. This was the opinion of the financial world and Mr. Robinson said that he was satisfied

that neither Russia nor Canada would meet with any difficulty in obtaining all the capital required to develop their natural resources. He said that Russia today without any wheat or other methods of farming was raising more wheat than the United States, and when modern methods were introduced as they would be after the war she could grow a practically unlimited amount of wheat in addition to other crops. These, he said, were a few of the reasons why they considered Russian bonds a good investment for their customers.

M. R. A.'S ON SATURDAY EVENINGS

Children's Cotton School Dresses.

After the rough and tumble scramble in the country during the holiday months many children will need new dresses, and P. A. Dykeman & Co. need the room that a lot of dresses are taking up on a table in their show room. They will be glad to clear these dresses out at half their regular prices and that is why they are selling a lot of \$1.00 dresses at 49 cents, a lot of \$1.50 dresses at 75 cents, and a lot of \$2.50 dresses at \$1.25.

The Late R. G. Murray.

At a meeting of the Burialists' Society at noon, yesterday, P. R. Taylor, K.C., presiding, a resolution of condolence touching the death of the late R. G. Murray was adopted on motion of S. A. M. Shimmer, seconded by Stephen W. Palmer. The late Mr. Murray, whose death occurred at St. Agathe, Quebec, was held in high esteem by his fellow members of the bar, and held a prominent place in their ranks. The members will attend the funeral today and will meet at Centenary Church for that purpose.

THREE MEN SIGNED ON YESTERDAY

Recruiting took on New Life—General Military Notes of Interest.

HONOR ROLL.

George D. Waldon, Boundary Creek, 236th Battalion.
 Leonard S. Fairweather, St. John, N. B.
 Harry Archer, Fairville, N. B.

Recruiting took on new life in the city yesterday; three men signed their willingness to join their comrades-in-arms by signing the roll of honor at the German street recruiting room.

Upon the arrival of Lieut. Colonel Guthrie at headquarters yesterday he was interviewed by Major L. P. D. Tilley, chief recruiting officer for the province, concerning the complaints which have been made by the returned soldiers who are recruiting in New Brunswick that they had not been paid for some time. Lieut. Col. Guthrie informed Major Tilley that their pay was being delayed pending further information which headquarters at Halifax will be forwarded.

The returned soldiers employed in recruiting in St. John have been attended to by Major Tilley. Many of the men employed in this needful work are still under the care of the physicians, and as their hours are long, sometimes being on duty sixteen hours a day, the public will be glad to know that this matter has been settled to the satisfaction of all concerned.

Special Call.

The chief recruiting officer today will issue a special call to the stewards of the North Shore to come to the aid of the 132nd Battalion, which is in need of one hundred men to save it from being broken up. It is hoped that this battalion which only requires another hundred, will not lose its identity.

The 132nd Battalion is in command of Lieut. Colonel George Marsereau and is at present at Valcartier.

Sir Sam's Own.

The day for the opening of New Brunswick's novel recruiting campaign drawing near. Preparations for the month of August are being completed in the different counties. Saturday Major C. B. Morgan will leave for Hillsboro, Albert county, where he, in company with F. M. Thompson, district recruiting officer for that community, will select a mountain peak for the erection of a trestle.

MILITARY NOTES.

Mrs. Geary, who lives corner of German and Lancaster streets, West St. John, yesterday received word that her husband, Mr. Wm. Geary, a member of the 55th Battalion, not heard from since June 2, had been killed in action and buried at Ypres.

Sergeant J. B. Hansen, who recently returned from the front on furlough, is now a member of the 236th Battalion, his transfer having been approved.

Official word was received in the city from Ottawa that Private Leslie R. Kaine, of the 60th Battalion, was wounded by shrapnel shell on the 20th of this month, and is now in the 13th General Hospital, France. Private Kaine enlisted in the 55th Battalion, but was later transferred to the 60th.

Private W. H. Golden of the Fighting 26th, who was wounded on January 7 while fighting in Flanders, is again in the hospital. Before enlisting he was a brick layer with P. J. Mooney & Sons. His wife and three children reside at 79 Brunswick street.

IMPERIAL SPRINGS SURPRISES TODAY.

The first of the Imperial Theatre's athletic pictures are in today's programme with Mike Gibbons, champion middleweight boxer; Dr. Roller vs. Dalkus, the Lithuanian Giant, in a finish wrestling bout, and Koji Yamada vs. Albert Cutler in championship billiards. Real and exclusive sporting pictures, same as you read about in the newspapers, "The Secret of the Submarine," new serial story, starts today, too. The big five-reeler is Kathryn Williams and Guy Oliver in a wild animal drama, "Into the Primrose," introducing Selig's world-famous menagerie in full!
