## YOUNG TORNADO VISITS THE COUNTY

Barns and Trees Demolished and  
Lighting Causes 6000 Dollar  
Fire

As the culmination of a week of  
torrid weather a healthy young  
tornado came down from the  
north-west on Saturday evening  
and made things lively for a few  
minutes. The wind was one of  
the most terrific that has ever  
swept over this section, but the  
rain which fell was not great.  
Lightning was exceptionally  
vivid and it caused severe  
damage at Windsor, where  
Stephen Orser, Jr., lost his whole  
outfit of buildings and about all  
his worldly possessions, except  
about 500 acres of fine land that  
even lightning cannot ignite.  
Lightning struck one of the barns  
and fire burst out immediately.  
Fanned by the furious gale, it  
was as soon as that the whole  
stand of buildings were doomed.  
These included a large and well  
furnished house, woodshed con-  
taining cords of fine hard wood,  
cows, horses and contents, machi-  
nery shed and a large outfit  
of modern farm machinery  
necessary to farming on a large  
scale, and including complete  
threshing and wood cutting out-  
fit, binders, etc., hog-house, hen-  
house, calf pen, granary with all  
their contents, together, of course,  
with the barn, where the fire  
started. A load of hay that was  
on the wagon went with the  
rest.

Mr. Orser was nearly when  
the disastrous bolt fell and  
immediately sought the refuge  
of his horse, which he success-  
fully accomplished, but risking  
his life in the endeavor. Practi-  
cally all the contents of the house  
were destroyed, so rapid was the  
fire, and so confusing the condi-  
tions occasioned by so sudden a  
change of lightning, fire, wind  
and rain. It was soon over, and  
what at sundown had been one of  
the most prosperous and peaceful  
farm houses in the county, was a  
disheartening pile of smoldering  
ruins before darkness shut out  
the discouraging prospect. The  
loss was estimated at fully \$6000  
and there was insurance of only  
\$1000. Mr. Orser had only his  
wife and daughter at home; his  
only son has long been serving at  
the front. Much sympathy is  
felt for the loss of so much valua-  
ble property, but he says, "It  
might have been worse; I had  
only commenced haying. If the  
disaster had occurred two weeks  
later I should have lost, perhaps,  
a thousand dollars more."

At Somerville the wind blew  
down a 90 foot barn on the  
Joseph McGee farm, now owned

G. B. Nixon, and also a barn on  
Cl. E. Barnett's farm. Many  
trees in different localities were  
uprooted or broken down.

Government statistics in Canada  
show that of all buildings fired  
by lightning 97% are unrodded  
buildings. H. N. Boyer will instal  
a complete system of Dodd &  
Struthers famous rods at mini-  
mum cost to you. See him at  
once. Your buildings may be the  
next to go.

## IS ATTACKED WITH CLUBS

Officers Have Exciting Experience  
Near Andover, and Father,  
Mother and Son Are All in  
Jail as Result

Military officials had some ex-  
citing experiences in rounding up  
deserters near Andover. Major  
Gordon Johnston, Lieutenant  
McKendrick and Constable Cr-  
ford visited the residence of a  
man named Ayer. After a time  
the man opened the door and  
when asked the whereabouts of his  
son replied that he was in Fort  
Fairfield. About this time the  
youth was seen running from the  
house and the officers started in  
pursuit. The father of the young  
man, armed with a heavy club, it  
is alleged made a savage blow at  
Major Johnston, hitting him on  
the shoulder and injuring him  
quite badly. It would have been  
very serious if the blow had  
reached his head. The mother  
and son were arrested and the  
father got away. They were  
placed in jail and the woman re-  
leased later on bail. During the  
night the man returned and was  
caught by the officers, who were  
watching for him.

During the trip up river Major  
Johnston rounded up twenty-two  
deserters.

## TWENTY LASHES AND TWO YEARS

Roy Garrison, Too Well Known  
Here Gets Stiff Sentence

Roy Garrison "Mullin" or  
"Gosline" was tried for indecent  
assault under the Speedy trial  
act before Judge Carleton, at  
Andover. He was found guilty  
and given two years in the peni-  
tentiary and twenty lashes. This  
is the young man who is charged  
with having committed a series  
of crimes, including horse steal-  
ing and forgery in a space of  
three days. The attorney-general  
has been notified of the other  
charges against the prisoner who  
will have to face them at the  
expiration of his sentence.

## ANNOUNCEMENT

We wish to announce to the people of Bristol and  
vicinity that we have decided to go out of business at  
Bristol and we must dispose of our entire stock, consist-  
ing of Clothing, Furnishings, Footwear, Groceries and  
Fixtures. Therefore we will start a

## THE OBSERVER IS NOW SETTLED

In Its New Home, and Boasts of  
a New Press

Since early in May The Obser-  
ver has been having its own  
troubles, and such troubles as its  
readers can know only if they  
undertake to move a fully equip-  
ped newspaper and general print-  
ing plant without seriously de-  
laying the ordinary work of the  
office. But it has at last been  
accomplished and this week the  
manager is "at home" to callers  
at the new office on Main street,  
near the bridge. The direct need  
for making the change of location  
was that the business had out-  
grown the proportions of the  
building it had occupied for  
eight years, and it was impossible  
to handle the increasing business  
profitably in limits so circumscrib-  
ed. The installation of a new  
newspaper and book press was  
imperative, and the machine the  
manager had his heart set upon  
could not have been erected in  
the old building. Therefore, solely  
to secure more working space,  
the change of the location was  
decided upon.

The new location may not be  
the best in town. In some res-  
pects it is not so well situated as  
before, but taking it "by and  
large" it is more satisfactory.  
The building now occupied has  
been remodelled with a view to  
both improving its appearance  
and its internal lay-out. The  
public may judge the outside by  
its appearance. The inside is  
laid out not for beauty, but in the  
way that will save the greatest  
amount of labor and time in the  
production of the newspaper and  
the increasing volume of print-  
ing that comes to hand.

The Observer now possesses  
one of the most complete plants  
in the maritime provinces and  
very far in excess of purely local  
needs. It can successfully meet  
competition from any quarter, for  
it has all the latest in labor-sav-  
ing devices and considerably lower  
overhead and maintenance  
costs than a similar plant in  
a city would be under.

There is but one larger flat-bed  
cylinder press in the province.  
The layman may not understand  
but other printers will know that  
we have installed an ideal ma-  
chine, a Whitlock Two Revolu-  
tion press with full equipment.  
This includes four four-inch form  
rollers each pair surmounted by  
a geared steel vibrator; four dis-  
tributing rollers with steel riders;  
rear tapeless delivery (there is not  
a tape on the press) back-up and  
impression trip; air springs, eli-  
ter and counter. The speed limit  
of the press is 2000 an hour and it  
is capable of turning out not only  
newspaper work, but was espe-  
cially constructed for the finest  
book, catalogue and magazine  
work, and especially when half-  
tone engravings are used. Of this  
latter class of work The Observer  
has seen hitherto not overburden-  
ed, but the manager will welcome  
an opportunity to demonstrate  
that his plant can produce the  
goods.

When this press arrived in  
Hartland it was in appearance a  
hopeless pile of junk filling a box  
car. Ordinarily an erector is  
sent from the factory to install  
such a machine, but war condi-  
tions made this practically im-  
possible except at enormous  
cost. The manager claims a  
knowledge of things pertaining to  
his business—the knowledge that  
thirty years devotion to one  
study can give a person gifted  
with ordinary sense—and under-  
took the erection of the press  
with whatever help could be  
found in the village. The service  
rendered by T. A. Craig of the  
office staff is worth going on the  
records. Otherwise the help em-  
ployed was negligible except when  
the need came for heavy lifts—  
for, while there were hundreds of  
small and intricate parts to as-  
semble, there were a number of  
castings each of which weighed

(Continued on last page)

Centreville Affairs

The big electric storm which visited the vicinity on Tuesday did little local damage. A few miles to the north and west however it seemed to gather special energy and several places were struck. Some hail accompanied the shower also did material damage to some of the grain crops.

The farmers are making the most of what sunshine we get these days in gathering their hay crops. The hay, though fairly plentiful and of very good quality, isn't nearly as heavy a crop as was predicted in the early summer. Grains of all sorts and potatoes are looking very well and promise a bountiful crop of each commodity. If the prices are only right, Easy Street will have to be extended.

Miss Annie Anderson left for her home in St. John on Thursday.

Miss Jean Flewelling of St. Stephen has been spending a week with relatives.

Rev. J. E. Flewelling of Centreville took the service in the Episcopal church here on Sunday evening. The pastor's many friends here are glad to find him so hale and hearty after his forty years in the ministry.

The Methodist services on Sunday were conducted by Rev. W. J. Hurlow of Tracy Mills in exchange with the pastor, Rev. J. B. Champion.

The congregation of the U. B. church listened to a sermon by Rev. W. B. Crowell, pastor of the Bridgewater churches. Rev. S. Johnson supplied for him on the same date.

Miss Irene and Sarah Henderson returned to their homes in St. John on Monday after a pleasant fortnight in town. Their hosts, Misses Faye and Daisy Eurt, gave a delightful picnic and auto ride for their pleasure to several friends on Sunday afternoon.

Mr. and Mrs. Chas. Reid of Lynn, Mass., and Mr. and Mrs. Ernest Reid of Providence, R. I., are visiting their parents, Mr. and Mrs. William Reid.

Miss Ebbett is the guest of her sister, Mrs. Lee Nicholson.

The members of the local Red Cross enjoyed a pleasant motor ride and picnic to Goods' Corner on Thursday afternoon.

Roland O'Hara has returned to Sussex after a pleasant visit with his parents here.

Mrs. Bessie Campbell and daughter Marguerite and Miss Bertie West spent last week with friends in Presque Isle.

Jack Lee and family left on Monday for Shediac, making the trip by automobile.

Murray White of Nelson, B. C., arrived home last week for a visit.

Don Scholey of Mars Hill is spending his vacation in town at the home of his parents.

Miss Thelma Scott is visiting her grandparents, Mr. and Mrs. Wm. Wiggins.

Miss Marion White of the St. John City Hospital Staff is visiting her mother, Mrs. G. L. White.

Miss Bernice Mallory of Jacktown was the guest of Miss Route Long last week.

Moving pictures will be run in the Opera House, twice a week, on Wednesdays and on Saturday evenings.

Alice Niles left for Stanley on Monday where she will be the guest of her aunt, Mrs. John Humble.

Sterling Flewelling and wife of Carleton and Charlie Flewelling of Mars Hill spent Sunday in town.

Every 10c Packet of  
**WILSON'S FLY PADS**  
WILL KILL MORE FLIES THAN  
\$8.00 WORTH OF ANY  
STICKY FLY CATCHER

Clean to handle. Sold by all Drug-  
gists, Grocers and General Stores.

**Supple at Sixty**  
Age and ripe experience mean happiness and usefulness when mental and bodily powers are preserved by keeping rich blood in the veins.

Nature's rare enrichment in Scott's Emulsion creates rich blood, warms the body and alleviates rheumatic tendencies. Its oil-food imparts strength to both body and brain.

It is Nourishment—not Stimulant.

WHISKY WAS MADE  
NEAR GRAND FALLS

Liquor Inspector is Active—Damage by Lightning

Friends of Mrs. C. A. Estey are glad to hear that she is progressing favorably after undergoing an operation in Woodstock hospital last week.

A fine baby boy arrived at the home of Mr. and Mrs. H. S. Rideout on July 25th.

M. L. Hayward of Hartland was in town a day or two last week.

Mr. and Mrs. Wm. Hay of Orono, Maine, are the guests of Mrs. Hay's parents, Mr. and Mrs. Jesse Estabrook, for a few days.

During the heavy thunder storm Saturday night, Paul Jovin's barn four miles north of Grand Falls, was struck by lightning and burned to the ground.

Miss Mary Craig of Debec is the guest of Mrs. J. G. Kirkpatrick.

Matthew Burgess went to St. John Monday on a business trip.

Misses Dorothy and Evelyn Kirkpatrick of Debec are guests of Dr. and Mrs. C. A. Kirkpatrick.

Phyllis McLaughlin has returned home after a two weeks' vacation.

Quite an electrical storm passed over the town Saturday evening. A barn and quite a number of houses were struck and burned to the ground about five miles from town.

There was quite a commotion in town yesterday when Allan McLaughlin, inspector, brought in a distillery which he located up along a small stream quite a distance from town. He also produced some of the liquor that had been made.

Aaron Lawson, barrister from Edmundston, was again in town Friday helping Inspector McLaughlin with his liquor cases. There has been quite a number of fines imposed within the last two weeks, one for vendor illegally selling, one for having liquor in possession and one for pocket-peddling, and quite a few others.

Mr. McLaughlin has met with quite a few difficulties trying to enforce Prohibition here but just at present things look a little brighter.

Miss Marion White who has been spending a month at Moore's Mills returned home Tuesday.

Wilfred Bradley is visiting in Port Fairfield this week.

Lawrence Sullivan went to Sussex Tuesday to report for military service.

Miss Gretchen White returned from a visit in Centreville on Tuesday; her cousin Miss Ruby White came up with her for a few weeks visit.

Miss Mary Murray came home Tuesday from a week's visit at Aroostook Jet.

Mrs. George McMillan and Master Herman McMillan returned this week from a two week visit in Old Orchard, Portland, and Bowdoinham.

Mrs. J. C. Carruthers have had a piazza built on their house which adds much to their comfort these hot days.

The severe electric storms did considerable damage in this section last week.

Mrs. Danforth and Mrs. Turner who have been visiting Mrs. Carruthers went to their homes in Cambridge Mass. Tuesday.

ANDOVER LOCALS

Vanglin Trafford of Florenceville spent a day or two of last week with friends in Andover.

Howard Porter of St. John spent the week-end in town with Mr. and Mrs. Joseph B. Porter.

Miss Helen Caldwell of Houlton is the guest of Miss Gertrude Tibbitts.

Mrs. Charles Rolfe and two children are visiting Mrs. Rolfe's sister, Miss Margaret Turner.

Miss Myrtle Crawford of St. John is spending a week or two

Death of Highly Esteemed Andover Resident

Charles Everett, one of Andover's most respected residents, passed away Friday night after a short illness of pneumonia. A large number of friends regret to hear of the death of a man of such sterling qualities as Mr. Everett—kind, cheerful and always willing to help friend or neighbor, he will be missed by many. In his family his passing away has left a vacancy that can never be filled. His age was 78 years; he leaves to mourn a wife, three daughters, Mrs. Sarah Golding of Presque Isle, Mrs. George Brooks of Gladway and Mrs. Alice Mitchell of Vancouver; three sons, Andy of Iowa, Richard of Connecticut, and Charles of Vermont and a brother, George Everett, who reside at Kilburn; also a large connection of other relatives. The funeral service was held Sunday afternoon and the procession was one of the largest in Andover for years. Showing to a degree the high esteem in which he was held by relatives, friends and neighbors, interment was in the Methodist cemetery and the service was conducted by Rev. Charles Flemmington, assisted by R. W. Domingus. Those bearing the pall were H. A. Murphy, F. M. Howard, W. A. Gillett and H. H. Hetherington.

Jacksonville News

Jacksonville lost one of its most popular young ladies when Miss Mildred Hennah became the bride of Archie Wilson of Lindsay.

The Misses Wilhelmina and Edna Hayward are spending their vacation with their mother, Mrs. Frank Hayward.

The Misses Doris and Lois Brasser of Lewiston are visiting friends in this place.

Mrs. Henry Briggs is quite ill.

Mrs. E. Harrison is the guest of Mrs. Samuel Harper.

Many of the women in this place are helping with the haying which shows a scarcity of help.

Riverside Camp Meeting

The fifteenth Annual Camp Meeting will be held at Riverside Camp Ground, Robinson, Maine.

Aug. 2-12

Evangelist T. C. Henderson of Columbus, Ohio, will preach twice daily.

MR. FARMER

I will sell you the best

The New Clark Building

# Sheep on Every Hill Side in New Brunswick

The New Brunswick Government through the Department of Agriculture has arranged with the Chartered Banks to help the Farmers—where assistance is needed—to buy Sheep.

The Department will not only arrange to buy Sheep FOR the Farmers, but will also buy good breeders FROM the Farmers—in other words, this branch of the Agricultural Department WILL SUPERVISE ALL PURCHASES AND SALES OF SHEEP.

IF A FARMER NEEDS CREDIT TO BUY SHEEP he should consult his local banker who has the necessary forms.

If you cannot buy sheep in your locality, inform the nearest banker who will notify the Agricultural Department, or, better still, notify the Department yourself and so how many Sheep you want.

## KEEP YOUR EWE LAMBS

Every Ewe Lamb, Weighing 80 pounds and over and of reasonable quality, should be retained by farmers for breeding purposes. Sell the males and the inferior females for butcher purposes. If you have more ewe lambs than required, induce your neighbor to purchase.

## THE VALUE OF WOOL

Unwashed wool of the best quality brought 80 cents a pound this spring, or about \$5.00 a fleece.

## SIXTY MILLION SHEEP

Have been lost in Europe since the war started. Wool in enormous quantities is now required to clothe the returned men in civilian dress. Prices will likely be high for ten years.

New Brunswick has the pasture, hay, roots and a climate suited to sheep. Every farmer should consider investing in a small flock as a foundation. The first year will give approximately \$4.00 worth of wool per sheep, the sheep will cost about \$15.00. Is it not a good business proposition?

If you cannot purchase locally, place your order with your banker. Orders will be filled, if possible, in the order filed at this office through the banks.

For further information apply to

J. F. TWEEDALE,  
Minister of Agriculture

See T. B. Thistle about the New Spring Suit. New Samples are now in and you will make a mistake if you buy before seeing them and getting the prices.

Sentinel Building, Woodstock, N. B.

## NEW BRUNSWICK ROAD CONDITIONS

In the latest bulletin of the Bangor Automobile Association, just issued, the following paragraph is published:

Though slightly affected by recent heavy rains, every main trunk highway from the border at Calais to the border of Nova Scotia, including the highways to St. Andrews, Fredericton, Woodstock and Grand Falls and also from Moncton to Campbellton is in good condition. One fine warm day will dry up most, if not all, of the wet spots. Automobiles from the United States are encouraged to visit New Brunswick. The Provincial Government is spending thousands of dollars to improve the main roads in their interests. There is no change in the rule of the road this year. To avoid collisions automobiles should bear this in mind.

### Making Forests Fireproof

People are becoming aware of the tremendous loss to Canada through forest fires. Fire is not the necessary accompaniment of settlement and can be stopped. The cost of equipment and petrol necessary to stop fires amounts to only a small fire insurance premium on the value of the forest. How fires are caused, the influence of the weather, and what amount of damage they do are told in Bulletin No. 64 "Forest Fires in Canada, 1914-16," just issued by the Director of Forestry, Ottawa. This is the first attempt on systematic lines to give the statistics of fires for the whole of Canada and to classify their causes. By this means the most prolific sources of fires are shown so that means may be applied for their prevention. Those interested in this subject will receive a copy of this bulletin free upon application to the Director of Forestry, Ottawa.

### Notes from Ashland

Mrs. Brown of Houlton is spending a few weeks with her daughter, Mrs. Harry M. Belyea. Mrs. George Clark and her mother Mrs. "Bank" Clark enjoyed an airing through the kindness of Mr. Justin Lewis of Rockland on Monday afternoon.

Mrs. Dan Buchanan has been visiting friends and relatives in Presque Isle and Caribou. Misses Beattie and Enid McCollum were the guests of Miss Nellie Seely on Monday.

Miss Leatha Buchanan is spending her holidays at her Uncle's in Presque Isle.

Mr. and Mrs. Vivian Hovey of Havlock, spent Sunday at Harry M. Belyea's.

We are sorry to learn that Miss Bertie Graham is in failing health.

Mr. and Mrs. Robert Buchanan and Harry Buchanan all of Presque Isle have been visiting their brother Dan Buchanan.

Official word was received that Mr. Charles Stewart is suffering from gun shot wound in the arm. Ervine Buchanan is employed with Frank Hayden of Somerville for the summer.

### Laugh and Grow Fat

"Laugh and grow fat" is an old saying laden with value for nervous people in particular. Drop the worry habit and use Dr. Chase's Nerve Food and you will soon get the nervous system restored to good condition. Digestion will improve, appetite will return, and you will find such symptoms as headache and sleeplessness fast disappearing.

### Drowned Up River

Edmundston, July 24—Robert Michaud, son of police magistrate Michaud, was drowned in the St. John river this afternoon while bathing. He was between 12 and 14 years old.

DR. DEVAN'S FEMALE PILLS Reliable medicine for all Female Complaints. \$2 a box, or three for \$5, at drug stores. Mailed to any address on receipt of price. THE SCORRELL DRUG CO., St. Catharines, Ontario.  
PHOSPHONOL FOR MEN Restores Vim for Nerve and Brain; increases "grey matter"; a Tonic—will build you up. \$2 a box, or two for \$3.50 at drug stores, or by mail on receipt of price. THE SCORRELL DRUG CO., St. Catharines, Ontario.

### Wicklow Brevities

Louise and Laura McIsaac have been visiting their grandparents Mr. and Mrs. James McIsaac.

Mrs. John Fulton and little daughters Frances and Phyllis were visiting Mrs. Fulton's daughter Mrs. Wilbur Lunn.

Married—at Mars Hill, Jack Boyd and Kate Drost on July 10.

Mrs. Edward McIsaac of Lowell is the guest of her sister-in-law Mrs. James McIsaac.

Mr. and Mrs. Joe Pearson were guests of Mrs. Pearson's parents, Mr. and Mrs. Charles Estey.

The stork was a welcome visitor to our community of late leaving two baby girls—one at Mrs. Wiley Smith's and another at Mrs. John Fulton's.

Our teacher for next term is Ernest Tweedie of Greenfield.

The Methodist Mission Band of which Miss Hazel Fulton is president and the Greenfield Mission Band of which Rev. M. H. Manuel is president met at the home of Mr. and Mrs. Scott McCain on the afternoon of July 12. The meeting was an open air one and held in the picturesque grove situated near the house. During the meeting speeches were made by Rev. F. A. Wightman, Rev. M. H. Manuel and James McCain. All these were very interesting. Ice cream and cake were served after the meeting. A vote of thanks was rendered Mr. and Mrs. McCain for the use of their grounds.

Miss Agnes White who has been employed in a factory at Waltham, is spending her vacation at the home of her brother, Stanley White.

Miss Louise Wightman of East Florenceville has been visiting her friends Misses Hazel A. and Freda Fulton.

Miss Helen Giberson who has been in the west for some time is home on her vacation. She expects to return sometime during the months of August.

Miss Della McIsaac made a trip to Fielding last week.

The Wicklow cemetery has been beautified by the skilful labor of those who have loved ones buried therein.

Miss Faye Plummer of Woodstock is visiting her friend, Miss Helen Plummer.

A number of our people attended the funeral of the late Mrs. Page who was formerly a daughter of the late Stephen Barker of Bath.

The midweek prayer meetings conducted by Rev. C. O. Howlette are very interesting and helpful. Meeting is held every Tuesday evening at eight o'clock.

Margaret Agnes, little daughter of Mr. and Mrs. Elwood Sparks, died of pneumonia on the morning of July 20. Funeral was held in the Baptist church at Wicklow on Sunday afternoon at two o'clock Rev. C. O. Howlette preached the funeral sermon.

Mrs. John Patterson, who has been for some time at the home of her son, Jack Patterson of this place, has gone to visit friends at Andover, Mass.

Mrs. James McIsaac motored to Houlton last week with her son B. C. McIsaac of East Florenceville.

Driver H. Kilpatrick, son of Mr. and Mrs. W. E. Kilpatrick, arrived home on Saturday last. All were glad to see him.

Several of our citizens motored to neighboring towns last week.

London St. John, N.B. Toronto Calgary Montreal Hamilton Winnipeg Edmonton Vancouver Saskatoon

## Your House—Now Doubly Valuable So Doubly worth Painting

YOU have always looked upon painting as an essential protection for your home. This year, possibly you are thinking you might save the money it costs to paint. But that is not saving—it's extravagance—more pronounced extravagance than in normal times. Remember that building materials are high and repairs (always more costly than painting) are abnormally expensive just now.

IT IS TRUE ECONOMY TO USE

## B-H PAINT

It has that wonderful covering capacity and that remarkable durability which results from the use of pure white lead and pure white zinc in correct proportion. Its manufacturers are committed by a guarantee to that correct proportion. They cannot deviate from it because their guarantee is printed on every can. That is why we sell and recommend B-H English paint—believing it to be higher in quality, more truly an economy paint than any other on the market.

## Local News and Personal Items

Big Picnic—Hartland, Aug. 8. Miss Alice Ward was visiting Woodstock friends last week.

Plan on Hartland Aug. 8, the big day.

A. B. Lovely of East Florenceville was doing business here on Monday.

E. M. Sawyer has moved into the tenement in Taylor's brick block.

There will be Church of England service in the Town Hall on Sunday morning at 11 o'clock.

Take your butter and eggs to Carr's and get top prices. Cash or goods.

Miss Kate Phillips, after visiting her cousin, Miss Stevens, left on Saturday for Houlton to remain a short time with friends.

Mrs. Maurice London and little daughter Jeannett of Woodstock are guests of Mr. and Lee Nicholson.

For Sale at a Bargain one Karn Piano in excellent condition—Apply to C. A. Nelson, Hartland.

Teacher Wanted: Second class female teacher for Ashland school. Dis. No. 10. Apply to Marley Estatebrooks, R.F.D. 2, Hartland.

Clyde Rideout, Mrs. Clara Billing and Miss Mabel Morgan are attending the Sunday school workers' meeting at Backville.

One McCormack horse rake, one Frost & Wood mower, 6 feet, both nearly new. A bargain on each to early applicant. H. N. Boyer.

Dr. Baker, eye, ear, nose, and throat Specialist of St. John, will be in Woodstock Aug. 16 and 17 when he can be consulted professionally.

It looks as though there would be a shortage of sugar and flour before long. Buy while it is to be had—at Carr's—but don't overstock.

Mrs. S. M. Boyer, who has been confined to her room for more than four months is improving in health, which will be good news to her many friends.

Mr. and Mrs. Ora B. Billings, Mr. and Mrs. Almoh Hall motored from Houlton on Sunday, July 21, and were guests of Mrs. Clara Billing.

Hartland played Woodstock a returned game of ball on Tuesday evening and lost by a score of 11-9. A game is due between the same teams on the Hartland diamond tomorrow night.

Mr. and Mrs. A. F. Campbell and Miss Lide Reid motored to Perth and were week-end guests of their daughter, Mrs. C. M. Barton. They also visited the Aroostook towns.

I have six grade ewes for sale: one pure bred Oxford Down buck; all in first class shape; also some milch cows to dispose of. Apply to Frank E. Sharp, Carlisle.

Benjamin F. Dickinson, who left last week to join the U.S. army in training at Camp Devens, writes that they are having very hot weather but a good time. George Stevens, who left here expecting to join the Canadian Engineers at St. Johns, Que., has also reported from Camp Devens, having been called to service in the U. S. army while he was awaiting his call to the Engineers, in which he had enlisted.

A very enjoyable time was spent Tuesday afternoon when at the home of Mrs. Henry Bradley the W. C. T. U. held its annual picnic, a six o'clock tea being served on the lawn. After supper business was transacted, then a social hour was spent in discussing the war in its different phases. All joined in singing. Best of the Tie that binds, and the evening closed with the W. C. T. U. benediction. A vote of thanks was tendered Mrs. Bradley for her kind hospitality.

**Eat less Bread**

Hartland, Aug. 8. Come on. Riverside Camp Meeting—Aug. 2-12.

All your friends will be here Aug. 8. Come and see them.

Village Meeting Monday night. Do not forget it.

Miss Bertie Knox of Houlton has been visiting her cousin, Mrs. C. H. Taylor.

Mr. and Mrs. H. G. Cane returned to Schenectady N. Y. today.

C. A. Nelson is offering for sale his very complete moving picture outfit in Hartland.

The ball game Aug. 8 will be the Waterloo for either Hartland or Woodstock.

If you wish to save money call on Keith & Plummer Limited for your binder twine.

Miss Jennie Boyer of Fort Fairfield has been spending her vacation with her mother, Mrs. G. E. Boyer.

Mr. and Mrs. H. A. Carvell and little child of Lakeville were guests on Sunday at the home of J. E. McCollom.

Mr. Tompkins of Stickney has taken over from Edward Oari the management of the Windsor hotel.

Thane M. Jones, Judge of Probates, W. P. Jones, Jr., and the Misses Jones, of Woodstock, drove to Hartland on Friday.

Hon. B. Frank Smith, East Florenceville, is in the city today, registering at the Barker House. The Gleaner, Saturday.

Mabel G. Ebbett, student nurse of Worcester, Mass., is spending her vacation with her sister, Mrs. Lee O. Nicholson at Centerville.

The Observer offers for sale a quantity of two-inch bed moulding in pine and Douglas fir, also a small quantity of fir sheathing.

George E. Taylor of Fredericton was here by car on Sunday to make a brief visit to his motherless little daughter, Catherine Etta.

Feeds are scarce. Shorts and middlings are off the market at present, but you can get bran, oat feed, cracked corn and corn meal at Carr's still.

Douglas McGinley, aged seven, started school for the first last September and in two terms has passed the third grade entrance exam.

Mr. and Mrs. H. H. Hatfield, accompanied by Mrs. S. J. Crory, Mrs. Sarah Hatfield, Miss Dora Robinson, Miss Dora Hatfield, spent the week-end at Skiff Lake. They also visited Houlton on the trip.

Don't forget the Big Picnic on the village Green Aug. 8. It will be the biggest day of the season. All kinds of honest sports, a ripping game of ball, and a special program of real worth in the evening. The band will discourse music. Come to Hartland Aug. 8.

L. R. Hetherington of Riverside, Albert county, arrived here on Saturday and will spend some time here with his wife, who is a guest of her mother, Mrs. G. C. Watson. Mr. Hetherington was years ago principal of Hartland school, and always finds many acquaintances of the old days who are glad to greet him on the occasion of his yearly visit here.

Church of England Picnic Aug. 8, afternoon and evening will be the most important event of the summer in this locality. All visual sports, band music, steam merry-go-round, eight large supper tables and a host of pretty and obliging waitresses, a horse trot and in the evening a splendid entertainment in the Star Theatre—a fine bill of pictures, besides, solos, readings, etc. of rare merit. Come to Hartland Aug. 8, and meet old friends.

The congregation of the Church of England will hold their second annual picnic at Hartland on Thursday, August 8. There will be ample provisions for feeding a multitude and all legitimate sports will be provided. In the evening there will be a special entertainment in the Star Theatre with a fine bill of feature pictures. A ball game is likely to be arranged for. The purpose of the picnic is to raise money for the church building fund.

### Substitutes for Wheat Flour

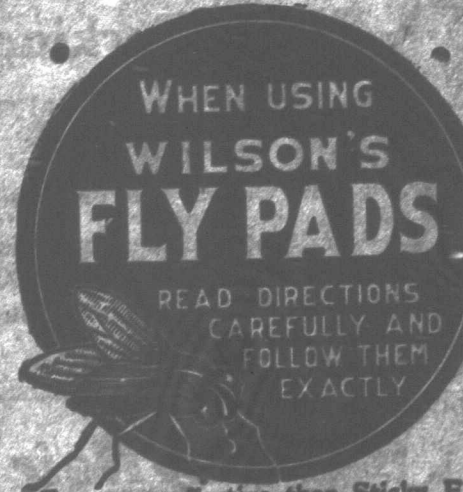

Bakers, Confectioners, Public Eating Places and households must use one pound of substitutes

to every nine pounds of wheat flour, until further notice, according to Canada Food Board's order issued July 13th. The order which was to have gone into effect on July 15th increased this proportion of substitutes in Eastern Canada has been deferred until further notice, owing to the limited supplies of substitutes for wheat flour at present available in Canada.

The use of a label "Victory Bread" upon bakers' loaves has been made permissive, not compulsory. Police authorities whose duty it is to enforce the food laws have been notified.

### Piles Entirely Cured

Mr. Wm. Woodell, 107 St. John St. Carlton St. John, N. B. writes: "I have used Dr. Chase's Ointment for itching bleeding piles, and as a result have been entirely cured. For years I was a great sufferer from this distressing ailment and can say that three boxes of Dr. Chase's Ointment cured me. You may use his letter for the benefit of others."

Far more effective than Sticky Fly Catchers. Clean to handle. Sold by Druggists and Grocers everywhere.

## HARVEST HANDS WANTED

### IN NEW BRUNSWICK

The Department of Agriculture for war purposes, last spring, urged Greater Production. 108,772 bushels of seed grain were imported. The farmers have responded splendidly. The acreage undercrop is in excess of any previous year. Climate conditions have been favorable. Crops promise well.

Every acre of crop in this Province must be properly harvested this year.

Many men may be called to the Colors.

Under the conditions the Department fears that many crops will remain in the fields unless men from our towns and industrial plants become harvesters, and are setting up labor burdens in different sections of the Province to ascertain the farmers' labor needs and to register voluntary labor.

Every man in the towns or cities who has had farm experience should be ready to assist for a few days.

Every farmer should register his wants immediately at one of the following bureaux. A guarantee of help cannot be given by the Provincial Department of Agriculture but when the requirements are known after a certain date, if necessary, the Dominion authorities will be appealed to.

Give name, address, railway station, number of days help required and when. Approximate wages per day. Where wages cannot be satisfactorily arranged, an appeal to the Department of Agriculture may be made for adjustment.

Every man willing to help should also be registered at one of the following places:

St. John	William Kerr, N. B. Government Office, Prince William Street.
Fredericton	A. B. Wilmet, Dom. Immigration Post Office Building.
Sussex	J. D. McKenna.
Moncton	J. H. King, Agricultural Representative.
Chatham	James Bremner, Jr.
Bathurst	Frank P. Doucet.
Andover & Perth	Dr. Dickinson.
Woodstock	A. C. Taylor, Agricultural School.
St. Stephen	W. S. Stevens.
	J. F. TWEEDDALE, Minister of Agriculture.

## ENTIRE MOVING PICTURE PLANT

Includes 8 h.p. International Kerosene Engine especially built for running dynamo, but suitable for any purpose.

1 Fairbanks-Morse Dynamo, capacity 90-25-watt lamps.

1 Piano.

1 Picture Machine.

All necessary fixtures for running an up-to-date moving picture business. All the above will be sold as a going concern, and rent of hall can be arranged for. Good reasons for selling.

C. A. NELSON

# Come

(Continued from first page)

more than a ton. But without so much as a picture to go by, with not a word of printed or written instructions, the machine went together, and on Saturday last was tried out to most complete satisfaction. So smoothly did the seven-ton giant do its work that occupants of another portion of the building did not know that the press was being run to its speed limit. The press itself weighs 7½ tons and stands on a concrete foundation which required 50 barrels of gravel and sand, two cords of rock and five barrels of cement.

The other machinery of the office is in thorough keeping with the requirements of a first class printery, and is continually being added to as occasion requires. We are equipped for any job that comes, ordinarily, and when the rare one comes that calls for what we haven't got in the way of equipment—well, we get it.

## MAKE YOURSELF STRONG

People with strong constitutions escape most of the minor ills that make life miserable for others. Don't you envy the friend who does not know what a headache is, whose digestion is perfect, and who sleeps soundly at night? How far do you come from this description? Have you ever made an earnest effort to strengthen your constitution, to build up your system to ward off discomfort and disease? Unless you have an organic disease it is generally possible to improve your physical condition so that perfect health will be yours. The first thing to be done is to build up your blood as poor blood is the source of physical weakness. To build up the blood Dr. Williams' Pink Pills is just the medicine you need. Every dose helps to make new blood which reaches every nerve and every part of the body, bringing color to the cheeks, brightness to the eyes, a steadiness to the hands, a good appetite and splendid energy. Thousands throughout the country whose condition once made them despair, owe their present good health to this medicine. If you are one of the weak and ailing give Dr. Williams' Pink Pills a fair trial and note the daily gain in new health and abounding vitality.

You can get these pills through any medicine dealer or by mail, post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## MAY EXTEND SEASON FOR SALMON

The July freshet in the St. John River, the second which has occurred since the opening of navigation, has seriously affected the salmon fishing practically all fishermen being compelled to withdraw their nets on account of high water. This coupled with the fact that the salmon run was poor early in the season has made total catches very light. This has caused already an agitation for the extension of the open season after August 15th the date set by law for the close of netting for salmon. There also is a movement to permit continuous fishing between Crook's Point and Anderson bridge instead of during alternate fortnights as at present. It is understood that the officials of the Department of Fisheries are not favorable to either request although it is probable that petitions will be forwarded to Ottawa.

Although the net fishermen have had poor luck it is said that there has been a good run of salmon and that anglers on the Tobique have had good luck.

## KEEP CHILDREN WELL DURING HOT WEATHER

Every mother knows how fatal the hot summer months are to a child. Cholera infantum, diarrhoea, dysentery and stomach troubles are ripe at this time and often a precious little life is lost after only a few hours illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevent stomach and bowels troubles, or if the trouble comes suddenly—as it generally does—the Tablets will bring the baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Letter From R. McKenzie

Mr. C. L. Smith has received the following letter which speaks for itself:

Mr. C. L. Smith,  
Woodstock, N. B.

Mr. dear Mr. Smith,—  
Pressure of work since I returned prevented me writing you sooner to express my appreciation of the kindness of yourself and Mrs. Smith that you had shown me while in New Brunswick. I enjoyed that trip very much and will always remember the friendly reception I received in your home, and would like to repeat the same experience next summer if circumstances would permit.

I remained over two days in Montreal on my way back and attended a meeting of farmers at Buckingham, reaching home on the evening of the 4th.

We had a meeting of the Canadian Council of Agriculture the two following days and a meeting of the directors of the United Grain Growers the following week, which took up five days.

The Canadian Council of Agriculture were very much interested in my report of the progress of the United Farmers of New Brunswick and the evident desire on the part of the farmers of New Brunswick for organization in doing their part in moulding public opinion so that the common people will receive more equitable treatment in public affairs.

I want to tell you that I think there is a great future in store for the U. F. N. B. but that can only be brought about through strenuous efforts on the part of the leaders of the movement and naturally a large amount of the work involved will fall upon yourself and Mr. Sharpe, Secretary. I know from experience that there are many trying circumstances with which you will be confronted and at times you will meet with discouragement, but the consciousness that you are engaged in a great work that has for its purpose the betterment of the people will be a sustaining factor in helping you to overcome those discouragements. Your reward will not be in dollars and cents but in the consciousness of having done your part in making this world a little better.

The Canadian Council have taken another step in extending the development of the farmers' movement in appointing Mr. N. P. Lambert, as secretary, in my place, thus relieving me of the detail work of the office.

Mr. Lambert is a man of wide experience as a journalist, and in the carrying out of his work for a number of years past has gained a very wide experience of the needs of the farm population and its relation to other industries. Much of this time will be taken up in preparing articles for publication in newspapers and magazines, and preparing literature on economics and organization of the farm population for distribution in the different provinces. I feel he is going to be quite an acquisition to the workers in the movement and will help a great deal in getting the East and West closer together than they have been.

I would like very much to hear from you from time to time as to the progress that you make and how the organization is progressing.

The harvest prospects in the Prairie provinces this year are not very encouraging. There are large areas in southern Alberta and southern Saskatchewan in which the crop has burnt up for want of rain. The drought has also caused a great scarcity of feed. The farmers are already commencing

to crowd their best animals on the market.

Remember me to Mrs. Smith and Miss Smith. I am,

Yours truly,  
R. McKenzie  
Winnipeg, July 20, 1918.

## For Co-Operation

W. R. Reek, provincial secretary for agriculture, submitted to Premier Foster a plan for bringing together city men, who are willing to aid in food production, and the farmers, who are in need of extra labour during the harvest season. Mr. Reek explains that the farmers recognized the need of increased production and increased acreage under cultivation. Farmers now complain that labour is very scarce and the extra crops will be wasted unless they can be harvested. If there is not enough men on the farms to cope with the situation, they must be procured from the city. Mr. Reek says there are hundreds of men in the cities who have been raised on farms, and many others who have had some farm experience, and he believes that many of these would be willing to take some time from their other work and devote their vacations to farm work.

## Alcohol in Liquor Seized to Be Reclaimed

W. D. Wilson, chief inspector under the prohibition act, while in Ottawa recently made representations to the federal authorities which resulted in the authority being given him to reclaim all alcohol from all liquors seized by himself or his deputies under the Intoxicating Liquors Act, 1916. Mr. Wilson states that the reclamation will be carried on in this province, the officials of the inland revenue department having supervision of it.

Prior to making the application at Ottawa, Chief Inspector Wilson had a number of experiments made with samples of liquor which had been seized. One sample showed alcohol of 95 per cent. A second sample showed 88 per cent. A third, which had been seized at Miramichi, contained only 73 per cent. In many cases the liquor which is seized by inspectors cannot be designated by
