Last night detectives, who had received word from New York that Ecrement was wanted in connection with the Arnstein cases, called at his apartment and questioned the man, who said that he was a French teacher.

Later he admitted his identity, the police say. The state attorney's office learned that the man had been tutoring residents of the "Gold Coast." Michael Connolly, a wealthy contractor of Montreal, was said to have lost \$125,000 in a wire-tapping scheme in which Ecrement was alleged to be involved. Ecrement said he had put \$10,000 on deposit in a Buffalo bank as evidence of his good faith in the affair.

Two organized attacks occurred at a small barrack last night. At Cloyne, County Cork, the small garrison of seven, after a prolonged fight, was compelled to surrender, one of the men being wounded. The other raid was more serious. It took place at the village of Newton Hamilton, South Armagh, where 300 Sinn Feiners attacked the barracks garrisoned by five men. The fight lasted two and a half hours. The building was sprinkled with petrol and burned, driving the garrison into an outhouse, where the men continued their gallant defence.

New Luxury Tax Possible. Says Capital Rumor.

OTTAWA, May 9 .- (By Canadian Press) .- Interest in the budget, which Sir Henry Drayton is expected to bring down on Wednesday, centers around the possibility of a new luxury tax and the probable extension of the business profits tax to the fiscal year which has just begun. Some slight revision of the tariff is probable, but the general belief is that there will be few innovations in customs duties on staple commodities. on staple commodities.

The taxation of incomes may not be increased to any extent. It is expected in some quarters that revenues from this source will have to be increased, while in others it is suggested that the Government will endeavor to shift the burden by means of a luxury tax which will be pretty general in its application, and by revising the business profits tax so as to permit of a continuation of liberal revenues from this source without handicapping essential industries.

JOHNSON MISREPRESENTS.

Senator Hiram Johnson has come out of the Californian presidential primaries an easy vicfor over Herbert Hoover and General Leonard in view of Johnson's attitude toward the other romise of world harmony. Speaking recently o a great audience at Indianapolis Johnson renoved the following gem from his system:

Johnson's talk of the Allied nations' "profits" from the war is sheer misrepresentation. When such problems as reconstruction, labor disputes, business difficulties, high prices, trade expansion, social readjustment and many others of the same kind, are so much before mankind, the material side of life seems all-important. Yet on every hand there are indications of such a spiritual longing, so deep an interest in exploration and study of those things beyond this human life and outside this bodily existence that they cannot but cause

consideration and speculation, The most apparent indication of this trend of thought is the sudden popularity and prominence of spiritualism. The librarian of a leading reference ibrary in the United States declared the other day that the demand for books on spirtualism exceeds that for works on any other subject. Newspapers and magazines bristle with stories on the topic. Nor is the spiritualist religion the only field of mental, spiritual and metaphysical study which is engaging investigators and winning converts. one can say today what belief is correct and what is wrong: whether there is any basis of fact

to popular theories or whether the world has gone off on a tangent. But there is evidence of a world-wide longing to know the truth. The belief in a soul or other being, the hope of life eternal and the conviction that there exists a Supreme Power, are natural attributes of many, found in the lowest stages as well as the highest.

Since the earliest times men have puzzled over

Wetzel's Outfit in First Two Appearances On Their Short Barnstorming Tour, Turn in 11--0 Victory Over Sarnia On Saturday and 10--5 Win Over Port Hurons.

SARNIA, May 8.— Opening their barnstorming tour here on Saturday afternoon, the London Tecumsehs whitewashed the Imperial City aggregation in a one-sided exhibition contest before a fair-sized crowd to the tune of 11 to 0, in a game that was devoid of anything startling bevond the nine errors piled up by the homebrews. The London pitching staff proved a mystery to Sarnia batters, Walls being anystery to Sarnia batters, Walls being the only man on the Sarnia team credited with a hit by the official scorer. Eight of the Sarnia team struck out during the nine innings. Up until the seventh inning it was a good contest, but at this stage of the game the London team found the slants of the Sarnia pitchers to their liking, with the result that when the tallies had ceased the visitors had run up a grand total of five. This action was repeated in the final frame of the contest, and the game ended with London.

CHICAGO, May 9.—Timely hitting against Eddie Cicctte, mixed with passes and Chicago's errors gave Cleveland the final game of the series today, 4 to 3. Stanley Coveleskie registered his seventh consecutive victory of the season. Chicago was held scoretically a score of 10 to 5. Wetzel worked three pitchers, who all showed good form. Witry's sensational work on the bases featured, as he captured six stolen sacks. Score:

liking, with the result that when the tallies had ceased the visitors had run up a grand total of five. This action was repeated in the final frame of the contest, and the game ended with London.

Lack of practice on the part of the Sarnia team and it being the first time they have played together this season accounted for the poor showing made by the local aggregation. Sammy Lee, of the old-time London City League, held the indicator during the game.
