"The House of Assembly of this Province having been deprived of their " Speaker by the death of the late Amos Botsford, Esquire, (who so long and " worthily filled that office) have in obedience to your Honor's command, " and according to their acknowledged right, proceeded to the election of " another to supply his place, and now humbly attend to present me to your " Honor as the person chosen; but your Fionor knowing how inadequate " my abilities are to so arduous a station, will I trust disapprove their choice " and command them to eject another therefor more capable of fulfilling its " important duties."

Whereupon the Honorable Mr. Bliss, the Chief Justice, spoke as follows: "John Robinson, Esquire, I am commanded by His Honor the Presi-" DENT, to acquaint you that he is so confident of your loyalty to His MA-" JESTY, of your integrity and ability for executing the important office in-" to which you are elected, that His Honor is perfectly satisfied with the " choice which the House of Assembly have made and doth allow and con-"firm you to be their Speaker;"—and then His Honor the President made the following Speech to both Houses:-

"Gentlemen of the Council, and

"Gentlemen of the Assembly, "The Declaration of War on the part of the United States against Great-" Britain, has rendered it necessary for me to require your attendance in "General Assembly at an earlier period than the ordinary exigencies of the " Province would have demanded; and while we deplore the infatuation " that has induced our neighbours (blind to their own true interests) to lend " their aid in support of that spirit of tyranny and universal dominion which "Great-Britain has so long gloriously resisted; we are called upon vigor-" ously to exert ourselves in defence of all that is dear and valuable to men: " and the principal object that presents itself for your consideration upon this occasion is the revision of the Militia Law, with such additions and " amendments as may be requisite to enable us most effectually to counteract any hostile attempts of the enemy.

"Gentlemen of the Assembly,

"Sundry expences have been necessarily incurred towards the defence of the Province, of which a particular Account, together with the Treasurer's Accounts, and such other papers as may be necessary for your information shall be laid before you, and I have the fullest confidence in your zeal and readiness, as far as the means in your power will enable you, to make provision for the public exigencies. I have thought it expedient for the present to withhold the Warrants for such of the appropriations for Roads, and some other services, as had not been drawn from the Treasury, previous to the Declaration of War, excepting in some few instances where the services had been actually performed, or where they appeared to be indispensably necessary.

"Gentlemen of the Council, and "Gentlemen of the Assembly,

"The Act passed at the last Session for granting an aid to His Mojesty, towards the defence of the Province, has been laid before His Royal Highness the PRINCE REGENT, who has expressed the most lively satisfaction in witnessing your readiness to contribute in aid of those exertions which His Royal Highness will make in defence of His Majesty's Prowinces, and His confidence in your liberality, and in the known courage and determined spirit of resistance of the loyal Inhabitants of New-Brunswick.

"A Copy of the Letter written by command of His Royal Highness upon

"this occasion, shall be laid before you.

"I most sincerely congratulate with you on the signal successes which have hitherto attended His Majesty's Arms, in repelling the attempts which have been made by the enemy on the Canadas. In these several contests the Militia have borne a conspicuous part, and I have no doubt that the Militia of this Province, animated by such an example, and by that spirit of loyalty and attachment to His Majesty, for which they have been so uniformly distinguished, will whenever the occasion shall offer, discharge their duty with equal zeal, and I trust from the goodness of our cause with equal success."

" most effectually to counteract the hostile attempts of the enemy.

The committee appointed to ascertain, and report to the House the proper times of drilling the Militia in the different Counties, reported that it is their opinion that if the times of drilling the different Battalions of the Militia can be effected between the 20th June and the 25th July, it will answer all the purposes intended, and will generally speaking, give an opportunity for the agricultural and other interests of the Country to be attended to, which report is accepted, and thereupon ordered that the same be referred to the committee of the whole House on the Bill for regulating the Militia.

Mr. W. Pagan chairman of the committee appointed to examine the

Treasurer's accounts, reported as follows, to wit:—

The committee appointed to examine the Treasurer's accounts beg leave to report that they have attended to that duty, found the accounts correct,

and that,

No. 1, contains a particular account of all the dutiable articles imported into St. John, from the 5th January, 1812, till the 31st December, following, the gross amount £6456:5:5, including the duty on articles sold at vendue:

No. 2, is an account of the dutiable articles imported into the County of Charlotte, from the 11th January, 1812, till the 30th of July, following, gross amount £2023:17:2, out of which sum and the balance remaining last year in the Hands of the Deputy Treasurer there has been paid to the Treasurer £2649:15:8½, which is credited in his account; there appears to be a balance in the hands of the Deputy Treasurer in bonds unpaid of £1592:15:1, including a bond in suit of £228:7; no commission has been charged by him on the amount of duties in the last year, neither is there any credit given on the amount of drawbacks for the years 1810, and 1811, his commissions were then charged on the gross amount.

opinion justifies the detention.

Fredericton, 29th January, 1813.

The Attorney General from the committee of conference with the committee of Council on the Bill for the preventing of descrition from His Majesty's navy, reports a draft of reason to be assigned in support of the objections to the amendments proposed by the Council, which are as follows, to wit.

The committee of conference on the part of the House on the navy desertion Bill, are instructed to state to the committee on the part of the Council.

"That the House have concurred with the Council in the amendments by them proposed under the numbers 2, 5, 6, 7, 21, and 24, as well as those proposed under numbers 8 and 13, excepting in the said last mentioned amendments, the House object to the introduction of the words dwelling house or other building, for the reasons herein after specified in answer to the amendment proposed under No. 3.

"The House object to the amendment proposed under No. 1, because they conceive the words 'Slop Clothes' are definite and (when applied to seamen) as well understood as the term 'soldiers necessaries' when applied to a soldier, and because the substitution of the words 'clothing or slops' would (so far as regards the first of these words) be going beyond the intention of the House in passing the Bill, and with respect to the second of those words, the adoption and use of it, disjoined from the word cloathing would from its general import and signification render that provision of the law nugatory, or subject persons to a penalty who are wholly without the scope and design of the Bill.

"The House likewise object to the amendment proposed under No. 3, because the words 'dwelling or outhouse' made use of the Bill are technical
words, well known in the law and as such well understood, and concerning the import and meaning whereof no doubt or difficulty can arise,
whereas the words 'other building' in the proposed amendment are not
recognized in legal proceedings, and as the House conceive are much too
vague to be used in the formation of a law, for the infraction of which an
heavy penalty is imposed.

"The House do not accede to the amendment proposed under No. 4, be"cause the insertion of the words 'constable or' after the word 'more' in the
"opinion of the House, cannot be warranted by the rules of grammar, and
"for a like reason the House object to the amendment proposed under
"No. 10.

"The House likewise object to the amendment proposed under No 9, because the insertion of the words 'proprietor or occupant' in place of the words 'master or mistress' in many instances might subject an innocent person to the penalty imposed by the Bill, as it frequently happens that "the

"the proprietor and occupant of a dwelling or outhouse are different persons, and the proposed amendment (the words being in the alternative
would give the prosecutor his option which to proceed against for the
penalty,) and for the like reasons, the House cannot assent to the amendment proposed under No. 15.

"The House conceive that the amendment proposed by the Council under No. 11, and 12, are wholly unnecessary and that the words in the night time as they stand in the section of the sentence alluded to by the Council govern every subsequent Member thereof, and that the sense or grammatical construction thereof will not be improved by the proposed

" transposition.

"The House object also to the amendment proposed under No. 14, because they are of opinion that the use of the present tense in the section of the sentence alluded to, is warranted by the strict rules of grammar, and that adopting the future tense, would weaken the strength and beauty of the language, if not render it incorrect; the officer must on oath declare that he has good cause to believe, and does believe that a deserter is concealed; the Magistrate or officer goes to the place where such deserter is concealed, not when such deserter shall be concealed, at some future period of time after the information given.

"The House cannot adopt the amendment proposed under No. 16, and 19, as they conceive it would be quite unconstitutional to keep a man circumstanced as any person may when apprehended under this Bill, in confinement without bail or mainprize, for the space of thirty days, in order to give time for the production of evidence, which the prosecution

" ought to be prepared to produce forthwith.

"The House object to the amendment proposed under No. 17, for simi-"lar reasons as those expressed in their objection to the amendment pro-

" posed under No. 14.

"The House presume the Council will withdraw the amendment propo-"posed under No. 18, when by a careful perusal of the Bill it will be "found that the word when has been misread for the word where.

"The House cannot assent to the amendments proposed under No. 20, because the words 'all keepers of gaols' are the precise words made use of by the Parliament of Great-Britain in the Mutiny Act, a standard the House holds in high estimation, and to which they are of opinion they may appeal with confidence.

"The amendments proposed under numbers 22 and 23; the House conceive will be found to be erroneous, or reference to the first section of the
first Act of the Province of New-Brunswick, by which it is provided that
a certain district of the Province shall be called, known and distinguished by
the name of the City and County of St. John."

The House then adjourned until to-morrow morning at 11 o'clock.

PRAYERS.

Mr. Attorney General from the committee appointed to conduct the conference with the committee of the Council, on the amendments proposed by the Council, to the Bill for the more effectual prevention of desertion from His Majesty's navy, reports that they have attended the conference which was managed by the Hon. Mr. Odell, and Mr. Justice Chipman, on the part of the Council; that the said committee of the Council have this day delivered to them a paper containing the answer of the Council to the objections on the part of the House, to such of the amendments proposed by the Council, as the House of Assembly have not concurred in, which is in the following words, to wit:

To the statements made on the part of the House of Assembly, in conference on the navy desertion Bill, the committee on the part of the Council

are instructed to answer as follows:

1st. To the objection stated to the proposed amendment No. 1, it is answered that by this amendment it was intended to prohibit the purchase of any clothing whatever from a deserter, and it is hoped that the House of Assembly will concur in this prohibition, otherwise the Council will not adhere to the amendment.

2d. The Council adhere to the amendment No. 3, because it is presumed to have been the intention of the House of Assembly to authorise the pursuit and apprehension of every deserter, in whatever place of concealment

he may be suspected to have sought for shelter.

3d. The Council cannot relinquish the amendment No. 4, because the phrase "one or more constables" however current, as an elliptical expression in common parlance, is wanting in that exact precision and fulness, which in terms of Law are universally indispensable, and the same reason applies to the objections made to the amendments No. 10, 11, 12, and 18.

4th. The Council are persuaded that the House of Assembly on reconsidering the objection stated against the amendments No. 9, and 15, will perceive it to be unfounded; the Bill here inflicts no penalty, but simply authorizes the proper officer in search of a deserter, to enter any dwelling house or other building, notwithstanding the refusal of the respective propri-

etor or occupant.

5th. The Council are still of opinion that the amendments proposed under No. 14, and 17, ought to be adopted; the Law ordains that in all future time during its continuance the proper officer shall have authority to enter any dwelling house, &c. where any deserter shall be suspected to be concealed, and that such descrter shall be imprisoned for a time to be limited, or until proof of his guilt shall be made, and these amendments stand precisely upon the same ground with the amendment No. 24, to which the House have agreed.

6th.

6th. To the objection against the proposed amendment No. 16, and 19, the committee are instructed to answer that some limitation of time is in both places indispensably necessary; but the Council will not insist on the limitation of thirty days.

7th. The Council do not adhere to the amendments No. 20, in the substitution of the words, "the gaolers" for all "keepers of gaols" was not in-

tended.

8th. The Council adhere to the amendments No. 22, and 23, because the Act referred to in the objection, ordains that the first County therein described, shall be known and distinguished by the name of the City and

County of St. John.

The Council further find it their duty here to remark that on a deliberate review of this bill, they perceive that the following additional amendments which are evidently necessary, have escaped the notice of both Houses, and are therefore now proposed to the consideration of the House of Assembly, viz.

Sect. I. at A. insert "shall"—B. dele "such"—C. insert "from any of

His Majesty's ships of war."

Sect. II. at D. dele "any" and insert "the."

Sect. IV. at E. dele " or their."

2d February, 1813.

WM. F. ODELL, Clerk.

The House resolved itself into a committee of the whole on the consideration of ways and means of providing the necessary supplies for the public service agreeable to the resolution of yesterday. Mr. Humbert in the chair, the Speaker resumed the chair, the chairman reported that the committee had taken into consideration the business to them referred and that the following resolve was moved and seconded, to wit:

Resolved that an additional duty of per gallon on wine per gallon upon rum and per gallon upon brandy, and other distilled spirituous liquors, be imposed for one year upon all such articles which may be imported into this Province, after the 1st day of next, in aid of His Majesty, towards the extraordinary expences to be incurred in the defence of the Province, in the present war with the United States of

America; upon which the committee divided,

It therefore passed in the affirmative; and that a motion had been then made and seconded that the blank in the said resolve, laying an additional duty on rum be filled up with the sum of one penny half penny, upon which the

committee again divided,

YEAS. NAYS. YEAS. Mr. Peters, Mr. Allen, Mr. Agnew, Mr. Taylor, Mr. P. Fraser; Mr. Belding, Mr. Attorney General, Mr. Speaker, Mr. Leonard, Mr. Johnston. Mr. Ward. Mr. Easterbrooks. Mr. Strect. Mr. Chapman, Mr. Dunn; Mr. W. Pagan, Mr. R. Pagan,

and the same passed in the affirmative; that the committee had also agreed that the blank in the said resolve laying an additional duty on wine, be filled up with the sum of three pence, and that the blank in the said resolve laying an additional duty on brandy, and other distilled spirituous liquors, be filled up with the sum of six pence; that the committee had also agreed to the following resolution, to wit:

Resolved, that a duty of two and half per cent advalorem, be laid on all goods imported into this Province by persons not resident within the same.

Ordered that the said report be accepted.

The House adjourned until to-morrow morning at 11 o'clock.

THURSDAY, 4th day of February, 1813.

PRAYERS.

Resolved that the House do not concur with the Council in such of the amendments proposed by them to the Bill for the more effectual prevention of Desertion from His Majesty's navy, as have been heretofore negatived by the House.

Resolved that the receiving of the answer yesterday from the committee of the Council, by the committee of conference of the House, on the navy desertion Bill was an irregularity, and contrary to the usage of Parliament, because that conference was at an end when the committee of this House delivered to the committee of Council the reasons in support of the non-concurrence of the House to the amendments to the said Bill.

The House resumed the consideration of that part of the report of the committee of supply of the 2d instant, which relates to the sloop Brunswicker, and thereupon resolved, that an humble address be presented to His Honor the President, praying that he will be pleased to give directions for discharging the said sloop from the public service, and for the sale of her (as soon as he shall deem it expedient;) the House being of opinion that the expence of employing her will be greater than the funds of the Province can bear, in addition to those for other services more necessay to be provided for at the present crisis, as there now is a naval force at the command of the Admiral upon the station of sufficient magnitude to justify a well grounded expectation that the Province will be thereby sufficiently protected. Ordered that Mr. W. Pagan and Mr. Johnston, do carry up the said address to His Honor the President.

The House resolved itself into a committee of the whole on the further consideration of ways and means of providing for the supplies granted for the public service. Mr. Humbert in the chair, the Speaker resumed the chair, the chairman reported that the committee had taken into consideration the business to them referred, and had agreed to the following resolution, to wit:

Resolved that for the purpose of providing for punctuality in payments at the Treasury, and of preventing as far as possible any delay in issuing of the warrants for sums granted, and to be granted for the public services, it is the opinion of this committee, that under proper regulations Treasury notes to the amount of six thousand pounds be prepared to be issued in discharge of such sums so granted to be made receivable at the Treasury in payment of duties; and upon the question whether the said report be accepted, the House divided,

YEAS. Mr. W. Pagan, Mr. Dunn, Mr. Ward,

NAYS. Mr. Easterbrooks, Mr. R. Pagan, Mr. Chapman,

YEAS.

YEAS.
Mr. Johnston,
Mr. Humbert,
Mr. Belding,
Mr. Attorney General,
Mr. Peters,
Mr. Taylor,
Mr. Agnew.

NAYS.
Mr. Humbert,
Mr. Leonard,
Mr. P. Fraser,
Mr. Allen,
Mr. Strect.

and the same passed in the affirmative. Ordered therefore that the said

report be accepted.

Ordered that Mr. Attorney General and Mr. W. Pagan be a committee to prepare and bring in a Bill agreeable to the reported resolve by the committee of ways and means this day, and that Mr. R. Pagan and Mr. P. Fraser, be a committee to prepare Bills agreeable to the resolves reported by the same committee yesterday.

Mr. Agnew from the committee appointed to examine the accounts and returns of the commanding officers of the several Regiments of Militia, laid before the House by order of His Honor the President, in compliance with the address of the House to His Honor therefore, reported as follows, viz.

The committee appointed to examine the returns from the commanding officers of the several Regiments of the Militia report, that there is no return whatever from the commanding officer of the two battalions of the County of York; that there is no regular return from the commanding officer of the Sunbury Regiment; there is, however, a Letter signed Elijah Miles, Colonel, stating that there is a Balance in the Hands of the Quarter Master of £12:8.

The committee report that there appears an account of Regimental funds from Colonel Peters of the Queen's County Regiment, which the committee approve, leaving a balance in the Quarter Master's hands of £17:14. Col. Leonard has submitted an abstract account of fines recovered in the two battalions of the King's County, which appears correct; it is accompanied with a Letter alluding to two accounts of Mr. Justice Coffin, before whom the delinquent fines appear to have been collected to the amount of £10:10.

The committee remark that in these accounts the fees of recovery appear to have been taken from the amount of the fines which the committee think

incorrect, and that the individual delinquents were liable for them.

Quarter Muster Hendrick's account, with the vouchers of fines and disbursements of the St. John County Militia, certified by the commanding officer, appear to be fairly stated and correct.

Colonel M'Kay has presented an account of fines and disbursements of

the two battalions of the Charlotte County Militia.

On these accounts the committee remark that there have been none collected by him for the year, 1811; that the exempt fines to the amount of £7. remain in the hands of the Widow of the late Clerk, who refuses to pay the same, and that the balance due him amounts to £8:4:10.

From Westmorland there appears no account.

From Northumberland there is a return from one of the battalions signed

Resolved that Mr. Odell and Mr. Robinson be a committee to meet the committee of the Assembly in conference on the resolutions of supply. Ordered that Mr. Robinson notify the same to the Assembly.

Wм. F. ODELL, Clerk.

The committee of conference of the Assembly on the subject of the Resolutions of supply, report that they have had this day a conference with the committee of Council and received from them in writing, reasons in support of their objections to certain articles which are as follow, viz.

The Council instruct the committee of conference on the resolutions of

supply, to state,

1st. that the Council agree to all the resolutions, excepting the resolution granting an allowance to Charles I. Peters, Esq. as Solicitor to the House of Assembly.

2d. to the following items in the account of Jacob S. Mott No. 4, viz. April 13, 1812,—Advertising the whole of the Acts of Assem-

bly, by order of the Attorney General, £10:0:0

May 2, ,, Printing 6 quires Marriage Certificates at 10s. 3:0:0, 12, ,, 8 Royal Gazettes, delivered to the Attorney

General, at 6d. - - - - - 0:4:0

1st. To the first of the resolutions here specified, the Council object, because the office of Solicitor to either House in General Assembly is un-

H

known and unprecedented, and in the opinion of the Council unnecessary; the Council however will not dissent to the allowance in question if made expressly for services performed by Mr. Peters by direction of the Assembly.

2d. To the abovementioned items in Mr. Mott's account, because these charges are for services not duly authorised. Wm. F. ODELL, Clerk.

The committee of conference of the Assembly on the subject of the Militia Bill, report that they have had this day a conference with the committee of Council, and received from them in writing reasons in objection to the said Bill which are as follow, viz.

The committee of the Council in conference on the Militia Bill are in-

structed to state,

That the provision made in the Bill for ordering out the Militia for six days, and for furnishing them with rations of provisions during that time may be rendered ineffectual, unless the Bill shall also provide for the payment of this expence out of the Province Treasury, in case the same shall not be provided for by His Majesty's Government.

That the Council are of opinion that all expences arising under the Bill, the payment of which out of the Province Treasury is contemplated by the Legislature, should be expressed in the Bill to be so payable, and they conceive the bounty mentioned in the 27th section of the Bill to be of this nature.

That the operation of the present Bill by repealing the former Militia Acts without other provisions than are contained in it, might possibly be to disband and discharge from further attendance the Militia now called into actual service, under those Acts.

That some of the abovementioned provisions as well as many others which it may be expedient to adopt in order to render the Militia Laws more effectual for the public defence, the Council conceive can only origi-

nate constitutionally with the House.

That the Council foresee insuperable difficulties in their attempting by way of amendment to introduce such provisions as would render it more effectual than the existing Laws on the subject, and have therefore thought it advisable in a matter of so great moment to make this communication to the Assembly before any final question shall be taken by them upon the Bill.

WM. F. ODELL, Clerk.

The House resolved itself into a committee of the whole on the amendments proposed by the Council to the Bill to provide for the accommodation and billeting of His Majesty's troops and the Militia when on their march. Ordered that the House do request a conference with the Council on the subject of the amendments by them proposed to the Bill to provide for the accommodation and billeting of His Majesty's troops and Militia when on their march, and that the Attorney General, Mr. Ward, and Mr. Dunn, be

a committee to acquaint the Council therewith.

and ordered that they do acquaint the Council therewith.

therewith, and manage the same on the part of the House.

Resolved unanimously, that the House will not go into the consideration of the amendments proposed by the Council to the Bill for laying a duty upon goods imported into this Province by non-residents, because this House cannot admit it to be the right of His Majesty's Council to amend a money Bill.

A Message from the Council with the following resolution, to wit: COUNCIL CHAMBER, 12th FEBRUARY, 1813.

Resolved that the Council do agree to the conference proposed on the subject matter of the last conference on the Militia Bill and that Judge Chipman and General Coffin be a committee to manage the same. Ordered that General Coffin notify the same to the Assembly.

WM. F. ODELL, Clerk.

Resolved that a conference be requested with the Council upon the subject of the conference held upon the resolutions of supply, and that the committee appointed on the former conference do acquaint the Council

therewith, and manage the same on the part of the House.

The House of Assembly direct their committee of conference upon the subject matter of the last conference with the Council upon the Militia Bill to state to the committee of conference on the part of the Council, that the House will take into consideration without any unnecessary delay the important matter suggested upon the former conference by the Council, and further to request that the Bill may be returned to the House.

Mr. Attorney General from the committee appointed to prepare reasons to be laid before the House in reply to the amendments proposed by the Council to the Bill to provide for the accommodation and billeting of His Majesty's troops and the Militia when on their march, reported as follows,

to wit:

The House of Assembly direct their committee of conference upon the subject of the amendments proposed by the Council to the Bill to provide for the accommodation and billeting of His Majesty's troops and Militia when on their march, to state that the House are willing to concur with the Council in the amendment proposed in the second section, at B. although they are satisfied that the expression "City and County" is the more correct, but that the House cannot concur in either of the other proposed amendments for the following reasons, to wit:

. 1st. Tavern Keepers appear to be the only description of publicans who are by Law bound to provide for travellers, and no persons of any other description can sell spirituous or strong liquors of any kind to be drank in their Houses.

2d. The fluctuation at this time in the prices of provisions as well as the great difference in the prices in different parts of the Province, will not in the opinion of the House admit of the fixing a rate for the meal to be furnished to the soldier without doing injustice either to the Tavern Keepers or the soldier.

Sd. The House deem it of the utmost importance at the present crisis to provide better at all events for the lodging of His Majesty's troops and the Militia when on their march, and in most cases it will be necessary to resort to private Houses for the want of a sufficient number of Taverns.

4th. If the proposed amendment as to the description of vessels to be impressed into the service for the accommodation of the troops on their march, should be concurred in, the object would be defeated, as the House are of opinion that in many cases vessels or boats of a smaller burthen than five tops would be the most useful for the purpose intended.

The committee are directed further to state that from an ardent desire to despatch the unfinished business without any delay that can be possibly avoided, the House have proceeded to deliberate upon the amendments proposed to the Bill in question, although they were well aware that such amendments could not be made by the Council consistently with the usage of Parliament, without an interference with the privileges of the House, this being a Bill imposing a burthen upon the people.

The House then adjourned until to-morrow morning at 11 o'clock.

SATURDAY, the 13th day of February, 1815.

PRAYERS.

A Message from the Council with the following resolution, to wit: COUNCIL CHAMBER, 18th February, 1813.

Resolved that the Council do agree to the conference proposed on the subject of the conference on the resolutions of appropriation, and that Mr. Odell and Mr. Robinson be a committee for the purpose. Ordered that Mr. Robinson communicate the same to the Assembly.

WM. F. ODELL, Clerk.

A Message from the Council with the following resolution, to wit:

COUNCIL CHAMBER, 13th FEBRUARY, 1813.

Upon the report of the committee of conference on the subject of the amendments of the billeting Bill, resolved that although the Council still consider the billeting of soldiers upon private Houses to be an infringement of the rights of the subject, yet under the present emergencies, and as the Bill is limited to one year, the Council will not insist upon the amendments objected to by the Assembly. Ordered that Mr. Saunders communicate this resolution to the Assembly.

Wm. F. ODELL, Clerk.

The House in committee, Mr. Leonard in the chair, went into the re-consideration of the Bill for regulating the Militia. The Speaker resumed the chair, the chairman reported that the committee had made some progress on the Bill before them, and asked leave to sit again. Ordered that the report be received.

Mr. R. Pagan from the committee of conference on the subject matter

of the former conference on the resolutions of supply, reported for the consideration of the House the following reasons, in answer to the objections of the Council to a part of such resolution, viz.

1st. That the House will in the Bill of appropriations, so express the grant to Charles I. Peters, Esq. for services performed by him as to correspond

with the proposal of the Council.

2d. That as to the other articles objected to, namely the three sums contained in the account of Jacob S Mott, the King's Printer, it appeared by a communication from the Attorney General a Member of this House, before the resolution passed that the services for which the charges were made, were performed by the Command of His Honor Mr. President Hunter, communicated to the Printer by the Attorney General, who in obedience to the President's directions prepared the abstract of several of the Laws for the press, and distributed the blank certificates of marriage throughout the Province, and wrote letters upon the subject to the clergy of the Romish Church, inclosing to them the newspapers containing a copy of the Act for registering marriages.

That as these services appeared and still do appear to the House to have been necessary, and duly authorised, they therefore hope the Council will

agree to these appropriations.

On motion of Mr. Street that the first of the foregoing reasons on the grant to Charles I. Peters, Esq. as "Solicitor of this House" would go to admit an interference on the part of the Council in the mode of appropriation, and would therefore be injurious to the privilege of this House to

prescribe the mode in all articles of appropriation.

The House resolved itself into a committee of the whole on the reasons offered by the select committee for the consideration of the House. Mr. Allen in the chair, the Speaker resumed the chair, and Mr. Allen from the committee reported that they had gone into the consideration of the business to them referred, and had directed him to report that they had agreed to the following resolution, to wit:

Resolved that to the first objection of the Council the House cannot agree, as the Council by their proposal direct the mode of appropriation, and prescribe conditions on which they will give their assent thereto, which is altogether unparliamentary; and that to the second objection they agree to the reasons offered by the select committee for the consideration of the House; which report was accepted. Ordered therefore that the select committee do acquaint the Council with the said resolution in answer to their first objection, and state the reasons agreed to by the committee in reply to their second objection.

A Message to the House from His Honor the President, by the Gentle-

man Usher of the Black Rod, as follows, to wit:

"NEW-BRUNSWICK, 13th February, 1813.

#### "G. S. SMYTH.

" MESSAGE to the HOUSE of ASSEMBLY.

"The President directs to be herewith laid before the House of Assembly an estimate of the probable amount of expences which for the defence of the Province may be unavoidably necessary to render effectual the services of the Militia in the course of the current year, and he recommends it to the House to make provision for such part of these expences as cannot be defrayed out of the balance remaining of the sum of ten thousand pounds, granted at the last Session of the General Assembly.

"The President cannot but indulge the hope that the representatives of a brave and loyal people, will on this most urgent occasion employ every practicable means in aid of the exertions made by the mother country for

the safety and protection of this colony.

Estimate

G. S. S."

Estimate of expences which are considered as probably necessary in the course of the current year in aid of the exertions made by the mother country towards the defence of the Province; such pay as may be made to embodied Militia in addition to the pay and allowances made to His Majesty's regular troops for such number of non-commissioned officers and privates as may for any time be necessarily employed, probably equivalent in the whole to eight hundred men for twelve months, which at the present bounty of one shilling per day to each man, will amount to fourteen thousand six hundred pounds.

A Message from the Council informing the House that the Council bave agreed to the Bill in further addition to an Act, intituled an Act to regulate the terms of the sittings of the Inferior Courts of Common Pleas in this Province, and to enlarge the jurisdiction of the same, and for the summary

trials of certain actions, with amendments.

The House adjourned until Monday next at 11 o'clock.

The House in committee, Mr. Leonard in the chair, went into the re-consideration of the Bill for regulating the Militia. The Speaker resumed the chair, the chairman reported that the committee had directed him to report that it is their opinion that the Bill should be referred to a select committee, and that upon that question the committee had divided,

YEAS. YEAS. NAYS. Mr. Auc., Mr. Fraser, Mr. Belding Mr. Attorne Mr. R. Pagan, Mr. Easterbrooks, Mr. W. Pagan, Mr. Dunn, Mr. Chapman, Mr. Humbert, Mr. Belding, Mr. Attorney General. Mr. Ward. Mr. Johnston, Mr. Peters, Mr. Street, Mr. Taylor. Mr. Speaker,

Mr. Agnew, and the same passed in the affirmative. Ordered therefore that the further re-consideration of the Bill for regulating the Militia be referred to Mr. R. Pagan, Mr. Humbert, Mr. Agnew, Mr. Peters, and Mr. Chapman, as a select committee appointed by the House for that purpose.

The House proceeded to take into consideration the amendments proposed by the Council to the Bill in further addition to an Act, intituled an Act to regulate the terms of the sittings of the Inferior Courts of Common Pleas in this Province, and to enlarge the jurisdiction of the same, and for the summary trials of certain actions, and the same were read and are as follow, viz.

Preamble, at A. dele the remainder of the Bill, and insert "in and by an "Act made and passed in the thirty fifth year of His Majesty's Reign, inti"tuled an Act to regulate the terms of the sittings of the Inferior Courts of "Common Pleas in this Province, and to enlarge the jurisdiction of the same, "and for the summary trials of certain actions;" no times were appointed for holding the additional terms of the Inferior Courts of Common Pleas for the County of Northumberland.

Be it therefore enacted by the President, Council and Assembly that the additional terms of the said Court in the said County, shall be held on the third Tuesday in May, and the first Tuesday in November, in each and every year. The said amendments being severally read a second time, upon the question severally put thereupon, were not concurred in by the House.

That the following resolution was moved by Captain Agnew, and seconded, to wit:

Resolved that the House of Assembly of New-Brunswick cannot view the departure of the 104th Regiment from this Province, without feeling every solicitude for a corps raised in this Country, and destined they trust long to continue its pride and ornament, the House have observed with peculiar pleasure that the merit of the officers and men of this regiment, has been such as to have induced His Majesty to confer upon it a high mark of His favor and approbation, in numbering it with the line; and the House take this occasion to express the high sense they have of the propriety of conduct observed by this regiment during its continuance in this Province, upon which motion the House divided,

YEAS. NAYS. Mr. R. Pagan, Mr. Easterbrooks, Mr. W. Pagan, Mr. Chapman, Mr. Humbert, Mr. Dunn. Mr. Ward, Mr. Leonard. Mr. Belding, Mr. Johnston. Mr. Peters, Mr. Attorney General, Mr. Fraser, Mr. Allen, Mr. Taylor, Mr. Street. Mr. Agnew.

and the same passed in the affirmative. Resolved that the above resolution be presented by the Speaker.

TUESDAY, the 16th day of February, 1815.

PRAYERS.

The Speaker reported that in compliance with the resolution of the House of yesterday, he had presented to Col. Halket, commanding the 104th regiment, the resolution of yesterday agreed to on the expected departure of the said regiment for Canada, and that he had received from Col. Halket, the following reply thereto on behalf of himself and the said regiment, to wit:

"FREDERICTON, 15th FEBRUARY, 1813.

"SIR.—I have this day had the honor to receive through you, their "Speaker the resolution of the House of Assembly of this Province, expressive of their sentiments upon the removal of the regiment under my command from the Country, and also their marked approbation of its general good conduct whilst in it.

"Such honorable testimony of merit must always dwell on the recollection of every individual of the corps to whom I have communicated the
same, and serve for the future to create an emulation amongst them for
its long continuance, in the certain hope of rendering themselves worthy
of such marked distinction from the Country in which they were formed.
I have therefore united with our sincere regret at parting to offer you the
uniform thanks of myself, the officers, non-commissioned officers, and
privates of the 104th regiment, and to remain, with the greatest respect,

"Your most obedient servant, &c. &c. &c. "A. HALKET, Colonel, Lieut. Col. 104th regiment. "To John Robinson, Esq. Speaker of the House of Assembly, &c. &c."

Mr. R. Pagan from the select committee appointed to go into the further re-consideration of the Bill for regulating the Militia, reported that the committee

committee had re-considered the said Bill, and had directed him to report sundry amendments by them proposed thereto. The House accordingly resolved itself into a committee of the whole to take into consideration the said proposed amendments. Mr. R. Pagan in the chair, the Speaker resumed the chair, the chairman reported that the committee had taken into consideration the business to them referred, had agreed to the said amendments, and directed him to report the said Bill with such amendments. Resolved that the House do accept the report, and ordered that the said Bill with the amendments be engrossed.

A Message from the Council with the following resolution, to wit: COUNCIL CHAMBER, 16th February, 1813.

Resolved that the Council do request a conference with the Assembly on the subject matter of the last conference, on the subject of the resolutions of supply. Ordered that Mr. Odell communicate the same to the Assembly, and at the same time inform the House that the Council have appointed the committee on the last conference to manage the same.

WM. F. ODELL, Clerk.

Resolved that the House of Assembly do agree to the conference proposed by the Council on the subject matter of the the last conference, on the subject of the resolutions of supply. Ordered that Mr. R. Pagan and Mr. Agnew be a committee to manage the same, and acquaint the Council therewith.

The House in committee, Mr. W. Pagan in the chair, went into the consideration of a Bill for the further increase of the Revenue of this Province, the Speaker resumed the chair, the chairman reported that the committee had agreed to the said Bill with amendments. Ordered that the Bill be

engrossed.

Mr. R. Pagan from the committee appointed to conduct the conference with the committee of the Council on the subject matter of the last conference, on the subject of the resolutions of supply, reported that they had confered this day with the committee of the Council thereon, from whom they had received the following reasons in support of their former objection, to wit:

The Council instruct their committee in conference on the subject of the last conference, on the subject of the resolutions of supply to state,

That the Council observe with concern that they are charged by the Assembly with unparlimentary conduct, in discharging what they conceive to be their indispensable duty by declining to recognize an office hitherto unknown in the constitution, and to the erection and establishment of which they conceive neither the Council nor the Assembly to be competent, leaving at the same time the power of the Assembly uncontrouled in making express provision for the services in question, as performed by their direction, and the Council are persuaded that on a re-consideration of the subject the Assembly will not insist upon making the provision in question in terms to which the Council feel it to be their duty to object.

That with regard to the objections to the items of expence in Mr. Mott's account, as the Assembly are satisfied that they were actually incurred by the command of the late President, the Council will not adhere to these objections, although the Council deem it necessary to observe that expences incurred by order of the President or Commander in Chief of the Province should be so expressed in the accounts to be laid before the General Assembly.

WM. F. ODELL, Clerk.

The House then adjourned until to-morrow morning at 11 o'clock.
