## BOY SET THE ANNAPOLIS FIRE

Tommy Miller, aged 12, has confessed to Detective Kennedy that he set the Annapolis fire. He told the officers that he started the blaze to see a man put water on the fire with a hose, and when he lighted the fire he says that he did not remember there was no water available to put it out. The boy, who has been arrested, previously served a term in a Reformatory school in Halifax and had only recently been sent home.

Prime Minister Meighen will visit Nova Scotia next month. He will speak in Digby, Oct. 4, in Halifax, Oct. 5, in New Glasgow, Oct. 6, Sydney, Oct. 7 and in Truro, Oct. 8.

## Sacred Musical

### Greatly Enjoyed at the Tabernacle

Last Sunday evening a good number were present at the Tabernacle, and listened with much pleasure and profit to a Sacred Musical which was made possible largely through the kind help of Miss Alice Rising, of St. John, who some years ago, while in Wolfville, interested herself and raised money to buy the "Doherty" organ which is still being used in the Tabernacle Services.  
The following programme was presented:—  
1. Singing—"True Hearted, Whole Hearted".  
2. Scripture reading by Mr. Patriquin, and prayer by Rev. Mr. Roop.  
3. Chorus—"When Love Shines In".  
4. Vocal Solo—"It was for Me", Mrs. Barteaux.  
5. Guitar and Voice The Misses Roop.  
6. Vocal Duet. The Misses Threthewey.  
7. Reading—"By the Side of the Road" Miss Helen Schurman.  
8. Solo and Chorus—"Alone"—Mrs. Roop and Male voices.  
9. Violin Solo—Berceuse from "Jocelyn"—Miss Zelma Threthewey.  
10. Vocal Solo—"Gathering Jewels"—Mrs. Roop.  
11. Guitar and Voice. The Misses Roop.  
12. Chorus—"You May Have the Joy Bells".  
13. Vocal duet—"The Glad Message"—Mrs. Barteaux and Miss Rising.  
14. Collection—With organ Voluntary.  
15. Singing to close—"How Firm a Foundation".

## GRAND PRE ITEMS

Mrs. A. Bishop and Mrs. W. A. Woodman are spending a few days in Lockeport, guests of Mrs. Ross Hammond.  
Miss Annie Martin, of St. John, N. B., is visiting here, the guest of Miss Annie M. Stuart.  
Miss Mabel Borden left last week for Windsor, where she will attend "Edgehill".  
Mr. and Mrs. F. H. Crane left last week on a motor trip to the South Shore and Yarmouth.  
Mr. Irving Boates left a few days ago for Brooklyn, N. S.  
Mrs. F. M. Slade and family who have spent the summer at Evangeline Beach, returned to Westmount, P. Q., last week.  
Miss Mary Eaton has reopened her Tea Room here.  
Miss Nace McLeod is the guest of Mrs. James McRae.

## New Appointments

### Four Additions to Staff of Acadia University

Four new appointments have been made for the year 1921-22 at Acadia University and the staff has been strengthened considerably thereby.  
In addition to the work given by Dr. Cutten, President of the University, Dr. Chester E. Kellogg has been appointed as Professor of Psychology and Education. Dr. Kellogg received the degree of Bachelor of Arts from Bowdoin College; Master of Arts from Harvard and later his Ph. D. from Harvard. He was assistant in Psychology at Radcliffe college; lecture at Bryn Mawr; and Instructor at the University of Minnesota. Since September 1917 he has been connected with the United States Army as Psychologist, working as psychological examiner at various camps, and as chief educational officer in two base hospitals. In addition to general courses in psychology and education Dr. Kellogg will give courses in practical psychology and experimental psychology and systematic psychology.  
In the Department of geology, William Maximilian Rau has been appointed as Professor. Professor Rau is a graduate of Bridgewater Normal School and honor graduate of Wesleyan University, and has taken his Master of Arts degree at Harvard. He has been instructor in geology and physical geography at Normal School, and assistant in economic and structural geology at Harvard. During the last two or three years he has been in economic work in connection with different oil and mineral companies, spending most of his time as geologist for the Northern Oil Company of Edwards N. Y. He has also had experience in geology in Georgia, Tennessee, Connecticut, and Massachusetts.

The chair of Romance Languages has been filled by the appointment of Robert O. Conant, of Dartmouth. Mr. Conant is a graduate of Dartmouth College and took his graduate work at Yale. For the past two years he has been instructor in Dartmouth College where he has done exceptionally good work. He will teach French and carry on the work in Spanish which has been continually done at Acadia for the past eight years.

Miss Edith M. White has been appointed Dean of Women and Instructor in practical Sociology. Miss White is a graduate of Mt. Holyoke College, Attleboro, Mass., where she entered the Y. W. C. A. training centre in New York. Following this she became Welfare Secretary for Colgate Factory, where a large number of young women are employed. She then became Industrial Secretary of the Y. M. C. A., Springfield, Mass. In 1920-21 she did graduate work in sociology at Columbia University and this past summer has been tutor at Bryn Mawr School for industrial workers. Miss White will have charge of the young women of the college and will carry on the special courses in social service which were inaugurated at Acadia to years ago.

## MEMORIAL MONUMENT CAMPAIGN

To our fellow citizens of Wolfville:—  
We have been silent for some time but silence does not always denote inactivity.

There were those who sadly predicted that the Campaign would be forgotten—that our enthusiasm would burn itself out or be extinguished by the first refusal. But the Campaign is still on, and neither our individual nor our collective enthusiasm has been even dampened by the first refusal nor even by the five which we have suffered to date.

We are continuing to receive voluntary subscriptions—we are continuing our canvass and we are continuing to meet with fair success. Each week we publish our Progress Report, and at the end of the Campaign, which is now in sight, we intend to publish the names of those who have contributed and also, that none may feel slighted, the names of those who have refused. If any name is inadvertently omitted its owner may obtain full satisfaction on application to the Committee.

We offer no criticism of the present Monument but we feel that it can be improved. We are grateful to the committee who erected it, for but for their unselfish devotion to civic affairs we might easily have no Town Memorial, and our invitation to join us in our efforts is still and will remain open to them.

But we have determined that the Campaign shall not fail for lack of effort on our part and we still count on the support of every individual citizen of Wolfville.

Once more may we solicit your prompt and unstinted support in this matter which concerns us all as citizens of Wolfville and especially as "those for whom they died".

Very sincerely yours,  
R. B. BLAUVELDT,  
for G.W.V.A. Memorial Committee.

The tourist business continues good, many motor parties visiting Wolfville these fine days.

## Splendid Exhibition

### Held at Port Williams—Other News of the Village.

The 4th Annual Exhibition of the five schools (Greenwich, White Rock, Church St., Town Plot and Port Williams) was held in Citizens Hall last Friday and was voted the "Best Yet". The Committee in charge certainly deserves credit for its improved arrangement of the Hall that gave the exhibits a better showing. A new feature was the Prizes offered by Mr. R. W. Tufts (Chief Federal Migratory Bird Officer) for the identification of native birds from pictures. Several competed but Emery Gates and Olivia Harvey carried off the prizes, Emery making the splendid showing of 99 points (out of 100), and Olivia (8 years old) making 76. Later in the evening Mr. Tufts showed a number of birds with the moving picture apparatus, giving a description of their habits, etc., which was an education to the parents as well as school children. The prize list offered in the Exhibition amounting to \$130.00 included Vegetables and Fruits, Cut Flowers, Manual Training, Domestic and Rural Science and School Work, and the exhibits in all sections would do credit to a Provincial or County Fair.

Space forbids the detailed mention of the Special prizes given by individuals; but the Best Collection of Native Woods (\$30.00) won by Frank Woodworth, of Town Plot, was an exhibit to be proud of. Very neatly mounted and labelled, his 62 specimens made a splendid showing, as did also Mason Cogswell's prize case (\$10.00) of Moths and Butterflies. The speech on David Lloyd George (\$3.00) delivered by Hilda Johnson (Church St.) was also worthy of special mention also the Essay on "Kings County History" by Madeline Elliot (\$2.00). An exhibit attracting much attention was the 6 varieties of canned Vegetables (\$5.00) put up by Jessie Bishop, Greenwich, which should hold its own in the Dominion Exhibition at Toronto.

An effort is being made to increase the Prize List, for another year as it is hoped this will become an annual permanent affair. The Women's Institute is to be congratulated on the undertaking that has grown and been so beneficial to the schools included.

At the September meeting of the Women's Institute Mrs. Rundle-Woolcock of England, who is spending the month here, Mrs. Bedford Chase, gave a very interesting and instructive address on Rhodesia, S. Africa. After dwelling on the geographical and historical parts she told of the manners and customs of the natives, giving many amusing reminiscences of her life among them. Mrs. Woolcock has travelled extensively and holds her audience interested on any subject. She has promised, if still among us, to continue her talk on Rhodesia at the October meeting, an time did not allow her to finish.

The Institute enjoyed a very pleasant visit with the Sheffield Mills Society this month. Another invitation is waiting to go to Medford.

Mrs. Lorimer, of Hantsport, visited her daughter, Mrs. Capt. Faulkner last week. She was accompanied by Mrs. Johnson and Mrs. Kent, of Truro, relatives of Mrs. Faulkner.

Mr. Judson Bezanson, of Waterford, Conn., has been spending two weeks with his parents Mr. and Mrs. Jos. Bezanson, of Cherry Brook Farm.

Miss Gwendolyn Fullerton is the happy possessor of a new Studebaker auto—the gift of her father.

The Baptist Sunday School will celebrate Rally Day next Sunday (25th), when the program prepared by the Joint Committee of S. S. Boards, will be given.

## CANNING ITEMS

Canning Public School held an Exhibition on the School grounds Wednesday, following athletic exercises and a game of football. A fine showing was made of farm products, prizes for excellence to be announced later. The efforts of girls and boys in Domestic Science and Wood Working evidenced marked ability. Dr. DeWolfe and Miss Baker, of the Normal Science Department, Truro, addressed the students. On Friday evening a continuance of the exercises will be held in the Armouries, when the literary and dramatic talent of the pupils will be featured.

Capt. Johnson Spicer and Mrs. Spicer are spending some days with Mrs. N. W. Eaton.

The Rev. T. Hodgson being on his vacation, the Rev. H. Barber fills the pulpits of both the Methodist and Baptist churches.

Rev. Wilfred Burbridge, one of our own boys, has filled the pulpit here and at Scotts Bay very acceptably.

At a convention of the Liberal Party, held at Lunenburg on Monday, Mr. William Duff, M. P., was nominated by standing vote as the candidate for the county for the forthcoming Federal election.

## Schooner Burned

### Four-masted Schooner Burned in Avon River near Hantsport

The four-masted schooner Charlotte Comeau was destroyed by fire in the Avon River, near Hantsport, on Friday last. The fire started in the galley and was observed by the crew when the ship was about opposite Horton Bluff. All the fire-fighting apparatus they could command was immediately brought into play, but apparently had no effect on the rapidly advancing flames. The fire got into the forward deck-house and notwithstanding the strenuous efforts of the crew to quench it, spread along the deck. The rigging and after part were soon a mass of flames, and the crew, forced to abandon the unequal fight, had barely time to jump for the boats.

The ship was abandoned at 7:20 p.m. and during the night burned to the water's edge. Captain Casey went down the river the following afternoon with a tug. He found only that part of the hull immediately above the water-line where the flames had burned themselves out. At 3 p.m. the ship filled and, heeling over, sank very slowly.

The vessel was valued at about \$110,000 and was sailing light, being on the way to Windsor to load. She was owned by the I. M. Comeau Shipping Company, of Lower Cove, Digby County, and was under the command of Captain Casey. At the time of the disaster she was under charter of Nagle and Wigmore, shipping agents of St. John, N. B.

## BUILDING OPERATIONS

The new school building is progressing rapidly. The walls are completed and the roof is boarded in. It is hoped that one room will be ready for occupancy in about a month to relieve the congestion at present making necessary the use of the town hall for a class room.

The foundations for the new Bank of Montreal building are now completed and the work on the walls will soon be commenced.

The work on F. W. Barteaux's new store is going forward rapidly. The foundation is completed and a start has been made on the walls. Mr. Barteaux has decided to build the walls of solid brick instead of brick veneer.

Messrs. R. E. Harris & Sons expect soon to commence the erection of an addition to their store. The new part, which will be of brick veneer, will be used exclusively for their meat business.

The Wolfville Fruit Company's new warehouse is now about completed and a good start has been made on the store.

## Springhill Wins Championship

By defeating Middleton in a closely contested game at Truro on Wednesday, the Springhill baseball team became the champions of Nova Scotia. With the score a tie at the end of the eighth innings Springhill made the winning run in the ninth, the final score being 4 to 3. Springhill's heavy battery of batters failed to connect with the heavy pitching of Dodge who allowed only one hit in the nine innings, but the steadier support of the minding town players behind the speed and cleverness of Rideout won the game for them.

Middleton opened the scoring and secured two runs in the first inning. There was no further scoring until the seventh when Springhill scored three runs on errors by the Middleton team. Middleton made one run in this inning, tying the score. As stated above Springhill scored the winning run in the ninth inning.

## THE LIBERAL-CONSERVATIVE PARTY AND THE WOMAN VOTER

Mr. H. P. Newcombe, who is appearing on the public platform in various parts of the county in behalf of the Liberal-Conservative Party, made at Centreville, Wednesday evening, the following interesting statement:

"To the woman portion of the electorate there seems to me only one thing to say. You have the ballot, what you will do with it lies with yourselves. Why stand aloof from an active participation in politics? Some of you are saying that there are sometimes matters in connection with political affairs which are not ideal. Is this the reason why some women voters are content to allow the men voters make the policies, the party platforms, make and control the party organizations and when the men voters have nominated their candidates you will simply go to the polls and place your authorization upon what has already been done by the men. My answer to this attitude is this—do not now close this door of opportunity opened to you to bring your great and needed influence to bear for better politics. At this hour you possess an equal power and there is a corresponding obligation upon you. The responsibility for good government, for good politics from now hence forth rests equally upon your shoulders. Take our political institutions as you find them, better their functioning if you will and redouble them to the service of your community and to your country."

**UNITED BAPTIST ROLL CALL AT CANNING**

The annual roll call of the United Baptist church, of Canning, was held on Wednesday, Sept. 14th, the Pastor, Rev. H. Barber, presiding. The service opened by the singing of a hymn after which Rev. William Ainley, of the Methodist church, led the congregation in prayer, which was followed by the reading of scripture. Rev. H. Barber, then extended a welcome to those present, after which the clerk, L. M. Ward, called the roll. Rev. A. J. Prosser, of the Upper Canard Baptist church, then addressed the audience, defining the real purpose of the old established custom, of roll call. To determine where members are, the progress they are making to the inspirational value, to those present, all of which is constantly changing.

Rev. William Ainley of the Methodist church, then addressed the congregation, impressing on us, that where God dominates our lives, our mouths are filled with testimony. There is a place where each word for Christ, will be recorded, and hearts that will be impressed.

An invitation was extended to all to spend a social hour with Rev. H. Barber and Mrs. Barber, to which the congregation of the Baptist church, and visiting ministers had been invited. A delightful supper followed, more than a hundred being present.

The evening service presided over by Rev. H. Barber, was addressed by Dr. H. T. DeWolfe, of Acadia Seminary.

Rev. W. Ferris, then led in prayer, which was followed by a duet by Miss Josephine Harris and Miss Isabel Meek, with special music by the choir. Thus ended one of the finest roll calls in the history of the church. The collection amounted to \$190.00, which will be added to the wiping out of the debt of the church, which is \$1,000 mortgage on the Parsonage, and \$500 current expenses, which will clear the church of debt.

**BOIL THE DRINKING WATER AFTER RAINFALLS**

[Issued by the Department of the Public Health, Nova Scotia.]

There has been exceptionally little diarrhoea and other intestinal disorders among the people of our province this summer.

This is doubtless due to the fact that there has been little rainfall, and consequently little of the surface dirt has been able to gain access to the sources of water supply.

It is to be remembered, however, that this dirt has been collecting, and will undoubtedly be washed into wells, lakes and streams when rains come. Consequently it is most important that water

for drinking or the preparation of food should, for at least four days after each rain fall, be boiled before being used.

Within three or four days, the materials which are washed in by rain will have settled, and further boiling may be unnecessary. But each succeeding rain will wash in more dirt, so that the water should be boiled during the four days which follow EVERY RAINFALL.

Ten minute of brisk boiling will destroy all germs which are likely to cause disease. Boiled water has a "flat" taste, which, however, can be largely corrected by pouring it several times from one pitcher into another.

To save yourself, and especially to save the kiddies from the intestinal troubles which are so common in warm weather, take this simple but effective precaution.

Boil the water! Save the kiddies!

**Fifteen Thousand Bottles of "Redmac"**

Sold in the Maritime Provinces

One of the most remarkable sales ever made. "Redmac" The Tonic from the jungle, containing health giving properties, removing Stomach Trouble like magic. Indigestion, Dyspepsia, loss of appetite and weight, Redmac will fix you up in a few days. The sale of Redmac is rapidly spreading—from far and near the sick are calling for this wonderful Tonic. If you are not feeling up to the mark go and get a bottle from A. V. Rand, your druggist, who has been appointed sole agent for Wolfville.

**OPEN SEASON FOR MIGRATORY BIRDS**

The attention of the sportsmen of the Province is called to the following abstracts from the amended regulations under the Migratory Birds Convention Act.

In Nova Scotia the seasons are as follows:

Geese, ducks and brant (exclusive of Cumberland County), Oct. 15th - Jan. 31st.

Wilson's Snipe and Woodcock, Sept. 15th - Nov. 30th.

Black-breasted Plover, Golden Plover, Greater and Lesser Yellow-Legs, Sept. 15th - Nov. 30th.

It will be noted that the season on Plover and Yellow-Legs is one month later than last year.

All other shore-birds, commonly known as "peep," etc., are continuously protected throughout the Dominion and the United States, until Jan. 1st, 1928.

Daily bag limits have been fixed as follows: Geese, 15, all kinds; brant, 15 all kinds; Ducks, 25 all kinds. Black-breasted and Golden Plover and the greater and Lesser Yellow-Legs, 15 in the aggregate all kinds. Wilson's Snipe, 25, Woodcock 10.

Sink-boxes are not illegal and the "sun-set clause" has been amended to read as follows: Illegal to kill or attempt to kill any migratory game-bird during the night which for the purpose of these regulations is described as being from one hour before sunrise.

No person shall sell, expose for sale, offer for sale, buy, trade or traffic in any migratory game bird, killed or taken during the open season. Copies of the Act containing all the amendments are expected shortly and will gladly be supplied on request to R. W. Tufts, Wolfville.

**DOUGLAS FAIRBANKS'**

latest United Artists production

**"The Mark of Zorro"**

from the "All Story Weekly" novel "The Curse of Capistrano" by Johnston Mc Cully, directed by FRED NIBLO.

"Doug" performs a multitude of neck-breaking agile stunts, wears his infectious smile and throws such a gorgeous amount of devil-may-care "pep" into the role that his admirers hail this performance his best screen offering.

"The Mark of Zorro", a romantic comedy drama adapted from the famous story, "The Curse of Capistrano", and in which the premiere comedian of the screen plays a mysterious masked bandit back in the days before California was the motion picture centre and when the Missions were in their flower.

The new Fairbanks offering is described as containing all the ingredients that go to make up the ideal picture for this star. There are athletic stunts, that even Doug has never excelled. A fine story is a basis of the production. Plenty of comedy has been retained and a pleasing romance rounds out the feature while in no way interfering with the action and the incident on which any good picture largely depends for success.

A most capable cast has been secured in support of the star, among which is Wallace Barry, the screen's most capable villain. The production is elaborate and the thrills provided are unusual. All in all it is a typical Fairbanks picture from beginning to end, which is proof positive that it will please.

Want something snappy... exciting... romantic... full of tense action... bubbling over with romance, chivalry and glamor? Well... here it is!

**GREENWICH ITEMS**

On Tuesday, a young man who used to be "one of our boys", was married to one of Kentville's daughters. We refer to the wedding of John Morse and Miss Myrtle Neary, which took place at 10.30 in the Baptist church, Kentville. Jack's many friends in this place will extend to him and his bride best wishes.

Mr. Merry, who has been relieving station agent here the last month, while Mr. Pearson was on vacation, left us on Monday's 10 o'clock express.

On Monday, Sept. 12th, Mr. T. A. Pearson and daughter Charlena, returned home from Cambridge, Mass., being away almost a week. Miss Esther Pearson is visiting friends in Mass. From there she expects to go to St. Paul, Minn., to visit Mr. Ernest Pearson and wife.

Miss Charlena Pearson left on Monday this week for Annapolis county, where she will visit for a time with relatives.

The sympathy of neighbors and friends of Mr. Humphrey Bishop is extended to him in his recent loss by death of his brother, Mr. Oscar Bishop.

One Sunday recently three auto loads from this place, all friends of Miss Bowers, our head teacher of last year, motored to her home, near Brooklyn, Hants Co., where they spent a pleasant time.

Our students from this place who have been attending Wolfville High School, have resumed their work. Congratulations to Marion Bishop who led her class in last year's work, this making the second year as leader of her class.

Miss Mawhinny, Vice-Principal of Wolfville school, paid a short visit at the home of Mrs. George Bishop last week, and visited the evening sessions of the schools exhibition at Port Williams.

Early Saturday evening, Mr. Hibbert Clowry and mother met with a heavy loss, their home being entirely consumed by fire, while they were absent in Kentville.

Our farmers are busily at work in their orchards, gathering in good crops of apples and the warehouses at the station are employing a good many helpers.

A good number from this place attended the annual exhibition of the schools held at Citizen's Hall, Port Williams last Friday. It was a great success again this year, there being a good showing of vegetables and flowers for such a dry season, and the pupils of all the schools did well in all other exhibits. Our school here did well carrying off many special prizes. The three aeroplane models, the work of Maurice Bishop, attracted great attention, at both the afternoon and evening sessions. A new feature of the exhibition this year was the lantern slide pictures of birds by Mr. Tufts in the evening. He had also offered prizes to the pupils of each school for the identification of one hundred birds from colored pictures. The second prize was carried off by Edith Forsythe of this school.

The population of New Glasgow according to the last census is 8,959, an increase of 40.35 per cent over the census of 1911.

**RUSSIAN BOYS ARRIVE WAVING UNION JACK**

(From the Toronto Star.)

The arrival in Canada of two hundred and fifty "little new-made Russian-Canadian farmers" was an interesting, inspiring, and in some respects very touching sight witnessed by Mrs. Durie, 306 St. George street, and her daughter, Miss Helen F., when they reached Canada a few days ago on the Scandinavian, after spending the summer in France.

"On our way over", said Miss Durie to The Star, "we learned that there were two hundred and fifty little Russian refugee boys on board, between the ages of seven and eight and fourteen years, who were being brought over to be sent out to farms all over Canada. Before landing, they were given Union Jacks to carry, and it was a stirring sight to see the little chaps, heads very erect, walk two and two out the gang-plank to the wharf, dressed in grey caps and suits, each waving the flag of his new country, all singing: 'God Save the King'. The orphan boys had been 'icked up along the Russian border, after making their escape from their own famine and terror ridden country. They looked quite delighted with themselves and what was happening to them, and as if they intended to be very good citizens."

One thing that astonished Mrs. and Miss Durie in France was the marvelous rapidity with which the country has come back, after the devastation of the war. "We were in thriving towns this summer," said Miss Durie, "which were only heaps of rubbish in the summer of 1919. We spent a whole month in Bully-Grenay. Lens has been rebuilt, cafes, shops, houses, and still the building activity goes rapidly on, swarms of workmen going in every morning and out at night. What is true of Lens is also true of Bully-Grenay, Avion, towns and villages all through the Vimy district, where waving fields of grain and wonderfully filled acres replace the battle-scarred areas of two years ago. The advance in reconstruction has been tremendous, and the people have to thank their own industry and thrift for the returning prosperity."

Reference was made to the attitude of the French people towards Canada. "Everywhere", The Star was told by Miss Durie, "we found a great love manifested for Canada and the warmest cordiality toward Canadian people. At Le Havre, a well known French financier, Mons. Taconet, said to us: 'We will never forget the Canadians. They fought so well for us. They saved our land for us.' That was the attitude we found everywhere."

**ARMISTICE DAY AND THANKSGIVING DAY**

Armistice Day is now a legal holiday, to be observed always on a Monday. If the anniversary of the signing of the Armistice (Nov. 11, 1918) falls on Monday, then the legal holiday is that day; but if the 11th falls on any other day of the week the holiday is not observed then but on the Monday of the same week. This year, the holiday called Armistice Day, will be Monday, Nov. 7. Thanksgiving is to be observed here after on the same day as Armistice Day. This was provided for by an Act passed at the last session of the Dominion Parliament.

Rural Route No. 1, Mascouche, Quebec. The Minard's Liniment People.

Sire—I feel that I should be doing a wrong if I neglected to write you. I have had four tumors growing on my head for years. I had them cut off by a surgeon about fifteen years ago but they grew again till about three months ago I had one as large and shaped like a lady's thumb, on the very place where my hair should be parted, and it was getting so embarrassing in public that it was a constant worry to me. About three months ago I got a bottle of your liniment for another purpose and saw on the label for tumors. Well I tried it and kept at it for exactly two months, with the result that it has entirely removed all trace of the tumor, and were it not that they had been cut fifteen years ago, no mark would be seen. I have not been asked for this testimonial and you can use it as you see fit.

(Signed) FRED C. ROBINSON.

P. S.—I am a farmer and intend using Minard's Liniment on a mare for a strained tendon, and am hoping for some results.

**WHERE THE SHOVELFULS COUNT**

(Floyd W. Parsons in the World's Work.)

An ordinary passenger locomotive consumes a pound of fuel for every fifty-two feet it travels. Each unnecessary stop, made with a heavy freight or passenger train represents a fuel loss of from 500 to 750 pounds of coal, depending on the weight of the train, the length of the stop, and the grade conditions. A brake line air leak on a train of fifty freight cars has been known to cause a loss of as much as 2,540 pounds of coal in a ten-hour period. The loss of coal each time a modern locomotive pops off for five minutes is about seventy-five pounds. If locomotive firemen were to save a little more than one shovelful of coal out of each ton used, the total saving would be equal to nearly one per cent. of all the coal handled.

If men would worry more about the home brood and less about the home brewed, the world would be better.

**THE LESSON ANNAPOLIS TEACHES**

The lesson of the recent Annapolis fire is an expensive one, but its cost may be justified if the lesson is duly heeded and properly learned. Any disaster similar to that which visited our sister town is bad enough, but when the result, as is shown, was in this case altogether unnecessary the situation becomes most regretful. It seems that the young boy, Tommy Miller, was generally recognized as a mental degenerate and a menace to the community. The case of Annapolis is not an unusual one. Those interested in the work of social uplift, and especially as it relates to the boy life of the country, recognize the fact that in nearly every section there are those growing up in an environment that will in all likelihood eventually make for community injury. Over and over again has the need been urged for better institutions for the training of the neglected young and the segregation of those who are, because of mental degeneracy, calculated to prove a common menace. In this county and in every other county in Nova Scotia there is needed a wide reform in this regard, and such reform, if brought about, would certainly tend to the economic welfare as well as the moral interests of all people.

**MR. AND MRS.**

What wonderful thoughts come up when these two abbreviations are printed in a news item—what intense human interest these portray.

In the country weekly paper, they take the one big place in all news items, from the simple visit to relatives, to the larger matters of human life.

"Mr. and Mrs."—the great news item of the universe, the bringer of recollections to the man far from home, who takes his old home town paper, and reads the items of Mr. and Mrs. and lets his mind wander back to the days when he knew the Mr. and Mrs. in knee pants, and shall we say, short skirts. It's the home town paper where the real Mr. and Mrs. news items occur—and to receive the home town paper week in and week out is to know the great happenings of the world, the doing of Mr. and Mrs.

"Subscribe to Your Home Town Paper." If you don't take the home town paper, subscribe now. If you do take it, renew your subscription now.

**THE EXHIBITION**

Interest in the Three Counties' Exhibition which is to be held this year at Windsor on October 4th, 5th and 6th, should now be occupying the attention of the people of Kings, Hants and Annapolis counties. The prize list which has been in the hands of the public for some time is a generous one and portends an interesting and successful show. The terms under which this exhibition is held make it imperative that all the counties should equally engage in promoting the success of the undertaking. This year Hants county primarily is theoretically responsible, but if the fair is to ultimately work the best possible results each county must do its share. With the present indications the 1921 fair should exceed in the number and quality of the exhibits any of the exhibitions so far held. Farmers in this vicinity, who have always taken their full place in provincial and county fairs, should get their entries in at once in order that they may be able to maintain their place and demonstrate the advantages of this county with regard to agricultural matters.

John McCormack, of Sydney Mines, N. S.

CANADIAN FORESTS PUBLICLY OWNED  
The methods of handling forest lands in Canada differ radically from those customary in some other countries. In Canada the different governments sold, and still sell, the timber to the lumbermen and lease them the land on which the timber grows. In some countries a large percentage of the timber land is owned outright by private interests. In Canada 93 per cent. of the timber land is owned by the provinces or the Dominion. The provincial and federal governments collect in stumpage dues and ground rents a revenue of between nine million and ten million dollars per year. No matter whether the forests are owned by the state or by private corporations every citizen is interested in their conservation because of the money their utilization circulates, but Canadians have this additional incentive to care for the forests that 93 trees out of every hundred, cut down bring some revenue directly into a provincial treasury or the Dominion treasury.

THE WEEKLY PAPER A FORCE IN THE COMMUNITY

The following is an account of an address given by Hugh Savage of Cowichan, B. C., before a gathering of the Retail Merchants of Vancouver:

In the country newspapers and those engaged in the retail trade I see two of the greatest forces in community building. In scores of centres in this province these forces are amicably allied, working toward a common goal.

What do I mean by these bonds? Is it the link of materialism, of business, of buying and selling? To a certain extent it is, but it would be a grievous error to imagine that this business tie was the sole tie.

Far greater and more lasting is the pride they share in belonging to and working for the development and betterment of their common community.

The retailer is a business man, but, stripped of his apron and obliging mien, we see him playing a greater part on the stage of his rural life. He is the pillar of the Church, the backbone of the Board of Trade, the business brain behind the activities of the Fall Fair.

Once a farmer supported his desire to canvass the storekeepers for subscriptions by the statement that they were making their money out of him and his kind. Of a piece with this fallacy is the sentiment of those who strive to fan enmity between the rural town dweller and those actually on the land.

We know that the country town or its nucleus, the store and post office near the railway station, are the result of the development—agricultural or otherwise—of the surrounding country.

As a centre grows it becomes the duty and, in general, actually is the self-imposed task, of the retailer, allied with his fellows, to induce settlement, initiate industries, and speed up the wheels of progress.

It is the retailer who is building up the superstructure of our village, on the foundation laid by agriculture or other development. It is the retailer who is in the main responsible for the inauguration of the weekly newspaper.

In return the advertising columns of the weekly press are his greatest ally in treating an influence which, in proportion to its quality restricts the outflow of that trade which might and does still go outside to build up fortunes for the few in the big cities, instead of remaining at home, a life giving trade, creating opportunities and livelihood for more local people.

The past eight years have seen a great change in the relationship of the retailer and the country newspaper. No longer is it necessary for the editor, in his capacity of advertisement salesman, to pound and pound into prospective customers

Nova Scotia Board of Commissioners of Public Utilities

IN THE MATTER OF THE APPLICATION OF THE TOWN OF WOLFVILLE FOR APPROVAL OF AN AMENDMENT TO ITS SCHEDULE OF RATES FOR WATER.

NOTICE

A sittings of the Nova Scotia Board of Commissioners of Public Utilities will be held at the Town Hall, Wolfville, N. S., on Monday, the 26th day of September, 1921, at the hour of 3 o'clock in the afternoon for the purpose of considering the application of the Town of Wolfville for approval of an amendment to its schedule of rates for water.

All persons desiring it will be given an opportunity of being heard at such sittings.

By order of the Board, L. B. TAYLOR, Clerk.

ers the truths of that great power we call advertising.

Every wide awake and progressive retailer knows and realizes that in newspaper advertising he has an indispensable business builder. The rank and file in many branches of trade have awakened to the amazing power of publicity.

There are still those who look on newspaper advertising as an "expense". The ranks of retailers who have "arrived" are swelling with those who look on their advertising as a dividend paying investment, as an additional and indispensable member of their sales staff.

Consider your advertising in the light as buying merchandise. The possession of merchandise alone, no matter how advantageously bought, will never make a merchant rich. He must sell it at a profit to make money. And it is advertising of the right kind that will accomplish this.

The weekly paper is the logical medium for it is taken into the home by at least 85 per cent. of the people. It is read by all members of the family. It is the one journal from which the people buy through the advertisements.

The main thing is that advertising, properly thought out, and persistently inserted in the paper, will bring results. Do not overlook the value of illustrating your message with cuts. Spasmodic advertising will not accomplish results, for its effect is lost just at the time when it is beginning to be felt.

The retailers' advertising is as important as his delivery wagon. Does it not need the wagon? The combined pulling power of the retailer's advertisements of any given community is the best antidote to that bane of rural interests—the city mail order house.

it will be found that, where every retailer in it is alive to the menace, and appreciative of the preventive—as shown by the advertising columns of the weekly press—the percentage of business going outside is less than in the community where lack of advertising patronage is evident.

Retailers, like other classes in business, must hang together or hang separately. Yet in every community there are men who take advantage of the benefit their town derives from its progressive retailers and gives nothing.

One of the strongest reasons I ever heard as an argument against newspaper advertising was that of the retailer who said that he would not advertise as he would have to put on more help to handle the business, and he couldn't afford to pay the help.

Your combined advertising, as shown in the weekly press, is the barometer of the progress and prosperity of your community. It not merely protects you from losing business, but it develops and creates the maximum of business.

The country newspaper has changed greatly in the past eight years. The introduction of modern machinery, the knowledge of costs, the adoption of business methods, is becoming the rule—not the exception—in the weekly office.

The public is a little shaken in its old idea that anything will do "fill up" its columns—news or advertising. The weekly press is giving better service to its patrons, subscribers or advertisers.

You are chiefly concerned with its function of bringing together buyer and seller. Let me say that the bane of every weekly publisher is the retailer who brings in his change of advertisement an hour or so before the paper goes to press.

Every retailer should change his message each week. It means more work for the newspaper, but the paper is out to render the maximum of service and the publisher knows that the best results for the investment of the retailer's money means more business to both.

A word about printing. This was the last commodity to go up in price. It will be the last to go down. Labor costs have recently increased, machinery prices have not lowered, while paper, which was a small percentage of the total cost, is dropping but slowly—and appears to depreciate in quality with the drop.

The retailer and country newspaper, insofar as its advertising columns are concerned, are indispensable to one another. They are allied links in the vast complexity of the machine we call business.

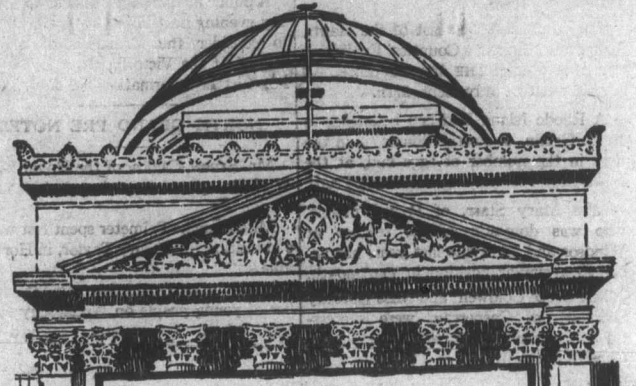

The publisher and retailer touch the lives of their communities at many points. Both minister to the needs and pleasures of their fellows. To both is assigned a great measure of public responsibility.

It is easy to jump the counter and march off to war. It is hard to smile at business worries and to ride straight when the devil pulls. Let me quote a hard headed business American who told a meeting I attended that the greatest text book on business was the Bible. Do not despise his advice, and be sure the Quakers have

nothing by their practice of it. Go back from this convention resolved that henceforth men shall know you by your works, and that the best place to tell them how you do it is in the country newspaper.

YOU can taste them again in memory—those mother-made doughnuts that crowned the old School Lunch. Crisp rings of crackling gold, yielding and porous to the eager bite, nutlike, wholesome, satisfying.

But their goodness is real to-day—for the doughnuts and crullers you make with FIVE ROSES flour are crisper, plumper, tenderer than those of childhood memory. FIVE ROSES makes fried cakes not only delightful, but delightfully wholesome. It is so sturdy and glutinous that it resists the absorption of fat. Bobbing deliciously in the deep sizzling fat, the well-cut cakes crisp at once sealing the dough against penetration with the crustiest brown coat imaginable, while the spicy centre bakes to a porous texture without greasiness or soggy.

#### THE CIGARETTE QUESTION.

The Woman's Christian Temperance Union, considers that there is but one side to the cigarette problem. No battle is too hard to undertake to safeguard the physical and moral good of the young. Although the tobacco trust in its aggressive publicity campaign is spending millions in an endeavor to put a cigarette into the mouth of every American boy, we must not be disheartened but must rally our forces, face the situation squarely, learn the truth about tobacco (cigarettes in particular) and keep from harm, if possible, those not yet victimized by the enemy and reclaim those long since conquered and in bondage to the "little white slaver."

As a rule the cigarette boy leads the class at the foot. His mind lacks attention, application and grasp. This is the universal verdict of teachers and the cigarette boy as well. The statement is also proved by statistics from Harvard, Yale, and the high schools and colleges. The Superintendent of New York City schools declares cigarette smoking is one of the worst habits a boy can acquire; it hinders his growth, it retards his intellectual development, and worst of all, it weakens his will, and thus renders him less capable of resisting temptations to evil courses.

The School Journal tells how a physician proved to a cigarette fiend that he was poisoning himself. "You don't

blame yourself for your run-down condition?" the physician asked. "Not in the least," returned the man. "I blame my hard work."

The physician shook his head. He smiled in a vexed way. Then he took a leech out of a glass jar. "Let me show you something," he said. "Bare your arm". The cigarette fiend bared his pale arm, and the other laid the lean, black leech upon it. The leech fell to work busily. Its body began to swell. Then, all of a sudden, a kind of shudder convulsed it, and it fell to the floor dead.

"That is what your blood did to that leech," said the physician. "You poisoned it." "I guess it wasn't a healthy leech, in the first place," said the cigarette smoker, suddenly. "Wasn't healthy, eh? Well, we'll try again." And the physician clapped two leeches on the young man's thin arm.

"If they both die," said the patient, "I'll swear off—or, at least, I'll cut down my daily allowance from thirty cigarettes to ten." Even as he spoke the smaller leech shivered and dropped on his knees, dead, and a moment later the larger one fell beside it.

"This is ghastly," said the young man; "I am worse than the pestilence to the leeches." "It is the empyreumatic oil in your blood," said the medical man. "All cigarette fiends have it."

##### In Nova Scotia Fisherman's Race

The Nova Scotia Fisherman's Race which has created a great deal of interest among the fishermen of the Province will take place on Saturday, October 15th. The sum of \$1,000 has been offered for the first vessel to cross the line. \$700 will be the second place prize and \$500 will be awarded to the third vessel to finish.

The race will start at nine o'clock in the morning and the largest number of craft that ever competed in any event in Halifax Harbor are expected to be at the starting line. The boats will race over a forty mile course, laid off the Harbor, and it has been decided to stage two races, in order to give every boat a chance to show just what it can do and to insure of the best boat winning out. The contest will be decided on points, that is, the boat making the best showing in the two races will be the prize winner.

Every vessel in the Nova Scotia fishing fleet is eligible to compete in this race which is even now a much talked of event along the coast. The fact that the committee in charge has eliminated all restrictions as regards water line, date of sailing for the Banks, and all other such

**JOHN W. STATES**

The death occurred at the P. M. Hospital, Windsor, on Friday Sept. 16th, of John W. States, a highly respected resident of Avonport. Mr. States was taken ill about two weeks previous to being sent to the hospital where he had an operation performed on his knee from which he never recovered, passing away as stated. He was a man of gentle and kindly disposition greatly respected by all who knew him, a kind and loving husband and father in the home where he will be much missed.

He leaves to mourn his passing a wife; six sons, Randolph and Leamont in the U. S., Carl and Cecil in New Glasgow, Walter in Grand Pre, and Raphael at home; one daughter Myrtle, wife of Rev. W. N. States, of Dartmouth. The funeral service was held on Sunday afternoon, conducted by Dr. MacDonald, of Wolfville, and was very largely attended. Burial was at "Willow Bank", Wolfville. The floral offerings were many and beautiful, showing the esteem in which the deceased was held by neighbours and friends. The sympathy of the entire community goes out to the widow and family in their sudden sorrow.

**6 REELS OF JOY**

"Rock-a-bye baby, by the ash can" sings Charlie Chaplin on his first appearance in "The Kid". Then he offers the baby to a policeman, the first gift he ever tendered to a guardian of the peace in any screen production. What follows is the funniest picture which the comedian has ever made.

The daylight trials of motherhood, the midnight trails of paternity are all for Chaplin in this super-comedy. He was a good mother to the Kid, and when that Kid grew up he sure became a good son; for Charlie is a wandering glazier, and while the Kid went ahead breaking windows Charlie was always at hand to get the job of mending them. And yet there's a sob now then. Never expected that of Charlie, did you? Well here's where you get something more than laughs!

It took a year to make, but the laughs will last that long, too.

Charlie was a good mother to the Kid. He learned all the daylight trials of motherhood and the midnight trails of paternity.
