### Troop Train Enroute To N. S. Strike Areas

A special troop train consisting of nine cars, passed through here Thursday evening about 8 o'clock enroute to the disturbed areas in Nova Scotia due to the strike of the Nova Scotia coal miners. About 250 troops were on board, consisting of detachments

from the 22nd Royal Regiment, the Royal Canadian Dragoons, and the Royal Canadian Regiment, in command of Col. Chasse, D. S. O., of the 22nd.

The train was at the local depot for only a short time, during which time some of the officers and men got out and looked about a bit.

The outfit was well equipped with arms, including machine guns, for either defensive or offensive purposes. The personnel of the party was

### J. D. O'CONNELL'S PICNIC AT RENOUS

The picnic given last Thursday at Renous by Mr. J. D. O'Connell, the "Orphan's Friend" was a great success in every way. The picnic which was free to all was patronized by about 1500 children and their friends. Good things and pennies made the day a happy one and one to be long remembered by those present. Mr. O'Connell was especially pleased with the large turn out of people and enjoyed seeing the children having the time of their lives. The local Salvation Army was holding their picnic at Amos Siding on the same day, and arrangements were made to transport the children in automobiles to Renous where they joined the already large number of picnickers.

It is altogether likely that these picnics on the Miramichi will become an annual event, as has been done in other places, and it is expected next year to hold the picnic in one of the larger centres such as Newcastle.

Mr. O'Connell and his Secretary Mr. H. J. Gaynor have been the guests during the past week of Rev. E. S. Murdoch, Renous, and on Saturday Mr. O'Connell left for Bathurst where he intended spending Sunday with the Attorney General Hon. J. P. Bryne. Mr. Gaynor spent the week-end in Newcastle and Chatham and joined Mr. O'Connell on Monday at Newcastle en-route to Sussex.

A well set-up body of men and the officers were a genial group most of whom were wearing war decorations. The party would say nothing about themselves or their mission but were keen to know what kind of a place they were going to and what was the latest word in the strike situation. They reached Sydney late Friday afternoon.

### MEETING OF LOCAL RED CROSS

On Friday afternoon a number of ladies of Newcastle and Chatham, prominent in Public Welfare Work representing wide spread interests in this part of the Province, met in the Court House to confer with Mrs. S. A. Kuhring upon plans for conducting a campaign next month in this county, in the interest of the Red Cross Society.

Mrs. Kuhring represents the Executive Committee of the Provincial Division of the Canadian Red Cross and in her address she ran over the very broad international as well as the Canadian scope of this great work, which grew out of the revelations as well as the "ruins" of the Great War—bringing to mind that the amazing defects of our civilization in the matter of Health had aroused the Allied Nations, to make a stirring appeal to the Red Cross Societies of all these nations not to disband at the close of the war, but to use their influence to bring home to the citizens of their respective countries the appalling death rate among infants, the wide-spread prevalence of disability among youth, and the recurrence of epidemics and other conditions which are disastrous to populations and to their efficiency as useful citizens.

This effort in due time has come to New Brunswick. Many agencies are now engaged both in spreading knowledge of conditions and the defects under which our civilization is working, and also in carrying out plans for immediate improvement, particularly along the lines of Child Welfare.

The great races upon which our civilization depend are called to be more watchful of the enemies which threaten their downfall, and in Canada at this time, it is truly a national duty of the most sacred kind to work out a future worthy of the great sacrifices that have been made to secure the safety and possession of this Beloved Land. And Canada can only be as great as its citizens can make it.

Also, the Economic situation the present day, demands that we shall cease to allow those systems or lack of system to continue, which are filling Public Institutions to overflowing and causing new ones to be constantly demanded, to care for the increasing wreckage of our population, and disabilities could in so very many cases have been prevented, if proper means and methods of life had been provided in the proper time. The method of work in New Brunswick was then briefly reviewed, and the success of the plan of placing Public Health nurses throughout New Brunswick shown to be assured as the people awoke to its wonderful results where it had been tried. The call for funds, had not so much to do with this plan, as to secure funds for the little treats and indulgences the Provincial Red Cross continue to provide for our invalided soldiers in hospital. The per capita cost of this work of love is small, but it is a continual charge and must be met. It is not only just, but the gift gains in value to the men when they can be told that its cost is sent in from citizens all over the Province, as a tribute of gratitude for what they gave up in the war, that we might be safe and happy in our Beloved Dominion—and that New Brunswick does not forget. The total expenditure from this fund, is about \$6,000 a year and there is nowhere else to go for it, except to the people of this Province. It is not for the welfare of these men,—which is provided by the government but for their cheer and pleasure. Every citizen is asked to contribute one dollar a year to this fund and to the Relief and Expense fund of the New Brunswick Red Cross.

A delightful Pageant with attractive setting will be put on by the local Red Cross branches of Chatham and Newcastle to introduce the campaign to their citizens and will be no doubt be of the greatest interest to all the people of this county. The characters represented are being chosen from among the talent of Newcastle.

### COL. MERSEREAU DIED SUDDENLY AT DOAKTOWN

Raised the 132nd New Brunswick Battalion and Took His Unit Overseas—Was 70 Years of Age.

Colonel George W. Mersereau, who raised the 132nd New Brunswick Battalion during the war, took his unit overseas, and later for two years commanded the Second Division Infantry Base Depot of the Canadian Expeditionary Force at Etaples, France, died suddenly of heart trouble Saturday afternoon at his home in Doaktown. He was 70 years of age and until his retirement, following his return from overseas in broken health after the war, was a school inspector in this province. He was appointed to that position in 1884 after serving eight years as principal of the Grammar School at Bathurst. He graduated from the University of New Brunswick in 1876. His three sons, who all served in the war, are Lieutenant Colonel C. J. Mersereau, Fredericton; H. Fred Mersereau, Doaktown, and Dr. Colonel C. Harry Mersereau, Montreal. Mrs. W. J. Scott and Mrs. Harry McLeod, of Fredericton, Mrs. Victor Dodds, of Brandon, Man., and Mrs. J. C. Veness, Ottawa, are daughters. Three brothers, J. Y. Mersereau, Chatham, Percival, of Boston, and Gaine, of Rumford Falls, Maine, and one sister, Miss Sarah E. Mersereau, Boston, survive.

His widow also survives. Colonel Mersereau was high chief ranger of the Independent Order of Foresters of New Brunswick Court, had been prominent in that order for many years and was a Past Master in the Masonic Order.

### "Morals of Marcus" Provide Rare Film Plot

Those pessimistic persons who bewail the "cheapness" of motion pictures should all see "Morals," which will be shown at the Empress Theatre Wednesday, with May McAvoy in the stellar role.

For "Morals" is none other than a screen version of that delightfully whimsical novel by William J. Locke, "The Morals of Marcus Ordeyne." So here is the best of modern British literature brought to the screen without injury in the transition, by those two finished artists in their respective fields, Julia Crawford Ders, scenarist, and William Desmond Taylor, director.

Those who admired the remarkable human appeal of May McAvoy in "Sentimental Tommy" will have additional cause to commend that quality after seeing "Morals." She makes the little Anglo-Turkish harem girl a real person, a maid whose developing character provides new pleasures as the picture proceeds on its way.

William P. Carleton is an excellent choice for Sir Marcus Ordeyne. The same dignified appearance and underlying emotional ability that made successful his work in "In-aside the Cup" stood him in good stead for the scenes where his staid English household is thoroughly upset by the innocent unconventionalities of the surprising Carlotta.

Kathlyn Williams is splendid as usual in the important role of Judith Mainwaring. Other players completing a really fine cast include William E. Lawrance, Bridgeta Clark, Sydney Bracey, Starke Patterson, Nicholas de Ruiz and Marion Skinner.

### REGULAR MEETING TOWN COUNCIL

The regular monthly meeting of the Town of Newcastle was held in the Police Court Room on Thursday August 17th 1922 at 8 o'clock p. m.

Present, Mayor Fish, Ald. Atkinson, Dalton, Doyle, Locke, Mackay and Sargeant. Finance Com. recommended payment of following accounts.

North Shore Leader	\$27.75
J. D. Creaghan Co. Ltd	3.50
Public Works Com. recommended payment of Geo. Burchill & Sons account for \$99.52	
Light and Water Com. recommended payment of Canadian General Electric Co. Ltd. account for \$413.05	
The Park and Fire Com. recommended payment of following accounts	
Dominion Rubber System	\$21.75
Northern Electric Co.	279.13

The Mayor reported that owing to the absence of Father Wallace there had been no meeting in Nelson to discuss electric light extension, but that the matter would be taken up the first of the week.

The Chairman of the Light and Water Com. reported that a request had been received for the installation of water and sewerage on "C" Street. There were already other applications for these services before the Committee which would now consider what funds were available and would decide on what work would be done.

The chairman of the Public Works Com. reported that they had taken up the question of a drain on Ledden Street with the C. N. R. also one at the Armory property with the Military Authorities and expected within a short time to have both attended to. They were also arranging with the County authorities to have repairs made to the street leading to the Public Wharf.

Ald. Locke spoke of people (rate-payers) doing business in town without a license. The decision of the Council was that the By-Laws provided for such cases and that the Town Marshal should notify them that it was necessary for them to apply for a license and the Council or License Com. would then fix the fees.

The question of making a grant to the Band was discussed and it was moved by Ald. Sargeant that \$50.00 be voted to the Band for their public services for the season.

On a division the vote stood as follows: Yeas—Ald. Sargeant, Dalton, Mackay. Nays—Ald. Atkinson, Doyle, Locke. The Mayor voted Yeas and declared the motion carried. Council adjourned.

### MANY TOURIST HUNTERS COMING

New Brunswick this year will have a record number of tourists for the hunting season. Already there have been inquiries from a larger number of hunters in the United States than ever before at this season of the year regarding hunting facilities in the province and the indications are that the guides will have a busy time if they attempt to accommodate all of those who would like to be piloted through the big game regions.

There will be an open season for partridge again this year as there was last fall. The season will last for three weeks, opening on October 1 and closing on October 21. The season for big game will be two weeks shorter than last year and will extend from October 1 to November 30.

### SCHOOL INSPECTOR'S CONFERENCE

A conference of school inspectors of the province is to be held at the Education office Fredericton on the 29th. This will be to enable the Chief Supt., Dr. W. S. Carter, to get in touch with the inspectors and to make plans for the ensuing school year.

### A NORTH'D BOY EATEN BY BEAR?

Chatham, Aug. 17.—The Chatham Commercial publishes the following: "The report of a peculiarly and occurrence has been received from Portage River parish of Alnwick, the details of which are meagre. Two little boys were playing in the vicinity of their home and discovered what they supposed was a small black lamb. One of the boys remained to play with it while the other went home to tell their mother of their find. The mother accompanied him to where he had left his brother, but the latter had disappeared. After a search had been made, the bones of the little fellow were found some distance away from the spot, and it is supposed that it was a bear cub that the boys had found, and that the mother bear had come in search of her offspring with the above sad result."

### MAURETANIA MAKES NEW RECORD

A new record for the voyage from Cherbourg to New York was set by the Mauretania, which arrived Saturday in New York, five days, nine hours and twenty minutes after she left the British port. The previous record, held by the Mauretania was ten minutes slower.

Some people enjoy a vacation others spend the time writing home.

### CANADIAN DOLLAR IN UNITED STATES

The constant betterment of the Canadian dollar in United States exchange markets is shown by a bulletin issued by the Board of Railway Commissioners as follows:

"In accordance with the judgement and order of the board, dated Jan 14 1922, the rate of exchange in connection with shipments of freight between points in Canada and the U.S. from August 14 to August 31, inclusive, will be three-thirty-seconds of one per cent, and there will be no surcharge collected on international business either freight or passenger."

### APPOINTED TO MODEL SCHOOL

Dr. W. S. Carter, Chief Superintendent of Education, has announced the appointment of Miss Mildred Palmer to the department in the Model School in Fredericton made vacant by the retirement of Miss Annie Harvey after many years' service. Miss Palmer has been teaching at Doaktown, Northumberland County. She will take Grades III. and IV. The Model School is operated in connection with the Provincial Normal School and in that way is indirectly under the control of the Education Department.

### TEN MORE COMMANDMENTS

Ten commandments covering man's duty to animals have been issued by the department of humane education of the Presbyterian Church which is a new application to an old principle, each of the commandments being founded on human kindness and justice.

They forbid cruelty to all living creatures; command mercy for them; suitable periods for the rest of those that work under man's control; including a full day on the Sabbath; ask proper food and provision for their comfort; forbid the killing of birds or animals for sport; or in contests of skill, or for gain; and condemn the promotion of bloody fights between fowls or animals, together with the use of furs and feathers that involve the death of those that produce them.

In substance this new teaching is an indictment by the great Presbyterian Church of many common practices by which living creatures are thoughtlessly or wantonly killed or cruelly treated. We are wondering how heartily they will be approved by many who love to adorn themselves with the pelts and plumage of creatures slaughtered to supply the demands of fashion.

### St. John Council Decline The Bodell Offer

(St. John Globe)  
The Common Council met public expectations today by declining to consider the Bodell offer, by declining to submit it to the people for a plebiscite. Their decision represents the general view that the offer was not one deserving of consideration. Their decision makes prompt recall of Mayor McLellan imperative. The next step in securing to the people of St. John the wise use of the hydro development must be in the hands of another Mayor. As the Council can no longer consent to Mayor McLellan usurping its functions, and will not want to act without the advice of a mayor, there should be no delay in the reorganization which has become the first step in the new proceedings. Get on with the recall.

### SO MANY PEOPLE ARE NERVOUS

"Fruit-a-lives" the Greatest of all Nerve Remedies

#### This Fruit Medicine Restores Health

The increase in the number of persons suffering from Nervousness is world-wide; due, in a measure, to the reaction following the war. Sleeplessness, Headaches, Mental Depression, Rheumatism, Nervous Dyspepsia, Bad Heart Action, are the results of a disturbed condition of the Nervous System.

The nerves and the blood are so intimately, so vitally, connected that the condition of one is bound to affect the condition of the other. If the blood is laden with impurities, it is impossible to have strong, steady nerves.

The first essential in treating nervous troubles is to purify and enrich the blood. This "FRUIT-A-LIVES" will do.

"FRUIT-A-LIVES" stimulates the bowels, kidneys and skin and purifies the blood. "Fruit-a-lives" improves appetite and digestion and insures food being properly digested, thus enabling the blood to carry wholesome nourishment to build up the body, particularly the nerves.

Men and women who take "Fruit-a-lives" for some form of nervousness—because they cannot eat or sleep or work or enjoy life—say that this fruit medicine is simply marvellous in its action.

50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa Ont.

### BENNY SWIM MAY YET GO TO THE GALLOWES

There is a growing feeling in official circles that the law may be allowed to take its course and that Benny Swim, who was sentenced to be hanged at Woodstock on July 15, and was then reprieved pending a decision as to his sanity, will pay the death penalty on September 15 for the double murder he committed at Benton Ridge, Carleton County, in March last.

Attorney-General Bryne, declined to comment upon Swim's case except to say that an alienist appointed by the Federal Department of Justice in whose care the case now rested had recently been at Woodstock and had made an extended observation and examination of the prisoner. This re-examination, it appears, followed closely upon the recent attempt of Swim to escape from custody. The Attorney-General said he was not in a position to reveal the effect of the report of the federal government's alienist.

### Dempsey And Brennan To Meet On Labor Day

Jack Kearns, manager of Jack Dempsey, and Lee Flynn, manager of Bill Brennan, have posted forfeits of \$10,000 each for the appearance of their men for a boxing contest at Floyd Fitzsimmons' arena in Michigan City, Indiana, Labor Day. Fitzsimmons' posted \$20,000 as a guarantee and the fight, for several weeks in the scheduled class, thus was clinched.

### PRAIRIE HOMES AND TREES

In twenty years the Dominion Forestry Branch has distributed sixty million trees to farmers living in the Prairie Provinces. That this has been worth while, and that it has been of great benefit both financially and in the way of added comfort and pleasure is made clear in forty letters written by settlers telling of their success with trees. These forty letters form the principal part of Bulletin No. 72, "Success in Prairie Tree Planting," just published by the Forestry Branch. The writers are most enthusiastic in regard to the value of shelter belts which have not only greatly increased the cash value of their places more home like and enabled them to grow apples, plums, small fruits, and tender vegetables where these were impossible before. The other part of the bulletin explains the co-operative plan under which trees are sent out free to prairie settlers. Copies of this bulletin may be had free upon application to the Director of Forestry, Ottawa.

### U. S. RAILWAYS ORDER BRITISH COAL

One United States railway has ordered 1,000,000 tons of coal from England, and other railways have also placed heavy orders. A British coal firm's representative stated that U. S. railroads and dealers and brokers were rushing into the British market with huge orders. This was causing the price to harden. The unfilled United States orders for Welsh anthracite now amount to about one and a half million tons.

### Stumpage Rates Reduced By The Provincial Gov't.

Announcement was made in connection with the meeting of the provincial government, that a temporary reduction in the rate of stumpage on timber cut on Crown lands, had been made for the current year ending Aug. 1, 1923. Hon. C. W. Robinson, Minister of Lands and Mines, announced the rates as follows: spruce, pine, etc., \$4 per 1,000 feet reduced from \$5; fir \$3, reduced from \$4; railroad ties, 12 cents, reduced from 17 cents; spoolwood and hardwood logs remain as before, \$2 and \$1.25. Spruce bud-worm killed timber and fire killed timber will have a half rate. It was emphasized that this reduction in the case of stumpage was not a permanent one. The expectation is that the value of timber will increase with an improved market.

It was announced that there will be an open season for partridge, from October 1 to October 31, inclusive. Premier Foster said that it had been called to his attention that, last year, the law forbidding the sale of partridge had been quite generally violated. It was the intention to enforce the law rigidly this year, and violators will be prosecuted.

### COLD IN THE HEAD

### SECOND OFFENCES

An announcement which, if faithfully adhered to all over the province, should prove an effective aid in curtailing illegal liquor selling was made in the St. John police court on Monday by W. M. Ryan, the Crown prosecutor. His declaration that he had been instructed to enter a second offence charge in the case of any person being brought before the court where there was already a conviction, is a warning which commands respect, even among the law violators, for a second offence conviction means nine months imprisonment. If this order is made without favor, and if it is backed with an equally without favor order to the inspectors to get after those who are openly defying the law, better conditions must inevitably follow. The man who has violated the law and been convicted should expect no better treatment than a second offence charge when public necessity compels a second arrest.

The fine quality of RED ROSE COFFEE will please particular people.

**Tells Of Moral Value Of Laughter**

"God has laughed to scorn those that demand indecency in their amusements," said Rev. Edward T. Sullivan, in his sermon last night at St. Paul's Cathedral, Boston. His subject was "Our Need of Being Laughed At."

"The moral value of laughter is great," he said. "The public humorist is the inoffensive critic of our time and customs. Any humorist is a profound philosopher."

"Men laugh at God, justice, law and decency. The papers are full of the fools who deride all laws. Yet in the hospitals and demolished homes there are thousands of men who are squaring their accounts with the laws of God. The ancient prophets knew that the laughter of God, is an awful thing."

"When men begin to laugh at themselves, in scorn, then they begin to be safe. A man who laughs in banter at his inconsistencies and in scorn of his sins is on the rugged path to salvation."

Preceding the sermon a musical service was held on the steps in front of the church. Walter Smith, solo trumpeter, played "The Lost Chord." Hymns were sung by the vested choir.

**THE NATURAL NAME**

Young Brown who had been married but a few days sought out his friend Jones who was a family man of long experience for a little advice.

"Jim, said Brown, what did you call your mother-in-law after you got married?"

"Well, I'll tell you, replied Jones, for the first year I addressed her as 'Say and after that we called her Grandma.'"

**"PREVENTION BETTER THAN CURE"**

The problem of the prevention of crime must always be of greater importance than the punishment of the criminal, and in the end the many moral agencies at work in our country are bound to have their beneficial influences reflected in lessening crime. But at present by the successful operation of our parole system we may save many of our population who fall and are convicted. The number then left to be dealt with in our penal institutions will thus, it is confidently hoped, steadily diminish.

**MUSIC IN SCHOOLS**

Public School students will be interested to learn that last Friday marked the fiftieth anniversary of the death of Lowell Mason, to whom more than to any other man, the children of America are indebted for the fact that they are taught to sing in the public schools as inevitably as they are taught to read. One of the pioneers in American music, Mason was the most influential man of his time in teaching the elements of vocal art to the people, and in introducing music into the public schools.

**WHERE CARS ARE CHEAP**

Fredericton Mall  
A Houlton man drove to the city on Saturday in a Ford car of 1923 model of which he appeared to be very proud. In conversation with the Mall he said that he purchased the car a week ago for \$520 giving his old car in part payment. He went on to say that it had all of the latest improvements including electric lights starter and shock absorber. Tires for this car, he said, cost \$9 each in Houlton and he could purchase gasoline at 25 cents per gallon. When it comes to buying cars and accessories we certainly have it on you people," he said in conclusion.

**QUESTIONS AND ANSWERS ON FORESTRY**

By The Canadian Forestry Association

What is my pine bush worth?  
Ques.—I am trying to figure out what a large plantation of white pine on my father's farm is worth today. It is approximately 40 years old.

Ans.—Canadian estimates are hard to secure. However, a 36-year old New York State white pine plantation sold recently at \$500 per acre on the stump. Two acres of white pine near Keene, New Hampshire, were sold before the war for \$2,000 on the stump. The total stand was 254 cords. The trees were from 80 to 85 years old. The growth on each acre was about 1000 feet per annum and the gross returns about \$12.20 per annum.

Who can identify woods?  
Ques.—What authority in Canada will identify certain woods submitted to my factory as samples. The ordinary manufacturer has no means of verifying these woods.

Ans.—The Forest Products Laboratories, McGill University, Montreal, will be glad to handle all such problems for you without charge. Send your woods to them marking plainly the country of origin and in the case of Canadian woods the district of origin.

Growing fuel wood on the prairies  
Ques.—In view of the coal troubles is it possible for a prairie farmer to grow fuel wood economically?

Ans.—The Nursery Station at Indian Head, Saskatchewan, proved that on a small patch of non-agricultural soil they could grow 18 cords of fair firewood in eight years from Russian Poplar cuttings. It averages two cords per acre per year. This at eight dollars a cord would give \$16 an acre for every year the trees were left growing. There is a good deal of wheat land that does not return that much annually.

**Old Trouble Bothering Sharon On Grand Circuit**

Bill Sharon, 2.05 1/2, the Fredericton bred trotter for which \$25,000 was paid by Thomas W. Murphy, the Poughkeepsie wizard, almost two years ago, has been suffering from the same trouble which affected him when he was a two year old colt but he has yielded to treatment, is sound once more and will soon be ready to show the speed that everybody expected of him.

This information has been received by Wm. Sharon, the local trainer, who developed the colt, which was named after him, by Sam J. Boyle, of this city, who bred and raised him. It took three weeks and half a bottle of liniment to cure the chestnut trotter when he was a youngster, so his former trainer sent a letter to the veterinarian who has been in charge of his namesake, telling him of Bill's former trouble and advising how it was then cured. The same cure it appears worked again.

**HAZELTON NOTES**

Hazelton, Aug. 19—The weather for the past few days has been beautiful for the haymakers.  
Mr. and Mrs. Wm. Allison made a flying trip to Ludlow on Sunday last.  
An enjoyable party was held at the home of Mrs. Vern Veno on Friday night. After the party a very dainty lunch was served. The party broke up about 12 o'clock.  
Mrs. Veno left on Saturday morning's express for St. Stephen where she will occupy her new home.  
Mr. Arthur Parker spent the week end in Carroll's Crossing the guest of Peter Parker.  
Mr. Alex. Storey was visiting Stillson Chute on Monday.  
Mr. Wm. Curtis was calling on Mr. Wm. Allison one day last week.  
Mrs. Nat Beek and little granddaughter Freda visited Newcastle on Thursday last.  
Mrs. Arch McDonald was calling on Mrs. James Parker on Sunday.  
Mr. Harold Ward was calling on Arthur Parker Monday evening.  
Mr. Johnston Parker and Miss Maggie Parker visited Ludlow on Saturday.  
Mr. Harry Rushton motored from Acadiaville on Saturday and was the guest of Mrs. Thos. McKiel.  
Mrs. Patience Ward was calling on Mrs. James Parker on Friday last.

**Premier Will Represent Gov't**

Premier Walter E. Foster was appointed as representative of the New Brunswick Government to attend the coming meeting of representatives of Maritime Universities to discuss their suggested amalgamation.

The University of New Brunswick Senate, and the other bodies connected with the Institution, have refused to enter into discussion of the scheme.

**Greenhouse Insects**

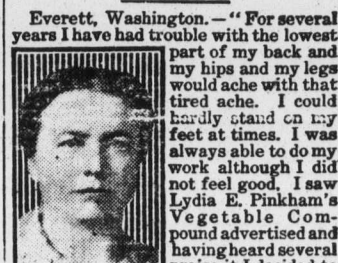

It has been estimated that if all the progeny of a single rose aphid were to survive, they would at the end of the three hundred days be equal in weight to the population of China sevenfold, which means that there would be in weight of this one small insect several thousand million pounds! The bulletin from which this quotation is taken treats of "Insects Affecting Greenhouse Plants." The estimated value of crops grown annually in greenhouses in Canada is upwards of three millions of dollars, and that of the area under glass covers about six million square feet of space. It will therefore be admitted that the importance of the industry warrants a study of the insects preying upon greenhouse plants, and of the means whereby they can be kept under control. Remedies of a simple kind are suggested in the bulletin, and the methods of their employment are described. Hydrocyanic-acid gas fumigation can be utilized to control such insects as white fly, plant lice and thrips. The habits and characteristics of every known greenhouse insect are described in text, which is well illustrated. The insects are divided into three classes, namely: leaf eating insects, of which fourteen are dealt with: sucking insects, of which there are seven, and boring or root-destroying insects, of which there are also seven. In addition, the history is given of ten animal pests, such as spiders, slugs, mites of various kinds, earthworms, etc., and of their predacious enemies and internal parasites, which come under the head of "Natural Control."

**COULD HARDLY STAND AT TIMES**

Hips, Back and Legs Would Have That Tired Ache

Everett, Washington.—"For several years I have had trouble with the lowest part of my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydia E. Pinkham's Vegetable Compound advertised and having heard several praise it I decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing."—Mrs. J. M. Sizemert, 4032 High St., Everett, Washington.

**TURKS AND GREEKS TO SEEK PEACE**

Another attempt to get the Turks and Greeks together for a peace conference is under way. The allied high commissioners here, acting under instructions from their governments, held lengthy discussions of the situation and have finally decided upon Venice as the site of the meeting.

**A TIMELY WARNING**

A little girl witness of a recent drowning in Rideau River said that she did not think Lola was in danger at first, as the day before they had been playing in the water and after shouting "Gurgie, gurgie" would let themselves sink under water." It is the old story of the cry of "Wolfe, wolfe", again. It cannot be too strongly impressed upon children and others that they should not under any circumstances while bathing stimulate cries of alarm or distress as though actual danger were present, nor pretend to drown or play tricks in the water that may resemble the actions of a drowning person. For if they do, it may happen that when they are in real earnest one day, their companions may believe them to be "only fooling" again, and so realize their mistake too late.

**THE BUSY DRUGGIST**

St. John Globe: A citizen to-day informed the Globe that when he called at a North End drug store Wednesday evening shortly before eleven o'clock to purchase a tooth brush he had to wait several minutes as the clerks were busy serving drinks to customers. Two were drinking when he went in and three others two of them colored men came in while he was there. Two of the drinks served were whiskey he said and all five were intoxicating liquors.

**RED CROSS CAMPAIGN**  
Mrs. G. A. Kubring, who is organizing the membership campaign for the province, was in Moncton on Thursday, and held there a most interesting conference with the Moncton Red Cross and representatives from the adjoining towns. When the objects of the campaign and the methods in which it was to be conducted this year had been fully explained to the workers great enthusiasm was shown, and there is no doubt that Moncton will put on as progressive a campaign policy as she has in connection with her own civic affairs. From Moncton Mrs. Kubring came to Newcastle on Friday where she met not only the Newcastle people, but also representatives from Northumberland and Kent counties.  
On Monday Mrs. Kubring left for Fredericton, where she will be the guest of the Countess of Asburnham, and on Tuesday she will meet with delegates from Carleton, Madawaska, York and Queens Co. The following Thursday Mrs. Kubring will depart for Charlotte Co., where she will complete her work.

**Baby's Great Danger During Hot Weather**  
More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the house where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will relieve the baby. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**LEFT FORTUNE ABOUT 4,000,000 POUNDS**  
The News of the World, Lord Riddell's paper, estimates that Lord Northcliffe left a fortune of probably £4,000,000. On that basis the death duties on the estate will amount to about \$1,750,000.  
It is understood that even members of the family had no knowledge at the time of Lord Northcliffe's death of the disposition made in the will.

**ONLY TWO SURVIVORS**  
By the death of Amasa E. Killam, Moncton, Sunday, there are only two members of the New Brunswick legislature of 1878 living. Hon. R. J. Ritchie, police magistrate, St. John, is the only surviving member of the House of Assembly elected in that year. Hon. Archibald Harrison, Upper Manguerville, who was a member of the Legislative Council from 1874 to its abolishment in the early nineties, is the only survivor of that body. He represented Sunbury county in the House of Assembly from 1876 to 1878.

**MAINTENANCE MEN BACK AT WORK IN N. S.**

SYDNEY, N. S. Aug. 21—All pump men, engineers and maintenance employes in Cape Breton mines who stopped work at midnight on Monday were ordered to return to work on Saturday. Wage negotiations between the company and strikers will be resumed on Tuesday.

Although practically all the maintenance men in Cape Breton South went back to work at the power houses, pumps, and fans, on Saturday and Sunday, full maintenance operations have not yet been resumed at several places, including the main power house at No 2 New Aberdeen, where the military garrison is stationed.

The reason for this is that it has required some time to get things working after the almost complete shutdown of the last six days. It is expected, however, that full steam will be available at No. 2 and other centres this afternoon, when the work of pumping out the pits can be vigorously prosecuted.

Through some error in transmission of orders from U. M. W. headquarters Sydney mines maintenance men were not notified of the decision to return to work pending a conference with the company, and the pumpmen there were still out this morning.

It is reported, however, that they will be back on the job this afternoon or tonight at the latest. The situation at Sydney Mines is not so serious, because the strikers there have not interfered with the officials pumping the mines.

A heavy down-pour of rain all day Sunday put an end to all but perfunctory picketing activities, and as a result both company and U. M. W. headquarters report all quiet in the coal field during the night.  
A company of troops from London, Ont., which reached Sydney at midnight, is still being held in the yards here, at the disposal of local authorities.

**SUNNY CORNER**  
Mrs. Walter Matchett and two children were the guests of relatives in Sillikers last week.  
Congratulations to Mr. and Mrs. Howard Matchett on the arrival of a new daughter.  
Miss Roberta Johnston is visiting her parents Mr and Mrs. James Johnston.  
Mr. Wm. Burns left for the Canadian West on the 18th. We all hope he will return when the grat is gathered in.  
Miss Jessie Keating spent last week in Sunny Corner.  
Mrs. Klah Copp of Trout Brook is the guest of her mother, Mrs. Wm Nolan.  
Messrs F. Leach and F. Matchett who were home from Campbellton for three weeks returned to their work on Monday.  
Miss Blanche Waye was the guest of Miss Janie Tozer last week.  
Mrs. Fanie Mullin was in Newcastle last week the guest of her daughters.  
Miss Dorothy Bell is visiting friends here.

**THE DEAR JUDGE DID NOTHING OF THE KIND**  
Peoria, Ill., Aug. 21—Mrs. Frankie O'Connell of Vinnesse Hada was arraigned before Magistrate Frank A. Hall on a charge of maintaining a nuisance at her home, where she tells fortunes.  
"If you are a fortune teller, tell me what I am going to do with your case" the magistrate asked her.  
"Why, the dear judge is going to dismiss the case" the soothsayer prophesied.  
"The dear judge is not," replied the justice dispenser. "The dear judge is going to fine you \$30.50."

**APPLICATIONS FOR ENTRANCE TO NORMAL**

Yesterday was the last date for the forwarding of applications for entrance to the Provincial Normal School. It will not be known for some time how many pupils will be enrolled but indications point to a large attendance, possibly a record one.

In the past it has been customary to accept applications although made later than August 21st. That was because accommodations always have been in excess of the number of students. If there is a rush to Normal this year it may be that belated applications will not be accepted.

Normal School will open Monday, September 5th for the scholastic year. Applications are being received by the principal Dr. H. V. B. Bridges.

**THIEVES MADE A BIG HAUL**  
Saratoga Springs, Aug. 21—The theft of loose diamonds valued at \$30,000 and \$500 in money has been reported to the police by Samuel Levy, who says that he is a New York jewelry salesman, employed at 32 Nassau street. He says that the trousers pocket in which he carried the diamonds and money was cut with a knife at the racetrack and the valuables were removed.  
The police who are investigating the case say that they found the trousers had been cut, but that the canvas pocket inside which contained the jewels was not damaged. The jewels are insured.

WHERE THE GOOD GOODS COME FROM

**Developing Canada's Oriental Trade**

With its fleet of fast-moving, luxuriously fitted steamers, trans-continental express train services, and chain of palatial hotels, the Canadian Pacific Company have laid an easy highway around the world, and another link between West and East has been established by the magnificent new steamer "Empress of Australia," which recently joined the trans Pacific service from Vancouver to Yokohama, Kobe, Nagasaki, Shanghai, Manila and Hong-Kong.  
The "Empress of Russia" and "Empress of Asia" are already well known on the Pacific Ocean, and accommodations on these steamers has always been difficult to obtain owing to their popularity. With the addition of the still larger steamers, "Empress of Canada" and "Empress of Australia," sailings from Vancouver will now be so frequent as to provide in conjunction with the Canadian Pacific Atlantic Empresses a fortnightly through service from Europe. It is now recognized that the Canadian Pacific route to the Orient is quite as easy for the traveller as the all-sea routes, and is, of course, much shorter. Yokohama is reached from Britain in less than three weeks, and Hong Kong in four weeks.  
The "Empress of Australia" is the biggest commercial vessel to pass through the Panama Canal. The vessel is 588 feet in length, 75 feet in breadth, 46 feet 3 inches in depth to upper deck, and of about 21,500 tons gross. She is of the shelter-deck type, with a continuous bridge above, extending the full length of the ship, and the lower and upper promenade decks fully half the length. She has a straight stem, an elliptical stern, three funnels, and two masts, and has a very beautiful appearance. She has splendid accommodations for 400 first class, 165 second class, 360 third class, and 670 Asiatic steerage passengers, and a crew of about 520. The first class dining saloon (with accommodation for 370 sitters), the first class ladies' room, the first class smoke room, and the first class writing room are all decorated in the Louis XVI style; the first class lounge in the Empire style, and the swimming bath in the Pompeian style. While there are also a first class card room, a verandah cafe, a children's room, an electric bath, a splendid entrance hall and ladies' and gentlemen's hairdressing rooms—these and all the staterooms being furnished and decorated in the most comfortable and tasteful manner. The vessel is propelled by two sets of Curtis-Parsons turbines, driving twin screws through Fothering hydraulic transformer gear, indicating about 18,000 s.h.p., and giving the vessel a service speed of 17 knots. Steam is supplied by 14 water tube boilers each fitted with three furnaces, and having a working pressure of 240 lbs. The vessel is an oil burner.  
Since 1886 the Canadian Pacific Railway and the Canadian Pacific Steamships have been making record after record on the Pacific and are now many miles in the lead of other steamship and transportation concerns operating on the Pacific.  
The year 1887 saw the establishment of a regular trans-Pacific service, with three chartered steamships, the Batavia, the Parthia, and the Abyssinia. The latter's first outbound cargo consisted of 40 tons of freight. Three years later, in July, 1890, the Canadian Pacific concluded a contract with the British Government providing for a small subsidy of \$60,000 a year, with the services of three twin-screw steamships between Vancouver, Japan, and China. To fulfil the terms of this contract, the Empress of China, the Empress of Japan were specially built. These steamers were of about six thousand tons each, registered, and began their work in 1891. With the arrival of the Empress of Australia, the company inaugurates a service whereby a steamer will leave Vancouver every two weeks for the Orient.  
Some of the Canadian Pacific ships on the Pacific now are:  
Empress of Canada ..... 22,500  
Empress of Australia ..... 21,400  
Empress of Asia ..... 16,900  
Empress of Russia ..... 16,810  
Empress of Japan ..... 5,940  
Monteagle ..... 6,100

### Overworked Nerves

#### The Most Successful Treatment is Through the Blood

The early stages of nervous debility are noted by restlessness and irritability in which the victims seem to be oppressed by their nerves. As the trouble advances, common symptoms are a tired feeling; weakness in the knees and ankles; headaches, backaches and sleeplessness. The matter requires immediate attention, for nothing but suitable treatment will prevent a complete breakdown.

The nervous system governs the whole body, controlling heart, lungs, digestion and brain, so that it is not surprising that nervous disturbances cause acute distress. For troubles of this kind Dr. Williams' Pink Pills succeed when other treatment fails, for these pills make new blood, enriched with the elements on which the nerves thrive, and in this way reach the root of the trouble. In proof of this is the statement of Mrs. Dockerrill, Stratford, Ont., who says:—"My daughter, Mattilda, was suffering from nervous debility, and the usual remedies did not seem to help her. I was advised by a friend to give Dr. Williams' Pink Pills a trial, and soon we found they were doing her a great deal of good. She complained of pains in the stomach, and a severe fluttering of the heart, with a general weakness. Under the use of these pills she continued to gain, and I believe they have saved her from going into a decline."

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

### SOCIAL SERVICE CONVENTION IN NEW BRUNSWICK

A series of Conventions under the joint auspices of the Social Service Council and the Temperance Alliance of New Brunswick, is planned for the first half of September.

These conventions ought to result in much good in forming and awakening public opinion to the vital importance of Temperance and to the various social problems vitally concerning the citizens of New Brunswick alike men and women.

The speakers are: Dr. J. G. Shearer, General Secretary, Social Service Council of Canada; Dr. D. J. D. Ross, Secretary, Temperance Alliance; and the Rev. H. A. G. ... President of the Social Service Council of New Brunswick.

The subjects to be discussed are: Prohibition versus Government Sale.

Mental Defectiveness in the Province—the extent, the causes, the consequences, the cure.

Child Welfare: Delinquency and Dependency.

The enforcement of laws bearing on morals especially the Temperance Act.

The care of Prisoners.

Public Health, and recent progress in social welfare.

The places and dates are:—

- Council Meetings
- September 3rd—Campbellton
- 4th—Bathurst
- 5th—Chatham
- 6th—Newcastle
- 7th—Hillsboro
- 8th—Sussex
- September 10th & 11th—Moncton
- 12th—Fredericton
- 13th—Perth
- 14th—Woodstock
- 15th—St. Stephen
- 17th—St. John
- 18th—do

At each week day convention there will be two sessions. At 2.30 and 8 p. m.

On Sundays the visiting speakers will occupy two pulpits each and will address a mass meeting at an hour not conflicting with the regular church services.

Each convention will be for the county in which it is held. Not only ministers and social leaders but the public in general are invited to attend.

READERS will notice that for this county the convention is to be held in Newcastle on Sept. 6.

### POPE PIUS WILL HAVE AUTOMOBILE

Pope Pius is to have an automobile. The people of Milan, where the Pontiff was Archbishop before his election, have presented him with a machine of the latest Italian model. The Pope, it is said will use the car within the Vatican gardens, which he now circles twice daily in his processions, a distance of three and a quarter miles. This is the first time Pope has ever owned an automobile.

The extradition treaties of Gt. Britain apply to Canada.

## MARITIME PROVINCE GET-TOGETHER

Actuated by a sincere desire to promote the interests of the Maritime Provinces and to reach a friendly understanding on Maritime affairs, the members of the Maritime Board of Trade will meet in Annual Convention in the City of St. John Board of Trade Rooms, on Wednesday and Thursday of Exhibition Week (September 6 and 7), beginning at 9 a. m.

It is anticipated that the Convention will be the most important that has ever been held in the Maritime Provinces.

Every Board of Trade in New Brunswick, Nova Scotia, and Prince Edward Island is expected to be represented.

It is requested that the names (or number) of the representatives of each Board be forwarded to the Secretary of the St. John Board without delay.

It is expected that Maritime Members of the Dominion Parliament and Members of the Provincial Legislatures of the three provinces will be present and participate in the Convention proceedings.

Delegates attending the Convention will be suitably entertained by the St. John Board of Trade.

Opportunity will be afforded to visit the Exhibition, and to inspect harbor improvements, Public Works, leading industries, etc. Business and pleasure are to go hand in hand.

RETURN TICKETS for general public by both C. P. R. and C. N. R. have been arranged on a fare-and-a-third basis, beginning September 1 and continuing until September 9. Return Dates extend to Sept. 11.

Please regard this letter as an invitation to your Board, and supply early information as to number intending to be present. Those wishing to secure hotel reservations should communicate with the Sec'y of the St. John Board as soon as possible.

Your's for a good time,  
R. E. ARMSTRONG,  
Secretary St. John Board of Trade  
St. John, Aug. 12, 1922.

## Railway News

St. John, N.B.—During the winter season just closed the Canadian Pacific Railway shipped 11,500,000 bushels of grain from the elevator here. Last season's shipments accounted for slightly over 9,000,000 bushels.

Quebec, P.Q.—The largest number of first-class passengers that ever came into a Canadian Atlantic port at one time arrived here on board the Canadian Pacific steamer "Empress of Scotland." The increasing popularity of the Canadian route for American travelers, which includes a three day trip on the majestic St. Lawrence river, is evidenced by the fact that it was necessary to have a special train to accommodate the passengers from the "Empress of Scotland" going to New York and other American points.

Vancouver.—Last year the Canadian Pacific Railway moved 5,000 cars of fruit and vegetables out of the Okanagan Valley. This year an increase is expected.

Mr. F. W. Peters, general superintendent of the C. P. R., returned recently from a week's visit to the valley, during which he met agents of the company and discussed improvements for handling this year's crop.

New York.—The despatch with which passengers arriving at Quebec by the Canadian Pacific Express ships are handled is instanced thus: Soon after the arrival of the "Empress of Scotland" at Quebec, on April 30th the 163 passengers destined for New York, got on the C.P.R. train alongside the ship. This was at 9 o'clock p.m. Passengers reached New York Grand Central Station next day at 2.30 p.m., without a transfer from the carriage in which they set out.

The "Empress of France" arrived in Quebec on May 11th, bearing amongst others, 135 passengers for New York. These passengers left Quebec alongside the ship at 9 a.m., arrived in Montreal at 2.15 p.m. They had the opportunity of remaining in Montreal until 7.15 p.m., when they left for New York, and arrived there at Grand Central Station at 6.45 on the morning of May 12th.

Tokyo, April 18.—By Mail.—"Here's Canada! Look at this! I've been to all these places. Where's my ranch?"

In this characteristic, rapid-fire fashion did His Royal Highness, the Prince of Wales greet Canada as he came to a halt before the 20 foot illuminated map of this country that hangs in the Canadian Pacific Railway exhibit at the Tokyo Peace Exhibition recently opened. It was on the occasion of the Prince's much rushed visit to the Exhibition that he was sandwiched in among the numberless events of his official visit to Japan, and the fact that he spent no less than fifteen minutes at this particular exhibit may be taken as very much of a compliment to Canada.

The "E. P. ranch" in Alberta which the Prince bought during his trip was duly pointed out together with Banff, Lake Louise and Timmins, all associated in the royal mind with excellencies of one kind or another. And then His Highness had to see the diamond line, steamship routes (Atlantic and Pacific) and all the "resources" of Canada picked out on the map at command of an electrician by means of the 3,500 switchboard lamps installed.

Kingston.—It is expected that the name of the contractor who will build the overhead bridge for the Canadian Pacific Railway, which will do away with the diamond at a point near the Grand Trunk outer station, where the C.P.R. and G.T.R. tracks cross, will be announced soon. The estimated cost of the work will be about \$50,000 and it is expected that the work will be under way in the very near future.

At the present time, the track of the Canadian Pacific Railway comes from the north and runs parallel with the Grand Trunk double track from a point near where the Perth road crosses the Grand Trunk track to a short distance from the diamond. The C. P. R. after crossing the diamond, comes into Kingston after crossing Montreal street. The C.P.R. engineers who drew up the plans have arranged that when the C.P.R. tracks reach the Perth road the new track will bear north for a short distance and then take a slight incline to the south and then cross the Grand Trunk track at a point where there is a rock cut for a depth of twenty feet. It is the intention of the C.P.R. to build a permanent bridge across this rock cut. The new C.P.R. track after crossing this rock cut will join the old track at a near Montreal street.

tion will be suitably entertained by the St. John Board of Trade. Opportunity will be afforded to visit the Exhibition, and to inspect harbor improvements, Public Works, leading industries, etc. Business and pleasure are to go hand in hand.

RETURN TICKETS for general public by both C. P. R. and C. N. R. have been arranged on a fare-and-a-third basis, beginning September 1 and continuing until September 9. Return Dates extend to Sept. 11.

Please regard this letter as an invitation to your Board, and supply early information as to number intending to be present. Those wishing to secure hotel reservations should communicate with the Sec'y of the St. John Board as soon as possible.

## OBITUARY

### THOMAS M COUGHLAN

The death of Thos. M. Coughlan occurred on Sunday Aug. the 6th. at his home at Underhill's, aged 63 years.

Death came unexpectedly although suffering from heart trouble for the past four years, he had not been confined to his bed. He suddenly became seriously ill on Thursday and was immediately attended by Dr. Beaton of Blackville. His condition grew rapidly worse however and death came Sunday. The late Mr. Coughlan is well and favorably known and his death will be heard with regret by many friends.

He leaves to mourn his wife who was Miss Josephine Underhill of Underhill's and eight children. The family are, Mrs. Tryon Coughlan, Mrs. Herbert Coughlan, of Underhill's and Mrs. James Manderville of Bryentons, James, Thomas, Robert, Matthew and Clarence all living at Underhill's.

The funeral took place from his late residence Tuesday and was one of the largest seen in this section for some time. Interment at Holy Trinity cemetery. Rev. Mr. Yeoman conducted the services at the home and grave. The flowers were beautiful. Among the following  
Wreath—Family  
Spray—Miss Sadie Urquhart.  
Spray—Miss Susie Urquhart.  
Spray—Miss Ethel Underhill.  
Cut Flowers—T. J. Underhill.  
To the bereaved family we extend sincere sympathy.

## BEAVERBROOK SPEAKS TO MILLIONS

I notice that Lord Beaverbrook is being congratulated upon his newspaper, The Daily Express of London, going over the million circulation mark. It is a wonderful tribute to the success of any newspaper when it arrives at the point where a million people buy it every morning or every evening. The publisher can be sure if a million buy a newspaper, from three to five millions read it, and to be able to talk to that tremendous crowd is an inestimable privilege. Of course, Lord Northcliffe with The London Times and The London Daily Mail and his out-of-town editions and all the other newspapers that he controlled spoke to millions every day through his talented staff and personally through his own contributions to his many newspapers. Northcliffe and Beaverbrook's association during the war was very close. They largely influenced the formation of governments and gave tremendous assistance to the Allies towards the final result.

By the way, speaking of Beaverbrook, I had an autograph letter from him this morning, dated August 4th at 2 Garden Court Temple, E. C. 4, in which he made reference to the paragraph which appeared in this column some two or three weeks ago I do not know who sent His Lordship a copy of The Journal, but his receiving it resulted in the following note:

Dear Mr. Carter:—  
I received a copy of The Daily Journal with kindly comment of my business activities in Newcastle, N. B. I take it that the paragraph is written by yourself, and I recollect vividly my very satisfactory sales of your newspaper which was called "Progress."

With kindest regards,  
Yours Sincerely,  
BEAVERBROOK.

It isn't every man who has achieved the success of Lord Beaverbrook who will remember in such courteous phrases where he started from. I would not be surprised if His Lordship felt a keen appreciation of the fact that he started as a newsboy selling "Progress" in the little town of Newcastle, N. B. where his father was a most respected Presbyterian minister, and where now all the people have kindly recollections not only of the father, but of Lord Beaverbrook, his son. He used to be known among the townspeople as "Max," and if he came to see them again they would forget all about "His Lordship" and still call him "Max." It is a great thing to be able to remember, and to remember kindly, and one of the joys of life is to be able to go back to the old home town where you were born and passed your childhood days and hear the fellows whom you chummed with in those happy hours call you either by the nickname you bore among them of by the old familiar christian name —St. John Journal.

### MEDICAL INSPECTION AFTER SEPT. 1.

Province Divided Into Six Districts—Appointment of Inspectors Not Yet Announced

Hon. W. F. Roberts Minister of Health has announced that the Executive Committee of the International Health Board through which the Rockefeller Foundation functions, on the 14th inst adopted a resolution providing \$27,000 a year for two years beginning September 1st for rural health program in New Brunswick. This will provide for full-time medical inspection in schools. The Minister stated in view of that fact it was expected to put the system of medical inspection in schools in operation about September 1st.

#### District Formed

The provincial government at its session which closed Tuesday night passed the regulations which are necessary in that connection. The appointments of the inspectors are not yet completed but the province has been divided into six districts as follows:—

No. 1, Madawaska, Restigouche and Gloucester with headquarters at Campbellton.

No. 2, Northumberland, Kent and Westmorland, less Moncton City with headquarters at Newcastle or Moncton.

No. 3, Cities of Moncton and Fredericton and town of St. Stephen with headquarters at Fredericton.

No. 4, Charlotte, less St. Stephen King's Queen's and Albert with headquarters at Hampton or Sussex.

No. 5, Victoria Carleton, York & Sunbury, with headquarters at Fredericton or Woodstock.

No. 6, St. John City and County, with headquarters at St. John City.

#### Official Message

The official message from New York was as follows:—

New York, N. Y., Aug. 14, 1922.

Doctor William F. Roberts,

Minister of Health, St. John, N. B. Executive Committee International Health Board adopted resolution providing twenty-seven thousand dollars per year for two years beginning September first for rural health program in New Brunswick, payment to be made by check payable jointly to Provincial Secretary Treasurer and Minister of Health. First check or period September to November thirtieth to be mailed late August Mailing today copy Rose's letter dated August third which gave full particulars.

**Appetite Good,  
Gained 20 lbs.  
Could Not Feel Better**

From a nervous wreck this man was restored to health, strength and happiness.

He tells his own story in this letter.

Mr. Ralph A. Roberts, Loverna, Sask., writes:

"In 1917 I had lost all appetite, failed 25 pounds in weight, became very nervous and shaky and in fact given up all hope of recovery. For some time I had suffered from constipation, which kept getting worse, until I was fast becoming a total wreck. Doctors and their drugs were sending me to my grave at the age of 39.

"Then I read about people being restored by Dr. Chase's Medicines and after three months' use of Dr. Chase's Nerve Food and Kidney-Liver Pills I found that my bowels were restored to normal movement each day and the constipation was no more. I had a good appetite, had gained 20 pounds and could not feel better. I shall always be grateful for these benefits."

### Railway News

Port Coquitlam, B.C.—On July 29 the city treasurer received \$16,000, the C. P. R. taxes, which were not really payable until August 31. There is jubilation in the City Hall for these taxes are the first paid since the expiry of the by-law fixing the flat rate.

St. John, N.B.—All the C. P. R. employees now living who served in the recent war will have a token to commemorate their sacrifice in the shape of a scroll which is a fine piece of work and is almost a copy of the large bronze tablet unveiled by the C. P. R. here on April 28, 1922. The scroll is signed by E. W. Beatty, President C. P. R., and E. Alexander, Secretary. The inscription on the scroll reads:

"In honor of duty nobly done. This scroll serves to commemorate that, while in the service of the Canadian Pacific Railway (the recipient's name appears here), relinquished his position in response to the call of King and country and served during the Great War 1914-1918."

The base of the scroll is set off by the names of the following battles: Ypres, Festubert, the Somme, Vimy, Hill 70, Passchendaele, Amiens, Cambrai, Drocourt-Queant and Mons.

Regina—The Saskatchewan better farming train brought its highly successful tour to a conclusion recently, and Mr. Williams, agricultural agent of the Canadian Pacific Railway Company, expressed his belief that this train, the biggest yet operated, with the biggest attendance, also got bigger and better result than any of its predecessors.

"Many silos," said Professor Winters, of the Animal Husbandry Department of the College of Agriculture, who was on the train through the whole trip, "will be built as a result of the visit of the better farming train."

Professor Potts, who was lecturing on dairying and who was in charge of the dairy exhibit car, stated that in the southern and eastern parts of the province there is a very noticeable increase in the interest taken in cow testing work, and one result of the tour of the train, he was convinced, will be that a very large number of dairymen will now adopt this method and many others, formerly doubters, are now convinced of the value of this system.

Lubrication, ignition and carburetor troubles were the chief matters upon which farmers sought the assistance of Mr. Josephson in the farm mechanics car, and he believed that an unprecedented number of power users benefitted by bringing their problems for solution to the better farming train.

Both the household science and the forestry sections were very busy throughout the trip.

In the field husbandry car Miss Brayford's bees attracted considerable attention. This lady has kept bees for many years near Wawota, and last year her output of honey reached well over 900 pounds.

J. K. Finlayson, who was in charge of the poultry car the greater part of the trip, states there seems to be a good deal of doubt regarding the cotton fronted poultry house, some complaining that the birds froze their combs. This, he said, was because the house was overcrowded, and the more hens there are the more moisture comes from the condensing breath. A high temperature is 106, and she can stand the cold perfectly well, as long as the air is dry. The cotton fronted poultry house, with insulated walls and properly ventilated, has been found absolutely satisfactory at the College of Agriculture.

The total attendance for the tour was 32,881, and surpassed the former best on record by 107. The difference between this year and last year would have been many more had it not been for the fact that heavy rain spoiled the last day's attendance, when three meetings were scheduled. The average daily attendance was 1,061, and the total attendance was comprised of 9,275 men; 6,332 women; 13,971 boys and girls; and 3,303 babies.

### ENOUGH TIMBER FOR 5000 HOMES LOST HERE YEARLY

Forest Fires Undermine The Security of Forest Industries—Campers Responsible For Half the Waste.

(By Robson Black, Mgr. of Can. Forestry Ass'n.)

According to the official reports of the N. B. provincial government, an average of 50,000 acres of forest land per year has been burned over during the past four years, 1918-1921. No accurate statistics of the loss previous to 1918 are available, but the loss was probably even greater. About half of the area burned contained merchantable timber, while the remainder contained young growth of various ages which soon would have been large enough to cut. This average loss of timber alone means that enough lumber to build 5000 houses is burned each year, while the land lies in an unproductive state for probably the next eighty or one hundred years. In the life-time of the ordinary individual this means that at least one-third of the forest area of the province will be burned over if this high average is maintained. In other words, the present generation will witness the passing of the lumber industry in this province, if the lumber for 5000 homes is burned each year. Of course much of the burned land will eventually grow up into timber again, just as the land burned by the Great Miramichi Fire of 1825 did, but will the lumber industry with its vast investment in plant and equipment wait 80 years for the forest to replace itself when it depends for an existence on yearly harvests?

And what of the immense damage in money, year after year? The same statistics show that the loss to forests and property figured only at stumpage rates and actual sale values amounted on an average to nearly half a million dollars. Figure this over one generation and the outlook for our children in this province is not a very promising one, while our children's children would find New Brunswick, now so richly endowed with forests of many kinds, poorer by at least \$100,000,000 if forest fires continue to take this annual toll.

A glance at the causes shows that during the past four years the various means adopted to prevent forest fires have almost eliminated

many former common causes. Settlers burning brush only caused 2% of the total damage in 1921. The average yearly damage caused by railways has only amounted to 4% of the total during the past four years. Actual carelessness of fishermen, campers and others has caused on an average over fifty per cent of the total damage during the past four years, and have caused as high as 80% of the total damage certain seasons. Will this continue in the future? Will the careless camper continue to leave his camp fire smoldering and come back to town to read in the first paper he picks up that his smoldering fire is now raging on a two-mile front and destroying the forest growth of centuries, or will he acquire the habit of being careful and join the majority who already realize that every forest fire means a direct monetary loss to be felt now and for a century?

It is indeed a vital question in New Brunswick. Help the careless to become Careful, for the future of the greatest natural resource and the prosperity of the province depends on the actual reduction of the annual forest fire losses.

#### WANT OLD SPELLING

Moncton is considering the question of reverting to the correct spelling of the name, and the city council has taken up the issue. Moncton in 1765 was named in honor of General Robert Monckton, lieutenant-governor of Nova Scotia. Forty years ago there stood off main street in the city the "Monckton Hotel." Since that time the K has been lost. Monckton, Vt., still retains the K. Sir Frederick Williams-Taylor, a native of Moncton, favors the change as do others.

## NEW DEPARTURE IN POULTRY EXHIBIT

In connection with the Poultry Department of the St. John Exhibition still another innovation has just been made. Heretofore, no prizes have been issued for Capons, although every epicure knows the large esteem in which Philadelphia Capons are held. For some time the governments have been advocating caponising of birds before they are marketed and to popularize this movement the Exhibition is this year diverting a bronze medal, donated by the Canadian Poultry Review of Toronto, and offering it for the best Capon exhibited at the 1922 Exhibition.

## THE POSTAGE STAMP

Thousands of postage stamps are weekly used throughout the Dominion of Canada, yet perhaps it never costs us a thought how these little messengers are serving us. For long ages they have been traversing through the country and have been used for our convenience. Not long ago the fad of collecting old stamps throughout the country brought the stamp into notoriety. That fad has passed away and perhaps the future historian of Canada will record the fact that a large collection of postage stamps were gathered for antiquarian purposes.

The postage stamp which has a history still continues to do service and never threatens to enter the list of strikers. May we not draw two or three lessons from these silent messengers that minister much to our convenience and are so helpful to us in our business transactions.

The tiny stamp takes the thousands of miles away and ensures that it will be safely delivered. You find it upon the envelope at the end of its journey. There is an object lesson on sticktiveness. Some people constantly vacillate, ever changing, not settled in opinions or anything else. Their course in life is marked by adhesion. Such people do not contribute much to the world's advancement or stability. Stick to your work, be interested in it and be constant plodders and prosperity will follow.

Then the postage stamp serves every body. The wealthy man puts a stamp upon a letter that carries it until delivered. The Indian or poor man mails his letter at the post office, it too goes on its errand and does as much for him as for the wealthy man.

Should not we be willing to enter a life service for all mankind? We may be willing and ready enough to serve the rich to even do obeisance to those who rule over us, and yet neglect to comply with Heaven's mandate to serve our fellow men. We should be willing to serve every body no matter what the position in life.

Then the postage stamp sacrifices itself that it may serve others. The P. O. official obliterate the stamp. Its life is gone. It cannot serve again. So we are to make sacrifices that we may serve. In the late war many sacrificed unto death. We are not always called upon thus to make sacrifices. But we can never properly serve without making sacrifices. And as we make sacrifices we dignify Christian character.

## Wage Reductions On Railways Are Rescinded

In a telegram despatched August 15 to Hon. W. L. Mackenzie King, Prime Minister of Canada, over the signatures of the presidents of the Canadian National, Grand Trunk and Canadian Pacific railways, an undertaking is given to rescind the wage reduction on shippers on the Canadian railroads, effective since July 15 last and to revert to the rates of pay in force prior to that date. This understanding is made consequent on the Prime Minister's letter addressed to the railway heads asking them to adopt the view of the Federal Department of Justice that a wage reduction was contrary to law. The railway heads, while still affirming the position that their action in cutting wages is legal, agree to accept the ruling of the Department of Justice with the proviso that the companies' case before the Board of Conciliation now sitting here will not be prejudiced thereby.

## PRESS COMMENT ON LONDON FAILURE

Europe was unable to rise to what might have been a great opportunity to put her feet on the road to recovery.

This is the consensus of the press comment regarding the failure of the London conference, but as to who was responsible for the failure depends upon whether one accepts the French or British viewpoint.

The pro-government editorials express the hope that France will take the counsel of reason and sobriety and not continue to act against her own best interests, while those of the opposition press, such as the Daily Mail, say the British people will not allow any administration to quarrel with their friend and ally for the benefit and satisfaction of the Germans.

## A Concession To Home Investors

In offering to renew the five and a-half per cent. Canadian Government bonds maturing December 1st at the same rate of interest as is carried by the maturing bonds, and allowing a bonus of one month's interest, the Minister of Finance is making a material concession to the Canadian investor, as this rate is higher than was paid on the recent Canadian Loan in New York. The high class of the security, which is the very best that can be offered in Canada, and the liberal rate of interest should lead to large investment in these Dominion bonds. Attention is directed to the official advertisement giving details.

### TIRED OF LIFE

According to official returns, suicides were an awful crop during 1921, in the United States. A remarkable feature of the report is the number of well-to-do splendidly educated people in important positions, who went out of life, by their own hands. Of this class, the numbers are given as follows:—In 1921:—86 doctors; 57 judges; 37 bank presidents; 21 clergymen of different denominations; 10 editors; 7 Mayors, and 7 members of legislatures. Terrible as this list is, it is only a small portion of the total number in the States, who thus grew "tired of life."

**HARVEST EXCURSION**  
The second series of Harvester's excursions left last Friday. The train was equipped with up to date colonist cars and a special lunch counter car where excellent meals could be obtained. A large number took advantage of the cheap rates but not nearly so many as the first excursion which left on the 4th inst.

**LUMBERMEN HERE**  
Messrs. J. B. Brand of Montreal and A. W. Godfrey, of the firm of L. N. Godfrey & Co., Boston, both prominent lumbermen of these cities are on an extensive tour of the Maritime Provinces studying existing conditions in the lumber business. These gentlemen were in Newcastle last week and both expressed themselves as very pleased with the conditions, so far as they have found them, and were quite optimistic that a revival in the lumber business would take place in the near future.

**BASEBALL**  
The locals defeated the Richibucto Baseball team on the Farrell Diamond last Wednesday afternoon by the score 18-2. A large number of fans were present to see the game. The visitors put up a very good game but were unable at any time to stem the tide that the locals put up against them. The two runs earned by the visitors, were each home runs and were made off Crig, who relieved Ryder in the 7th. Ryder pitched a good game and was given good support.

**TO BE SOLD UNDER HAMMER**  
It is announced that twenty parcels of land, mill property and other assets of Frank D. Swim and Alexander Storey, lumbermen of Doaktown, who assigned to the Canadian Credit Men's Trust Association, Ltd., of St. John, about two months ago, are to be sold under the hammer next month. Most of the land is in the parishes of Ludlow, Glenlog, Ellsfield and Blackville, Northumberland county. One lot is six miles from Fredericton. Two-thirds of the capital stock of the Southampton Lumber Co., will be included in the auction.

**CLOTHESLINE THIEVES**  
We would strongly urge all residents to make sure that they take in their clothes from lines before dark sets in during the evenings. Clothesline thieves are again at work and the above advice is given as a timely warning. We know of one resident's clothesline, which was stripped of a number of articles of clothing one night last week between 10.30 and 11 o'clock. Our town has come to a pretty state of affairs when it is impossible for residents to leave clothing on their lines over night for bleaching purposes. Some drastic measures should be immediately taken to clean our town up. It needs a thorough cleaning badly as prevailing conditions are disgraceful.

**GOOD COD FISHING**  
The Caraqueet Fishermen are reported to have made very large catches of cod fish this season, and persons familiar with the fish business say codfish ought to be much cheaper this fall than last.

**THE NEWCASTLE BRIDGE**  
The latest from the Newcastle Bridge is that it may be opened for traffic on the 25th of this month. The iron work has been completed and only the concrete flooring remains to be laid.

**GRADUATION EXERCISES**  
The Graduation exercises, in connection with the Training School of the Miramichi Hospital, will be held Thursday evening August 31st, at eight o'clock in the Assembly Hall of Harkin's Academy.

**IMPORTANT WORK**  
On Thursday evening 31st, inst., the graduating exercises in connection with the Training School of the Miramichi Hospital, will be held in the Assembly Hall of the Harkin's Academy. It is desired that the citizens attend these exercises, as the work is a most important one and worthy of the fullest co-operation and encouragement of the community.

**CHATHAM DEFEATS BATHURST**  
The Chatham Baseball team defeated Bathurst last Wednesday at the latter town by a score of 5 to 1. The game was a pitcher's battle all the way through. Both pitchers pitched good ball. Briggs of Chatham allowing only 3 safe hits, and had 19 strike-outs to his credit. McKenzie for Bathurst allowed only 3 safe hits and had 18 strike-outs to his credit.

**OFFICERS FAREWELL**  
Captain and Mrs. J. A. Gowling, commanding officers of the 10th S. A. Corps held their farewell service in the local barracks last Sunday evening. A large congregation was present to bid farewell to these popular officers. The Captain and his wife have received orders to report in Summerside, P. E. I. next Thursday night and will leave on the Maritime express Thursday morning.

**ROD AND GUN**  
The September issue of Rod and Gun in Canada, now on sale, is one which should please the sportsman and the outdoors man, for there are many attractive features, all of which should prove of interest. H. Mortimer Batten, whose work has achieved prominence through the columns of this magazine, has an absorbing story, entitled: "The Terror of the Canyon," which is a swiftly-moving tale, with plenty of action and not a few thrills. There are other good stories, also, while Bonnycastle Dale's usual article is one of decided merit.

A special feature is the complete table of the seasons for all game, large and small, in each province of the Dominion, and this information, being complete and yet compact, should be a boon to hunters and sportsmen everywhere. The Guns and Ammunition department edited by C. S. Landis, easily upholds the splendid standards previously established, and that is a guarantee of value and quality.

Robert Page Lincoln's Fishing Notes, with Queries and Answers, contain much material of importance to the angler, and this popular department again offers something good for the delectation of all those who pursue the fluky beauties. The Kennel department, as well as the Trap and Photo department, are of high merit, and there are many other articles and stories, too numerous to mention, which go to complete a magazine of quantity plus quality.

**ROD AND GUN IN CANADA** is published monthly by W. J. Taylor, Limited, at Woodstock, Ontario.

**S ARMY PICNIC**  
The Salvation Army Picnic was held last Thursday at Amos' Siding and a delightful day spent by all who attended.

**REDBANK EXCURSION**  
The Wednesday afternoon excursions on the Str. "Max Aitken", are being well patronized. It is a delightful sail and should be taken advantage of by residents of both sides of the river.

**SCHOONERS AGROUND**  
An American Schooner bound for Dalhousie took by mistake, the Miramichi Bay for the mouth of Bay Chaleur last Friday and sailed in until she grounded on the bar. The Sch. Florence Howard, for this port, ran on the back of the bar before the pilot got to her. Both vessels got off on the night tide. The Florence Howard is loading laths at Frasers', Nelson.

**ST. ANDREW'S CHURCH**  
Owing to the rector of the Church being absent for the past week or ten days in Fredericton the only service in this church next Sunday, August 27th will be at Eight o'clock in the morning. The Rev. D. F. Forrester will officiate and the service will be that of Holy Communion. There will be no Sunday School next Sunday and on the following Sunday the classes will reassemble at 2.30 in the afternoon.

**REWARD FOR TRIFTS MURDERER**  
A reward of \$500 for information leading to the arrest and conviction of the murderer of Fred H. Trifts has been offered by the provincial government. Fred H. Trifts was brutally beaten to death on July 6 last at St. John, and since that time, beyond many rumors and reports which, after close investigation, led nowhere, there has not been any clue brought to light which has indicated that a resolution of the mystery may develop at an early date.

**AT OPERA HOUSE**  
"The Man From Lost River" is a picture for people who like the sensation of being alive. As this classification applies to the great majority of human beings, it is plain that "The Man From Lost River" will be an irresistible drawing card. Like "The Branding Iron," it tells a story of the open spaces, in terms of emotion and action that everyday folks will thrill to.

GOLDWYN ranks "The Man From Lost River" with its big pictures of the year. You know what these pictures are. Their success is a matter of common knowledge. In "The Man From Lost River" you have one of the top-notch attractions of a remarkable program.

Katharine Newlin Burt, the author has already contributed the story for one of Goldwyn's greatest successes—"The Branding Iron." In "The Man From Lost River" she is at her best. The background of the lumber-camp is vividly real. Her men and women all seem actuated by strong, primitive emotions. The story is full of tense climaxes, stirring situations, electrical suspense.
