The Capital We Possess.

All men around us are furnished with a certain amount sof capital-life it is bailed. Their present and future condition depends upon how this capital is expended and used. Some spend it very rapidly by habits and ways which induce suffering and disease, while others hasband it too closely, and tie up the treasure in such a way that its value becomes impaired. In both cases this capital known as life or health calls for repairs. It often becomes clogged and rusty; imperfections and breaks occur which call for prompt attention, else large leakages are the result and our important capital flees away. Note some of the breaks and leakages—overworked, restless brain; nerves weak and unstrung; headaches, imperfect circulation, meisancholia and morbidness, as well as dyspeptic troubles. The Forthcoming Convention The teachers will soon be here. Tho of them will come from every part of the United States and Canada. They will receive a royal reception, and well do they deserve it. They are the moulders of a nation, they train its sons and daughters, and ins good principles into their minds at a time when it takes deep root. Their expenses will be very heavy. Some of them will come from far distant places. They will have to pay their fare, and their board bill after they. get here. True, they will have a good time-lectures, excursions and everything else; but greatest of all, they will have a chance to use Magnetic or Wonder Soap, or Lily White Washing Compound, which bears away the paim from all competitors. One trial will suffice to prove its superiority. 246 suffice to prove its superiority.

We do not sell off a few acres, pocket the proceeds and leave the place to its fate. We lay out our property on a broad liberal basis, and even after the land is sold we plant the streets with beautif shade trees and continue to take an interest in everything that would tend to develop th neighborhood. WE ARE GIVING FREE SITES FOR SCHOOLS. We will have edu cational facilities of all grades, from the Kindergarten to the High School. FREE SITES FOR CHURCHES and other liberal assistance, and the most liberal and public spirite

Remember we have 1700 acres of land in the most beautiful, healthy, cheap and access ible part of the Continent to develop and sell, and we are determined to distance all co petitors to such an extent that we will practically have no competition,

on the grounds.

Have confounded a recent sale of Lands in Scarboro with Bellamy--Understand clearly we have sold no land yet, although we have had thousands of applications and enquiries.

People have importuned us to accept their money, but we would not do so, as our plans were not perfected, and we were determined that no greed for immediate gain should induce us to place a crude or defective scheme before the public, to the detriment of our interests and yours and the neighborhood generally; but we will be in a position to sell and give possession on the 9TH OF JULY, when we will have our FREE EXCURgive possession on the 9TH OF JULY, when we will have our SIONS, when "whosoever will may come," no exceptions, no discrete

Three Large, Free Excursion Trains will leave the Union Station at 9.30, II and 1.30 o'clock respectively,

In order to compensate the people for the delay and disappointment we have deter-

mined to depart from our policy as laid down in our pamphlet and other advertisements but only in so far as this one estate is concerned.

We have laid out eighty acres in close proximity to Bellamy Station, and we will sell ONE HUNDRED LOTS FOR FIFTEEN DOLLARS EACH, the first one hundred applicants. These lots have a frontage of 30 feet and a depth of 20 feet. We will sell fifty other lots of the same size at Twenty-five Dollars to the next fifty applicants and fifty more at Thirty-five Dollars. Two hundred lots only to be sold at

Not More than Two Lots to any one person at That Priceand all sales to take place on the grounds. Nothing like this ever offered in or about Toronto before, and we doubt if the like will be ever offered again. Every lot a good desirable Building Lot.

## BUILDING BOUNTIES

In Three Months.

the first ten people who build, Upon the simple conditions that the persons claiming the bounty shall each build a house worth at least \$800, complete according to any plan and specification submitted by purchaser, and commence to build before the 1st of August next, and that the houses shall be

com pleted and occupied bona fide before the 1st day of November next. WE WILL GIVE ONE HUNDRED DOLLARS (\$100) IN CASH o each of the next thirty who build within the same time and terms. This insures at least

orty houses with bona fide occupants within three months. WE WILL DEPOSIT \$5000 of the proceeds of this sale in the Imperial Bank of

Canada, to be paid out upon the above conditions. The only proof that the bank will require before paying out the bounty will be a declaration of the person claiming the money, testified to by any respectable city architect. But we will give \$10 additional (\$910 in all, or \$110 as the case may be) if we be allowed to nominate the architect. Our only object is to have the best architectural talent, which does much to beautify and make comfortable and healthy the most humble homes. Beauty costs nothing and is very desirable, especially from the property of the property ir standpoint, as we have 1700 acres of land in one block and we are determine the prettiest, healthiest, cheapest and most accessible suburb in or about Toronto.

Although this offer looks wild and extravagant, it is a simple and genuine b transaction, and it means that we will actually give away \$5000 in cold hard cash as building bounties. You will understand this offer when you consider that we have an estate of over 1700 acres and this is the initial sale. The above terms apply to this estate only, and we only offer these terms to secure the population required to insure a rapid and frequent train service. OUR PROFIT WILL COME LATER.

BELLAMY will be a perfect model of a beautiful residential town, a cheap and healthful clace to live in. It is estimated that the number of dwellings to be erected this season will acceed 200, and some have estimated that over \$300,000 will be expended in improving and veloping Bellamy within the next eighteen months.

The time is past for people to pay from \$20 to \$200 per foot when they can get land in a better place at less than one-tenth of that price, where they can reach home or business in half the time at half the cost that they can in the city, AND NO 17 MILLS ON THE DOLLAR. Of course if people want a special improvement on or in front of their property they will have to pay the cost of it; but we will guarantee that the general tax will not exceed two dollars on a house and lot worth one thousand dollars.

Mr. E. A. Macdonald, whose enterprise as everybody knows, has caused an increase of millions of dollars in the value of property in the East End, doing more perhaps than any hundred other East Enders, is our manager. This promises a policy of push, energy and development.

Of this portion of the estate can be had at the Company's Offices, both at Toronto and Bellamy.

## BELLAMY LAND CO.

36 KING-ST. E., TORONTO.

N.B.---We state clearly the size of our lots and we insist that the purchaser shall see every lot before buying. We believe this to be a necessary precaution in these degenerate days. A hole in the ground unfit for building, garden or farm purposes, is dear at any price.

## TENDERS.

in the Estate of the late Susan

The Executors of this estate will offer for sale by tender a block of land on the southeast corner of Hackney and Carristreets in the City of Toronto, being 76 feet on Hackney-street by 92 feet to a lane on Eleanor-street together with the houses thereon being six in number, there on Hackney-street and three on Carristreet.

Tersons desiring to tender may tender for the whole block or for the houses separately, or for the houses on either street.

No tender necessarily accepted.

Local operators had evened up their trades pretty gennrally last week and the early news was not sufficiently important to warrant new ventures. The declines ranged from 3%c in near to 1%c in later futures. When second cables quoted 1 to 3 farthings advance in English markets and a firmer tone on the continent, general buying followed, led by a prominent local short, upon which July recovered the loss, but tree selling at the advance for outside account caused a collapse at the close, and all futures broke badly, closing weak on the excellent erop prospects and very encouraging returns of yields from threshers. The short interest has been largely eliminated and we look for easier market while rush of cash from new crop is large, as this is always a bear factor in our market. Reports from Europe regarding crops were bad again to-day, and for present we think shall see lower markets. Corn strong. Pardicidge, a heavy short here, covered over two million as soon as he had finished covering. Ream started with the local shorts and run market up, and the shipped to Russia. Cochran received the following to-day over his private wire from Kennett, Hopkins & Co. New York: The course of the market has not fully met the anticipations which the street had of its taking on new life and increased strength after holidays. The opening was chilled by large selling C.B. & Q. Whatever tendency the balance of market had to innorove was held in check by break in this stock. The publication of Union Pacific statement broke it ¾. It is said French people will take a good deal more gold. The Bank of England to-day shipped five million to Russia and made a net loss in gold after deducting receipts \$4,500,00. It is said that there are still two million pounds sterling to be shipped to Russia. The market closed dull and irregular, a few stocks being higher than
