## ANNAPOLIS VALLEY CRICKET LEAGUE

### Games Arranged Between Windsor, Wolfville, Bridgetown, Kentville and Annapolis

The Annapolis Valley Cricket League is an accomplished fact. At the invitation of the Wolfville A.A.A. cricketers to send delegates to Wolfville, the following cricketers were represented:—Bridgetown C. C. by Messrs. Ollerhead and Whiteway; Kentville C. C. by Capt. Holland and Mr. Walker; and Windsor by the Rev. Mr. Armitage and Mr. Howard S. Anslow; while the Wolfville delegates were the Rev. Mr. Dixon and W. H. G. Phipps. Dr. Coit was also present and acted as secretary. The constitution, as drafted by the Wolfville Committee, was discussed, amended and adopted. The officers as elected by ballot were:—

President—Rev. R. F. Dixon.  
Vice-President—Captain Holland.  
Secretary—Treasurer—D. Coit.

A code of bye-laws was agreed upon. A telegram having been received from the Annapolis C. C. applying for admission as a member of the League, it was unanimously agreed to accept the request, the Windsor delegates expressing the hope that the Annapolis eleven might find it possible to agree to a mutual arrangement with Windsor whereby their matches may be played on some intermediate ground in order to lessen the distance, as 75 miles was rather too long between these two extremes.

### THE SCHEDULE

After informal discussion of various minor points to provide for eventualities in the course of the season, the delegates arranged the following schedule:—

(First named plays at home.)

Friday, June 3—Windsor vs. Bridgetown.

Thursday, June 16—Windsor vs. Annapolis.

Thursday, June 23—Bridgetown vs. Annapolis.

Friday, June 24—Annapolis vs. Wolfville.

Friday, July 1—Wolfville vs. Bridgetown.

Saturday, July 9—Kentville vs. Annapolis.

Thursday, July 14—Bridgetown vs. Windsor.

Thursday, July 21—Wolfville vs. Windsor.

Saturday, July 23—Kentville vs. Bridgetown.

Saturday, July 30—Annapolis vs. Kentville.

Thursday, August 4—Bridgetown vs. Wolfville.

Thursday, August 11—Annapolis vs. Windsor.

Saturday, August 13—Wolfville vs. Kentville.

Thursday, August 18—Annapolis vs. Bridgetown.

Friday, August 19—Wolfville vs. Windsor.

Saturday, August 27—Bridgetown vs. Kentville.

Monday, September 5—Windsor vs. Kentville.

Saturday, September 17—Kentville vs. Wolfville.

Monday, September 19—Wolfville vs. Annapolis.

After completing their labors, the delegates retired to the Devonshire Tea-Rooms for refreshments and cigars. A most enjoyable social hour was spent, the company having been augmented by Messrs. Elliott Smith, Chas. Koppell, George Ruffe and Gerald Bould, who had carried out the duties of a reception and entertainment committee with great credit to themselves and the Association.

Rev. R. F. Dixon, who presided, proposed the toast of the visitors in his usual breezy style, and was overwhelmed with emotion in tendering his thanks for the honor of being elected the League's first president. He assured them that he enjoyed striving to promote the good old game and was thankful for being spared to witness its revival in the Valley. Elliott Smith also spoke words of welcome to the visitors, for whom the Rev. Mr. Armitage responded and voiced everybody's appreciation of Mr. Dixon's services to cricket; he was to the Valley what Dr. W. G. Grace was to England—the grand old man of cricket. Mr. Armitage was enthusiastically optimistic as to the prospects of the game in the Valley this coming season, and expressed the hope that the Stellarton champions

might make a tour of the Valley this summer and play an exhibition game with each team of the League, a sentiment that was loudly applauded. He urged each member of the League to arrange for careful scoring at each match, so that accurate analysis of the batting and bowling averages in League games may be published at the close of the season.

Mr. Whiteway, of Bridgetown, who has returned only recently from the old homeland, suggested that a series of County matches be arranged, and on behalf of Annapolis County issued a challenge, which Captain Holland, of Kentville, promptly accepted on behalf of King's County; and Mr. Anslow, of Windsor, with equal alacrity, on behalf of Hants County, challenged the winner of the King's-Annapolis game.

Elliott Smith, of Wolfville, was given quite an ovation on his offering to present a bat to the player topping the batting averages in League games. It only remains now for some well-wishers of the queen of sports to offer a prize to the bowler who is highest on the bowling averages, and a suitable trophy for the League Champions.

## CAPT. CONRAD BANQUETTED

### Members of Crescent Lodge of Oddfellows Show Appreciation of a Good Sport

Again Capt. Joseph Conrad has been banquetted in honor of building the sch. Canada to bring back from Gloucester the Herald trophy that was won by the Esperanto last November. Capt. Conrad's former banquet took place at Shelburne. The last one was given by the members of Crescent Lodge of Oddfellows in their lodge room in Bridgetown Thursday night. After the third degree had been conferred on two candidates luncheon was served, the guest of honor being Capt. Joseph Conrad, who resides in Clarence, a village adjoining Bridgetown, but who is a member of the Oddfellows' Lodge at LaHave. The toast list consisted of "The King" followed by the National Anthem, "Oddfellowship, Mr. A. G. Walker; "Our Host," proposed Mr. O. S. Dunham and replied to by Capt. Conrad, who gave a thorough description of the new schooner Canada and assured the brethren that he wanted the best vessel to win and he felt confident that he would return next autumn with the cup. Other after-dinner speeches consisted of remarks from the several marine men present, the visiting brethren and the new candidates. Bridgetown is pleased to have Capt. Conrad as one of its citizens and it was thoroughly demonstrated Thursday night that the three ling trinity is with him in the coming event. The evening proved one of the most interesting in the history of the lodge.

Mr. B. N. Messinger, Noble Grand of the Lodge, performed the duties of Toast Master, and Mr. A. F. Hiltz, P. G. E., the duties of Chaplain.

Capt. W. E. Gesner was the chairman of the entertainment committee.

### A BUILDING BOOM

(Annapolis Spectator.)

Quite a boom in building operations has already begun about town and bids fair to develop extensively before the summer is over.

In addition to the new Bank of Nova Scotia, Denton & Condon have taken a contract for a new house to be erected for Mrs. Anderson, adjoining the Tennis Court, on both of which buildings they have already begun work. G. B. Hardwick has moved the house occupied by Fred Gormley to a new foundation nearer the railway station and will erect a new house on the old site on Victoria street. The barn has also been moved. It is rumored that a new business block may be erected on St. George street opposite the post office, but plans have not yet been completed. Preparations are being made for a new bungalow on St. Anthony street. Together with the work on the Granville and Allen's Creek bridges therefore it looks like busy times in the building line here this summer.

WHAT HAPPENED WHEN S. B. LEFT FLORIDA

(Haines City Herald)

There was great excitement in town when S. B. Chute made his exit from Haines City this last week. A family row with the occupants of his home, breaking the speed limit with his Lizzie, unusual exposure of person on the streets, disrupting the peace and quietude of Brook's real estate office and the spoilation of the stock of More's Haberdashery are among the small crimes and misdemeanors now on the slate against said Chute.

It all happened in this wise: Sam, who is the head of his clan from Nova Scotia, was all prime and ready to lead his flock from the sunny fields of Florida to the frozen hills of Canada. Tickets had been bought, reservations made, the train was about due, the dog had been turned over to a neighbor, the cats all farmed out for a season, and Sam was putting on the finishing touches of his toilet when he discovered that his wife had locked his one pair of boots and the socks to match in the closet. She had also lost the key to said closet.

The door resisted all appeals to reason and to the attack of every key on the person of the combined company. The boots snuggled into the dark corner and the only response to the appeals was a faint

## ANOTHER DREAM REALIZED

### St. Matthew's Church, Deep Brook, Has Received Some Valuable Repairs

On ascending into the new pulpit for the first time, the Rector, Rev. A. W. L. Smith said, "For some time the people of Deep Brook have had a vision of a suitable pulpit and modern design. Two years ago the re-seating of the church was accomplished and now the full realization of their dreams has come to pass in the installation of the beautiful pulpit and lectern and reading desk."

"These articles," the Rector said, "could not be surpassed by any product of an Ontario firm."

The pedestal of the pulpit is octagonal, and the main panel sections of the body are formed of double gothic inside of square, and under the massive cap moulding is a frieze of the well known and peculiar church design, known as the trefoil, with every alternate figure in an inverted position. On each of the octagonal corners, and separating the panels is a plaster of combination scroll and turned work, which leaves the panels somewhat in recess and gives an appearance of depth.

The most pleasing feature of all is that no imported stock was used in the construction of the articles. Our own Nova Scotian oak, most carefully selected by the builder and with the beautiful grain fully developed by scientific shading and toning, has resulted in a finish which surpasses much of the American quartered oak.

The work of re-seating, two years ago, was in charge of Mr. Corey G. Harris, of Deep Brook, while the recent installation of pulpit and other church furniture was performed by Mr. R. W. W. Purdy, also a native of Deep Brook, but for some years past residing in Bridgetown, and for last three years in Halifax with Messrs. Gordon & Keith, wholesale and retail furniture dealers.

The members of St. Matthew's church have good reason to be proud of their church building and fittings, which, as the rector remarked, are second to none in the Diocese of Nova Scotia.

It is the intention of the Rector to hold, in the near future, a special service at which Rural Dean Leif Digby, will conduct a suitable service of dedication.

 Defied Doctors

"For three years doctors treated me for a terrible attack of eczema," writes Madame Alphonse Lariviere, 671, Rodman St., Fall River, Mass. "Each in turn gave up the case as incurable. I then went to a specialist who charged \$80 but did me absolutely no good."

"Though one could hardly have been more discouraged at the time when I heard about Zam-Buk, I decided to try it. I applied dressings of the balm only Zam-Buk Medical Soap. Very soon there was such decided improvement that I was encouraged to continue. The combined use of Zam-Buk and the balm purified my skin of disease."

**SKIN-SOOTHING ESSENCES** penetrate to the root of eczema, ulcers, ringworm, poisoned sores, etc. Zam-Buk not only clears away unsightly surface eruptions like pimples, blotches and rashes—it literally uproots eczema and other obstinate skin disease from the underlying tissues. The first dressing of Zam-Buk soothes and cools the skin and ends irritation. Then when it has antiseptically purified the diseased parts, Zam-Buk promotes a new growth of clear healthy skin. SUFFERING OF YOUNG WOMEN

This Letter Tells How It May be Overcome—All Mothers Interested.

Toronto, Ont.—“I have suffered since I was a school girl with pain in my left side and with cramps, growing worse each year until I was all run down. I was so bad at times that I was unfit for work. I tried several doctors and patent medicines, but was only relieved for a short time. Some of the doctors wanted to perform an operation, but my father objected. Finally I learned through my mother of Lydia E. Pinkham's Vegetable Compound, and how thankful I am that I tried it. I am relieved from pain and cramps, and feel as if it has saved my life. You may use my letter to help other women as I am glad to recommend the medicine.”—Mrs. H. A. GOODMAN, 14 Rockvale Ave., Toronto.

The Cause of Colds Men who work indoors—in offices, stores, factories and warehouses, are in constant danger of contracting coughs and colds, through over or under heated buildings and cold draughts. Their most reliable protection is...

HAWKER'S Tolu and Cherry BALSAM which quickly and effectively checks these colds, preventing dangerous complications.

For three months I suffered with a severe bronchial cough which baffled all treatment. Hawker's Tolu and Cherry Balsam was suggested and less than two bottles completely eradicated the cough. I recommend it to all similarly afflicted.

CHANGE OF FAITH

Susie had for a long time been praying for a baby sister. The other day, on laying down the hotel payer, her mother said: "Our new pastor's wife has a little daughter."

WHAT SHE HAD SEEN An English tourist was on a visit to Apran and decided to have a day's fishing. He made inquiries of local experts, and on being told that the clog, or horsefly, would suit his purpose for lure, he sought the Highland servant girl at his inn.

HOW FAST CAN YOU SAY THEM? Here are a number of amusing "tongue-twisters" discovered by an American contemporary. A glowing gleam growing green. The black breeze blighted the bright blossoms. Flesh of freshly flying fish. Six thick thistle sticks. Two toads tried to trot to Tedbury.

NEAR-TRUTH "You are late for dinner, as usual!" said Mrs. Twobible, crossly. "I believe I am, my dear," answered Mr. Twobible, apologetically. "I daresay you've been standing in front of a baseball bulletin board."

SOME SPEED Conversation overheard between two porters on the G. T. P. "Say, fella, how fast does you slls run on that limited?" "How fast does we run? Why, man, we jst burne it up, we makes telegraph poles look like a solid board fence. We jst 'nlist es space an' cancels distance, we runs at a vlocity sometimes."

NOT BLAMELESS Lawyer—"Now, sir, tell me, are you well acquainted with the prisoner?" Witness—"I've known him for twenty years." Lawyer—"Have you, I must now ask, ever known him to be a disturber of the public peace?" Witness—"Well—er he used to belong to the local brass band."

A GENTLE HINT Riley—So Casey was killed by th' blizzard? Who broke th' news to his widow? Rooney—Big Tom Houlliban Riley—Did he do it gintly? Rooney—He did. He began be askin' her to marry him.

LOOKING FORWARD Mr. Pester—Running a furnace is some job. When I finish this season I'll never tend another fire as long as I live. His Wife—And afterward—? Let's not walk thirteen miles before breakfast for our breakfast. The more people talk back the more the auctioneer likes it.

She Could Hardly Walk Across Room

St. John Woman Says Her Life Was a Burden. Restored to Health by Tanlac.

"Before I took Tanlac I was so weak I could hardly walk across the room, but now I can do all my housework with ease," said Mrs. Robert Clayton, of 25 Hanover St., St. John, N.B. "For three or four years I suffered terribly from indigestion, which finally got so bad I had to live on a special light diet. My appetite was so poor I could scarcely eat anything and every morning I got up with a sickening sensation that I could hardly endure. Just as soon as I ate anything gas would form on my stomach and cause such terrible pains around my heart it seemed that I couldn't stand it. I often turned almost deathly sick over meals, sometimes couldn't retain my food and would just have to give up and lie down. At times I had such severe headaches I had to go to bed and I was troubled a lot with pains in my shoulders, neck and back. All the time I felt so tired and drowsy I could hardly stay up, and just to walk a few steps would tire me out completely."

"Finally I got to the point where life was a burden to me, but I happened to learn about Tanlac, and before I finished my first bottle I could see a wonderful change in my condition. I have taken three bottles now and my appetite is splendid, and, although I am eating just anything I want, nothing hurts me the least bit. I never feel tired and drowsy and my housework is a pleasure. Tanlac is the grandest medicine I ever heard of, for it certainly has made life worth living for me."

CLEMENTSPORT Capt. Amos Burns, who has been spending a few days in Annapolis, returned Friday. The post office has moved into its new quarters which is larger and much more convenient. Mr. Walter Elliott returned home last Tuesday after an absence of two and one-half years. We are glad to see him in our midst again. Some of the Masons of Clementsport visited the Annapolis Royal Lodge last Wednesday evening, returning in the wee small hours of the morning. The Clementsport station was totally destroyed by fire Friday, 2nd, at 5 a.m. The fire was discovered by the crew of the Western Bound freight, who gave the alarm. Origin of fire unknown.

Minard's Liniment Co., Limited. Sirs,—I have used your MINARD'S LINIMENT for the past 25 years and whilst I have occasionally used other liniments I can safely say that I have never used any equal so yours. If rubbed between the hands and inhaled frequently it will never fail to relieve cold in the head in 24 hours. It is also the best for bruises, sprains, etc.

THE ONLY WAY If you took your little tooter And lay away your horn, Within a week there's not a soul Will know that you were born.

HIS FIRST DAY IN SCHOOL Little Jimmy had spent his first day at school. "What did you learn?" he was asked on his return home. "Didn't learn anything." "Well, what did you do?" "Didn't do anything." "Well, what happened?" "Oh, a woman wanted to know how to spell 'cat', and I told her!

Don't think that because a man is an ice dealer he must be cold-hearted.

POETS' CORNER

THE EARLY DAYS

(R. J. C. Stead.) Yes, times have changed since the early days and things are different now; We used to tramp from dawn to dusk in the trail 'ot a walking plow, And sow our grain from a canvas sack with a barrel-hoop for a mouth, And we kind 'ot felt that Providence confronted the frost and drouth; And in the harvest work we always neighbored forth and back, And never thought of threshing till the grain was in the stack; And healed our wood in the winter-time, and smoked beside the fire, And felt our lot was everything that reason could desire.

Hardship? Perhaps, but old-timers look back at the early days, Before we had come to realize that practical farming pays. Back at the time we were all so poor that none of us thought of wealth, Back at the times when we found content in industry and health, Back at the nights in the shanty, when the wolves howled in the snow, Back at the old sod stable and the cattle in a row, Back at the distances still unmapped, at the trails that were still untrod, When round about were the wastes of earth and overhead was God.

Yes, times have changed since the early days; farming is now an art; They're coming for land in motor cars—but we came in a cart; They're tearing the prairie with steam and gas, turning the rivers loose To water the arid regions and bring them into use; Binding the earth with railway lines, netting the world with wires, Leaving the mail at our corner-posts, pampering our desires; They show us that times are better, prove it a thousand ways, But we think of the old-time comradeship and sigh for the early days.

CLEAN UP AND PAINT UP

As will be seen by an advertisement in another column tomorrow is clean-up day in Bridgetown. These days are more particularly observed every year, and it is, of course, the proper thing to do, clean up the yards and remove the rubbish. But we would suggest that our citizens, especially real estate owners, do not stop at that. They should paint as well. Several have already done so, and others are making arrangements with the local painters, all of whom are very busy.

A SPLENDID ENTERTAINMENT

The coming of the Majestic Players to the Primrose theatre, Bridgetown, tonight, means one of the greatest theatrical treats of the year, for not only is the talent of Miss Preston, Mr. LaSalle and all the members of the company which is now closing one of the longest stock seasons Halifax has ever had recognized here, but they will offer "A Night Off", one of the greatest comedies written in modern times, one which Augustin Daly thought so highly of that he gave the original production, which ran a couple of years, an all star cast, headed by Ada Rehan and John Drew. The comedy is written in a splendid bright and breezy style and the whole four acts teem with droll situations. The story is that of a celebrated old university professor who has a wife that is prejudiced against everything theatrical. He writes a Creek tragedy, of which his wife has no knowledge, and when a barn storming theatrical company arrives in the college town he arranges with them to produce his tragedy. His goings and comings to and from the theatre and his acquaintance with the actors and actresses he feels must be kept secret from his prejudiced wife and that is the situation that causes many of the side splitting situations of the comedy. A pretty love romance is interwoven in the action of the play. Eventually when those competent pronounce the professor's tragedy a real classic affair matters are straightened out satisfactorily and everybody is made happy. The date is May 4th.

A PAINFUL ACCIDENT

We regret to state that James Fay, son of Mr. and Mrs. F. R. Fay, badly sprained his left wrist one day last week, while engaged in athletic sports. "James" was the leader of the "Tuxis boys" debate which recently won the Davidson trophy and he also holds several athletic records. He will be greatly missed in local baseball circles while the wrist is recovering, which we hope will be speedy.

RUTH WHEELER MYSTERIOUSLY DISAPPEARS

Ruth Wheeler, for the past three years an inmate of the Home of Deaf-mutes at Truro, and lately taken into the home of Mr. and Mrs. Carl Nichols, Deep Brook, suddenly disappeared last Wednesday night, and although the police have been notified in all adjoining towns, no trace of her has been found as yet. Foul play or self destruction is feared by many.

SALVATION ARMY WORK

Bridgetown went over the top, as usual, in the collection for the Salvation Army Self Denial drive. The amount asked for from this district was \$200.00. Mayor Warren informs the MONITOR that the collection amounted to \$202.50.

A BIG FISH

Mr. Herbert Hicks, while out fishing last Friday, caught a trout which measured 18 inches long and weighed over 2 lbs. His entire catch consisted of large ones.

The cricket schedule, as arranged at the League organization in Wolfville, books the club of Annapolis for matches as follows: June 16 with Windsor, June 23 with Bridgetown, June 24 with Wolfville, July 9 with Kentville, July 30 with Kentville, August 11 with Windsor, Aug. 20 with Bridgetown and Sept. 9 with Wolfville. The games of June 24, July 30, August 11 and 19 will be played there.

It is reported that a printing concern outside the county had a representative in Bridgetown last week endeavoring to secure orders for printing. We do not presume, however, that he got any for we believe that our business men want a newspaper published in the town and therefore feel it their duty to support it. He may have picked up a few poor accounts. All gilt edged concerns get their printing done at home.

Mr. E. L. Balcom, of Paradise, is at St. John securing machinery for the South Williamston Lumber Company, of which Mr. Edgar C. Shafner is President and Manager. The company will have, when completed, an up-to-date mill for the manufacture of staves and heads and prospects are good for a very successful business.

Farmers wishing extra labor can obtain the same by applying to Capt. LeMolne Ruggles, Bridgetown, who will probably be able to place with them a number of returned soldiers, who are at present out of employment.

**GORDON PROVIDENCE UNITED CHURCH DOINGS**

The season for holding the Annual Meetings of the different activities is again upon us. The outstanding event of last week was the annual meeting of the E. L. of C. E. Over 50 members gathered and enjoyed a fine meeting consisting of reports, elections, selection of objectives, presentation of the new Topic List, a short musical and literary program and refreshments.

In this fitting manner another milestone was passed in the history of the society and next Friday evening at 8 o'clock, it is anticipated, the entire membership and their friends will come together for the first evening in the new program.

The vestry is certainly a popular resort on young people's night.

This week the annual meetings of the W. M. S. and the Joint Trustee Boards are being held. The mid-week service on Wednesday evening is attracting a large number of thoughtful people who find themselves in a congenial atmosphere while the Sunday services continue to draw large congregations. All recent records for S. S. attendance were broken Sunday morning. Parents are asked to give their boys and girls a chance by urging regular attendance at S. S. hour.

There is at the present time in course of formation a class for the religious education of young christians, conducted by the minister. Every member of the congregation between the ages of 12 and 20 should attend and get the benefit of the full course.

The pastor will exchange next Sunday with Rev. G. W. Miller, of Wolfville, who will, by request, preach a special sermon at the evening service to the Oddfellows' Fraternity. Appropriate music is being prepared, and a helpful, wholesome service anticipated.

Mr. Miller will also preach in the morning in town and in the afternoon at 3 o'clock at Granville. No one should miss the opportunity of hearing this popular and interesting preacher.

At this time, a friend advised me to try 'Fruit-a-tives' and I did so. After taking two boxes of 'Fruit-a-tives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well. ## MODERN MIRACLES BEING PERFORMED

Plenty of Men and Women In Various Parts of the World Defy the Laws of Nature

Mrs. Annie Hunter, a Bourne-mouth medium, has been upsetting the recognized laws of nature, by carrying about in her bare hands a blazing log of wood, yet without the skin showing the slightest sign of blistering:

This performance took place on a day in November last, in broad daylight, and before an audience including a reporter from a well-known London newspaper. The latter attempted, himself, to handle the burning log, but found it utterly impossible.

This is nothing new. Bestia's Western mediums Hindu mystics and Buddhist priests in Japan are able, in some way not yet scientifically explained, to render themselves proof against fire and do other things even more mysterious. These performances have been seen by Europeans time and again.

Dr. Pascal has written a very full account of one such, which he witnessed at Benares on October 26, 1898. A great trench was dug, nine yards long by two wide, and in this were laid fifteen large tree trunks. These were fired, and allowed to burn until they were a mass of glowing embers.

More than fifty Hindus, many of them children, then proceeded to walk across this miniature volcano. Now and then one would stop and plunge his hand into the bed of fire. One came out with a flaming ember as big as a hen's egg sticking to the calf of his leg. He did not even notice it until someone mentioned it, when he pulled it off and threw it away.

None of these people were in any way damaged or burnt or blistered. But the same thing has been done in England long before the present day. In trance states both Eglinton and Home were able to handle fire without injury.

Home could perform other miracles even more amazing. He could upset the laws of gravity. Sir William Crookes has described how more than once, he saw Home "levitate" that is, raise himself from the ground, and hang suspended in mid-air.

The most amazing of all these cases occurred on December 16, 1868, in London, and there were present Lord Lindsay, Lord Adare, and Capt. Wynne. These people saw Home, in a state of trance, suspended in mid-air outside the window of the upper room in which they were sitting. The moon, shined brilliantly, showed his figure as plain as day. He remained in this position for several seconds, then slid in again through the open window, feet foremost, and set down.

There are over one hundred cases on record of Home levitating himself, and many in which he caused other people or heavy objects to rise in similar fashion.

The well-known Italian medium, Eusapia Palladino, gave proof of being able to rise herself into the air in the same way that Home did. One case at Naples in 1899 was performed before reliable witnesses.

Hindu Yogis can in some cases die or expire at pleasure, reviving again after a certain period. One proposed himself by a process which, he said, temporarily annihilated the power of digestion, stopped with wax all the apertures of the body except his mouth. He then turned his tongue back, so as to close the gullet, and elapsed into a state of insensibility.

His body, stripped, was soon in a deal box or coffin, and buried. The earth was trodden down, and a crop of barley sown over the spot.

At the end of ten months this man was dug up, and found to be in exactly the same state as when first buried, except that his tongue was stiff, and took time to restore to its proper position.

Revised with hot water and oil, he was soon himself again. This experiment was carried out under the supervision of Europeans, among them Capt. Wade, political agent at Loodhiana.

into sound men, of restoring hearing to the deaf, and sight to the blind.

Modern science will eventually tackle these seeming miracles and explain them. It must be remembered that there is no such thing as "super-natural," and that the use of such a word is foolish.

### FAIRVIEW CEMETERY

The annual meeting of Fairview Cemetery was held April 25th. Representatives from Lawrence-town, Williamston and Clarence were present. The meeting was in favor of a forward movement in relation to the Cemetery. After reports were read the following officers were appointed:

President—Col. Arthur Bishop. Vice-President—A. J. Wilson. Secretary—Wm. Fitz-Randolph. Treasurer—Mrs. J. B. Hall.

The following is an outline of the business: A row of Maple trees has been set around the whole grounds. Hitching posts have been set near the gate. Malcolm Shaffer, B.Sc., has been engaged to draw a plan of cemetery. A man will be engaged to work in the cemetery a portion of the summer. Steps will be taken that will insure the perpetual care of lots. It was agreed that a tax of five dollars on each lot be collected at once for the further improvement of the cemetery. All lot owners will confer a favor by forwarding five dollars to the treasurer, Mrs. J. B. Hall, at once.

The location of the cemetery lends itself in a marked degree to ornamentation—with shrubs and flowers. Already private enterprise is looking forward to placing a fountain in the cemetery. The resting places of loved ones have ever been made the most beautiful and ornamental spots in all civilized countries.

The officers are prepared to do the best. Shall we help them in this noble work?

### CHILDHOOD INDIGESTION

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth or more likely to pave the way to dangerous disease. Fully nine-tenths of all the minor ills of childhood have their root in indigestion. There is no medicine for the little ones to equal Baby's Own Tablets in relieving this trouble. They have proved of benefit in thousands of homes. Concerning them Mrs. Jos. Lunette, Immaculee Conception, Que., writes: "My baby was a great sufferer from indigestion, but the Tablets soon set her right and now I would not be without them." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co. Brockville, Ontario.

### THE OUNDEMENT OF THE AGES

My mind confronts a riddle, Whenever I take note, Of the fishing tales of fellows, When hard luck got their goat.

My sleep's upset by anxious doubt, Since I have heard the tales, About the fish that slipped away, "The fellows big as whales."

I'm in a fearful quandry, What can a fellow do, When every friend will swear on oath, "A monstrous fish slipped through."

Now who can solve my problem, And grant my lifelong wish, "Are fishermen all big liars?" "Or do only liars fish?"

### STICKY

The Sunday-school teacher had been reading about Canaan, the "land flowing with milk and honey."

"Now," she said to the class, "what do you think a land flowing with milk and honey would be like?"

"Please, teacher," was the instant reply, "sticky!"

## NEW HOSTEL AT MONCTON

Modern Residence Completed for Girl Employees of Atlantic Underwear Limited

One of the most modern girls' hostels in Canada has recently been completed by Atlantic Underwear Limited, for the accommodation of their girl employees at Moncton, N. B. The hostel for employees is an innovation in the Maritime Provinces, and the Atlantic Underwear Company is to be congratulated upon its progressiveness in this providing congenial and wholesome quarters for their girls. The building occupies a commanding view of surrounding country, is of brick fire-proof construction, and the lighting and sanitation are modern to the last degree.

The residence was planned by J. W. Fraser, A. R. I. B. A., of Moncton. It contains a library, living and rest rooms, a first-aid and hospital ward, well-lighted and aired bedrooms, ample bathrooms and a well equipped laundry for the use of the girls. The hostel is in charge of a matron, and all expenses are provided at cost, and will not be in excess of five dollars a week.

Recreation facilities have not been overlooked, for the company realizes that good food and good rooms are not sufficient for the welfare of the employees. The girls will be permitted to entertain their friends, and in addition to a good dance floor and musical instruments, games, etc., are provided for this purpose. For outdoor amusement tennis courts and croquet lawns will be completed by early summer.

The Atlantic Hostel is a commendable effort to elevate the living conditions of the girl workers and to provide them with all the comforts and facilities of a home. Its influence will undoubtedly be reflected not only among the employees themselves but throughout the community.

It has always been the policy of the company to attract the best class of help available to their employ, and the present large investment is a practical working out of the theory, that only when employees are well provided for physically and mentally, that the highest quality of workmanship can be obtained.

### ANSWERED

Mrs. Hughes, wife of the Australian premier, is very fond of children and has a fund of anecdotes concerning them.

One she is fond of telling concerns a visit she paid to a certain elementary school in Melbourne shortly before starting for England. Among the questions put by the mistress to her little pupils was the following:

"Supposing we had boarded a ship last night and steamed a hundred miles due southwest, where should we be now?" the correct answer being, of course, "Off the coast of Tasmania."

"There was a moment of breathless silence, and then a tiny girl in the front row, who had just recently, it transpired, returned from a rather rough and stormy sea trip, piped out shrilly, "In the cabin, ma'am, sick."

### COMPLING ADJECTIVES

In a rural school of Maryland, a teacher was endeavouring one day to make clear to her class the degrees of comparison of adjectives. To make sure she was understood, the teacher called on each pupil in turn to give comparatives and superlatives of adjectives which she named. One little chap was asked to name the comparative degree of "sick."

"Worse," The teacher decided that she could best show him his error by letting him go on, and asked, sweetly, "Well, if 'worse' is the comparative of 'sick' what would you give as the superlative?" "Dead," was the instant answer.

### SLIGHTLY INSTANT

He approached a policeman and asked: "Would you kindly tell me which is the other side of the street?"

"Why, over there, of course," said the policeman. "That is funny," muttered the tipsy one. "I have just been over there, and they told me it was this side."

### HER STAR

"Aim high! Hitch your wagon to a star!" shouted the lecturer, pointing dramatically toward the ceiling.

"I'll do it!" bravely resolved one young lady present, and sure enough, the very next week she was married to the leading man in an "Uncle Tom's Cabin" Company.

Shipping at Louisburg has increased recently to such an extent that it has become necessary to re-employ the shippers and trimmers laid off a few weeks ago.

Four-masted schooner Whitebelle, Captain E. K. Merriam, is on the way to New York from St. John with a cargo of 643,000 feet of deals, shipped by George MacKean and Company.

Tern schooner Barbara W., Captain Aaron Tower, now on passage from Jacksonville (Fla.), to Santa Cruz, Cuba, will load a return cargo of mahogany at this port for New York. Nagle & Wigmore are the St. John agents.

The first spring arrival at Boston from Bear River was the schooner Neva, Captain R. J. Anthony. The captain proposes to be the first there in the coasting trade about every season from the several ports inside of Digby Gut.

Tern schooner Roxana Burton, Captain John Burton, is at Louisburg. The vessel endeavored to reach North Sydney in order to take a cargo of coal for Newfoundland but was forced to put into Louisburg because of the heavy ice outside.

While the steamer Empress is off the route between St. John and Digby for annual overhaul, the Bridgetown steamer Valinda, Capt. E. H. Lewis, is carrying on a freight service. The Empress made her last trip on Saturday and will be off until today, May 4th.

Capt. H. T. LeBlanc, of Woodport, recently sold his tug Alice Maud, to Hendry's, Ltd., of Halifax, who have in turn disposed of her to Messrs. A. and R. Loggie, of Loggieville, N. B. The tug will be used in connection with the fishery operations of her new owners. The Alice Maud was built in Shelburne in 1904.

The new steamer Hendry, which received the contract for the Magdalen Islands service, is expected in Halifax shortly from Gilberts' Cove, Digby, where she was built by Capt. B. N. Melanson. Last week the electrical equipment on the new boat was being installed. She will call at Halifax for further fitting out, which will require only a few days.

Wednesday's Halifax Herald says:—Steamer Bernard M., because of the bad weather keeping her in port and putting her behind in her schedule, did not take the tern schooner Mabel E. Gunn in tow for Liverpool when she sailed yesterday. The Gunn will proceed later to the south shore port to load pulp for New York.

Lumber shipments from Belliveau's Cove to the American markets have commenced. Schooner Laura and Marion is loading the first spring shipment for Boston. Schooner Lavina is also loading a cargo of plank for St. Andrew's, N.B. The season's output of lumber at the mills in the vicinity of the St. Mary's Bay port has been quite large. Buyers from Boston are securing cargoes there and at other ports in Digby county.

### THE FATEFUL YEARS FOR EVERY WOMAN

#### How to Overcome Troubles That Afflict Women Only

So far as a woman's health is concerned, probably the most fateful years in her life are those between 45 and 50. Many women enter this period under depressing conditions, through overstrain in household cares, or a neglected condition of the blood, and so they suffer heavily.

Among the commonest symptoms at this time are headaches, pains in the back and sides, fever flushes, palpitation, dizziness and depression. It is well to know that these variations of health can be relieved by home treatment. What women stand in need of all their life, but never more so than in middle age, is rich, red blood. As a tonic for the blood and nerves, Dr. Williams' Pink Pills are always useful, but especially will they help women at this time. Among those who have found benefit through the use of Dr. Williams' Pink Pills is Mrs. J. A. McDougall, Rhodena, N. S., who says: "I was greatly troubled with nervousness, palpitation of the heart, dizziness, and a generally run down condition. It was only with difficulty that I could do my work, and although I had been taking medicine for some time I did not improve. Finally a friend advised Dr. Williams' Pink Pills and I got a supply and began taking them. The result more than met my expectations, and I am feeling better than I have done for years, sleep well, eat well, and do my housework much more easily. In my case the pills certainly did what you claim for them."

Dr. Williams' Pink Pills are sold by all dealers in medicine, or you can get them by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### Who's Who In The New Legislature

HENRY W. B. WARNER, M.P.P.  
MEMBER FOR DIGBY

(From The Halifax Herald)

The name of one of the most eloquent divines that America has ever produced fell to the lot of one of the members for Digby county in the new Legislature.

This is Henry Ward Beecher Warner, who was born at Plympton, Digby county, on April 7, 1875. His father was Captain Charles C. Warner, merchant of Plympton while his mother was Lovicy C. Everett, daughter of Edward Everett, of Plympton, a descendant of the well-known Everett family of New England. Mr. Warner is, therefore, of Puritan stock on both sides of the house, and could take his place in the most exclusive Mayflower society that was ever organized by Boston's four hundred.

Politics is only a side-line with Mr. Warner. He went to sea in 1898 when he was very young, retiring in 1895 in favor of the lumber business. After fifteen years in that line he went into general merchandise and has now general stores at Plympton and Barton in Digby county.

In 1902 he married Miss Annie E. Potter, daughter of the late Joshua Potter, of Plympton. "We have good roads in my county," he says, "better than in most sections of the province. We worked hard for this happy condition and I propose to lose the advantage in this respect that we have gained. It is vitally important that some system of patrolling roads be established after the highways are once constructed and repaired. Without the patrol system it is useless to expect decent highways for any length of time.

"We need immigrants in this country, good fresh stock from the British Isles. There are any amount of room and the right class of settlers, carefully selected, will have a chance to get on here that they would never have in the old land."

### TIME FOR THE FIRST SPRAY OF DUST

Dominion Entomological Laboratory, Annapolis Royal, N. S.

(By G. E. Sanders)

It sometimes happens that the first spray is the most important of the season. This occurs most frequently in early seasons when there is a long period of leaves before the blossoms open and a scab develops into the second stage before or during the blossom period. The spores then are numerous enough in unsprayed orchards to infect most of the stems of the blossoms or young apples and cause them to fall.

The stem of the blossoms or young fruit is susceptible to apple scab infection during the blossom period and for about ten days after the blossoms fall. When the stem becomes infected it is impossible for the blossom to set or for the young fruit to remain on the tree.

In 1913 apple scab developed to such an extent early in the season that practically all of the blossoms in orchards that were not sprayed thoroughly before the blossoms became infected, failed to set fruit.

To such an extent was this true in 1913 that in the fall a man could by glancing at an orchard tell whether it had been sprayed before the blossoms opened the previous spring. The orchards that had been well sprayed before the blossoms had for the most part good crops of clean fruit, while those that were not sprayed before the blossoms had a failure in quantity as well as quality.

We are this year having an unusually early spring and are as likely as not to have a repetition of 1913 since we already have small leaves, whereas at this date our trees have been practically dormant during the past seven years.

We now know that the apple crop of the middle states Indiana, Illinois, Missouri and Arkansas has been absolutely ruined for 1921 by late frosts. Report from New York State reports prospects for a fair crop of Baldwins, and a light crop of all other varieties. Reports from England claim that the 1921 apple crop will be practically nil. Prospects are for a full crop in British Columbia and a fair crop in Ontario and the New England States.

It is now certain that on the whole there will be a much smaller quantity of apples competing with ours in 1921-22 than there were in 1920-21, this alone guarantees a good price. If we spray and dust thoroughly and grow a clean crop we will make the price that much better.

With the prospect for good prices better than it has been for years, no one can afford to neglect the first spray and take a chance on this crop being ruined as it was in unsprayed orchards in 1913.

For the first spray use a Thomson Bordeaux made up of 3 lbs. of bluestone, 10 lbs. of hydrated lime and 1 lb. of arsenate of lime, or dust with copper arsenic dust, using 50 lbs. per acre or application on 20 year old trees.

Spray or dust thoroughly, apply the spray when the leaves are the size of a ten cent piece. If dusting make the first application a little later than this, say when the leaves are the size of a cent. Write to G. E. Sanders, Dominion Entomological Laboratory, Annapolis Royal, N. S., for a spray or a dust calendar.

### HARRY LAUDER'S FIGHT

A pushful advance agent, out in the Western wilds, sought out a farmer who owned a huge barn. "I want to hire your barn," he said, "for the greatest thing that has struck this continent since Columbus." "And, what's that?" asked the farmer. "Harry Lauder," replied the agent.

"Right!" continued the farmer. "What's your price?" They fixed up a price, and then the farmer wanted to hedge a little. "You won't want all the hay out, will you?" he said. "Supposing I take out half?" "I want it all out," returned the agent. "I shall put chair son every available square inch my son."

"Gee!" cried the farmer. "And who is this guy?" "Harry Lauder, I told you before." "Ah!" observed the farmer, "but who is he going to fight?"

### PATRIOTISM

A politician was once addressing a meeting. He said, in the course of his speech, that he would like to see Home Rule, not only for Ireland but for Scotland and Wales.

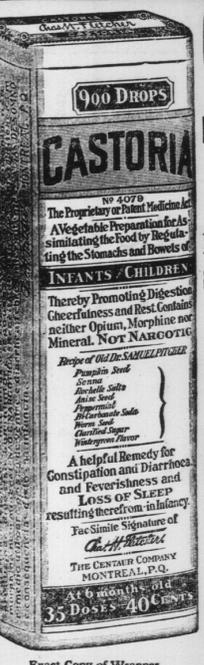

"And for F'ell, too," somebody interrupted.

"Certainly," said the speaker. "I like to hear a man stand up for his country."

**LOCAL DEATH ROLL**

**WM. MacNEIL**  
The death of Deacon Wm. MacNeil, of North Range, aged 87 years and 6 months, occurred at his home on April 22nd. His last sickness lasted but a day when he became unconscious and gradually passed away to his reward. He was a man of kindly disposition, loved and respected by all who knew him. He became a member of North Range Baptist Church during his youth and had been Deacon of this church for nearly fifty years. Although his blindness which occurred ten years ago, prevented him from attending church he still continued to serve his Master faithfully and bore his affliction with Christian patience. He leaves to mourn their loss, one daughter, Mrs. John M. Franklie, Acadiaville, and one son, Alvin MacNeil, North Range. He is also survived by six grandchildren, two great grandchildren, one sister, Mrs. Jane Robbins, North Range, one half-brother, Cyrus MacNeil, North Range, besides a large circle of friends and acquaintances. Funeral services, which were largely attended, were conducted on Sunday afternoon, with interment in North Range Baptist Cemetery by the side of his wife who predeceased him eleven years.

teemed resident of Annapolis Royal. The body was brought there for interment last Saturday afternoon. Deceased leaves four daughters and a son to mourn their loss; Mrs. Gordon W. Crowe and Mrs. Thomas Backler, of Middleton; Mrs. Gardener and Miss Josie Edwards in Somerville, and Jack, in Boston. Another son, Harry, a conductor on the H. & S. W. Railway, died a year or two ago. Mrs. Edwards was a native of Hants County.

**WILLIAM DURLING**  
One of Dalhousie's best known and most highly respected farmers, Mr. William Durling, passed peacefully away in that village last Sunday, aged 80 years. He had been in ill health for the past two years, and the end was therefore not unexpected. He leaves a widow, four sons: Aaron, of Bridgetown; Albert, Frank and Wilfred, of Dalhousie, and four daughters, Mrs. Wm. Letteney and Mrs. Thomas Merry, of Pertlane; Mrs. Charlotte and Mrs. Charles Gillis, of Dalhousie Lake. He is also survived by two brothers, Elias, of Dalhousie, and Hallett, of Somerville, Mass., and one sister, Mrs. Edmund Hillz, of East Dalhousie. The funeral takes place this afternoon, at 2 o'clock. The services will be conducted by Rev. Mr. Reeks, Rector of the Church of England, of which the deceased was a member.

**MRS. HELEN ROYAL**  
Our Melvern Square correspondent writes:—Theresa passed away at her home, Mrs. Arthur Stinchcomb, with whom she had made her home for the last few years and where she was tenderly cared for, Mrs. Helen Royal, at the advanced age of 81 years, widow of the Rev. S. E. Royal. She was a very bright and smart woman for her age, until in March, when she fell on the ice and injured her hip. Since then she has been confined to her bed. All that loving hands could do was done to make her comfortable and ease the weary days. Other diseases set in and on Saturday last she became unconscious and passed over the great divide on Wednesday. The funeral was held on Thursday morning from her late home after which the body was taken by undertaker Roop, of Middleton, to Blitown, her childhood home, and laid to rest beside those who had gone before. Mrs. Royal was a woman of kindly disposition and liked by all who knew her.

**HARRY LINDEN BAIN**  
Harry Linden Bain, son of Mr. and Mrs. Harry W. Bain, died at Marshfield on Tuesday, after a short illness, aged 32 years. He leaves to mourn, besides his parents, three brothers and three sisters, Ella, of Sudbury, Mass.; Bessie, at home; Mrs. Hillyard Barnes, at the Racquette; Joseph, of Dartmouth; Merwin, of St. John, and Edmund, of Port Wade. Funeral services at J. F. Rice's undertaking rooms, on Thursday afternoon; burial at Culloden.

**MRS. SUSAN SARTEAUX**  
Mrs. Susan Sarteaux, widow of the late E. J. Sarteaux, died at the home of her son, W. H. Thomas, in Kerr's Corner, on Tuesday, at the advanced age of 82 years. Mrs. C. C. Jones, of Bridgetown, is a daughter. The funeral took place on Wednesday; Rev. W. J. Wright, of Bear River, officiating.

**MRS. JAMES FAIRFIELD MORRELL**  
The remains of Mrs. Phoebe Ann, widow of James Fairfield Morrell, who passed away in Penbody, Mass., on Thursday, arrived in Yarmouth Tuesday morning, and were forwarded via Meteghan, to Freeport, her former home. The deceased was 89 years of age, but despite that, was remarkably active until about six weeks ago, when she suffered a severe fall down a flight of stairs sustaining injuries which finally resulted in her death. Mrs. Morrell practically all her life, resided at Freeport, but a short time ago went to live with her children in Massachusetts. She is survived by three sons, Charles E. and Aubrey C., in Penbody, and Ralph in Freeport, and two daughters, Mrs. Justine Fader, also of the above city, and Mrs. Frank Thurber of Freeport. The remains were accompanied by her daughter-in-law, Mrs. Charles F. Morrell, and also her grandson, Lindsay Fader.

**UPPER GRANVILLE**  
Spring cleaning within and without is everywhere in evidence. Mrs. Lorne Hall has been the guest of her sister, Mrs. Ralph Berry. Alfred Reiss, of Cambridge, Innes Co., with daughter, favored his brother John with a short visit recently. Miss Mina Chute is visiting her brother-in-law, Mr. Adam Clark, for a brief period. Mr. Edmund Clark, probably the oldest man in the county, is bearing his ninety-ninth anniversary, and is wonderfully bright mentally. April, rather March-like throughout, has given us a taste of genuine spring weather at the last and better, grass and trees are jumping into their never-falling renewal of verdant loveliness. We are pleased to learn that Mrs. Campbell, our aged citizen, is recovering from recent serious illness. Her daughter, Mrs. Speakman, has been caring for her and has been the guest of her brother, Mr. J. Campbell, for several weeks.

**MRS. ANNIE EDWARDS**  
Word was received here this week of the death at her home in Somerville, Mass., of Mrs. Annie Edwards, widow of the late Joseph P. Edwards, the famous D.A.R. conductor and raconteur, and a former highly es-

**Less Troublesome Adjustments**

As a rule the adjustment you get on a defective tire, doesn't quite satisfy you. Mainly, we suppose, because we are all human and want a little more than we are entitled to.

But even our most private opinions on the fairness of an adjustment, can find no fault with the method of settling claims on Ames Holden "Auto-Shoes."

You are always right with ourselves and the manufacturer. We personally look after your interests. There is no needless red-tape, delay or argument in fixing our measure of responsibility and your compensation. Ames Holden "Auto-Shoes" are guaranteed against any defect in material or workmanship without time or mileage limit. They are adjusted on that basis without quibble or evasion.
