The copy filmed here has been reproduced thanks to the generosity of:

Musée du Château Ramezay,
Montréal

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Musée du Château Ramezay,
Montréal

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

DEFINITION

— OF THE —

Different * Grades * of * Coins.

The finer the coin the more valuable it is. The prices given in this list are for four different grades, viz. : Proof, Uncirculated, Fine and Good, and include in every instance the face value of the coin.

PROOF COINS.

Those coins are especially struck for coin collectors. The planchet and dies are polished before the coin is struck, which gives them a burnished or mirror-like reflective surface. The Mint charges 25 cents for each coin so struck, and they can only be had during the year of the issue. None were made before 1857.

UNCIRCULATED COINS

are coins as they came from the Mint. They must have the same luster as when dropped from the coining press. A coin that has been tarnished and polished up again can not be classed as uncirculated, although it does not show the slightest wear.

FINE COINS

are those that have lost their original luster, but do not show the least wear. They might be tarnished or blackened, but no scratches or nicks are permissible on a fine coin.

GOOD COINS

must show every feature, especially the date, very plain, not scratched, hammered, plugged or otherwise mutilated.

THIS PRICE LIST

Contains a complete list of all Coins issued by the
United States Government, which are
worth more than par value for
Numismatic Purposes.
