

GREAT GROWTH OF C. P. R. IN 26 YEARS

In 1886 Mileage Controlled Was 4315, Now It's 16,000—No Steamships Then and 75 Now—Earnings Have Increased from \$3,225,217 to More Than \$40,000,000.

Twenty-six years ago to-day the first transcontinental train of the C. P. R. left Dalhousie station for the Pacific Coast. The western terminus was then Fort Moody, which was shortly after changed to Vancouver, and the eastern terminus of the road was Montreal, and not St. John, N.B., as it is to-day. During the interval marvelous changes have taken place in the growth of the company as well as in the development of the country. At that time there were many who despaired of the future of the C. P. R., and imagined that the attempt of Canada to build a railway across the continent was an act of supreme folly. Labourers' death in England poured forth a sad tale of woe and called it "the biotic," which would soon be pricked, and expressed a doubt about its completion. The country which it was to traverse was entirely barren and forbidding, and, as it is said, amongst other things, "dry railways would not galvanize it into prosperity." History tells altogether a different tale.

Still Increasing. In 1886 the mileage controlled by the C. P. R. amounted to 4315 miles. To-day it is over 16,000 miles—and still steadily increasing. The company had no steamships in 1886. To-day there are about 75 in commission, sailing on the waters of the Atlantic and the Pacific, on the Great Lakes and in the inland waters of British Columbia. In 1886 the locomotives numbered 328 as against 1845 in 1912; there were 7323 freight cars in 1886 and 62,488 to-day, with large orders for both kinds of equipment. And so it is with the sleepers and diners and parlor and first-class passenger cars. In each there is an equally marked increase. Its observation cars have even invaded Austria, where they are operated on the state railway of that country.

The earnings, too, show a remarkable growth. In 1886 the gross earnings amounted to \$3,225,217, and the net earnings to \$2,225,217. After twenty-six years the gross earnings have grown to over \$40,000,000 and the net earnings to over \$20,000,000.

Land and Irrigation. With its steamship, telegraph, express and hotel systems, the company has also established a natural resources department, which looks after its lands and irrigation schemes and mining interests and business opportunities that are ever opening along the road, and this department is also making a complete register of all business and openings along the line of the C. P. R. The company builds its own locomotives and cars at large shops located on different parts of its lines; it looks after the welfare of its 30,000 employees, establishes Y.M.C.A. institutions, organized a pension department by which employees after ten years' service, upon reaching the age of 65, can retire on not less than \$20 a month, furnishes ready-made farms for a cer-

tain class of settlers, encourages others by generous loans to come to Canada, operates demonstration farms, and runs better farming special trains by which farmers are taught the latest and most profitable methods of farming, and deservedly earns the distinctive title of "Providence Incorporated," which was bestowed upon it by an eminent foreigner after he had traveled over the system.

SARNIA POWER PLANT BURNED

Loss Reaches \$100,000 and Inconvenience to Public Is Great—Cause a Mystery.

SARNIA, June 28.—(Special.)—A disastrous fire occurred here this morning at 10.30, when the electrical plant of the Sarnia Gas and Electric Light Co. was totally destroyed. Only the smoke stack and boilers of the plant are left and the whole town is without power on light, excepting natural gas. The origin of the fire is a mystery as it started in the dead end of the building, where there was not a wheel turning and spread so rapidly that the head engineer was compelled to crawl on his hands and knees to pull out the switch.

An inspection of the plant, which was undergoing improvements, had been made by three of the directors only fifteen minutes before the outbreak, and they were but a short distance away when the end of the building was blown out thru a steampipe bursting. No one was injured, but that something more serious did not happen is a miracle, as the big gas main passes thru the basement. Streams of water were used by the Cleveland-Sarnia Saw Mills Co. before the city brigade arrived, which had the effect of flooding the basement before the lead of the gas main melted, and which saved their own plant, which is only a couple of hundred feet away. The estimated damage to the company is about \$100,000, and to the municipality \$25,000. The directors are negotiating with the Grand Trunk to load their wires from the tunnel power. In the meantime, no street cars can be run. In any event, it will be some time before the power can be utilized.

WINDSOR MAN AUTO VICTIM.

WINDSOR, June 27.—Edward Askin Skae, aged 42, born in Sandwich, and member of the Windsor Club, being well-known in this city, was killed at an early hour this morning while returning in an auto from Detroit to Pontiac, where he has a farm and summer home. Mr. Skae became confused with the lights, and his machine turned turtle on him.

Popular Atlantic Seashore Resorts. The Canadian Pacific has inaugurated fast train service with through sleeping cars between Montreal, Portland, Old Orchard Beach, Kennebunkport, Me., also between Montreal and St. Andrew-by-the-Sea, affording every comfort to the most fastidious traveler. Connections with these trains can be made by leaving at 8.00 a.m. and 10.30 p.m. from Union Depot and 10.00 p.m. daily from North Toronto. Full particulars, tickets, reservations, etc., at any C.P.R. ticket office. City ticket office, 15 East King-street. 3458

NOT SUFFICIENT HORSE TROUGHS

That Present Number Be Augmented by Several More Is Recommendation of Humane Society.

That the number of horse troughs in the city is insufficient was the opinion expressed at a meeting of the board of directors of the Toronto Humane Society yesterday afternoon. The Toronto Owners' Association have protested against the recent removal of the trough that was at the corner of Parliament and Queen-streets, and the society has interested itself in the matter, with the result that the present number, 36, may be increased by eight or ten in the near future.

Messrs. J. M. Wilson, P. A. Manning, with Col. Stinson and General Manager P. C. Harris, were named a committee to complete negotiations for the purchase of an electric horse ambulance, to cost in the neighborhood of \$4000. The ambulance will be a motor-trail to the late Miss Gwynne, by whose will the society was left \$25,000.

The manager's report showed the number of complaints received so far

NO DEFINED GOLD VEINS

At Whiskey Lake. Says Professor A. P. Coleman of University.

That there are no well defined veins of gold at Whiskey Lake on the north shore of Lake Huron, is the report of Prof. A. P. Coleman of the bureau of mines. Prof. Coleman of the university has made a geological survey of Whiskey Lake district, most of which has been staked, with the expectation that there are gold deposits. He found that there was only one claim being worked at the present time. This is the Payton property, where good looking quartz has been stripped for some

CANADIAN LEAGUE SCORES.
At Guelph—Knotty Lee's Hamilton Keltis suffered two defeats here at the hands of the Maple Leafs. The scores in the first game was 8 to 6 and the second 11 to 1. The home team outplayed the visitors in every department of the game and the three Hamilton pitchers to all corners of the lot. Corra, centre fielder for Hamilton, was hurt sliding into first; in the first innings of the second game and had to be removed to the hospital. He was out of the game several days. Scores:
First game..... R.H.E.
Hamilton..... 00000001-1-0-0
Guelph..... 3002011X-9-13-0
Batteries—Vollman, Garlow and Fletcher; Schuman and Daniels.
Second game..... R.H.E.
Hamilton..... 0100000-1-0-0
Guelph..... 530102X-11-12-2
Batteries—Rosa and Welch; Schuman and Daniels. Umpire—Campbell.

At Brantford—Ottawa took the final game from Brantford here by the score of 3 to 1. The game was a pitcher's battle between McManus, who annexed his tenth straight victory, and Tasker. The Guelphs heavier received the better support in the pitcher's. The game was won in the ninth on four singles and an error. Scores:
Hamilton..... 00000100-1-5-0
Ottawa..... 00000100-1-5-0
Batteries—Tasker and Minnes; McManus and Hopper. Umpire—Phyle.

At St. Thomas—Berlin came from behind and captured the game after it was apparently hopelessly lost. In the seventh innings they sandwiched a couple of hits in with two walks and three errors, tying the score and in the last got five more runs, when the locals engaged in a balloon ascension. Stewart expects two new pitchers to report Saturday. Score:
R.H.E.
Berlin..... 00000041-10-12-1
St. Thomas..... 1400000-3-10-2
Batteries—Hadley and Boyle; Clements and Powers. Umpire—Davis.

At Peterboro—With Tracay pitching gilt-edge ball the Peterboros had it all their own way. Score:
R.H.E.
Peterboro..... 10042100X-9-13-0
London..... 00000000-0-7-4
Batteries—Tracy and Trout; Purreson, Reisman and Speer.

Gramm Reports Monday.
President McFarley wires from New York that the deal for Catcher Peaches Crabb is closed and that he will report here on Monday. Pitcher Gaspar will also be along and the new battery will likely be seen in action against the Hustlers.

Senators Win a Game Naps Defeat Tigers

Carl Brown Holds Highlanders to Three Hits—American League Scores.
At Washington—Washington bunched hits on Hall and Pope and easily defeated Boston 3 to 4. Hughes was very effective with men on bases and the batting and fielding of Milan were feature. The game was called early to allow Boston to catch a train. Score:
R.H.E.
Boston..... 00000000-0-0-0
Washington..... 00000000-3-11-1
Batteries—Hall, Pope and Cady; Hughes and Henry.

At Cleveland—Cleveland made it two out of three from Detroit, winning by 4 to 3. The winning run was scored in the ninth on Birmingham's hit. Work's error, Blauding's sacrifice and Olson's single. Detroit's errors helped Cleveland to two runs. Score:
R.H.E.
Cleveland..... 00000001-2-10-2
Detroit..... 00000000-3-7-3
Batteries—Blauding and Easterly; Work and Standage.

At Philadelphia—Carl Brown held New York to three hits and the visitors were defeated 4 to 6. Philadelphia won by bunting hits with New York's battery and fielding errors. Score:
R.H.E.
Philadelphia..... 00020000-0-3-4
New York..... 00000000-0-3-4
Batteries—McConnell and Swanson; Brown and Lajoie.

At St. Louis—Pittsburg made it four out of five, winning from St. Louis 5 to 2, in 12 innings. Score:
R.H.E.
Pittsburg..... 1010000000-3-11-1
St. Louis..... 0001000000-0-1-0
Batteries—O'Toole, Adams and Kelly; Geyer, Steele, Willis and Wingo.

At Boston—Boston lost to Brooklyn by 9 to 8 in an unexpected manner. After tying the score with five runs in the eighth, during which Rucker, replaced Knitzer, the locals in the ninth set out to overcome a one-run lead. Singles by Sweeney and Kirke and an intentional pass to Titus, filled the bases, with two out. Then Hughes hit between first and second and with the tying run and Kirke just behind him, Titus was hit by the batted ball and the game was over. Score:
R.H.E.
Brooklyn..... 11110011-9-13-2
Boston..... 00002110-8-13-4
Batteries—Dickson and Rariden; Knitzer, Rucker and Miller.

At St. Louis—Pittsburg made it four out of five, winning from St. Louis 5 to 2, in 12 innings. Score:
R.H.E.
Pittsburg..... 1010000000-3-11-1
St. Louis..... 0001000000-0-1-0
Batteries—O'Toole, Adams and Kelly; Geyer, Steele, Willis and Wingo.

Giants' Latest Streak Is Nine Straight Wins

Phillies Are Again Beaten by a Run—Funny One at Boston—Scores.
At New York—New York ran their latest winning streak to nine by defeating the Phillies 4 to 3. Brennan held the New Yorkers to two singles and a sacrifice, in seven innings. He blew up in the eighth, when Myers opened on him with a home run. Hays by Crandall, Dixie and Merkle then tied the score. New York won in the ninth, when Shaffer's single and two errors filled the bases with one out. Spodis hit to deep left centre and the winning run was scored. Score:

FRIDAY MORNING, JUNE 28, 1912

THE GRAIN BLOCKADE.

The grain blockade at Montreal and at points along the St. Lawrence route somewhat started the western grain-growers and they are looking forward with some alarm to a repetition of the grain blockade and grain embargoes at Fort William and Port Arthur after the close of navigation.

The Canadian Pacific is rushing its additional line between Sudbury and Port William and hopes to have sixty miles completed this fall. This will help some, but it will still leave virtually a single track line to handle all the grain which is to go forward to the Atlantic seaboard.

With the opening of the Panama Canal it is believed that more grain will go to Liverpool via Pacific coast ports than via Montreal. Hence the government, the railways and private companies are endeavoring to construct gigantic grain elevators at Vancouver.

The Canadian Pacific will have another line over the mountains and may use the Yellow Head Pass, together with the Canadian Northern and the Grand Trunk Pacific.

IRELAND'S BRIGHT OUTLOOK.

Whatever Ireland's grievance may be over the lack of national self-government, there can be no doubt that the numerous reforms inaugurated by the establishment of the Anglican Church, have wrought a real revolution in her social and economical conditions.

Another measure that has been strongly opposed by the absentee landlords, who were so largely responsible for the wretched state of the peasantry. Yet they only contemplated an approach to the demand for what were known as "The Three F's," fair rent, fixity of tenure and free sale.

EXCURSION TO LAKE HURON

Every Bruce old boy and girl in Toronto is making ready for the excursion to the old country that will be held on Friday of next week. They and their friends will take the number one train on Friday morning, July 13th, and spend the week end on the beautiful shores of Lake Huron.

TORONTO MEN TO SEARCH FOR GOLD IN BAFFIN'S LAND

ON Sunday next a party of four men, two of them residents of Toronto, will leave the city for St. John's, Newfoundland, where they will be joined by others, and the whole party will leave for an eighteen months' trip to Baffin's Land to search for gold.

CONTEMPT OF COURT.

Judges do well to use sparingly the power to punish for contempt of court. Certain breaches of decorum, as, for example, refusing to answer a question, or disorderly conduct in the court-room, or an attempt to bribe or intimidate a juror, seem to call for immediate rebuke and summary punishment.

The initial destination of the expedition will be Pond's Inlet, on the northern coast of Baffin Island, across from Greenland. Reports of placer gold fields in that vicinity were brought back by the government steamer Arctic last fall.

Another Expedition. Another party of Canadian explorers under the command of Capt. Munro and Capt. John Bartlett, former commander of the Arctic, left St. John's a few days ago bound for Baffin Land.

At Osgoode Hall ANNOUNCEMENTS. Judge's chambers will be held on Friday, 28th inst., at 11 a.m.

FINE ART PANELS.

The Anheuser-Busch Brewing Association Supply a Set of Five to Friends and Fans for a Nominal Price of Twenty-five Cents.

Carl Wimar was the first American painter to take advantage of the vast field of truly American artistic material in the Indian and the life of the plains. His paintings are noted for their spirit, their accuracy of detail and for their great ethnological and historic value.

THE MAXIMUM OF SECURITY

Real Estate Mortgages afford investors the maximum of security. More than twenty-seven million dollars are in first mortgages on carefully selected, improved real estate securities.

When Summer Stops the Swing

Most of us can remember the school lesson in the law of accumulated motion—momentum. If you exert a pound of pressure against a man in a swing, you'll start him moving slowly "to and fro."

Winning trade follows the same natural laws.

Advertisements are the force behind the swing of public favor. Each new advertisement increases the momentum. Finally, the accumulated force of these numerous impulses swings indifference to the buying point.

The moral of which is:

Don't stop the business swing in Summer. Keep adding the pounds of Advertising pressure.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency or the Secretary of the Canadian Press Association, Room 506 Laidlaw Building, Toronto. Equity involves no obligation on your part—so write, if interested.

CHOOSE NAME TO FIT CASE

With a Family of Eleven He Would Soon Run Short of Appropriate Names For Them. Shakespeare (or was it Bacon?) said, "What's in a name?" The correct answer is said to be, "more or less."

LONDON FAVORS BANK CONSOLIDATION FOR DOMINION

English Bankers Consider That They Would Greatly Strengthen the Financial Position of the Country and Result in Outside Interests Having Specific Performance of an Agreement.

Another Expedition. Another party of Canadian explorers under the command of Capt. Munro and Capt. John Bartlett, former commander of the Arctic, left St. John's a few days ago bound for Baffin Land.

When Summer Stops the Swing

Most of us can remember the school lesson in the law of accumulated motion—momentum. If you exert a pound of pressure against a man in a swing, you'll start him moving slowly "to and fro."

Winning trade follows the same natural laws.

Advertisements are the force behind the swing of public favor. Each new advertisement increases the momentum. Finally, the accumulated force of these numerous impulses swings indifference to the buying point.

The moral of which is:

Don't stop the business swing in Summer. Keep adding the pounds of Advertising pressure.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency or the Secretary of the Canadian Press Association, Room 506 Laidlaw Building, Toronto. Equity involves no obligation on your part—so write, if interested.

CHOOSE NAME TO FIT CASE

With a Family of Eleven He Would Soon Run Short of Appropriate Names For Them. Shakespeare (or was it Bacon?) said, "What's in a name?" The correct answer is said to be, "more or less."

Pool in Subway Will Disappear. To-day—New Pavement on Annette Street.

A steam pump arrived at the Keele-st. lake last night and was set up at Vine-ave. Pumping operations will be commenced to-day and the surplus amount of water at present over two feet deep in the subway, will be transferred to the Vine-ave. sewer, which is not connected with the Keele-st. sewer. This completes the fourth day that the water has been allowed to stand. Fortunately much of it is shaded during the hot parts of the day and the odor has not yet become very offensive.

Home From Camp. The West Toronto contingent of the York Rangers, who for the last 12 days have been in camp at Niagara, will arrive home this afternoon in command of Lieut. Fletcher.

Three large sweepers and a large gang of men have been employed cleaning Annet-st. After the superficial sand has been removed, the ruts and depressions will be filled with fine gravel and a macadamized surface given the street.

Mr. Farron Dead. The death occurred yesterday of Martha Ferron, wife of George Ferron, of 1, Harvard-st. She was 28 years of age and leaves two children.

COUNCILLOR BALL

LEFT MEETING

Refuses to Be Inveigled Into Any Deal With Metropolitan Railway Company, and By Remaining He Would Have Acquired.—A Prejudiced Statement Going Out.

A meeting of the water, fire and light committees was held last night when Councillor Lawrence presided over a full attendance of councillors. The chairman introduced the question of issuing permits for watering lawns and gardens, and various instances of the waste of water were cited.

Bedford Park Well. Engineer James said that from the new well at Bedford Park the tank was filled each night by a pump which the well contained a three hours' supply of water or 50,000 gallons.

Coal Contract. Councillor Lawrence remarked that the present contract for the supply of coal would involve the breaking of the bylaw re smoke, and the question of securing a monthly supply of about 30 tons of smokeless coal for the pumping station was left to the chairman and Engineer James.

Finance Committee. Councillor Walter Muston presided over the finance committee. A letter was read from P. H. Drayton, K.C., the official arbitrator in the case N. Garland vs. Corporation of North Toronto, re amount due on sewer-casement through Mr. Garland's property.

Milnes Coal Company. Councillor Ball moved a resolution that as the report of the board of works contained an evasion of the building by-law in connection with the 7.00 company's application for leave to construct it should not be recommended to council, but the resolution was defeated.

Particular attention is called to the week end train, leaving Toronto 1 p.m. each Sunday, arriving Boboyageon 8:40 p.m., returning from Boboyageon 7 p.m. each Sunday, arriving Toronto 8:40 p.m. Secure copy of "Kawartha Lakes" folder.

Woman's Realm--the Household, Fashions and Society

SOCIETY

A convention of the chief constables of America will be held at the King Edward the week of July 9, a reception and banquet being given on the opening day.

Mr. and Mrs. Robert Sinclair are going camping on their island in the Georgian Bay this summer.

Count and Countess de Lesseps motored in from Kirkfield for the day yesterday.

Miss Eleanor Gooderham and Mr. George Alexander will be among those spending the week-end at Paradise Grove, Niagara-on-the-Lake.

An engagement of interest which has just been announced in Winnipeg, is that of Mr. Carl S. Morse, of the C.P.R., Fort William, eldest son of Dr. Charles Morse, K.C., and Mrs. Morse, to Miss George Bulling, youngest daughter of Mr. A. C. Bulling, Winnipeg.

Mrs. Lawrence Cosgrave has returned from Kingston, where Mr. Moore Cosgrave has just graduated.

Mr. Russell G. McBean will spend the summer in New York and the Catskills.

Miss Margaret George, who is at present in England, is to be in charge of the Canadian stall at the Dumb Friends League Bazaar to be held at the Botanical Gardens, Regent's Park, on Friday and Saturday. This is the first time a Canadian stall has been arranged, and it is under the gracious patronage of her royal highness the Duchess of Connaught.

Miss Clare Cosgrave is spending a month in Quebec.

Mrs. Wilson is in town from Niagara Falls.

Mrs. Justice and Mrs. Riddell, C. C. and Mrs. James leave on Monday for Samoset, Maine.

Mrs. Laidlaw is giving a small tea to-day for Mrs. Palmer's guests.

Mrs. Percy Beatty is giving a golf prize and tea on Friday at the Rosedale Golf Club.

Mr. George Locke left last night for Ottawa.

The Automobile Club of Niagara Falls is holding a gymkhana at Niagara-on-the-Lake to-day.

Mr. John Langmuir will spend the week end and holiday at Niagara-on-the-Lake.

Mr. and Mrs. Oscar Taylor will spend the summer at Muskoka.

Mr. D. C. Whitney of Detroit arrives at the King Edward to-day.

Mrs. Frank Stewart and her family, Church-st., have gone to their summer cottage on the Georgian Bay.

Mrs. G. B. Corbould entertained at tea on Thursday in honor of Mrs. and Miss Darling last week in Vancouver.

The marriage of Mr. Ward, R.N., to Miss Dorothy Luger, is announced to take place in St. Paul's Cathedral, Halifax, on July 3.

Mr. and Mrs. W. B. Somers and Mr. and Mrs. P. S. Patterson, Ottawa, have returned from a trip to Toronto, Hamilton, Niagara and Buffalo.

Miss Gertrude Moran is in Ottawa.

Old Dutch Cleanser
Clean Dishes

Every speck of dirt is quickly and easily removed from floors, woodwork, taps, metal work, windows, painted walls, cooking and dairy utensils—even the kitchen stove is cleaned and brightened by this wonderful little boon to housewives. Absolutely free from all harmful chemicals.

Makes Clean Kitchens
You can make your kitchen fairly shine with cleanliness, with less labor and in less time than it takes to clean it with soap, soap powder or other cleansers if you use

Old Dutch Cleanser
Every speck of dirt is quickly and easily removed from floors, woodwork, taps, metal work, windows, painted walls, cooking and dairy utensils—even the kitchen stove is cleaned and brightened by this wonderful little boon to housewives. Absolutely free from all harmful chemicals.

The Daily Hint From Paris

Rose-Trimmed Hats.
The variety of effects obtainable by using roses is well shown here. The large picture has to be a coarse straw showing bronze and green tones. The show stemmed American beauty roses are tied by a dull blue ribbon. The close fitting bonnet is of white, faced with pleated rose maline. The roses are delicate pink and are set on a draped band of rose and green changeable silk.

Personal.
Mr. R. L. Thompson, Manager Pacific Realty Company, and Mr. J. H. Smith of the C.P.R. Land Department, have left on a business trip to the Pacific Coast. They intend visiting the towns of Bassano, Coronation, Kerbert, Calgary, and points along the line of the C.P.R. en route to Vancouver.

The Nursery

Every mother should consider it her duty to train the little ones to be what is called well-groomed. Begin when they are quite young; or, if you have been rather careless through stress of work, begin now to teach them the essentials of a good appearance. If simple telling will not help them to take the necessary care, offer a reward for clean hands, ears and finger nails. A few minutes every day will give surprising results. If there is no time in the morning, make it a rule that ten minutes before bed-time shall be spent in keeping the body in order. Provide the children with manicure instruments, teach them how to file the nails the required shape and length, how to keep the cuticle pushed back from the nail so that the white half moon at the base of the nail shows plainly, and how to clean and polish the nails. Very soon they will take pride in keeping the hands and nails clean and neat. Be very generous with your praise over every effort, not only in this respect, but in all efforts to please you. Teach the little ones—and big ones too, to wash carefully all the little corners and folds of the ears, and to pay particular attention to the back of the neck.

The question of caring for the teeth has already been taken up in detail. Show the children how to remove every trace of food matter and to brush the teeth with powder or clear water alone. If your little girl's hair is inclined to be thin, brush it well with a soft brush and rub into the scalp a tonic of some kind. Do this before a mirror, so that she will see how to dress her hair to cause the tonic to reach every part of the scalp. Eye eyebrows, too, should be brushed to train them in a graceful curve. Don't let your children get into careless habits about their appearance. I am afraid many mothers will think this talk quite unnecessary, but really many big children, who are supposed to be quite old enough to wash themselves properly, make a lamentable failure of it. The main thing is to create in your children a desire to maintain a correct, well-groomed appearance, and this can only be obtained by constant careful attention to the details of the toilet.

Clara Murray

JUNE 28
IF THIS IS YOUR BIRTHDAY

Your birthday will go on as usual, but you will have a special advantage. Those born to-day will lead happy, if uneventful, lives. They will be helped to success by influential friends.

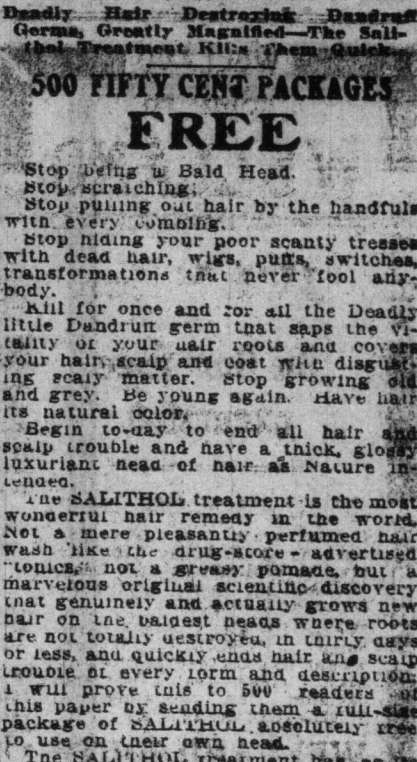

FIRST OF PLUM SHIPMENTS IN

Carload Consignment Arrived From California—Apricots and Georgia Peaches Arrive Also.

A recent daily feature of the Toronto fruit market has been the disappearance of one fruit and the first arrival for the season of another. Yesterday was marked in this respect by the first carload consignment of plums, this season, from California. The California consignment, consisting of four hundred cases, together with four hundred cases of Georgia peaches and three hundred cases of apricots, was received by White & Company yesterday, and will be sold by auction at the Yonge-street fruit market this afternoon.

GROWS NEW HAIR ON BALD HEADS IN THIRTY DAYS

Real Hair Grows Discovered at Last in the Juice of Tropical Shrub. Stops Falling Hair and Itching Scalp in One Application. Kills Dandruff, Greases, Itches, Restores Color to Gray Hair in Seven Days Without Dyes.

500 FIFTY CENT PACKAGES FREE

Stop itching, itchy scalp. Stop pulling out hair by the handfuls with every combing. Stop making your poor scanty tresses with dead hair, wigs, puts, switches, transformations that never fool anybody. Kill for once and for all the Deadly Little Dandruff germ that saps the vitality of your hair roots and causes your hair, scalp and coat with disgusting itching dandruff. Stop itching, itching and grey. Be young again. Have hair its natural color.

Use SALTROL treatment for all the base, the juice of the rare and little known, remarkable shrub of South America, which grows new hair with utterly amazing rapidity. Hundreds of people, living in every corner of the United States, testify to its marvellous qualities.

FREE HAIR GROWING COUPON

Enclosed is 10 cts. to help pay postage and packing and a 10¢ postage stamp. Please send at once 500 package of SALTROL, absolutely free. Do not miss the lucky 500 hundred. Address me personally, Everett Wood, Hair and Scalp Specialist, Suite 1330 A, Clark Bldg., Syracuse, N.Y.

Home Helps

To Clean Bottles.
To clean water bottles take some vinegar, sand and a potato cut up into dice and mix all together. Then keep in a covered jar for three days. Clean bottles put some of the mixture into each bottle and let it stand for two hours; then give it a good shaking, put it back into the jar, rinse the bottles with cold water and it will be perfectly free from all stain.

Salt As Cleaner.
Salt if made quite damp, but not wet, will clean any light woolen gown beautifully. Rub it on well with the hand or a small brush; and then remove at once by rubbing with something a little rough, like a piece of Turkish toweling. It has been known to remove paint.

Furniture Polish.
Beeswax and turpentine is a capital polish for furniture which is not French polished. To make it, shred half an ounce of beeswax very fine and add to it a quarter of a pint of spirits of turpentine. Stir well and put aside until the next day. Then stir again and let it stand for another day, when it will be ready for use. Never melt beeswax and turpentine over a hot fire, as it is highly inflammable.

Special Train to Jackson's Point, Saturday, June 29th.
For the accommodation of the travelling public, Grand Trunk special train leaving Toronto 1.40 p.m. Saturday, June 29, for Jackson's Point, will not return on Monday, but will leave Jackson's Point Tuesday, July 2, thus affording passengers an opportunity of remaining over in Jackson's Point for the holiday and returning to Toronto Tuesday morning. Tickets will be issued at single fare for round trip, good until Saturday, June 29, and good to return from Jackson's Point Tuesday, July 2. Full information and tickets at City Ticket Office, northwest corner King and Yonge-sts. Phone Math 4208.

THIS GIFT Presented by The Toronto World

Every home needs a Bible, and one of convenient form. To appreciate this great book it does not necessarily mean that one must be a church member or a religious man or woman, but the grand educational distribution undertaken by this paper makes it available for everyone, to be often referred to, and often read here and there as the most interesting of all books, as the book under whose teachings the development of civilization has been accomplished.

SEE the Absolute Flexibility of This \$5.00 Volume

Bring in Your Free Certificates and Get This \$5.00 Illustrated BIBLE

Our big Bible Shipment has arrived and we are all ready to present to each of our readers one of these handsome Bibles—Illustrated as never before attempted—in exchange for six free certificates of consecutive dates and the amount expense items as stated under the Illustrated Bible Educational Certificate printed daily on another page.

It is possible to embellish a book without actually illustrating it. This Bible is not merely embellished; it is truly and accurately illustrated. Some Bibles contain pictures; but there is none in which the individual texts are actually illuminated, as though by the touch of inspiration. Comparison is impossible, for our new Bible stands alone—there is no other of its kind. Therefore, praise of this superb new book means no disparagement of the many excellent editions published heretofore.

600 Text Illustrations---16 Colored Plates

This Bible is not a mere picture book. It is a genuine high-art production, worthy of the Twentieth Century. In addition to the world-famed Tissot pictures in color, there are 600 illustrations, all exact copies of original paintings and drawings, which constitute the most wonderful gallery of Scriptural art in existence to-day. To this branch of the work, and at enormous cost, were called the greatest of living artists, and it is to their intelligent conception of the work and to their masterly skill in the portrayal of Bible scenes that the superiority of this Bible over any yet produced is mainly due. Every picture is an eloquent sermon on these everlasting truths.

Either of the Bibles Offered Will Be Mailed to Any Address for 6 Free Certificates, the Amount Set Opposite the Style Selected, and 25c Extra for Postage.

It matters not how many Bibles you may now have, you will also need this ILLUSTRATED BIBLE, which illuminates—i.e., "throws light upon"—the particular text selected for illustration, and is beyond doubt the most beautiful edition of the Bible ever published.

Your Own Choice of These Books

Magnificent Illustrated Bible (like illustration) is bound in full flexible limp leather, with overlapping covers, and silk stamped in gold, with numerous full-page pictures in color from the world famous Tissot collection, together with six hundred superb pictures graphically illustrating and making plain the verse in the light of modern Biblical knowledge and research. The text conforms to the authorized edition, self-pronouncing, with copious marginal references, maps and helps; printed on thin Bible paper, six opening \$1.18 Annual consecutive free certificates and the amount expense items.

63 Illustrated Bible is exactly the same as the \$5 book, except in the style of binding, which is in imitation of all of the illustrations. Six opening \$1.18 Annual consecutive free certificates and the amount expense items.

Also an Edition for Catholics Through an exclusive arrangement we have been most fortunate in securing the Catholic Bible, newly revised and endorsed by Cardinal Gibbons and Archbishop Dowling. It varies from the Protestant Bible in the opening of the Gospels. The illustrations consist of the full-page plates and maps approved by the Church. The binding and text are printed in the same style as the Protestant Bible, and at the same amount in expense items, with the necessary Free Certificates.

Any Book by Mail, 25 Cents Extra for Postage.

—GET IN LINE FOR—

DANFORTH-WOODBINE PARK

TORONTO MUST GROW EAST. IT IS BUILT SOLID MILES FURTHER TO THE WEST THAN DANFORTH-WOODBINE PARK IS EAST OF CENTRE OF THE CITY

Do You Ever Expect to Own Your Own Home ?

Toronto is adding to her population every year a city larger than Kingston—30,000 people. This is not a "boom" or transient condition. It's a strong and healthy result of our increasing commercial activity. We can not only absorb this good-sized city every year, but there is work for twice that many. There is no city in the world (we speak advisedly) that has a more prosperous present or a more alluring future than the Toronto that is expanding beneath your very feet.

Do you realize this?

Location

Danforth-Woodbine Park is well within the city limits, between two civic car lines—between Danforth Avenue and Gerrard Street. The Gerrard Street car line (now being constructed) is but three minutes' walk. The Danforth car line (to be commenced shortly) will run right past the property. It is ideally situated in elevation, location and accessibility for residential purposes. It affords views of the city and the lake.

Do You Think Toronto Has Stopped Growing ?

Every man knows that sooner or later in life he wants his own home—the one place on earth, perhaps, where the average man is master of all he surveys. Every man should strive to own, free of debt, mortgage or incumbrance, a house or lot and at the earliest possible moment. It is an object worthy of some self-sacrifice and effort. A home should be every man's first investment.

Prices

NO TAXES THIS YEAR.

The initial payment and monthly payments on Danforth-Woodbine Park property afford you an opportunity to lay the foundation of future security and the basis of a profitable investment.

\$10.00 down and \$10.00 per month

OR

\$50.00 down and \$5.00 per month

No taxes this year.

Wouldn't it Be a Good Plan to Start Now to Acquire the Land ?

Of course, it's of small use to talk of the past, but you know—everyone in Canada knows—how Toronto realty values have increased in the last seven years. But this condition is not over. It still exists, and will continue to exist for years. Even if it will be years before you want to build, **START BUYING YOUR LAND**. The prices will be higher next year than this. Obey your impulse to become a landowner.

Offices Open Evenings and the Holiday

Our Main Office will be open all day Saturday and Monday. Branch Office, northeast corner Greenwood and Gerrard, is open Saturday and Monday and every evening. Phone either office and we will send an automobile and drive you out to see this property.

Tanner & Gates REAL ESTATE BROKERS 46 Victoria Street

Phones: Main 5893 and 5894

"WE SELL NOTHING WE CANNOT RECOMMEND"

CITY TO OPPOSE METROPOLITAN CROSSINGS

Board of Control May Ask Sir James Whitney to Reconstruct Ontario Railway Board and Ordered Police to Stop Work Until a Report is Received.

The recent decision of the Ontario Railway Board permitting the Metropolitan Railway to operate their cars on the level over their own right of way from Farnham-avenue south, was again criticized by the board of control yesterday, when it was decided to have Corporation Counsel Drayton report as to the advisability of either appealing the decision or of taking some measures to forcibly prevent the company from carrying on the work. It was also agreed to instruct the police to stop any work in connection with the level tracks which the railway might attempt to undertake.

"For 15 Years I Had Eczema"

Mr. C. E. Cramer, farmer, Cramersburg, Sask., writes:—"For fifteen years I had eczema and for about six years also suffered from itching piles. Seven different doctors were consulted in Canada and the United States, with only temporary relief. The eczema started on the legs and there was almost constant itching and smarting. Sometimes I would have to scratch half the night and get little or no rest or sleep. The very first application of Dr. Chase's Ointment brought relief and after the third application the itching stopped entirely. I now believe the cure to be complete and attribute it to Dr. Chase's Ointment and Newe Food. The latter was used to enrich the blood, while the ointment healed up the sores. I am ready to take my oath that this statement is true and correct."

decision of the railway board was an outrage to the city and every effort should be made to secure relief. He contended that some members of the board of control should go to see Sir James Whitney and request that changes be made in the personnel of the railway board, in order to increase its efficiency. He suggested that Controller Church and Foster should make the visit, but it was decided to take no action in this respect until the corporation counsel had given his opinion on the situation.

Lots of Motions.

The meeting yesterday was featured by a list of motions moved by Controller Church, asking for information and requesting various improvements of the proposed motor buses. Information was requested with respect to the style of the proposed motors which the city will operate, the routes, the timetables, the cost and equipment and the districts to be served, with a view to submitting a by-law to the people next January.

The controller's motion to the effect that the Hon. F. D. Monk be invited to be the guest of the city on his trip here in July was also passed, and it was decided to hold a conference with him regarding the federal square scheme and the proposed harbor improvements. As a means of alleviating the heavy traffic on Yonge-street the board decided to get a report from the city solicitor regarding the advisability of making application to the Ontario Railway Board to have the Yonge, Avenue-road and Davenport cars use Church-street for either their alternative up or down trips.

Fire Alarm System.

Chief Thompson of the fire department was ordered to report as to when the new fire alarm telegraph system would be completed, and also as to what additional fire alarm precautions will be necessary for the new districts. The officials were asked to report regarding the advisability of making application to the Ontario Railway Board to compel the street railway company to adopt a better fender. The question of asking for an investigation as to the numerous street car accidents and the advisability of asking to have the cars slow down were also referred to the officials.

City Slurms.

With reference to the slums in the city it was decided to ask the medical health officer if he desired that any slum power should be granted him to deal with this problem. All the above matters were brought up by Controller Church in the form of motions.

of the Swansea district, asking for annexation, was filed, to be investigated later, when the cases of other sections desiring to come into the city will be dealt with.

Increased Grant.

A deputation from the Industrial School of Art and Design waited upon the board, and W. F. Murray, a spokesman, asked that the city increase its grant from \$400 to \$800. It was shown that this latter amount was originally put in the estimates, but the deputation claimed that the heavy expenses and the large classes made it necessary that they should receive more money this year. It was decided, however, to get a report from the educational authorities as to how far the work of this institution will be duplicated in the new technical school.

Eight Years for Manslaughter.

SATLIT STE. MARIE, June 27.—(Special)—Giuseppe Mardoni was this morning sentenced at the assizes to 8 years in Kingston Penitentiary, following his conviction on a charge of manslaughter. He shot Mike Pappa in a west end boarding house during a quarrel last February.

George Piragias and Mike Apostolakis, two Greeks on trial for assault on A. Chirocchi, received three and one year respectively.

EXHIBITION AIMS FOR MILLION MARK

Directors Commence an Extensive Advertising Campaign to Induce People to Come to Toronto—Five Years to Complete Teraulay Street.

In an effort to reach the million mark in the attendance at the exhibition this year an advertising campaign has been launched by the association directors which surpasses anything attempted in previous years. Posters, hangers, booklets and general literature have been prepared in large quantities, which will be distributed not only throughout Canada, but practically all over the civilized world. Yesterday a start 1000 three-sheet posters were sent out to be posted up on the bill boards in front of all the depots on the main line of the C.P.R. from Detroit to Quebec and on the G.T.R. main line from Ft. Totten to Portland. This is only a start, since it is the intention to display the posters at every depot in Canada. Some 1000 hangers have also been distributed to different points in the Dominion and copies have been sent to the British consuls in all parts of the world.

The posters and hangers show a picture of the review which will be one of the features of the fair this year. The cadets from all the British possessions are shown in a march past before the Duke of Connaught. The attire of the different corps and the flags of the various colonies make one of the best pictures the Exhibition Association have yet had on their posters.

Will Take Five Years.

According to Assessment Commissioner Forman the work of widening and extending Teraulay-street to a width of 88 feet will require five years to complete. To remove the old buildings will take about two years alone, and the negotiations for the property will mean a long delay. Mr. Forman does not agree with the proposal to divert the street easterly so as to avoid destroying the Manning Chambers, which is the most costly building affected. If this were done he claims

the street would have to pass over the lawn on the west side of city hall, and this, in itself a bad feature, would result in spoiling the appearance of the building. The expropriations necessary in the widening and extension of the street will mean an immense amount of work for the official arbitrator, and to facilitate these proceedings City Solicitor Johnston recommends that assistance be provided.

No Water Famine.

Toronto will not experience a water famine this summer, in spite of all the reports to the contrary in the evening papers. There may be a scarcity of water during the next month, but this is the worst to be expected, and the scarcity will only affect the watering of lawns. Commissioner Harris is optimistic over the outlook. The new 24-inch main between the John-street pumping station and Front-street will be completed in about six weeks' time, and when this is in use it is believed that the situation will be relieved very effectively. The work of tunneling under the railway tracks to lay the pipes involves many difficulties, but excellent progress is being made. Men are on the job for 24 hours a day in an effort to hasten the work of connecting the main.

New Roads.

In order to put their newly constructed roads in condition the York Highways Commission will place a crew of men and five carts on the thoroughfares to-day for the purpose of scraping them and then applying a coat of oil. About six miles of roadway

in different sections of the county will be pushed in this way, and the work will be pushed in an effort to complete it in a week's time.

Island Seawall.

For the erection of a sea wall at the western end of the new athletic field at Centre Island Park, Commissioner Chambers has received plans from the harbor commissioners, who ask for the city's endorsement in order that they may proceed with the work. The plans were prepared by Engineer E. L. Conline, and the purpose is to protect the shore adjacent to the field from the action of the waves.

A permit to erect a \$70,000 warehouse at the northeast corner of Esplanade and Church-streets was granted to H. P. Eckardt by the city architect's department yesterday. The structure will be six storeys high.

BURNED HIS HANDS.

William Graham, 16 Hebert-avenue, in pulling down some curtains that had caught fire in his home yesterday morning badly burnt his hands. The damage done to the house furnishings amounted to \$60.

Suicide From Strychnine.

James Ellis, 74 years old, who attempted to commit suicide by taking a dose of strychnine on June 17 last, died in Western Hospital yesterday morning. He had lived at 204 1/2 West Queen-st and was suffering from a serious ailment when he took the poison.

UPPER DUES

Dry Weather Spikes Sharp Values at Chicago Oats Close

CHICAGO, June 27.—(Special)—The close was steady as a result of dry weather. The close was at 1.1-1/2 to 2.7-3/4 of 3-4c to 1.7-8c. The market was unchanged in strength developed as shorts attempt to cover rapidly. The weather is improving crop prospects. A bulk of evidence was that growing prospects except in the north showed the weather. Assurances that optional weather come present late in the year to lift the price grades were strong. The fine crop of wheat in the general provisions is expected to be stored by the middle of the year.

Northwest Receipts of wheat points, with usual follow:

Chicago
Duluth
Minneapolis
Winnipeg

Europe

The Liverpool market is lower on wheat.

Argentina

The weekly Argentine wheat comparison. The wheat bush is 4.3. Bromhall's agent under wheat is equal to last year. Last year 17,100,000 bushels.

Condition

Winnipeg wheat is steady in the market. The market is relieved, but a most needed. Regal understorems. A same, reports High west of Moose. The market is general all the Manitoba and Saskatchewan. A very was understorems. A showers, but general lower temperature.

Liverpool

The Liverpool market is responsive in response. America opened support was steady. Reports of lighter from Argentina are off coast of owing the opening situation, particularly in Paris, more favorable. The market is together with the increase down to the market.

Group C

The price current is steady. The market is relieved, but a most needed. Regal understorems. A same, reports High west of Moose. The market is general all the Manitoba and Saskatchewan. A very was understorems. A showers, but general lower temperature.

UPHEAVAL IN PRICES DUE TO CROP REPORTS

Dry Weather in Northwest Inspires Sharp Upturn in Wheat Values at Chicago—Corn and Oats Close Higher.

CHICAGO, June 27.—An upheaval in prices for wheat took place today as a result of dry weather northwest. The close was steady at a net advance of 1-1/2 to 2-7/8. Corn scored a gain of 3/4 to 1-1/8 over last night, oats finished 1-1/2 to 1-3/4 up, and provisions unchanged to 7-1/2 to 10c higher.

Strength developed in wheat as soon as shorts attempted to cover. Belief grew rapidly that the annual acre for spring crop had begun, although the bulk of evidence from the northwest was that growing grain had not deteriorated except in limited localities.

July showed the highest advance. Assurances that it would require exceptional weather to make corn help come present the annual acre for 1912 to lift the price of that cereal. Cash grades were strong.

The fine crop outlook caused oats to lag in the general advance of grain. Provisions, the neglected, were bolstered by the upturn in neighboring oils.

Northwest Receipts. Receipts of wheat at northwest primary points, with usual comparisons, are as follows:

European Markets. The Liverpool market closed today 1/4 to 1/2 lower on wheat and 1/4 to 1/2 lower on corn.

Argentine Estimates. The weekly Argentine estimates, with usual comparisons, follow:

Conditions in West. Winnipeg wires that some of the dry territory in the Canadian Northwest has been relieved, but good rains are what are needed.

Liverpool Grain Exchange. LIVERPOOL, June 27.—Wheat.—The market in response to the steadiness in prices opened steady about unchanged.

Crop Conditions. The Price Current says: Week brought a general betterment in growing crops situation in general in the northwest.

ST. LAWRENCE MARKET. Grain.—Wheat, fall, bushel, \$1.05 to \$1.08.

Fruit and Vegetable. Potatoes, bag, \$1.60 to \$1.70.

FARM PRODUCE WHOLESALE. Hay, car lots, per ton, \$13.00 to \$20.00.

Hides and Skins. Prices revised daily by E. T. Carter & Co., 8 East Front street, Dealers in Wool, Yarns, Hides, Calveskins and Sheepskins.

National Bureau Station "O'KEEFE". Imported by White Knight, Dam Dorval, by imported Dorebin.

Canadian National Records—No. 474. American Certificate—Vol. 10, p. 250.

Chicago Gossip

J. P. Bickell & Co., from Logan & Bryan: Wheat—Covering of short wheat in the Chicago market for all months, but especially in July contracts was an enormous scale today.

Wheat—Covering of short wheat in the Chicago market for all months, but especially in July contracts was an enormous scale today. There was a fair start in the market for the reason that the Liverpool cable was decidedly weak at the time of opening here.

ANY person who is the sole head of a family, or any male over 18 years out, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must be a person at the Dominion Lands Agency or Service Agency for his district. Entry by proxy may be made at any Agency on certain conditions: father, mother, son, daughter, brother or sister of intending homesteader. Duties—Must reside upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a lot of at least 30 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra. A homesteader who has exhausted his homestead right and obtains a pre-emption may enter for a purchased homestead in certain districts. Price \$100 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$100.

Whether the stock as mentioned in the advertisement is to be sold in connection with its affairs matters about which differences of opinion would seem to be of no account, and cannot succeed, except upon refusal to accept the terms of the advertisement, which is its instrumentality.

George D. Roberts, who has associated with Parkfield and E. C. Campbell and Joseph (later three departments of the Canadian Northern Railway) and taken over of land lying along the Parkfield and E. C. Campbell lines, a total of six miles long from north to south, is reported to be in connection with its affairs matters about which differences of opinion would seem to be of no account, and cannot succeed, except upon refusal to accept the terms of the advertisement, which is its instrumentality.

Department of Railways and Canals, Canada. WELLAND CANAL. NOTICE TO CONTRACTORS. Sealed tenders addressed to the undersigned, and endorsed "Tender for Colborne Entrance Improvements," will be received at this office until 10 o'clock on Wednesday, the 28th July, 1912. Plans, specifications and form of contract to be entered into at the office of the Engineer of the Department of Railways and Canals, Ottawa, and at the office of the Superintendent Engineer of the Welland Canal, St. Catharines, Ont., at which places a copy of the tender may be obtained. Parties tendering will be required to accept the fair wages schedule prepared by the Department of Labour, which schedule will form part of the contract. Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and in the case of firms, unless there are attached the actual signature, the nature of the occupation, and place of residence of each member of the firm. An accepted bank cheque for the sum of \$1000 made payable to the order of the Minister of Railways and Canals, will be forfeited if the party tendering declines entering into contract for the work at the rates stated in the offer submitted. The cheque thus sent in will be returned to the respective contractors whose tenders are not accepted. The cheque of the successful tenderer will be held by the Department of Labour for the due fulfillment of the contract. The law of any tender not necessarily accepted. By order, L. K. JONES, Secretary, Department of Railways and Canals, Ottawa, June 28th, 1912.

LONDON, June 27. Increased demand for securities to-day. The best security for the time being is the Bank of England, which was supported, and the market was well maintained, and in the late afternoon was steady with values low the best.

Notice is hereby given that the annual meeting of the Dominion Oil Company will be held on the 28th day of July, 1912, at 2 o'clock p.m. at the Dominion Oil Company, 240 Acres, King's County, Coalinga, Cal., U.S.A. By order, A. M. HUBBARD, Secretary.

Renewed Public Interest in Mining Stocks--Pearl Lake at 30

FLURRY IN PEARL LAKE FEATURE OF MARKET

Bids Raised a Full Eight Points Before Any Stock Comes Out--Hollinger at New Record for Movement.

World Office, Thursday Evening, June 27. A sudden flurry in Pearl Lake, in which the stock was carried up a full 8 points to 30, a new high record since last January, was the most outstanding incident in the mining exchanges to-day. Elsewhere the market showed a somewhat reactionary tone, liquidation carrying the majority of the listed issues below their previous prices. The movement in Pearl Lake came with a suddenness which almost took the breath away from traders. The opening quotation was 23 bid, on a par with last night, and this was raised to 30 before any transactions took place. During the afternoon the price worked off again to around 28, but the demand was sustained throughout with very little stock offering. The tape showed the last bid to be 2 1/2, but after the close this was advanced to 28, with further sales reported at that figure.

Big Short Interest. The movement was due to the belief that the stock had been selling entirely too low, considering the favorable condition of the company. It was reported that the ore body will be encountered in the near future and which plans for the erection of a stamp mill under way, it would seem that the company will be in the first rank hereafter. Meanwhile, there is a material short interest in the market, and according to current gossip another flurry in the price may be experienced where this induced to cover. Hollinger, which has been the leader of late, showed an easier trend than during the last few days. The stock early in the day reached \$13.80, a net advance of 15 points from last night, but profit taking was another factor in the decline later on and the share worked back to \$13.65, closing about the same. Other interesting incidents were another decline in Swastika, which sold back to 13 and closed on offer there, and continued strength in Vipond which gained over a point at 4 1/2.

FIREWORKS IN PEARL

Pearl Lake came to the front again in a spectacular manner in the mining exchanges yesterday. The stock opened at 23 bid, and the quotation was raised to 30 before any stock came out, the shares at that price showing a net appreciation for the day of eight points. The best bid at the close was 25 1/2, but after the adjournment traders were bidding 25 for the stock in thousands of shares. At the property active development is under way under the direction of the Hargraves Engineering Co., Philadelphia. The shaft is being extended to the 800 foot level, where a station will be cut and crosscutting done. In the meantime, a crosscut is being run at the 200 foot level to the Airway. Sixty-two men are employed in mining operations.

HOLLINGER AND RIO

Financial circles in Toronto have discussed the recent rise in Rio de Janeiro and the tremendous profits that have been put in the way of lucky speculators to such an extent of late that they have almost lost sight of the money-making possibilities which have been afforded in Hollinger. Nevertheless, it is a fact that the movement in the latter has been so spectacular that an investment in it a month ago would have proved more than twice as profitable as one in the South American traction proposition. This works out as follows: Cost of a hundred shares of Rio on May 27, at 138... \$13,800. Value of same at present high price, 156 7/8... 15,700. Profit... \$1,900. Same amount invested in Hollinger two weeks ago at \$10... \$1,000. Value of same yesterday at \$13.50... 1,350. Profit... \$350. It will be noticed that in striking a valuation for Hollinger, a price of \$10 a share has been used in the computation. The stock actually sold as low as \$9.75 on June 14. It reached \$13.50 yesterday, but the quotation upon which the above hypothetical sale is based is \$13.50.

ALASKAN GOLD RUSH

FAIRBANKS, Alaska, June 27. News was received here yesterday of a gold strike in Fox Gulch, in the Inokno district. Many prospectors are rushing to the new diggings from Iditarod.

HOME EXTENSION ANNUAL

The postponed annual meeting of the Dome Extension Mines, Limited, will be held to-day at the head office of the company, 58 East Wellington-street, at 2 o'clock p.m.

Prices—\$22.50 to \$45.00

Broderick's LIMITED TORONTO CANADA

TURNBULL IS IN LIMELIGHT

Goldfield 15 Miles West of Porcupine Off to Good Start—Good Showings on Many Claims.

Turnbull, the goldfield 15 miles to the west of Porcupine, still remains in the limelight of gold excitement in the north. W. J. Clearhouse of Detroit passed through the city yesterday on his way to Michigan, after spending two months on his Turnbull prospect. A townsite has been located on the east and south banks of Kamassota Lake, and an hotel is now being built. By Sept. 15 the public can be accommodated. Trails and roads have been cut out from Timmins Landing on the Mattagami River, one mile to the west of the Hollinger mine, and travelling is now done with ease from the Mattagami to Kamassota.

An all-copper route is by the way of the river. Gasoline are to be put into commission next week. Development work, such as prospectors are able to do, has been going on for two years in this section. Many very wide and handsome leads of quartz are exposed, and the McLean find, the most recent spectacular showings, are in the west of the townsite. Free gold showings are known to exist in more than 50 places on lots in the centre of the northern part of the township. A Detroit syndicate owns 25 claims in the district. A diamond drill will be set to work within two weeks, and the most conspicuous appearing quartz bodies tested to depth. Before winter time, Turnbull will be fairly well proven to depth.

STANDARD EXCHANGE IN NEW BUILDING

The Standard Stock and Mining Exchange hold their last session in their present building on Scott-street to-day. The members will take a holiday on Saturday, and in the meantime the appliances will be removed to their new quarters on King-street, immediately west of Bay, where trading will be resumed on Tuesday. The new board room promises to be one of the finest in the Dominion, if not on the continent.

TIMISKAMING COMPANY TO RETAIN NORTH DOME

The Timiskaming shareholders have voted by a large majority to retain the controlling interest in the North Dome property in Porcupine, acquired last fall. The result of the poll, as announced by the secretary, was in round numbers 600,000 shares in favor of retaining control, and 400,000 shares against. The directors recently visited the property and were much enthused at the showings and the progress made.

NORTH STAR DIVIDEND

The North Star Mining Co. has declared a dividend of 1 1/2 cent per share, payable July 10 to shareholders of record July 2. The offices of the company will be transferred to Toronto shortly.

Dominion Day Outings. Very low rates are being offered by the Richelieu & Ontario Navigation Co. for trips to Rochester, Kingston, Col. for trips to Montreal, Montreal, and Kingston are now in daily service and this is an excellent opportunity for a delightful outing at low cost. Full particulars as to tickets, etc., at Ticket Office, 46 Yonge-st. cor. Wellington-street.

GOLD OUTPUT IS INCREASING

Four Stamp Mills Now Producing Ore in Porcupine—Estimates of Production—Future Possibilities.

Four mills, now treating an average of 80 tons of ore daily, are operating in Porcupine—Dome, with 40 stamps, Hollinger, with 21, McIntyre, with 10, and the Vipond, a crusher plant of the capacity of 20 stamps. The daily output of gold is estimated at \$12,000, with the capacity of all the mills to be increased as the machinery will have grown to the size where more attention will be given to the gold producer. Every day from now on means returns to those who have invested in the mines and the stamp mills. Twelve thousand dollars a day amounts to \$4,200,000 a year, with every production of \$12,000 will be increased to \$15,000.

And there are more mills to be built. By November the Dome Lake mill will be ready to run. It will have a capacity of 100 tons a day.

McIntyre, of Toronto, which is building the city's million dollar filtration plant, was not paying union wages, his worship assured that that steps were being taken to break the contract on this ground, if it proved to be the case.

BEE STUNG MAN TO DEATH. PARKERSBURG, W. Va., June 27.—Drury B. Badgley, a wealthy farmer, residing at Pleasant Hill, near here, was attacked to-day by a swarm of bees, which settled in his hair and beard and stung him to death before medical aid could reach him.

TO SHAREHOLDERS OF PEARL LAKE MINING COMPANY

The future of the Pearl Lake Mines being assured, it is of the utmost importance to all of the stockholders that they should keep in close touch with the successful operation of the property, and to this end they are advised to have all certificates of stock which they hold, if not already in their own name, transferred on the books of the company, so that they may appear as owners of the same.

PEARL LAKE GOLD MINES, Limited

city of 120 tons a day. Crown Chartered talks of building a mill. The announcement may be made in the near future. Swastika is building a 20-stamp mill, which should be running by Dec. 1.

There is every reason to believe that this time next year Northern Ontario gold mines will be producing at least twice the amount of the bullion now being stamped out.

MAY BREAK M'GUIGAN CONTRACT

MONTREAL, June 27.—(Can. Press).—When a deputation from the local carpenters' union complained to Mayor Lavallee this morning that the F. H. McGuigan Co., of Toronto, which is building the city's million dollar filtration plant, was not paying union wages, his worship assured that that steps were being taken to break the contract on this ground, if it proved to be the case.

PARKERSBURG, W. Va., June 27.—Drury B. Badgley, a wealthy farmer, residing at Pleasant Hill, near here, was attacked to-day by a swarm of bees, which settled in his hair and beard and stung him to death before medical aid could reach him.

THE OPTIMIST VERSUS THE PESSIMIST.

The optimist lives under a clear sky; the pessimist lives in a fog. The optimist is confused; he hardly knows where to go, what to do or how to act. The pessimist is in tune with the harmonies of nature and discerns distinctly the onward path that lies before him. The pessimist hesitates, and loses both time and opportunity; the optimist makes the best use of everything now, and builds himself up, steadily and surely, until all adversity is overcome and the object in view realized. The pessimist curbs his energies and concentrates his whole attention upon failure; the optimist gives all his thought and power to the attainment of success, and arouses his faculties and forces to the highest point of efficiency. The pessimist waits for better times and expects to keep on waiting; the optimist goes to work with the best that is at hand now, and proceeds to create better times. The optimist is an inspiration to everybody; the pessimist is a wet blanket. The pessimist pours cold water on the fires that is losing ground; the optimist adds fuel to those fires. The pessimist links his mind to everything on. The pessimist places a damper on everything; the optimist gives life, fire and go to everything. The pessimist repels everything; the optimist attracts everything. The pessimist fights the wrong; the optimist works to increase the power of right. The optimist is a building force; the pessimist is always an obstacle in the way of progress. The pessimist lives in a dark, soggy, unproductive world; the optimist lives in that mental sunshine that makes all things good.

Do you realize how true all this is? Don't you appreciate that the optimist is the successful man? The optimist is the man who invests, for he believes some good will come from such investment, and as every real fortune that ever was made resulted from investment, it is optimism that makes success.

The pessimist is the man who looks with suspicion upon all investment opportunities, and while he is hemming and hawing and failing to act, an optimist grasps the opportunity, makes his investment and gets his start in life.

It required a generous supply of optimism for men to go ahead and develop what is to-day the greatest wealth producer in the world—California Oil Lands—but their optimism has been repaid.

THE DOMINION OIL COMPANY own outright 240 acres of proven oil lands situated in Coalinga, California, the RICHEST DISTRICT in what is admitted to be **THE GREATEST OIL FIELD IN THE WORLD.** THE DIRECTORS are all well and favorably known successful Canadian business men, who have invested heavily in the shares of the above Company. The Company's well is drilled to a depth of over 2730 feet and the drilling is being pushed as fast as the most up-to-date machinery can do the work. At 2200 feet they encountered the first oil sands, bringing in a well of 33 gravity oil, which has a market at the well of \$1.10 per barrel, and humanly speaking, they cannot fail to bring in the same big flow of high gravity oil, which the Canadian Coalinga Company brought in at a little over 3000 feet.

We are offering the Treasury Shares of the **DOMINION OIL COMPANY** at \$1.00 per share, and there is no better opening for \$100 or \$500 of idle cash than the purchase of shares in the **DOMINION OIL COMPANY.** Before the Canadian Coalinga Company brought in their big flow these same shares.

WHAT THE CANADIAN COALINGA COMPANY did for its shareholders, we conscientiously believe the **DOMINION OIL COMPANY** WILL DO FOR YOU. DO NOT BE A PESSIMIST.

Illustrated Prospectus and full particulars cheerfully furnished on request without any obligation or expense on your part.
