WINNIPEG BEGINS TO RESUME SOMETHING OF ITS NORMAL ACTIVITY
Electrical Workers' Mass Meeting Decides To Postpone Strike Action

PROHIBITION BILL
PASSES COMMITTEE
STAGE IN COMMONS

Amendment, Allowing Making of Stronger Beer in Ontario, is Defeated.

REFER TO WINNIPEG
Rowell Hints if Bars Were Open There Would Be Graver Situation.

Special to The Toronto World.
Ottawa, May 21.—The government's bill to extend war-time prohibition for a year after the proclamation of peace went through committee stage in the house of commons this evening, and now stands for third reading. The Liberals took practically no part in the long and somewhat rambling discussion that was carried on by the supporters of the government. The only amendment suggested was voted down without a division. It was moved by Major Hume Cronyn, of London, and provided for the exportation of beer from Ontario to the strength prescribed by the laws of Quebec. Some vigorous temperance speeches were delivered. Mr. Nicholson, of Algonquin, protested against the claim that the workmen were opposed to prohibition. One hundred thousand dollars, he said, had been expended by the liquor traffic in an effort to get railway employees to declare for stronger beer, but not a single local union had passed the desired resolution. R. L. Richardson, of Springfield, delivered an old-time temperance lecture and vigorous attacks upon the liquor evil were marshalled by Levi Thompson, R. C. Henders, Sam Charters, of Peel, and Thomas Foster, of East York. Mr. Henders, president of the Manitoba Grain Growers, said the western farmers were strongly in prohibition.

HOG PRICES BEAT
PREVIOUS RECORDS

Phenomenal Rise is Inexplicable, in View of British Control.

All records in Canada in respect to former hog prices were yesterday smashed when \$21.75 50 lb. per cwt., \$22.75 to \$23.35 for choice fed and watered, and 23 cents weighed off, was paid at the Union Stock Yards Exchange. The highest previous point, according to local buyers, was 50 cents less, and that for a short time only. Just why hog prices should be soaring in view of reported good supplies in the country, is hard to say, and nobody seems to know where it is going to stop or why the price is so high.

Six Hundred Per Cent.

A line about the advance in the hog market at this point will show just how the price has shot up within the last five years. At the outbreak of the war hogs were bought on the Calgary market at around 3 cents per pound; since which time they have gone forward by leaps and bounds. Fifteen and twenty years ago they were bought in thousands from 4 to 4 1/2 cents per pound, and one of the best known buyers on the local market said last night that all one had to do was to buy a few hogs from them at that price. These figures show that the price of live hogs on the Toronto market in the last 20 years has increased by 600 per cent.

FOUNDRYMEN DECIDE
TO RECOGNIZE METAL
EMPLOYERS' UNION

Offer to Meet Metal Trades Council Is Employers' First Step Tending to Avert General Strike, Tho Situation Is Still Dangerous.

The representatives of the metal trades foundries section of the Employers' Association have offered to meet the representatives of the Metal Trades' Council, thus recognizing the Metal Trades' Council, and also the principle of collective bargaining. One thing alone, it is said, is needed to end the metal trades' strike, and that is the decision of the employers to grant the 44-hour week without reduction of pay now granted for a nine or ten-hour day. Negotiations will doubtless close one of the most strenuous periods in the history of Toronto labor. Even at this the situation is fraught with danger. The railway mechanics of the three great railroads have delivered an ultimatum to the war board to grant both an eight-hour day and an increase in wages and are likely to lay down their tools 45,000 strong, within the next 30 hours, inaugurating a new strike, Dominion wide, and seriously affecting the situation in Winnipeg. Ontario itself at the moment of going to press is menaced by a possible tie-up of electric light and power, covering 130 municipalities.

NIAGARA POWER STRIKE
POSTPONED ONE WEEK

Chippawa and Welland Workers Temporarily Decide to Await Sir Adam Beck's Conference With Municipalities Likely to Be Affected.

There will not be a strike of the electrical workers at Niagara or of the men working on the Chippawa development for at least another seven days. This was the decision arrived at last night at a mass meeting of the men, called by the Niagara Trades Federation to discuss the question of an almost immediate strike. Frank A. Healey, the president of the federation, faced quite two thousand six hundred men when he rose to report the result of his conference with Sir Adam Beck earlier in the day. He explained the situation clearly to the men and after a perfectly orderly meeting at which no "Red" principles were even mentioned, the men came to a unanimous decision to continue to work for another seven days to give Sir Adam a chance to consult the municipalities concerned and interested in the electrical production and development. All classes of workers will be on the job as usual this morning.

STABLE GOVERNMENT
WILL BE RECOGNIZED

Kolchak Notified That He Must First Guarantee a Constituent Assembly.

Washington, May 21.—Admiral Kolchak, dictator of the Omsk government, has been notified by the Paris peace conference that as soon as he has established a stable government with guarantees of freedom of speech and the press and a constituent assembly, his government will be accorded recognition as the government of all non-Bolshevik Russia. It was learned today from an authoritative source, Kolchak has announced that he was working toward putting his government in a position to warrant such recognition and has so notified the powers. The delegates in Paris, it also was learned, are in constant communication with the Omsk government, and are working out details of the formal recognition, which will be accorded simultaneously, according to present plans, by all the allied governments and the United States.

SIR ADAM BECK WINS
HIS WAY AT WRITING
UNANIMOUS RESOLUTION TO SUBMIT
TORONTO-EASTERN COST
BYLAW.

Whitby, May 21.—Sir Adam Beck is putting up a strenuous fight here tonight in favor of submitting to the ratifiers of the municipalities between Toronto and Bowmanville a by-law giving the cost to the different municipalities of the Toronto and Eastern Railway, according to estimates of Hydro engineers. He is opposed by J. E. Willis, president of the board of trade, and Reeve Downie and some others. They are backing an amendment in favor of going on immediately with the construction of the government. Sir Adam declares that if the proposition succeeds, it will absolutely block the Hydro-Railway system east of Toronto.

Plenty of Troops
To Keep Order

Government Foresees Settlement and Reports Authorities Have Forces to Control Affairs.

Ottawa, May 21.—The government is taking strong precautions to maintain law and order in Winnipeg. In the senate today, Sir James Loughheed, in response to an enquiry by Senator Boothby, made the following statement: "There is no change in the situation in Winnipeg. No overt act has been committed. There has been no disturbance or rioting of any kind. The government, however, is impressed with the gravity of the situation, and has taken all necessary steps to maintain law and order. It has within the city a number of troops, sufficient, I venture to say, to suppress any rioting or disturbance. The 90th Regiment, the 79th Regiment, the 100th Regiment, the 10th Regiment, the Fort Garry Horse and the 13th Battery—all those units, up to strength, are in the city, and, in addition, there are ample reserves made up of civil units. In addition, there are a number of Northwest Mounted Police in Winnipeg, including a squad just returned from overseas, and is at present detained in Winnipeg pending the development of any serious disturbances. Under the circumstances, I venture to say that with the force which I have mentioned, the government should be able to maintain law and order in that city."

SEVEN DAYS' GRACE

City Water Supply Brought Back to Normal by Provincial Engineers and City Merchants Begin Deliveries—Heads of Iron Works Refuse to Meet Men, But Conferences Are Hoped For Today—Objectionable Placards Removed.

Winnipeg, Man., May 21.—Industry and the municipality today made the first attempt to throw off the yoke of inactivity which has rested on Winnipeg since last Thursday when more than 20,000 union members of 80 locals walked out in a general sympathetic strike. The city water supply was brought back to normal by provincial engineers who took over the pumping plant and business firms began deliveries. Only minor disorders were reported to the police.

Harold Gordon Boyes, the 19-year-old youth who was shot during the cross-fire between himself and Robert Laing, manager of the Agincourt branch of the Bank of Nova Scotia, Tuesday, died at 3:50 yesterday afternoon in the General Hospital. His partner, Fred Putwain, shot in the eye, is still in the hospital in a dying condition. The body of Boyes was removed from the hospital to the morgue last night by the police and the chief coroner will determine today whether or not an inquest will be held. When the body is released for burial it will be taken to the home of Boyes' parents at St. Catharines.

Special Constables Effective

Special constables sworn in from the citizens are patrolling the city today organized and allotted to the various districts. These men are unarmed and their duty is to merely watch and exert any interference with public service utilities such as, light wires and gas mains and other services. The big hotels, such as the Fort Garry, are still serving such meals as they can, the fare being cold canned meats and food which can be prepared without any cooking and can be served with the minimum of waiting, since the waiting staff are out and only the waiters of the dining room are available to serve guests.

Special Constables Effective

A traveler who hails from Vancouver, and who had spent the last few days in Winnipeg, stated that the situation in the city is being handled in a very satisfactory manner. (Continued on Page 7, Col. 1.)

# For The 24th, A New Suit, "Eh"?

No holiday is so eagerly looked forward to as the 24th. It starts the season on its way rejoicing, old and young alike dress up and go holiday making. Naturally new clothes and fixings are in order and our showing for men, boys and young men never was better. To quote prices in these days of changing market values does not really do justice to the garments, as naturally prices are higher and while a price may look tempting on paper it may be nothing much by actual test and the higher priced garments stand out best by comparison, so we say to you "have a look by all means, compare the \$18.00 suits with the \$25.00 ones, the \$25.00 ones with the \$35.00, the \$35.00 with the \$45.00 and so on up to the \$60 and \$70 garments." You really save money these days on the better grade garments and while it may sound funny we can't keep the good ones coming fast enough, while the lower

priced cases are always well filled---see the point?

#### PAPE CAR RAILS WERE ORDERED WEEKS AGO

The rails for Pape avenue car line have been ordered from the United States Steel Company by Works Commissioner R. C. Harris, who informed Alderman Richard Honeyford yesterday that he was promised the rails in six weeks but that the company would not guarantee delivery. Three of the six weeks has expired and the commissioner has heard nothing further regarding the rails.

In connection with preparing the roadbed and erecting poles previous to the arrival of the steel, Mr. Harris informed the alderman that this portion of the work can be quickly carried out and it would not be policy to tear up the roadway and tie up traffic before receiving word that the rails were in Toronto.

Alderman Honeyford informed the commissioner that the people of the district were up in arms over the delay and were blaming himself and conferees for neglecting their interests.

### RELIABLE BEDDING CO. BURNED TO GROUND

Damage amounting to between \$15,000 and \$20,000 was caused by a fire which broke out in a factory of the Reliable Bedding Co., Weston, yesterday morning. Only a shell of the building remains, despite the good work of the volunteer fire brigade. It is stated that the plant was insured for approximately \$8,000. The blaze started about 8 a.m., and the fire brigade turned out in record time. Even the most strenuous effort could not save the building, which was of frame and consequently very inflammable. It was practically gutted. While the origin of the fire is uncertain it is believed that it was caused by a "short circuit."

## MISSION SOCIETY CONTINUE REPORTS

### Women's Presbyterian Body Confer on Fifth Day's Session.

Yesterday was the fifth day of the conference of the Women's Missionary Society, the Presbyterian Church in Canada, the devotional services being conducted by Mrs. A. D. MacKay of Winnipeg. Mrs. J. W. Dill was convener in a conference on mission bands and young people's work. Miss Helen Smith, student secretary, stated that the names of 84 girls were enrolled for possible work in the mission field.

Mission Hospitals Home mission hospitals were reported upon by Mrs. H. M. Klipp. In the west there are eight of these institutions and all had a heavy year. Mrs. James Logie's report on home hospitals told of a membership of 10,007 and of generous donations. The difficulty in getting people to attend meetings was described by the field secretaries, Miss Eliza MacGregor and Miss Evelyn Mitchell, who also stated that once people got to the meeting it was not difficult to create interest. The subject of "Federation of Women's Boards" was taken up by Mrs. John MacGillivray, representative of the Presbyterian women on the inter-denominational committee considering the federation of women's societies.

### Another Big Banquet To Returned Soldiers

Approximately 1,800 soldiers will sit down to dinner in the armories to-night under the auspices of the Citizens' Repatriation League, this being the seventh banquet to returned soldiers and the second at which there is one host for every eleven men.

The personal contact idea has already brought about some remarkable results and there are soldiers today who feel a keener interest in getting re-established in civil life than would have been the case had there not been these banquets, according to officials at league headquarters.

Some excellent entertainment has been arranged for the soldiers following the dinner. On this occasion the Lyceum Association of Toronto is providing all the talent and a program will be given which should prove popular with the returned men.

Mrs. McIntosh left the house to deliver a message, and on returning found the house on fire. The firemen were called and broke in, but the child had locked himself, found

the boy dead. The burners of a small gas stove were burning, and the firefighters soon extinguished the flames. The body was removed to the morgue and an inquest will likely be held.

## "Oh, I Cannot Stay Alone"

"BUT, my dear, you know I must go to my work."  
"What ever shall I do?"  
"But I thought you liked to be alone."  
"I did used to, but I cannot bear to be alone any more. I am afraid something terrible will happen to me."  
"Did you sleep well?"  
"No, indeed I did not. I am afraid to sleep for I had such terrible dreams."  
"You never used to be like that."  
"Until I had that operation I was all right. But since then I have always been so nervous and irritable, and never seem to feel like I did before."  
"I guess the shock was too much for the nervous system."  
"I suppose it was, for my nerves have all gone to pieces. I get so discouraged and downhearted sometimes that I cannot help but cry. Oh, if I could only get something to make me well."  
"Some of the boys at the shop have been talking about Dr. Chase's Nerve Food. Why not try it?"  
"Oh, I will try anything if I can only get rid of this terrible nervous condition. Do you know, at times I am afraid I shall lose my mind."  
"But you must cheer up."  
"How I wish I could, but I cannot control my feelings. It seems that I am all the time in dread of something."  
"Well, I am going to get you some of Dr. Chase's Nerve Food and we shall see what that will do for you."  
"You get the Nerve Food on your way home at noon and I must try to control my nerves in the meantime."  
"I will bring the Nerve Food all right and it will be a great blessing to us if it only makes you well."  
"I do believe it will. Why should it not help me when it is curing so many people."

### EIGHT-HOUR DAY STIRS THE SYNOD

A Call for an Order by the Government of Canada.

#### STRONG SUPPORT

Motion is Moved by Dr. Miller and Seconded by Hon. R. Harcourt.

Hamilton, May 21.—When Dr. Miller of Ridley College, St. Catharines, introduced a resolution that in view of the social unrest in different parts of Canada the synod request the Dominion government to put in force an eight-hour day he started something at this afternoon's session of the annual meeting of the synod of the diocese of Niagara in Christ Church Cathedral.

The resolution was seconded by Hon. Richard Harcourt, K.C., of Welland, but so fiery were the discussions for and against it that on a motion of Chancellor Kirwin Martin of Hamilton it was decided to refer the resolution to a committee of seven for the purpose of amending it and presenting it to the synod again on Thursday morning.

**Labor Party Strays.**  
In presenting his resolution Dr. Miller declared that he felt that the labor party had strayed away from the church and that reasonable aid from the church was necessary to win them back.

"I wanted to know if the resolution applies to farmers," was one of the questions asked, and with that the discussion got away to a good start and only ended up when it had been decided that it would be better to specify that the request for the eight-hour day was only meant to apply to the great mass of workers in the industrial centres of Canada.

With such a task on its hands as the government has in Winnipeg, I ask it is right for us to take sides on this issue?" questioned Canon Broughall of St. Catharines. "The problem in that city is one of law and order, and if the eight-hour day is right, let it come by constitutional methods. It is a resolution that might react on our own heads," he said.

Another delegate, who declared that he was proud to say he was a farmer, claimed that the farmers would not be able to keep their help if an eight-hour day went into force in the cities, while Rev. M. Walling, of Fergus, said: "If I were a workman, I would be with the strikers in Winnipeg. Conditions out there are due to the men being worked too many hours a day. There is too much soap in this resolution and the workmen don't like a soap."

Rev. M. Smith declared as the church had never stood behind the labor man it would bring down their contempt to endorse such a resolution at the present time.

**Arouses Wrath.**  
Chancellor Martin aroused the wrath of Hon. Mr. Harcourt, when he said: "It is a waste of time to discuss the resolution when we are not in a position to know both sides of the question."

"It is preposterous to say that we are wasting time on this great economic question. The attitude of the Church of England towards the working people in the past has been one of error and we want to sound a note of reconciliation," retorted Hon. Mr. Harcourt.

Rev. Dr. Renison, of Hamilton, did not mince words in letting the delegates know that he was in favor of an eight-hour day. He resented any insinuations being made that the church was alien from the working men and doing a distasteful thing in backing up labor.

**PINE FAMILY RECORD.**  
Rev. J. B. Saer, 437 Walmer road, has just greeted his son, Lieut. J. B. Saer, who returned after 15 months spent in Flanders. A brother, Captain E. H. Saer, has been home 12 months, and his sister, Margaret, has spent two years overseas as a V.A.D.

### VETERANS CALLED BY SILLY HOAX

Bulletin Board at Temple Bears Threat Against Loyal Firm.

Either some one with a fancied grievance, or a man who is trying to get his hand in to become a hoaxer, caused a wild sensation at the Labor Temple yesterday morning. Early in the day there was posted up a card bearing a drawing of a British sailor and under the sketch were the words, "Notice! All returned men to be at the Dayton Scales Company Thursday, 7.30, tomorrow. This means every returned man available, as we intend to pull something good off. We need all the help possible. Don't miss the fun."

This card was not allowed to stay in its position for any length of time and was removed by the officials of the temple immediately on its discovery. The World yesterday discussed the matter with General Manager Mutton of the Dayton Scales Works, and he was at a loss to offer any explanation of the meaning of the placard. Mr. Mutton said his firm had an 8-hour working day and employed 127 men, two of whom, returned soldiers, were on strike. There were no aliens employed in the works, and the management knew of no reason for any trouble or discontent. Every man who enlisted from his firm and had returned home had been reinstated in his old job and twelve men sent to him by the civil re-establishment committee had been given employment. Mr. Mutton has served on the allowance committee and also on the patriotic commission in one of the drives for funds. The explanation for the issuance of the placard is now up to the man who placed it in the Labor Temple.

### PROHIBITION BILL PASSES COMMITTEE

(Continued From Page 1).

ferred to a special committee of the house. There was considerable discussion in the house when the bill came up a few days ago. Amendments, in particular, were made to prohibit the sale of children's soothing syrups containing opium. Today, Hon. A. K. Maclean, in moving reference to a special committee, said that a number of people had expressed the desire to be heard on the bill, and he thought a special committee would be the most practicable method of dealing with it.

**Take Up Prohibition.**  
The motion carried, and the house took up second reading of the prohibition bill.

There was less interest displayed than was expected. The chamber was only fairly well filled and the galleries were thin. There was no debate on the second reading, and the house went immediately into committee on the bill. Hume Cronyn, who was the first speaker, said Sir Thomas White's position had been approved by the Dominion Alliance, who were prepared to accept the provincial view as the governing view. He read extracts from the Ontario temperance act to show that by the law of that province liquor containing more than 21-2 per cent alcohol could not be sold within its border, but it was possible to sell liquor of a greater strength to places outside Ontario. His reading of the legislation was therefore, that while the province did allow the export of a liquor of a greater strength than 21-2 per cent alcohol, the federal law suspended the provincial law.

Mr. Cronyn suggested an amendment which, if it is carried, will allow brewers in Ontario to manufacture beer of a strength permitted in Quebec for sale in that province. His amendment provides that any province in Canada may manufacture beer for sale in any other province of Canada, or in any other country, where the sale is permitted. Mr. Cronyn stated that, altho he was strongly in favor of the abolition of the sale of ardent spirits, he believed that the best-temperance method was that which had been adopted in the province of Quebec.

**Immoral from Ontario View.**  
Dr. Michael Clark asked Mr. Cronyn if he did not think that the manufacture and sale of beer, as provided for in his amendment would not be "a very immoral proceeding—from an Ontario point of view."

Mr. Cronyn remarked that the manufacture and sale of native wine, as permitted by the laws of Ontario, might be regarded in much the same way. Thomas Foster emphasized the fact that the great railway companies, large manufacturing concerns, banks and steamboat companies, as well as other institutions refused to employ men who they knew were addicted to the use of strong drink.

W. D. Euler questioned Sir Thomas White's constituency, quoting him as saying on a former occasion that primarily this was a question for the provinces. But, Mr. Euler continued, there had been no expression for instance of the wishes of the people of Ontario. The present legislation, therefore, was premature. He thought that the proper method to follow was first to obtain a mandate from the people of Ontario. Then the Dominion parliament would be justified in making the will so expressed effective.

# LAWRENCE PARK ABSOLUTE AUCTION SALE COMMENCES TO-DAY

## AT 2 O'CLOCK SHARP AND WILL CONTINUE UNTIL 11 O'CLOCK AT NIGHT

### It will be Conducted on the Property Under a Mammoth Tent, Just East of Yonge Street, at Stop 22 RAIN OR SHINE

#### HOW TO GET THERE

BY STREET CAR—Take any "Yonge" Car to Farnham Ave., then Metropolitan car to Lawrence Park.  
BY AUTOMOBILE—Drive north on Yonge St., until you reach Lawrence Park.

## BEFORE YOU BUY YOU HAVE THREE THINGS TO CONSIDER

1. Why should you buy, and what are the chances of selling if you want to?
2. What are the chances of the property increasing in value?
3. What can you afford to pay in order to make a profit, and are the terms reasonable?

## READ THIS CAREFULLY

1. You should buy because Lawrence Park is recognized as Toronto's best residential subdivision. There is a serious shortage of houses in Toronto, and everybody likes the best. This will create a big demand for good-class lots, and that is your chance to sell.
2. The value of this property must increase just as soon as the Mount Pleasant line commences to be built. Values must increase still further when the city secures control of the Yonge Street car line and operates cars direct from Lawrence Park to downtown for one car fare. Both these improvements are practically foregone conclusions. Extensive building operations in this section would also increase the value of these lots.
3. As to what you can afford to pay in order to make a profit is for you to decide. Every lot has a certain intrinsic value. For your information, lots in Lawrence Park have sold at \$50.00 to \$85.00 per front foot in the past. At an absolute Auction Sale, there is no schedule of prices to be realized. You buy at your own price. When the owners only require 15% of your bid at the time of the sale and 10% thirty days later, and no further payment of principal for three years, you know the terms are reasonable.

## So you now have these three essential points answered YOU HAVE BEEN TOLD

That this is a genuine bona fide Auction Sale That there will be no by-bidding, reserve, or upset price on any lot. It is your opportunity to buy at a price which will enable you to sell at a profit.

Hundreds who do not take advantage of this Absolute Auction Sale will want to buy afterwards from those who do buy to-day.

## THAT MEANS QUICK PROFITS FOR THOSE WHO BUY TO-DAY

It always has been the way, always will be the way, and that is why so much money has been made out of real estate.

### GO LOOK AT THE PROPERTY THIS MORNING, SELECT YOUR SITES AND ATTEND THE SALE AT 2 O'CLOCK TO-DAY

WINNIPEG RESUMES SOME ACTIVITIES

(Continued From Page 1).

eyes of labor and its friends in the west are on Winnipeg and that a collapse of the Winnipeg strike would mean the alaying of much unrest in the west, while its success would mean a general tie-up. Vancouver is just waiting, and Winnipeg was chosen as being a pivotal point in which to bring the strike off. When the general committee is the government of Winnipeg, and civic, provincial and Dominion authorities seem to be utterly paralyzed and are looking to the mayor or to Premier Norris to act the hopes of the peace-loving section of the city are pinned to General Ketchum.

Troop Trains Allowed. According to The Labor News, issued by the strikers Tuesday afternoon, permission to handle troop trains by the railway was granted by the strike committee. Manitoba railway mail clerks voted 41 to 7 in favor of a strike. F. J. Baker, of Brandon, stated that Brandon had voted solidly to stand by the Winnipeg strikers and would walk out in their support. The Calgary metal trades have settled for 80 cents, 44-hour week.

The citizens' committee hold no illusions as to what the tie-up means. They state their views bluntly as the following extracts from their bulletin show:

"It is to the general public of Winnipeg that we speak in stating without equivocation that we are not in a strike at all in the ordinary sense of the term—it is revolution. It is an attempt to overturn British institutions in this western country, and to supplant them with the Russian Bolshevik system of Soviet rule."

"Winnipeg, as a matter of plain fact, is governed by the central strike committee of the Trades and Labor Council."

"At a mass meeting in Victoria Park on Friday, William Ivens, ex-speaker of the legislature, declared in a speech that the strike itself was the 'storm' to which he referred was to be a determined attempt to dethrone British justice and British institutions and to permanently establish in their place the dictatorship of the Soviet of the Bolsheviks."

"Let us repeat—this is not a strike; it is just a plain, ugly revolution."

"Two-thirds of the unions now on strike have struck in defiance of their international, knowing that they were being burned for thirty or forty years. They have burned their bridges behind them; railroad unions have expelled from their international."

"The strike had then been in progress two days. Ivens did not mean that the strike itself was the 'storm' for that had already started. The 'storm' to which he referred was to be a determined attempt to dethrone British justice and British institutions and to permanently establish in their place the dictatorship of the Soviet of the Bolsheviks."

THE OAKOAL BULLETIN

Vol. 1.—Probs.: Seven Months Winter—Higher Coal Prices—No. 1.

—containing a minimum of smoke—and a maximum of cohesiveness and calorific value, weatherproof and waterproof. This then enters gigantic presses from which OAKOAL is made, ready for use, in form of briquettes, the product being clinkerless, colorless, scotless and more lasting and efficient than any fuel on the market, as proven by official tests made by Government Testing Stations and Universities.

This fuel was in use during past winter in Toronto, but the new process and product has far exceeded the hopes of the Company, that no time will be lost in erecting a plant to turn out 30 tons per day here—after which four additional plants will be erected (other plants will be erected in other cities, as is being done in the U. S.).

The Company has been offering its stock to the public during past two months at \$10.00 per share, and already has attained a marked degree of success. Its Directors are well-known business men of Toronto, and among those behind the enterprise are Manufacturers, Wholesale Men, Bank Managers, Professional and Retail Men who, having investigated for themselves, have determined to assist in the development of the industry, and to enjoy the life of its earnings.

The establishment of the OAKOAL industry will not only CONSERVE our resources, but will also provide us with a local fuel supply, but will PLACE an efficient fuel product ON THE MARKET, at approximately \$7.00 per ton, and thus not only keep millions of Canadian dollars at home, but in the pockets of its earners.

The Company has a very interesting report showing value and results of OAKOAL, and will gladly mail it to any person on request. Address, Ontario OAKOAL CO., Ltd.

Remember the name "OAKOAL," and do not confuse it with any other "patent fuel."

The annual loss to Ontario, due to its importation of coal, and to the non-conservation of its Garbage and Waste, is appalling.

In return for the millions of dollars that go to U. S. mine owners for domestic fuel, all we get is heat and ashes; thus this annual drain on Ontario's earnings is primarily responsible for a big share of the present unrest.

The non-conservation of our Garbage and Waste is not only a great loss in money, but the unsanitary disposal methods employed is responsible for many ill and deaths.

During the past year a Company has been operating in this city a process that in CONSERVING the city, and in SANITARILY disposing of these by-products, has turned them into a HIGHLY EFFICIENT FUEL, pronounced by Government Experts, "an approximate substitute for anthracite coal."

This Company's process boils the Garbage and Waste collections, removes and salvages the non-combustibles, using the combustible material to produce a fuel known as OAKOAL. All germ life and organic matter being destroyed in the boiling process, the material passes through huge masticators, after which is added thereto a suitable sanitary binder.

THE KING'S PLATE LOOKS OPEN RACE

Seagram, Davies and Hendrie Horses, and Ladder of Light Have Their Followers.

The training for the 1919 King's Plate has been continued under the most adverse conditions imaginable. With the sixtieth renewal just two days distant, no overwhelming favorite is in sight; in fact, one cannot but term it the most open race in years.

Because of the inconsiderate attitude adopted by the weather man, it has been an extremely difficult proposition to obtain an accurate line on the horses due to the very few attempts to move the entire plate journey, and that quarter on the end of the mile gets not a few. Added to this, the field is largely composed of horses that have never faced a barrier or else have not started this season.

While Ladder of Light has done everything asked of her this spring in a comfortable manner, she possesses also the appearance of a game racehorse, public opinion in her favor has rather waned of late due to the fact that weaker conditions prevented her trainer from rushing her the past few days, or indulging in record-breaking moves as in other seasons.

Under the careful supervision of Trainer W. H. Bringle, the Waterloo stable is making a strong bid for the fixture. Doubtful is particularly regarded as a probable winner. He and Galway will race with blinkers, and with Hong Kong, received schooling at the barrier yesterday.

This week, regarded as the most important for putting the finishing touches on the prep of the entrants, has been the most disagreeable of the entire spring, and few plate works have been recorded since Saturday, Monday, Red Walker sent the Stanley Fay filly, Cora, W., the distance in 2:15 3/5—a meritable work. Tuesday, the Hendrie gelding, Ammunition, was sent a mile in 1:48 4/5, and Trainer Graves worked the Sunnyvale candidate, Uncle John, a mile in 1:51 2/5, in deep mud.

Tomorrow the platers will get their final prep, and also the track will be heavy, more definite information may be secured.

The opening games in the City Amateur League, postponed from last Saturday, will be played on the holiday morning at Riverdale Park, at 2:30 and 11 o'clock, respectively. Park Nine and Athleteum play in the first fixture, and the Wellingtons and Beaches close the bill. Harry Taylor will handle the ball both days.

With the weatherman's permission, the Toronto Senior League will get away to a start at Stanley Park by playing two seven-inning games, on Saturday morning. The initial clash brings together the Judeans and Parkdale at 2 o'clock.

QUEEN'S PLATE WON IN THE SIXTIES BY RELATIVES OF SIR THOMAS WHITE

Henceforth Sir Thomas White must be looked up to in the government and in parliament as an authority on the horses. He was born to the name. The finance minister handled the betting questions in the last session with a confidence that fully warranted, according to an article in The Globe yesterday by William Houston. Sir Thomas was never a race horse owner, but his relatives were. They owned plate winners at that. As The Globe is no longer generally followed by horsemen, Mr. Houston's article is herein quoted that he who runs may read: The peculiar success of Commander Sir J. K. L. Ross in winning, with Sir Barton, the great Kentucky "Derby" and winning second place with Billy Kelly in the same race, recalls to me a curious racing episode of more than half a century ago in connection with the Queen's Plate race of 1867. In the spring of that year I was teaching at the public school on the Middle Road, close to the present Merton Postoffice, at the intersection of the Middle Road with the road from Bronte to Milton. The schoolhouse site was originally part of the farm now owned and worked by Mr. Paul Campbell, a well-known fruit and dairy farmer, but then owned by the late Mr. James White, who was associated with his cousins and more widely known brother, John White of Milton, formerly member for Haldon in the House of Commons.

Joseph P. Day, the Real Estate Expert, Explains His Methods of Absolute Sale. Joseph P. Day, the noted real estate expert of New York, arrived at the King Edward yesterday. Day's name is a household word in the States, but not in the same extent in Canada, altho he is well known by many of our business men. Day is not only an auctioneer, for he has acted in an advisory capacity and broker for Henry Ford, Thomas Edison and Judge Garry, in the purchase of real estate.

Within the past three weeks Joseph P. Day has closed two sales in New York City aggregating \$8,000,000, one being the Empire Building on lower Broadway to the United States Steel Corporation at a price of \$5,500,000, the other the Liberty Tower in lower Manhattan. Day holds the distinction of having disposed of over a billion dollars' worth of real estate. For three years he was president of the New York real estate board.

In an interview yesterday, Mr. Day expressed pleasure at being in Canada again, "I like the Canadians," he said, "for many reasons; first, be-

"GOLDEN RULE" FOR BOOK REVIEWS

Women's Press Club Learns True Meaning of Critic's Art.

A good turnout of members marked the closing meeting for the season of the Women's Press Club, held at the Laura Matilda tea rooms yesterday afternoon. The feature of the gathering was a concise and interesting address on "Book Reviewing" by an experienced reviewer, advice given was to use the "Golden Rule" in starting upon the work of reviewing. Review the book in the same spirit as the author, the reviewer himself. A book must be judged on its merits, there is no use in talking about a comedy for the sake of a tragedy. Ordinary reviewers should not take it upon themselves to review special books such as works on science. These should be reviewed by experts on the subject treated. Criticism has often destroyed the sale of a book that has cost a lifetime of study. The summary of the speaker was that books should be read and not merely glanced thru, the whole story should not be revealed, and generally criticism in book-reviewing should be based upon moral standards.

CITY SHOULD TAKE OVER CITY ABATTOIR

The civic abattoir will be inspected next week by the special committee of the city council, and a report will be tendered at the earliest possible moment. Ald. MacGregor, the chairman, is of the opinion that the city should go into the dead meat business, which he thinks would keep a check on the price of meat. He also considers the abattoir can be put on a sound financial basis under good business management.

MARY PICKFORD COMES TO REGENT NEXT WEEK

Mary Pickford in "Daddy Long Legs" is the remarkable attraction booked for the Regent Theatre next week. Such a wonderful combination assures at once one of the very finest entertainments of the season. Not only is this a splendid offering because of the fact that Toronto is Mary's "home town," but also because the story is one of the most beautiful and most effectively written. It is filled with the most delicate and most effective incidents deals with a comparison of the rearing of Judy Abbott, the orphaned girl, and Angelica Wyckoff, a spoiled rich child. Humor, with tears that tread upon smiles, is the keynote of the play. How the pathetic little ones "carry on" when the hypocritical matron is trying to make them show off for the trustees; how they go on strike against prunes; and how Judy, aided by a freckle-faced little boy, plays tricks upon the matron's daughter, are only a few of the humorous episodes in which the picture abounds.

Controllers Favor Legislation Forcing Landlords to Admit Children.

The board of control favors legislation so that the city might pass a bylaw further regulating apartment houses in view of the fact that many landlords refuse to take in children. FIND J. GIOVANZZO GUILTY OF MURDER

Verdict Last Night in Trial at Guelph — Sentence This Morning.

Special to The Toronto World. Guelph, Ont., May 21.—After a trial which lasted almost three days, James Giovanazzo, the little Italian, who was charged with the murder of Alex. Dutki, has been found guilty. It was 7:35 p.m. when Chief Justice Sir William Mulock took his seat on the bench. The court room was crowded at this time and the tension was very great.

The clerk asked the foreman, James Herriot, what their verdict was and he handed it to the clerk, who at once announced that the prisoner at the bar was guilty. Counsel for the defence, N. Jeffrey, asked that the jury be polled and this was done, every man answering "guilty." The defence in the case was an attempt to prove an alibi.

Before sentence was passed, Mr. Jeffrey made an application to the chief justice for a stated case on the ground that the dying declarations of Dutki, the murdered man, should not have been admitted as evidence. This application was granted, but the accused will be sentenced at 9 o'clock in the morning.

PLAYS, PICTURES AND MUSIC

"Nothing But the Truth" Sea's are selling at the Royal Alexandra for the third week of the present season of Edward H. Robbins and Mayers, commencing next Monday evening, when they will present the greatest of all farces, "Nothing But the Truth," the claim is set forth in the picture that it takes to present the farce and after one has witnessed the efforts of the young hero to win a wager of ten thousand dollars, and thoroughly agrees with the reports that it is the greatest farce of the present time, and that it merited the run of the sold year at the Longacre Theatre, New York.

Mr. Robbins will be seen in the part of Bob Bennett, made famous by William Collier, while the other members of the cast have been selected in a manner that from the rise of the curtain on the first act until the fall of the curtain on the last act, there is no lull in the excitement, and the play will be on Wednesday and Saturday.

"Polly With a Past" Coming. It is a signal honor which David Belasco has conferred upon Edward H. Robbins in granting him the privilege of presenting "Polly With a Past," which will be the first of the Royal Alexandra for the week of June 2. The Robbins players will not only be the first, but likewise be the only permanent company whom this privilege will be granted, as Mr. Belasco will send "Polly" on tour again next season.

"Mickey" Coming to the Grand. The season's biggest sensation in motion picture drama is "Mickey," which will be the first offering at the Grand Opera House next week when the latest Cecil B. DeMille production, DeMille has supplied one of the most significant productions of recent months. The story is so filled with human interest details that in the course of a brief review it is not possible to do credit to all the fine points. Gloria Swanson is the leading lady, and Elliott Dexter, her leading man. Others in the excellent cast include Theodore Roberts, Sylvia Chase, Raymond Hatton, and Wanda Hawley.

A musical program of exceptional interest includes The Jack Kinnear, Canadian baritone with several popular songs, while Luigi Romanelli, Toronto's favorite violinist, will render a violin solo. The overture will be selected from "Gloriana," by Friml.

Bessie Love at Madison. Bessie Love, the versatile and vivacious, is the star of "The Whishing Man," which will be presented at the Madison Theatre today, and for the balance of this week. The play is dainty and delightful and constitutes an admirable vehicle for the charming star.

Col. Bishop's Lecture. The plan for Lieut.-Col. Bishop's lecture in Massey Hall next Tuesday evening (Victoria Day) will be closed, but reopened on Monday.

Shea's Next Week. For the first time in several seasons "The Mimic World" will be presented at the Grand Opera House next week in "Dolly Sisters and Sense," headlining a bill of unusual merit. He is offering his comedy dramatics and episodes, 70% special attraction is Toto, the world's greatest clown, who will present "Toto in Kewpie Land." Mme. Chilton-O'Brien, American prima donna, will be here next week, and George Price will present "A Little Bit of Everything." Frank Woods and Bunne Wyde have a satire on Green which will have their own special attraction, "Fay and Elkins, La Montagne and Pathe News and additional attractive features.

Loew's Next Week. The "Mimic World" of 1919, the remarkable miniature musical comedy organization, which comes to Loew's Theatre and Winter Garden next week, has achieved its greatest success. The production ever staged by the organization, which includes a number of stars, all of whom offer impersonations of famous Broadway favorites, and which has been held about a year, is a production of youth, of life, of happiness and mirth, filled with everything that goes to make the stage work while. Among the stars are the clever girls, Beryl & Daisy Hope, who give impression of the Dolly Sisters, the foremost dancers of the stage, and impersonations of the most famous comedians of the world, chief funmaker is Solly Cuntz, a versatile comedian, who features wonderful song mimicry. Other vaudeville features embrace Bolinger, the "Crazy" comedian, Cecil & Mack, laugh provokers; and Frank Morrell, the boy with the golden voice. Charles Ray, in his latest rural scene, success, "Geased Lightning," will be the feature film.

At Shea's Hippodrome. There is to be presented at Shea's Hippodrome next week a picture production in which the celebrated "Tom Sawyer" and "Huckleberry Finn" are joined in the "Pied Piper of Gold," and the story of a woman who mined for gold and it in a woman's heart. It is said the picture has the most beautiful work that a director makes this picture a rare treat. The vaudeville is also attractive. Evelyn and Marguerite are two girls who are singing and dancing. **DEALERS CANNOT SELL YOU COAL THEY HAVEN'T GOT**

There is not enough coal in Toronto to fill orders for one week. Every dealer is depending absolutely on daily shipments.

Every dealer will be dependent on daily shipments for months to come.

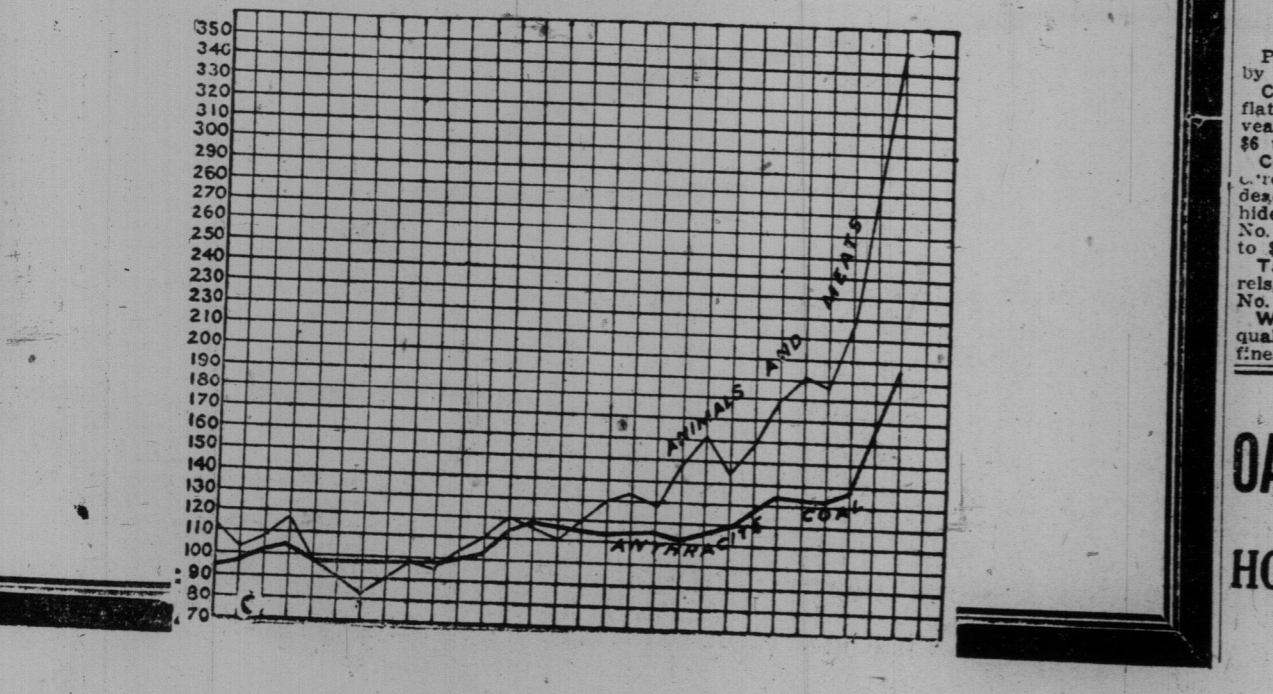

So they can't deliver coal right away to everyone who wants it.

Nor can they guarantee the price. They don't know what the price at the mine may be a month or a week from now. They don't know what freight rates may be.

Already their own cost of doing business is high—and going higher.

All they can do is to take your order subject to the price at date of delivery—and to deliver it as soon as possible.

Despite the tremendous cost of doing business, the price of coal has not climbed nearly so high as other necessities. Notice the difference in increase of price between meat and coal.

**IMMENSE BODY OF ORE**  
AT MATACHEWAN MINE  
Central Portion Shows Values of \$100 Per Ton.  
Bernie H. Hopkins, the oil millionaire, is the principal owner of the Matatchewan gold mine at Matatchewan. The shaft on this property is now down to a depth of 90 feet and is entering strikingly northeasterly, and is dipping to the south. It was picked up last year by the Ontario Development Corporation. The central portion shows values of \$100 per ton. And for a width of 34 feet values are \$25 to \$30. In the shaft have been found practically the same material. The shaft will now be in one until it reaches the 200-foot level. It started on the south side of the ore body; it will then be on the north side.  
This is probably the biggest and richest ore yet found in northern Ontario. It can be properly described as either a vein or lode, the narrow mineralized zone formed principally of quartz, with fine-grained iron pyrite. On the north there is a mass of magnetite schist highly silicified, and on the south there is a considerable ankerite flanked by basaltic

**NEW NOMINATION**  
IN WEST LINCOLN  
T. Marshall, M.L.A., Sends a Statement to Liberals of the Riding.  
Special to The Toronto World.  
St. Catharines, Ont., May 21.—Thomas Marshall, M.L.A. for West Lincoln, who was again nominated by the Liberals of the riding at Smithville in 1917, has sent a statement to the secretary of the association asking that another convention be called, and offering to place the nomination back in the hands of the association. In his statement he says: "Owing now to changed conditions due to the war and the franchise extended to women, I deem it in the interest of the Liberals of Lincoln that the state be wiped clean, a new convention called, and a candidate chosen, behind whom a solid and united Liberal party will stand. I realize that my representation of the riding is subject to criticism on grounds that I am not a farmer, and that I do not live in the constituency. There are points in the light of changed conditions the Liberals of Lincoln have a right to pass upon, because the success of the Liberal party is of a far greater importance than the temporary interest of any individual."
