ISLAND UNDER TIDAL WAVE IN BIG HURRICANE IN CUBAN WATERS 250 RESIDENTS ARE LOST

Elliott Key Engulfed—Steamer In Harbor is Crushed and 25 on Board Killed—Dutch Steamer Also Reported to Have Gone Down.

WIND STORM SWEEPS HAVANA 20 DEATHS; \$2,000,000 LOSS

Miami, Fla., Oct. 19.—(Bulletin.)—The steamer St. Lucie, Captain Bravo commanding, has sunk off the Florida coast.
One of the extension steamers arrived in port to-night, bringing sixty wounded, who were taken to the hospital, and it is said there are twenty-eight dead bodies, which will be brought up to-morrow.
Captain Bravo says that he anchored on the leeward side of Elliott Key, twenty-five miles south of Miami, yesterday morning, and that soon after a tidal wave engulfed the island.
He says there were 250 residents on the island, all of whom were lost.
The St. Lucie was crushed by the same wave, and of the hundred persons on board twenty-five were killed.
Captain Bravo was seriously injured. A large containing 100 persons is said to have been torn away from its moorings at Elliott Key and afterwards picked up near the Bahama Islands, fifty of her passengers being reported drowned.
It is believed now that a portion of the Florida Fish & Produce Company's fleet was destroyed and Manager Adams sent out one of their boats this morning to look for the men and boats. On returning they reported no signs of the fleet.

STEAMER LOST.

San Juan, Porto Rico, Oct. 19.—The Red line steamer Philadelphia, from La Guaira, Venezuela, for New York, arrived here to-day at 48 hours late. Her captain reports that a Dutch steamer was lost in the cyclone between Curacao and La Guaira.
The Philadelphia encountered the cyclone upon leaving the harbor of La Guaira on Monday. She was blown ashore and slightly damaged. This and the heavy weather accounted for her delay in reaching here.
Twenty miles of the railway connecting La Guaira with Caracas has been totally destroyed by the storm, according to officers and passengers of the Philadelphia. The Philadelphia left here for New York this afternoon.

HURRICANE IN CUBA.

Havana, Oct. 19.—A cyclone of unprecedented severity, accompanied by a terrific downpour of rain, swept over the Provinces of Havana and Pinar del Rio Wednesday night and resulted in 20 deaths in this city and the serious injury of a dozen or more persons.
The damage is estimated at \$2,000,000.
The dead are all Cubans of the poorer class.
Much property was destroyed and the Prado and other parks were devastated. All traffic in the city was suspended, as a result of the storm. All American sailors and soldiers are reported to be safe.
The United States cruiser Brooklyn dragged her anchors at the height of the hurricane and touched bottom, but got on without damage.
The other warships, the Minneapolis, the Texas, the Denver and the Prairie rode out of the harbor early. The tops of tents at Camp Columbia were blown down and the barracks unroofed. One trooper had his shoulder broken.
The storm began with heavy wind and rain. About 6 o'clock in the morning it rapidly increased in violence and at noon was at its height. The wind blowing 80 miles an hour. The city streets were like rivers. Stores were flooded and there was two feet of water in the cable office.
After noon the wind blew at times at the rate of 120 miles an hour.
The greatest money loss was in the harbor when 35 lighters were sunk. Many of these were loaded with valuable merchandise. Nineteen of them

MISTAKEN FOR ANOTHER ATTACKED BY STRIKERS

Lumberman Gets Bad Beating at Masson Station That Was Intended for Mayor.

Buckingham, Que., Oct. 19.—(Special.)—The finding of Frank Kingsbury in an unconscious state near Masson Station last night created considerable alarm among Buckingham people, and the impression went abroad that strike hostilities were not yet ended.
The supposition is that Kingsbury was mistaken for the curvans incident, manager of the MacLaren Company, on account of his driving outfit, and was attacked by strikers, who have greater enmity for the manager than they have for the MacLarens.
Kingsbury is employed as a yardman for W. H. Kelly, a Buckingham lumber manufacturer. He went to meet his employer, who was coming from Ottawa by train. When Mr. Kelly reached Masson he found his horse and buggy waiting alone. He looked around for the driver, and soon discovered Kingsbury lying on the road in a helpless state.
Kingsbury was cut about the head in several places, and was unable to tell what had happened. Kelly could not gather from him whether or not there had been a runaway, but that seemed unlikely.
Even after several hours, he was unable to remember the curvans incident, saying that he remembered nothing from the time he drove down the hill.

British Admiralty Orders That Orders Be Given for Con- struction Without Delay.

(Canadian Associated Press Cable.)
London, Oct. 19.—The success of the trials of the British battleship Dreadnaught has led the admiralty to give orders for the construction without delay of three other such vessels.
One is to be built at Portsmouth, one at Devonport, and one in a private dockyard.
The decision on the controverted elections appears in which all the Saskatchewan election petitions are involved, numbering two-thirds of the sitting members, is held over till Monday next.

POISONING CANADA'S POLITICAL WATER SUPPLY

JACK CAMBER: "And yet the organ has the hypocrisy and nerve to talk about London being to blame for the pollution."

The Queen's Own Rifles and the 74th Regiment of Buffalo have been busy exchanging amenities since the visit of the Toronto regiment to the Bilton City, and this afternoon there is going to be another international incident, when the crack marksmen of the two corps are to meet in the Long Branch rifle ranges. The teams consist of 13 men each.
The Q.O.R. representatives realize that the match is sending over they are up against foemen that are worthy of their steel. At the shooting competition held at Crestwood in August last the Buffaloes won the championship of New York State. Their rifles, which are of the Krag-Jorgenson pattern, are believed to be equipped with more finely adjusted sights than are the rifles used by the Canadian butts, which would be a distinct advantage. The calibre of the rifles is practically the same.
The match will be shot over the 500, 600 and 800 yards ranges, seven shots and a sighting shot being allowed at each. Capt. Allan of the Q.O.R. will be chief range officer, with Lieut. Brush of the same corps as his assistant. The teams will leave Sunny-side by trolley at 1.30 p.m. and the visitors will be dined after the match at McConkey's.
Capt. Daniel H. Barman, in command of the rifle team of the 74th, Buffalo, was, when seen at the King Edward, quite sanguine, despite the bad weather yesterday, in regard to the match. He is a short man, of graceful, soldierly carriage, dark complexion and curly hair. The face is marked by a smiling graciousness and his manner is affable.
In regard to his team, he stated that five of them are practically new men, who had done little in the way of rifle matches. The others have distinguished themselves on previous occasions.
The team this year, he remarked, had already made a record by winning both the brigade and New York State matches. It was the first time the state match was ever won by a western team and the score was a record one.
The following compose the team: Capt. Daniel H. Barman, Capt. Thos. E. Boyd, Capt. Arthur Kemp, Corp. Leonard B. McDonnell, Lieut. Charles A. Kendall, Lieut. Eugene L. Korkin, Lieut. Damasse, J. Calotte, Lieutenant Arthur L. Love, Orderly Sergeant, W. F. Leushner, Sergt. Martin Borsch, Sergt. Alex. J. Robt. A. Getlan, Fred S. Wishey, J. W. Headlan.
The Q.O.R. team will be made up of the following: Major Mercer, Major Benzie, Staff-Sergeant Creighton, Ross and Perry, Sergt. Matthews and Privates Levack, Schurer, Cook and Joslin.

A Perfect Mixer. A mineral water, to be a perfect mixer, requires a certain peculiar com- bination. Nature seldom provides so skillfully as she does in her grand old workshop, the Laurentian Mountain, far removed from the crowded haunts of man, and very secretly 500 feet be- low the surface. It is there that rad- ior water is made by Dame Nature, and gushes forth to be bottled under the most careful supervision, for the use of mankind in general and Cana- dians in particular. Drink radior, the best of mixers.

TEN MEN BURNED TO DEATH IN AN INCENDIARY'S BLAZE

Holocaust in Birmingham, Ala., Boarding House—Two Others May Die.

Birmingham, Ala., Oct. 19.—Ten men were burned to death, two others were perhaps fatally injured, and a third was lightly hurt in a fire which destroyed the boarding-house of Mrs. E. E. Watley, on Third-avenue, nearly to-day.
There were 28 boarders in the house, almost all being street railway employes.
In addition, there were three other persons, Mrs. Watley and her two sons. They have been accounted for.
All the dead and injured occupied rooms on the second-storey.
When the fire was discovered it was with the greatest difficulty that those on the lower floor made their escape.
The fire is thought to have been of incendiary origin.

GIRL DRESSED IN BOY'S TOGS RUNS AWAY TO GO ON STAGE

Pretty Little North Bay Lass Reaches Falls, Where Money Rugs Out.

North Bay, Oct. 19.—(Special.)—Stage struck, Aurora Aubrey, aged 17, daughter of a C.P.R. conductor, evaded the vigilance of her step-mother and dressed in boy's clothes, left here Wednesday night for New York City.
The disappearance of Miss Aubrey, who is a very pretty girl, caused a sensation in the family circle, although the outside public knew nothing of the affair. It was known that she had no money when she left town, but she is supposed to have been aided in her escape to join the glitter of the footlights by a commercial traveler.
Stealing out of the house with a small bundle early Wednesday evening she said she would return in an hour. Making a lightning change of apparel she jumped the outgoing southbound Grand Trunk train attired from head to foot as a man.
She purchased her ticket on the train and made her way via Toronto for the Falls. Here she was detained, having no funds except twenty cents.
Last night her father received a telegram to this effect and she left to-night to bring back the fair maid runaway. She will be placed in a convent at Montreal, from where she graduated in music and art a few months ago.

CROSS THE OCEAN TO MARRY TO ESCAPE BRITISH LAW

Inverness Man is Wedded to His Deceased Wife's Sister in Montreal.

Montreal, Oct. 19.—(Special.)—From Inverness, Scotland, to Montreal, Canada, is a long jump for a man and his fiancée, Miss William MacKenzie, who cannot marry in Scotland, and who, therefore, decided to come to this new land where the laws are not just the same as those of the old.
Robert Munro of Inverness wedded and won his deceased wife's sister, and they decided to marry. But the law of England is very strict on that question so they resolved to come to Canada.
They arrived here on the Pretorian, and in the presence of a few friends in the paragon of the St. Henri Methodist Church, the marriage ceremony was performed by Rev. B. Brown.
Mr. and Mrs. Munro will spend a week in this part of Canada, and will then set sail on the same vessel on which they came, for their home in Inverness.

DEVIL'S ORATORY.

(Canadian Associated Press Cable.)
London, Oct. 19.—According to an Australian Catholic priest, in The Journal, the visit of the English orator Devlin had much to do with making home rule a live question in Australia.
The writer declares the majority of Australians are in accord with the views of the federal parliament in asking self-government for Ireland.

Says That Hearst Won't Be Harmed, But Candidate Considers Attack 'Stupid.'

New York, Oct. 19.—Chas. F. Murphy, the leader of Tammany Hall, to-day appeared before the grand jury in response to a summons from the district office to tell upon what he based his statement of yesterday that the managers of the Independence League were attempting to "hold up" Tammany candidates for money, promising to withdraw league tickets in districts where the alleged demands were met.

SCHOOL MISMANAGEMENT

If the Toronto school management committee were called the mismanagement committee, it would, in the opinion of many, be more suitably styled.

In many instances this year the members have blundered, and their previous decisions have been treated with very little respect, either by themselves or by the board.

Principal Smith and Senior Principal Embree thought there was a good enough man on the staff to promote. Then they did not want a specialist, and appointed a junior master from outside, in such a way as to justify him technically in saying that he accepted his application for the position of specialist.

For this they are threatened with a lawsuit, and proceed to get themselves out of the tangle by branding Chairman Shaw and Principal Embree as unscrupulous. What their defence is as regards being misled by Principal Embree's advice is another thing, but they should not lightly question the man's veracity, supported, as it is, by Chairman Shaw.

In another school, after ruthlessly passing over Mr. Cosens, who stands next for promotion, as science master, and who is recommended by both principals, they proceeded to promote two junior masters, contrary to the recommendation of the principals.

There is one thing in which they are consistent. They are against the principals every time. Truly, the lives of these gentlemen must be pleasant and inspiring! But, should not a little more regard be had for the opinions and wishes of men who are deemed fit for such positions? We submit that it is the duty of the school board to honor their recommendations in reason, or call for their resignations. We are inclined to think that a few resignations from the board would be more in order. What is wanted is a little more sobriety, dignity and common sense on this board.

Indeed, we would push our theory as regards government of the city by commission so far as to include the schools. A commission of three or five level-headed, well-informed men, of good standing, paid an indemnity for their loss of time, would manage our schools more creditably than the present aggregation.

GETTING EVEN

When The Pot and The Kettle go at each other hammer and tongs, the public can afford to stand aside, escape the heat and perceive the truth of things. We have heard a great deal of land scandals of late. Some have been heard in parliament, some before the insurance commission.

Last session, in the house of commons, it was pointed out that Hon. Clifford Sifton, when minister of the interior, had disposed of large tracts of land to his relatives and friends. Those who benefited were: T. A. Burrows, brother-in-law of Mr. Sifton; A. J. Adamson, M. P.; J. G. Turritt, M. P.; N. A. Belcourt, M. P. and other Liberals.

Naturally, this exposure hurt the Liberals in the house and out of the house, and it was said and believed that Mr. Sifton personally felt particularly grieved. In retaliation, he and his friends made up their minds to expose Conservatives who had engaged in the land business.

Thus, recently, we have had accusations against Mr. P. George W. Foster, M. P.; Hon. George E. Foster, M. P.; A. Lefebvre, M. P.; George McCormick, ex-M. P.; Dr. Montague, ex-M. P.; Col. McGillivray, ex-M. P.; and Rufus Pope, ex-M. P. Their dealings are of such recent date that to comment upon them would be like irritating a sore tooth.

But now Mr. Sifton has taken a further step. Through his newspaper, The

Winnipeg Free Press, he directly associates Mr. Roblin, the Premier of Manitoba, with the transactions of the Union Trust Company and the Hon. George E. Foster, its managing director.

In brief, it charges that Mr. Foster's lapse of memory regarding the ownership of a block of 9000 acres, bought by the Union Trust Company from H. W. Whittier, a Winnipeg bar-rister, was due to the fact that the real owner was no other than Mr. Roblin, who, it represents, made some \$18,000 or \$20,000 on the deal. It then draws the usual moral about the enormity of Mr. Roblin's offence in entering, while Premier of Manitoba, into private business transactions with the Canadian Northern Railway, which, it says, has been a yearly applicant for favors from the Manitoba legislature.

Now, if all its exquisite tirade about the iniquities of Mr. Roblin and Mr. Foster had been inspired by a genuine desire to aid in the purification of public life, The Free Press might rightly be held up to the admiration of the whole people. But when it is remembered that The Free Press is the organ of Mr. Sifton, and that its distri-butes are due, not to public spirit, but to determination to get even with those who baited the late minister of the interior, its lofty moral sentiments are anything but creditable to its sincerity.

Let The Free Press vindicate itself by exposing and denouncing the land deals of Mr. Sifton, and the citizens of Canada will be more inclined to accept it at its own estimate. Only organs that denounce wickedness in the high places of their own party have the right to read moral lectures to their opponents. But this consolation remains, that when political rogues fall out, honest electors have a chance of getting their own.

POLITICAL IMPURITY

In a note on current events in The Queen's Quarterly, Principal Gordon comments on recent instances of political impurity. Referring to the unseating of Mr. Fielding and acknowledging that it would be unfair to hold a candidate responsible for the conduct of every heeler who may act on his behalf, he properly adds that "yet the candidate who is strongly opposed to every form of corruption should be able to impress his views on his party supporters; so that we are forced to conclude that any member, and more particularly any minister of the crown, who is unseated on the ground of bribery by his agents, has not been setting himself very sternly against political corruption."

This is well and quietly said, and it strikes at a weak point in the public life of Canada. Too absolute a meaning is given in popular parlance to the absence of personal knowledge on the part of a candidate for a seat in parliament, and the legislature with regard to corrupt acts and practices done and used in his behalf. Until a greater responsibility is imposed upon him than the mere absence of personal complicity, no much compulsion will be laid upon him to take proper precautions against the use of illegal methods by his workers. Perhaps no amount of personal endeavor could stop isolated cases of bribery done by individuals, but such a wholesale system of corruption as prevailed in the last London election would be impossible were a candidate really earnest and determined that his campaign be conducted on proper lines. Any candidate who is wilfully blind to what is being done in his interest, who takes no concern with it and makes no effort to supervise the methods of his workers, is as much responsible morally as if he participated more actively and ought to be held liable for wilful omission, as well as personal commission.

But Principal Gordon goes further and asks if there is any way of delivering from this state of affairs. He recalls that on the occasions when "members or governments have been defeated on account of corruption their fate has been determined by the vote of those independent electors who preferred purity to party, those who, although having some general party affiliation, were prepared to oppose their party if cause were found in proven cases of corruption. It is clear," he says, "that if we had a sufficient proportion of such really independent electors they would cancel the purchasable vote and put the matter out of business." And the principle might have added if the federal and provincial governments of Canada knew that in each constituency there existed a band of independent electors, determined to hold them responsible for the presence of frauds in the official conduct of elections, not in their own constituency alone but anywhere and everywhere, cabinets would rapidly evolve a higher standard of political morality.

It is becoming every day more patent that the purification of public life is the most pressing issue before the Canadian people to-day and overtops all other questions, which, indeed, to be satisfactorily solved, require the presence in parliament and the legisla-ture of honorable men who would scorn to be tools of great corporations or allow their votes to be swayed by other than a sense of public duty. The party system in the Dominion is the bane of public life and the greatest hope for the future is the fact that the people are beginning to resent the iniquities of the party machines and to place responsibility for political corruption where it rightly belongs.

TEACHERS' CONVENTION

Addresses Given by Wm. Houston and David Boyle.

About three hundred members of the Toronto Teachers' Association, who did not go to Rochester, met yesterday in Guild Hall, where William Houston, M.A., and David Boyle discussed instructively. Mr. McAllister of Ryerson School acted as chairman.

Mr. Houston talked interestingly on the evolution of Canada as a country from the wilderness of Caribou and Champlain to what it is now. He dwelt on the physical separation of the country in its construction—the maritime provinces from Ontario and Quebec drained by the St. Lawrence, and these from the west, while British Columbia stood by itself, and held that this natural isolation would always stand to a certain degree for a national one.

"We can never come so close to the maritime provinces," he said, "as, for instance, New York and the New England of the United States."

We owed a great deal, he thought, to the old Hudson Bay Company for making themselves masters of the west and so extending the Canadian coast; but the factors had been replaced by intelligent men in regard to British Columbia, which might easily have extended land to what is now United States territory.

David Boyle talked entertainingly on aboriginal manufacture. He exhibited among his articles of primitive workmanship were a fish-bone hammer, a tusk bracelet, prehistoric stone-hammer, African combs made of ket, and showed that a Navajo blanket in its crude way all the articles of another which he had bought from a native woman. He also spoke of a law of Lord Strathcona.

It was his opinion that aboriginal mentality had a great deal more to do with what he was commonly credited with.

He Is Correct.

Dr. Hamilton Proves That Piles Are Caused by Constipation and Strong Cathartics.

Knowing the frequency with which people suffer from this ailment, Dr. Hamilton made an exhaustive study into the cause of piles. He found that the lower part of the bowels is like a network of blood-vessels, and if subjected to persistent pressure, a section will bulge out and form what is commonly known as piles.

The only effective mode of curing this trouble is the regular use of Dr. Hamilton's Pills, which can be taken before retiring. Next day will bring wonderful relief.

"I suffered up to about the limit of human endurance with piles," writes Miss Luanders, from Cornwall, Ont. "I was employed in a factory here, but for a while had to give up work till I got better of this trouble. I read in The Montreal Herald about Dr. Hamilton's Pills, and after using them for two weeks was cured. I can recommend these pills very highly; they are none better. They relieve constipation and prevent a constipated condition of the bowels, and, from my experience, can be depended upon as a perfect safeguard against piles."

Dr. Hamilton's Pills of Mandrake and Butternut, I am sure, would be a benefit to every girl or woman.

Dr. Hamilton's Pills, and your system will be regenerated, revitalized, and made proof against disease.

Impoverished by Expenses in His Fight for His Life in the Courts.

Toms River N.J., Oct. 19.—"An old maid's passion for children brought me into the shadow of the gallows, Elizabeth Hyer wanted my two little boys for her own after my wife died. If there had been no children, or if I had been willing to let her take them away, the charge of murder would never have been brought against me."

Dr. Frank Brouwer, free for the first time in five months, sat on the piazza of his cottage, in carpet slippers and smoking jacket, and epitomized in these words his own version of the animus which led to his trial.

On each knee sat one of the children, his wife for whom, he had said, was the only thing that would make him coward if he had to die. And, leaning over the back of his rocking chair, was his mother of 70, who greeted the hand-wringing of the passionately proud smile, while she looked down at her "big boy" and stroked his hair, that has become streaked grey since the trial began.

Almost the whole day Dr. Brouwer sat on the steps, holding a reception for the Toms River attendants. The oldest and the youngest and all the other citizens in between came and shook hands and wished him well.

Brouwer is completely impoverished by the trial. His lawyers and witnesses have taken all the money he will get on his wife's insurance policy, which has been already assigned.

The mortgage on his home must be raised in order that he and his sons may live while he is getting on his feet.

Toms River merchants, however, have already donated \$500 to help him start again, and there is much talk to-day about a second contribution from the same source within a few days.

HAS A SWEET-SOUR APPLE.

Plant Wizard's Fruit Delicious on One Side, Bitter on Other.

Stanford University, Cal., Oct. 19.—Students and faculty of Stanford University were astounded to-day when Luther Burbank, the plant wizard, exhibited an apple which was red and sweet on one side and yellow and sour on the other.

Burbank was speaking on plant evolution. He said that the alleged experiment might be achieved by infinite patience and constant work, but that it would be much more difficult than making a delicious fruit both sour and sweet.

Burbank offered a reward of \$1000 for an ounce of horseradish seed, saying that it would take ten years in vain to cultivate save.

NURSES GRADUATION.

Pleasing Conclusion to the Work of Year at General Hospital.

J. W. Flavell presided at the graduation exercises of the Toronto General Hospital Training School for Nurses last night, and paid a glowing tribute to the work of Miss Snively as a lady present the annual report.

Miss Snively announced that the occasion was the 25th anniversary of the inception. In that time 441 nurses had graduated from the institution. Of this number 248 were still practicing their efforts in the profession; 141 had gone out to mission fields, and 141 had married.

The training was made purely educational, and the expressed the hope that before long the nurses would be instructed in dietetics in the School of Domestic Science. At present there were 71 students in probation, six head nurses, one night superintendent and two assistant superintendents.

W. St. John was congratulatory, Hon. J. to the successful students and the institution. He presented the diploma for practical training on this for the ladies, he said, had adopted one of the noblest pursuits open to humanity. Their work would be made more effective if they entered into it sympathetically.

A prize, donated by Dr. Charles O'Reilly to the nurse obtaining the highest marks, was presented to Miss Laawson by Dr. Breyney O'Reilly. The prize donated by Mrs. Walter S. Lee was presented to Miss Freese by Rev. Canon Baldwin. The Patterson awards were presented to the Misses D'Espard and Young, and the superintendent, Dr. J. N. E. Brown, general superintendent.

Peremptory list for hearing on Monday, Oct. 22, 11 a.m.—Guest v. Parkin, Rex v. Union Life, Burke v. Tibury North, Niagara Con. Co. v. Donnelly, re Bell and Elma, Robinson v. McInnis.

Settled. William Sydenham's action against the C.P.R. Co. has been settled. The action was on consent dismissed without costs.

Will Serve Him Substitutionally. William Giles Penrose could not serve in person A. B. Coleman against whom he has issued a writ of summons. He therefore applied to the court and was granted an order allowing him to serve the defendant substitutionally.

Barber Asphalt Co. Made 3rd Party. W. H. Saunders has an action against the City of Toronto for damages occasioned his property and goods, arising, it is alleged, from the defective condition and non-repair of the sidewalk on East Queen-street. The corporation are claiming over against the Barber Asphalt Co., and have issued an order joining them as third parties.

Objected to Certain Allegations. The application to have certain paragraphs struck out of the statement of claim in the action of W. H. Saunders against the City of Toronto, has been refused. Time for delivering the defence is extended one week.

J. D. Montgomery's application for judgment against Peter Ryan on a note given to the Bank of Montreal and assigned to the plaintiff has been granted by Master in Chambers, Cartwright. If Mr. Ryan desires he can have a judgment of reference, if not the usual order will be made. He must elect by Monday if he intends to appeal from the master's decision.

Moving Slowly. In December, 1903, William Holdsworth began an action against Gault and Rusby for the alleged infringement of a patent. Shortly afterwards defendants went out of the business and nothing further was done until May, 1906, when defendants moved to dismiss the action for want of prosecution. The plaintiffs undertook to go to trial at the next Toronto non-jury sitting on Monday, October 16, 1906, but the motion was dismissed. Again nothing was done until Sept. 25, when another motion was made to dismiss the action for want of prosecution. The plaintiffs now undertake peremptorily and without hope of any further indulgence to go to trial at next non-jury sittings, and in default action be dismissed with costs. The costs of the motion are given to the defendants in any event.

Not Postponed. Robert Nash and his son were driving across the C.P.R. Co.'s tracks near Donlands on Feb. 2, last, when an express train from the east struck their vehicle, resulting in both being very badly injured. The plaintiffs claim that no warning of any kind was given by the approaching train; and they seek \$1000 damages. The plaintiffs' motion for judgment was granted, a postponement of the trial on a material witness was absent. The motion was granted, a postponement until next sittings. Costs are to be made to the plaintiffs in any event.

Local Option. A local option bylaw was submitted to the electors of the Town of Owen Sound in January last and carried by a majority vote of 476 out of a total vote of 2000. William Henry Sinclair, contractor of Owen Sound, moved to quash the bylaw upon a number of grounds. There had been many and gross irregularities in taking the vote, and Judge Mabee, before whom the case was tried, quashed the bylaw with costs to be paid by the town corporation to Sinclair. From this judgment the corporation is now appealing to the divisitional court. Argument was not concluded.

ESTATES OF THE DEAD.

Wills of D. H. McPherson and Mrs. Sarah Gooderham.

The will of the late David Hamilton Macpherson, of Worcester, England, and son of the late Senator Sir D. L. Macpherson, has been filed in the surrogate court. By it his estate of \$54,200.23 and his share of his late father's estate, valued at \$54,842.26, goes to his daughter, Veda Macpherson.

Deceased was at the time of his death interested in a one-eighth part in the proceeds of the sale of lands in Chestnut Park on Yonge-street and in East Toronto, totalling \$11,000. The personality is: Mortgages in Ontario, \$380,893; cash in England, \$40,000; bank deposits in Ontario, \$69,641; six pictures and household goods, \$800; bank and other stocks in Quebec, \$23,760.

Interest in land held under the will of the late Wm. Molson, \$2380. The estate of the late Mrs. Sarah K. Gooderham, valued at \$65,065.50, consists of: Household goods, \$1000; mortgages, \$16,000.87; stocks, \$24,700; cash, \$4061.63; personal property, \$250; real estate, \$13,300. The trustees, the Toronto General Trusts Company, and P. W. Ellis, are directed to give her adopted daughter, Mrs. P. W. Ellis, the household effects, jewelry, etc. The estate is then to be converted into money. Mr. Ellis receives \$2000, half of it being intended as a recognition of the many kindnesses experienced at his hands, and the remaining thousand as a fund out of which he is to pay small remembrances to persons whom I indicate to him.

Of the balance of the estate, half goes to Mrs. Ellis and the remainder, in shares of one-sixth each to deceased's sisters, Mrs. Amelia Lobb of Toronto; her brother-in-law, E. B. Holt, the children, she her deceased brother, Thomas Nicholson Gibbs, and to the Woman's Missionary Society of the Methodist Church, for work in China and Japan.

Miss Minerva Margaret Greenaway, M.D., died in September. Her estate of \$3098.33 goes to her mother, two sisters, and one brother of Tottenham.

ST. PAUL'S NEW ORGANIST.

Gerard Barton Will Take Charge at To-morrow's Services.

The rector and wardens of St. Paul's Church, East Bloor-street, have secured as organist Gerard Barton, who has recently arrived from Honolulu. Mr. Barton studied the organ under Dr. Edward Bennett and Sir Walter Barrett, and composition with Dr. J. Varley Roberts. In 1884 he came to America, where he finally settled on the Pacific Coast as a professional musician. He has held the position of organist in churches in Los Angeles, Santa Barbara and San Francisco, and for the last three years has been at the head of the musical department of Oahu College, and organist of St. Andrew's Cathedral, Honolulu. The list of his compositions includes many songs, both sacred and secular, a setting of the mass, part songs, etc., which are issued by some of the best publishing houses, both in America and Germany. It is understood that Mr. Barton will become associated with the Conservatory of Music, as instructor in organ-playing and voice-culture, while Mrs. Barton, who has been studying for the past year in England with Miss Peppercock, the eminent pianist, is now on her way to join her husband here. She is a rarely talented accompanist, and will be associated with her husband in his professional work. Mr. Barton will take charge of the organ to-morrow (Sunday).

WON'T SEND ANY MORE.

"Shocking Reports" of Labor Conditions Scare Leeds Committee.

(Canadian Associated Press Cable.)

London, Oct. 19.—At the Liberal conference at York, Arnold Rowntree read a letter from Hamar Greenwood, in which he said he found Canada prospering under Liberal rule, in relation to education, the land and licensing questions. "Would that our great home land possessed the democratic domestic legislation of her daughter colonies. Then, indeed, would England blossom as the rose, and millions of her people have happy and prosperous lives denied them," he said. During the course of the meeting, J. Hardwick, member of the Leeds district committee, said he had a shock report from Canada where all the land near the railway was taken up, and they worked sixteen hours a day. He did not think they would ever send any more emigrants. Among the passengers on the Empress of Ireland sailing to-day were Sir George Drummond, William Macdonnell, and Allan Stewart, C.P.R. European traffic manager.

ST. PATRICK'S CEREMONIAL.

Supreme Degree, Royal Arch Masonry, to Be Exemplified To-night.

For the first time in Canada, the supreme degree of the H.R.A. will be featured with an ornate musical setting in the St. Patrick Chapter of Royal Arch Masons this evening. Ceremonially the exemplification will be in charge of the regular officers of this celebrated capitular body, and the music, by the St. Patrick Quartet, introduces appropriate selections specially arranged for the work of the evening. The banquet following the exemplification will be up to the standard for which the regular officers of the after-entertainment program includes the St. Patrick Quartet, Comps. Fiddes, Twigg and Harvey with Comp. E. E. Bowles as accompanist, an orchestra of 15 pieces, and Mr. Geo. A. Fox, the eminent violinist, will also be present and in his own artistic manner will render the ceremonial and after-entertainment music will be in charge of Comp. Marc T. Lester, musical director.

Italian Is Getting Along Well—Police Court Cases.

Joseph Gurofsky was arraigned in police court yesterday on the charge of "shooting with intent" Dominic Trevalni. Mr. Robinette, his counsel, said not guilty for the accused and declined to elect. A remand was made for a week. Mr. Gurofsky was too serious to consider a cash bail of even \$10,000. Mr. Robinette later saw the attorney-general, who fixed the bail at that amount, and Gurofsky was given his liberty at 5 o'clock. Trevalni is getting on well at St. Michael's Hospital. A charge of wounding Louis Gurofsky has been laid against him. For carrying and pointing a revolver John Goss, an Italian, was fined \$30 and costs by Magistrate Denison. Samuel Jackson was sent for trial on the charge of stealing \$280 from the Iron Moulders' Association, of which he was treasurer. The offence was committed six years ago. E. Oscar Davidson, who worked for Barber Leonard Swan, 254 East King-street, will spend six months in jail for stealing \$7 and some razors from his employer.

CAN FISH THIS YEAR.
Special Privileges Are Granted to Bay of Quinte Residents.

T. G. Carscallen, M.L.A. for Lennox, introduced a deputation to Hon. Dr. Reame yesterday to ask that the prohibition of commercial and sporting fishing in the Bay of Quinte be removed. The prohibition only went into effect last season to preserve the bay from depletion of fish-bases especially. Consideration was promised by the deputation, which consisted of W. H. Reid, P. H. Fox, D. Belnap, W. H. Beed (Prince Edward), A. A. Richardson (Deseronto), R. A. Norman (Picton), W. H. Ekeley, T. S. Vanorden (South Fredericksburg).

MONUMENT TO POET.
Memory of Alex. McLachlan is Honored at Orangeville.

Orangeville, Oct. 19.—The monument erected in the Forest Lawn Cemetery here by public subscription, in honor of Alexander McLachlan, in honor of the poet, who died at Orangeville in 1896, was unveiled in the presence of a large number of people by Miss Elizabeth McLachlan, a daughter of the poet. Addresses were delivered by the chairman, Dr. Hamilton, of Toronto; William Algie, Alton; Dr. Kennedy of Toronto; W. T. Bailey, Orangeville, and Jos. F. Clark, Port Elgin.

HAD HORSE HEART DISEASE?
Defence of Railway Co. in a Suit for Damages.

W. H. McDougall had a valuable horse pasturing in a field adjoining the C. P. R. Company's tracks, near White River. The company's workmen left the fence down, and the animal strayed upon the railway. The engineer of an approaching train whistled to frighten the horse from the tracks. When almost overtaken, the animal, to escape being struck, jumped over the embankment, breaking its neck in the fall. It was afterwards cremated by the sectionmen. The company refused to pay for the horse on the ground that the train had not touched the animal, and that it had died of heart disease. McDougall had an action for \$200 in the general sessions of the County of York for the loss of the animal. Application is now being made by the Railway Company to have the action transferred to the district court of the County of York, and the trial place at Sault Ste. Marie, instead of at Toronto. A short adjournment of the motion was asked for, and granted.

Charcoal Kills Bad Breath.
Bad Odor of Indigestion, Smelling, Drinking or Eating Can Be Instantly Stopped.

Other people notice your bad breath when you would not notice it at all. It is nauseating to those who stand before them, and while you are unaware, give them a whiff or two of your bad breath. It is a nuisance from food fermenting on your stomach. Sometimes you have it in the morning that awful sour, bilious, bad breath, which has been eating cabbage, and you can stop that once by swallowing one or two Stuart's Charcoal Lozenges, the most powerful gas and odor absorbers ever prepared.

Sample Package Mailed Free.

Don't use breath perfumes. They never conceal the odor, and never absorb the gas that causes the odor. Beware of the very fact of using them. The reason for their use, Stuart's Charcoal Lozenges, in the first place, is a purifier of the breath. They are made of pure white charcoal, and mixed with just a faint flavor of honey to make them palatable for you, but not too sweet. You just chew them like candy. They are absolutely harmless. Get a new, pure, sweet, fresh, in your stomach for your next meal, and keep the intestines in good working order. These two things are the secret of good health and long life. You can get all the charcoal necessary to do these wonderful but simple things by getting Stuart's Charcoal Lozenges. We want you to test these little wonder-workers yourself before you buy them. So send us your full name and address for a free sample of Stuart's Charcoal Lozenges. Then, after you have tried the sample, and been convinced, go to your druggist and get a box of them. You'll feel better all over, more comfortable, and "cleaner" inside. Send us your name and address to-day and we will at once send you by mail a sample package, free. Address: F. A. Stuart Co., 50 Stuart Building, Marshall, Mich.

CUTS THROAT IN HER FALL.
Breaking Leap, Gentle Woman and Causes Her Death.

Mrs. Margaret McCoy, 46 Farley-avenue, fell downstairs in her house about 3 o'clock yesterday morning. She was carrying a lamp, and in the fall, she gashed her throat. Her husband found her in a pool of blood. Dr. McCullough and Bowler were called in, but could not revive the injured woman, who had lost a great quantity of blood. She remained unconscious until she died, three hours later. The body will be taken to Gravenhurst for burial.

BUY OIL INSTEAD OF TWINE
Farmers, 'Tis Said, Don't Get What They Pay for in "Pen."

Kingston, Oct. 19.—(Special.)—It is said that some officials in the penitentiary have been hoodwinking farmers. The binder twine balls are made to shipment the deficiency is made up by soaking the twine in oil till the proper weight is reached. The oil costs half a cent a pound, but the mixture of oil and twine sells for at least ten cents a pound. Thus, for the addition of every pound of oil to a ball of twine, there is nine and one-half cents' profit.

Public Amusements

In "The Woman in the Case," which Eugenie Blair is to present at the Grand next week, the prolific author, Clyde Fitch, demonstrates very conclusively, says The New York Times that his powers, instead of being on the wane, are approaching a maturity which may find ere long an even still more gratifying achievement. In avoiding the trap-trap sensationalism in this new-

and Svendsen's "Romance" for violin, with the famous concertmeister, Mr. David Manness, as soloist. The two Wagnerian numbers (and Mr. Damrosch is a master interpreter of the master music poet) are the "Prelude" to Act III of "Die Meistersinger" and the "Rienzi" overture.

Robert Mantell, who will appear the week of Oct. 29 in the Princess Theatre, will be seen in seven plays, acting eight roles. Save for a "request" performance of Bulwer's "Richelleu," which he did not give when here last April, the week will be devoted to Shakespeare. He will be seen as Shylock and as Iago for the first time here. This is the arrangement of plays for the week: Monday night, "King Richard III"; Tuesday night, "Othello," with Mr. Mantell as the Moor; Wednesday afternoon, "Richelleu"; Wednesday night, "King Lear"; Thursday night, "Macbeth"; Friday night, "The Merchant of Venice"; Saturday afternoon, "Hamlet"; Saturday night, "Othello," with Mr. Mantell as Iago.

A new melodramatic musical play, called "The Cowboy Girl," will be presented at the Majestic Theatre all next week, with a matinee every day. This new combination of drama, music and comedy is something of an innovation in the amusement line. The musical part of the show is said to be enjoyable. There are a number of pretty show girls, who form a handsome

est play, Mr. Fitch has revealed much ingenuity. In the best scene of the play Mr. Fitch has wisely ignored tradition and the result is a quivering slice of real life truthfully effective. The play provides Eugenie Blair with opportunities for the best acting she has up to now contributed to the stage.

Those who seek the beautiful in dramatic art can but be grateful to Mr. Fitch on the one hand and to Mr. Willard on the other, that Colonel Thomas Newcome has been as adequately transferred from the powdery little explorers' pages of "The Yellow Sky" to the more prosaic and successful stage representation. The fine patronage Mr. Willard had through the week must have given him increased assurance that his Colonel Newcome is to be ranked with his greatest successes. In the coming week Mr. Willard will be seen in popular roles as follows: Monday night, Cyrus Plenkarn, in "The Middleman"; Tuesday night, in "The Man Who Was"; Thursday night, in "The Professor's Love Story"; Wednesday night, as "David Garrick," and as Austin Limberson, "The Man Who Was"; Thursday evening, Benjamin Goldfinch, in "A Pair of Spectacles"; Friday night, "Colonel Newcome"; Saturday matinee, "David Garrick," and on Sunday night, "Tom Pinch." Mr. Willard has exceptionally good support and the plays are beautifully costumed.

The Hungarian Boys' Band, under the direction of Nicholas Schilzovny, will be the feature of a big vaudeville bill at Shea's next week. There are thirty-five or forty boys in this organization. The special attraction for the week is Louis A. Simon, Grace Gardner and Company in the new and latest version of the screaming farce, "The New Coachman," by Miss Grace Gardner. These comedians are favorites in Toronto, and their farce is one of the funniest on the vaudeville stage. The mix-up of engaging a new coachman, really a neighbor who has mistaken his apartment, is very funny, and a general breaking up of housekeeping is the result. James J. Morton is a feature and always a big one. No comedian comes to Toronto who gets a warmer welcome than Mr. Morton, and the "boy comedies" he has some times called, is sure to be as funny as ever. The Manhattan Comedy Four have been around the world since last they were heard in Toronto, and their mirth and melody is always welcome. Daisy Dumont is a new-comer, a dainty girl, singing the songs of the day. Margells and Milroy are comedy gymnasts of the best sort, and the bill will close with some cinematograph pictures.

One of the many burlesque attractions that visit this city the current season will be that old and well-known organization, "The Innocent Maids," which will be the offering next week at the Star, and which is said to be entirely new in everything but the title. It is said to surpass anything that has been offered in this city this season. Two musical melanges will be offered in addition to the vaudeville features. The first is called "The Geese," while the closing burlesque is entitled "Happyland," and is a satire on the arrival in this country of Li Hung Chang.

The most notable instrumental event of the season is undoubtedly the concert at Massey Hall next Thursday of the New York Symphony Orchestra, under the direction of Mr. Walter Damrosch. After hearing this organization last year a conductor whose word and work are now authoritative in America publicly gave it as his opinion that it was the finest orchestra heard here, and in this relation he had in mind the great Boston Symphony Orchestra and the delightful Pittsburgh organization. The program is most attractive, including Tschalchowski's Fifth Symphony; Bach's Suite for flute and orchestra; M. Barrere being the soloist,

and assist in the attractively-arranged ensemble work. There are seven original song hits, all written especially for this production, and introduced in the play at appropriate moments. The scenic mounting and costumes are claimed to be the handsomest ever seen with a popular price attraction. During the engagement, which opens on Monday, a matinee will be given every day.

Mrs. Schumann-Heink, the contralto, who is to sing there on Nov. 23 at the Massey Hall, has been called by the most eminent critics, both here and in Europe, the greatest of dramatic singers.

Moriz Rosenthal, the Austrian pianist, comes to Massey Hall Nov. 21.

Indians and Cowboys Battle.
Chicago, Oct. 19.—A despatch from Omaha says: An outbreak of the Ute Indians, who have been causing much trouble and worry in Wyoming all this summer, occurred near Gillette, Wyoming, on Wednesday night. In a battle between cowboys and Indians, two of the former were killed, and a number of Indians are supposed to have been injured.

The Battle.
The battle occurred when the Indians attempted to raid a cattle camp and run off a lot of stock.

Men's Meeting.
The Young Men's Christian Association will commence their monthly Sunday afternoon big men's meeting to-morrow in Association Hall at 3 o'clock. Rev. D. C. WOMAN'S WORLD.

A SONG IN THE NIGHT.

Sing, oh sing, for the night is dark,
And the glowing tapers long,
And the woe of the land of shadowing
Wing is stilled by the round of
song.
There is never a light on the land to-
night, there is never a star in
the sky.
Only the glance of the lightning's
lance, and the white waves leap-
ing high.
The seabirds swing on tireless wing,
The waves, with rhythmic beat,
Forevermore along the shore
Their world-old song repeat,
And borne on winds afar,
The silver echoes fill
The vault of heaven from star to
star,
The earth from hill to hill.

Sing, oh sing, for the night is past,
The sun shines over the sea,
And the heart of the world is a song
of love and hope for the days to
be;
The terror that flies thru the midnight
skies and the powers of the dark
are gone.
Till the music fills the echoing hills,
Heart of my heart, sing on!

A BOER WAR ROMANCE.

When the Boer war was waning the ladies of Guelph engaged with thousands of others throughout the Dominion in making articles of wearing apparel to send to the hospitals and hospitals in South Africa. Among those performing this charitable work was a young lady, Annie Callander, eldest daughter of Alex. Callander, Hillcrest. She was seized by a whiplash to place her name and address on a night gown she was making. This ultimately reached a soldier named Thomas Huby of Sheffield, England, and, when convalescing in the hospital, he wrote to the address given, thanking the donor of the garment for her interest in the cause. From this originated a correspondence which culminated in the marriage of the two. Recently Mr. Huby came over to Halifax, where he is now stationed. The betrothal of the couple followed, and at the home of the bride's father on Thanksgiving Day the Rev. L. L. Thomas performed the ceremony. Miss Nellie Kay, Toronto, was the bridesmaid.

Nurses Graduate.

The graduation ceremonies of nurses at the Toronto General Hospital were held in the theatre of the hospital last night, which was prettily decorated for the occasion. J. W. Navelle presided, and Superintendent Dr. Brown and Mrs. Brown received the guests, who included a number of the trustees and members of their families.

The graduates are: Miss Claire, Eugenie Avery of St. John, N.B.; Vivian Ellen Bate of Scotch Block, Ont.; Miss Alice Budge, Port Hope; Miss Lottie E. Husband, Oakville; Miss Vivian Ellen Jones, Belleville; Miss Jean Mabel Knisley, Port Colborne; Miss Carrie Louise Cherry, Bowmanville; Miss Constance, Despard, Toronto; Miss Ida May Irene Freede, New Brunswick; Miss Mary Flora Galbraith, Bowmanville; Miss Lottie E. Husband, Oakville, N. B.; Miss Margaret Ellen McCreedie, Niagara Falls; Miss Sarah Livingstone, Point Edward; Miss Eugenia Matilda Napier, Ontario; Miss Lillian Rowntree, Thistleton; Miss Jeannette Scott, Milverton; Miss Mary Switzer, Ranook, Ont.; Miss Mary Emma Young, Bradford.

Presentation at Winnipeg.

A pleasant event occurred at the offices of the Sun Life Assurance Company of Canada, Union Bank Building, Winnipeg, when Mr. and Mrs. J. E. Mann (the latter, Mrs. M. A. E. Roy of Creek Bank) were the recipients of a handsome cabinet of silver, the gift of the office and field staff, Manitoba agency, on the occasion of their recent marriage. The presentation was made by the manager, E. S. Baker.

"Watched."

At Lyman Bros. & Co.'s wholesale drug warehouse last evening the employees met to say farewell to John Hartley, who has been an employee of the firm for the last fourteen years, and who is leaving next week for Chicago, where he will in future reside. As a token of good-will, Mr. Hartley was presented with a gold watch, suitably engraved, and an address.

To Make Cold Turkey Tasty.

Cut the remnants of turkey meat in small pieces, put in one and one-half cupsful. Cover the turkey bones and the skin with cold water, bringing slowly to boiling point, and let simmer until with half a cupful of butter, add two tablespoonfuls of flour and pour on gradually, while stirring constantly, the hot stock. Season with one-fourth of a teaspoonful of salt and a few grains of pepper. Sprinkle the bottom of a buttered baking-dish with half a cupful of seasoned cracker crumbs, add the turkey meat, pour over the sauce, cover with half a cupful of cracker crumbs and bake in a hot oven until the crumbs are brown. For seasoned cracker crumbs allow one-fourth of a cupful of melted butter, and a few grains of salt to each cupful of crumbs.

Funeral of Mrs. Jeff Davis.

Richmond, Va., Oct. 19.—The train bearing the body of Mrs. Jefferson Davis arrived here to-day and was met by Lieut.-Governor Elysson and details from Lee and Pickett camps of Confederate Veterans, who escorted the body to St. Paul's Church. The funeral took place at 3 o'clock.

Personal Mention.

"WOMAN" is the name of a new magazine for women. The first number is just issued. Your newsdealer has it. You can get it from him, and it is worth your while getting it. There is nothing startling about this magazine. There should be nothing startling about a decent magazine for women and the home. But this particular magazine is unique among all the so-called publications for women. You might not like it a little bit, and then, again, it might hit your fancy good and hard.

If you like fiction—good, wide-awake, snappy stories—both serials and short stories—you will like "WOMAN." In fact, fiction is the big feature of the magazine.

All the other magazines for women are cast on the same model—a little bit of fiction, a few articles, more or less chit chat, some wise advice, a fashion department and a smattering of general miscellany. "WOMAN" doesn't look any more like this conventional model than a yellow dog looks like a race horse. It is built on new lines for a strictly woman's publication. To know what it is like you will have to get a copy of it. It would cost too much to tell you all about it in this advertisement.

The price of "WOMAN" is TEN CENTS A COPY, and the magazine is a very big one—192 pages.

By the way, two rattling good serial stories begin in this first number and it contains a big lot of other good things. You would do well to ask your dealer for it before his supply is exhausted.

Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are starved nerves. Dr. Pierce's "Golden Medical Discovery" makes pure, rich blood, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery with run-in oil. In a way you feel clean, strong and strenuous—you are toned up and invigorated; and you are tired, and better for the time being. The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper "The Badge of Honesty," in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence. Every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine so thoroughly purifies the blood for like purposes has any such endorsement. The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, such as indigestion, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its composition is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherry bark, Bloodroot, Man-drake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser," is sent free in paper covers on receipt of 31-cent stamps to pay the cost of customs and mailing only. For 50 stamps the cloth-bound volume will be sent. Address: Dr. R. V. Pierce, Buffalo, N. Y.

GOVERNMENT HELPS THE CITY

Windsor Gets Whip Hand Over the Ferry Company.

Windsor, Oct. 19.—It was found four months ago that the Detroit, Belle Isle & Windsor Ferry Co. was quietly trying to secure from the Dominion government a ten-year renewal of its franchise in Windsor, which expires in two years. Thru its own carelessness Windsor had lost the control of this franchise, but the city was to-day notified that the government has decided to put the matter of a renewal in the city's hands, and that if the Ferry Company does not concede all fair demands the government will ask for tenders for a new company to supply the service.

Some SOVEREIGN RADIATOR Points

Screwed Nipples

The sections of the Sovereign are joined together by screwed nipples. These make an absolutely tight and unbreakable joint.

Large Connections

Large, smooth connections between the parts of a radiator ensure an easy flow and regular distribution of water or steam. The Sovereign has a particular merit in the ample proportions of its connecting parts.

Large Heating Surface

The larger the inner surface the heating element comes in contact with the larger will be the exterior heat radiating surface of the radiator. The Sovereign realizes the fullest heat distributing capacity.

Variety and Design

There is a style of Sovereign Radiator, in plain or ornamental design, for every space of wall area, window space, nook, corner or pillar about a building.

Genuine Excellence

The Sovereign is made by a firm that has had years of experience, and achieved marked success in the manufacture of house heating apparatus. Makers also of the Sovereign Hot Water Boiler.

150 GLASSES OF BEER A DAY

Capacity of Informer Admitted in Windsor Liquor Case.

Windsor, Oct. 19.—The five hotel-keepers against whom a complaint for keeping open on Sunday was made by Inspector Morand, as a direct result of evidence given by witnesses in the recent trial of charges made by Constable Vanderlinder against Licensee Inspector Morand of North Essex, were examined by Magistrate Bartlett today.

The star witnesses for the prosecution were two of the men who gave evidence in support of Vanderlinder's claim that the hotels along the river front were open on Sunday without restraint. One of these men said that he could drink 150 glasses of beer in a day, and that he had 75 during the Sunday referred to, that he had 15 drinks in the hotel in five minutes, and in another place he had 15 in 10 minutes.

The same witness blundered into admitting that he was fishing on a recent Sunday, and may be prosecuted for doing so.

The case was adjourned until next week.

BANK OFFICIALS IN COURT AND FRIENDLINESS SHOWN

Messrs. McGill and Cockburn Not Companions in Distress—A Week's Remand.

Ball for \$50,000 was renewed for Charles McGill, ex-manager of the Ontario Bank, in the police court yesterday on the adjournment of the case till next Friday. E. F. B. Johnston, K.C., asked for adjournment without electing or pleading, on the ground that he did not yet know the facts, nor had he assured himself of the jurisdiction of the court.

"Unlawfully making statements and returns to the minister of finance and the receiver-general, known by him to be false," is the charge laid. Mr. Johnston expected last night that the case would be taken up next Friday, and efforts will be made in that direction. When asked regarding a report that evidence against the directors of the bank might be forthcoming Mr. Johnston replied that he knew nothing of it.

"I am not prosecuting. I am defending," he remarked. He is also quoted as having said: "I am under peremptory instructions to go at once in the court to commit for contempt of court any newspaper that publishes any way upon this case, or publishes any statement, if it be false, that is not given on oath in this court."

G. R. R. Cockburn, president of the bank, was in court with his counsel, Frank Arnold, K.C., who pleaded not guilty for his client. This case was also enlarged for a week. Mr. Arnold has commended abstinence from speech to his client, and will observe a similar reticence. When questioned last night about the statement he was reported to have made, that if he was to divulge his intentions everybody would be stricken with amazement, he told The World:

"Just understand once for all. I don't talk about my client's business to reporters or anybody else."

James Bicknell, K.C., represented the Bankers' Association during the proceedings. Crown Attorney Corley and County Crown Attorney Drayton represented the crown.

Mr. Cockburn, who is charged with signing the statements Mr. McGill is charged with preparing, stood near his fellow-defendant in court yesterday, but they did not speak as they passed by. The temperature between them was several degrees below normal.

Mr. Bicknell does not expect any new features in the case before next Friday. Meanwhile the investigation of the books will be continued, and the amount involved, now set at \$1,500,000, will if possible be definitely settled.

W. E. Staver of the advisory board and acting General Manager Braithwaite had nothing new to communicate.

WOULD GO TO HIGH COURT FOR TRIAL OF STREET RY.

Judgment Reserved on Application—Indictment May Be Dropped if Repairs Are Made.

Justice Mabee yesterday reserved judgment on the appeal by H. H. Dewart, K.C., representing the Street Railway, to have the trial of the company, charged with a criminal offence by the city in maintaining rails on King and Queen-streets in a dangerous condition, transferred from the court of sessions to the high court.

Mr. Dewart claimed that the matter at issue would not be clearly understandable by a jury, and also that the crown had the question of the company prejudged against the railway. Mr. Dewart asserted that the city, being involved in litigation with the crown, had the question of liability for track repairs, was trying to force the hand of the railway. It was also charged by Mr. Dewart that the chairman of the sessions was predisposed to favor the city's contention.

Crown Attorney Drayton replied that Judge Winchester had merely remarked that in a criminal matter, the relation between the city and the company was not material. As to the company recently being in winning cases before the petty jury of the county, Mr. Drayton contended that all things, to protect the highway, and the consideration of who was liable for construction cost was not relevant to the other issues.

Justice Mabee questioned whether it was fair play on the city's part to institute criminal action in a civil suit, and Mr. Drayton remarked that the indictment would probably be dropped if the company started to renew the rails.

Chancellor Boyd in the divisional court, has dismissed the appeal of the Street Railway against the decision of Chief Justice Meredith, allowing the city to expropriate the property brought by the company as a site for car barns on Bathurst and Barton-streets. Chancellor Boyd took the ground that the city had the power to so proceed, as it was not shown that the company had need to use it for some specific purpose.

Must Move Faster.

Ex-Ald. John Russell issued a writ against the City of Toronto on Sept. 21 last for a declaration that a tax levied here in 1905, made by the mayor and the City of Toronto, in the corporation, purporting to convey to the city as purchasers at a tax sale certain lands on Carleton-street, north of Queen-street, is null and void. He also issued a certificate of his pendens against the property, but took no further proceedings, or else for the solicitor's department yesterday moved before Master-in-Chambers Cartwright to have the certificate of his pendens removed, or else for an order to make Mr. Russell proceed faster. The ex-warden contends that the taxes on the lands in question were for local improvements, which he did not desire, and that a great injustice has been done him. He gives as an excuse for his delay that he has been waiting for an opportunity to lay the matter before the mayor, but as his

The ability of any Construction Company to successfully carry on widely scattered works of great magnitude depends upon three factors—Its Resources, Its Organization, Its Methods. We have four great working forces upon which to draw for skilled Superintendents, Engineers and Foremen: Those of Randolph Macdonald, Frank B. Gilbreth, John A. Aylmer and that of the firm of Ross and Holgate. These experienced men do their work in our organization under the system developed by Mr. Gilbreth and widely and favorably known as the Gilbreth System. We place our organization at the disposal of owners for a fixed sum. That is, we act as a fully equipped and organized construction department for the owner. This department reports to him in the same way that any department in his own business would report. The owner thus secures his work at cost, plus the sum he pays for our services. We are able, in this way, to secure Speed, Efficiency and Economy of construction for any owner. At the same time our system enables us to ensure the same reliable results on any number of works, no matter how widely separated.

JOHN KNOX AND HIS TIMES SHOULD BE BETTER KNOWN

Rev. George Jackson Gives Most Interesting Lecture on the Great Reformer.

It was a great picture, and there never was a time when it was more needed, said Rev. Hugh Pedley, in seconding the vote of thanks proposed for the benefit of the Ladies' Aid Society of his church, and that he would accept of no other invitations, was a really brilliant study of the great Scottish reformer.

Prof. Kilpatrick, who occupied the chair, said in opening that no one stood higher in his personal esteem than did Mr. Jackson, but that he himself was a convinced and impatient Presbyterian, and no amount of union negotiations could wipe that out of him. (Laughter.) If Mr. Jackson said a word against John Knox he would be the editor of The Globe and Dr. McTavish, and three or four others would give it to him hot in the vestry afterwards. (Laughter.) No one born south of the Tweed ever could or would understand John Knox, or any other Scotchman whatever—(laughter)—but he conceded that Mr. Jackson would go as near it as anyone. At the close of the lecture Dr. Kilpatrick admitted the baseness of his fears.

"I tell you, it was fine," he declared. They had a man with a big heart, a big brain, and a big soul, a perfect enthusiast for the pulpit, which had just the same power to-day as when John Knox thundered from St. Giles'.

TOUCHED WIRE IN CELLAR.

Former Ontario Man Instantly Killed in His Nebraska Home.

Cornwall, Oct. 19.—(Special.)—Cornwall and Glenora friends have been notified of the death of Charles J. Holdsworth, formerly of Summerstown, at his home in Fremont, Neb. He was instantly killed by touching a live wire in his cellar, where he had gone to attend the furnace. He was 42 years of age and a son of the late William Holdsworth.

Arthur Gallinger of Aultsville has lost his right arm. He was operating a threshing mill when something was caught in the cylinder and in attempting to remove it his hand and arm were drawn in and terribly lacerated.

SUPPORT FOR MUSGRAVE.

Wingham, Oct. 19.—The annual meeting of the East Huron Teachers' Association was held here today, there being about 80 teachers present. Inspector Robb of East Huron presided. A. H. Musgrave, principal of Wingham Public School, will be supported for the advisory council.

Leg Cut Off in Car Collision.

New York, Oct. 19.—One man was severely hurt and several others were cut and bruised to-day when a Long Island Railroad train crashed into a line of empty cars in the yards at Belmont race-track siding here to-day. Robert Buttler, a ticket-seller at the track, had one of his legs cut off.

SIXTY HOGS INFECTED.

Disheartening Discovery Just When Regulations Were Relaxing.

Chatham, Oct. 19.—News comes to the city that on Wednesday over sixty hogs were destroyed by Dr. Perdue on the farm of William Thompson, about three miles south of Blenheim, on account of the animals being infected with hog cholera.

An autopsy held on a number of the hogs revealed lesions of the disease, both in the acute and chronic form. A few days ago the announcement was made that the regulations governing the shipment of hogs from this county, among others in this section, had been withdrawn and the situation now is a serious one.

WARNING TO OTHERS.

Don't Send Out Orders With Change to Unknown Individuals.

An old swindling game was successfully revived last night, when a telephone message to Guy Brothers, butchers, 312 East Queen-street, asking that an order of meat be sent to 208 Berkeley-street, together with change for a \$5 bill. The order amounted to 36 cents.

Dr. Agnew's Catarrhal Powder

whose mission it is and which mission it fills in freeing thousands from the bondage of dreaded, disgusting, discouraging, distracting catarrh, that cruel, relentless master that is no respecter of persons. How do you know you are in its thrall? Note the symptoms—headache, watery eyes, pains over the eyes, deafness, buzzing in the head, drooping in the throat, offensive breath, dryness in the nostrils—any or all of these symptoms are forerunners of catarrh, and catarrh in the headstage can be relieved in 10 minutes by Dr. Agnew's Catarrhal Powder and the sufferer may be saved the suffering that comes with the chronic stage and the distress and maybe fatal results when catarrh takes hold on the lung tissues.

Take catarrh in time with this wonderful cure, which, as thousands have said and thousands more could say, "works like magic," and you will have struck the chord that is the keynote to health and happiness.

Not Well Enough Known.

Mark Twain once wrote a letter in joke saying he had a hazy idea John Knox was the man they threw a stool

at an old woman's head. This burlesqued the general ignorance concerning Knox, said Mr. Jackson. Those who were pointed out by some as indicating Knox's work. As a fact the three great abbots in the border country came to their ruinous condition thru senseless raids under Henry VIII. The reformers had nothing to do with burning of the Abbey of Arbroath. Knox wanted no pulling down of stone edifices. He wanted the leprosy of darkness cleansed from the lives of men. No reformer so beneficial as his was ever accomplished at the cost of so little blood. Knox did not stand charged with the death of one single individual for the sake of his religion.

With respect to Mary, Queen of Scots, Mr. Jackson said if there was any browbeating it was not on Knox's side. He never went to her unless sent for. Accustomed to have her own way she stormed, she wept, she wheedled, but for once she found a man who could not be twisted round her little royal finger.

In 1572 Knox preached a terrific sermon on the news of the massacre of St. Bartholomew when the ambassador from France was present. That envoy protested to the Scottish lords who told him that Knox did not mind even them. The end was near, however, and on Monday, Nov. 24, of that year, having had many visitors in last farewell, and having heard John xvii read aloud, he expired at 10:40 p.m. He was the Regent Murray who declared he never feared nor flattered any fellow.

It was a common mistake, said Mr. Jackson, to suppose that Knox's influence was confined to Scotland. In France, at Dieppe especially, he made a lasting impression so that it became a stronghold of the Huguenots. For a considerable term of years he was a clergyman of the Church of England, at Berwick-on-Tweed, at Newcastle-on-Tyne, and as chaplain to Edward VI. He was offered and declined the vicarage of All Hallows, and the Bishopric of Rochester. In the English prayer book to-day there still stands the famous "Black Rubric" introduced by Knox in explanation of the practice of kneeling at the holy communion.

Knox's "First Blast of the Trumpet Against the Monstrous Regiment of Women" was the subject of humorous comment by Mr. Jackson, who said the great reformer did not really hate the sex, to whom the greater part of his correspondence was directed. He was twice married, and his daughter Elizabeth married John Welch, a Protestant minister, from whom descended the Jane Welch Carlyle.

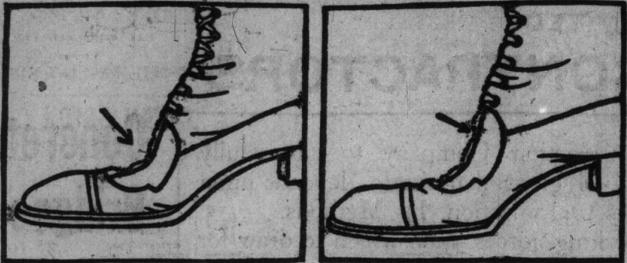

The third period of Knox's life followed his landing in Scotland in 1559. He became minister of St. Giles' and twice a week preached religion and politics—in an age when there were no newspapers—from his pulpit. In 1560 Knox drew up the doctrinal statement which was accepted by the Scottish parliament, and from that day to this, said the lecturer, Scotland kept her place in the van of Protestantism.

HAS HURTLESS INSTEP SEAM

IMPROVEMENT NUMBER SIXTEEN

A coarse, sharp, sewing instep seam.

A binding, grinding, digging instep seam.

The Foot-rite Flat Sewed Hurtless Instep Seam.

Men's insteps are thick, fat and full—women's, thin, lean and empty. That's why men's instep seams pinch, bind and cut more than women's.

The instep seam in the ordinary shoe is not a seam. It's a saw. Not a spasmodic buzz saw that runs quick and hastens the misery's end. It's a teasing, tantalizing, torturing saw of the slow, steady, saw-sawing variety that saves all the time; saves at every step; saves sores and callouses and never fails to saw. The ordinary shoemaker's wholly unskillful of the instep seam. He thinks it a "mere bag of shells." Foolish maker. His thoughtless patterns place the seam too low or too high on the instep. If too low, it catches in the great toe joint. If too high, it lights like a vulture on the tender instep cuticle. In the one case its coarse, sharp, porcupine-like stitches saw into the large toe joint at every step as it bends in walking. In the other they bind, grind, and dig holes into the frail, helpless instep covering. Enter—a nice batch of sores, scars and callous spots.

The Foot-rite instep seam's not a saw. It's a cunningly sewed seam—sewed with thin silk thread by clever human and mechanical fingers, which sew it so smooth, even and flat as paper on the wall seams. Besides, it's a joining of "Normal-Calf," a new and exclusively Foot-rite leather, almost as soft and supple as the live calf's skin, which guarantees a plant, yielding seam. Moreover, the seam is set far enough above the vamp to prevent catching in the great toe joint and low enough on the instep to avoid grinding and rubbing, if a flat sewed "Normal-Calf" seam could rub. And as to binding on the instep, the Foot-rite seam can't bind. It's shaped over Foot-Sculptured Lasts—lasts that are the exact shape of the instep.

Feet in Foot-rite forget the instep seam. Get on your feet and to the Foot-rite retailer in your town. His name's at the bottom hereof. He'll put your feet next to a Foot-rite Hurtless Instep Seam. If it hurts, you're not obliged to buy. You'll find the Foot-rite retailer pleasant whether you do or don't buy. His door swings inward but never outward to find a more welcome store.

Anywhere in America, Canada or Great Britain—\$4.00 and \$5.00. Every pair Goodyear Welted.

I Give My Belt on Trial Until I Cure You.

That's a fair and square proposition—ON TRIAL UNTIL I CURE YOU. No man can make it unless he knows what he can do. I'm no novice in the business of curing men. I've been at the business 24 years, and in that time have learned that Electricity will cure hundreds of cases where nothing else will.

I know what kind of cases I can cure, and will not take a case that I get such letters every day.

There may be some people who would not pay me when I cured them. I can take chances on those, as there are very few men who when they feel the exhilaration from my Belt will not be glad to pay the small price it costs them.

I cure some men for \$5. My \$5 Belt cured one man of lame back who had not been able to bend over to unlace his shoes for five years.

You pay a doctor a little money every month, and a druggist some more for the stuff he sells you to dope your stomach. It's no fun to look back after you have taken the stuff for years and are just as bad off as when you started—and your stomach the worse from the poison you have put into it.

UNLOOKED FOR ADVANCE IN ENGLISH BANK RATE

Causes Sharp Drop in Yankee Stocks, But Canadians Are Not Much Perturbed.

The sudden announcement of the increase in the rate of the Bank of England to 6 per cent was the only new factor in Canadian securities today.

The prevailing impression is that the new development in the money market will retard the looked for improvement in domestic securities, but that unless some weak spots break out, which are at present unknown, no further forced liquidation will be effected.

London fears increased demand for gold on account of Ontario Bank difficulties.

Directors of C. & W. will act on dividend question after annual meeting, Oct. 23.

No demand for gold in loan crowd.

Some indications of manipulation in the price of copper in London, but full requirements for the new year will be difficult to obtain.

Consols in London very weak and the market generally very depressed by unexpected advance in bank rate.

Southern Railway surplus over all deficits equal to 1.02 per cent on common.

Heavy loss of cash to Canada by New York anticipated.

New York may buy gold in open market in London next Monday.

Extensive profit-taking caused net decline of 23 lbs in spot and futures copper in London.

The known movement of money for the week ending with the close of business on Thursday show an apparent net loss in cash by local banks of \$5,908,000.

New York Central lines totalling \$100,000, \$12,000 in each of six counts, were today impounded upon the company by Judge Jones in the U.S. District Court on a charge of granting rebates to the American Sugar Refining Company.

The opportunity afforded in the market today should not be allowed to pass without the purchase of the standard railroad stocks, United States Steel common, Amalgamated Copper, St. Paul, Reading, Pennsylvania, Canadian Pacific, Baltimore & Ohio, Atchafalaya and the Harriman and Hill stocks at the present level.—Town Topics.

Joseph says: Harriman sellers are good. Buy these and you are allowed to pass without the purchase of the standard railroad stocks, United States Steel common, Amalgamated Copper, St. Paul, Reading, Pennsylvania, Canadian Pacific, Baltimore & Ohio, Atchafalaya and the Harriman and Hill stocks at the present level.—Town Topics.

Jacksonville—Cable communication with City of Havana restored here at noon today, and the first reports received tell of dreadful havoc wrought by the storm of Wednesday night. A special received here last few minutes says that the greatest damage to the extensive north coast of Florida was caused about 10 o'clock yesterday morning, when a hurricane doubled back and hit with increasing force.

The directors of the Hochelaga Bank by declaring a 2 per cent dividend for the quarter, have raised the dividend from 7 to 8 per cent basis. It is expected the bank will in December ask authority to increase the capital by \$1,000,000, which \$500,000 will be issued at an early date.

Chas. Head to R. R. Bondard. The action of the Bank of England in raising the rate on a Friday is very unusual, but so far as I have been able to find out, it is simply taken to check drain of gold. If there is nothing more than this and no far reaching trouble, the effect will not be far reaching. It will, however, curb facilities of bankers in financing operations abroad and throw demand for money back on this country. Rates have, however, been lower than London for some days. I do not look for much further decline if there proves to be no further decline in the surface to explain the Bank of England's action.

The American section continued to feel New York, Oct. 19.—We do not believe the depression and late losses ranged from

As the directors of the bank separated yesterday without changing the rate of discount it is assumed that they have since received information concerning pending gold withdrawals from the bank's reserve, which has steadily declined during the last two months and is now in such a position that the directors considered it necessary to stop further depletion to any considerable extent. The reserve lost about \$45,000,000 during the past six weeks. The board of trade returns show that the gold shipments to the United States were nearly \$50,000,000 for the first nine months of the present year. It is this steady outflow which the increased bank rate seeks to check.

much will be accomplished to-day by the bear element and we advise purchasers especially when good stocks are weak for a turn at least.

The price movement to-day was very largely influenced by London trading, foreign houses being reported as sellers of fully 100,000 shares, including Pennsylvania, Reading, the Steel and Copper.

The market today has ruled weak, with substantial declines in many leading issues, owing to the unexpected advance in the discount rate of the Bank of England made at special meeting.

Washington, Oct. 19.—The Actna Banking and Trust Company (branch) of Washington, D.C., has been closed by direction of the acting controller of the currency, and Robert Lyons has been appointed receiver.

New York, Oct. 19.—Banking interests directly connected with the Standard Oil Company, declare they see no cause for alarm in the action of the Bank of England.

Bank of England Rate Raised. London, Oct. 19.—The Bank of England raised its rate of discount to 6 per cent this morning.

Bank of England Rate Raised. London, Oct. 19.—The Bank of England raised its rate of discount to 6 per cent this morning.

witnessing a display of the pack-saddle
outfit invented by Lieut.-Col Hamilton
Merritt, and brought to the notice of
the British war office, who have been
so much impressed by its mobility and
usefulness in cavalry operations that
they have appointed a British officer
to report on it. An exhibition of the
actual working of the saddle, as it
would be used in active service, will be
given.
The Body Guard will also give some

DANGER SIGNAL RAISED IN LONDON.

World Office, Friday, Oct. 19.
There can be but one deduction from the almost abnormal
action of the governors of the Bank of England to-day in advancing
the minimum rate of discount of the institution to the very high
figure of 6 per cent. Only on very grave occasions have such
aggressive means been taken to preserve an equilibrium between
the money market and the commercial markets. World-wide ex-
pansion is using up gold faster than it can be procured, and steps
must be taken if a panic and ultimate calamity is to be averted.
The wise administration of the world's leading financial institu-
tion are evidently seeking to prevent this. American inflationism
is being the unbounded prosperity that their country is wit-
nessing, are attempting to more than discount all that is in sight.
Yesterday's check will be beneficial if only for a temporary period.
The signal of danger has been raised, and unless heed is given
the results may prove disastrous. Canadians are showing a much
more cautious spirit under the careful guidance of the leading
financiers, but the financial fabric is so closely interwoven with
disaster in the States must result in injury here. The Toronto
stock market to-day felt the impact of the London announcement,
but speculative accounts were too little extended to give such
results as a highly speculative situation would effect.

**Liberal Candidate Meets With Ac-
cident Getting Over Fence.**
Says The Kincaid Reporter
(Lib):
John Tolmie has been in the north
for the past week, and is doing the
penultimate. His election seems as-
sured, but there is one thing that his
friends must not overlook. Over-
confidence has often been the ruin of
many, and in this instance there seems
to be a tendency on the part of Mr
John Tolmie's friends to think that he
has a very sure thing. The report that
his party would be defeated in the
north is untrue. On Monday, the 18th,
he was canvassing on the north line,
and in getting over a fence the
top rail broke, and he fell, fracturing
three of his ribs. He had these strapped
up and next day went to Under-
wood Fair and from there on thru the
peninsula.
**BESSIE MCCOY FALLS
IN FAINT ON THE STAGE**
New York, Oct. 19.—Bessie McCoy,
who plays the role of Rosalie in "The
Spring Chicken" at Daly's Theatre,
fainted on the stage last night before
a large audience just after she had
made her entrance for the first act.
There was some excitement on the
stage, and several persons rushed out
to help her. McCoy was taken to
the hospital, and it was reported that
it was a long time before she re-
covered, and she was barely able to
take her part in the second act.
The physician said Miss McCoy
seemed to be suffering from ptomaine
poisoning.

**SUNDAY SCHOOL'S WORK
TOWARD AIDING CHURCH**
Annual Convention of Toronto As-
sociation—Special Lecture—
Course Arranged.
The Toronto Sunday School Asso-
ciation has introduced an innovation in
the form of a course of lectures, be-
ginning on Friday, Oct. 26, at 8 p. m.,
in Parkdale Methodist Church. The
speaker on that occasion will be Prin-
cipal Scott of the Normal School. In
all eight lectures will be given in each
of the eight courses, in which 32 lec-
turers will be engaged. The lectures
will be given in these several centres:
Chalmers Presbyterian, Dovercourt-
road Presbyterian, Bloor-street Baptist,
Carleton-street Methodist, Cooke's
Presbyterian, First-avenue Baptist,
and Kenilworth-avenue Baptist.
Among the list of speakers will be
Principal Scott, Henry Ward, Professor
McCrimmon, Vice-President Elliot,
Prof. Cross, William Wilson, W. E.
Groves, and Inspector Chapman.
The second annual convention of the
association was held in Bloor-street
Baptist Church yesterday, and was
very successful. The attendance was
large, and the greatest interest gener-
ally was manifested in the reports and
discussions.
The afternoon proceedings were
opened by Canon O'Meara, followed by
H. L. Stark and A. M. D. Denovan in
a lantern talk. The purpose of the
lantern talk is to increase the use of
this means of teaching the religion.
This by the throwing of the hymns and
illustrations on the screen. The plan,
where in use, is said to work admir-
ably.
The Sunday School Organized to
Win was the subject of an address
by Rev. W. C. Merritt of the Inter-
national Field Workers.
At 6 p. m., a luncheon was tendered
to Mr. Merritt and the superintendents
by the Bloor-street Sabbath School.
The evening exercises were opened
by Rev. J. D. Freeman, and an ad-
dress by the president, Hon. Justice
MacLaren. The report of the executive
committee showed the receipts from
all sources to be \$608.02, and disburse-
ments \$565.02, leaving a balance of
\$45.00. The amount collected from
house-to-house visits was \$381.
"Is the Sunday School Worth What
it Costs?" was the subject of an in-
spiring address by Rev. John Potts, in
which the speaker urged the necessity
of increased earnestness and consen-
tration in the work of the school. The
Sunday school was the source of fully
90 per cent. of the increase in the
membership of the church, and was
the greatest organizing force in the
world to-day. He favored the enrol-
ment of the young in the church mem-
bership, while retaining all their love
for the many sports, which are, or
ought to be, characteristic of youth.
The two were inseparable.
Rev. W. C. Merritt spoke upon the
subject "The Sunday School Teacher's
Vision."

DIES IN CELL
Arrested for Drunkenness, John
James Found Dead 3 Hours Later.
Taken to No. 1 police station as a
"drunk" at 6:55 p.m., John James was
found dead in the cells three hours
later.
James, who was 43 years of age,
and a laborer, lived at the Red Star
restaurant at 57 Jarvis-street. He was
arrested by P. C. Johnson (46). At
the station he was able to reply to
the customary questions and when
placed in his cell, Stratton Duty Con-
stable Robert Steele took off his coat
and vest and arranged them as a
pillow for the man, who went off into
a drunken sleep. Twice after when
arrested he granted acknowledgments,
but on the third visit he was dead.
Coroner Greig was called and will
hold an inquest at noon to-day at the
mortuary. Heart disease was the
probable cause of death.
WOMAN HANGS HERSELF.
Daughter of Bishop Potter, While
in Sanitarium, Ends Life.
Cromwell, Conn., Oct. 19.—It was
stated here to-day that Mrs. Laura
Cowdin, daughter of Bishop Henry C.
Potter of New York, committed sui-
cide by hanging at a private sanita-
rium here Tuesday night.
Mrs. Cowdin was 44 years of age.
She came here some time ago to un-
dergo treatment at a private sanita-
tarium. On Tuesday evening, it is un-
derstood, Mrs. Cowdin eluded her
nurses, and later her body was found
hanging from a beam in the cellar.
The authorities here have main-
tained the utmost secrecy regarding the
suicide of Mrs. Cowdin, and at the
sanitarium, where she took her life,
nothing but the confirmation of the
suicide could be obtained.
Mrs. Cowdin was the wife of Wm.
Throp Cowdin. The body was for-
warded to New York yesterday.

YORK COUNTY AND SUBURBS
WHOLE BUILDING COLLAPSES
RAPIDLY WEAKENED FOUNDATION

Loss is \$1000—Disastrous Fire on St. Clair Ave.—Councillor Armstrong Seriously Ill.

Toronto Junction, Oct. 19.—The death of John Hand, aged 76, occurred this morning at the home of his son, Charles Hand, 116 Church-street. The deceased has been ill for the past thirteen months, and during that time was unable to leave his bed. The funeral will take place to Prospect Cemetery on Monday afternoon.

At 6.55 this morning a house in the course of erection by James Keating, situated on King-street, 150 feet south of St. Clair-avenue, completely collapsed. The house was 18 feet by 39 feet, two storeys, with attic, and a portion of the roof was already on. The foundation had been weakened by the rain last night. The cause of the collapse, and now there is more than 3 feet of the structure standing. Mr. Keating will suffer the whole loss, which is estimated at about \$1000. About 10 o'clock last night fire destroyed the barn and contents of the Rossin House farm, near Prospect Cemetery, on St. Clair-avenue. One horse, three cows, sixty chickens, two fowls of hay, two sets of harness, one seed drill and sower were lost. The loss is about \$900. H. W. Fowler, the tenant, will lose about \$400. The building was covered by insurance; the contents were not insured.

For a week past Councillor Armstrong has been under the care of Dr. F. E. B. and not progressing favorably, a specialist was called in. It was decided that he should be taken to the Western Hospital, which was done last evening. Heart trouble is the cause of his illness. He is a very sick man. Dr. Perfect is of the opinion that he will be at least a few days before he is able to leave the hospital.

A cave-in occurred this morning on the Street Railway tracks in the subway, where the junction road runs into Keele-street. The stream washed a hole in the roadway near one of the sewer manholes about 5 feet square. One of the waterworks valve boxes caved in at the northwest corner of Annette-street and High Park-avenue. This box, being constructed of wood, had become rotten, and the pressure of the water by last night's rain caused it to cave in.

The new steam heating plants installed in Annette-street and Carlton schools have been operating in both schools for the past two weeks and are apparently giving satisfaction.

Claremont.
Jos. Boland, who recently purchased the Underhill Farm, is getting ready for business.

Dr. Brodie, who recently purchased Dr. Eastwood's surgery, intends opening a first-class drug store in the place. The building is new and the doctor deserves credit for his enterprise.

Wm. Dowdell seems to have been sorry that he sold his property here, for he has returned to remain in town for a while at least. He is now living in Hy Thompson's house.

The Baptist Church held its 58th anniversary last Sunday. Rev. A. T. Sowerby, L.L.D., of Toronto, preached the sermon. He was at one time a school teacher here.

At home under the auspices of the members of St. John's Church will be held at the public school hall on Wednesday afternoon and evening next, the 24th inst. The program will include a Punch and Judy performance, and several other attractions in addition to numerous vocal selections by the children of the school.

COULD SCARCELY WALK
A Rheumatic Sufferer Cured by Dr. Williams' Pink Pills.

Rheumatism is rooted in the blood—that is a medical fact every rheumatic sufferer should know. Liniments and outward applications cannot possibly cure rheumatism. They are a waste of money, and while the sufferer is using them the disease is steadily growing worse—is slowly but surely taking a firmer grasp upon the entire system. Rheumatism must be treated through the blood. That is the only way in which the poisonous acid can be driven out of the system. Every dose of these pills helps to make new rich red blood, which sweeps the poisonous acid from the system, loosens the aching joints and muscles and gives the rheumatic new health free from pain.

Among those who can best witness the truth of these statements is Miss Dorinda Langlois of St. Jerome, Que. For weary months she suffered from rheumatism and had begun to think she was incurable. "I could not straighten up," says Miss Langlois. "My limbs were almost useless, so stiff were they. For many months I endured such pain as only rheumatic sufferers can understand. Although only thirty years of age the suffering I endured actually made me look like an old woman."

Dr. Williams' Pink Pills never fail to cure rheumatism because they go right to the root of the trouble in the blood. That is why these pills cure all the common ailments due to poor and watery blood, such as anaemia, headache and backaches, indigestion, neuralgia, St. Vitae's dance, general weakness and the distressing irregularities that afflict women and growing girls. If you need a medicine you will save money by taking Dr. Williams' Pink Pills at once. See that the full name, Dr. Williams' Pink Pills for Pale People is printed on the wrapper around every box. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Company, Brockville, Ont.

OVERCOATS

That lovely rain we had simply drives in the idea we have been pounding at—that men must buy their Overcoats soon. Now consider that settled; next is where to get them. We have the largest, really high-class line, exclusively, of any store in Toronto. All sizes, lengths, styles, colors and fabrics. If you walk in Saturday, you'll see what you want. Suits are a strong line with us, too. All the style and none of the bother of made-to-order—

SUITS AND OVERCOATS \$15 to \$25
Our hats are very select. There's a certain brim and crown effect our makers seem to be exclusive in.

SILKS \$6 to \$8; DERBYS \$2 to \$6
Men's Furnishings in Gloves, Shirts, Neckwear, etc., afford us pleasure, in that our selection reflects credit on the store. See how you like what we have.

Morse-street, Toronto, and it will be known now as the Ashbridge House. Mrs. Rowles, wife of Dr. R. M. Rowles, Broadway, and Eighty-third-street, New York, has returned home after a fortnight spent here with her parents, Mr. and Mrs. D. E. Birrell. Her visit was made that she might attend the marriage of her sister to Mr. Clark Stephen of Toronto.

Norman McLeod Birrell has been appointed to a position with the Dominion Bank at Guelph. Norman leaves with the best wishes of very many friends here, in which his former schoolmates of St. Andrew's College heartily join.

The York Mills Hotel, which has been so many years ably conducted by D. B. Birrell, has now been taken charge of by Mr. Birrell's son, Archie, who has had a long business experience with the E. Eaton Company, Rice Lewis & Son, and W. R. Johnson Company.

At home under the auspices of the members of St. John's Church will be held at the public school hall on Wednesday afternoon and evening next, the 24th inst. The program will include a Punch and Judy performance, and several other attractions in addition to numerous vocal selections by the children of the school.

King City.
The second annual series of meetings under the auspices of the King City Temperance League will be held in King City to-morrow (Sunday) afternoon and evening at 3.30 and 7 o'clock. At the 3.30 meeting T. C. Robinson, K.C., of Toronto will speak and at 7 o'clock J. S. Robertson, president of the Canadian Temperance League, will address the meeting.

Mr. Robertson's address will be illustrated with lantern slides. At the evening session George B. Sweetnam of Toronto will provide the music and will be assisted by Master Frank Ludlow of Toronto.

Fairbank.
The induction of Rev. W. C. Whitelaw to the pastorate of Fairbank Presbyterian Church yesterday, notwithstanding the unfavorable weather, was well attended. The Rev. J. C. Tibb, moderator, of Eglinton, presided. The induction sermon was preached by Rev. H. M. Conkle of Port Credit, that to the minister by Prof. Kilpatrick of Knox College and to the people by the Ven. Dr. Carmichael of King City. The new pastor of Fairbank Church has for some time labored at Onemeer, coming originally from Glasgow, and is said to be an excellent speaker and an indefatigable worker. Social was held during the evening, at which the newly-inducted pastor and a number of neighboring clergy spoke briefly.

James Torrance will sell by auction at the Franklin House, Markham, on Tuesday, the 23rd inst., 20 fresh milch cows and springers, 20 two-year-old heifers and steers, two fine black Clydesdale cows and several bugles, cutters and road wagons. D. Beldam, auctioneer.

The List Piano Co. Assets Sold.
The National Trust Company, Limited, report the sale of the complete assets, plant and stock of the List Piano Company, Limited, to Mr. Frank Stanley, of the Temperance-street piano man, the consideration being spot cash. We learn that Mr. Stanley's intention is to continue the production of the List Piano, and will materially increase the output. The price obtained for the assets was very fair and was approved by a prominent piano manufacturer as being equitable.

WOULDN'T WEAKEN CHURCH
TO STRENGTHEN COLLEGE

Objection Taken to Removal of Rev. Dr. Gilmour to Join McMaster Faculty.

Peterboro, Oct. 19.—(Special.)—Today was education day at the Baptist convention, and most encouraging reports were presented. Rev. J. C. Sycamore of Hamilton presented the annual statement of The Canadian Baptist and the book room department, and Rev. T. B. Brown of Sherbrooke the report on the Grande Ligne Mission.

Chancellor A. C. MacKay of McMaster University this afternoon gave the report of the senate and board of grounds of McMaster University. Rev. Canon Davidson spoke strongly in favor of church union, but with each body retaining its distinctive heritages. Rev. Dr. Cameron of Ottawa reported and a resolution was carried by the convention to the effect that it would cheerfully join in the cultivation of the spirit of union that would lead those who were without to exclaim, "See how these denominations love one another."

Chancellor MacKay's report showed the enrollment at McMaster for the past year to have been 153 in arts and 41 in theology. At Woodstock College there were 159 students, and at Mount St. Charles College, 156, making a total of 501 for the university. Eighteen students were pursuing the M.A. course, and four the course for B.D. The enrollment at Woodstock College is the largest since it became a boys' school. Thirteen of the graduating class of 37 would go to McMaster University. The library now had 15,200 volumes.

Financial Statements.
The amount pledged toward the forward movement during the year is \$30,565.96, and the total amount subscribed in two years is \$75,094.96. The total amount of cash received in the fund so far is \$32,781. Subscriptions towards the new science hall of McMaster University are \$20,805. The building will be ready for occupation in January next.

The treasurer's report of the receipts and disbursements in current account of the year 1905-06 showed the receipts to be \$92,246.56, and disbursements \$89,687.70. The balance at credit of current account as shown in the treasurer's report, including a former balance, is \$2,558.86. The board of governors met on Monday evening, and was largely attended. Chancellor MacKay spoke strongly on behalf of the establishment of a medical faculty in connection with McMaster University. He also stated that he had never known a graduating class to leave the university without every member being a Christian. Rev. A. L. Therrien, of Montreal, expressed the hope that McMaster would soon have a French-Canadian professor.

The delegates will be taken for a trip over the Lift Lock to-morrow afternoon.

Alumni Dinner.
The fourth annual banquet of McMaster University Alumni Association was held this evening, and was largely attended. Chancellor MacKay spoke strongly on behalf of the establishment of a medical faculty in connection with McMaster University. He also stated that he had never known a graduating class to leave the university without every member being a Christian. Rev. A. L. Therrien, of Montreal, expressed the hope that McMaster would soon have a French-Canadian professor.

get their feet wet, catch cold or cramps, and give mothers an anxious time. The first shiver or sneeze tell the little one's chest with Nuro-Vin, gargle the throat, and give ten drops in hot water at bedtime. Next morning all is well. No cold, no time lost at school. If poison's nerve-line isn't in your home, get it there at once. Dealers sell it in large 25c bottles.

WEAR DUNLOP RUBBER HEELS
If it isn't a heel of good live rubber—then it is not a rubber heel at all.

Insist on having Dunlop "Comfort" Rubber Heels

Boys' Day, Monday

Men's Store offers mothers the best of facilities for keeping boys warm, comfortable and tidy.

We do not claim ridiculous things for our clothing. Wool is wool, cloth is only cloth, and boys will be boys. But we DO claim this:

OUR wool is GOOD wool,
OUR cloth is GOOD cloth,
OUR boys are WELL DRESSED boys.

And though a boy is found to wear out his clothes if he wears them long enough, we can claim that, generally speaking, our boys outgrow their clothes.

See these comfortable-looking overcoats Monday and let us call your boy one of our boys, too.
