ALLIED PREMIERS WRITE IN SENDING WARNING TO GREECE

Declare That Restoration of Constantine Means Ratification of Hostile Acts.

AWKWARD SITUATION

London, Dec. 2.—The allied premiers in conference today agreed to send a note to the Greek government declaring that restoration of Constantine to the throne of Greece would be regarded as ratification by that country of Constantine's hostile acts, and would create a new and unfavorable situation in the relations between Greece and the allies.

The text of the note follows: "The British, French and Italian governments have constantly in the past given proof of their good will towards the Greek people and have favored the attainment of their national aspirations. They, therefore, have been all the more painfully surprised by the events which have just occurred in Greece. They have no wish to interfere in the internal affairs of Greece, but feel bound to declare publicly that restoration of the throne of Greece to a king whose disloyal attitude and conduct towards the allies during the war caused them great embarrassment and loss could only be regarded by them as ratification by Greece of his hostile acts. This step would create a new and unavoidable situation in the relations between Greece, and the allies, and in that case the three governments reserve to themselves complete liberty in dealing with the situation thus created."

LIVE HOGS BACK TO PRE-WAR PRICE

So U. S. Packers Report, But Retail Prices Are Not Keeping Pace.

BEEF ALSO DOWNWARD

Chicago, Dec. 2.—Hogs on the hoof have returned to what is practically their 1913 price, judging from figures obtained today from the "big five" packers. "Pork and pork products at wholesale are on their way toward that same level, the monthly report of the Institute of American Meat Packers indicates, and have reached the scale prevailing in April, 1917, when the United States entered the war.

Beef, also, is on the downward path. The wholesale price of carcass beef having dropped 17 per cent, since September 1, according to the institute's figures. The biggest drop recorded, however, is in live hogs. The packing house figures show pork on the hoof brought eight cents a pound in November, 1913. During the war the farmer was virtually guaranteed a minimum average of 17 1/2 cents. In July, 1919, the price reached 25 cents a pound. Today hogs are back around 10 1/2 cents.

Retail prices, however, have not kept pace with the falling wholesale market, the packing house official said, but he declined to be quoted directly on the ground that retailers might boycott his company.

LOW TARIFF WILL CUT LIVING COSTS DRURY MAINTAINS

Ontario's Premier in Sharp Disagreement With Sir Henry Drayton When Airing Views Before Tariff Commission—Strong Case for Adequate Protection Is Made Out by Numerous Industries.

The harmonious song of protection and more protection which the tariff commission has listened to in industrial Toronto in the last two days suffered the intrusion of a discordant note late yesterday afternoon when Premier Drury addressed the commission and put in a plea for a lower tariff. The Ontario premier and the chairman, Sir Henry Drayton, had a number of verbal combats, but the chairman was unable to draw the premier into a discussion of details of his low tariff theories. He preferred to limit himself to generalities.

Delegations were heard from a number of towns in western Ontario and while industrial enterprises were the predominant interests represented, there were a large number of farmers who were as strongly in favor of a substantial tariff as the others. The commission meets again at ten o'clock this morning.

Meat and Hides Drop in Kingston

Kingston, Ont., Dec. 2.—(Special.)—Today, the wholesale price of beef was down \$2 per hundred pounds, and pork was down 20 cents a pound, dressed. Charles Lyons, hide dealer, stated that the markets had gone to pieces. Beef hides, for which he paid as high as 30 cents a pound, were now only worth 5 cents a pound. Calves' hides were almost unsaleable. Mustard hides, which last year sold for as high as \$5.25, were now only worth from 50 to 75 cents. Potatoes are now selling at \$1.75 a bag.

YOUNG TO BE TRIED ON MURDER CHARGE

He is Committed in Brief Preliminary Trial in Kaladar, Ont. NO STARTLING EVIDENCE

Kaladar, Ont., Dec. 2.—After a brief preliminary trial here this afternoon, James Young, an aged man of this village, was committed for trial at the spring assizes charged with the murder of his wife. The prisoner arrived here early this afternoon in charge of Chief Constable Rankin, of Napanee, Crown Attorney Wilson and Young's lawyer, Mr. Simpson, of Napanee, came on the next train. At the conclusion of the inquiry, Young was taken back to Napanee to await trial.

Several witnesses were examined, the principal ones being Mr. and Mrs. Jackson. The latter at first declined to testify, declaring she had come all the way from Hamilton and wanted her witness fees first. The evidence was not of a startling nature, but the magistrate considered it sufficient to warrant commitment.

Young was arrested following the discovery of the body of his wife in the ruins of his home, which was burned on November 3.

Young declares that he is innocent. He says he was away from home at the time of the fire. When he returned his home was in ruins, and that he discovered the dead body of his wife in the ruins. Young says his wife was in the habit of smoking a pipe, a great deal, and that her carelessness may have caused the fire. The prisoner is not apparently worrying over his trial.

BAIL IS GRANTED TO REV. J. O. SPRACKLIN

Windsor, Ont., Dec. 2.—Rev. J. O. L. Spracklin, special O.T.A. officer, following his commitment for trial for the killing of Beverly Trumble, and his confinement in the Sandwich jail, regained his liberty this afternoon, after bail, amounting to \$20,000, had been deposited with crown officials. J. A. Stone and William Wright, members of Mr. Spracklin's church in Sandwich, each gave a surety of \$5,000, while the nation-inspector gave personal security for \$10,000. Nothing further has been learned regarding the possibility of holding the trial at an earlier date than the next session of the criminal assizes of the supreme court.

REDUCE PRICES AND INCREASE DEMAND, IS VIEW OF DRURY

Will Give Greater Chance of General Employment, Premier Declares.

TALK TO CREDIT MEN

Premier Drury's advice to the Canadian Credit Men's Association at a banquet held last night at the board of trade rooms, Royal Bank building, was to remember the great opportunities for making profits, which governed business men and manufacturers and others during the great war, and do everything today to lower the cost of living, thus bringing a greater demand for products and produce, this in turn bringing greater chance of general employment, with a final satisfactory re-adjustment of commercial values, which would enable Canada to compete successfully with all other nations in the years to come.

In his view Mr. Drury was accorded very general agreement by Hugh Blair, who foreshadowed with the premier a period of deflation and some depression, which it would be the function of credit and business men to readjust to the best of their ability.

Among others who spoke were: Hon. F. C. Biggs, Richard A. Stappell, Henry Deitchon, general manager of the association; Thomas McMillan, chairman of the banquet; J. F. Kitchen, A. S. Critchton and Jules Brazil. Three hundred graced the banquet and Mr. Drury was accorded very hearty cheers at the conclusion of his address.

"Upon the wise, generous judgment you use within the next few years (Continued on page 2, column 1).

CONFERENCE TODAY ON CLEAN-UP DEAL

Directors of Mackenzie Companies Meet in Morning to Consider Price Reduction.

RAILWAY STOCK IS UP

The conference on the negotiations for the purchase by the Hydro Commission and the city, of the power and radial properties controlled by Sir William Mackenzie, which was called for yesterday afternoon, was postponed until this afternoon. A meeting of the directors of the Mackenzie companies had been called for this morning, when it is presumed, the question of making a price reduction to a figure acceptable to Sir Adam Beck will be considered. It is understood the company's demanded price is \$34,000,000 and that the Hydro estimate of the value is \$31,500,000.

Mayor Church said yesterday that he was hopeful an agreement would be reached regarding the price, and that the deal would go thru. He said the statement was wrong that the city was to take over the radials outside the city. The city would take over the roads inside the city, and the Hydro Commission would deal with those outside the city.

Bylaw in January.

Sir Adam Beck will hear from the Mackenzie interests today, and he will again meet the board of control this afternoon. If the board thinks favorably of the Mackenzie offer it will recommend to council next Monday that a bylaw be sent for this morning on January 1 providing for the necessary debenture issue to carry thru the deal.

A lively flurry in Toronto Railway shares in the Toronto and Montreal stock exchanges yesterday was attributed to the feeling that the railway may be freed a considerable incubus as the company's guaranteeing of the bonds of other companies included in the negotiations has complicated the problem of figuring out where holders of the shares actually stand. Toronto Railway stock sold up about 11 points yesterday to around 56, but sagged back several points later.

CONVENTION ATTACHES STRING TO LEADERSHIP OF FERGUSON BLOW STRUCK AT BOSS RULE

HON. G. HOWARD FERGUSON

Chosen to lead the Ontario Conservatives, at yesterday's convention in Massey Hall. Hon. Mr. Ferguson made an impassioned speech in which he scored members of the timber commission, as well as Premier Dewart, and secured more than one-half of the votes of the 1664 voters cast on the first ballot. Mr. Ferguson was first elected a member for Grenville to the provincial legislature at the general election of 1902, and has sat continuously up to the present time. He was appointed minister of lands, forests and mines in 1914, holding the office till the government went out of power in 1919.

Ontario Conservatives Create Provincial Governing Body, With Power to Call Convention Every Three Years and to Make or Unmake Party Leaders—Ferguson, Who Makes Bitter Attacks on H. H. Dewart and Judges Who Conducted Timber Investigation, Gets More Votes Than Gen. Ross and G. S. Henry Combined.

A new voice, loud, clear and insistent, will be heard in future in the councils of the Conservative party in Ontario—the voice of the rank and file. They received their political emancipation at the hands of the big convention which concluded its business in Massey Hall last night. From now on they will be something more than the hewers of wood and haulers of water. No longer will the machine bosses control the destinies of the party. Their wings have been clipped by the formation of a new governing body, provincial-wide in its scope, and endowed with the power of making or unmaking its leader. It will practically have the right of the recall, and will summon conventions every three years. The creation of this body marks a new era in the history of the party.

Ferguson the Winner.

When the convention opened yesterday, the selection of a leader was the principal business. Hon. Howard Ferguson received the position. The other contestants were Hon. General Ross and Hon. G. S. Henry. Of the 1664 ballots cast, Mr. Ferguson received more than the combined vote of the other two, who promptly made the election unanimous.

Previous to the voting the former minister of lands and forests made a heated attack on Judges Riddell and Latchford for their findings in the timber investigation, accused them of being partisan and biased and out to "get Ferguson." To Liberal Leader Dewart he also paid his respects, declaring that that gentleman's fingers were "stuck with corruption. Nor was he a man to be trusted."

Unfortunate Clients Stripped of Small Resources and No Services Rendered.

An extraordinary statement was made by Father Bench before the public service commission at Osgoode Hall yesterday afternoon, when he declared that some of the lawyers who hung around the police courts were nothing more than vultures and thieves, since they gathered up huge sums from cases in which foreigners were implicated, and then did nothing for them.

WOMEN URGE REFORMS

Father Bench quoted the case of a woman of foreign origin who was having a party at her house and had procured liquor, but on the day before the celebration friends came and prevailed upon her to give them some, and, after receiving it, went away and informed the police. The woman and her two children, one aged 15 months, were taken to the police station and lodged in the cells. A neighbor informed the woman's husband when he came from work, and he went to a lawyer, who demanded \$250 before taking up the case, but eventually agreed to take \$100. When the case came for hearing on the next day the lawyer refused to go on as he had not all his money, but later it was made up by the woman's (Continued on page 5, column 1).

WHEAT TAKES A RISE

Washington, Dec. 2.—The plight of the farmers in the United States, due to falling prices, was taken today to congress.

Agricultural committees of the senate and house in joint session began hearings on conditions brought about by the drop in prices of farm products preliminary to devising relief measures. It was decided to ask Secretary of the Treasury Houston and Governor Harding of the federal reserve board to come before the joint committees tomorrow. This decision was taken after Eugene Meyer, jun., former head of the War Finance Corporation, had told the committees that rehabilitation of that body would go a long way towards furnishing the desired relief for the farmers by financing exports of surplus crops.

The Pulp and Paper Association.

A telegram was read at yesterday's session of the cabinet tariff committee from the Pulp and Paper Makers' Association denying what W. F. Maclean had said the day before. That he spoke in malice or in ignorance.

EX-KAISER FEELING BETTER.

Doorn, Dec. 2.—The former German Emperor Augustus Victoria was able to sit up for a few minutes today. She has rallied again from one of the many heart attacks, which are becoming more frequent. Her improvement, however, is considered only temporary.

DECIDED REDUCTIONS.

The Dineen Company are offering very great reductions in the men's department of their store, 140 Yonge street. All the men's hats and overcoats have been reduced to nearly pre-war prices, \$37.50 to \$55.00, overcoats selling at \$22.50, \$11.00, \$12.00 and \$13.20 men's hats will be sold at \$2.00 and very many other lines marked down for Friday and Saturday selling. See display ad on page 6 of this paper.

WANT ORDER ENFORCED TO CURB THE CHINESE

Trades and Labor Council Will Send Delegation to Raney Regarding Enactment Forbidding Employment of White Women by Chinamen—Situation Declared a Serious Menace to Morality.

The belief that the facts of the local Chinese situation lie not with the ministers and social service workers, whom Attorney-General Raney proposes visiting in his self-appointed investigation, underlay the practically unanimous decision of the Toronto District Labor Council at its meeting last evening in the Labor Temple to reiterate its attitude and agitate for the immediate enforcement of the order-in-council prohibiting the employment of white women by Chinamen. The discussion which preceded the decision revealed the actuality of the yellow menace to the integrity of the Canadian womanhood, and was instigated by the recital of an actual case, in which local Chinese had, by virtue of paying 100 per cent premium, secured a dwelling for immoral purposes which a returned soldier had negotiated for as a home for his wife and two children.

Attorney-General Raney talks about visiting the ministers, but Attorney-General Raney's recently announced attitude and also in connection with the discussion of the Dominion Moore, president of the Dominion Labor Congress, who had been advised of Toronto labor council prohibiting the repeal of the order-in-council prohibiting the employment of white girls by Chin-

Yellow and White in a Canadian City

Margaret Carson, Superintendent of Women's Jail Farm, States That a Great Number of Those Confined There Have Been Innocent Girls Led Astray by the So-Called Better Class of Chinese—the Part That Opium Plays.

By BILLEE GLYNN.

A minister who proudly showed me photographs of his picnics and gala affairs in which many white girls and Chinese male students were intermingled, gave expression when the interview had gone 15 minutes, to the following remarkable disclosure:

"The matron at the women's jail farm told me that a large number of the girls sent out there had been ruined in the beginning by Chinese."

"And do you believe her?"

"No, I do not."

Another sample of the ministerial mind uninformed on facts, but so desirous that nothing shall be proven against what it approves, that it places its lack of knowledge in opposition to those in closest touch with life as it is lived.

I decided to go to the women's jail farm. This woman in charge, whoever she was, would have her finger on the very pulse of the thing, WOULD KNOW. No ministerial conference, or Chinese consul openly pleading intermarriage, or criticism of these articles by ministers who add to their revenue by marrying Chinese and white girls—in endeavor to blind the public to the danger and everyday results of these conditions—could stand with the public against the evidence of this woman if her knowledge, as had been suggested, was contradictory.

ARMENIANS DRIVEN OUTSIDE BOUNDARY

Frightful Conditions Prevail in Small Area Held by Them.

Tiflis, Dec. 2.—Armenian forces have been driven eastward by the Turkish Nationalists until the region they hold is entirely outside the traditional boundaries of Armenia. As a result, Armenia is reduced to a little Caucasian republic, such as was created by the Germans and Turks during the war. It comprises the districts of Erivan, Novobayazet, 30 miles to the northeast of that city, and Etschmiadzin, the ecclesiastical centre of Armenia, located about 25 miles north of Mt. Ararat.

ARRANGE MAIL DELIVERY ADDRESSED TO SAILORS

Ottawa, Dec. 2.—(By Canadian Press). Arrangements have been made by the department of the naval service for the delivery of mail addressed to officers, men and boys aboard H. M. C. ships Aurora, Patriot and Patrician, the naval vessels recently presented by Great Britain, so that relatives and friends of the many Canadians aboard these vessels will be able to communicate with their friends without trouble. As these ships will not be stationed at any one port, arrangements have been made with the postoffice department for the permanent address, care postoffice, Montreal, to be used.

LORD BESSBOROUGH DEAD; NOT LORD DESBOROUGH

London, Dec. 2.—It was the Earl of Bessborough who died at Birmingham while making a speech, and not Lord Bessborough, the noted sportsman and chairman of the chambers of commerce convention at Toronto last summer, as stated in The Times. The earl is succeeded by Viscount Duncannon, Coalition member of the house of commons for Dover. The elevation of the viscount to the house of lords will thus create a vacancy in the representation for the Dover division. Viscount Duncannon received a majority of 6,000 at the last general election.

Ottawa, Dec. 2.—Three former employees of the Ottawa postoffice charged with having robbed the mails, appeared in the police court today. The men are James Snyder, C. A. Latham, and C. W. Irish. Snyder pleaded guilty and was remanded until Tuesday for sentence. The other two men, at the request of their counsel, were remanded until December 4, without entering a plea.

Vatican Well Pleased at Prospect of French Embassy

Rome, Dec. 2.—News that the French Chamber of Deputies had voted for a re-establishment of diplomatic relations with the Holy See was received at the Vatican with the greatest satisfaction. At the Vatican it was said yesterday a harder struggle was expected in the French senate, but that re-establishment of relations would be finally approved by that body, after which France will appoint an ambassador to the Vatican, and the latter a nuncio as its representative in France.

REV. J. O. SPRACKLIN IN SANDWICH JAIL

Faces Preliminary Hearing on Slaying Charge—Case Goes to Superior Court.

Windsor, Ont., Dec. 2.—(Canadian Press).—Rev. J. O. L. Spracklin was taken to Sandwich jail immediately following the preliminary hearing of the charges against him in the Windsor police court. The charges of "unlawfully killing and slaying Beverley Trumble" during the course of a raid on the Chappell House at 2 a.m. of November 6, by the special license squad.

Neither Spracklin, his counsel, W. H. Furlong, nor the acting prosecutor, T. G. McHugh, made any statement in court.

BAR IMMIGRATION TO UNITED STATES

Proposed Measure Would Permit Only Blood Relatives of Prospective Citizens.

Washington, Dec. 2.—Immigration into the United States would practically be suspended for two years under a bill submitted to the house immigration committee today by its chairman, Representative Johnson of Washington. The measure would permit the admission only of blood relatives of citizens or aliens who had declared their intention of becoming naturalized, and the entry for a period of not more than six months of travelers and of "otherwise admissible" aliens from Canada, Newfoundland, Cuba and Mexico.

The bill, Mr. Johnson explained, is a tentative draft which will be the subject of committee discussions. Change, suggested by other members of committee, he said, might be incorporated in the measure. Naturalization is not dealt with in the bill, Chairman Johnson explaining that this phase of the alien question is taken care of by a bill pending before the house.

Admission of blood relatives of citizens or aliens about to be naturalized would be on application to the commissioner-general of immigration, who would be instructed to permit entry only when satisfied that it would not be in violation of immigration laws and that the applicant would prove a desirable resident of the United States.

D'ANNUNZIO STAGES COMIC OPERA WAR

Soldiers Fire Rifles at Manoeuvring Italian Fleet.

Trieste, Dec. 2.—The Italian fleet stationed at Pola steamed up the gulf of Quarnero yesterday, manoeuvring in the bay before Fiume, and then slowly passed very close to the mouth of the harbor, as in review. The fleet consisted in contrast to d'Annunzio's little fleet of one dreadnought, four destroyers and smaller craft, moored at the Fiume wharf. Some of d'Annunzio's soldiers on the shore emptied their rifles at the fleet, but no casualties resulted.

NORWAY LACKING FOOD OWING TO STRIKE

London, Dec. 2.—The food situation in Norway is regarded as serious owing to the railway strike in that country, says the Exchange Telegraph's Copenhagen correspondent today, quoting a despatch from Christiania. Only one week's meat supply is available in Norway, the correspondent adds, and rumors again are current of a sympathetic strike in the coastal traffic and on the electric railways.

WANT XMAS TREES FOR POOR KIDDIES
 General Mercer Branch G. W. V. A. Make Appeal for Soldiers' Children.
WEST TORONTO
 In view of the fact that the Great War Veterans of Toronto have been unable to get assistance so far from the city fathers for Christmas tree for their children, as last year, the following appeal from General Mercer Branch is being circulated among West Toronto residents today:
 About half a million children in this country are without Christmas trees. Last year the City of Toronto made a grant of \$200 each to the various branches of the association for the purpose of assisting in providing Christmas trees for the orphans of soldiers who had died thru the war, and for the children of returned soldiers in each district, the branches making up the difference between the grant and the cost of the trees. The G. W. V. A. is offering similar assistance this Christmas, nothing definite has yet been decided upon, and there is very little time to spare if we wish to make the Christmas season of 1920 an "occasion" in the lives of the children in West Toronto, I am offering no apology in making an appeal to the citizens of this section of the city for their help. It is desired by the General Mercer Branch, G.W.V.A., to make this Christmas "tree" a yearly event for the children of the great war, and the soldier whose name we have the honor to bear, and we shall be very grateful for any assistance you may care to give us.

FLOUR SHORTAGE IN NEWFOUNDLAND
 Some of Remoter Settlements Will Have Meagre Supply This Winter.
 St. John's Nfld., Dec. 2.—Owing to the falling markets and the general depression prevailing here, Newfoundland is faced with a serious shortage of flour this month before its end. Imports have been smaller than usual and the shortage on Nov. 30 amounted to 40,000 barrels. Included in the imports were large shipments from Montreal, and the closing of navigation from there last week will considerably reduce future shipments.
 It is estimated that the shortage at the end of December will be about 100,000 barrels, as compared with normal years. Distributions around the extensive seaboard of this colony after New Year's Day will be difficult, and some remote settlements will have but a meagre supply until spring.

CAR SERVICE TO SHORTHORN SALE.
 A five-minute car service will be operated from corner of King and Bathurst streets through the eastern entrance to Exhibition Grounds, right to the cattle barns, where the sale of imported Shorthorn cattle is taking place. This service will begin to operate from 10 a.m. to 1 p.m. and again at the conclusion of the sale. Sale begins at 12:45 p.m.

 DISTRICT GROWING
 Former Vacant City Lots Now Contain Big Business Premises.
EARLSCOURT
 Regarding the growth of the Earlscourt district during the past year, it is interesting to note that the various vacant city lots, used for skating rinks last year, now have large buildings erected on them. The corner at Bloor and St. Clair avenues, which was a well attended rink last year, boasts now of a well built one and a half story building which will also include a hockey rink. There is considerable vacant land at Bathurst and St. Clair avenue, or the skaters would have to be contented to skate on the fine new garage being erected on the corner of Bloor and St. Clair. The residents are wondering if this also will be occupied during the coming year. The hockey rink in this section will be at Wyckwood and Benson avenues.

THE NORTH TORONTO BRANCH OF THE G.A.U.V. MET LAST NIGHT IN THE TOWN HALL, THE CHAIR BEING TAKEN BY T. SWINCOE, WHO ACTED AS DEPUTY IN THE ABSENCE OF THE PRESIDENT. The social situation was hotly discussed and the general opinion was expressed that the government should take hold of the matter as there were a good many cases of distress in the district. A resolution was finally adopted, calling upon the government to immediately take hold of the situation in order to relieve the present situation. It was stated that a ladies' auxiliary is to be formed in connection with the branch and will start the new year with a euchre and dance. A special invitation was issued for all clubs to give a most interesting when considerable business of great importance to the branch will be under discussion.

Work of excavation has just started for a branch of a large banking institution on the northeast corner of Bloor and West St. Clair avenue, where construction, it is stated, will be rushed to completion.

DAUGHTERS OF ENGLAND, DUCHESSE OF KEAT LODGE, REGULAR MEETING LAST NIGHT AT CREBER'S HALL, AT WHICH THERE WAS A FAIR ATTENDANCE. Officers were elected for the ensuing year, and Mrs. A. M. Weldon occupied the chair.

At a well-attended meeting of the G.W.V.A. Earlscourt branch, W. Perry of the district command, was the speaker at the meeting. During his address he went into politics and became more agitated in labor questions. He also advised the members to form committees to consider a firm basis of policy. He declared that in the majority of cases, the G.W.V.A. could not remain idle or stay "in the fence" any longer. The meeting of the G.W.V.A. was held during the Christmas rush. Officers were elected for the ensuing year.

Spadina Heights Ratepayers' Association held a special meeting presided over by J. Y. Ormsby, president, at the Presbyterian church school-house, Spadina road and Medina avenue, last night. The speakers of the evening were Keefe F. H. Miller and Deputy-Reeve W. Graham of York Township Council.

During his address Mr. Miller delivered reports on the various local improvements, which the expenditure was approximately \$2,269,624.77, and that of the water main, about one and a half million dollars in referring to the annexation of the section with the city of Toronto, he said that no objection would be made by York Township Council to the Spadina Heights section being annexed to the city, if such was the wish of the ratepayers.

Mr. Miller also remarked that the population of York Township was now 44,232, and the assessed expenditure approximately \$27,473,308.21. The matter of transportation was severely discussed by Mr. Graham, who also mentioned the Hydro question, in which he stated that the shortage of power was inconveniencing all the sections of the city, but that some streets in York Township were in total darkness, which was the only thing for residents to do was wait until the new power house was completed.

"York Township," Mr. Graham said, "has been making rapid strides during the past few years, and buildings have been kept, the house build alone have spent approximately \$500,000 on buildings in York Township."

MURDERED CADETS TAKEN TO ENGLAND
 Thousands Viewed Melancholy Procession Thru Streets of Cork.
 Cork, Dec. 2.—The bodies of the 16 auxiliary police cadets, the victims of the Kilmichael ambush, were brought today from Macroom and placed on a navy tender for shipment to England. Contingents of the Royal Irish Constabulary escorted the melancholy procession thru the city. Places of business were closed and all the shops shuttered. Numbers of men and boys failed to uncover as the procession passed by until reminded by the Black and Tans.
 A large crowd watched the embarkation of the flag-covered coffins. The Protestant bishop of Cork and the chief church officials assisted the auxiliaries in carrying the coffins aboard the tenders, while bands played dirges. The tender took the coffins to the destroyer Endine, which sailed at 2 o'clock in the afternoon for Fishguard and will proceed thence for Pembroke.

IRISH COUNTESS FACES HER TRIAL
 Dublin, Dec. 2.—At the royal barracks today the Countess Georgane Markievicz, member of parliament for the St. Patrick's division of Dublin city, who was arrested two months ago, was tried by court-martial on a charge of conspiring between January, 1918, and September, 1920, to organize a "fanna eireann," otherwise known as Sinn Fein boy scouts.
 This organization has been charged with conspiracy to murder military police, to organize a "fanna eireann," the carrying of arms, furnishing recruits to the Irish Volunteers, and generally promoting disaffection.
 The countess looked extremely ill today. Newspaper photographers who took snapshots of her were held by the military escort, who confiscated the photographs. The newspaper men were searched when they entered the barracks where the countess is being detained.
 The countess today refused to recognize the court, and the session was occupied with the examination of witnesses for the prosecution.

TORONTO TO ASSIST MUSKOKA HOSPITAL

Board of Control Gives Sympathetic Hearing to Supporters' Request.

Application was made to the board of control yesterday to recommend an appropriation of \$150,000 in support of the Muskoka Hospital for Consumptives, part of which was burned a few days ago.

Mr. Ames, in presenting the case, recalled that they had recently asked for \$150,000 from the city and the provincial government for capital expenditure. They were now forced, because of the fire, to amend their application, and ask for \$250,000, \$100,000 of which was expected from the city.

Mr. Ames suggested that a bylaw for \$150,000 be sent to the people on January 1.

Control Cameron said that as the matter was urgent, it might be advisable to put a grant through without reference to the people, and the deputations said that would be the more acceptable.

Control Gibson was opposed to the making of grants just now, except those of an urgent nature. An appeal on behalf of the sick should always come ahead of such a grant for the Muskoka hospital.

Other members of the board spoke in favor of the proposal, and the deputations were assured the matter would get careful attention.

Dr. Hastings, M.H.O., reported that a large number of patients from Muskoka, driven out by the recent fire, had arrived in Toronto and he had wired to Senator Lougheed, asking for the use of the Christie Street Orthopaedic Hospital to house them.

The M.H.O. was given authority to make any arrangements possible to take care of the patients.

Twenty patients arrived at Davenport station yesterday and were transferred to ambulances en route to the Weston Sanatorium.

The party, consisting of 20 women and 10 men, had patients, had been placed in a colonist car at Gravesend, Wednesday night and left for Toronto early yesterday morning.

They were accompanied by Dr. Jeffrey and two nurses, Miss McNaughton and Miss Simpson.

The work of transfer was superintended by Dr. Dobble, W. Speers and James C. Johnson of the transportation department of the Soldiers' Civil Re-establishment Invalidees' Soldiers' Commission.

COMMITTEE FAVORS MUNICIPAL HOSPITAL

Convalescent Home Also Recommended Following Visits to American Cities.

Your committee strongly recommends the adoption of the principle of municipal hospital control, and that the city proceed at once to secure a site, having in view the establishment thereon of municipal hospitals, and that they proceed forthwith to erect on the aforesaid site a convalescent home, which would ultimately constitute a part and parcel of the whole municipal hospital scheme.

Furthermore, in view of the fact that the city council is handing over approximately a million dollars per annum of public funds, over which they have no subsequent control, to private organizations, for the maintenance of indigent patients, we would, therefore, further recommend that a hospital commission be appointed forthwith, the personnel of which should be such to enable the city to exercise reasonable control over the expenditure of the funds.

The foregoing recommendations were made to the board of control yesterday by the special committee of the city council, which consisted of the mayor, Dr. Hastings, finance commissioner, Con. Cameron and Ald. Hiltz. They have visited a number of American cities.

NEW LABOR BUREAU. Hon. Walter Rolfe, minister of labor, said yesterday that the new veteran's department in the Ontario employment bureau would be opened some time next week.

Of course I didn't make the break of telling him where he could find Avery—trust your Uncle Denny not to spill out anything if he wanted to without Avery's help.

"Dandy work, Jim. And, of course, you've handled Avery just right. It's a matter of fact, I've never seen a man who's so good at his job."

"Heston—'Avery'—rose politely as they entered his cell. He was pale and thin, and his eyes were sunken. He looked at Carroll's statement of facts regarding himself."

"Both you and Miss Devarney have accused me of working solely to trick you into admission, Avery," he finished. "I'm not a crook, and I'm not a thief. I'm a man of business."

"Avery rose, crossed his cell and stared out at the tall pines to southward. Finally he swung back and placed himself before Carroll. "I'll tell you the straight story, and I'll not be deceived. You can believe it or not, as you choose."

"Good."

GODERICH WOMAN AMONG THE VICTIMS

Burned With Four Others in Fire Which Swept Apartment House in New York.

New York, Dec. 2.—Identification of the last of the five victims, including one Canadian woman, who perished early today amid flames that swept a five-story apartment house in West Fifty-seventh street, was made tonight.

The fifth body was found to be that of Betty Jones, the wife of Bobby Jones, a dancer in a supper club in Long Beach, Calif.

Mrs. Harold Boswell Reid, a vocal student of Goderich, Ontario, was the Canadian victim of the tragedy. The others were Potter, veterinary of the New York Hippodrome, trainer of animals for theatricals and motion picture and an owner of race horses.

Mrs. Eva Tuscombe, English premier danseuse and actress, the wife of Victor Tuscombe, an employe of Lloyd's, London.

Mrs. Jessie Markins of California, sister of Mrs. Reid.

Miss Helen Howard, who is a daughter of a former husband of Mrs. Reid's, and who is attending school in New York, told the authorities today that her mother's maiden name was Lena McMurchy. Her husband, Boswell Reid, is a canon of Goderich, Ontario, Miss Howard said.

Mrs. Reid had been married several times, her first husband having been David Howard, an Englishman, who was disinherited by his family.

found Porter Devarney there. He and I fished for awhile in the river, and I knew that the train from Charleston was in and that Heston would have had time to get to the boat. I sent Porter to ask her to come and see me. He, too, delivered that message literally, never taking the time to get into the cabin perfectly natural oversight.

"When he had gone I went out on the river for while in my launch, and lay there thinking. Then I saw her coming from the direction of the lodge, along a little path that skirts the river; she had not come along the road. I whistled to her and she came to join her."

"She said that she had thought I was at the lodge and that no one had mentioned to her that there were people there. She had not known for hours as she had been in Charleston. I told her about the folks and then we walked toward the road together. And, whether or not you believe it, that is the truth."

"He gazed squarely at Carroll. He was not the detective came the belief that the man was speaking truly."

Orrin Kinney, the killer, walked up the stairs, rattling his big bunch of iron keys. "Sheriff," he said, "there's some folks would like to see you."

"The Devarneys—all of them." Then, he added, in explanation: "Beth Devarney's crowd."

"Avery's face flushed. He glanced beseechingly at the sheriff and Potter nodded toward Orrin."

And up they came, in the wake of Peter Royce, clerk of the court, and like a man on a cell door, and quite frankly and without the slightest trace of embarrassment, he went to Avery and put up her lips to him. He touched them reverently with his hand.

The girl turned toward the others, head back and eyes shining. Her hand tightly clasped both of Avery's hands.

"With your permission, Sheriff Potter," she said quietly, "Mr. Royce will perform the ceremony for us."

OTTAWA AFTER THE HEAVYWEIGHT FIGHT

Ambitious Sportsmen Wire Rickard—Battle Will Go to New York or London.

New York, Dec. 2.—An offer for a site for the staging of the Dempsey-Carpenter heavyweight championship fight in Canada was received here today by Promoter Tex Rickard.

The proposition from a syndicate of wealthy Ottawa sportsmen suggested holding the contest at Hull during June. It was stated that \$250,000 was available as a guarantee and Rickard was requested to meet and discuss the matter with a representative of the Canadian syndicate.

Rickard said that he would arrange for a conference in the near future, but no definite plans had been made for staging the international battle at any particular place.

The syndicate decided to stage the fight anywhere in the United States, Canada, Mexico or Cuba, providing the principle was given sufficient notice of the site to arrange for proper training facilities.

It was intimated today by the chief promoter that in case it was found unadvisable to hold the contest in or near New York, the match would in all probability be staged in London where Carpenter is a popular pugilist and Dempsey a quiet contender.

When it was pointed out to Rickard that the existing contract did not cover the fight in Europe, he stated that both Manager Kearns and Champion Dempsey had agreed to sign a new contract for a conference with the "emergency" clause which would allow the fight to be staged in London.

It was intimated today by the chief promoter that in case it was found unadvisable to hold the contest in or near New York, the match would in all probability be staged in London.

As far as is known here Rickard has not decided where the fight will be held. The law in Quebec is such as to allow guaranteeing Rickard a 20 or 30-round permit.

COULD FIGHT THIRTY ROUNDS IN QUEBEC

Ottawa, Dec. 2.—Tex Rickard is being asked by a syndicate, composed of Hull and Ottawa sportsmen, to stage the world's championship heavyweight bout between Dempsey and Carpenter in Hull next June.

A telegram has been dispatched to the great fight promoter, asking him to arrange for a conference with a representative of the syndicate. More than \$250,000 is at present available as a guarantee of good faith.

LYNCH HANDS THE K. O. TO SHARKEY

New York, Dec. 2.—Joe Lynch knocked out Jack Sharkey in the fifteenth round of the fight at the Madison Square Garden tonight. Both are New York bantamweights.

The end came after 43 seconds of fighting. Lynch's victory earned him the right to meet Patsy Cline of New Orleans, world's bantamweight champion, in a 15-round bout for the title in the same ring on Dec. 22.

Lynch weighed 117 pounds and Sharkey 118.

It was announced, will sail Dec. 22 for London, where he will be matched with Jimmy White, the world's flyweight champion, in a 15-round bout.

Lynch and Sharkey met here two weeks ago and also Sharkey scored several knock-downs, the judges' decision was a draw. Tonight Sharkey had the better of the argument up to the sixth round, in the seventh with a hard left hook he felled Sharkey, the latter's knees caving in. Sharkey was up in an instant.

Sharkey went through the ninth and tenth rounds on bull-dog courage, but Lynch fought him to the end, however, Lynch had all the better of the contest.

On the opening of the fourteenth round, a right to the head sent Sharkey down for a count of nine and Lynch took the end, however, Sharkey came up for the final round he was in bad shape and Lynch rushed him into his corner.

At the conclusion of the fight, Lynch was awarded a right and a left to the head which sent Sharkey down again for the count.

DESTROY GOOD PACER AFTER AN ACCIDENT

Ottawa, Dec. 2.—(By Canadian Press.)—Ellis Pointer, the star pacer, owned by Thomas Ellis of Chesherville, Ont., was destroyed today as a result of injuries received on Tuesday last. The horse, frightened at a passing street car, ran away and collided with a telephone pole. One of its limbs was severely injured, and efforts of veterinary surgeons failed to heal the wounds.

Ellis Pointer two years ago raced over the St. Lawrence Quebec circuit, and has met and defeated practically all the best horses in Canada. At Boston, a few years ago, he finished second to Frank Dewey, 2:01 1/4.

Mr. Ellis recently refused \$2000 for the animal. He carried \$1500 insurance.

Traffic remained closed in Broadway for two blocks and in 52nd street, city building inspectors having declared the remaining walls might topple at any time.

FOR five years Worthington travelled the highways and byways, setting his nets in the currents of business. And his catches were increasing in size and importance.

The clear head and steady hand of Johnson, his partner, put his orders through the factory for a profit. They were well on the road to prosperity.

But now Johnson is gone. The factory that worked smoothly under his guidance has lost something in efficiency. Someone must take his place.

Worthington decided to come in off the road and to hire someone to take the orders—to reap where he had sown. But the new man didn't seem to have any luck, so Worthington got another idea. He would spend half of his time inside and the other half on the road.

The latter scheme didn't seem to work either. The books showed losses week after week. Down, down went the business, and shortly the "Factory for Sale" sign was hung out.

Someone could have taken Johnson's place—no man is indispensable. Worthington knew of a good, proved man—but a high-priced one. "If I only had ten thousand dollars cash I could tempt him," Worthington had said. But he didn't have the ready money, the business went to smash and he had to start anew.

Business Life Insurance would have saved this business, as it has saved others. Ask us to send you our booklet which tells all about it.

WEEK-END MARKET CLOSED UP DRAGGY Lambs a Shade Easier—Run Was Very Light.

With a very light run of cattle at the Union Yards yesterday the market was unchanged, the bulk of the stuff being cleared up steady with Wednesday's prices. Among the receipts were four loads of western cattle, of medium quality and which sold at 10c to 11c on the whole, while the market was not active, prices may be said to have held steady in all lines. RESULT OF B. C. VOTE SYMPTOM OF POLITICS In Ottawa, Taken to Indicate Unsettled Conditions in Canadian Arena. Ottawa, Dec. 2.—(By Canadian Press).—Results in the provincial elections in British Columbia yesterday are regarded here as symptomatic of the generally unsettled conditions in Canadian politics. While the Oliver government is returned, it is noted that the administration may be largely dependent for its existence on support of the independent group. Following the B. C. provincial elections of 1916, the standing of political parties was: Liberals 37, Conservatives 9, Socialist 1. With 15 candidates already elected, the Conservatives have, therefore, improved their position as compared with 1916. But the independent group, now numbering seven, will be very considerably stronger.

Considered as a whole, the results are taken to imply a breaking away from the old parties and the probable rise of group government.

Lambs—106, 80 lbs., \$13.75; 21, 90 lbs., \$13; 38, 90 lbs., \$13.50; 12, 95 lbs., \$13.50.
