TEN PAGES—ONE CENT

LONGSHOREMEN ASK FOR HIGHER WAGES

Present New Schedule To Representatives of The Shipping Companies

INCREASES FROM 25 TO 125 PER CENT.

Present Agreement Terminates in November — Some Details of Proposals — One Rate of \$1.35 Per Hour — Steamship Men Have Nothing to Say at Present

The Longshoremen's Association has limited its new schedule of wages to steamship companies to go into effect, if accepted by the latter, on November 16. It provides for a large increase in wages, and shows some other details not included in the agreement which has been in force during the past year.

The new schedule provides for sixteen men to a gang loading and discharging, and not less than ten men to a gang on deal boats. The present agreement makes no stipulation as to the number of men to a gang.

The comparison of some of the wage changes may be tabulated thus—

Table with 3 columns: Old Rate, New Rate, etc. Rows include: Week days, per hour; Sunday nights, meal time per hour; Sunday days, per hour; Sunday nights, per hour; Sunday, meal time per hour; Sunday nights, meal time per hour; Handling bulk grain per hour; Night, per hour.

It is said that the Sunday rates on grain under the new schedule would be \$1.10 by day, \$1.20 by night and \$1.80 at meal hours.

J. T. Knight, of J. T. Knight & Company; Percy W. Thomson of William Thomson & Company, and Harold C. Schofield of The Robert Reford Company, Ltd., all refused to comment on the new wage scale in any way.

The new agreement provides for triple time when working during meal hours.

AIR FLEET IN SHAM BATTLE

AVIATOR INJURED

Flight of Mediterranean — French Military Airman Loses His Life Off Morocco

(Canadian Press) London, Sept. 22.—The feature of the British manoeuvres in the midland counties yesterday was the destruction of an airship by a squadron of aeroplanes which circled about in a manner which would enable them to do unlimited bomb throwing in real warfare.

Another incident was the mutiny of a regiment of soldiers, causing the members of which were disgruntled because they received only three crackers and a chunk of cheese for breakfast. The men refused to march but were afterwards placated by a double ration.

An army blimp returning to camp near Rugby fell from a height of about one hundred and fifty feet. Lt. Chinnery, the pilot, had a collarbone dislocated, while Mr. Playfair, a passenger, received serious injuries about his head.

St. Raphael, France, Sept. 22.—A flight across the Mediterranean from the French coast to Tunis was started at eight minutes to six this morning by the well known French aviator Roland G. Garros. The distance in a direct line is between 450 and 600 miles.

Mogadishu, Somaliland, Sept. 22.—A French military aviator coming here from Casablanca today was plunged into the sea at a distance of 800 yards from the beach. The aviator was feared to be the seat of his machine and did not come to the surface again.

Little Sloop Missing Washington, Sept. 22.—Failure to get news of the little sloop Wasp, which was missing in Alaskan waters since August 24, has alarmed officials here. The rescue cutter Bear, now at Unalaska, will make a search for the little vessel.

Carleton County Court Woodstock, N. B., Sept. 22.—(Special)—The county court met today, Judge Carleton presiding. A case involving taxes between the town of Woodstock and the Misses Sherrill will be tried.

How Would You Like a Suburban Home? Look carefully at this picture. It illustrates splendidly what a fine piece of property can be made of a suburban home and how an investment of this kind pays big interest, not only in the money but also in health and happiness.

Paris, Sept. 22.—Distressing news comes from the champagne district. Not only will this year's output of wine be considerably below last year's, but its quality will be inferior. The president of the wine dealers' association estimates that this year's wine yield will be half a million gallons less than last year.

Albany, N. Y., Sept. 22.—Cady Herick, counsel for Governor Sulzer, announced at the outset of today's session of the high court of impeachment that the government would cease to prosecute the functions of the executive head until the termination of his trial.

THAW'S FIGHT FOR FREEDOM

Real Battle Commenced Today BEFORE GOVERNOR

Both Sides Confident — Mr. Thaw Carried to Supreme Court — Public Not Admitted

(Canadian Press) Concord, N. H., Sept. 22.—Harry K. Thaw's real fight for freedom began today with the opening of the extradition hearing by Governor Felker, counsel on both sides realized that the hour of legal sparring for temporary advantage had passed and that the outcome rested on the interpretation of points of law regarding which few, any, precedents had been found.

New York, Sept. 22.—A London cable says: For the first time in peace or war airmen and aviators met in combat yesterday near Northampton in the army manoeuvres.

St. Raphael, France, Sept. 22.—A flight across the Mediterranean from the French coast to Tunis was started at eight minutes to six this morning by the well known French aviator Roland G. Garros.

Mogadishu, Somaliland, Sept. 22.—A French military aviator coming here from Casablanca today was plunged into the sea at a distance of 800 yards from the beach.

Leithbridge, Ala., Sept. 22.—Meagre reports of what is probably one of the most destructive prairie fires yet recorded are just beginning to sift through from the district affected.

Dublin, Sept. 22.—The boys in one of a Christian brothers' school went on strike yesterday, they demanded among other things, an extra half holiday and the destruction of books published by firms which employ strike breakers.

Toronto, Sept. 22.—The Northern Navigation Company received a message from Jackfish Bay late this afternoon that the Haronic, which was reported lost, was safe in the harbor there.

Everett, Wash., Sept. 22.—Several coaches of the Great Northern East bound overland train No. 4, were derailed this morning near Mukilteo and before warning could be given, westbound overland No. 8, on another track crashed into a portion of the wreckage that was scattered over both tracks.

Winnipeg, Sept. 22.—A traffic in Manitoba liquor licenses is alleged in a court action brought by H. Arenowsky, a salesman, against five men, all prominent supporters of the Roblin government. The defendants to the suit are: W. W. Velch, wholesale liquor dealer; G. S. Lennox, wholesale boot and shoe dealer; E. B. Fisher, political organizer; M. J. Johnson, chief license inspector for the province; J. Stott, wholesale liquor dealer.

Albany, N. Y., Sept. 22.—Cady Herick, counsel for Governor Sulzer, announced at the outset of today's session of the high court of impeachment that the government would cease to prosecute the functions of the executive head until the termination of his trial.

WAR AGAIN IN BALKANS

Albanians and Servians in Battle

200 SERVIANS KILLED

Servian Fort Captured by 20,000 Albanians—Austrian and Bulgarian Officers in Command—United States Will Take a Hand

(Canadian Press) Vienna, Sept. 22.—In a fierce battle today between Servian troops and Albanians on the new Albanian frontier, 200 Albanians were killed, according to a despatch to the Neue Presse. The fighting is reported to have occurred at a place between Dibon and Jakova where many of the battles between the Servians and Turks were fought in the recent Balkan war.

Washington, Sept. 22.—State department officials said today that the reported capture of the American mission school at Koritza, Albania, by Greeks, would raise an important diplomatic question, as the status of American institutions in Albania has not been determined under the new territorial delimitations growing out of the war between the Balkan allies and Turkey and the later conflict among the allies themselves.

Belgrade, Servia, Sept. 22.—The Servian fortifications of the town of Dibon, Albania, were captured today by a force of 20,000 well armed Albanians, according to a report here. Servian reinforcements were hastily despatched to the assistance of the garrison.

Denies That Kaiser Has Invested Heavily in British Columbia Lands Vancouver, B. C., Sept. 22.—Emphatic denial of the report that the Emperor of Germany has become an active investor in Vancouver realty and British Columbia lands through his office is given in a statement by Alvin W. Alvenleben. The despatch to the effect that the Kaiser has personally invested heavily in this city and province was received from London.

While Mr. Alvenleben could not be located up to one o'clock this afternoon to be asked for a direct statement, it was announced at his office that he had dictated a statement denying he reported.

"Bringing Home The Bacon" That's a homely phrase some one originated to signify success. Manufacturers of nationally advertised products are discovering that the way to "bring home the bacon" is to reach consumers directly.

Consumers demand is quickly felt by dealers and they are only too glad to help it along. Nothing succeeds like success—and nothing is easier sold than something the public wants to buy.

Business grows and manufacturer, merchant, and consumer profit. Mr. Manufacturer, the short cut to the consumer lies through advertising in the daily newspapers. It is the medium your dealer uses and through which he can best co-operate with you.

Do you see how it can be made to fit your goods? Write to the Bureau of Advertising, American Publishers Association, World Building, New York, and perhaps some light can be thrown on your problem.

Carnegie Hero Saves Ten More Lives

Gallant Rescue of Crew of Wrecked Schooner—Two Women on Board

(Canadian Press) Edgartown, Mass., Sept. 22.—The five-masted schooner Marcus L. Urann, with coal from Sewalls Point, Va., for Boston ran on the dangerous Shiffs Island Shoal in Musket Channel yesterday.

For several hours Captain Benjamin Thomas and his crew of eight, together with the wives of the captain and the steward, were forced to remain on their vessel in a heavy southerly gale until a lift in the dense fog this afternoon disclosed their presence to those on shore.

Capt. Levi Jackson, holder of a Carnegie medal for life-saving exploits, dashed out the harbor on his auxiliary fishing schooner Pricilla II, purchased, in part, by money from the Carnegie hero fund commission, but was unable to bring his little boat alongside the big coaster. Jumping into a dory, he was the first to board the Urann, and handling the oars himself helped transfer the women and the sailors, two by two, to the Pricilla, without mishap.

Most of them brought along their personal belongings.

Montreal, Sept. 22.—It is asserted in Montreal that over 100 carloads of live beef have been shipped from Montreal during the last three weeks to United States cities. Thirty-four carloads were bought last week in the local market for the purpose of shipping to the United States.

In anticipation of the duty on live beef being reduced from 27 1/2 per cent to 25 per cent, American buyers have been buying in Montreal. The buying has so cut into the local packers' interest that they threaten, if American buyers continue to take the supplies offered there, to stop purchasing at the stock yards and secure their future supplies from the country.

Reports from southern Canada state that agents of American concerns have for the last fortnight been going through the country buying cattle and having payment held up because as soon as the tariff is reduced.

Winnipeg, Sept. 22.—A traffic in Manitoba liquor licenses is alleged in a court action brought by H. Arenowsky, a salesman, against five men, all prominent supporters of the Roblin government. DISTANT OBJECTS IN DARK OF NIGHT BY THE WIRELESS

Alajo, Cal., Sept. 22.—A local inventor has evolved a wireless photographic instrument which works only at night. It reflects on a mirror, it is said, a picture of everything within a radius of several miles. He has been invited by the Navy to Washington, for instruction by experts of the Navy Department.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Toronto, Sept. 22.—The disturbance which was centered in Michigan yesterday is passing eastward towards the gulf and the pressure is now high over the great lakes while to the west there is another disturbance which will move toward Lake Superior. Rain fallen over the larger portion of Ontario, Quebec and Saskatchewan.

Frost on Thursday. Partly cloudy with fresh southerly winds and showers today; Wednesday, fair with cooler, local frost Thursday.

SUFFRAGETS BURN HOME FOR IMBECCILES

Seafield House, Formerly a Convent, Now Under Reconstruction, Damaged to Extent of \$100,000

Liverpool, Sept. 22.—Militant suffragettes set fire to Seafield House at Seaforth four miles to the northwest of Liverpool, during last night and caused damage estimated at \$100,000.

The members of the "Arson squad" left a quantity of suffrage literature strewn about the lavas. The building which was formerly used as a convent, was undergoing reconstruction at a cost of \$120,000 and was to be turned into a home for imbeciles. The entire institution is valued at nearly \$1,000,000.

Cards addressed to the government bearing the typed message "Mene mene tekel, upharsin," the writing on the wall seen by King Balshazar, were scattered about the grounds by the suffragettes.

TIRED OF LIVING ON LOW WAGES SHE TOOK HER OWN LIFE

Chicago, Sept. 22—Social welfare workers were interested today in the fate of Selma Peterson, a 19-year-old girl, employed in a clothing factory, who committed suicide after she had lived for six months on meals which food experts said were sufficient to sustain life.

Her reason for her act was given in a note—"Wages too low. Life not worth living."

In a notebook she had set down her weekly expenditures, showing that meals, room rent, car fare and laundry took \$1.25 of her \$3 wages. There were entries which stated that her daily diet consisted of the following:

For breakfast, coffee and rolls.

For dinner, beef stew and milk, rice pudding.

For supper, fruit salad, graham crackers and milk.

Shortly before the girl died she regained consciousness. To a physician she said: "Doctor, did you ever live for six months on 30-cent dinners?"

The menu in the girl's diary was submitted to an expert on food values, who asserted it contained all the elements necessary to support life.

JOHN BULL'S BOGIE LADY'S COMING! HOORAY!

SAVING HUMAN LIFE

(Bangor Commercial)

Figures demonstrating a very notable achievement in the saving of human life, were those recently presented to the International Medical Congress by John Burns, president of the British government board. Mr. Burns compared the average number of deaths from 1871 to 1880 with that of the years 1909-1911 and showed that by the decreased death rate no less than 77,241 lives were saved in the three latter years. Medical science has made remarkable strides and has been vastly assisted by the greater interest in proper sanitation and improved living conditions that has been exhibited by the public.

Mr. Burns stated that nearly half of the saving of life has been accomplished under the headings of smallpox, measles, scarlet fever, whooping cough, typhus, enteric and simple continued fevers, purpura, fever, diarrhoea, dysentery, cholera and tuberculosis. And the best part is now aroused as never before and that the future strides in the economic savings of human life will be even greater in the future than it had been in the past.

SAY TORIES STARTED FIRE TO BREAK UP LIBERAL MEETING

Disastrous Fire Wipes Out Seven Buildings in Petticoatic—Loss is \$20,000

In such plight are the conservatives of Petticoatic way that by hook or crook they have to prevent every liberal meeting that threatens to be held. Yesterday seven buildings and four stores were gutted in a \$20,000 fire, and this is the way the Times' correspondent puts it:

"There was a Liberal meeting here this evening, which prominent men spoke and they say the fire was started so as to disturb their meeting."

Undaunted by this, however, the speaker at the meeting gracefully concluded his address and then suggested that if Petticoatic needed saving, why it might as well be saved by Liberals as anybody, so the meeting adjourned to quench the fire.

By the time they arrived, however, the blaze had secured a firm hold and was beyond control. All that could be done was to prevent its spread. This was done with the assistance of the Montserrat firemen who arrived in a steamer.

There was little insurance on the buildings burned and the damages reported below are in the majority of instances total losses.

The Times' correspondent also says that several cases of pilfering were reported. This mystery is still unsolved, the Liberals having an excellent alibi even in Conservative Petticoatic.

The individual losses follow: Dr. McDonald, Dorchester, building, \$2,000; U. Z. King, \$1,000; Jones building, \$1,000; Thadde Drysdale, \$2,800; W. Ricketson's, \$500; Parkinson's store, \$4,500; building and \$4,000 in stock; Robert Wilcott, \$1,000; Parkinson's new stable, \$800; Pollock's millinery store, \$2,000; stock \$4,000; Mrs. Pollock, \$1,000; furniture, and \$300 in cash; E. R. Lockhart, house, \$200, furniture \$1,000; Mansion Hotel, \$200; Freese Taylor, \$300; Jacob Jones, \$500.

CHRISTABEL PANKHURST IS TOO IMMODEST FOR BRITISH READERS

London, Sept. 23—There is much discussion in the ranks of the Women's Social and Political Union over a series of articles appearing in the "Suffragette" by Christabel Pankhurst, wherein she seeks to bring the fight into British home circles. Her articles are appearing in the plainest language and facts unusually found outside of medical works. It is even hinted that the government may take action seeking to suppress the publication.

Christabel, while attempting to defend Christabel, declares that the subject needs attention, which only militants apparently dare give it, admit that many wealthy supporters hint the withdrawal of their support on account of their belief that the young woman is transgressing proper bounds.

Impeachment Upheld.

Albany, N. Y., Sept. 23—Governor William Sulzer must go to trial. This was decided by the high court of impeachment tonight when by a vote of 51 to 1 its members overruled the motion of the governor's council to dismiss the proceedings on the ground that he was unconstitutionally impeached by the assembly because that body was in extra session when the impeachment was brought.

Rheumatism

A Home Cure Given by One Who Had It

In the spring of 1888 I was attacked by rheumatism in my right arm. I suffered as only those who have it know. I never sleep, I could not walk, I was unable to do any work. I tried many remedies, but none gave me any relief. Finally I found a remedy that cured me completely and has never returned. I have given it to a number who were severely afflicted and it effected a cure in every case.

I want every sufferer from any form of rheumatism to try this marvelous healing power. Don't spend a cent; simply mail this name and address and I will send it free to try. After you have used it and it has proved to be the best, I will send you the means of curing your rheumatism. You may send the price of a box your money will be perfectly refunded if you are not satisfied. Write for any language, when positive relief is thus assured you will feel that I am not deceiving you.

Daily Hints For the Cook

Doughnuts

One cup of sugar, one egg, and just stir together—do not beat it; one cup of milk, a little salt, one tablespoon of the lard from the kettle, a little nutmeg, and flour to handle. Have the fat hot, and fry as quickly as possible.

Orange Banana Cream

Soak two tablespoons of granulated gelatine, 1-8 cup of cold water, add two cups of boiling water and one and a quarter cups of sugar, stir until dissolved, add two tablespoons of lemon juice and one cup of orange juice, strain, half all sherbet cups with the jelly and place on ice until firm. Press the pulp of one large banana through a sieve, add quarter cup of confectioner's sugar, beat until very light, fold in half cup of whipped cream, put a spoonful of the banana cream in each cup and garnish with a candied cherry.

TO IMPROVE ITS SERVICE FOR WOMEN

Department of Agriculture Asks Suggestions From Wives and Daughters of 50,000 Farmers

David F. Houston, secretary of agriculture, within the next few days will address a letter to the women members of 50,000 farm households throughout the United States, requesting them to give him information as to how the Department of Agriculture can best serve the needs of the farm women.

These letters will be addressed "To Housewives on the Homes of the Official Crop Correspondents" and will be sent to the full list of Crop Correspondents for transmission to the women members of their households. With each letter will be supplied a return envelope in which the women can forward their suggestions.

This inquiry results from the receipt of a letter addressed to the secretary in which the writer said:

"The farm woman has been the most neglected factor in the rural problem and she has been especially neglected by the national Department of Agriculture."

This letter was written not by a woman but by a broad-minded man so thoroughly in touch with the agricultural and domestic needs of the country that his opinions have great weight.

Following the receipt of this letter, the secretary determined that the best way for the department to learn how to give these women the fullest possible aid and service which their important place in agricultural production warrants, was to write to the women themselves and ask them to make their own suggestions.

In the letter these women are invited to give individual answers to the letter or to discuss the matter in their church societies or women's organizations and submit answers representing the combined opinions of the women of their entire communities. The answers are requested not later than November 15 and this date is set because it will

give the women time after harvest to consider the matter and discuss it with their women neighbors.

This letter will go to about twelve leading farms in each of the 2,800 counties of the United States. Their answers, it is expected, will represent the views and opinions of upwards of 500,000 farm women. These answers will be carefully considered by the specialists of the department having to do with that branch of agricultural activity.

WOMAN FEELS 10 YEARS YOUNGER

Since Lydia E. Pinkham's Vegetable Compound Restored Her Health.

A Suggestion for Digestion

Many persons suffer more or less from headache, dizziness, biliousness, and symptoms common to indigestion. There are various causes, such as over-starchy or greasy foods, improper mastication, or bad cooking.

Grape-Nuts

Solves the digestion problem

This food, made from prime whole wheat and barley, is perfectly baked until the starch cells are either converted into easily digested grape-sugar, or thoroughly broken down for quick digestion—generally in about one hour.

There is no animal fat in Grape-Nuts.

The crisp granules of Grape-Nuts come to your table ready-to-eat direct from the package, invite thorough mastication and have a peculiarly sweet, nut-like flavor.

Grape-Nuts, containing all the rich elements of wheat and barley, including the vital mineral salts, is a perfectly balanced food for building muscle, bone, brain and nerve.

Grape-Nuts is probably the longest baked, the best balanced, and the most easily digested of all cereal food. Wonderfully appetizing with cream and sugar.

MAYOR WILL ASK THE G. T. P. ABOUT PLANS FOR SAINT JOHN Council Yesterday Authorized His Worship to go to Montreal on This Mission --Sand Point Berths--Fair Wage Clause --Repairs to Marsh Road--The Police Force

Outside the domain of routine matters of minor importance little action was taken in the shape of formal resolutions at the weekly meeting of the common council yesterday afternoon, but a good deal of discussion occupied the commissioners on the subject of the street railway work on Robbsey avenue, the efficiency of the police force, the fair wage clause, etc.

that it was not its business to do the work. The matter was referred to the recorder to give an opinion as to the company's obligations in the matter.

The present strength of the force is thirty-four, said the commissioner, "I am short of the usual number, and I have no hesitation in saying that the city would not be any worse off with fifteen men short, and you might increase the force to sixty men without any improvement unless the men learned their duty better than they know it now."

With reference to the renewal of the Dominion Coal Company's lease of a berth at Rodney wharf, the mayor reported that it might be possible to have the company use anthracite or gasoline to generate their power, which would do away with the smoke nuisance.

RECENT DEATHS The many friends of Mr. and Mrs. F. C. Wesley will extend their sympathy to them in the death of their child, Frederick, a bright little lad of two and a half years, which occurred this morning at his parents' residence. The child became suddenly ill on Sunday evening, but being of a rugged physique, no serious results were anticipated. He took tea on his birthday, and passed away about 2:30 o'clock this morning.

SHIPWRECKED!!! A romantic drama of the high seas will be shown tomorrow at the Grand Theatre by the Kaleem Company in their new production of "Shipwrecked." It is a very exciting and interesting drama, the scenes of which have been carefully and ably enacted. The story centres about a young heiress about to marry one of her "class," but when a ship-wreck occurs on a boat in which they are sailing, she finds that he is not her ideal. A man of inferior station in life comes to her rescue. The story is most fascinating and appealing.

OFFICER 666 FUNNIEST OF FARCE COMEDIES

Trouble with a large capital T began last evening at the Opera House for Officer Phelan, "666" when, for the modest consideration of \$500, he permitted a young millionaire, Travers Gladwin, to don his uniform and patrol his beat in the neighborhood of the Gladwin mansion. This was in Act 1 of the "melodramatic farce" called Officer 666, and the troubles of the unfortunate policeman continued until the final curtain in Act 2, by the amusing delight and amusement of these in the audience who had come to enjoy a real good laugh. They were given possibly even more than they expected.

When Gladwin, millionaire and artist, returned secretly from Egypt to New York he found that some one masquerading under his name, was about to use his mansion—in fact that very night was to be married to a young woman for whom Gladwin himself entered a most decided fancy, and in his own house. Furthermore some of the millionaire's most valuable pictures were to be taken along on the honeymoon. Then the idea of exacting the role of a policeman presented itself in the hope of rescuing the girl, and catching the picture thief.

The company presenting the piece was very capable. Martin Malloy as policeman 666 caused hearty laughter with his rich emerald brogue in the several perplexing situations in which he found himself even to the last of the play, when the slick picture thief chloroformed him and got away in his uniform. George Ahearn played the role of the millionaire with dash and vim while Campbell Duncan showed cleverness as a young English "dude." J. M. Clayton although he appeared in only the last two acts, made a splendid impression upon the audience, playing the part of the "heavy" with coolness, deliberation and ability. The ladies of the company had really very little to do, but they were charming and lovable as Miss Nellie Quinn, of Charlotte street, taking the ladies' prize.

Had a Terrible Attack OF DIARRHOEA BUT DR. FOWLER'S EXTRACT OF WILD STRAWBERRY CURED HER. Mrs. JACOB SMITH, Manor, Sask., writes: "I am pleased to express my gratitude for your remedy in my case. I had a terrible attack of Diarrhoea. Just about every three minutes, I would have a passage, and it would keep this up for a week at a time, causing the passage of bloody water. I was so pained and weak, I could not do anything. Seeing your Dr. Fowler's EXTRACT OF WILD STRAWBERRY recommended, I tried it, and it thoroughly cured me. It is the only medicine I will now have for this complaint."

IMPORTANT BANKER Took Gatlin Liquor Treatment Cured in Three Days A Bank Manager of an important Branch of one of the leading Banks, being under the influence of Drink Habit, would lose his position if he did not give up drink. He fortunately took the Gatlin Treatment in time, and after only Three Days at the Institute returned to his position a cured man. In a letter he writes: "The Gatlin Treatment is certainly wonderful, and instead of being dull, I now transact all my work with a clear head, and business instead of being a burden as before, is now a pleasure to me."

RECENT WEDDINGS At the home of the bride's parents, Mr. and Mrs. Thomas Morrell, in Kennedy street last evening at eight o'clock, a pretty nuptial event occurred when their daughter, Miss Alma, was united in marriage by Rev. J. C. B. Appel, to William Otis Murphy of Paradise Row. The bride, who was given away by her brother, Ernest Morrell, was nicely dressed in white silk with lace trimmings and rhinestone buttons. She carried a bouquet of white roses. Miss Isabel Scott was bridesmaid, and was dressed in cream silk with white trimmings. Fred Shannon supported the groom. After the ceremony a wedding luncheon was served in the parlour. Mrs. Murphy, who are popular with a wide circle of friends, left on a honeymoon trip through the States, and their return they will reside in Kennedy street. They received many substantial remembrances from their friends.

HEIR ARRIVES FOR THE ROXBURGHES

Two Famous Physicians Constantly Watch Over Babe

DUKE OF ABRUZZI AGAIN

Now Say He Would Wed Lady Diana Manners - Preliminary Arrangements For Wedding of Prince Arthur and Duchess of Fife

(Times' Special Correspondence) London, Sept. 18.—We are going to have an interesting if not actually gay "little season" October is always a pleasant month in London and heaps of things are going on. Besides there is time to see one's real friends—a pleasure quite impossible during the season. Little One Brings Joy

A close personal friend of the Roxburghes had a great deal to say to me today about the new baby and heir. Even the duke, who does not often relax, is filled with joy about his son. He is as pleased as Punch.

My informant said the queen is to be one of the godmothers, but this may be a premature announcement. Her Majesty is genuinely fond of the duchess as for one reason she believes Her Grace goes up to her position and does not make herself cheap, and if there is one thing the queen hates more than another it is for a great lady to descend from her pedestal. She has sent the baby a mascot safety pin which belonged to her when an infant. It represents a four-leaved shamrock in general.

The youthful Roxburghes is a jolly little beggar, my informant tells me, but occasionally very riotous. The most eminent and fashionable photographers are already making overtures to the duchess for the privilege of "taking" her and the heir, and the duke is in such good humor that he may permit it. The duchess is really a pretty woman though nobody would suspect it who looks at the awful pictures of her which appear from time to time in the newspapers. The majority of which are horribly old-fashioned and dowdy.

I understand that two great physicians come and look almost every half hour at the little boy to make sure that he flourishes.

Again, the Duke of the Abruzzi

The Duke of the Abruzzi is soon coming to London to stay with the Duke and Duchess of Rutland. By all accounts he has fallen in love in a way with Lady Diana Manners. Like her sister, Lady Marjorie, who married Lord Anglessey something more than a year ago, she is full of "go" and vivacity. The duke regards her as the most interesting English girl he has met in London.

He saw her for the first time at the London of Lady Curzon's parties in Venice, among the most famous in society.

Mind you, the duke can stand on his dignity. A certain French actress of fame, who has been staying in Venice on the Grand Canal, has declined the invitation, but did it so graciously that the madame showed the charming letter to all her friends as if it was something to be proud of.

Society has been amusing itself these mornings swimming in ponds in the grounds of the various mansions where in big house parties are being entertained. The hostess usually gives prizes for the most alluring bathing frocks as well as for the greatest prowess in aquatic feats. Some of the girls do quite wonderful things in the water. Lady Victoria Cavendish Bentinck, the Duke and Duchess of Portland's daughter, is as good a swimmer as she is a horse-woman. She recently took part in a competition of this kind at a country house at which she was staying with her parents, and when the Duchess of Portland heard of it she promptly wired to the hostess to send her daughter home at once. Everybody thought it absurd. Children take part in these games and have the time of their lives. I hear it was the Duchess of Manchester who invented them, though she herself does not swim.

To Visit Canada E. R. Benson, a distinguished actor-manager is to leave for a lengthy tour of Canada at the end of this month. Prior to his departure he is talking director of the Shakespeare festivals at Stratford-on-Avon is to be entertained by several of his friends. Among those who have promised to be present are the Earl of Northbrook, Lord Tennyson and the Bishop of Southwark. With many others of the British theatrical world, Mr. Benson regrets that Canada has not yet evolved her own dramatic school, and while in the dominion he will take the opportunity of discussing this question with those who are interested in the creation of a national drama.

Cyril Maude, who is now giving a "command" performance of "The Headmaster" at Balmoral, will sail on the

ESKIMO NAMESAKE OF PRESIDENT CHRISTENED AT 30 BELOW ZERO

Washington, Sept. 22.—Of the many children named after President Woodrow Wilson, few probably can boast the hardness of a little Eskimo boy who was carried a mile in a temperature 30 degrees below zero to be christened. Rev. Dr. Charles L. Thompson, secretary of the Board of Home Missions of the Presbyterian church, wrote in a letter received by President Wilson today that "a baby endowed with that name, who at two weeks of age could stand such a walk, ought to do well in life."

Mr. Thompson enclosed a report from Rev. D. W. Cram, at Point Barrow, Alaska, the most Northern mission of the church, in which Dr. Cram wrote: "It was natural that the first boy born after March 1 should be named Woodrow. Doubtless there are many other little Woodrows scattered throughout the country by this time, but if this one at the farthest north does not hold the record for the earliest public christening, climatic conditions taken into account, I am very much mistaken."

The Royal Wedding Although the marriage of Prince Arthur of Connaught and the Duchess of Fife will be essentially a family gathering, it will nevertheless be celebrated with a certain amount of pomp and ceremony inevitable when a bride and bridegroom are both of royal blood. There is, however, no idea of the king and queen giving state banquets and receptions at Buckingham Palace, and the statement as to a round of court festivities is a fiction. It is intended to give two family dinners for the royalties attending the ceremony, all of whom will be near relatives, one at Clarence House, the other at Buckingham Palace. There will be a royal dinner party at the palace on the evening of the wedding day.

The details of the wedding are now rapidly being settled provisionally; it will, of course, be necessary to submit the programme to the king for his approval. The ceremony will take place at noon on Wednesday, October 16. The first procession will consist of those British and foreign royal personages who are not taking part in the actual ceremony. This will be rather a long procession, and those composing it will be shown to their allotted seats by the gentlemen ushers to the king. Following closely upon this will come the bridegroom, supported on the right by the Prince of Wales and on the left by the Duke of Saxe-Coburg and Gotha, each attended by his esquire-in-waiting. Directly this little group has taken up its position at the altar rails the assistant clergyman and choir will move down the aisle to await the arrival of the bride.

Her procession will gain considerably in interest by reason of the fact that Queen Alexandra will take part in it, walking with the Princess Royal immediately after the right bridesmaids. The last procession will be that of the king and queen, with the high officers of state in attendance.

The ladies of the general company present at the royal wedding are to wear semi-evening toilettes, a rather becoming garb for daylight. Their dresses will be cut low in the neck, with short or elbow sleeves, feathers in the place of hats or bonnets, but without trains. The men are to wear either uniform or ordinary court dress, with trousers in place of knee breeches. Prince Arthur of Connaught will be married in his uniform as a captain of the Royal Scots Greys, while the Prince of Wales will wear his uniform as a lieutenant in the navy. The Duke of Saxe-Coburg and Gotha will form an outstanding figure in his handsome dress as colonel-in-chief of the Seaforth Highlanders, while the Duke of Connaught will wear the uniform of a British field marshal. The king probably will be

BLACK BREAD BEST FOOD SAYS GERMAN SCIENTIST

Berlin, Sept. 23 - Dr. Kumer, one of the highest authorities on food analysis, considers that black rye bread should be the chief item of nourishment of healthy children and women, and maintains that, in earlier times, when the working classes did not eat meat to any extent, but nourished themselves on black bread, leguminous food and groats, they were full of pith, and were strong and healthy. Since meat, wheaten bread and sugar became the staples of daily fare their power of resisting disease has sunk. Even for weak stomachs Dr. Kumer prefers black bread.

On her way up river last evening the Ocoee came into collision with the tug 'Hawkeye' on the river at the time.

On Monday next the matter will be argued before the Ocoee arrived at Palmer's wharf.

The night was very dark and Captain Flewelling of the Ocoee when asked about the affair by a Times' reporter this morning said that he and the crew were in the wheel house at the time and about five minutes before the accident took place he saw a red light in the distance and knowing from that the vessel was approaching he put the helm to port.

On the matter of the allocation of berths on the harbor front was discussed at noon today at a meeting of members of the shipping council and representatives of the shipping companies.

Mr. Knight took objection to the proposed mode of allotment of berths, but did not favor it, but thought that all steamship lines should come to port on an equal standing.

Mr. A. C. Gilmour returned this morning from a very successful trip to Toronto and Montreal, where he placed orders for the latest and smartest designs in men's fine neckwear for fall and Christmas.

"THEY LISTENED TO THE PEOPLE"

Secretary Bryan Commends Passage of the Tariff Bill

GENERAL WELFARE FIRST

Plaudits of the Multitude Are Due To Those Who Have Shelled Self-Interest to Benefit Masses

Lincoln, Neb., Sept. 23.—Secretary of State Bryan in his own vehicle, the Commodore, signed a statement under the caption "They Listened to the People," commending Democracy for the passage of the tariff bill.

Further, he says—"The Democratic representatives from the wool-growing states should be applauded for the courage which they have manifested in defying the clamor of special privilege and casting in their lot with the over-burdened masses."

"The sugar interests have made an even more stubborn resistance to the demands of the tariff reformers, due largely to the fact that this industry is distributed over a larger number of states and is concentrated in its benefits. And here, too, the president was because of the overwhelming demand of those who have borne a heavy burden for the benefit of the relatively limited number who are profited by the tax. These senators from the sugar states who have stood for free sugar should receive the plaudits of the taxpayers. They have been faithful to the mass rather than subservient to the few."

When the history of the present tariff struggle is written, credit will have to be accorded to nearly all the Democratic senators and members for resisting the temptation to put local interests before the general welfare. In the discussions of the tariff question heretofore allowance had to be made for the pressure of local beneficiaries upon Democrats, who in principle repudiated the doctrine of protection, but in practice found it difficult to make their votes harmonize with their speeches.

It is cheering to the legislator to receive commendation from the rank and file of his constituents—and he is entitled to it when he votes right—to offset the abuse which is sure to come from those who recognize that they can no longer count on government in a private asset in business."

PERSONALS Mrs. H. W. Wilson (nee Law) will receive on the afternoon and evening of Wednesday, September 24, and Thursday, September 25, at her residence, 48 Kennedy street.

Miss Blanche Chase of Sackville, who was the guest of Mrs. N. T. Macfee, left on Saturday for Boston.

Miss Ines Baston of Bathurst was here for Providence, Rhode Island, where she will take course in nursing.

Charles I. Wetmore, who has been spending his vacation in St. John, has returned to his home in Newcastle, Pa.

Mr. and Mrs. J. P. Quinn of the north end left for Charlottetown this morning.

Montreal Star.—Hon. W. S. and Mrs. Fielding, the Misses Florence and Zillean Fielding, and Mrs. N. T. Macfee, who spent the summer at St. Andrews, N. B., are at present in Yarmouth, and will make a tour to Ottawa next week.

Moncton Transcript.—Mrs. C. W. Robinson, who has been absent in England for some months, arrived home today.

Mrs. G. A. Lawson and Mrs. E. Killam left for St. John today as delegates to the New Brunswick Baptist Association.

Sackville Tribune.—A visitor in town Thursday night was Charles N. Haney, barister of Vancouver, B. C., who graduated from Mount Allison University in 1897.

Shortly after graduation Mr. Haney went west and is now the head of one of the leading legal firms in the western city. Mr. Haney is a native of Deer Island and came east primarily to visit his father, who is in ill health. It is sixteen years since he left Sackville. Mr. Haney was accompanied by Mrs. Haney, who is a native of Cumberland county, and his little daughter.

CARSON'S FRIENDS TALKING TREASON The Montreal Star's London cable quotes F. E. Smith, M. P., as saying that the Asquith government dare not attempt to coerce Ulster. Then he added—"If it did, I say on behalf of the Unionist party of Great Britain, we hold ourselves absolved from all allegiance to this government. From that moment we say to our English followers—To your tents, O Israel! We stand by your side with you refusing to recognize any law, preparatory to you to risk the collapse of the whole body politic to prevent this monstrous crime. This message I bring you from England, and from Liverpool."

The St. Louis park department took a census of the trees in the city and found that there were 18,186 of them. The municipal nurseries have grown in the last year more than 30,000 trees and shrubs, valued at more than \$12,721.

Certain of the Chicago theatres will have posted in the lobbies certificates stating that the circulation air in the auditorium is good and that the atmosphere is up to the standard.

BEE-KEEPERS HAVE AN ORGANIZATION

Provincial Association is Formed With Woodstock Man as President

The New Brunswick Bee Keepers' Association was organized at a meeting held during the Fredericton 1913 Exhibition at the Provincial Department of Agriculture headquarters on the Fair grounds.

Professor Monty Pettit, provincial apiarist of Ontario, addressed the meeting, and the list of charter members is as follows: L. T. Floyd, Central North; H. H. Smith, Hoyt Station; John Camber, Springfield; D. Hiscox, Fredericton; L. M. Fluke, Florenceville; E. L. Colpitts, Petticoats; H. Pugh, Marysville; Thos. G. Perry, Butterfield Ridge; E. S. Peabody, Woodstock; Miss M. S. Peabody, Woodstock; Edwin Jennings, Newbury; and H. B. Dorset, Woodstock.

From this number the following officers were elected: President—G. S. Peabody. First Vice-president—L. T. Floyd. Second Vice-president—H. H. Smith. Secretary-treasurer—H. B. Dorset. Miss M. P. Turnbull, E. Colpitts.

The aims of the association will be, among other things, to bring the bee keepers into closer touch with each other for the purpose of interchanging ideas and experiences; to keep in touch through the secretary-treasurer, with practical knowledge by means of instruction and demonstrations and to secure production for the prevention of the insecticide and spread of bee diseases.

From the enthusiasm shown by the presence at the meeting, and from the number of persons who have already signified their intention of becoming members of the association, the New Brunswick Bee Keepers' Association will in a short time be one of the most prosperous and progressive associations in the province.

INNOCENT MAN SPENT 38 YEARS IN THE GALLEYS

Milan, Sept. 23.—After thirty-eight years in prison, an outcome of a deathbed confession, he is set free. Along with three other victims, who have meantime died in prison, Vassallo was condemned to hard labor for life at Palermo Assize in 1875 on a charge of murder. He has already been sentenced to two years in confinement, awaiting the trial of his case.

On the three-day journey thither he neither ate nor slept. He is bewildered at the transformation of Naples and the confessions as to the real assassin came from the family of the murdered man, and was dictated in the presence of a priest and a notary.

Vassallo is now sixty-two years of age. He is broken in health by the harsh Italian prison regime and can scarcely speak. The prison authorities left him to pay his own fare from America back to his native Palermo.

REAL ESTATE REVIVAL Evidence of a revival of interest in St. John real estate by parties outside the city is given today in the announcement of a sale of considerable magnitude, 288 lots in Cumberland Heights to Toronto buyers. The sale was made through Armstrong & Bruce. The purchaser of the lots is a Toronto capitalist who has, for the last two years or so, evinced considerable interest in the city and in real estate here. The lots in question are located on the Loch Leisland road, just a little east of Leisland Place, and will make a valuable residential centre which, it is understood, is the intention of the purchaser to develop.

OUIMET A CANADIAN (Montreal Star) The remarkable victory of Mr. Ouimet in the American open golf championship, suggests some interesting reflections on the foolishness of relying on hoary generalizations upon racial characteristics. Mr. Ouimet was said to say, in French-Canadian parlance and was born in Montreal less than twenty-two years ago. He has been in the States a number of years, and it fell to him, an amateur, to keep the American title on this side of the Atlantic after all the classic professionals had failed.

NEW CHURCH BLESSED An interesting ceremony was performed today at Goshen, N. B., when His Lordship Bishop LeBlanc blessed a new church recently finished there under the direction of Rev. Father Lochary, who has labored zealously for some time past until his efforts to erect a new edifice of worship for the people in the vicinity have now been crowned with success. He is deserving much praise for his labors and is being highly complimented upon his success. His Lordship today delivered an able address dwelling upon the event and its importance in his diocese. A large congregation was present at the ceremonies, and there were a great many priests from different parts of the jurisdiction, including Rev. D. S. O'Keefe from this city.

TENDERS OPENED The tenders for supplies for the Municipal Home were opened yesterday afternoon, and the contracts awarded as follows: D. J. O'Neil & Co., meats; M. H. Gallagher, groceries; Hygiene Co., bread. The drug tenders are still being considered.

The Men Who Will Fight For the World's Championship

BY SLOANE GORDON

"STUFFY" McINNIS, THE ELASTIC FIRST BASEMAN OF THE ATHLETICS
New York, Sept. 20—John McInnis, the Athletics' first baseman, is purely a "Connie" Mack product. He is like one of those sell backs so prevalent along the Massachusetts coast in which a gasoline engine has been installed. He wasn't built for it, but he got there.
McInnis was called "Stuffy" by one of his team mates when he was still in the chrysalis stage, and the name stuck, as those things so often do, because he is constructed along the lines of a slug. But he doesn't look stuffy when some infielder makes a wild throw. He stretches out like the last day before the vacation begins.
John McInnis broke into the big league team after he put on long trousers and had taken part in a world's series before he was able to cast his first vote, which comes pretty near to constituting a record. At heart, he is a Gloucester fisherman, for he was born in the neighborhood where that trade thrives, and he worked at it off and on before he took up baseballing. To be geographically exact he was born in Malden, Mass., in 1890.
"Stuffy" came to the Athletics in 1910 as a shortstop, after "Connie" Mack had paid five or ten cents for his release to the Haverhill team. Mack is famous for the big profits he gives up for his stars. McInnis did not have much of an opportunity to display his wares dur-

KING GEORGE QUIETLY TRYING TO SOLVE HOME RULE PROBLEM

(Ottawa Free Press Cable)
London, Sept. 22—While the fantastic suggestion made by some of the Unionists that the king should intervene to prevent the passage of the home rule bill without a further appeal to the country has been universally scouted, signs are not lacking that the king is using his influence to bring the party leaders together in order to accomplish some sane solution of the Ulster difficulty.
This week's Balmoral conferences including Lloyd-George's busy recall from the continent are believed to be associated with this. Lloyd-George originally favored the solution of omitting Ulster from the bill.
There is abundant evidence this week that Lord Loreburn's appeal is producing its effects. The Times, which has long been the champion of the anti-home rule cause declares editorially that Loreburn's proposal is being seriously and dispassionately considered and hints not obscurely that Sir Edward Carson had meanwhile better cease his campaign. It says:
"Of the least formidable of all obstacles to the proposed conference is the fact that the government may hesitate to make any conciliatory overture, lest they should be interpreted as concessions to threats of disorder. The effect of such speeches as those of Sir Edward Carson may prove to be very different from that which they are intended to produce."
Carson's bellicose speeches, his reviews of Ulster troops, and the appointment of Sir George Richardson to his general, excite a puzzled interest here. The British public are undecided as to how far they must take Carsonism seriously. Some discussion is proceeding as to whether Carson should be prosecuted for incitement to violence. The Liberals and Nationalists are strongly opposed to this course, believing it would advance his cause and that a conviction before a Belfast or a Dublin jury would be questionable. The Nationalists are of the opinion that his name should be removed from the privy council.

SAYS MANUFACTURERS ARE ONLY BLUFFING

Winnipeg, Sept. 22.—In dealing with the reply of the Manufacturers' Association on the subject of lower duties on British imports, the Grain Growers Guide will say tomorrow that the idea of the manufacturers in urging a conference is to secure a delay and is no sincere, and concludes a long article as follows:
"The suggestion of the manufacturers for a conference with the grain grower is a bluff pure and simple. We should be more than glad to see the leading officers of the organized farmers hold a public conference with the manufacturer officials where each side will present their case, and we will venture to predict that the result will be that the conference was ended that the manufacturers would not have a single argument upon which to base their demand for protection. If the manufacturer really desire a conference they might have shown their good faith by suggesting that at least some reduction could be made in the tariff on British imports."
"As it stands now the manufacturer are relying upon their financial resources to hold both political parties in check and prevent them from making any radical reduction of the tariff. In the past the manufacturers have done all their bargaining with the politician, henceforth they will find that they have to reckon with the common people. It is now a struggle to see whether the manufacturer dollars are more influential than the ballots of the common people."

GROXONE SAVES ELDERLY PEOPLE FROM KIDNEY AND BLADDER MISERIE

Sleep Disturbing Bladder Weakness, Backache, Stiff Joints, Rheumatic Pains Disappear After Few Doses Are Taken
While people along in years are naturally more subject to weak kidneys, they can easily avoid the tortures of backache and rheumatism, and be saved the annoyance of getting up at night with disagreeable bladder disorders.
Groxone relieves these conditions by promptly reaching the cause and making the kidneys filter the blood and sift out the poisonous acids and waste matter that cause these troubles.
It soaks right in and cleans out the stopped up, inactive kidneys, dissolves and drives out the uric acid and other poisonous impurities that lodge in the joints and muscles and cause rheumatism. It neutralizes the urine so it never irritates the bladder, obviates unnecessary breaking of sleep and the kidneys and bladder receive rest and strength.
If matters not how long you have suffered, how old you are, or what you have used, it is practically impossible to take Groxone without relief. It starts work the minute you take the first time you use it. An original package of Groxone costs but a tri and all druggists are authorized to turn the purchase price if it fails in a single case.

CARLETON BATTERY AT ANNUAL DINNER

The members of No. 2 Carleton Battery, Canadian Garrison Artillery, turned out in force to attend the annual banquet, which was held in Bond's hall evening. The affair was a great success and a very pleasant evening was spent. After everybody had done ample justice to the good things that had been provided, the usual toasts were honored and a lengthy impromptu programme was carried out. The following numbers were well received and loudly applauded: Solo, S. J. McGowan; solo, Lieut. T. L. Archibald; duet, Messrs. King and Archibald; solo, Sgt. Lanyon; piano solo, Gr. Geo. Lanyon; quartet, Messrs. Blackhouse, Lanyon, King and Fullerton; reading, E. R. Ingraham, and solo, Gr. Primmer.
Col. B. R. Armstrong, Lt. Col. J. B. Baxter, Commissioner Wigmore and E. R. W. Ingraham were present as guests of the battery.
The feature of the evening was the presentation to Lt. Col. Baxter of an historic souvenir in the shape of a model of a 60 pound muzzle loading gun. The ornament was fashioned by some of the members of the battery, the barrel being made of brass from a number of old buttons and buckles found among the ruins of the old Carleton drill hall, while the carriage was of African oak, cut from the carriage of one of the old 60 pounders, now obsolete. The presentation was made by the battery.

MORE FRENCH CAPITAL

Large amounts of French capital will come to Canada for investment purposes as soon as the money market again becomes normal, according to Dr. Philippe Roy, high commissioner for Canada in France, who was in St. John last week. This statement was made in the course of an address at luncheon in his honor by the Canadian Club of Edmonton on September 4. "The people of France," Dr. Roy added, "who have already millions of dollars invested in Canadian securities and industrial and commercial enterprises, are well posted regarding the development and settlement of the western provinces, and they now see greater possibilities and more opportunities than ever before. Moreover, the old country during the last few years, have been highly successful in various lines of endeavor, principally mixed farming and stock-raising, and their successes are now known through rural France." The result is that French capitalists are now turning their attention toward farm mortgages and munitions.
I do not hesitate to say that large investments will be made in the cities and agricultural districts in the near future.

SPORT NEWS OF A DAY, HOME AND ABROAD

ATHLETIC

The New Association. The first meeting of the newly formed athletic association in connection with the Victoria rink last week, took place last evening in the Victoria rink, when more than 100 young men joined the club and elected their officers for the coming term.

The balloting for officers resulted in a following being elected: President, Stirling; 1st vice-president, H. Ervin; 2nd vice-president, George Stubbs; secretary, W. S. Nelson; executive committee, H. J. Spearman, F. H. Leonard, Frank Grayson, J. T. Barber, G. G. Anglin and Elmer Ingraham.

The new organization, which it was decided to call the St. John Athletic Club, will start in immediately for the promotion of all lines of sport in the city, and plan the holding of a sport here. The formation of a football team will be begun immediately, and with the material now at hand, it is as though the new club will have a dangerous looking line-up.

Presenting Athletic Grounds. Smith's Falls, Sept. 22.—John McEwen made an offer to the town some time ago of ten acres of land for park and athletic grounds under conditions that would expend two hundred dollars annually in improvements. The offer is just being accepted by the town, and signed, and the name "McEwen Park" given to the block.

THE TURF

Linna B. Won. A brown brood turned out yesterday morning and saw E. Charters' mare, "B. B.," defeat Pearl Barrymore, owned by Wm. D. McDonald, in three furlongs at Moosepath Park. Despite the fact that the track was rather heavy, B. B. made good time and at no time during the race was there any doubt as to her being the winner. The match was \$100 a side.

After the race Mr. Charters issued a spinning challenge to put his mare "out" any horse in the town of St. John, with the exception of T. J. Nat. Alcion and E. Duncan. The challenge is for five half-mile or mile heats, with a prize of \$100 to \$500 a side, would particularly like to make a bet with the horse and Badger, owned by Geo. Nugent, St. Martins. There are several good fast horses in the county and if arrangements be made for a race, some good sport is assured.

The summary of yesterday's race is as follows: B. B. m. Charters (Chas. McDonald) 1 1 1 Barrymore, blk m. W. P. McDonald (Hayes) 2 2 2 Time—1:18, 1:12, 1:12 1/2.

Racing at Columbus.

Columbus, Ohio, Sept. 22.—Leata J. California mare, was second choice to the Bognash Jr. in the Hotel Hartman pacing stake race that held the eye of prominence on the programme at the opening day of Columbus Grand circuit racing, but she won in a five furlong struggle in which the sprinting tug the stretch was a feature, and the race went over for resumption tomorrow.

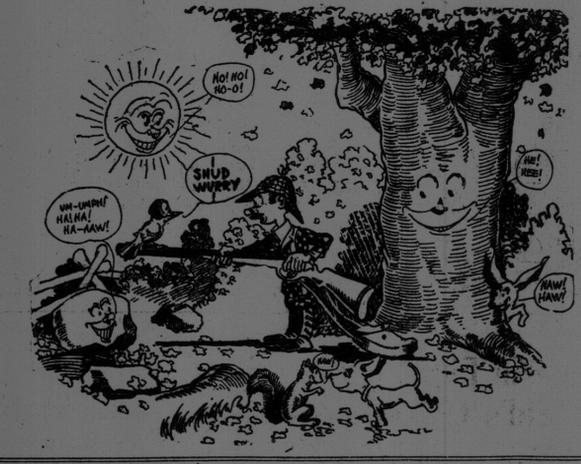

Several times this season these two rivals have met, and today's victory is the third for Leata J. In the second race she did the final quarter in 29 1/2 seconds and completed the next mile in 5 1/2 quarters in 28 1/2 seconds. Wing took heat gave her an advantage over Frank Bognash Jr. They did not rush enough to overtake Del Rey the fourth heat, but were fresher in the fifth, which Leata J. took, staying her rival by a burst of speed. She is credited with pacing the last half 1:00 1/2.

Directum I was a pronounced favorite for the King Pacing stake and won both heats. Though the track was dry, he did the third and final heat in 1 1/4, to keep clear of Walter Cochato (Frankham Baughman).

Big League Averages. Cobb of Detroit, with an average of .366, Jackson of Cleveland, with .374, and Speaker of Boston, with .369, are making a neck and neck finish in the race for batting honors in the American League.

Places in the 3000 class of the American League are held mainly by veterans. Henriksen of Boston, who led last year, is out of practically all the games of the latter half of the season.

Next in order are Eddie Collins, Philadelphia, .342; Lajoie, Cleveland, .340; Baker, Philadelphia, .338; Crawford, Philadelphia, .337; Grandall, Washington, .333; Bauman, Detroit, .317; D. Murphy, Philadelphia, .315; Crawford, Philadelphia, .309; A. Williams, Washington, .306; Lelivel, Cleveland, .306; Stallard, St. Louis, .308; Schaffer, Washington, .305.

Milan of Washington now has 65 stolen bases, and is leading the league. Moeller of the same team has 86. Jake Daubert of Brooklyn has attained the honor of undisturbed top place among the National League batters. His percentage of .861 puts him ahead of Earl Yngling, the Brooklyn pitcher, who has an average of .847.

Yngling is slowly climbing, but is still number ten and probably will not be able to reach the top this year. The three hundred hitters in the National League in addition to Daubert and Yngling are: R. Miller, Philadelphia, .829; H. Lohr, Philadelphia, .828; H. B. Hays, Philadelphia, .828; C. Ravert, Philadelphia, .828; Becker, Philadelphia, .827; Hess, Boston, .824; Walsh, Philadelphia, .824; V. Pittsburg, .815; Zimmerman, Chicago, .808; Titus, Boston, .807; Wagner, Pittsburgh, .805; Gibson, Pittsburgh, .804; Lohr, Philadelphia, .804; Wheat, Brooklyn, .804; Zinn, Boston, .804; Hauser, St. Louis, .804; Magee, Philadelphia, .803; Meyers, New York, .803; Kling, Cincinnati, .801.

Crawath seems destined to win home run honors for the year, as he has fifteen, and is also of Chicago may also be counted in the running with thirteen. Carey of Pittsburgh has taken away the base-stealing lead from Meyers of Boston, having forty-nine to the latter's forty-two.

Pitchers' records in the American League show Johnson ahead of usual. The first six rank as follows: Johnson, Washington, .28 7 .303 Falkenberg, Cleveland, .22 8 .733 Wood, Boston, .19 9 .706 Bender, Philadelphia, .18 9 .700 Walsh, Chicago, .17 8 .700

Jim Vaughn's first defeat of the season came too late to be recorded in last week's averages and he leads the National pitchers. The first five are: Vaughn, Chicago, .15 4 0.100 Demaree, New York, .15 3 .838 Humphries, Chicago, .14 3 .824 Cooper, Pittsburgh, .12 6 .750 Lutzren, Pittsburgh, .8 1 .750

James Murphy, an employe of a Chicago packing company, was roped and branded by his fellow employe just before his marriage. Two hundred cowboys escorted the wedding party to the church doors in their caps and spurs, and riding their ponies.

Brilliant Description of The Charm of Old Japan

TRAVELLER'S TALES IN MANCHESTER GUARDIAN

Japan, surely, must be a mirage created by enchantment. Nothing so beautiful could be real. Take the west coast of Scotland, bathe it in Mediterranean light and sun, and let its waves be those of the Pacific. Take the best of Devonshire, enlarge the hills, extend the plains, and dominate all with the only perfect mountain in the world—a mountain that catches at your breath like a masterpiece of art. Make the copes woods and the woods forests. For our fields with their hedgerows substitute the vivid green of rice, abating the yellow of the spot. Over the whole pour a flood of pure white light, and you have a faint image of Japan. Perhaps it is not naturally more beautiful than the British Isles—few countries are. But it is unspoilt, or almost so. Osaka, indeed, is as ugly as Manchester. Most of the rest, Japan is lovely. Japan of the Middle Ages, and lovely England may have been when England could still be called merry.

And the people are lovely, too. I do not speak of formal beauty. Some may think, in that respect, the English or the Americans handsomer. But these people have the beauty of life. Instead of the stonemason's faces that pass for faces among Anglo-Saxons, they have human features, quick, responsive, mobile. Instead of the slow, long limbs, creaking in stiff integuments they have active members, for the most bare and moving freely in their loose robes. Instead of a mumbled, monotonous, machine-like enunciation of sound they have real speech, vigorous, varied, unshuffled. Their children are the loveliest in the world; so gay, so sturdy, so cheery, yet never rude. It is pure happiness to meet to walk in the streets and look at them.

It is a pure happiness, I might almost say, to look at anyone, so gay in their greeting, so radiant their smile, so full of vitality their gestures. I do not know what they think of the foreigners, but at least they betray no animosity. They let their stiff, ungainly presence move among us unchallenged. Perhaps they are sorry for him; but I think they are never rude. I am speaking, of course, of Old Japan. The Japan of today is all in cover. It is a system in which, in the north, avoid Osaka and post-roads Yokohama and Tokio. It is still the Japan of feudalism, a system in which, in the south, do not believe; which in its essence, in Japan, as in Europe, was harsh, unjust, and cruel, but which had the art of fostering, or at least of not destroying, beauty.

Japanese Feudalism. And in this point feudalism in Japan is less grandiose than feudalism in Europe. There is nothing in Japan to compare with the churches and cathedrals of Europe. There is no stone architecture at all. But there is nothing in the west to compare with the living-rooms of the Japanese. The art of these days from the sixteenth and seventeenth centuries are to be seen in Kyoto and elsewhere.

And I saw that I had no more than an exquisite human life might be met. The Japanese, as it is well known, discovered the art of paper. The room consists of a floor of spotted matting, and walls of paper. But the paper walls, these old palatial rooms are masterpieces by great artists. From a background of gold leaf emerge and fade away suggestions of birds and clouds and hills, of peonies, chrysanthemums, lotuses, of wild geese and swans, of reeds and the green woods. These are royal apartments; but all the cost, it will be seen, is lavished on the work of art. The principle is the same in humble houses. Mr. Okakura has described, with the eloquence of which he alone has the gift, the choice simplicity of the room, and its eloquence of symbolism. People who could so devise life, let us make no mistake, are people of a fineness of perception unknown to the west, unless it were once in ancient Greece. The Japanese indeed suspect, are the Greeks of the East.

Their Theatres. In the theatre at Kyoto this was curiously borne in upon me. On the floor of the house reclined figures in loose robes, bare-necked and barefooted. On the narrow stage were one or two actors, chanting in measured speech, and moving slowly from pose to pose. From boxes on either side of the stage entered a kind of chorus, a flute and placate string accompanied the whole in the solemn strains of some ancient mode.

I have seen nothing so like what a Greek play may have been, though doubtless even this was far enough away. And still more was I struck by the resemblance when a comedy succeeded to the tragedy, and I found the young and old Japan confronting one another exactly as the young and old Athens met in debate, two thousand years ago and more, in the "Frogs" of Aristophanes. The theme was an accent of Mount Fuji; the actors two groups of young girls, one costumed as virgin priestesses of the Shinto cult, the other as the tragic, modern Japan we know. The Japanese indeed, I found, were climbing the mountain as a pilgrimage, the other as a lark; and they met in debate, two thousand years ago and more, in the "Frogs" of Aristophanes. DYKEMAN'S Handsome Winter Cloakings

BOUGHT DIRECT FROM THE MAKERS ON THE OTHER SIDE.

We are showing the newest weaves in two toned Diagonal Cloakings, also Chinchilla, Curl Cloth and Persian Lama. The last mentioned is a cloth that looks like Persian lamb. Prices \$2.85, \$3.15 and \$4.50. They are exceedingly low for the quality of the goods. This cloaking is made from pure mohair and has a splendid gloss and will wear well.

The Two Toned Diagonals are priced from \$1.00 up to \$2.50.

French Striped Boucle is shown in four different colors shot effect, very handsome, priced \$2.65 a yard.

You can have these coatings made up by us at very moderate prices and they will be made right.

A Brand New Assortment of FLEECY SHAKER BLANKETS

Splendid to take the place of sheets, soft, smooth and well fleeced, wash like a cat's face.

Every housekeeper who is accustomed to shakers gives them each a different recommendation.

Not the least recommendation in their favor is the moderate cost of reliable shaker blankets.

Of course the quality of shakers we recommend are the commendable qualities we sell, we are unacquainted with the other kind except to cull them out.

We have them in white or grey.

LOCAL NEWS

WILL START TOMORROW
Stetson, Cutler & Company's band-saw mill at Pleasant Point will start tomorrow morning.

POMERANIAN REPORTED
S. S. "Pomeranian," of the Allan line, was reported 85 miles east of Cape Race at six o'clock on Monday morning. She is due at Quebec at noon on Thursday, and at Montreal on Friday morning.

PRESENTATION
At the home of Mrs. Thomas Gilbert, 64 Harrison street, last evening, friends of Miss Helen Bryden gathered to bid her farewell, as she is going to New York to live. A gold-headed parasol was presented to her by Joseph Dever on behalf of all. Miss Bryden will leave for New York tomorrow.

FIRE ALARMS
The fire department were called to the house of Mrs. Atchison on Protection street early this morning to a small fire which was quickly put out. Damage to the extent of about \$80 was done. Another call was to the residence of Joseph O'Brien, Box 25, where practically no damage was done.

WORKING ONE SHOVEL
Good progress is being by the Courtnay Construction Co. at east St. John despite the fact that they are working but one steam shovel and crane. The whole equipment will probably not be again put at work until the completion of a section on which they are now engaged, which may be a fortnight or three weeks.

THEY STICK HERE
In Montreal last week there was much dissatisfaction regarding the quality of postage stamps issued from the post office department, it being the complaint that they would not "stick" because of mudilage was not sufficient. Scores of people besieged the stamp windows to have the defective stamps replaced for others. It was said at the post office here this morning that the issue of stamps referred to had not been received in St. John and that there was no trouble of this kind because the stamps were said to "stick" and they did.

PROTESTS AGAINST INCREASE IN RATES

A vigorous protest is being made by members of the Foresters in various sections of the county against the recent action which has been taken by the supreme court in readjusting the rates. A member of the Moncton lodge writes to the Times as follows:—

I am a Forester belonging to the court at Moncton, having come there from Newcastle and having paid in to the Foresters dues for over nineteen years, and have had my dues raised considerably since I joined in 1896 at Andover. I now protest against the action taken by the Supreme Court of Foresters, which is to collect a rate of \$2.10 from old policy holders, which is robbing the poor man out of this amount, and on \$1000 at death the friends of the deceased only get \$840, instead of \$1000. So that a man pays in as much as he gets out.

HIS STROLL INTERRUPTED

Walter McGowan felt like a stroll last night, and, having nothing better to do and no immediate cash in his pockets, started to walk out the Marsh road.

Officer Biggs interrupted his thoughts by placing a freckled hand on his shoulder.

"Were going?" he inquired, interestedly.

"Who? Me? Oh, I was just takin' a stroll."

"Oh, you were, were you. H'm. The I. C. R. freight yards are out this way. Did you ever hear of a man jumping a freight?"

"What, me, jump a freight? You ought to be ashamed of yourself, I wouldn't."

But Magistrate Ritchie in police court this morning thought differently. He sent McGowan on another stroll to the Almshouse for thirty-one months.

Autos In Nova Scotia

There are now over 1,200 automobiles and motor cycles in Nova Scotia. Up to today there had been 1,476 licenses issued, but nearly two hundred of these have been sent out of the province or been destroyed. The total new auto licenses issued this year total 928.

LABOR PROBLEMS AND BAD LIQUOR

THREE IN MIX-UP

Trouble Started Over Mill-Strike - Knife Was Drawn - Men Get Off by Signing Pledge

Because one mill striker called another man a "scab" three men were in the police court this morning charged with fighting. Back of the rail stood a crowd of interested millmen.

The men were: Walter McKeowan, Hartley London and Henry McCann. They were charged with fighting and otherwise creating a disturbance at the corner of Bentley street on Saturday night.

Dennis Keneally, testified first, said that he had been carrying water from his yard to his house, which was about 33 feet away from the road, when he heard McCann talking loudly to McKeowan. Then he saw McCann hit McKeowan a blow on the jaw, knocking him senseless to the ground. McCann then went into his house, nearby, and came back flourishing a large knife. He said to witness "You're in this—I'll cut your guts out!" Witness heard McCann's wife say "I hope he'll get the worst of it." The foregoing happened between six and seven o'clock. McCann crossed over to London and threatened him, whereupon London knocked him down.

McCann here asked the witness: "Would you swear I had an open knife in my hands?"

Witness—"I would."

The witness stated that to the best of his knowledge London had been a mill worker before the strike, but was now a stevedore, that McCann worked for John Bryce, who contracted with Warner's mill for kindling wood, and that McKeowan was employed in the sewer department of Fairville.

John Shea was sworn and testified that on Saturday evening he had been talking with McKeowan when McCann came up and began to quarrel with McKeowan's named McAllister who was standing near. McKeowan intervened, witness stated, and McCann thereupon knocked him down and out. He had seen a knife in McCann's hands afterwards.

Magistrate Ritchie asked McCann whether he had the knife in question on him. McCann showed a small-bladed pocket-knife and the witness said that the one he had seen McCann flourishing was larger and had been open.

Magistrate Ritchie—"What was the reason for the quarrel? Had they been drinking?"

"Yes, they had all been drinking."

Magistrate Ritchie—"Ah! Now we're getting to the bottom of it. It's rum, as usual. I was thinking it was the strike, but John Barclaycorn turns up, know—they make the staff here. Just listen to this record: There are eighty-five in jail because of rum; there are three in the cemetery, sent there during the past three weeks, because of rum; and only a few days ago I sent a poor fellow to the lunatic asylum because he liked rum better than his wife. See, I've got the list." He held up a sheet of paper with a list of men known to him to have been drunkards.

McCann testified in pretty nearly the same style. Then London was called. After he had made a short statement McCann asked him: "Did you call me a 'scab' Friday night?"

Witness—"Yes, I did. You've been working inside the mill, taking the place of one of the strikers."

The Judge—"Do many do that?"

Witness—"Yes, quite a few."

In answer to questions the witness stated the strike was not nearly over yet. McCann had been working in Warner's mill.

McCann on the stand denied he was a scab and said he had been working for his employer inside of the mill at a piece of work which could not be characterized as mill work.

After some consideration and a lengthy dissertation on the evils of strikes and drink, Magistrate Ritchie honorably discharged McKeowan and dismissed McCann and London on their promising to sign the pledge for one year. McCann was also given a suspended sentence of \$20 fine.

SILVER GREY FOX CAPTURED AT MUSQUASH

Boy McCluskey, of Musquash, one of the best known guides in the county, has in captivity a fine silver grey fox, half grown, which he captured yesterday.

He had set a trap in an oak field to protect his oats from raccoons, and the silver grey fox came along to investigate.

The fox put one paw in the trap and withdrew it all except one toe. When Mr. McCluskey came along a little later the animal was securely held, and had not been at all injured. He took the prize out of the trap and carried him home.

The animal is believed to be very valuable, as the price of silver grey foxes has been going up for some time past. There are various estimates of the value of this animal, running all the way from \$5,000 to \$10,000.

Mr. McCluskey has six red foxes also in captivity.

WANTS WHIPPING POST

John Earle, up for wife-beating, received a caustic lecture from Judge Ritchie in court today.

"Two months in jail," he said, "and I wish we could have the law amended so that we could punish wife-beaters by tying them to a whipping post and lashing them. I believe we'll have it that way before long, too."

Earle was on the interdiction list, it was testified, but still managed to secure liquor. His wife, Ida Earle, testified against him.
