## TRAINMEN OF FRANCE STRIKE

### Big Tie-up of Northern Railroad System in Night

### SURPRISE SPRUNG

#### Rumors in Air But Definite Action Kept Quiet Till Time for Action—Acts of Violence Early Mark the Trouble

Paris, Oct. 11.—The employees of the Northern Railroad went on strike early today, and by 11 o'clock the tie-up of the system was practically complete. Only trains for Calais and Cologne were moving. Military engines, a train, have been called out to replace the strikers, but the number is inadequate. Several acts of violence occurred. At Stouentzin the tracks were torn up. Two locomotives collided at Tergnier, and obstructed the main track. Military forces have taken possession of several stations and have been posted along the road to protect the railroad property.

The strike developed over night, and took the public by surprise. There has been ill-feeling on the part of the employees for some time, owing to the refusal of the railroad to increase wages to a minimum of \$1 a day, and to grant other concessions. The men conducted their plans with great secrecy, and not until last evening was it revealed that the fight probably would be on today.

**The Demands**  
The demands of the employees are—A general increase in wages to meet the living cost; a retroactive application of the employees pension law; a more equitable division of work; the granting of one day off in seven; distinct employment by the month instead of the day. It is understood that the plan was to have the strike begin in Paris at midnight, and in the provinces at 1 o'clock this morning. As soon as the company and the authorities learned the situation, the Paris terminus was occupied by military, municipal guards and police. During the night troops were assembled in this city and along the lines and roads in the province, and held in readiness to guard the stations, the rolling-stock and the tracks.

In the face of these preparations the trainmen declared that they would not be intimidated. The demands originated with that under treatment, the baggage handlers and ticket takers, but were supported by the complete personnel as they were struck by the same grievance. The strikers threaten to draw to their support the employees of the state railroad lines. Word is being spread on the freight trains, and none of these left the city last night. Early in the night telegraphic and telephone communication between the stations was interrupted, but this was the work of the strikers is not known. The situation, however, seemed to keep the management in ignorance of what trains were moving.

The postal department hurriedly prepared an automobile service to carry the mails in the north. Several trains from the provinces arrived here at midnight, their engines not having been apprised of the strike.

## KING'S DAUGHTERS CONVENE IN OTTAWA; ST. JOHN REPRESENTED

There is a good attendance of delegates.

**THE WEATHER**  
Strong westerly winds, fine today and on Wednesday with a little higher temperature.

## CANADA THE PARADISE OF WORKINGMEN

### Judge Grantham Takes Home to England Message to Workers

### A HOME RULE VIEW

**Kilkenny Paper Says if it is to be Anything Like T. P. O'Connor States it Will Mean Tin Pot Parliament—General News Over Cable**

**Times' Special Cable**  
London, Oct. 11.—Judge Grantham, speaking at Lewes yesterday, said that Canada was the workingman's paradise, with no idlers, no unemployed, no unemployable, and work with high wages for all.

Many Canadians complain bitterly that the mother country would do nothing to assist in their economic difficulties and financial arrangements, treating them no better than her commercial enemies. There was danger of losing Canada if she were deceived by the tempting bait of republicanism.

Mr. Grantham said Canadian railwaymen and miners had sent a message by him to fellow workers in Britain: "Give up your false pride in strength of numbers. You are fighting for shadows, and losing the substance. You are killing the bird that lays the golden eggs. The capitalist is your greatest friend. He is the only man who can create work. Without work you cannot live. Help him, do not thwart him at any turn."

Lord Strathcona and Mr. McCurdy were the principal speakers at the fifty-third anniversary of the Dominion University's centenary.

Lord Strathcona has been appointed on the executive committee of the King Edward memorial in London.

The Kilkenny people say that if home rule is to be anything like what T. P. O'Connor describes it, the paper will not be greatly concerned if it does not come till the year 2000.

## BASEBALL NEWS

**Three Thousand Seats Held for Ball—Lajoie and His Change in Batting**  
Chicago, Oct. 11.—The local business manager of the world's baseball series, announces that 3,000 seats for the championship games in Chicago would be reserved for small orders.

President C. A. Comiskey, of the Chicago Americans, says that every member of his team except three has signed for next season.

Cincinnati, O., Oct. 11.—The post-season games between the Cincinnati Nationals and the Cleveland Americans to determine the championship of Ohio, will be inaugurated at the Cincinnati Park today.

Cleveland, Oct. 11.—Sporting writers here, who have watched Lajoie at bat through many seasons, point to a switch in his style of play as one possible reason for his ability to turn seven bunts into as many hits at St. Louis Sunday after having driven out a long three-base hit. Lajoie is regarded as about the best of the old-time slugging batsmen. In games throughout the series the fielders of opposing teams have been accustomed to play far back to intercept his terrific line drives.

Sporting writers declare that Sunday was the first day in his career that he bunted so often in succession and that the St. Louis third baseman was following a well established precedent in bringing well back his base when Lajoie was at bat.

Many fielders have been injured by intercepting the ball too close to its point of departure from the Frenchman's bat.

Philadelphia, Oct. 11.—The Mall demand for tickets for the first game in the world's champion series here is so great that the representatives of the National Commission have announced that there would be no public sale of reserved seats. More than 27,000 applications have been received for the 18,000 reserved seats for the two days. The only public sale of tickets will be of those for the bleachers and temporary field stands. There are more than 20,000 of these and they will be placed on sale the day of the game.

**THE WEATHER**  
Strong westerly winds, fine today and on Wednesday with a little higher temperature.

## FATHER OF HON. MR. KING COUNSEL IN THE CASE

### John King K.C.

This is a picture of John King, K. C., father of Hon. W. L. Mackenzie King, minister of labor. Mr. King is counsel for the Frasers in the famous McCormick-Fraser case now being tried in Toronto.

Miss McCormick seeks to prove her second cousin, Michael Fraser, of Midland, insane. Fraser is eighty-four years of age and eight months ago married Hannah Robertson, of Dundas, aged thirty-five. Miss McCormick fears Fraser's estate of \$80,000 may pass to the Robertsons.

After making enquiries, Chief Rideout wrote to Mrs. Thomas stating that the man she claimed as her husband is at present in St. Martin's, N. B. Chief Rideout wrote: "You are married against your contention that he is married against you, and in fact have no doubt, a lady formerly of Nova Scotia, a widow, Mrs. McLean by name. About three months since he was in this city and made his headquarters at the American Hotel."

The facts leading up to the marriage, tersely told are these. About a year and a half ago while stopping at the American Hotel in this city he received what he stated was a cablegram from his wife in England informing him, so he said, that the eldest daughter of another cablegram, this time it was his wife, he stated, who had died and the same show of grief and tearful weeping was witnessed. A short time after she reported he was married to Mrs. McLean and produced her as his wife.

On October 6, Chief Rideout received another letter from Mrs. Thomas. In this letter she said she had seen Mr. Promley, superintendent of police, with regard to her husband. She found it impossible for the police to help her on account of not having the necessary papers. A short time after she hoped in the course of a few weeks that her eldest son would be able to come over to Moncton and have an interview with the chief on her behalf.

The chief acknowledged receipt of the letter saying the man whom she claimed as her husband was still in St. Martin's or was up to a few days before the time of writing. He also wrote that he had information that Captain Thomas was talking of selling the hotel business in St. Martin's and leaving for the Canadian west.

Chief Rideout also wrote a number of letters in endeavoring to locate the clergyman who performed the ceremony but has not yet located him. He hopes, however, to find this information in the very near future.

## PROTESTANT EPISCOPAL CHURCH CONVENTION

### Status of Converted Jews—Resolution That Church is Part of Holy Catholic Church

Cincinnati, O., Oct. 11.—Resolutions and amendments calling for changing the name of the church, reorganization of the board of missions, a general overhauling of the methods of examination at theological seminaries and changes in the canons regarding marriage and divorce are under discussion at meetings of the triennial convention of the Protestant Episcopal Church here.

The house of bishops issued a decree stating that Jews who were converted to the Episcopal faith might continue the rites, festivals and ceremonies of their forefathers as historical and civil rights, but not as religious obligations.

A resolution was offered in the house of deputies, that recognition of the fact that the Episcopal church is a part of the Holy Catholic church be put on the title page of the book of common prayer. Both of the resolutions will be taken up for final settlement later.

## ITALY TO HAVE THE BOY SCOUTS

Rome, Oct. 11.—The boy scout indeed appears to be ubiquitous. The first battalion of Italian boy scouts, organized and trained by Sir Francis Vane at Locca, has been organized in this country. The organization of the battalion has proved to be a great success, the boys being well disciplined and thoroughly smart. Other towns are also organizing battalions of scouts, which are known by the name of "Piccoli Cavalieri."

## LITERARY BURGLAR 21 YEARS IN JAIL

New York, Oct. 11.—George Wright, who earned the name of "The Literary Burglar," through the notes he left in the homes of his victims, has been sentenced to serve twenty-one years in Sing Sing. He has served three previous terms for similar offenses.

In nearly every home he robbed Wright left a note commending the owners on the quality of the silver he had taken or abusing them when the loot was not worth carrying away.

## INVESTIGATING 'LUMBER TRUST' IN THE STATES

Washington, Oct. 11.—To determine if there is any foundation for numerous complaints received at the department of justice, special agents of the department are quietly investigating the operations of a large number of trade associations and other organizations in all parts of the country connected with the manufacture and marketing of lumber.

## FREDERICTON NEWS

Fredricton, N. B., Oct. 11.—Work on St. Dunstan's School building is progressing rapidly, and it is expected to have ready for occupancy early in January. The building is of brick, with stone trimmings, and is ninety by sixty-seven feet. Frederick Ryan is contractor, and F. Neil Brodie, architect.

The annual fair of the Stanley Agricultural Society opened this morning and will continue until tomorrow night.

## WIFE IN ENGLAND SEEKS MAN REPORTED TO BE MARRIED IN ST. MARTINS

### Moncton Police Chief Looks Into Case for Mrs. Thomas and Correspondence is Made Public—Husband Had Announced, Report Says, Receipt of Cable Stating Wife Was Dead in Old Land.

Moncton, N. B., Oct. 11.—(Special.)—A sensational story will appear in tonight's Transcript regarding an alleged bigamy case with Capt. G. E. Thomas, well known in Moncton, as the leading principal. On Sept. 9 Chief of Police Rideout received a letter dated Aug. 30, 1910, from Mrs. Alice Thomas, of King, Her's, England, asking to have enquiries made respecting her husband, who, she wrote, was Captain G. E. Thomas, and who, she said, she understood was living at the American Hotel, Moncton. The letter went on to say that the writer had reasons to believe that the man whom she claimed as her husband was married in this city, also that her husband left her with nine children, practically destitute, three years ago last June and that since that time she was compelled to get work of any kind to support her family.

The husband, the letter says, had occasionally sent back to his wife in England £2 or £3 but in all not more than £15. His last address, she said, he sent home as Toronto. She said she was in receipt of a letter from the police of that city which stated her husband had gone back to Moncton and was living as before stated.

After making enquiries, Chief Rideout wrote to Mrs. Thomas stating that the man she claimed as her husband is at present in St. Martin's, N. B. Chief Rideout wrote: "You are married against your contention that he is married against you, and in fact have no doubt, a lady formerly of Nova Scotia, a widow, Mrs. McLean by name. About three months since he was in this city and made his headquarters at the American Hotel."

A short time after she reported he was married to Mrs. McLean and produced her as his wife.

## MONKS AND NUNS LEAVE PORTUGAL

Badajoz, Spain, Oct. 11.—A large number of monks and nuns, fleeing from Portugal, have arrived here. The under-secretary of the navy of the last Portuguese administration also has reached Badajoz, after a flight across the border.

The Spanish government has received confirmation of the report that King Manuel will soon proceed to Badajoz, where he will take up his permanent residence.

London, Oct. 11.—The Lisbon correspondent of the Daily Telegraph writes that when elections are held and a new president chosen, Dr. Brito Comacho will become minister of war, and Dr. M. Bezerra minister of marine.

London, Oct. 11.—According to a Lisbon dispatch to the Morning Post, overtures were made to King Manuel with a view to induce him to sign a renunciation of the throne.

The republican party there contemplates organizing a public demonstration of sympathy for the Portuguese republic. It is doubtful, however, whether it will be permitted.

Dr. Equedro, a well known republican deputy, regards the success in Portugal as a great encouragement to Spanish republicans, and admits that it cannot affect the present situation otherwise.

Corunna, Spain, Oct. 11.—Many fleeing from Portugal, have arrived here yesterday. The greater number are royalists, who say that they preferred emigration to accepting the republic.

Barcelona, Oct. 11.—The police declare that the main fear at the Ferrer anniversary is an anarchist plot. An extraordinary number of suspicious foreigners have arrived here lately, and all are provided with some sort of papers, making their expulsion difficult.

It is estimated that the anarchists now under police supervision in this city number 10,000, mostly foreigners.

Madrid, Oct. 11.—Spanish monks and nuns who have fled from Lisbon arrived at Vigo, Badajoz and other points on the frontier. At Badajoz upon the order of the bishop, the nuns are secured at the Carmelite convent.

Owing to pending legislation affecting the religious orders the influx of refugees is embarrassing to the Spanish government. Premier Canalejas said today that the government was moved with pity to receive the exiles, but that a permanent invasion could not be tolerated.

Rome, Oct. 11.—Advices mailed from Lisbon to Spain and thence telegraphed to London, Africa settlement came into the news. The report was that a man from the African settlement came into town and presented himself at the office. He wanted a job on the new railway, but he had no time to wait for an answer, and made this reply: "What we want, I thought I'd like to see the p'orter on the fast Pullman cah gain down to Canoo."

## CRIPPEN CASE TO THE GRAND JURY

### Will Bring Army Life to People

### Canada to See Naval and Military Travelling Tournament

### STIR UP RECRUITING

### Life in Army and Navy Service Will Be Shown By Ex-Soldiers—Tour to Begin at Easter and Include All the Dominions

London, Oct. 11.—It is proposed to organize a great traveling naval and military tournament on similar lines to that which is held every year in London, but on a much more ambitious scale. The object of the scheme is to make the people of this country and of the overseas dominions familiar with the daily life and actual conditions of service of all ranks in the British army, and to stimulate recruiting.

In addition to the usual mounted drives, tent-peeping, etc., there will be a representation of life in the sister services for the last half century, with the appropriate equipment. Airship and aeroplane flights under service conditions will form a feature of each day's programme, and the performance will conclude with a spectacle of the "Charge of the Light Brigade."

A permanent camp is to be established at Watford, where the rehearsals will commence early in the new year. All the men engaged will be ex-soldiers or sailors, and they are to receive \$2 a week, with free kit, rations, and sleeping accommodation. The tour is to begin on Easter Monday, April 17, 1911, and will extend over three years.

The first public performance will take place at Birmingham, after which the principal provincial towns will be visited. The brigade will then give a display in London prior to embarking for the colonies, when Canada, South Africa, Australia, New Zealand and the Indian empire will be visited in turn. When all expenses have been paid, the profits will go to military charities.

The performance has been submitted to the war office, and the matter is now under consideration.

## PLAN TO ATTEND NEXT EUCHARISTIC CONGRESS

### Montreal People to the Number of 15,000 May go to Seville

Montreal, Oct. 11.—Negotiations are in progress for the organization of a large delegation of clerical and lay representatives of this province to attend the Eucharistic Congress at Seville, Spain, next year.

The intention is to charter a steamer from one of the trans-Atlantic companies and sail direct from Montreal to Cadiz. It is estimated that the delegation will number fifteen hundred persons.

## MEET IN BANGOR

### New England Branch of Women's Foreign Missionary Society

Bangor, Me., Oct. 11.—The forty-first annual session of the New England branch of the Women's Foreign Missionary Society opened today in the First Methodist church, and about 200 delegates, representing every important community in New England are in attendance. The meetings will continue through Thursday and at this time the work of the organization will be discussed and explained by some of the most successful missionaries and missionary workers in the country.

The Women's Foreign Missionary Society contributed \$200,000 toward the maintenance of missions in 1909 and of this the New England branch gave more than its proportionate share.

## SALVATION ARMY TO BUILD IN PRINCE RUPERT

Prince Rupert, B. C., Oct. 11.—The Salvation Army authorities have made arrangements for the construction of a fine cathedral which, with the land, will cost \$125,000.

## Aviator Hurt, Machine Wrecked

St. Louis, Oct. 11.—Ralph Johnston fell with a biplane he was operating, from a height of fifty feet, on the aviation field this afternoon. He was slightly bruised. The machine was wrecked.

## SCHOONER BATTERED BY STORM; SAILOR IS LOST

Lewes, Del., Oct. 11.—The British schooner Inga, from Philadelphia for Sydney, C. B., with a cargo of magnesia ore, returned here today looking badly battered. A heavy rain fell and it floated in place, giving it the appearance of the back of a caterpillar in full career. It never was straightened out.

"What we want," said Mr. Binks, "is a joint-doctor for the wood-stave pipe."

**THE TIMES' NEW REPORTER**

The Times new reporter was compelled this morning to withdraw hastily from the field in a dispute with a Halifax man over the question whether St. John or Halifax displayed more of the new and progressive spirit of the east.

"Look here," said the Times new reporter boastfully. "St. John is about to construct a new school building on the Weldon Lot. The corner stone has not yet been laid, but already there are six applications for the position of janitor."

"As if that settled the matter, the new reporter prodded the Halifax man in the ribs.

"What a moment," said the latter, "that nothing at all! Down in Halifax we are talking of building a railroad to Canoo. The company has been formed, but the stock has not all been taken up, and the work has been started. The company, however, opened an office in Dartmouth, and the other day a colored gentleman from the African settlement came into town and presented himself at the office. He wanted a job on the new railway, but he had no time to wait for an answer, and made this reply: "What we want, I thought I'd like to see the p'orter on the fast Pullman cah gain down to Canoo."

JOINT DOCTOR WANTED  
Mr. Peter Binks says he believes he knows why there is a big leakage in the Loch Lomond water pipe. He says that when the wood-stave pipe was being laid a long section was struck along without a ballast. A heavy rain fell and it floated in place, giving it the appearance of the back of a caterpillar in full career. It never was straightened out.

"What we want," said Mr. Binks, "is a joint-doctor for the wood-stave pipe."

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking it a few bottles, I felt better, and my back and side were no longer painful. I have now become well and strong, and I feel that I should recommend it to all my friends."—Mrs. W. L. Corso, 6 Columbia Avenue, Rockland, Me.

FAMOUS GEMS OF PROSE THE MAN ABOVE THE STATE

By William Ellery Channing

From an essay on "The Duty of the Free States," which was published March 26, 1842. See Channing's complete works (Boston, 1860), volume 6, page 344. HIS annihilation of the individual by merging him in the state lies at the foundation of despotism. The nation is too often the grave of the man. This is the more monstrous, because the very end of the state, of the organization of the nation, is to secure the individual in all his rights, and especially to secure the rights of the weak. There is the fundamental idea of political association. In an unorganized society, with no legislation, no tribunal, no empire, rights have no security. Force predominates over right. This is the grand evil of what is called the state of nature. To represent this, to give right the ascendancy over force, this is the grand idea and end of government, of country, of political constitutions.

And yet we are taught that it depends on the law of a man's country whether he shall have rights, and whether other states shall regard him as a man. When cast on a foreign shore, he is to be regarded as a man. When cast on a foreign shore, he is to be regarded as a man. When cast on a foreign shore, he is to be regarded as a man.

MONTREAL DOES HONOR TO PREMIER

Liberal Chieftain is Given a Most Enthusiastic Reception THOUSANDS CHEER

Greeting Never Exceeded in His Long Political Career—Great Things in Store—The Breaking Up of the Tory Party

Montreal, Oct. 10.—Tonight's demonstration to Sir Wilfrid Laurier in the Monument National was one of the most spontaneous and enthusiastic receptions ever afforded a public man in Canada. He returned recently from a triumphant tour through the west, but nothing in his life matched the solemn greeting accorded him tonight. The Monument National was packed to the doors by cheering thousands long before the hour for which he was announced to speak.

Sir Wilfrid came down from Ottawa this afternoon by special train, reaching the Place d'Armes about 7 o'clock. Here he was accorded an informal welcome by the leaders of Liberalism in the city and province, which was escorted to a four-in-hand and, preceded by massed bands and thousands of torch bearers, he was escorted in triumph to the Monument National. The streets along the route were packed by masses of humanity, while cheering banners, waving flags and masses of colored lights and rockets proclaimed the city's welcome to the premier of Canada.

On rising to speak Sir Wilfrid said that this occasion marked an epoch in his life. He felt that he had witnessed such a spontaneous and whole-hearted welcome as was afforded him tonight, and he found it difficult to express in words the appreciation which he felt for the cordial greeting given him. Credit for this is due largely to the splendid organization work which has been done in this city and province.

He said that he had just visited the western provinces of our country. He had been invited to see some of the demonstrations of which his colleagues and myself have been the object. I can tell you with pride and pleasure that these efforts were not in the least exaggerated. I have often thought, in the course of certain manifestations, that it would be impossible for me to meet with any superior to the ones on this trip, but I am obliged to say, and I say it with pleasure, that I have seen in the west those who have not been in the least exaggerated. of the party to which had been invited all the sub-chiefs of the country and that at the close of a fairly stormy discussion the plan which had been conceived had to be abandoned. "I have just told you that I know perfectly well what occurred there. So-called a programme which would have pleased the east. Others wanted a programme which would have pleased Quebec but to which Ontario could not agree. Some wanted an increase of the tariff, others wanted a lowering of the tariff, and it was impossible to do anything. They decided that the best thing to do was to do nothing at all.

"The Conservative party, therefore, has no programme, and in the struggle which will take place before long there will be many programmes as there are provinces. In the province of British Columbia, which I visited with a few of my friends some time ago, a battle will be fought against the government on the question of Asiatic immigration; in the province of the west, Alberta, Manitoba and Saskatchewan, the question will be the fiscal and the lowering of the tariff; in the province of Ontario the question will be on fiscal matters, and it will not be the lowering of the tariff that is demanded, but the increase of the tariff.

"In Ontario also war will be made on the question of the navy, but in the province of Quebec that is going to lead us, not to the enslavement of our people, but to the separation of Canada from Great Britain. "In the province of Quebec war will be made on the question of the navy, but in the province of Quebec that is going to lead us, not to the enslavement of our people, but to the separation of Canada from Great Britain. NO TREE PLANTING
IN THE CITY STREETS
TILL NEXT SPRING
It is probable that the working out of the plan of the new Arboricultural Society to plant trees in a number of the city streets this fall, will be postponed until the spring of 1911. H. E. Gould, of Sussex, who is an expert in this line, has advised the officers of the society that it would be better to wait until spring as trees planted now would possibly be killed during the winter. The society would be just as far ahead if they waited until spring.

THE GRAIN SITUATION
The present unusual grain situation at the port of Montreal affects the grain export at this port. This has dropped the basis of some little speculation here. This time of year grain shippers in Montreal are generally rushing out the grain and steamers are being loaded before the stevedores freeze up. The opposite now prevails, the elevators are filled up and the steamers are sailing with little or no grain, as shippers are reported holding as the result of low prices ruling on the other side. From enquiries made here it could not be ascertained just what the effect would be but opinion here expressed that it would not make much difference with the quantity exported as Montreal is in the time for moving the grain. Should the prices take a sudden advance it would possibly mean a rush of Montreal grain shipments here.

TRAFALGAR DAY
The quarterly meeting of St. George's Society will be held in the rooms Charlotte street, tonight at 8 o'clock. Among the business of importance will be the report of President Anderson, who attended the meeting of Canadian societies held in Montreal last week, as the delegate of the St. John Society, and a proposal to commemorate Trafalgar Day, October 21, by a celebration.

THEFT OF LOGS REPORTED
A few years ago the millowners along the St. John River from the mouth of the river to the head of the river, and in the work of looking after their mutual interests, they have been very successful. Formerly many men who owned boats kept a watchful eye on the rafts of logs, and booms surrounding them, and as soon as a stray log was seen drifting from the lot it was seized and kept as their property, until they sold it at a fair price to the dealers. A man appointed to protect a pile of logs, the man chosen by the company to look after their interests in this regard, has become aware of the matter, and has suspicions which may lead to an arrest being made by the police.

uprising, not indeed in favor of free trade, but for relief from an intolerable burden, even if the price of free trade must be paid.

The Telegram goes further, and makes statements quite at variance with those of the eastern Conservative press. We quote again:—

"There is no overwhelming difficulty in scientifically adjusting the tariff so that the purposes of protection shall be served. Many manufacturers, in making out their cost sheets solve, to a fraction of a cent, as hard a problem every day. It is the element of human greed working through virtual bribery to the debauching of the consciences of the nation's representatives which has introduced, fosters and perpetuates the abuses of the tariff. It is as well that the manufacturers and the Manufacturers' Association should remember that if they intend to be the indiscriminating defenders of every apologist for everything that is done in the name of protection and by means of the tariff, they will be responsible if the country takes the bit in its teeth and, running away, smashes the vehicle in which they are riding."

Before the high tariff Conservatives attack the attitude of the Liberals, they should consider these observations by a journal of their own party.

**EAST AND WEST**

The people in the east are perhaps prone to believe that all is sunshine in the west, and that prosperity knocks at every man's door. It is true that the west is prosperous, and that its phenomenal growth in population, and the extension of the means of transportation, must offer great opportunities for the alert and clever man of affairs. But the west has its drawbacks. This fall, for example, there is a partial crop failure. The railroads in the west show decreased earnings, and there is a pause in the boom movement. One of the results will be less activity in land speculation, which had forced prices higher than present conditions justified. Another will be a tendency to check extravagance. Commenting on the situation the Shareholder says:—

"For the past five or six years the growth and development of the west has been little short of marvellous. Immigrants have been pouring in by the tens of thousands, many of them bringing a great deal of capital. Railway development and extension has been carried on at a phenomenal rate, thus spending large sums of money in construction work and opening up vast new areas for settlement. New towns have grown like a night. Real estate values have risen to tremendous prices and business expansion of every kind has been little short of marvellous. The partial failure of the wheat crop will tend to make a speculator less daring, and will reduce values of farm and city property to something nearer its proper value. It will also tend to make the farmer see, especially in the older parts, that mixed farming is a profitable and a safe method of procedure. The man who depends on half a dozen sources of revenue is apt to have a more uniform income than the man who depends on one."

The last sentence is worthy of note. It describes the condition of the man who is comfortably situated in the east. He has more than one source of income, and is less likely to be seriously affected by the failure of one of them than the man in the west by the failure of the wheat crop. He has, moreover, very many social and educational advantages denied the man on the prairie.

Apparently Sir James Whitney has faith in the Hudson Bay route. He seeks a larger frontage for Ontario on the shores of the bay.

The Nibbs has called for Halifax. The arrival of Canada's new naval vessel, which made the occasion of a notable celebration.

King Mannel says he has not abdicated. There is, nevertheless, a Portuguese republic, which will probably soon be recognized by the powers.

Fredericton merchants feel the competition of the big department stores in Montreal and Toronto. The latter get business by advertising. This fact in itself should suggest something to the merchants of Fredericton.

The preservation of the shad fishery of these provinces is a matter that deserves the attention of the fisheries department, and careful study of the best means of preventing a decline in the value of the industry.

The Montreal alderman who wants that city to take sides in the controversy between the Pope and the Mayor of Rome must be something of a curiosity. There are certain religious prejudices and differences in Montreal to which his attention might be directed, and which are none too creditable to the intelligence of the people.

Patrick Harvey of North Adams broke all local records by eating four dozen eggs in one day. For his breakfast he ate 29 fried eggs and a few slices of bread. For dinner he ate a dozen boiled eggs, five large slices of Graham bread, a quarter of a loaf of cake, half a mince pie and drank two cups of coffee. All he could eat for supper was sixteen eggs.

**A CONSERVATIVE WITNESS**

The Winnipeg Telegram, Conservative, continues to warn the high tariff Conservatives that they must not resist a reasonable reform in the tariff. It says:—

"If the abuses of the tariff are not remedied, if the people are to pay toll to one set of manufacturers as the price of reasonable protection to others, with protection as to be inseparable from it, if no scientific principle of national advantage is to be applied in the adjustment of the tariff but only the bestowal of political favors, then there will be an

KIDNEYS ACT FINE AND ALL BLADDER MISERY VANISHES

The Most Severe Backache and any Urinary Trouble Goes After Taking Several Doses of Pape's Diuretic

Kidney disease is the most dangerous, because the first symptoms are seen in other parts of the body before anything wrong is noticed with the kidneys themselves.

Some of the symptoms, though, cannot be mistaken:—For instance, sick, unhealthy kidneys cause a cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches, and there is a general feeling of weakness, loss of appetite, and a general feeling of languor or fatigue.

The time to cure kidney trouble is while it is only a trouble—before it settles into Diabetes, Dropsy, or Bright's disease. The moment you suspect the slightest kidney, bladder or urinary disorder begin taking Pape's Diuretic as directed. There is no other medicine, at any price, made anywhere else in the world which will effect so prompt and thorough a cure.

Don't be miserable and remain in danger another moment because of a lame back or sluggish, inactive kidneys or bladder or urinary misery; all this will surely go after you take Pape's Diuretic for a few days.

Your physician, pharmacist, banker or any mercantile agency will vouch for the responsibility of Pape, Thomson & Page of Cincinnati, Ohio, who prepare Pape's Diuretic—50 cent treatment—sold by every druggist in the world.

**GIVE YOUR SUNSHINE TO THE LIVING**

Give your sunshine to the living. Do not wait till they are dead; O there's joy in constant giving. Let them see you're cheerful and kind. And the giver feels the sunshine 'Of the heart's responsive smile. Knowing that another's pathway Has been brightened all the while.

Give your blossoms to the living. Let them have their fragrance now; Ere their eyes are sealed in slumber And like marble is their brow. Give your pressure of the living. Give your blossoms to the living. Do not wait till they are dead.

Give your sunshine to the lonely. Though they seem but cold and proud. Or, perchance, some hidden sorrow Makes them shun the cheerful crowd. Give a loving word of the hand; Just a pressure of the hand; Let them know your heart is tender. Though you may not understand.

Give your heart's love to the fallen; Oh, they need the tenderest care! Though you get not their recognition, They must meet it everywhere. Or a word, a smile, a handshake, Gives the mother's pathway cheer; Helps them in the bitter conflict. When the tempter lingers near.

Give your sunshine to the living. Scatter flowers with eager hand; You may make the clouds responsive. That will brighten 'er the land. Laviish smiles upon the aged; Cheer the sad ones on the way; You can make this world an Eden By the kindness of today. —Mrs. Maty B. Wingate.

"I know it, mother," replied the little fellow. "But it wasn't my fault."

"Are you sure it wasn't?" queried the teacher. "Yes, ma'am," answered Tommy. "I tried my best to think up a good excuse, but I just couldn't."

**This Home-Made Cough Syrup Will Surprise You**

Stops Every Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly and will usually cure the most stubborn case in 24 hours. By supply. Non-colded. Buy as much or as little as you desire. Each bottle costs only 25 cents. Put 2 1/2 cups of sugar (fifty cents worth) in a bottle, bottle and add one cup of water. Stir and let it stand 24 hours. **DON'T BE BALD**

Nearly Everyone May Secure a Splendid Growth of Hair

I have a remedy that has a record of growing hair and restoring the bald spot of every 100 cases. It is a scientific preparation of directions for a reasonable length of time. That has a strong statement—It is, and it means it to be, and no one should doubt it until they have put my claims to a practical test.

I am so certain of the result of my Hair Tonic will cure baldness, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow the hair back. I personally give my positive guarantee to refund every penny paid for it, even if you have an instance where it does not give entire satisfaction to the user.

Recall '99' Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes, 50c. and \$1.00. With my guarantee back of it, you certainly take no risk. Sold only at my store—The Resting Place, Chas. R. Wasson, 100 King Street.

**STEAMER SERVICES FROM NORWAY AND SWEDEN TO STATES**

Washington, Oct. 11.—A Norwegian-American steamship line has been established at Christiania, with the intention of maintaining a three-weekly service from Christiania and Bergen to New York, beginning next March, according to United States Consul Walter C. Hamm, at Hull, England, and another new line is projected to operate between Swedish ports and the Swedish government having granted a loan of \$500,000 towards the necessary capital. It is said an annual subsidy of \$30,000 will be added.

The opening of these lines is looked upon by the interests of the northeast coast ports of England and Scotland with apprehension. At present the Scandinavian passenger traffic in most part goes to Hull, and is distributed from these places to lines running to the United States from Glasgow, Liverpool and Southampton, through tickets being sold by the routes. When the projected lines begin running, passengers will be able to sail direct to the United States.

A large steel safe, containing diamonds and money estimated to be worth between \$50,000 and \$80,000, lost in the hurricane and tidal wave which destroyed the town and support of Indianola, in Calhoun county, Texas, in 1875, has been recovered from the gulf. For many years a reward of \$10,000 was offered for information of the treasure.

The York County convention of the A. O. H., met in Fredericton yesterday and elected: President, Thos. I. Kane, Fredericton; vice-president, E. C. Barry, Fredericton; treasurer, James P. Hayes, St. Mary's; directors, James P. Barry, Durham; J. J. Hayes, St. Mary's; Jas. McGinnis and John Toner, Fredericton.

Max Zatzman, of Midland, a few miles up river, accidentally cut a finger off yesterday afternoon while chopping wood. Dr. Frank J. Hogan attended him here.

The matter of appointing a permanent secretary was discussed at a meeting of the Fredericton Board of Trade last night. The matter of combating mail order business as injuring retail dealers was considered.

No trace has yet been found of Robert Vening, superintendent of fisheries for Canada, who disappeared after the arbitration at the Hague. It is feared he has met with foul play.

T. S. Peters, of Gagetown, and Thos. H. Somerville, St. John, have been appointed liquidators of the Diabolo Asbestos Co. Mr. Justice McLeod made the appointments.

The resignation of Rev. M. E. Fletcher, newly appointed secretary for the Baptist Home Mission board, was received last night by the congregation of the Charlotte street Baptist church, and accepted with regret.

**The Evening Chit-Chat**  
 By RUTH CAMERON

"AND yet, I imagine there is a great deal more unhappiness in these beautiful homes than in those simple little houses we just passed, or even in the city tenements for that matter."

I've heard the spirit of that remark in various forms many, many times, and I always disagree, vocally when possible, and mentally when not.

For I think this idea, which many people not troubled by the "burden of wealth" like to comfort themselves with—that riches and happiness are incompatible is decidedly wrong.

Riches and unhappiness aren't inseparable, by any means.

But that doesn't mean they are incompatible. Beautiful walls don't necessarily look down on smiling faces.

But that doesn't mean they aren't just as likely to shelter happiness as humble homes, and I think, very much more likely to, than wretchedly poor ones, for I don't believe happiness gets along with continual hunger as well as it does with occasional surfeit.

Wealth may be an opportunity to lead a life of license and self-gratification, that will end in utter wretchedness of soul and mind and body, but it is also an opportunity to lead a normal, healthy life, full of healthy, happy interests and for doing the work you love, unhampered by the necessity of translating your activity into dollars and cents.

There may be no more happiness within these beautiful homes than there is in the humble houses across the street, but I do not think we have any reason to believe there is any less.

I heard a woman the other day saying that she was glad her husband had lost his money, and her children had been brought up in comparative poverty, because she thought their characters and habits were infinitely better than they would have been if she had had plenty of money.

That seems to me almost cowardly.

Wealth is a temptation, but it is also an opportunity. Couldn't she have trusted herself to deny those children the temptations of wealth and give them all of its broadening opportunities?

There are some foolish and vicious rich people in this country who out of all their wealth only get unhappiness and restlessness and ruin.

But there are others who find in wealth an opportunity for self culture, and enjoyment of the beautiful, and community usefulness, that must surely bring much happiness.

Maybe you are wondering what's the use of all this talk—why not let people who do not, have riches, comfort themselves with the idea that riches bring unhappiness.

If you saw anyone investing in grapes that you knew were sour and bad for them, you'd probably tell them, wouldn't you?

Well, you see, I speak because I think the idea that riches and unhappiness are incompatible is mental sour grapes and apt to cause mental colic.

**Daily Hints for the Cook**

**JELLED MEAT**  
 One large shank of beef and one set of pigs' feet. Have the feet well scraped and soaked. Boil in separate vessels, using just enough water to cover meat. Boil until the meat slips from bone; lift meat from pot; drain well and set the vessels with liquor aside until next day. Next morning skim grease from liquor of pigs' feet, which has now become a stiff jelly. Cut meat of feet and skin into small bits, not too fine, however, leaving out all gristle and tough portions of the latter. Put meat in with pigs' feet jelly and melt together. When it comes to a boil, add pepper, salt, one-half teaspoonful of ground cloves, the same of allspice. Stir well and pour into a mould. When cold and firm slice thin.

**BANANA FRITTERS.**  
 Peel 12 bananas cut them into two pieces sprinkle over with sugar and a little lemon. Batter—Beat up one egg, sift in one cupful of flour, add half a cupful of milk, a pinch of salt and one teaspoonful of salad oil. Mix well till smooth and glossy; allow to stand in a cool place for one or two hours; then add one teaspoonful of baking-powder. Put in a few pieces of banana at a time. Dip in an egg and then fry till a golden color; drain on white paper. Serve hot with sifted sugar sprinkled over.

**QUINCE MARMALADE.**  
 Take ripe quinces, cut them into small pieces, put them in sufficient water to cover them, and let them cook till they can be mashed with a spoon, or a good thing to do is to use a wooden potato masher. When well mashed in the water, pour in the sugar, allowing three-fourths of a pound for every pound of fruit. Cook until it will jelly, when it reaches this degree of consistency, it is done. When cold it will be quite solid.

**FATHER MATHEW'S ANNIVERSARY CELEBRATION**

The members of the Father Matthew Association, both old and new, celebrated the 120th anniversary of the birth of Rev. Theobald Mathew, patron of the society, in a very fitting manner in their rooms in St. Malachi's hall, Sydney street, last night. Frank V. Conlon, president of the society, was in the chair, and there were about 150 members present. Rev. D. S. O'Keefe, spiritual advisor of the society, also occupied a seat on the platform. The president delivered an excellent address at the opening of the celebration, welcoming all the old members to the society's rooms, as well as those who were just joining. Mr. Conlon briefly outlined the work of the society in the past, and also referred to the work which it intends doing in the future.

After this address, W. V. Brophy, manager of the society's base ball team, presented to the society the cup which they had won in the Junior Inter-Society Base Ball League during the summer. The president responded.

Great credit for the success of the musical and literary programme was carried out:

Selections by the F. M. A. orchestra; solo, Frank J. Hazel; reading, Leonard A. Conlon; solo, M. T. Morris; reading, J. B. Dever; orchestra selections; banjo duet, Messrs. Lambert; step dance, L. McLeary; solo, C. A. Conlon; step dance, Lambert; orchestra selections.

At the close, short addresses were made by James Barry, Joseph Harrington, R. J. Walsh, Thomas Kichham and Joseph Lee, all old members, and also by Rev. D. S. O'Keefe. Refreshments and cigars were served.

Great credit for the success of the celebration is due to the F. M. A. orchestra under the direction of Messrs. O'Hara and Conway, also to Thomas O'Rourke, of the Lyric theatre, for securing the services of the Lambert Bros., who were enthusiastically received. Many new members joined the society at the conclusion of the celebration.

Rev. H. E. Thomas, formerly of this city, but now pastor of the Methodist church in Charlottetown, has accepted the call of the Carleton Methodist church, and will succeed Rev. J. Heaney in June next. Mr. Heaney will go to Charlottetown for a year, when he will be succeeded there by Rev. Dr. Flanders.

**\$100 REWARD, \$100**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is a purely natural remedy acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The Catarrh Cure has a powerful faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonial.

Address F. J. CHENEY & CO., Toledo, Ohio.

Sold by all Druggists, 75c.

WELDON SCHOOL TO COST NEARLY \$49,000

At a meeting of the school board last night, the chairman of the buildings committee reported that the tenders accepted for the new school on the Weldon lot amounted to \$48,944. Permission had been granted to issue bonds for \$60,000 for the building. Messrs. Coll, Bullock, Bridges and Emery, with the chairman were appointed to report on a suitable name for the building.

Dr. Bridges reported that the manual training committee would take up the matter of opening a manual training room on the west side. It was decided to call for tenders for painting the fire escapes next season, and in future to pay all contractor's bills, one at a month.

Applications for the position of janitor in the new school on the Weldon lot, from Isaac Carlin, Alfred M. Webb, Isaac Mercer, Fred C. Beckingham, James E. Emery and Thomas Evans, were referred to the buildings committee.

Thomas Low of the Sandy Point road school, wrote, asking for an increase of from \$3.50 to \$4 a month in his salary.

Mr. Coll, chairman of the buildings committee, reported that the tenders on the Weldon lot school had been awarded as follows:

P. Mooney & Sons, masonry ..... \$22,195 R. J. Green, carpenter work ..... 13,500 J. E. Wilson & Co., steel and fire escapes, galvanized iron and steel ceilings ..... 5,115 J. H. Pullen, painting ..... 1,440 Dr. E. Fitzgerald, plumbing ..... 3,715 J. H. Doody, heating and electric wiring ..... 2,670

The secretary read the report of the teachers committee. This contained the following recommendations: That the salary of S. A. Worrell, of the High school staff, be fixed at \$820; that Mr. Parlee, the principal of Victoria school, be granted \$50, which will bring his salary up to \$1,250; that the salary of reserve teachers placed on the regular staff this year be \$205; and that the salary of Miss T. McAllen be \$220. This report was adopted, and it was decided to increase the salary of Miss Currie of the domestic school, wrote, asking for \$50 raising from September 1.

Trustee officer McMan's report for September showed twenty-nine boys and twenty girls irregular in attendance, with eight

**\$100!**  
I tried Zam-Buk  
then Zam-Buk  
Cured me for \$1.

If you are suffering from any form of skin disease or injury, read this!

Mr. Arthur Fairbank, of 547 Lansdowne Ave., Toronto, is the speaker, and he says: "A bad eruption on my forehead quickly spread until it covered my scalp, face and painful sores. I went to a doctor who treated me for it. Still the sores spread until almost the whole of my head was covered and the doctor's treatment did me very little good. I then tried various home remedies. I also tried taking various aperient medicines to try to cure the outbreak through the blood. Still it was of no avail. Then I tried blood purifiers but not one of them did me any good. I was by that time in a sinking condition, and as a last resource I went to a skin specialist. He treated me for a period and it cost me over \$100. The sores got no better. They would itch and burn and I was nearly mad. I must have spent over \$100 on useless remedies, when one day a friend asked me why I had not tried Zam-Buk, and gave me a little. That little bit of Zam-Buk did me more good than all the long treatment I had had from doctors and specialists. I immediately sent for a supply of the balm and started right in to give it a proper trial. Very soon I began to see and feel a great difference in the sores, and I knew that at last I had got something that would cure me. Zam-Buk cured me at a trifling cost. If I had got it at first it would have saved me dollars and hours of pain."

For all forms of skin diseases, sores, abscesses, eczema, ringworm, blood-poisoning, etc., Zam-Buk is a sure cure. It also heals old wounds, cuts, burns, blisters, cold sores, chaps, and other sores. All druggists and stores at 50c. box, or Zam-Buk Co., Toronto, for price. Before substituting and imitations.

Inter-Society League Opened.

The C. M. B. A. bowling team captured the first game in the Inter-Society Bowling League on St. Peter's Y. M. A. alleys last night, taking all four points from the Single Men's team. The game was one-sided, the winners scoring more than 100 points over their competitors. The C. M. B. A. team rolled a good steady game, only two of the team dropping below 80. The alleys were in excellent condition and are now in first class condition. The following is the official score:

Abbie Wood in the City-to-Race Here.

Abbie Wood, the Montreal long-distance runner, who defeated Cameron, of Amherst, in a twelve-mile race in Amherst on Saturday, and who will race Cameron here next Saturday, passed through the city last night on his way home. Wood is a very young man, but he has won several races in the past. He is now a member of the Montreal Athletic Club and will be a distance of twelve miles. A large crowd will probably turn out at this Wood's first appearance in this city. Both runners are very evenly matched and a great race is expected. The running track on the grounds will be put in good condition for the match.

Lexington Races.

Lexington, Ky., Oct. 10.—John, property of Captain David Shaw, of Cleveland, won the Transylvania stakes, \$5,025 feature of the grand circuit, at Lexington today. She made a second better than her own race record, made at Columbus.

Grace, also owned by Captain Shaw, won the championship steeple chase, worth \$4,420 to the winner. W. E. D. Stokes, breeder of her sire, Peter the Great, got a \$200 runner-up.

**Football**

The Algonquin football team will turn out for practice on the Every Day Club grounds tonight at 8 o'clock. A full attendance is requested as the team will have one or two more practices before their game with Carleton on Saturday.

U. N. B. Freshmen Win.

Fredericton, N. B., Oct. 10.—(Special).—The Fredericton High school lost to the U. N. B. freshmen at football this afternoon, 6 to 3. At half time the High school was leading 3 to 0. In the second half the freshmen bucked up and scored two tries, Melrose of St. John scoring both. Macdonald of St. John scored the goal for the victors. Steeves scored the High school's try.

St. Joseph's Put Ban on Football.

No football games between the St. Joseph's College boys and the Mount Allison team, says the Sackville Tribune. That is the order. Indeed, the order that has gone into effect at College Bridge is that there are to be no football games for the college there with any other school.

St. Francis Will Have a Strong Team.

Those who have been following football at St. Francis Xavier's college predict that the university will have one of the strongest teams in its history.

"Hum" Campbell, the great college champion runner, is captain of the football squad. In 1907 St. Francis Xavier won the football championship of the maritime provinces by defeating Dalhousie 13 to 0. The team this fall is anything like the championship aggregation of '07. St. Francis Xavier will make a determined effort to win back the coveted championship.

The "Battle" Won.

Kansas, Mo., Oct. 10.—In the fourth round of his fight with Battling Nelson tonight, Monte Dale's seconds threw up the sponge. Dale had broken his arm. At that time he had almost been cut by Nelson.

Tom Bate Dead in New Jersey.

Tom Bate, former lightweight champion of England, died by asphyxiation, in Paterson, N. J., last Friday. He left England for the states after getting the highest honors in the pugilistic game in England, and for a year or so lived in Bangor, back in the 80's. He is described as being a regular little English bulldog of a fighter. He was a general favorite. His death occurred in Paterson, N. J., from gas asphyxiation in a boarding house, and it is thought that he accidentally turned on the cock of the gas jet. Bate became lightweight champion of England after a few years of fighting and successfully defended the title for four years. In 1896 he fought Pete Bannigan for the lightweight title. In the 28th round, when both were covered with blood, the referee interferred and a number of arrests were made. The fight was declared a draw, and this displeased Bate that he sought to fight England and went to the States country.

**Golf**

Miss Campbell Leads.

Miss Dorothy Campbell, of Hamilton, Ont., holder of the women's national golf championship, led in the field of fifty qualifiers at Chicago yesterday in the tournament of the Women's United States Association. She turned in a total of 85 for 18 holes. The previous record was 89.

**Cured Eczema and Dandruff**

"I am pleased to inform you that I have been cured by Cuticura Soap and Cuticura Ointment. I was a boy I have suffered with dandruff, not only from the itching but from its disagreeable appearance in a social form all over my head. I had to brush it off my clothes all day long. I used every kind of preparation supposed to cure dandruff, also soaps and shampoos, but it seemed to me that, instead of improving with these remedies, the dandruff increased, even my hair began to fall out and the result was that two months ago I suffered so from this that as a last resource I thought I would try Cuticura Soap and Cuticura Ointment. They had the most gratifying results for I had used only one box of Cuticura Ointment and a single cake of Cuticura Soap. My dandruff was cured, the eczema and dandruff were gone and my hair began to grow again. I can assure you that I do not have it any more. I have no other skin trouble and I feel that you should know of my cure and if you could advise me on a similar case, I will be happy to tell any one of my experience in order to assist those who are suffering from the same disease." (Signed) J. Acervo, 59 Pearl St., New York.

Cuticura Soap and Cuticura Ointment are the most economical treatment for itching humors, eczema, dandruff, skin eruptions, and all other skin troubles. As in this case, a single cake of Cuticura Soap and a single cake of Cuticura Ointment will cure you. Send for a free trial. Write to Cuticura Soap and Cuticura Ointment, U. S. A., 59 Pearl St., New York, for a free trial.

**IMPORTANT DEPARTURE ON EDUCATIONAL LINES**

At the fourth annual meeting of the National Society for the Promotion of Industrial Education to be held in Boston, November 17, 18 and 19, an entire session will be devoted to a discussion of part time schools. The main feature of this form of school organization is the close correlation of school work and shop work, the former being provided by the regular school system at public expense and the latter by commercial concerns out of their own budgets.

At Beverly and Fitchburg, Mass., and at Cincinnati, Ohio, equal squads of boys alternate weekly between school and shops by means of which the employer is assured of the constant services of the same number of boys. The pupils-apprentices are paid for their time in the shops, thus enabled to support themselves and at the same time continue at school long after the age when otherwise they would have been compelled to seek other employment.

Editors and contributors alike will be interested in the description, at the Boston convention, of the organization and the methods employed in these schools by a school by W. B. Hunter of Fitchburg, Superintendent A. L. Safford of Beverly and Superintendent Frank E. Dyer of Cincinnati.

**Temporary Heat Quickly**

Did you ever stop to think of the many ways in which a perfect oil heater is of value? If you want to sleep with your window open in winter, you can get sufficient heat from an oil heater while you undress at night, and then turn it off. Apply a match in the morning, when you get out of bed, and you have heat while you dress.

Those who have to eat an early breakfast before the stove is radiating heat can get immediate warmth from an oil heater, and then turn it off.

The girl who practices on the piano in a cold room in the morning can have warmth from an oil heater while she plays, and then turn it off.

The member of the family who has to walk the floor on a cold winter's night with a restless baby can get temporary heat with an oil heater, and then turn it off.

## CLEANLINESS IN DENTISTRY

If people knew the frightful risk they run of infection from unclean dentistry they would better realize the awful chances they take and what a mighty important factor cleanliness is.

No one has ever disputed the fact that there are no cleaner offices in Canada than ours. This is worthy of consideration.

### LOCAL NEWS

Schooner Annie M. Parker, Captain Duffy, arrived at Elizabeth, N.J., yesterday.

Battle Line steamer Trebia, Capt Starritt, from Limerick for Rio Janeiro, arrived at Cardiff yesterday.

There was a meeting of the Lancaster Loan Company last night. Adjournment was made to November 21.

Schooner Lord of Avon, Captain Erner arrived at Calbarren, Cuba, yesterday, from Mobile, Alabama.

A. W. Covey, the popular Every Day Club athlete and local manager for the I. S. C., is receiving congratulations today on the arrival of a little daughter at his home last night.

C. P. R. steamer Lake Manitoba, from Liverpool, arrived at Quebec at 10.20 p. m. on Monday. The Mount Temple, from Antwerp, arrived at Quebec at 3.30 a. m. today.

The fur coat stolen a few days ago from the restaurant of Patrick Kane, west side, has been recovered. No arrests have been made. The coat was taken from a man in King Square yesterday afternoon.

Yesterday afternoon a team of horses owned by John Messer, of Rothesay, ran away in Erin street, and collided with a wagon owned by Edward Martin, doing considerable damage to the axle, wheels and shafts of the latter's team.

George Ham, of the C. P. R., Montreal, was the guest of honor at a luncheon given by the Women's Canadian Club on Friday, at the Royal Alexandra Hotel, Winnipeg. On Thursday, Mr. Ham entertained the Canadian Women's Press Club at tea.

As an evidence of the facilities for rapid discharging of steamers at the port of St. John the recent quick dispatch of the Dominion Coal Co's steamer Dominion stands out as a probable record for any sea port. The steamer had unloaded from her 5619 tons of coal in eighteen and a half working hours. She arrived at 2 a. m. Saturday, September 3, and sailed about 3 o'clock that afternoon.

At a meeting of the Choral Society of St. Stephen's church, held last night, organization for the winter season was effected. Officers were elected as follows: President, Edwin Bennett; secretary, treasurer, Miss Florence McQuarrie; executive, Mrs. Gilchrist, Miss Jean Trueman, Mrs. Gordon Dickie, and Prof. Sneyer. The society will meet every Monday evening in the church hall.

Mayor Morrison of Summerside, P. E. I., met with a serious accident on Saturday evening last. While crossing Water street he was run into by a team, the shaft striking him in the breast throwing him to the ground, the wheels of the wagon scraping against his head on the stones, badly bruising his face, several stitches being required in a cut on the ear, besides some bad cuts on the side of the face. One of his thumbs was also broken and he was badly bruised about the arms and legs.

Charged with vagrancy, and carrying a loaded revolver, a thirteen-year-old lad, Scott Scribner, of north end, occupies a cell in central station, having been arrested this morning about 7.30 o'clock by Sgt. Kilpatrick in Main street. Although the boy has a comfortable home, and respectable family connections, it is said, he has been in the habit of late of sleeping in barns and other places instead of seeking the bed awaiting him in his home. The police say that the lad has not been at home since last week. He was remanded to jail this morning.

At the Torrey meetings the mammoth choir of 500 voices, under the leadership of the famous Scotch singer, William McEwan, will sing the "Glorious Song" from the first night at Melbourne the "Glorious Song" ran like wildfire over the country. It was sung in shops and factories, ground out from hand-organs, whistled in the streets, hummed in trains and became a universal favorite. The words and music were printed in a large number of papers, including Melbourne's "Punch." It has since been translated into seventeen languages and has reached the enormous circulation of 17,000,000 copies.

### TWO BOYS HURT

#### One Injured in Jumping From Wagon; the Other Run Over in Main Street

A lad named Walsh, living at Prospect Point, and aged about eight years, was quite painfully injured yesterday afternoon in a fall which he sustained from a team driven by his brother, James, in Dunde avenue, near Bentley street. The little fellow stumbled as he was jumping from the wagon, and the injuries he received were very painful.

Another accident of a similar nature occurred about noon today in Main street, the victim being a lad of about eight or ten years. The boy was on his way to school, when he was run over by a team and painfully injured. He was dazed and could not tell his name. Dr. Chas. Pratt attended him in Coupe's drug store, and he was later sent to the hospital.

### AT THE Y. M. C. A.

The large number in attendance at the opening of the Y. M. C. A. winter season, yesterday afternoon and evening, speaks well for the outlook. The physical culture and gymnasium exercises were started well and the bowling alleys were also well patronized, although no league, as yet, had been formed.

This evening there will be a meeting of those interested in the membership contest.

#### Sackatchewan Paper Tells How Arthur Vincent Was Drowned in a Lake While Swimming to Secure a Duck He Had Shot

Chester Vincent, of Fair Vale, Kings county, on the I. C. R., whose son Arthur was drowned near Wilkie, Saskatchewan, recently received the following account of the sad affair, which appeared in the Wilkie Press. Mr. Vincent is still anxiously awaiting word as to the finding of the body. The Press says:

On Monday last, at about 4.30 p. m., a sad drowning fatally took place in a large lake surrounded by bush on 34-40-20, about six miles northwest of Wilkie.

The victim is Const. A. Vincent, of the R. N. W. M. P., who has been stationed here for some time, and is well known to a large number of people. He joined the force about two years ago, is about twenty-three years of age, and comes from Rothesay, New Brunswick. The lake in which he met his death is about twenty feet deep and in spite of Vincent being an excellent swimmer, he was unable to reach land.

Accompanied by Const. Forbes he left on a duck hunt to the above place, and while endeavoring to recover a duck which he had shot, he met his death. At the time of the fatality Forbes states that he was on the opposite side of the lake when Vincent came to the surface and swam out for the bird. On account of the bush that surrounds the lake Forbes could not see him and getting no answer to several calls, he concluded that something was wrong, so immediately proceeded to the place where he had last seen Vincent, but on arriving at the spot he caught sight of his comrade's head disappearing in the water. Forbes called out to him that he would be his right, away and thereupon swam out to his assistance, but before he could reach Vincent the man shouted "Good-bye" and sank, never coming to the surface again, and despite all efforts of Forbes to recover Vincent he was unsuccessful.

A search party, consisting of Cons. L. O'Keefe, Forbes and a civilian, named Archer, commenced dragging operations to recover the unfortunate man's body, and not until late on Wednesday evening did they meet with any success.

They managed to raise what they feel certain was the body about eight feet from the bottom of the lake, but before they could haul it up to the surface the rope held. Further attempts were useless as darkness was approaching, so letting down an anchor with the rope attached to a plank to indicate the location, they left the scene and resumed their search Thursday morning but up to the time of going to press they have not recovered the body.

We extend to his relations and friends our sympathy in their bereavement.

### ARREST G. P. R. STR. MONTCALM

#### Action for \$15,000 Brought by Owner of Norwegian Vessel

The registrar of admiralty at Montreal has issued a warrant for the arrest of the C. P. R. liner Montcalm, well known here, for \$15,000 damages at the instance of John Bryde, of Christians, Norway, owner of the steamer Kronprins Olav. The action results from a collision between the C. P. R. steamer and the Norwegian steamer at Chatham, forty miles below Quebec in the St. Lawrence river, on the 23rd of last month.

### A. E. KILLAM EX. M.P.P. AND MISS ELLIOTT WED

#### Ceremony in St. John This Afternoon, Honeymoon Trip to Denver

At 4 o'clock this afternoon at 30 Elliott Row, Miss Julia L. Elliott, daughter of the late W. Elliott, will be united in marriage to A. E. Killam, of Moncton, ex-M. P. P., and bridge inspector for the I. C. R.

The ceremony will be performed by Rev. A. B. Cobbe, formerly pastor of Brussels street Baptist church, but now of Halifax. There will be no attendants. As Mr. Killam is one of the vice-presidents of the International Bridge Builders' Association he and his bride will go to Denver, Colorado, to attend the convention of the association which will meet there from October 20 to 25. Mr. and Mrs. Killam go to Montreal from here and will go to Denver by way of Chicago, making other stops along the way.

Among the large and beautiful array of wedding gifts was a gold cameo brooch given to the bride by the members of the Brussels street Baptist church, of which she was a prominent member. The groom's present to the bride was a pearl and gold neck lace. Mr. and Mrs. Killam will reside in Moncton.

### HON. MR. PUGSLEY HERE THIS EVENING

#### Minister Made Stop at Campbellton and Inspected International Railway

Hon. William Pugsley, minister of public works, will arrive in the city this afternoon on the Ocean Limited. The minister made a stop at Campbellton on his way from Montreal to look into the work being done there by the government. With Thomas Malcolm, of the International Railway, Dr. Pugsley made a tour of inspection of the new line.

The minister will attend the sessions of the exchequer court here. Charles M. Hays, president of the C. P. R., is coming next week to inspect the site of the terminal facilities at Courtenay Bay.

### LAY CORNER STONE OF NEW SCHOOL TODAY

The corner stone of the new school on the Weldon lot is being laid this afternoon. The ceremony will be very informal. The chairman of the board, R. B. Emerson, will officiate. Under the stone, some coin of the realm, copies of the daily papers, and some other articles will be laid.

## CLOTHING FACTS

For Men Who Want to Dress Well at a Minimum Expense

In every gathering of well-dressed St. John men, you'll find the great majority are wearers of Oak Hall clothes.

Some of these wearers of Oak Hall clothes are men who occupy high places in the world of commerce. Others are men whose incomes necessitate economical expenditure.

But both classes recognize the fact that Oak Hall clothes meet every requirement of correct style and good taste—that they are the clothes of absolute satisfaction, and that they cost a fourth to a third less than other stores charge for ordinary clothes.

The reason for these advantages is found in the fact that when you buy Oak Hall clothes you buy directly of the makers and you don't have to pay any middleman's profit. You get the best that can be produced for the same prices other stores pay at wholesale.

And we have never been so well prepared to demonstrate these advantages as we are this fall.

We've larger stocks, bigger assortments and better values than ever.
