LOCAL NEWS

Lieut. Henry F. Morrison, R. N. V. R., has arrived at Quebec and is expected home soon.

The local and divisional officers of the Salvation Army, who have been attending the maritime congress at Halifax, returned to the city yesterday.

Lieut. H. C. Rathburn of Robtway arrived in Quebec on the S. S. Metagan yesterday afternoon and will arrive at his home this evening.

It was announced yesterday by president of the Trades and Labor Council that the formation of an Independent Labor party was under consideration in the city.

A letter of appreciation of her services while organizing president of the Red Cross Society was received yesterday by Lady Tilley from Col. Noel Marshall, chairman of the executive committee of the Canadian Red Cross.

The annual Tea Day of the W. M. S. of the Carleton Methodist church was held last evening in the parlour with Mrs. I. O. Beattie presiding. Mrs. Murray Long sang several vocal solos, and refreshments were served.

Mrs. Donaldson of Toronto, general treasurer of the Women's Auxiliaries, gave an interesting lecture on the aims and ideals of the W. A. in the Trinity church school room last evening. Mrs. Thomas Walker presided and Mrs. Geo. F. Smith moved a hearty vote of thanks that was extended to Mrs. Donaldson.

The report of the general conditions of the bricklayers and masons in Montreal was read last evening at a special meeting of the Bricklayers' and Masons' Union, held in the Oddfellows' hall and was very satisfactory.

A car off the track near Oldtown, Me., delayed the Boston train last night and it did not arrive here until 1:45 this morning. A special train from Fredericton Junction brought the passengers from the capital.

Under the auspices of the Y. P. S. of Centenary church last evening, an enjoyable concert was given, Miss Nell Fowler presiding. Four contestants took part for a prize in elocution; it was won by Miss Jean McAlpin. In the programme those taking part were Misses Dorothy Nice, Elizabeth Good, and Mrs. George Bell. Ralph Stevenson and Mrs. Henry Penna were the judges in the elocution contest.

At a meeting of the Municipal Chapter of the I. O. E. yesterday, with Mrs. J. J. Hooper, visited various parts of the city yesterday looking over housing conditions. Mrs. Huntington said that one source of the nature conditions here such as drainage, purified air and lack of heat the matter in the city was less of a problem than in other cities. She said that a serious defect in city housing matters was the absence of an organization.

Mrs. J. C. Hanington and Miss C. Hall of the dominion central organization of the Victorian Order, accompanied by Mrs. R. J. ALIMONY FOR MRS. STOKES
Court Allows Her \$1,500 a Year and \$7,500 Counsel Fees

New York, Oct. 28.—Supreme Court Justice Casgrain has awarded \$7,500 year alimony and \$7,500 counsel fees to Mrs. Helen Ellwood Stokes in the suit for divorce brought by W. E. D. Stokes, Stokes, Jr., and relatives of his wife as co-respondents. The court decided that because of statements by the plaintiff as to his decreasing income an allowance of \$1,500 which he has been allowing to his wife and two children will be sufficient. In granting the counsel fees the court said: "Owing to the fact that several co-respondents are named and because of the inherent difficulty of meeting certain charges of an unusual character made by the plaintiff against the defendant, I am of the opinion that \$7,500 would be a reasonable allowance for counsel fees."

KEEP GIRLS ON FARM.
Addressing the convention of hundreds of farmettes who were meeting in Quebec last week, Hon. J. E. Caron, provincial minister of agriculture, made a strong appeal for the country girl to stay at home on the farm. "There has been a movement of interest," said Mr. Caron, "to bring back the boy to the farm. I'll start another slogan, and it will be: 'Keep the girl on the farm.' Women of all classes in every walk of life should turn their attention to the farm." He deplored the desertion of the country by young women who are lured into towns and cities by high salaries. Women, he said, should be made to understand that their most alluring future lies on the farm. He eulogized the rural woman of Quebec, who sets to the whole world, he said, an example of devotion to the blessed role of motherhood. He recalled statements recently made in England whereby petates urged the women of all the empire to copy the French-Canadian mother of large families. Mr. Caron said that Ontario is at present suffering from a disastrous desertion of the farm by women, and said this can only have a serious and damaging effect on the economic situation of a country.

THREE SEATS LOST BY GOVERNMENT IN BY-ELECTION

Rousing Majority Over Unionist in Carleton-Victoria is Feature

Lapointe Wins Easily in Old Seat of Sir Wilfrid Laurier in Quebec East—Tolmie Elected in Vancouver

Ottawa, Oct. 27.—In the five by-elections taking place today the government lost three seats but the regular opposition has not been strengthened as United Farmers have elected representatives to sit on the cross benches.

Ernest Lapointe won in Quebec East by 3,852 majority, his opponent, F. X. Gibbons, losing his deposit.

In Victoria, Dr. Toimie, minister of agriculture, was re-elected by a majority of 2,100 over T. A. Barnard, returned soldier and Labor candidate.

Motherwell lost his deposit in Assiniboia. Gould had a majority of 3,727 in seventy-seven polls. In Glamorgan-Stormont, Kennedy, U. F. O., led over Hervey, Unionist, by about 300 majority.

Woodstock, Oct. 27.—Thomas W. Caldwell, candidate of the United Farmers' party, was elected to the house of commons as the representative of the constituency of Victoria-Carleton in the by-election which was held today to fill the vacancy caused by the resignation of Hon. F. B. Carvell on the latter's appointment as chairman of the dominion railway board.

Opposed to Mr. Caldwell was Lieut.-Colonel W. W. Melville, Unionist nominee. There were no other candidates, the Liberals having decided against putting a man in the field and Mrs. Adey having failed to file her papers.

Returns are incomplete tonight but the figures received from the various polling places which were available show a total of 6,925 for Mr. Caldwell and 3,042 for Colonel Melville, giving a majority of 3,883 for the farmers' candidate and indicating that his opponent may lose his deposit. Another unofficial count, not quite complete, makes the majority 3,979, but the United Farmers claim a majority of 5,596. Colonel Melville's only majorities were in the towns of Woodstock and Andover.

About 8:30 p.m. Mr. Caldwell arrived in Woodstock and proceeded to the United Farmers' hall, which was packed with his supporters. The cheering was loud and when it had subsided Mr. Caldwell stepped on to the platform and, in a few remarks, he said, that he was the proudest man in Canada tonight, not because he was elected, but because he got his majority through a clean fight, where not a dollar was spent to catch a vote.

He repeated a statement that had been made against him that the farmers in the two counties had not chosen him as their representative and his denial of the statement was plainly seen by the majority given him. He wished to thank all who had voted for him, also those who had done so against him. He was feeling tired, he said, having spoken nearly every night for the last week and at not one meeting was he ever interrupted. Concluding amidst cheers he again thanked them for their confidence in him.

Mr. Caldwell was followed by Mr. Margison, who said the result was no surprise to him. It showed that the farmer was not so little a man or such a mean one as some would have it understood. Mr. Caldwell's election was run without money run or dinners being given to any one.

After a general handshake all round Mr. Caldwell and his supporters walked up Main street to the post office where the victorious candidate addressed for a short time a large crowd of people who received his remarks with tremendous cheering. A large bonfire was lit in Main street.

ROTARIANS HAVE H. L. GANTER AS THEIR GUEST

More than fifty Rotarians were guests at the Wayside Inn, Hampton, last evening at a banquet in honor of a past president of the Rotary Club, H. L. Ganter, who is removing to Halifax. E. A. Schofield was in the chair and he, with the members of the executive, sat at a separate table arrayed in striped tall hats and gaudy sashes. A very excellent dinner was served and the wait between courses was whittled away with songs and speeches. All present voted that they had enjoyed themselves immensely.

The party left St. John about 8:30 in automobiles and after a delightful run to Hampton sat down to dinner. The King and to the President of the United States were drunk. The toast to President Wilson was proposed by W. S. Fisher who referred gracefully to the work of the president at the peace conference and expressed the hope that he would soon re-

cover from his illness. United States Consul Calvert made a very pleasing response and paid a tribute to the guest of the evening. At this stage the chairman on behalf of the Rotarians made a presentation to Mr. Ganter and expressed his deep regret at his departure which would be especially felt by the members of the Rotary Club.

After this a profusion of original poetry to the guest was recited by Messrs. Calvert and Belding. Steve Matthews delighted the members with songs and William Jessop, foreign secretary for the Y. M. C. A., told some interesting stories of his experience in the Far East.

Rotarian Stevens, of London (Ont.), spoke, also Mr. Ellis, another guest. Short addresses were delivered by E. L. Rising, K. J. McKee, H. W. Rising, H. D. Paterson, F. A. Drkeman, Dr. Spangler, E. J. Terry, W. F. Burditt and Royden Thomson, a new member, all of whom spoke in a complimentary way of Mr. Ganter and expressed the regret of the club at losing so faithful a member, saying that what would be St. John's loss would be Halifax's gain. After the speeches the members adjourned upstairs where Thomas Guy and S. C. Matthews entertained further with solos and the Rotarians joined in the songs.

LOCAL VETERANS PROTEST

The executive of the local branch of the G. W. V. A. at a meeting held last evening, passed a protest against the appointment of Lieut.-Col. H. C. Sparling as general staff officer to District No. 7, on the grounds that there were several officers belonging to this district who were quite capable of filling the office.

It was decided to hold the annual Christmas treat for orphans and widows again this year. The West Side branch of the G. W. V. A. was absorbed into the city branch last evening when officers of the West Side branch were present at the executive meeting and decided that, in the interests of returned men, there should only be one branch in the city.

GAVE THEM HALF HOUR TO THINK IT OVER

Bridgeburg, Oct. 28.—A novel way to settle a family case was that adopted by Mr. Justice Logie at the supreme court sessions just closed.

Mr. and Mrs. Martin Kreiger of Bridgeburg were in court. Mrs. Kreiger was suing her husband for alimony. Mr. Justice Logie heard a portion of the case, inquired if the couple had not lived in harmony while they raised a large family, etc., and then told them to go into a side room and return in half an hour. This they did.

At the end of the allotted time the couple returned to court smiling. They had composed their differences, and in their old age will live together in content.

George Offen, for some years bandmaster of the Fredericton Brass Band, has left for England where he will visit two of his sisters who live in London. He will be away all winter and there is a possibility that he will not return to Fredericton.

FOR THE SAILORS.

To the Editor of The Times: Sir—In view of the fact that our winter port business is likely to be much in excess of previous years would you allow me space in your paper to ask on behalf of the sailors who will come to our city if the public generally will reserve their magazines and story books for the use of the men who visit our institute during their stay here: and that we may make them up into parcels for the men's reading on their voyage to and fro across the ocean. I would also like to solicit for the use of the firemen on the steamships any old or new remnants of carpet or carpet cuttings for use as hand rags.

Books or carpet will be very gladly received at the mission or will be called for by calling up Main 2508-11. Thanking you on behalf of our sailors for allowing me space to make this appeal, I remain, Sincerely yours, WALTER BRINDLE, Manager, Seamen's Institute, City, Oct. 27, 19.

World-Wide Tractor Industry Established in Canada

With headquarters in Toronto, Backed by Canadian Money, Operated by Canadian Manufacturers,

A purely Canadian Tractor institution is rapidly getting under way.

This institution has purchased outright the interests of the Chase Motor Truck Co. of Syracuse, N.Y. The manufacturing and executive offices have been moved to Toronto. Chase Tractors will hereafter be manufactured in Canada. Not only the domestic trade, but export trade with Great Britain, United States and other foreign lands will be conducted from the Canadian plant in Toronto.

The CHASE TRACTORS CORPORATION, Limited, will conduct a world-wide business in Canadian-made Tractors.

In choosing Canada as the centre for this big enterprise, the manufacturers had in view the great agricultural and industrial future of Canada. This promises to be a tremendous market in itself. For Canada's vast farm lands cannot be developed without tractors.

Convert Munitions Plant into Tractor Factory

Behind this industrial project are men in a commanding position in the manufac-

turing world. Not only have they proven that they could produce shells to most exacting specifications in a highly satisfactory way—but that they could organize in an incredibly short time a plant with a tremendous output. From their plants over five million shells were sent overseas—a remarkable achievement!

The plant and the organization of engineering and mechanical experts that made this record have now been directed to the production of Chase Tractors.

Robert J. Cluff and William J. Cluff, who are organizing the new industry, have converted their large munitions plant into an efficient Tractor Factory.

Here their ideals in manufacturing will find expression in the production of Tractors that are right—in design, in construction, in adjustment.

The Tractors that leave the Chase plant will be as rigidly inspected and as thoroughly reliable as the shells which made Cluff Bros.' Munition Plants so successful.

The Chase Tractor—a tested, reliable machine

With high ideals as manufacturers, and with literally hundreds of Tractors to choose from, Cluff Bros. chose the ideal Tractor on which to establish this business. Not, however, before they had made thorough investigation of the tractor situation, and had consulted with agriculturists in every part of the Dominion. The Chase is the ideal Tractor from the farmer's standpoint.

Simple in design, sturdy, powerful, the Chase Tractor represents nine years of constant engineering study and practical experience in Tractor building.

A low-riding tractor, it can be used under trees for orchard work, on side-hill work and rough

ground. It has no differential gears—thus it gets equal driving power on both rear wheels, giving it amazing power on hilly ground and for overcoming side-draft.

By throwing either rear wheel out of gear the driver can turn the Chase Tractor in very small radius.

The belt power comes directly from the crankshaft and is sufficient to run most farm machines, wood saws, grinders, feed choppers, ensilage cutters, anything up to a 28-inch grain separator.

This Tractor with such improvements in construction as Cluff Bros.' ideals of manufacturing demand will prove a most dependable and profitable machine for the farmers to use.

Opportunities in every farming centre for enterprising business men

The Chase Tractor Industry creates openings for men of vision to establish themselves in a profitable business.

The selling of Tractors will repeat the successes that were made in the sale of automobiles. Hundreds of big selling organizations will grow up within the next year to handle the demand for tractors, and service to tractor owners.

In the aggregate, the profits to be made from selling Tractors will greatly exceed the factory profits. Men who link their fortunes with the Chase industry, who establish themselves locally as Chase dealers, will build up local industries of magnitude.

With an organization such as the Chase Tractors Corporation, Ltd., behind them; with a dependable, efficient Tractor like the Chase to create a goodwill for them, there is no limit within reason to the business a local selling station can create.

The Chase Tractors Corporation, Limited, invites correspondence with men with the business vision and experience to build up big local selling and service organizations.

(Chase Tractors Corporation, Limited, will also manufacture Motor Trucks. Full announcement will be made in the near future.)

Many Resolutions.

The following resolutions were carried almost unanimously by the conference: "That this conference puts itself on record as recognizing the necessity for the deepening and the strengthening of the moral and spiritual factors in our national education, alike in the school, the church, and the home, and instructs the newly-appointed National Council to make a consideration of the problems herein involved a first charge upon its deliberations." "Resolved, that the whole question of the best methods of carrying out the purposes of this conference be referred to

the National Council for their fullest consideration, and for such action in the premises as they deem wise to take, such action to be reported to the next meeting of the conference.

"Resolved, that this conference recommends to the Federal Government the adoption of a distinctive Canadian flag." "That this conference, having regard to the fact that Canada is largely an agricultural country, expresses its conviction that it is in the best interests of the whole country that a high type of rural schools be developed, and that as a means to this end continuation work in rural schools be encouraged, and that every inducement be offered to rural pupils to attend these schools until such time as attendance to the age of 16 years be made compulsory."

"That, inasmuch as the prevailing emphasis on competitive methods in industry and commerce has tended to a weakening of the sense of solidarity among the citizens of Canada, and the perversion of motive resulting from undue regard to the rewards of work as compared with interest in the service rendered, this conference recommends that all our schools promote by every reasonable means the spirit and practice of cooperative effort, both in team games and in class work."

"Resolved, that to the end that both English and French-Canadians may not continue to lack interpreters of the goodwill of each to the other, the study of both English and French should be encouraged in all Canadian secondary schools and universities." "Resolved, that it is the duty of the Federal Government to assume without avoidable delay its fair share in the financial burden incidental to the Canadianizing of an immigrant population by providing suitable special Dominion grants to be expended and administered by the provincial governments concerned." "That this conference urges upon all

bodies in whom is vested the control of educational affairs the necessity of dealing in a frank and public manner with all cases involving the reduction in rank or dismissal of teachers or instructors under their control."

"Resolved, that this conference expresses its hearty approval of all those auxiliary agencies such as the Boys' Brigade, the Boy Scouts, the Cadet Corps, the Canadian Standard Efficiency Training, the Girl Guides, the Little Mothers' League, and the Canadian Girls in Training."

"That this conference direct attention to the vital necessity of developing an active public opinion, demonstrated by attendance at theatres, for the support of good pictures, which can only be hoped for where it becomes good business to exhibit such pictures, and also for the strengthening of the hands of the various boards of censorship in their efforts to raise the standard of the moving picture industry, and that every effort be made to secure films depicting Canadian and British life and sentiments."

Exchange Coal for Potatoes.

Berlin, Oct. 23.—A Polish-German economic agreement has been signed, under which Germany will deliver to Poland 75,000 tons of coal monthly, in return for which Poland will furnish Germany six million hundred-weight of potatoes at stated intervals at sixteen marks per hundred-weight. The potatoes are to be delivered at the border. In addition, Poland is to supply from seventy to eighty tons of mineral oil and other bituminous products, a million litres of spirits and a large number of geese.

3 Million Dollars but— It bought Music

No finer example of courage is known to the world of science than Thomas A. Edison's work in perfecting the phonograph. The skeptics rose in full chorus when he proposed a better phonograph—an instrument "that could produce music as human as the artists who first gave it utterance."

Mr. Edison's experiments exhausted the entire field of research in sound reproduction. He built and rebuilt until his final, perfected model cost him Three Million Dollars.

And the result?

Ask someone who attended the Alice Verlet recital last Wednesday afternoon. There was the public proof. Miss Verlet sang in comparison with the RE-CREATION of her voice by the New Edison. And no one could distinguish the living voice from its RE-CREATION.

If you love music, you will agree with Wednesday's enthusiastic audience—The New Edison represents Three Million Dollars well spent.

Come in, hear the New Edison, and be convinced.

SCHOOL MATTERS

Buy Site for New Building in West End - Vocational Committee

At its adjourned meeting last night, the school board appointed to the vocational training committee Mrs. W. Edmond Raymond, as a home-maker, and Alexander Wilson, representing capital.

Dr. A. F. Emery, the chairman, presided and other trustees present were Mrs. E. R. Taylor, Mrs. Richard O'Brien, Mr. G. E. Day, H. C. Smith, G. H. Green, T. Nagle, E. R. W. Ingraham, J. P. D. Lewis and Dr. H. S. Bridges, superintendent of schools.

It was decided on Mr. Day's motion, seconded by Mr. Smith, that the room containing the committee considering the publication of the school trustees' report be carried out when time is open.

West Side Site

Mr. Smith moved that the chairman, superintendent of schools and the trustees of the west side schools be a committee empowered to negotiate for the purchase of a piece of land on the west side as a site for school building and report back to the board.

Overcrowding Relieved

A report was read by Mr. Coll which had been drafted by Dr. Bridges and referred to the extra classrooms opened to relieve the overcrowding. The report said that the rooms opened in the Burpee House for girls from St. Peter's school, Vincent's were rented for \$250, heat and janitor service provided, and that the St. James' Hall, on which repairs had been made at the expense of the board, was rented unobtainable for \$15 per month.

development of a big power project there. But for the present the main attention of the government and the people might perhaps be better directed to the problem of developing the smaller water powers, scattered about the province, making available light, heat and power for the smaller cities and towns and rural communities. It may be presumed that the information collected by the government will show the probable cost of the development of most of the smaller water powers, and the amount of power which can be obtained the year round. And as it may be inferred from previous statements made by Premier Poincaré on the question of water power development that his government is working on a policy providing for financial assistance to well-considered water power projects, the development of these smaller waters may at last receive the attention they deserve either from municipalities or local capitalists.

DEAN OF TEACHERS CELEBRATES BIRTHDAY

Hon. and Mrs. William Smith Knowlton Observe Anniversary at Their Home in Maine

Monson, Maine, Oct. 25.—Hon. William Smith Knowlton of this town, dean of Maine school teachers, lawyer, preacher and farmer, on Saturday celebrated his eightieth birthday which fell on Oct. 21. There were two reasons for the celebration on Saturday, four days later, one being that Prof. Knowlton was busy instilling knowledge into the heads of the students at Abbot High School on Tuesday and the other being the fact that Mrs. Knowlton's seventy-ninth birthday fell on Thursday and it was decided to make a joint affair of the observance.

Mr. and Mrs. Knowlton, who are among the most respected residents of this town, passed the day receiving the congratulations of their many friends in Piscataquis county and elsewhere. They were the recipients of many letters and messages of congratulation. They were also substantially remembered with gifts.

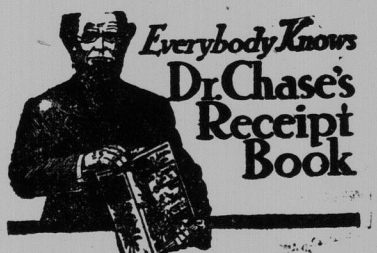

Prof. Knowlton, who is without doubt the oldest active school teacher in Maine, is within all probability, the oldest teacher in New England presiding over a preparatory school at the present time. He is rounding out the fifty-ninth year of his life as a teacher and while he is growing old in years "The Old Schoolmaster" still remains young in spirit.

Mr. Knowlton, who came of sturdy Maine stock, was born in East Sangerville, Oct. 21, 1839, and was the son of Isaiah and Lydia Pollard Knowlton. He was one of a family of fourteen children. His grandfather came from Sherburne, Mass., and the Knowltons who led his troops across Charlestown Plain in the Battle of Bunker Hill. Luke Pollard was the first man killed at the Battle of Bunker Hill and the Pollards of Maine were of the same family.

"The Old Schoolmaster" fitted at Foxcroft Academy for college and was graduated from Waterville College, now Colby, in the class of 1864. He commenced teaching in 1868, teaching at Foxcroft Academy for two years; Carleton High School ten years; Ricker Classical Institute for ten years, in Bridgewater for seven years, Brownfield, Mass., for two years and at Abbot High School for several years. He was county superintendent of schools for three years. Mr. Knowlton was admitted to the Piscataquis bar in 1869 and was ordained as a clergyman in 1872.

In 1907 Mr. Knowlton entered as a representative to the legislature from the Monson legislative class. He came back in 1908 and was a member of the Maine senate from Piscataquis county. Mrs. Knowlton, whose birthday comes on Thursday, was born in Monson, Oct. 23, 1844, and was a daughter of Hiram and Abigail Planders. Mr. and Mrs. Knowlton have two daughters, Mrs. Grace E. Gentner of Cambridge, Mass., and Ethel W. Knowlton, teacher in Lancaster, N. H., High School.

Prof. Knowlton has little patience with the person who thinks a man past his usefulness at "eighty years young." His stock of patience is particularly high with Prof. Osler and his kind and show just how he feels in this regard. Prof. Knowlton furnished the Commercial with a copy of his Prayer to

SHIP NAVIGATOR TELLS TROUBLE

John Willis Was So Run-Down He Had to Lay Off—Tanlac Builds Him Up.

John Willis, a young navigator, living at 88 McFarland street, St. John's, Newfoundland, is still another who has cause to be glad he was induced by his friends to give "Tanlac an honest trial."

"Tanlac has certainly fixed me up in fine shape," said Mr. Willis while discussing the medicine at Connor's drug store in St. John's, recently, "and I believe it will do the same thing for anyone who gives it a fair trial."

Mr. Willis was for four years in overseas service with the Royal Reserves of the British Navy.

"I had been in a badly run-down condition for several months," he explained. "My appetite left me, I could not eat much and lost weight continually. Sleep was impossible for me. I would lie awake for hours and get up mornings feeling as bad as when I went to bed, or worse. My nerves became all upset and I got so weak the least exertion would leave me all out of breath. Then my stomach got out of fix so that what little I did eat disagreed with me. I suffered from indigestion and I couldn't walk a block at an ordinary pace without feeling all in."

"I dropped down fifteen pounds in weight in just a few weeks and all my energy left. I simply got to where I couldn't work and nothing seemed to do me any good. I had read a good deal about Tanlac, several of my friends had also told me about it, so I got a bottle and before it was half gone I was eating like a wolf. I am eating just anything set before me now and while I have just finished my second bottle of Tanlac, I have already gotten back several pounds of my lost weight and am still gaining. All that tired, worn-out feeling has left me and I am just brimful of new life and energy. My nerves have quieted down so that I am now getting plenty of good, sound sleep and I am feeling so much stronger and better in every way that I am going back on the job in just a day or so. Tanlac has certainly put me on my feet and I am glad to give this statement to be used in letting others know about it."

There are thousands of people who complain of being nervous and run-down. They are not sick exactly, but feel tired out and good for nothing most of the time. They need something to build them up and throw off the symptoms of this weakened debilitated condition. The system, besides being purified by Tanlac, is toned up and invigorated by the medicine, aside from assisting the blood, reinvigorates the constitution, overcoming as it seems to quickly, nervousness, indigestion, non-assimilation of the food, headache, backache, kidney complaints, general debility and many other ailments that are so common to the thousands of half-sick, depressed men and women.

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative—(Adv't.)

Prof. Osler which recently came from his pen. It follows:

A Prayer to Prof. Osler.

(Dr. Osler said that a man at 60 ought to be chloroformed.)

My Dear Professor, if you can, please lengthen out my earthly span.

I've passed the 60 milestone by, With step still firm, and undimmed eye, Can swing the scythe like long ago, Can handle axe or plow or hoe,

Can measure mountain, moon or star, Can solve the tough hyperbola,

Of steak or pie can eat my fill, Can combat "Edwards on Free Will,"

Can Plato read and Socrates, And reason like Diogenes,

I still would stem the heat and storm, I do not want your "chloroform."

I think it hard to leave the track Because that stupid almanac

Says I was born in thirty-nine, And must with gloomy Pluto dine.

We have a nag that's twenty-four, We want to drive that nag some more.

No man of twenty, none but us, Can drive that fierce Bucephalus.

Our mooley cow, though gaunt and lean, Makes butter still, at "sweet sixteen."

No "kid" of forty ever born Can milk that cow with "crumpled horn"

And our old dog, though blind of eye, Still wags his tail, as we pass by.

Shall I lie silent in the vale, While that old dog still wags his tail?

We have a wife less old than we, Shall she a youthful widow be.

And soon her sable plumage burn, While I lie senseless in the urn?

And grace the home of some young host, That only forty years can boast?

My dear Professor, don't you feel The world sometimes gets tired of "weal"?

And like St. Paul, "for stomach's sake," Wants now and then, a slice of steak.

Where age and sweetness nicely join, Or juicy roast of tenderness?

Does Quincy Adams ninety years Dispel no doubts, remove no fears?

Did Washington at sixty-eight Die a score of years too late?

Go East, Professor, o'er the wave,

And shed a tear at Gladston's grave.

Then stand before Victoria's urn, And from her ashes wisdom learn.

Go cross the sea to German Land, And learn of Bismarck's iron hand.

Go to France, that Land of woe, And call on aged Clemenceau.

Do it today, E. Clinton Brown, Drug-gist, St. J.

Ask what brain directed all

That caused the tyrant Fritz to fall?

Responses come from shore to shore, 'Twas Foch, three score ten and more.

Go East, Professor, far away, And let me live my little day.

When "mal de mer" your stomach's on, Then take your dose of "chloroform."

Buy Victory Bonds Through the Banks on the Instalment Plan

CANADA'S banks will make it possible for every Canadian man and woman to buy all the Victory Bonds they can pay for in ten months.

The Finance Minister has made arrangements with the bank managers throughout the Dominion to give every co-operation to enable you to buy all the Victory Bonds you can possibly pay for on the instalment plan.

You do not need to be a customer of a bank to buy bonds under this instalment plan—it is open to everyone.

Put every dollar you can gather together into Victory Bonds—and then go to any bank and buy on the instalment plan all the Victory Bonds you can pay for during the next ten months.

Under this plan you pay ten per cent. on or before November 15th, and ten per cent. each month till August 16, 1920, when you will get your bond. The interest charged you by the bank is balanced by the interest you get on your Victory Bonds.

Any branch of any bank will store the Victory Bonds of small investors for safe keeping for a year without charge.

Buy all the Victory Bonds you can pay for—then buy more on the instalment plan. The banks will help you.

Employers' Credits—The banks have decided to make loans to employers of labour covering the subscriptions of their employees—the rate of interest to be the same as the yield of the bonds—5 1/2%—the loans to be made for 90 per cent. of the amount subscribed—and to be paid off in monthly instalments. The banks have unanimously agreed that these loans will not be considered as impairing the amounts of credits for other purposes.

Advances to Investors—The banks have agreed also to grant reasonable credits to subscribers to the Loan at the rate of 5 1/2% per annum, on loans to be repaid within one year. The amount loaned will be 90 per cent. of the subscription.

BOTH SIDES PREPARE FOR BAPTIST CONTEST

Inspiration and Authority of Scriptures to be Subject of General Debate

Both sides in the great controversy, which is coming at the Baptist Con-

vention in Ottawa this week over the inspiration and authority of the Scriptures are preparing their weapons and mustering their forces so that the domination will settle at this time a ten-year-old dispute concerning the inspiration and authority of the Holy Bible.

Mr. Shields says that he has been repeatedly informed that a special effort is being made to secure at the convention a big representation of those who hold the "modern" view of the Bible. "I am not a politician," he says, "and refuse to resort to secret methods to secure an ex-parte delegation in order to secure a snap verdict on a supremely important religious question." He appealed

to the churches to take up a special collection to pay the expenses of their delegation in order that they may be fully represented.

The Canadian Baptist publishes this week a full page on the dispute, quoting the opinion of Dr. Augustus H. Strong, professor and president of Rochester Theological Seminary, whose book has been long used as a textbook in Baptist and other theological colleges. Many quotations are given, including the following:

"The Bible, in spite of imperfections in matters non-essential to its religious purpose, furnishes a safe and sufficient guide to truth and to salvation."

"The unity and authority of Scripture as a whole are entirely consistent with its gradual evolution and with great imperfection in its non-essential parts."

"Inspiration did not guarantee inerrancy in things not essential to the main purpose of Scripture."

"No theory of inspiration is necessary to Christian faith."

C. P. R. OFFER TO FREIGHT HANDLERS

The Marine Freight Handlers' Union yesterday presented a demand to the C. P. R. for a nine-hour day and increase from forty-seven cents to sixty-five cents per hour for the coming winter. On the authority of the Montreal headquarters, H. C. Grout offered the men an increase of five cents per hour and gave them the option of working a nine-hour or ten-hour day as they

wished; time and one-half for any overtime up to four hours and double time for time beyond the four hour limit, and for work on Sundays, holidays and meal hours. The men's attitude to this offer has not yet been announced.

\$450 UPRIGHT AMHERST MAKE PIANO — ALSO \$110 CREMONAPHONE TALKING MACHINE AND OTHER VALUABLE PRIZES FOR THE BEST, NEATEST, CORRECT SOLUTIONS OF THE MAGIC RING PUZZLE — EVERY PERSON SUBMITTING A SOLUTION WILL RECEIVE A PERSONAL REPLY WHETHER ANSWER IS CORRECT OR NOT.

Amherst Make Piano.

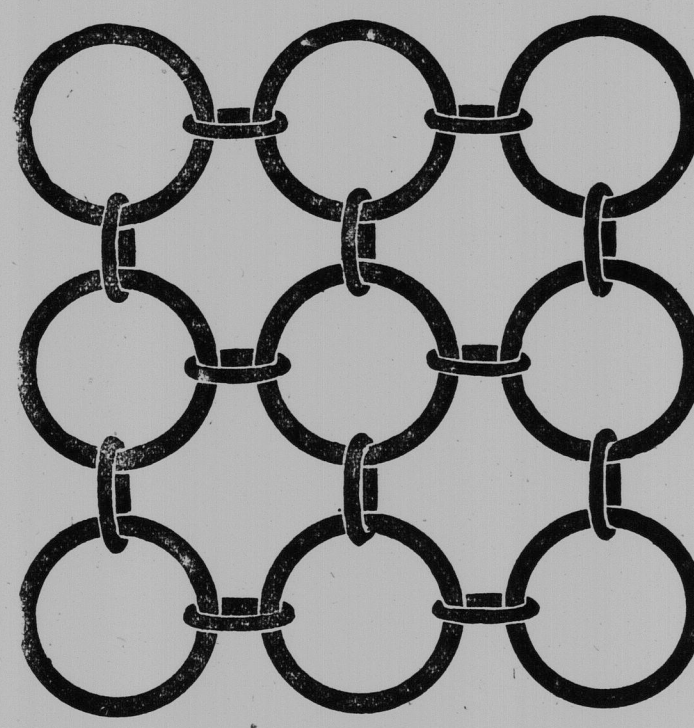

This Fine Amherst Make Piano will be given free to the best, neatest, correct and most original solution to the Magic Ring Puzzle.

AMHERST PIANOS ARE RECOGNIZED AS THE WORLD'S BEST and the winner of this Piano will have just reason to be proud of the Piano. The Finest Homes and the leading Musical Institutions of Canada are now using Amherst Pianos. Remember there will only be one Piano given free. Therefore use your very best efforts.

SECOND PRIZE.

Magnificent Genuine Mahogany Cremonaphone, valued at \$110. This will be given as second prize in the Magic Ring Puzzle for the second best solution.

CAN YOU SOLVE THIS PUZZLE? IT CAN BE DONE.

DIRECTIONS

Use any numbers from one to nine inclusive—place a number in each ring in such a manner that when added vertically, horizontally and diagonally the total will be (15) fifteen—Use no number more than twice—However the Magic Ring puzzle can be solved correctly, using each number only once.

AWARDS.

The best, neatest correct solution will receive absolutely free a \$450 Amherst Make Piano—The next best solution will receive a \$110 Cremonaphone Talking Machine. Other awards will be made to other entrants—Bear in mind, however, that only one Piano will be given free—Also bear in mind that only one Phonograph will be given free—And these only to be the best, neatest and most original correct solutions.

CONDITIONS.

All solutions entered are the property of the Amherst Pianos Ltd., and cannot be withdrawn—All entrants agree to accept the decision of the Judges as being final—All solutions must bear the proper amount of postage—or must be delivered directly to the contest department—All solutions must have a name and address plainly written to assure entrance into the contest.

OUR REASON FOR DOING THIS.

We want to compile a mailing list of families who do not now own Pianos—If you already own a Piano do not enter this contest as in the event that the Piano is awarded to any person who already owns a Piano the award will be declared void—We want this Piano to go to some family who do not own an instrument—It is our intention to mail catalogues of our Pianos, etc., from time to time to the families who enter this contest. Therefore, we ask families who have instruments not to enter.

THIS CONTEST IS OPEN TO EVERY FAMILY IN CANADA.

Who do not own Pianos—Gather the whole family around—often the youngsters have the brightest minds for figures and can do quickly what it takes an adult a much longer time to accomplish—Let them all have a trial, and then send in the best solution—Some family is going to get a magnificent, sweet toned Piano for just a few minutes work. Do your best and mail or bring your solution to our store—Today may be your lucky day—take your time, work it out carefully, your opportunity is as good as the best until the decision is made by the Judges.

PIANO SALE

PIANO BUYERS SAVE BAGS OF MONEY AT THE AMHERST PIANO CO'S ANNUAL CLEARANCE SALE.

Each year we conduct a great fall clearance sale. This year we promise exceptional values in all grades of Pianos and Talking machines.—It will pay prospective Piano buyers to wait for The Amherst Pianos Ltd.—Great Clearance sale which will start about December First—As a matter of self protection do not buy any Piano or Phonograph until you have investigated our clearance sale values.

SHE withstood everything in the field and above all was, and still is, the last and only car to survive until the cessation of hostilities—Extract from letter received by Ford Motor Company from a British Soldier, in Africa.

Over shell-torn roads, through water soaked fields, second only to the tanks in its power to climb debris and crater holes, the Ford car made a world famous record in the fighting area of the great war. In press despatches, in field reports, in letters, in rhyme and song the praises of the Ford were sounded.

- In France - 700 cars out of 1,000 were Fords
- In Italy - 850 cars out of 1,000 were Fords
- In Egypt - 996 cars out of 1,000 were Fords
- In Mesopotamia - 999 cars out of 1,000 were Fords

The Ford power plant that established this world-wide record in every theatre of the war remains the same. It will be in the Ford you buy.

Sidelights On Sport

The popularity of bowling seems to be on the ascendancy in St. John judging from the interest manifested in all the various alleys which are prevalent in the city and that is circular and unsuited for the game, so from the present outlook the revival is doubtful. It would look like a real good paying proposition for someone to erect a new rink in this city.

AMERICAN LEAGUE BATTERS IN LEAD

Eight Members of Younger Generation Had Better Averages Than National League Leaders. Although the National League established its supremacy over the American League in the great classic of the diamond this fall, in the victory of the Cincinnati Reds over the Chicago White Sox, the younger organization nevertheless has a considerable argument at its disposal when it comes to a discussion of the relative batting strength of the two leagues.

Publishing a Great Magazine Without Typesetters

The members of the typographical union, which prints THE LITERARY DIGEST and all other magazines published in New York City, presented demands to the employing printers on October 1st which were so radical that they could not be acceded to. While negotiations were still pending, the typesetters, without notice, went on a "vacation" and are still out, in direct defiance of the orders of their own chief to return to work.

The International heads of the typographical union have disavowed the action of

the New York local union men and have refused International support.

For this reason it has become necessary to issue THE LITERARY DIGEST *without the assistance of typesetters*. We believe this is the first case on record where a million copies of a great magazine of eighty pages, with handsome colored covers, have been issued without typesetters. How the "Digest" for October 25th was published will be readily understood by those familiar with modern typographical practise. To others it will be an interesting puzzle which we will not spoil as yet by explanation.

Revolutionizing the Publication Business

There is one phase of this experiment, however, that has deep significance, not only for the publishing fraternity, but to the public at large. As stern necessity is oftentimes the mother of invention, it is not impossible that in this age of marvels the whole future of magazine publication may be revolutionized by the elimination of what has hitherto been its costliest operation—the typesetting. The present departure, as shown by the "Digest," in this week's issue, now on sale, will certainly furnish a basis for many other experiments to this end.

Whenever any class of men or women refuses to keep faith with society, refuses to carry out the terms of its written contracts, society will somehow find ways nevertheless to get its business done.

This is one lesson of the present situation—and a wholesome one.

Wholly aside from its novel appearance, the October 25th number of THE LITERARY DIGEST is of unusual interest. It is packed from cover to cover with live news, covering many fields of human endeavor.
