TEACHERS GRANTS HAVE NOT BEEN UNDOUBTLY DELAYED

Superintendent Carter Says Last Checks Are Being Signed By Provincial Auditor—Alphabetical Order.

Mr. W. S. Carter was seen yesterday and asked about the complaint that the payment of the Government grant to teachers had been delayed. Mr. Carter said that the work of his department in connection with these payments was completed, but when he left Fredericton the Provincial auditor had not finished signing the checks for the last counties on the list.

The statement is attributed to one of the most prominent teachers in the city that for the last fifteen years the teachers had always received their grants August 10. Sometimes they were paid as early as that, Mr. Carter said, sometimes it was later. The department was not until August 31 to complete the work, and it would be done before that time this year.

As to the complaint the St. John teachers were not paid so soon as others, Mr. Carter said that the counties were usually taken up in alphabetical order, which placed St. John toward the end of the list, and Albert would be the last to be paid. He was not sure that he would continue this method, but it was the custom he found.

JURY DISAGREED; FREE SPEECH WILL HAVE TO STAND NEW TRIAL THIS AFTERNOON

Case Against Mirissis the Greek Before Judge Forbes in County Court Yesterday—Result Characterized by His Honor as Miscarriage of Justice—Witnesses Testified to Items Regarding Nickel Staff Being Suppressed by Defendant—Jury Stood Six to Six.

Standing six for conviction and six for acquittal the jury in the case of George Mirissis charged with selling obscene literature, were discharged yesterday afternoon in the county court. His Honor Judge Forbes characterized the result as a miscarriage of justice. In the morning besides the police evidence Walter H. Golding, manager of the Nickel Theatre, testified that defendant threatened to "roast" the door keeper in Free Speech. A feature of the afternoon session was the production of a specimen of the evidence which the defendant having previously sworn he could not write English.

Attorney General Hazen appeared for the defendant and delivered a masterly address to the jury. D. McLaughlin, K. C., who represented the prisoner, relied mainly upon the plea of sympathy. The new trial will begin this afternoon.

When the court opened in the morning Attorney General Hazen moved, in the case of the King vs. Mirissis, charged with selling obscene literature that the prisoner be arraigned.

Indictment Objected To. Mr. Mullin objected to the indictment on the ground that it did not show the name of the purchaser or purchasers of the paper. He cited authorities in his contention that the gist of the offence was "knowingly." After arguing along that line Mr. Mullin moved to quash the indictment. The Attorney General submitted the indictment was properly drawn and read the section of the act.

His Honor sustained the indictment. The Attorney General moved the prisoner be indicted. The clerk read the indictment and the prisoner pleaded not guilty. The Attorney General moved for a trial.

Mr. Mullin—Before the case is commenced I move for particulars of the particular offence in the Free Speech which are alleged to be obscene should be set out. Mr. Mullin cited an authority to substantiate his argument. The Attorney General promised to give Mr. Mullin the particulars asked for.

The Jury. The following composed the jury: Fred E. Law, J. M. E. Whiting, Wm. Hodgins, Jas. Gibson, Pevie J. Smith, Stephen P. Golding, John E. Fitzgerald, John P. Williams, Geo. W. Polk, Wm. G. J. Watson, David Love and Sydney Gibbs.

Walter H. Golding, manager of the Nickel Theatre, was the next witness. He said that before Mirissis was arrested he called on him at the Nickel Theatre and showed him a typewritten slip of paper on which was written a slanderous article.

Mr. Mullin objected to this evidence. The Attorney General—We offer this evidence to prove the defendant's knowledge of the immoral character of the paper.

His Honor—It'll allow it. Cross-examined by Mr. Mullin, witness said that the Greek told him that several letters came about witness.

James Dunlop, ticket collector of the Nickel, was next examined by the Attorney General. Witness corroborated Mr. Golding's statement about the typewritten article. There were other articles about the girls employed at a Union street millinery establishment.

Could Stop Articles. Witness said that the prisoner told him on this occasion he could stop any articles from being published in Free Speech.

Cross-examined by Mr. Mullin, witness said Mirissis told him that the article was sent in signed by some one.

Walter H. Golding was recalled by Mr. Hazen and told of talking to prisoner in his store. Prisoner asked witness who a certain man was, as he wanted to write something about this man in Free Speech.

DEATHS. Miss Dorothy Megaw. The death of Miss Dorothy Megaw occurred on Tuesday at the residence of Mr. Jonas Howe, 416 Union street. B. McDougall. He added that he got a letter from C. B. McDougall. Attorney General Hazen—You get a letter from C. Bruce Douglal? Where is it?

Ans.—I lost it. Continuing, witness said McDougall sent printed envelopes to remit money to Moncton. He sold about 2,000 copies a week, sometimes 2,900. He made 2 cents profit on the papers sold from the store, and 1 cent when he sold to newboys. He went to Moncton and saw McDougall.

Q.—How did you find him? A.—He was a young fellow took me. Q.—Why did you want to see McDougall, who printed Free Speech? A.—I was doing business with him.

The Witness's Signature. Q.—You say you cannot read or write? A.—Yes. The Attorney General—Then, sir, is this your signature?

The paper was a receipt purporting to be signed by witness for Walter Golding. Witness—Yes, sir. Why don't you ask me how it was written by me? I copied that from a bill written by the editor of mine.

Q.—Why did you have lived four years in St. John? A.—Because I knew it was a bad paper. Mr. Hazen—Oh, you now admit it was a bad paper. You told us this morning it was full of jokes.

When pressed for the names of those who would write the letters the witness was unable to remember.

DEATHS. Miss Dorothy Megaw. The death of Miss Dorothy Megaw occurred on Tuesday at the residence of Mr. Jonas Howe, 416 Union street. STANDS GOLF TEST; IS DECLARED ALL RIGHT

Rockefeller's Preacher Friend Got Over Course Without Show of Impatience and Wins Favor of Oil King.

Cleveland, Aug. 25.—The Rev. W. C. Bittling stood John D. Rockefeller's test of fire on the golf course at Forest Hill yesterday. Indeed, he came through with flying colors, doing the course in one stroke less than the master of Standard Oil, whose partner the pastor was, against J. B. Sweeney, of Detroit, and Capt. Levi Scofield, of this city. The latter was Mr. Rockefeller doing the course in 48 strokes, his best in a year. Mr. Rockefeller returned 52 and his partner only 51.

The oil man yesterday declared that golf was the final test of a pastor. "The best of them lose their patience on the links," he said. "If Mr. Bittling comes through the test of golf as he has through those other tests of the past, I shall call him well nigh perfect. I have invited him to Forest Hill to put him to the final test of fire."

When the game ended today Mr. Rockefeller had little comment. "You never had a chance to get impatient," he said to his partner. "You were going too nicely all the way." "It's great exercise," the pastor responded. "I have enjoyed this setto immensely, but I think our opponents were a little bit too experienced, for me, at any rate."

NOVA SCOTIA LADIES WIN IN GOLF TOURNEY

Both Mrs. Handsombody and Miss Henderson are expert players and have won the championship to Nova Scotia. The third round resulted as follows: Mrs. Handsombody, Winsor, defeated Mrs. Yorston, Truro, four up with the hole.

At five o'clock the jury retired and after being out for fifty-five minutes returned and announced a disagreement. They were evenly divided. Mr. Fred Law, the foreman, announced that they could not possibly agree.

ROUGH EXPERIENCE IN HOLLOWAY JAIL

London, Aug. 25.—On Monday, July 12, I was sent to prison for six weeks for the part I had taken in the woman's demonstration on June 28. On Monday last I was set at liberty, writes Florence E. Cooke, one of the militant suffragettes who recently was sentenced to prison.

HERIBLY DIRTY

I shall never forget the horrible place into which I was taken. When I saw the damp, underground dungeon into which they took me, I cried bitterly, but somehow the spirit always comes to you when you are fighting for principle, and I determined to stand my ground. The place was horribly dirty, and seemed full of all kinds of germs. There was scarcely any ventilation, and no light except that which came from a thick skylight in the ceiling, so that the place was nearly dark.

HERIBLY DIRTY

The only bed in the room was a piece of wood laid on the wall. The whole place seemed to me as though it had not been used for a long time, and was dark and damp. I saw that all means of protest had been taken from me except one, and that was to write Miss Walsby Dunlop and urge her to refuse to take food.

HERIBLY DIRTY

I therefore took the tin in which it was and rolled out of the cell, and was in it when it went upon the ground. On Friday I took to my bed and the doctor told me that I was absolutely determined to do my part at whatever sacrifice.

HERIBLY DIRTY

On Sunday night I was taken to the hospital and I made an effort to get up to get me to take food. Medicine was brought to me, which I absolutely refused, knowing that it was either food in another form or else I was to starve to death.

HERIBLY DIRTY

On Monday afternoon my head was exceedingly bad, and I felt that I hardly knew what I was doing, but I determined that I would not give in. In the evening the governor came to me and said: "I have orders to release you."

The trip concluded Mr. Hutchinson's vacation which he has spent up the St. John river. Mr. Hutchinson told a Standard reporter that the death of Rev. Dr. Black cast a deep shadow over the proceedings of the convention as every one of the delegates knew and respected him. The action of putting Dr. Black's name in this year's list of obituary notices instead of leaving it to next year was, Mr. Hutchinson said, an unusual proceeding, and was done in honor of his memory.

RECOMMEND CHANGE IN DATE FOR ANNUAL SCHOOL MEETINGS

Inspectors Yesterday Decided To Ask Board Of Education To Fix Second Monday In July As More Suitable — Committee Appointed To Prepare Programme For Ungraded Schools—More Attention To Agriculture Advocated—Congratulations Extended To Superintendent Carter.

The semi-annual meeting of the school inspectors of the province was concluded yesterday in the Government rooms on Church street. Mr. W. S. Carter, superintendent of education presided. At the opening of the morning session Inspector Mersereau of Doaktown, Northumberland county, the Senior Inspector for the province, conveyed to Mr. Carter the congratulations of the inspectors of the province on his promotion to the position.

He referred to the fact that Mr. Carter was a product of the common schools over which he was now placed, that he had gone through all the grades, had been a teacher and inspector and was the first to be promoted from the ranks of the inspectors to this position. He also complimented the government on recognizing the work of an inspector in selecting Mr. Carter.

Mr. Carter in a brief speech in reply, thanked the inspectors for their kind wishes, and their congratulations. Time Table for Ungraded Schools. Inspectors Steeves and O'Brien were appointed a committee to prepare a time table and working programme for the ungraded schools in the province. This committee is to prepare a report on the result of their work to be presented at the next conference. Inspectors Doucet and Hebert were also appointed a committee to carry out the same work in the French schools of the province and will submit their report at the same time.

The subject of teaching agriculture in the schools was taken up, and all of the inspectors were much in favor of more attention being given this subject in the curriculum. Special stress was laid on the importance of this teaching in the country schools, particularly with reference to farm weeds, the brown-tail moth, and other enemies of the agricultural industry. Another subject which came before the meeting was the adoption of military training in the public schools. The matter met with the hearty support of all the inspectors, a few of whom however hoped that the instruction would not be carried to excess.

Annual School Meeting. At the afternoon session the question of the date of the annual school meetings came before the conference. A change in the date was recommended by Superintendent Carter. His suggestion was that the date be made the second Monday in July in place of the third Saturday in June. He pointed out that the new date was a better day as the great majority of the people interested were at home on that day. The present hour of meeting is 10 a. m., and as many of the districts prefer the hour of 7.30 in the evening it was decided to recommend that the matter of choice be left in the hands of the different districts. A recommendation in regard to the change in date of the meeting will be put before the Board of Education.

At a meeting of the New Brunswick Automobile Association held last evening in the offices of the Pugsley garage on Canterbury street, the committee on prizes made the awards in the annual good roads competition. The committee consisted of Mr. J. Roydon Thompson, Mr. James A. Patterson, and Mr. John Bayne. The first prize of \$100 was awarded to Mr. Oscar Saunders for part of the road from St. John to Sussex, fifteen miles in length. The second prize of \$50 went to Mr. J. F. Duplisse, of Blissville, for a piece of the road extending from St. John to Oromocto, about fourteen miles in length. John Bayne, the prize amounting to \$25, went to Mr. S. L. Peters for work on the road between St. John, and Oromocto, along the river.

More work had been done upon the roads during the present summer than had been done in any previous four years of his recollection. The Reasons. Asked how this result was brought about he stated that there were two causes: First, a more honest administration of the road law, and secondly the provision of the act which required more work to be done or more money expended. In his section the great portion of the road work was done by the rate payers themselves, who were willing to work in consideration of the higher allowance provided by the act. They were satisfied when they got a fair wage per day. In reply to a question whether there was any complaint respecting the increase of taxes and amount of statute labor required under the act, Mr. Hayward said he had heard of none. The people of the county wanted good roads. They recognized their necessity, and were willing to pay for them or do the work necessary to keep them in a good state of repair provided their money was not wasted or they were paid fairly well for their labor.

The report he had heard of other sections of the province, Mr. Hayward said, were favorable to the act. One or two years' honest administration would, in his judgment, produce such beneficial results in the condition of the roads throughout the province, that it would be needless for any one to praise it, and foolish for any person to deny it. Resignation Accepted With Regret. At a meeting of the congregation of the Tabernacle Baptist Church last evening at the request of Rev. J. W. Kierstead his resignation was reluctantly accepted. A committee of the church was appointed to fill his position. Mr. Kierstead's resignation will take effect the first Sunday in September, when his farewell sermon will be preached. Mr. Kierstead will not leave the city for some time. At the next congregational meeting Messrs. Heenan was granted to Mr. Stirling Stackhouse to become a divinity student. Stackhouse, on finishing his High School course, will take a course in Acadia College. He is a brother of Rev. Perry J. Stackhouse, B.D., now at Campbellton.

Dr. C. C. Jones, of the U. N. B., returned to Fredericton last evening. Mr. F. St. J. Bliss, returned to Fredericton last night. Mr. G. Gray Murdoch was a passenger to the city on last night's Boston express.
