SEVEN PRISONERS LEAVE DALHOUSIE JAIL YESTERDAY

**Sailors From S. S. Portsmouth Sentenced to One Month For
Refusing Duty Are Again At Liberty.**

JUST WALKED AWAY

The seven sailors who were sentenced to Dalhousie jail for refusing duty on the S. S. Portsmouth took French leave of that institution yesterday. It is reported that they were sent to pile wood in the yard of the jail and not being closely watched, they effected their escape. Sheriff Stewart was called up by the Graphic last night, but he denied any knowledge of the escape, if escape it was, other than to say that if the prisoners were not in the jail they must have left of their own accord. However, despite the Sheriff's lack of knowledge of the matter the men are here in town and are making no effort to conceal their identity. Can it be that Dalhousie jail being rather crowded at present the officials of that institution seized the opportunity to reduce the number of inmates without due process of law. If the men escaped why should they enjoy immunity, and if their speedy release was intended why were they given a month in jail, are questions which should be answered before the mystery is cleared up.

FOREST FIRES ARE STILL RAGING IN MINNESOTA, TOWNS THREATENED

**Many Towns Were Hard Pressed And Thousands of Citizens
Fought Flames All Night But Saved Homes.**

VILLAGE IN BAD WAY.

(Special News Service)
DULUTH, Minn., Wednesday. — It was a night of terror on the range and one of deep anxiety in Duluth, but today's condition appears to have changed for the better.
All yesterday afternoon and last night fires threatened half a dozen of the larger towns on the range. At four o'clock yesterday afternoon Hibbing, the largest of them all, asked Duluth for assistance, and a fire engine was made ready for shipment by special train.
More than one thousand residents of Hibbing fought back the flames all night long, stamping out brush fires and wetting down fields about the town to keep the fire from spreading.
Similar experiences are reported from a dozen other range towns but so far as is known there have been no others destroyed. This morning reports are more optimistic. The wind is dying down and the flames appear to be gradually burning themselves out.
Great vigilance is still necessary, however. The most dramatic incidents of fire promise to develop around Grand Marais. The steamer Gopher and the U. S. gunboat carrying fifty members of the naval militia left last night for Grand Marais to rescue settlers along the North Shore. The little village is entirely shut off from communication by means of telephone or telegraph, and it will be twenty-four hours at least before anything is heard of its fate. Passengers on the last boat reported that the flames were rushing towards the lake and gradually saving the inhabitants of the little village, comprising about six hundred people, mostly fishermen and Indians.

SYDNEY, Wednesday. — J. W. Maddin, was the choice of the Liberal Conservative convention at Sydney today.
ST. JOHN, Wednesday. — Two of St. John's luminaries forgot the courtesies of their profession to such an extent today that fistfights were engaged in police court. D. Mullin, K. C., was the aggressor, J. B. M. Baxter, the other. Mullin's provocation was his being called a liar by Baxter. Two policemen separated the lawyers. The trouble arose over imposition of sentence in a charge of the violation of the alien labor law, by Hardy, employed with Telegraph and Times.

CARLETON, P. Q., Sept. 9th.— Rev. Father Belanger has gone to Bonaventure to assist Rev. Father Gravel during the ceremony of the Forty Hours.

Mrs. Phil LeBlanc who has been the guest of her parents during the summer months has returned to her home in Vancouver, B. C.
Mrs. Capt. L. Allard is spending a few days in Campbellton.
Rev. Father LeJeune of Ottawa who had spent a couple of weeks here returned home on Monday.
Dr. W. A. Verge and family have left their cottage for their home in Quebec.
The convent and school are again opened for another ten months, and a large number of pupils are in attendance. We wish them success.
Mr. Alcide Deslens of Full River, Mass., is taking a course of telegraphy from Mr. Albert Allard, stationer.

DRUNKEN MINER TERRORIZED TOWN SHOT AND KILLED

(Special News Service)
EAST ST. LOUIS, Ill., Tuesday. — After having terrorized the citizens of Edgemont for two days and nights, Chub Otin, a miner, was shot and killed today by Charles Berger, owner of an ice cream parlor. Otin began drinking heavily on Saturday, and had since stalked the streets, making threats of trouble. Entering Berger's ice cream parlor, he attempted to slash Berger with a razor, and was shot dead. Berger immediately surrendered to the police and was taken into custody.

CURIOUS FREAK OF RESTIGOUCHE HEN DISCOVERED HERE

Jas. LaMarche of Matapedia is the possessor of a curiosity which is creating a vast amount of wonderment. It is an ordinary hen's egg, but upon is printed a perfect reproduction of Mr. LaMarche's house, with a pair of the grounds.
Mr. LaMarche found the egg in the nest recently and did not notice the strange picture upon it until it was about to be sent with others to market. Here is a freak of nature for scientists to puzzle over.

HE WENT FISHING BUT CAUGHT A--

**Remarkable Experience of Campbell-
ton Young Man Who Went
Fishing On Labor
Day.**

DON'T TELL HIS FRIENDS

A party of young men from Campbellton went to Matapedia Labor Day on a fishing expedition. The fish were plentiful and large and each of the Waltonians made good catches, with the exception of one of their number who met with an experience which he dislikes to recall. He is an amateur in the art of fishing, but he possessed a great amount of confidence when he went forth to try his skill with the finny tribe.
While his friends were having splendid luck, not a fish seemed to care for a nibble at his hook, but his confidence never deserted him and he kept wapping the stream for all he was worth.
Suddenly he felt a tug at the line and he began to reel in. "It's a whopper, boys," cried he, "bigger than a salmon," and in great glee he exerted himself to land the prize. Just then the latter came to view. It was an old boat.

TRIED TO CROSS FRONT OF TRAIN

**Two Nova Scotian Ladies Had a
Narrow Escape at Aulac
Station.**

ENGINE STRUCK CARRIAGE

(Special News Service)
AMHERST, Wednesday. — A serious accident occurred at Aulac Station yesterday. Mrs. Mamie Wells and Mrs. Hazen Chapman were endeavoring to cross the railway track in front of a fast advancing train. The engine struck the rear wheel of their carriage, badly shattering it and throwing the ladies violently to the ground.
Mrs. Wells had two ribs broken and her shoulder dislocated by the fall and also sustained several bad bruises on face and body.
Mrs. Chapman was severely bruised but no bones were broken.
If it had not been for the presence of mind of the engineer who applied the air brakes both Mrs. Chapman and Mrs. Wells would have been killed instantly.

GAVE HIS LIFE TO SAVE MOTHER AND CHILD IN NEW YORK FIRE

Carried Both From Burning Building Then Expired Because of Burns.

OTHERS UNINJURED.

NEW YORK, Tuesday. — Though badly burned, John Tuck, a retired real estate dealer, returned to a burning apartment in Brooklyn today for a missing child and saved the infant, but at the expense of his own life. He had already rescued the mother, using his coat to protect her as he carried her down the stairs. The child, however, died before the ambulance reached him. Neither Mrs. Campbell, the mother, nor the child received serious injuries.

FAME POINT

After a long silence I shall endeavor to give your readers a few notes from our little village.

The weather during the summer has been very fine and warm—the hottest summer in many years, also very dry, the consequence being poor crops.

All the farmers are through with their hay and are now busy at grain. The hay crop was poor as were also potatoes.

Fishing has been poor all summer, almost a failure, but there is plenty of herring.

Diphtheria is still raging around the coast. One house is quarantined at Lonsdale Vale.

The G. D. S. Christine with Hon. R. Lemieux and Dr. Lemieux on board was cruising around here on Saturday.

Mr. Chas. Bartlett and Mr. Philip Romeril from Fox River were visiting here yesterday.

Mr. and Mrs. David Phillips of Chatham, Ont., and Mr. Albert Asch of Peninsula paid a flying visit to their uncle and aunt at the Light-house on Saturday.

Mr. David Phillips has returned to Gaspe after an absence of thirty-three years.

Minard's Liniment Cures Dandruff.

STELLARTON, N. S., Tuesday. — To say that the meeting held in the Victoria rink tonight in the interests of E. M. MacDonald, M. P., was successful one would be but a mild way of putting it. Never before in the history of Pictou county has such a meeting been held. From before 8 o'clock until nearly midnight two thousand people crowded the rink.

They occupied \$20 seats and filled the gallery, so serious were they about the addresses of the leaders including Fielding, Patterson, Macell and E. M. MacDonald, M. P., and R. M. McGregor, M. P., who occupied the chair. The members of the government gave concise clear-cut statements of their stewardship during the time they had held office and by comparative figures proved that the present administration was more economical and did more for Canada since taking office in 1896 than the Conservative party did during the term it was in power at Ottawa.

Fielding spoke an hour and fifteen minutes and was loudly cheered as he reviewed the work done by the Laurier administration.

Mr. Patterson kept his hearers in an uproar by his humorous remarks. Hon. Chas. Macell gave a clever and interesting address, and MacDonald was cheered to an echo.

That he will be returned next election by an increased majority, is assured.

MARRIED.
Aug. 25th, 1908, at the home of Mr. and Mrs. Leroy Bazley, Melrose, Mass., occurred the marriage of Miss Mabel J. Campbell of Black Cape, P. Q., to Mr. Chas. C. Warner. The couple were united by the Rev. Pearly B. Davis of Roxbury, Mass. Upon their return from New York they will locate in Somerville, Mass.

VICTORIA, B. C., Monday. — News was received by the Empress of India from South China of the arrival of 100 French troops, Tirailleurs and Legionnaires, in a valley near Lang-vao, on the Tonkin border. Captain Fleury, leader of the force, and Lieut. Delattre were shot down after the fighting began. Between 500 and 600 Chinese had a position on low hills at each side of a gully through which the French troops entered the valley.

The French captured the village twice, it being retaken by the Chinese. Shots were exchanged during the greater part of the fight at from 20 to 50 meters. When Capt. Fleury and Lieut. Delattre, who went to assist their leader, were shot the Chinese threw themselves upon the bodies, not yet dead, and decapitated them, carrying away the heads amid cheers.

COUPLE OF DOSES CURED.
Mrs. W. J. Wilson, Tupper, Sask., tells of her experience in the following words:—
"I wish to tell you of the good I have found in Dr. Fowler's Ext-Of-Wild Strawberry. Last summer my little girl, aged two years, was taken ill with Summer Complaint, and as my mother always kept Dr. Fowler's in the house when I was a child, I seemed to follow her example as I always have it also. I at once gave it to my baby as directed and she was at once relieved, and after a couple of doses was completely cured."

THE COMMON APPLE A GREAT SOURCE OF HEALTH

The Juice of the Ordinary Apple is One of the Best Things in the World for Keeping the Blood Pure.

Few people there are but enjoy a ripe, juicy apple. But how many realize that it is a medicine as well as a treat?

Apple juice has a very marked effect on the kidneys, increasing their power to throw off the waste products of the body, called urea, and thus prevent Rheumatism, Sciatica, Neuralgia, and similar troubles that come from poisoned blood.

Similarly, other fruits stimulate the action of the liver and bowels—others thus ensuring the thorough elimination of all waste matter and poisons from the body. Trial box 25c. Regular size 50c. 6 boxes for \$2.50. Fruit-a-lives Limited, Ottawa.

THE COME AND SEE SIGN

PUBLIC INSPECTION INVITED FROM 8 A.M. TO 4 P.M. SATURDAY'S EXCEPTED

LYDIA E. PINKHAM MEDICINE CO.

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean?

It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound. Is it a purely vegetable compound made from roots and herbs—without drugs?

Come and See.

Do the women of America continually use as much of it as we are told?

Come and See.

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

Come and See.

Is the vast private correspondence with sick women conducted by women only, and are the letters kept nicely confidential?

Come and See.

Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.

Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it
