Storm Sash pay for themselves quickly in fuel saving. Storm sash does away with draughts and keeps the cold breeze out. Save your money and enjoy comfort and better health by ordering the storm sash for your house now.

We can supply storm sash to suit your openings. Most likely one of our stock sizes will do—if not, send to the outside measurement of the storm sash you want and we will make them up for you.

Our sash are made of sound white pine, seasonally clear. They are carefully machined and fitted so as to have all joints weather-tight.

Windows are glazed with clear glass, applied after priming, and secured by glazier's putty, and best glass putty.

We recommend always the 4 light storm sash even if your inside sash are in 2 lights only. They are stronger, cut less on account of the smaller size glass used, and if a light of glass is broken you can replace it easier and at less expense.

Size in stock ready for immediate shipment—Complete with glass and ventilator in bottom rail.	Price

### TWO YEARS FOR STEALING GLASSES

Walter Babine Goes to Dorchester for Taking Marine Glasses

Walter Babine of Ashol appeared before Judge McLaughlin at Dalhousie on Tuesday, pleaded guilty of stealing a pair of expensive marine glasses from a schooner at the wharf here in October, and was sentenced to two years in the penitentiary.

At the time of the preliminary trial the police had not located the party to whom Babine sold the glasses, but did so about a week later, and recovered the glasses and returned them to the Captain of the vessel.

**NOTICE**

The Society's and individuals who propose furnishing rooms in the Forti-fiche and Bay De Chaleur Soldiers' Memorial Hospital, before making any purchase are requested to consult with the following committee, appointed from the Ladies' Aid Society, viz: MRS. J. W. MORTON, MRS. R. B. ROSSBOROUGH, MRS. H. B. ANSLAW.

**CREATED DISTURBANCE.**

Sunday night two men were creating a disturbance at a house at the Iron bridge at Mill Creek. The police were called and quieted the disturbers, who appeared before Judge Matheson Monday morning and contributed \$5.00 each to the police court funds.

**C. S. E. T.**

The weekly meeting of the C.S.E.T. will be held in the Presbyterian Church Hall at the usual hour 7:30 Friday, Nov. 11th. A full attendance is requested so plan for the winter sports will be outlined. By order CHAIRMAN ASHLEY, GEO. COM.

**WHERE WE PACK OUR CREAM.**

You will see always the utmost attention to cleanliness. Cans and tubs are all thoroughly scalded, scrubbed and dried before using. We make such good cream we cannot afford to spoil its reputation by the use of any but the very cleanest and sanitary methods.

Weights and measures have no bound; when you give the Hotel Dieu a pound.

### DESPATCHING SOON BY TELEPHONE

System to be Installed Here Shortly—Will Handle Larger Division.

Despatching trains by telephone will soon be the order of the day throughout this division. It is expected that the phone will be installed and the change made shortly.

When this change is made, despatching will handle all the traffic over the entire division from Campbellton to Moncton, including all branch lines from the office here.

The new system is ideal in many respects. One feature worth mentioning is that conductors of any train can, between stations call up the dispatcher by simply stopping his train and plugging a key and wire over the proper wire. Each train is provided with a telephone.

The telephone has been in use between Moncton and St. John for some years.

**MATRON INSPECTS HOSPITAL.**

Miss Bliss of Smith's Falls, Ont., who has been engaged as Matron for the Soldiers' Memorial Hospital arrived in Campbellton on Thursday and remained here until Saturday. During her stay here she visited the hospital and offered several valuable suggestions regarding the arrangements about the building, etc. She thinks that in the furnishing of the private wards care should be taken to have them uniform and suggests that these contemplating furnishing warrants the matter up with the committee.

The Hospital will be opened to receive patients on or about Feb. 1st. Miss Bliss will probably have three trained assistants, and perhaps three nurses in training.

### BOYS' CONFERENCE GREAT SUCCESS

Older Boys' Meet Here Over Week End at Annual Conference.

The Older Boys' of the C. S. E. T. held their annual Conference here on Nov. 7th, 8th and 9th. This was the first North Shore C. S. E. T. Conference held in Campbellton and we are glad to report it as a genuine success.

Besides forty-three town boys who registered for the Conference, twenty-one delegates from outside places attended. This number was constituted as follows: Bathurst, 7; Newacadie, 7; Chatham, New Carlisle and Lower Derby each 2, and Escuminac 1.

Mr. Arthur M. Gregg, Executive Secretary of Maritime Boys' Work of the Conference. He was ably assisted by men of such prominence in boys' work as Mr. R. C. Sidanius, traveling secretary of the Maritime Branch of the Y. M. C. A. and the Rev. Messrs. F. M. Milligan and Machum of St. John, as well as our local clergymen.

The opening meeting of the conference was held at 8 o'clock on Friday the 7th in St. Andrew's Church Hall, with the Rev. J. S. Harrington presiding. After the opening service of worship, Mr. Gregg delivered an address of welcome to the delegates and one of the visiting boys made response. The Conference officers were then elected after which the Rev. Mr. Machum delivered an inspiring address on "The Guest of the Best." The boys then congregated in their separate "squares." After organization of these squares was completed and all attendant business disposed with, the delegates were given an opportunity to become acquainted with their Campbellton fellow-conferencemen.

While this session of the boys' conference was in progress a Boys' Leaders Conference was held in another part of the hall. Mr. A. M. Gregg spoke instructively on the "Possibilities of Four-fold Development as connected with the C. S. E. T. programme," and Mr. R. C. Sidanius lectured on the "Relationships of the Tuxis Boys' programme to the Sunday School, and also of its practical application to the activities of a boys' daily life."

The next session of the conference opened at 9 o'clock Saturday morning. Rev. Mr. Boothroyd opened the meeting and gave the boys an enlightening morning talk packed full of humor and good advice, which dispensed all possibility of a draggy forenoon session. Other features of this session were: The Year's Programme and How to Operate a Tuxis Square, lectures by Mr. Gregg and Mr. Sidanius, respectively. Rev. Mr. Machum's lecture on the Sunday Programme was followed by one on Catechetics by Mr. Sidanius. Meanwhile arrangements had been made with the photographer and before dispersing for dinner, boys and leaders gathered on the front steps of the church where the Conference picture was taken.

The Saturday afternoon session opened at 2:15 with Mr. Gregg in the chair. The feature of this session was a most impressive address by the Rev. F. M. Milligan, entitled "Command All." Then followed lectures by Messrs. Gregg and Sidanius on various subjects of interest in C.S.E.T. Work, after which the boys separated to their different squares.

The Conference banquet, served at 6:15 p.m. was the next event on the programme and the skill and carefulness of the ladies in charge resulted in making it one of the most enjoyable. The boys and leaders of the C.S.E.T. take this opportunity of thanking those who participated in making it a success.

The banquet was followed by enthusiastic singing which was led by Mr. Gregg. The various Squares then vociferously rendered their yells, the enthusiasm of which betraying the fact that the boys had thoroughly enjoyed their supper. Several toasts followed and also an instructive rec-

itation, Mr. R. B. Keith.

Mr. Sidanius then lined up the squares and referred a series of competitive games. The boys manifested their enjoyment of this part of the programme by energetic participation in the sport, but order was preserved

### DANIEL DWYER FOUND HANGING

Resident of Matapedia Commited Suicide Tuesday Morning.

Daniel Dwyer of Matapedia was found dead in his barn Tuesday morning. He had climbed upon a loft, adjusted a rope about his neck and jumped off. Mr. Dwyer was about fifty years of age, and no reason for his rash act is known.

and no damage was done to either the hall or its furniture. The evening session closed with a lecture by Rev. Mr. Machum, entitled "Left on Third." Mr. Machum compared life to a game of baseball, in very realistic style, showing the tragedy of being "left on third" in the great game of life or of being instrumental in similarly stranding a fellow-player, either all through incompetence or delinquency. The profound silence that reigned throughout this closing period manifested the interest of the boys and it is safe to say that Mr. Machum's earnest message touched the heart of every fellow present.

On Sunday at 4 p.m. a mass meeting for men and boys was held in St. Andrew's Church where Mr. Gregg delivered a splendid address on what was really the general theme of the entire conference, "The Quest of the Best." Mr. Gregg not only knows and loves boys, but also knows boys' work. He has an earnest, simple way of speaking, the effect of which is seldom achieved by the louder and more forceful type of oratory. It is our belief that he will go far and accomplish much in his chosen work.

At 8:15 the Tuxis boys and their leaders united with the Canadian Girls in Training in a closing meeting at St. Andrew's Presbyterian Church. A large number of boys and girls, very capably took part in this meeting as well as several of both the girls' and boys' leaders. But the outstanding feature of the meeting was the obvious fact that every girl and boy had imbibed the true spirit of the conference and its purpose. They now have the programme and the enthusiasm with which to put it into effect. The result will depend on the amount of sympathy, support and leadership they received. It is largely up to those who are interested in the training and education of the young. These

girls and boys have shown their interest in this work and their desire to go on to greater success. They are, so to speak, playing the game with enthusiasm. So let us be there, at least to cheer and referee. We don't want to see them "left on third."

### 10TH ANNIVERSARY SUNDAY, NOV. 13th

Methodist Church Planning Big Day—Rev. Mr. Goodwin to Preach.

Sunday next, Nov. 13th the Wesley Methodist Church will celebrate the tenth anniversary of the dedication of their present church building. Rev. H. A. Goodwin, one of the most eloquent preachers in the Maritime Provinces will be speaker at both services. Rev. Mr. Goodwin is no stranger to our citizens as he spoke in the Opera House here during the prohibition election of July, 1920 and made a very favorable impression. There will also be music of a very special order by a greatly augmented choir.

The offerings which are hoped will be large are to go towards the church debt. A cordial invitation is extended to all to attend these services.

**BEAN SUPPER.**

Don't forget the Bean Supper to be held in the Galt Fellows Hall on Wednesday, Nov. 16th, from 6 to 7:30 p.m. under the auspices of the Jeanie Gordon L.O.B.A. No. 246, to help furnish a room in the S. M. Hospital.

IMPORTANT TO GASPE.

While intense interest is being taken

in a survey of the scallop beds about

the shores of Nova Scotia, New Brunswick

and Prince Edward Island, which is

in progress this season under the

direction of Andrew Halkett, Nature-

list of the Fisheries Department, word

comes of evidence that this valuable

fishery may extend to the shores of

the Gaspé Peninsula. The Canadian

Fishermen stated that a fishery officer

who recently visited Gaspé found a

number of live scallops washed ashore

at the corner of the beach. He discovered

that the natives of the place have often

found scallops washed ashore, but had

never identified them as such nor been

aware of their commercial value. It is of

interest to note that the scallop catch

last year, amounting to 8,124 gallons,

was disposed of for \$28,848. This

branch of the fishing industry is ex-

ceedingly remunerative and there is

always a ready demand for the com-

modity. The Gaspé coast has for years

been specializing largely in dried fish

and the discovery of the scallop there

should make it worth while for fisher-

men to look into the possibilities of

this side line.—Quebec Telegraph.

Frederick Mail—Among the visitors to the city on Saturday was a gentleman who has just returned from a trip through Ontario and Quebec. He says that consensus of opinion is that if it gets more than that number it will be lucky. He went on to say, that Premier Meighen's tariff talk has fallen very flat, even in the great industrial centres. With business depression on every side and thousands of men out of work the people have made up their minds to vote for a change of government. He predicted that on December 6th there would be a landslide quite similar to that which swept the Democrats from power in the United States a year ago.

### GO AND GET IT!

SNOW IN BOSTON.

Boston, Mass., Nov. 7.—The first snow of the season fell in the northern part of this city and environs to day.

To the south the precipitation was of rain.

Day by day it is becoming more clearly apparent that the Conservative effort to rouse the country on the tariff issue is a hopeless failure.

The people refuse to believe that one Canadian party desires to wreck Canadian industry. They refuse to believe that the Canadian industry is in the slightest danger as the result of the election outcome.

They accept as true the declaration of Liberals that the party has no free trade intentions. In fact they know without being told that our vast war debts guarantee protection to the Canadian manufacturer for years to come.

The frank admission of this condition is confessed by the Toronto Financial Post, Canada's great financial journal, in an editorial in a recent issue.

Referring to the tariff issue, the Toronto Globe declares that there is "not the slightest chance of free trade under any government." Which emphasizes what the Financial Post has been saying that Canadians are solid for protection—even though they may not be unanimously friendly to all those who are protectors, including those few manufacturers who seem to think that the tariff is something to benefit their private pockets rather than the community as a whole.

It is a coincidence that a Vancouver writer in the same issue makes exactly the same point, declaring the national war debts "make some sort of a tariff of a revenue-producing nature necessary, and all thinking people in the east and the west realize the need of a tariff." Compare this attitude of a responsible Canadian journal, of strongly Conservative in its tendencies, with the political twaddle which seeks to represent one-half the Canadian people as unfriendly to Canadian industry and determined to deny invested capital reasonable and fair protection.

A BROAD POLICY.

"It is not a class policy that we advocate, it is not a sectional policy. This policy we advocate is a policy based on the needs of this Dominion, and if that policy is followed, if we lessen tariff imports as rapidly as we can consistently without injuring the industry of this country; if we reduce

tariff for protection, drawn up with the intent of keeping goods out of the country should prove a successful means for raising revenue? Was it not sound policy that a lower tariff, a tariff for revenue which will permit the entry of goods, would prove the more efficient revenue producer?"

Frederick Mail—Among the visitors to the city on Saturday was a gentleman who has just returned from a trip through Ontario and Quebec. He says that consensus of opinion is that if it gets more than that number it will be lucky. He went on to say, that Premier Meighen's tariff talk has fallen very flat, even in the great industrial centres. With business depression on every side and thousands of men out of work the people have made up their minds to vote for a change of government. He predicted that on December 6th there would be a landslide quite similar to that which swept the Democrats from power in the United States a year ago.

SIR LOMER GOUIN ON THE PLATFORM

Criticizes Meighen's Attitude on the Present R. R. Policy.

OTTAWA, Nov. 8. Addressing a meeting of the Liberal candidates of which he is the Liberal candidate, Sir Lomer Gouin, last night, discussed three issues of the present election campaign.

OTTAWA, Nov. 8.—Hon. Mackenzie King has received a cable from Lord Aberdeen requesting that condolences on the part of Lady Aberdeen and herself be conveyed to the relatives of the late Lady Laurier.

OTTAWA, Nov. 8.—Sheltering in a tunnel to protect himself from the snowballs of his companions, Kenneth Corbett, aged 8, of this city, was smothered to death here, yesterday, when the top of the tunnel caved in on top of him.

He—When I left you last time after having kissed you, I was so inspired that I composed a beautiful little ballad.

She (several hours later)—Well, you shall I say? Convict—Tell him I'm not at home.

Another New Low For German Marks New York, Nov. 8.—German marks today established another new low record, selling at 41 cents. This represented a decline of two points from yesterday's low record.

Escaped From Asylum Montreal, Nov. 7.—Report was made to the police at Longue Pointe on Saturday of the escape from the St. Jean de Dieu Asylum of Dopey Seguin, aged 22, on Friday evening.

THIS WOMAN'S RECOVERY

Shows Remarkable Restorative Power of Lydia E. Pinkham's Vegetable Compound.

Chesley, Ont.—"Before using Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had terrible pains in my sides and was not regular. Finally, I got so weak I could not get up stairs without stopping to rest half way up the steps. I tried two doctors but they did me no good. I saw your medicine advertised in the newspapers and thought I would give it a trial. I took four bottles of the Vegetable Compound and was restored to health. I am married, am the mother of two children, and do all my household work, milk cows, and do a hired man's work and enjoy the best of health. I also found Vegetable Compound a great help for my weak back before my babies were born. I commend it to all my friends who are in need of medicine, and you may print my name if you wish."

LONDON'S FIRST THEATRE

It Was Once a Crime to Attend a Play.

There was a time, shortly after the first theatre was opened in London, when the opposition to the new form of entertainment was so great that it was passed by Parliament for the compulsory closing of these places of amusement, and making it a crime to be present as a spectator at a play.

### ELECTION CHAFF

AND THUS HE MUSED.

To be or not to be; that is the question. Yesterday I wanted to be a Senator, to-day I want to be an M. P. Perhaps tomorrow I'll call to be made Governor General. And why not? All these situations are before me.

I have read in the Tribune of great men casting everything on a single throw—and I'm a great man—Why not?

I studied Desha's from an eye. Campbellton would have been a coward, but for me, in fact Desha's owes its place on the map to me, and why shouldn't I have my choice of these positions. But the question of votes. My there's the rub, but I've got the votes. I'll get my own and Allies, but how about Davies? And then whose next—LaB, ought to vote
