The Boers Obliged to Abandon Their Stronghold.

The Tunnel Dynamited at Both Ends, but Not Much Damaged—Hunter Routs the Boers Around Smaldeel—Kruger Said to Have Carried Away \$17,500,000 in Gold -British Casualties in Recent Operations.

London, June 14 .- Gen. Buller enter- , patches show that Gen. Hunter routed Volksrust on Wednesday, passed through Charleston and encamped near Laing's Nek. The tunnel was not much damaged. Both ends were blown up, but the engineers think that repairs can be effected in about four days. The advance troops of Gen. Buller saw the Boer rear guard four miles distant yesterday. It was estimated that 8,000 Boers were withdrawing. The townspeople of Ermelo counted fifteen guns. Three hundred Free Staters, released from guarding Van Reenen's Pass, have gone to join President Steyn's commando in the eastern part of Orange River Colony.

BRITISH CASUALTIES. Gen. Buller's casualties on June 10 have been issued by the war office. They are 26 killed, 126 wounded and 2 missing.

London, June 13.-The following dispatch has been received at the war office from Lord Roberts: "Katsbosch, June 12.—In Monday's engagement Methuen had one killed and eighteen wounded. Among the latter is Lieut. Cearle, of the 12th Battalion of Yeomanry.

"On June 7 the Derbyshire Militia lost 25 killed and 104 wounded all of

ed all the Boers in that neighborhood. KRUGER'S BOOTY.

London, June 14.—Mr. H. M. Dono-hue, the London Daily Mail's corre-spondent, insists that President Kruger took £3,500,000 in gold in his flight. President Kruger, according to a dispatch from Lorenzo Marquez, keeps a locomotive with steam up attached to the car in which he concentrates the executive offices of the government, and he intends to leave Machadodorp soon and to establish the Transvaal capital at Nelspruit, in the mountains, a fine defensive region. The state printing press is operating at Machadodorp, producing leaflets containing war news, for distribution among the Boers.

Review

OF RECENT OPERATIONS

London, Thursday, June 14-3:50 a.m. -The dispatch from Lord Roberts, clearing up the situation at Pretoria, stands alone. Military observers, noting that no mention is made of prisoners, assume that Gen. Dewet got away with his forces practically intact. Gen. Rundle has sent notices to the Free States that unless they surrender by June 15 their farms and other pos-

sessions will be confiscated.

It is again reported at Lorenzo Marquez that the British are advancing through Swaziland. Lord Roberts, it appears, however, countermanded the order given to Strathcona's Horse to land on the coast and to penetrate to the Transvaal through the Swazi coun-

A dispatch from Lisbon says: The Delagoa Bay territory when forced to retreat from Lydenburg. The Portuguese have only 1,500 troops in East vent an incursion.

A meeting of women who object to the war was held at Queen's Hall last evening. Mrs. Howard Courtney presided, and Mrs. James Bryce moved a resolution declaring that the war resulted from the bad policy of the government. This and other anti-war resolutions were adopted. The meeting hissed Mr. Chamberlain's name vigor-

The Canadians

Pretoria, June 5 (by courier to Kroonstad, June 13-Special to Montreal Star) .- I was present when Lord Roberts' troops made their triumphant entry into Pretoria on Tuesday, June 5. It fell to the lot of the Canadian Regiment to be included in the march past the British field marshal and his staff, who were stationed in the square in front of the parliament buildings in

In the operations leading up to the capture of Pretoria, Gen. Hutton, with the mounted Canadians, marched on the extreme left of the British forces from Johannesburg to Pretoria. When the British forces came in touch with the fire from the Boers before the city and from the forts of Pretoria on Monday, Gen. Hamilton's advance was being made over the hills to the left of the city. As he advanced the Gordons and Cornwalls held these hills under a heavy rifle fire. The duty assigned to the Canadians now was to guard the baggage left in these hills by the troops above-mentioned. From the position the Canadians held in the hills a fine view was obtained of the West Australian Mounted Infantry, the Australian Lancers and Saxe's Mounted Infantry, as they charged down the valley behind ridges lined with Boer defenders, who field precipitately. This charge was one of the few grand spectacular sights of the war. It was followed shortly afterwards by the advance of Watson's Australians upon the city with a demand of surrender, and by 6 o'clock on Monday night the Landdrost brought the keys of the city to Field Marshal Roberts as a formal token of sur-

render. SERGT. RYAN.

Word has been received at Kentville, N. S., from Sergt.-Major Ryan, of the Canadian Mounted Rifles, who was reported on April 29 as missing near Bloemfontein. Letters arrived from him written at Wynburg Road, May 6, in which he tells of the way he was cut off while doing scout duty. He gained Gen. French's division, and reported the enemy to him, and was able to direct two regiments and a battery of machine guns towards the

SERGT. BOWDEN.

A letter written from Bloemfontein. May 10, was received in Windsor yesterday from Sergt. R. B. Bowden. He is ill with enteric fever in the hospital The first part of the letter is written at Bowden's dictation, but he was evidently too ill to continue, as the remainder is in his friend's language. Bowden was taken ill while at the front. A peculiar thing about the fever is the susceptibility of its victims to a relapse after apparently fully recovering. A soldier from Guelph, Ont., was discharged, apparently cured, but ate a piece of cheese and was dead in a few hours. Fever victims are usually given a long rest before going back to hard service.

Decay of The Teeth

Arises from various causes, but principally it may be attributed to early neglect or the indiscriminate use of tooth powders and pastes which give a momentary whiteness to the teeth while they corrode the enamel

The timely use of that delicate, aromatic tooth wash, ODONTINE (C. & L.) will speedily arrest the progress of decay, harden the gums and impart a delightful fragrance to the breath.

Odontine (C. & L.) whitens and preserves the teeth and the enamel, removes tartar, destroys fermentation-the cause of decay -makes the gums rosy and healthy. Only 25 cents.

After an All-Day Fight With Roberts' Force.

The Enemy Abandon Their Second Strong Position-Walkerstroom Surrenders to Buller.

London, June 14 .- Lord Roberts reports to the war office under date of Pretoria, June 13, 9:55 a.m., as follows: "Methuen advanced to Honingspruit yesterday, and found all quiet, Kroonstad is strongly held. Methuen returned today to Rhenoster River, where the railway is being repaired. We were engaged all yesterday with Botha's army. The enemy fought with considerable determination and held our cavalry on both flanks; but Ian Hamilton, assisted by the Guards' brigade of Pole-Carew's division, pushing forward, took the hill A dispatch from Cape Town reports Portuguese government is again re- in his front, which caused the enemy hat the Boers recently captured a ported fearing that the Boers will enter to fall heads on their recently captured as to fall back on their second position to the eastward. MORRISON'S CRIMES

Motive for the Moosomin Murder-Confession of the Accused

Winnipeg, June 13.-Further

velopments at Moosomin prove Morrison's motive for the McArthur murders. After committing the terrible deed he assaulted the eldest girl. The prisoner, in his desire to destroy himself, attempted to discharge both barrels of the gun simultaneously, and had he succeeded he would have blown the heart out of his body. He failed to discharge the inner barrel, and thus simply tore the side of his body near the heart, exposing some of the ribs. Moosomin, N. W. T., June 13 .- John Morrison, the murderer of five mem-bers of the McArthur family, has made a confession to Rev. M. Scott, Presbyterian minister at Fleming. In substance he said that he knew he was going to die, that he did the deed and was sorry for it. When asked if he had any accomplices, he replied: "No; I did it, and no one else." He asked how many of his victims were S., we dead, and when the reply wee given rator

he wept bitterly. The coroner's inquest developed no new evidence, and after being out a short time the jury found a verdict that death came to the five members of the McArthur family as the result of injuries inflicted by an axe in the hands of John Morrison, whom they found guilty of willful murder.

New York, June 14.-Thomas Anglo, 37 years old, of No. 74 Colgate street, Jersey City, was fined \$10 in the Gregory street court for having kissed Miss Minnie Bexter, a young and attractive woman on the street. The kissing occurred at Newark avenue and Henderson street, a locality that is always thronged. Miss Bexter was walking along Henderson street when Angelo grabbed her around the waist and kissed her repeatedly. liceman Snippen, on the other side of the street, witnessed the affair. He arrested Angelo. Miss Bexter did not appear in court, and the policeman was the complainant in the case.

the smallest in many seasons. President Franklin, of the Buffalo Club, is evidently trying to eclipse his record of players signed of last year, when 55 men affixed their names Buffalo contracts, and then departed suddenly without a soul being cognizant of the fact. So far this year there has been a continuous performance going on in the world of ball players so far as the Buffalo team is concerned. There have been almost two score of players signed, yet the club is close to decorating the tail end of the league.

first two races. The Gold cup, value 1,009 sovereigns, with 3,000 sovereigns in specie in addition was won by "Mr. Jersey's" (Mrs. Langtry) Merman, aged chestnut horse. Mr. R. A. Oswald's Scientillant was second, and Mr. J. G. Clarke's The Grafter was third. Six horses ran. The 37th new biennial stakes, of 15

sovereigns each, with 500 sovereigns added, were won by Mr. Reid Walker's chestnut colt Courlan. Lord Rosebery's Cateran Lad was second, and Sir E. Cassell's Solitaire third. Nine horses ran.

The St. James' Palace stakes, of 100 sovereigns each, was won by Sir E. Cassell's chestnut colt Bonarosa. Sidus was second, and Prince Soltykoff's Vulpio was third. Five horses started in this race, which cleared the way for the gold cup, which was considered such a gift for the French horse Perth II., owned by M. Caillaut that he started at 5 to 2 on. Sloan, however, upset a sure thing with Mrs. Langtry's Merman.

TIPS. The once great eastern plunger, Michael F. Dwyer, attends the races daily. He sits in a buggy near the paddock rail. His health is so broken that he is helped in and out of the

buggy.

Chicago, June 12 .- George Dixon and Benny Yanger, the "Tipton Slasher, fought a fast six-round draw at Tattersall's tonight. Yanger surprised even his most ardent admirers by his excellent showing, as up to six months ago he was a comparative novice in the ring. Billy Stift, of Chicago, was given the decision at the end of the sixth round over Jack Jeffries, a younger brother of the heavy-weight champion. TERRY THE TERRIBLE.

New York, June 12 .- Terry McGovern fully lived up to his title of feather-weight champion at the Seaside A. C. tonight by knocking out Tommy White, the clever Chicago boxer, in three rounds. The little champion never showed better form, and gave his opponent no rest from the sound of the gong in the opening round until the referee had counted off the fatal ten seconds. He took the stiff jabs which White handed out to him with a smile, and forced Tommy about the ring with terrible drives to body and head. In the third round there was a succession of knock-downs for White. No sooner would he regain his feet than he would go down again, and after going down for the seventh time he was so far gone that it was impossible for him to get up again, although he made a game effort. The boys were to have fought 25 rounds at 128 pounds at the ringside. Several challenges were issued to McGovern before the bout, but it is doubtful if any who now aspire to his title would go much further than White

Winnipeg, June 12.-In the local legislature last evening Premier Macdonald explained his prohibition measure, entitled "the liquor act." Mr. Mac-donald confessed that his motives in introducing the bill was political rather than moral.

A BRITISH SOLDIER

Tells how Milburn's Heart and Nerve Pills Conquer Disease.

Like the conquering armies of Britain, which are marching to victory in every quarter of the globe, Milburn's Hear

and Nerve Pills are everywhere triumphing over sickness, weakness and suffering, and freeing those who are bound by

the shackles of disease. Mr. David Walsh, of Carleton Place, Ont., a man who has served with distinction and credit in the British army, and is now an employee of the C. P. Railway, says, "While in the army I got broken down, and my nervous system was completely shattered.

"I was much troubled with liver complaint, loss of appetite, etc. My rest became broken and was disturbed by vivid dreams. This had been going on for 14 years, although I took a great many remedies to escape from the troubles which afflicted me.

"However, I got no relief until I started to take Milburn's Heart and Nerve Pills, which I used together with Laxa-Liver Pills, and now after having used a few boxes, I am better than I have been for years. My nerves are restored to full force and vigor, I eat and sleep well, and my entire system has been toned and strengthened."

Deeds, Not Words. The opponents of the present Government often claim to have a monopoly of loyalty to the Empire, and they are ever ready to raise the shout of "traitor" or to cry "shame" upon those who differ from them. It cannot, however, be said, that they are as generous in deeds as their profusion of loyal words would lead one to expect. Their great cry just now is that Canada will be ruined by the generosity that she has shown to the old land. This, to say the least, seems a strange cry for those who wish to fight elec- der the sense of duty, exercise great tions under the motto, "The Old Flag." The Minister of Public Works also had a long chat with the Prince of Wales, alongside of whom he sat at the banquet.

Such interchanges of ideas between imperial statesmen in the larger arena, and those in the outlying portions of the empire, cannot be too frequent. They are calculated to be of lasting benefit.

A Sober Army. The Bloemfontein Friend, edited by the war correspondents with Lord Roberts' force, is an interesting journal. With its mingling of English and Dutch, its special proclamations, and announcement of military markets, it reflects the peculiar transitional state of things which exists at present in the "Orange Free State," or, to use the new official name, the Orange River Colony. The number for March 21 contains many interesting contributions which deserve attention, but at present we would like to make special mention of an article entitled, "The Soberest Army in the World." The author says: "Never before in the history of campaigning has there been known such an absence of excess in the way of drinking-and eating, too, as far as that is concerned." This writer states that after a dusty march the men did not, as we might expect, rush off at once to the canteen. "Nothing of the sort. They sat down to tea and coffee, and left the canteen waiters kicking their heels, doing nothing." This seems rather a remarkable statement under the circumstances, and the correspon-

dent puts its effect in this way: Their excessive sobriety and wonderful self-restraint in the face of temptation, rather tempts one to delve deep down for the psychological reasons." He says that after all his inquiries he thing in Ontario today, and another is at a loss for a real reason, but he thing in Quebec tomorrow. Any im- ive.

us to include a very real reason. "My paper is freely quoted, and some that firm belief is that the British soldier is so actuated by a deep sense of duty, is good that there should be mutual A Centralia Farmer Killed by Light that having come to the conclusion that Managing Director John Cameron hard drinking and hard fighting were incompatible, he promptly dropped the former and devoted all his energies to the latter." Surely this is a reason, and at the same time a tribute to the soldiers' conception of duty. One would have thought, indeed, that this wonderful self-restraint would be destroyed in the wild rush of joy with which the army was filled on the night that Cronje surrendered. Not so. The men, lying on the soaking ground, never touched a drop of alcohol, although many would say that the victory of our arms deserved an alcoholic celebration. This brings before us two things: First, a restatement of the well-known fact that men can do hard, continuous work better without artificial stimulands; and second, a fact of a still higher order, that "Tommy" can, unself-restraint and prohibit himself from anything that lessens his efficiency. In England and Canada many have made victories an excuse for indulgence, but to these soldiers they have

A Game That Is Played Out.

Canada, so far as space is concerned, is a large country, and it is, of course, natural that its widely separated localities should have different interests. It is the duty of provincial parliaments to deal with these, while the Dominion Government attempts the difficult task of harmonizing and balancing interests that seem to conflict. In the larger field it is important that questions of public policy should be faced by all citizens in a broad, generous spirit; only in this way can there be a bond of union and a real Canadian nationality. There has been sometimes in the past an attempt by politicians to play off one section of the community against another, to appeal in one place to a certain class of national and religious prejudices, and in another place to arouse a different set of feelings. We believe that this kind of thing is played out. The man who has one message for Ontario and another Of suffering relieved in as many days. for Quebec is not a statesman, and we venture to think that he will not now make a successful politician. To denounce Sir Wilfrid Laurier in painless. Ontario because he is French, and to oppose him in Quebec because he is too British, may be clever, but it is a kind of cleverness that is getting to be out of date. It will not work so well in the future as in the past. This country like all others feels the influence of quick and easy communication. Although the French language is not cultivated quite as much by English-speaking Canadians as it might profitably be, there is sufficient intercommunication to make it a ridiculous thing for a politician to say one

Ottawa, June 13 .- Mr. Monk, of Jacques Cartier, has at last preferred a charge against the minister of militia. He alleges that Dr. Borden was guilty of gross and culpable negligence in making with undue haste an agreement with irresponsible parties for the supply of concentrated food as emergency rations to the second Canadian contingent, and in not having a rigid inspection and test of the preparation in order to insure the protection of the troops. It is customary, under the rules of parliamentary procedure, to give due notice of a charge against a minister or a member of the house to the leader of the government, and also to furnish him with an outline of the allegations that are to be made. Mr Monk intimated in a casual sort of way yesterday that he intended to prefer a charge shortly, but although he had then made up is mind to take that course today, he did not acquaint the premier with the fact. He found time, however, this morning to take the correspondents of certain Conservative papers into his confidence, and to supply them with typewritten copies of his charges. In view of the series of allegations which he made, Mr. Monk asks for an investigation by a committee of the house. The motion stands until tomorrow, when it will be dealt with by the house.

Mr. Monk alleges that the department of militia, after negotiating with Mr. Henri Hatch, of Montreal, for a supply of Hatch's protose food, and after testing this preparation upon five soldiers at Kingston with most satisfactory results, turned round and gave a contract to Dr. DevMn, who had been acting as Hatch's agent, and Mr. Lyons, both of Montreal. Upon learn-ing that Dr. Devlin and Mr. Lyons had wrote to the minister, charging that the food furnished by the two gentle-men in question was an adulteration of his protose and had nothing in common with the food tested at Kingston. in. Furthermore, he charged that Dr. Devlin's proteid vegetable powder, supcent of nutritious substance in Hatch's creasing love and loyalty to the little upon, and not be a mere repeater of emergency rations was never manufactured in Canada, but was a subbrought in from New York in Saratoga trunks, without paying duty, hurriedly ground to powder, and metically sealed; and that the contract price of \$4,660 was paid to the contractor before the goods were actually The foregoing is the subed, if the government decide to grant a committee, as doubtless they will see

The house adjourned at 1:30 a.m. The leading members of the opposition still occasionally labor under the delusion that they are entitled to run the proceedings of the house, aithough not in occupation of the treasury benches. Sir Hibbert Tupper is a frenot quent offender in this respect, and when politely told that he cannot have his own way indulges in all sorts of browbeating and threats. Yesterday the member for Pictou asked for certain papers, and very courteously the premier promised to have the docuin question prepared brought down. Today Sir Hibbert re-turned to the subject, and wanted to move a motion for the very papers which were to be prepared. Manifestly, this was quite out of order without placing a motion on the order paper, and when this was pointed out to Sir Hibbert he uttered the threat that he would get his information before the government got their supplies. barefaced attempt at intimidation was treated with the contempt it deserved. Sir Wilfrid Laurier will afternoon introduce a bill to further restrict Chinese immigration. It is understood that the measure will provide for a moderate increase in the poll tax imposed upon Chinese immigrants entering British Columbia, report has been in circulation that the government intended to apply the education test to British Columbia ports thus excluding immigrants who could neither read nor write, but there is good authority for stating that there will be no such provision. An enactof the kind suggested would affect the Japanese as well as the Chinese, and would be regarded as a violation of imperial treaty obligations with the government of the Mikado.

THE BASE-BALL CRANK.

It ought to interest a great many peo-ple besides base-ball cranks to know that when a ball "curves" through the air first one way and then another after leaving the pitcher's hand, it does what scientific men once declared was imposible.

They made fig-ures and diagrams and proved that "curve" pitching couldn't be done; then the pitchers did it; and the scientists concluded that something was wrong with

"Some five or six years ago I had a bad cough and got so low with it that I could not sit up long at a time," writes Mrs. Mittie Gray, of New London, Union Co., Ark.
"We called our family physician, and he told my husband that I had consumption. All of our neighbors thought so too. I had pains through my chest and spit up blood. I commenced with your 'Golden Medical Discovery' and had only taken it two or three days when I felt like a different person. I took four bottles of the medicine remedies. son. I took four bottles of the medicine and it cured my cough. I have not been bothered since, until a short time ago I took cold and commenced to cough again; I got a bottle of the 'Discovery' and it relieved me at once. I think it is the best medicine in the world. It saved my life. I don't think any one would die of con sumption if they would take Dr. Pierce's Golden Medical Discovery. I recommend it to all my friends, and tell them what it

About six years ago my health began to fail," writes Miss Mollie Buttry, of Sneed-ville, Hancock Co., Tenn. "I was weak and nervous, had catarrh in the head, and indigestion-everything I ate hurt me and caused me to have palpitation of the heart. My lungs were weak, was troubled with asthma a great deal, and was so despondent I did not take any interest in anything. I tried several doctors, and every kind of medicine I could hear of, but nothing seemed to do me any good only for a little while at a time. About one year ago I was almost a skeleton and had almost given up ever being well again. A friend advised me to write to Dr. Pierce about my case, and I did so, and followed the advice he gave me. I began at once to use the medi-cines that he prescribed—'Golden Medical Discovery,' three bottles, and the 'Favorite Prescription,' one bottle, and the little 'Pleasant Pellets.' I can truly say they did me great good. I can now eat anything I want, work all day, sleep well, and I weigh one hundred and twenty-three pounds nearly as much as I ever weighed in my

It would save doctor bills for any family to have a copy of Dr. Pierce's splendid thousand-page free book, "The People's Common Sense Medical Adviser," explaining the laws of life and health in clear and interesting language, with many valuable suggestions and receipts for curing common ailments by simple home-treatment. It has over three hundred illustrations and colored plates. A strong paper-bound copy will be sent absolutely free, on receipt of 31 cents in one-cent stamps to pay the cost of customs and mailing only. Address World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N.Y. A handsome cloth-bound, beautifully stamped copy will be sent for 50 stamps. This popular work contains important information for the young and old, both male and female, single and married, not heretofore published in this country, for the non-professional reader.

Prashu, June 12 .- A letter has just been received from the governor of the Gold Coast, Sir F. H. Hodgson, dated Kumassi, June 4. Its substance is as follows:

"Kumassi is garrisoned by 700 native troops under the command of Major Morris, who has succeeded in entering the place from the north. The Euro peans and other troops are on half rations. The supplies of ammunition are not sufficient to allow offensive measures, and must be husbanded in case of reinforcements not arriving. The march for the relief of Kumassi will be met by great numbers of rebels, who have constructed stockades and put impediments in the way, such as trees. There are also stockades, offering the rebels good shelter. The rebels have places built up in trees, and have used them to fire from. The health of Kumassi is good, but three thousand per-sons of the native community are in a state of destitution. Immediate assistance is required.

"The reinforcements which have reached the Gold Coast comprise 100 of the Lagos (Hausas force), 50 of the Sierra Leone frontier police, with Maxims and field guns. These are in addition to the Gold Coast constabulary, and Gold Coast police. Further reinforcements, amounting to 900 men, are being sent from Sierra Leone and Northern and Souther Nigeria, and should reach the Cape Coast in the course of a few days. The advance of the relieving force has been delayed by heavy rains, and the difficulty of obtaining carriers, of whom 2,400 have arrived from Cape Coast and have proceeded up the country, June 11." Col. Willcocks was at Prasha on June 12.

MRS. GLADSTONE'S CONDITION. London, June 14 .- It was announced late last evening that Mrs. Wm. E. Gladstone was not expected to live through the night.

CAPE MINISTRY RESIGNS London, June 14.-Mr. Schreiner, the Cape premier, and his colleagues re-signed last evening, Sir Alfred Milner accepting their resignations. CABLE NOTES.

A combination entitled the United Bleachers' Association, Limited, has been registered in London, with a capital of £49,000,000. The most important bleacher firms in the country have joined the new organization. German interests in China and Japan

aggregate a figure close to \$90,000,000, according to Consul Agent Ernest L. Harris, at Eibenstock, in a report to the United States state department. The bundesrath has approved the German navy bill and the measures providing means to carry out the projected plans as already passed by the reichstag.

A SURE CURE FOR HEADACHE.-Bilious headache, to which women are more subject than men, becomes so acute in some subjects that they are utterly prostrated. The stomach refuses food, and there is a constant and distressing effort to free the stomach from bile which has been unduly secreted there. Parmelee's Vegetable Pills are a speedy alterative, and in neutralizing the effects of the intruding bile relieves the pressure on nerves, which causes the headache.

SYNOD OF HURON

Will Meet Here on June 19-The Business Mapped Out for Consideration.

The Synod of Huron is appointed to meet here on June 19. There will be Holy Communion in the cathedral at 10:30 a.m. The symod will assemble for business in Bishop Cronyn Hall at 2:30 p.m. On Wednesday evening a missionary service will he held in the cathedral, with sermon by Rev. Prof. Cody, of Toronto. The business to be brought forward will be chiefly as follows: Amendments to constitution, providing that each parish be asked to contribute at least \$1 for every family in the parish, the plan of raising it to be optional, either by the old plan of six collections, four of which shall go to the mission fund and two to the widows' and orphans' fund: or by one of core collections or subscriptions, at the discretion of the clergyman. Very Rev. Dean Innes gives notice of a motion that no person shall be ordained or admitted to the diocese without a certificate from the synod physician that he is in sound physical health. Judge Ermatinger gives notice of a motion for the election by each vestry of a number of select vestrymen, who shall, with the incumbent and wardens, form a select vestry, and possess all the powers now possessed by the churchwardens. Mr. Macklin will move to amend the constitution and canons, so as to admit women to vote at vestry meetings and meetings for the election of delegates. Rev. T. L. Armstrong will move to amend the canons on superannuation, commutation and mission funds, as amended last synod. Rev. E. Softley, sen., will move that the canon on superannuation be repealed.

The missions committee will meet on June 15, and the executive on Monday, the 18th, at 2:30 p.m.

Local Market.

London, Thursday, June 14. The offerings on the square today were not overly-abundant, even for the inactive demand that prevailed. Very little was disposed of except flowers and vegetables, in fact, little of anything else was supplied. Few butchers were present. Their stocks were small. A rather larger amount of poultry than rather larger amount of poultry than usual was offered, but there appeared to be no disposition on the part of those present to buy freely. Strawberries were more plentiful and showed a tendency to weaken in price. Three boxes for a quarter could be obtained retail today. The deficiency in the supply of butter is having an appreciable effect upon the prices. This is added to by the eagerness on the part of exto by the eagerness on the part of ex-porters to buy largely, and thus re-plenish their depleted stocks. As will be noticed by the quotations, eggs also

The wheat market was much stronger today and the demand keen. All good lots sold at \$1 10, the chief facor influencing the advance was reorts of frost in the Northwest and nigher prices in Chicago and New York. Oats sold at 95c to 97c; supply fair; demand steady. No other kind of grain offered. Hay was easier, \$7 50 being the top price and \$5.75 the low. Live hogs were steady and dressed ones higher; \$8 was the price of all good stock. Quotations.

Quartermaster-General's Opinion of the Camp.

The Tattoo Tonight_Today's Review An Exhibition of Foolishness-Ineldents of Camp Life.

As the result of the energetic efforts of Capt. Cook, of the 27th, and his able corps of assistants, everything was in readiness last night for the grand military tattoo, and pyrotechnical display, at the camp grounds. It was unfortunate in a way that the heavy rainstorm forced a postponement, but the extra time thus gained will be used to good advantage in perfecting all details. A large crowd assembled on the heights after the rain had ceased falling, in the expectation that the programme would be carried out. It will be conducted as originally intended, to-

Testerday afternoon the troops were marched past Col. Aylmer and Col. Foster in regiments, brigades, and as a di-vision. The visiting ofners went vision. The visiting ofneers went through the lines. In commenting upon the plan of the camp, which was made out by Lieut.-Col. Holmes, D. O. C., Col. Foster said that it was the best laid-out camp that he had ever seen in

Canada.
This afternoon the infantry drawn up in brigades, with the cavalry massed behind the first brigade. Col Aylmer was received with the usual salute. He then inspected the lines, and afterwards a march past took place. The inspection and review commenced at 3 o'clock this afternoon, and was witnessed by many hundreds of visitors. Col. Stacey received word last night from St. Thomas that a large party were coming over from that city to see the parade, and attend the tattoo tonight. Many residents of other places whence the soldiers have come are expected to arrive in the city today.

Yesterday afternoon there occurred an unfortunate incident that might have been attended with very serious consequences, if the officers had not appreciated the position. The men of No. 3 company, 21st (Essex) Regiment, had been drilling hard all morning, and, being healthy chaps, they were very a large portion of their dinner without telling them that it would be served for their supper. The men believed that they were being wrongly treated, and when ordered out on parade they refused to do so. The commanding of-ficer ordered their arrest, and they were marched to the guard house. Soon afterwards they repented their foolishness and recognized the seriousness of their position. They made known their willingness to return to duty, explained their mistake, and the officers pardoned them.

Dr. Borden will not be able to visit the camp today as he intended. Last night Col. Aylmer received a telegram from him saying that on account of Mrs. Borden's serious illness he would

ing water for the men. In this respect it is acknowledged that London to unrivalled.

This morning a meeting was held in Canon Dann's tent in the lines of the 26th. All the chaplains in the camp attended it. The utmost satisfaction was expressed with the conduct of the men during the camp. Plans were formulated for a continuance of their work next year. A resolution was passed expressing the sincere gratitude of the chaplains in camp to the divisional brigade and regimental officers, for the assistance that had been given them in their work. In this connection it might be said that the officers have said repeatedly that the presence of the chap-lains and their work has done more than anything else to maintain the remarkably good order for which this year's camp has been noteworthy.

The course of musketry instruction has been completed, and Sergt.-Major Gregory, who has had charge of it, is preparing the reports of averages. He says that the shooting this year has been excellent.

The latest militia orders state that instead of ten cents per day all round for non-commissioned officers and men of the permanent corps, as camp alhowances, the following schedule is authorized. Warrant officers, 50 cents: staff-sergeants, 35 cents; sergeants, 25 cents; rank and file, 10 cents per day.

Col. Dawson, divisional paymaster, is in command of one of the busiest departments in camp. An idea of the importance of his work may be gained, when it is said that he must arrange for the payment of nearly \$30,000 to the soldiers. Besides this, another \$5,000

will be paid out for supplies.
Col. Aylmer and Col. Foster leave for the Niagara camp tomorrow.

CAUGHT IN BUFFALO

Charles Bradstreet Arrested in That City Charged With Robbing a St. Thomas Residence.

When Michael McAndrews, an M. C. R. engine driver, returned yesterday to his home in St. Thomas, after six weeks' absence in Milwaukee, he found that his house had been broken into in his absence, and jewelry, plate and other articles to the value of over \$500 stolen. He at once reported the matter to the St. Thomas chief of police, and then called on Detective Michael Heenan, of the M.C.R. Mr. Heenan has been in London all week in connection with the sessions of the peace, and had been discussing with the local detectives the capture in Buffalo of a wellknown character named Charles Bradstreet, and the recovery through his capture of a quantity of goods for which the Buffalo police were anxious to find an owner. Detective Heenan was therefore in possession of certain inside information, and when he asked: "Did you lose a sterling silver spoon marked, 'Robert, 1896' " and "Did you lose such a lady's ring?" following up with a description of other of the miss-ing articles, Engineer McAndrews was considerably surprised. He was in-formed that the probable thief was in safe custody in Buffalo, and he accordingly went east this morning to iden-tify his possessions. Bradstreet is known in London, having been while here a guest at the Salvation Army Refuge on Clarence street. He associated with a bad gang in St. Thomas.

FROM CHINA

80,000 Troops Drawn Up Outside the Gate of Pekin.

To Oppose the Entry of the Relie Force.

London, June 14.—A special dispatch from Shanghai says the position of the legations of Pekin is most critical. According to this dispatch 30,000 Chinese oops are drawn up outside the gates of the city to oppose the relief force, and guns are trained on the American, British and Japanese legations. The American, Russian and Japanese ministers have sent couriers to Tien Tsin asking for 2,000 troops of each nation-

ality.

The United States gunboats Yorkton and Castine left yesterday for Tong Ku. There is no foreign warship here

Tien Tsin, Wednesday, June 13 .- The international expedition is now at Lang Fang, half-way to Pekin. The troops found the station in ruins, and the Boxers carrying on their work of destruction. A mile and a quarter of track has been torn up. The expedition will remain for the present at Lang Fang.

A courier who arrived this morning from Pekin and Lang Fang brought a letter from the American legation, stating that Gen. Tung Fuh Siang intends

to oppose the entrance of the foreign troops into Pekin.

Ten thousand troops were guarding the south gate. The courier reported that it was said that upwards of 2,000 Boyers were in the upwards of 2,000 Boxers were in the neighborhood of JAPAN SENDING A REGIMENT.

Yokohama, June 14.-Japan is about to send a mixed regiment to China. The government press declares that Japan alone could suppress the revolt, but that she must first win the confidence of the powers and avoid acts likely to awaken suspicions.

Tien Tsin, June 14.—Owing to the extensive damage done to the railroad line it is now feared the international troops cannot reach Pekin before Sunday. The Japanese cruiser Suma has arrived at Taku.

New York, June 14.—The telegraph companies report that the telegraph lines between Pekin and Kalgan, 200 miles to the northwest, have been to-

tally destroyed.
Shanghai, June 14.—A dispatch from Chung King announces that a riot has taken place at Yung Na Fu. The buildings of the China inland mission were partially destroyed, and those of the Roman Catholic and Bible Christian missions were utterly demolished. All the missionaries are safe.

DISPATCH FROM THE AMERICAN ADMIRAL.

Washington, D. C., June 14.-The following cablegram has been received from Admiral Kempff: "Tong Ku,June 13 - Secretary Navy, Washington-Twenty-five hundred men are on the road to Pekin for the relief of the legations, 100 are Americans, with English and Russians in large majority; all nations here represented. COMMUNICATION CUT. Tien Tsin, June 14.-Railroad communication between this place and Admiral Seymour's international force has been cut three miles beyond Yang Tsun. Two bridges have been destroyed. It is rumored here that the Boxers are determined to burn Tien Tsin station tonight.

THE INTERNATIOAL FORCE. The international force under Admiral Seymour includes the following British, 915; German, 250; Russian, 300; French, 128; American, 104; Japanese, 52; Italian, 49, and Austrian, 25. It left Tien Tsin June 10.

THE POLL TAX

Government Bill Introduced to Double the Rate-The Outery Against Lieut.-Gov. McInnes.

[Special to The Advertiser per C.P.R.] Ottawa, June 14.-Sir Wilfrid Laurier will introduce a bill this afternoon increasing the poll tax on Chinese from \$50 to \$100. The increase is not so large as the British Columbia representative would like, but it will be given as a first installment, and is an experiment to see if it will have the desired effect decreasing Chinese immigration. What the labor people of British Col-umbia ask for is an increase of \$500, and this would be equal to a prohibitory act. The government, however, think that a good beginning will have

been made by doubling the tax.

The government is being besieged by telegrams and letters asking for the dismissal of Lieut.-Gov. McInnes. of British Columbia, because Premier Martin, whom he called on to form a government, has failed to get the indorsement of the people. A vote of the legislature would be the proper way to decide the standing of the parties in British Columbia. Lieut.-Gov. McInnes has been blamed for acting on two occasions and dismissing governments without permitting the legislature to decide, and those who were loudest in denunciations are now asking the Dominion government to do the very thing that they con-demned in him. The people and the people's representatives are the proper ones to decide this matter. Should Mr. McInnes refuse to alter the de cision of the province, then it would be time for Sir Wilfrid Laurier to act As the legislature has been called, those who are after the official head of the lieutenant-governor will not have long to wait.

HEART DISEASE.

A Toronto Physician Says It Never Exists Without the Presence of Some Kidney Disease.

Toronto, June 11.-The number of sudden deaths due to heart disease is appalling. The medical profession is devoting more attention to the heart and its ailments at the present time than ever before, and many physicians are making a specialty of diseases of this organ. A Toronto doctor, who devotes much of his attention to this branch of his practice, said to your re-porter today, "I have yet to learn of a single case where heart disease caused death, in which a post mortem examination did not show the existence of Bright's Disease, Diabetes, or some other kidney disease." Dodd's Kidney Pills will cure all disease of the kidneys and thus ward off danger of heart diseases

Of St. Louis Street Railway Troubles.

Violence Still Prevails--President of the Local Railway Men's Union Fatally Stabbed.

St. Louis, June 14.-In many quarters it is thought the strike will soon be settled. These opinions are based upon statements of the chief of police and sheriff that the critical stage has viceroy at Tien Tsin gave permission been passed and upon the fact that the to go there; railroad being repaired as St. Louis Transit Company is slowly but surely approaching a complete reing soldiers fram Port Arthur with sumption of business with the aid of artillery. Kempff."

BOTH SIDES BLAMED. The inquest over the bodies of the victims of Sunday's riot began yes-terday. The testimony adduced was

not of a character calculated to base a decision as to which side was to blame for beginning hostilities, the witnesses disagreeing on material points. Some placed the blame on the posse men, and others placed it on the strikers. A special committee appointed by the

Central Trades and Labor Union of St. Louis, to solicit from organized labor throughout the world \$100,000, to be used in establishing a business in St. Louis to compete with the Transit Company, has been formed by the election of an executive board of the committee of 50 selected to solicit the fund. CAR DAMAGED.

A car on the Baden extension of the North Broadway division of the Transit Company was blown from the tracks today. It is supposed that the car wheel exploded a dynamite cap. The front trucks of the car were almost entirely demolished. Motorman John H. Gray was slightly injured. A United States mail car on the Baden line was stoned last night by a large crowd. The windows of the car were broken and several shots were fired by persons in the crowd. No one

A UNION LEADER FATALLY STABBED.

During the course of a heated argument over the strike Sherman C. Pat-terson, president of the local street railway men's union, was stabbed in the neck and mortally wounded at a late hour tonight. Patterson met a man named Lewis Doebler in a saloon at the corner of Market and Broadway, and after partaking of several rounds of drinks they became involved in a discussion of the stand taken by the Transit Company and its employes. They adjourned to the sidewalk, where the argument was resumed. Edward Canty, of East St. Louis, joined in the conversation and took a decided stand against Patterson. The finally resorted to fisticuffs. Canty drew a knife and stabbed Patterson in the neck. Patterson was taken to the City Hospital, where an examination of his wound revealed that the jugular vein had been perforated. His death is momentarily expected. Canty was

ANOTHER STRIKE MENACES. Chicago, June 13 .- Before the settlement of the building trades strike Chicago is menaced with another strike, involving 3,000 woodworkers, employes of the plants manufacturing store and office fixtures. The Manufacturers' Woodworkers' Association has decided unanimously to refuse the demand of the Amalgamated Woodworkers' council for a 10 per cent increase in wages over the scale now paid under the local contract, expiring on July 1. probability of a strike on July 1 is admitted by the manufacturers.

BOYCOTT ON DEPUTIES. St. Louis, June 14.-The officers of the Transit Company do not expect any further attempt to reopen negotiations to end the trouble. Sheriff Pohiman's posse has almost reached the number -2 500-asked for by the police board. The deputies are made to suffer the inconveniences of a systematic boycott in many localities. They are unable to buy anything to eat or drink. The sheriff has made preparations to feed his men at their respective stations.

the labor organizations of the country and he suggested to the industrial commission the organization of employers, and a law making it justifiable homicide to kill strikers interfering with the right to work.

From Col. Otter.

Ottawa, June 13.-Lieut.-Col. Otter. in a letter to the department of militia, under date of May 11, explains that a slight wound received in action on the 25th ultimo at Thabanchu necessitated his returning to the hospital at Bloemfontein. He speaks of the large amount of correspondence he attends to from relatives of deceased, sick and wounded men, both in England and in Canada, while the receipts of money and comforts sent for the non-commissioned officers and men of the battalion are almost without number, and have to be acknowledged and distributed. "I have," writes Col. Otand a house now full of comforts, with more constantly arriving, awaiting distribution to the battalion when opportunity arrives. The Canadian ladies of England have forwarded through our own high commissioner no less than 110 cases at different times, many of which have already arrived, to be given to the three Canadian contingents. At least a dozen other ladies in England have collected from their friends similar parcels and sent us for the gallant Canadians-these all from total strangers-while in Canada, from Victoria to Halifax, have come bales and boxes galore. The disappointment of it all is that owing to the constant movement of the battalion these comforts, which the battalion needs very much, cannot be distributed, as they cannot be transported with it, or can-

not be got to it." "You will have gathered from official reports," Col. Otter also states, "that the battalion has seen no small share of active service, and, from the public press, that so far it has acquitted itself in a creditable manner. It is fully conceded here that, of Lord Roberts' own immediate command, the 19th brigade has had the hardest work and the most fighting, and in that brigade the Royal Canadian Regiment has done its full share and held its own in every way throughout. day I was wounded both Gen. Ian Hamilton and Major-General Smith-Dorrien came to me specially and complimented us very strongly on the day's work, and referred in the same terms to the battalion's previous record. The natural result of this service is, of course, much diminished ranks, and, though a draft recently sent us has arrived, and is now in the field. I doubt if we have now fit for service there 600 officers and men, and these, I know are pretty well tired out, or were when I left them two weeks

THOSE "BRANDY" CHOCOLATES. Globe: Mr. Henry Totten, chief officer of the license branch of the provincial government, states regarding the brandy chocolate case that no decision has been arrived at as to any prosecutions in Toronto. Action is stayed pending the ruling or opinion of the police magistrate in London, before whom a case is now being prosecuted. Professor Ellis' report was as follows: "The candies were chocolate paste outside; inside was a kernel of crystallized sugar; inside this was a syrupy liquid, containing sugar and a trace of alcohol. The quantity of al-cohol was such that 50 of the candies would contain about half a teaspoon-ful of proof spirit."

TWO PLEASANT EVENTS. Two very successful socials have been held this week at St. Johns village (or Arva). On Monday evening the ladies of St. John's Guild gave a strawberry festival, which was well managed and largely attended, some 500 or 600 persons being present. Among those who enjoyed the occasion him, her sister, Miss Mary, being wedwere a goodly number from the city. ded a the same time to the fourth the festival was held on the rectory grounds, excellent music being given by the band of the 26th Regiment, now in camp. Altogether it was a very pleasant affair. On Tuesday evening the good people of Bethel Presbyterian Church had a social gathering at the home of Mr. A. Decker. The spacious grounds were illuminated with electric light, a dynamo have been secured for the occasion. Dr. Laing, of Granton, was chairman, and an excellent programme was provided, including good music and choice refreshments. HARDING HALL.

The closing exercises of the kindergarten classes of Harding Hall were held at the school yesterday afternoon. Fourteen of the little ones were present, and entered with great spirit into the pretty gesture songs and the kindergarten games. Many specimens of the children's work, in weaving, coloring and basket making, were displayed, and the whole entertainment reflected great credit upon the skill and patience of their teacher. Miss Quarry. Immediately following the kindergarten entertainment was a demonstration of the Fletcher musical kindergarten method, given by Miss Proudfoot, of the Conservatory, assisted by her class of little girls. Miss Proudfoot explained the advantages of this system, which is so rapidly gaining ground. She showed that the drudgery of learning the rudiments of music is reduced to a minimum, the rate of progress is more than doubled, and the pupils learn in a very short time to read with ease and accuracy comparatively difficult music. Died This Afternoonat Hawarden Castle.

The Worthy Woman an Ideal Wife and Mother.

London, June 14. — Mrs. Gladstone, widow of the late William E. Gladstone, the English statesman, died at 5:40 p.m.

Mrs. William Ewart Gladstone was 88 years old and had been slowly sinking for some time past, at Hawarden Cas-

Nearly 51 years ago the handsome Miss Catherine Glynne became Mrs. William Ewart Gladstone, who was at that time in his 30th year. Miss Glynne was the eldest daughter of Sir Stephen special reopening services, when the R. Glynne, of Hawarden, Flintshire, Bishop of Huron and the Dean will and was three years younger than her husband. Her attention was first called to Gladstone, so goes the story, by remark made by an English minister who sat beside her at a dinner party at which Gladstone was also present "Mark that young man," said he: "he will yet be prime minister of England." Miss Glynne keenly scrutinized the handsome and expressive features of the young member of parliament who sat opposite to her, and the following winter made his acquaintance in Italy —and the next year after that married him, her sister, Miss Mary, being wed-Baron Lyttleton.

Mr. and Mrs. Gladstone had eight children, four sons and four daughters, of whom six are living. One daughter died in infancy, in 1850, while the late Right Honorable William Henry Gladstone died July 4, 1891, after a creditable and successful parliamentary career. One of the surviving sons is engaged in commercial pursuits in Calcutta; the other two reside in England, one, Rev. Stephen Gladstone, being rector of Hawarden, while the other, the Right Hon. Herbert John Gladstone, is member of parliament for Leeds, with the promise of a brilliant political career before him. Two of the daughters are married, one of them being the wife of Rev. Harry Drew, vicar of Buckley. The third surviving daughter, Helen, is still unmarried and for a long time held the honorable position of Principal of Newham College, at Cambridge.

Mrs. Gladstone was in all respects an ideal wife and mother. She nursed all her children herself and looked after them from infancy, as if she had not been the lady of the castle, who was able to command any amount of assistance that she might require. When out of office. Mr. Gladstone taught his elder children Italian. The girls were educated at home by governesses, English, French and German. The boys all went to Eton, and afterwards to Oxford.

Since Mr. Gladstone's death, May 19, 1898, Mrs. Gladstone had been in failing health. The Hawarden estate, which Mrs. Gladstone inherited from her father, and which was the home of the family for many years, passed into the late Mr. Gladstone's hands as owner in 1874, but he conveyed it to his eldest son two years later, and it is now managed by the trustees of the latter's eldest son. It is a valuable property, covering four square miles, with a rental of \$90,000 and valuable minerals underlying.

BRYAN'S PLATFORM.

Chicago, June 14.-The following statements by Wm. J. Bryan and Chairman Jones, of the Democratic national committee, are published by

the Tribune: "Money, imperialism and trusts will be the three great issues in the Democratic platform. Money includes silver and paper. Imperialism carries militarism and the Boer war. The contest in South Africa is one where imperialism is now specifically applied, and therefore it concerns the people of this country. The Chicago platform will be reaffirmed, and the new issues that have arisen added to its principles. I have not been asked by Senator Jones or anybody else to drop 16 to 1."

Evidence in the Howay Case All In-True Bills Against James Riley and William Elliott.

The trial of Arthur Howay, charged with throwing a missile at a street car on July 7, last year, occupied all of yesterday's and this morning's session of the court, and the evidence for the defense was only concluded when court adjourned for luncheon. After resuming at 2 p.m., the counsel addressed the jury and the judge's charge followed, and it was late in the afternoon before the jury retired. chief witness for the crown is P. C. Woolway, whose story was that he saw Howay standing at a second story window in East London at the time when a missile struck a car window, and on ascending to the room found Howay with a catapult in his hand. The defense was that Howay could not have struck the car at the angle at which it was from the window, because the window was blocked by a box which stood there. J. M. McEvoy defended the prisoner.

She understood now the meaning of those meetings in Washington. How cleverly Lettie had lied to her, and dispelled her wague suspicions.

"And all the time she had supplanted me in my mother's heart, and was trying to win him also," she thought bitterly; and then it dawned, upon her that the false girl had sought this alliance to strengthen her posi-tion as the heiress of Cedarhurst.

I did not know that Lettie was so clever!" she thought, to herself, in wonder; and, lifting her ghastly face; "Does he love her, or it as, you say, a marriage de convenance?'

This knowledge at first sufficed to fill him with such a rapture of joy that minor details were forgotten. But as all became clear to him, as he realized the wrong he owed to Mr. Tempest, a passionate wrath, a fierce thirst for vengeance held him dumb. With clinched hands and veins swelling out like cords upon his temples with fury, he asked himself silent-ly how he could await hours and days and sleepless nights until the ship touched the shore so that he might hasten to wreak revenge upon his foe and claim his living wife. A thirst for blood was upon him, and in that moment he felt that he should slay the wretched man who had for the make of sordid gold planned and carried out so infamous an outrage.

And with this bitterness in his heart and thoughts, there was beautiful Dawn kneeling down by his side with her arms around his neck, her lips against his cheek, praying him for a boon that seemed impossible now in the madness of his emotions-praying him with rose-red cheeks, and sparkling azure eyes, and wild excitement, to let her take vengeance on Lettle Jarvis, first of all, and in her own

We thrill at the story of "Curfew shall not ring to-night." Yet it is melodramatic and commonplace beside the peril every woman runs who faces motherhood. Women are strangely self-forgetful. The exaltation of the fact of motherhood blinds them often to its peril. Yet the husband who can bear no tithe of the mother's pain or peril owes it to himself to see that his wife is in that condition of sound health which minimizes the risk both to mother and child. Many husbands have expressed their gratitude for Dr. Pierce's Favorite Prescription, because it makes the pain of mother-hood practically nothing and reduces the risk to its lowest possible point. "Five years my wife was in an almost heipless condition, suffering from female weakness," writes J. S. Everritt, Esq., of Hagerman, Washington Co., Fla. "Last September I decided to have her try Dr. Pierce's Favorite Prescription. She took several bottles of the medicine and gave birth to a ten pound son on January 31st, 1899. THE DOWAGER'S CHANGE OF

IN THE SENATE

Emphatic Answer of Hon. David Mills to an Exhaustive List of Questions by Senator Landry.

asked an exhaustive list of questions

bearing upon the matter in the senate today. He was answered by Hon. David Mills in a very emphatic manner, the minister declining to submit to a iong interpellation upon matters which were not now before parliament. Hon. Mills said: "The hon, senator has put to me a very long series of questions containing a great many details. These questions do not relate to matters of information that are within my special keeping or within the special keeping of the government, but with regard to what has transpired in the Legislature of Manitoba, in the Par-liament of Canada in former times, which becomes matters of history, in the judicial committee of the privy council, and in the privy council of Canada. The hon, senator, I think, en-tirely misapprehends the law of parliament in respect to questions put to ministers of the crown. Mr. Erskine May, in his Parliamentary Practice, says questions addressed to ministers shall relate to the public affairs with which they are officially connected, to proceedings pending in parliament, or to any matters of administration for which the minister is responsible. The question the hon, gentleman has put did not come within any of these pro-visions of the laws of parliament. It the hon, gentleman is not satisfied with the settlement of the school question he may, upon a substantive motion bring the matter before the senate for discussion. This he has not chosen to do, but to put a series of questions to me, as if I were a witness summoned before him for examination, compelled to answer questions relating to mat-ters that are not before parliament, ters that are not before parliament, The matter about which the hon. senator makes inquiry in this series of interrogatories is one which led to a very great deal of acrimonious discussion and to not a little political excitement; and as I am not seeking my official appointment at the hands of the hon. senator, nor do I know that any member of the government is, it is not necessary that I should undertake to pass an examination upon the list of questions, which he has submitted to me, and to which he demands an answer. Every member of this house, including the hon. senator, knows something of the discussions that took place on the question of the separate schools in Manitoba just as well as they are known to the government. The hon, senator has made long quotations from various speeches and papers, whether accurately made or not I do not know. Nor is it at all my duty to inquire for the purpose of an swering the hon, senator's question. The hon, senator knows what the line of action which was proposed by a former administration was. He says that it was approved of by a majority of the members of the House of Commons in 1896. That may be so. But it does not become law. It was made an issue in the elections, and upon that Issue those who favored the policy which the hon, senator does were, as a ministry, defeated, and a majority returned favorable to aid a different mode of settlement. The hon, gentleman ignores the fact that Sir Charles Tupper said on this subject"—Mr. Mills then quoted from speeches made by Mr. Clarke Wallace and Mr. W. F.

ceeding, Mr. Mills said: "The course

which the hon, gentleman is endeavor-ing to take, not in the interests of the minority, but most mistakenly with a view of serving the interests of the party, is one that is in the highest degree mischievous. And I feel that I best serve the public interests and especially the interests of the minority, by declining to submit myself to an examination by the hon, gentleman in the various questions which he has proposed, but which are wholly outside of any right that the laws of parliament confer upon him."

At Osgoode Hall on Tuesday, in the suit of Holmes vs. Town of Goderich, before the divisional court, judgment on appeal by defendants from judgment of Armour, C.J., in action for Senator Landry is seeking to resuscitate the Manitoba school question, and coal was delivered to the defendants in the manner called for by the contract, it having been left outside the defendants' shed. The rest of the coal was accepted and used by the defendants, and they are willing to pay for it. Held that the words "at the coal shed" meant "in" and not "near to" the shed, and the defendants were not liable. Appeal allowed as regards the coal not accepted by the defendants, and the amount of judgment to be reduced to such amount as applicable to the coal accepted. No costs. Garrow, Q.C., for defendants. E. Dickensen (Goderich) for plaintiff.

WHAT IS DR. CHASE'S NERVE FOOD

is the question on the lip of many who are hearing of the wonderful cures brought about by this great restorative.

For a comprehensive answer to this question you must ask the scores of thousands of cured ones in Canada and the United States, who have tested and proven the merits of Dr. Chase's Nerve Food-the famous blood builder and nerve restorer.

Ask the pale, weak, nervous, irritable and despondent women who have found new health, new hope and new vitality by its use.

Ask the overworked and worn-out men, sufferers from brain-fag, nervous

dyspepsia and nervous headache, who have felt new energy and vigor return to their bodies while using this famous treatment Ask the puny, sickly children who have been made healthy and robust

by using this prince of restoratives. Ask people of all ages how they were rescued from nervous prostration, paralysis, locomotor ataxia, epi-lepsy. They may tell you of doctors failing, of medicines taken in vain, but one and all point to Dr. Chase's Nerve Food as the only hope of persons with thin, watery blood and exhausted nerves.

In appearance Dr. Chase's Nerve Food is an oval, chocolated-coated pill. It is easy to carry and easy to take. In this condensed form it contains all of nature's most strengthening and invigorating tonics and restoratives,

and for this reason it is unapproached as a blood-builder for spring. Dr. Chase's Nerve Food cures naturally and permanently by the build-ing-up process. If used regularly and persistently it cannot fail to make the blood rich and life-sustaining, and to reconstruct the tissues of the body Maclean, showing that after the gen-eral election in 1896 they regarded the school question as a dead issue. Prowasted by disease, overwork or worry.

METHODIST PASTORS

Who Come to Labor in London-Who They Are and Where They Have Been Stationed-Three of Them Well-Known Here.

The following short sketches of the Methodist ministers who come to London to assume pastorates will be of in-

terest to many readers: REV. R. D. HAMILTON. Rev. R. D. Hamilton, who comes to Wellington Street Methodist Church, has been just 20 years in the Methodist ministry, having been ordained in 1880. He is well-known to many Londoners, having filled a successful pestorate at Port Stanley. Alvinston and Kingsville—from the latter of which he comes to London—are other charges which he has filled with ability. The Kingsville congregation extended to Mr. Hamilton a hearty invitation to remain a fourth year. Six years ago he was invited to the Centennial Church here. In 1898

he was elected secretary of the conference. He was the unanimous choice of the church to which he comes, and will no doubt prove a worthy successor merly of this city, will play at an entertainment to be given at London, REV. S. J. ALLIIN. REV. S. J. ALLIN.

Rev. S. J. Allin returns to reassume patronage of Queen Victoria. The concert will be under the personal direction of Madama Albani ten years. Mr. Allen was a minister of -The hook and line fishing at Port the Bible Christian Church before the Stanley this season is the best in union. He was ordained to the Methodist ministry in 1874, and is well known in London through his former residence here. Brussels and Goderich are among the charges where he has served with satisfaction. He filled the post of secretary of the conference in 1894. He is an earnest worker and has always been

> REV. T. E. HARRISON. Rev. T. E. Harrison, who comes from Granton to fill the pulpit of Empress Avenue Church, is no stranger to Londoners, as about ten years ago he was pastor of what was then the Elizabeth Street Methodist Church, corner Dundas and Elizabeth streets. Harrison was ordained in 1881, and has married since his former stay in Lon-

don. That he comes to Empress Avenue band having died only a few months Church with every prospect of a sucago. The funeral will take place to cessful pastorate is evidenced by the cessful pastorate is evidenced by the fact that no less than three distinct invitations have been extended to him by the congregation to take charge of the church. REV. A. K. BIRKS. Rev. A. K. Birks, B.A., LL.B., who succeeds the Rev. George Jackson at Colborne Street Methodist Church, is a son of the late Rev. Wm. Birks, and a brother of Prof. Birks, formerly choir-

master of Dundas Center Methodist Church. Mr. Birks has just completed a successful pastorate at Waterloo Street Church, Stratford, previous to which he was stationed at Teeswater. Mr. Birks was ordained in 1884. He is a young man of great promise, and comes to London with the reputation of being a painstaking pastor, and a pulpit orator of no mean ability. Although not the choice of the church's quarterly board, he will no doubt fill the requirements of the congregations with complete satisfacion.

is made from wheat, but it is not just ordinary wheat rolled. Many people have tried wheat rolled and have truly said it was raw tasting and unpalatable. There is a world of difference between MOLINA and this ordinary rolled wheat. It is made by the proper method.

Like Pan-Dried Oatsit has a flavor. You can easily tell it before cooking it, but in the porridge the test is convincing. MOLINA spells satisfaction in wheat foods.

measure at least, both mentally and physically to become, if need be, leaders and defenders of this our beloved native land, of which all Canadians are justly proud. We know not the day they may be called upon so to do; let us not, therefore, have them found unprepared to stand the test in this or any other way. At the organiza-tion the intention was to call upon your well-known liberality to uniform them, but knowing that you have lately, on several occasions, and that with your usual and distinguished generosity, have freely and amply responded, your sons resolved in a manner becoming descendants of worthy sires to put their shoulders to the wheel and pay for their uniforms, which they are now doing. That, however, does not end their requirements; other things are necessary. The papers of the city, admiring their zealous efforts, and thoroughly understanding what is needed in their case, as in everything else, have very generously offered to receive contributions to a fund to be known as "London's Own Band and Ornament Fund," and to publish the receipts and contributors' We have no doubt, therefore,

that the good citizens will generously respond. I have the honor to be, dear sirs, your humble servant, "THE ORGANIZER."

Off the Track. This means disaster and death when applied to a fast express train. It is equally serious when it refers to people whose blood is disordered, and who subsequently have pimples and sores, bad stomachs, deranged kidneys, weak nerves and that tired feeling. Hood's Sarsaparilla puts the wheels back on the track by making pure, rich blood

and curing these troubles Constipation is cured by Hood's Pills.

The Gaelic League has captured the Dublin corporation, which has passed a resolution to the effect that it is desirable to preserve and cultivate the

Irish language in Ireland. TO THOSE OF SEDENTARY OC-CUPATION .- Men who follow sedentary occupations, which deprive them of fresh air and exercise, are more prone to disorders of the liver and kidneys than those who lead active, outdoor lives. The former will find in Parmelee's Vegetable Pills a restorative without question the most efficaclous on the market. They are easily procurable, easily taken, act expeditiously, and they are surprisingly cheap considering their excellence.
