

## London Will Be Honored Tomorrow With a Visit By the Duke and Duchess of Connaught and Princess Patricia

### ONLY GOOD WEATHER NEEDED TO PROPERLY RECEIVE THE DUKE

All Arrangements Have Been Completed for the Reception of the Royal Party, Who Will Arrive Here About 11 o'Clock at the C. P. R. Depot.

Everything is in readiness for the reception to their royal highnesses the Duke and Duchess of Connaught and Princess Patricia tomorrow. All that remains now is good weather, and then the function will be an undoubted success. The reception committee had a brief meeting at noon today, when the finishing touches were put on.

Col. Macdonnell, of the military headquarters, had a conference with the committee and made arrangements for the military end of the affair. A garrison parade has been ordered by Col. Hodgins, D. O. C., and all the regiments represented in this district will be on hand, including the men at Wolsley Barracks.

**Pte. Pinel Will Be There.**  
Orders have also been issued for the South African veterans to parade to the park at 2:30 o'clock to witness the unveiling, Dr. A. V. Becher, the president of the local organization, has given orders for the parade, and it is expected that every veteran of this war will be on hand. All will wear their South African medals.

Arrangements have been completed to bring Pte. Archie Pinel to the ceremonies, and he will be a conspicuous figure at the function.

His Duke, as announced previously, will arrive in London shortly after 11 o'clock over the Grand Trunk. Owing to the fact that a dozen passenger trains arrive at the same time, it was found impossible to have any ceremonies at the station. After consulting with the railway officials it was decided to transfer the royal train to the C. P. R. station. The latter company are handling the train on its return trip, and it was thought advisable to have the reception to the royal party held at the C. P. R. As a result the conference decided that the latter was the better arrangement, and it was decided upon. The Grand Trunk will transfer the royal train over the inter-switching line to the C. P. R. The latter company have a train arriving about this hour, but it will be held in the yards until the reception is over.

**Mayor Will Meet the Duke.**  
When the Governor-General arrives, Col. Lowther, his military secretary, will alight, and will then escort Mayor Graham to the royal car, where he will be introduced to their highnesses. The whole party will then alight, and his worship will introduce them to the aldermen and their wives. Little Marion Coles, daughter of Ald. W. G. Coles, and Honore Cronyn, daughter of Major Hume Cronyn, will present the Duchess of Connaught and Princess Patricia with handsome bouquets of flowers.

### NO REFERENCE TO THE QUEEN ON THE SOLDIERS' MONUMENT

Artist Hill Says That It Was a Mistake to Omit the Medallion.

There will be no medallion of the late Queen Victoria on the soldiers' monument to be unveiled in Victoria Park tomorrow, no any other reference to England's greatest queen. This is a mistake, Mr. George W. Hill, the sculptor, considers, but the omission is due to the trouble that arose some time ago regarding the monument.

Mr. Hill is in the city, superintending the erection of the monument, and will be present at the unveiling ceremonies tomorrow. The statue is a very handsome piece of work. It is the first real monument erected in a public park in the city. It is rumored that others will follow soon.

"I think it was a mistake that some reference was not made to Queen Victoria on the monument," said Mr. Hill to The Advertiser. "The first sketch provided for a medallion of Her Majesty, but some objection was made to it because the Queen did not occupy the top position. Personally I think it was quite the proper thing. It is done elsewhere without the slightest suggestion of disloyalty. For my own interesting figure had the medallion been allowed to remain. However, the matter was compromised, and the monument is as it stands now. I think it quite satisfactory as it is, but it could have been made much better. I hope everybody will like it."

### CAPTAIN AND TRADE BOARD BLAMED FOR TITANIC WRECK

Senator Smith Issues Statement in Which Commander of Lost Liner Is Held Responsible For Disaster and Californian's Captain Censured For Not Going to Rescue.

[Canadian Press.]  
Washington, D. C., May 28. — Blame for the Titanic disaster is chargeable directly to the failure of the dead Capt. Smith to heed repeated warnings of icebergs ahead, but responsibility for unnecessary loss of life must be shared by Capt. Lord, of the steamship Californian, through his disregard of distress signals.

This is the finding of the Senate committee, which investigated the sinking of the Titanic, as prepared in a comprehensive speech delivered by William Alden Smith, of Michigan, chairman of the committee.

Sensor Smith declared that responsibility also rests upon the British Board of Trade, "to whose laxity of regulation and hasty inspection the world is largely indebted for the awful calamity." In denouncing Capt. Lord, of the Californian, the senator said the Titanic's distress signals were plainly

The guard of honor will then be inspected by the duke, and on the completion of this the mayor and council will precede the royal party to the Normal School.

**The Official Welcome.**  
On their arrival there Mayor Graham will read the official address of welcome. The National Council of Women will then have charge of the party, the duchess and Princess Patricia taking part in the convention. At 12:30 o'clock, the duke, accompanied by the council, will take a drive about the city, paying particular attention to the factory sites and workmen's homes.

The duke will arrive at the Tecumseh House at 1 o'clock, or shortly afterwards, and a reception will be held in the parlors upstairs, where he will be introduced to the guests at the luncheon.

In the meantime, the Duchess of Connaught and Princess Patricia will be entertained to luncheon at the Normal School. Mrs. C. M. R. Graham, wife of the mayor, will preside at the table. Those seated with her will be the following: On her right, the Duchess of Connaught, Mrs. Senator Coffey, Miss Pelly, lady-in-waiting, Mrs. W. E. Hodgins, Mrs. W. Long, Mrs. H. A. Boomer, Mrs. Plimpre, Miss Derich. On her left will be: Princess Patricia, Mrs. Adam Beck, Mrs. F. H. Torrington, Lady Gibson, Lady Gibbons, Lady Taylor, Mrs. W. J. Gibbons, and Mrs. George Watt. Five only are London ladies. (Continued on Page Eleven.)

### OVERCOME WITH FIT FALLS DOWN ELEVATOR

Toronto Man Falls Four Floors to Basement and Is Instantly Killed.

[Canadian Press.]  
Toronto, May 28. — Taken with an epileptic fit while on the top of an elevator at the fourth floor of the Canada Life building this morning, William Hurst, 14 Waddell street, fell to the basement and was instantly killed, his neck being broken. He was 39 years of age and leaves a wife and two small children.

### ADVERTISER'S STORY OF WHEN THE DUKE VISITED LONDON AS PRINCE ARTHUR IN 1869

His Royal Highness' Doings On September 22 of That Year When He Opened the 24th Annual Provincial Fair in This City—An Interesting Story.

On Sept. 22 his royal highness the Duke of Connaught, then known as Prince Arthur, paid a visit to London and opened the 24th Annual Provincial Fair, which was held on the old grounds near the present C. P. R. depot, and which were abandoned in 1887. His following story is from The Advertiser of Sept. 22, 1869, and the two following days:

The Great Western station and the approaches to it were thronged with spectators as early as half-past three Tuesday afternoon, in expectation of the arrival of His Royal Highness Prince Arthur, who was announced to arrive in the city between half-past four and five o'clock. About 4:30 the guard of honor of the London Light Infantry, headed by their fine band, arrived on the station platform, and formed up in the inclosed space in front of the waiting-room door, reserved for the reception of His Highness. Some difficulty was experienced in driving the crowd outside the barrier; but after some vigorous maneuvering on the part of the Volunteers, this was in a great measure effected. Among those who were permitted to remain within the reserved space were His Excellency Sir John Young, Governor-General; Sir John A. Macdonald, Col. McNeill and Capt. Turville, secretaries to His Excellency, Colonel Bernard, A. D. C., Dean Hellmuth, Hon. Mr. Carling, Col. Askut, Mayor Graydon and the aldermen of the city, the president and members of the Agricultural Council, Col. Taylor, D. A. G.; Lt.-Col. Shanly, commandant; Lt.-Col. Lewis and officers of the Seventh Light Infantry; Capt. Starr, and other staff officers. The guard of honor from the Seventh, under command of Capt. Walker, with Lieut. Bennet and Ensign Corrigan, the former bearing the Queen's color, was formed in open order to the west of the entrance to the waiting-room, facing the railway, with the band in rear of the centre. Rarely has a subscription taken in this city for any cause had the ready response evident in the case of Pte. "Archie" Pinel. At press time today the amount had almost reached the \$200 mark, and it seems likely that the money will come faster later in the day. In the neighborhood of \$150 was received during yesterday afternoon, last night and this morning, and a number of factories and offices have announced that they have collected amounts which will be turned in during the week.

Citizens of all stations called upon Mr. Ernest Ruse this morning and entered an amount opposite their name.

**To See Statue Unveiled.**  
Yesterday Dr. H. A. Kingsmill paid a visit to the home of Pte. Pinel, and after making an examination came to the conclusion that with the exercise of extreme care it would be possible to have the soldier removed from his home and conveyed to Victoria Park in an ambulance in order that he might witness the unveiling of the monument.

Whether plays to be presented before Canadian audiences should first be submitted to a board of censors composed of both men and women was thoroughly discussed at the sessions of the National Council of Women this morning, after the reading of the report of the committee on objectionable printed matter by Mrs. McNaughton, of Montreal. This report had been prepared by Mrs. Liddle, of Montreal, convener of the committee, and showed that letters had been sent to the various National Councils in Canada asking for information regarding what steps were being taken to suppress pernicious literature by the councils or other organizations, and if any bylaws regarding the distribution of indecent postcards, printed matter, posters, etc., existed. Reports had been received from the majority of the councils showing their activities along this line.

**Play Censor.**  
In regard to appointing a board of censors for theatres, the condition of

several theatres in Toronto and other cities were mentioned and the feeling of the meeting was that such should be supervised by a number of men and women specially appointed. It was hoped that with the formation of a branch of the vigilance committee, such would be possible. In one city a committee of twelve ladies supervised the moving-picture films which were shown in that place, and also kept watch of the sale of picture postcards and harmful literature, and endeavored to promote the circulation of good reading matter.

**Mothers' Clubs Helped.**  
The W. C. T. U. and Mothers' Clubs are aiding in this work in many places. In Montreal, where there are 55 moving picture theatres, the National Council of Women supervise the pictures, and a great improvement has since been shown. In regard to the Ontario Board of Censors, it was stated that two of the men on this board are owners of moving-picture theatres, and having a commercial interest, are scarcely considered fair judges. In regard to pernicious literature, the postoffice authorities are doing all they can to aid in its suppression, but unfortunately there is no authority to prevent its coming into Canada by express parcels and being distributed.

### 191 VICTORIAN NURSES NOW AT WORK IN THE DOMINION

Miss M. A. Mackenzie, a Delegate From the Order to the Council of Women Convention, Says It Requires More Than Mere Technical Education to Fit a Girl For a Nurse.

"It takes more than technical training to fit a girl for success in district nursing," said Miss M. A. Mackenzie, of Ottawa, this morning. Miss Mackenzie is prominent in the Victorian Order of Nurses in Canada, and a firm believer in the importance of tact, sympathy and human understanding to the science of nursing. She is attending the National Council of Women as the representative of her order, and is recognized as an authority on subjects pertaining to nursing and the care of public health. This morning Miss Mackenzie told The Advertiser something about the scope of the Victorian Order's work, what it expects of its novitiates, and what plans it is making for the welfare of Canadians.

"There are now 191 Victorian nurses in Canada," said Miss Mackenzie, "and the numbers are increasing all the time. If our present plans are carried out we will need many more, for we propose to extend our field of usefulness in the west, so that the rural districts will be able to enjoy advantages now only possible in the cities."

**A Big Field.**  
The Victorian Order includes in its work district nursing school nursing, and the conduct of cottage hospitals, which in some cases, notably in the west, have eventually grown into large cities.

## UNLESS REVOLT IS CHECKED UNITED STATES WILL INTERVENE

Cuban Government Must Make Prompt Restoration of Order If American Sailors and Marines Are to Stay Off the Island Republic.

Washington, D. C., May 27. — Only prompt restoration of order by the Cuban Government can now keep United States marines out of the territory of that republic. Communications exchanged between President Taft and President Gomez in the last twenty-four hours have demonstrated the one fact that the United States is firmly determined to afford all protection necessary to the American interests in Cuba and American citizens in that island. Either Gomez must check the negro revolt or the United States will protect its own. Col. Karmany now has authority to send his marines beyond the Guantanamo reserve if he deems it necessary after arrival there.

## COUNCIL OF WOMEN DISCUSS CONSERVATION OF HEALTH

Clean Milk, Better Registration Laws for Nurses, Public Abattoirs, Etc., Advocated by the Speakers at Last Night's Session in the Normal School.

Clean milk, better registration laws for nurses, the responsibility of the state toward its infant children, and the need of public abattoirs, were among the subjects discussed by the National Council of Women last night in the course of a symposium on "Patriotism as Expressed in the Conservation of Health."

Miss Mackenzie, who spoke on "What the Conservation of a Nation's Health Means," laid stress on the importance of healthy parentage. "Only the physically fit should be allowed to become the parents of the nation's children," she declared. She expressed the hope that in time through the advance of intelligent methods of treatment disease would be entirely eliminated.

**Impure Milk.** Mrs. Short delivered an interesting address on the subject of tuberculosis. "Why is it that knowing an impure milk supply to be one of the chief sources of infection by this dread disease, we do not insist upon the application of the tuberculin test on our dairy cows. Simply because of the prestige of commercial interests. 'Oh,' they say, 'if we do this we will bother the farmer, so that he will not keep milk at all, the business of dairying will become unprofitable, and we shall have a milk famine to contend with.'"

"Now, in the six cities of Canada which make use of the tuberculin test, this has not proven true. Moreover, if it is an injustice to allow the farmer to suffer the loss of a few cows whose milk is a menace to the public health, how about the fruit farmer, who must suffer the loss of his peach orchard because it has become diseased? Just as the fruit farmer benefits in the long run from the destruction of the infected trees, so will not only the ordinary man, but also the whole community be benefited by the slaughter of tubercular cattle."

**The Meat Supply.** "Then there is our meat supply, another source of infection. In Germany, where all the cattle are killed at public abattoirs, the meat is carefully examined for tuberculosis. If entirely free from the disease it is

## Trying Time on the Kidneys

No wonder there is so much backache in the spring, so much fatigue and lassitude from poison-laden systems. The accumulated winter poisons must be swept from the body. The kidneys make every effort to purify the blood, but the changing temperature of spring plays havoc with them. Congestion follows, the kidneys fall in their work and there are backache, headache, tired feelings and too often serious developments.

You can help the kidneys wonderfully by using Dr. Chase's Kidney-Liver Pills. In a few hours the backache will disappear, and a little patient treatment will restore the activity of kidneys, liver and bowels and thoroughly purify the blood.

No medicine is so satisfactory as a means of removing the cause of chronic and acute indigestion, constipation and kidney and liver derangements.

## APRON CAUGHT FIRE BURNS PROVE FATAL

Toronto Lady Fatally Injured While Lighting a Gas Stove.

Toronto, May 28. — A distressing accident happened at the home of T. H. Lee, 41 Roxboro east, Rosedale, yesterday, when his daughter, Miss Florence C. Lee, received burns which within a short time caused her death. The accident happened at a o'clock in the morning, when Miss Lee was lighting a gas heater. As he touched the match to the burner the flames spread out unexpectedly by heavy pressure, and her apron caught fire. With a cry of alarm to the other members of the family she ran into the dining-room. This only served to make the flames spread more and more to her other garments and before help reached her she had been terribly burned.

Doctors were called in and a careful watch was kept over the unfortunate lady, but her injuries were so serious that she died in a short while. Miss Lee was the third daughter of Mr. T. H. Lee, the well-known wholesale jeweler of Wellington street. She was a sister of Mr. Thomas R. Lee, of 71 Lowther avenue, Mrs. W. K. George and Mrs. Jacques. The funeral will be private.

## ALMOST A TRAGEDY AT ROYAL PARTY

Runaway Horses Endangered Lives of Several Guests at "Benvenuto."

Toronto, May 28. — The garden party given by the Duke of Connaught on the final day of his visit to Toronto at Benvenuto yesterday was marked by an accident that would have terminated fatally but for the heroism of one of his royal highness' officers and a policeman.

When the guests were arriving in their carriages, a team of horses, at the top of Avenue road hill, became frightened and madly dashed down on the visitors. At the entrance to Benvenuto the horses suddenly swerved and throwing the two women occupants and the coachman to the ground, struck a passing street car. The impact threw the vehicle against a private carriage from which a lady guest was alighting.

Both carriages were smashed, and the lady and coachman carried in the wreckage. The two runaway horses dashed among the numerous carriages near by, but an officer of the royal household and a policeman plucked the horses by the reins and brought them to a stop. The officer was slightly cut about the hands before the horse he held was subdued. The two ladies and the driver of the street car were uninjured. The officials declined to give their names.

The accident created great excitement among the waiting guests. The garden party was the largest attended event of the party's stay in the city, over 1,500 people being present.

## ALBERTA BY-ELECTIONS

Reorganization of Cabinet Causes Voting in Five Ridings

Edmonton, May 27. — By-elections took place in five constituencies today as a result of the reorganization of the Liberal Provincial Cabinet. The complete returns will be very late, owing to the wide extent of the constituencies.

At midnight the following had been received:

Edmonton—Twenty-six polls out of sixty-two give Hon. C. W. Cross, attorney-general, 400 majority. His total majority will likely be over 1,000. His opponents are A. M. Ewing, Conservative, and James R. Knight, Socialist.

Sturgeon—Nine polls give Hon. J. R. Boyle, minister of education, 152 majority. A. Williamson Taylor is the Conservative candidate.

Calgary—Twelve polls give Hon. Malcolm, provincial treasurer, thirty-one majority over Dr. McMillan, Conservative. Contest very close.

Marston—Wolf, Liberal, probably defeated by John Parrish, Conservative.

Sedgwick — Hon. Charles Stewart, Liberal, minister of municipalities (a new portfolio), probably elected over J. E. Clarke, Conservative, by a large majority.

## Doctors Condemn Oily Liniments

Public Are Warned Against Strong-Smelling, Oily Liniments Containing Harmful Acids and Ammonia.

Many people have clung to the old-fashioned idea that a thick, greasy liniment is the best kind. Doctors say not—and they know.

Recently a number of these white, oily liniments were analyzed, and they were found to contain an enormous high percentage of harmful acids, and such irritating chemicals as ammonia, etc. For the moment they may cause a warm sensation when first applied, but their continued use never cures rheumatism, and only deteriorates the skin, sets up inflammation, and causes endless trouble.

When a doctor warns you to quit using a white, oily liniment—do so. He knows that a thick liniment can't penetrate, can't sink through the pores and reach the seat of the pain.

When asked his opinion a few days ago an important physician stated that he considered a strong, penetrating, pain-subduing liniment such as "Nerviline" to be superior to any of the white ammonia liniments. In his 25 years of practice he had witnessed cases of rheumatism, sciatica and lumbago that simply would not respond to ordinary treatment—but Nerviline cured them. The same physician also spoke of the great advantages of keeping a preparation like Nerviline in the house, because of cramps, diarrhoea, stomach disorders, earache, headache, toothache, and such minor ailments. Nerviline is a first-class cure. There is scarcely an ache or a pain, internal or external, that Nerviline won't cure. In thousands of homes no other pain-relieving medicine is used. Fifty years' continued success and the endorsement of the profession are proof that Nerviline is the liniment for the home.

## DICTIONARY OFFER BEST EVER MADE

The instant popularity into which the remarkable Webster's New Illustrated Dictionary sprang when The London Advertiser offered it to the public at such astonishing figures has steadily increased. A large number have already been disposed of at The London Advertiser Office.

As expected, the single No. 1, the limp leather bound edition, is the most popular. Every one should be willing to take the trouble of clipping six coupons from The London Advertiser for the purpose of obtaining so fine, so comprehensive, so up-to-date a volume of information as this one is.

It may fairly be called an encyclopedia in small form. But though its form is small, its range of subjects is vast. For it is printed on the finest Bible paper, and with its flexible leather binding it becomes the most compact compendium on the market today.

Everybody is talking about the dictionary. Not only in The London Advertiser Office, but on the streets, in the cars, you hear people discussing the little volume, which, as if by magic, has gathered into handy form all important information of an era.

In it are included charts of the most useful statistics, hundreds of pictures, many of them in costly color-plate form—pictures that combine information with beauty.

There are also the special departments known to the big dictionaries. The book is thoroughly up-to-date, containing all the words that have come into the language with the progress of modern invention, education, scientific discovery, and so forth.

When you know that you can get this valuable book for six consecutive coupons, clipped from The London Advertiser and a small expense bonus, you surely should not miss the opportunity.

## RISKED HIS LIFE TO SAVE THREE-YEAR-OLD

Samuel Walton Proved Himself a Hero in Bad Fire at Courtwright.

[Special to The Advertiser.]

Courtwright, May 27.—At about 4:30 p.m. on Monday, the fine home of Mr. William Stratton, south of the town, on the river front, was burned to the ground. Most of the family were at afternoon church service. Mr. Stratton himself was back at his home, and Miss Ethel was alone in the house with the little 3-year-old son of her sister, Mrs. James Smith. The child was asleep in an upstairs bedroom, and was forgotten in the confusion. Passing by in the street, a man saw the place was in flames and the villagers managed to get the piano and some rugs and furniture out.

Only then, after the fire had gained great headway, was the sleeping child thought of. Mr. Sam Walton placed a ladder and made his way up to a front window, smashed it in and groped his way around in the blinding smoke. He could hear a faint cry, but could not find the door leading to the room in which the child lay. Four times he was compelled to go back for air, but with renewed energy he forced his way back once more, and, locating the door, got into the bedroom. The room was black with smoke, and, following the cry of the child, Mr. Walton groped his way to the bed and got the little lad. A cheer went up when father and child appeared at the window, and willing arms received them. Mr. Walton's lungs were filled with the smoke, and his face and arms badly scorched with the heat.

When it was found the house was beyond saving, the men turned their efforts to saving the new salt block, which is under construction in the next field to Mr. Stratton's house. Manager Norwood Leach and former proprietors, having retired, are now engaged in building a new building, and are living in Miss Stewart's house at the north end of the town.

The Bedford House changed hands on May 24, when Mr. Cameron, of Strathroy, became the new proprietor. A Bedford & Sons, formerly proprietors, have retired to private life, and are living in Miss Stewart's house at the north end of the town.

## FRIENDLY CAT CAUSED SERIOUS ACCIDENT

Jumped on Horse's Back and Woman and Children Were Hurlled Out.

[Special to The Advertiser.]  
London, May 27.—As Wm. Longman was untying his horse which was tied at his father's gate, in the village, a cat leaped onto the horse's back and frightened the animal. In making a quick turn it threw Mrs. Longman and the three children from the rig. All escaped injury except Mrs. Longman, whose limb was fractured in two places at the ankle. Mrs. Longman was carried to the home of C. H. Manning, where the fracture was set by Dr. Allison.

Rev. H. and Mrs. Mackenzie, of Cleveland, Ohio, spent a few days with the latter's mother, Mrs. G. Johnston, also at the home of Mr. F. Johnston, brother of Mrs. Mackenzie.

Jno. Brunston spent the holiday with his grandson, Arthur, at London, and Bert at Port Colborne.

Mr. and Mrs. W. L. Merritt, of

## LOST VITALITY Caused by Kidney, Stomach and Bowel Disorders

St. John, N. B., Sept. 18, 1911.—My brother was a great sufferer from kidney, stomach and bowel troubles and was given up by two doctors. He was advised to try Figs Pills, which he did, and after taking five boxes was completely restored to health and is better today than he has been for years. You can't recommend Figs Pills too highly.

F. W. MANVERS.

## \$7 Off List Prices for Ladies' Tailoring for a Limited Number of Orders

Sufficient only to keep our staff and machines running during the month of June, after which this workroom will be closed for the holiday season (about four weeks). This is an extraordinary opportunity, and means that you practically get the material for your suit for nothing by ordering now, as five yards is the average suit length for the present styles, and the advance styles for fall show very little change excepting a few inches in the length of the coats.

If you want a suit for going away on your vacation, and many wait until then in order to have their suit fresh and new, and order a suit which may be worn through the fall season. To get such a reduction on suit-making is very unusual at this season of the year, and many June brides will also appreciate the opportunity, but we will have to confine the number of orders to a limited number, as we must close down by July 1st in order to give our staff their annual holidays, and would remind you that you must act quickly, as one day may bring more orders than can be turned out in that time. When we have taken sufficient work special prices will be discontinued without notice, and this will be the only mention that will be made of same in the papers, as one day following such notice in past seasons has brought more orders than we are in a position to handle this season. Goods must be selected when order is given in order that we may get work started at once. Here are a few of the prices, from the lowest to the highest, which vary according to the length of coat and quality of lining used:

Ladies' Tailored Suit, making and trimming \$26.50, now **\$19.50**  
Ladies' Tailored Suit, making and trimming \$29.00, now **\$22.00**  
Ladies' Tailored Suit, making and trimming \$31.00, now **\$24.00**

These prices cover all the popular length coats with the different grades of coat lining, mercerized Italian and imported satin, including Skinner's at \$1.25 yard. Inquire at Dress Goods Counter.

## Linens of Quality, Greatly Reduced Prices AN OPPORTUNITY FOR JUNE BRIDES IF YOURS IS THE LUCKY INITIAL.

In going through our special order department we find we have a number of Initials Sets which were ordered at different times, and for unknown or unforeseen reasons have not been taken, and have not been offered in regular stock, as first we must get the customer with the initial, otherwise these are of little interest, but at the prices we now quote for these high-grade goods, many may take the trouble of picking out the needlework and initialing in your own letter or monogram.

**INITIAL "E"**—One cloth, 2x3½ yards, and one dozen 27-inch napkins to match, double damask, hemmed, laundered and finished ready for use. Initial "E" beautifully worked on cloth and napkins. A bargain for the E's. Regular \$15.00 set, sale price **\$10.00**

The dense crowds along the route acclaimed the bands and choirs, those representing Alsace-Lorraine getting a special ovation.

## BEEF AT RECORD PRICE

Sells Wholesale in New York at Highest Figure Since 1882.

New York, May 28. — The highest highest price since 1882 was reached by beef in the wholesale market here yesterday, when it sold at 13½¢ a pound in bulk. It is said to mean from 15¢ to 2¢ a pound increase for prime meats at the retail butcher shops. The primary cause of the high price, the wholesale men say, is the continued scarcity of cattle. Small retail dealers continue to talk of ruination of their business, because consumers are greatly curtailing meat purchases.

## REV. DR. MAHONEY HONORED.

Hamilton, May 27.—At the conclusion of pontifical mass in St. Mary's Cathedral yesterday, Bishop Dowling announced that Pope Pius X. had bestowed the honor of the purple on Rev. Dr. Mahoney, vicar-general of the diocese, and had made him a domestic prelate.

For soreness of the muscles whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by all dealers.

QUEBEC BANKER DEAD.

Montreal, May 27. — The death took place here this morning of Mr. J. A. Prud'homme, general manager of the Bank of Hochelaga for the past 25 years. The deceased was born in Quebec City in 1844. He was a vice-president of the Canadian Bankers' Association for many years. He read a paper on Canadian banking methods before the New York State Bankers' Association in 1904.

## LIFE-SAVER DROWNED.

New York, May 27.—Carl Jessel, a young life-saver with a record of saving more than twenty lives during his two years' service, was himself drowned last yesterday in the Hudson. He had gone out in a canoe to protect boating parties. His craft upset and he apparently received a blow on the head that made him unconscious. He went down immediately.

Jessel's most notable rescue feat was the saving on a single occasion of ten sailors of the battleship New Hampshire, when their boat upset at One Hundred and Fifty-eighth street, at the time of the visit of the big fleet.

### CYNTHIA GREY'S CORRESPONDENCE

**They Say Mean Things.**  
Dear Miss Grey: Would you kindly answer as soon as possible? Thanking you in advance.  
I am a girl of 19, and deeply in love with a young man of 24. He has told me often that he loves me, and recently asked for my hand in marriage. My relatives consented, but since that time insist on saying mean things to me about him, which they know hurts my feelings badly. Do you think it right that they should act this way with me? They treat him fair enough. What is your idea of it? 2. Would a white embroidery dress be suitable to be married in, as it is to be a very quiet affair? 3. Could you kindly state the birthday calendar dates for February 24 and December 1, such as are published on the woman's page?  
**WORRIED ONE.**  
A.—1. I don't like to think that relatives, near ones at least, would deliberately try to wound your feelings. If your parents approve of your betrothed, do not take their remarks too much to heart. Perhaps they are only teasing you thoughtlessly. If they didn't really approve of him they would not doubt show it in their behavior towards him. 2. Quite appropriate. 3. I regret very much that I cannot furnish you the calendar for the dates you request.

#### Wedding Pointers.

Dear Miss Grey: 1. What is the correct method of seating the parents of the bride and groom at the table, since we can seat only 14 relatives? 2. Would it be proper for the bride's parents to wait for the second table? 3. When should the wedding cake be cut, and by whom? 4. I am to be married at noon and leave at 4 o'clock for the train. How long should I keep on my white dress?  
**A READER.**  
A.—1. The bride's mother sits at the other side of the bridegroom, and his father on her other side. On your other side your father sits, and the bridegroom's mother, unless you expect to sit at one end of the table, and your husband at the other. In that case, the bride's father and his sister sit on either side, and your mother and his at the bridegroom's side. That can be arranged to suit yourselves, but in any case your parents should sit at the table with you. 2. The bride cuts the cake after the other refreshments have been served. 4. Until it is time to dress for the train.

### Graceful Draping of Material

The soft finished voile used for this dress is well adapted to the design. The embroidery is worked in an ethereal linen floss and the silk underskirt is of the same color.  
The waist is partially lined with the silk and a pointed bodice extends upward from the girdle, as shown by the lines. The girdle is made of bias strips of the voile and silk, and the sleeves are decorated in harmony with the girdle.  
Crocheted lace is used for the narrow yoke and the overskirt is edged with crocheted ornaments.

### A NOTABLE WOMAN WORKER

Among the notable women workers gathered at the Normal School this week is Mrs. Gurnett, of Toronto, president of the Dominion Economic Association and secretary of the Toronto branch of the National Council of Women. Mrs. Gurnett was foremost in the work of establishing milk depots for the benefit of Toronto babies and these depots are doing much to reduce the infant mortality in Ontario's metropolis. "In the three years during which the milk depots have been established," said Mrs. Gurnett, "the infant mortality of Toronto, during the hot months, has been reduced from one in every five to one in every seven. The depots have done immeasurable good in checking the ravages of intestinal disease among infants, as it is known that impure milk is responsible for this dreaded affliction among young children."  
"In order to arouse public interest in the movement, we first sent out a great number of letters setting forth the need for such institutions. We collected much money from private sources, and with the aid of a fund started by a newspaper, we interested the churches, and they co-operated with us to a large extent. The result is that the babies of Toronto can now obtain sterile, clean, certified milk at the same prices which are charged for the ordinary commercial article. We are only able to operate the depots during the hottest months of the year, as that is the time when milk is most liable to contamination from the multiplication of bacteria."  
"Having made this excellent start with the aid of private philanthropy we are now hoping that the city will see fit to take up the work and continue it along even more efficient lines."  
Mrs. Gurnett will visit the local health officers while in London, and gather information concerning the provision for pure milk in this city.

### THE DAILY MENU

**BREAKFAST.**  
Stewed Rhubarb with Shredded Wheat Biscuit.  
Rice Griddle Cakes.  
Coffee.  
**LUNCHEON.**  
Asparagus Curried. Bread and Butter.  
Baked Bananas.  
Tea.  
**DINNER.**  
Potage Longchamps.  
Tomato Loaf with Sauce.  
Baked Potatoes. Carrot Croquettes.  
Dandelion Salad.  
Cocoanut Tapioca. Coffee.

Potage Longchamps—Drain one can of peas and rinse. Put in a saucepan and add two slices of onion, one and a half teaspoonfuls of sugar and three cups of chicken stock. Bring to the boiling point, let simmer twenty minutes and rub through a sieve. Melt one and one-half tablespoonfuls of butter in a pan, add two tablespoonfuls of flour and stir until well blended. Then pour on gradually, while stirring, constantly, the hot stock. Bring to the boiling point and add one cupful of rich milk, and, while the soup is reheating, allow a few sprigs of fresh mint to remain in it until the flavor is imparted. Season with salt and pepper and add one-third cupful of cooked vermicelli or macaroni cut in rings.  
Tomato Loaf—Put through the meat grinder two pounds round steak and one pound of smoked ham, mix with one egg, one cup of bread crumbs, one-half cup milk, and one-half cup hot water in which has been simmered one teaspoonful of beef extract, one bay leaf, one teaspoonful of onion juice, dash of red pepper. Make into a loaf and pour over it a sauce made of one-half cup of tomatoes, one tablespoonful butter browned with flour, and one cup of water with one-fourth teaspoonful of beef extract. Bake in a moderate oven.

### DO YOU KNOW?

That if light colored or white kid gloves are rubbed gently with bread-crumbs after each wearing they will keep clean a long time.  
That a most effectual trap for roaches is a basin with a little molasses in it. They easily fall into the pan, but cannot get out.  
That old-fashioned mutton tallow (which can be perfumed with a few drops of essence of rose) is very healing for chapped hands or lips or rough skin.  
That the cover of a lard pail is very convenient to place over the burner of a gas stove when heating something in a small dish or a cup.  
That when you clean spiral bed springs it may be easily accomplished if you use a dish-mop, and keep one just for that purpose. Get the rust out of the springs first with the dry mop, then dampen the mop and go over the metal a second time.  
That threads and hairs on a carpet may be swept up, if the broom is brushed lightly round and round, instead of straight along, for the threads will be formed into a ball and may easily be picked off the broom.  
That the window in the bathroom should always be open at top and bottom, so that a free current of fresh air may be continually coursing through the room.  
That if rubber boots wear out at the feet they may still be made quite useful by slipping a pair of snug-fitting rubber shoes over them.

### The Birthday Calendar

**IF THIS IS YOUR BIRTHDAY.**  
You will have some experiences in the following year, which will cause changes in your ideas. Be ready to distinguish between the good and evil as it presents itself.  
Those born today will have generous impulses, which will sometimes be in the wrong direction, and the results will not always be pleasing. In intellect they will be brilliant, and will do well in literary pursuits.

its special name. Another favorite idea is to spray water over it after sweet is made with a large "brilliant." The interior is scooped out and filled with stewed fruits of every description, served hot and covered with syrup of apricots. How to keep her cut flowers fresh is a matter that perplexes many hostesses.  
Arrange only a small number of cut flowers in each vase, so that they may have plenty of water. Choose vases that can hold a large quantity of water, not those which run away to a point.  
For short stalked or heavy headed flowers use flat dishes filled with wet sand. For maiden-hair fern a good idea is to spray water over it after it is arranged among the flowers. There is so much air among the water when it is sprayed on that it does not run off and leave the fronds dry, as it does when they are dipped in water.  
If flowers are faded from being packed, a little ammonia put into the water in which the flowers are placed will revive them. Flowers that are intended to stand a good while after being cut should be gathered early in the morning and put into water as soon as cut. Always use a sharp knife.

### For the Hostess to Remember

The dinners today are not composed of many dishes, but each must be different in composition and mode of cooking, and with a special touch of elegance in the way it is presented. Color is also studied, and it is considered a great fault to serve two dishes containing food of the same color, as

## 'BIG SISTER MOVEMENT' TO PREVENT DESTRUCTION OF GIRLS IN CANADA!

Council of Women Discussed the White Slave Traffic and Means to Combat the Evil—Report Read Showed an Alarming State of Affairs.

Mr. W. A. Coote, of the National Vigilance Association, spoke at some length on the work of that society in suppressing the white slave traffic before the National Council of Women on Monday afternoon, during a full discussion which followed the reading of the report of the committee on equal moral standard and prevention of traffic in women, by Mrs. Plumptre.

The report showed in alarming figures the number of girls and women who are sacrificed for the white slave trade. Thousands of girls in the United States disappear each year, and in Canada over 1,500 yearly meet a like terrible fate. The uniting of a number of governments at a world's congress held in Paris in 1906 to form a campaign to fight the evil, was referred to, and taken up later by Mr. Coote.

The Big Sister movement was recommended as a means of prevention of the destruction of young girls, in Mrs. Plumptre's report. This idea is akin to the Big Brother organization formed some years ago in New York, and by it an older girl looks after a younger one and becomes responsible for her behavior and welfare. The children's protection act has enabled the authorities to inspect houses of ill-fame, with power to remove therefrom any child of 16 years or under. It was felt that this age limit should be raised to 18 years.

An Economic Question. Mrs. Flora McDonald Dennison, of Toronto, declared that the question of girls going astray was an economic one. We must have technical training in our public and high schools, she said. "It is not a question so much of morality as of economics. These girls are not bad, but they want to appear well-dressed, which is only natural. We must help them by put-

ting them in a position to earn a decent living." Dr. Margaret Gordon stated that she Government does not make the mother of an illegitimate child contribute towards its support. It is the mother who has to bear the shame and the burden of the child's maintenance. If supervised baby farms were established, where the mother could have them well taken care of for a nominal fee, child murder would be prevented to a large extent. "It is about time," said Dr. Gordon, "that men and women of our country wake up to their responsibility to the child who is not wanted."

Methods of Rescue. In his address, Mr. Coote referred to the economic question. He did not agree with Mrs. Dennison, and declared that in many instances the downfall was caused, not by labor, nor the want of labor. Sometimes it is because of the restraints of an honorable home that causes a girl to chafe, and they get out into the world and into bad company. Mr. Coote emphasized the fact that if boys and young men were impressed with a true sense of civility they would not seek to rob a girl of her virtue any more than they would wish to steal her purse. "Our methods of rescue and dealing with these girls are absolutely based upon the wrong assumption and a degree of ignorance that rather aggravates than relieves the situation. Instead of taking the girl to a rescue home or clergyman, we should take her to the doctor. The feeble-minded of our land are supplying 60 per cent of the illegitimate children, and we should find that many of the unfortunate girls have been sinning through vicious tendencies, for economic reasons, or under pressure of temptation, but because there is a mental defect."

Taking Care of the Girls. In Paris in 1906, sixteen countries, including Canada and the United States,

## Cured of This Horrible Disease

EDMONTON GIRL SAVED BY  
"FRUIT-A-TIVES"

Edmonton, Alta., Nov. 20, 1911. "I had been a sufferer from baby-hood with that terrible complaint, Constipation."

"I have been treated by physicians and have taken every medicine that I heard of, but without the slightest benefit. I concluded that there was no cure for this horrible disease."

"Finally I read of Fruit-a-tives and decided to try them, and the effect was marvellous."

"The first box gave me great relief, and after I used a few boxes I found that I was entirely well."

"Fruit-a-tives is the only medicine that ever did me any good for Chronic Constipation, and I want to say to all who suffer as I did, try Fruit-a-tives. Why suffer any longer, when there is a perfect cure in this great fruit medicine."

MISS E. A. GOODALL, "Fruit-a-tives" is the only remedy in the world made of fruit, and the only one that will completely and absolutely cure Constipation.

Fifty cents a box, six for \$2.50, trial size 25 cents. At all dealers or sent on receipt of price by Fruit-a-tives, Limited, Ottawa.

were represented by 36 delegates, and a treaty signed by which all pledged themselves to work in a campaign against the white slave traffic. The work of the National Vigilance Association, in accordance with this treaty, is to look after the officers and agencies engaged in finding employment for girls and women abroad, to intercept girls who are being imported for immoral purposes, and to report such cases at once to the authorities. "The Government should realize that it has a responsibility, and better still, a great interest in keeping the young life of our nation pure," said Mr. Coote, "and in proportion as they are prepared to do their duty in relation

# Not Whether to Go to COLORADO But HOW to Get there!

That is the question. Everybody who can beg, borrow or steal the time for a vacation is going to Colorado this year. Old Pike's Peak is flashing her wireless to every city and home. People are dreaming of camping tents in deep ravines and quaint summer homes on the mountainside. Men and women, young and old, are going by the thousands this year. And they all want to know the best way to get there.

There are five routes to Colorado, but the oldest, surest, finest route is

## UNION PACIFIC

The Hundred-Million-Dollar Road of Luxury

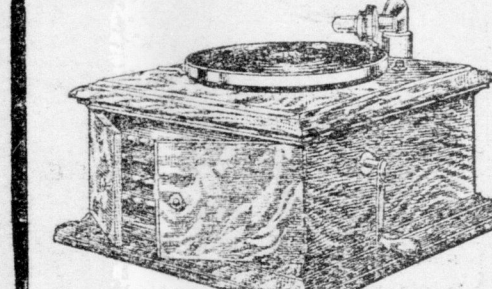

—the road on which your vacation starts when the train starts—the road that makes Colorado an overnight trip and brings it within the reach of every home. You have never thought of this before. Colorado has seemed so far away that only the fortunate people of leisure could go. Now the Union Pacific has brought it down to a trip between two suns. And, such a trip! Such dinners! Such beds! Such open carriages, where you sit out-of-doors in the cool shade and Nature unrolls for you such a daylight and moonlight film as was never shown in any theatre!

This wonderful road of heavy double tracks, of Automatic Electric Block Safety Signals and dustless Sherman gravel; and this train, with its reading-rooms like a club and its lounging parlors—this route on which a hundred million dollars have just been spent for your luxury—this certainly is the only way to go.

to that matter, so surely will they have the continued support of the men and women who are dealing with this problem.

Children's Playgrounds. The report of the playgrounds committee prepared by Miss Peters, convenor, was then read by Miss Dillon, and discussed, the following resolution being passed: "That the National Council of Women petition the Provincial Government to establish classes in the Normal schools for playground supervisors." It is eleven years since the National Council of Women first noted for supervised playgrounds for children of Canada. The interest in the work was slight, the workers few, but now fostered by the Council the idea has assumed a large place in the attention of the public. Thirteen councils have playground committees. In Kingston, Miss Macfarlane, by her enthusiasm, stimulated interest in the movement there. Other Canadian cities in which playgrounds have been established are Hamilton, Montreal, Halifax, Toronto and St. John.

The Work in Toronto. During the discussion of this subject, Mrs. Huestis told of the work being done in Toronto. Through the influence of supervised recreation grounds, boys and girls, who have heretofore been careless and shiftless, receive an impetus toward a better and more useful life. They endeavor to teach their "team play." Mrs. Huestis said, and by this means have helped and developed into the way of being useful citizens some of the worst boys in the city.

Mrs. Hamilton read an interesting paper on "Problems of Childhood," which had been prepared by Mrs. Norman, of Toronto. The awful evils connected with child labor in factories and shops were dwelt upon. In some cases during a visit of a factory inspector, those children below school age were hidden. The duty of parents towards children was shown to be responsibility in training them into the right and of citizenship and also the necessity of presenting to them the great truths of fatherhood and motherhood in order that they might

not gain this knowledge wrongly. In the discussion which followed, Mrs. McNaughton, of Montreal, stated that in her opinion the parents could not do this, and that experts, both men and women, should be engaged by the schools to teach the subject. Mrs. Huestis, Mrs. Adam Shortt, Mrs. Byers and Mrs. Leathes also took part in the discussion.

Western Convocation. A message from the alumnae of Western University extended an invitation to all delegates and their hostesses to attend a reception Wednesday night. During the afternoon tea was served to these present by several young ladies. At the morning devotional service, Mrs. Sage presided, and was assisted by Mesdames Tilley and Bingham and Miss Annie Brown, of Toronto.

### SEVENTH GO INTO CAMP JUNE 23 TO JUNE 27

Guard of Honor for the Duke  
Will Parade at Armories on  
Wednesday Morning.

The Seventh Fusiliers are to go into camp for five days, from Sunday, June 23, to Thursday, June 27, according to announcement contained in regimental orders issued by Lieut.-Col. A. A. Campbell.

At the weekly drill last evening it was announced that the guard of honor for the Duke of Connaught will parade at the Armories on Wednesday morning at 9:45. The entire regiment will assemble at 1:30 to attend the unveiling of the soldiers' monument in the afternoon. The guard of honor is to be put through a rehearsal drill this evening.

Many recruits are being sworn in for the Seventh, and each week a considerable number is being added to the strength. All are of a better class, according to Col. Campbell. Fifteen recruits were sworn in last night.

### 35TH ANNIVERSARY WAS CELEBRATED

Mr. and Mrs. T. W. Taylor Over a Third of a Century in Winnipeg. The Winnipeg Tribune of May 18 contains an account of the early days of Winnipeg as related by Mayor T. W. Taylor, who has been a resident of that city for 35 years. On May 17 Mr. and Mrs. Taylor celebrated the thirty-fifth anniversary of their way of Sarnia and the Great Lakes as far as Duluth, by rail from Duluth to Fisher's Landing, and the remainder of the journey on the Red River by boat. Mr. Taylor can remember many incidents of the early history of the western metropolis, and for many years was actively engaged in municipal affairs, having been mayor for a term of two years.

CAMLACHIE. Camlachie, May 27. — The Acorn Lodge of Camlachie attended service in Knox Church in a body yesterday afternoon. Visitors from the Sarnia, Point Edward and Forest lodges were also present. Rev. Mr. Shearer preached an appropriate sermon, and the choir rendered special music. The day being fine, there was a large congregation present.

Miss Jessie Lennard, of Toronto, wedding, and of their going to Winnipeg. Both Mr. and Mrs. Taylor were well-known in London before their marriage in 1877. Mrs. Taylor being a Miss Seton, of Clarence street, and Mr. Taylor, a brother of ex-Mayor George Taylor, of this city, now of New Lisikard.

The trip to Winnipeg was made by spent the week-end in this vicinity. Mr. Charles Sedgwick, who has been visiting friends here, has returned to Toronto.

## GREEN GOODS WERE THE MOST PLENTIFUL

Offerings On London Market Were Not Large Today.

The only offering of any consequence on the local market was green vegetables, and there were not as plentiful as last week. Spinach was very plentiful, and the price was somewhat lower, being quoted from 50c to \$1 per bushel. Lettuce was scarce, and the price advanced to 35c and 40c per dozen bunches.

III. With Pneumonia.

Mr. R. A. Gough, a gentleman of 80 years of age, who resides on the sixth concession of London Township, is very ill with pneumonia and is not expected to recover, and his children have been called to his bedside. Dr. McNeil, of Arva, is the attending physician.

A Warning.

The police have issued a warning to all taxpayers to pay up their licenses forthwith or suffer the consequences in police court within a few days. The names of a dozen or more who have not yet complied with the law are in the hands of the department, and will be summoned unless the offenders take advantage of the opportunity afforded them to hand over their money, without court costs.

Twins of 50 Years.

A very pleasant evening was spent at the home of Mr. Joseph Davies, 53½ Egerton street, in honor of his 50th birthday, which comes on May 24. He also had the pleasure of having the company of his twin brother, Mr. Charles Davies, of Price street. This is a rare exception of twins being together at the age of 50 years. The evening was spent in games and music. After a supper, the party broke up, wishing the brothers long life and prosperity. Both are well known G. T. R. men. They were each presented with a beautiful Morris chair by their children.

Mr. George Phelps, a former London organist, now of Port Hope, has been appointed organist of St. Thomas' Episcopal Church at St. Catharines, and will take charge there within a couple of weeks.

The new organ at which Mr. Phelps is to officiate was donated to the church by Major Leonard, and is one of the finest in Canada. It is electrically operated, and is four manual. Mr. Phelps after leaving London went to Belleville, and later removed to Port Hope.

How American Women

May Keep Faces Young

"The American smart woman ages early, far earlier than the English woman," says Christian Miller, F.C.I., the famous English health expert. She adds that our climate "so exhilarates that you overexert yourselves and grow old before you know it. That same exhilarating air dries the skin. The skin that lacks moisture grows pale and withered-looking, and soon forms wrinkles."

"The American complexion" is best treated by applying pure mercurized wax, which causes the faded, lifeless cuticle to flake off in minute particles, a little each day, until the fresh young skin beneath is wholly in evidence. Every druggist has this wax; one ounce is sufficient. Spread on at night like cold cream, washing it off next morning.

For wrinkles dissolve an ounce of powdered salolite in a half pint with hazel; bathe the face in this. Immediately every wrinkle is affected, even the deeper lines. Both treatments are remarkable facial rejuvenators.

**SIX SMALL CHILDREN**

WILL BE CARED FOR

Taken From Thorndale to the Shelter in South London.

Mr. Adam McGuire, assistant to Inspector Saunders, of the Children's Aid Society, returned from Thorndale last evening, bringing with him six children, who are now in the shelter in South London.

Complaints have been made recently that the children, who are all small, were badly neglected. The mother was sick in the hospital in London, and it was impossible for the father to look after them.

Mr. McGuire investigated on Monday, and decided to bring all the children to the city.

No decision has been reached as to the disposition of the youngsters. It is likely that they will be kept until the mother recovers, and if she is able to care for them, they will be returned to her.

TWO SMALL FIRES

The fire department had two runs, one on Monday afternoon and another this morning, but no damage resulted

from either of the fires.

On Monday afternoon the department were called shortly after 3 o'clock to Mrs. Hobbins' grocery at 542 York street, where a spark set fire to the

White & Sons', where a short circuit

chemical.

Shortly after 8 o'clock this morning this lotion: Dissolve in half pint witch

hazel (or hot water) four ounces spirumax, then add two teaspoonfuls glycerine. This lotion will remove that shiny, sallow look and give to your skin a clean, clear, wholesome look. It does not show or rub off like powder, and is unequalled as a skin-whitener and complexion-beautifier. I find this lotion fine for cold sores and preventing chapping.

Lily: To have a smooth, rosy complexion that does not look artificial, you must not use face powder. Use instead this lotion: Dissolve in half pint witch

hazel (or hot water) four ounces spirumax, then add two teaspoonfuls glycerine. This lotion will remove that shiny, sallow look and give to your skin a clean, clear, wholesome look. It does not show or rub off like powder, and is unequalled as a skin-whitener and complexion-beautifier. I find this lotion fine for cold sores and preventing chapping.

Triste F: I would not advise you to try any of those obesity cures you mention. At least part of them are nothing but worthless fakes. If you want a safe fat-reducer that will give splendid results, dissolve four ounces of paraffin in ½ pint hot water and take a tablespoonful before meals. This remedy removes excess fat rapidly without dieting or fatiguing exercises, and is absolutely harmless, also inexpensive. It leaves the skin smooth and unwrinkled.

Hattie: The formula for that popular French hair-grower you speak of is as follows: Mix together half pint alcohol, half pint cold water and one ounce quinine. (Make it yourself, as stale hair-tonics are worthless). Rub this into the scalp twice a week and you will soon notice your hair getting thicker, longer and more silky and lustrous. The splendid tonic is an unfailing remedy for dandruff, falling hair and itching scalp. It is good for both light and dark hair.

Miss Jennie: A splendid beauty cream that will not grow hair or make the skin shiny can be easily prepared by stirring into half pint cold water one ounce almond oil and two teaspoonfuls glycerine. Use this night and morning, and your skin will not chafe, but always be just as smooth, clear and soft as you could wish it. It is fine for removing dirt from the pores, preventing blackheads and reducing enlarged pores. You are sure to find this a grand complexion cream.

Read Mrs. Martyn's book, "Beauty," \$5.00.

Emma S: To make your eyes clear and sparkling, try this simple eye tonic: Dissolve an ounce of crystals in a pint of water and put a few drops in each eye twice a day. This tonic is very soothing and strengthening, and will rid your eyes of all weakness and inflammation, and make them strong and beautiful. A prominent oculist informed me that he uses this tonic with remarkable success in treating eye-troubles generally. It is excellent for granulated lids.
